TWIN FALLS

FINAL EDITION

VOL. 87, NO. 268 TWIN FALLS, IDAHO, TUESDAY, JANUARY 10, 1956 Member of Audit Bureau of Circulations Associated Press and United Press PRICE 5 CENTS

\$86,000 Increase Reported in T.F. County's Budget

The Twin Falls county commission approved a tentative 1956 budget of \$1,396,757, an increase of \$86,771 over the 1955 budget for Twin Falls county. The largest single increase over 1955 for any county department was in the hospital budget which is \$40,712 higher for 1956 than the previous year. A total of \$772,547 has been appropriated for the maintenance operation of Magic Valley Memorial hospital this year. Approximately \$20,000 more was appropriated for hospital salaries in 1956 than in 1955 and an approximate \$10,000 increase in supplies and maintenance was allowed for the current year.

PUC Refuses New Hearing On Gas Case

BOISE, Jan. 10 (AP)—The Idaho public utilities commission has refused to rehear southern Idaho's natural gas case in which Intermountain Gas company of Boise won distribution rights.

The commission, acting "in conformity with the opinion of the Idaho supreme court," denied a petition filed by Idaho Natural Gas company that would have reopened the case for rehearing.

Fall of Snow In Watershed Piles Deeper

Snow continued to pile up last week in the watersheds of the Sawtooth national forest, forest service officials reported Tuesday.

Surveys on Monday gave Hahley two inches more for a total of 47.5 inches since Oct. 1, compared to 25.5 inches up to this time last year and 30.56 inches for the 46-year average.

City Buys 73-Acre Riding Club Tract

The Twin Falls city commission approved the purchase of the 73-acre Frontier Riding club property located northwest of the city Monday night. The purchase price is \$22,000. The commission agreed to give the club a 25-year lease to the property at a yearly rental of \$500. The club will maintain the stables, fences, arena and buildings of the property.

Farm Confabs Are Slated for County Areas

"What kind of a farm program" will be the topic of panel discussions for Farm Aid Home Institutes planned for three Twin Falls county communities Jan. 16 through 18, reports Donald Youtz, assistant county agent and general committee secretary for the events.

Report Denied

JERUSALEM (Israel sector), Jan. 10 (AP)—The Israeli military spokesman today denied reports by the Ramallah radio in Jordan that the Israeli army was converging in force on the Israeli-Jordan frontier.

Gas Sales to Raise Funds

The majority of gasoline distributors in Twin Falls county will be pumping gasoline Wednesday for the March of Dimes fund.

Search Halted

COBK, Ireland, Jan. 10 (AP)—Air and sea rescue units fanned out over the Atlantic ocean off Ireland today in response to a report that an airplane had crashed into the sea in Ireland. The report proved false.

'Economic' Factors Get Blamed for Flight Slash

Despite a 22 per cent increase in 1955, the United Air lines officials told Twin Falls the daily shuttle service between Boise and Salt Lake City is not "economically feasible." In a meeting Monday afternoon in city hall, K. C. Jones, assistant to the airline president, told members of the city board of commissioners and the Chamber of Commerce board of directors "although Twin Falls is supplying an adequate amount of passenger and freight traffic, the total segment is not operating in a factor that justifies flight maintenance."

Only \$10,000

R. D. Gustavo, area supervisor, Boise, explained airlines as other businesses have their peak months and slumps. Although these peak months were the summer months for some time, they have been growing until only January, February and March are considered slump months.

Warren Robinson, a diamond salesman, takes a look at the "simple bow" made out of a \$10,000 diamond.

Warren Robinson, a diamond salesman, takes a look at the "simple bow" made out of a \$10,000 diamond bracelet. He is wearing a suit and glasses. The bracelet is made of diamonds and is being held up for him to inspect.

Water Usage Discussed at Canal Confab

Twin Falls Canal company subscribers used more than 1,336,250 acre-feet of water in 1955, Alfred Peters, manager, told stockholders and directors at the annual meeting Tuesday morning in the Idaho theater.

Work Started On New Span For Highway

MURTAUGH, Jan. 10—Actual construction of the temporary bridge across the high line canal east of here, to serve until a new permanent structure can be built, was started Monday afternoon, state highway officials reported Tuesday.

Meeting Opened On Freight Rate

SALT LAKE CITY, Jan. 10 (AP)—The emergency committee on intermountain freight rates opened a meeting today to discuss freight rate questions concerning the western states.

20 'Alternate Plans' Given Solons to Slash Personal Income Taxes in U.S.

WASHINGTON, Jan. 10 (AP)—Congressional staff experts today handed congress 20 "alternative plans" for cutting personal income taxes. They would cost the treasury from 18 million dollars to \$8,303,000,000.

Warmer

Warmer than normal weather is predicted for Magic Valley in the five-day forecast received Tuesday via Associated Press.

No Change

WASHINGTON, Jan. 10 (AP)—Authorities said today there was no overnight change in the condition of Ira H. Masters, Idaho's 78-year-old secretary of state. He remains in critical condition.

State Health Board Granted \$21,500 to Test Polio Vaccine

BOISE, Jan. 10 (AP)—The U. S. public health service has granted the Idaho board of health \$21,500 to test the safety of the Salk anti-polio vaccine now being produced, State Health Director L. J. Peterson said today.

Plans Are Approved For School Addition

Plans and specifications for addition of eight classrooms and cafeteria to the high school were approved by the board of education at its regular monthly meeting Monday night.

Jaycees Plan Aid for Park Fund Project

Plans to aid the Harry Barry Memorial park fund were discussed Monday night by the Twin Falls Junior Chamber of Commerce, meeting in the American Legion hall.

Jerome Radio Station Plans Are Reported

JEROME, Jan. 10—Steps to provide Jerome with a radio station have been taken by two Jerome men in conjunction with two Pendleton, Ore., residents.

Boise Accepts Intermountain Franchise Bid

BOISE, Jan. 10 (AP)—The Boise city council accepted a bid by Intermountain Gas company last night for distribution of natural gas in Boise and prepared to issue a franchise to the firm.

Prisoner Waives Robbery Hearing

A 21-year-old ex-convict waived preliminary hearing Monday in Twin Falls justice court and was bound over to district court on a charge of robbery.

3-Day Forest Talks Slated

The semi-annual work planning meeting of the Sawtooth national forest staff will begin at 9:30 a.m. Wednesday and continue through Friday, reports Charles I. Daugherty, forest supervisor.

20 'Alternate Plans' Given Solons to Slash Personal Income Taxes in U.S.

WASHINGTON, Jan. 10 (AP)—Congressional staff experts today handed congress 20 "alternative plans" for cutting personal income taxes. They would cost the treasury from 18 million dollars to \$8,303,000,000.

No Change

WASHINGTON, Jan. 10 (AP)—Authorities said today there was no overnight change in the condition of Ira H. Masters, Idaho's 78-year-old secretary of state. He remains in critical condition.

Ike, Harriman Ideas Present Differing Bids

WASHINGTON, Jan. 10 (AP)—You must read the two annual messages with some care to discover the basic differences in the political philosophies of President Eisenhower and New York's Gov. Averell Harriman.

But the differences are both real and important. Mr. Eisenhower is a hard money man. He's for a stable dollar which will buy about as much groceries next summer as it will buy today.

Gov. Harriman, whose personal dollars outnumber Mr. Eisenhower's personal dollars by some millions, thinks more in the pattern of the Roosevelt and Truman tradition, Mr. Truman out-spent and out-taxed Mr. Roosevelt. But it was FDR who made deficit financing popular at the polls.

He once parried a troubled news conference question about the swelling national debt, like this:

"So what? We owe the money to ourselves."

Harriman in Hassle

Harriman is not running any deficit administration in New York where the taxpayers bear a rather severe state income tax burden. He's in a hassle, instead, with the Republicans about the distribution of budget-surplus, tax-cut pie. Here again, Harriman breaks with Mr. Eisenhower.

The President has no surplus to distribute. But, if he did, the President first would use some to make "modest" payments on the 280 billion dollar national debt. Then he would propose cuts with some kind of percentage provision whereby the larger taxpayers would get relief in some degree related to their actual tax burden.

Harriman would whack up a 50 million dollar state budget surplus at so much a head—\$5 off for each taxpayer and \$5 for each dependent. It's a plan with obvious attractions for many voters. The idea seems to have originated when Harry S. Truman was President. Mr. Truman once proposed a \$30-per-head cut right down the line, which would have removed millions of taxpayers—and voters—from the tax rolls altogether. They couldn't fall to like that. Congress balked.

Break on Farm

Farm income and what to do about it probably is the hottest domestic issue in this presidential election year. Harriman and Mr. Eisenhower break cleanly on that one. HARRIMAN'S agricultural problems are limited. But, New York is a great dairy state.

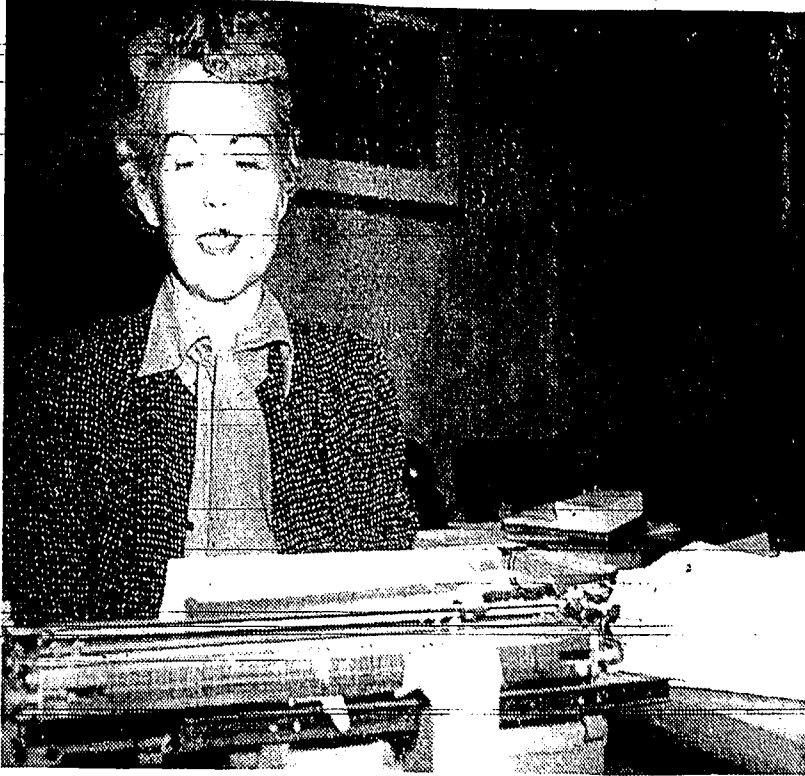

To aid the milkmen, the governor wants rigid 90 per cent price supports. He also proposes several methods for getting rid of the surpluses which inevitably accumulate a considerable cost under a high and rigid support system. None of the surplus-disposal plans tried so far has functioned satisfactorily.

Otherwise, They Jibe

Aside from these basic differences, the annual messages of these two men are not in much direct conflict. Parts of Mr. Eisenhower's message could be lifted and fitted nicely into some of FDR's communications to congress during the early and mid-20s new deal years.

The Harriman and Eisenhower messages are parallel, although not identical, in many broad fields such as public welfare, civil rights education, roads and the like. That's a sharp reminder of how far the Republican party has shifted its moorings in the past 20 years seeking to regain majority party position.

She Tells World About Twin Falls

Mrs. Rodney Tegan, secretary of the Chamber of Commerce office, catches up on some of the correspondence which has poured into the office since the last week of December. Although most of the letters ask information pertinent to Chamber of Commerce business, many request items for hobby collections, finding lost friends and data on Twin Falls and Magic Valley. More than 2,000 letters were answered in 1955 by Mrs. Tegan. (Staff photo-engraving.)

'Most Everyone Wants to Know About Magic Valley, Chamber Mail Indicates

"How fast does the wind blow? Got any milk cartons, matchboxes? . . . Where can I get a cider press? . . . We need a piano, can you help us? . . ."

Those who think Chamber of Commerce employees' work ends with smiling at visitors, would do well to ponder the volume of questions on Twin Falls and Magic Valley coming by mail to the chamber office. Mrs. Rodney Tegan, office secretary, answered more than 2,000 letters last year on virtually every question from the local climate to the number of piano dealers in Twin Falls.

And, if the chamber's mail is any indication, it seems as if everyone in the 48 states and many European countries wants to know about Twin Falls and Magic Valley.

Among the oddest requests was one received from a housewife in Texas. Her husband was building a coffee table. To decorate it, the woman was asking Chambers of Commerce in every state for match-covers. These would be placed under the glass top, she explained. Mrs. Tegan complied.

One letter posed a problem. On Jan. 2, this year, she received a letter from a woman in Colorado who candidly reported her family was "financially independent" and was searching for a place in the west to live. She said the city in which they now live is "quite perfect except the wind is irritating." She asked: "What is Twin Falls' record wind velocity?" This was only 10 days after the near-hurricane which swept through this area Dec. 23.

About one-third of the letters received by the office are from school-pupils who explain they are studying the United States in a class and would the chamber please send all available free folders and materials.

While most of the inquires are

brief, a man from New Jersey paces them all. His questions were written on a postcard and read: "I am going on a vacation. Send folders on 'What to do' and 'What to see' in your area."

Not all the letters contain amusing and letters asking for the names of a man in Salem asked for information leading to the purchase of a cider press. For once, Mrs. Tegan was stumped.

Almost daily, large corporations send letters asking for the names of retail outlets, wholesale houses and other addresses. One asked for the names of all the Idaho towns surrounded by irrigated farm land.

An author in Utah had Mrs. Tegan sending reference material on the history of this area, particularly Blue lakes, for several weeks.

A church in Rupert, evidently in the market for a new piano, asked for a list of all Twin Falls dealers selling pianos.

Although many requests, for information on tourist attractions are received, none shows better the popularity of this area than an inquiry from the North Carolina Automobile association. The letter stated the association was overrun with demands for folders on southern Idaho. Would the office please send a large quantity of all available material?

Mrs. Tegan also helps hobblists complete their collections. Her strangest request was from a lad in California who wanted a milk canter from Twin Falls. The boy reported he already had over 1,200.

Message Tells Of California Flood Perils

SHOSHONE, Jan. 10.—First hand information on flood conditions in California came to Shoshone in a letter from Mrs. Edward J. Nunes, Yuba City, Calif., to her mother, Mrs. Marion Ineas, Shoshone.

At the time the letter was written, Christmas gifts remained on the dining room table, unopened but safe. The family spent Christmas eve marooned from their home.

After the levee broke at Yuba City, Mrs. Nunes said, they listened to the radio from Friday noon to 1:20 a.m. Saturday when they left their home with blankets, pillows, warm clothes and food.

Mrs. Nunes said they headed for Colusa in a long line of crawling traffic and were put up for the night in the high school gymnasium. Around 4 a.m. an army truck came with clean coats and blankets and later the next day, the family made it into Sacramento.

The family found 20 inches of water and three inches of mud on the floor of their home when they returned on Tuesday. All furniture was moved outside while the mud was hosed and shoveled off. Beds were hosed and sent to Sacramento for cleaning. Bedding had to be taken to laundries.

All the families' chests of drawers were lost and hardwood floors buckled. Food on lower shelves had to be thrown away and all cooking utensils had to be sterilized. The city sewer broke so they couldn't run water in the sinks.

Those doing the cleaning were given typhoid shots by the Red Cross and rubber gloves were recommended while cleaning as there were so many germs around.

New Bite

WASHINGTON, Jan. 10 (AP)—Do you feel that the government doesn't take a big enough cut out of your paychecks? Would you like to contribute something extra toward reduction of the national debt?

You can—if congress approves legislation introduced by Sen. William F. Knowland, R., Calif. It would authorize the treasury to accept donations specifically marked for retiring the federal debt.

Survey Is Slated For Grain Beetle

MOSCOW, Jan. 10 (AP)—A survey of grain, feed and food products storage facilities in Idaho will be conducted this spring by the department of entomology of the University of Idaho's college of agriculture, department head H. C. Mann said.

He said one of the principal objectives of the survey will be to determine whether any khapra beetles have slipped into the state. Parts of southern Idaho are believed vulnerable to this new and serious insect.

The beetle is said by entomologists to be the toughest and most feared of all insects living off stored grain and food products. The pest eats a wide range of foods but can go without eating for three years.

RECUPERATING

HANSEN, Jan. 10.—Mrs Fern Prior is recuperating at the home of her daughter, Mrs. Eugene Wright, Croodling, after being released from the hospital following surgery. She plans to resume her teaching duties at Lewiston college within a short time.

Nuclear Reactor Used for Flights

FOUR WORTH, Tex., Jan. 10 (AP)—An experimental B-36 has made numerous successful flights the past month with an atomic reactor, a joint announcement by the air force and Convair, which builds the superbomber, said today.

The jet engine, which is the big 10-engine motor has been driving the atom reactor on flights over the South Sea. The past month, in an experimental program, to develop an atomic-powered jet.

It said there was no danger of a nuclear explosion in the event the airplane crashed. However, the announcement said a few enforcement officers in the Southwest had been briefed on public safety measures to take in the unlikely event of an accident.

Algeria Rebel Forces Stage New Uprising

ALGIERS, Algeria, Jan. 10 (AP)—Nationalist rebels made more trouble for France yesterday throughout North Africa. Main center of rebellion remained the Eastern Constantine section of Algeria, where 38 Frenchmen or Algerians friendly to them were reported killed or kidnaped during the week-end. Fifty-six rebels were reported killed and 62 captured by French forces. Fighting in the Rif mountains of northern Morocco, to the west of Algeria, slackened off during the week-end, but eight tribesmen were killed in one clash. A strong band of Algerian rebels crossed Algeria's eastern frontier into Tunisia and attacked party headquarters of the modern nationalist Neo-Destour party at Sid-Aich. It was the first attack Algerians have made on the party led by Habib Bourguiba, which is now for the most part cooperating with France following the agreement which gave Tunisia partial home rule. Extremist Tunisian nationalists, like those of Algeria, consider Bourguiba's attitude a betrayal of their cause for full independence from France. Trouble also was reported Sunday from a remote Moroccan area on the Sahara desert, 500 miles from the high Atlas mountains, about 115 miles south-east of Marrakech. A military unit killed five inhabitants of El Kelaa Des Mgouna and wounded a number of others.

Troops Patrol Santiago

Armed mounted Carabineros patrol Avenida Bernardo O'Higgins in front of the Government palace in Santiago, Chile, reinforcing the local police force, as a measure to prevent disorder. President Carlos Ibanez decreed the country is a state of siege in an effort to choke off a threatened nationwide strike.

Nixon Feted By Senators On Birthday

WASHINGTON, Jan. 10 (AP)—Vice President Nixon got plaudits from Republicans and some influential Democrats yesterday on his 43rd birthday. Democratic reaction to a brief GOP salute to Nixon in the senate was polite but cool. Nixon has been under fire from top Democrats who contend he implied in the 1954 campaign that their party was soft on communism. Senator Knowland of California, the Republican floor leader, called the senate's attention to Nixon's birthday. Nixon was presiding when Knowland—who might find himself contesting with the vice president for top place on this year's GOP ticket—praised Eisenhower doesn't run—praised Nixon's "long and distinguished career." Sen. Lyndon B. Johnson of Texas, the Democratic leader, arose to join politely in wishing the vice president many happy birthdays. He said that Nixon was "always courteous, always fair" in presiding over the senate. Outside the senate chamber, Senator Mundt, R., S. D., told an interviewer that if Eisenhower runs again, Nixon is a "clinch" to be renominated for vice president. Mundt, former chairman of the Republican senatorial campaign committee, said he regarded a birthday party arranged by Nixon's former house associates Monday night as a sort of campaign sendoff for renomination of the vice president if the President runs.

January Events Planned by Unit For Polio Drive

WENDELL, Jan. 10—Events planned by the Teens Against Polio include "spuds for sale" day Jan. 14. The event will be a house-to-house canvass of the city. Potatoes have been donated by Ray Ward and Ray Turner. TAPS weeks will be observed Jan. 14-20 at the Wendell junior high school and high school. Each class will attempt to fill a \$10 card of dimes. The last class to complete the task will be host at a dance. On Jan. 21, the group will attempt to "build a block of dimes" on a city street. Special events have been planned for basketball games. All proceeds will go to the March of Dimes. In charge of events are Renee Weaver, president; Douglas Bradshaw, vice president; Linda Lamb, secretary, and Mrs. Thomas Pritch, chairman.

Ministers Are PTA Talkers At Hagerman

HAGERMAN, Jan. 10—Members of the Gooding Ministerial association were speakers at the Hagerman PTA meeting Thursday evening. "Religion and the Home" was the topic of the program. Mrs. Cleament Prince, introduced the Rev. Martindale Woods, pastor of the Gooding Methodist church, who acted as moderator. Mrs. Al Karaloff gave the opening prayer. The Rev. Derrill Roberts, pastor of the Christian church, told of the importance of prayer in the home. The Rev. O. H. Ballard, pastor of the Nazarene church, spoke on the use of the Bible in the home. The Rev. Mr. Woods spoke on examples set in the home, and the Rev. Gilbert Moore, pastor of the Lutheran church, spoke on the church and the home. Reports of the executive board meeting Tuesday afternoon were approved. Plans for a motion picture have been made by Feb. 10. On the committee are Mrs. Glenn Hendrickson, Mrs. Paul Ascuna and Mrs. Clark Leach. The PTA will serve supper prior to the movie. Committee members include Mrs. Henslee, Mrs. Cornelius Thompson, Mrs. John W. Jones, Mrs. Frank West, Mrs. Les Klatt and Mrs. Hark Misdeline. Mrs. LeRoy Jolley was elected to act as captain of a basketball team for the March of Dimes. The PTA will furnish a number for the polio benefit program on Jan. 30 in the high school auditorium.

Budge Nominates 10 for Academies

WASHINGTON, Jan. 10 (AP)—Congressman Homer H. Budge, R., Idaho, has announced the names of 10 young Idaho men he had nominated for admission to the U. S. naval, military and air force academies. They were: To the naval academy: David A. Fitzpatrick, Blackfoot, and John A. Duff, Jr., Burley, principal nominees; Gary L. Burton, Piler, first alternate. Military academy: Kenneth Hudson, Pocatello, and Larry E. McClung, Boise, principal nominees; Lyell P. King, Gooding, and Cantril Nielsen, Jr., first alternates. Air force academy: Donnie Burgess, Sterling; Thomas Collins, Boise, and Jay Louis Depew, Jerome. WINS CONTEST BUHL, Jan. 10—Roy C. Palt, Buhl, has been declared winner in a nationwide contest sponsored by the Capehart-Farnsworth company, Ft. Wayne, Ind. He is the owner of the Buhl Planning mill. He and his wife will leave Friday for a cruise of the West Indies as a result of winning the contest. They will return Jan. 23.

World Conditions Explained To Club by Woman Traveler

BURLEY, Jan. 10—Irene Walker Bowman told of conditions in Europe and some parts of Asia at a meeting of the Burley-Rupert Knife and Fork club here Thursday. Mrs. Bowman formed her impressions during a visit to Europe last summer. She pointed out this country got civilization, religion, form of government, revolution of industry, modern science, modern politics, literature, music and art from Europe. She said the French are noted for not being quite honest, the Italians for being lazy, the Dutch for their bullheadedness, the English for their cocksureness, the Swiss for their ability to stay out of war, and the Germans for their ability to get into war. Mrs. Bowman said President Eisenhower is held in high regard by most Europeans, first for his military ability and second for being president. She said the Russians have not won friends because they have failed to answer the President's proposal on the exchange of atomic ideas. Mrs. Bowman claims Germany is the most surprising country in Europe today. West Germany has made a tremendous comeback since World War II. The Germans have rebuilt factories, roads, homes, cities and industry, have no black market and their mark is sound. She said Germany wants unity, but are not as eager for it as previously because there would be a heavy demand for necessary products by East Germany. The speaker told that the people of France are unable to forget the atrocities of the Germans during their defeat and occupation. The strength of the working class went with the first World War. She said the black market still flourishes but is not as bad as what is behind it. Mrs. Bowman said she doubts if a democracy could ever depend on...

'56 Cattle Prices Could Go Higher

WASHINGTON, Jan. 10 (AP)—The agriculture department said yesterday cattle prices in 1956 are expected to average slightly higher than in 1955. But, it said, hog prices will be slightly lower. Total meat output—from cattle, hogs, sheep and lambs—likely will exceed last year during the first half of 1956. However, it may be smaller than a year earlier in the second half, the department said in its periodical, "The Livestock and Meat Situation." Based on prospective supplies, the department said, higher meat animal prices are more likely later in the year. Prices of high grade fed steers may recover moderately fed steers in 1956, but will stay below last year's prices for several months. Prices of lower grade steers and heifers may be slower to increase, and the price spread between grades may widen temporarily. ARTICLES FILED BOISE, Jan. 10 (AP)—The Albertson's grocery store chain filed articles of incorporation for four new stores which will open within the next two months in Washington state, raising the total in the Northwest to 34.

Hamilton Wins Speech Awards

Lloyd Hamilton was a double winner Monday night at the regular meeting of the I. B. Perrine Toastmasters club at the Rogerson hotel. To Hamilton went awards for the best table topics talk and for being the outstanding speaker of the evening. John Gaezle won a cup for the most improved speaker. Guests at the meeting were Melvin E. Rochester, Shamrock school principal, and C. M. Laning, Salmon tract.

Holiday Starts BOGOTA, Colombia, Jan. 10 (AP)—The entire staff of El Espectador, Colombia's leading opposition newspaper, went on annual vacation today. By declaring the vacation, the paper's publishers indicated they would not publish for at least another two weeks. Colombian labor law provide for yearly vacations of 15 working days.

Magic makes the difference! THE MAYFAIR SHOP

\$25 REWARD For Identity of "Rotten-Egg Cranberry Gang" I will gladly pay the above reward for positive identity of junior-juveniles who plastered the front door of my home and automobile with rotten eggs on or about November 29, and who also put cranberries in my gasoline tank. These acts were done without cause or provocation. The information is not wanted for punitive purposes alone. After more than 30 days law enforcement officers have thus far been unable to establish identity of the perpetrators. CONTACT: WALTER M. HARRIS 601 EAST MAIN STREET JEROME PHONE 646-R

In Your Perma-lift Stitched Cup Bra with the Magic Insets There's magic in this "Perma-lift" Bra—a magic that supports you in unbelievable comfort and beauty. Your Perma-lift Stitched Cup Bra is designed with the exclusive Magic Insets at the base of the bra cups. Soft, yet firm, the Insets support your breasts from below and that support lasts for the long life of this grand new bra. In fine cotton Only 3.00 THE MAYFAIR SHOP

The Thunderbird gave FORD its "Git"! The Thunderbird gave Ford its "Glitter"! You can have the fabulous Thunderbird Y-8 engine itself to supply matchless "Go" in all Ford Fairlane and Station Wagon models. It's the standard eight for all Fairlane and Station Wagon models—at no extra cost! You'll take-off like a jet. You'll pass in instants. You'll enjoy new fun in all your driving. And, remember, Ford "Eights" are Y-eights with a rigid extra-deep block. This deep-block build makes them run cat-smooth and quiet—last longer! The Thunderbird gave Ford its "Glitter"! Ford also took its styling cue from the Thunderbird. You can see the resemblance in Ford's long, low lines—its visored headlights—its rear-end treatment—everywhere. And, remember, Ford also brings you the added protection of exclusive LifeGuard Design—for extra protection against hazards which cause more than half of the serious car-accident injuries. Why postpone the fun? Test Drive it today! SEE YOUR LOCAL FORD DEALER TODAY ONLY FORD DEALERS SELL USED CARS AND TRUCKS
