Farmers Will Get Decision Monday On Crop Control

WASHINGTON, June 19 (AP)—Farmers will learn Monday whether the strictest federal curbs in history are to be imposed upon their production of major crops next year.

Agriculture Secretary Benson is set to announce at a conference what the government proposes to do to the present record-breaking crop.

Wheat is becoming larger. The crop itself has about 6 1/2 billion bushels in the state. The government is expected to announce that growers will be asked to continue rigid quotas on wheat next year. Another 12 per cent reduction on top of this year's crop.

Deadline Nears For Candidates To File in Races

BOISE, June 19 (AP)—With the filing deadline only a week away and the bulk of Idaho's announced candidates still not in the primary race officially, the secretary of state's office got set today for a busy week.

Secretary of State Ira Masters said his office would remain open until 5 p.m. next Saturday for any late filers.

None of the seven gubernatorial candidates has filed and the first senatorial hopeful — Democrat Alvin McCormack, Lewiston, presented his nominating petitions today. Sen. Henry Dworshak still hasn't announced officially, but has a virtually clear field for renomination by the Republicans with the appointment of Gov. Len Jordan to the international joint commission. His only announced opponent, Les Lambson, Blackfoot, still must file for the primary.

In contrast to his races in other years which saw him and others of the Taylor family entertaining the voters, former U. S. Sen. Glen Taylor, Pocatello, appears to be conducting primarily a personal campaign for the Democratic nomination for senator to date. He criticized Secretary of State Dulles' foreign policy in a Montpelier talk last week.

State Rep. Clyde Burtenshaw, Rexburg, who lost to Dworshak in 1950, also has been concentrating on personal contact in the three-way race.

McCormack is centering his verbal fire on the Eisenhower administration's farm policies and trying to overcome his main obstacle. The fact that he's not as well known as the other two candidates.

The four Democratic and three Republican gubernatorial hopefuls in their public statements, at least are concentrating their fire on the opposing party and what they consider general election issues. No major intra-party issues have arisen as yet.

John Sanborn, Hagerman, former congressman, has come out in favor of allowing welfare recipients to earn up to 75 per cent of their subsistence payments before having any deductions made.

Downfall of Red Regime Predicted as Guatemala Invasion Continues Gain

TEGUCIGALPA, Honduras, June 19 (AP)—Col. Carlos Castillo Armas' anti-communist forces announced tonight they were making rapid progress and meeting only slight resistance on their invasion of Guatemala.

They predicted complete victory and the downfall of the red-influenced regime of President Jacobo Guzman within a few days. Advances up to 25 miles inside Guatemala were reported by the anti-communist chiefs.

Fighting was reported in progress at Zacapa, only 60 miles from the capital, Guatemala City. Much support was reported from among the local people as the invading army advanced under the flag of Guatemala.

But in a broadcast heard here Arbenz predicted final victory and called on workers and farmers to rise and assist him, though he admitted the invaders had made penetrations of some kilometers.

Charges Denied He charged that the invading forces included Hondurans, Nicaraguans, Cubans, Salvadorans, Dominicans and Costa Ricans. Leaders of the invasion who were interviewed near the border, however, said they were Guatemalan nationals.

The penetrations, he said, were in the departments of Chimalula and Zacapa, which border Honduras.

City Bombed The Guatemalan embassy in Washington said military installations at Zacapa had been bombed. An invasion headquarters had been set up at the Honduran town of Copan, four miles from Guatemala's border.

Four of the top leaders, including the liberation army's chief of information, Manuel Orellana Portillo, participated in the briefing of reporters there.

Guards Fall Back "Only sporadic scraps" with Guatemalan army forces were being fought, Orellana Portillo said. He added that at many places Guatemalan border guards had been withdrawn, leaving the frontier virtually undefended.

Earlier the anti-communist forces had reported the capture of Guatemala's two chief ports, the shipping center of Puerto Barrios on the east coast, and San Jose, an air and naval base on the west coast. This claim was disputed by the Guatemalan government.

The rebels said two other inland towns, Zacapa, a dairy center near the Honduran border, and Retalhuleu in the opposite corner, near the Mexican border, might well be in rebel hands though they made no precise claim.

In a statement, Guatemalan Foreign Minister Guillermo Toriello had charged the Nicaragua government with supporting the invasion, and ordered his ambassador there to protest against Colonel Castillo's forces being allowed to concentrate in Honduras.

U. S. Blasts Guatemala Claim It Is "Victim of Aggression"

WASHINGTON, June 19 (AP)—The United States today denounced as baseless a charge by the red-tinged Guatemalan government that its strife-torn country is a victim of "aggression."

A statement issued by the state department took the position that the uprisings are "a revolt of Guatemalans against the government." The spokesman said this meant rejection of the charge of aggression which is the basis of a Guatemalan government appeal to the United Nations security council to take up the case.

A statement, reporting information from Ambassador John E. Puerifoy at Guatemala City, also contradicted a claim by Foreign Minister Toriello that two aircraft, attacking the city, had bombed a house near the center of town and strafed the national palace. The state department said Puerifoy had "confirmed" that there had been no bombings or strafings by planes in the Guatemala City area.

Airport Strated The time of Puerifoy's dispatch was not given. Associated Press correspondent Jack Rutledge reported from Guatemala that a lone fighter strafed Guatemala City's airport early today and bombed a small community outside the capital. Rutledge said other single flights of planes occurred over the capital Friday night or Friday afternoon, but that there were no reports of damage. The first planes dropped leaflets.

The uprisings were described by the state department as evidence of the trouble which results from "communist intervention in Guatemala." The department declared its intention of continuing to consult with other American nations "regarding action needed" to block "further encroachment by international communism" in the western hemisphere.

Meeting Planned The consultations are aimed at bringing about a meeting of the Organization of American States to deal specifically with the Guatemala issue.

The statement was issued after a day of intense consultation among officials in the state department, headed over the week-end by deputy Undersecretary Robert Murphy.

Russ Gain for Arms Race Is Noted at Meet

QUANTICO, Va., June 19 (AP)—The nation's military high command was given disturbing word today that Soviet Russia is moving closer to the United States in the great arms race of the atomic age.

Donald A. Quarles, assistant secretary of defense for research, made this view clear in addressing the defense chiefs at their annual meeting here when he said America's weapons technology position today is "less favorable than it was a year ago."

Quarles spoke at a morning business session of the 4-day conference shortly before the arrival at Quantico of President Eisenhower. The commander-in-chief spoke briefly and informally at a luncheon of the conferees, but what he talked about was not disclosed.

The conference of 160 defense and service secretaries and military commanders was called for discussion of routine management and strategy matters. But even while the defense chiefs were meeting there were new and significant developments abroad, including the uprising in Guatemala against the red-tinged government there.

The military conferees received reports of the move with obviously pleased but unofficial reaction. Anything to remove the threat of communism from the western hemisphere, and particularly from geographical proximity to the U.S.-owned Panama canal, was good news for the men who are responsible for defense.

Speed is important to the operation. The department has set its sights on spraying 100,000 to 125,000 acres in Lincoln, Jerome, Minidoka and Gooding counties.

The planes should prove equal to the job. The department's regulations call for one gallon of spray per acre. The B-18, carrying a 1,000-gallon load, can spray 125 acres per minute. The torpedo bomber carries a 700-gallon load and can spray 120 acres per minute. Saturday, the two planes sprayed some 8,000 acres.

The spray used by the department against the grasshoppers is a mixture of two ounces of the contact poison, aldrin, to one gallon of diesel oil.

The spray's grasshopper killing power is dramatically effective. According to Keith Evans, Idaho director of grasshopper and cricket control, the spray killed 75 per cent of the grasshoppers in one area after two days. The insect-death toll would reach a 100 per cent in the next few days, he added.

The most effective spraying time, Oleser said, is early in the morning before winds and rising warm air caused turbulence.

The grasshopper intensity in the area is somewhat lower this year, Evans said. A spring cold snap killed many. He also credited "bombers on the ground," or parasitic wasps, with lowering the insect population. Stinging the insects to death so they could implant larvae in the bodies, the wasps left as many as 27 grasshopper bodies per square foot in one area, Evans said.

Gas Rule Based Upon Vague Canadian Law

WASHINGTON, June 19 (Special)—The decision Friday of the federal power commission to let a U. S. firm build the new natural gas pipeline to the Pacific northwest was based very largely on objections to vague Canadian law.

The commission was under great pressure to grant a certificate for a line to Idaho and the northwest, only major area of the United States without gas. It reached a quick and final decision, once all sides had been heard at length, and it just couldn't go along with the prospects of putting U. S. consumers completely at the mercy of producers across the border.

Look at some of the language in the FPC opinion:

Assurance Needed "It is most essential that the domestic consumers and much of the industry in any area into which natural gas is introduced be reasonably assured of a firm supply, so far as is possible through such regulation and control."

"Such protection would not be afforded to any segment of the American people if its sole source of essential natural gas were through importation from a foreign country without some intergovernmental agreement assuring the continued adequacy of its supply. Otherwise, all control over the production, allocation and transportation to our borders of such natural gas would be in the hands of agencies of foreign governments, whose primary interest would of necessity always be in the needs and advantages of their own people."

Not in Public Interest "Regardless of any long and cherished friendly relations with any neighbor nation able to supply such an area with natural gas, it would not be in the public interest to permit the importation of its gas as the sole source for the consumers in need of an uninterrupted supply."

Between 50 and 100 veterinarians from throughout Idaho are expected to gather in Twin Falls for the annual convention of the Idaho State Veterinarian association Monday and Tuesday.

All sessions will be held at the Twin Falls Convention activities will begin at 9 a.m. with registration.

Dr. George Mather of the University of Minnesota, St. Paul, Minn.; Dr. V. D. Stauffer, Arvada, Colo.; and Dr. V. W. Gesellchen, Omaha, Neb., will speak at the two-day convales.

A joint banquet of the association and auxiliary members will be held at 8 p.m. Monday at the Twin Falls Hotel. Dr. L. B. Ruebel, Jerome, will be the toastmaster.

New officers will be elected Tuesday afternoon.

Convention delegates will be welcomed Monday morning by A. F. Nelson, chairman of the city board of commissioners. Dr. L. D. Thornbury, Burley, will respond.

A special program is planned for the auxiliary. A coffee hour will be held at 11 p.m. Monday at the home of Mrs. I. M. Jackson and a luncheon served at noon at the Turf club.

Dr. and Mrs. I. M. Jackson, Dr. and Mrs. D. A. Jackson and Dr. and Mrs. Howard Rank are in charge of arrangements.

Wyoming Solon Commits Suicide

WASHINGTON, June 19 (AP)—Sen. Lester Callaway Hunt, 61, former governor of Wyoming and a member of the Kefauver crime investigating committee of 1951-52, committed suicide today.

Worried about a kidney ailment, he shot himself in the head with a .22 caliber rifle in his senate office and died 3 1/2 hours later. The coroner pronounced the case a suicide.

The Wyoming Democrat announced a week ago Tuesday that because of his health he would not seek reelection and planned to retire after completing his first senate term next January.

2 Bombers Being Used in Grasshopper Battle

The U. S. department of agriculture declared war on grasshoppers of Magic Valley Friday with two bombers, a two-engine B-18 and a four-engine torpedo bomber, leading in the attack.

In the two days of operations many farmers and rural residents have noticed the startling sight of the two bombers roaring low over the ground, trailing spray from wings and tail.

The low flight and the smoke-like spray have already caused two false alarms of planes reported going down on fire, one west of Shoshone and one near Shoshone falls.

Planes of this type have seldom been seen in this area, although the torpedo bomber probably will be recognized by many veterans of the Pacific theater of World War II. The

U. N. Panel to Meet On Guatemala Fight

UNITED NATIONS, N. Y., June 19 (AP)—United Nations security council will meet here at 2 p.m. (EST) Sunday in extraordinary session on the Guatemalan conflict instead of Monday afternoon as previously scheduled. The change was announced late tonight after Guatemala's delegate pressed repeatedly for the urgent session.

The council has met in such a special Sunday session only once before—on June 25, 1950—to cope with the Korean war which began on that day.

The council president for the month of June, U. S. Ambassador Henry Cabot Lodge, Jr., at first declined to call a week-end meeting — for either Saturday or Sunday. Most delegates were reported week-ending outside of the immediate area and could not be located readily this afternoon.

However, as the Guatemalan pressed for the urgent meeting on his government's charges that Honduras and Nicaragua have committed "open aggression" the request was reconsidered.

The Guatemalan government pleaded that the council stop the Central American conflict with U. N. armed forces if necessary.

In a 1,000-word cable, Guatemala charged the armed attack on the Arbenz regime was instigated by "certain foreign monopolies whose interests have been affected" by Guatemala's policy of "economic and social progress."

Organization Completed For Jubilee's Committee

All of the necessary mechanics of the Golden Jubilee committee are now firmly established to the point that the committee is assuming its own immediate direction, announced Bert Sweet, Jr., chairman.

Golden Jubilee committee members, meeting with directors of the Chamber of Commerce Friday afternoon, expressed their appreciation to the chamber for its assistance in instigating the 50th year celebration.

The Twin Falls Chamber of Commerce reaffirmed its pledge of full support to the Golden Jubilee committee through its board of directors, reports Harry Eaton, chamber president.

Individual directors of the chamber have volunteered their services in any activities requested by the Golden Jubilee committee, says Eaton.

Twin Falls board members commended Sweet on the task accomplished by members of the Golden Jubilee committee in developing the 50th year celebration.

Golden Jubilee committee members have spent an unlimited amount of time to date in arranging numerous details for the summer-long observance, chamber officials point out.

A carefully-laid plan on continuity and authority for events to follow from now until early September has been established by Sweet.

"There will continue to be additional problems which must be met in planning the Golden Jubilee celebration," says Sweet. "Its success will only be determined by the number of people who participate in the balance of the program."

Sweet urges all persons and organizations interested in the success of the celebration not to wait

to be invited to participate, but to come forward now with their assistance.

For example, certain types of old clothing, people to portray parts and speaking voices, singers and musicians will be needed for the fall pageant, "As If by Magic."

Sweet thanked the chamber for instigating the celebration and said he knows the chamber will assume its place alongside other organized groups in supporting the celebration.

Additional announcements will acquaint the public with various individuals who have assumed responsibilities on the Golden Jubilee committee, says Sweet.

Cease-Fire Talks Set in Asian War

GENEVA, June 19 (AP)—East and west agreed tonight that communist and anti-communist military leaders of the Indochina war should begin talks at once toward a cease-fire in Laos and Cambodia.

These would parallel or be merged with discussions on for two weeks now between representatives of the French union and red Vietnam high commands toward a cease-fire for Viet Nam. Viet Nam has seen the most fighting of all three of the French Union Associated States of Indochina.

The agreement came in an extraordinary Saturday night session of the 8-week-old, nine-party Indochina conference, held on the eve of the departure of top U. S., British and Soviet delegates.

Truman Ill

KANSAS CITY, Sunday, June 20 (AP)—Former President Truman was taken to surgery in Research hospital at 12:30 o'clock this morning for an emergency operation.

Hospital attendants quoted Mrs. Truman as saying, "It's appendicitis."

She arrived at the hospital at 12:30 and went directly to the sixth floor surgery.

The 70-year-old ex-President walked into the hospital at 10 o'clock Saturday night after a one-day illness and at midnight his physician, Dr. Wallace Graham, said, "Mr. Truman has an acute illness."

The doctor would say no more regarding his patient's condition.

Troops on Guard As Slayer Sought

PHOENIX CITY, Ala., June 19 (AP)—Heavily armed national guard troops patrolled this jittery city tonight while police hunted a gunman who killed A. L. Patterson, Alabama anti-vice crusading Democratic nominee for attorney general.

And Adj.-Gen. Walter J. Hanna, in personal command of the state militia, said that "gambling has stopped and will remain stopped. We will keep troops here until this is completely cleaned up."

He added, however, that he has no intention of putting Phenix City under martial law unless the situation grows worse.

2 Candidates
File Petitions

Two more petitions of candidates seeking nominations during the August primary elections were on file Saturday with the Twin Falls county clerk.

Carl D. Irwin, Twin Falls, filed his declaration of candidacy for Republican state senator Saturday. Irwin is now completing his fifth term as senator. He is a Republican.

Signing his petition were Robert Warburton, Charles D. Hatt, R. J. Holmes, C. H. Detweiler, Guy H. Shearer, Paul Taber, Thomas Peavey, Harry Eaton, T. C. Bacon and R. J. Schwartz, all Twin Falls.

Walter Reese, Castleford, filed for county commissioner on the Democratic ticket Friday.

Signing his petition were Gordon Gray and R. L. Summerfield, both Twin Falls; Paye Logan, Chris Hesselholt and G. E. Conrad, all Castleford; Marvin F. Carlson and John M. Thomas, both Buhl; Claude E. Brown and Tom F. Alworth, both Filer, and Russell O. Larson, Kimberly.

Driver Cited;
Damage to 9
Autos Slight

Nine automobiles were damaged slightly and one driver was cited for driving without a license in seven minor accidents in Twin Falls Saturday. No one was injured.

Frank Mohr, Kimberly, told police he damaged the grille of Louis C. Couch's parked 1947 Ford pickup truck Friday while backing his truck into a parking place in the 200 block of Shoshone street south.

The left front end of Frances Scott's 1932 Pontiac was damaged in a minor accident with Albert Bennett's 1946 Dodge at Fifth street and Main avenue north Friday.

In a collision in front of 121 Blue Lakes boulevard north Saturday, Donald Iverson's 1941 Buick hit the rear of Albert Griffith's 1940 Hudson.

Grant Hopkins was cited for driving without a license following a collision between his 1940 Oldsmobile and Leslie O. Farris' 1952 Nash on Fourth avenue south Saturday.

Fender damage resulted from a collision between Glen M. Schroeder's 1953 Oldsmobile and Merwin Helmbolt's 1951 Mercury in the 200 block of Second avenue south.

Edward P. Carrell's 1950 Pontiac collided with the left front side of George Watt's 1953 Cadillac in an intersection collision at Fifth street and Third avenue west Saturday, police said.

W. A. Poe told police his car was damaged when another car struck it leaving Albertson's parking lot. The second driver did not stop, Poe said.

Divorce Granted
On Cruelty Claim

Mrs. Ruth Arlene Langley was awarded a divorce decree in district court Friday from Billie Lee Langley on grounds of extreme cruelty.

The Langleys were directed by the court to alternate the custody of their minor son at six-month periods until he becomes old enough for school, when Langley will have custody only during the vacations.

Langley was awarded their 1953 Hudson, but ordered to complete the payments on the 1950 Austin sedan awarded Mrs. Langley.

Langley also was ordered to provide \$25 per month support for the child, to be increased to \$35 per month when the Austin is paid for. Mrs. Langley's attorney is James J. May.

TUCKER'S NATIONAL WHIRLIGIG

Every Sunday this veteran Washington newspaper carries a column devoted to answering the questions of general interest on national and international politics and personalities. Questions may be sent direct to Ray Tucker, 6308 Hillcrest Place, Chevy Chase, Md.

WASHINGTON—"What chance is there," inquires Mrs. G. H. Norfolk, Va., "for passage of the Plianders resolution for removal of Senator McCarthy as chairman of the Mundt committee? And why, as the televised hearings show, can the mere chairman of a senate committee enjoy such one-man control? Is he an un-touchable?"

Answer: The system of congressional chairmanships is an insupportable and an impoundable thing. It is difficult for the ordinary citizen to understand, and few appreciate its sinister implications until they saw and heard how it operates via television. After 30 years here as a newspaper reporter and observer, I find it difficult to understand or approve.

ALMOST SACROSANCT—The chairman of a house or senate committee is the nearest thing we have to a tyrant in the United States. He is almost sacrosanct. He may refuse to call committee meetings, if it suits his personal or political purposes. He may refuse to hold hearings on proposed legislative measures. Even after his committee has outvoted him on a specific piece of legislation, he may put it in his pocket and not give the house or senate membership a chance to vote on it.

It can then be dragged from his committee for a floor vote only if 218 members of the house sign a petition for such action. They rarely do. In the senate, it takes a majority vote to get the bill out of committee.

It is seldom that a majority of committee members, or the house and senate, will override or overrule a chairman. He is a dangerous man to antagonize. He can, and frequently does, do important favors for needy members. He can make or break younger members by the way he handles measures which may mean their defeat or their reelection.

CONGRESSMEN'S HOPES—The reason why members do not defy or denounce a chairman is that every senator or representative hopes to become a chairman some day through the operation of the seniority system. He also hopes to enjoy the power which a chairman possesses, since he has seen as an apprentice how important it can be. Thus, he has a vested interest in this sort of feudal chairmanship system.

There is a more practical reason why committee chairmen enjoy this exalted status. As a rule, he works on the job, and comes to know the problems assigned to his charge—taxes, tariffs, agriculture, labor, rivers and harbors, national defense, etc.—in more detail than the members on his committee. He becomes a specialist while they are legislative dilettantes.

SHOULDERS MAIN BURDEN—Busy with other affairs, his colleagues are quite willing to permit him to do the hard, dirty and laborious work. This has been especially true with respect to McCarthy's investigation of alleged communist infiltration of the government. He held the outcasted one-man hearings because the other members were too occupied or too disinterested to attend. As he says, it is "my committee, my staff, my crusade and my files."

Thus, although many senators agree with Senator Plianders that McCarthy should be called to account for his questionable and condemned financial details, the Vermont senator's resolution is scheduled for the political pigeonhole.

MUNDT'S ATTITUDE—"Will you tell me," asks Mrs. T. K. Springfield, Mass., "why Senator McCarthy is permitted to describe Senator Plianders as senile and Senator Symington as 'sanctimonious Stew.' Isn't that what you might call highly unparliamentary language?"

Answer: The only explanation is that Chairman Karl E. Mundt, besides being a personal and political enemy of McCarthy, is an amateur in parliamentary law. If McCarthy used such improper language on the senate floor, he would be forced to take his seat and his remarks would be stricken from the Record. But the same rules govern committee hearings. But for the reasons I give, Chairman Mundt does not see fit to apply them. He is pro-McCarthy, and he believes that South Dakota voters are. After all, politicians must eat, and Mundt is up for reelection next November.

VIEWS OF OTHERS

A JOB TOO WELL DONE
Gordon R. Clapp, chairman of the board of directors of the Tennessee Valley authority since 1945, quietly left office last week.

Before his term expired, 60,000 residents of the Tennessee valley had petitioned President Eisenhower to reappoint him. No reappointment came through however.

Under TVA law, the appointments of TVA officials may not be made on a political basis.

Clapp's critics concede he is a man of remarkable ability and that his administration of TVA has been entirely non-partisan. His one fault has been his zeal in carrying out the provisions of TVA law.

That law gave TVA the responsibility for revitalizing the economy of a "backward" section of the country by developing its resources, providing flood control, generating electricity to create new industries, halting erosion, rebuilding the soil, reforesting its slopes, providing water transportation, improving health and creating recreational areas.

Bolled down, the objection is based almost entirely on the fact that private electric companies consider government-generated power to be "socialistic" and Clapp has been a tireless booster for more and more TVA power to meet greater and greater demands for electricity in the Tennessee valley.

TVA's power has created hundreds of new free enterprise businesses in the valley but the private electric industry sees only the government generating plants, not the privately owned metals plants, hosiery mills, creameries and fabricating industries which have sprung up where none existed before.

Senator Cooper (R.) of Kentucky has criticized Clapp's administration of TVA for not coming up with plans for getting away from "continued full federal support for the development." That seems to be doubletalk, meaning that TVA should cut private electric companies in for a share of Tennessee valley business.

President Eisenhower has said some features of TVA are alarming from the viewpoint of political philosophy, which also seems to be a veiled reference to public power.

If the philosophy of TVA is wrong, why doesn't the Eisenhower administration try to rewrite the TVA law? That would be a more forthright procedure than letting Clapp go merely because he has done too good a job of administering the law as it now stands.—Denver Post.

NO MORE SMEARS?
In a particularly explosive "point of order" exchange in the McCarthy-army hearing, Senator McCarthy fairly screamed "smear" in response to Senator Symington's questions as to whether it would be possible for the McCarthy subcommittee staff to be infiltrated by subversives.

The Wisconsin senator demanded that Symington and Army Counsel Welch "put up or shut up" as to their "innuendoes" on possible subversives getting access to the subcommittee files.

The Army-McCarthy show with its "daily surprise" likely isn't being taken very seriously any more, not even by the participants.

However, if Senator McCarthy is really sincere in his expressed concern for safeguarding the reputations of his staff members and others he accuses the opposition of "smearing," some good might yet come out of the hearings. If the man who gave a name to the technique of hitting and running, of demolishing reputations with reckless abandon, should now assume the leadership in a movement to protect good names pending a thorough investigation, what a boon it would be in this unhappy era of name-calling.—Salt Lake Tribune.

ODE TO DAD
"He's slowing down," as some folks say.
With the burden of years from day to day;
His brow bears many a furrowed line;
He's growing old, that Dad of mine.
His shoulders droop and his step is slow,
His hair is white, yes, white as snow;
But blue eyes sparkle with a friendly light,
His smile is warm for his heart is right.
He's old? Oh yes, but only in years,
For his spirit soars as the sunset nears,
And blessed I've been and wealth I've had
In knowing a man like my old Dad.
How proud I am, to stand by him,
As he stood by me when the way was dim;
I've found him worthy and just and fine,
Yes, a prince of men, that Dad of mine.

MECHANIC, TOO
You may have been so engrossed in watching the circus that you missed one little sidelight.
It came during the performance of the trained bear. The bear was all set to ride that little motor scooter only the scooter's motor wouldn't run. The man pushed the scooter around a couple of times, but the motor wouldn't catch.
Then—who was it who went to work on the motor? Yes, the blond billed as "Goldilocks." She got it running—foot! And that little incident should result in the male stock as mechanics going down a few points.
Now there's a gal for you! Plays around with bears, gets balky motors to start. Shucks, she may even be able to cook! That whisper of "bottle blond!" you may have heard probably was uttered by a right envious female.

HOW THINGS APPEAR FROM PEGLER'S ANGLE

NEW YORK—To continue our consideration of the fate of organized baseball as a sentimental institution, let us inquire whether the present system of scoring is necessarily the best. Some plain defects in this system have faded from our view because we have regarded the game as a changeless, unchangeable thing. Why do we put a certain value on a victory by the Red Sox by a Yankees over the Red Sox by a score of 11 to 4 and then give the Baltimore Orioles precisely the same degree of discredit for a 3 to 1 defeat by the Indians, who are tougher than the Yankees.

At this writing the Red Sox are in sixth place. The Indians are second, a few points behind the White Sox. Baltimore is seventh and plainly is a weak club. We have other proof of that than the mere figures in games won and lost, percentage and position. This was a feeble, despondent club and bankrupt of popularity when it was moved from St. Louis to Baltimore.

A 2 to 1 ball game is, saving abnormal exceptions, better than a 12 to 7 game. The loser in one may deserve more credit than the victor in the other. The pitching must be better and the fielding sharper.

There is no great margin of superiority, man for man, down the line from first place to last in almost any league, major or minor. Some days some of the players on a hopeless tail-end come up with amazing feats which go for nothing because the club, as a whole, is not well balanced and because the Yankees usually have the pick of the whole country and therefore can put into their line-up a few individuals who are distinctly best.

I saw a night game at the Yankee stadium last year in which the Washington third-baseman pulled an astounding stop that cut off a rally and sent the play along toward a tie which the Yankees broke with a home-run in the tenth. I am sorry to have to admit that, having gone home, I have lost touch with the play, though not my interest in their work. Therefore, this third-baseman was a stranger to me and I don't recall his name. At any rate, he was playing not far from the bag for a right-handed hitter, who then hit a grounder with terrific force just inside the line.

The time available for him to see, size up and act was a small fraction of a second. But by instinct and reflex this young fellow left his feet entirely, turned his left side to the ball in his dive, stuck out his glove and grabbed it with absolute precision.

He wasn't looking at it. His eyes had absolutely no part in the play after the first glimpse because once he had committed himself his vision was toward left field. Supreme skill and dexterity put him there and put his glove in the exact spot where that ball was passing. There was a puff of dark dust as he rolled to his feet. Then he fired

Fish Can Change Color, Pattern
For brilliance of color, for iridescence, for variety of fantastic patterns, the fish cannot be surpassed by any other group of animals in the world. Add to this the fish's un-matched ability to change colors and patterns—some making a complete change of this lively to harmonize with their backgrounds within a second.

The fish's color serves a practical purpose: Concealment. The backs of the trout, bass and herring are dark green, black or steely blue, while the bottom is silvery bright. To an enemy like a fishhawk looking down into the dark water, the dark back melts into the surroundings and is almost invisible; to an enemy looking up from below, the silvery belly tends to be inconspicuous against the light pouring in from above.

The fish also can change the intensity of his colors. Catch a trout which has set up quarters under a bank, and you will find he is much darker than one taken in a shallow reach with a light gravel bottom. On after a heavy rain has polluted a stream with white clay, in a comparatively short time the trout will reflect that change with a lighter color (as a group trout are rather slow color changers).

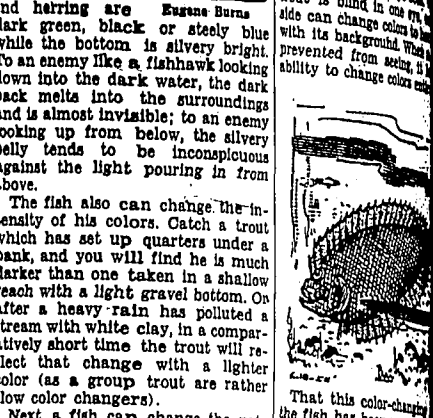

Next, a fish can change the pattern of colors, this perhaps being best exemplified by the lovely flatfish. Take a flounder and change him from a polka-dotted background to a black and white checkerboard background, to a fine-grained light and dark pattern, and the fish will accommodate his general pattern to fit these new surroundings.

Should the background be strange, it may take the flounder up to a half hour instead of the usually second or so—but with practice—and the changes will come more rapidly.

And finally some fish have the ability to change colors completely, and rapidly. In 1880, their color changes may occur as they swim from a black part of a tank to a light part. But to get back to the flounder, this fellow can change from white to black to gray, to brown, to blue, to green, to pink and to yellow. (Reds come less accurately and while yellow and brown can be produced quite rapidly, the changes to greens and blues take longer.) Some fish which live in brightly-colored coral reefs have up to eight separate and distinct liveries.

This color change is brought about by two methods. The mother-of-pearl effects are caused by tiny crystals which reflect light. The other effect, more complex, is brought about by tiny sac-like star-shaped cells in the skin which contain color pigment and are scattered throughout the skin in huge numbers. Each one, however, contains but one pigment—red, black, orange or yellow.

By shrinking these many-armed cells into tiny globes, the color pro-

That this color-changing fish has been known to change its color in a matter of minutes is a fact. In a tank of water, a fish released in a tank with a light background will change its color to match the background. This is a fact that is well known to all who have seen a fish change its color. The fish will change its color to match the background, and this is a fact that is well known to all who have seen a fish change its color.

Free: By special arrangement with the editors of the Times-News, a panel of experts will award each week to the reader the best specimen of fish, bird, insect, reptile, amphibian, or mammal sent in for identification. Explanation Of Solstice Is Pruett Topic

By J. HUGH PRUETT
Astronomer, Extension Division
Oregon Higher Education System

In literature we sometimes read of the long days and evenings of that somewhat mysterious time or season known as the summer solstice or the short days of the winter solstice. Although it is generally understood that these terms refer to certain events or dates, a little explanation might be helpful to some of us.

The word "solstice" comes from two Latin words meaning "sun stands." Where does it stand and why does it do so? In December 1949 the Russian news services made a great deal of the statement that at the time of Stalin's birth "the sun stood still." That gave the general impression that Stalin was such an important personage in the entire universe that his glimpsing the light of day affected the mighty sun. But history reveals that heroes in many nations have been elevated to unwarranted importance.

Stalin's birth occurred at about the time of the winter solstice, so the sun "stood still" not only for him but for even the humblest born at that date.

The American Nautical Almanac tells us that the summer solstice this year occurs at 5:55 p.m. eastern standard time, June 21, and summer begins. This is supposedly the longest day of the year between sunrise and sunset. Some claim to have found discrepancies in such announcements, for they say their medical almanacs give some day near that time as longer. This is likely due to the fact that the almanacs give the time to the nearest minutes. If carried out to seconds, the announced day is correct.

It is well known by all who carefully observe the sun's positions in the sky that the noon position in the south is very low at the time of the shortest days and very high in June. It certainly gets higher day by day from about Dec. 22 to June 21.

If a stone is thrown directly up into the air, it goes up to its highest point, then for the merest fraction of a second stands still before starting down. The sun apparently does the same thing at the summer solstice before it booktracks toward the south from its highest position.

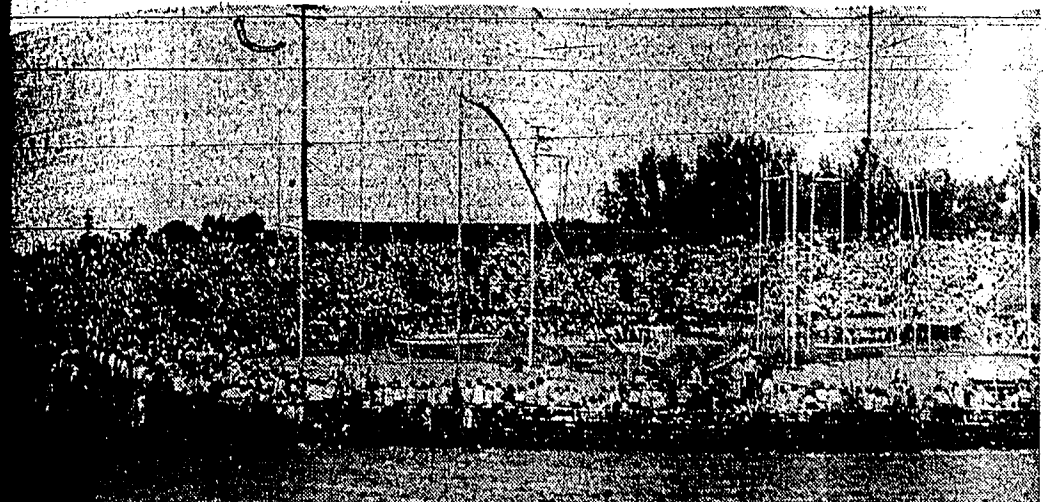

This change is due to the tilt of the earth's axis in relation to its orbit. In winter the north pole is inclined away from the sun at an angle of 23 1/2 degrees; in the summer, toward the sun at this same angle. This makes the noon sun appear 47 degrees higher at the summer solstice than at the winter solstice.

The term "solstice" refers both to the time of the year and to the point on the ecliptic, the sun's apparent path among the stars. In ancient times the summer solstice was the occasion for elaborate ceremonies.

7,264 Children, Parents Attend Circus

A visual proof that Magic Valley's younger generation—and their parents—like a circus. Shown are part of the 7,264 youngsters and parents who attended the matinee of the Shrine circus at Jaycee park Friday afternoon. They came from Shoshone, Halley, Roperon, Wendell, Burman, Fairfield, Jerome, Burley and Rupert. Children and parents, from Buhl, Filer, Kimberly, Hansen, Castleford and

Murtaugh, attended Saturday's free matinee. The gratis showings were features of the two-day circus appearance here, proceeds from which will be contributed to the Shrine hospital fund. The tickets for the children were provided by businessmen of the areas in which they live. Buses for transportation were furnished by the Magic Valley Shrine clubs. Free tickets also were given to churches. (Staff photo-engraving)

Life in MAGIC VALLEY

At last, Larry Platt, PAUL, has just about decided he's going to be an artist. The fact he had a painting published in the May issue of Western Horseman probably has had something to do with his present frame of mind.

Actually, though, Larry has been painting for many years—since he was 4 or 5 years old. He comes by it naturally since his father, Howard Platt also is an artist.

Larry will draw almost anything, but horses are what he likes to do. In that respect he is following in his father's footsteps since his father specializes in western art.

The boy has had no training in art other than that which his father has given him. But his father is a jump ahead of him. In addition to painting, Platt also does considerable wood carving.

The dreams of a group of SHOSHONE'S enterprising boys, all near the age of 12, came true this week when a baseball team known as the "Wasps," played their first game in the Knochle league at Twin Falls. On Tuesday they met the Phillies of Twin Falls and on Thursday the Electric, also Twin Falls.

Faced with the problem of "what to do this summer," the boys organized the ball team and began practicing diligently weeks ago in anticipation of being accepted in the league. Several letters were written and phone calls made and finally the team was notified that the application had been accepted in the minor league.

Next came the problem of equipment and transportation. Six local firms expressed interest in the group and gave them the help needed.

Parents of the boys also are giving their assistance. The Wasps have expressed appreciation for all cooperation they have received.

The team is attempting to find a coach, but in the meantime is going ahead under the leadership of the captain, Noel Johnson. Other members of the team are Johnny Keith, secretary-treasurer; Lowell Johnson, Laverne Bernard, Teddy Johnston, Mike Grisham, Kenneth Anderson, Bruce Foster, Robert Miller, Gary Meyer, Johnny Shouse and Robert Hatzmaker.

Three weeks ago Captain Johnson and Secretary Keith attended a meeting in Twin Falls at Harmon park at which final arrangements were discussed. Last Saturday, Captain Johnson and Laverne attended the baseball clinic at Jaycees park in Twin Falls.

Ever wonder what women have in those "trunks" they carry around all the time? They call them satchels or purse handbags but from the quantity of loot stashed away in them, the purses come closer to being trunks than satchels.

Two women in Twin Falls obligingly emptied their "purses" the other day to reveal the contents. Neither could remember what she was carrying around and each expressed surprise at the discoveries.

One woman was carrying a perfume stick, box of aspirin, sun glasses, pair of earrings, keys, gum wrapper, pencil with no lead, foreign stamp, comb, bandage, tissue, two lipsticks, bobby pins, safety pins and emery board and billfold. In the billfold were a calendar, money order receipt, registration preference card for junior college, social security card, 1963 fishing license, library card, driving license, photographs, bank deposit slip, link from watch band, Philippine peso, five Mexican centavos, card with inscription from tombstone, dentist appointment—and 36 cents.

The other woman didn't list the contents of her billfold but in the oblong red leather covered crate she had a pen, automobile keys, check book, comb, scissors, nail file, tweezers, mirror, safety pins, coupon book, memo book, old grocery list, old sales slips, money order re-

ceipts, check stubs, life insurance premium stubs, stamps, automobile registration, aspirin and part of a dress pattern.

By way of comparison, two men emptied their pockets. Both reported coins, keys, billfold, handkerchiefs and pencils. One also was carrying an unpaid bill.

Hailey Folks List Southern Travels

HAILEY, June 19—Mr. and Mrs. Ray McGoldrick and son, James, returned home Tuesday afternoon after an extended trip through the south. They visited McGoldrick's relatives at Memphis, Tenn., returning home by way of Colorado Springs, Colo.

Amy Gamble and Mrs. Helen Seymour are on a vacation trip which will take them into Canada. On their return they will attend the 33rd annual convention of the Idaho Business and Professional Women's clubs at Coeur d'Alene which opened Thursday.

DO/2 Fred E. Povey, stationed aboard the oil tanker Asthabula off Long Beach, Calif., left Wednesday to spend a 30-day furlough with his parents, Mr. and Mrs. Fred E. Povey. Povey served in Asiatic and northern Pacific waters.

Mrs. John M. Rutter will be home Sunday after visiting at the homes of Mr. and Mrs. O. D. Davis, Portland, Ore.; Mr. and Mrs. Ernie Lenz, Bremerton, Wash.; and Mr. and Mrs. Velle Rutter, Wenatchee, Wash. She also attended the Rose festival in Portland.

Warning on Pool Sounded by Aide

RUPERT, June 19—Manager Keith Winton of Neptune park pool issued a warning Thursday concerning the wading pool for youngsters at the park.

"We do not have facilities to guard the wading pool," Winton said, "and although we try to watch it, we urge that parents do not leave their children unattended there."

Swimming lessons this year will start about July 1, Winton said, and will be free under Red Cross and YMCA sponsorship.

The staff this year includes Winton, Walt Root, swimming and diving coach; Jerry Hyde, assistant manager; LaRae Wall and JoAnn Weeks, office personnel.

Grange Meets

DIETRICH, June 19—New dairy methods and the value of the dairy industry to the state were outlined for members of the Dietrich Grange at their regular meeting Wednesday evening. The speaker was George Davis, Jerome Cooperative creamery representative.

Fathers Feted As King Hill's Grange Meets

KING HILL, June 19—A Father's day potluck dinner honoring 21 fathers preceded the regular meeting of King Hill Grange No. 162 Wednesday at the Grange hall.

The program, under direction of Mrs. Rodney Ruberry, lecturer, included a reading by Jimmie Rolce, Wilma Jones and Gloria Woodward; accordion solos, Maxine Gilbert; piano solo, Sharon Greer, and a duet by Donna and Nancy Rolce. The cake honoring the fathers was made by Mrs. Cecil Bott and Mrs. Terrell Foster. Dinner was served by Mrs. Ted Moore, Mrs. Elmer Babington, Mrs. Wesley Pink and Mrs. Bud Callison.

Master Rodney Ruberry conducted the business meeting during which it was decided the Grange would sponsor the hot lunch program at the school. Action was taken after a report by Karl Anderson. Mrs. H. O. Lipe and Mrs. John Kelley will cook for the program for five months. Ruberry appointed Mrs. Dick Rolce, Mrs. John Parke and Mrs. Shig Tomita to the hot lunch committee.

Frank Jones reported on repairs to the Grange hall roof by Wesley Pink, Gilbert Allen and Ruberry. A contribution was made to the youth program and a letter of appreciation was read from Maxine Gilbert who attended Girls state as a Grange representative.

The Rev. K. I. Barnes was appointed to investigate possibility of painting a cattle guard on the highway west of King Hill. Proceeds of \$4.64 from the penny drill were contributed to the muscular dystrophy program.

Cub Scouts Have Model Air Show

MURTAUGH, June 19—The Kimberly, Hansen, Murtaugh pack No. 3, Cub Scouts, held a model air show at the Murtaugh LDS church park Thursday evening. The winner of the model glider contest was Dannie Bennett, Hansen, den No. 2.

Cub Master Earl Wright presented awards. Members of Kimberly den No. 1 gave awards were Duane Ashmond, bear badge, gold arrow and two silver arrows; Dennis Curlew, bobcat award; and Donnie Sudweeks, two silver arrows. Members of Hansen den No. 2 who received awards were Norman Morrison, gold arrow; and Nelson Johnson, gold arrow and silver arrow. Dennis Egbert, den No. 3, Murtaugh, received a bear badge and a gold and silver arrow. Darrell Olsen, Murtaugh den No. 4, received a wolf badge.

The next pack meeting will include a treasure hunt at the Kimberly LDS chapel July 15.

"Fathers and Hirelings"

By E. G. VEVIG
Pastor, South Park Church of the Nazarene

"The hireling fleeth, because he is an hireling." (John 10:13).

The hireling spoken of in the Bible fled when danger came because he did not have the true shepherd's heart, but one who was working for the selfish gain he received from the job.

Today we have two kinds of dads that I want you to think about. The one provides for the material needs of his children to the best of his ability. He will provide a home to live in, food to eat and clothes to wear. More than that,

he will do every thing in his power to provide for their social need. He will take them fishing and to the ball game.

In general he will try to make life happy for his loved ones. He may even send his kids to Sunday School, and go to see and hear them take part in the Christmas program, and go to church with them on Easter. However, aside from this, he does not lead them in the way of righteousness. Oh yes, he is a better than the hireling, but even though he is, he is failing in his God-given job as a father.

But I am thinking of another dad who lived long ago in Old Testament times. He was a great leader among his people, and when they had wandered far from the old path and were beginning to worship strange gods he cried, "Choose ye this day whom ye will serve, but as for me and my house, we will serve the Lord."

Today we are living in an age of "strange gods." Man has gone away from the true God to worship gods of fame and gods of fortune. They have become so busy trying to appease these gods that they do not have time to live. The true God has been crowded out of their lives until there is no room left for Him.

Blessed is that man whose God is the Lord and who endeavors to lead his family in the way of righteousness. He is a true shepherd of those that God has given into his care.

Today both preacher and statesman declare that the only hope for our land is a return to the God of our fathers.

Our world faces death and destruction by war. Our own nation has become so accustomed to drunkenness and broken homes that we think little of them. Our only hope is for you and I as fathers to heed the warnings that are ours, and take our stand for God as Joshua of old.

Dworshak, Budge Expected to Attend Homesteads' Drawings

RUPERT, June 19—Sen. Henry Dworshak will head a list of dignitaries scheduled to attend the July 5 homestead drawing here, announces Chamber of Commerce President James Felton.

Rep. Hamer Budge said he would attempt to attend the celebration, and Harold Nelson, Boise, regional director of the bureau of reclamation, has indicated that he will attend.

Glover Acock of the chamber's "D-Day-2" committee reports a child of one of the first 72 homesteaders would be chosen to draw the first farm, and that old settlers and dignitaries on the speaker's stand would each draw a number.

Bob Weggeland, radloman now from Twin Falls, has been contacted for master of ceremonies.

Merchants will be asked to cooperate in the July 2-5 golden anniversary celebration and homestead drawing by window displays on the golden anniversary theme, and President Felton asked for "more floats, all that we can possibly get" for the July 5 parade. Burley organizations will be asked to join in the parade effort. Felton notes that a group of Jay-C-Ettes have volunteered to construct floats if the theme and materials are supplied. Van Every says that a good representation of team and buggy-type floats be entered, in keeping with the 50th anniversary year.

Wendell Johnson reports that he and Ralph Thompson, heading the barbecue committee, are progressing, with 2,400 pounds of beef purchased, and arrangements being made for 8,000 buns. The pits have been dug and the wood hauled for the cooking. Catholic ladies will help with the serving. The barbecue will follow the homestead drawing the afternoon of July 5.

A. H. Stevenson reports \$500 in merchandise awards will be made to winning homesteaders present at the drawing, and each merchant will be asked to cooperate.

Ken Bell notes that five top-notch softball teams will play games Sunday and Monday afternoon, with no admission charge. The chamber has voted \$75 toward expenses and prizes. Competing will be the Rupert squad, the Twin Falls Jaycees team, the Bargain Barn team of Pocatello, two Mountain Home air force base teams and another from either Blackfoot or Idaho Falls.

Junior Chamber of Commerce members are sponsoring program sales and advertising, a kangaroo court on western attire and an advertising caravan to Buhl and back on the north side of the river.

Camp Fire Group Committee Plans Summer Activity

The Camp Fire Girls council met Thursday night to make plans for the 1955 camping season at Camp Tawakani in the south hills, the Camp Fire Girls' new camp.

Mrs. J. C. Williams, chairman, presided at the meeting held at the Camp Fire office. Date for opening the camp was set for July 21 and the registrations will begin Monday at the office.

The new camp will accommodate 50 or 60 girls each season. Four-day and seven-day sessions have been arranged for the Camp Fire Girls and three-day sessions for Blue Birds. Transportation will be provided by bus.

A camp brochure with all the necessary information for parents and campers is being printed and will be available next week.

The camp program was discussed and it will include a variety of activities such as campcraft, hiking, nature lore, handicraft, music, games and sports. The program will be carried out by counselors. One counselor to every five or six girls is to be secured.

The committee asks the cooperation of interested persons to help in finding counselors. They should be college age or over and anyone interested or who knows of interested persons may call any member of the committee or the Camp Fire office for more information.

Members of the camp committee are Mrs. George Wiersching, Mr. and Mrs. Eugene Hatzfeld, Ernest Taylor, Don Wallace, Mrs. Woody Reed and Howard Ainsworth.

MR. AND MRS. DARREL K. KALBFLEISCH
(Morita photo—staff engraving)

Noreen Eastman United in Marriage With Kalbfleisch

FILER, June 19 — Noreen Eastman, daughter of Mr. and Mrs. Roy Eastman, Filer, exchanged vows with Darrel K. Kalbfleisch, son of Mr. and Mrs. Emory Kalbfleisch, Filer, Thursday evening in a garden ceremony at the United Brethren in Christ church.

The Rev. M. E. Nemnich, pastor of the Twin Falls United Brethren in Christ church, performed the service before an arch flanked by candelabra and baskets of mixed summer flowers. The Rev. John Huley, minister of the Filer Nazarene church, pronounced the blessing.

The bride wore a gown of white slipper satin fashioned with a sweetheart neckline, long sleeves and a peplum which extended into a full train. A train of headed orange blossoms held her lace scalloped fingertip veil. She carried a white orchid with a white Bible, which was a gift from the bridegroom.

Bertina Eastman, sister of the bride, was maid of honor and Mrs. C. K. Ricketts, Jerome, sister of the bridegroom, served as flower girl.

Dale Kalbfleisch, brother of the bridegroom, was best man and Laurence Knigge, a roommate of the bridegroom at the University of Idaho, was the attendant. Ushers were Earl Kalbfleisch, a cousin of the bridegroom; Darrell Eastman and Duane Eastman, brothers of the bride.

Duane Damon and Earl Eastman, brother of the bride, were soloists, accompanied by Mrs. John Holcomb, Kimberly.

The bride's mother wore a dress of forest-green faille and Mrs. Kalbfleisch was attired in a light-blue afternoon dress. Both wore corsages of red roses.

Following the ceremony a reception was held on the lawn. Mrs. Esther Stutzman and Mrs. Dean Ricketts, Jerome, cut the cake and Mrs. Clarence Kalbfleisch and Mrs. Herbert Hunter served punch. Others assisting were Mrs. Charles Williams and Mrs. Marvin Pollow. Mrs. Rueben Lierman baked the cake and assisted with wedding preparations.

Mrs. Virgil Triplett assisted by Shirley Jean Spacek, Janice Hunter, Gwen Kalbfleisch, Ruth Kalbfleisch, Shirlene Moyes and Beverly Cross was in charge of the gift room. Gift messengers were Martha Holcomb, Irene Cross and Dorothy Askew. Mrs. Ronnie Love, cousin of the bridegroom, took care of the guest book.

Mrs. Henry Westendorf, jr., sang, accompanied by Mrs. Holcomb. Anita Holcomb played background music.

For traveling the new Mrs. Kalbfleisch chose a gray dress with white accessories. She is a 1954 graduate of Filer high school.

The bridegroom was graduated from Filer high school in 1952 and will be a Junior this fall at the University of Idaho. He is working for the forestry service during the summer.

The bride was honored at several showers. Mrs. R. W. Schiffer gave a shower at her home with Mrs. Harvey Gartner and Mrs. Pete Slater assisting. Another shower was given by Mrs. Love with Miss Spack as co-hostess.

Nazarene church members led Mrs. Kalbfleisch with Charles Williams, Mrs. Garth Kirkman and Mrs. Damon as hostesses and a lingerie shower was given by the girls' club of the United Brethren church.

Shower Honors
Mrs. D. Knigge

HAGERMAN, June 19 — Mrs. Dwan A. Knigge, the former Barbara Marsh, was honored with a wedding shower Friday afternoon at the Methodist church.

Mrs. Louise Conrad was in charge of the decorations and conducted games. Mrs. John W. Jones introduced the bride and gave a skit on "The Bride's Mother's Dream." Mrs. Knigge was assisted in opening her gifts by Mrs. Calvin Marsh, Buhl, and Joan Zaccane, Hagerman.

Hostesses included Mrs. Conrad, chairman, Mrs. Ralph Miller, Mrs. Howard Marsh, Mrs. Calvin Marsh, Mrs. Harry Snodgrass, Mrs. John W. Jones, Mrs. Helen Sant, Mrs. John E. Woodhead, Mrs. Earl Leatham, Mrs. Nels Anderson, Mrs. Erma Jensen, Mrs. Martin Curran and Mrs. Robert Pearson.

Group Meets

SHOSHONE, June 19 — The last meeting of the season for the Baptist church Mission Aid was held Thursday afternoon at the home of Mrs. Frank Bayless.

Mrs. Jennie Mason gave the devotions.

The group is sponsoring a drive for old clothing to be sent to needy in France. All contributions are to be in by Thursday. They may be taken either to Mrs. Strunk or to the church annex.

Shower Held

SHOSHONE, June 19 — Mrs. Laverne Carpenter was honored at a pink and blue shower at the meeting of the Home Improvement club Thursday at the home of Mrs. Val Bateman. Mrs. P. D. Bateman was co-hostess.

Mrs. Jack Hannah, president, conducted the business meeting. The children's picnic was set for July 15 at the Shoshone city park. The group decided to have a candy stand at the county fair this fall.

Pioneer Honored During Program Of Eastern Star

PAUL, June 19 — A program honoring the oldest pioneer of the E-dah-ho chapter, Order of Eastern Star, present was held at the last meeting of the season Wednesday evening in the Masonic temple.

Mrs. Nellie Clark was the oldest pioneer. She and her husband, Tom Clark, came to the project in 1903 and homesteaded the farm which is now the village of Paul.

Those taking part in the program were the officers and courtesy girls. The group was dressed in old-time costumes for the occasion and Mrs. Florence Taylor, Rupert, accompanied the vocal numbers on the guitar with Mrs. Ray Clark, pianist.

Initiation services were held for five new members. Mrs. Roy Twiss was soloist.

Visitors included Lon Clayton, Burley, past grand patron of the grand chapter of Idaho OES; Mrs. Marion Clayton, Burley, grand representative of the grand jurisdiction of Nebraska; Mrs. Clyde Payne, grand representative of the grand jurisdiction of Porto Rico; Mrs. Florence Biehl, district chairman of religious training, OES, Rupert.

Other visitors were Mr. and Mrs. Everett Griffith, Burley; Lois Rhinhardt, Jessie Johnson, Bessie Culley, Helen Randall, Gladys Willis, all Rupert; Robert Miller and Doris Babbitt, all Burley; Lon Clayton, Mrs. Clayton, Mrs. Biehl and Mr. Griffith gave talks. Walter Stoller, a new member, spoke to the group. Refreshments were served by the committee in the dining room.

Bee Hive Class Gives Program

SHOSHONE, June 19 — The opening assembly program at the LDS MIA Wednesday night featured the Bee Hive class in "Sleeping Beauty." Mrs. Frank Bateman, class leader, was in charge of the program with Kristine Sorensen making introductions. Girls who participated were Dorothy Schuppenies, Sharon Cole, Judy Mathison, Patricia Shortt, Nickle Mallee and Carol Haron.

Carl Benson, ward MIA superintendent, conducted the meeting. Bishop Saunders of the Vale, Ore., ward spoke to the group. He and a group of youths visited the MIA here en route home from a visit to the Idaho-Falls temple.

Janet Peck gave the theme and Mrs. Harrell Thorne reported on the June conference held at Salt Lake City last week. Prayers were given by L. T. Sorensen and Barbara Morris.

50 Years Feted At Celebration

Mr. and Mrs. W. C. Hopkins, Santa Barbara, Calif., who are guests of her brother and sister-in-law, Mr. and Mrs. Ray R. Reynolds, were honored Thursday with a family reunion and dinner at the Reynolds home in celebration of their golden wedding anniversary.

Mr. and Mrs. Hopkins are celebrating their anniversary by revisiting points included in their wedding trip 50 years ago. They have traveled from New York City to Santa Barbara then to San Francisco and Twin Falls.

Hopkins has retired after 50 years as freight and passenger agent on the Chicago and Northwestern railroad. His wife is an artist and writer with studios in several Nebraska cities.

MAGIC VALLEY WINS FIFTH STRAIGHT PIONEER LEAGUE GAME

Bob Faust Twirls 2-Hitter As Cowboys Sweep Series With 4-0 Victory Over Bees

SALT LAKE CITY, June 19 (AP)—Magic Valley's Bob Faust pitched masterful two-hit ball Saturday night as the Cowboys scored a 4-0 Pioneer league victory over the Bees.

The win was the fifth in succession for the last-place Cowboys. The loss was Salt Lake City's fourth straight. Leftfielder Johnny Maggio was the only Bee able to solve Faust's

Sports FROM ALL ANGLES

BY BOB COUGHLIN
No, they aren't spiking the Cowboys' drinking water. And the other teams haven't thrown in the sponge, either.

It's just that the Wranglers are beginning to get the only thing they have lacked for the past three weeks—pitching.

All over town the same questions kept popping up as the Cowboys battered Pioneer league opposition for five straight wins. "What's keeping them up? Is it just luck?"

An emphatic "yes" to the first and an equally vehement "no" to the second.

Sure the Cowboys can keep it up. What's to prevent it?

True, it took the Cubs a little while to fully realize the situation here and admit the club they sent in here to start the season was woefully inadequate. It took a little more time for them to realize that manager Everett Robinson wasn't blowing smoke rings when he kept turning in reports that he had no team.

The wheels were slow in turning but once the front office got a complete look at the situation, players began to shuffle in and out of here like rush hour in a New York subway.

The release early this week of four more players and the acquisition of a southpaw hurler climaxed the turnover.

The Cowboys, on paper, are now in a position to play competitive ball with any team in the league, bar none.

They have Al Iude, Tom Rea, Bob Faust and Del Walker, four pitchers who have proven their ability to go the route and win.

Chuck Jorgensen, the new lefty, is still an unknown quantity as a starter but as a relief pitcher he has no equal. He has been with the club since Wednesday and appeared in every game in the late innings.

When he rounds into shape and can go the route, the Cowboys can count on five starting hurlers.

Still to be reckoned are the other two Wrangler hurlers Jim Stoddard and Jim Spear. Stoddard has been out for several weeks with a sore arm but is back in top shape and should win.

Spear remains the question mark of the staff. Both the higher club officials and the Cowboy management are high on his potentialities and possibilities. He has everything to become a standout pitcher. Maybe he all he needs now is a little luck.

There never has been any doubt about the ability of the infield since Gene Hooks and Eddie McDade joined the club and teamed up with Robinson and Bob Lemmel. Hooks has been moved to the outfield and Orville Rickey has been placed in the infield and the move won't hurt the Cowboys.

Hooks will team with Bob Will and Al Berger to give the club a potent garden staff.

The catching, with Cy Gonsalves and Buster Cloud, is close to the best in the league.

All in all, the Cowboys are now fielding a team that is playing colorful, interesting and heads-up baseball that deserves the fans' support. It's a shame they couldn't have won a couple of those games at home but they return Wednesday against the league-leading Billings Mustangs and fans will have an opportunity to watch a rejuvenated club in action.

Sixteen games is a long climb. Maybe after such a disastrous start, they will never be able to make it. But we'd be willing to bet a fur-timed typewriter the Cowboys won't dally too much longer in the league cellar. And that first division is only nine and one-half games away.

Ed Schack, the Cowboy business manager, drooled as he watched the throng of people who paid their way into Jaycee park Friday and Saturday to watch the Shrine circus.

"That's what we'd like to see—just one night anyway. A full house—so full you can't get another person in. The club's winning now. Maybe we can get that kind of a crowd."

Schack announced Saturday the signing of another rookie outfielder, Charles McCoucklin.

McCoucklin is fresh from the campus of Villanova college and was assigned to the Macco, Ga., farm of the Cubs and optioned here. He will join the club at Ogden.

Ogden Reds Sweep Series With Boise

OGDEN, June 19 (AP)—The Ogden Reds completed a sweep of their four-game series with the Boise Pilots Saturday by winning both ends of a day-night doubleheader.

The Reds capped the afternoon contest 10-1 and rallied to win the night-cap 12-11.

Boise seemed destined to salvage one game of the series when it built up an 11-5 margin after four and one-half innings of the second tilt, but the Reds bounced back with one run in the fifth, two in the sixth, three in the seventh and one in the eighth.

The eighth inning marker, which was the clincher, was the result of a double by Carl Taylor, a sacrifice and Jack Vandersee's squeeze bunt.

Gordy Tench and Wayne Patrick were pounded by Ogden batters for a total of 16 hits in the first game. Included in the barrage were home runs by Jerry Elder and Chico Terry.

A five-run seventh inning gave the Reds more than enough runs. The inning started with a walk to Bill Newkirk. Jim Lankford doubled, and Carl Taylor singled to score Newkirk and Lankford.

Bill Campo singled and then Terry connected for his round-tripper to score Taylor and Campo ahead of him.

A sacrifice fly after Tom Ballinger tripled inside-the-right-field line scored the lone Boise run in the eighth.

The Pilots were able to connect for only two hits off Ogden pitcher John Smith.

Senators Plunk Down \$50,000 to Sign Payette Semi-Pro Ball Star

BALTIMORE, June 19 (AP)—The Washington Senators Saturday plunked down a reported \$50,000 for Harmon Killebrew, 17-year-old batting sensation of Idaho semi-pro baseball. He's the first bonus player in the Senators' history.

Killebrew, a 6-foot, 195-pound infielder who bats and throws righthanded, was recommended to the club by Sen. Herman Welker, R., Ida., and Ossie Bluege, the Senators' farm director.

"Killebrew swings a bat better than any youngster I've ever seen," Bluege said. "Perhaps the only player in the American league who is faster is Mickey Mantle of the Yankees."

The youngster will join the team in Chicago on Tuesday but manager Buck Harris said he won't be rushed into action.

"We'll give him a chance to get acquainted with the big league scene," Harris said, "give him plenty of batting practice, see what he can do in the field and nurse him along. Later on he might break into a few games as a pinch-hitter."

Killebrew must remain with the Senators for two years under the bonus rule which prohibits farming out players who receive more than \$4,000 for signing.

The Senators outbid 12 other major league clubs for the youngster after he gave Bluege an eye-popping demonstration of his ability in three semi-pro games at his home town, Payette, Ida. Killebrew batted 12 times and accumulated 12 hits—four home runs, three triples and five singles.

While in school at Payette, Killebrew was voted the nation's outstanding schoolboy quarterback in football and he was voted Idaho's top athlete in baseball, football and basketball. He had a scholastic batting average of .500 for four years.

The sensational youngster, who turned down numerous collegiate scholarships, batted .440 in the semi-pro Idaho-Oregon Border league last season. This year his batting average is a stupendous .847 in the same circuit.

The thing that completely sold Bluege in watching Killebrew was a 435-foot homer. The Senators' farm director immediately telephoned Clark Griffith, the Senators' boss, who gave Bluege permission to "go the limit" in landing Killebrew.

POCATELLO 1, BILLINGS 0
POCATELLO, June 19 (AP)—Billings scored a run in the 10th inning Saturday night to break up a tight Pioneer league pitching duel and defeat the front-running Billings Mustangs 1-0.

Rich Taylor singled in Mickey Taylor with the lone run to tag Jim Dunn with the loss. Dunn and his mired opponent, Lee Smith, both hurled five-hit ball. The win was Dunn's third against four losses. Dunn is 9-5.

Taylor singled to open the 10th, moved to second on Smith's sacrifice and then hustled home on Bergen's rap to left.

Both pitchers had to chuck out of trouble several times. The Ban-nocks loaded the sacks on Dunn in the fourth and fifth, but both times he got out of the jam.

Billings had a runner on third base in the second, third and eighth innings but each time was unable to score as Smith bore down.

Erwin Kromer of the Mustangs and Bergen each collected a pair of hits.

WEBB'S FATHER DIES
NORTH HOLLYWOOD, Calif., June 19 (AP)—Ernest C. Griff Webb, 80, father of Del Webb, co-owner of the New York Yankees baseball team, died Friday night while watching a ball game on television at his home. The senior Webb was born in Eugene, Ore., and in recent years owned a contracting and sand and gravel business in Fresno. He had been ill with heart trouble for six months.

Baseball Must 'Something New' Claims Trautman

COLUMBUS, O., June 19 (AP)—Minor league baseball which has dwindled by 20 circuits in the last few years must build a "better mousetrap" if it is to retain its level. So said George M. Trautman Saturday at the National Association of Professional Baseball leagues discussed frankly the problems confronting the smaller loops.

"It is disturbing," Trautman said, "that in our country's era of great prosperity, our national sport is having trouble."

"We are competing with a powerful agency, I speak of radio and television, the latter with its attractive programs which have created what might be called a multitude of '21-inch' alumni."

"Broadcasting and telecasting of major league games into minor league territory have been heavy contributors to decreased interest and attendance at our games, but these media are not the sole cause."

"Baseball must work harder than it has in the past if it is to get a reasonable share of the recreation dollar. Not only the major league broadcasts hurt us at the gate, but the televised fights on the airways each night while our teams are playing also keep fans from the ball parks."

Trautman went on: "Within the next year or two we must try some revolutionary thing to keep us operating at a high level. I can't tell you what it is, for I don't know just yet. But one thing is certain, we must build a better mouse trap."

"We can't change our product too much, for baseball is just about the same as it was 50 years ago. The movies met the television assault by shifting to 3-D and wide screen innovations. But in baseball it's still 90 feet from home to first base, the pitcher's mound is 60 feet 6 inches from the plate, and the plate is still 17 1/2 inches wide. We can't change those things."

Taking a look at the current season, Trautman said the minors had lost only three clubs—Jackson, Tenn., of the ICKY league, and Tampa and Miami of the Florida International—and that the Shelby club of the Tar Heel loop was "shaky."

"But minor league baseball is still in business, and business is picking up," he said. "As in every season, the stronger teams are picking up in attendance, and the weaker ones are dropping. We started the season with 38 leagues, and we still have 'em."

Al Rosen, slugging star of the Cleveland Indians, is the Ohio distributor of a canned soft drink.

Four Qualify for Publix Tourney

SALT LAKE CITY, June 19 (AP)—Ralph Emery played the Forest Dale course in seven strokes under par Saturday to win first place in the regional qualifying round of the Publix golf tournament.

Emery went two over par, at 74, on the Bonneville course, then turned in his subpar 65 at Forest Dale for a 36-hole total of 139.

Four strokes behind, at 143, was Don Dorton. He had 76 at Bonneville and 67 at Forest Dale. Burt Drownell was third with 144. All three are from Salt Lake City.

Two powerful N.Y. harbor tires couldn't break General Tire

FOUND FOR POUND, General NYGEN is stronger than steel
Torture tests prove its enormous resistance to blowouts!

Two of Moran's electric tug pits the combined pull of 44 horsepower against General Tire with NYGEN Cord. They couldn't budge it and neither can you in ordinary driving conditions.

Mrs. Harvey Pierce Wins Times-News Magic Valley Women's Amateur Tourney

Harvey Pierce fired an 89 Friday to win the Times-News Magic Valley women's golf tournament. Mrs. Pierce shot a 91 on Thursday and her two-day rounds gave her a total of 180. It was the third straight year that Mrs. Pierce has won the tournament and she retained the trophy. Mrs. Joseph Prilucik, Buhl, who was tied with Mrs. Pierce with a 91 on Thursday, fired a 94 Friday to take runnerup honors with a 185 total.

Master Cloud Off to Pioneer Start

Master Cloud, the Cowboys' rookie catcher who joined the team from the campus of the University of Oklahoma, is off to a fast start and is leading the Wrangler hitters. The figure is based on statistics released by the office of the Pioneer league. Master Cloud, who is a native of the Pioneer league, has appeared in four games, has eight times and collected one hit. He has one double and one home run.

McCants Signs With 2 Teams

DETROIT, June 19 (AP)—Howard McCants, a professional football player, has signed contracts with two professional football teams. McCants, who is a native of the Pioneer league, has appeared in four games, has eight times and collected one hit. He has one double and one home run.

Winners

Ann Harper and Mrs. Burton won the Blue women's annual spring golf tournament Friday by defeating Mrs. Ashworth and Mrs. Black 2 and 1. Harper sunk a birdie two strokes to close match.

White Sox Shutout Yankees 3-0; Milwaukee Pounds Pirates 11-2

The second-place Chicago White Sox got a brilliant six-hit shutout job from Sandy Consuegra Saturday to finally win their first 1954 Comiskey park victory over the New York Yankees 3-0. In snapping a four game New York winning streak and moving a full game ahead of the third-place Yankees, the Sox nipped steady Eddie Lopat for one run in the fourth and two in the sixth on Jim Rivera's bases-loaded single.

Rocky's Style No Puzzle To Bruised Ez Charles

NEW YORK, June 19 (AP)—Probably the most accurate and enduring words that have been written or uttered about the big fight up to now were credited to Ezzard Charles, the loser, as he sat in his dressing room a few minutes after his ordeal had ended. Though his face looked as though it had collided with a beer truck, Ezzard took careful stock and said he thought each of his several fights with Jersey Joe Walcott had been tougher than the one just concluded against Rocky Marciano. The champion, Ex put it into these words, and we quote: "With Walcott you've got to think all the time. He's always doing something. With this guy you don't have to think nothing out. You know what he's going to do."

Smallpox Shot Worries Cockell

SEATTLE, June 19 (AP)—A shot in the arm is more fearsome than a sock on the jaw to Don Cockell and might keep the British Empire heavyweight champion from fighting Harry (Kid) Matthews here this summer. Jack Hurley said Saturday Matthews' manager said a smallpox immunization would be necessary before Cockell could gain entry to the U. S. for his third clash with Matthews. When he dropped by last year to win a split decision from the Kid he said the shot in the arm was worse than the fight.

Ed Furgol Wins National Open; Hogan Far Back

SPRINGFIELD, N. J., June 19 (AP)—Crooked-armed Ed Furgol won the 54th National Open golf championships with a dramatic 284 Saturday as the hopes of two young pros, Gene Littler and Dick Mayer, died on the 72nd hole. Furgol had four steady rounds of 71, 70, 71 and 72 over Baltusrol's energy-taxed acres to break Ben Hogan's bid for a fifth championship.

Navy Crewmen Win Regatta; Huskies Third

SYRACUSE, N. Y., June 19 (AP)—Navy's varsity crew ran its victory streak to 20 Saturday by winning the Intercollegiate Rowing association regatta on Lake Onondaga. Navy won after Cornell had won the freshman and junior varsity races. The Navy defeated Cornell by a length. Washington was third. Stroked by Dick Bump, a junior from Delmar, N. Y., the Cornell jayvees avenged two earlier defeats this spring by the favored Navy shell. The middies tried mightily down the last half mile, jumping their beat to 34, then 38. But Cornell gamely held onto the lead it had gained at the two-mile mark.

Here it is!

A NEW, POPULAR-PRICED PICTURE-IN-A-MINUTE CAMERA

JUST OUT!

— the Polaroid Camera that
millions have been waiting for

Today — for the first time anywhere — the remarkable new, popular-priced HIGHLANDER model goes on sale. Now you can enjoy all the fun, the excitement, of making beautiful finished pictures in 60 seconds... for much, much less than ever before.

**Now — Exciting 60-second pictures
cost less than ordinary pictures**

HIGHLANDER pictures can actually cost you less than conventional pictures of equal quality when all the costs of film, developing and printing are totaled. The price you pay for Polaroid film is your *only* cost. And you have your finished pictures in just 60 seconds! Prints are popular wallet-size (2 3/4" x 3 1/2").

You save in other ways, too. You don't waste a whole roll to get one or two pictures. When you see your results right away, you don't make the same mistake twice. You don't take extra shots for fear your first won't come out.

**So light and compact
...it slips right
into your pocket**

It seemed impossible... people said it couldn't be done... but here it is! The miracle of finished pictures in 60 seconds can now be yours with a camera so compact... so lightweight it will slip into your pocket.

**All the copies you want
...No extra charge for jumbo prints**

It's easy to get copies and enlargements of your favorite Polaroid snapshots. They're made directly from your prints by Polaroid's special process. It's quick, it's inexpensive, and you don't have to keep track of negatives. You can get jumbo copies (3 1/4" x 4 1/4") for the same low price as the small size.

Snap it!
60 seconds later...
there's your picture!
No tanks — no liquids
— comes out dry!

Wonderful fun...

Remember the thrill you got last time you went to the store, opened the package, and saw your finished, developed prints? With this camera you get that thrill every time you click the shutter! In just 60 seconds you lift your snapshot, completely finished, from the back of your Polaroid Camera. You can enjoy it, show it to your friends, right there on the spot.

Wonderful pictures...

Sharp, clear — they rival the best and will be yours forever! Right away you know how they came out. If you miss a shot, correct and snap again. You don't have to wait 'till you're home from vacation to discover your mistake. Your Polaroid Camera will make all your picture-taking so easy, so sure, so much more fun, that you'll take it everywhere.

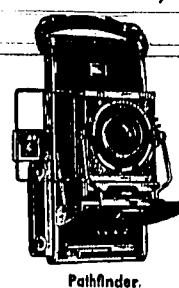

\$69.95 As little as \$7.00 down

(Price includes federal tax. Flashgun extra.)

THE Highlander

Check these advantages

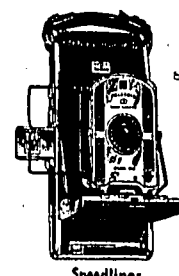

- ✓ **Permanent Pictures from a brand new kind of 60-second film.** They'll be the best you've ever taken — backed up by Polaroid's famous Guarantee. If you're ever dissatisfied with the results from any roll, send the prints to Polaroid and receive a new roll free!
- ✓ **A camera anyone can use.** No tanks or liquids. Just drop the film in. No complicated f stops. A single dial automatically selects best lens and shutter combination. New long-base viewfinder frames pictures exactly — even if you wear glasses.
- ✓ **Good pictures anywhere — anytime.** Top quality coated lens insures needle-sharp pictures, indoors or out, rain or shine. Dark days are no problem with the high-speed film used in the HIGHLANDER.
- ✓ **Flash pictures a cinch!** Clip-on flashgun: No wires to plug in. Built-in exposure guide figures settings for you automatically.

Pathfinder

THE PATHFINDER

The aristocrat of 60-second cameras. Coated, f/4.5 lens, nine shutter speeds from 1 second to 1/400th. Synchronized for both electronic and regular flash. Coupled rangefinder with extra large focusing knob assures pin-point accuracy. **\$249.95**

Speedliner

THE SPEEDLINER

The new improved model of the original Polaroid Camera that made picture-in-a-minute photography famous. A medium-priced all-purpose camera ideal for family use — perfect for thousands of business uses. Makes jumbo 3 1/4" x 4 1/4" prints. **\$89.95**
