Protest Is Slated on Rail Hike

BOISE, Jan. 27 (U.P.)—Eleven western states have asked the interstate commerce commission to delay granting a request by the railroads for a seven per cent freight rate increase until the states can be heard on the matter, the Idaho public utilities commission said today.

The Mountain-Pacific states conference of public service commissioners, which represents the 11 states, charged the scheduled increase was "unreasonable, discriminatory and otherwise unlawful."

The ICC's order of Jan. 4 puts the increase into effect Feb. 25 with the provision the railroads must grant refunds if the hike is later found to be unjust.

However, the public service commissions of the 11 states said, "the refund provision affords no satisfactory protection for those who would be unlawfully damaged by the exaction of unreasonable or discriminatory rates."

Gov. Robert E. Smylie, Congressman Hamer Budge, R., Ida., and State Commissioner of Agriculture Harold West have lodged protests against the scheduled increase, which they say would be harmful to the agricultural industry of Idaho and the West.

The Mountain-Pacific states conference represents Arizona, California, Colorado, Idaho, Montana, Nevada, New Mexico, Oregon, Utah, Washington and Wyoming.

The railroads have asked for the increase to offset higher costs but the commission charged they "are not in serious financial distress."

"They have incurred some new expenses which may necessitate a rate adjustment," the petition said. "However, the financial emergency, if any, is not current but prospective."

The commission asserted there was "ample time for an orderly and proper investigation."

The commission said that although the ICC made its ruling Jan. 4 "effective notice" was not given until Jan. 17.

Bellevue Man Found Guilty In Car Count

Willis McKercher, Bellevue, was found guilty of negligent driving Thursday by a jury in Hatley prothonotary court. The charge was filed following an automobile accident Dec. 24, 1955, near Bellevue. Probate Judge John Hughes set time for sentencing at 3 p.m. Friday.

McKercher has been charged with reckless driving, causing the accident in which three persons were injured seriously, Nick Arrien, Jack Phippen, both Carey, and McKercher.

The Bellevue man testified Thursday that his car had skidded and he had not been able to get it back to the right side of the road. He was represented by Kneeland and McIntyre.

Gottfried Tetz, 453 Third avenue east, was fined \$10 and \$3 costs Thursday in Twin Falls justice court for a traffic signal violation. The court suspended \$3 of the fine. He was cited Thursday by state police at Shoshone street and Second avenue west.

March Against Polio Planned for Tuesday Evening

Section leaders for the Mothers March Against Polio met at the home of Mrs. William Sills Thursday to organize districts and select block mothers. The event will be the last effort in the county to collect money for the 1956 March of Dimes campaign. From left, Mrs. Sills, co-chairman of the Mothers March on Polio, Mrs. Paul Crumbliss, and Mrs. Marvin Heinrich, section leaders, study a map of the city. The march will be held next Tuesday evening starting at 6 o'clock. (Staff photo engraving)

Jet Fighters to Furnish Sound Effects For Last Event of 1956 March of Dimes

The Mothers March on Polio, final event of the 1956 March of Dimes, will be held next Tuesday evening with plenty of sound effects.

The ground observer corps has scheduled an exercise including flights of jet planes over all towns in southern Idaho. Observers will report on the planes from Jerome, Twin Falls, Buhl, Piler, Castletford, Hansen, Milner dam, Burley, Declo, Albion, Rupert and Minidoka.

Planes are scheduled to pass over communities around 7 p. m. For some of the porchlight campaigns the noise of the jets will be the beginning of the house-to-house canvass. However, in Twin Falls the sound of the jets will come at the end of the event. The Mothers March here is scheduled to start at 6 p. m.

This is the last event of the 1956 campaign and we hope we can do a big job with the Mothers March," said Carl Berg, publicity chairman. "Proceeds have been lagging under last year's figures in most events. I urge everyone to turn on porchlights at 6 p. m. next Tuesday. You can turn off the light after someone has called for your donation."

Mrs. Eloise Carlson is in charge of the Twin Falls Mothers March. Her assistant is Mrs. William A. Sills. J. Berg said volunteers to assist in the house-to-house canvass could contact Mrs. Carlson by phoning 2064-M.

Section leaders met Thursday afternoon to formulate final plans for the drive and to select block mothers.

Sterling Larsen, city drive chairman, reported although most of the block mothers have been appointed, there is still a large demand for them in some areas in Twin Falls. He urged all mothers who have the time and interest to contact him at the Twin Falls Business college, 1906.

Larsen reported 317 block mothers are needed to contact more than 6,000 homes in the city. Members of the Local Order of Moose have volunteered to patrol the city during the canvassing.

Larsen said citizens of the county must give freely in this last effort if Twin Falls county is to meet the total contributed last year. He noted that \$18,000 was spent in this county for patient care alone and said this sum has just been met.

Records from last year show the following:

WASHINGTON, Jan. 27 (AP)—Senators Elender, D. La., and Young, N. D., said today a majority of the senate agriculture committee favors a return to rigid high level government price supports on cotton, wheat, corn, rice and peanuts.

That would junk the flexible and lower system of price supports adopted by congress last year under urging from the Eisenhower administration.

Classification Plans in Aiding Red Cross Reported at Meet

Plans for "forming a backbone" for each Red Cross blood drawing were made at the Red Cross blood committee meeting Thursday evening.

Mrs. W. P. Haney, chairman of the classification committee, reported all workers in the area had been classified according to labor groups. The purpose of these categories is to enable the Red Cross to issue a call for a certain group to be the "backbone" for the various drawings, she said.

Mrs. Haney reported the first classification to be called on will be the doctors, dentists, accountants, lawyers and Grangites. They will be asked to donate at the Feb. 14 visit of the bloodmobile between the hours 10 a. m. and 2 p. m. at the American Legion hall.

Bids of \$536,289 Accepted on Two New T.F. Schools

Bids totaling \$536,289.25 were accepted Thursday night for two new elementary schools in Twin Falls. The figure is more than \$88,000 under estimates prepared for class A school district No. 411. The school board accepted the general bid of \$401,400 submitted by Brennan Construction company, Pocatello; electrical bid of \$29,449.25 of Twin Falls Electric company, and the plumbing, heating and mechanical bid of \$105,440 submitted by Home Plumbing and Heating company, Twin Falls.

The junior high school library, scene of the bid opening, was jammed by a crowd consisting mostly of contractors and their representatives. Bids on the general construction were submitted by eight contractors. Separate bids on the plumbing and heating were offered by five companies and four concerns bid on electrical work.

Anticipation of possible higher bids, the call for bids specified five deductible alternates. However, following the bid opening, the board of education disregarded the alternate figures.

Two contractors bid on both the schools complete, but the "one-package" bids were more than \$40,000 higher than the low individual bids for construction, electrical and plumbing and heating.

The Arrington Construction company, Idaho Falls, bid \$291,940 for the Morningglade school complete, \$289,516 for the Harrison school complete or \$577,000 for both schools complete. Comparable bids submitted by C. H. Elle Construction company, Pocatello, were \$269,072 for each school or \$538,144 for both.

Bids Reported

Bids on general construction for Morningglade school, Harrison school and both schools, in that order, were made by Arrington, \$213,633, \$211,654 and \$423,287; Brennan Construction company, \$201,700, \$201,700 and \$401,400; W. R. Cahoon Construction company, \$225,700, \$225,000 and \$448,600; Elle, \$208,000, \$208,000 and \$410,000; G and M Construction company, Boise, \$217,211, \$218,300 and \$428,111; C. B. Lausch Construction company, Boise, \$214,400, \$214,400 and \$424,000; Reynolds and Walker, Twin Falls, \$147,000, \$147,000 and \$419,600; Western Construction and Supply company, Buhl, \$210,000, \$210,000 and \$411,000.

Twin Falls Electric's bid specified \$1,975.75 for the Morningglade school, \$1,748.50 for Harrison school (Continued on Page 4, Column 4)

Oregon Demo Hits Plans on Egyptian Dam

WASHINGTON, Jan. 27 (AP)—Sen. Richard L. Neuberger, D., Ore., asked today how the United States could help build an Egyptian dam when it was "too poor" to build one at Hells canyon.

"Apparently high dams are for export only," Neuberger said in speech for senate delivery. "Not to be taken internally is the administration's label on the high-dam bottle."

He said the administration plans to help Egypt build a high dam on the Nile which will cost 13 billion dollars.

"Yet this same administration has told the inhabitants of the Pacific Northwest that we are too poor to purchase to erect a dam costing 350 million dollars at Hells canyon, the finest water power site still undeveloped in the United States," he said.

Question Asked

"What are we using to help pay for the Egyptian dam—confederate dollars, counterfeit coins or wampum?"

He said this was the first time in world history that a government said it was "too poor to give its own people something it was willing to finance for another country."

Socialist Gets Okay to Seek Premier Post

PARIS, Jan. 27 (AP)—Premier-designate Guy Mollet meets with ex-Premier Pierre Mendes-France today to plot strategy which would give France a government acceptable to the badly-divided national assembly.

Mollet, leader of the Socialist party, was called to the Elysee palace last night by President Rene Coty after two days of political jockeying and asked to try and form France's 2nd postwar government.

Shatters Tradition

The 51-year-old former English teacher virtually shattered tradition by accepting the mandate at once.

"I did not think that he (Coty) should be made to wait for an answer, and I immediately gave him my agreement," Mollet said of leaving the presidential residence.

Talks Begin

Mollet immediately began consultations with political leaders to line up the support he will need to win confirmation from the assembly next week. The vote is expected to come on Tuesday.

Cooler

Cooler temperatures, near normal, were reported for Magic Valley in the five-day weather forecast received Friday via Associated Press.

"Oh, well, after all it's still January," said the AP reporter, reading this report:

"Temperatures averaging below normal in northern portion, near normal in southern portion. Maximum temperatures generally 35 to 40 in the south portion, minimums 10 to 20 except locally near zero. Precipitation averaging more than seasonal, total about a half inch. Snow Friday and again the first of the week." (Probably.)

Jurors List Is Reported for Court's Term

The jury list for the January term of Twin Falls district court was completed Thursday. A total of 35 names was selected by drawing from the master jury list.

Twin Falls jurors selected to serve for the January term are Douglas Borlase, Richard A. Brizee, Boyd C. Cole, Ver Cox, C. M. Fisher, Victor Pifflet, L. V. Groves, E. M. Guest, Jr., Mrs. Kenneth Kinney, Ray King, C. L. Morris, Grace C. O'Harrow, Mrs. Lavella Pace, Marjorie Pippitt, Ada W. Powell, W. W. Pressy, H. A. Smith, Kennen M. Whitesides and L. F. Wiseman.

Pler residents whose names were drawn are Owings F. Brann, Mrs. Alma A. Eastman, C. P. Oliver and Mrs. Edward Vincent.

Jurors from Buhl are Mae T. Gjbh, Lovell Huestad, S. W. Matthews and J. A. Reed.

Others are Milton R. Ballard Ernest Egan, J. Frank Henry and Henry G. Sievers, all Kimberly; Perry DeFord and Robert A. Pettygrove, both Hansen; William Lanting, Hollister, and Genevieve Goodman, Murtaugh.

On completion of the January civil and criminal calendar, the 35 jurors will be dismissed and a new panel selected for the May term of court.

Props Favored

WASHINGTON, Jan. 27 (AP)—Senators Elender, D. La., and Young, N. D., said today a majority of the senate agriculture committee favors a return to rigid high level government price supports on cotton, wheat, corn, rice and peanuts.

That would junk the flexible and lower system of price supports adopted by congress last year under urging from the Eisenhower administration.

Slash on Air Service Gets Protest Note

E. H. Heap, attorney and member of the Twin Falls Chamber of Commerce board of directors, presented a letter of protest for the reduction of air service here by United Air Lines, at the board meeting Friday noon.

Pointing out the Civil Aeronautics board has the capacity to alter or change any air certificate, the letter to the CAB demanded the agency make its own investigation of the matter. During the time of investigation, the letter asks for reinstatement of the service with a public hearing to be held in Twin Falls at a later date.

The board of directors noted the lack of transportation facilities without air service the city and Magic Valley faces, pointing out any service which covers 400 miles with only one stop cannot be considered a "small feeder line."

Kenneth Montgomery, chamber secretary-manager, reported on the various committee meetings held during the week. In addition to the Industrial Development commission which is beginning the compilation of an industrial survey, the Tourist development committee is launching a long range billboard and brochure program. The membership (Continued on Page 3, Column 4)

Brief Respite From Winter Is Shortlived

What appeared like "nice weather at last" ended abruptly around noon Friday as snow began to fall again in parts of Magic Valley. The forecast is for lower temperatures Friday night.

During the morning Friday the skies cleared and the sun came out. Blue sky didn't last long, though, and a fine snow began to fall on the slush on streets and sidewalks.

Halley, where the sky was a deep blue during the morning, reported 12 1/2 inches of new snow in the storm that covered Wednesday and Thursday. The snow contained only 36 inch of water. School was dismissed early Thursday because of the snow. Baldy mountain, with 16 inches of new snow, now has 88 inches covering its peak.

Rupert, reported four inches of new snow since Thursday and Eley had six inches with 44 inch of precipitation.

Elected

JOHN H. BRECKENRIDGE has been elected president of the National Wool Growers association for the coming year. He was appointed last year by the complete term of the late Wallace Ulmer. (Staff-photo engraving)

Russia Seeks U. S. Pact on Buffer Areas

WASHINGTON, Jan. 26 (AP)—Russia has proposed to President Eisenhower a non-aggression pact which, in effect, calls for separating the Free and Communist worlds by a belt of neutral nations, informed sources said today.

The non-aggression proposal the sources said, was couched in vague terms in the now-famous personal letter sent to Mr. Eisenhower by Soviet Premier Nikolai Bulganin.

Conditions Given

But diplomatic sources speculated that under the proposal the United States would be expected to accept the present division of Europe in return for a Soviet pledge not to attack the free world and to agree to the reunification of Germany.

The sources said Bulganin in his letter also called for limitations on nuclear weapons, presumably including calling off further H-bomb tests.

These revelations gave added weight to earlier speculation that the Bulganin letter was designed to upset next week's talks between Mr. Eisenhower and British Prime Minister Anthony Eden. Both proposals made by the Soviet premier were expected to have appeal to the British and find disfavor with the United States.

Breckenridge Elected Head Of Wool Unit

FORT WORTH, Tex., Jan. 27 (AP)—The National Wool Growers association wound up its 51st annual convention Thursday by electing J. H. Breckenridge, Twin Falls, to a full term as president. Breckenridge had been serving as president since last March when he succeeded the late Wallace Ulmer.

In other final day actions, the association passed a slate of resolutions asking protection for their industry and praising a program of lamb and wool promotion which has just started.

Discussion arose when Texas and other southwestern states moved for the removal of J. M. "Cassy" Jones of Salt Lake City from his position as director of the American Sheep Producers Council, the organization approved by the government to handle the wool and lamb promotion.

A resolution finally passed which directed the representatives of the association on the council to work for the removal of Jones. Jones is a former secretary of the National Wool Growers association.

The motion was made by Penrose Metcalfe of San Angelo, Tex., a vice president of the association.

The growers restated their position favoring high tariffs on imports.

Farm Bureau Leaders Rap Support Plan

SALT LAKE CITY, Jan. 27 (AP)—Western Farm Bureau leaders yesterday said they were strongly opposed to "demands for price supports on hogs and beef-cattle, voiced recently."

They issued to the press a copy of a letter to President Eisenhower stating that "his sudden clamor for price supports is politically inspired."

Following a regional Farm Bureau workshop for presidents and directors of the Farm Bureau in 11 western states, Charles Shuman of Chicago, president of the American Farm Bureau, told a press conference he believes "some type" of a sell-off program will be passed by congress "within 60 to 90 days."

Smyle Praises Idaho GOP Policy in Address

NEW YORK, Jan. 27 (AP)—Gov. Robert E. Smylie of Idaho said last night that Republicans in his state are successfully utilizing the vigor and intelligence of young people on a broader scale than any state in the union. "In a report from Idaho" at the pulse of the nation form of the National Republican Club of New York City, Smylie also declared that "our farmers are in trouble and they are entitled to the government's help to get them out of the fix into which undue government meddling got them."

Smylie, who is 41, said in his prepared address:

"The attorney general of Idaho, Graydon Smith, is but a year older than I. The speaker of the Idaho house, H. H. Young, is two years my junior.

"His majority leader is 36. The county chairman in our most populous county is 37. And it has been my privilege for all of the nine years just past to serve in cabinet rank in Idaho's government."

Prague Meet To Unify Big Troop Force

LONDON, Jan. 27 (AP)—Communist military and political leaders met in Prague today to work out details of the organization of a Red European army outnumbering Western defenders about seven to one.

The "political consultative" conference that opened at 9 a. m. is expected to welcome Red Germany's newly-acknowledged army to the alliance and to plan economic coordination of the Communist world.

Sodden Areas Mop up After 2-Day Storms

LOS ANGELES, Jan. 27 (AP)—Southern California today mopped up flooded areas following a two-day downpour that dumped more than nine inches of rain at many points.

The storm, third worst on record for Los Angeles, disrupted the area's industry, snarled traffic and possibly caused one death.

Prague Meet To Unify Big Troop Force

LONDON, Jan. 27 (AP)—Communist military and political leaders met in Prague today to work out details of the organization of a Red European army outnumbering Western defenders about seven to one.

The "political consultative" conference that opened at 9 a. m. is expected to welcome Red Germany's newly-acknowledged army to the alliance and to plan economic coordination of the Communist world.

Alleged Letter From Benson Sparks Fights

WASHINGTON, Jan. 27 (AP)—Sen. Hubert H. Humphrey, D. Minn., told the senate today that Secretary of Agriculture Ezra T. Benson should be fired "this afternoon" for a letter to a magazine editor which appeared with his signature.

Humphrey said the letter appeared in the February issue of Harper's magazine. He said it praised an article in the magazine's December issue entitled "The Country Slicker Takes Us Again."

Describing the article as "outrageous," Humphrey said Benson's purported letter is "an insult to every farmer in America."

Hospitals

Magic Valley Memorial
Visiting hours at Magic Valley Memorial hospital are from 2 to 7 and 7 to 8 p. m.

ADMITTED
Mrs. R. S. Young, Mrs. Lawrence Colay, Lillian Kelly, Kristine Jensen, Mrs. William Taylor and Mrs. Ralph Hunt, all Twin Falls; Mrs. Russell Lyon, Buhl; Daniel Harter, Burley; Mrs. Connie Bourn, Hansen, and Mrs. Richard Hunt, Hazelton.

DISMISSED
Mrs. Jerald Corby, Mrs. Donald Ulmer, Mrs. Oleo Humphrey, Mrs. William Martin, Jr. and son, Richard Wilson and Mrs. Martin Diller, all Twin Falls; Mrs. John Miller, Mrs. Herbert Neale, Hugo Meyer and John Chandler, all Filer; Vernon Schall, Buhl; Oscar Port, Oakley; Stoney Clark, Hazelton, and Richard Allen, Kimberly.

BIRTHS
Sons were born Thursday to Mr. and Mrs. R. S. Young, Twin Falls, and Mr. and Mrs. Theodore Peters, Buhl; a daughter was born Friday to Mr. and Mrs. Lyle Smith, Buhl.

St. Benedict's, Jerome
Visiting hours at St. Benedict's hospital are from 3 to 4 and 7 to 8 p. m.

ADMITTED
Mrs. Helen Smith, Sylvia Taylor, Mrs. Earl Oate, Mrs. Dwight Osborne and Mrs. B. L. Keep the White Flag of Safety Flying

Now six days without a traffic death in our Magic Valley.

High Bid Due For Decision Upon Probes

WASHINGTON, Jan. 27 (AP)—A decision of the local U. S. court of appeals sharply narrowing powers of congressional committees to expose former Communists apparently will wind up in the supreme court for a final ruling.

Justice department lawyers began intensive study of the opinion today with a view to asking the high court to overturn it. No formal announcement of further steps is expected for some time.

Court Divides
The appeals court, dividing 2-1, ruled late yesterday that congressional committees lack power to compel witnesses to name former Communist associates just for the sake of exposure.

Issue Noted
Chief Justice Henry W. Edgerly and Judge David L. Bazelon questioned whether "exposure of individuals to public contempt and hostility" is a valid legislative purpose.

S. T. Higgins, 88, Claimed by Death

GOODING, Jan. 27—Samuel T. Higgins, 88, died Thursday afternoon at the Gooding County Memorial hospital following a long illness.

Mr. Higgins was born Jan. 1, 1868, at Bethany, Mo. He married Mary McCormack at Cedar, Kans., on Oct. 23, 1884. She died on June 12, 1944. They came to Gooding in 1934. He was a retired farmer and a member of the Methodist church.

BIRTHS
Surviving are four sons, Roy Higgins, Phillip Higgins and Walter Higgins, all Gooding; and Earl Higgins, McPherson, Kan.; two daughters, Mrs. Edith Bright, Gooding, and Mrs. Florence Roeman, Buhl; 13 grandchildren and 18 great-grandchildren.

Funeral services will be held at 2 p. m. Saturday at the Thompson chapel with the Rev. Cecil Hannon, Boise, officiating. Concluding rites will be held at Elmwood cemetery under the direction of the Thompson chapel.

Visit Slated

LONDON, Jan. 27 (AP)—Queen Elizabeth II left today for her first royal tour of Nigeria, which may be her last as outright ruler of that equatorial territory.

"This visit of the queen and the Duke of Edinburgh was considered a major step to dominion status for Nigeria, the biggest of Britain's remaining colonies. The territory is expected to ask for an end of colonial rule when the commonwealth prime ministers meet next June."

Magic Valley Funerals

Buhl—Funeral services for Fred Burkhalter will be held at 2 p. m. Monday at the Clover Trinity Lutheran church with the Rev. Carl Lassar officiating. Concluding rites will be held at the Clover cemetery. Louis Meyer, George Prubans and Edgar Lierman will be in charge of memorial services.

Gooding—Funeral services for Samuel T. Higgins will be held at 2 p. m. Saturday at the Thompson chapel with the Rev. Cecil Hannon, Boise, officiating. Concluding rites will be held at Elmwood cemetery.

Wendell—Funeral services for Mrs. Agatha Rosenow Weirick will be held at 2 p. m. Saturday at the Wendell Presbyterian church with the Rev. Frank Mar officiating. Concluding rites will be held at the Wendell cemetery. Friends may call at the Weaver mortuary Friday evening and to time of services on Saturday.

Smylie Plans Talk Feb. 15 For Students

Gov. Robert E. Smylie will address the Twin Falls high school student body at 7:30 a. m. Feb. 15. Principal John D. Platt, announced at a meeting of the student council Tuesday.

The council meeting was called to order by Garth Brown, student body vice president. Sharon Jenkins, student body secretary, called the roll.

Brown told the group that Burley high school wishes to participate in the exchange assembly program, and has requested an assembly from the Twin Falls high school here on Feb. 3.

The council was reminded that the Jerome high school exchange assembly was set Friday in the gymnasium.

Student representatives were told to caution their roll rooms about snowballing on the campus.

It was decided to let the student council act as a service organization. Committees were chosen.

The hall conduct and cleanliness committee includes Harla Rountrree, Jeannie Ghan, Roger Palmer, Deanna Inghard, Benny Olson and Tony Drips. Donna Hettelinger and Joe Marshall are co-chairmen.

Bill Whitelaw is chairman of the assembly committee assisted by Ella McVey, Norman Tolk and Larry Kilnopp.

Helping on the lunch line are Jerry Martyn, John Hanchey and David Weaver.

On the advertising committee are Larry Kilnopp, Lois Messman and John Alick.

The friendship committee is headed by Deanna Cherry and Brent Warberg assisted by Judy Bracken, Dick Smack and Gary Munson.

Working on the safety committee are Verne Williamson, Vic Barrett, Eddy Morris and Bob Barton.

Woman in Rupert Claimed by Death

RUPERT, Jan. 27—Mrs. Theresa Schulmeister, 85, died Wednesday evening at the home of Mr. and Mrs. J. J. Malar, Rupert, following an illness of one month.

Mrs. Schulmeister was born Dec. 27, 1869, in Yugoslavia. She was married to Adolph Schulmeister there and came to this country in 1891. They moved to a dry farm near Minidoka from Akron, O., in 1900. He died seven years ago.

Surviving are two sons, Steven Schulmeister, Pennsylvania, and Frank Schulmeister, California; three daughters, Mrs. Virginia Baker, Akron; Mrs. Helen Cadenhead, Shamrock, Tex.; and Mrs. Esther Carver, Yakima, Wash.; 10 grandchildren and two great-grandchildren.

Funeral services are pending at the Goodman mortuary.

Encyclopedia Is Given to School

PTA of Memorial Lutheran school presented a set of encyclopedias to the school during its meeting Tuesday evening.

The session was opened with a hymn and the Rev. A. E. Mueller gave the opening prayer.

The group voted to contribute \$10 to the March of Dimes. Parent attendance banner was won by Mrs. C. V. Hovey's room.

It was announced the February meeting will include a talent show.

Cited After Crash
Mrs. Nelma Grant, Wenatchee, Wash., was fined \$5 and \$3 costs Friday in Twin Falls justice court when she pleaded guilty of operating a motor vehicle with an expired driver's license. She was cited following a traffic accident Thursday on highway 30 one mile east of Filer.

An automobile driven by Mrs. Grant collided with another driven by Frank Stultz, 47, Filer. Stultz received first aid from a state patrolman and was taken to Magic Valley Memorial hospital. He was treated for minor injuries and released. Mrs. Grant was not injured in the crash. Damage of approximately \$350 to each vehicle was estimated.

Parking Fines
A total of \$9 in bonds for parking violations was posted Thursday with Twin Falls police.

Charles Nayth posted a \$2 bond for improper parking. Posting \$1 overtime parking bonds were Harvey Cook, Davis Vansant, Paul Cronkhille, Don Loynd, Robert Wedel, E. D. Papp and Joseph Bush.

BARRAGES OPENED
TAIPEI, Formosa, Jan. 27 (AP)—Communist China's national assembly opened a top-pronged barrage on Chiang Kai-shek's northern and southern island groups today, sparking new Nationalist fears of an impending invasion.

Twin Falls News in Brief

Men's Dinner Set Tonight
MS and S club will have its annual men's dinner at 6:30 p. m. today at the YWCA rooms. Members whose last name initials are from A to K will bring dessert and salad and those from L to W will bring meat and a vegetable. Each family is asked to bring its own table service.

Concert Set Tonight
The Twin Falls high school music department will present its 1956 winter concert at 8 p. m. today at the high school.

Broadcast Set
The CBS radio "Church of the Air" series will be broadcast over station KSL, Salt Lake City, at 7:30 a. m. Sunday, featuring "Christianity and Science" members of the Twin Falls Christian Science church report.

Return Home
The Rev. Everett Damon, Denver, Colo., and the Rev. Glenn Griffith, Nampa, left Twin Falls Thursday to return to their homes. They have been the guests of the Rev. and Mrs. Mackey J. Brown, 333 Second avenue north.

Slash on Air
Service Gets Protest Note
(From Page One)
committee plans a membership drive in June, Montgomery said. The directors were told the squatters on the industrial site will be removed as soon as better weather commences. The city has ordered a site for the family to use.

In answer to a question about beginning a city welfare department, Joseph Lalumiere, city manager, who is a director said he believed the county welfare board, which is organized, could operate the program better.

He pointed out no city in the state has such an organization. Montgomery reported the Rupert Chamber of Commerce will sponsor the next valley-wide meeting. The date will be announced later, he said.

Counterattack Is Asked by France
PARIS, Jan. 27 (AP)—France has asked President Eisenhower and Prime Minister Sir Anthony Eden to join in a big three economic and political counterattack against Soviet penetration of the Middle East, French officials said today.

The French government also has urged Britain to put an end to its efforts to extend the Baghdad pact. France warned it would encourage neutralism and increase tension between Egypt and the West, the officials said.

The call was made in French notes to Washington and London prior to the scheduled talks next week between Mr. Eisenhower and Eden. These talks are expected to be devoted largely to the troubled Middle East.

SNOW FALLS
PORTLAND, Ore., Jan. 29 (AP)—Portlanders today dug out from the heaviest snow in 13 years as more than nine inches fell on the city in less than 24 hours.

Water Report Will Be Used For Guidance

WASHINGTON, Jan. 27 (AP)—Top interior department officials indicated yesterday that planning features of the recent cabinet committee report on water resources will be used as guide lines for executive departments in the future.

Secretary McKay told directors of the National Reclamation association that the report "is not binding, but we all agreed to it and signed it and there would be an obligation to follow it." He said the report "is not perfect but I believe it's a good basis from which to work."

Asst. Secretary Fred G. Applegate declared the report "will be a guide line in so far as possible in the executive branch."

The cabinet report, attacked by western Democrats as a "campaign document for a Republican do-nothing program" was recently submitted to congress with the general concurrence of President Eisenhower.

Among its recommendations was a call for cost-sharing provisions on water projects. The report said that "in most instances direct identifiable beneficiaries should pay a larger share of the cost for benefits received than they do now."

Persons familiar with preparation of the report said the cost-sharing proposals were aimed mainly at flood control and navigation projects built by army engineers and soil conservation projects of the agriculture department.

Missionary Films Planned for Meet

The Rev. and Mrs. C. B. Currie, missionaries to Southern Rhodesia, Africa, will show color films of their work at 8 p. m. Saturday in the First Pentecostal church, Fifth avenue and Third street east.

Sunday, they will speak in the morning and evening services. After pastoring the Apostolic mission, Vancouver, B. C., for 17 years, the Rev. Mr. and Mrs. Currie entered missionary work six years ago. They have been successful in opening up a number of new mission stations and reaching new tribes.

3 Join Battery

Three men have joined battery C, 361st field artillery battalion in Burley, according to Maj. W. E. Nicholas, unit adviser of the Twin Falls army reserve office.

Byron Broader, son of the Rev. and Mrs. John Broeder, Paul, has enlisted. The other two, Lieut. Bruce Ellenberger and Spec. J. G. Delbert Rasmussen, are veterans.

Seen Today

Man drowning as newly-washed car is splashed by another. Clerk rushing from office as noon whistle blows. Lyons Smith jumping to avoid splash of muddy water from passing car. Vernon Goldsmith waiting for break in traffic to drive station wagon from alley. Man applying stick match to hand rolled cigarette. Woman resting large bag of groceries on top of fire hydrant as she gets better grip. Red and white postoffice truck spinning rear wheels on icy pavement as driver attempts turn into postoffice driveway from Second street west. Wrecker entering local cafe. St. Edward's school children building snowmen in city park. Pickup truck on main avenue stopping to permit pedestrian to cross intersection against red light. Man making second attempt to find lost keys in snow near courthouse. Newly-constructed doghouse on bed of stake truck. Woman returning to department store to recover umbrella and overcoat. "I'd sure hate to go out with a wrecker; a girl wouldn't have a chance!"

Fred Burkhalter, 64, Dies in Buhl

BUHL, Jan. 27—Fred Burkhalter, 64, died at his home near here Thursday.

Mr. Burkhalter was born Aug. 24, 1891, in Switzerland. He came to Idaho from Nebraska in 1916. He married Lucie Louise Lane at Falls City, Neb., on Nov. 2, 1912. He was a member of the Clover Lutheran church and an elder in the church. Surviving are his widow, two sons, Rene Burkhalter, Buhl, and John Burkhalter, Hansen; two daughters, Mrs. Lucy James and Mrs. Irma Weaver, both Buhl; one brother, John Burkhalter, Rockford, Ill., and 15 grandchildren.

Funeral services will be held at 2 p. m. Monday at the Clover Trinity Lutheran church with the Rev. Carl Lassar officiating. In charge of memorial wreaths will be Louis Meyer, George Prubans and Edgar Lierman. Concluding rites will be held at the clover cemetery under the direction of the Albertson funeral home.

Permits Asked

L. R. Watson, 615 Addison avenue west, has filed application for a building permit with city clerk to add office space for the De-Dah-How motel. Estimated cost for the 25-by-48-foot addition is \$8,000.

Permits to remodel the interior of a single-family dwelling has been requested by Lloyd Mason, 243 Eighth avenue east. The cost is estimated at \$4,000.

Gas Pipeline To Be Ready By August 1

By The Associated Press
Representatives of Pacific Northwest Pipeline corporation told intermountain Gas company Thursday the pipeline bringing natural gas to Idaho from the San Juan basin in New Mexico will be completed and ready to deliver gas by Aug. 1, 1956.

Edgar P. Lessinger, intermountain president, said his firm which holds the franchise to distribute the gas in southern Idaho expects to be ready to "fire cities by that time." He made the statement after conferring with Fulton W. Cogg, manager of gas sales for Idaho, and R. C. Frederick, vice president of the pipeline.

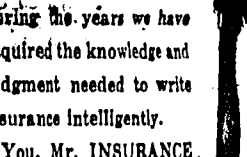

Lessinger said it will be a "tremendous task" to complete distribution systems in the various cities by that time—but that intermountain will be ready.

He added that surveys for gas distribution have already been started in Buhl, Gooding, Filer, Burley, Twin Falls, Wendell, American Falls and Kimberly. He said several other cities are in the process of issuing franchises and as soon as they are complete surveys will be started.

Meeting Called

BURLEY, Jan. 27—The Annual Cache Valley Breeder's association meeting will be held at the Cache County courthouse Tuesday, County Agent Glenn Bodily, reports. He said the meeting will be open to all dairymen in the county.

The speaker will be K. R. Johnson, Moscow, associate professor of dairy husbandry at the University of Idaho. He will discuss breeding problems in dairy cattle. The meeting has been set for 1:30 p. m. Tuesday.

Let's Put Our Heads Together—

As local agents we represent strong capital stock insurance companies and during the years we have acquired the knowledge and judgment needed to write insurance intelligently.

You, Mr. INSURANCE BUYER, know how important it is to have the proper coverage and to have your policies in strong companies which have stood the test of time.

Let's put our heads together to make sure that you have the right protection in the right companies.

Quemoy Fort Is Ready for Red Assaults

QUEMOY ISLAND, Jan. 27 (U.P.)—This Nationalist Chinese outpost has been called the island of the doomed. But its defenders don't feel that way. They are growing stronger day by day.

Defiant in the face of renewed tension in the Formosa strait, the bustling little fortress is an armored thorn in the hide of Red China. It lies only six miles from the mainland, across the mouth of Amoy harbor.

The 50-square-mile island is ringed with 400 Communist gun positions and an estimated 120,000 Communist troops. It has been pounded by more than 33,000 shells since the vest-pocket war began Sept. 3, 1954.

Yet from one end of the spoon-shaped island to the other a correspondent can find no despair, only tough-guarded optimism. The defenders are crack troops of Generalissimo Chiang Kai-shek. They are fighting a hot war.

The Communists tried vainly in 1949 to capture the islands, losing their entire 16,000-man assault force.

Feel Confident
The Nationalists feel they would be equally successful in repelling another assault and are making every possible preparation to meet one. They say it can come any time.

Domes of underground forts jut from almost every hill. Pillboxes dot the lower levels. Bunkers line the ridges. Trenches cut across from position to position zig-zag patterns. Concrete shelters and sandbagged installations are everywhere.

Survey for Press Plan Abandoned
NEW YORK, Jan. 27 (U.P.)—Sigma Delta Chi, national journalistic fraternity, announced yesterday it has abandoned plans to conduct a \$650,000 survey of American press objectivity in this year's presidential campaign.

Norman E. Isaacs, chairman of the fraternity's ethics and news objectivity committee, said the decision was reached after the proposal was put to a "jury" of 76 publishers and editors.

Thirty-six of the "jury" opposed the study. Eighteen favored it outright. Nine favored it, but with reservations. Two were listed as noncommittal and 11 still were to be heard from.

The study had been proposed because of Democratic criticism in the 1952 presidential campaign that American newspapers constituted a "one-party press," favorable to the Republicans.

Program Slated
BUHL, Jan. 27—The Methodist men's club will hold a "Boy Scouting" program at a dinner meeting at 7:30 p. m. Saturday.

All men interested in the Boy Scout program are invited to attend, the Rev. Leonard Clark, pastor of the church, said. Tickets may be purchased from Herman Olsen, club president, William Chambers or the Rev. Mr. Clark.

NEW STATION
BREMERHAVEN, Germany, Jan. 27 (U.P.)—More than 1,600 troops of the United States fifth infantry division and their families were en route aboard a troopship today to Ft. Ord, Calif.

President and Mrs. Eisenhower join in the singing of "God Bless America" at the GOP "Salute in Honor" \$100 a plate fund raising dinner in Washington. It was the first major public appearance for the President since his heart attack. (NEA telephoto)

House Labor Feud Flames Out in Open

WASHINGTON, Jan. 27 (U.P.)—A long-developing feud over the way the house labor committee has handled administration proposals broke into the open yesterday.

Secretary of Labor Mitchell told a news conference that Chairman Barden, D. N. C., has been bottling up many legislative plans of President Eisenhower without letting them go to hearings.

Barden laughed when he heard of Mitchell's remarks and said somebody should have whispered to the gentleman that I didn't come up here to be dictated by him or any other administrator.

If he'd spend more time administering the laws he already has instead of trying to run Congress, we'd be better off," Barden added. This prompted a further statement from Mitchell that he was glad to be able to report to Congressman Barden that labor standards laws have been more vigorously enforced by this administration than ever before. It is my job to

Softy

LOS ANGELES, Jan. 27 (U.P.)—A gunman forced owner Sam Laurie to open his market safe yesterday. As he was leaving with \$467 in a paper bag, the bandit told Sam:

"I was going to hold you up last night but it was raining too hard."

Competition by Farmers Urged

PARMA, Jan. 27 (U.P.)—State Agriculture Commissioner Harold West urged Idaho farmers yesterday to begin intensive research and aggressive advertising campaigns to compete with other states.

The sooner this is done, he told the annual Parma Farmers' Institute, the sooner we will realize our potential.

"Agriculture," the commissioner declared, "is a competitive profession."

American Protestants Ponder Neglected Field in Big Cities

WASHINGTON, Jan. 27 (U.P.)—American Protestants, who spend more than 100 million dollars a year to send missionaries to the far corners of the earth, have discovered a new and sorely neglected mission field—right here at home.

It is in the downtown areas of America's big cities.

According to the National Council of Churches, Protestantism has all but abandoned the slum-ridden central sections of the cities in a headlong flight to the plush and prosperous suburbs.

No over-all figures are available, a council spokesman said, but checks show that "Protestant churches are disappearing from inner city areas at an alarming rate." A survey in one unidentified "typical" city showed there are less than one-third as many Protestant churches today as there were a half-century ago.

The trend cannot be explained on the basis of dwindling downtown population. Despite the much publicized "movement to the suburbs," census figures show that the U. S. urban population has actually grown by some six million persons in the past decade.

Moreover, there has been no comparable disappearance of Roman Catholic church from inner city areas. A spokesman for the National Catholic Welfare conference said a comparative few Catholic city parishes have been crowded out of existence by commercial or industrial redevelopment that left them with no residential neighborhoods to serve. But, he said, it has been

Women to Meet

HAILEY, Jan. 27—The Sun Valley Business and Professional Women's club will have State Patrolman Willard Baker as speaker at a meeting Feb. 13 in Bellevue.

Following his talk Baker will hold an open forum. Two films pictured from the state highway department will be shown by Deputy Sheriff W. D. Martindale.

A prize will be awarded to the person named by highway officers as the best and most courteous driver.

In the conscience and are now trying to start a "back to the cities" movement.

TUCKER'S NATIONAL WHIRLIGIG POT SHOTS

WASHINGTON — The American people's annual food bill of 51 billion dollars can be reduced sharply by benefit to consumers...

OSOLETE PROCEDURE — It is ironic that, although food is grown, processed and packaged with the most modern, mechanical and efficient methods...

REAL BURDENOME CHARGE ON CONSUMERS — When a steer or hog is slaughtered at Chicago, Omaha or Kansas City, all except a few processes are performed by hand rather than by machinery...

INDUSTRY COULD CUT COSTS — Food profits are a squeaky subject. But agriculture's official reports indicate that the food industry could cut costs all along the line without suffering too severely...

FIGURES FOR 1954 — Save for the packers, these were rather sizable profits. But read these figures for 1954, remembering also that 1955 was their most prosperous sales year...

WEARY IS THE TASK — Returning to America to report, John Sherman Cooper, our ambassador to India, deserves the commendation of his fellow citizens for service well rendered...

NEW-ALTITUDE RECORD — The continued growth of this country's air traffic is a staggering phenomenon. In 1955 it shot up another 20 per cent over 1954 with some 42 million passengers carried on U.S. airlines...

RESPECT FOR FIREARMS — There's welcome reassurance in the announcement that the National Rifle Association now lists 90 Idahoans who have qualified as hunter safety instructors...

Views of Others — Zoological Immigrants — England, says a dispatch from London, is being invaded by coypus. Just in case you don't know the coypu (as we didn't), the coypu is a South American rodent that looks like a beaver and weighs as much as 28 pounds...

Views of Others — Zoological Immigrants — It's too bad about some of these world-traveling fauna. Rabbits, which add to the rural scene elsewhere and detract only a modicum from the crops, eat Australians out of house and home. English sparrows put to shame the presumably fiercer-hardened American variety when it comes to foraging for themselves...

Views of Others — Zoological Immigrants — One is tempted to go zoologically isolationist whenever one lives and demands an embargo on every foreign beastie. But every "foreigner" does not thrive. Camels were imported from Arabian to American deserts during the Civil War. They couldn't make it and their kind disappeared...

Views of Others — Zoological Immigrants — There's welcome reassurance in the announcement that the National Rifle Association now lists 90 Idahoans who have qualified as hunter safety instructors...

Views of Others — Zoological Immigrants — Throughout American history, firearms have had an important place for economic reasons as well as for defense. They still do. Danger always is inherent in firearms. Their primary purpose is to kill. Yet the answer is not prohibition. Rather it is training so that everyone knows how to handle them properly and with due respect...

Views of Others — Zoological Immigrants — Incidentally, training in the use of firearms may well apply also to air pilots when they may be coming in for a landing. It is a central element of this training may be expected to extend to homes and cars and reduce the slaughter of the innocents...

Views of Others — Zoological Immigrants — Incidentally, training in the use of firearms may well apply also to air pilots when they may be coming in for a landing. It is a central element of this training may be expected to extend to homes and cars and reduce the slaughter of the innocents...

HOW THINGS APPEAR FROM PEGLER'S ANGLE

The death of Ward Greene, the editor and general manager of King Features syndicate, is a personal disaster to all of us who worked with him and, of course, to many others in and out of the newspaper business...

GOOD REQUEST — Dear Pots: Just like lots of others, I'm sweating nights nowadays over income tax returns. There are such things as 1047s, W-2's and what have you. Slowly but surely it's all coming back to bed every night with a headache and wake up with the same one...

OUR BULLETIN BOARD — Would B. Post, Bull—If you care to change the third verse, we'll use your poem. The objectionable part has reference to highways and as anyone who drives around the state well knows, Idaho's highways have been improved vastly under a proper program based upon planning and getting the best roads for the money available...

IT WAS EXTENDED — Dear Sir: Seems to me a new law effective last year changed the date for filing income tax returns. Matter of fact, the impression was so strong that I entered into a wager over the matter...

POT SHOTS note: Yeah, you gamble just about the way we do—on aces, straight and crinches. You are right. The deadline for filing income tax returns is now April 15. The law was changed last year.

FAMOUS LAST LINE — Dear Sir: This is a little bit gratifying to note that at least one of your dear constituents (namely "Scotch Lassie") reads those cruel assassins of the King's English we so humbly call ads...

POT SHOTS note: Okay, we just got through kicking a guy named Pot Shots clear around the block for tripping himself in this one. The store name should have been eliminated from the first note. Anyway, you're welcome.

FIRE INSURANCE — TOM HOVENDEN AGENCY 117 Main East Phone 1090

That So!

A nature puzzle. Identify me by No. 2 and you are an outdoor expert; by No. 4, a woodsman; by No. 6, a drudge; by No. 8 a drugstore cowpoke. The answer is stowed away in the last paragraph.

Although I live in the coldest region in the northern hemisphere, where men seldom tread, I am fairly abundant. I may spend my entire life on the ocean although occasionally some of us may come ashore, but rarely, and roam inland a hundred miles. I have been sighted 200 miles at sea. Sometimes I lie in wait for my prey.

Nine months after pairing, two or three young are born—a scant 10 inches long, weighing around two pounds. Immature, they are blind and naked. For warmth, they cling into the soft fur of the mother's abdomen and front legs.

When eyes open at six weeks, the young are covered with a soft downy fur. As days lengthen, the offspring come out in March and when 17 months old, and weighing about 200 pounds they are put out on their own. Fathers take no interest whatever in their family.

What I may lack in vision, I make up by sharp hearing and my nose is particularly keen. Comparatively speaking, my head is so small for my massive 700-pound body. Should I rear, I tower 10 to 13 feet. My fur is coarse, long and shaggy. My five long claws on both front feet and back are not retractile. My ancestry is closely interwoven with the dog.

My long tapering body, with long head and neck, is built for the water—I am a six-mile-an-hour swimmer and an excellent diver, rolling over and over in the water for pleasure. Unlike any other quadruped, I can swim rapidly by using only my two forward legs and trail my rear pair. My walk is shambling.

There have really been some fantastic deals cooked up lately to sell cars.

This is what happened, I'm told, in Jacksonville, Fla., when some of the sharper operators got in a tree-for-all (or almost free) mood.

One firm offered cars for sale, with good trade-ins, at \$1.25 a week. Then another offered to beat him out by offering cars for \$0.99 a week.

It sounded fine, until you read the fine print. Then you saw that after 12 months of these next-to-nothing payments the entire balance came due. That had to be paid off in another 12 months.

The customer still had to pay for the car and that, although it sounds a little trifle, is still true. They still had to pay for it somehow.

Of anyone around here, I think we've been the leaders in making the ownership of a car a realistic goal for the largest number of people. But when you start to fool the people you're doing no one any good.

You do a real service, I think when you offer the lowest REAL price on cars, with financing terms to make it a sensible pay-as-you-go proposition.

Our buyers often show around themselves and we know that our customers when they add up all that they have paid for their car, get the best bargains.

FFA Winners to Talk at Banquet

EDEN, Jan. 27—Zoland Tanner and Richard Bleisner, first and second place winners in the FFA speaking contest here Wednesday night, will speak at the annual year-end banquet at Valley High school next Tuesday.

Third place winner in the contest Wednesday was Wayne Hawkins. Tanner, in addition to speaking at the end year banquet, will compete in the district FFA speaking contest at Valley high school Feb. 15. Judges in the contest Wednesday were Mr. and Mrs. Virgil Crow, Jerome, and C. P. Parrish, Twin Falls.

The Jerome Chamber of Commerce is cooperating in the meeting and banquet Tuesday and will sponsor a motor caravan to Eden for the event. State Commissioner of Agriculture Harold West will be principal speaker. A panel discussion on problems of the area also will be held. The Eden-Hazleton PTA will serve the dinner.

Each week new submissions will be considered. I simply can't answer too many friendly letters. Please address your letter to "FFA '56" c/o Times-News, Box 315, Beausalle, Calif.

Free! By special arrangement with the editors of the Encyclopedia Americana, a panel of judges will award each week to a complete 30-volume set of this world-famous reference work in a bedazzling binding.

When eyes open at six weeks, the young are covered with a soft downy fur. As days lengthen, the offspring come out in March and when 17 months old, and weighing about 200 pounds they are put out on their own.

What I may lack in vision, I make up by sharp hearing and my nose is particularly keen. Comparatively speaking, my head is so small for my massive 700-pound body. Should I rear, I tower 10 to 13 feet. My fur is coarse, long and shaggy. My five long claws on both front feet and back are not retractile. My ancestry is closely interwoven with the dog.

Senator Asks Data on Cost Of Soil Bank

WASHINGTON, Jan. 27 (AP)—Senator Williams, R., Del., said yesterday "I can't vote for the soil bank bill until I know the price tag."

"I may be able to support the administration's proposals but we first should know what they will cost," Williams, a member of the senate agriculture committee, told a reporter.

His comments came as Chairman Ellender, D., La., reported the committee favors several multi-million dollar additions to the original soil bank proposals by President Eisenhower and Secretary of Agriculture Benson.

Latest of these is a two-price plan for rice, one of the crops now listed as basic for government price supports.

Some wheat growers and congressmen from big wheat growing areas have been urging a similar two-price system on wheat.

Ellender said the committee hopes to begin voting by Tuesday on some parts of the farm program. A key feature, probably not yet ready for votes on details, would set up a soil bank under which farmers would withdraw land from unnecessary production and be paid for doing so.

Williams said he would insist that he and the public have some accurate estimates on additional costs of all the proposals to bolster farm incomes and prices this election year.

T. F. Elks Honor State President

Patrick H. King, Boise, president of the State Elks association, poses with one of the oldest members of Twin Falls Elks lodge No. 1183; and one of the candidates initiated in his honor here Thursday night. With King, left, are A. B. Colwell, center, an Elk for 34 years, and Richard Brizee, a member of the class of candidates. The initiation ceremony was conducted by officers of the Jerome Elks lodge. (Staff photo-engraving)

Speaks at Meet

RICHFIELD, Jan. 27—Richfield Grange members heard a talk by Theo Brush on the Northside Communities, Inc., at a meeting Wednesday at the Grange hall. Brush is vice president of the association.

Mr. and Mrs. Gene Alexander were installed as steward and lady. Mrs. Louise Base, lecturer, presented the program. Taking part were Mrs. Glenn Ross, Mary Ann Lee, Elene Brush, Glenda Johnson, Nola Rae Johnson, Mr. and Mrs. C. Y. Chatfield and Mrs. L. T. Sanders.

T. F. Elks Honor Association Head At Lodge Confab

Initiation ceremonies for a class of 11 candidates for Twin Falls Elks lodge No. 1183 honored Patrick H. King, Boise, president of the State Elks association, Thursday night.

The ceremonies were conducted by officers of the Jerome Elks lodge. The candidates included Edwin H. Barker, Richard A. Brizee, Paul J. Carpenter, Jess O. Eastman, Jr., Clyde E. Hanes, Ewing B. Hicks, Elton E. Holmes, John P. LeClair, Harold Sherrod, Charles L. Smith and William C. Wales.

King spoke to the candidates and

Reference Added For T. F. Library

The new Current Biography Yearbook 1955, with life stories of some 350 celebrities who hit the headlines last year, has been added to the reference collection of the Twin Falls public library, reports Arthur L. DeVolger, city librarian.

The biographies are prepared by research correspondents from all over the world. The material itself is assembled from numerous refer-

ence sources including periodicals, newspapers, books and educational organizations.

The current yearbooks includes sketches on Congresswoman Grace Post, Idaho, and John S. Richards, Seattle, Wash., president of the American Library association and former librarian at the Idaho Technical Institute, Idaho State college, Pocatello.

GRAVES DESACRATED

BOISE, Jan. 27 (AP)—The superintendent of the Morris Hills cemetery reported that vandals had invaded the grounds in the past two or three days and overturned about 50 headstones, some weighing 500 pounds. Damage was estimated at \$500.

NEW PLATINUM GASOLINE REDUCES ENGINE WEAR!

LONGER LIFE FOR ENGINE PARTS.

New triple-refined Frontier gasoline puts an end to harmful acid action caused by ordinary gasolines. Now 99.9% sulphur free, new Frontier gasoline burns cleaner and more evenly than any other Ethyl gasoline. Don't take chances with ordinary gasolines that cause formation of sulphuric acid in valves, piston walls and crankcase. Play safe—use new Frontier Platinum—specially refined to stop harmful acid action, stepped-up in octane to give you up to 30% more active horsepower.

Increases Active Engine Horsepower by Up to 30%! Stops Harmful-Acid Action Caused by Ordinary Gasoline! Gives You 1 to 3 Extra Miles Per Gallon! Won't Knock in Any Car!

New triple-refined Frontier Platinum makes ordinary Ethyl gasoline old-fashioned, yet costs not a single penny extra. Frontier Platinum, now stepped-up in octane to the highest ever sold in this state, boosts the performance rating of both old and new cars by an average of 16%.

Tests Prove Frontier Burns Cleaner

Certified laboratory reports reveal that new triple-refined Frontier Platinum is the cleanest-burning gasoline your car can use. Carbon deposits are no problem because this amazing new gasoline burns so completely—your car's engine will never knock with new Frontier Platinum.

Because Frontier burns more evenly, piston wear is reduced. New triple-refined Frontier Platinum helps keep your fuel line and carburetor free of gummy residue left by ordinary gasolines.

HERE'S MY PERSONAL MONEY-BACK GUARANTEE OF PERFORMANCE

I personally guarantee that new Frontier Platinum will equal or outperform any other brand of gasoline sold or your purchase price will be refunded on your very first tankful of Frontier Platinum.

Now Frontier Platinum Is Triple-Refined—New Refinery Unit Produces Cleaner Gasoline!

Now for the first time you can buy a gasoline that actually reduces engine wear while it adds up to 30% more active horsepower every mile you drive. The addition of a new Platinum reformer to Frontier's Cheyenne Refinery makes possible this wonderful new Platinum gasoline. New Frontier Platinum releases all the horsepower that was built into your car. Platinum gasoline gives you split-second starting... even on coldest days. Now triple-refined to burn cleaner, to give more mileage and to end engine ping and knock, new Frontier Platinum easily outperforms all other brands of Ethyl gasoline.

Years of Research to Build Platinum Reformer

Although it was known shortly after World War II that new higher octane gasoline could be produced through the use of Platinum in the refining process, the cost factors were so prohibitive that Platinum gasoline was at first produced only for laboratory testing. After years of research involving the expenditure of millions of dollars, an economical method of producing this new cleaner-burning high-octane gasoline was discovered. Now you can get the finest gasoline ever refined. Fill up with new Frontier Platinum... and feel the difference.

Step at the Sign of the *Rainbow Horse* **FRONTIER** RAIN-TO-GO

PLATINUM...the finest gas sold anywhere BRONZE...the high-octane economy gasoline

West Lashes Crop Hauling Rate Increase

BOISE, Jan. 27 (AP)—State Agriculture Commissioner Harold West today announced the proposed seven per cent increase in railroad crop-hauling rates would be a "gross injustice."

In a letter protesting the increase, West especially objected to a proposal that the increase be put in effect late next month and then refunded later if found not to be justified. He also said the flat seven per cent hike proposed would not be "fair and equitable."

West said he understood that rail carriers' income showed a substantial gain in the West last year, whereas the farmers' income showed a substantial decline.

"In view of these facts, it is very hard for us to see how an increase in freight rates could be justified," he added. "We urge you to carefully consider the matter and to reject the request for an increase in rates at this time."

Comments Given Regarding the refund proposal, West said: "I should think that it would be a much better procedure if all justifications for a rail increase were proven before that increase is allowed."

Through the refund method, if it were allowed, many Idaho growers and shippers of agricultural products would not receive the actual refund. Many of our commodities are shipped out of the state on a delivered price quotation.

"In those cases the bill of lading or paid freight bill becomes the property of the purchaser. If a refund was to be granted, it is reasonable to assume that the refund would go to the person holding the original paid freight bill, who in this case, would be the person receiving the goods."

"This would be a gross injustice to our Idaho shippers and producers."

Continues Reasons "Secondly," West wrote, "I should like to object to the flat seven per cent increase on the basis that it is not a fair and equitable type of increase."

"Idaho now seems to unwantingly enjoy the distinction of having some of the highest freight rates for its agricultural commodities of any section of the nation."

"A flat seven per cent increase then means that we again receive a greater proportion of the increase... This certainly seems unfair to us here in Idaho."

"I would like to point out further that the agricultural economy throughout the nation in the year 1955 suffered a setback," he said. "That applies also to Idaho agriculture. Farmers this past year have found themselves confronted with lower prices for their products and additional costs for their necessary supplies."

View Expressed He said it seemed unreasonable that the commission would allow a freight rate increase on agricultural commodities "in the face of the agricultural price decline we are now in."

"It is no secret that the increase in freight rates reverts directly back to the farmer, and is not borne by the consumer, the shipper, the handler, or others, but reflects in a lower price being paid to the farmer for his crops."

"At the present price farmers are receiving for their commodities, a further reduction in the income to farmers would certainly cause undue hardship."

Police Report Wreck Series On Icy Roads

JEROME, Jan. 27—Jerome police were kept busy Wednesday investigating accidents caused by snow covered streets.

At 9:48 a. m. Walt Rodabaugh, Jerome, driving a 1953 Ford truck stopped at a stoplight and failed to see a 1954 Nash driven by Jack Hughes, Twin Falls, behind him. The truck rolled back into the Nash. Approximately \$35 damage was done to the Nash.

At 3:30 p. m. Charley Marshall, Jerome, driving a 1940 Ford, started to slow down and skidded into a parked 1945 Ford owned by Lloyd M. West, Jerome. The 1940 Ford was damaged about \$50 and minor damage was sustained by the 1955 Ford.

At 3:30 p. m. Leon Hutchison, driving a 1952 Chevrolet panel truck owned by Anderson bakery, slid into a MECK truck owned by Zibel Truck lines, Lewiston, and driven by Thero Curtis, Clarkston, Wash. Damage was estimated at \$200 to the panel truck.

At 6 p. m. Lester Hoffman, Jerome, driving a 1950 tractor, missed the turn from East avenue D onto Filmore and slid into a parked 1951 Mercury Fordor owned by Fern Galen, Wendell. Damage was estimated at \$75 to the Mercury.

At 6:15 p. m. Delbert E. Miller, Jerome, driving a 1948 GMC pickup, skidded while turning and slid into a parked 1951 Chevrolet owned by Vess Johnson, Jerome. Minor damage was reported to the Chevrolet.

Youth Admits Gun Killing of Police Officer

CHICAGO, Jan. 27—A 17-year-old AWOL soldier confessed that he shot and killed a veteran Chicago policeman and wounded another in a nightclub gun battle, police said today.

Deputy Chief of Detectives Harry Fenig said the youth, identified as Donald Lawrence, made the confession to military authorities at near-by Ft. Sheridan, Ill.

Confession Confirmed
Military authorities confirmed the confession report and said Lawrence, a Negro, had been identified by witnesses of the Wednesday night gun battle.

The confession, ended a grim, city-wide manhunt for the killer of detective Lyons Kellher, 63, in a southwest side jazz spot. The killing was the latest outbreak of a juvenile crime wave in Chicago and was the second slaying by a teen-ager in 24 hours.

Details Not Given
Details of Lawrence's confession were not immediately released. However, police said they went to a flat he occupied and found a blunt-nosed revolver which fitted the description of the murder gun.

Sheridan authorities said Chicago police picked up Lawrence as an AWOL soldier from Ft. Gaitan, Colo., late yesterday. He was turned over to military police and was then questioned about the Kellher slaying.

Breaks Down
The young soldier broke down after he was confronted by witnesses who saw Kellher gunned down to the accompaniment of a brazen jazz band.

Meanwhile, officials pressed an all-out campaign against juvenile "wolf pack" terrorism which has shocked Chicago. In the past week, youths have been involved in two murders, the slugging of a teacher, and a rash of sadistic sidewalk beatings.

Construction Set For Idaho Plant

MONTPELIER, Jan. 27—Construction will probably get under way next spring on a \$500,000 phosphate mining and processing operation in southeastern Idaho.

Central Farmers Fertilizer company, has scheduled the operation. Phosphate will be mined and processed on 275 acre plot six miles northeast of Georgetown. The product will be shipped to fertilizer plants in the Midwest.

Taylor Darden is manager of the new operation, which will employ a year-round total of 200 persons.

TIME CORRECTED
KIMBERLY, Jan. 27—The waffle and pancake supper will be served by the Kimberly Men's club from 4 to 7 p. m. Feb. 4 instead of next Saturday as previously announced. Harold Hove, president of the club, reports.

Idaho Champions Attend Contest

These Idahoans were present for the finals of the ninth annual "Make It Yourself with Wool" contest at Fort Worth, Tex. From left are Mrs. Earl Wright, Dubok, president of the women's auxiliary of the National Wool Growers association; Mrs. J. W. Robertson, Twin Falls; Julie Anne Simmons, Preston, junior winner for Idaho; and Mrs. Arma Huschke Looney, Payette, senior winner for Idaho. Miss Simmons was awarded first prize in junior division competition of the national contest. Grand prizes were won by a Colorado girl and a Nebraska girl. (Staff engraving)

Colorado and Nebraska Girls Win Grand Prizes in Contest

FORT WORTH, Tex., Jan. 27—A 15-year-old Colorado high school sophomore and a 19-year-old Nebraska girl are the grand prize winners in the ninth annual "Make It Yourself with Wool" contest.

They were named from a field of 80 national finalists after modeling their home-sewn fashions in the National Fashion Revue which climaxed the event.

The national sewing champions are Merry Jo Stewart, Ault, Colo. in the junior division, and Kay Rohrig, Mitchell, Nebr., in the senior division.

The young women will receive two-week, all expense-paid trips to Europe, via Pan American World Airways, and will enjoy a visit to New York and intensive tours of Paris and Rome as guests of the Wool Bureau and Pendleton Woolen Mills.

More than 7,000 women between the ages of 14 and 22 entered the annual sewing contest, which offers more than \$35,000 worth of awards.

The national finalists, chosen through area and state eliminations in their home states, represent the finest sewing talent in the West. They will share national prizes which include travel, scholarships, U. S. saving bonds and many other valuable awards.

A tall brunet with blue eyes, Miss Stewart hopes to attend Colorado A, and M and enter the field of home economics. In addition to her enjoyment of sewing, she is keenly interested in cooking and home decoration. She won her title with a suit of rich brown wool tweed, heavily nubbled with gray and red. The suit jacket has a Peter Pan collar and eight self-covered buttons. Bracelet-length sleeves have simply styled cuffs. The four-gore skirt is straight-hanging.

A china red blouse of soft-textured worsted jersey, with a horizontal band of matching tweed running below the neck, is worn with the suit, and a tie-around hat of matching tweed completes the costume.

Blender and blue-eyed, Miss Rohrig works as a teller and bookkeeper in the First National bank in Mitchell. A student of design, she hopes to continue her studies—possibly in Paris—and become a fashion designer or wardrobe coordinator for an exclusive shop or department store.

Her award-winning costume is a dinner dress of sheer all-wool black crepe, worn with a princess-style coat of black hard-finish worsted. The ensemble is entirely of her own design.

The dress has an extremely full skirt which emphasized its small waist. Also princess-style, it features a high bateau neckline, with a small V-coutlet to emphasize its style lines. The dress scoops low in back, and appears almost backless.

The coat has a middy-type collar, starting at the waistline and reaching to points at the shoulders. Sleeves are bell-type, and the coat's lining is of white slipper satin.

Other national award winners announced following the National Fashion Revue in the Hotel Texas include first prize, junior division: Julie Anne Simmons, 16, Preston, Ida.—a slant-needle Singer sewing machine in spinet cabinet, presented by Singer Sewing Machine company.

Tributes Paid to Retired General

WASHINGTON, Jan. 27—Senator Welker, R., Ida., and other GOP leaders yesterday paid tribute to Gen. Douglas MacArthur on the general's 76th birthday.

While praising MacArthur, Welker protested "a full year has passed and no action has been taken" on a resolution he introduced to bestow on MacArthur the rank of general of the armies.

The late Gen. John J. Pershing, World War I leader, held that rank. No living general now holds it.

In the house, Republican Leader Martin, Mass., also urged passage of a bill to give MacArthur the rank.

Grange Plans For Event to Back Project

WENDELL, Jan. 27—Scholarship and education was the theme of the January meeting of the Gooding County Pomona Grange at the Bliss Grange hall Monday evening. A talent show to assist in financing the Grange scholarship for high school seniors was discussed.

Walter Marachek, West Point, chairman of the scholarship committee, said the \$200 scholarship is given each year to a graduate of a Gooding county high school, payable \$50 a semester for four semesters.

Mrs. Ira Kistler, Gooding, Pomona lecturer, suggested a talent show to aid the scholarship fund. Grange lecturers were appointed as a committee to work with Mrs. Kistler in preparing the program. Grange managers will handle ticket sales and arrangements.

The Gooding County Pomona Grange banquet was announced by Mrs. Phares Schiller, West Point, Pomona home economics committee chairman. The banquet will be held at the Orchard Valley Grange hall Feb. 27. Program will be arranged by the Pomona lecturer, The Orchard Valley Grange, directed by Mrs. Florina Schmidt, home economics chairman, will be in charge of arrangements.

Program for the evening consisted of comments from a member of each Grange representing the five school districts of the county. Schools and the commentators were Melvin Gibson, Orchard Valley Grange, the only remaining common school district in the county; Virgil Norwood, Hagerman, Charley Gee, Gooding, Ruth Butler, Bliss, and Catherine Hamilton, Wendell.

PASTOR MOVES
CASTLEFORD, Jan. 27—The Rev. and Mrs. Sanford Tarter are moving to Cascade where he will be pastor of the Community church. He has been pastor of the Bible Baptist church here.

Officers Selected By Market Panel

SHOSHONE, Jan. 27—Officers for the Lincoln County Marketing Association were named by directors Wednesday afternoon at the courthouse. Ed Sheer, vice president; Keith Jackson, vice president; and J. Howard Manning, secretary.

The directors were elected at an earlier meeting. They are Oscar Kerner, A. H. Fries and C. F. Ghatfield, hog committee; Ed Sheer, Jose Jauregui and Donald Riley, sheep committee; and Keith Jackson, director at large.

The 1955 wool pool is almost cleared up and returns will be received by the latter part of March, officials said. The group voted to donate funds to the fairgrounds building project for panels and roofing for the barn extension.

Drive Is Success

WENDELL, Jan. 27—The "Rags to Riches" project sponsored by the Hub City PTA went over the top as the result of a contest conducted at the Wendell grade school.

More than 1,088 pounds of clean cotton rags were collected by the children. A committee from the PTA weighed and sacked the rags for sale.

The third grade room with Mrs. Ann Kappel as teacher won the contest with nearly 200 pounds. The money obtained from the sale of the rags will be added to the fund to be used for a curtain for the grade school all-purpose room.

For A More Efficient Farming Method

PARMA-WAY FARM BOX

for spreading . . .

for feeding

LONG LIFE . . . EASY OPERATION . . . PROFITABLE!

SAVINGS IN FEED AS WELL AS SAVINGS IN TIME!

1. All feed goes into bunks
2. Appetizer thoroughly mixed with feed resulting in better cleanup of feed
3. Feed is evenly distributed in bunks giving all of herd an equal opportunity to feed.

A New Era of Efficient Operation has been brought to the farm by the Parma-Way Farm Box. In fifteen minutes with the Parma-Box, six tons of beet pulp or 375 bushels of any mixture of wet or dry feeds can be put into the feed bunks making it possible for One Man to Feed 1,000-1,500 head of cattle per day.

SEE This MODERN "PARMA-WAY" Box Now at Twin Falls Tractor & Implement Co.

LEWISTON, Jan. 27 (AP)—A corporation reorganization petition filed in federal court in Boise canceled the scheduled sheriff's sale of used sports equipment here Wednesday.

The sale was called off when an attorney for Rex Hager, Boise sports promoter, told the Boise Police county sheriff's office the petition had been filed.

Tri-State Sports, Inc., operated by Hager, had promoted wrestling matches at the Boys' club.

A credit agency here had taken over collection of debts incurred by the firm. Articles for which some 60 prospective buyers hoped to bid included a boxing ring and 200 folding chairs.

ARMSTRONG ASKS COURT FOR DIVORCE

LOS ANGELES, Jan. 27 (AP)—Boxing's hammering Henry Armstrong filed suit for divorce against Willa Mae Armstrong, 42, whom he married in 1934.

Now an evangelist, the former triple crown holder charged cruelty and desertion. He asked for control of community property he valued at \$50,000. Armstrong said he receives nothing from his religious work and his only income is \$250 a month.

Armstrong once held the featherweight, lightweight and welterweight titles.

Local credit census and check station reports give us a good picture of the harvest in the areas they cover, but most of these areas where special circumstances apply.

The general statewide harvest survey conducted through these questionnaires is our only opportunity to verify the general harvest which includes most of the fish and game taken in the state," he explained.

Leonard added that "the information obtained through these questionnaires will under no circumstances be used to make arrests or for other enforcement purposes."

He stressed the importance of each report asked for in the surveys. He pointed out that only one fisherman in about 13 and only one hunter in 20 will receive a questionnaire, and said the selection process was geared to avoid sending both forms to any one person.

This means every one of the reports is important, including those from people who did little or no hunting or fishing during the year," he said.

Leonard explained that the information is needed for use in connection with habitat surveys, population studies and other research information on the rarer areas to guide current management. He said the 1955 report will be especially important since enough information has been gathered in previous years for the record to begin to show trends significantly.

RESULTS OF THE SURVEY WILL BE ANNOUNCED AS SOON AS THE RETURNS CAN BE ANALYZED STATISTICALLY, HE SAID.

RECORD SOUGHT

NEW YORK, Jan. 27 (AP)—Donald Campbell, world speedboat record holder, arrived from England this week to begin a search for a fresh water site preparatory for an attempt to raise the record to 250 miles per hour.

Hunting Fatalities Show Wide Variance This Year

By The Associated Press

Why is it that hunters of one state go at their sport with a minimum of peril to their fellow man while hunters in the state next door bowl over their colleagues by the dozen?

The question fascinates conservation officials, safety groups, students of field sports and observers in general. But they don't have any ready answers.

Look at this record and you can see why: Utah reported only one hunter killed in 1955, an all-time low for modern times. Adjoining Idaho killed 15, wounded 22—one casualty

for every 4,054 licenses issued. But just a 44-wad, Wyoming called hunting "as safe as checkers," recording only one fatality and four woundings, or one for every 28,000 licenses.

And that's the way it goes across the nation. Maine reported nine fatalities and 50 non-fatal gun accidents last season, while New Hampshire had none killed for the second straight year.

Missouri had one fatality during its deer season—the first in two years. Nebraska was working on a six-year string of seasons without a gunshot fatality.

Ohio's string of eight consecutive deer seasons without a death was ended in 1955 with 800,000 hunters afield. However, Buckeye small game hunters made up for it by shooting 18 persons to death.

Texas counted a new record high with 25 names on the grim list of the slain, and some late reports possible on others. But neighboring New Mexico, with similar problems, had only three fatalities.

All three of New Mexico's dead were teen-agers. Teen-agers were involved in 20 of Texas' 35 fatal incidents. Ohio counted teen-agers in more than half of 88 mishaps involving guns.

In most states, gun safety programs stressing education of young hunters have been undertaken with cooperation of all interested groups. In several states those educational courses are compulsory.

Utah credits such a program with cutting its casualty list sharply in recent years, and has added strict enforcement of its hunter responsibility law to put additional pressure on sensible behavior with weapons.

NORWEGIAN SKIERS SLEEPING IN TENTS

CORTINA D'AMPEZZO, Italy, Jan. 27 (AP)—There was no doubt about the hardest spectators as the greatest winter Olympic games in history opened.

Thirty Norwegians are living in big tents pitched on a snowy field. They bed down in sleeping bags lined with reindeer hair.

But snow conditions for the athletes were so bad Andrea Mead Lawrence of Marshall, Colo., planned to ski with a crash helmet for the first time.

America's double gold medal winner of the 1932 games at Oslo plunked down \$1250 Wednesday for a black leather helmet lined

New Volumes Are Reported By Librarian

A list of new titles added to the Twin Falls public library has been released by A. L. DeVolder, city librarian.

Mysteries include "Top Assignment," "Coke," "Live Ball for Murder," "The Long Body," "McClay," "Moonflower Murders," "Nichols," "Ellery Queen's Awards, 10th series," "Queen," and "Best Detective Stories of 1955," Cooke.

A long western, "Cast a Long Shadow," Overholser, has been added.

Titles added to the general fiction list are "Rising Storm," Allis, a study of Ohio and slavery; "Nothing New Under the Sun," Bacchelli, an epic of the river Po; "The Bridge Over the River Kwai," Boyle, a penetrating story of nationalistic characteristics; "Not the Glory," Boyle, counterespionage in Great Britain; "Green Pond," Brandon, two doctors and their problems in a southern town.

"Big Woods," Faulkner, a collection of short stories; "Beyond Desire," LaMure, fictionalized biography of the Mendelssohns; "The Shirlene," Niland, a tale from Australia; "Officer and Gentleman," Waugh, a satire on British army life; "Without Sanctuary," Werberger, a doctor practices without a license and runs into problems; "Heritage," West, a son torn between two world famous unmarried parents; and "John Goff's Legacy," Woodbury, a human history of early New England.

Non-fiction titles include "Restoration of Learning," Bestor; "Voice of the Desert," Krutch, desert life in the Southwest; "Farm Mechanics Power Tool Manual," Mix; "New Decade," Whitney Museum, a picture of 35 American painters and sculptors; and "Acting is Believing," McGraw.

"Best Plays of 1954-1955," Kronenberger; "We Die Alone," Howarth, a wartime flight from the enemy; "Andrew of Gallilee," Capaldi, a historical presentation of the apostle of Christ; "St. Anne," Keyes, biography of the grandmother of Jesus Christ; "Me and Kit," McGillicie, a theatrical director tells of his experiences; and "Standard Postage Stamp Catalogue," Scott, the philatelist's bible.

Handbook Author To Address Idaho Horticulture Unit

BOISE, Jan. 27 (AP)—The author of a government handbook on prevention of forest damage will address the Idaho State Horticultural Society at its annual convention here Feb. 9 and 10.

Warren Carneffix of Fruitland, president of the society, announced yesterday that Floyd D. Young of the U. S. weather bureau in Los Angeles, special projects director for the western states, would be featured speaker.

Other speakers will include Eldon Gilbert and E. W. Carlson of Yakima, Wash., Al Roberts of Oregon State college, Harold Schomer of Wenatchee, Wash., and Royal Garff, professor of speech at the University of Utah.

Switch Is Slated On Mail Service

IDAHO FALLS, Jan. 27 (AP)—Mail service to patrons in the upper Snake river valley will be switched from trains to truck in the near future.

Postal officials said the change was made necessary by discontinuance of passenger train service by Union Pacific railroad between Victor and Idaho Falls. The railroad will operate mixed trains on the run.

Fire Kills 10

NARA, Japan, Jan. 27 (AP)—Ten persons died in a fire that razed a crowded apartment here today.

The apartment, which formerly served as a restaurant, housed 12 families. Each occupied only a small room.

Monday Plan On Tax Filing Given Praise

BOISE, Jan. 27 (AP)—Calvin E. Wright, district internal revenue service director, said yesterday the "make-it-Monday" plan for tax filing in the state is getting fine cooperation from Idaho taxpayers.

He said the plan of using Mondays to obtain information and file returns is in effect in all six Idaho offices—Boise, Twin Falls, Pocatello, Idaho Falls, Lewiston and Coeur d'Alene.

He said it allows internal revenue personnel time to get other work done such as checking returns and making field trips.

Special Monday filing days also are in effect, he said, in Nampa, Caldwell, Jerome, Gooding, Burley, Blackfoot, Rexburg, Sandpoint and Wallace where the service formerly had full-time offices.

Trucks Pact Is Inked for West

SACRAMENTO, Calif., Jan. 27 (AP)—California has signed a pact with eight other states permitting operators of three or more trucks to move their vehicles across state lines with fewer restrictions, it was announced yesterday.

Paul Mason, state director of motor vehicles, said the agreement also makes provisions for truckers to contribute their equitable shares of highway use fees and taxes in the states in which they operate.

The other states involved are Colorado, Idaho, Kansas, Montana, Nevada, New Mexico, Oregon and Washington.

Unemployment in Idaho Increasing

Unemployment in Idaho increased slightly during the week ending Jan. 21, but officials believe the peak has been reached.

According to figures released by the Twin Falls office of the Idaho employment security agency, 862 initial claims were received last week, bringing the total to 9,432.

Burley reported 14 new claims to total 137; Gooding accepted five new claims for a total of 112; Jerome reported 17 new claims and a total of 166; Rupert listed 15 initial claims bringing its total to 73, and Twin Falls raised its total to 424 by accepting 77 initial claims.

The state paid a total amount of \$168,081 in benefits, averaging \$27.02 for each compensable week.

In stop-go truck jobs — Fordomatic pays for itself!

Sure, an automatic transmission is an "extra" to make your job easier. But more important — Fordomatic earns its keep and then some — by saving money for you day in, day out! Here are 7 reasons why:

- 1. No more clutch expenses** ... with Fordomatic! There is no clutch.
- 2. Fordomatic ends costly repairs** ... that can result from shock loads on the drive line with a conventional transmission. For example, shock damage to gears, to differential, to rear axle.
- 3. You save valuable time** ... with Fordomatic, particularly in stop-go work. Fordomatic cuts out 16 hand-and-foot operations at every traffic stop.
- 4. Tire life gets a break** ... Fordomatic feeds power so smoothly to the drive line that you can easily avoid tire-damaging wheel spin on the getaway.
- 5. Costly holdups in mud or snow** are less likely, thanks to Fordomatic's ability to deliver low wheel speeds without stalling.
- 6. More exact shifting saves gas** ... with Fordomatic there's no waste of gas through faulty gearshift judgment. Fordomatic shifts automatically with split-second precision.
- 7. At trade-in time** ... your truck is almost certain to be worth more because it has Fordomatic. All in all, Fordomatic can pay for itself — and then some!

"We've spent practically nothing for maintenance in over 2 1/2 years," says florist Max Rapayak. "With conventional trucks you can't avoid drive-line shocks. Fordomatic ends all that."

"Fordomatic saves time, means faster deliveries," says pastry distributor A. Solinger. "Getaway is faster, I can keep up with car traffic. Fordomatic cuts route time substantially."

Ford Economy Trucks

Ford Trucks Last Longer! Certified by independent life insurance experts for the ninth consecutive year. Studies of latest license registration data on 10,048,400 trucks shows that Ford Trucks last longer than any of the other four leading truck makes.
