Country Can Save Lives! Be an Example!

Congress to OK Bid to Maintain Business Taxes

WASHINGTON, Jan. 6 (U.P.)—Congress will go along with President Eisenhower's request to keep federal sales and corporation taxes at their present levels for another year.

Key lawmakers in both parties and both houses today were agreed on this. They said there will be little or no difficulty in extending the business taxes—and thus saving the treasury three billion dollars—as requested by Mr. Eisenhower in his state of the union message yesterday. This means excise tax rates on such items as liquor, gasoline, cigarettes, cosmetics and furs would continue at their present rate after April 1 although they originally were scheduled to decline then. The tax rate on corporation income would continue at 52 per cent.

Farm Prices Declines Still Seen in State

BOISE, Jan. 6 (U.P.)—Farm prices continued a gradual decline in Idaho during December with the biggest drops in livestock, the U. S. department of agriculture reported today.

The department said slight increases in the price of grains, dry beans, milk and eggs were reported. It said the average price of potatoes and hay remained unchanged.

Index Drop Reported
The index of prices Idaho farmers were receiving for their products dropped one per cent from mid-November and 13 per cent from December a year ago.

The livestock price index dropped three per cent from a month earlier and one per cent from a year earlier. The index of prices for all crops distinguished from commodities remained unchanged from a month earlier but dropped 15 per cent below December, 1954.

Beans Gain
The department said the biggest gain was made by dry beans which were up 10 cents per hundredweight from November. However, the average price of commercial beans was unchanged.

Farmers got less money in December for market apples, hogs, cattle, lambs and chickens. Farmers paid slightly less for feed. The egg-fed price relationship was a little better for farmers.

'Wishing Well' Aids Polio Drive

The Twin Falls Exchange club has placed a "wishing well" on the intersection of Main and Shoshone streets to collect contributions for the 1956 March of Dimes from pedestrians. From left, Robert Howe, chairman of the club public affairs committee; E. H. Hoop, Exchange club president; and Merritt Greeling, director of the county campaign, make the first donations. (Staff photo-engraving)

Chamber Asks Storm of Protest On Airline Plans to Cut Service

Directors of the Twin Falls Chamber of Commerce Friday called for a "storm of protest" on United Air line plans to discontinue the Salt Lake City to Boise daily shuttle service effective Monday.

During discussion at the directors' weekly meeting, it was pointed out the community must give this "storm of protest" to insure some defense for reference in a later hearing.

Officials of the airline have reported the discontinuance because of a shortage of airplanes. The company recently has been certificated to serve several large cities across country. To accommodate the commitments several other flights in addition to the daily Twin Falls service have been abandoned. Airline officials, however, say the service will be renewed as soon as airplanes have been purchased.

Abandoning the run will not only handicap businessmen who are able to go to either Boise or Salt Lake City, complete their business and return the same day, but will make all airmail 24 hours late. Kenneth Montgomery, chamber secretary manager, told the directors.

Starting Monday the city airport will have no morning flights. The discontinued flights left at 7:05 a.m. and 7:35 p.m.

Clifford Smith, 1956 chairman presided over his first meeting and introduced Randolph Theibold, Electrical Products company.

Montgomery reminded all Chamber of Commerce members to make their reservations for the annual lunch banquet to be held at 7:30 p.m. next Wednesday in the American Legion hall.

Farm Institute Is Headed for Final Sessions

RICHFIELD, Jan. 6 — The Richfield Farm Institute went into its final session Friday afternoon at the Rex theater, with farmers from three Magic Valley areas attending.

Friday's program opened at 9:30 a.m. with the showing of a film on the alfalfa weevil; a talk by Idaho state Police Lieut. Clark Hand and an address by Lawrence V. Rubel, Jerome, president of the Magic Valley Veterinarians association.

A dinner was served at noon by the Richfield Grange women after which V. D. Kennedy, extension farm management specialist from Boise, was scheduled to discuss social security. Another speaker, Fred J. Painter, university extension specialist and Roger Erb, Twin Falls, field auditor of the state income tax division.

The first session Thursday opened with the showing of a film by Howard Manning, Lincoln county agent. Two first day speakers were Charles G. Painter, university extension specialist and Roger Erb, Twin Falls, field auditor of the state income tax division.

Painter's topic was "More Food from Fewer Acres," in which he pointed out that a combination of good seeds, proper fertilization, adequate irrigation and the combating of weeds would assure greater production per acre.

Reviewing the Idaho state income tax forms, Erb, the second speaker, gave instructions on how the forms are to be filled out by taxpayers.

Musical numbers were presented by the Richfield high school music department under direction of Charles Brown. Master of ceremonies was Ben Haubrich, veterans vocational agricultural teacher at Richfield.

The two-day sessions are being sponsored jointly by the Richfield Lions club and the Richfield Grange. Farmers in attendance came from Richfield, Dietrich and North Shoshone.

Man Facing 4 Charges After Burley Chase

BURLEY, Jan. 6 — Keith Cunningham, 24, Burley, is being held in the Cassia county jail with four charges against him as a result of a complicated series of events Thursday night and early Friday.

The charges are assault and battery, resisting arrest, running through a stop sign and grand larceny in the theft of an automobile.

Cunningham, when arraigned before Probate Judge Henry W. Tucker Friday morning, reserved his plea and was placed under \$2,500 bail. Unable to post bond he was sent to the county jail.

The series of events started Thursday evening when Cunningham called on Mrs. Pauline Mehrer, Mrs. Mehrer told police Cunningham had called on her once before and had broken down a door. She said that rather than have the door broken again she unlocked the door. She told police Cunningham beat her and later swore out a warrant to that effect.

Mrs. Mehrer said she escaped from the house and ran to her car, driving to the home of some friends. There, she said, Cunningham pointed on the door again and the police were called. Cunningham was not around when the police arrived so they took Mrs. Mehrer to Judge Tucker's home where she swore out the warrant. Upon returning to her home, Mrs. Mehrer discovered her automobile had disappeared.

Later police stopped the automobile as it was driven through a stop sign. They gave chase, running it down in three or four blocks but, they reported, it took 30 minutes to get handcuffs onto Cunningham.

Plan Sought

WASHINGTON, Jan. 6 (U.P.)—Wheat growers from seven states have urged Secretary of Agriculture Benson to adopt a "two-price plan" for wheat.

Growers from Nebraska, Kansas, North Dakota, Illinois, Oregon, Washington and Colorado were called here by Benson for a two-day conference which ended yesterday.

Russian Payment Asked for Plane

WASHINGTON, Jan. 6 (U.P.)—The United States today demanded that Russia pay \$724,047.68 for Russia's "entirely unprovoked" and "illegal" shooting down of an American navy plane over the Bering sea last June.

The amount was demanded by Secretary of State John Foster Dulles in a long note delivered to the Soviet embassy this morning. The note was made public later by the state department.

Shortly after the June 22 incident, Moscow offered to pay 50 per cent of the damages involved in the plane's destruction. Dulles said the damages totaled \$1,440,095.36 and that Russia's share would be half of that.

TALKS BEGIN

WASHINGTON, Jan. 6 (U.P.)—The United States and West Germany today began talks on sharing atomic data and materials for peaceful purposes.

Flood Threatening Carey as Reservoir Fills With Runoff

CAREY, Jan. 6 — With memories of floods in 1918 and 1952 still vivid in their minds, residents of the Carey area Friday watched the Little Wood river reservoir with apprehension as water lapped along the top of the dam's spillway. The reservoir has filled completely in a little more than two weeks and runoff water still is pouring into the enclosure.

Officials of the irrigation company and Watermaster Ross Stanford report gates to the dam have been opened but that water is pouring into the reservoir faster than it can be drained off. Recent rains and heavy snows, coupled with warm weather, are blamed for the condition.

Water is expected to spill over the top of the dam at any moment and residents of the area are fearful of a repetition of the disastrous floods of recent years. The situation is further complicated by an ice jam in the east channel of the river four miles south of Carey. The ice jam is preventing irrigation officials from fully opening the gates to the dam to drain the water off faster.

The jam, once water spills over the dam, also could back water up over a wide area and completely inundate much farmland.

The capacity of the reservoir is only 12,000 acre feet but all water was drained from the enclosure in September to permit repairs to the dam. By last Dec. 22 only 2,000 acre feet had come back into the reservoir.

It was on Dec. 22 that the first heavy storm hit the area and in 24 hours the reservoir contained 4,000 acre feet. As the downpour continued the water level rose and by the end of the period 8,000 acre feet were impounded behind the structure. Since more water was pouring into the reservoir, officials of the irrigation company opened the gates but the drawoff could not compete with the inflow.

Although Carey received snow in another storm on Wednesday and Thursday, the snow was wet and heavy. Continued warm weather has melted considerable snow in the watershed for the reservoir.

Fish creek reservoir, with a capacity of 100,000 acre feet, is also overflowing.

Pacific Northwest Is Hit by Bad Weather

By United Press
Endless rains, mud slides, and hurricane force winds spread more havoc through the Pacific Northwest today. A mud slide demolished a new \$20,000 home outside Seattle, Wash., burying a 10-year-old girl. More rains pelted sodden northern California, but a return of the killer floods was not expected.

Elsewhere, a cold wave dumped temperatures as much as 38 degrees in Montana and North Dakota and a surge of southern air boosted the mercury to record heights in the Midwest.

The mud slide near Seattle yesterday hit the side of a home in suburban Lake City and rolled through it. Heather Sneddon, 10, was sleeping when the mud poured into her bedroom. She was completely buried, but saved herself by burrowing under her bedclothes. This created an air pocket which lasted long enough for her father and a neighbor to dig her out.

Vancouver Island was racked by hurricane force winds which ripped the roofs off five homes and battered in a 200-foot section of seawall.

In British Columbia, the black top Campbell's main street, the "wash-out" of a four-lane bridge still blocked traffic on U.S. 99 north of Vancouver, Wash., but army engineers hoped to string two 80-foot "Baldy bridges" across swollen Salmon creek today.

Heavy rains continued to pound the area today, with Astoria, Ore., measuring 1.53 inches in six hours. The weather was completely different from eastern Colorado and western Kansas southward to Texas panhandle.

These freak winds dried the air so much that humidity was below 10 per cent. Denver humidity measured four per cent, far below that of most desert regions, and weathermen feared the extreme dryness would open the way for dust storms later.

Farther north, Canadian cold sent the temperatures from 42 to 4 above zero at Havre, Mont., and from 25 to 1 above at Williston, N.D.

The cold was expected to move eastward today, routing record January warmth-in-lows and easterly winds in the Midwest.

The winter "heat wave" set Jan. 5 records in eight Iowa cities.

\$30,000 Paid Out on Idaho Spud Surplus

WASHINGTON, Jan. 6 (Special) — Idaho potato growers have received almost \$30,000 under the department of agriculture's potato diversion program since it began a month ago, USDA reported yesterday.

Gem state growers have diverted 100,823 hundredweight of potatoes exceeding U. S. No. 2 standards, for payments at 50 cents a hundredweight, for a total payment of \$29,463, USDA said.

The diversion program was announced in September and began on Nov. 30. The USDA figures cover the period up through Dec. 31.

Funds for the diversion program come from a congressional appropriation passed in 1955 and designed to equal 30 per cent of the yearly receipts from general tariffs.

In 1949 congress further specified that part of these funds, called "section 37" funds, may be earmarked for the surplus removal program of perishable items such as potatoes.

USDA revealed that a tentative authorization of 3 million dollars has been accorded Idaho potato growers during the rest of this year's program which ends next March 31. The figure may be revised if necessary.

Farm Bureau Outlines Plan of Campaigns

JEROME, Jan. 6 — Plans for the forthcoming 1956 state-wide membership drive of the Idaho Farm Bureau were outlined Thursday night by Lester Reinke, chief, chairman of the state organization committee.

Reinke spoke at an organizational meeting of the Jerome county Farm Bureau in the Jerome city hall. Nils Taylor, Twin Falls, field manager of the Idaho Farm Bureau federation discussed plans for the membership drive captains' meeting in Burley Wednesday. He said between 350-400 team captains from all parts of Idaho would attend.

The meeting at Jerome was the last of several held in Magic Valley communities in recent days. The Twin Falls Farm Bureau met at the county farm bureau office Wednesday with 28 members present. All bureaus have set quotas and elected team captains.

Taylor told the Jerome unit the statewide meeting in Burley would begin promptly at 9:59 a.m. in the LDS tabernacle. He said three prominent speakers would be on hand.

Chief speaker will be George Wilson, president of the California Farm Bureau and member of the board of the American Farm Bureau federation. Other speakers will be Leonard Johnson, Salt Lake City, and William McAlexander, Denver, both field representatives of the American Farm Bureau federation.

After Reinke and Taylor had outlined the membership drive program, Mrs. Harry Peterson, Hunt, was elected chairman of the Jerome county organizational committee.

Among those present were Mr. and Mrs. Peterson, Mr. and Mrs. Carl Butler, Mr. and Mrs. Lyle Anderson and Frank Yamagata, all Hunt; Roger Plala, Bill Kohls and William Butler, all Jerome; Art Bruns, Eden, and George Talley, Hazelton.

Police Arrest 16th Man for Morals Count

BOISE, Jan. 6 (U.P.)—Ada County Prosecutor Blaine Evans said today Mel Dir, a Boise insurance man, had been arrested in San Francisco on a morals charge involving a 17-year-old boy in Boise.

Dir, the 16th man apprehended since the beginning of a morals investigation here last October, was arrested by Ada County Sheriff C. L. (Doc) House in a San Francisco hotel, Evans said. He was charged with committing an infamous crime against nature. It was not immediately known if Dir would waive extradition and permit himself to be returned to Idaho for prosecution.

Four men previously arrested on similar charges were to appear in Ada district court this afternoon.

Joe Gough, 33, was to appear to enter a plea. His case was continued Dec. 23 over the objections of Evans.

James W. Sales, 33, who was arraigned last week, was also scheduled to plea today.

Arraignments were set for Alma Farnworth, 31, and Thomas Dillon, 34, both Caldwell.

Charges Filed As Teen-Ager Car Hits Man

A teen-age motorist was cited for failure to yield the right of way to a pedestrian after the car he was driving struck Dr. G. Isaac, 59, Twin Falls dentist, Thursday.

Dr. Isaac was reported in "good condition at Magic Valley Memorial hospital Friday morning. He was treated for scalp lacerations and head injuries after he was struck by a car driven by Jack R. Palmer, 1312 Eighth avenue east, at 5:50 p.m. Thursday.

Police said Palmer was in the inside lane of Main avenue, passing a vehicle which was yielding the right of way to Dr. Isaac in the crosswalk at Third street north.

Reinold Matthews, 39, Providence, Utah, driver of a truck that was blamed for the collapse of a steel bridge on U. S. highway 30 near Murtaugh Tuesday, was fined \$100 and \$3 costs Thursday in Kimberly justice court. He pleaded guilty of negligent driving after he was cited by State Patrolman M. J. Bays, Jr.

Richard Bridge, Dietrich, and Gall Burglyn, Dietrich, were fined \$15 and \$3 costs in the city of Shoshone. The two were arrested New Year's eve by Sheriff Thomas Conner as they were racing about town.

Josef W. Palat, Buhl, was fined \$5 and \$3 costs Thursday in Twin Falls justice court when he pleaded guilty to a charge of speeding. He was cited by state police on Highway 30 three miles west of Twin Falls driving 60 miles an hour after dark. The state night limit is 55 miles an hour.

Warren Wubker, Twin Falls, was fined \$10 Thursday by Jerome Police Judge Russell Shaud on a charge of running through a stop sign. Judge Shaud also fined Olin Bean, Wendell, \$10 on a charge of running through a red light.

Betty Jordan, 23, Ventura, Calif., was cited for speeding.

Wet, Warm

More unseasonal weather is predicted for Magic Valley in the five-day weather forecast received Friday via Associated Press.

"No winny snows," said the AP reporter, reading this report:

"Precipitation above normal with frequent showers through Wednesday, snow in higher elevations. Temperatures above normal in southern Idaho, highs averaging 32 to 42, lows 24 to 34." (Probably.)

Wet, Warm

"No winny snows," said the AP reporter, reading this report:

"Precipitation above normal with frequent showers through Wednesday, snow in higher elevations. Temperatures above normal in southern Idaho, highs averaging 32 to 42, lows 24 to 34." (Probably.)

Confab Slated

WASHINGTON, Jan. 6 (U.P.)—Secretary of State John Foster Dulles will fly to Karachi, Pakistan, for a March 2 meeting of Manila pact nations to devise new strategy against Communist moves in the Far East, the state department announced today.

The meeting, scheduled for March 6, will be the second held by foreign ministers of member nations of the Southeast Asia Treaty Organization. The first SEATO council session was held in Bangkok last February.

Space Flight in 45 Years Is Predicted

Coast-to-coast jet airliner service in four and one-half hours within four years and interspace travel by the end of the century were predicted here by an airline official Thursday night. Speaking at the annual ladies night banquet of the Twin Falls Kiwanis club in the American Legion hall, R. F. Dorsey, United Air lines official, asserted that by May, 1959, his firm would inaugurate jet airliner service on a transcontinental basis.

The transports would spar the continent at cruising speeds of 550 miles per hour.

Dorsey, who heads ground stations for UAL from his Denver headquarters, traced the history of aviation from the era in which a 30-hour coast-to-coast flight cost \$1,200. Today, he noted, the relatively brief flight costs air passengers about \$90 plus federal tax.

Noting the importance of aviation in the United States, Dorsey told Kiwanians and their guests that "between 8 and 9 o'clock tonight there are 680 air transports from all airlines aloft, carrying some 25,000 passengers."

The emphasis on air travel will increase, he believes, to the point where man will leave his own atmosphere to explore interstellar space.

"Within the next 45 years, by the year 2000," he predicted, "interstellar space travel at speeds of 25,000 miles per hour will be a reality."

In closing, Dorsey lauded the community efforts of A. S. Cutting, UAL's Twin Falls manager and newly-elected Kiwanis president. It is the ut time's policy, he noted, to

Russia Offers Technical Aid For U. S. Ally

MOSCOW, Jan. 6 (U.P.)—Russia today officially confirmed an offer of aid to the Negro republic of Liberia on the west coast of Africa.

It also sent its first ambassador to the African nation of Libya in a two-fold demonstration of new Soviet activity in Africa.

Statement Given
A foreign office spokesman said Russia "has expressed readiness to grant technical aid to Liberia if Liberia herself indicates any desire in this respect."

(Liberia, founded in 1847 on the African west coast by freed American slaves, already receives point four American aid. It provided U. S. ships during World War II. English is the official language. United States currency is legal tender.)

T. F. Firm Given Nevada Contract

CARSON CITY, Nev., Jan. 6 (U.P.)—The state highway board today awarded a \$876,603 contract to Hoops Construction company, Twin Falls, Ida., for construction of a Clark county road project.

The Twin Falls firm submitted the low of eight bids on the project which calls for construction of a portion of the secondary highway system on route 548 between a junction with highway 91, twelve miles south of Las Vegas and Henderson. It involved 11.18 miles of road.

The winning contractor will have 240 working days to complete the project from the time a "notice to proceed" is issued.

Busv Stork Breaks up Club's Gift-Plan for Members' Tots

A too-busy stork whose activities dented the Kiwanis club's treasury has put an end to subsidies for Kiwanis babies.

"Announcement of the end of the \$10 savings account plan for new arrivals at Kiwanis homes came from Dr. Joseph W. Marshall as he presented a bank account to Claude Brown, Jr., for his fifth child. The presentation was made at the club's annual ladies night-banquet Thursday in the American Legion hall.

Dr. Marshall told the club "after careful review of the club's financial condition it was thought that in the best interest of economy the practice be discontinued."

Kiwanians inaugurated the plan more than a year ago and eliminated the custom of new Kiwanis fathers distributing candy and cigars. The club has launched the financial careers of about 20 youngsters since that time.

Henceforth, Kiwanians will observe their latest family arrivals with the traditional custom of cigars and candy for their 100 fellow members.

Survey

Several traffic counters have been placed on Twin Falls streets by the state to make a traffic survey in the city.

Purpose of the project is to determine if it is possible to pass through the city in the easiest manner. Little more is said.

City Manager Joseph Latimore reported this survey "is being sponsored by the city, the state and the Chamber of Commerce, which has set up a special committee for the study."

Truck Debris Is Cleared by Bridge Crews

Workers of the LeGrand Johnson Construction company succeeded Thursday in their attempt to remove a diesel tractor and lo-boy trailer loaded with a Lima dragline from the steel bridge on U. S. 30 near Murtaugh. The span across the mainline canal had collapsed Tuesday when the dragline boom struck one of the supporting girders as the equipment started down the incline to board the bridge.

State Policeman M. J. Bays, Jr., said the salvage operation was finished about 1 p.m. He said another lo-boy trailer was backed up to the one on the bridge loaded with the dragline.

After cutting girders wrapped around the dragline housing with an electric cutting torch, the heavy equipment was winched onto the other trailer. The damaged truck and trailer were then removed from the bridge.

Sheriff James H. Benham said Thursday night that the Idaho state highway department had asked authorities to request all vehicles weighing over 20,000 pounds to refrain from using the steel suspension bridge on highway 74 near Hamersen.

Benham said truckers were hesitant in using the detour on U. S. 30 around the Murtaugh bridge as the country roads were becoming swampy because of unusual amounts of traffic.

The Hansen bridge, once one of the highest steel suspension spans in this part of the country, has a load limit of 10 tons. The highway department feared the bridge might also collapse under the added weights.

Cougar-Hunting Team Does It Again: Takes 200-Pound Cat

The cougar hunting team of Warwick (Bud) Bennett and Floyd Sharp with the help of their seven hounds ran down and killed a 200-pound cougar Monday and a smaller one Tuesday.

The men and hounds have taken eight cougars in the past 32 days. The 200-pound male cougar wouldn't "tree" Monday and elected to fight it out with the hounds on the ground, Bennett said. One of the young dogs was bitten severely and nearly drowned in the fight which took place near and in a beaver pond in a canyon.

During the fight Bennett ran to within a few feet of the cougar and fired a .22 caliber bullet into the back of its head. The shot must have glanced—from the animal's skull as it quickly turned and faced Bennett.

Before Bennett could fire again or the cougar spring, the hounds seized the big cat and its attention was turned, from Bennett to the dogs.

Three more shots from the 22 pistol ended the fight for the cougar. When skinned the pet measured over nine feet in length. The animal's (Continued on Page 2, Column 4)

Red Cross to Hike Amount Of Flood Aid

SAN FRANCISCO, Jan. 6 (AP)—The Red Cross again has increased the amount of money it expects to spend on victims of the Christmas week floods.

Cecil H. Davis, director of Red Cross relief operations, said yesterday the Red Cross may have to spend about eight million dollars to help a total of 10,000 families.

Earlier, Red Cross officials expected to spend six million dollars and to help 6,000 families. They later raised the figures to seven million dollars and 9,000 families.

Davis said the Red Cross has helped more than 42,000 persons since the floods struck northern California two weeks ago. The Red Cross has spent \$650,000 and has already pledged \$288,000 in rehabilitation grants.

Only Beginning

"And we have only begun the rehabilitation work," Davis said. Of the expected eight million dollars expenditure, Davis said, at least 80 per cent or \$6,400,000 will be used for grants and the rest for emergency help.

Latest Red Cross reports show at least 30,000 families materially affected by the flood waters, 987 homes destroyed and 13,000 dwellings damaged.

Stations Manned

Davis said 232 Red Cross disaster workers are manning their stations in the flood stricken counties.

Eight emergency shelters and nine canteens are operating in the Yuba City-Marysville area. The Red Cross is feeding 3,000 flood refugees a day there.

In addition, Davis said, planes are continuing to drop food and medical supplies to six families marooned by flood waters in the Salmon creek area of Humboldt county.

Refusal Over Transfer for Prisoner Hit

LOS ANGELES, Jan. 6 (AP)—George T. Davis, attorney for convicted spy Garry Chessman, said he is "confused and consternated" by Federal Judge Louis E. Goodman's refusal to transfer the prisoner from San Quentin to Alcatraz.

Davis said Goodman himself originally made the offer and "Chessman and I consented to it."

"My reaction now is one of confusion, consternation, contradiction, chaos and frustration," Davis said.

"The consent of Chessman and myself to the transfer to Alcatraz was definitely a consent to the offer made by the court. The only words in addition were for the purpose of spelling out exactly what the courts had offered."

"Obviously we could hardly give a blanket consent to action that might result in dropping Chessman through the trap and into a hole."

Davis said he has told Chessman to "stand by" for instructions to send a telegram to Judge Goodman "telling his consent to the transfer without equivocation or mental reservation."

He said he has talked with Warden Paul Madigan about use of a typewriter for the author-convict, sentenced to the death penalty as the "red light" bandit-rapist of southern California.

"I am also making a call to the director of federal prisons to further clarify conditions which may be expected by Chessman if and when he arrives at this U. S. equivalent of 'Devil's Island,'" Davis said.

Employees of T. F. Plant Set Safety Record for Road

From July 20, 1954, to Oct. 29, 1955, the four salesmen of the Twin Falls Swift and company dairy and poultry plant have driven 185,000 miles without an accident charged against them.

For this achievement the main office of the company in Chicago has presented the local plant a safety certificate.

The salesmen, Ephraim Dutt, Wilbur Wilson, Vern Elstinger and Lynn Knutson, indicate they intend to chalk up a similar record this year.

This is one of the awards given by the company to keep its employees safely-conscious both in the plant and on the road.

Chilean Leader Declares Siege

SANTIAGO, Chile, Jan. 6 (AP)—President Carlos Ibanez's government declared a state of siege over the major part of Chile last night after adjourning congress.

The modified-martial law is to be the president's answer to a Central Labor union call for a nationwide strike Jan. 9 to force the government to abandon its plan to freeze wages, prices and pensions for civil servants. Congress approved the freeze Wednesday.

The president, under the Constitution, can adjourn congress at any time he wishes when it is in extraordinary session. With congress out of the way, Ibanez is in a position to declare a state of siege without congressional approval.

Egypt, Yugoslavia Keep Pact Stand

CAIRO, Jan. 6 (AP)—Egypt and Yugoslavia stood firm today on their determination to steer clear of world military pacts.

Marshal Tito of Yugoslavia and Premier Gamal Abdel Nasser reaffirmed their countries' refusal to align themselves with either East or West in a joint communique issued yesterday. The communique was issued at the conclusion of Tito's week-long official visit to Egypt.

The communique said their policy of non-alignment will help relax international tensions. It said that military pacts lead to "suicidal" entanglements among nations.

Reports Made

SHOSHONE, Jan. 6—Business reports were made at the meeting of Rotary club Wednesday noon.

A report on the Dec. 29 ladies' night banquet was made by Leonard Daugherty and Ralph Smith gave the secretary's report. Howard Adkins reported on the birthday fund and Edle Grosse reported on a project for inviting guests to various club meetings.

Team Event Slated

HANSEN, Jan. 6—Members of the Modern Woodmen of America lodge decided Tuesday to send a ritual team to represent the Hansen and Twin Falls district at the convention in March in Pocatello. New gowns for the rituals will be furnished.

Mr. and Mrs. Wayne Smith were hosts. The district contest rifle shoot will be held January 17 at the Hansen Woodman hall.

Two Initiated

SHOSHONE, Jan. 6—Initiation services were held for a candidate from Richfield and one from Jerome at the IOOF meeting Tuesday.

Joint installation services were announced for Jan. 17 for officers of Odd Fellows and Rebekah lodges. The regular meeting will be held at 7 p.m. that night at the IOOF hall. Installation ceremony will be held at 8 p.m.

MOTORIST KILLED

RATHDRUM, Jan. 6 (AP)—A young man, identified from papers on his body as Richard Ellis Stokes, 20, Spokane, was killed last night when his car ran off the highway about five miles west of here.

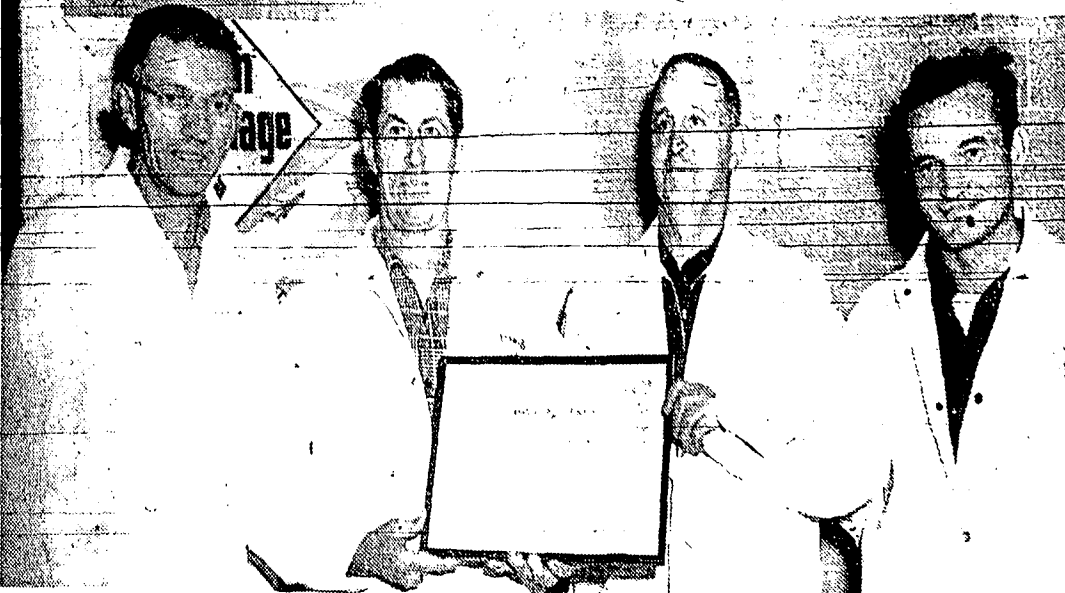

FREE TRANSPORTATION TO THE HORSE-SHU

DAILY SCHEDULE
Bus leaves Twin Falls at 8:30 p.m. and 4:30 a.m. Last return trip at 11:00 p.m.

SUNDAYS AND HOLIDAYS
Bus leaves Twin Falls at 8:00 P.M. and 4:30 P.M. Last return trip at 11:00 p.m.

Bus leaves from
OL' JOE'S ATOMIC SERVICE

Greyhound Bus Depot

Honored for Safe Driving Record

The main office of Swift and company, Chicago, has presented the Twin Falls office a safety award for a 185,000-mile safe driving record. From left, Ephraim Dutt, Wilbur Wilson, Vern Elstinger and Lynn Knutson, the four drivers who are responsible for this record, pose with the award. The men are predicting a similar plaque in another 185,000 miles. (Staff photo-engraving)

American Prosperity Causes Some Demos Dislike Ike's 1956 Report

NEW YORK, Jan. 6 (AP)—All this prosperity everyone is talking about today means that America keeps hoisting its standard of living with new gadgets and more and better goods.

And each time it does, seems like it creates a new problem.

Jet planes go faster. But they call for new techniques in metal-working and new alloys or they melt. And they have created the problem of how to cut down on the noise and what to do about the old smaller airports.

"Wrap-around windshield are popular with motorists—except when it rains. Then the old style windshield wiper finds the going rough around the curves, so an innovation—the word golfer Ben Hogan says explains how he corrected his hook—is applied to a wiper using a kind of wrist and elbow motion.

Smaller homes save steps and expense—but the generously scaled furniture you inherited won't fit them. New furniture fashions are born—convertible beds stand in living rooms, transistors replace radio tubes and printed electrical circuits replace the maze of wires.

Business office techniques—spawn of personnel management, pension plans, overtime scales, union dues checkoffs, withholding taxes, multi-

Remaining Quad Gaining Strength

LANCASTER, Pa., Jan. 6 (AP)—Tiny Norman Charles Hohenwarter, only survivor of quadruplets born to a clerk's wife on Monday, regained some of his strength today and physicians gave him a fair chance to survive.

A spokesman for Lancaster General hospital said the infant, who weighed into the world at four pounds, one ounce, has been taking lactose water every three hours.

"The boy is holding his own, quite well, in fact," the spokesman said.

The encouraging news came after the infant had taken a turn for the worse yesterday.

The three quads who had died the day after their birth were buried yesterday in a simple graveside ceremony at St. Joseph's Roman Catholic cemetery here.

Emergency Move Is Termed Illegal

AMMAN, Jordan, Jan. 6 (AP)—The Jordan supreme court has ruled that the dissolving of parliament last month was unconstitutional.

The court's decision was unanimous and binding, meaning the life of the old parliament is extended.

Its dissolution was ordered Dec. 20 after riots throughout the country protesting Jordan's possible membership in the British-backed Baghdad alliance.

Oaths Taken

KING HILL, Jan. 6—Lawrence Berni, Karl Narman and William Knox were sworn in as directors of the King Hill Irrigation district Tuesday afternoon.

Wilbur Wilson was elected chairman of the board and L. S. Utlican was elected vice chairman. Terrell Foster was reelected secretary-treasurer. Ted Moore was rehired as manager. George Davis as foreman and Lynn Sherman as clerk.

Panel to Meet

SHOSHONE, Jan. 6—The advisory board for grazing district No. 5 will act on spring grazing permits, range adjudications and range improvements at a meeting at the bureau of land management office at 9 a.m. Jan. 24 and 25. John A. Keith, district range manager, reports.

The meeting may extend into a third day, Keith added.

Bonn Papers Hail Address, Aid Program

BONN, Germany, Jan. 6 (AP)—The West German press unanimously praised President Eisenhower's state of the union message today—especially his call for international aid and reunification of Germany.

The independent West of Hamburg praised Mr. Eisenhower's emphasis on "the fulfillment of American responsibility toward the rest of the world—a responsibility that weighs heavily on the United States since it became the leading nation of the free peoples."

The conservative Allgemeine of Frankfurt saw in the message signs of anxiety about current trends in the cold war.

"There is a noticeable feeling that it was not the West but the Soviets who profited from the military relaxation of tension since the July summit conference," the paper said. "If Soviet policy now has switched to 'division, entrenchment and duping' those are age-old methods of policy. The recognition that it no longer is possible to meet them with military blocking actions through a system of pacts is one of the most important parts of the President's message."

The independent Anzeiger of Cologne welcomed the President's request for authority to plan foreign economic aid several years ahead.

The independent General-Anzeiger of Bonn said the message "can be interpreted as a reply to the supreme Soviet's challenge to political, economic and ideological competition in the areas of Asia and Africa which are not yet subjected to Communist domination."

Services Held for Man in Shoshone

SHOSHONE, Jan. 6—Funeral services for F. A. Harrison, former Shoshone resident, were held Wednesday morning at Bakerfield, Calif.

Mr. Harrison 67 died there Jan. 1. He lived in Shoshone several years prior to 1920 and still has relatives living in the area.

Survivors include two brothers, Bert Harrison, Strathmore, Calif., and R. P. Harrison, Mountain Home, four sisters, Mrs. Fred Martin and Mrs. H. C. Livingston Shoshone, Mrs. Sherman Goffman Richfield, and Mrs. Pearl Carlson, Bakerfield, Calif.

Events Reported

OAKLEY, Jan. 6 (AP)—Mrs. J. J. McLaw, Joseph McLaw and Nils Huntsman attended funeral services for Chris Armstrong in Pocatello Tuesday.

Mrs. Edward Warr has been released from the hospital at Logan.

Holiday Message Of Ike Rebuffed

LONDON, Jan. 6 (AP)—Moscow radio said today the Communist-dominated countries of east Europe had "unanimously rebuffed" the Christmas messages sent them by President Eisenhower and other U. S. leaders.

Soviet Communist party chief Nikita Khrushchev already has personally attacked Mr. Eisenhower for the messages Khrushchev called "crude interference" in the affairs of the east-European states.

In the messages the President, Secretary of State John Foster Dulles and other American leaders expressed hope the east European nations once again would be free.

Big Order Placed

CASPER, Wyo., Jan. 6 (AP)—Pacific Power and Light company said it has placed a \$5,000,000 order with General Electric company to provide a 100,000-kilowatt turbogenerator and other equipment for a steam generating plant in Wyoming.

Police Report on Pair of Accidents

SHOSHONE, Jan. 6—Two accidents here Sunday Police Chief Jack Meyers reported Thursday.

A 1954 Plymouth driven by Michael Walter Wallace Salt Lake City, collided with a 1951 Chevrolet driven by Wilbur Latham Shoshone on U. S. Highway 93 within the city limits of Shoshone. Damage to Wallace's car was estimated at \$150 and damage to Latham's car at \$200.

A similar accident happened on Highway 93 within the city limits of Shoshone between a 1951 Chevrolet driven by Douglas Alan Honor, Hollywood, and a 1948 Ford driven by Fred E. Hutches Shoshone. Approximate \$200 damage was done to the Chevrolet and \$50 to the Ford.

Services Held for Man in Shoshone

SHOSHONE, Jan. 6—Funeral services for F. A. Harrison, former Shoshone resident, were held Wednesday morning at Bakerfield, Calif.

Mr. Harrison 67 died there Jan. 1. He lived in Shoshone several years prior to 1920 and still has relatives living in the area.

TUCKER'S NATIONAL WHIRLIGIG

WASHINGTON—Thomas E. Dewey's new role at Washington as counsel for a great airline, now engaged in several international and political controversies, threatens to remove him from active participation in Republican affairs. It most assuredly dooms him as even a remote presidential possibility or presidential maker, in the opinion of both legal and political observers.

BIG POLITICAL SHOW

There are only two schools of thought on what will happen in the second session of the 84th congress. One view is that, this being an election year, congress will pass a lot of new laws in desperate efforts to win support of perennially discontented groups like the farmers, labor, hyphenated-Americans, business, the rich, the poor and taxpayers.

OUR BULLETIN BOARD

U. N. Happy, Jerome—The topic of your letter qualifies it for the Public Forum where it would appear over your true name. If you still just mail a postcard to the Forum editor, mentioning the topic of your letter by way of identification and signing your true name, your letter can be published.

GET TO BE ORIGINAL

From time to time various readers mail clippings, things they have copied from books and a variety of material that is not original. No spot. It's got to be original.

FAMOUS LAST LINE

... He thinks duck hunting ought to be pretty good now that most everyone has stopped!

GENTLEMAN IN THE FOURTH ROW

Sealed proposals will be received by the Idaho Board of Highway Directors at the Department of Highways, 603 Main Street, Boise, Idaho, until two o'clock P. M., on the 20th day of January, 1956, for completing the roadway treatment, bituminous surface and a 10.5 foot concrete bridge over the Main Line Canal on 8253 State of Idaho, at the office of the Federal Aid Project No. F-2161(7) and a Maintenance Stockpile, known as Idaho Stockpile Project No. 14, in Twin Falls County.

DEWEY'S CONNECTION CAUSES EMBARRASSMENT

Alexander G. Hardy, National's senior vice president, opposed the merger between CAB with the statement that a lawyer should not be rewarded. National, however, has been denied a formal hearing in the matter by CAB.

VIEW OF OTHERS

REGULATING INTEREST CONFLICTS To disagree with President Eisenhower's new order "strengthening" conflict of interest regulations for dollar-a-year men and experts serving government temporarily would be like indorsing sin.

CREDIT THE WOODPECKER

That storied chap who once laid hesitant claim to credit for contribution to the cause of forest conservation because he once "shot woodpeckers" must take a further back seat now in view of a forest service report that a five-year war on a beetle which threatened multimillion dollar damage to Colorado's western spruce forests is in the mopping up stage, thanks to modern chemicals, the weather, and the woodpecker.

CLEARER SKIES

When the civil service commission reported some months ago in Washington that through last June 30, 3,856 persons had been discharged from federal employment because they were classified as security risks, the figures were immediately challenged.

FLOODS AN ISSUE

California floods will be a major issue in the new congress. They tie in with almost every phase of the Eisenhower administration's water policy fight.

The longest lived is the elephant, reaching perhaps 100 if all goes well. As for insects, the shortest-lived perhaps includes the May fly. Their adult life is reckoned in hours, some even in minutes! With them, adult life is so short that they aren't even equipped with mouths to feed with. As for fish, a carp has been credited with reaching a century. I doubt if any official record would go beyond 75. As for the shortest-lived fish, that honor would appear to go to the white goby, the young of whose life is run in a single year. This is perhaps the only backbone animal that runs its lifespan within a year.

The parrot, owl, eagle and ostrich may outlive a human—and it is said that an ostrich may possibly attain 100 years. Including all animals, quite likely the giant tortoise has the over-all life expectancy record! A few venerable members may have attained 150 years, possibly 250. And claims are made for 300.

Key Highway Is Reopened After Floods

By The Associated Press

The state highway department late Thursday afternoon opened U.S. 35 to all "legal loads" on the recently repaired section between New Meadows and Rigby.

E. V. Miller, state highway engineer, explained these are any loads which do not exceed 18,000 pounds on a single axle truck and 30,000 pounds on a tandem unit.

He said, however, that trucks and motorists will still have to travel the stretch of road badly damaged by the late December floods with caution. One-way traffic is in effect and delays can be expected because crews are working on the highway, which was reopened only Wednesday to light traffic.

Meanwhile 14 inches of new snow on Wednesday night in Lookout Pass and snowfall around Sandpoint, made highways slippery in the northern part of the state.

Three inches of new snow were reported Thursday at Driggs and two inches at Sun Valley in the southern part of the state.

Higher elevations and hills around the state were icy, but most lower elevation roads were good.

Slightly cooler temperatures were forecast for Thursday, Friday, Saturday and Sunday. By mid-afternoon Thursday the mercury stood at 36 in Burley, Gooding, Pocatello and Idaho Falls. It was 43 in Boise, 45 in Lewiston, and 51 in Twin Falls.

Temperatures were expected to dip to from 20 to 34 in the northern section of the state and from 18 to 28 in the east and 20-32 in the west.

Friday's highs were expected to range from 34-44 in southeastern Idaho to 35-45 in the north and southwest.

Film Star to Wed Ruler of Tiny Monaco

PHILADELPHIA, Jan. 6 (AP)—Grace Kelly, blonde, beautiful and elegant star of the movies, yesterday announced her betrothal to Prince Rainier of Monaco and said the wedding date will be soon after Easter.

Announcement of the engagement, which came after a courtship on the Riviera, was made jointly in Monte Carlo and by Miss Kelly's parents in Philadelphia.

Plans for the actual marriage were disclosed later in the day at a news conference in the Kelly home—an event which sent hundreds of newsmen and photographers, film cameramen and television technicians to the scene.

Both Miss Kelly and the prince, head of the tiny European principality and considered one of the most eligible bachelors in the world, were in high spirits, indeed.

Someone asked the star if she planned a large family.

She laughed, nodded a blithe yes.

The prince, all in blue except for his shoes, told the gathering that his bride-to-be will be known in Monaco as "her serene highness, princess of Monaco."

Miss Kelly said the actual wedding date has not been set, nor has it been decided where the ceremony will be performed.

Emergency Meet Eyed by French

PARIS, Jan. 6 (AP)—President Rene Coty may call France's newly-elected national assembly into emergency session to deal with the urgent problems facing the nation, informed sources said today.

The assembly is not scheduled to meet until Jan. 19, but Coty was reported to have discussed the possibilities of an earlier session with Emile B. Lamont, assembly permanent secretary-general.

The French Constitution calls for an assembly to convene the third Thursday after its election but legal experts said there was room for a "wider interpretation" of the article. Most parties were meeting today and tomorrow to consider the situation.

Final Rites Held For James Cobb

Funeral services for James H. Cobb were held at 3:30 p.m. Thursday at the White memorial chapel, with the Rev. W. A. MacArthur officiating.

Soloist was Mrs. Russell Potter and the organist was Mrs. Nellie Ostrom Babcock.

Pallbearers were Clair Parker, Paul Harmon, Peter Harrison, Brady Jackson, Jacob DeWald and Edward Brady. Honorary pallbearers were A. K. Robinson, Brad Ribherd, Thomas Murray, J. P. Vazquez, W. M. MacDonald and N. O. Johnson.

Concluding rites were conducted at Sunset Memorial park.

First explorer to touch the American mainland was John Cabot.

Divorce Asked

Sibyl-Hall alleged-cruelty-in-her-suit for divorce from Vance Hall, filed Thursday in Twin Falls district court.

They were married Oct. 10, 1955, at Jerome. There are no children or community property. May and May, Twin Falls law firm, represents Mrs. Hall.

Europe Told U. S. Aid Is To Continue

PARIS, Jan. 6 (AP)—European economic planners yesterday received assurances of continued American aid which probably will prevent any "dollar gap" for the next 2 1/2 years, despite an over-all aid cut of one billion dollars.

U. S. representatives gave these assurances to a special committee of the 17-nation organization for European economic cooperation which is drafting an annual report on the progress and prospects of member countries to be published at the end of this month.

The OEEC, originally founded to help distribute Marshall plan funds, now acts as the coordinating agency among European nations in breaking down trade barriers and promoting economic integration. One of the key factors in any OEEC estimate of the European situation is the sum of U. S. dollars available.

The Americans told the OEEC, reliable sources said, that American expenditures will be at an annual rate of roughly \$1,600,000,000 by June of 1956, barring some unexpected change in plans. This is much more than the current European trade deficit with the dollar area.

Queen Replies to Critics; Lists Two Horses for Races

LONDON, Jan. 6 (AP)—Queen Mother Elizabeth yesterday gave a straight answer to critics of the royal family's love of horse racing and steeplechasing by entering two horses for the Grand National Steeplechase March 24.

The royal-owned M-as-lu-wu and Devon Loch are among 16 nominees for the four miles, 656 yards, 30-jump Alintree grind—the world's toughest steeplechase.

Some animal societies and religious organizations have criticized Queen Elizabeth, Queen Mother Elizabeth and Princess Margaret for their keen interest in horse racing.

Grants Divorce

Stanley B. Catlett was granted a divorce Thursday by District Judge Hugh A. Baker from Jean Ann Catlett. They were married Sept. 30, 1954, at Anchorage, Alaska.

Catlett was awarded household equipment and furnishings used in the Twin Falls residence. Lawrence B. Quinn, Twin Falls attorney, represented Catlett.

Idaho Democrats Report Debt Paid

LEWISTON, Jan. 6 (AP)—Idaho Democrats took in \$4,792.50 from their Nov. 23 Averell Harriman dinner here and have paid off a bank loan used to conduct the 1954 campaign.

Harry Wall, national Democratic committeeman, gave the breakdown yesterday and said there is \$755.31 left over after paying the expenses, giving \$200 to the national committee and \$300 to the state committee.

Michigan's last coal mine, operated near Swan creek, in Allegan county, closed down early in 1952.

HONOR PLANNED SHOSHONE, Jan. 6—Officers of the First Baptist church will be honored at the 11 a.m. worship service Sunday.

Court Ruling Flays Action By McCarthy

BOSTON, Jan. 6 (AP)—A federal judge ruled yesterday that Senator McCarthy's *Wis. act* outside the jurisdiction of his committee two years ago in a one-man probe of subversion in Wisconsin.

In handing down his lengthy opinion, Judge Bailey Aldrich acquitted Leon J. Kamin, 28, former research assistant at Harvard, of charges of contempt of congress.

Aldrich said the senate committee on government operations—of which the senate permanent subcommittee on investigations is a part—had no power to investigate the general subject of communism; that government operation meant private industry, even though under government contract.

Senator McCarthy called the acquittal of Kamin on contempt of congress "an outrageous and outrageous decision by a judge who, he said, 'should have disqualified himself.'"

It is ridiculous to the point of being ludicrous," McCarthy told reporters in Washington. He said Judge Aldrich "should have disqualified himself since he was a member of the board of overseers of Harvard university and Kamin was a Harvard professor."

"The decision," McCarthy said, "was a foregone conclusion when the judge kicked out the jury when they heard some spectators in the hall cheering me."

Mentally Sick China Student Is Sent Home

WASHINGTON, Jan. 6 (AP)—A Chinese student, alleged by Red China to be held against his will in a Missouri mental hospital, is to be deported to his homeland next Sunday.

The immigration service made the announcement yesterday. It said that after considerable delay, the British have come through with a transit visa which will enable the student, 35-year-old Liu Yungming, to pass through Hong Kong, described as the only available gateway for delivering Liu to Red China.

When Communist China made a charge of forcible detention of Liu last week, through diplomatic channels and the Red Cross, immigration officials said they have been anxious to get rid of Liu for four years, but had been unable to get the Hong Kong transit visa for him. There were indications the British felt he might remain in Hong Kong, where his father lives, and possibly become a British charge.

Liu has been under treatment in a state mental hospital at Farmington, Mo., after his case was diagnosed as schizophrenia.

Two Granges Seat Officers In Joint Meet

SHOSHONE, Jan. 6—Officers for Wood River Center and Magic Granges were installed Monday afternoon at Wood River Center Grange hall with Ermel Jerome, Kuna, executive committee member of the state Grange, in charge.

Bonnie Barney was accompanist for the installation and Mrs. Dean Barney and Verla Barney were marshals. J. Howard Manning was soloist.

Officers for Wood River Center Grange are Ward Mills, master; Donald Sandy, overseer; Mrs. Bertha Whitehead, lecturer; Dean Barney, steward; Elden Guthrie, assistant steward; Mrs. Harriet Cheney, chaplain; Mrs. S. M. Hall, secretary; S. M. Hall, treasurer; Dean Guthrie, gatekeeper; Mrs. Clifford Stutzman, Ceres; Mrs. F. C. Wentworth, Pomona; Mrs. Earl Vinsant, Flora; Mrs. Elden Guthrie, lady assistant steward; and Clifford Stutzman, executive committee member.

Magic Grange officers are Larry Tews, master; Vivian Jackson, overseer; Mrs. J. Howard Manning, lecturer; Oscar Kerner, steward; Mrs. Paul Bancroft, chaplain; Ed Sheer, assistant steward; Mrs. Fred Moore, secretary; George Horn, gatekeeper; Paul Bancroft, treasurer; Mrs. Ed Sheer, lady assistant steward; Mrs. Helen McWilliams, Ceres; Mrs. Vivian Jackson, Flora; Mrs. George Horn, Pomona, and J. Howard Manning, executive board member.

In charge of the dinner arrangements were Mrs. Donald Sandy, Mrs. Clifford Stutzman, Mrs. Earl Vinsant and Mrs. Ward Mills. Mrs. Sandy is the retiring home economics chairman and Mrs. Stutzman is the new officer for this year.

Visits Listed

ALMO, Jan. 6—Mr. and Mrs. Vern White, Lowell, Ore., have been visiting Mr. and Mrs. Earl Taylor.

Louis Eames and daughter have returned from Salt Lake City.

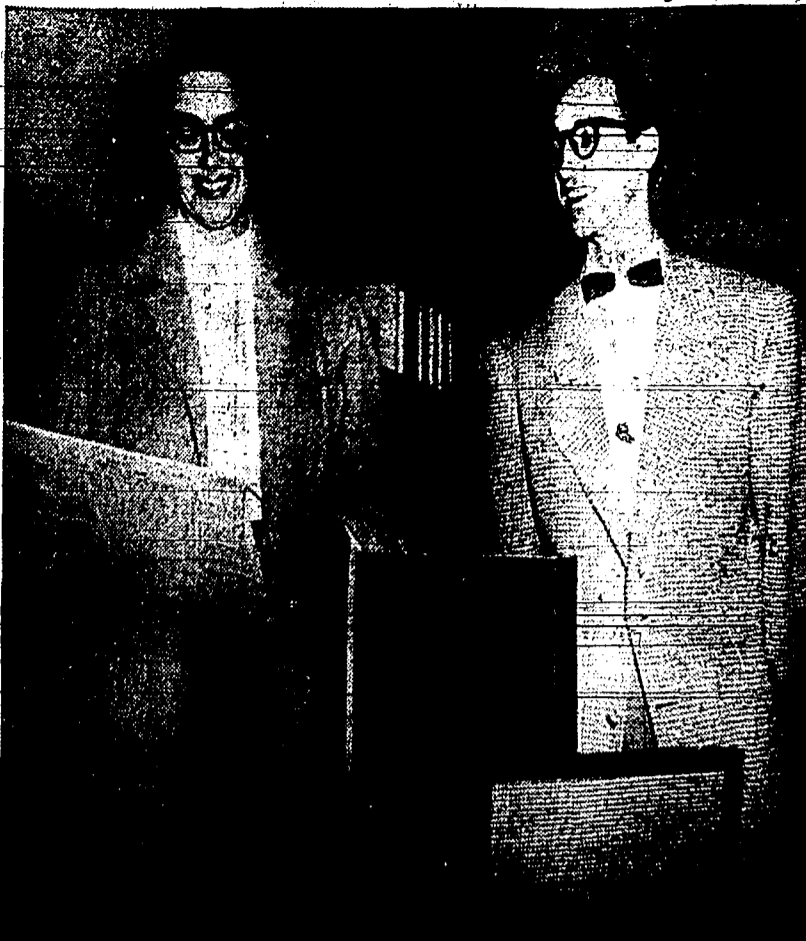

Mrs. Evelyn Smith has returned from Ogden.

Mrs. J. J. Bruesch has returned from Pocatello.

COWBOY KILLED

LEWISTON, Jan. 6 (AP)—Richard L. Way, 25, part-time rodeo cowboy, died yesterday evening after being kicked in the side by a horse he had just broken.

Club Donates Records to Library

Mrs. Paul B. Houston, chairman of the records committee for the Twin Falls Music club, and Arthur L. DeVolder, city librarian, listen to a record played on the phonograph donated by the club to the library. Along with the record player, which was given on the two-year anniversary of the record library, the club presented 10 long playing records. (Staff photo-enslaving)

Idaho Solon Says Ike to Run Again

WASHINGTON, Jan. 6 (AP)—Representative Hamer Budge, R. Ida., said President Eisenhower's state of the union message yesterday "rather clearly indicated to me that the President will be a candidate for reelection."

"Nowhere in the message," said Budge, "can be found any indication that the President plans to retire, and on the other hand the message is replete with strong intimations that he intends to defend the conduct of his administration against all comers and further that he intends to prosecute to their fulfillment the objectives which he sets forth."

Visits Listed

HANSEN, Jan. 6—Mr. and Mrs. Willard McMasters are visiting her brother, Bruce Wiker, in Pasadena, Calif. They accompanied Mr. and Mrs. Arch Colner, Twin Falls.

Mr. and Mrs. Miles Weech have returned from Seattle, Wash., where they visited their daughter, Mrs. Jack M. Nuckols, and family.

Vacancy Filled

SHOSHONE, Jan. 6—The vacancy on the city park board was filled at the Tuesday night city council meeting in the appointment of Mrs. E. G. Gooding.

She will represent the civic club on the board and takes the position held by the late Mrs. Alta Smith.

Leon Vansant resigned as assistant chief of police and Leo Nyborg was appointed to the position. Bert Terry was instructed to install meters in all residences outside of city limits where city water is used.

Return Home

SPRINGDALE, Jan. 6—Marlene Beckstead has returned to Murray, Utah, after visiting here.

Francis Miya and Allen Miya have returned to Layton, Utah, after visiting their grandparents, Mr. and Mrs. Tom Onishi.

SUPERINTENDENT REHired

HAGERMAN, Jan. 6—School Supt. Clement Pringe was rehired by the Hagerman school board for another year at a meeting of the board Wednesday night.

World War I Vets' Unit Notes Plans To Form 'Barracks' for Magic Valley

Formation of a unit of veterans organization in Magic Valley dedicated to the aid and assistance of aged, sick and needy World War I veterans is being planned by the commander of the Boise barracks of Veterans of World War I of the U.S.A.

Dean V. Thompson, commander, Sawtooth barracks No. 217, says he is ready to come to Twin Falls to assist in signing up members and organizing a unit of the organization here.

The organization was formed five years ago and has reached national prominence, Thompson says. Headquarters of the organization is located in Washington, D. C.

It is composed exclusively of veterans of World War I. The membership consists of members of other veterans organizations.

In urging the formation of a barracks here, Thompson says George H. Burdick, 933 Morningside drive, has advised him there are a number of World War I veterans here who are interested in promoting a barracks in Twin Falls.

Thompson points out there are around 600 barracks in the United States. However, Idaho has only four. They are located in Boise, Lewiston, Coeur d'Alene and Payette.

He says barracks at Halley, Pocatello, Idaho Falls, Rexburg and Burley-Rupert are in the process of being organized.

"The veterans of World War I organized the larger veterans organizations after they came home from the war. With our efforts, and working with congress, we secured legislation that was beneficial to our sons and relatives who fought World War II and in Korea."

However, Thompson claims, World War I veterans failed to secure passage of laws that would be beneficial to their own group. He lists hospitalization, without having to subscribe to the pauper's oath; a pension for World War I veterans past 60 years, and a liberalization of present compensation and pension laws as some of the benefits they neglected to obtain.

"I have labored long hours and at considerable expense to get our budget of World War I organized in order that they will be in position to demand the pensions which they have so justly earned," Thompson said.

Legislation sponsored by the organization includes bills to grant a pension of \$100 per month to all honorably discharged veterans of World War I who are over 60 years of age; provide for the recognition by the administrator of veterans affairs of veterans of World War I in the presentation of claims; and to incorporate the organization.

Thompson says the average age of World War I veterans is 62 years. He claims many are in need of financial assistance due to the changing circumstances of today.

"The present veterans administration regulations are being misinterpreted as far as some sections of it are concerned," Thompson declared.

In a letter to members of congress Thompson wrote, "let us recall memories of 38 years ago—the historic years of 1917-18, when our boys, young in spirit and enthusiasm, marched away to the tunes of 'Over There,' 'Long, Long Trail' and other patriotic songs."

They marched away with heads erect . . . and returned home to what?"

Thompson pointed out that veterans of his war did not receive a chartered bill of rights entitling them to paid schooling, unemploy-

ment insurance or government financed homes and businesses. A pamphlet issued from national headquarters urges members to answer "a call to arms for the last battle of World War I veterans."

"The slogan listed in the pamphlet is 'we support those who support us.' Thompson says the veterans of World War I are dying at the rate of 90,000 annually.

"Our asking for a pension of \$100 a month would cost the government about 4 1/2 billion dollars a year. At the present death rate in another five years a half million of us will have passed on without having received any benefits from the government we fought to preserve," Thompson said.

CASTLEFORD, Jan. 6—Melville Investment Company announced Thursday that it had sold 100,000 shares of common stock at \$1.10 per share on sales of securities during 1953.

The directors plan to vote to distribute all these gains to stockholders Feb. 10.

RESIGN'S
CASTLEFORD, Jan. 6—Steve Brabb resigned as a member of the town board Tuesday.

Steve Brabb was appointed to board to replace him.

Get the beer that's

Sparkle Brewed to the Altitude

in handy 6-can cartons

You have never tasted a beer so good—so refreshing and satisfying as Fisher Beer—the beer with delicate hop flavor so gently extracted because of nature's gift of lower boiling point at this altitude.

It's the beer with tiny-bubble carbonation because of lower atmospheric pressure here in the mountains where nature controls the carbonation for exact balance to this altitude.

There are natural reasons, along with Fisher's long experience in the art of brewing for the distinctive goodness of Fisher Beer—for the twinkling sparkle you can see—the delightful refreshing sparkle you can taste. Don't be content with less than this, the finest—the intermountain favorite. Ask for Fisher Beer wherever good beer is sold.

Made in one of America's most modern breweries

Fisher Brewing Company - Salt Lake City, Utah
