State to "Crack Down" on Habitual Traffic Violators

BOISE, March 9 (AP)—The Idaho department of law enforcement is cracking down on drivers who habitually violate traffic laws. Commissioner Earle E. Koehler warned yesterday that drivers whose licenses are suspended for three years will be suspended for five years if they are convicted of a second offense within that period.

Koehler said drivers whose licenses are suspended for three years will be suspended for five years if they are convicted of a second offense within that period. Such an additional penalty will be assessed, he said, on any driver who is convicted of a traffic violation within three years of conviction.

Driver Found Guilty Of Tipsiness Charge

Sentencing of Henry V. Harkins in Twin Falls justice court on a charge of drunken driving has been set for 10 a. m. Saturday by Justice of the Peace J. O. Pumphrey. He was found guilty of the charge Thursday following a trial before a six-member jury. Following the verdict the court deferred judgment and continued bond of \$250, previously posted.

Driver's license of Ralph J. Shepard, 19, 948 Second avenue west, was revoked for one year and he was fined \$100 and \$30 costs Thursday on his plea of guilty in justice court to a charge of drunken driving.

Pleas for War Are Sounded Among Arabs

JERUSALEM, Israel Sector, March 9 (AP)—The United Nations peace supervisor said today he believed he had made some progress in averting an Israeli-Arab war, but passed crowds in Cairo shouted today for the "annihilation of Israel."

Maj. Gen. E. L. M. Burns, head of the truce supervisory group, flew back to Israel from three days of high level talks in Cairo on the increased tension along the Egyptian-Israeli border.

Burns said his conversations with the Egyptian minister of defense and chief of staff for the combined Egyptian-Arabian armies, and with Egyptian Foreign Minister Mahmoud Fawzi, "indicated progress." He said he would discuss the same questions with Israel and then consult with United Nations officials.

But there were shouts of "Allah" and "Allah" as the Arab leaders of the big Arab nations, Egyptian, Saudi Arabia and Syria, knelt in prayer in Cairo's ancient Al-Azhar mosque before a cheering crowd of 50,000 persons.

"Israel must be annihilated!" they shouted. "Down with imperialism and the Baghdad pact. Long live Arab unity."

Premier Gamal Abdel Nasser of Egypt, King Saud of Saudi Arabia and President Shukri El-Kuwatli of Syria already had dispatched a high military today to Amman with a money offer aimed at winning Jordan's allegiance and ending British influence there forever.

The emissary, Premier Said Ghazali of Syria, delivered his message to the king at his palace in Amman and then prepared to fly back to Cairo for tonight's meeting of the Arab big three. Reliable sources said the three Arab nations had offered to match Britain's annual \$3,500,000 subsidy to Jordan, had invited Jordan to join an all-Arab group and had congratulated Hussein for his British Lieut. Gen. John Hubb as head of the Arab Legion.

Fair Weather Predicted for Idaho Region

Generally fair weather, but with slightly lower temperatures, was forecast Friday for the Intermountain West for the week-end.

Weather bureau forecasters said mountain areas of southern Idaho, Tennessee and Kentucky will be in the grip of a few snow flurries. Temperatures climbed to balmy 60 in Boise, 54 in Salt Lake City and in Twin Falls Thursday. It was in Lewiston, 47 in Pocatello and in Idaho Falls.

About the same temperature range is predicted for Friday in Utah but Idaho the range was expected to be slightly lower. Temperatures will be an estimated five degrees Utah Saturday.

Minimum temperatures Saturday are near or above the freezing mark. They included 32 in Idaho Falls and Twin Falls, 33 in Lewiston, Pocatello and 36 in Boise and in Lake City.

Letter Tells T. F. Group UAL To Start Morning Run in April

United Air lines plans to resume its morning flight from Twin Falls "not later than April 29," the Twin Falls Air Travel association was told Friday by the Civil Aeronautics Board.

In a letter to Asher B. Wilson, chairman of the association, Ross Riley, CAB chairman, said further action will not be taken "at this time" on a formal complaint in which the association protested UAL's curtailment of flights here.

Riley's letter was in answer to the association's protest of recent cancellation of flights 332 and 315 sent the CAB Jan. 23.

"This matter has been discussed in detail with United Air Lines officials, who have assured us of their desire to offer satisfactory service to Twin Falls," Riley's letter noted. "The carrier regrets that the schedule changes which were put into effect on Jan. 9 were not discussed with city officials."

Riley said the CAB was informed by UAL that effective last Feb. 5, the departure time of flight 339

Bid Lost, Demos Pledge Fight for Wheat Supports

WASHINGTON, March 9 (AP)—Democrats smarting under senate defeat of their drive to restore rigid farm price props said today they will win the decisive vote on the farm issue in the presidential election. The senate yesterday voted 51 to 41 to knock out of its omnibus farm aid bill a Democratic provision restoring rigid 90 per cent price supports on cotton, corn, peanuts and rice.

Forty-one Republicans and 13 Democrats defeated the provision. Thirty-five Democrats and six Midwest farm belt Republicans voted for it.

Victory-flushed administration forces predicted they will cap their triumph with defeat of a Democratic provision to put 90 per cent supports on millable wheat. The senate met this morning to continue voting on the politically-potent farm bill.

The Democrats denounced the Republican victory and the Republican farm program in general. One house Democrat called for possible impeachment of Secretary of Agriculture Ezra T. Benson.

Chairman Allen J. Ellender of the senate agriculture committee called defeat of rigid supports and continuance of the administration's flexible support program a "disaster" for the price-squeezed farmer.

Sen. Hubert H. Humphrey, D., Minn., predicted President Eisenhower and other GOP candidates will suffer at the polls in November. Other Democrats agreed.

The White House said Mr. Ellender's statement was "a distortion of the facts." (Continued on Page 14, Column 4)

Senate Favors '56 Boosts for Corn Acreage

WASHINGTON, March 9 (AP)—The senate today voted to increase corn acreage from 43 million to 51 million acres this year.

The amount of the acreage was a compromise reached after about eight hours of involved, complicated debate which started late yesterday.

Sen. Bourke Hickenlooper, R., Ia., introduced an amendment calling for an increase in the corn acreage to 55 million acres. But he accepted the compromise when prospects for senate approval of the larger acreage dimmed.

Under the compromise, corn raised on the increased acreage this year would be eligible for price support loan at 81 per cent of parity, \$1.40 a bushel.

Before next year, a referendum will be taken to determine if corn farmers want to continue with the increased acreage, but with price supports left to the discretion of the secretary of agriculture.

In the referendum, corn farmers will also be given the alternative of returning to the reduced acreage allotments with a guarantee of a minimum price support of 75 per cent of parity.

The compromise on the corn acreage was adopted after a heated debate in which Democrats lashed out at high price supporters yesterday—charged that boosting corn acreage would be unfair to other crops.

Dulles Begins Visit in India, Nehru Parley

NEW DELHI, India, May 9 (AP)—Secretary of State Dulles arrived in India's capital today amid hopes his talks with Prime Minister Nehru would bolster sagging Indian-American relations. But few expected any major change in either country's policy would result.

Observers were apprehensive that Dulles' role in the recent SEATO endorsement of Pakistan's demand for a U. N. plebiscite in the bitterly disputed state of Kashmir would have a damaging effect on the talks.

Resentment Subsidies

However, Indian resentment after the SEATO action appeared subsiding somewhat.

The American secretary himself said on arrival that differences between India and the United States are "relatively minor." He said his visits to Nehru was an attempt "to somewhat reduce these differences."

Security Ordered

Nehru ordered extraordinary security precautions to prevent any anti-American demonstrations. A dozen truckloads of police were at the airport, and officers and plainclothesmen were stationed every few yards along the road the secretary took to the prime minister's home.

Besides the police, only U. S. embassy personnel, their families, Indian officials and newsmen were at the airport.

Industry Bid Reported for Village Move

Improving conditions to invite industry was given as the reason for the proposed village relocation by V. H. Leshner, spokesman for the group representing that area.

Speaking to the Twin Falls city commission, county commission and Chamber of Commerce directors, Leshner said the Eastgate section believes by starting with a "clean slate" without the mistakes made by other groups earlier, industry might be more inclined to use the area.

He pointed out there must be some control of land suitable for industry. He cited two cases in which the price of land had been too high for industry. "We feel the land east of Eastland drive is the best suited industrial site in Magic Valley," he stated.

On the matter of water and sewage, Leshner pointed out most of the homes in the area have their own wells and cesspools, which are "good for quite some time."

He said the area had been informally surveyed by engineers to be relatively simple to run a sewage trunk from the north to empty into Rock creek.

He added the city would have trouble taking sewage out of the area because of a slight rise that (Continued on Page 14, Column 2)

McKay to Battle For Senate Seat

PORTLAND, Ore., March 9 (AP)—Interior Secretary Douglas McKay announced today he will seek the Republican senatorial nomination in Oregon's May primary to run against Sen. Wayne Morse, D., Ore., in the November general election.

In a statement released here before he departed to file formally with the secretary of state in Eugene, McKay said "I am looking forward to active participation in the campaign."

Previously, McKay had said if he decided to file for the senate and was nominated he would resign his cabinet post June 1.

Northeast Area Is Hit by Damage as River's Crest Due

PITTSBURGH, Pa., March 9 (AP)—A wall of flood waters pushed downstream on the swollen Allegheny river today toward the steel rich golden triangle of Pittsburgh where it was expected to crest two feet above flood stage late this afternoon.

River forecasters said the crest had already hit Parkers Landing and was roaring on toward Pittsburgh 90 miles away. The usually placid stream has already boiled beyond its banks for miles along its upper reaches in Pennsylvania and New York state. Some 3,000 families had been driven from their homes and more were threatened with evacuation.

Warren, Pa., and Salamanca, N.Y., were hard hit by the flood waters before the crest passed downstream. A dozen other communities along the Allegheny banks felt the effects on the flooding, but to a lesser degree.

Two were dead upstream. Both drowned near Ithaca, N. Y., when heavy rains sent the Allegheny and its tributaries spreading beyond its banks.

River forecasters said Pittsburgh's golden triangle would not be seriously affected when flood stage reaches the area unless more rain or snow poured into the swollen stream.

The general flooding stretched for 238 miles upstream. Floodwaters were so high at Salamanca the city was nearly divided.

Boats patrolled the inundated area and 65 families were evacuated. The flood waters crippled the municipal water plant and the western end of the city had only a trickle of gas after a main line burst under the water pressure.

Damage to the city's homes and businesses was estimated at more than 1 million dollars. Mayor James J. Crowley called the flood "the worst in the city's history."

Warren, Pa., was virtually isolated by the rising river water which spread to a depth of 4 to 6 feet in the northern part of the town.

Some 2,000 persons in Warren alone were forced from their homes and about 100 patients were evacuated from the General hospital in an emergency movement, which included farm tractors, moving vans and other equipment.

Firemen at Nassau, N. Y. use a rowboat to evacuate the James Van Slyke family forced from their home by high water. James Van Slyke holds his 4-year-old son as he steps into the boat. (NEA telephoto)

Exile Planned For 2 Grecian Cyprus Chiefs

NICOBIA, Cyprus, March 9 (AP)—Britain arrested Greek Cypriot nationalist leader Archbishop Makarios and held him for deportation today. The Bishop of Kyrenia, another anti-British nationalist leader, also was arrested and ordered deported.

At the same time, the British deployed troops throughout this strategic Mediterranean island to wipe out pro-Greek terrorism in Cyprus by force.

The drastic crackdown against the anti-British nationalist forces was expected to set off new trouble in this island which has been rocked for months by riots, terrorism and killings over its future status.

The forcible removal of the pro-Greek leaders also was expected to precipitate a crisis in relations between Greece and Britain.

But Gov. Sir John Harding moved swiftly with the backing of the government in London to put into force a new and tougher British policy aimed at restoring order. He also ordered immediate censorship of all cables to Greece and banned long distance telephone calls.

Both Archbishop Makarios and the Bishop of Kyrenia were ordered deported to a "destination to be announced later."

Robbery Report Not Confirmed by Police

BURLEY, March 9—Burley police Friday continued to refuse to comment on a rumor they were holding a man in connection with the armed robbery of a woman early Thursday evening. Unofficial reports were that a woman had been held up at her home and a large sum of money and a dog taken. The unofficial report also indicated the woman's telephone wire had been cut.

Police, questioned about the incident on several occasions, refused to make any statements pertaining to the rumors. They did say, however, no complaints had been filed.

No circumstances surrounding the incident were available although unofficial reports indicated a man was picked up for questioning by police early Thursday evening.

Police at the station said they "could not give a statement" and that anything pertaining to the unofficial reports "would have to come from the chief."

The unofficial reports indicate a woman by the name of Kay Martin was held up and between \$400 and \$500 and a red Doberman pinscher dog were taken. Burley police said such a dog is being cared for at a veterinary hospital in Burley.

At the police station shortly before noon Friday Prosecuting Attorney Norman Nielson said, "I don't know if a crime is committed unless a complaint is filed."

At the same time police said they were holding a man on vagrancy but refused to give his name.

Military Bills Get Approval Of Committee

WASHINGTON, March 9 (AP)—The house armed services committee yesterday tentatively approved a two billion dollar military construction bill authorizing new facilities to speed work on ballistic missiles and an atomic-powered plane.

Final action on the bill is scheduled for Tuesday. The measure merely authorizes the new construction. Congress must provide the actual cash in separate legislation.

The bill included:

- 11.6 million dollars for expansion of facilities at Arco, Idaho Falls, Id., for work on developing an atomic-powered plane.
- 36.8 million dollars for facilities for testing and developing guided and ballistic missiles.
- 73 million dollars for an army aviation center at Ft. Rucker, Ala.
- \$300,000 to house the chairman of the joint chiefs of staff and four of his staff assistants in Washington, and to build a communications center for them.
- \$80,000 for a house for the superintendent of the air academy at Colorado Springs, Colo., and two \$54,000 houses for two deans.
- \$82 million for a new navy jet training base at Meridian, Miss., and \$10,000,000 for a new jet operating field at Lemoore, Calif.

Farming Official Warns of Control

POCATELLO, March 9 (AP)—State Commissioner of Agriculture Harold West today advised members of the Idaho Potato Producers association to be "extremely cautious before asking for additional federal regulation in the Idaho potato industry."

West referred to the proposed amendment to the federal marketing agreement on potatoes which would regulate intrastate shipments of the second crop and pickup had not been identified.

A ground blizzard has been delaying traffic in the vicinity of the Craters of the Moon since Thursday. The road was almost blocked Thursday night but plows cleared a path for one-way traffic Friday morning.

Indigestion Is Blamed Upon Idaho's Russets

BOISE, March 9 (AP)—State Auditor N. P. Nielson said today he had received a letter from a Maine official saying the "skulduggery" of the Idaho delegation at a recent Boston convention had "arrested much indigestion" among potato-eating delegates.

The letter was written by Carl J. Droggi, commissioner of Maine's department of development of industry and commerce. It was the latest blast in the friendly feud between Nielson and Maine over the relative merits of Idaho and Maine potatoes.

It all began when an official of the national convention of soft-bodied potato districts held this year in Boston—said only Maine spuds would be served at the gathering. However, the Gem state delegation managed to get some Idaho russets anyway.

Nielson and his old friend, Fred M. Berry, Maine state auditor, launched a war of letters and Droggi recently sent Nielson a "see chief" containing Maine's famous lobsters and other sea food.

Nielson admits the lobsters were "top."

Cancer Group Hears Talk by Health Leader

(See Photo Page Five)

Dr. Cecil Reinstein, southern health district director, was the guest speaker at the education and enlightenment program of the American Cancer society Thursday at the Turf club, reports the district commander, Mrs. Harry Elcock.

All cancer workers are participating in the field of preventative medicine, Dr. Reinstein told executive committee members at their annual training school at the Turf club. Speaking at the noon luncheon, Dr. Reinstein congratulated the group on their progress in educating the public to the fact that most early cancer is curable and of the vital need for yearly physical check-ups to detect the disease in time for treatment to be effective.

During the Thursday morning session, conducted by Mrs. Adolph M. Hachek, Turf club, county commander, and Mrs. Elcock, community chairman from throughout the county discussed plans for the April fund raising campaign.

The cancer society's three-fold program of education, service and research was explained, and it was emphasized that each community chairman should follow up with similar training sessions for her own local workers.

Mrs. L. B. Anderson, Boise, field representative for the Idaho division, discussed organization of the American Cancer society, pointing out there are 63 divisions, divided into seven regions nationally.

There are 12 districts in Idaho (Continued on Page 2, Column 3)

French Meet Is Kept From Rioting Mobs

PARIS, March 9 (AP)—Helmeted riot police cordoned off the French national assembly today against Nationalist Algerian demonstrators.

The Algerians smashed shop windows and shouted against the government's request for strong powers to quell the revolt in Algeria.

About 3,000 Algerians had gathered at the Moslem mosque and then began drifting to the city hall, about a mile from the assembly. On the march, a small group smashed automobiles and broke store windows.

Within an hour of the opening of the assembly debate, some 50 Algerians had been arrested.

Thousands flocked into the city from the suburbs—their numbers swelled by a strike called by the Algerian nationalist movement.

Action in Row Is Seen Soon

IDAHO FALLS, March 9 (AP)—Frank Collins, president of the Gem State Blind association, promised yesterday "further action if something is not done to straighten up the school at Gooding in a very short time."

Collins spoke of the State School for the Deaf and Blind at Gooding. A state board of education team has surveyed the school, in answer to criticism of it by Collins and others. But its report has not yet been made.

Collins had a "team" called in from the National Federation of the Blind but the request to investigate the school was turned down by the education board and Gov. Robert E. Smylie. The board felt it would not be in the public interest to investigate since the state team had already reported.

In a statement, Collins said that "at the moment, the board of education is studying the report of the survey team. We want it clearly understood that the State association of the Deaf and the Gem State Blind association are working together and are united in the struggle to get the school straightened out."

Police Desire To Get Name Town Beastie

PEORIA, Ill., March 9 (AP)—Harried city officials today ordered policemen to catch one of the strange ratlike beasties roaming Peoria so scientists can find out what they are.

The officials were also biting their fingernails over whether their efforts to get rid of the worms in Peoria's water have succeeded.

Faced with the double crisis, a policeman mourned "between rats and worms we're having it tough here."

More and more persons are reporting seeing the big, brown-furred beasties, police reported, but they've suddenly become hard to catch.

The animals, measuring almost two feet and with long rat-like tails, turned up in Peoria last week. Police have killed three of them, but they destroyed the bodies before it occurred to anyone to find out what they are.

A woman insisted they were porcupines, minus their spines, and another amateur expert feared it was an invader of the South American continent.

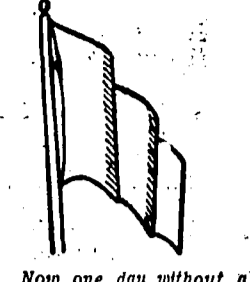

An all-inclusive theory was that the beasties are a species of the "por-rat-mus-sum," otherwise known as the "North American coypu."

Officials were no sounder ground in dealing with the worms. They knew what they are—larvae of the midgefly—and they hope they've got rid of them.

In the meantime, the sight of the worms was enough to drive Peorians to liquor.

They couldn't be in a better place for it. The city of 115,000 is one of the nation's biggest brewery and distillery centers.

Keep the White Flag of Safety Flying

Now one day without a traffic death in our Magic Valley.

Ground Party Tries to Help Band in Mine

GRANTS PASS, Ore., March 9 (AP)—A ground party left today carrying food and medicine to six persons believed stranded in heavy snows at a northern California mine.

Clouds stopped two airplane flights into the area, about 40 miles northeast of Crescent City, Calif., yesterday.

Henry Lloyd, Selma, Ore., and Eddy Podoll and Ray Evans, both Illinois Valley, Ore., divided the food supplies into three packs and set out to try to reach the mine on foot, using a trail starting at Gasquet, Calif., on the Redwood highway.

Mrs. Walter Freeman, Grants Pass, whose husband and brother are at the mine, said the trail is little used even in summer and that it is "like walking the edge of a saw," because of a series of ridges.

Snow has clogged the roads, and there has been no communication from the six since Feb. 13.

Dozen People Of Family Die In Home Fire

OXFORD, Pa., March 9 (AP)—At least 12 members of one family burned to death shortly before midnight when flames destroyed a two-room wooden and cardboard shack on the Oxford borough limits.

Police said the victims, all Negroes, included John Twyman and his wife, nine of their children and one grandchild.

State police from the nearby Avondale barracks started an immediate investigation at the request of Deputy Coroner Ernest Schneider, who claimed there "could have been foul play." He would not elaborate.

Schneider said troopers compiled a list of 13 names, raising the possibility that another victim still was in the wreckage of the 20-by-30-foot shack. He said officials would wait until daylight to probe the ruins.

The list, based on reports by neighbors in the four or five other dwellings in the neighborhood, showed the father to be about 37 years old, his wife Catherine about 34 and the others ranging from 20 to two years. The father worked for an express company, according to Schneider.

Oxford is a community of about 3,000 located about 40 miles south-west of Philadelphia and about five miles north of the Pennsylvania-Maryland border.

Patrolman Claude Swift said he had counted 11 bodies shortly after midnight in the Coffman funeral home. Coffman later said another body was recovered from the ruins and brought to the home.

The funeral director said all were burned beyond recognition.

Twin Falls News in Brief

DAV to Meet Disabled American War veterans and auxiliary will meet at 8 p.m. Monday at the DAV hall.

Men Released A release of income tax lien for 1955 taxes against James Davis was filed Friday with the Twin Falls county recorder's office.

Driver Fined Gale Killinger, Jr., route two, Twin Falls, was fined \$5 and \$3 costs Thursday in police court for driving with noisy mufflers on Shoshone street north.

Recruiter Moves The marine recruiting office has been moved to room two of the Olos building above Cios Bookstore, reports S/Sgt. Roy B. Gjertsen, local marine recruiter.

Pomona to Meet Twin Falls county Pomona Grange will meet at 8:30 p. m. Saturday at the Lucerne Grange hall. A panel discussion on the soil bank and 90 per cent party will be held.

Asked to Attend Rites Members of local 1105, Painters and Decorators union, are asked to attend funeral services for Hans Henning Holm at 2:30 p. m. Saturday at the Reynolds funeral home chapel.

Funeral Set for Accident Victim RUPERT, March 9—Funeral services for Velty M. Linzy, who was killed in an automobile accident near here Thursday, will be held at 2 p. m. Monday at the Trinity Lutheran church, Rupert, with the Rev. Alfred Eichman officiating. The Rupert national guard will conduct final rites at the Rupert cemetery.

Surviving are his widow, Mrs. Mae Linzy, and four sons, Ted Linzy, 9; Jeff Linzy, 3; Kenyan Linzy, 2, and Kim Linzy, 1; his parents, Mr. and Mrs. J. W. Linzy, Rupert; three sisters, Mrs. Vern Hymas, Heyburn; Mrs. Claude Wilson, Shoshone; and Mrs. Carl Studer, Rupert; and five brothers, Allan Linzy, Burley; Willys Linzy, Boise; Willard Linzy and Wayne Linzy, both Oregon; and Clyde Linzy, California. Three brothers and one sister preceded him in death.

Mr. Linzy attended Rupert schools and served four years in the armed forces in Italy and France. He had been employed by Cameron's for the last 10 years.

He was a member of the Rupert Trinity Lutheran church and the Rupert national guard for seven years.

Funeral Held for Resident of Buhl Buhl, March 9—Funeral services were held for Ted Kodach at the Albertson memorial chapel Wednesday with the Rev. Stanton McClenney, pastor of the Rex Presbyterian church, officiating.

Soloist was Mrs. William Watt and organist was Mrs. Denny Patrick, who also played the prelude and postlude.

Funeral services were held in the Buhl city cemetery.

Plead Innocent JEROME, March 9—Leslie Moore, 27, Dietrich, and Leon Allen, 20, Glenns Ferry, pleaded innocent to a charge of encouraging minors to violate the youth rehabilitation act when arraigned before Probate Judge Theron Ward Friday morning.

Judge Ward set bail at \$300 each and bond was not posted. They were remanded to the custody of the sheriff.

DAVENO DESTROYED SHOSHONE, March 9—A daveno at Leonard Weigt's home, 812 North Buchanan street, was destroyed in a fire at 10:40 a. m. Friday. Fire Chief Gibb Bird estimated damage at between \$100 and \$150. Cause of the fire was not reported.

Jury Returns Guilt Verdict On Tipsiness

stepped on the gas instead of the brake. Her car collided with a 1955 Chrysler owned by Jack Peck, Boise, and the front of Van Orman's hardware store.

Damage to the O'domobile was estimated at \$100 and damage to the Chrysler at \$35. No estimate has been made of the damage to the front of the store.

In addition to the fine Judge Shaud suspended her driving license for 30 days.

Herbert J. Hawkins, 19, Portland, was fined \$50 and \$3 costs by Gooding Police Judge Ramon Ensunsa on a charge of reckless driving. Hawkins was arrested by Gooding police.

Mrs. Claude Dewelder, 683 Blue Lakes boulevard north, pleaded guilty to a charge of speeding Friday in Twin Falls police court and was fined \$8 and \$3 costs. She was fined by city police radar driving 33 miles an hour in a 25-mile zone on Blue Lakes boulevard north.

Three other drivers are scheduled to appear in police court on speeding charges. Clocked by radar Thursday, James D. Crego was found driving 32 miles an hour in a 25-mile zone; Melvin Walters, 42 miles an hour in a 35-mile zone; and Vernal Thomas, 34 in a 25 mile zone.

Earle Quigley, Buhl, was fined \$10 and \$3 costs Friday in Twin Falls justice court after pleading guilty of running a stop sign. He was cited by state police on highway 50 three miles east of Twin Falls.

George E. Malberg, 20, 1436 Seventh avenue east, was fined \$25 and \$3 costs in police court Thursday on a charge of being drunk in an automobile on a public highway. He was a passenger in the 1950 Chevrolet driven by Shepard.

Dillard D. York, Walla Walla, Wash., posted \$15 bond in justice court Thursday for appearing on March 13 on charge of speeding on Perrine Memorial bridge. He was charged with doing 40 miles an hour on the bridge where the speed limit is 20 miles an hour.

Loren D. Anderson, Piler, and Harold Farworn, Paul, were fined on speeding charges by Probate Judge Henry W. Tucker in Burley Thursday morning. Both were arrested by State Patrolman Roy Thomas. Anderson was fined \$10 and Farworn \$15.

Vernon E. Mufsell, Buhl, was fined \$10 and \$3 costs by Buhl Police Judge Floyd Dais Thursday on a charge of speeding. He was arrested by Buhl police.

Seen Today

People enjoying the sunshine as they stroll along Main avenue... Woman recognizing hanging in restaurant dry-cleaners bag that she had given her husband to hang in car that morning... Girl over-hearing remark that she would look like a two by two box if she wore a large hat... White shoes beginning to appear on the streets... School children wandering along the streets during the lunch hour without coats or sweaters... Restaurant cashier becoming confused as three women pay one check with various amounts of small change... Driver of panel truck absorbed in newspaper while vehicle is parked on Second street west... Stove pipe extending from rear of pickup truck... Red flags set up to caution motorists of workmen near Blue Lakes boulevard north and Piler avenue... Driver slowing down when children yell that a radar unit is set up on the road ahead... And overheard: "I've lost so much weight I can use my girl for a barrel."

Merchandise and Cash Are Stolen DIETRICH, March 9—The Dietrich Mercantile was entered during the night Thursday and 90 cartons of cigarettes, gum, candy and \$25 in change were stolen, Mr. and Mrs. Preston Page, owners of the store, report.

Mrs. Page said the store was locked around 7 p. m. Thursday and that when her husband went to the store at 7:30 a. m. Friday he found a salesman already in the store. The salesman had entered through the front door that had been broken open, Mrs. Page said.

Sheriff Thomas Conner at Shoshone was notified of the break-in.

ADMITTED Edward Kakin, Mrs. Richard Olsen and Mrs. Cleveland Polson, all Jerome; Mrs. Darwin Osborn, Bobbie Winson, Caroline Kirkman, Carie Kirkman and Jerry Kirkman, all Twin Falls; Mrs. Richard Hansen, Glenns Ferry; Mrs. Floyd Swanger, Mackay; Landon Hilt, Leslie; Frances Coleman, Shoshone; and Wayne Hanni, Arco.

DISMISSED Cloyd Olsen, Leslie; Jasper Anderson, Wendell; and Mrs. Richard Olsen, Jerome.

BIRTHS A son was born to Mr. and Mrs. Truman Bentley, Hazelton, and a daughter was born to Mr. and Mrs. Darwin Osborn, Twin Falls.

Cottage, Burley Mrs. Shirley Patchett and Mrs. Forrest Adams, both Burley, and Mrs. Marion Wright, Rupert.

DISMISSED Mrs. Delia Anderson and Mrs. Clara Linzy, both Burley.

BIRTHS A daughter was born to Mr. and Mrs. James Patchett, Burley, and a son was born to Mr. and Mrs. Marion Wright, Rupert.

Blaine Resident Taken in Death

KETCHUM, March 9—Charles C. Sumner, 81, died at a Burley nursing home Wednesday. He had been at the nursing home for the last six months. He had been a resident of Ketchum for 30 years.

Mr. Sumner was a newspaper reporter in Pocatello for several years. Mr. Sumner was born April 12, 1874, at Greeley, Colo. He was editor of the Pocatello Tribune for many years and lived in Shoshone before moving to Ketchum. He also was a freelance writer.

Gravelside services will be held at 11 a. m. Saturday at the Halley cemetery with the Rev. Clyde Wilson officiating. Arrangements are under the direction of the McGoldrick funeral home.

Highway Crews Free 40 People

GRANGEVILLE, March 9 (AP)—Forty persons trapped for hours in 25 stalled cars on a snow-swept road were rescued at 3 a. m. yesterday by highway crews.

The cars were marooned between Grangeville and White Bird grade on highway 95. A truck-trailer loaded with hay skidded sideways across the road yesterday afternoon and drifting snow clogged the highway.

Winds up to 26 miles an hour whipped the snow and cut visibility to almost zero.

Schools were closed here today after buses had trouble getting 300 students home through drifts last night.

Magic Valley Funerals

TWIN FALLS—Funeral services for Hans Henning Holm will be conducted at 2:30 p. m. Saturday at the Reynolds funeral home chapel by the Rev. R. E. Crow. Concluding rites will be held in Sunset Memorial park.

TWIN FALLS—Funeral services for Herschel Lawrence Hogsett will be held at 3 p. m. Saturday at the White mortuary chapel with the Rev. Donald B. Blackstones officiating. Twin Falls Masonic lodge, No. 45, will conduct graveside rites at the Twin Falls cemetery.

TWIN FALLS—Funeral services for Truman Albert Grimm will be conducted at 3:30 p. m. Saturday at the Twin Falls mortuary chapel by the Rev. W. A. MacArthur. Concluding rites will be held in Sunset Memorial park.

RUPERT—Funeral services for Velty M. Linzy will be held at 2 p. m. Monday at Trinity Lutheran church, Rupert, with the Rev. Alfred Eichman officiating. The Rupert national guard will conduct final rites at the Rupert cemetery.

Ike Holds Small Political Dinner

WASHINGTON, March 9 (AP)—President Eisenhower held a small White House dinner last night for most of the top charter members of the "I like Ike" movement.

The guest list strongly indicated the purpose of the dinner was to map some major campaign plans—and possibly to discuss who will fill the number two place on the Republican ticket in 1956.

A White House spokesman declined to give details of the dinner. But reliable sources said the guest list included Atty. Gen. Herbert Brownell, Jr., former Gov. Thomas E. Dewey of New York, Gen. Lucius Clay and Presidential Assistant Sherman Adams.

Clay is reported to be a leader in a group of GOP advisors pressing for dropping Vice President Richard M. Nixon from the ticket.

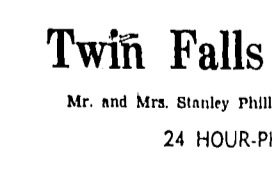

Tuesday Hearing Planned for Man

Preliminary hearing for H. L. Satterwhite, 24, Kimberly, on a first degree burglary charge was set for 10:30 a. m. Tuesday in Twin Falls probate court Friday by Judge Everett M. Sweeley.

Satterwhite is charged with burglarizing the home of Craig Dunlap, two and one-half miles south of the junction of highways 30 and 93 Sunday while the family was away.

Arraignment of Satterwhite was continued from Wednesday to Friday by Judge Sweeley when he requested time to obtain an attorney. Satterwhite appeared in court Friday without counsel. He is held in the county jail on failure to post \$1,000 bond. He was arrested early Wednesday in Kimberly by Sheriff James H. Benham.

HERE WE ARE AGAIN

Yes, Merrill has been helping hair worried men and women of your city for several years now and comes back regularly to colored with them and check on their progress and results. This particular visit should be of great interest to you if you are in the category of "concerned" about your hair and scalp, for we are pleased to have one of our leading consultants in both the U.S. and Canada, that will not only check with present Merrill clients as to their progress but will also consult with new clients concerning their disorders of their scalp.

You see, the only time new clients have been dismissed is when enough of the present results to allow enough time for the consultant to accept new clients. The statements offered below with address attached were given freely by grateful clients of the American Trichological Association. They are repeated here because Merrill realizes there has been so much abuse and deception practiced regarding the hair and scalp, Merrill feels it necessary to offer proof of its seemingly miraculous results. (We do not reveal names of former clients without their express permission) However, we do have many more amazing results of clients that have been genuine enough to permit their use. These will be made available for your scrutiny upon your visit to our Consultant.

"I have been told that you can not grow hair on a bald scalp. Merrill is doing it! The treatment should go on the records as the greatest discovery of all times."

Ernest Johnson 867 Lynn Street Potosi, Ohio My hair is in better condition than at any time since 1919. It is not dry as it was and the wave used to be coming back in it. It is so thick near the scalp it is difficult to reach the scalp with a brush.

L. Kinard Alva, Oklahoma The countries leading hair and scalp consultants. There must be a reason why some effort, but now I am I was so faithful. Thought you would like to know how pleased I am."

HOW'S YOUR HAIR? If It Worries You Call Our Consultant, H. H. Swinheart at the Rogerson Hotel in Twin Falls, Idaho, on Monday Only, March 12—12 Noon until 9:00 P. M.

THE PUBLIC IS INVITED. THE EXAMINATIONS ARE PRIVATE AND OPEN TO MEN AND WOMEN. YOU DO NOT NEED AN APPOINTMENT AND YOU WILL NOT BE EMBARRASSED OR OBLIGATED IN ANY WAY.

Craft Failures Are Placed on Costly Errors

WASHINGTON, March 9 (AP)—House investigators have charged that the navy's 600 million dollar Demon fighter program failed because of "costly errors" committed by McDonnell Aircraft, Westinghouse Electric, and the navy.

A house government operations subcommittee reported that four test pilots were killed trying to fly the Demons. It said the planes were unlit because of inadequately powered jet engines.

Nearly 300 of the planes were built at a cost of 2.4 million dollars each. Of the first 60 produced, the subcommittee said, 56 will never fly. And four were refitted with more powerful engines. And another 220 planes, it said, "have not yet been tested in flight and now or soon may be obsolete."

Changes Asked
The subcommittee, headed by Rep. Chet Hoffield, D., Calif., also called on Defense Secretary Charles E. Wilson to recommend changes in the law governing retired officers who go to work for defense contractors.

Its report cited particularly the case of Rear-Adm. Lloyd Harrison who became a vice president at McDonnell the day after he retired as deputy and assistant chief of the bureau of aeronautics in 1955.

The report said the subcommittee was making "no charge of impropriety in the strict legal sense" concerning McDonnell's employment of Harrison. But it added that the "tendency" of industry to recruit retired officers might influence their actions while still with the government.

Blame Is Shared
The subcommittee said Westinghouse, the navy and McDonnell Aircraft of St. Louis, Mo., "all share the responsibility in greater or less proportion, with the navy bearing the final responsibility as the government procuring agency."

"The aircraft procurement under inquiry stretched over a period of eight years. It reflected overly optimistic hopes in an early stage of jet-aircraft development and rather frantic actions at a later time impelled by the urgency of Korean war needs."

When Westinghouse failed to produce jet engines of the kind hoped for, the subcommittee said, "the navy accepted second-best engines from Westinghouse, and McDonnell in turn accepted these lesser-powered engines, all parties knowing full well that the engines were below performance specifications for the airframe."

Long Ride

NEW YORK, March 9 (AP)—A Brooklyn man put the city transit authority in a tizzy yesterday with the boast that he rode a subway for a month at the price of four cupcakes.

The man discovered that passes used by transit authorities looked considerably like the package cover design of his favorite cupcake so he cut out a piece of the cover and used it as a pass to get through the subway gates free.

The transit authority said it is redesigning its passes.

Jerome Gets Drive Report

JEROME, March 9—Jerome county collected \$10,377.93 for the March of Dimes this year. Paul Hurler, March of Dimes chairman for the county, reported Thursday. Receipts totaled \$10,755.93 but \$378.01 was used for expenses, he said.

The various events and the amounts collected by them were the telethon \$6,575, mothers march \$615.58, servicemen's march \$909.91, polo cards \$352.94, clubs and organizations \$293.25, sports \$230.11, school cards \$181.22, coin collectors \$107.30, Eden \$990.88 and Hazelton \$841.50.

Hurler said the per capita contributions for the county, based on the 1950 census, was 89 cents. He said he appreciates all of the aid given him in making the campaign a success. Half the money, he explained, stays in the county and half goes to the National Foundation for Infantile Paralysis.

'Insulted' Lad, 15, Kills Businessman

CHICAGO, March 9 (AP)—A 15-year-old runaway schoolboy confessed he shot and killed a restaurant owner because he was "insulted" and couldn't get a third cup of coffee, police said today.

The youth, David Smith, was arrested for the March 1 slaying last night at the YMCA hotel, where he had been staying since the shooting.

His victim was Carl L. Nordmeyer, 62, who died from four bullet wounds. "I just lost my head," police quoted the boy.

9 Churchmen Start Trip to Russian Area

NEW YORK, March 9 (AP)—Nine Protestant leaders started on an 11-day visit to Moscow today to strengthen the "spiritual fellowship" between Christian leaders of the United States and Soviet Russia.

The delegation is sponsored by the National Council of Churches and headed by its president, Dr. Eugene Carson Blake. It was to fly from New York International airport at 1 p.m. EST on a KLM Royal Dutch airliner and arrive in the Russian capital "in time for church on Sunday."

The group will be guests of Patriarch Alexei of the Russian Orthodox church but will meet also with representatives of other Protestant churches. A Russian church delegation will return the visit, coming to the United States in June.

The delegation of U. S. ministers and laymen is the first so broadly representative of American Protestantism to visit the Soviet Union.

With Russian church leaders they have agreed to an agenda for discussion which will include such topics as the roles of the churches in the two countries in promoting world peace, the freedom of the churches, Christian theology and education, and the relations between churches in the two nations.

Buhl to Purchase Series 'K' Bonds

BUHL, March 9—Buhl city council voted to purchase \$4,000 worth of series K government bonds at a meeting Tuesday evening. Perpetual care cemetery funds on hand will be used to buy the bonds and interest from them will be used in cemetery upkeep, the council said.

A sprinkling system for Paris field was discussed and bids from Quicley's, Buhl, and Water Works Equipment company, Salt Lake City, were read. A pedestrian lane along Bowers football field on Main street west was proposed and Police Chief T. M. Kendrick and Shelly Howard will work on the project.

Lucerne Milk company and Jerome Cooperative creamery were granted licenses and two new city employees were listed. They are Howard Hopkins, fire department and janitor work, replacing Art Low, and Mrs. Don Higber, replacing Mrs. W. E. Stonemetz in the water department.

CAST IN PLAY
COLLEGE OF IDAHO, CALDWELL, March 9—Members of the cast for Thornton Wilder's play, "The Skin of Our Teeth," which is being produced March 15-17 by College of Idaho players, includes Rita Pace and Marlene Diehl, both Twin Falls, and Herb Evans, Tuttle.

NATIONAL REPRESENTATIVES
WEST-HOLIDAY CO., INC.
518 Market Street, San Francisco, Calif.

TUCKER'S NATIONAL WHIRLIGIG

WASHINGTON — Southern members of congress have finally created a determined and last-ditch organization to reinforce their states' resistance to all attempts to implement and enforce the supreme court's edict against school segregation. Not even in John C. Calhoun's day was there such united opposition to the federal judiciary, which could also be directed against the executive arm of the government.

Several years ago, they showed their strength when they formed a loose group known as the Committee of 78 in the house. With Rep. William M. Colmer of Mississippi as chairman and Rep. Howard W. Smith of Virginia as floor leader, it blocked Harry S. Truman's civil rights program, especially his demand for a fair employment practices act. As now, it had the support of enough Republicans to command a majority.

With President Eisenhower's election, the Colmer-Smith group virtually disbanded, figuring that it had won its major battle. But the anti-segregation decision has led to its reactivation. Moreover, a similar organization has been formed in the senate under the leadership of two of the South's most influential and respected figures—Sen. Walter F. George of Georgia and Sen. Harry F. Byrd of Virginia.

SOUTH'S NEW STRENGTH—This congressional re-formation contributes new strength and needed prestige to the South's resistance movement. Whereas the fight had been conducted by state legislatures, state judicial bodies and newspaper editors, it will now be directed and guided by some of capitol hill's ablest legislators.

Senator Byrd has called for "massive resistance" in his first formal utterance on the subject. Henceforth, every Thursday will be "anti-segregation day" in the house, with speeches designed to depict certain elements of the opposition as possibly communist-inspired. The house committee on un-American activities is co-operating closely.

DIXIE BLOC'S GREATEST ADVANCE—The selection of Sen. James O. Eastland of Mississippi as senate judiciary committee chairman marks the Dixie bloc's greatest advance. Rarely has a committee change—coming at this particular moment—affected a great national issue so radically.

The late Sen. Harley M. Kilgore of West Virginia, former chairman, was pro-labor, anti-monopoly, not too interested in racial problems. He was such an extreme liberal that he voted almost 100 per cent for Roosevelt-Truman legislation on social and economic matters. Eastland and Kilgore rarely agreed on any question.

The Mississippi member has derided the supreme court. In his new position, he can hold up all civil rights bills, and give sanction to the anti-segregationists.

He may be able to block confirmation of Elmon E. Sobeloff as U. S. district judge at Richmond. An assessor general, Sobeloff had declared in favor of school segregation.

UNPRECEDENTED POWER—In preparing for the next stage in the racial controversy, Southern legislators enjoy unprecedented power on capitol hill. Here are the senate committees which they control, and it should be noted that almost the same situation exists in the lower chamber:

Agriculture—Elender of Louisiana; armed services—Russell of Georgia; banking and currency—Fulbright of Arkansas; finance—Byrd of Virginia; foreign relations—George of Georgia; government operations—McClellan of Arkansas; judiciary—Eastland; postoffice and civil service—Johnson of South Carolina. Lyndon B. Johnson of Texas is majority leader, and Sen. Albert C. Gore of Tennessee will head the lobby inquiry.

With their new senate-house organization, they intend to use their power on and off capitol hill, even if it necessitates a sharp break with the Eisenhower administration and with the so-called "radicals" in the Democratic party. Indeed, a third presidential ticket is not an impossibility.

VIEWS OF OTHERS

HOUSEWIVES' TIME CLOCK
The 40-hour work week, now widely considered man's economic right, and the 35-hour or even 30-hour week, to which he is aspiring, still seem to be remote goals for the housewives of the Western world despite all that the machine age has done to lighten their burdens. Studies by social researchers in four countries—the United States, United Kingdom, France and Belgium—show that homemakers generally work a 70-hour week or more, and that 75 per cent of them do not have proper holidays.

Figures for the four countries were about the same, reports Lucienne Noblet, writing of the French survey in UNESCO Features. This may seem surprising since American women are popularly supposed to have been relegated to the divan or bridge table by their electrical servants. But at a recent forum held by the Ladies Home Journal it was brought out that young mothers in this country are especially overworked, their schedule averaging from 72 to 92 hours a week. American women, more than most, seem to have been caught in one of those cultural lags that cause so much social havoc. New responsibilities have fallen on homemakers, especially young mothers, faster than the means of meeting them have been supplied by the machine or by society. The moving about, the decrease of two-generation households and even two-generation neighborhoods, the shortage of domestic help, the new forms of "woman's work" such as chauffeuring, purchasing, financial administration, the more complex needs of children—all these have kept in currency the axiom, "Woman's work is never done." Even automation will not bring a time clock into the homemaker's life. Her main hope to help comes from human means, possibly community agencies, or neighborhood pooling of activities.—Washington (D. C.) Post.

AUNT ARCTIC
Lending only half an ear to the radio, at first we thought Bob and Ray were clowning it up. But no. This was a news cast and the story was from Idaho's junior senator and the gist was this:

When Admiral Byrd returned to the South Pole, he found food left in the last Antarctic expedition still in good condition.

Why not, Senator Welker was proposing, tote farm supplies onto southbound barges and store them in the Antarctic? Put the problem in deep freeze, at least for this election year.

The farmer would no longer rely on Uncle Sam alone but now would have an Antarctic support.

Ah, the senator lacks imagination. Here we are on the verge of launching a satellite. A little ingenuity, and the same mechanism built to fire the first revolving comfort station into space could also propel excess cats into the stratosphere.

After all, in the dark of the long polar nights it's conceivable the poor starving Amelians or their 1956 counterparts would ferret into our Antarctic cache. Food is just too much of a problem on this earth. If Marxists should sink their molar into our surplus grub it would embarrass them and us. Outer space is the only place our groceries can be absolutely safe, from the likes of Outer Mongolia.—Pocatello Inter-mountain.

THE DEVOTO NATIONAL FOREST
While we agree that a rose would be a rose by any other name, there are occasions on which one name can be far more effective than another. An example is the proposal by the two Oregon senators, Morse and Neuberger, to give the name of Bernard DeVoto to the Clearwater national forest in Idaho.

There is more involved here than giving further publicity to the well-known writer who recently died, or the effort to keep his name fresh in the memories of his friends and admirers. Most of his life Bernard DeVoto fought tooth and nail to preserve the natural resources of the United States—especially its national parks and forests. These are precious beyond gold yet there are always those who would nibble away at them for private gain at public expense.

There must always be vigilance against such plunderers. And there can hardly be a better way of keeping the American people on the alert in defense of their natural treasures than by reminding them of the active watchfulness of Bernard DeVoto.—St. Louis Post-Dispatch.

POT SHOTS

AND ANOTHER THING . . .
Recently, some of you good constituents have been right outspoken about weather and/or storms. But we're going to beat you to something that's as obvious as a broken arm.

Have you been reading those warnings about possible flood conditions in the Northwest this spring? Yep, everyone is getting quite concerned over it. Seems there's too much snow in the mountains and if it should melt all at once, well, look out below!

Which brings up the main point: Is there enough snow in the mountains over in eastern Idaho and western Wyoming to result in flood conditions on Snake river? and how many of you are prepared to evacuate when Snake river floods Magic Valley?

PUPS FOR KIDS DEPT.
Dear Pot Shots:
We have three female pups we would like to give away. If there is anyone in Buhl who wants any we will deliver them. We live six miles northwest of Buhl and one mile from the Lucerne school. Phone Buhl 0408-J1.

Cherry Jones (R-3, Buhl)
Chum is a hunting dog about 3 years old out for a home with older folks who can be gentle with her. She is trusting and intelligent and has good manners. She loves her master. She's not a trained hunter but has good blood and beautiful conformity. Phone Twin Falls 696-R.

WHERE DO THEY LIVE?
Dear Pot Shots:
It came as rather a shock to discover that congress was voting on the question of high supports on only three crops, cotton, peanuts and corn. Here all along I thought they were considering the whole lot of "baals" crops.

Sorta Angry (Twin Falls)
Pot Shots note: This comes awfully close to being politics, hence ineligible under the Pot Shots rules governing politics and politicians. We'll ask two questions, the answers to which might give you a hint: What congressmen sponsored that portion of the bill? Where do they live?

WHAT FISHING?
Dear Sir:
Some time ago there was a story in the Times-News to the effect that fishing was good on Snake river during the winter months.

Right after that story came out, I started going fishing. I have fished and fished and fished. I've tried all parts of Snake river from Murtaugh downstream to Hagerman.

And the story was exactly right. The fishing is good. What's more, there's plenty of it.
But the catches? Now there's another question! Is this another case where there's plenty of hunting but no birds? I don't think there are any fish in Snake river!

FAMOUS LAST LINE
She eats like a bird—a vulture!
GENTLEMAN IN THE FOURTH ROW

HOW THINGS APPEAR FROM PEGLER'S ANGLE

It has been a long time since I analyzed the yellow-dog contract which a worker must sign when he joins any union, whether of the brand job-trust of the CIO and AFL or any of the so-called independent. Few Americans understand this bondage. The independents referred to are independent only in the sense that they hold themselves apart from the big combination. However, the individual members are not themselves independent but actually chattels of the unions which claim them.

A classical case of this kind occurred about 25 years ago. Mike Carozzo, Chicago, originally a bargaining-agent for prostitutes and traffic manager for Jim Colosimo, the first operator of brothels on a chain-store basis, had acquired a whole sheaf of charters for small unions of street laborers. The charters were issued to him by the national headquarters of the American Federation of Labor in Washington.

The members were ignorant Italian immigrants and southern Negroes who had started the drift northward.

Carozzo was such a crook that even in Chicago his bid for naturalization was turned back twice. He had a friend named Joe Moreschi who rose, as usual, to the presidency of the international union of hod-carriers and common laborers and moved from Chicago to Washington where this union became one of the fabulous rackets of Franklin D. Roosevelt's "wah effort."

For more than 30 years this international did not hold a convention and when it finally did hold one the hall was policed by a gang of cut-throats Moreschi's regime. So the timid and feeble "opposition" couldn't utter a peep.

Carozzo traded his sheaf of charters, and of course the members of the locals represented thereby, to Moreschi in return for a local charter in the international. Carozzo continued to own the serfs as property and to collect as much as he wanted from their wages in the form of dues and assessments. There was no membership meetings or elections and the local went up for grabs when Carozzo finally croaked, leaving a wondrous pure-bred stock farm and a big estate.

He owed the government \$250,000 in delinquencies and deficiencies on his income taxes.

The members of Dave Dubinsky's garment workers or of John L. Lewis's mine workers are no less serfs than those of the hod-carriers. Dubinsky's publicity recently announced that the garment workers were "tending" another million dollars to Israel for a hospital. Dubinsky can claim that he acted with approval, because his constitution and other documents and the precedents authorize him to act in their name.

The coal miners under Lewis belatedly found that they had loaned \$500,000 to Franklin D. Roosevelt for his second campaign in 1938 and later learned that they had loaned almost a million to the committee for Industrial Organization, the forerunner of the Congress of Industrial Organizations, to finance the criminal terrorist activities in many states which brought the CIO into being. Lewis had authority under his charter to toss to the winds the treasury of the pinched and wan

Is That So!

Sets of Japanese Dishes Come in Fives, Tens.
TOKYO, with Japan Air Lines—To a first-time visitor, Japan is indeed a land of surprises. Among the many things I learned, did you know that . . .

Japan consists of more than 1,000 islands, but principally four. Their area is less than that of the state of California. Only about 12 per cent of the land is tillable, the rest mountainous.

Growned into this small area are 80 million people—more than one-half the total population of the U. S.

The capital city, since 1868, is Tokyo, formerly called Edo meaning estuary. It contains today almost one-tenth of Japan's entire population, more than eight million making it the world's third largest city, exceeded by London and New York.

Much of Tokyo was destroyed by earthquake and fire in 1923. According to Japanese tradition, a huge catfish lies under the ground and every tremor of the earth is attributed to the movement of the fish. Sily as this belief may seem experiments at the Imperial university have proven that the catfish actually can feel an earthquake of much less intensity than a human can; and

Furthermore it can feel an on-coming quake of great intensity sooner than Japan has hundreds of rivers. With their waterfalls and rapids in the upper reaches, they are picturesque and greatly enhance the beauty of the landscape. But the longest, Shinano, is only 229 miles long. Most of their stream-beds are U shaped, permitting a swift runoff.

The second of a pair of twin children is considered the elder.

There are no flowers in a Japanese landscape garden. Many do not even have grass. One of the most famous is made up of 15 rocks, some moss, and raked sand.

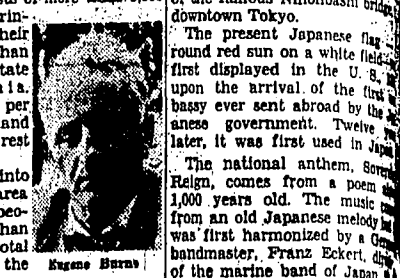

Sets of cups, plates, cushions and such come in groups of five and 10; not 6 and 12.

On New Year's day, everyone gets older by one year. Thus, one who is born on December 30 is 1 year old; on Jan. 1, two days later he is two.

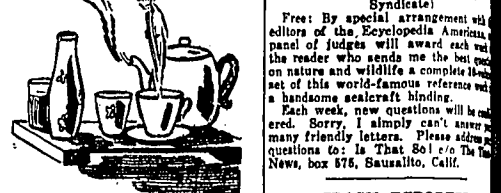

In using Japanese names, the surname always comes first—thus, Smith Fred—adding the honorific term, san—thus, Smith-san. This honorific title can only be omitted in addressing a person inferior in social standing. San means either Mr., Mrs. or Miss.

Whales are sometimes killed off the coast of Japan. Because the oil taken from the sperm whale's head does not freeze at low temperatures, it is often used in airplanes operating in cold countries; it is also used for a base in facial creams.

When tea, the national beverage, was first introduced from China in the eighth century, it was often used

CARS ARE OUR LINE

By Glenn Jenkins
After hearing of the probable future of the atomic-powered car, I've decided to stay in the gasoline-car business for a little while yet. If you've been waiting for the A-car, I'd settle for a G-buggy now. The atomic car, I find, will be a little while in the coming.

I had thought when the U.S. launched its atomic submarine, and a large company announced it had an atomic battery, that the gasoline business was soon to join that Valhalla where the buggy whip boys are.

But Andrew Kucher, an American automobile research director, says there are still some mighty big hurdles to jump.

It's still conceivable, though, that some day a car will be injected with enough atomic fuel at the factory to radiate it along the street for the rest of its life.

The atomic battery is a step in that direction. But its efficiency in converting atomic energy to electrical energy is extremely low—something like one-tenth of one percent.

Another problem is the shielding of the atomic material. It takes many tons of heavy material to surround the active materials in the atom-sub and the amount of shielding needed would be just as much in a smaller power plant. So the atomic car isn't around the next corner, or even the corner after that.

We will, therefore, still be in business tomorrow at the same old stand. Every day we get in new G-buggies; they aren't atomic but they score "A" in these parts for the nearest, cleanest, smoothest and most economical cars you can find. When you're browsing around for a car, radiate over our way and we'll be glad to show you around.

Increase in Deaths Is Shown As Births Decrease in Valley

Deaths increased while births decreased in Idaho during November of the previous month, according to figures released by the Idaho public health department. Blaine county reported six births, one at home; Camas reported two births, both in the hospital; Cassia and 27 births, one at home; Elmore reported 47 births all in the hospital; Gooding registered eight births in the hospital; Jerome reported 31 births, all in the hospital; Lincoln reported seven, all in the hospital; Minidoka registered 26 births in the hospital and one in the home, and Twin Falls county showed 98 births with one in the home.

Twin Falls had the most infant deaths during November with two stillbirths, three deaths of children under one month old and three more result of prematurity. This county also reported one maternal fatality.

In the other Magic Valley counties Jerome had one infant death under 1 month of age and Minidoka had one stillbirth, two deaths of infants under 1 month old and one death because of prematurity.

Heart disease again was the leading cause of death, accounting for 60 of the 481 deaths reported. Cancer was the second most fatal disease with 70 cases listed.

Blaine reported four deaths, two from heart disease, one from cancer and the other unlisted; Cassia county had seven deaths, two from heart disease, two from cerebral hemorrhage and four from other causes.

Of Elmore county's two deaths, heart disease caused one; Gooding showed 11 deaths, six from heart disease, one from cancer, one from diabetes, two from cerebral hemorrhage and one from other causes; Jerome listed seven deaths, one from heart disease, two from cancer, one from diabetes and three unlisted; heart disease accounted for three of Lincoln county's four deaths; Minidoka registered eight deaths with one each from heart disease, cancer and nephritis, and five were unlisted.

Twin Falls county had 33 deaths with 11 caused by heart disease, three by cancer, one by diabetes, two from cerebral hemorrhage, three from hypertensive disease, and 13 from other causes.

Divorces numbered about one-third of the marriages in the state during November with 862 marriages registered compared with 213 divorces.

Blaine had only one marriage against three divorces; Camas had

Newest "Look" of Russia Is Blasted

IDAHO FALLS, March 9 (AP)—Idaho Falls attorney William S. Holden says Russia's new friendly look might well be viewed as a weapon to shatter the solidarity of the free world.

"It must not be forgotten that there will never be a change in this fundamental: The ultimate purpose of communists through communism is world domination," Holden told the annual meeting of the Idaho Society of the sons of the American Revolution.

The group elected Faber F. Tway, Idaho Falls, president and Ezra Whittle, Coeur d'Alene, vice president.

Blind Orphan Regains Sight

MILAN, Italy, March 9 (AP)—A second blind orphan regained her sight yesterday through the eyes of a dead priest.

Dr. Cesare Galeazzi removed the bandages from the eye of 18-year-old Amabile Battistello and discovered the transplantation of a cornea from the eye of the priest, Don Carlo Gnoechi, was a success.

He said the girl could see faintly through the grafted tissue. Amabile had been blind since she was 3 months old when she was stricken by typhoid and conjunctivitis.

The cornea of the other eye of the priest was given to Silvio Colagrande, 12. He saw for the first time in eight years when the doctor removed the delicate opaque egg skin which held the tissue in place.

Parking Fines

O. H. Coleman, Keith Johnson, Michael Leeds, Mrs. Jack Arnold, Robert P. Noh, J. C. Ryan, I. W. Rehwal and Garry Standley posted \$1 bonds Thursday with Twin Falls police for overtime parking violations.

Drunkard's Death Claims Topsy Pete

OKEMAH, Okla., March 9 (AP)—Pete got to pig heaven he probably was a little tipsy when he arrived.

Pete, a 300-pound hog, was found dead by his owner in a barrel full of mash. The discovery also led officers to an illegal moonshine still.

They found no trace of the operators.

Lab Expands

WASHINGTON, March 9 (AP)—The atomic energy commission announced yesterday it is greatly expanding its nuclear weapons laboratory at Livermore, Calif.

The Livermore installation was set up five years ago as a companion to the original atomic weapons plant at Los Alamos, N.M. Livermore scientists are credited with helping to perfect the H-bomb.

Oil Stocked

LONDON, March 9 (AP)—The British government has stockpiled 297,000 gallons of castor oil but it will not say why.

Under questioning in the house of commons yesterday, board of trade president Peter Thorneycroft would say only that the stock is for "strategic considerations which I prefer not to travel."

Increases Noted For Gas and Oil

WASHINGTON, March 9 (AP)—Farmers have been spending increasing sums for gasoline and oil the census bureau reported yesterday.

It said farmers paid out more than 136 billion dollars in 1954 for gas and oil and other petroleum fuels, compared with 113 billion dollars in 1949. On the average, that would amount to \$418 per farm in 1954 compared with \$380 in 1949.

FEED & SUPPLY CENTER, Inc.

MAKE THE BEST OF YOUR GRASS AND HAY FOR BETTER BEEF PRODUCTION

You can double the value of your hay.

Cattle and sheep have the ability to digest dry hay and grass into wonderful nutrition if given a little help by the addition of nutrients that are lacking in hay and grass in the form of proper supplementation.

This type of cattle and lamb feeding is coming into prominence more each year because of its huge success—it is cheap, yet very efficient. Farmers and ranchers are finding that it is not difficult to put two pounds per day or better on young cattle with just good alfalfa hay and a few additional ingredients to boost the bacterial activity in the paunch or the rumination to its peak level of efficiency. To this hay and grass they add proper amounts of multiple proteins, fats, carbohydrates (in the form of sugars and quick energy), phosphorus, trace minerals, vitamins A, D and E, vitamin B-12, as well as certain growth stimulants, hormones and additives to get the very top gains out of growing cattle and feeder cattle.

"Green grass" nutrition must be supplied to the animal from now until green grass time because it is during this period of the year that stored reserves in the body of the animal have become depleted to the point that the animal quits "doing well" and comes to a standstill until green grass comes on.

An animal will gain better than two pounds per day with all the hay or grass they will consume and an addition of the above named ingredients in small amounts. A steer will show an additional 250 lbs. in the time green grass comes on if he is fed in this manner.

An additional \$20 worth of the proper supplement in the form of a pellet will show an additional gain worth \$44.00 from Fall to

Proper Supplementation Can Prevent This

Effect of vitamin A deficiency on reproduction. The heifer in the upper picture received a ration deficient in vitamin A but otherwise complete. She was night blind and aborted during the last month of pregnancy. Note the retained placentas. The other heifer had a normal healthy calf because of complete nutrition.

lose their bloom because they are getting all nutritional needs through added nutrition in supplementation of proteins, sugars, starches, vitamins and minerals.

Antibiotics are definite asset in a supplement and contribute to growth, vigor and health, as well as condition, as shown in the bloom carried by the calves as well as prevention of sickness.

Many common diseases occurring in calves do not occur

with the proper nutrition found in the supplement. Nutritional pink eye, water belly, lameness, emaciation, respiratory troubles and malformations may all be controlled by proper nutrition.

Animals are in excellent condition to go on to pasture and continue rapid gains.

The cheapest way to put on top gains is by making the best use of good alfalfa hay and other roughages by the addition of nutrients necessary to do this.

Russian Acts Called Blame For Troubles

KARACHI, Pakistan, March 9 (AP)—SEATO ministers last night called recent statements and activities of Soviet leaders—trouble-making attempts to increase tension and "promote division in Asian communities and among other nations of the free world."

A communique issued by the ministerial council of the eight-nation Southeast Asia Treaty Organization named no names, but it obviously was directed at last fall's visit by Communist Party Chief Nikita S. Khrushchev and Premier Nikolai Bulganin to India, Burma and Afghanistan.

In statements and speeches, Khrushchev and Bulganin fired old controversies by siding with India and Afghanistan in their disputes with Pakistan over territorial claims and also attacked what the Russians called oppressive colonial policies of the Western powers.

The communique said "The council deplored statements and interventions by Soviet leaders . . . designed to increase tension and promote division in Asian communities and among other nations of the free world."

The communique, winding up the three day meeting, also disclosed the ministers supported Pakistan in her quarrel with Afghanistan over the Pashunistan area as well as backing Pakistan in her call for a plebiscite in Kashmir.

Secretary of State Dulles told his seven colleagues in Thursday's closed session the United States is keeping a strong military guard on southeast Asia.

The same force is available for the area that he disclosed at the Bangkok SEATO meeting last year, he said, and "there has been considerable improvement in terms of modernization."

The program Bar-Ilan presented was one that would show any technical weakness of the pianist. There were no weaknesses.

The program was opened with the "Toccata and Fugue in E Minor" of J. S. Bach. The piece was the weakest of the evening in musical content. It showed off the pianist's steeple-fingered technique, but it lacked depth and musicianship. The "Waldstein" sonata of Beethoven was beautifully played but the feeling was missing. However, the Chopin "Ballade in F Minor" was superb in every sense.

The Ben-Hayim "Suite: My Native Land" was atonal in sound and well presented—and well received.

Two Brahms pieces were competent but not outstanding.

The final number on the listed

Board Hears Costs Report

BOISE, March 9 (AP)—School transportation costs may be leveling off, Suplt. of Public Instruction Alton B. Jones said yesterday as the state board of education ended a four-day meeting with consideration of the minimum education program.

Jones said the board was still studying how many more teachers would be needed in Idaho next year and how much attention should be given to increasing salaries to make teaching jobs here competitive, with those in neighboring states.

The board will meet in McCall in April.

School lunch officer Cecil Olson told the board Thursday there are 427 schools in the Idaho school lunch program and 238 of them operate special school milk programs, too. Thirty-five schools are in the milk program alone.

Weather Hinders Search for Craft

EVERETT, Wash., March 9 (AP)—A wet, early morning snow stymied an air search today for two P-29-D jets which vanished near here last Friday with four men aboard.

However, the ceiling was reported as lifting in the Darrington, Wash., area and an air force spokesman said it appeared a helicopter search would be made later in the day.

The two planes are believed to have crashed on White Horse mountain near Darrington.

The spokesman said the area of the search has been narrowed down and that the search would continue until something definite was turned up regarding the fate of the four men and the planes.

Vehicles Collide

Approximately \$125 damage was done to two cars in a collision at Five Points west at 5:40 p.m. Thursday, city police reported.

The accident involved a 1953 Plymouth sedan operated by Beattie P. Anderson, 137 Robbins avenue, and a 1955 International pickup driven by Luke V. Bonner, Bath. Damage to the sedan's right rear fender was estimated at \$75. Damage to the left front bumper of the pickup was estimated at \$50.

Singer Dies

SPOKANE, March 9 (AP)—Georges Blomondel, 78, who once sang with the Paris Opera company and the Oscar Hammerstein Opera company, died at his home here after a long illness.

Young Israeli Pianist Makes Hit in Recital Concert Here

David Bar-Ilan, young Israeli pianist, received plaudits and a standing ovation for his concert Thursday night at the LDS first ward chapel. The chapel was jammed.

The program Bar-Ilan presented was one that would show any technical weakness of the pianist. There were no weaknesses.

The program was opened with the "Toccata and Fugue in E Minor" of J. S. Bach. The piece was the weakest of the evening in musical content. It showed off the pianist's steeple-fingered technique, but it lacked depth and musicianship. The "Waldstein" sonata of Beethoven was beautifully played but the feeling was missing. However, the Chopin "Ballade in F Minor" was superb in every sense.

The Ben-Hayim "Suite: My Native Land" was atonal in sound and well presented—and well received.

Two Brahms pieces were competent but not outstanding.

The final number on the listed

Man Is Acquitted In Morals Court

BOISE, March 9 (AP)—An all-male jury yesterday afternoon acquitted Paris T. Martin, 44-year-old Boise attorney, on charges of homosexual activities.

Martin was one of 18 men arrested in recent months in the Boise valley area on similar charges. He was charged with an infamous crime against nature.

His case was the first to come to trial. Ten of the 18 have pleaded guilty and have been sentenced or placed on probation. The other cases are pending.

Wool Is Sold

BOSTON, March 9 (AP)—Commodity credit corporation sold about 625,000 pounds of wool under the competitive bid program, the commodity stabilization service announced yesterday.

Bids were received on approximately 6,276,000 pounds. So far 25,244,000 pounds have been sold under the bid program since its inception in November, 1955.

Special Assistant Of BLM Resigns

WASHINGTON, March 9 (AP)—William S. Guernsey, special assistant to the director of the bureau of land management, will retire about March 15 to enter private business in Boise, the bureau announced yesterday.

BLM Director Edward Woolsey, noting Guernsey had been in federal service more than 31 years, commended him for willingly transferring from the field two years ago to assist with reorganization of the bureau.

Guernsey began his federal career in 1923, doing blister rust control work with the forest service at Spokane, Wash. He eventually became assistant regional forester of the Intermountain region, comprising southern Idaho, Utah and Nevada, with headquarters in Ogden, Utah.

He transferred to the BLM Aug. 1, 1953, as regional administrator at Portland. He became assistant director in Washington March 24, 1954, associate director June 28, 1954, and special assistant to the director Aug. 20, 1955.

Prices Hiked

PITTSBURGH, March 9 (AP)—S. Steel corporation yesterday boosted prices for its tin mill products an average of five per cent, effective April 30.

"Big steel" said the new prices will go into effect at 12:01 a.m. on April 30, and extend through Oct. 31.

Probe Sought In 'Stalemate' Of Libby Dam

WASHINGTON, March 9 (AP)—Chairman James E. Murray, D. Mont., announced yesterday that his senate interior committee will start hearings March 28 into what he called a "stalemate" on construction of Libby dam in Montana.

He said a foreign relations subcommittee will join in the hearings.

The Libby dam site is on the Kootenai river, an international stream, and an accord with Canada is necessary for its construction.

"The continuing stalemate in negotiations with Canada for construction of Libby dam, and now the threat of Canadian diversion of substantial parts of the Columbia and Kootenai rivers away from the United States," Murray said, "have raised a serious question as to whether this administration has a policy for these developments."

"These hearings will be directed toward determining what this policy is, if in fact it exists, and how it relates to administration theories about the development of the American portion of the Columbia basin."

Negotiations with Canada are under the jurisdiction of the international joint commission headed by former Gov. Len B. Jordan of Idaho. Murray said officials of the commission and other agencies concerned would be invited to testify.

Date Changed

HOLLISTER, March 9—Hollister Grange will meet next Tuesday instead of next Wednesday. The meeting date was changed to March 13 because of a conflicting activity the following night.

Father, Daughter Fete Set by T. F. League for Girls

The Girls' League Dad and Daughter dinner will be held at 7 p. m. Friday, in the Twin Falls high school library. The theme is "Life With Father."

Catherine Powell, high school Spanish teacher, and Rose M. North, English department head, are assisting with the dinner. Co-chairmen are Sandy Bacon and Jeanne Hoyt.

Reading the committee on general theme decorations are Carolyn Alms and Marilyn Routh. Working on table decorations are Velma Berry and Naomi Farley.

Sallie Lattimore and June McCoy are in charge of entertainment. Gail Wright and Mary Martin comprise the food preparation committee.

Directing publicity are Mary Kay Smith and Wilma Mitchell.

All league officers and standing chairmen are in charge of cleanup.

NOMINATED

WASHINGTON, March 9 (AP)—President Eisenhower yesterday nominated Chairman Edgar B. Broadbent for a new term as a member of the tariff commission.

Magic Valley Church Units Slate Meeting

KIMBERLY, March 9—The 57th annual convention of the Christian churches in south Idaho will be held Sunday, Monday and Tuesday at the Christian church in Burley. The Northwest Christian college quartet will sing. Prof. Lawrence Bixler, Eugene, Ore.; Oscar Cooper, Beaverton, Ore.; and Indianapolis, Ind.; William D. Hall, missionary from India, and Jesse Trout, executive secretary of the national CWP, will speak.

Sunday afternoon there will be a youth rally with registration and recreation from 2:30 to 3:30 p.m. A program will be presented from 3:30 to 5:30 p.m. Among those on the program will be William Alworth and a Kimberly girls' trio composed of Vickie Bower, Elaine Jacobs and Myrna Johnson. At the youth banquet the toastmaster will be Jerry Davis, Buhl.

Sunday evening Jasper Havens, convention president, will open the convention. Magic Valley ministers participating that evening will be the Rev. Raymond Helseth, Kimberly; the Rev. Dale Harter, Burley; the Rev. Ray Aplet, Buhl, and the Rev. Glen Hutton, Twin Falls.

There will be sessions morning, afternoon and evening on both Monday and Tuesday with the men's banquet slated for 6:30 p.m. Tuesday in the Presbyterian church and the women's banquet will be held at the same time in the IOOF hall.

Convention choirs will be Pocastello Sunday evening, Burley Monday evening and Kimberly Tuesday evening.

Minister's Petition Denied by Council

SHOSHONE, March 9—At a recessed meeting of the city council Wednesday night the petition of the Rev. Bert Powell to have his property excluded from the city limits was denied.

The Rev. Mr. Powell had petitioned the council to exclude the land, pointing out he had purchased the property believing it was outside the city limits.

At the regular meeting of the council Tuesday night the contract with Police Chief Jack Meyers was terminated as of April 1. Meyers is the fifth police chief the city has had in the last three years. No replacement has been named.

The council also directed City Attorney Jack M. Murphy to draft an ordinance similar to the state law prohibiting houses of prostitution in the city. Up to this time the city has had no law prohibiting prostitution.

City Engineer Mans Coffin has been instructed to make a map of the proposed boundaries for livestock zoning areas in the city.

MOVE TO BURLEY
RUPERT, March 9—Mr. and Mrs. J. W. Hanson, 502 Seventh street, will move to Burley this week. Hanson is owner and operator of the Burley Drive-In. They have leased their home to Dr. Howard Crawford, who will open his offices there on March 15.

Film on Holy Land Scheduled In T. F. Church on Saturday

A color motion picture, "Palestine as I Saw It," will be shown by the Rev. Christian Hill, widely-traveled evangelist, at 8 p.m. Saturday at the Bickel school auditorium. The program is sponsored by the Assembly of God church.

The Rev. Mr. Hill, a resident of Minneapolis, Minn., spent two weeks in Palestine to film the comprehensive movie on the Holy Land.

The film features scenes from Bethlehem, Nazareth, Jerusalem, Mount of Olives, Garden of Gethsemane, River Jordan, Sea of Galilee and many scenes of the new state of Israel.

In natural color, the film runs about 60 minutes, according to the Rev. L. O. Bryan, pastor.

The public is invited. No admission will be charged, although a free will offering will be received.

REV. CHRISTIAN HILL

Teachers for School Hired

HAGERMAN, March 9—Teachers were hired at the Hagerman school board meeting Wednesday night.

Hired were Elvin Dennis, social science; Mrs. Elvin Dennis, overtop science; Mrs. Henry Cherry, fourth grade; Mrs. Ted Bell, second grade; Mrs. T. R. Larson, first grade; Mrs. Mabel Steward, fifth grade; Mrs. Hallie Conklin, seventh grade; Jack Martin, eighth grade; Lyle Gilmore, sixth grade and grade school principal, and C. W. Choules, vocational agriculture.

Positions open include the music department, English and library, and third grade.

The board tabled a decision to advance the amount of insurance until a special meeting at 8 p.m. March 21.

Robert Nelson, director of the music department, appeared before the board to make a report on the department program and discussed problems of discipline. The board agreed to support Nelson in discipline problems.

Bills included school supplies to Caxton Printers \$129.36; lumber to Boise Payette company for trophy case for the gymnasium \$35.98; science department supplies, \$139.81; agriculture supplies \$23.68, and home economics department \$30.23.

The board voted to grant permission of Bob Hawkes, who has been selected as state farmer in the FFA, to attend the FFA convention in Pocatello March 29, 30 and 31, accompanied by two delegates elected by members of the chapter plus three other representatives chosen by the vocational agriculture instructor, C. W. Choules. The sum of \$70.25 was voted for their expense.

Hobby Fair Slated By Jerome Units

JEROME, March 9—Jerome's first annual valley wide hobby fair will be held April 14 and 15 at the high school gymnasium, the Jerome Chamber of Commerce announced Wednesday. The hobby fair will be sponsored jointly by the Jerome youth council and the Rotary club. Exhibitors will be invited from all parts of Magic Valley.

Announcement has been made of the amateur boxing match to be held at 8 p.m. Friday in the national guard armory. There will be between 27 and 30 rounds of boxing, all sanctioned by the AAU and sponsored by the Chamber of Commerce.

The annual banquet and election of directors will be held at 7:30 p.m. March 22 at the Jerome high school cafeteria.

GRADUATED
MURTAUGH, March 9—First Lieut. Oliver W. Johnson, Jr., whose wife and parents live at Murtaugh, has been graduated from the army information school's public information course at Ft. Slocum, N. Y.

Cockerell Chicks for Broilers, every Friday at Globe Seed. Adv.

Sublett Snow Depths Listed

MALTA, March 9—The average snow depth for 16 measuring stations on the north fork of Sublett canyon is 46.1 inches, Rufus Hall, Malta, ranger for the Sawtooth national forest, and Walter Hankins, Twin Falls, technician for the soil conservation service, reported Friday following a snow survey on March 5.

Last year the depth was only 31.12 inches and the 10-year average is 36.29 inches. The snow is the fourth deepest ever recorded along the snow course, the two reported. It was exceeded only by snow in 1949, 1951 and 1952. The record was 52.6 inches in 1951. The lowest was 18.8 inches in 1947.

The snow this year contains 13.13 inches of water. Last year the snow had 7.47 inches of water and the average is 10.536 inches. The water content this year has been exceeded only by 16.5 inches in 1952. The lowest content ever recorded was the 6.3 inches in 1947.

Appointed

OAKLEY, March 9—Committees have been appointed by the newly organized Chamber of Commerce here.

They include Ross T. Nielson, John A. Clark and Ralph Goringe, scenic Idaho; Mark Southworth, Harold Pickett and J. J. McKawa, agriculture; Don Clark, Jack Klingebury and Frank Spetsman, business; W. B. Whiteley, Gordon Harper and Tom Clark, village beautification, and Ed Hunter, Lloyd Smith and Gary Warr, Miss Idaho.

ATTENDING SCHOOL
GOODING, March 9—A 1/c Raymond K. Daniel, route 1, Gooding, and a member of the 8190th replacement training squadron of the Idaho air national guard, has left for Amarillo, Tex., to attend the aircraft mechanics jet fighter course.

Plans Listed for District Meeting

SHOSHONE, March 9—Plans for the district IOOF and Rebekah lodge meetings here Saturday were made at the Tuesday night meeting of the Odd Fellows lodge. The initiatory degree was given one candidate.

The district IOOF meeting will begin at 1:30 p.m. Rebekahs will register at noon and meet at 1 p.m. Odd Fellows will meet at the IOOF hall and the Rebekah lodge at Lincoln school auditorium.

Following a banquet at 7:30 p.m. at the Lincoln school cafeteria, a program will be presented for both Odd Fellows and Rebekahs.

Special Deal on Broiler Chicks, every Friday at Globe Seed. Adv.

Speaks on Ethics

GOODING, March 9—Dr. J. E. Sloat, Jerome, spoke on ethics at a meeting of licensed practical nurses in district 17 Tuesday evening at the Gooding County Memorial hospital. Plans were made for a cooked food sale March 17 at Van Orman hardware, Jerome, and for a cooked food and candy sale March 31 at the Schubert building, Gooding.

SALES APPROVED
SEOUL, Korea, March 9—The United States has agreed to sell the Republic of Korea 43.8 million dollars worth of surplus farm goods, according to an American embassy spokesman.

Select the beer with the *Distinctive* flavor

Women who are accustomed to select foods carefully for their tables usually are careful also to choose the very finest quality refreshment to serve at home.

That's why so many discriminating hostesses make sure there's always a supply of Fisher Beer in their refrigerators. This is the beer of distinctive extra goodness — bright golden beer with sparkle you can see, sparkle you can taste—always so pleasantly refreshing, so smooth and zesty, so satisfying and enjoyable—the intermountain favorite since 1884.

Get Fisher Beer in bottles, handy 6 cartons, or cases at your dealer's.

Arab's "Big 3" Adopts Tough Anti-West Bid

CAIRO, March 9 (AP)—The Arab "big three"—Egypt, Syria and Saudi Arabia—adopted a more combative attitude toward the western powers yesterday.

The heads of state of the three nations met to study possible offensive action to be taken against countries that provide Israel with weapons and Jewish recruits.

France played especially under fire because of reports that nation was about to sell 12 mystery jet fighter planes to the Israeli air force.

The three leaders met for three hours with their foreign ministers to discuss their hardened attitude toward nations supplying Israel and adjourned.

Measures Studied
A spokesman said they studied effective measures to support Jordan against any foreign pressure or aggression. It was understood this included the question of supplying Jordan with financial aid to replace the British 25.2 million-dollar annual subsidy.

The Arab nations in a meeting yesterday decided that any Israeli diversion of the River Jordan would constitute aggression and bring immediate retaliation. All three nations are bound together in mutual defense pacts.

Israel has been reported planning to divert the water of the Jordan river for irrigation and land reclamation projects.

Plan to Abandon Rail Route Filed

OLYMPIA, Wash., March 9 (AP)—The Washington public service commission said yesterday the Union Pacific railroad has given notice of plans to abandon passenger trains 67 and 68 between Spokane and Wallace, Ida.

The suspension date was March 1. But a spokesman for the commission said UP would have to obtain authority from the Idaho officials before halting the service.

The railroad, in its notice, said the line had a net loss of \$38,000 during a fourth-month period which ended last November and lost another \$23,000 in December and January after consolidating part of the run over Milwaukee lines.

Bossy's in High Gear

Bossy gave more milk in 1955 than ever before, but there were fewer milk cows in use. That's the picture presented by this chart based on agricultural department figures. Long-term changes in dairy farming account for the increasing milk production of cows. A new record high—124.5 billion pounds—in total milk output was achieved in 1955. With average crop and pasture conditions, milk output in 1956 is expected to total between 126-127 billion pounds. (NEA)

Colorado Gets Aid Is Presented

WASHINGTON, March 9 (AP)—The American Red Cross yesterday provided \$47,000 to aid cold wave victims in Greece and Yugoslavia.

The money was made available to the international league of Red Cross societies in Geneva, Switzerland, to purchase blankets, clothing and medical supplies.

A total of \$37,000 was earmarked for Yugoslavia. Greece was allocated \$10,000.

The American Red Cross previously gave assistance to Turkey and Italy, also victims of severe winter weather.

Project Planned

SHOSHONE, March 9—Materials for 4-H work have been distributed to members of Magic 4-H club. Members will paint mailboxes for residents of the community as a special project. A small charge will be made for the materials.

Each member has been instructed to take one-half yard of material to the meeting on March 16 so stuffed animals may be made for the orphans home at Boise.

Levy Passed

HANSEN, March 9—A levy of five additional mills for maintenance and operational expenses of the Hansen schools was passed Tuesday afternoon by a vote of 24 to 10.

There were 34 votes cast. Election hours were from 1 to 6 p.m.

Wins Contest

SHOSHONE, March 9—Austin Bergin, high school senior, won the district American Legion speech contest at Jerome Tuesday night and will enter the state contest at 2:15 p.m. Friday at Nampa.

Colorado Gets Bank Location

WASHINGTON, March 9 (AP)—Secretary of Agriculture Ezra Taft Benson was quoted by Sen. Herman Welker, R. Ida., yesterday as saying Fort Collins, Colo., had been definitely decided upon as the site of a national seed bank.

Welker added, however, that he would continue to work for a branch installation at Parma, Idk., where he and other Idahoans had urged the principal bank be located.

He also quoted Benson as saying, at a meeting in Welker's office, that he was confident the Parma area would receive a boost from the seed bank plan.

"I feel that we lost the national seed bank to Colorado, not because of better growing conditions and facilities in that state, but because we didn't start our fight soon enough to win this installation from the greatly publicized Fort Collins area," Welker said.

Welker said Benson told him the bank would be located at Colorado A and M College in Fort Collins.

Attending ISC

IDAHO STATE COLLEGE, Pocatello, March 9—Nine students from Wendell are among the 1960 registered at Idaho state college for the second semester.

They are Robert C. Adams, Emma Lee Berry, Chris H. Brevik, Ruby O. Evelt, Loreta C. Fecker, Frank E. Koch, Vernon E. Mason, Melvin H. Wilson and Robert V. Wilson.

Building Progress Reported to Units

PAUL, March 9—The American Legion and auxiliary met Tuesday evening in the fire hall. The Legion discussed its building and reported that only one load remains to be brought to the lot in Paul.

The Legion purchased the old band building from the school and was unable to bring it intact to Paul because the building was too wide for the side road and couldn't get down highway 25 because of Telephone cables. The building is being brought to Paul in pieces.

With the auxiliary, the Legion will sponsor a Legion birthday party on March 20 at the Paul Grange hall. The auxiliary reported progress on ticket sales for a movie it will sponsor and made plans for the pot-luck dinner on March 20.

RETURN HOME

HANSEN, March 9—Mrs. R. O. Yakey and daughter have returned from Phoenix and Mesa, Ariz., where they visited her brothers, Arthur Hudson, Jesse Hudson and Fred Hudson, and a sister, Mrs. Claude Hall.

Ike's Decision Brings Lull to GOP's Battles

SACRAMENTO, March 9 (AP)—President Eisenhower's announcement he would run again has brought surface peace to California Republicans.

It united, with a giant hurrah, partisans who otherwise would have been divided among Vice President Nixon, Sen. William F. Knowland and Gov. Goodwin J. Knight.

Now they have joined to form a single delegation pledged to cast California's 70 votes for Eisenhower at the national convention in San Francisco next August.

The harmony hasn't quenched all the rivalries that flame up in California Republican circles, nor has it answered all the questions.

GOP leaders are thankful enough for avoiding an open clash between Knight and Knowland and probably Nixon as well in the June 5 primary. The Republican balloting now will be nothing more than a popularity poll for Eisenhower.

Question Asked "What about Nixon?" you ask. So does everyone else you talk to about California's role in the 1956 election.

A quick answer, to be elaborated on, is: Don't count on a strong stop-Nixon movement in California. If Eisenhower wants the state's former junior senator on the ticket again, California's delegation will go along.

What you can look for is an important and perhaps vital choice by the Democratic voters between Adlai Stevenson and Sen. Estes Kefauver.

No Trend Seen No definite trend has been established, but many people are beginning to think Stevenson has a serious fight on his hands against the tough Tennessee campaigner.

At stake are 88 delegates. It's the largest single bloc of Democratic convention votes in any of the primaries in which the two candidates are entered. Their backers are aware the California outcome could be decisive toward the nomination if they emerge fairly even from the other contests.

As it stands this early, Stevenson has the state party machinery back of him. This may be almost matched by the enthusiasm and drive of the Kefauver organization. Kefauver is planning to devote four one-week periods touring the big states for votes.

Three Initiated in Glens Ferry Unit

GLENS FERRY, March 9—Three new members were initiated at the meeting of the Local Order of Moose at the Moose home Tuesday. They are Robert Smith, Grant Burbank and Howard Bloom.

A nominating committee was appointed and a report will be given at the next business meeting. John Milton was awarded a "25 Club" pin and a certificate for having sponsored 25 new members.

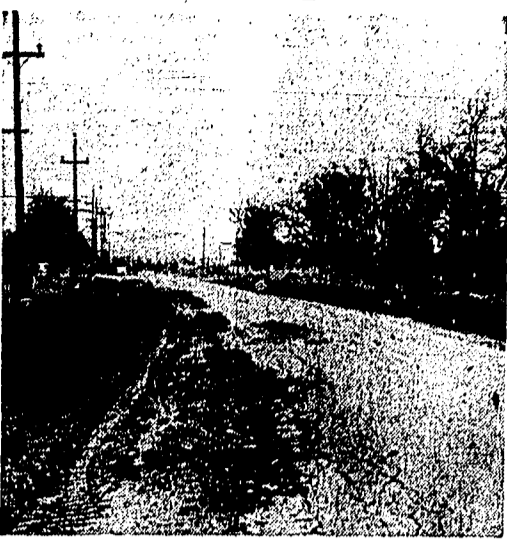

Plans were made for a party on March 24 honoring the Glens Ferry basketball team that played in the Moose outland tournament.

Admits Charge

BURLEY, March 9—Arlo Fuller, formerly of Milner, pleaded guilty to a charge of embezzlement when arraigned in district court here Thursday morning and Judge R. W. Beckwith set Saturday as the time for sentencing.

Fuller was arrested recently in Salt Lake City on a warrant filed last July by the C and M appliance store here. The complaint charged he had purchased a television set on a conditional sale contract and had sold the set before he had completed payments. Fuller is being held in the Cassia county jail in lieu of \$1,000 bond.

Severe Breakup of Idaho Highways Reported This Year

These photos by the state highway department show severe damage to Idaho highways resulting from unusually early short periods of moderate weather. Unseasonable thawing and freezing have produced moisture pockets in the pavement and allow the asphalt to "float." Heavy loads

and high speeds cause the pavement to break. Highway department officials anticipate one of the worst breakup seasons in recent years. Maintenance crews are working to keep the surface in the safest travel condition. Note warning signs at edge of road in photo at right.

Extensive Breakup of State's Highways Earlier Than Usual

BOISE, March 9—The unusual and early recurrence of thawing and freezing temperatures has already caused extensive breakup of highways in the state, according to an announcement by the state highway department.

"This extended period of great variation in temperatures will probably cause the worse road surface failure condition in recent years," State Highway Engineer E. V. Miller said. "We have already had what amounts to three springs in certain parts of the state and have had to put load and speed restrictions in effect two different times." He said that failures will undoubtedly continue until temperatures remain constant enough to dry out the roadbeds.

Miller made the announcement in Moscow today after an inspection trip to northern Idaho. He said that he made the trip to find out "first hand, just how bad the situation is."

Highway engineers have determined through tests such as were conducted at the WASHO road test near Malad that road surface failures are due to high moisture content of the soil immediately under the pavement structure. The pavement structure includes the crushed gravel or rock and the asphalt pavement.

Miller said that during the spring months at the test section, tests showed a high moisture content. "Very careful tests were conducted throughout the entire two years of

testing. One of the series of tests showed that 65 per cent of the surface failure occurred with only 13 per cent of the traffic and at a period when the moisture content was the highest," he said.

He explained that during periods of freezing temperatures, frozen soil will draw moisture into the soil. Warm days will thaw the top layers of soil and produce moisture while the lower layers remain frozen and trap the water immediately under the pavement structure. "The most critical conditions occur as a result of this action and heavy loads can become very damaging," he said.

As a protection against excessive breakup, the department imposes load and speed restrictions on heavy loads until the affected roadbeds have dried out sufficiently to carry legal loads.

"We know that these restrictions cause inconveniences and delays to a few," Miller said, "but we feel that it is definitely the responsibility of the department to protect the sur-

faces for the maximum number of users with a minimum of inconvenience to a few." He assured the truckers that restrictions will be lifted as soon as the breakup danger is passed.

According to the department, almost every section of the state is affected. Load and speed limits have been imposed to protect the pavement structures in the 10 northern counties, sections of the Boise valley, and portions of the highways in the Magic Valley area as well as on U. S. 93 and 93A to north of Challis. Restrictions also have been placed on some of the highways in

the Idaho Falls area and in southeastern Idaho. Miller said that usually the breakup period is only for a short time during spring thaws. "This year, these have occurred several times and we can expect further repetitions before summer."

"Our highways in Idaho that we have built during recent years have been designed with thicker pavement structures in an effort to carry the legal loads even during these critical times," he said.

The highways that are failing during this spring breakup are in most cases the older roads which

were designed and built to carry a much lighter volume of traffic and lighter loads than are now using the highways. He said there are a few instances where failures are occurring on the newer highways but pointed out that in nearly every case, the highways were in a stage construction program with only a light surface.

Decline in commuter use of railroad lines is indicated by the Long Island railroad report that it carried 118,190,000 passengers in 1955, but only 78,217,000 in 1954.

Lad, 13, Fires Bullet in Rear Of School Bus

ZILLAH, Wash., March 9 (AP)—Angered at its occupants, a 13-year-old boy fired a rifle bullet into the back of a school bus loaded with 26 children yesterday, wounding one girl slightly.

The boy was identified by Deputy Sheriff Ted Kelly as Bobby Hakanson of route 1, Zillah. Hit by a fragment of the rifle slug was Barbara Brown, 15, also of route 1, Zillah.

C. A. Pland, driver of the bus, said he had let young Hakanson off a few moments before and had traveled about 150 yards when he heard a loud noise at the rear of the bus. A bullet ripped the length of the vehicle, passing between the legs of Ronny Dodd, 18, Zillah, before striking a steel partition. It shattered and a piece of it struck the Brown girl on the right shin, inflicting a minor wound.

Pland said the boy had told him earlier someone had stolen his notebook. Young Hakanson was noted by Kelly as saying he fired from the porch of his home because he was angry at the kids for "bothering" him.

Hakanson is in custody of juvenile authorities.

Anti-Polygamy Orders Asked In Utah Drive

SALT LAKE CITY, March 9 (AP)—A grand jury investigation was proposed yesterday in Utah's efforts to stamp out polygamy.

The state welfare commission said a recent survey showed there were about 2,000 men, women and children in the state thought to be involved in polygamous marriages. About 1,800 live in Salt Lake County.

Salt Lake County Atty. Frank E. Moss proposed the grand jury investigation. Moss is a candidate for the Democratic gubernatorial nomination this year.

The state started a crackdown on polygamy last fall. About half a dozen men have been named in complaints charging unlawful cohabitation. One has pleaded guilty. Another is fighting extradition from California.

Trial for another, Edmund Barlow, 44, opens Monday. He is charged with unlawful cohabitation with three women.

Moss said a grand jury would be helpful in prosecutions because it can direct the issuance of subpoenas.

He plans to confer with Atty. Gen. E. R. Callister today to seek the state's cooperation.

Methodist Board Plans for Events

HAGERMAN, March 9—The official board of the Methodist church met Wednesday evening. J. W. Jones, chairman of the pew committee, said 33 new pews will be delivered during the week of April 8. George Johnson, institutional representative, reported on the Boy Scout program.

The Rev. J. D. Orego, Ben Morris and George Johnson were appointed to obtain an assistant scoutmaster for the troop.

April 23 was announced as the date for the fourth quarterly conference with Dr. P. Malcolm Hammond, Boise, district superintendent, in charge. Dr. Hammond will speak at services on March 25, Palm Sunday, March 18 was set as the date for the family fellowship dinner at 7 p. m. in the church.

V. W. Carson, chairman of ground beautification, asked for assistance in the work. Appointed were Gerald Martin, Glenn Bell and Bill Jones.

Has to Leave His Orphans

Pfo. Fritz Moeller, 22, Southport, Ind., tries a pair of shoes on one of the 30 Korean orphans, 17 of whom are blind, that he saved from one of the country's worst winters. With \$1,200 in donated money and countless bundles of clothing from supporters scattered over the world, Moeller built a 30-room orphanage for his charges. Now, with army rotation coming up, Moeller will have to leave the children and he has run into trouble trying to get any Korean or American missionary group interested in taking over. (NEA telephoto)

Future Teachers Talks Conducted

A meeting of the Twin Falls high school Future-Teachers of America, conducted by its president, Jackie Brown, was held Thursday.

Elsie Lindgren, high school English instructor and sponsor of the club, told the group of the state FTA convention to be held April 13 in Pocatello.

Delegates representing Twin Falls at the convention will be Darlene Mitchell, Evelyn Shotwell, Venita Turner, Beverly Freecout, Jackie Brown and the president-elect of next year.

Miss Mitchell will speak to the convention on activities of the local chapter.

Senate Demo Leader Halts 'Boom' Plans

WASHINGTON, March 9 (AP)—Senate Democratic Leader Lyndon B. Johnson has actively discouraged Democrats trying to promote him for the presidential nomination, senate Democrats said.

However, he still has under advisement a proposal from Speaker Sam Rayburn, a fellow Texan, that he be Texas' "favorite son" candidate for the nomination.

Several southern Democrats, and some westerners, were ready to rally around Johnson for the presidential nomination if he would give them any help. Instead, he stamped on any efforts to launch a Johnson-for-President boom.

Like President Eisenhower, Johnson suffered a heart attack last year and then came back to take over his duties.

From Bonham, Tex., yesterday, Rayburn issued a statement urging that the Texas delegation to the national convention support Johnson as a favorite son candidate for the presidential nomination. He also urged that Johnson be chairman of the Texas delegation.

Rayburn's proposal was not interpreted here as a serious move to win the presidential nomination for Johnson. It was viewed as an effort to unite Texas Democrats and to keep them behind the presidential nominee of the Democratic party.

Unique Club in Paul Schedules Annual Session

PAUL, March 9—The Last Two Men's club will hold its annual meeting, Saturday evening at Connor's cafe. The club meets only once each year and is composed of only World War II veterans. It has only 10 members and no more can join. There are no dues but each year the next oldest entertains.

Belonging to the organization are Walter Stoller, Bert Flak, J. J. Van Every, Rupert, Ray Clark, Norman Van de Venter, Angus McGrae, Wheeler McCall, Pete Peyton, Rupert, and John Martin. Charley Erwin died last spring.

When they organized each man wrote something and put it in a bottle which was sealed. When all have died except two, they will open and read what they all wrote. This year they have invited their wives to the dinner. MacRae is host.

Two Are Fined

JEROME, March 9—Olel S. Hafer, Twin Falls, cited by State Patrolman Eugene Hagler on March 5 east of Jerome on Highway 25 on a charge of driving on an expired driving license, was fined \$2 and \$3 costs by Probate Judge Theron Ward Wednesday.

W. E. Sackman, Gooding, also cited by Hagler on a charge of driving a truck with no mud flaps, was fined \$2 and \$3 costs by Judge Ward.

Jaycee Group Picks Officers

BURLEY, March 9—Gale Keen was elected president of the Burley Jaycees at a meeting Tuesday evening. Others elected to lead the club next year are Ronald Kopp, first vice president, Gene Morton, second vice president, and Ray Peterson, reelected treasurer. The office of secretary is filled by appointment.

Holdover directors are Jack Keen and Harry Hanson. Elected directors are Larry Weber, Duane Moore and Loren Stone. Joint installation ceremonies for Jaycees and Jay-C-ettes will be held March 24.

The Jaycees voted to hold the annual Easter egg hunt at East and West parks again this year for children of all ages. The hunt, which is scheduled for the Saturday prior to Easter, is being directed by Del Rupert and Duane Hutchinson.

The club also voted to erect a large cross for people of all denominations, probably on the island near the new Heyburn bridge. Committee chairman are Moore and Lee Jolley.

Visiting Sister

OAKLEY, March 9—Mrs. George Critchfield is visiting her sister, Mrs. Vic Olsen, in Ogden.

Britain Will Not Explode H-Bomb

LONDON, March 9 (AP)—The British atomic energy authority said yesterday it would not explode a hydrogen bomb during its atomic weapons tests in Australia this year.

A spokesman for the authority, commenting on a Japanese news agency report, said the tests scheduled for Australia's Monte Bello island will consist of "small explosions as previously announced."

"That means atomic, not thermonuclear," he said.
