had the job of establishing contact with amateur radio operators throughout the state.

The outline of the simulated attack described severe bombings in Seattle, Spokane, Portland, San Francisco, Los Angeles and San Diego. The governor declared a hypothetical state emergency.

A simulated message said: "Four hundred thousand evacuees in cars may be expected from Oregon and California into southern Idaho commencing Tuesday and during the ensuing week over highways 20 and 30. Five hundred thousand expected into North Idaho from Washington immediately over all entry roads, with more to follow."

U. S. highway 95 was to be theoretically closed to southbound traffic at the Washington county line. Other emergency routing procedures were to be placed in effect. Messages went out to place vital facilities under armed guard.

Canary Fayette and Washington counties were ordered to dispatch physicians and nurses into Oregon. The national guard also was alerted to move into theoretically damaged coastal areas.

A simulated report timed for 8:05 p.m. from the bureau of reclamation said objects resembling parachutes had been seen over Minidoka, Lucky Peak and Black Canyon dams.

Actions Filed In T. F. Court

Three collection actions were filed Tuesday in Twin Falls justice court by Magic Valley Adjustment Bureau.

Defendants are A. J. Sherrill, Boyd Ash and Edwin Besette. The complaint against Sherrill lists four causes for action and totals \$133.93. He allegedly is indebted to C. C. Anderson company for \$14.88; South Park Sinclair station, \$2.25; Twin Falls Auto Parts company, \$1.35; and Clifford hotel, Portland, Ore., \$20.

Interest on the five accounts amounts to \$1.97. The bureau is represented by Thomas Y. Gwilliam, Nampa attorney.

Judgment against Besette is asked on five causes of action. The complaint says he is indebted to Idaho Power company for \$40.45; Young's dairy, \$22.14; United Automotive Service, \$10.88; Twin Falls Auto Parts company, \$1.35; and Clifford hotel, Portland, Ore., \$20.

Interest on the five accounts amounts to \$1.97. The bureau is represented by Thomas Y. Gwilliam, Nampa attorney.

War Veteran Is Taken by Death

BURLEY, Jan. 17—David Bryant, 76, died Monday at the veterans hospital in Boise. He was a veteran of World War I.

Mr. Bryant was born Sept. 22, 1879, at Lehigh, Utah. He spent a number of years in Canada and came to Idaho in 1905. He was a member of the LDS church. There are no surviving relatives.

Funeral services will be held at 2 p. m. Thursday at the McCulloch-Burley funeral home with Bishop Veri Chesley of the sixth ward officiating. Concluding rites will be held at Pleasant View cemetery under the direction of the McCulloch-Burley funeral home.

Company Report Is Short and Sad

HONG KONG, Jan. 17 (AP)—T. Flanagan, board chairman of the Shanghai Dockyards, Ltd., gave probably the shortest annual report to stockholders for a company of its size.

The report ran only 140 words. The gist of it was: "There is practically nothing to report to shareholders. The company's prospects are still under question by the military control commission of the Peoples Government of China and the greater part of the company's liquid assets are blocked (in the United States) under order of the U. S. treasury."

specialist, and Marshall LeBaron, superintendent of the Kimberly branch, University of Idaho Agricultural Experiment station, addressed the men's session. LeBaron discussed row spacings for beans and recommended wider spaces between rows and more frequent waterings for better results.

Kennedy showed slides to compare farm incomes with incomes in non-farm groups and Gregory compared the costs of picking potatoes by machinery and by hand.

At Castleford, G. C. Anderson, extension dairyman from the University of Idaho, who spoke at the Minidoka farm institute Monday, was the first speaker.

Calvin Graybeal was session chairman for the men at the Castleford Grange hall Tuesday morning. Earl Heidei handled the afternoon session. At Castleford the women's session does not get under way until Wednesday and will continue through Thursday.

Tuesday morning Anderson discussed Bang's disease and Vernon Ravenscroft discussed pole frame construction of farm buildings. Ravenscroft spoke on the same topic at the Kimberly session Monday afternoon.

Gregory spoke at the Castleford afternoon session as did Everett H. Davis, extension agricultural engineer, who likewise addressed the Kimberly meeting Monday.

The panel discussion in Kimberly Tuesday afternoon handled farm policy highlights. Panel members were Howard Potter, representing the Farmers Union; Roy D. LaRue, Heyburn, state Grange executive committee member; Melvin Oppiger, Buhl Farm Bureau member, and John Feldhusen, Kimberly, representing Idaho Cooperative Journal.

The Monday afternoon session at Kimberly opened with a brief address by Ralph Ollstead, who in turn introduced the session chairman, Harold Menser.

Ravenscroft, former University of Idaho farm extension specialist and now with the Penta Post and Treating company, gave figures on the building costs—where treated poles are used and compared such costs with those of block or standard frame buildings.

Davis showed slides on motors and crop equipment and stressed the dangers of overloading lines in homes and barns.

Stevenson Slates Whirlwind Jaunt

ST. PAUL, Minn., Jan. 17 (AP)—Adlai E. Stevenson made a whirlwind trip to Minnesota today to get his first presidential primary campaign rolling.

The Democratic presidential hopeful was to perform the chore of entering his name in the March 20 Minnesota primary himself.

He also scheduled meetings with top Democratic leaders, most of whom are pledged to his candidacy, and a hand-shaking visit to the twin cities Ford plant.

He will be back in Chicago tonight, but plans two extensive tours through Minnesota before the primary election day. His backers said the schedule will be stepped up if Sen. Estes Kefauver, D. Tenn., enters the race.

Young Driver Hits 17 Autos In Wild Race

MINNEAPOLIS, Jan. 17 (AP)—A 19-year-old youth who side-swiped and ricocheted off 17 cars while trying to elude police in a 90-mile-an-hour chase was safely in jail today.

Police said the driver, Larry Anderson, and a 14-year-old boy who was riding with him escaped injury when the bullet-riddled car crashed into a ditch in Dakota county five miles south of here, a rear tire shot out.

Officers counted 47 bullet holes in the rear of the stolen and wrecked car after the 20-mile chase, most of it through busy streets in south Minneapolis late last night.

"This kid endangered the lives of hundreds of motorists," the dispatcher said. "The pursuing officers said they never saw so many motorists driving over curbs to get out of the way."

However, no one was hurt although one of the bullets fired by the officers struck the windshield of a car driven by Joseph Stephens. The chase started about 11 p.m. as the patrolmen Robert Foster (CST) and Howard Fuehrer spotted a sum and Howard Fuehrer spotted a sum and Howard Fuehrer spotted a sum...

Turns South The stolen car then turned south on Hiawatha avenue, another busy thoroughfare, and sped out of town. Police attempts to force the car to the curb were thwarted by heavy oncoming traffic. The officers kept trying to force the car to the curb...

Crashed into a ditch. The chase continued on Minn. highway 55 for about five miles before one of the police bullets struck a rear tire. The car careened out of control and crashed into a ditch.

Loan Concern Chooses Chief Of T. F. Office

LOGAN, Jan. 17—Appointment of James S. Hall, as manager of the Twin Falls branch office of the Utah Mortgage Loan corporation was announced Monday by Frederick P. Champ, president.

Hall will work with J. G. Hackney, who will direct the corporation's loan production in the Twin Falls area in its enlarged office at 628 Main avenue north.

Hall, a native of Colorado and a graduate of Colorado college in 1915, came to Twin Falls in 1914 with his parents, Mr. and Mrs. G. M. Hall, when his father became manager of the Twin Falls-Salmon River Water company.

After active service in World War I, Hall married Martha E. Andrews and they resided in Twin Falls until 1926, during which time he managed the Mutual Savings and Loan association, predecessor to the First Federal Savings and Loan Association of Twin Falls.

In 1926 the Halls moved to Van Wert, O., where he became the managing officer of the First Federal Savings and Loan association, a position he resigned in 1954 to return to Idaho.

The Halls have two daughters, Mrs. Eleanor MacInnis, Pullman, Wash., and Mrs. Harriet Deer, Minneapolis. The Halls will reside at 927 Elm street.

City Honored for Safety Work

LeRoy Kienzle, left, presents Commission Chairman Lyons Smith a National Safety council certificate of merit Monday night during the weekly meeting of the city commission. Massive File In Dam Case Sent to Court

WASHINGTON, Jan. 17 (AP)—A massive record in the Hells canyon case has been delivered to the U. S. court of appeals.

The court received from the federal power commission hundreds of pounds of hearing transcripts, exhibits and documents in the public vs. private power fight over dam sites in the Snake river bordering Idaho and Oregon.

Delivery of the record is a step in an appeal from the FPC's order licensing Idaho Power company to build three dams in the Hells canyon reach of the Snake, where a big federal project has been proposed.

Public power groups took the case to court after losing their fight to persuade the FPC to reject the private utility's license application and recommend that congress authorize a federal Hells canyon dam.

Next step, if the court follows its customary procedure, will be a conference of attorneys for the public power groups, federal power commission and Idaho Power company. Then the lawyers will prepare written arguments, and, after the briefs are filed, the court will hear oral arguments.

The record submitted to the court was compiled during and after a year-long hearing by an FPC examiner on Idaho Power's applications. It is one of the largest records ever compiled at the FPC, including nearly 20,000 pages of testimony and 390 exhibits.

Rhode Island, the smallest state, has the shortest motto, "Hope."

Ranger Named To Post in Utah

Robert B. Terrill, assistant ranger on the Burley ranger district since June, 1954, has been transferred to the district ranger position on the Manli-LaSal national forest, Moab, Utah, according to Charles I. Daugherty, Sawtooth forest supervisor.

A native of Idaho, Terrill was graduated from the University of Idaho with a degree in forestry in 1949. In 1951 he was appointed forester at Boise and assigned to the southwest Idaho timber management study project which covered the Boise, Payette and parts of the Sawtooth national forests.

The transfer will be effective Feb. 12, Daugherty said.

Soldier Killed

SACRAMENTO, Calif., Jan. 17 (AP)—A Fort Ord infantry private was killed late Sunday night in a head-on car-truck collision on U. S. 99, about four miles south of here.

The dead man was identified as Lawrence R. Vostal, 22, Grimesse, Idaho, a private in the 63rd infantry regiment.

Speaker Airs Ike's Candidacy Plans

Noted Washington newsmen, Drew Pearson, addressed members of the Twin Falls Town Hall Monday night at the Filer high school. His subjects covered the decision of President Eisenhower on his candidacy in 1956 and the question of whether the U. S. is winning the cold war. From left, Dr. Wallace Bond, Town Hall president; Pearson, and Frank C. McIntyre, who introduced Pearson. (Staff photo-enslaving)

Pearson Scores Welker in Town Hall Talk; Declares Ike Won't Run Again

Drew Pearson, noted commentator on the nation's capitol scene, took a swipe at the other cheek of Idaho's Senator Herman Welker Monday in his address to the Twin Falls Town Hall in the Filer high school auditorium.

In answer to a question from the audience concerning Welker's challenge to meet him on his home ground, Pearson said Welker was "likeable, innocuous and inconspicuous." This was in reference to Welker's efforts in congress.

Commentator Pearson repeated the statement in his column that "target the bickering." Welker has employed by his office the longest list of relatives of any senator in

Washington with possible exception of Senator Case of South Dakota.

Almost a thousand members of the Twin Falls Town Hall jammed the Filer high school auditorium to hear the famous newspaperman, a veteran of many years of newsgathering in Washington and author of a nationally syndicated column on national and foreign affairs.

Dr. Wallace Bond, president of Town Hall, welcomed the gathering. Frank C. McIntyre introduced the speaker.

Pearson's speech covered two general subjects. "Will President Eisenhower be a candidate for reelection?" and, "Are we winning the cold war?"

His prediction was that the President would not be a candidate for reelection. This announcement would be made in February or March, Pearson said. Reason for withholding decision is that a President loses his hold on congress by announcing he will not run again.

Pearson said the final decision will rest with the President who will decide after answering questions about his health (recent heart attack) and his age (the President will be 67 on his first birthday after entering the White House a second time).

As for the "cold war," the Washington commentator said the nation has lost ground and listed a num-

ber of once friendly nations now grown distant for a multitude of reasons. West Germany — now friendly, could be lost at the death of the present leader, Konrad Adenauer, France — made uncertain by internal upheaval, India, Yugoslavia and Norway, all influenced by power of Russia.

These defections have been brought about, Pearson said, by Russia's adoption of our tactics, a friendly front with concrete evidence of goodwill such as technicians and raw materials. There is no quick remedy for cold war, Pearson stated, and recommended promotion of friendships between peoples instead of governments.

Two Divorces Granted Here

Two divorces were granted Monday by District Judge Hugh A. Baker.

Delbert C. Craig was divorced from Eleanor P. Craig. The court gave Craig custody of a minor child and ordered him to pay \$10 a month alimony. Under the property settlement approved by the court, Craig was awarded all household equipment and furnishings and title to a 1950 automobile. Mrs. Craig was given a 1947 automobile, a radio-phonograph combination and ordered to pay off the encumbrances. Roy E. Smith, Twin Falls, was attorney for Craig.

Ralph C. Brandley was given a divorce from Nellie Sutton Brandley. Brandley was ordered to pay \$200 a month alimony, satisfy all indebtedness. Property of settlement entered into by both parties prior to the court proceedings was approved by the court. Lawrence B. Quinn, Twin Falls, represented Brandley. Edward L. Bennett, Twin Falls, and Richard Dibblee, were attorneys for Mrs. Brandley.

Nuclear Fuel Seminar Due For I. F. Area

IDAHO FALLS, Jan. 17 — A classified seminar on chemical processing of nuclear fuel will be held at Idaho Falls tomorrow, Thursday and Friday.

The atomic energy commission announced the meetings.

Purpose of the seminar, the AEC announcement said, "will be to define those elements of cost that are attributable to the chemical processing portion of the power reactor complex. Papers will describe cost factors in the processing from the time the fuel elements are discharged from the reactor to the point at which recovered fuel materials are ready for fabrication."

The conference is one of a series intended to inform industry of all aspects of civilian power reactor development and related topics.

The Phillips Petroleum Company, which operates the chemical processing plant at the national reactor testing station, will be host. Invitations have been sent 600 organizations and individuals who have access permits or study agreements with the AEC.

Fairfield Firm Is High Bidder

Wendell McEl and lumber company Inc. Fairfield placed the successful bid for timber in the Feather River-Cayuse creek area at an auction Monday afternoon in the Sawtooth national forest headquarters, Charles I. Dauterive, forest supervisor, announced.

The firm's bid was \$175 per thousand on the 6,600,000 cubic feet of ponderosa pine and Sitka spruce, Douglas fir and mixed saw timber. With other deposits required, the total sum received by the government will approximate \$1,850,000.

The contract calls for the timber to be removed before 1958.

Petition Filed To Enter Ike For N.H. Vote

CONCORD, N. H., Jan. 17 — Gov. James H. Eastman today filed a petition with the New Hampshire state legislature to enter Dwight D. Eisenhower's name in the state's primary for the presidential election in 1956.

It marked the first time with-in 43 years a presidential primary was entered in the state's primary election.

Dated Jan. 17, 1956, the petition was signed by 50 citizens and filed in the office of the State Secretary, H. F. Jackson.

Not for Eisenhower's name, but for the other Republican candidates, the petition was filed in New Hampshire as information as to President Eisenhower's intentions with reference to his candidacy for reelection.

However, as the governor of the state when he launched the Eisenhower-for-President campaign in 1952, Eastman assumed that the President himself stated that he would be a candidate for reelection.

Daniels' move was significant because the President's name already was assured a place on the ballot. Major J. Grant, an automobile dealer, beat Daniels to the punch Saturday and entered Mr. Eisenhower's name.

The President has 10 days in which to announce whether he wishes his name entered in the New Hampshire primary. It was expected he will act on Daniels' petition rather than on Grant's.

Bandit Irked

CHICAGO, Jan. 17 (AP) — A would-be bandit hurled all kinds of threats at cashier Ruth Schroeder, 36, but none of them bothered her.

"I'll shoot through the plate glass," the gunman said to Miss Schroeder, cashier of a currency exchange. She ignored him.

"I'll shoot this customer," he said pointing at a man. Miss Schroeder calmly pressed an alarm button.

"I'll lose a bomb at this joint," the bandit shouted as he fled.

Egypt Begins New Role in Long History

By United Press

Egypt started a new chapter in its long, long history Monday with the proclamation of a republican constitution.

King Farouk, the portly playboy who had ruled it for 15 years, was forced off his throne by the army on July 26, 1952.

On Jan. 16, 1953, the army's revolutionary command council which took charge announced that it planned a three-year period of transition.

This period, the army promised, would be followed by the establishment of constitutional, democratic rule.

New Democratic Rule

Monday, at the end of the three years, the army took the first step toward making good its promise.

It fell to handsome, popular Gamal Abdel Nasser, president and prime minister, to proclaim the new Egyptian constitution.

It happens to be the day before Nasser's 38th birthday.

The government plans to hold a national referendum to seek popular approval of the constitution.

It also intends to organize a constituent assembly, for which Egyptians will vote.

Assembly Is Planned

This will be a semi-parliamentary institution, with largely consultative powers, leading to full parliamentary rule later. Thus it may be a long time still before Egyptian rule will be put entirely in the hands of the voters.

But Egypt is still a backward country politically. The army may well argue that if it let loose its hold on the government, chaos might result. The prospect would be for the revival of the old political parties, many of them corrupt, and for unstable government.

In proclaiming the new constitution, Nasser is opening a new stage in the history of a country so old that nobody knows its origins. Only Mesopotamia has a recorded history as ancient.

Assistants Eyed To Aid Teacher

BOISE, Jan. 17 (U)—The interim legislative committee on the minimum education program was asked yesterday to consider the use of teacher assistants as a means of increasing efficiency in the public school system.

Sen. W. E. Drevlow, D., Lewis, a member of the committee, presented to the other members an outline of benefits from such a plan compiled by his daughter-in-law, Mrs. Dale Drevlow.

Rep. William Fyfe, Gooding, committee chairman, said the use of teacher aides had proved successful in some districts.

Drevlow said the purpose was to take non-teaching duties from the teacher so she can devote her full energies to actual teaching of children.

Knowland Fixes Date for Action

WASHINGTON, Jan. 17 (U)—President Eisenhower delays an announcement of his second-term intentions much beyond Feb. 15, which Rep. William P. Knowland said he would declare himself a candidate for the GOP presidential nomination.

Knowland, R-N.Y.'s Republican leader, said he would take no steps in behalf of his own candidacy before Feb. 15 because he thinks Mr. Eisenhower will declare by that date whether he will seek reelection.

Knowland refused to say what he would do if the President did not announce his intentions in mid-February. But he implied he would become an avowed candidate in that event. Reliable sources had said previously he would do so in early February.

Equalization Set For Sugar Quota

WASHINGTON, Jan. 17 (U)—A state department spokesman has urged congress to give Latin American and U. S. sugar producers an opportunity to share about equally in the growing U. S. market.

Henry P. Holland, assistant secretary of state for inter-American affairs, told the senate finance committee the administration recommends that increases in sugar consumption above \$350,000 tons in any one year be divided 55 per cent to domestic producers and 45 per cent to Cuba and other foreign countries.

The committee is considering changes in the sugar act which apportion the amount of sugar foreign and U. S. producers may sell in this country. It is due to expire next Dec. 31.

Expert Wants Sick Folks to Be Locked up

NEW YORK, Jan. 17 (U)—To achieve an ultimate good, a noted scientist is advocating "locking up" a certain number of sick Americans.

The ultimate good is making tuberculosis an extinct disease. The sick persons are those who know they have TB but won't submit to treatment and won't take themselves out of circulation.

"Personal liberty is a precious heritage, but liberty should be denied those who knowingly expose others," said Dr. H. Corwin Hinshaw, clinical professor of medicine, Stanford university school of medicine.

He was answering the question, "Can we wipe out TB?" His answer was, "Yes, if . . . Such an answer to such a question, if it had been given 10 years ago, would have cured the hair of anyone who knew anything about TB."

His principal "if" was preventing well people from getting the disease. That involves "case finding"—finding the people who have TB but don't know it. It also involves dealing with the people who know they have TB but won't do anything about it. Both kinds spread TB among well people.

Dr. Hinshaw, who is a noted authority on TB and a former president of the American Trudeau society, was himself greatly impressed by what has happened to TB in the last five to ten years. Formerly it was "essentially incurable," in most cases the future was bleak if not hopeless.

"Tuberculosis is now, as never before, a treatable disease—a curable disease," he said. "Modern treatment can relieve tuberculosis symptoms promptly, bring the disease to arrest, and can usually prevent—or at least minimize—the risk of recurrence. This has not been subjected to the full test of time but is based on a firm foundation of fact."

Officers Continue Hunt for Fugitive

Search for an 18-year-old escapee from the Mountain Home alrbase guardhouse continued Tuesday by civil and military authorities.

Robert Gene Clayton, Buhl, was reported in Pocatello Monday. Clayton and William Joseph Baggett escaped from military guards Friday while being marched to a mess hall. Baggett, a soldier, and Clayton, a sailor, were awaiting courtmartial. Clayton was arrested here in November by Sheriff James H. Benham and charged with grand larceny. He admitted a series of car thefts and other crimes.

Baggett was apprehended by Bury police early Monday morning. He said he had left Clayton in Pocatello.

Car Overturns

GOODING, Jan. 17 — Stanton Lamb, 18, Wendell, driving a 1954 Chevrolet, was involved in an auto accident four and one-half miles south of Gooding on highway 46 at 11:10 p.m. Saturday.

Lamb lost control of his car on the snow covered highway and the car rolled over into a borrow pit. Sheriff Keith Anderson and Deputy Sheriff Guy Coles estimated damage to the car at \$500.

Flood, Frost Beaten Areas See Sunshine

By United Press

Sunshine broke through over California floodlands and frost-bitten Florida today.

But man-made troubles intensified wintry weather in New York City. A strike of 1,000 fuel truck drivers went into its second day, cutting off 60 per cent of fuel oil supplies and nearly all coal deliveries for heating purposes in the big town.

Across the nation in California, bright sunshine dried out floodlands and increased hopes that a soggy dike would prevent a new torrent at beleaguered Yuba City.

The dike holding back the Feather river was so soft it shook like a bowl of jelly. Officials said the dike was beginning to dry in the sun, but evacuated residents were warned not to return to their homes for the time being.

Florida was the luckiest of the southern states as temperatures dropped below freezing through much of Dixie. Ice weather gripped the Great Plains, with less early today including 15 below at Grand Forks, N. D., and 4 below at Pierre, S. D.

Most of the nation east of the Rockies got snow or rain during the night. There was two inches of snow on the ground at Gordonsville, Va., and Baltimore, Md., and three inches fell over the plains southeast into Oklahoma.

Two Actions Are Filed in Gooding

GOODING, Jan. 17—Carson Wallace was named defendant in a collection action filed in probate court here Monday by the Gem State Bean company doing business as the Western Warehouse company.

The company is seeking a \$303.94 judgment for merchandise it claims Wallace purchased from between Jan. 1 and May 1, 1955. Six per cent interest from Aug. 1 and costs are asked. M. P. Ryan, Gooding, filed the action.

In another action, Statewide Adjustment bureau named Arthur Justice defendant in suit asking for \$6 (that Justice owes to Cady Auto company). Hageman, \$4.50 interest and costs of the suit. William H. Baker, Twin Falls, is attorney for the bureau.

County Never Slow to Help Those Needy

(From Page One)

"Three trees lasted us all winter," one commissioner said. "When they have to do a little work, most of these people discover other means of getting help."

Commissioners said they would be glad to confer with any agency or individual on any particular case. "It's just a matter of good policy to do a little checking before blindly extending relief," they said. Commissioners said other relief agencies would do well to always check cases with the county commission or the Red Cross.

Mis-use of relief payments is not uncommon, commissioners find. They cited one case where child welfare money from the state was being used to purchase a new car. In another case, such relief money was used to purchase a TV set with no payment on overdue rent.

Commissioners point out relief on the county level comes from a three-mill levy on property. Commissioners noted they face the task of caring for all needy people with a limited fund. It was pointed out the aim is to keep people from starving, dying for lack of medical or hospital care rather than to provide luxuries.

Clean Slate

BUHL, Jan. 17—Only one fine of more than \$3 has been imposed by Police Judge Floyd Dais since the beginning of the year.

A citation has been given to a speeder who will appear before the police judge within a few days and the clean record may be broken, he said.

Motorists are observing traffic laws almost to the letter and only occasional overtime parking tickets have been given, he said. Two improper parking fines of \$3 each have been imposed since Jan. 1.

Classes at Resort Slated by College

SUN VALLEY, Jan. 17 (U)—College of Idaho has decided this mountain-resort-is-an-ideal-spot-to study in the summer time and will offer courses here starting in July.

Announcing plans for a six-week summer session, College President Tom Shearer said the aim "is to offer college work in a locality with a climate conducive to the best summer study."

Courses will include geology, physical education, art, music and contemporary dramatic literature.

The school, to be held July 2-Aug. 10, will be in addition to the college's usual summer courses at its campus in Caldwell. Deadline for reservations is May 1.

Parking Fines

A total of \$15 in bonds was posted Monday with Twin Falls police for parking violations.

AN INVITATION... to the man who is driving any car in the medium-price class

How can you own a bigger, more powerful Chrysler Windsor V-8 for the cost of a medium-priced car

ultimate in automatic, foolproof control. But do Chrysler's competitors have this mechanical trouble-free system? Not yet! Chrysler's PowerPilot Steering works full time . . . does 80% of the work, not just in parking, but in long distance driving, in traffic and in rough going. Competitive power steering cuts in and out . . . does only a fraction of this job.

And what about engines? Chrysler was first to adopt the principles of the airplane-type V-8 engine. Today's engine is a new and bigger version of this engine . . . 250 hp in the Windsor Spitfire V-8 . . . 280 hp in the New Yorker FirePower V-8 and now 340 hp in the important new Chrysler 300-B.

Then there is the all-important matter of brakes. Chrysler's newly designed PowerSmooth Brakes not only bring you safer, surer, straight-line stops—they outlast the others 2 to 1.

So if you have been driving another make of car in Chrysler's price class . . . ask yourself this question: Don't I want to know what my money can buy before I spend it? Then make a drive-them-both comparison. We'll leave everything else to your judgment.

With the addition of the Chrysler Power Train at slight extra cost.

PowerStyle CHRYSLER the year-ahead car!

Frankly, we believe you will find that the Chrysler Windsor is the only real luxury car that sells at a medium price . . . a car far in advance of its contemporaries and ahead of its time. We would like to put you behind the wheel of this car . . . because we've found from actual comparative demonstrations that 3 out of 4 open-minded men who drive a Chrysler for the first time prefer it to anything else.

There are many reasons. In the first place, the 1956 Chrysler is the only car in its price class that has been completely restyled this year. It has that "hair-trigger" look for which designers have been striving many years.

But there's more to the Chrysler story than styling. There's power . . . more power to pass safely when necessary . . . more power to drive without effort . . . more power to stop.

There is not a car on the road today as completely power-operated as the "PowerStyle" Chrysler. Its PowerFite transmission is controlled by pushbuttons . . . the

Red Cross Drive Nears

Preparations for the American Red Cross fund campaign which begins here March 1 are aided by these Wa-Ki-Kon-Ya Blue Birds. Preparing work kits are, from left, Ann Peavey, Judy Templeton, Yvonne Robinson and Susan Cervi. Because of flood disasters, Mrs. Zita Roache, Twin Falls chapter executive secretary, said the Red Cross needs more money than ever before. (Staff photo- engraving)

Blue Birds Assist Red Cross In Annual Fund Drive Here

With the Blue Birds assisting work has begun on the annual Red Cross fund campaign which will be in March 1, according to Mrs. Zita Roache, Twin Falls chapter, executive secretary. Mrs. Roache said final plans will be formulated at a meeting with E. Ronald Harriman, national president, Feb. 10. In recent communications with the regional office in San Francisco, Mrs. Roache was informed Twin Falls quota has been increased \$1,510 because of the floods and

breakish weather that has been punishing all parts of the country. This puts the county's quota at \$8,000. The Red Cross expects to spend 7 million dollars in the western states alone for flood rehabilitation, Mrs. Roache said. Officials estimate between 9,000 and 10,000 families will need direct aid, not including the areas isolated by the floods whose families received food and medical supplies by parachute. A daily communique received from the California flood areas
