He Gives Praise of Cleanups

WASHINGTON, June 2 (AP) — President Eisenhower said his administration has impressive list of accomplishments in fighting communism and subversion.

President made the statement at his news conference after answering questions on the controversy between members of the administration and Senator Joseph R. McCarthy.

McCarthy, nevertheless, asked whether he feels that the administration is hurting the legislative program.

McCarthy's sharp annoyance came at the president's face and after he turned away from him and snapped out that he was not going to answer the question.

McCarthy's outburst about the administration's control of the legislative program during the first year in office.

McCarthy's statement, Eisenhower said, was a constant surveillance of the country is a week, 52-year job. It is carried out by the federal agencies.

Resolutions Feature Parley of Catholics

Six resolutions were passed at a routine business meeting at the morning session of the state convention of Idaho Council of Catholic Women here Wednesday.

About 150 delegates attended the session in the St. Edward's Catholic school auditorium.

Resolutions included a petition that the governor do all in his power to continue the tax exemption from taxation of the Indian education institutions at Smith and Caldwell.

Another resolution opposed deportation proceedings against Josefina Guerrero, patient at the U. S. public health service hospital at Carville, La. She was active in the underground during the Japanese occupation of the Philippine Islands in World War II.

Other resolutions favor establishment of a study club on the history of the Boise diocese, that units act as a group in making pilgrimages to the Marian churches this year and every unit have representatives at the annual women's retreat.

Convention appreciation of the Sisters of St. Joseph for their kind and efficient care of homeless children of the diocese was included in another resolution.

Morning activities began with 8 a.m. mass and past president's breakfast. The business meeting was opened with a prayer by the Most Rev. Edward J. Kelly, Boise.

Resolutions were reported by Elizabeth Reilly, resolution committee chairman.

New officers were installed at a luncheon at 2 p.m. at the Turf club. The Rev. Father Thomas Heenan, Gooding, was the featured speaker. His topic will be "All-Generations Shall Call Me Blessed."

Mrs. E. E. Logan, Great Falls, national director of the province of Portland will speak on "Mary, Our Mother and Inspiration." Some 210 Catholic women witnessed the presentation of a papal blessing Tuesday to Mrs. C. E. Wadsworth, Twin Falls, by Bishop Edward J. Kelly, Boise, for her outstanding service as president of the Idaho Council of Catholic Women during the past year.

The Rev. Father Nicholas E. Walsh, Payette, was principal speaker of the evening with his address "Let a Shrine Be Built," and Bishop (Continued on Page 2, Column 1)

Teenager Trio Hurt In Wreck

BUHL, June 2—Three teenagers are patients at Magic Valley hospital with injuries received in the crash of a stolen automobile on the outskirts of Buhl shortly before 3 a. m. Wednesday. One of the three, Lamar Allison, 18, is in critical condition. The other two, Joy Allen, 15, and Patsy Lund, 13, are reported to be in fair condition.

The three were passengers in an automobile reported stolen from Fred Shore in Salt Lake City. The stolen car was spotted on the highway two miles west of Twin Falls at 2:15 a. m. by Deputy Sheriff P. C. Thompson as the three were cleaning it out on the highway.

Deputy Thompson said he pulled up behind the 1949 Pontiac to "see what was going on" and the automobile pulled away. He followed, he reported, at speeds between 90 and 100 miles an hour but was unable to catch up. He radioed ahead and asked Filer police to set up a road block. The teenagers ran through the road block and Thompson then radioed to Buhl police for another roadblock.

The Pontiac also ran through the Buhl police roadblock and raced through Buhl at nearly 100 miles an hour. Unable to make the curve on the west side of Buhl the speeding automobile overturned several times, Thompson said.

The injured teenagers were taken to the hospital in Albertson's ambulance. No charges have been filed against the trio yet, the deputy added.

Bever Picked As Leader for Local Legion

George Bever was elected commander of Twin Falls American Legion post No. 7 Tuesday evening at the Legion hall.

Thomas Hovenden was elected first vice commander and Arnold Helwege second vice commander. Ray O'Donnell was elected adjutant. Other officers elected are Weldon Haskins, finance officer; Henry Hays, sergeant-at-arms; Robert Peterson, chaplain; Ingvald Kjer, service officer, and Jack Thorpe, historian.

Edward Benoit, L. James Koutnik and Hugh Boone were elected to the board of directors.

Officers will take office July 1.

Seven delegates and one alternate were chosen for the department convention June 28-30 in Coeur d'Alene. Delegates include Leonard Jacob, Harry Benoit, L. James Koutnik, Thomas Stivers, Grant Kunkel, William Langley and Bever, M. L. Beath was chosen alternate.

Plans for constructing a recreation room in the basement of the Legion hall for Legion members were outlined by Koutnik. Members authorized Koutnik to obtain bids for the project.

A letter from Mrs. Irene Oliver, administrator of Magic Valley Memorial hospital, thanking the post and auxiliary for the trees donated to the hospital, was read by Commander Leonard Jacob.

Rain Saves Dry Record for May

HOLLISTER, June 2—Rain which fell in Magic Valley Monday night but dropped 18 inch across the area generally. In doing so, May was saved from equalling a record set in 1939 and equaled in 1940 when no rain fell on the tract throughout the entire month.

No rain had fallen on the tract throughout last May until during the last hours of the month. The 18 inch fell between 7 p.m. and 11 p.m. Monday.

Beginning June 15 water will be turned off in the canals on the tract for six days. This schedule will be the approximate schedule for the remainder of the summer, canal company officials reported.

Idaho Falls Youth Drowned in Canal

BOISE, June 2 (AP)—A 20-year-old Idaho Falls youth, Charles M. Ludwig, drowned yesterday when he was thrown from his auto and plunged into the Porter canal near here.

Investigating officers said Ludwig, the son of Mr. and Mrs. Elmer Ludwig, Idaho Falls, apparently fell from the car when it failed to make a turn on the airport road, went out of control and crashed.

Two passengers in the car, John Jennings, 14, and Gary Hayden, 16, both Idaho Falls, were knocked unconscious but were otherwise uninjured, officers said.

Snow

The unseasonable weather in Magic Valley Monday night and Tuesday brought snow to the high mountain peaks around Holley and in the south hills.

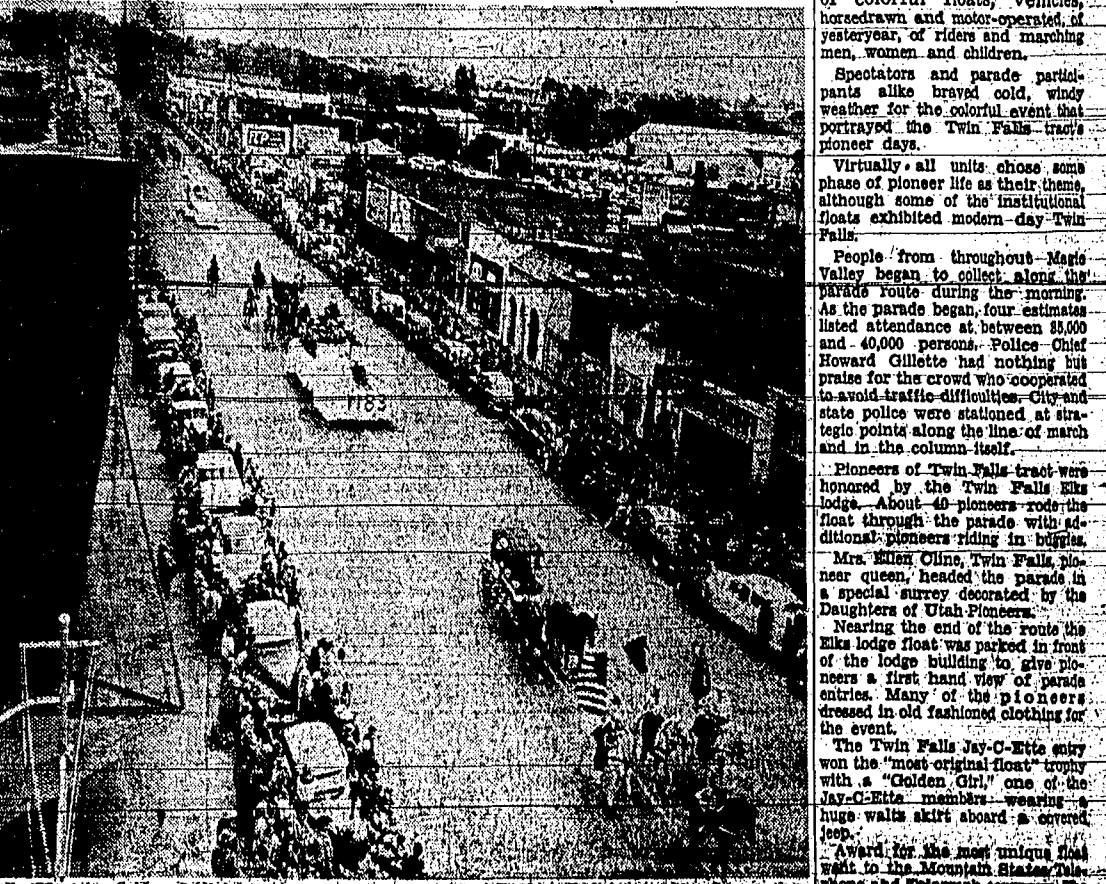

Charles I. Daugherty, supervisor of the Sawtooth national forest, said a snowfall of such intensity is unusual for this time of the year.

Snow was visible from Twin Falls on several peaks in the south hills and four inches of snow was reported on Galena summit.

Huge Crowd Turns out to Watch as Golden Jubilee Parade Opens Celebration

More than 35,000 spectators lined downtown streets here Tuesday afternoon to watch the Golden Jubilee parade that kicked off the summer-long celebration of the Twin Falls tract's 50th anniversary. Parade activities were concluded at 4:30 p.m. at the city band shell with presentation of awards by Bert Sweet, jr., celebration chairman, and Paul Warberg, parade marshal.

Thousands Line Route of March

Heading the Golden Jubilee parade was Stan Crom, mounted on a black horse with white trimmings, followed by a color guard all mounted on white horses with black trimmings. Mrs. Ellen Chase, pioneer, rode in a buggy behind the color guard followed by the Elks lodge float honoring tract pioneers. (Staff photo-engraving)

400 Witness Jamboree at Frontier Site

About 400 people gathered in Frontier field Tuesday afternoon following the Golden Jubilee parade to see the finish of the events in the Golden Jubilee riding club jamboree sponsored by the Twin Falls County Rangers.

In the barrel race run off Monday night before the jamboree was won by the Twin Falls County Rangers. They won first, the Gooding Riding club, second, and the Shoshone Riding club, third.

In Tuesday afternoon's events Carey took first in the potato race, Twin Falls second and Shoshone third in the button race. Carey was first, Twin Falls second and Shoshone third. Five men from each of the five riding clubs participating entered each of the events.

In the cow cutting contest, with one man from each club participating, top honors went to Twin Falls, second to Gooding and third to Halley.

The Twin Falls County Rangers won the meet with 21 points, the Carey Riding club was second with 13 points and Halley and Shoshone tied for third place with 4 points each. Judges for the events were Raymond Chugge, Ogden; Bill Patterson, Gannett, and L. B. Kelley, Buhl. Joe Roe, Twin Falls, was the announcer.

Gene Helms, Twin Falls, added comedy to the jamboree with his clown act and the "little fighting bull act" featured Jay D. Wilson, the matador, Bobby Jones, the bull owner, and a year-old, two-foot-high, dwarf bull named Ferdinand.

The next jamboree will be in Carey about Aug. 14, and one is scheduled for Halley in September.

Driver Fined on Multiple Charge

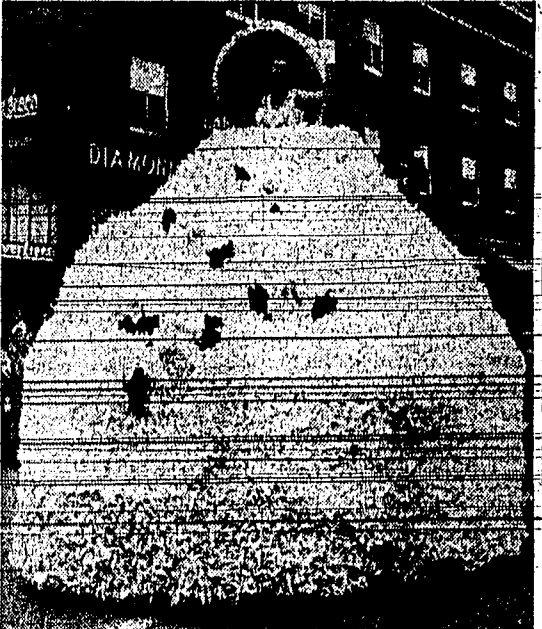

Joe Yazzzi, an Indian, was fined \$100 and costs by Burley Police Judge Henry W. Tucker Tuesday on charges of drunken driving, running through a stop sign and driving without a driving license. Judge Tucker also suspended Yazzzi's driving license for one year.

Judge Tucker, sitting as probate judge Tuesday, declared forfeit the bond of \$35 posted by Santos Alraher. Alraher was arrested last week on a charge of reckless driving and posted the bond for his appearance on Tuesday to answer to the charge.

INDIA GETS TOUGH

LONDON, June 2 (AP)—India has told Russia that Soviet support for the communist Vietnam stand on Laos and Cambodia would mean the loss of friendship among the independent nations of south Asia, informed sources said today.

Most Original Float

Winner of the "most original float" trophy of the Golden Jubilee parade was the Twin Falls Jay-C-Elks float using a "golden girl" theme. Mrs. James Bell, Twin Falls, rode atop the float consisting of a large white skirt over a Jeep. (Staff photo-engraving)

Biennial "Circus" Event Is Staged Here by Scouts

Some 700 tired but happy Scouts headed back to their homes throughout Magic Valley Tuesday night after presenting the biennial Snake river council "circus" at Frontier field.

Despite the cool night air more than 1,000 spectators watched the Scouts present a pageant history of Magic Valley and southern Idaho, called "Our golden heritage." An "oldtimer" told the story of the region's settlement in pantomime to a group of Scouts sitting around a campfire spotlighted in the center of the field while the rest of the Scouts acted out six turning points in the history.

The first phase portrayed Indian life in southern Idaho with Indian dancing, archery exhibitions and the construction of an Indian village.

The arrival of the white man, early explorers, fur trappers and missionaries, spanned the 1830's and 1840's until the influx of adventurers during the gold rush. This colorful period of the West the Scouts characterized with the arrival of the first prospector and his burro, followed rapidly by crowds of gold-seekers, all hoping to strike it rich.

A drum and bugle corps from Explorer Scout post No. 69, Twin Falls, and pairs of color-bearers from each troop represented at the circus provided a colorful opening ceremony. The finale featured the reappearance of all the Scouts while (Continued on Page 3, Column 1)

Bill to Widen Security Plan Passes House

WASHINGTON, June 2 (AP)—A bill to open the social security rolls to almost 10 million more Americans, increase the benefits and boost the tax take was passed overwhelmingly by the house yesterday. The roll-call vote was 385-5.

Now the big expansion measure goes to the senate for final congressional action.

Has the Points

It embodies most of President Eisenhower's social security recommendations and is designed to make 70 per cent of the nation's old folks eligible for benefits by 1960. An estimated 47 per cent of the population is covered now.

An estimated 3,000,000 farmers would become eligible for social security under the expanded system, as well as about 3 1/2 million state and municipal employees, a large group of professional people, clergymen and others not covered now.

Sets Minimum Boost

The legislation also provides for a minimum boost of \$5 a month in benefit payments, larger annual contributions, or taxes, by many employees and employers, and more liberal provisions for old folks who want to continue work after their payments start.

Drafted by the house ways and means committee, the bill was thrown open to brief debate under a rule barring any amendments. Thus the house was limited to voting for or against the bill in its entirety.

71 Livestock Unit To Hold Meeting

HAGERMAN, June 2—The annual meeting of the 71 Livestock association will be held Saturday at the Cherry creek school west of Three Creek. Martin Curran, association president, announced Wednesday.

Attending the meeting will be national forest officials and representatives of the bureau of land management to discuss grazing rights for both sheep and cattle. Curran said dinner will be served at the meeting and in the evening a dance will be held at Murphy hot springs. Officers will be elected during the afternoon session.

The Three Creek livestock and homesteaders 4-H club will demonstrate the riding and showing of animals at the meeting. Monte Youts, assistant county agent in Twin Falls county, will be the judge.

'Fling Lights' and 'White Balls' Are Latest Thing for Pacific Northwest

By United Press Pacific northwest is seeing before its eyes now.

A from Washington and just as far north as Alaska past several nights of light, "white balls" and "fling lights" being observed in the area.

Renfro said he did not believe the object was a planet, despite a report which said the object might be the planet Venus.

Renfro said the circular object left a gaseous trail in the skies. Monday night the object appeared at McChord air force identified objects being sighted over Spokane, Pasco, Ellensburg, Yakima and several Oregon cities. Most observers said they saw a

Panel Decides To Seek Land

BOISE, June 2 (AP)—The state land board today voted to seek a lease on 100 acres of federal-owned land adjacent to the Shoshone ice caves in Gooding county.

The lease, if approved, would be turned over to Russell Robinson, who is developing the area as a tourist attraction. Land Commissioner Arthur Wilson said.

In other action, the board approved the appointment of Thomas M. Kinner as fire warden of the Mica Forest Protective district in north Idaho.

The board also approved sale of 410 acres of land in Cassia county, another 600 acres in Fremont county, and granted the following leases: To C. M. Boyce, St. Maries, 480 acres in Shoshone county; H. B. McGonigle and M. E. Hansen, Boise, 120 acres in Boise county for quartz; Owyhee county commission, 40 acres in Owyhee county for gravel.

Now 23 days without a traffic death in our Magic Valley.

Contracts for Forest Work Are Reported

Contracts for plowing of brush land preparatory to reseeding it to range grasses and aerial spraying of additional brush land have been let by the Sawtooth national forest, announces Charles I. Daugherty, Twin Falls forest supervisor.

The contract for plowing 600 acres of brush land in the Sandrock canyon area of the Black Pine division has been awarded to Don R. Jacobs, Elba.

The project will begin within 30 days. Reseeding of the plowed land is scheduled for fall.

Ridd J. Solomon, Burley, was awarded a contract for aerial spraying of 280 acres of brush land near the head of the Soliman river to eradicate sagebrush.

A relatively good stand of grass is reported growing under the brush and removal of the brush is expected to allow the grass to reseed itself satisfactorily.

Daugherty said the aerial spraying is the first such job undertaken in the Sawtooth forest although the method has been used extensively in forests near St. Anthony.

Meet on Storage For Wheat Slated

BOISE, June 2 (AP)—Federal, state and local officials will meet here June 14 to survey facilities available for the 1954 wheat crop.

At a meeting earlier this summer, it was estimated that as much as 3,000,000 bushels in Idaho would be without storage, but a production and marketing administration official pointed out that certain factors may bring about a revision of this forecast.

Primary task at the June meeting will be to take another inventory of storage space and compare it with the new forecast for spring wheat production which should be available by then, he said.

REDS WARN WEST
GENEVA, Switzerland, June 2 (AP)—Soviet Foreign Minister Vyacheslav M. Molotov warned today "it would be difficult to obtain any agreement" on Indochina unless the West agreed to let communist nations serve on a cease-fire control body.

Scout Circus Presented by Many Youths

(From Page One)
Wayne Long, Burley Scout leader, said Idaho.

Scout leaders directing each of the six acts were Boyd Freeman, Jerome; Indian days; Lester Garlinghouse, Hagerman, the coming of the white man; Archie Brown, Twin Falls, the gold rush; Colin Helms, Twin Falls, cattle and sheep days; Shirl Kirk, pioneer farming; and William Rappaport, Twin Falls, Magic Valley today.

Frank Ravenson and a group of his Scouts from Heyburn took the part of the "oldtimer" and the Scouts around the campfire. Jerry Moffett was the narrator of the pageant and Paul Droubay spoke the voice of the "oldtimer" and Brent Jacobs, a Twin Falls Scout, the voice of the boy listener.

The Scouts followed a late afternoon rehearsal of the pageant with a hot dinner arranged by Dr. George Scholer through the cooperation of many local business groups who donated food.

Ralph Kallher Snake River council Scout executive and the council's two field directors, George Brennen, Jerome, and Ray Baugh, Burley, were in charge of the "circus."

Kallher expressed the gratitude of the Scouts for the help received from all the business firms and other contributing groups.

Prober Defies All on Orders

WASHINGTON, June 2 (AP)—Sen. Joseph R. McCarthy said today he would obey orders by no one—not even President Eisenhower—which he said was the basis of his defiance of the nation's laws.

McCarthy told the senate investigating subcommittee—and a nationwide television audience—that he and his subcommittee have "no choice" under the 1947 Congressional Reorganization act but to try to get information about "mistake and wrongdoing."

McCarthy, in a colloquy with his counsel, Roy M. Cohn, said he agreed that the justice department and the White House have sole power to enforce the law.

But McCarthy said there is "some confusion about the right of a congressional committee to get information if the law is not properly enforced."

Young Apparently Wins Votes Battle

NEW YORK, June 2 (AP)—Robert R. Young, an ex-cowpuncher from the Texas panhandle, apparently won control of the giant New York Central railroad today—barring a last minute legal roadblock.

This was the opinion in Wall Street following the dramatic announcement that election inspectors in Albany, N. Y., had validated 800,000 disputed shares of stock voted for Young at last week's annual meeting.

However, informed sources expect the Central's management to make another effort in the courts to have the 800,000 shares disqualified.

Many brokers have contended all along that Young's chances for ousting the Central's present management, headed by President William White, hinged on whether he could vote the bitterly contested 800,000-share block.

Turkish Official Visits With "Ike"

WASHINGTON, June 2 (AP)—Prime Minister Adnan Menderes of Turkey visited President Eisenhower today, but afterwards smilingly turned away questions about their conversation. He said the interview was a "great honor."

The prime minister and other high Turkish officials are in the United States for talks about strengthening Turkey's economy, which is perennially strained by the country's sizable defense effort.

FUND IS HIKED
WASHINGTON, June 2 (AP)—The senate added another 38 million dollars of rural electrification funds to the annual farm bill today after angry debate.

(From Page One)
Kelly outlined the main trends in Catholic action today.

Main feature of the two-day convention was the election of state officers who will arrange and preside over next year's convention in Lewiston.

Mrs. H. J. Gilbert was elected president; Mrs. James Shaw, vice president; Mrs. Ralph Hammer, financial secretary; Mrs. Deborah Griffin, treasurer; Mrs. Jacqueline Murock, recording secretary, and Mrs. Amelia Jacks, auditor. All are from Lewiston.

Twisters Kill Tot and Hurt 16 for Nation

By United Press
Tornadoes struck as far apart as Pennsylvania and Texas last night, killing a six-month-old baby and injuring at least 16 persons.

A squall line raked the Texas panhandle, spawning twisters at Paducah and Iowa Park. Winds up to 100 miles an hour were clocked at Wichita Falls.

The most vicious tornado twisted through the small county seat of Paducah, Ida Planceno, infant daughter of a Mexican laborer, was killed and at least 10 persons were injured.

Red Cross disaster headquarters were set up at Paducah today.

Three persons were injured at Iowa Park and the high winds at Wichita Falls blew out the weather bureau's wind gauge. Two motorists trying to outrun the storm were injured near Wichita Falls when their car went out of control.

Another storm system spread havoc in the east, loosing a "baby tornado" on scattered sections of southwest Pennsylvania and cutting a 15-mile-long swath of damage near Somerset, Ky.

A woman was injured when the twister struck her home 12 feet from its foundation near Grove City, Pa. High winds caused heavy damage in Pittsburgh suburbs and lights were out temporarily in many communities.

Elsewhere in the nation rain fell early today from the northern Rockies eastward across the northern plains. Thunderstorms were general in the central plains and showers and scattered thunderstorms were reported in Ohio, Pennsylvania and New York state.

"Ike" Praises Fight Against Red Elements

(From Page One)
On other matters Eisenhower had this to say:

Farm program—Eisenhower said he is prepared to stand up and fight for the principles of his farm program, part of which calls for a shift from rigid to flexible farm price supports. He made that statement in response to a question for comment on an assertion by Representative of the House, R. Kan., chairman of the House agriculture committee, that a compromise on the farm program is inevitable. The President said he didn't know just what Hope was talking about when he spoke of a compromise. Eisenhower said what he wants to do is to prevent violent fluctuations in farm prices; he added he does not regard the program he sent to congress as sacrosanct in all details.

No Objection
The President said that if anyone in congress wants to support his general legislative program for the welfare of America, then it's all right with him if they want to ride his coat tails. Any one in that category can climb right on his coat tails, the President said with a broad grin.

Atomic pool—The President said the tenor of Russia's reply to his proposal for creation of an international atomic pool for peaceful purposes has been such as to close the door to its immediate accomplishment.

He was replying to a question as to whether talks with the Soviet Union on that matter are at an end or will be resumed.

Matter Not Dead
Eisenhower added he would not want to say that the matter would not be brought up again by the United States.

Teen-age vote—The President said the issue of states' rights in connection with the proposed constitutional amendment to give 18-year-olds the right to vote had been mistakenly brought up. The senate rejected the proposal May 22. It was fought by Senator Russell, D. Ga., among others, on the ground that the right of determining the voting age should be left to the states.

GOP to Meet

BOISE, June 2 (AP)—Idaho Young Republicans will hold their state convention here June 11-12, with Gov. Len Jordan as one of the principal speakers.

Darwin Brown, Pocatello, state president, will preside at the sessions, which open with a "mixer" the evening of June 11. Jordan will speak at a luncheon on the second day.

With all presentations in, the commission will begin to reach a decision on the four competing applications. The commission's staff counsel has recommended that none of the firms get the authority.

Final oral arguments, begun yesterday, were scheduled to conclude late today—a little less than two years after a commission examiner first began hearing evidence on the various rival proposals.

Faces Charge

BOISE, June 2 (AP)—Boise bartender Nick Eubank, formerly of Kimberly, was bound over to district court yesterday on a second degree burglary charge in connection with the reported theft of \$40,000 from the home of Mrs. Katherine Summers.

Justice of the Peace J. M. Lampert denied defense motions to dismiss the charge and to strike Mrs. Summers' testimony from the record.

Resident of Declo Claimed by Death

DEOLO, June 2 (AP)—Mrs. Merline Rice White Suqua, 69, Declo, died about 1:30 p.m. Tuesday in the garden of her home here.

Mrs. Suqua was born Nov. 30, 1885, at Pendleton, Ind., and was married to Fred Suqua, June 18, 1911, in Salt Lake City. After the marriage Mr. and Mrs. Suqua came to Declo where Mrs. Suqua has made her home for 43 years. Her husband preceded her in death.

She is survived by two sons, Robert Suqua and Dick Suqua, Declo, and a daughter, Mrs. Virginia Morgan, Medford, Ore.; three sisters, Ada White and Evangeline White, and Mrs. Beale Forkner, all Marshall, O.; a brother, William White, Columbus, O.; and nine grandchildren.

Funeral arrangements under the direction of the Goodman mortuary, Rupert, are pending the arrival of relatives.

200 Yank Airmen Leaving Far East

WASHINGTON, June 2 (AP)—The United States has started to withdraw some 200 air force technicians rushed to Indochina to help maintain French war planes nearly three months ago.

The defense department, however, is reported "considering allowing some American servicemen to volunteer to assist French ground crews in servicing planes blasting away at communist-led rebel forces near Hanoi."

Jury Selected To Hear Case For Dam

A 12-member jury was sworn in Wednesday to hear a suit brought by the Union Pacific railroad against the state of Idaho for damages to the railroad tracks and equipment.

Injured in the accident, which occurred in the early part of 1953, were Union Pacific locomotive No. 100, a freight car, and a passenger car. The suit seeks a total of \$100,000 in damages, plus interest and costs.

The jury will hear testimony from the railroad and the state. The state's attorney is L. T. Moore, Frank Smith, and Henry N. Lutz.

Oliver W. Marston, attorney for the state, said the state's attorney is only witness before court at noon. Attorneys for the state are Leverich, Anderson, terlin and Phoenix. Mr. Moore is attorney for the plaintiff.

Public Asked To Cooperate

SHOSHONE, June 2—With the arrival of the range-fire season, cooperation of the public in combating fires is asked again by John Keith, manager of the Shoshone office of the bureau of land management. June 1 was the official opening of the fire season.

In May, however, there were seven fires in this area and the Notch Butte lookout station has been open for two weeks. Kimama lookout station was opened Tuesday with Mr. and Mrs. Lyle Clifford handling operations there. Leslie Sweet, Richfield, and H. J. Strom, Shoshone, are employed at Notch-Butte. They split the 12-hour day shifts which run from 8 a.m. to 8 p.m. five days a week. The shift on weekends run 10 hours. Fires may be reported by telephoning the lookout station, Shoshone 198.

Signs Indicate Many Travels By Americans

NEW YORK, June 2 (AP)—All signs point to a banner summer season in travel by Americans, despite the dip in the nation's economy in recent months.

The American Automobile association says a record 60 million persons will take to vacation trails by all means of transportation during the summer months—an increase of 10 per cent over last summer. The AAA estimates these pleasure travelers will spend in excess of six billion dollars.

More Spending Seen
Some private surveys find that Americans will spend up to 7 per cent more on travel, foreign and domestic, this summer and fall than a year ago.

Once again foreign travel is headed for a new high. Most of the major shipping lines, booked to the limit last year during the summer months, are filled up again. Airlines report heavy business in foreign flights.

Most Go In Cars
But the overwhelming proportion of vacation trips are taken in the family automobile on home ground. The passenger car accounted for more than 80 per cent of transportation in vacation travel last year. Importance of travel to the domestic economy is shown by figures which list tourist attractions and accommodations among the top three industries of 28 states. Every state, however, shares vacation travel dollars, including the home states of the travelers, where vacation needs are purchased.

Two Children Killed in Box

NEW LONDON, Conn., June 2 (AP)—The suffocated bodies of two young cousins were found late yesterday in an old refrigerator box which a part-time junk man had placed in his backyard only a short time before.

The youngsters were Larry Murphy, 3, and Paul Murphy, 4. Their bodies were found by Mrs. Julian Brown, whose husband had picked up the box in a dump.

The boys were reported missing about 6 p.m. by Paul's mother, and word of the tragedy came over the police radio as she was riding in a squad car.

Drew said he picked up the refrigerator, minus its motor, in the dump about 2 p.m., and brought it to his backyard where he planned to break it up later in the day. He told police that he and his wife had to leave the house and didn't return until late.

Testimony Opens For Prosecution

WALLACE, June 2 (AP)—The testimony of the prosecution opened today in the second degree murder trial of Roy Sundstrom, Kellogg, in Shoshone county district court.

A jury of two women and 10 men has been selected for the trial with Judge A. J. Graf presiding. Sundstrom is charged with killing a neighbor, Clinton De Bolt, during a wild shooting spree March 13. Officers said he went berserk with a rifle at his Kellogg home after returning from a drinking session with another youth.

Sundstrom has been finishing his senior year at Kellogg high school by mail since his arrest in March.

Blaze in Heyburn Burns Farmhouse

HEYBURN, June 2—The farm home of Mr. and Mrs. Paul Hyatt, 2 miles east and one-half mile south of Heyburn bridge, was destroyed by fire of undetermined origin Tuesday noon.

Walter Hyatt was in a field and Mrs. Hyatt was in Twin Falls, Mrs. Courtney Morgan, a neighbor, noticed smoke coming out of the house, and called other neighbors, Mr. and Mrs. Robert Taylor. Mrs. Taylor summoned the Snake River Mutual fire department. Firemen arrived and the fire was too far advanced to be checked.

The furniture and all the other contents of the house were a complete loss.

Division Is Seen For School Area

BOISE, June 2 (AP)—State Superintendent of Public Instruction Alton B. Jones says that the state's vast Idaho county school district—larger than the state of Massachusetts—may have to be cut in two to settle a long-standing dispute over school construction.

He predicted that "an alternate solution may be sought" when the state board of education opens a four-day meeting on Moscow tomorrow.

Jones said the board would look over a proposal by a five-man committee in Idaho county that the district be split into eastern and western portions.

Connecticut officials say their birth records are the most complete of those kept by the 48 states.

Unconscious Yank Manages Mile After Rescue From Alaska Peak

Alaska, June 2 (U.P.)—A Brooklyn soldier, still unconscious, was taken to the small sled used in the rescue of a blacked-out man from a 15,000-foot peak in the Arctic wilderness.

Argus, 25, was unable to speak, but his eyes were open and he gave a thumbs-up sign when he was taken to the sled.

The medic said the hip condition was badly aggravated by Argus' 16 days of lying immobile on the mountain.

This was the final chapter in the perilous rescue mission begun last Tuesday when two of Argus' companions stumbled off 20,000-foot McKinley, the continent's highest peak, to bring word of the tragedy in which one member of their four-

Day Celebrated

RICHFIELD, June 2—Memorial day services were held at the American Legion hall in Richfield at 12:15 p. m. Sunday. J. O. Freeman was the speaker. Thomas Vaughn, firing squad commander, presided at the services. Prayers were offered by Curtis Parke and Glen Thomas. Mrs. Lyle Deeds, Mrs. Vern E. Thomas and Jeanette Johnson sang with Mrs. Kenneth Johnson as pianist.

A color guard of auxiliary members, Cub Scouts and flower girls led the parade to the cemetery. Three-gun salutes were fired by Legionnaires and Bugler James Powell played taps.

he was transferred to a twin-engine plane which brought him here.

Consultant Ends Institution Look

BOISE, June 2 (U.P.)—Idaho's medical leaders conferred last night with a New York consultant at the close of his four-day inspection of the state's rehabilitation program.

Dr. Michael Dacco, chief of the Physical Medicine and Rehabilitation service of the Godwater Memorial hospital in New York, returns east today to prepare a report on his findings for the state health department.

Dr. Raymond White, Republican state senator from Boise and chairman of the state medical care interim study committee, said the report would be reviewed late in August when the committee meets to take up other reports on mental institutions and county medical care.

Drive Over

LEWISTON, June 2 (U.P.)—Potlatch Forest Inc.'s colorful spring log drive down the Clearwater river is over.

Several million board feet of timber were corralled in the company's pond at its mill here today after being floated down the north fork and main branch of the Clearwater from logging areas in central Idaho.

Fight on Reds Is Feature for Baptist Parley

ST. LOUIS, June 2 (AP)—About 25,000 "messengers" opened the scheduled portion of the southern Baptist convention today with the battle between Christianity and communism a dominant theme.

Dr. James W. Storer, Tulsa, Okla., was to make the president's address and Dr. Slater A. Murphy, Memphis, was to deliver the annual commemorative sermon to highlight the first day's meeting.

Southern Baptist pastors and the Women's Missionary union concluded conferences yesterday.

A. B. Van Arsdale, pastor of Central Baptist church, Decatur, Ala., last night told the pastors that "Baptists held aloft the torch of liberty."

Sees Fighters

"And the forces of evil will find that the harder they blow, the brighter the torch will burn," he said. "So long as there are foes of freedom, there will be fighters for freedom."

Alfred D. Moore, New York, executive secretary of the committee of world literacy and Christian literature of the National Council of Churches of Christ, said the Christian way of life is "the only one that has a ghost of a chance against communism today."

"Literacy Is Weapon"

He told some 6,000 women "literacy is your weapon."

Missionaries are the answer to the war of Christianity versus communism, he said. "If you have as much zeal for your way as the communists have for theirs."

Dr. Carl E. Bates, pastor of First Baptist church, Amarillo, Tex., said "Communism has simply seized upon turbulence among the masses and, while we've been sound asleep, they have made high capital out of it for their cause."

Pioneer Takes Her First Flight by Air

FILER, June 2—Mrs. Elizabeth Showers, 88, Filer pioneer of 1910, flew in from San Dimas, Calif., in time for the Golden Jubilee parade Tuesday. It was her first flight.

"I've always been wanting to try flying," she said, "but I've been waiting for Clarence and he's been too busy." Clarence Showers, her grandson, is an air force pilot, serving in the far east.

Born in Ireland in 1866, Mrs. Showers is visiting Mr. and Mrs. Dewey Showers, Filer, and Mrs. Clarence Showers and the great grandchildren, Twin Falls. Her plane arrived Saturday.

Group Picks New Leaders at Meet

SUN VALLEY, June 2—Vaughn Hoops, Pocatello, was elected president of the Idaho Cosmological association at its seventh annual convention at Sun Valley Tuesday.

Lee Anderson, Pocatello, was chosen vice president; Marjorie Elliot, Boise, secretary; and Wyonna Kruse, Shelley, treasurer.

Margo Hulsinga, Twin Falls, and Georgia E. Roche, Pocatello, membership chairman, were elected to the executive board.

Guest artist at the convention was Lee of Seattle, hair stylist, who demonstrated the "Pampas," a coiffure receiving nation-wide attention.

SHELL TELLS HOW TCP FREES POWER HELD IN ENGINES

Greatest gasoline discovery in 31 years overcomes pre-ignition, spark plug "misses"

Shell scientists are currently assuring motorists that there is up to 15% more power available in today's engines than they're now getting.

What's more, all of this power is being held captive unnecessarily, they assert. Here's the story:

Deposits blamed

Every mile you drive puts lead and carbon deposits in your engine.

In the combustion chamber, these deposits glow red hot, especially when you accelerate or climb a hill. This sets off the fuel charge before the piston reaches its proper firing position. This is called pre-ignition—power worked against you, not for you.

On the spark plugs these same deposits conduct electricity and cause short circuits. Your engine misses, especially when it is under load.

A Shell-discovered additive blended into Shell Premium Gasoline and sold under the trademark TCP changes all this—before you've used even two tankfuls.

Shell Premium with TCP stops that wasteful pre-ignition by "fireproofing" the deposits. Power works for you. And, because TCP additive makes the deposits non-conductors of electricity, your spark plugs fire on time.

Up to 15% more power

The net to you is more power. Up to 15% more. This power is waiting to be used and not wasted. Moreover, you get up to 2 1/2 times longer spark plug life.

Shell Premium with TCP additive goes to work unlocking that captive power with the very first gallon. By the time you've finished your second tankful you'll feel your engine's had a tune-up.

There's nothing like Shell Premium with TCP. It's a Shell discovery and the only place you can get it is at Shell dealers.

Virginia Wins Big Prize for Safety Contest

CHICAGO, June 2 (AP)—The state of Virginia and Wausau, Wis., were named grand award winners in the 1953 national traffic safety contest today.

Fourteen states and 26 cities won divisional honors in the contest, sponsored by the National Safety Council.

The awards are made on comparison with traffic safety performance for the nation. Awards go to the state and city which do the most for traffic safety.

Virginia Honored

In addition to winning the grand award, Virginia won first place in the southern states division and received awards for outstanding achievement in school traffic safety, safety organization and public information.

Wausau won recognition for cities of 25 to 50,000 in various activity sections of the contest.

States which won first place in their divisions were: Virginia; New Jersey, eastern; Oklahoma, mid-western; Washington, western; and Pennsylvania among the eight largest states.

Cities Listed

Cities which won first place among their population groups were: Los Angeles, San Francisco, Seattle, Denver, Syracuse, N. Y., Phoenix, Kalamazoo, Mich., Wausau, and Garden City, Kans.

Awards were voted for outstanding achievement among cities in the various activities of the contest to Los Angeles for accident facts and school traffic safety; Detroit for public information; and Chicago, Detroit and Los Angeles for safety organization.

Among southern states, Virginia won first in 1944, 1947, and 1952. Wausau previously won third in 1938 and took honorable mention in 1939.

8th Army's Chief Now Flying Back

HONOLULU, June 2 (AP)—Eighth army Commander Lieut. Gen. Maxwell Taylor and a group of high ranking officers arrived unannounced from the far east yesterday en route to the United States.

The plane landed at Honolulu after developing engine trouble on Midway Island.

Newsmen were not notified of Taylor's arrival, but an army spokesman said he was going to the United States for a "brief vacation."

Yugoslavia's Tito Is Hustler In Tackling Nation's Affairs

By CHARLES M. McCANN
United Press Staff Correspondent

Marshal Tito of Yugoslavia certainly is an active man.

He has just gone to Greece to discuss the proposed Yugoslav-Greek-Turkish military alliance.

He is trying to settle Yugoslavia's bitter dispute with Italy over the Trieste territory. Prospects for a settlement look good.

He is bringing Yugoslavia closer and closer to complete cooperation with the North Atlantic Treaty organization if not actual membership in it.

At the same time he is patching up, to some extent, Yugoslavia's relations with the iron curtain countries.

Finally, he has just squashed without the least trouble a threatened revolt in his own communist party.

Tito also is a remarkable man. Long an outlawed communist, he assumed the leadership of the Yugoslav partisan movement in World War II. He fought both the Germans and the Italians.

He threw young King Peter off the throne—to become his country's first president.

Finally, he is the only communist leader who ever told the Kremlin to go fly a kite and got away with it.

The 3,667-ton Yugoslav navy training ship in which Tito cruised to Greece—with an escort of four destroyers—dropped anchor at Plo-

Deal to Speak For Flag Day

GOODING, June 2—Lieut. Gov. Edson Deal will speak at the Flag day celebration here Sunday, Gooding Elks report. The Elks are sponsoring a community-wide display of flags on Flag day, June 14.

Meyer, exalted ruler of the Gooding lodge, said Elks hope the flag will be displayed in every home, office and building in the city in honor of the 177th anniversary of the adoption of the Stars and Stripes.

Members of the Flag day committee are Ben F. Glauner, general chairman; Thomas L. Condie, Francis B. Mariati and N. Orris Griffith, co-chairmen, and Milton

Restrictions Are Ordered Lifted

POCATELLO, June 2 (AP)—All grade and size restrictions have been removed for the 1953 crop of Idaho potatoes, and regulations for the early 1954 crop will be considered at a meeting June 12 at Sun Valley.

R. Kay Hart, Pocatello, manager of the Idaho Eastern Oregon potato committee, announced lifting of the 1953 restrictions. He said only about 100 cars remain to be shipped.

Round red varieties of the 1954 crop are expected to be ready for shipment the first week in July from the Caldwell, Ida., and Malheur county, Ore., districts.

Clearing of Debris

CASTLE ROCK, June 2 (AP)—Wrecking crews are clearing the wreckage of a Union Pacific train which plied up a cord.

Company officials expected the wreckage would be back in operation by the morning.

Trains, however, were for long, being blocked by the wreckage of the train which plied up a cord.

Cause of the derailment, railroad officials said, was a broken wheel.

Wrecking crews are proceeding with caution up the debris because of the possibility of contained explosives.

Families of Three Perrine Brothers, Tract Pioneers, Hold Reunion Session

Families of I. B. Perrine, S. D. Perrine, and L. H. Perrine, three brothers who pioneered the Twin Falls tract, gathered Tuesday evening at the home of Mr. and Mrs. J. T. Phipps, Jr., for a family reunion.

Mrs. Phipps, Jr., daughter of S. D. Perrine, said the 24 relatives able to attend had a "wonderful time" just talking over old-times and taking pictures. She said it had been years and years since so many of them had been able to get together.

Mrs. L. H. Perrine, Twin Falls, wife of the late L. H. Perrine was present, but their daughter, Mrs. Truman Brown and family, Covina, Calif., and son Frank Perrine and family, Spokane, Wash., were unable to attend.

Mr. and Mrs. H. G. Haight (Stella Perrine) Salt Lake City, and Mr. and Mrs. Ira Burton Perrine and family, a daughter and son of I. B. Perrine, were present. Eugene Perrine, another son, Big Sur, Calif., was unable to attend.

Descendants of S. D. Perrine present were John Perrine and family, Ruth Perrine and Mrs. Phipps and her husband, Mr. and Mrs. J. J. Mullen and family, Honolulu, were unable to attend.

Mrs. Lena P. Savage, a sister of I. B. Perrine, Los Angeles, could not be present.

Other relatives present were Mrs.

Molly Borchers and children and Mr. and Mrs. A. O. McMahon, all Jerome, and Mrs. Fanny Saviers. Those unable to attend were A. I.

Shortage for Beet Workers Reported

Job openings in Magic Valley continued to increase last week, reports R. S. Cutler, Twin Falls employment security office manager.

All valley offices report a shortage of beet workers.

Openings received at valley offices last week totaled 6,479 of which 8,339 were agricultural openings. This is an over-all increase of 3,278 openings over the number received the previous week, notes Cutler.

It's "Easy" to Get Material for 'Gator Handbag in Louisiana

NEW ORLEANS, June 2 (AP)—Next time the little lady says she wants a genuine alligator handbag, don't worry about the budget.

Go out and catch one yourself.

The Louisiana wild life and fisheries commission is promoting alligator hunting as an inexpensive and exciting pastime. And a profitable one, with alligator hide bringing \$2.75 a foot on the New Orleans market.

All you need, the experts advise, is a Boy Scout hatchet, a 14-foot pole, a sack and the ability to grunt in reasonable imitation of an alligator.

Wearing overalls and tennis shoes, you hike to a Louisiana swamp where you find not only plenty of alligators but an abundance of mosquitoes, gnats, wasps, briars, spiders and snakes.

Ignoring the other wild life you go to a palmetto or prairie area where there are small but deep water holes. In the cool blue mud of these holes lurks your quarry.

To make certain which hole an

alligator is in, you look for a "drag," a flattened area in the brush left by the alligator's body as he entered the hole. Then you step in and feel the warm black water ooze up around your chest.

You prod around in the mud with your pole, until it shakes slightly. You have made contact. The surface of the water raises and falls as the alligator emerges from his den.

Now you begin to grunt. It is a nasal sound, designed to arouse the curiosity of the alligator. You hear an eerie hissing reply as the "gator" exhales during his slow trip to the surface. The reptile's snout breaks the surface and he sniffs the air for the presence of his enemy.

If you're still with us, that's you.

Once the alligator sniffs your presence he dives back under the water. You start grunting again. Soon you are likely to feel the alligator bumping against your leg.

The "gator" has no sense of smell under water. Even though he is muzzling your leg he doesn't know what it is. Anyway, that's what the

men at the Louisiana fisheries commission say. Up moves the alligator along your leg. For reassurance you touch the hatchet hanging at your belt. This is when you begin to think of your loved ones, and the merits of model railroading as a hobby. The moment the flat, evil-looking head breaks the surface you grab it. You must make sure you grab correctly the first time, with the fingers closing like a vice under the lower jaw and the thumb clamping down atop the snout. Otherwise you might have to learn to write with your other hand. Now, dodging the lash of the al-

ligator's enemy, bring the hammer and chet down solidly in the flat area called Three or four good to do the job. That leaves nothing the alligator back to do. Or could the wife year with something to

Lucille High Wed To Arizona Man In Church Rites

HANSEN, June 2—Lucille High, daughter of Mr. and Mrs. Samuel A. High, Hansen, and Robert N. Medlyn, son of Mr. and Mrs. Norman R. Medlyn, San Carlos, Ariz., were united in marriage Tuesday afternoon at the Twin Falls Methodist church.

The Rev. W. A. MacArthur performed the ceremony before a basket of pale pink gladioli and white majestic daisies.

The bride wore a gown of white Chantilly lace over satin. The waist-length skirt was fashioned with an overskirt of nylon tulle. The fitted bodice had long-pointed sleeves and a neckline accented with pearls. Her fingertip veil of nylon tulle was held by a cap of tulle and pleated lace. She carried a cascade bouquet of white roses.

Mrs. Bernard F. Jackson was matron of honor and Robert G. High, brother of the bride, served as best man. Richard S. High, brother of the bride, and Howard Elk, both Twin Falls, ushered. Lared Montgomery was soloist and Belle Haeseler, Twin Falls, was organist.

Mrs. High wore a navy blue sheer dress with white accessories. Her corsage was of deep pink rosebuds.

Following the ceremony a reception was held at the High home. Mrs. Robert High and Margaret Jones, Phoenix, Ariz., presided at the serving table and Carol and Nancy High were in charge of the guest book.

For a going-away ensemble the bride chose a light blue wool suit with navy accessories. The couple will take a trip to Sun Valley before traveling to Phoenix, where they will make their home.

Mrs. Medlyn attended the University of Arizona where she belonged to Delta Delta sorority. The bridegroom was a member of Sigma Pi fraternity at Arizona State college, Tempe. He is a teacher in Phoenix.

The bride was honored at two showers held in Phoenix.

Out-of-town guests included Mr. and Mrs. A. J. Barton, Harlowton, Mont.; Mr. and Mrs. Richard Griffith, Butte, Mont.; Mr. and Mrs. Charles Graham, Colusa, Calif.; and L. E. Gillette, Casa Grande, Ariz.

Care of Your Children

By ANGELO PATRI

Boys and girls, from childhood through adolescence, enjoy organizing and belonging to groups. They form clubs, join societies and associations of many kinds. This association is essential to their growth. It helps them to learn about people, how they think and act, what moves them to do what they do. Talking, arguing, agreeing and disagreeing, they learn how to persuade, how to yield, when that is necessary, how to stand firmly for their faith, always.

The little groups the younger children form are important in their education for living and should be encouraged. These groups form, break up, reform from time to time and that is quite as it should be, for the children are growing and changing and their interests change accordingly. The Pin-Show the 6-year-olds put on to raise a dollar for the latest drive is just fine. And when they break up only to form another society with another name to entertain the friends at a play, charging 3 to 5 cents admission, it is all to the good of everybody in the group, all who are pressed into service and those who give the 5 cents for the cause.

These associations merge into the Scouts, the Camp Fire Girls, the 4-H's, the King's Daughters, the Christian Endeavor, Daughters of Mary. These, with the teams the younger boys organize for sports,

are an essential part of the life children and young people know or, perhaps, just feel. There is in them a craving for acceptance by others, a desire to belong to the whole structure of life in this period of expanding growth and power. These societies afford fine opportunities for all this by giving form, leadership and attractive purposes to the organizations.

Schools usually offer club activities associated with school work. The lessons in arts and crafts, in woodwork, in English, are carried over to practical application by these clubs. Again, there is the feeling of worthiness, of acceptance that all children must have in order to develop a healthy personality.

Sometimes the "belongings" become a bit of a nuisance to parents whose daily duties fill to overflowing every waking moment. "Mother, I need a costume for the play," "Dad, could you please come to the meeting tonight and show the slides of your trip to the fellows? I said you would." Still, the values of such associations are so precious that though they do cost time and a few dollars occasionally, they're well worth it.

As a bribe: Relations with children, and youth groups generally, restore youth to old bones.

In the beginning lying is often an excuse for wrongdoing, but parents should search for the cause and put an end to lying

Couple Honored With LDS Event After Ceremony

RICHFIELD, June 2—Pvt. Roy Miller and his bride, the former Janet Sorenson, were honored at a reception Saturday evening at the Richfield LDS church. In the receiving line were the bridegroom's parents, Mr. and Mrs. Isaac Miller and son, Arjay, Mrs. Eva Sorenson, mother of the bride, and her sister, Chasene.

The bride, who was married last week at the Idaho Falls LDS temple, wore her wedding gown at the reception. Her fingertip veil of illusion net was held by a tiera of orange blossoms. She carried a bouquet of white shattered carnations and red rosebuds with a white Bible. Her mother wore a beige dress and Mrs. Miller chose a gray outfit. Their corsages were red rosebuds.

Bishop Clifford Ward acted as master of ceremonies. Invocation was given by Isaac Miller and readings by Mrs. John Schenk and Mr. and Mrs. Glen Sorenson. Annetta Brush sang several solos and Sharon Ward, Alice Caffel and Jeanette Johnson performed in a trio. Charlene Sorenson and Wendell King sang and Miss Ward played the piano. Mrs. Kenneth Johnson and Elizabeth Lemmon were piano accompanists.

Senior classmates of the bride presiding at the gift table were Luella Cennarusa, Arlee Sweeney, Boots Vaden, Miss Caffal, Josephine Seward, Miss Lemmon, Miss Johnson, and Mrs. Clyde Coates, Jerome. Mary Jane Miller compiled the gift list.

Hostesses were Mrs. Grant Flavel, Mrs. Wendell King, Mrs. Donald Riley and Mrs. Bill Horting, all sisters of the bride.

Private Miller and his wife left Monday for Olympia, Wash., where they will make their home, 1827 East Fifth avenue. Miller is stationed at Ft. Lewis.

Girls' Pinafores Stitch up Easily

By DOROTHY ROE

Associated Press Women's Editor
Pinafores are a summer must for little girls.

When hot weather comes, an active moppet can be rough on clothes, and mothers insist on garments that can take a beating, breeze through wash day and still look pretty. Women who know that the pinafore is the answer in all categories, and start early to stitch up a summer supply.

Any commercial pattern book offers several pinafore patterns but local sewing center experts suggest a couple of tricks for easier sewing and longer wear.

Select a pattern with a straight strap over the shoulder. Then, instead of having a single non-adjustable strap, cut the piece about six inches longer than the pattern calls for, and cut it in half. Finish the edges and tie the ends in a rabbit-ear knot on the shoulder.

For the first summer, it gives a perky look and opens flat for quick ironing. For the next year, it can be fastened by buttons or snaps on the ends. In this way the waistline as well as the over-all length is dropped to allow for growth.

Wise mothers also save time and trouble by using the assembly line technique to make several pinafores at once. Cut all by the same pattern at the same time, in different fabrics of approximately the same weight, so you can do all machine stitching without changing thread or tensions.

before it becomes a dangerous habit. In leaflet P-15, Dr. Patti tells how to do this. To obtain a copy, send 10 cents in coin to him, c/o Times-News, P. O. Box 99, Station G, New York 19, N. Y.

He'll love... COUNTRY STEAK DINNER

Your whole family will really be glad to "come and get it" when you serve this easy to fix one-dish meal.

These steaks are different — more tender and juicy . . . and richer in flavor. That's because they're made with Sego Milk — the milk for cooking. Double-rich Sego Milk saves you money too — costs less than any other form of whole milk.

Mary Lee Taylor's COUNTRY STEAK DINNER

Directions
Buy 4 (1 lb.) CUBE STEAKS
Roll steaks in a mixture of 1/4 cup fine, dry BREAD CRUMBS, 1 tsp. SALT, 1/4 tsp. PEPPER.
Dip the steaks into 1 1/2 cup SEGO Evaporated MILK.
Roll again in crumbs. Brown slowly, 5 minutes on each side in 1/2 inch hot fat. Cover tightly; cook very slowly 10 minutes, or until tender. Remove to warm platter. Keep hot.
Add to fat in skillet and cook slowly 5 minutes. 1/4 cup finely cut ONION.
Drain and save the juice from 2 cups (1-lb. can) canned TOMATOES.
Blend into mixture in skillet. 2 tsp. FLOUR, 1 tsp. SALT, 1/4 tsp. PEPPER.
Stir in 1/2 cup of the tomato juice.
Cook and stir over low heat until mixture is thick, about 2 minutes.
Stir in tomatoes and drained. 2 cups canned, whole kernel CORN (1-lb. can).
Heat until steaming hot. Put corn mixture around steaks.

Arch Group Chooses Chief for Ring Confab

SAFARICO, June 2 (AP)—South of Minneapolis was the site of the presidency conference of the Central Union of Advertiser church members at Lincoln, Neb. The church is holding its quadrennial conference here. The Maynard Camp, president of the Central Union for the past eight years, was elected the new president of the Advertiser Southern conference, with headquarters at Bern, Switzerland. He has been president of the union at Minneapolis. The conference was told that some elements have been reached to permit Seventh-day Adventists to hold jobs without being to the unions. J. Haynes, head of the industrial relations committee, said the agreements are in the Adventist program to depart from both management and labor groups.

Delayed 'Score'

NEW YORK, June 2 (AP)—The score in the fight for the huge New York Central will continue to next week at least, the election imported yesterday. While the opposition of Robert R. Young maintained confident attitudes played at the noisy stock meeting last Wednesday.

Drivers Warned of Livestock

Photos show methods being used by state highway department in warning motorists of livestock along the highways, in an effort to reduce accidents. Top left shows department striping crew painting alternate black and white stripes on roadway to simulate a cattle guard. Cattle guard is connected on each side of roadway by long drift fences. Purpose is to keep stock in the area. Lower right is new warning notice stenciled on the highway with reflectorized paint to warn motorists of heavy grazing area. Insert shows reflectorized signs installed along right of way by the department. Program is part of educational and safety campaign by department and cattlemen to reduce accident toll.

Control of Firm Voted by Group

SALT LAKE CITY, June 2 (AP)—Lisbon Uranium corporation stockholders voted unanimously yesterday to turn control of the firm over to financier Floyd B. Odum and asso-

ciates in return for additional uranium properties in the rich Big Indian district of desolate southeastern Utah.

The vote followed a report by geologist Ray Wimber that ore averaging .772 per cent uranium oxide and 1.28 per cent vanadium has been found on the Odum controlled

claims which now become a part of Lisbon holdings. He said there are indications of a large ore body, and chemical analysis indicates it would run about \$70 per ton.

Many of the claims originally were acquired from Charles A. McSteen, Moab, Utah's rags to riches uranium millionaire.

Painted Cattle Guards Tried In Experiment on Highway

BOISE, June 2—Idaho highway board chairman Roscoe C. Rich, Burley, announces the department has started a pavement marking program to warn motorists of areas where stock is grazing along the highways.

An innovation of pavement marking is being tried, as a result of a request by Owyhee grazing district No. 1. Cattle guards are being painted across the highway in heavy grazing areas by the department. The first experiment was recently painted on the highway between Boise and Mountain Home.

A drift fence was built up to the shoulders of the highway. Materials were furnished by the grazing district and the adjoining landowners erected the fence. Bureau of land management officials said painting alternate black and white stripes across the roadway has been tried in other states and found to be almost as satisfactory in stopping stock as actual cattle guards.

Rich said 10-foot high reflectorized letters reading "watch for stock" also have been stenciled on the road-

way at several strategic locations cautioning motorists to drive with care. According to Rich both the cattle guard project and the roadway wording is being done on a limited basis.

"We want to find out just how effective this program is, along with our expanded program of reflectorized signs along the right-of-way, in cutting down on accidents to motorists and livestock before we go into it full scale," Rich said.

"The marking system is part of an educational and safety program being carried on by the department and the cattlemen to warn the motorists of grazing areas," Rich said. "We found from records of the past five years that more than 800 head of livestock were killed on Idaho highways. Every one of those was a potential injury or fatality to a motorist as well as heavy property damage to the vehicle."

Rich urged motorists to drive with caution through grazing areas. "As we all know, livestock are unpredictable and then when they do make up their mind about crossing

Estate Awarded

The estate of Forrest Webb, who died Nov. 22, 1953, was awarded to his widow, Mrs. Pauline Webb, Tuesday by a probate court decree of distribution.

The estate includes eight parcels of land in Power county, a city lot in Filer, \$2,508.14 bank deposit, \$417.18 in stocks, household furnishings, a Chrysler sedan and farm machinery. Attorney E. M. Rayburn prepared the petition.

Top Tribunal Upsets Ruling Over Slaying

WASHINGTON, June 2 (AP)—The supreme court yesterday overturned a 2-1 murder conviction on the ground that a psychiatrist threw the defendant into an "almost trance-like" state and helped police extract a confession from him.

This will mean a third trial for 34-year-old Camillo Leyra, twice convicted of beating his aged parents to death with a hammer in their Brooklyn apartment in 1950 after an argument over business matters. He was sentenced to death in both previous trials.

Leyra's father, Camillo Leyra, was 75 and his mother 80.

In another decision, the high tribunal upheld, 7-2, the right of a state to levy a property tax on the airplanes of air lines when the planes make regular interstate stops in the state. This rejected an appeal by Braniff Airways of Dallas against a Nebraska levy.

Leyra's first conviction of first-degree murder was reversed by the New York court of appeals. The court ruled that a confession introduced as evidence was obtained by a state-employed psychiatrist, Dr. Max Helfand, by coercion and promises of leniency.

In his second trial Leyra was convicted of first-degree murder in his father's death and second-degree in his mother's slaying. This time, the invalidated confession was not used but several other confessions by Leyra the same day were introduced and the New York courts upheld the conviction.

Justice Black, delivering the 5-3 supreme court reversal, said all the confessions "were simply parts of one continuous process."

"All," he said, "were extracted in the same place within a period of about five hours as the climax of days and nights of intermittent, intensive police questioning."

Body of Pope To Be Moved

VATICAN CITY, June 2 (AP)—The body of newly-sainted Pope Pius X will be returned to Venice, fulfilling his 1903 promise to sorrowful Venetians that "alive or dead, I will come back."

The forthcoming return of the saint's body to St. Mark's cathedral, is believed to be the first such journey of its kind in the nearly 2,000-year history of the Roman Catholic church.

Angelo Giuseppe Cardinal Roncalli, present patriarch of Venice, yesterday informed the Italian government's concurrence for the transport of the body of St. Pius X and to obtain, at the same time, the government's concurrence for the transport over Italian territory.

Cardinal Roncalli called upon Premier and Interior Minister Mario Scelba to notify him of the Vatican's decision.

Three Added to Fort Hall Group

FORT HALL, June 2 (AP)—Three new representatives took seats on the Fort Hall tribal council yesterday.

They were Mrs. Teola Truchot, Ross Fork; Tom Cosgrove, Lincoln Creek; and Wilfred Broncho, Gibbon district.

An election is tentatively scheduled for June 28 to fill vacancies from the Fort Hall and Bannock creek districts.

Receives Estate

Maurice J. Welsh, Filer, was awarded the entire estate of his late wife, Mrs. Ida Gullickson Welsh, Tuesday by a probate court decree of distribution.

The estate consists of a one-half acre tract in Filer, household furnishings, \$488.77 cash and one series E savings bond. The petition was prepared by E. M. Rayborn, Mrs. Welsh died Oct. 12, 1952.

TAKES TRAINING

GOODING, June 2—Pvt. Robert C. Molloy, son of Mr. and Mrs. Lloyd Molloy, Gooding, is taking advanced basic training at the Brooks Army medical center, Ft. Sam Houston, Tex.

Regional Director Will Speak For Sponsor Banquet Monday

Dr. Frank C. Phillips, director of Portland Youth for Christ, and regional director of Pacific Northwest Youth for Christ, secretary-treasurer of World Vision, Inc., will be guest speaker at the Magic Valley Youth for Christ sponsor's banquet at 7:30 p. m. Monday in the Legion hall.

Dr. Phillips has been director of the Portland Youth for Christ rally, which has an average Saturday night attendance of 2,000, since its inception in 1945, with the exception of one year when he was executive vice president of Youth for Christ International, Inc., in Chicago.

As secretary-treasurer of World Vision, Inc., Dr. Phillips manages Bob Pierce's missionary organization, which includes scheduling Bob Pierce and his Korean films and transferring funds to Korea and other mission fields.

Entering Youth for Christ as a professional layman, Dr. Phillips is a graduate of the University of Toronto with a degree of bachelor of science and doctor of veterinary medicine. Upon graduation he and his wife went directly to Shanghai, China, where Dr. Phillips served as veterinarian until the Japanese began their long war against China. Upon returning to the United States the Phillips moved to Portland where he continued his profession while attending the Western Baptist seminary. Dr. Phillips was immediately thrust into the directorship of Portland Youth for Christ which took his full time after graduation from the seminary.

Having returned last December from a two-month trip which took him around the world in connection with Youth for Christ and World Vision, Inc., Dr. Phillips will speak on the subject, "What I Have Seen in the World Today."

The public is cordially invited. Reservations can be made by writing Youth for Christ, P. O. box 214, Twin Falls or telephoning 2378-J. All reservations must be made by Friday.

Airline Presents Stock to Riders

CHICAGO, June 2 (AP)—United Air lines yesterday gave one share of its common stock to each passenger aboard its initial coast-to-coast DC-7 flights. About 125 travelers between San Francisco and New York received stock certificates.

The line accompanied the stock with this message: "United is happy to commemorate the start of its initial coast-to-coast service by making each of you, its initial customers, a stockholder as well as a 'first flier'."

United Air lines stock closed on the New York stock exchange Friday at \$22.50 a share.

Institution of Public Affairs Is Urged by Club Federation

DENVER, June 2 (AP)—Establishment of a national academy of public affairs to fill "the need for trained men and women on every level of public life" was urged yesterday by the General Federation of Women's Clubs.

The 53rd annual convention of delegates representing 11 million members took another stand against communism with a declaration that "the Communist party in the United States and other organizations with similar purposes be declared illegal and that membership in or participation in the revolutionary activities of the Communist party be declared a criminal offense."

Those actions were among resolutions adopted on voice vote at the convention's first business session.

re's Strike
Pittsburgh
PITTSBURGH, June 2 (AP)—Union men and roving pickets with department store employees again yesterday in a long battle for free-for-all on the street corners.
Pickets pounced on groups of men carrying packages from one of five big department stores, whom some 4,000 men, some of whom have been on strike for more than six weeks.
Men Nabbed
Arrested seven men, several were identified as members of the General Teamsters Union. At least six others, most of whom were taken to jail for treatment of minor injuries.
A battle broke out about 10:30 a. m. about 50 men surrounded a group of 19 Gimbels messengers carrying packages to the postoffice for mailing to customers. Deliveries have been delayed since the walkout started last week.
The fight lasted for about 10 minutes. Hundreds of morning papers were scattered on the middle of downtown.
Group Attacks
A few hours later, another group of men, some carrying packages, were taken to the postoffice. As they were taken from the street, a group of men dashed from the street and nearby stores with clubs.
A strike guard duty, including Supt. Lawrence M. M. in the scuffling. Four men were arrested in the first tussle and in the second. One was taken to jail for assault and battery, with disorderly conduct.

Sky Gazer Sees
"Fugitive" Stars
BERKELEY, Calif., June 2 (AP)—A University of California astronomer reports he has found a group of runaway supergiant stars in a spiral arm of the Milky Way relatively close to the earth.
These vast heavenly bodies, each many times larger than the sun, are no hazard to earthlings but they appear to be running away from each other at high speed compared to similar stars in other arms of the galaxy, said Dr. Harold F. Weaver.
The gigantic supergiants are interesting, Dr. Weaver added, because they highlight the shape of the spiral arm. They give off a bluish light. Other galactic arms also are highlighted by blue giants which are moving away from each other more slowly, the astronomer said. They do not exist anywhere else in the Milky Way except in the spiral arms.
REPORTS FOR TRAINING
FILER, June 2 (AP)—Bob D. Allen, son of Mr. and Mrs. M. C. Allen, Gooding, has reported to the medical training center at Ft. Sam Houston, Tex., for advanced basic training.

Mystery
BUHL, June 2 (AP)—Pete Tesar, route 4, Buhl, has a broken rear window in his car and is wondering if it was caused by a flying saucer.
The window, completely smashed but without coming apart, was broken while the 1948 Chevrolet was parked in Tesar's garage. What's more, the window was protected at the time by the lid of the open trunk.
The broken window looks like frosted glass.
TORNADOES HIT
PADUCAH, Tex., June 2 (AP)—Tornadoes smashed west Texas last night, killing one and injuring nine persons at Paducah and ruining much near-ripened cotton. Another smaller tornado was reported near Bakersfield, 110 miles west of San Angelo.

SEEKS REELECTION
POCATELLO, June 2 (AP)—Mrs. Laura Berg, who has been Bannock county treasurer for 32 years, announced her candidacy for reelection yesterday. She said she would stand on her 32-year-old record in seeking election to her 17th consecutive term.

ROOTED
MINNEAPOLIS, June 2 (AP)—An 84-year-old grandmother gave burglars in a grocery store beneath her home "the boot" Monday. She routed the culprits with a barrage of old shoes and a milk bottle. They dropped the cash register they were carrying and fled.

Release
ro Doctor,
Assistants
June 2 (AP)—The doctor and the French medical staff of thousands of wounded in the bloody battle of Dien Bien Phu returned yesterday to 20 of his men.
Dr. Grauwlin, chief medical officer of the forces captured by the Viet Minh at the Indochina fortress, back here was "too good" to be a prisoner.
I never saw the doctor, because I and medical personnel were working in underground tunnels and the wounded.
Prisoners were flown out of the fortress by helicopter. The command at Dien Bien Phu said the release because the doctor was "well treated" and a prisoner.
The doctor said he and other physicians, assisted by a nurse, had been at Dien Bien Phu since the battle was released by the last week, arrived Tuesday for a joyous reunion with their families.

Solon Charges
"Hitler Acts"
For McCarthy
WASHINGTON, June 2 (AP)—Senator Flanders, R., Vt., has accused Senator McCarthy, R., Wis., of Hitler-like tactics which, the Vermont senator said, have shown division and confusion in the nation, besmirched responsible government and created "foreboding" among such minorities as the Jews.
McCarthy replied by charging Flanders with a "vicious" attempt to inject racial issues into the hunt for communists.
Speech Makes McCarthy
Flanders, making McCarthy in a senate floor speech, took the position that McCarthy's actions have aided the communists' divide-and-conquer drive.
"Were the junior senator from Wisconsin in the pay of the communists, he could not have done a better job for them," Flanders said.
Questions Cohn
The 73-year-old Vermont, now in his eighth year in the senate, also raised the question whether Roy M. Cohn, chief counsel of the McCarthy subcommittee, has some kind of hold on McCarthy to influence his actions. Flanders also asked why Cohn showed "an almost passionate anxiety" to retain G. David Schine as collaborator on the staff of the McCarthy committee.
Flanders said the senate subcommittee now investigating McCarthy's dispute with army officials has not yet "dug into the real heart of the mystery." That mystery, he said, "concerns the personal relationships of the army private, the staff assistant Cohn, and the senator McCarthy."

Kilauea Flares
HONOLULU, June 2 (AP)—Sightseers flocked back to Kilauea yesterday and the 4,000-foot volcano on Hawaii island obliged with a brief flareup of activity after a quiet night.
The show was not nearly so spectacular, however, as yesterday when Kilauea ended a two-year nap by hurling lava 600 feet into the air in its most vigorous eruption in a century.

Library of Congress Folklore Chief Brings Out Book on Cattle's Brands

WASHINGTON, June 2 (U)—Dun-
can Emrich, who heads the folklore
section of the library of congress,
probably knows more about the west
than most westerners.
Across the years he has gathered
together a fabulous collection of re-
cordings of cowboy songs. He has
sat by many a campfire with his
tape recorder to save for posterity
every old tune from "Ragtime Cow-
boy Joe" to "On Top of Old Smokey."
Plus a lot of old cow tunes never
before heard outside the sagebrush
country.
Now "Dunc" has gone into an-
other field of western lore. He has
brought out a little one-subject en-
cyclopedia called "The Cowboy's
Brand Book."
It reveals that since branding of
cattle began, more than half a mil-
lion distinctive brands have been
registered, and new ones still are
being invented, even with fences up
in the southwest and the far west.
As late as 1923, Arizona alone had
over 7,000 registered brands.
"In the old days," says "Dunc,"
"the only way a rancher could tell
his brand from another was to run
out onto a range and sort his steers
and cows from those of his neighbors
—(through) his own brand."
"Dunc" even tells youngsters how

McCarthy-Army Row Is Recorded

WASHINGTON, June 2 (U)—They
finally put what it's all about into
the record of the McCarthy-army
hearings yesterday.
Senator McClellan, D. Ark., asked
on this 24th day of the hearings
whether the army's charges and the
counter-charges of the McCarthy
camp had been made part of the re-
cord.
It developed that they hadn't. Mc-
Clellan said they should go in. No

of college officials to seat him in
the audience.

Announcing A Revolution in Motor Oils!

Now at your Phillips 66 Dealer's...an oil that can double
the life of your car's engine! The first All-Weather
Motor Oil to meet the highest standard ever
established for automobile lubrication.

PHILLIPS 66-TROP-ARTIC MOTOR OIL is the first all-weather oil to
meet the severe requirements of the Mil-0-2104 Supplement 1 test
... the toughest standard ever set up for automobile lubrication.
Now find out what this means to you as a car owner:
Compared to ordinary motor oils, new TROP-ARTIC reduces
piston ring wear 40% or more. It cuts oil consumption 15% to
45%. It keeps pistons cleaner. It saves you money by increasing
gasoline mileage. This has been demonstrated in tests representing
more than 150,000 miles of driving.
TROP-ARTIC is a superior all-weather oil ... S.A.E. 10W-30.

Therefore it flows instantly for easy starting at sub-zero tem-
peratures, and yet it retains the film strength necessary to
prevent engine wear under high temperature driving conditions.
It isn't just heavy duty. It's double duty.
Any car, in any climate, at any time of the year will benefit from
continued use of Phillips 66 TROP-ARTIC. It is a worthy com-
panion to Phillips 66 FLITE-FUEL, the new high performance gaso-
line recently introduced by Phillips. This year of all years it pays
to stop at the station where you see the Phillips 66 Shield.
