Farm Bloc Can Upset U.S. Plans

WASHINGTON, Jan. 23 (U.P.)—The bipartisan farm bloc is about to demolish President Eisenhower's delicately balanced budget for the year beginning next July.

Mr. Eisenhower submitted a budget for that year which not only would balance, but would provide an anticipated surplus of 400 million dollars. This seemed about to be upset by:

1. Prospects that congress will insist that the President's "soil bank" program be financed entirely by the treasury.
2. Demands by midwest Republican congressmen for a big expansion in government meat buying to bolster hog and cattle prices.

The soil bank, proposed as a means of reducing farm surpluses and putting money in farmers' pockets at the same time, would provide government payments to farmers who take crop land out of production.

The administration asked congress for authority to put a one billion dollar soil bank into operation. It would pay \$20 million dollars of the cost directly from the treasury in the next fiscal year and make up the rest by selling 400 million dollars worth of government-owned crop surpluses on the domestic market.

This 400 million dollar "savings" happens to be the exact amount of the budget surplus anticipated by the President.

But the idea of using crop surpluses to help pay the cost has run into stiff bipartisan opposition. Influential Democrats and Republicans on the senate agriculture committee, after studying the plan, contend that the surplus sales would, or might, depress market prices.

The committee hoped to wind up hearings today on all proposed new farm legislation, including the soil bank.

Rescue Attempt Fails

Radarman Sgt Eugene Rada is shown in the waters of the Pacific off San Francisco's Golden Gate in an attempt to rescue a shipmate who was swept from the deck of the submarine USS Tulefish, left. Crewmen aboard the sub stand by with lines. Rada jumped overboard with a line tied to him only to find it inches short of reaching the victim. The sub maneuvered into position to finally bring the victim aboard but artificial respiration failed to revive him. He was identified as torpedoman Z/et Steven Sainant, Mt. Olive, Ill. (NEA telephoto)

Senators Continuing Natural Gas Battles

WASHINGTON, Jan. 23 (U.P.)—The senate moved into its second week of debate on the controversial natural gas bill today. The bill, which would exempt natural gas producers from direct federal price control, has sharply divided Democrats. Those from southern, gas-producing states support it. Democrats from the northern, gas-consuming states generally are opposed.

Inter-Service Tiff Brewing On New Issue

WASHINGTON, Jan. 23 (U.P.)—The army may be edging into a field where the air force lays claim to primary interest—strategic air attack against distant enemy war goods centers far behind battle lines.

The air force has waged some long and wordy battles with the navy over the same issue during the last decade.

The impending development of long distance rockets, which can be designed and used by any of the three services, has broadened the ground for argument.

A week-end public showing of a scale model of the army's new Redstone missile pointed up the matter. The Redstone itself, with a comparatively modest range of about 300 miles, probably can be considered a tactical weapon for the army's traditional role. But in offering the Redstone model for view, the army suggested that it would be the basis for development of a mid-range, 1,500-mile ballistic rocket.

That range obviously would carry a weapon out of the battle area.

If anyone is going to bombard targets 1,500 miles away, the air force feels that should be the mission of the strategic air command's medium and long range bombers.

The latest army announcement about its Redstone came on top of an earlier development which had stirred air force anxiety.

During a news conference last month, Gen. Maxwell Taylor, army chief of staff, was asked about the intermediate range ballistic missile (IRBM) project. Would it help the army strike deep at the sources of enemy strength, at arsenals and war plants which produce weapons?

To this Taylor replied that "there

Senator Hits GOP's Policy Over 'IOU's'

WASHINGTON, Jan. 23 (U.P.)—Senator Byrd, D., Va., said today the Eisenhower administration is trying to "pile up IOU's" of the kind it criticized the Truman administration for leaving behind.

Byrd, chairman of the senate finance committee and long-time advocate of spending cuts, said in an interview that President Eisenhower and his aides now are asking congress to follow a course they condemned the Democratic administration for pursuing.

"The President's new budget proposes an increase of nine billion dollars in appropriations over the amount congress voted two years ago," Byrd said.

He said congressional appropriations in the 1954 calendar year were 57 billion dollars, climbed to 62 billion dollars the following year and are recommended at 66 billion dollars in the new budget.

Blue Snow Reported at Magic Mountain, Around Sun Valley

Weather in Magic Valley Saturday and Sunday was colored. The snow fell at Magic Mountain and around Sun Valley was blue.

Blue snow is a rarity but not unheard of, forest service officials reported Monday. Wesley Carlson, assistant supervisor of the Sawtooth national forest, said he has seen both red and blue snow in the Sawtooth mountains north of Ketchum and is certain the red snow is caused by fungus. He believes the snow gets its bluish tint from the same source but is unable to say where the fungus comes from.

The "off-color" snow was seen by numerous persons at both Magic Mountain and Sun Valley.

Otherwise throughout Magic Valley the weather was pretty monotonous over the week-end—rain.

The rainfall was pretty steady all of Sunday in the lower valley with Twin Falls, Burley, Rupert, Coalinga, Jerome and Shoshone reporting "soakers." The rain changed to snow near Timmerman hill north of Shoshone and Hailey, Ketchum, Fairfield and Carey reported snow.

Eight inches of snow fell at Hailey, giving the area 15 inches of snow on the ground. In the past week Hailey had 72 inch of precipitation and most of this came in the form of snow last week-end.

Rupert had 44 of an inch of precipitation over the week-end and Coalinga had 22 between 8:30 a. m. and 10:30 p. m.

29 Train Passengers Die In California Mishap as Diesel Speeds Off Curve

LOS ANGELES, Jan. 23 (U.P.)—A two-car Santa Fe diesel train, its engineer apparently blacked out, rounded a curve too fast last night and careened over, killing an estimated 29 persons and injuring at least 150 in one of California's worst railroad disasters. Bodies were so badly mangled and dismembered—some were decapitated—that the coroner's office had difficulty identifying them and determining exactly how many were in the morgue. At least two were children.

Deputy Coroner Richard Davis said, "our latest count is 29 bodies." The highest rail death toll in this state was 32 in 1907 when a Shriners' special was wrecked near Honda. The train last night was en route to San Diego—125 miles south of here—with 161 passengers, about 40 per cent of them servicemen returning to their bases. The two cars overturned a few minutes after leaving the station here at 5:30 p. m. it was dark.

"The people sitting on the left side were sucked right out of the window and caught on the ties when the train crashed on its side," said Flagman Bill Hines, one of the crew of five. "Those people didn't have a chance."

Sparks showered as both overturned cars skidded along with a deathly screeching sound for about 200 feet on the outside of the curve. Each car contained a diesel unit and room for 88 passengers. The accident happened inside the city limits, about four miles from Union depot.

U.S. Seeks Approval For "Open Sky" Plan

UNITED NATIONS, N. Y., Jan. 23 (U.P.)—The United States said it would make another effort today to win United Nations acceptance of the Eisenhower "open sky" arms despite Soviet objections.

Soviet Premier Nikolai Bulganin has indicated outright rejection of the plan, but an American delegation source said the United States would take advantage of today's meeting of the U.N. disarmament commission to "focus further attention" on the Eisenhower plan.

The President's proposal, put forward at last July's Geneva "summit meeting," calls for an American-Soviet exchange of military blueprints with each country having the right of unimpeded aerial reconnaissance of the other's territory.

Military bases abroad would be excluded and would not enter subsequent stages of the plan without the consent of the countries in whose territory the bases are located. It was hoped the plan eventually would be broadened to include other countries.

The plan won formal support only from Canada, Britain and France expressed general approval, but did not formally subscribe to the idea. Russia parried efforts to learn its attitude until Bulganin indicated rejection of the idea several weeks ago.

Voodoo Plane Reveals Speed For Test Run

WASHINGTON, Jan. 23 (U.P.)—The air force P-101 Voodoo fighter, one of the jets marked for a production speed-up, has topped a speed of 1,000 miles per hour in test runs, aviation sources said today.

The Voodoo, ordered in both escort and interceptor versions, is the third U. S. combat plane to have a reported speed of 1,000 miles per hour and more.

The air force F-104 daytime fighter is considered the fastest combat plane in the world. It is believed to have flown close to twice the speed of sound or 1,320 miles per hour at high altitude.

The F-104 is in production and should go into combat units in about a year.

Plans Are Set By Red Cross For Harriman

J. M. Mjolsness, acting director of field service for the American Red Cross, met Monday with Mrs. Zita Roosevelt-Twin Falls, chapter executive secretary, to formulate plans for the Feb. 10 visit of E. Roland Harriman, national president of the Red Cross.

Harriman will be in Twin Falls to assist in making final plans for the annual Red Cross fund drive.

He will meet with area officials at 10:15 a. m. Feb. 10 in the IOOP hall and will be honored at a luncheon at 12:15 p. m. in the American Legion hall.

At 2:15 p. m., Mrs. Harriman will address the group on the need of volunteers to assist the organization.

Mjolsness pointed out 385 Red Cross workers are fielded in the disaster areas, leaving many of the offices vacant.

He stressed the need of volunteers because of the great number of regular officials helping in these areas.

Charles I. Daugherty, Twin Falls, and Mrs. Lee Kosanke, American Falls, are regional directors for the fund raising campaign, he said.

Indian Army's Help Ordered To Curb Riot

NEW DELHI, Jan. 23 (U.P.)—Violent anti-government rioting as bitter as that directed against Britain in the 1930s broke out today in the eastern Indian state of Orissa. The army was ordered to send troops to the scene.

Mobs surged through the streets of the cities of Cuttack and Puri some 200 miles southwest of Calcutta, burned railway stations, attacked the government-owned radio station in Cuttack, and beat government and police officials.

Police Started

The new rioting—which started a week ago today in Bombay—came as Prime Minister Jawaharlal Nehru's ruling Congress party prepared to set out an iron-fisted policy to meet the government crisis.

Most of the attacks in Orissa state today were directed at local officials for their inability to persuade Nehru to change his mind about transferring part of Orissa to the state of Bihar under an unpopular government plan of redistributing Indian states.

Jerome County's First Solon Dies

BOISE, Jan. 23 (U.P.)—George A. Bremer, Jerome County's first state senator, died Saturday at his home in Santa Barbara, Calif.

Bremer had lived in Santa Barbara since retiring three years ago as one of the four directors of the federal housing authority. Previously, he served as PHA director for Idaho.

Bremer was a Democrat.

Solon Comments on Ike Water Policy Plans Range From Praise to Ridicule

WASHINGTON, Jan. 23 (U.P.)—Comments of western senators on the administration's water policy proposals range from applause for a "monumental contribution" to criticism of a "campaign document" by a Republican do-nothing program.

The policy was outlined in a report sent to congress last week. Objective of the report, prepared by a cabinet committee, is to formulate a policy for conserving and developing the nation's water resources through cooperation of federal and non-federal groups.

Among recommendations are these four:

1. Creation of a water resource coordinator to provide presidential direction in water resource development.
2. Formation of an independent board of review to study potential power and irrigation dams and report to the President through the coordinator.
3. Establishment of regional or river basin committees composed of representatives of federal and state agencies.
4. Creation of a federal inter-agency advisory committee on water resources composed of policy-making officials of agencies dealing in water resource development.

Senator Watkins, R., Utah, said a brief study of the report shows "The Eisenhower administration has made a monumental contribution to water resource development by this concise, concrete expression of a proposed national policy."

If, he predicted, however, the report will stir a loud and prolonged controversy.

Senator Dworshak, R., Idaho, said the report "has some rather drastic innovations in regard to water resource management."

"I would hesitate," he said, "to approve any proposal to transfer authority from the legislative branch to the executive departments for determination of policies on water resource developments."

Senator Welker, R., Idaho, said the report is "encouraging because at long last we are giving attention to one of our most, if not our most important natural resource."

Sen. Barrett, R., Wyo., said he was disappointed that the advisory

Budge Urges Exemption of Farm Freight

WASHINGTON, Jan. 23 (Special)—Rep. Hamer Budge, R., Idaho, has asked the interstate commerce commission to exempt agricultural and livestock products from proposed railroad freight rate increases.

"The Idahoan wrote ICC Chairman Anthony P. Arpaia that "agricultural and livestock producers throughout the nation are having serious economic difficulties."

"It is my understanding that the commission has under consideration . . . a seven per cent increase in rail rates throughout the nation, and particularly to and from the Rocky Mountain area and the state of Idaho."

Budge said he is opposed to any across-the-board percentage rise in rates and that any contemplated increase should "be on a commodity rate per hundred pounds," instead of by percentage of current rates.

The Idahoan pointed out that a percentage increase would hit Rocky Mountain shippers hardest since they already pay the heavier cost by reason of isolation from the large markets.

He said that rate increases should "exclude . . . all commodities exempted from the jurisdiction of the interstate commerce commission under the motor-carrier act."

Agriculture and livestock products are exempt under that act.

"I cannot urge upon you too strongly the economic necessity for the recommendations—I have set forth . . ." Budge told Arpaia.

Storm Leaves Foot of Snow in Carey Area

CAREY, Jan. 23 — A 12-inch fall of snow disrupted telephone service here Monday and gave Carey school pupils a day-long vacation because of a power shortage.

The snowstorm began about 7 p. m. Sunday and by morning had deposited about a foot of snow on the ground. Telephone service both north and south of here was disrupted. The weight of the snow on a power line was blamed for breaking the line and cutting power between 10 a. m. and 12:30 p. m.

Classes at Carey school were not called unless school officials said hot lunches would not be available for the pupils.

7 Guardsmen Hike for Polio

RUPERT, Jan. 25—Foolsore and weary seven Rupert national guardsmen arrived in Twin Falls at 7:50 p. m. Sunday after hiking the 52 miles from Rupert to Twin Falls for the March of Dimes in 13 hours and 50 minutes.

The marchers walked all day through rain. They went from Rupert to Paul, to Burley and then to Twin Falls, collecting \$2,300 for the polio drive in Mindoks, Cassia and Twin Falls counties.

The seven hikers were Melvin Herring, Dick Reynolds, Edward Guckenberg, Tom Johnson, Ed Barksdale, Gene Haskins and Parker Arritt.

Still Critical

WASHINGTON, Jan. 23 (U.P.)—Dr. Masters, 78-year-old Idaho secretary of state, is still in critical condition, the National Institutes of Health reported today.

Masters underwent cancer surgery Nov. 21.

Derailment of Train Injures 25, Fatal to 1

WILLIAMSON, W. Va., Jan. 23 (U.P.)—A Cincinnati-bound Norfolk and Western passenger train derailed on a curve at Cedar, W. Va., about midnight, killing the engineer and injuring at least 25 passengers.

The engine, five mail and express cars and two passenger cars remained upright on the rails.

The engineer, Walt Willard, Bluefield, W. Va., was found in the cab with his body buried under cinders. Ernest Hoback, the fireman, was seriously hurt but the extent of his injuries were not determined immediately.

Attendees at Williamson hospital said six passengers were admitted for treatment. The extent of the injuries suffered by some 15 other passengers was not immediately determined.

The train, the N and W's No. 3 passenger train, left Norfolk, Va., last night and was about 80 miles east of here when the wreck occurred.

Railroad officials said the train was still about 15 minutes behind schedule when the derailment occurred, indicating that the engineer had not been speeding in an effort to make up lost time. The cause of the derailment, which occurred on a curving stretch of track, was not determined immediately.

Action Is Planned On Gas Franchise

Action on the gas franchise ordinance authorizing the Intermountain Natural Gas company to distribute gas in Twin Falls will be taken by city officials at 8 p. m. today in City Manager Joseph Latimore's office.

Latimore called interested parties to attend the open meeting.

The ordinance has been published for 30 days. Latimore noted

Man Fined on Driving Count

Driver's license of Warren Ervin Yunker, 20, Emmett, was suspended for 30 days and he was fined \$35 and \$10 costs Monday when he pleaded guilty in Twin Falls police court of reckless driving.

He was cited Sunday by city police after the vehicle he was driving approximately 50 paces across Kinniburly road into a borrow pit. Yunker was not injured.

Charles Smith, 87, Walnut street, paid a \$9 fine and \$3 costs Monday in Twin Falls police court when he pleaded guilty of speeding. He was cited by city police on Blue Lakes boulevard north driving 44 miles an hour in a 35-mile zone.

Blue Snow Reported at Magic Mountain, Around Sun Valley

Weather in Magic Valley Saturday and Sunday was colored. The snow fell at Magic Mountain and around Sun Valley was blue.

Blue snow is a rarity but not unheard of, forest service officials reported Monday. Wesley Carlson, assistant supervisor of the Sawtooth national forest, said he has seen both red and blue snow in the Sawtooth mountains north of Ketchum and is certain the red snow is caused by fungus. He believes the snow gets its bluish tint from the same source but is unable to say where the fungus comes from.

The "off-color" snow was seen by numerous persons at both Magic Mountain and Sun Valley.

Otherwise throughout Magic Valley the weather was pretty monotonous over the week-end—rain.

The rainfall was pretty steady all of Sunday in the lower valley with Twin Falls, Burley, Rupert, Coalinga, Jerome and Shoshone reporting "soakers." The rain changed to snow near Timmerman hill north of Shoshone and Hailey, Ketchum, Fairfield and Carey reported snow.

Eight inches of snow fell at Hailey, giving the area 15 inches of snow on the ground. In the past week Hailey had 72 inch of precipitation and most of this came in the form of snow last week-end.

Rupert had 44 of an inch of precipitation over the week-end and Coalinga had 22 between 8:30 a. m. and 10:30 p. m.

Third Case

BOISE, Jan. 23 (U.P.)—The state board of health today reported Idaho's third case of polio in 1956—a 3-year-old girl in Lewiston.

Widow of City's First Newspaperman Returns Here After 35-Year Absence

The widow of the man who pioneered journalism in southern Idaho has returned to Twin Falls after an absence of 35 years.

Mrs. O. H. Barber, who celebrated her 90th birthday anniversary last Wednesday, has spent the last few years in Seattle. She has returned to Twin Falls to live with a daughter, Mrs. Chester Greene, 635 Addison avenue east.

She remembers the beginnings of the Twin Falls News and the Twin Falls Times which have merged into the Twin Falls Times-News. As a typesetter, Mrs. Barber was a help to her pioneering husband. She set type, she remembers, when her fondest wish was to remain at home and make life comfortable for her. Her constant moving about to establish papers in new territories was a tribulation, she said, "always packing and unpacking, unpacked and she always packed, unpacked and then went to setting type for Editor Barber as he turned out copy for the first edition."

In the early 1900's, Mr. Barber was an editorial writer for the Morning Kansas City Star. Mrs. Barber reminisced. They moved to Salt Lake City in 1903. Barber took over an established newspaper in St. Anthony that same year. This did not appeal to him, so late in 1904 he disposed of his holdings and moved to what was to become Magic Valley.

Twin Falls was struggling for recognition. This was fertile ground for Barber and the first edition of the Twin Falls News, a farm weekly, appeared on Friday, Oct. 28, 1904.

Early in 1905, with the News well on its way, Barber sold the plant and established a townsite weekly. This was the Twin Falls Times. Its first edition appeared on Thursday, March 23, 1905.

The newness and challenge of establishing another newspaper soon wore off for Barber. American Falls came into being. It needed a newspaper so the Barbbers were off again.

Mrs. Barber was still the typesetter for her editor-husband while they were at American Falls. When the pioneer edge wore off in American Falls, Barber was ready to move again, and move they did. This, Mrs. Barber said, was the end of her active newspaper days. In Washington state, where the next Barber enterprise was started, she became what she always wanted to be, a housewife.

The last paper to be guided by Barber was a weekly in Kent, Washington, just a few miles from Seattle. He died there in 1936, still active at the helm of the newspaper.

Still active at 90 years with un-failing eyesight, Mrs. Barber is anxious to have a good look around the area serviced by the newspapers started by her husband.

She has been in Twin Falls for a few days, but inclement weather has kept her inside the house. Seattle was a fine city she said, except for rain and fog. Mrs. Barber voiced a hope for sunshine here—and soon.

Mrs. O. H. Barber, wife of the man who established the first newspaper in Twin Falls, has returned after an absence of 35 years to live with her daughter, Mrs. Chester Greene, 635 Addison avenue east. Mrs. Barber is waiting for skies to clear so she can have a good look at the area that built up around the building where she set type for her husband's Twin Falls News, and later for the Twin Falls Times. (Staff photo-enzaving)

Wins Contest

DECLO, Jan. 23—Milton Peterson, 15, sophomore in the Declo high school and a member of the Declo FFA will represent the east Magic Valley area at a meeting at Raleigh, N. C., in July. He is one of

nine Idaho youths who won district contests in the state.

The contest was sponsored by the Jerome Cooperative creamery. He is a son of Mr. and Mrs. Dave Peterson, Albion.

Spinster Has 'True Friend' Noted in Will

GALVESTON, Tex., Jan. 23 (AP)—Olga Balderach, middle-aged legal secretary who befriended an elderly spinster, has inherited the bulk of a \$2,025,000 estate left by the woman.

Inventory of the estate of Marguerite Collins, one-time secretary of the late W. L. Moody (Gibson) firm, was filed Saturday in court by court. Miss Collins died last Oct. 21 at the age of 89, leaving each of her relatives \$1.

Miss Collins' estate first was estimated "in excess of \$400,000" but it was revealed to be closer to \$2,000,000. Miss Balderach refused to discuss the will, but later settled with four relatives for \$70,000.

Virtually unknown as a wealthy woman, Miss Collins befriended Miss Balderach and Miss Balderach helped Miss Collins with her legal problems. The two became close friends.

Miss Balderach told a probate court Miss Collins once told her she was "my only friend."

Hand-written, the will that left nearly the entire estate to Miss Balderach and named her executrix, was made in 1949, was unattested and lay in a strong box beneath Miss Collins' bed until she died.

Treasury's Chief Sees No Tax Cut

WASHINGTON, Jan. 23 (AP)—Treasury Secretary George M. Humphrey said yesterday there is "no room" for a tax cut this year unless government spending declines or revenue increases more than now anticipated.

Some leading Republican congressmen have insisted, despite a hour to tax cuts, that the door still is open to a reduction later this year if government income shows a big rise.

Humphrey was asked his opinion of this prospect.

"Not as we stand now," he replied. "Unless we can cut down in spending, or get increases in revenue we don't dare to estimate, there is no room for a tax cut this year."

Normal Living Is Routine for Coldest Town

BEMIDJI, Minn., Jan. 23 (AP)—Everything's normal here today.

The cold would paralyze other towns, but here life goes on as usual in its sub-zero pace. Men went to work as usual, housewives did their normal week-end shopping and kids played.

Yesterday, when the temperature dipped to 28 below zero, school attendance was near normal. Today the same children rumped in the snow, virtually unaware of the cold.

About the only outward sign of the extreme cold, except for the low level of the thermometer, was an abnormal squeal from automobile tires on the compacted snow and heavy vapor from automobile exhaust pipes.

Some motorists who left their cars outside overnight also had to contend with "flat wheels" when they first started driving. Slightly under-inflated tires freeze slightly flat at the point where they touched the street during the night and do not resume their normal roundness until they are warmed by the friction of driving.

Schools here have not been closed because of weather for more than 10 years, Superintendent J. W. Smith said. Occasionally attendance of rural students is reduced by blocked roads, but the students living in town "just do not pay any attention to the weather," he said.

School children bundle up in snow pants, storm coats, heavy caps and mittens and ignore the cold. Other residents of the area are equally prepared for sudden cold snaps. Most families which don't keep their cars in insulated garages have electric "headbolt" heaters which warm the engine block before the car is started.

"The truth is our people pay very little attention to the cold weather," Chamber of Commerce Secretary Don Stubbins said today. "Fact is, we're proud of it and hope tourists will remember Bemidji when it gets hot next summer."

Bemidji's 72-year-old Mayor Fred Troppman nodded agreement. "Cold weather this winter?" he asked. "I hadn't noticed we'd had any."

Egypt's Strength Is Feared by Jew

LONDON, Jan. 23 (AP)—Dr. Nahum Goldmann, president of the World Jewish Congress, told a news conference he believes Egypt now has superiority over Israel in jet bombers and submarines supplied by the Communists.

Goldmann said the submarines supplied by Russia "can blockade Israel in no time" and said the "situation is becoming precarious."

Goldmann, who is also chairman of the Jewish agency, said jet bombers had been delivered from Czechoslovakia to Egypt in recent months and that they are "capable of flying from Cairo to Tel Aviv in eight minutes."

He said Israel had no jet fighters which could intercept them and that the bombers fly at altitudes where anti-aircraft guns are not effective.

Committee Okays 2 Idaho Centers

WASHINGTON, Jan. 23 (AP)—Sen. Herman Welker, R., Ida., says the senate armed services committee has approved construction of a \$283,000 reserve training center in Boise and a modified center in Moscow at a cost of \$100,000.

Rep. Homer Hodge, R., Ida., reports the house armed services committee also will consider the defense department's request for the Boise center, designed to handle 400 men. The Moscow unit would handle about 100.

Welker said each member of the armed services committee had the power to object to the proposed construction within 30 days. The senator said he hoped his colleagues would "refrain from objecting."

Wilson Has Say

Secretary of Defense Wilson tells newsmen, after arrival in Los Angeles for a political rally, that he doesn't want to get into a controversy with Gen. Matthew Ridgway but that "both Admiral Radford and I thought the general did approve at the time" of the amounts allotted the armed forces in the 1954 state of the union message by President Eisenhower. Ridgway has contended that he opposed cuts in the army's manpower. In background is Sen. Thomas Kuchel, R., Calif. (AP wirephoto)

Hank's Life, Romances Are Discussed by Doting Mother

By HENRY McLEMORE
When I read that Grace Kelly's mother had signed to do a series of articles on "Grace's life and romances," I rush to the phone to ask my mother if she would do the same thing about me.

Mother said she didn't think such a series would be in the best of taste, and I had to agree with her, but when I mentioned that all the money she made would go to our favorite charity, she reluctantly agreed.

Our pet charity, incidentally, is the Zsa Zsa Gabor Fund for Diamondless Girls.

So, here is the first and last of a series of stories on how romantic I was, and how, despite my charm, wealth, good looks, and persistence, I have yet to marry a princess, or even a girl who lived within 500 statute miles of a princess.

"Henry was out of town when he was born, but as soon as I saw him I knew he was different from my other children. His first word was 'Ulara.'"

"When the other children in the neighborhood were interested in having 'Mother Goose' rhymes read to them, Henry begged me to read to him chapters from the Almanach de Gotha, he memorized whole sections of this book on the peacocks, and when he was 5 expressed a decided interest in a baroness."

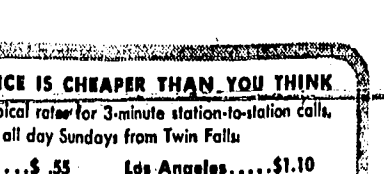

"I do not want to marry anyone in my own business," Henry said. "This cryptic remark befuddled us. After all, Miss Bow was in motion pictures, and Henry hadn't seen his first movie yet."

"Henry talked coherently at the age of 11. This was a break. Now we figured, we could find out his likes and dislikes. 'My brothers and sisters are extroverts,' he said. 'I am an introvert, scarcely say anything, and place my career above all.' As Henry didn't have any career at the time, this statement fascinated us, so we put him back up in the tree for two more years."

"Least, some of you think it cruel of us, let me remind you that the tree was a giant oak, which gave much shelter and had plenty of notches on which a boy could go to sleep."

"Henry now is well in his forties and hasn't married a princess. He has been close to quite a few, but they didn't fall in a swoon when they saw him. To be truthful, he is a little on the short, pudgy, and unhandsome side. My guess is that he isn't going to catch a princess—but all of us must give him credit for trying."

Dairy Herds' Production Is Listed by Unit

Edward Wright, Castleford, had the highest-producing dairy herd in the Twin Falls county Dairy Herd Improvement association.

His 17 head of Jersey cows averaged 64.8 pounds of butterfat from 972 pounds of milk.

Of the 83 herds in the association only one other herd averaged more than 50 pounds. Charles Tippet, Buhl, with one cow out of 21 grade Holsteins, produced 50 pounds.

An average of 484 pounds of butterfat was produced by 15 grade Jerseys owned by Dean Smith, Buhl. R. Smalley and son, with 23 mixed breeds, averaged 32.7. Leo Lamets and son had 47 grade Holsteins, with 35 milking, that produced an average of 403 pounds.

In unit three Dale Emerson, Buhl, with 13 grade and registered Jerseys averaged 393 and 1.7. Major Buhl, had 26 head of mixed breeds that averaged 368 with one dry.

The 37 registered and grade Holstein cows owned by Irvin Ehlers, Twin Falls, was high producing herd in the east end of the county with an average of 484 pounds of butterfat. Of these three were dry.

The average production for 615 cows in unit two was 27.7, which included 139 dry animals. The total pounds of butterfat produced was 17,052.3.

There were three cows that yielded more than 100 pounds of butterfat each during last month. "Daisy," a 5-year-old registered Holstein owned by L. J. Treckmuk, Twin Falls, made 104 pounds of fat from 2,040 pounds of milk. Walter Mathieson's "Milkmaid," a registered Guernsey, produced 103 pounds of fat from 1,910 pounds of milk and No. 31, a registered Holstein owned by Ernest Peterson and sons, Buhl, produced 2,280 pounds of milk which tested out 1073 pounds of butterfat.

Pressure Noted

LONDON, Jan. 23 (AP)—The British Labor party sought today to thrust the United Nations trade embargo on Communist China into Prime Minister Anthony Eden's Washington talks with President Eisenhower.

It was a hot political bon voyage for Eden who leaves tomorrow evening, with resurgent Socialists demanding he commit himself in advance on a number of touchy points before he boards the Queen Elizabeth for New York.

"Clara Bow," we told him, naming the most glamorous girl of the time.

"I do not want to marry anyone in my own business," Henry said. "This cryptic remark befuddled us. After all, Miss Bow was in motion pictures, and Henry hadn't seen his first movie yet."

"Henry talked coherently at the age of 11. This was a break. Now we figured, we could find out his likes and dislikes. 'My brothers and sisters are extroverts,' he said. 'I am an introvert, scarcely say anything, and place my career above all.' As Henry didn't have any career at the time, this statement fascinated us, so we put him back up in the tree for two more years."

"Least, some of you think it cruel of us, let me remind you that the tree was a giant oak, which gave much shelter and had plenty of notches on which a boy could go to sleep."

"Henry now is well in his forties and hasn't married a princess. He has been close to quite a few, but they didn't fall in a swoon when they saw him. To be truthful, he is a little on the short, pudgy, and unhandsome side. My guess is that he isn't going to catch a princess—but all of us must give him credit for trying."

Enter Race

DR. H. RAY HATCH DR. RAYMOND WHITE
... two southern Idaho physicians, Dr. H. Ray Hatch (left), Idaho Falls, and Dr. Raymond White, (right), Boise, have announced they will enter the Aug. 14 Republican primary in Idaho for the U. S. senate seat now held by Herman Welker. Welker previously announced he would seek a second term. (AP photos)

Balloon Crosses Pacific Region

YOKOSUKA, Jan. 23 (AP)—A huge weather balloon entered the United States at the Oregon-California border today after a jet stream flight from Japan that took just a little more than two days, the U. S. navy announced.

The balloon entered the U. S. about 11 a.m. Japan time 16 p.m. PST, the navy said. It was launched from the Oppama naval air facility near here Saturday.

"By 12:20 p.m.," the navy said, "the balloon was well on its way towards Salt Lake City, Utah, and the Rocky mountains."

At that time it was hitting a fast 300 miles per hour speed at a 30,000-foot altitude. The balloon, which is carrying meteorological equipment in a box-like gondola, carries an automatic device which will release the box by parachute after six days.

Leaders Meet

SHOSHONE, Jan. 23—A leaders meeting for Cub Scouts was held Thursday night at the office of Fred Schwartz. Plans were made for the Jan. 26 pack meeting at Memorial Hall.

The theme for February will be the organization's anniversary. Awards will be presented to Cub Scouts at a meeting Thursday.

Solon Asking Governor on Auto Speeds

WASHINGTON, Jan. 23 (AP)—Rep. Walter Norblad, R., Ore., said today he would try to get congress to pass a law making it impossible to drive a car faster than 70 miles an hour.

He said he was "exploring every legal means" to get the federal government to prohibit the manufacture of automobiles capable of speeds higher than 70 miles an hour or to require governments to all cars limiting them to that top speed.

Norblad enthusiastically criticized automobile manufacturers for their disregard of safety in their new cars. "I attended the automobile show in Washington last week," he said in a statement, "and was shocked to see the emphasis, the sales talk, and the advertising was all on the greater speed and horsepower of the new automobiles."

Norblad said one company representative gave him a "sales talk" that his company's car could travel at 160 miles an hour. Another, he said, "bragged to me" that he had driven a popular medium-priced car at 100 miles an hour.

Film Magnate, 62, Passes in England

LONDON, Jan. 23 (AP)—Sir Alexander Korda, British film magnate, died of a heart attack today, Korda, 62, was born in Turkeve, Hungary. He was the former husband of movie actress Merle Oberon.

Korda was chairman of London Film Productions, Ltd., and Alexander Korda Film Productions. He founded the first company in 1932 in London and the second seven years later.

Farmer Question Is Battle Keynote

INDIANAPOLIS, Ind., Jan. 23 (AP)—Indiana's senatorial race shaped up today as a debate on farm prices in the heart of the midwest corn and hog belt.

It might be a clean-cut vote on farm problems tagged by many as one of the 1956 election's hottest issues.

As of now, Republican Sen. Homer E. Capehart is matched against Democrat Claude R. Wickard, secretary of agriculture under Presidents Roosevelt and Truman. That will be the choice at the ballot box next November.

VISIT SLATED

SHOSHONE, Jan. 23—The Red Cross bloodmobile will visit here Feb. 13. The unit will be at the Lincoln school auditorium from 2 to 6 p.m.

West's Solons Offer View of Water Policy

(From Page One)

committee had "merely recommended a study of the relationship between federal and state laws."

He had hoped, he said, the committee would come out with a "forthright and positive" declaration supporting the doctrine that western water rights are dependent on and determined by laws of the 17 western reclaimed states.

"He said, however, he was 'very pleased' to note the statement by the President in his letter transmitting the report to congress that 'the report points out that the principles which recognize water rights as property rights should be accepted and that determinations as to disposition of water should recognize such rights.'

Senator Murray D. Mont, chairman of the senate interior committee, said the report might be a "valuable campaign document for a Republican do-nothing program" but is "worth of any legislation-my committee can consider."

He called the report "this warmed-over, rehash of some of the Hoover commission philosophy" and said some of the proposals would result in:

"An abdication of the secretary of interior and secretary of army from their functions, in which they have failed, in carrying forward a water control program as authorized by congress....

"A new multi-layered bureaucracy headed up to a newly-created coordinator of water resources floating irresponsibility in the office of the President.

"The further nullification of the public power laws by turning this function unchallengeably over to commercial power monopoly.

"A belittling of the phony and faltering partnership philosophy of the Eisenhower administration by a 110 per cent federal subsidy in certain cases to others to perform the functions a responsible federal government is authorized to perform."

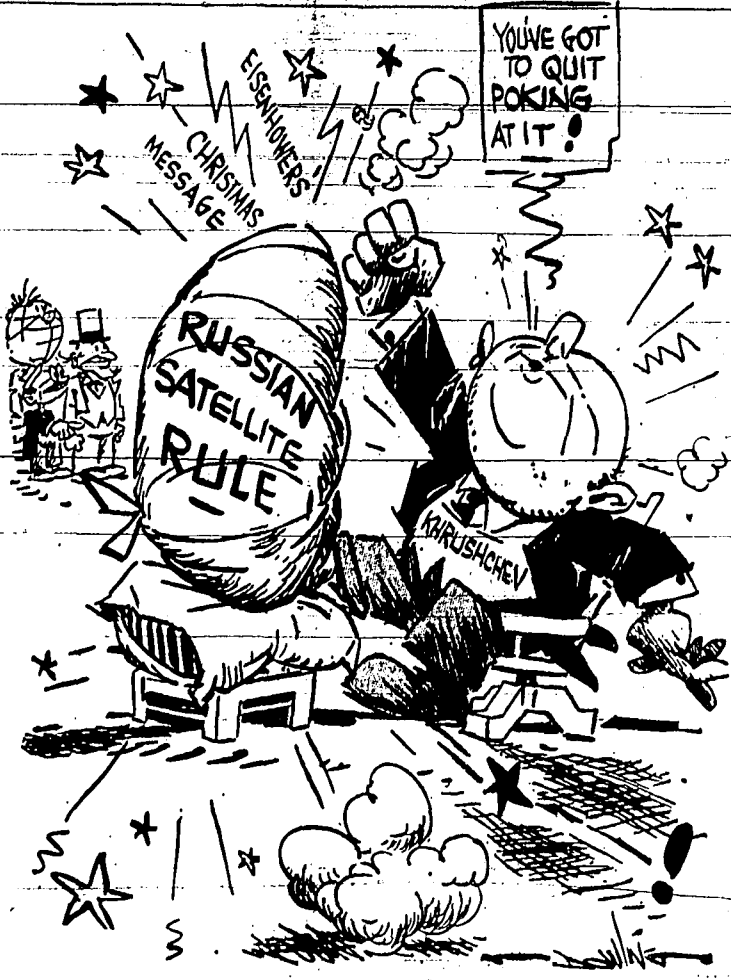

Senator Bible, D., Nev., said "tendrils of federal control disguised initially as a helping hand must be guarded against."

Senator Neuberger, D., Ore., said the report "mirrors the privatization philosophy to which this administration has become so affectingly subservient."

Senator O'Mahoney, D., Wyo., agreed with Murray that the policy would be "an abdication of the responsibility of the secretary of the interior and other government agencies to develop the water resources of the United States according to laws laid down by the congress."

He said the report is one for "big business" because "it lays particular emphasis in subtle language upon the shift of the long-recognized responsibility of the federal government for the development of water resources to non-federal interests by which is meant private utility corporations."

It Must Be Tender

Four Children Are Killed by Parents' Hand

By United Press

Two children in Indiana and two children in California died at the hands of their distraught parents Sunday.

An Indiana Sunday school teacher shot and killed his two young sons as they frolicked in the bathtub. He also killed his wife and then told officials he was the "son of God."

Die in Auto

In California, a former airline stewardess was found dead with the bodies of her two children in a car parked near a church. Police said she had spread deadly exhaust fumes into the car through a vacuum cleaner hose.

One tragedy took place in tiny Brooklyn, Ind., located 20 miles south of Indianapolis.

Robert Heckman, 31-year-old truck driver, was preparing to teach Sunday school at a local Methodist church. His children were in the bath, getting ready for church.

Shoots Wife

Heckman took a 12-gauge shotgun and shot his wife, Jane, in the hallway of his home. Then he entered the bathroom and sent single blasts into both his sons, Rick, 11, and Chad, 10.

The Sunday school teacher drove to the home of his father, where he confessed. He told authorities in a sincere voice that he was the "son of God."

It was near a church that two children and their mother died at Palos Verdes Estates, Calif.

Clergyman Calls

A clergyman called police and said a car had been parked near his church for several hours.

Investigating officers found the bodies of Mrs. Betty Lou Brewer, 32, a former airline stewardess, and her two children, Terry, 4, and Susan, 3. She left a note which did not explain her action except to say that it was not her husband's fault. The husband, an unemployed air line pilot, said he had not seen his family since his wife took the children to visit a doctor in Los Angeles Saturday.

SHOSHONE, Jan. 23 — Mrs. Kay Johnson, daughter of Mr. and Mrs. Joseph Hepworth, is slating temple rites in March.

Bridge Played

SHOSHONE, Jan. 23 — D.L.M.O. Bridge club met at the home of Mrs. John Thomas Friday night.

Care of Your Children

By ANGELO PATRI

It may seem odd for me to be calling attention to the fears of parents, but the letters I get from troubled fathers and mothers indicate many fears in regard to their children.

A 12-year-old girl in junior high school is all bound up in the idea of being popular with her "crowd."

At the start, lying is often the excuse for wrongdoing, but parents should search for the cause and put an end to lying before it becomes a habit.

Let us look at the facts, for facts are what count. This child, and every other who takes such an attitude, is still a child and has not yet developed the maturity of control.

Dons Shooting for Record As Dayton Hits Top Rating During San Francisco Layoff

It's put-up-or-shut-up for a number of ambitious hopefuls in conference races this week while the San Francisco Dons make a pitch for an all-time winning record in major college basketball.

Pros Playing Close in Golf Tourney

TUANA, Mexico, Jan. 23 (AP)—The big-name golf pros packed their bags today and moved on for the Palm Springs Invitational tournament opening Thursday.

Big Mike Souchak, the former Duke Open star, captured the Caliente Open tournament here yesterday by cracking the course record with a 281. That made him the third different winner in three tournaments so far on the winter tourney trail.

Lloyd Mangrum won the opening event, the Los Angeles open, and Cary Middlecoff took the Bing Crosby Open.

Souchak's steady par shooting yesterday brought him victory in the tournament here as he chalked up a 71 for his 281 total—to break a record of 282 on this course in 1934 by Whiffy Cox.

For second place, Tommy Bolt picked up a check for \$1,500 after rounds of 69-70-69-70-73.

Souchak and Bolt, along with Gene Littler, were the pre-tournament favorites.

But if there was any surprise in this event it was the play of an amateur—22-year-old Rod Funseth, Spokane, Wash. Rod, who never has won a major title of any kind, finished in a three-way tie for third place with 284 totals.

Betsy Rawls Takes Women's Open Tourney

TAMPA, Fla., Jan. 23 (AP)—Betsy Rawls said today some of the best chipping and putting of her career helped her win the \$5,000 Tampa Women's Open golf tournament.

"It was one of my finest rounds," said all-time, blond Miss Rawls after her four-under-par 71 in the final 18 holes yesterday that gave her a 293 total and \$500 first money.

Patty Berg, the freckle faced St. Andrews, Ill., professional who led the tournament through the first three rounds, blew up playing in the same threesome with Miss Rawls yesterday and carded a five-over-par 80. But her total of 298 was still good for \$350 second money.

Young Mickey Wright, San Diego, Calif., tied a three-over-par 75 for a total of 299 and third place while Beverly Hanson, Apple Valley, Calif., with a 75, and Fay Claicker of Uruguay, with a 73, tied for fourth at 304.

Nehaus Punches Utah's Rex Layne For Easy Victory

DORTMUND, Germany, Jan. 23 (AP)—Helsi Nehaus, who once got no better than a draw against Utah's Rex Layne, made a punching bag of the erstwhile Rowdy Rex today night to win an easy 10-round decision.

Nehaus, former German and European heavyweight champion, weighed 215 pounds, just half a pound below his opponent from Salt Lake City.

When the two met in Dortmund 13 months ago, the judges called it a draw. It was a decision roundly booed by fans who had thought Layne the winner on points.

But the crowd of 10,000 who saw the meeting at Westfalen Hall was not left much room for doubt Sunday night. Layne was doubly outclassed by Nehaus several times and he was hanging on at the finish.

Field Trial Club Derby Launched

CANTON, Miss., Jan. 23 (AP)—The National Field Trial Club got its derby by championship running Monday with 16 bird dogs up for a crack at the crown.

It's the smallest field in years. The derby is limited to two-year-olds. Each dog makes a one-hour quail hunt under the eyes of judges.

After the derby comes the free-for-all, an all-age stake, which drew only 14 starters. Dogs in this event run a 1-hour qualifying hunt, with the survivors put to a 3-hour test in the finals.

REPLACEMENT SEEN
MOSCOW, Jan. 23 (AP)—Coach Skip Stahley says he hopes to have a new assistant football coach at University of Idaho to replace Gene Stauber by March 1.

Slalom Points Give Jackson Skiing Crown

JACKSON, Wyo., Jan. 23 (AP)—Judy Jensen's triumph in the Sunday slalom event propelled Jackson to the girls' team crown in the sixth annual Jackson-Wilson High School Invitational Ski meet.

The victory helped Jackson score 338.65 points. McCall, Ida., placed second with 382.00, Bozeman, Mont., third at 369.69 and Steamboat Springs, Colo., fourth with 256.39.

McCall took all five places in the jumping Sunday to edge Jackson for boys' team honors. David Butts won and was followed by Edward Ward, Ralph Turner, Bill Brandenburg, and Bill Thompson in that order.

Butts also was the victor in the slalom Sunday and took the boys downhill race Saturday.

The McCall team scored 1,117.57 points and Jackson 1,067.18. Steamboat Springs finished third, Bozeman fourth and the Jackson B team fifth.

Only four girls' teams appeared for the meet, but other boys teams also were entered from Casper and Pinebluff, Wyo., and Rupert, Twin Falls and Idaho Falls, Ida.

Luedee Faces Rory Calhoun In N. Y. Bout

NEW YORK, Jan. 23 (AP)—Rory Calhoun, a young middleweight from White Plains, N. Y., who had to go west to make a name for himself finally breaks into the main event class in his home area Monday night with a 10-round match against Jerry Luedee of New Haven at St. Nicholas arena in New York.

Frank Bachman, manager of the unbeaten Calhoun who has had only 16 pro fights, insists his boy should have been named "rookie of the year" for 1955 instead of Boston's Bob Murphy. Calhoun's latest success was a knockout over Charlie Salas at Los Angeles, Dec. 1.

This is a rematch, giving the 22-year-old Luedee a chance to get even with the only man who beat him, Nov. 26, 1954. The first bout, a preliminary Madison Square Garden, was cut from six to four rounds to fit a time limit.

Calhoun and Luedee will be seen on television (DuMont) starting at 10 p. m. (EST), the night before the fate of promoters Tex Sullivan and Willie Gilzenberg is to be determined by the New York state athletic commission.

Redskins Set For Clashes With Hawaii

By The Associated Press
Many songs have been written and a lot of glamour has been heaped on football heroes, but the plight of college basketball players isn't anything to be scored.

Look what faces the players on Utah's Redskin team (5-0), co-leaders of the Skyline conference with Brigham Young (3-0). This is the week for the Utes to sail off into the wild blue yonder for the land of grass skirts and sparkling white besoches—Hawaii.

The Utes will play three games at Honolulu—Wednesday, Friday and Saturday—with Hawaii university. In between times they'll enjoy living at the Royal Hawaiian hotel and the other attractions of the island resort.

The basketball chore shouldn't be too difficult for the Utes, who have a 12-3 over-all record. At home in Salt Lake City last year, practically the same Utah team walloped Hawaii, 109-67 and 76-52.

Stauber Hired as Elliott's Helper

LINCOLN, Neb., Jan. 23 (AP)—University of Nebraska Friday named Gene Stauber, Idaho end coach and chief football scout, as freshman grid coach.

Stauber, 34, was graduated by University of Toledo in 1947 and received a master's degree from University of Michigan in 1952. He is the first assistant chosen by head coach Pete Elliott. Elliott recently moved from Oklahoma to become head coach here.

Athletic director Bill Orwig said Stauber was hired on a year-to-year basis with a salary of \$8,500 a year.

Jumping Titles Go To 'Lakes' Skiers

WESTBY, Wis., Jan. 23 (AP)—Ski jumpers from the cold regions of the upper Great Lakes captured top honors at the national championships over the week-end.

Keith Zuehlke, Eau Claire, Wis., a 23-year-old electric company lineman, won the class A crown Sunday, jumping 201 and 200 feet for 220 points.

Jerry Lewis, Duluth, Minn., took class B honors with 203.8 points on leaps of 176 and 187 feet.

Pros Playing Close in Golf Tourney

TUANA, Mexico, Jan. 23 (AP)—The big-name golf pros packed their bags today and moved on for the Palm Springs Invitational tournament opening Thursday.

Big Mike Souchak, the former Duke Open star, captured the Caliente Open tournament here yesterday by cracking the course record with a 281. That made him the third different winner in three tournaments so far on the winter tourney trail.

Lloyd Mangrum won the opening event, the Los Angeles open, and Cary Middlecoff took the Bing Crosby Open.

Souchak's steady par shooting yesterday brought him victory in the tournament here as he chalked up a 71 for his 281 total—to break a record of 282 on this course in 1934 by Whiffy Cox.

For second place, Tommy Bolt picked up a check for \$1,500 after rounds of 69-70-69-70-73.

Souchak and Bolt, along with Gene Littler, were the pre-tournament favorites.

But if there was any surprise in this event it was the play of an amateur—22-year-old Rod Funseth, Spokane, Wash. Rod, who never has won a major title of any kind, finished in a three-way tie for third place with 284 totals.

Betsy Rawls Takes Women's Open Tourney

TAMPA, Fla., Jan. 23 (AP)—Betsy Rawls said today some of the best chipping and putting of her career helped her win the \$5,000 Tampa Women's Open golf tournament.

"It was one of my finest rounds," said all-time, blond Miss Rawls after her four-under-par 71 in the final 18 holes yesterday that gave her a 293 total and \$500 first money.

Patty Berg, the freckle faced St. Andrews, Ill., professional who led the tournament through the first three rounds, blew up playing in the same threesome with Miss Rawls yesterday and carded a five-over-par 80. But her total of 298 was still good for \$350 second money.

Nehaus Punches Utah's Rex Layne For Easy Victory

DORTMUND, Germany, Jan. 23 (AP)—Helsi Nehaus, who once got no better than a draw against Utah's Rex Layne, made a punching bag of the erstwhile Rowdy Rex today night to win an easy 10-round decision.

Nehaus, former German and European heavyweight champion, weighed 215 pounds, just half a pound below his opponent from Salt Lake City.

When the two met in Dortmund 13 months ago, the judges called it a draw. It was a decision roundly booed by fans who had thought Layne the winner on points.

But the crowd of 10,000 who saw the meeting at Westfalen Hall was not left much room for doubt Sunday night. Layne was doubly outclassed by Nehaus several times and he was hanging on at the finish.

Field Trial Club Derby Launched

CANTON, Miss., Jan. 23 (AP)—The National Field Trial Club got its derby by championship running Monday with 16 bird dogs up for a crack at the crown.

It's the smallest field in years. The derby is limited to two-year-olds. Each dog makes a one-hour quail hunt under the eyes of judges.

After the derby comes the free-for-all, an all-age stake, which drew only 14 starters. Dogs in this event run a 1-hour qualifying hunt, with the survivors put to a 3-hour test in the finals.

REPLACEMENT SEEN

MOSCOW, Jan. 23 (AP)—Coach Skip Stahley says he hopes to have a new assistant football coach at University of Idaho to replace Gene Stauber by March 1.

Ooh! My Aching Head!

A hockey stick connects with Canadian Kenny Mondell's face during a brawl with Toronto Maple Leafs in a game at Montreal. Others in the scuffle are Floyd Curry and Tom Johnson, top to bottom, of Montreal, and George Armstrong (10) of Toronto. Montreal won, 3-1 in the game, not the brawl. (NEA telephoto)

Bobsledders Okay 'Peace Pact' on Olympics Site

CORTINA D'AMPEZZO, Italy, Jan. 23 (AP)—Peace was restored Monday to the American bobsled team. And that's real news for these feuding, fusing athletes.

A glance around at the bobsledders swapping friendly yarns during the evening festivities to the closing of a bitter division which started in this Alpine village two years ago. Yet there still are a few loose ends to be tied together, such as what will happen to Donna Fox at the international meeting?

The bobsledders form a small family. Less than 100 Americans find their big sports thrill whizzing down an ice chute at a mile a minute.

The background to the fight is complex. Lake Placid, N. Y., historically is the center of American bobsledding. Sledders from that Adirondack mountain town and the Adirondack section of the AAU traditionally have controlled the sport.

For years there have been rumbles of discontent from bobsledders in other parts of the country. They contended that favoritism was shown toward Lake Placid sledders in picking international teams.

It took the United States army to bring this into the open. Yank soldiers with time on their hands began to bobsled in Germany.

Before the 1954 world championships here, the army asked that its men in Germany be given time trials before the American team was selected, and Fox, a Larchmont, N. Y., undertaker who is a vice-president of the international organization, supported the request.

Stan Benham, Lake Placid, and Art Tyler, Rochester, N. Y., two star drivers flown here for the championships—restricted further trials. They said they were the picks and that was that.

The fight came to a head when the army four-man team arrived and, piloted by Ralph Johnson, a civilian employe from Rapid City, S. D., entered the championship. Benham withdrew, rushing out of Cortina after a mediocre showing in the two-man event. He gave as a reason the fact that his regular sled had not arrived. There was a

SPORTS

Yank Olympic Team Loses in Brush With Russia; Aims at Hockey Win

CORTINA, Italy, Jan. 23 (AP)—America's winter Olympic stars took a drubbing in their first showdown with Russia, but they have high hopes of bouncing back today with a good showing in bobsleds and a win over the Soviets in hockey.

The bobsled action, slated to get underway at 8 a. m. (2 a. m., EST), is the first "real" competition of the 1956 Olympic games. Actually, the games don't open until Thursday and the first bobsled heats are not scheduled until Friday.

Today's runs down the swift, dangerous Olympic course were first planned as an elimination to trim the field of 23 entries for the two-man bobsled down to 20 for the official competition.

But officials ruled instead last night that today's runs will be to determine the five slowest teams. These will be forced to be the five last starters in the official competition—a bad spot since by then the run will be chewed up by sleds and slowed down.

The Soviets are not entered in the bobsled, and the Americans are looking forward to an exhibition game tonight between the hard-hitting hockey teams of the two nations at Bolzano, about 45 miles from the Olympic site here.

Kenneth (Tug) Wilson, president of the U. S. Olympic committee, refused today to predict how the U. S. hockey team will fare in Olympic competition until the results of tonight's match are in. But he believes that Russia and Canada will be the chief competitors for the hockey crown.

Wilson, and the other Americans, were tremendously impressed by the Soviet showing in the unofficial speed-skating yesterday.

In a 500 meters race, the Russians swept the first three places with Evgenji Grishin, Yuriy Sergeev, and Rafail Gratch. Grishin bettered the world record with a 40.2 second clocking and third-place Gratch tied the old mark of 40.8. Ken Henry of Chicago and Don McDermott of Englewood Cliffs, N. J., who finished one-two in this event in the 1952 Olympics, had to settle for fourth and fifth.

"Those speed skating performances yesterday all but made certain that we won't win a single gold medal in that event," said Wilson.

Wilson said he now believes that, thanks to Russian appearance in the winter Olympics for the first time, it is now "extremely unlikely" that the United States will match its performance of winning four gold medals in the '52 games. He said he has high hopes of two gold medals—in men's and women's figure skating—and that's about it.

Stanford Hits Back; Defeats Oregon State

CORVALLIS, Ore., Jan. 23 (AP)—Stanford's pesky Indians bounced back from an upset loss the night before to overwhelm taller Oregon State 75-50 here Saturday in a Pacific Coast conference basketball game. Oregon State won Friday 69-59.

The Indians used a full court press, with greedy ballhawking, along with speed and fine shooting, to make a rout of the game after the first seven minutes.

Slower, less experienced Oregon State used a zone defense but Stanford riddled it with sharp passing. Stanford used 12 players and 11 of them scored. Its total was fairly well distributed with Bill Bond, junior forward, high at 12 points. Forwards Bill Flanders and Carl Isaacs followed with 10 each.

Dave Gambee, Oregon State's 6-6 sophomore center, was high scorer for the game with 16 points but most of these came after it was too late.

Women's Sprint Mark Shattered

WASHINGTON, Jan. 23 (AP)—Isabelle Daniels, this nation's leading hope for the women's Olympics sprint events, scored a double triumph Saturday night in the women's national AAU indoor track championships, shattering one record and equalling another.

Miss Daniels, tall, smooth-striding Negro miss from Tennessee A and I, broke the women's world indoor record for the 50-yard dash and tied the record for the 100.

Miss Daniels did the 50 in 13.8 seconds in a qualifying heat Saturday morning but did no better than 6.2 in taking the title Saturday night. Teammate Lucinda Williams was well back in second place.

GETTING UP NIGHTS

If worried by "Bladder Weakness" (Getting Up Nights—too frequent, burning or itching urination) or "Stress, Cloudy Urine" due to common kidney and bladder irritations, try CRYSTEX for quick, gratifying, comforting help. A million CRYSTEX tablets used in past 35 years prove safety and success. Ask druggist for CRYSTEX under satisfaction or money-back guarantee.
