ret the prisoners to communism. Captain Russell, according to reports, was confined to his quarters for 12 hours a day. Attendance was compulsory—serious punishment was meted out to those who failed to cooperate.

Few of the prisoners were taken in by the communists. They received approximately 90 per cent less food than they were entitled to. Poor, prisoners were fed boiled corn and small, food rations improved when they were taken to the camp in July, 1951. Small amounts of salt and vegetable oil were given to the prisoners. These were confiscated quickly by guards whenever a prisoner died.

stres the shortcut and fastest route, Kirk declared. He said there have been numerous other bypassing statements published recently about the groups efforts to have highway 23 designated as U. S. 30 north.

At Bull Wednesday night, Marvin Carlson, head of the Bull Chamber of Commerce and Traffic Committee, said the association was formed there primarily to carry on the committee's plan for improvement of highway 30 through Hagerman valley.

He said the committee had been working on the project for some time and intends to keep on with the work. It was not formed, he said, to bypass highway 30 north.

Carlson said the highway route through the valley offers an excellent alternative to the present route. He said the project would not be a much longer route to Bliss than highway 30 north.

He observed that when work on highway 30 is completed it may be designated as U. S. 30 north. He said the project would not be a much longer route to Bliss than highway 30 north.

Attack on Levy
Quoted by Ike
 WASHINGTON, Oct. 1 (AP)—Congressional Democrats today attacked the administration's new tax law, saying it was "one of the worst pieces of legislation ever passed by Congress."
 The Democrats said the new law would increase the tax burden on the average citizen by \$100 a year. They also charged that the law was "a gross violation of the principles of fair taxation."
 The administration, however, defended the law, saying it was necessary to raise revenue for the war effort. It also pointed out that the law would provide for a general manufacturing tax cut.

Judge Dismisses Ft. Hall Cafe Suit
 BLAINE, Oct. 1 (AP)—District Judge Henry McQuade has dismissed an action brought by the Ft. Hall cafe in Ft. Hall when its operators failed to appear at a hearing.
 The cafe had sought to have Blaine county commissioners permanently restrained from revoking its beer license. McQuade said no restraining order was warranted.

Amateur Cowboys to Compete For State Championship Title
 AMERICAN FALLS, Oct. 1 (AP)—The Idaho state amateur cowboy championship rodeo will be held here this week-end at American Falls. A race meet will precede the rodeo.
 Oct. 3 and 4 are the dates for events and winners will receive silver buckles and jackpot prizes. Events will include saddle bronc riding, bareback riding, team roping, calf roping, wild cow milking and bullfighting.
 The Damale Riding club is in charge of the two-day feature and amateurs will compete on the basis of the points earned at amateur performances in the state this summer.
 A committee has been busy in recent weeks sifting over records and tabulating scores to determine who will compete. Committee members working on the rodeo are God Williams, Sherman Swin, and Doc Bradley, all of Arbon, and Willis Williams, John Zehner and John Melchior, American Falls.
 A race meet will precede the rodeo.

Gain on Heart Disease Battle Cited at Probe
 WASHINGTON, Oct. 1 (AP)—The National Heart Institute said today that medical authorities are confident the battle against heart disease can be won in the next 25 years.
 Institute officials gave this encouraging report to the house commerce committee as it opened hearings on major diseases and what's being done about them.
 The old idea that the nation's number one killer must be considered "inevitable and unconquerable" has been replaced by a "new philosophy," they said. This holds that the disease can be beaten.
 Current investigations of arteriosclerosis (hardening of the arteries) are uncovering new facets of the problem that give medical authorities no longer to shrug this disease off as "one of the indispensable penalties of living." The institute's report stated.
 More than half of heart fatalities are due to arteriosclerosis, but its cause still is unknown.
 "It has been proved that, either without therapy or by medical and surgical treatment, every kind of heart disease formerly considered incurable and typically fatal can be reversed," the report stated.
 This does not mean, it explained, medical authorities can cure any kind of heart disease. But it does mean scientists now know some types of heart ailments formerly considered fatal, sometimes correct themselves, through some unknown natural means, and that some other ailments can be corrected by treatment.

Assistance Co-Ops Urged
 WASHINGTON, Oct. 1—James E. McQuinn, director of the National Labor Relations board, urged farmer-ownership and distribution systems to bring higher prices for and lower food costs to consumers.
 He said the 2nd annual conference of the Old Workers International Union (OWU) was proposing a "national program of marketing and processing." Patton said, "If 50 per cent of the food produced in this country were distributed through co-operatives, it would mean a price change over 50 per cent for many farm products and other animal products."

Ike Receives Plan on Wool

WASHINGTON, Oct. 1 (UP)—Senator "Hunt" D. Wyo. said Wednesday he was informed that tariff commission recommendations on wool import fees have been submitted to the White House.

He told a reporter, however, he had no knowledge of what they may be, or when they may be acted upon by the President.

A study of the wool import situation was ordered by President Eisenhower in July. A tariff commission hearing at which department of agriculture officials and representatives of the wool growing and wool processing industries testified was held several weeks ago.

Lincoln Polio Leader Notes Goal for 1954

BOZEMAN, Oct. 1—The American people will be asked to contribute \$5 million dollars to the 1954 March of Dimes. Myron Johnson, chairman of the Lincoln County chapter of the National Foundation for Infantile Paralysis, said Thursday upon his return from a meeting in Boise of foundation workers.

The sum sought this year represents almost half again as much as was raised in last year's record breaking appeal, and will be needed in shifting from "defense to attack" in the fight on polio, he said.

Polio cases have decreased this year, after hitting the all-time high last year. On Sept. 19 the total was 2,613, compared to 39,440 at the same time last year, he noted.

The Boise meeting drew representatives from Idaho, Utah, and eastern Oregon. Some 200 delegates attended.

Outstanding research men and directors of the national foundation spoke during the two day session.

Idaho Stands High on Pay Scale of U. S.

To only eight states in the nation production workers received a higher hourly scale of wages than was paid in Idaho during June, 1933, according to the U. S. bureau of labor statistics.

Figures of the government reports prepared in the office of the Idaho State Chamber of Commerce reveal that Idaho's weekly earnings in Idaho in June amounted to \$72.94, while the average hourly wage in Idaho was \$1.21 compared with the national average of \$1.17.

The states paying a higher average hourly wage than Idaho and the reported rate were Oregon, \$1.18; Michigan, \$1.06; Washington, \$1.06; Nevada, \$1.03; Wyoming, \$1.00; California, \$1.00; Ohio, \$1.00; and Montana, \$1.00.

This hourly wage does not include salaries or wages paid to executives or to office, sales, administrative or supervisory employees.

This would appear to be contradictory of the widely circulated statement that Idaho's per capita income of \$1,438 in 1932 was far below the national average of \$1,608. The State Chamber of Commerce points out this is explained by the fact that approximately 12,000 persons were employed in non-agricultural work in 1932 in Idaho compared with about 17,000 in agricultural employment, where the lower hourly rate pulls the average down.

Endurance Fliers Give up Attempt

SALT LAKE CITY, Oct. 1.—Physically exhausted to the point where they felt it was beginning a dangerous operation, two Salt Lake City pilots, ended last night their fifth attempt to set a new high altitude endurance record.

Capt. Calvin E. Cowley and Don H. Bean, landed their four-place Cessna at 6,400 feet (MST) after spending 5 days and 57 minutes in the air.

They took off last Friday at 5:45 p.m., hoping to set about 50 days and break the present endurance record of 41 days.

Cowley said the airplane refueling system and fuel pickups worked perfectly but "I'm just physically beat."

Cowley said he "wasn't thinking too clearly" because of exhaustion and "didn't decide until last night whether to make another endurance attempt."

Dip Is Forecast For Carloadings

SEATTLE, Oct. 1.—The Pacific northwest advisory board forecasts an over-all decrease of 8.6 percent, or almost 10,000 cars, in Pacific northwest carloadings this fall from those a year ago.

F. J. Weininger, secretary, also said in a report today that August loadings of 10,778 cars were 10.3 per cent below August, 1932, and the lowest since 1918.

The fourth quarter loadings were predicted at 25,316 cars, compared with 27,659 in the fourth quarter of 1932.

Even Red Russia Is Turning to Advertising to Speed up Sales

By TOM WHITNEY
(Editor's note: Last of a series.)

LONDON, Sept. 30 (AP)—It pays to advertise—even in communist-Russia.

Ever since the end of the war I have been watching neon signs go up in Moscow. At night their bright colors urge Ivan Ivanovich—Russian equivalent of Joe Doakes—to buy whatever the Soviet government wants to sell him. They say:

"Put your money in a savings bank—It's reliable, convenient, and safe."

"Travel by plane."

"Smoke 'Dukat' cigarettes."

"Buy Soviet champagne."

"Invest your money in the 3 per cent state lottery loan."

Wine, automobiles, soap, tooth powder, cigars, perfume, sausage, insurance are but a few of the products pushed.

The advertising is mostly poor quality—a fourth grade boy in the United States could do better—but the odd thing is that the advertising sells at all. Indeed, articles in the press demand better ads and display. So does the Minister of Trade Anastas Mikoyan. Evidently economic needs are forcing the Soviet government to advertise in order to sell some of its products.

To see the effect of real advertising on a Russian all one has to do is to hand him a copy of an American publication. He turns directly to the advertisements and starts looking at the pictures of things for sale. He begins to wonder whether life in America is as bad as his government says—and he wants to buy similar goods. Once that desire to "buy American" starts to think about finding the money of working harder, if necessary, and producing more.

The Soviet government is on to this idea, too. Even though it apparently does not realize how important it is to the government to get its advertising done.

As for the Soviet government, it is important it can be for Soviet economic development.

Aside from ideology, one of the reasons that Russians have no time in much for advertising until recently is that there always has been such a shortage of goods that almost anything would sell without advertising.

There are still plenty of shortages of important kinds of consumer goods. But certain things have to be sold to consumers now if they are not to accumulate on store shelves and clutter up warehouses.

Thus the Soviets are being forced to adopt modern merchandising methods.

There has been some talk of using radio and television for advertising, but little has come of this so far.

Land Is Sold for Use on Highway

Two strips and an irregular tract of land lying on either side of highway 22 about six and one-half miles south of Rogerson have been sold to the state highway department for highway right of way, according to a deed filed with the county recorder Wednesday.

The two strips are measured 100 feet each way from the centerline of the highway.

Part of the property was sold by Edward John and Joseph Nicholas Traugott as executors of the estate of Joe Traugott and part by the two men and their wives in their own names.

Deadline for Scholarships

Deadline for Fulbright scholarship applicants is nearing, according to word received from the Rocky Mountain office of the Institute for International Education.

Mrs. John E. Hayes visited the office in Denver en route home from Chicago. The director noted that the deadline for 1934 scholarships for study in Australia and New Zealand is Oct. 7. Deadline for all other countries is Oct. 31.

Fulbright scholarships authorized by an act of congress, are intended to permit graduate students to study abroad for a year.

Mrs. Hayes went to Chicago for the dedication of the new FFA headquarters building. She participated in dedication ceremonies and placed a copy of her book of poems, "Stappling Stones," in the building's collection.

Maintenance Patrols Keep Roads in Repair

Harry Carpenter Caldwell, state highway department maintenance man, makes a pre-mix batch on U. S. highway 20 between Haegeman and Caldwell. Carpenter, like the other maintenance men under the new patrol maintenance program, has a particular section of highway to patrol. He is personally responsible for the condition of that section.

State Finds One-Man Patrols Superior To Crews in Maintenance of Highways

"Nearly every mile of highway on the state system's 4,100 miles is patrolled every working day by a maintenance man." This statement by state highway department officials sums up the maintenance patrol system recently inaugurated by the state.

"Under our new maintenance policy one man is assigned to a section varying in length from 15 to 30 miles," State Highway Engineer Earle W. Miller said. "That man is responsible for keeping that part of our system in a safe and comfortable condition."

Miller reported that many favorable comments were heard during the recent inspection tour of the board of directors. "We were told many times that our highways are in the best shape now that they ever have been," Board Chairman Roscoe O. Rich, Burley, said.

The department pointed out that in the past a maintenance crew, made up of four or five men, patrolled many miles of roads. The crew would necessarily work on one part of their area for a week at a time.

It was pointed out that it might be a week or more before the crew could get to other sections. "Naturally, isolated holes were made in the pavement, and motorists would wonder why they weren't patched," Miller said. "Under the new policy, it is almost impossible for a hole to go unpatched for much more than a day or two."

Technicality
WASHINGTON, Oct. 1.—(AP)—Gov. Fred Warren's new title in the highest judicial post in the nation will be "chief justice of the United States" and not chief justice of the supreme court.

The governor himself used the word last week when he accepted President Roosevelt's nomination. The title has varied at different periods in the court's history. The constitution does not mention a specific title in the provision for a supreme court.

In the early days the nominees were sworn in as "chief justice of the supreme court of the United States." It was not until the judiciary act of 1869 that the title "chief justice of the United States" was used for the first time.

Yankees Batter Brooklyn Hurling Ace To Win Opener 9-5

Gets Victory Reynolds Folds; Bat, Roe Ready

TWIN FALLS, Oct. 1 (AP)—The proud New York Yankees' 20-game winning streak rolled back to Brooklyn's ace hurler in the opening game of their bid for a record fifth straight world baseball championship. Johnny Sain, a National league star with Boston in the '48 series, choked out the Brooklyn ace after Bill Reynolds collapsed under a blistering early pace.

The Yanks started a stadium crowd of 6,271 by leading Earl Egan for four runs in the first inning. After the Dodgers finally fought back to tie in the seventh, they again applied the pressure to the shaky Dodgers pitching staff.

Bill Reynolds benched for Johnny Sain, leaving a "hitter" by the name of the tie with a 3-50-foot homerun smash off a post in the lower right field seats in the Yankees seventh.

Sain drove in two with a double to the auxiliary score board in the eighth and Collins knocked a homerun with a single in the third-inning that frustrated the Dodgers, who never have won a series. Reeling after the first inning, they finally managed to knock out a lead in the sixth, only to see the game go out the window when their own pitchers falter. Two Brooks were stranded, only two short of the series record.

Jim Hughes, who allowed only one run in four innings after taking over from Egan, was the only effective Dodger pitcher. After he went out for the first time, George Shuba in the sixth, Manager Chuck Dressen couldn't find a replacement.

Billy Martin hit a three-run triple with the bases loaded off Egan in the first and added a pair of singles in the last of the attack. Collins and Yogi Berra struck the homerun pinch.

After Collins hit a lead-off homer and Shuba pitched Reynolds' pitches for homeruns before Manager Casey Stengel brought in the ace, Clayton Kopp hit Johnny Almon only one run and five hits over the last four and two-thirds innings to earn the third prize.

Reynolds threw like a man determined to go as far as he could and at times he was about to give up. He was superb in the first four, blanking the Brooks with only two hits and three runs.

Collins' triple, Robinson's second base hit, his homer in the sixth and Shuba's homer in the seventh were obvious that Reynolds would be lucky to last.

It was evident from the start that Egan was having trouble with his curve ball when he walked Collins, the second batter, on four pitches.

Bank Bauer slammed a long triple that rolled past Duke Snider in right center field in the eighth inning. It was in deep trouble.

Berra went down swinging, but Egan passed Mickey Mantle and Jim Woodcock, who had been Martin's triple to Jerry Robinson, and leftfielder Jackie Robinson.

The Dodgers began to catch up when Reynolds' ace, Earl Egan, struck the boom on him in the sixth.

When Hodges, the hitless "goat" of last year's series, with his 0 for 21 batting mark, drove a homer into the left field stands leading off the sixth, Reynolds was nearing the end.

Egan singled to left center, and Dressen lifted Hughes for pinch-hitter Shuba, a lefthanded swinger. The Youngstown, Pa., outfielder hit the fourth pitch into the first rows of the lower right field stands just past the glove of Bauer, who later admitted he might have got the ball if he had gone back to the wall in time.

Egan took over after Shuba's homer, escaping further damage although the Dodgers had men on first and third with two out before he finally retired the side.

Successive singles by Roy Campanella, Hodges and Carl Hubbell drove home Camp and tied the game in the seventh. But that was all.

Collins' homer put the Yanks back on top. When Bauer and Berra followed with singles, Labine was replaced by Ben Wade who struck out Mantle to end the frame. But who took it on the chin in the eighth.

Martin singled with one out, Phil Rizzuto walked, Sam Doublé bled two and Collins singled to score Sain for the three "icing" runs.

New York's broadcast man, Bill Hunter, said after the game: "I think you can see the Yankees are going to win this series."

Choosing up Sides

The 1953 world series is the fifth between the Yanks and the Dodgers and Pee Wee Rees, left, and Phil Blaino have opposed each other in all of them. They're the only veterans from the 1941 show and from the looks of things choosing up sides is old hat to the star shortstop. (NEA telephoto)

Shoshone Indians Keep Undefeated Record Clean With 20-12 Victory

HAILBY, Oct. 1.—The Shoshone Indians ran their undefeated record to four straight Wednesday afternoon as they eked out a close 20-12 win over the Halley Wolverines in a Little Six conference tilt.

The Wolverines drew first scoring blood in the middle of the second quarter after the two teams had threatened several times in the opening frame.

Dave Jorgensen busted loose on an end run and raced 47 yards for the Wolverine score. The try for the extra point missed.

The Indians roared back to score with seconds left in the first half. Fred Flis bulletted over from the eight-yard line after a sustained drive had carried the Indians into scoring territory. Steve Kelly kicked the extra point and the Indians led 7-0 at the half.

—The Wolverines' back in the lead in the third period when he capped a long march with a two-yard scamper right end of the end zone. The try for the extra point failed.

With time running out and only seven minutes to go, Steve Kelly brought the Indians back into the ball game with a six-yard plunge into paydirt to put the Indians ahead 13-7.

Ray Clayton put the game out of the reach of the Wolverines with less than two minutes to go when he intercepted a Wolverine pass and ran 45 yards for the score.

The win was the fourth in a row for the Indians who lead the Little Six conference.

Former Bruin to Start for Idaho

MCCOOW, Oct. 1.—Eddie Allison, age-back from Twin Falls, will start at the right halfback slot against the Vandals in the Idaho-Oriental at Missoula Saturday, coach Babe Curfman said here today.

Allison, a sophomore, will replace Jay Buhler, Halley, who for two previous seasons has been the starter in the backfield. Allison earned this recognition for his fine offensive and defensive play against Utah last Saturday. The Vandals were beaten 21-0 by Utah.

Allison has shown the coaching staff, said Coach Curfman, "that he is more than ready to take over the starting job. He is a fine team competitor and his speed and tackling ability will go far toward bringing the Vandals back on the victory trail—I hope."

Allison's moving up to the starting spot followed a general Vandal shake-up in which a starting tackle, guard and center, quarterback and left halfback were dropped by Coach Curfman.

"In making these changes," Curfman said, "I know we are exchanging some potential ability for a gain in team efficiency."

The Devils rolled up 18 points in the first period on touchdowns by Dale Spritzer, of 45-yard run, Ken Hurlbaugh on a five-yard smash and Larry Fechner on a four-yard drive.

Jim Casper made it 25-0 in the second quarter with a 45-yard gallop.

Danella scored the only Idaho touchdown on a six-yard plunge over center.

The Devils wound up their scoring in the third period when Hurlbaugh returned a punt 60 yards into the Bliss and snafu.

Dietrich Clubs Bliss 31-6 in Eight-Man Tilt

DIERTRICH, Oct. 1.—The Dietrich Devils ground out their second win in eight-man conference play Wednesday afternoon by walling Bliss 31-6.

The Devils rolled up 18 points in the first period on touchdowns by Dale Spritzer, of 45-yard run, Ken Hurlbaugh on a five-yard smash and Larry Fechner on a four-yard drive.

Jim Casper made it 25-0 in the second quarter with a 45-yard gallop.

Danella scored the only Idaho touchdown on a six-yard plunge over center.

The Devils wound up their scoring in the third period when Hurlbaugh returned a punt 60 yards into the Bliss and snafu.

Ex-Pioneer Loop Star Shines in First Series Tilt

NEW YORK, Oct. 1 (AP)—An ex-Pioneer league got three hits in four times at bat, knocking in three New York runs, in the Yankees' 9-5 win over Brooklyn in the first game of the world series Wednesday. Billy Martin, one-time player for the Idaho Falls Russells, whose first inning bases-loaded triple sent the Yankees away winning, has a ready answer for his recently discovered power.

"I think it's Dick's locker. He must have left some base hits in it," the "scrappy" "Kop" humorist more noted for his readiness to hit with his fists rather than with a bat, beat out a hint in the fourth and got a single in the sixth. He also stole the only base of the game.

—Steve Feiling said good luck on the plate today, he declared. "Some days those pitchers look real sneaky, but today I was seeing everything. I hit a curve for that triple off Carl Erskine."

—Martin, who has a habit of being involved in a controversy, didn't more noted for his readiness to hit with his fists rather than with a bat, beat out a hint in the fourth and got a single in the sixth. He also stole the only base of the game.

In the fourth inning he bunted down the third base line. Roy Campanella, the Brooklyn catcher, immediately claimed the ball was foul. Martin ran like a deer and wound up on third base when pitcher Jim Hughes threw wild past first base and then Carl Furillo sent a wild throw winging back into the infield.

On other former Pioneer league stars, Carl Furillo, who has carried it 30 yards in the end zone, Blake got another touchdown on an 80-yard off tackle smash and led 14-0.

—The load was short-lived, however, as Carl Anderson falled the second Declo score on a 40-yard run. From then on it was a rout.

In the second period, Anderson broke loose, this time for 37 yards around end for another Hornet score. Gary Baker added another touchdown on an 80-yard off tackle gallop and Declo led at the half 28-0.

Yakima Club Bids for Mount

Yakima, Oct. 1 (AP)—The Yakima Club is bidding for a mountain peak in the Cascade Range. The club is one of the largest in the state and has a long record of outdoor activities. The bid is for a peak in the Cascade Range, which is a popular area for hiking and mountaineering. The club is hoping to acquire the peak for its own use and to provide a base for its various activities. The bid is expected to be successful, and the club is looking forward to the day when it can call the peak its own.

Soviet May Be Covering Own Weakness in Acts, Experts Say

WASHINGTON, Oct. 1 (AP)—Foreign diplomats said Wednesday Russia appears to be trying to torpedo proposals for a big power meeting to discuss German unification now because her position in Germany is weak.

The act was advanced as a possible, even probable, explanation for the note Russia delivered to the western powers this week. The note made various demands and accusations in connection with the western proposal for a foreign ministers' conference on Oct. 15 at Lugano, Switzerland.

The state department labeled the Soviet note "cavalier," and said the Russians were using "diplomatic tactics."

The Soviets made acceptance of "the legal rights" of red China to a position in the United Nations a first consideration in solution of the Korean problem and in lessening of world tensions generally.

It was learned that careful high level consideration was given the idea that the Kremlin may have found itself in such a weak position that it simply is unwilling to include the popular opinion of two months ago—that it appears unwilling to go into east-west talks on the subject.

Yet, according to this theory, the Soviets are unwilling to take a negative position and to have thrown up a series of conditions unacceptable in the American viewpoint in order to block the project.

U. S. officials and other diplomats agreed this was by no means the only possible explanation to fit the major facts, and others were suggested.

The reds may be trying to marshal world opinion anxious for

First of all, it's a fact that for 20 years prior to the post-war period, this company never once sought a general increase in rates.

Since 1935, however, the steadily rising costs of the things it takes to provide telephone service have forced us to appear five times before the Idaho Public Utilities Commission.

Each time, we had to prove that earnings had been inadequate for a full year, before we could apply. And due to inflation, we never once realized the full return approved by the Idaho commission.

For example, in 1951, the commission approved a return of 6%. But our return for the year following this ruling—was only 3.8%—inflation took the rest.—The Mountain States Telephone and Telegraph Co.

Youths Fatten Stock for Sale at Annual FFA and 4-H Event

After nine months' fattening, the two steers belonging to the Harkins brothers are ready to enter the sale. Since January, Larry's animal has put on 272 pounds and Glenn's 435 pounds. (Staff photo-arranging)

4-H Members to Offer Livestock For Sale Here as Climax to Projects

The sale will include swine, sheep and beef from Twin Falls, Blaine, Crofton, Jerome, Lincoln, Opaia and Minidoka counties. All animals are owned by 4-H or FFA members and have been raised as club and chapter projects.

Saturday's event is a district sale. FFA and 4-H officials point out that stock sales held previously in Twin Falls have been county events. Officials are expecting a large representation of out-of-town buyers.

They urge Magic Valley businessmen and cattle buyers to attend the sale and support 4-H and FFA youngsters in their feeder projects. Animals will be graded prime, choice, good and commercial for the sale. Swine will go on sale first, followed by sheep and beef.

Included among the 200 head of fat stock will be 77 best animals raised by local 4-H and FFA members in partnership with Twin Falls merchants. The program is sponsored by the Twin Falls Chamber of Commerce.

Proceeds from the sale of the animals will be used to pay off the bank notes used to purchase the animals. All profits above the cost of the note and insurance will be retained by the youngsters.

Store Offers Insurance in New Section

CHICAGO, Oct. 1 (AP)—A department store here has opened a counter where a girl can insure her legs — or any other part of her anatomy.

In fact, the new department will sell just about any type of insurance, in any amount, on any item or risk.

A home owner can stop at the counter on his lunch hour and insure his home against fire, theft, wind damage and all other possibilities.

The counter is operated under a long-term lease by Childs and Wood, general insurance agents. They thought they could expand their business by making their services more easily available to the public.

Announcement of the arrangement was made by John T. Pirie, Jr., president of the department store.

The counter will be manned by Joseph M. Ryan who has 28 years experience in the insurance field.

A spokesman said the counter, located on the sixth floor near the store's travel agency, "will operate like any other department."

"If a customer wishes, he can put his insurance purchase on his regular charge account, using his customary charge plate, or he can use our deferred payment plan for easier premiums."

"Of course, some down payment will be required in some cases."

The counter was opened on a trial basis Thursday. The first customer was a store employee who bought a "float" short-term policy on her daughter's wedding presents.
