Stock Trades For Uranium Set New High

SALT LAKE CITY, May 27 (AP)—An estimated seven million shares of uranium stocks changed hands as the uranium boom ballooned to a new high in Salt Lake City yesterday.

Brokerage houses looked like bargain basement for sales as speculators fought to buy any issue with the new magic name, "uranium."

The transactions included some new underwritings which hit the street in the morning. One of these came out at one cent a share and immediately jumped to six cents. It boasted what was described as about the shortest prospectus in local underwriting history—a legal sized piece of paper with a map in the center and details of the claims, proposal and other information in fine print around the map.

There also was feverish activity among brokers signing up customers on new companies about to be underwritten. One new brokerage firm operated in one room with two desks, folding chairs and a bare incandescent bulb hanging from the ceiling.

The boom, which saw an estimated five million shares change hands, mostly in over-the-counter trade, Monday, springs from the opening of new ore deposits in the Colorado plateau of southeastern Utah and southwestern Colorado. Few of the issues actually have proved or producing ore deposits.

No Substitute For Uranium, Officer Holds

SALT LAKE CITY, May 27 (AP)—Nothing to date has appeared to replace uranium as a basic element in nuclear fission, the president of the Vitro Uranium corporation says.

The official, J. Carlton Ward, Jr., New York, was in town with the firm's executive vice president, George White, to inspect Vitro reduction properties in Salt Lake City.

"Demand Seen"

Ward said he sees a "significant" demand for uranium for several years, and noted that the government has, in effect, underwritten the uranium ore market until 1962.

The official said that government control of the fledgling industry has its good and bad points.

On the credit side, he said, is the fact that producers are not subject to fluctuations in demand or price, because the atomic energy commission has a fixed scale of prices for uranium ore.

U. S. Is Only Buyer

But the government is the only buyer and is, in many cases, the sole arbiter of the industry, Ward said that this causes difficulties when there are honest disagreements about procedure.

Vitro is the only private uranium mill in Utah and Colorado which reduces uranium ore.

Burley Speakers Feature Meeting

Talks by four members of the Burley Toastmasters club featured a meeting of the Twin Falls Toastmasters club Tuesday evening at the Turf club.

Fred Robins won the blue pencil for his talk "We Need Another Law." Other guest speakers were Francis Annet, Olive Holland and J. F. Dumas.

Julian Johnson, Twin Falls, was table topics chairman, and Earl Christensen, Twin Falls, was chief evaluator.

Kurt Moss, J. Edwin True, Dr. J. Woodson Creed and Max Lloyd were guest speakers Monday evening at a meeting of the Burley Toastmasters club in Burley.

Fred Rowlands, Ogden, was a guest of the club.

Reports Planned For Vote League

Members of the Twin Falls League of Women Voters will hear a report on the league's national convention in Denver by their delegates, Mrs. Crystal Rosendahl, at a meeting at 6 p.m. today in the home of Mrs. R. L. Sumnerfield, 2028 Addison avenue west.

Reports also will be presented on the meeting of the state council in Boise early in May and on a regional meeting on international affairs in Pocatello May 10.

Mrs. Gerald Simons and Mrs. Steward Wegener represented the Twin Falls group at the Boise meeting, and Mrs. Eugene S. Jensen and Mrs. Wesley Swope were delegates to the Pocatello conference.

Key Expert of Power Group Will Lose Job

PORTLAND, May 27 (AP)—Sam Moment, Bonneville economist, is being released from his job in an economy move and not because of his testimony at the Hells canyon hearing in Washington, D. C., William A. Pearl, Bonneville administrator, reports.

Moment, who is to leave the agency effective July 1, has been granted a three-month leave before he is dropped from the payroll.

At present, Moment is in Washington, D. C., where he has been a witness at the federal power commission hearing on Hells canyon. Moment's testimony was against granting the Idaho Power company's application for a permit to build dams on the Snake river.

Pearl, when asked by a reporter why Moment was being released, said: "The decision to release Moment was made before the Hells canyon issue came up. As of last summer, Bonneville had to curtail its personnel to live within its budget. Since a large percentage of the power already was contracted for, it was decided to discontinue a number of employees in that department. Moment was one of the jobs discontinued. There is no connection whatsoever between his release and his testimony before the power commission," Pearl said.

'Ike' Designates Day for Prayers

WASHINGTON, May 27 (AP)—President Eisenhower today designated next Sunday, Memorial day, as a day of prayer for lasting peace.

In a proclamation, the President said that in memory of the sacrifices of America's war dead, "we should keep faith with our heroic dead by humbly and devoutly supplicating Almighty God for guidance in our efforts to achieve a peaceful world."

The President designated the hour beginning in each locality at 11 a. m. Sunday as a period "when the people of the United States may solemnly join in prayer for God's help in reaching the coveted goal of unity among nations."

Uranium Reports Are Unconfirmed

DENVER, May 27 (AP)—Reports of uranium ore discoveries in the Walsenburg-LaVeta area of southern Colorado met with no confirmation by the atomic energy commission office here today.

Charles Towle, an AEC official, said the commission has been doing some work in this area "but we have nothing to report on it at this time."

Representatives of several companies as well as independent prospectors have been working in Huerfano county. State Sen. Sam T. Taylor told reporters he feels the county is in for "good, healthy development" in the uranium field.

No Decision Yet On Air Academy

WASHINGTON, May 27 (AP)—The air force says no decision has yet been reached on a site for its new air academy.

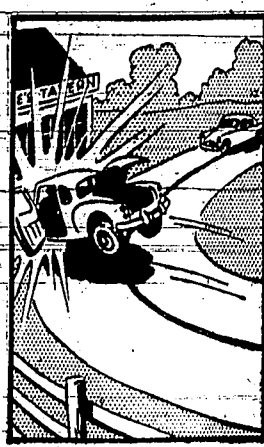

The five-man site selection board met again yesterday to discuss technical data on various proposed sites, a spokesman said.

He said there was "no indication of how soon the board expects to reach a decision." A recommendation from the board to Air Secretary Harold E. Talbott could come at any time, he pointed out.

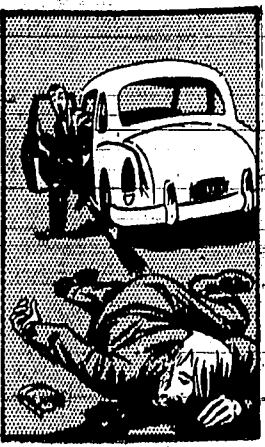

If the recommendation is unanimous, Talbott must accept it. If it is not, he will name the site from the board's first three recommendations.

380 Will Die Memorial Day Week-End

An estimate, based on past three-day Memorial day week-ends says that 380 people will die in highway accidents during this year's long holiday. The estimate, by the Association of Casualty and Surety Companies, also says that of the 380 fatal accidents, 210 will be due to excessive speeding and alcohol. Illustrated below are the most common highway accidents and their relation to the 380 total.

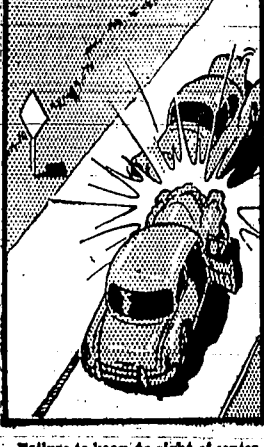

Speeding will be responsible for 126 of the predicted 380 Memorial day week-end highway accident deaths.

Overdoing it with alcohol will contribute to the deaths of 84 persons, both motorists and pedestrians.

Right of way ignored is expected to result in Memorial day week-end accidents that will kill 27 people.

Failure to keep to right of center line is a prominent cause of highway accidents. Expected toll: 38 dead.

Sleeping at the wheel, or over-fatigue is a subtle danger and is expected to claim 24 victims.

Accidents caused by miscellaneous factors will kill the final 81 figures.

Texas' Anti-Red Law Appears To Be Weapon for Emergency

AUSTIN, Tex., May 27 (AP)—A great many people think that all the communists in the United States should be in jail.

The state of Texas, alone of all in the union, has the necessary laws to put them there.

But although those laws have been on the books for more than a month now, Texas authorities have yet to make an arrest. It is becoming apparent that the legislation passed at the special session of the legislature is to be held as a legal weapon for an emergency.

The difference between the Texas statute and the law under which the federal government already has put top American red leaders behind bars is this:

The federal government must prove that the defendant is in fact party to a conspiracy to teach and advocate the violent overthrow of the American government.

Texas took that one step forward and made a "finding of fact" that membership in the communist party ipso facto constitutes being a party to such a revolutionary conspiracy.

It gave state authorities the power, therefore, to prosecute anyone belonging to the communist party and provides a maximum penalty of 20 years imprisonment and \$20,000 fine.

If that law were in effect in the state of New York, authorities could send to jail hundreds of persons who are known to be members of the party—many of them working in the building off Union square that is national headquarters and the office of the Daily Worker.

Col. Homer Garrison, Jr., boss of the Texas Rangers, refused to estimate for the lawmakers how many reds are in Texas. His reasoning is that the communists themselves are the ones who want most to know how many of them have been spotted.

But Garrison told the legislature that this vast state must consider itself a prime communist target. He pointed to Texas' vast petroleum production, chemical industries and gulf coast ports—all vulnerable to sabotage.

There is considerable belief that the Texas law would be found unconstitutional if tested by the courts. The belief is based on the fact that the legislature took it upon itself to make a finding of fact that an entire political group is subversive.

Atty. Gen. Herbert Brownell has opposed such legislation nationally on the grounds it would drive the reds underground and make the work of the federal bureau of investigation even more difficult. His implication is that in event of war the FBI won't hesitate to round up the suspects it has watched for years.

Gov. Allan Shivers, who personally recommended that the law should go even further and provide a death penalty for convicted communists, retorted that the reds already were underground.

Liquor Study No Credit for Folks in West

ST. LOUIS, May 27 (AP)—Elbow benders in this city of breweries were described today as the nation's most "genteel" drinkers while those in Los Angeles were termed the "sloppiest" imbibers.

This is the conclusion of a survey of the nation's drinking habits conducted on behalf of an Italian firm, Stock Distilleries, importers of liquors. It claimed to have polled thousands of barkeepers across the country.

St. Louis Gentle

St. Louis barflies earned the title of "genteel" because so many of them, when clutching a glass, keep their little fingers stuck out. Those in Miami were said to be the most relaxed, being able to drink lying down.

The poll found Denver drinkers were "nursers," those in Minneapolis "artless" because so few can remove an olive from a martini. Dallas drinkers were found to be "fast" but slow in picking up the check.

Chicagoans "Nervous"

Chicago drinkers were classed as "nervous," Boston's as "indiscriminate," while New Yorkers were described as "lavish" because so many only half empty their glasses.

The survey said—Los Angeles drinkers are sloppy because too many of them dribble.

Tourist Interests Will Meet June 7

BOZEMAN, Mont., May 27 (AP)—The Yellowstone-Teton association, representing Wyoming, Montana and Idaho interests, will meet June 7 at Old Faithful lodge in Yellowstone National park.

Dr. Paul B. McCleave, president of the group, said today the meeting will bring together about 60 representatives of chambers of commerce, dude ranches and tourist bureaus in the three states.

They will discuss road conditions and means of securing increased congressional appropriations for better facilities in Yellowstone and Teton National parks.

Plans Indefinite

SANDPOINT, May 27 (AP)—No definite plans for the rerouting of U. S. highway 2 through the city to the new route of U. S. highway 95 have been made, it was learned today.

The state highway department announced there was widespread opposition to the proposal to reroute highway 2 from the west on Superior street into the city.

Stream Level Keeps Falling At Slow Rate

BONNERS FERRY, May 27 (AP)—The Kootenai river continued to recede gradually today as low temperatures allowed the melting of the record mountain snow pack.

A spokesman for the army corps of engineers said "a few" of the 500 residents of this town of 1,800 who evacuated their homes last week had moved back in. But Gilbert R. Bean, technical liaison officer for the corps, said the river level would have to return to about 30 feet before most would return.

The river level stood just above 32.5 feet and was expected to remain at that level for the next two days. An engineers spokesman said the prolonged high water had weakened many of the dikes guarding the area but all were expected to hold. He said troops maintaining a 24-hour-a-day vigil over them would remain in the area until the river dropped to 28 or 30 feet. Official flood stage is 31 feet.

On the 7,000 acres of farmland flooded last week when the dikes broke in seven places, water was 15 to 25 feet deep today.

Poppy Sales Are Set Here Friday

Disabled veterans have made about 25 million poppies to be worn Friday, Poppy day, according to Mrs. C. E. Henderson, American Legion auxiliary poppy chairman.

The veterans have been paid for working with material supplied by the auxiliary. The poppies are distributed on Poppy day by volunteer workers from the auxiliary and all contributions go into the rehabilitation and child welfare funds.

Poppies will be on sale from 11 a.m. until 9 p.m. Friday. The auxiliary will make its headquarters at the Rogerson hotel.

Open Hearing For Budget Is Slated in Buhl

BUHL, May 27—The city council has scheduled a public hearing on the proposed city budget for 8 p.m. Friday in the council chambers at the city hall.

Budget for the year has been estimated at \$154,652.50 on an assessed valuation of \$1,460,195. A 49-mill levy has been set as necessary, along with other sources of revenue, to raise the estimated amount of the budget. The levy of 49 mills remains the same as the levy last year and will collect \$71,550. The county will take 1 1/2 per cent as a collection fee. The net will be \$70,478.50 on the assessed valuation.

Remaining funds necessary for the operation of the city will be derived from state and county licenses, \$120; 25 per cent of the highway tax, \$3,700; four per cent of the state highway tax, \$1,650; liquor control, county and state, \$9,800; parking meters, \$6,500; city licenses, \$1,500; water collections, \$45,000; court fines and fees, \$4,750; cemetery, \$3,350; rentals, \$1,750; state motor fuels, \$2,250; airport, \$1,200; and miscellaneous receipts, \$2,200.

The breakdown of the 49 mill levy shows the maximum of 20 mills being levied for the general fund. The street lighting levy has been set at 4.88 mills; library, 2 mills; special street levy 14.23 mills; bond interest on parks and water works development, 32 mills; bond sinking on parks and water works development, 2.06 mills; local improvement district guarantees, one mill; municipal sewer interest, 1.65 mills; municipal sewer sinking fund 2.74 mills and municipal bond, 35 mill.

Jack Smith, a student at Idaho State college and a qualified Red Cross water safety instructor has been named by the council as life guard and swimming instructor at the Buhl city pool for the summer. Also named to swimming staff is Vernie Davis, Red Cross senior life guard and a 1954 Buhl high school graduate.

Plans Reported for Swimming Program to Open Here June 14

The annual summer swimming program sponsored jointly by the city recreation department and Twin Falls Red Cross chapter will begin June 14, according to plans announced Thursday.

Youngsters from Kimberly, Hansen and Murlaugh will participate in first two weeks. City youngsters will be accepted the next three two-week periods.

A total of 1,186 adults and beginners from Murlaugh, Hansen and Twin Falls, took part in the program last year.

One major change is planned. The past few years it has not been necessary to charge for swimming lessons. However, a fee of 25 cents per swimmer for each two-week course will be made. The fee is necessitated by the failure of the Red Cross to meet its fund drive goal.

Registration for summer swimming classes will be held one week prior to the beginning of each class. The 25 cent fee is due at time of registration. Registration dates will be announced later.

Four instructors will be hired by the city recreation department and Red Cross chapter to conduct the swim program. The Red Cross will use the 25 cent fee to pay its instructors. No part of the money will go to the city.

Classes will begin at 9 a.m. and will last 30 minutes with 15-minute breaks between each class. Classes will be limited to 20 students per instructor.

Lessons for beginners, advanced beginners, swimmers, intermediate and junior and senior lifesaving instruction will be available for the youngsters.

Adult courses include lessons for beginners and junior and senior life saving instructions.

The program attracted 928 city youngsters last year. Twenty-six youngsters completed junior and senior lifesaving courses in addition to the 50 adults and 89 Hansen and

Uranium Test For Wyoming Being Slated

RIVERTON, Wyo., May 27 (AP)—A Utah mining official said yesterday his company has signed an agreement and will begin development this summer in what is expected to be the first thorough test of the feasibility of large-scale uranium activities in Wyoming.

W. H. H. Cranmer of the New Park Mining company, Utah, and "allied firms announced plans for the expanded operations at the Lucky Mc claims, heart of the Fremont county uranium strike.

Cranmer said his firm has decided to exercise its options on the claims, which are held by Heli McNeice, Lowell Morefield and R. L. Morna.

A cash payment was made to Lucky Mc, Inc., to bind the transaction. The amount was not disclosed.

When asked about the possibility of immediate development Cranmer said:

"We expect to pick up the tempo on our geologic study in the next few days. There will be some mining in the near future, but the emphasis will be on a study of the geology until we have the information we need."

The claims are in the Gas hills section of the county, 50 miles west of Riverton.

Senior Pupils For Shoshone Get Diplomas

SHOSHONE, May 27 — Probate Judge Theron Ward, Jerome, was commencement speaker for Shoshone high school graduation at 8 p. m. Tuesday at the Lincoln school auditorium.

The demand for growth in industry, indicated by the estimated increase in population of the United States in the next 20 years, is a tremendous challenge to youths of today, Judge Ward said. Tolerance, imagination and use of initiative were stressed by the speaker with a recommendation to "do things you don't like to do well and do things you like to do superlatively."

Music was furnished by the high school band under direction of Howard Knowles, music instructor at the school. Supt. Camden B. Meyer gave the address of welcome.

Dale Williams, salutatorian, and Irene Tanaka and Carmen Garmendia, co-valedictorians, spoke.

Miss Tanaka and Eleanor Knowles played a piano duet and Harrell A. Thorne, principal, presented awards. Charles Felchick, commander of the Shoshone VFW, presented trophies to the co-valedictorians and Joe Berriochoa, commander of the local American Legion Post, presented awards to Ted Burgess and Gloria Dill.

Thorne presented awards from the school to the valedictorians and salutatorian and a \$500 scholarship from the College of Idaho to Stanley Hughes.

The Rev. Frank B. Troy, pastor of the Episcopal churches at Shoshone and Jerome, gave the invocation and benediction and diplomas were presented to students by Leonard Daugherty, chairman of the board of trustees.

Receiving diplomas were Bette Joanne Baer, Katherine Barkdull, Larry Barney, Rosannell Baugh, Altha Benson, Melvin Betty, Neolo Brookband, Earl Brownlee, Ted Burgess, Delmas Caraway, Ray Clayton, Gloria Dill, Annette Driskell, Carmen Garmendia, Christina Guerricabettia, Stanley Hughes, Stephen Kelley, Arlene Kerner, Arthur Kerner, Cherie Kinsey, Eleanor Knowles, David Munster, Mollie Peck, Marlene Shaklee, Irene Tanaka, Marie Velasquez and Dale Williams.

A diploma also was presented to Stanley Hughes who passed the army test. He is spending a 30-day leave with his parents, Mr. and Mrs. T. V. Strunk.

Grange Plans Fair's Events

WENDELL, May 27 — Gooding county fair was the main topic of business at the Wendell Grange meeting Tuesday evening. Mrs. Melvin Gibson, chairman of the home economics committee, announced that the committee has asked for a lunch booth at the rodeo queen dance on the Saturday preceding the fair.

Penton Hays, master, called a meeting of the agriculture and fair committee which is composed of Lawrence Hashman, Kenneth King and Melvin Gibson, to plan the display booth for the fair.

A. J. Rittler, representing the Lions club, asked for Grange support on the community calendar project. Minard Metz of the Chamber of Commerce asked Grange cooperation for a 4-H achievement day for Wendell clubs.

Philip Bailey received the Grange obligation: "A memorial program, planned by Mrs. Mel Jaramillo, was presented under the direction of Mrs. Joe Watts, Mrs. C. T. Crow, Mrs. Lawrence Hashman, M. H. Metz and Melvin Gibson sang two hymns accompanied by Mrs. Myron Kuper. Mrs. Arthur Wyce read a Psalm and Mrs. Joe Watts read a poem.

Refreshments were served by Mr. and Mrs. A. J. Rittler, Mrs. Grace Porter, Mr. and Mrs. Leslie Ruby and Mr. and Mrs. Lee Robinson.

Woman Held For Chaining Child, 8

PHOENIX, Ariz., May 27 (AP)—A 36-year-old Phoenix woman was held today for investigation of aggravated assault after police said she told them she chained the wrists and ankles of her 8-year-old son and struck him to punish him for not staying at home.

Officers said a woman identified as Mrs. Maudie Hayes told them "I love my boy and I don't want him to be running around and stealing for a living."

Police answered a telephone tip last night and found the child in a dark, locked room at the mother's home. Officer Carl Needham said the chains were so attached "the boy could not straighten up."

Officers said the boy, who had welts and bruises over parts of his body, was not in serious condition and was placed in the Maricopa county juvenile home after treatment at a hospital.

Lazy Man's Plan For Yard Vetoed

RENO, May 27 (AP)—One man in Reno wants to do what many homeowners just dream about.

He is Clel Georgetta, who asked the city council to allow him to replace the grass on his lawn with green concrete.

Georgetta said he just doesn't like grass.

But the city council turned him down. Might set some sort of precedent with lazy husbands, commented one councilman.

Driving Phase of WASHO Road Tests At Malad City Will Wind up Saturday

MALAD CITY, May 27 (AP)—About 7:30 p. m. Saturday, wheat farmer Harold Jenkins will climb down from the cab of a big red truck and the driving phase of the WASHO road experiment will be completed.

WASHO stands for western association of state highway officials. In 1952, with 11 member states and Alaska and Hawaii chipping in, the association built two mile-and-a-quarter loops of highway south of here.

In the fall of 1952, the summer of 1953 and since the middle of February this year, eight trucks loaded with cement blocks have rounded the loops 15 hours a day.

The object: To answer such questions as which kind of load limits are reasonable and what can be done to make highways stand up under heavier loads.

Jenkins and Thomas A. John are the only drivers to start the test who still will be driving when the trucks grind to a halt for the last time Saturday.

Each truck will have coursed one or the other of the loops 15,000 times. It's been a monotonous job. "When you're plowing," says Jenkins, "you go around and around just like this, but you can see you're accomplishing something."

Highway officials believe the WASHO test, too, is "accomplishing something."

Drivers have worked two 8 1/2 hour shifts, with a 10-minute break each hour. Actual hours have been changed periodically, so the section would take a beating under the different temperatures prevailing at different times of the day.

In the drivers' off-duty shift, a dozen engineers—bustle over the section, making instrument readings to determine kinds and extent of damage.

During the next two or three months, says project engineer William N. Carey, Washington, they will tear up parts of the highway to study it and read instruments buried in the asphalt pavement.

Each loop is six inches thick at its thinnest point. From there on, it gradually becomes thicker until it reaches 22 inches.

One tangent of each loop is topped with two inches of asphalt, the other with four inches. Underneath is gravel.

After the test, the section will be incorporated—with some rebuilding necessary—into U. S. highway 91, a key defense route leading from Salt Lake City to the Alcan highway.

Carey estimates the over-all cost of the experiment at \$800,000. Findings to date are restricted and a full report is not expected until next spring.

"We've got a building full of data," Carey points out. "We've done about 20,000 moisture determinations alone."

But Idaho highway officials hope some kind of preliminary report can be made when WASHO meets at Sun Valley in September. Some results are known already.

For instance, greater damage was caused in the outside than the inside wheel tracks of the two-lane section. So two 10-foot strips of shoulder were paved. The paving "had a hell of a good effect," Carey says.

This has given weight to a move already afoot in highway circles to pave or oil shoulders for greater highway durability.

Trucks on one loop carry 22,400 pounds and 18,000 pounds per axle. On the other loop, they carry 32,000 pounds and 40,000 pounds on two axles.

In each case, the more lightly loaded trucks stick to one lane and those with the heavier loads to the other.

The trucks have been driven 640,000 miles with only two accidents, both evidently caused by the somewhat hypnotizing effect of the monotonous round.

One driver failed to turn when he reached the end of a straightaway. Another slammed into the rear of a truck which had stopped for the hourly rest period. No one was injured.

Carey is employed by the Highway Research board, an arm of the National Academy of sciences. WASHO commissioned the research board to carry out the test.

Most engineers on the job are on loan from the U. S. bureau of public roads to the research board. One represents the American Trucking association.

Care of Your Children

By ANGELO PATRI

Timing is of the highest importance in any kind of human relationships and especially where children are concerned. A child at play, his blocks about him, his garage almost finished is absorbed in his work. His mind, his body, all of him, is centered on the building.

Suddenly, his mother calls, "Bunny, dinner. Right away." Bunny scarcely hears. The call comes again. Impatiently: "Bunny. You hear me? Come when you are called." Slowly, his mind still on his work, Bunny begins to gather himself together and obey the call.

By this time his mother, completely out of patience—being the sort of person that demands instant obedience from children—shouts at her small son, yanks him to his place at the table, still scolding. Bunny cries and refuses his supper and there is a scene. That is what poor timing can do, and does.

Son Tommy is on the baseball team. He played an afternoon game and so is late for his evening meal. He arrives sweaty, dirty and disheveled. Worst of all he is wearing his "good" trousers and they are wrecked.

"Well, it's about time. Goodness. Look at you. And your good pants. You're a disgrace. No other boy in town is such a lunkhead."

"I'm not a lunkhead and I don't care what you say anyway. You never give me a chance. I never have any fun..."

The door slams, the boy stamps his way upstairs, father jumps up, loosening his belt, small sister sets up a piercing shriek, mother tries to quiet the storm—her ill-timed speech created. For days the atmosphere of the house is tense, the whole family, unhappy.

There is a time for everything. A time to speak and a time to be silent. There is a time to teach and there is a time when teaching is a waste of time, because the time is not yet. It is

Girl Scouts' Day Camp Features Nation's Theme

JEROME, May 27—Annual Girl Scout day camp will open Tuesday at the Jerome county fairgrounds for four days with about 125 girls between the ages of seven and 16 expected to attend, according to Mrs. Clerk Reiss, director of the camp.

Theme for the camp will be "Carnival of Nations." Each troop has chosen a particular country which they will represent.

Sessions will begin at 10 a.m. and be completed by 3 p.m. on Tuesday and Wednesday. On Thursday the campers will come at noon and will camp out overnight. The camp will conclude following breakfast and clean-up on Friday morning.

Each unit will have an opportunity to arrange the flag raising or flag lowering ceremony during the four days.

Countries chosen by the various units include Mexico by Brownie No. 8. Mrs. William Hand will be leader for this group and will be assisted by senior Girl Scouts. Brownie troop No. 5 selected Ireland and will be led by Mrs. Ed Knudsen and Mrs. Daryl Keck.

Mrs. Woodrow Reed will be leader for the third grade Brownie troop, who chose Holland. Butterfly troop No. 4, led by Mrs. Mike Morgan and Mrs. Lois Williams, selected Spain. White Rose troop No. 7, led by Mrs. Arvil Watson, who will be assisted by Jerry Smith, has chosen England. Mrs. H. H. Turpin is leader of Wild Rose troop No. 7. The troop decided to be early Americans. Mrs. Turpin will be assisted by Mrs. Virginia Burgoyne.

Africa has been chosen by the Red Rose troop, who will be led by Mrs. Robert Smith. Bluebell troop No. two has chosen to represent South America. Mrs. Frank Titus and Mrs. Dudley L. Stroud will assist this troop.

A troop of 20 Girl Scouts will attend the camp from Wendell, Mrs. Harold Otto, Girl Scout leader neighborhood chairman, announced today. She also stated that non-registered girls may attend the camp by paying an additional fee and by contacting the camp director.

Walker Hurls Boys to 12-3 Over Pilots

May 27 (AP)—The Magic Valley Cowboys battled the first inning to score five runs and never were as they walloped the Boise Pilots 12-3 in a Pioneer league Wednesday night. The Cowboys took advantage of some wild pitching and a dropped fly in the outfield in their big first frame.

Ed McDade and Bob Lemmel walked to start the fireworks. Gene Hooks was safe on a fielder's choice to load the bases. Al Berger flied to center but the ball was dropped by Gordy Beecroft and three runs scampered home. After Mills had walked, Dean Manha doubled in the final two runs of the inning.

Help

The Cowboys got some much-needed pitching strength Wednesday, business manager Ed Schaeck announced.

Schaeck said that Al Inde, a pitcher for the Los Angeles Angels, had been optioned to the Cowboys.

Inde was to fly up from Los Angeles and join the club in Boise.

Schaeck indicated that chances were strong the Cowboys would receive a hurler from the Sacramento club within the next few days. The help is probably the result of the Cubs' recent assignment of Bubba Church to the Los Angeles club which in turn was forced to cut down.

Watermelons, Turkey, Ham Are Features

By The Associated Press
Watermelons and turkeys are featured in many of the food stores this week as they prepare for the Memorial day season.

Watermelons should appeal to picnic fans; they are plentiful and of excellent quality and relatively low in price. For stay-at-home cooks, turkey, ham, and other meats are available at lower prices than at other times of the year. Turkey is selling from about 2 cents a pound higher to 8 cents lower, depending on where it is sold.

Prices for turkeys are in the range of 8 to 10 cents a pound. Large turkeys are available in the poultry department. In the poultry prices just as they are had a week ago. Duck is also available in wide areas. The department of food has singled out roast turkey as one of its "food heads" of the week.

Ham and shrimp are being sold at reduced prices in some stores. Other featured items are corn, tomatoes. Pork prices are also lower.

Prices for more than a dozen other items are mostly unchanged from last week's levels. Vegetables are priced lower than a week ago; outstanding buys are cabbage, spinach and potatoes. Canned goods, radishes, asparagus and squash.

Strawberries Good
Watermelons are probably the most popular item in the fruit department. The first watermelons from southern growers are finding their way into the city markets, but they are still in more than abundance.

Prices for watermelons are about 10 to 15 cents a pound. Limes and lemons are plentiful and at low prices. Also available are out-of-season grapes from California and Texas.

Prices for coffee drinkers: The department of agriculture says the first-damaged Brazilian coffee is of real improvement.

\$100,000 Suit Is Filed Over Auto Accident

RENO, May 27 (AP)—A \$100,000 damage suit was filed in district court yesterday against Sgt. George Robert Tackett by Edward A. Olsen, whose wife and two other women were killed in a two-car crash last week-end in which the 24-year-old air force sergeant was involved.

Olsen, Reno correspondent for the Associated Press, was seriously injured in the crash and faces a long period of hospitalization.

Filing of the damage suit came shortly after Tackett was charged with manslaughter by District Attorney Jack Streeter. The complaint alleged Tackett was intoxicated at the time of the crash and was driving in a reckless manner, causing the death of Mrs. Dorothy Olsen, 35.

The damage action sought \$50,000 for Olsen and his 10-year-old son, Perry, for the loss of Mrs. Olsen, and an additional \$50,000 for injuries to himself and for the destruction of his car.

Exemption on Tax Available For Veterans

Disabled veterans with service-connected disability of 10 per cent or more, may be eligible for property tax exemption by completing state tax exemption claim form No. 57, according to the county assessor's office.

This form together with a letter signed by the veterans' administration office in Boise certifying the existence of a service-connected disability of 10 per cent or more should be submitted to the board of county commissioners between June 28 and July 12.

Disabled veterans who have filed tax exemption claims in previous years, may apply for continued claims by completing the affidavit provided by the county assessor's office on or before Monday, June 28. This affidavit need not be accompanied by a letter of certification from the veterans administration.

Tax exemption of \$1,000 is granted when the disabled veteran's total annual income does not exceed \$3,000. For purposes of tax exemption, adjusted net income is the amount of income after all deductions, except deductions for dependents.

As a second requirement, total assets at assessed valuation cannot exceed \$3,000. This includes the assessed valuation of property, household goods, automobiles, notes, bonds, mortgages and cash.

Others eligible for tax exemption, according to the county assessor, are a blind person, fatherless child under the age of 18, woman widowed by the death of her husband, veteran of the Spanish-American war, Philippine insurrection, Indian wars and a veteran of World War I or II, with non-service connected disability, receiving pension or compensation.

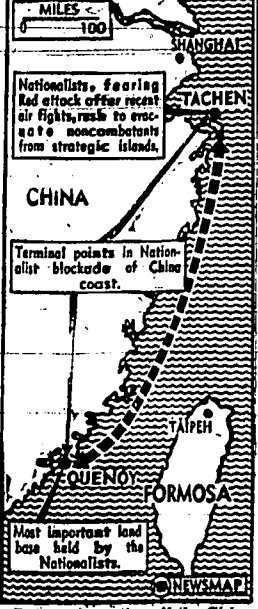

Bus Meet Set

POCATELLO, May 27 (UP)—A special meeting of the Pocatello school board and city commission is slated for 8 p.m. today to discuss means of keeping a city bus line in operation.

Elmer Tarr, operator of the Pocatello Transit line, said yesterday he would suspend bus service Saturday night "unless I can make a deal to haul school children."

Alert

Recent air action off the China coast has stirred speculation that the Reds may be planning to attack island bases held by Nationalist forces. Tachen, in the north, and Queny, in the south, are both important to the Nationalists in their defense of Formosa. To prepare for any red attack, Chiang has ordered all non-combatants evacuated from both islands.

KIDNEYS MUST REMOVE EXCESS WASTE

Napping backache, loss of pep and energy, headaches and dizziness may be due to slowing down of kidney function. Doctors say good kidney function is very important to good health. When some everyday conditions, such as stress and strain, cause this important function to slow down, many folks are suffering backache—feel miserable. Minor bladder irritations due to cold or wrong diet may cause getting up at night or frequent passages. Don't neglect your kidneys if these conditions bother you. Try Doan's Pills—a mild diuretic. Used successfully by millions for over 60 years. It's amazing how many times Doan's gives happy relief from these discomforts—helps the 15 miles of kidney tubes and filters flush out waste. Addresses for 14 Are Asked

Addresses of 14 members of the Twin Falls high school graduating class of 1927 are sought by class members planning a reunion tentatively scheduled here for Aug. 2.

Persons with information or addresses of the 14 class members are asked to contact Mrs. Albert Murphy, phone 1559-W, or J. Edwin True, phone 3710, both Twin Falls, so all class members may be invited to the reunion.

Addresses are needed for Leone Marie, Andrus, Charlotte Louise Simpson, Mary Anna Reynolds, Nellie LaPresle Blackburn, Julia Elizabeth Davis, Madge Lenora Mullins, Lucille Parker, Selecta Mary Gates, Maise Elizabeth Ruscoe, Ruby Beryl Hansen, Charlotte Harriett Vogel, Henry M. Hirsch, Norma Potter and Irene Hurst.

Young Drivers to Test Their Skills

SHOSHONE, May 27—A motorcade was planned for the evening of June 14 by members of the Twin Drivers club. The event, previously called a roado, will be staged not as a speed contest but to check the driving skill and traffic observance of young drivers.

Six or eight members of the club plan to participate in the event. Howard C. Adkins, adviser, said. An adult will ride with each young driver to rate the contestants.

The group will meet at 6 p.m. that night at the Martin Motor company and will leave on the tour at 6:30 p.m. A committee from the Shoshone safety council will map the route and make rules for the contest, Adkins said.

I always buy CLOROX for two reasons!

CLOROX makes linens more than white ... it makes them sanitary, too!

There's more than ordinary whiteness in a wash that's Clorox-clean. Yes, dulling dinginess is gone, stains are removed, even scorch and mildew disappear. There's added health protection, too. For remember, no other home laundering product equals Clorox in germ-killing efficiency!

But there are more than two good reasons for always using Clorox in laundering cottons and linens. Clorox deodorizes. It conserves linens, too, for it's extra gentle, free from caustic. In addition, Clorox, a liquid, contains no gritty particles to damage wash and washer.

Disinfect bathroom germ centers regularly with CLOROX!

That's really good advice. For the routine cleaning of wash-bowls, shower-jets and toilet-bowls, Clorox not only removes stains and deodorizes. It also disinfects... provides a type of non-poisonous disinfection recommended by hundreds of public health departments. See the Clorox label for the many ways Clorox helps you protect health at you clean.

You get all these benefits in a Clorox-clean wash!

- 1. Snow-white linens... Clorox removes gray and yellow dinginess.
- 2. Bright fast colors... Clorox removes ugly stains, even scorch and mildew.
- 3. Lustrous-looking linens... Clorox removes ugly stains, even scorch and mildew.
- 4. Fresh clean-smelling linens... Clorox deodorizes.
- 5. Sanitary linens... Clorox is the most efficient germ-killer of its kind.

When it's CLOROX-clean... it's SAFER for family health!

Church Group Brings End to Detroit Parley

DETROIT, May 27 (AP)—Delegates to the 1954 general assembly of the U.S.A. Lutheran church in the U.S.A. met today to begin a week-long meeting with a business session.

The assembly, governing body of the church, will meet next year in Los Angeles.

The standing committee on social education and action on Christians to support United Nations and work for justice and goodwill.

Charge Made

The committee charged that a "minority who do not believe in the right and responsibility of the teachers to teach their children as they see fit" within the respective fields.

Call Is Sounded

The committee urged Presbyterian churches to support the right and responsibility of the teachers to teach their children as they see fit within the respective fields.

Finishes 55 Years in Prison

Lyman William Hall, 81, who finished a 55-year stretch in prison recently, looks at changes in women's garb since 1897 when he started his term. Hall, who has a job with the Salvation Army in Chicago, was paroled from the Illinois state penitentiary after being sentenced to a life term for murder. He was at liberty two years after 1925 when he escaped. He happens to be passing Jane Carey. (AP wirephoto)

Segregation Ruling Alienates Supporter of Public Housing

WASHINGTON, May 27 (AP)—A supreme court ban on segregation has alienated a key southern supporter of public housing and may have thrown into jeopardy this phase of President Eisenhower's housing program.

The high tribunal Monday turned down an appeal by the San Francisco housing authority from a California lower court ruling that a policy of racial segregation in public low-cost housing projects violated the constitutional guarantee of equal protection of the laws.

This, in effect, let stand the lower court decision that three Negroes were entitled to admission to a public housing project in San Francisco built for families of Italian extraction.

Tuesday Senator Maybank, D. S. C., announced that the supreme court action "makes it impossible for me, believing in local government, to support any public housing."

For years Maybank has been a steadfast advocate of public housing. It was the South Carolinian who recently moved in the senate banking

2 Firms Deny Allegations on Gas Servicing

WASHINGTON, May 27 (AP)—Pacific Northwest Pipeline Corporation and West Coast Transmission Company, Inc., denied yesterday, in letters filed with the federal power commission, allegations that they have not shown qualifications to provide natural gas service to the Pacific northwest.

The adverse contention was made two weeks ago by the commission's staff counsel in a brief recommending that the commission deny all pending applications to serve the area.

Yesterday's briefs countered claims by the staff and rival parties as to adequacy of reserves, deliverability, pipeline and financing.

West Coast proposes to get its gas in the Peace river area of Alberta and British Columbia for delivery to western Washington and Oregon. Pacific proposes to serve inland areas of the two states as well as communities along its pipeline route from the San Juan basin of New Mexico and Colorado.

A third applicant, Trans-Northwest Gas company, also would receive its gas supply from the Canadian fields and serve inland sections of Oregon and Washington. Its brief had not yet been received.

The commission will take its decision after oral arguments scheduled to begin next Tuesday.

Sheep Injured as Truck Overtakes

SHOSHONE, May 27—Several purebred sheep belonging to Fred Laidlaw, Rupert, were injured at 5:30 p.m. Tuesday when the truck carrying them overturned three miles northeast of Richfield.

George H. Mendenhall, Burley, driver of the truck, told Sheriff Thomas Conner that the sheep shifted in the truck at the same time a gust of wind hit the large body of the 1948 two-ton Dodge truck. None of the sheep were killed but several were injured seriously, Sheriff Conner said. He estimated damage to the truck at \$400.

Mendenhall was cited for not having a driving license in his possession. He is to appear before Justice of the Peace Frank Dice Saturday.

Shortly after 5 p.m. Tuesday Sheriff Conner investigated another crash in which a 250-pound calf belonging to Oscar Kerner was killed eight miles north of Shoshone on highway 93. Driver of the pickup that hit the calf was James F. Eaton, Wendell. Damage to the truck was estimated at \$80.

Earl Parent, 13, left, begins, Mich., rubs his chin whiskers and gets an admiring look from schoolmate David Urban, 9. Earl is in the sixth grade of a rural school and says he has been shaving since he was 11. These days, however, he is letting his beard grow to help celebrate the centennial of Millington, Mich., in August. He'll probably be the youngest owner of a beard at the celebration. (AP wirephoto)
