Unselfish Help to Refugees Is

Given by Gaunt, Shabby Cook

By HENRY McLEMORE

MUNICH—On the day the army hurriedly opened his Hungarian refugee center here, Daniel Abraham reported for duty.

"We were here in still here, and if he has left for as much as one hour of sleep no one knows about it," he said.

In the camp, any time of the day or night, and "Lifer" would be the "Daniel" Abraham.

There isn't anything he can't or won't do. He is a waiter, interpreter and baby-sitter. He administers to the sick

saying that this has not been a easy job. He works for a wage at a displaced persons camp, but his job is finished now, and he expects the equivalent of 20 dollars a month given him by the German state.

His dream is to go to England and find work as a rabbinical student. He has been following this dream for all these years—didn't tell him if he felt better toward the Hungarians; never arrived, when leaving for the lands of their choice. I didn't ask him because I knew he didn't have time any bitterness. Daniel Abraham's heart. It is a full of love, for those he considers to be in distress.

To hear Daniel Abraham's story for the first time, you have to go to the strength-in-jampos for the Hungarian refugees.

A young man in 1948—he is 43 now—was a Jewish laborer in Hungary by the Germans and put to work on the Russian border. It was not until he returned from a Russian prison camp in 1946 that he learned that his parents, his wife and two children, 12 adults and 22 children, and 200 cousins had been put to death in the gas chambers at Auschwitz.

Daniel Abraham escaped to Germany in 1948, and has been here ever since trying to make a living as a rabbinical cook. It goes without

Alaska Solons Stand at Door Seeking Entry

WASHINGTON, Jan. 3.—Alaska's territorial congressional delegation today stood at the doors of Congress in hopes of presenting a petition for admission to the Union.

The territory's two senators, Ernest Gruening and William A. Egan, joined by a delegation of Alaska citizens, stood outside the Senate door after the 85th congress convened at noon.

The territory's representative, Ralph River, indicated he may delay seeking admission to the house.

The three Alaskans did not plan to seek seats in the Senate and House, but only to present the statehood petition.

Today the Senate and House could refuse to admit the Alaskans regardless of their purpose.

Alaska elected the three men on the theory that if it had congressmen already selected, Congress would be more likely to grant it statehood.

The plan first tried by Tennessee has succeeded for several states in the past.

The two senators and one representative spent much of their time yesterday visiting the offices of senators and representatives.

They met with Secretary of Interior Fred A. Seaton.

Gruening said the Alaskan delegation strongly protested against proposals that military defense areas be excluded from any future state of Alaska.

The senators said he had reported that the drafters of the Alaska statehood bill planned to exclude the defense areas from the proposed new state.

He said the delegation told Seaton it has no objection to military reservations within state boundaries, but sees no "sound reason for excluding part of Alaska."

He said the delegation will submit a strong brief on the subject to Seaton.

Traffic Violation Crackdowns Due

BOISE, Jan. 3.—State police records for 1956 showed stepped-up enforcement of Idaho's traffic laws following increased accidents and negligent driving.

The Enforcement Council, headed by E. E. Roemer, said 1,676 drivers had their driver licenses revoked during the year for drunken driving. This figure compared with 1,408 drunk driving revocations in 1955, 1,904 in 1954, and 979 in 1953, he said.

The commissioner said 982 persons had their driver licenses suspended for various periods during 1956 after convictions of reckless driving. This figure compared with 1,055 in 1955, 1,136 in 1954 and 176 in 1953.

For negligent driving, 160 persons had their driver permits suspended last year, compared with 132 suspensions in 1955, 136 in 1954 and 176 in 1953.

Persons excluded from any future state of Alaska.

The senators said he had reported that the drafters of the Alaska statehood bill planned to exclude the defense areas from the proposed new state.

He said the delegation told Seaton it has no objection to military reservations within state boundaries, but sees no "sound reason for excluding part of Alaska."

He said the delegation will submit a strong brief on the subject to Seaton.

Reds Cut Budapest Armor

Some Russian armored divisions are pulling out of Budapest. It is reported. New State Wealth Depends on Legislature, Asserts Chamber

BOISE, Jan. 3.—Creation of new wealth to provide more tax dollars can be realized only under a state government that does not waste public funds, the Idaho State Chamber of Commerce, said today.

"Only through the creation of new wealth can taxpaying capacity be provided, and Idaho's new wealth must come very largely from new resources of the state," Murphy said in an introduction to a booklet of fact sheet prepared for distribution to members of the Idaho legislature.

The "statistical data" taken from state chamber files that have been compiled during the past 30 years, summarizes and compares income and expenditures in recent bienniums as reported by the state auditor's office.

Processing of Idaho's natural resources through the investment of capital and the use of labor, Murphy contended, "must be encouraged under a program of state government that does not penalize or inequitable burden any factor in the complex system of enterprise upon which our economy rests."

He said it was the state chamber's belief that those in the legislature will find strong support throughout the state for any move to eliminate unnecessary functions of state government.

Transfer to local units of government every activity that can be decentralized, he said.

Scott Gamble, Frank C. McDowell, Grant Byler, Melvin J. Baker, Frank M. Kelley, Charles R. Ward, Frank C. Gentry, Thomas Trecker and Dean E. Rogers, all from Burley, are among the members of the Idaho State Chamber of Commerce.

Also named are: Earl J. Adams, Wayne D. Ward and O. Taylor, all from Burley.

Ancient Press Will Be Given To University

RATHDRUM, Id., Jan. 3 (AP)—The Rathdrum Tribune, one of the few remaining weekly newspapers which is not entirely by hand, is giving up its 100-year-old press to a museum.

Charles W. Kulp, 77, and his son, J. R. M. Kulp, 76, who have been co-publishers of the paper for 40 years, said yesterday the press will become a museum piece at the University of Idaho.

The press, a wooden machine, was built by the University of Idaho, and a former Rathdrum resident, paid the Kulp \$100 for the press to serve it for the school.

The press will stay in the plant as long as the Kulp family is there, then will be moved to the university, where it will be on display.

The weekly Tribune has another press and uses the old one only in emergencies.

The Kulp family assisted in the plant by their sister, Jennie Kulp, said in the old Washington press in the building where they took over operations in 1902.

Jennie serves as a reporter on the paper and is a suit at setting the body type for the story by hand. The Tribune has never had a linotype machine.

Classes Slated For 15 Youths

BERLIN, Jan. 3 (AP)—Fifteen East German high school students who fled to West Berlin several days ago may finish their studies in Berlin and graduate from a special school, West Berlin school officials said today.

Prof. Joachim Tiburtius, chief of the West Berlin education department, planned to meet the 15 youths today to discuss plans for completing their education. The original plan called for the students to enroll in another school in West Germany, but Tiburtius indicated this plan has been changed and they will remain in West Berlin.

The students were to have graduated from their east zone school this summer, but communist authorities expelled the entire senior class of the Storkow Brandenburg high school for taking part in a sympathy demonstration for Hungary.

All 15 boys in the class fled to West Berlin, but the five girls decided to stay behind with their parents. The students are 17 and 18 years old.

Two Guardsmen To Attend Army Training Course

Two Idaho national guardsmen assigned to headquarters, third battalion, 116 armored cavalry at Twin Falls, have volunteered for a ten-day active duty to further their military training in regular army schools, battalion officials said today.

Lt. Col. Edward G. Elliott, battalion commander, identified the men as Second Lieut. Raymond J. Hahn, 24, and CWO-3 Chris C. Fehrer, 27, both of Twin Falls.

Hahn, the battalion's liaison officer, is to report to the army's armored school at Ft. Knox, Ky., Monday to enroll in the basic course for armored officers. Fehrer said he is to complete the course about April 30 and return to duty with the Twin Falls unit.

Fehrer, an administrative maintenance and supply technician, is to enter the adjutant general school at Ft. Benjamin Harrison, Ind., tomorrow for an associate adjutant general company officer course. His schooling is to end about April 12, Elliott said.

Move Scheduled

TOKYO, Jan. 3 (AP)—Far East air forces headquarters will move to Hawaii by July 1 in the consolidation of the U. S. Pacific and Far East commands, it was announced today.

United Nations Far East Commander Gen. Lemuel A. L. Lemmon said that when FEAF moves, fifth air force headquarters will move to FEAF's present location at Puchu air station near Tokyo.

TOLL COUNTED
NICOSIA, Cyprus, Jan. 3 (AP)—The government said today the POKA anti-British underground on Cyprus was responsible for 201 murders during 1956. Only one of these was British; the others were Greeks and Turks.

Idaho Potatoes "Quality, Real Value"

This Idaho potato display, in the Weiss supermarket, St. Louis, Mo., won for its builder, Albert J. Weiss, an all-expense-paid trip for two people to Hawaii, the grand prize in the Idaho potato display contest conducted by the Idaho Advertising Commission during October and November. The potato sale sales of Idaho spuds were 33 times normal during the two and one-half weeks the display was in place.

St. Louis Grocery Firm Is Reported Winner of Idaho Spud Competition

BOISE, Jan. 3—Albert J. Weiss, of the Weiss supermarket, St. Louis, Mo., is the winner of the grand prize in the Idaho potato display contest, conducted by the Idaho Advertising Commission during October and November. The prize-winning display compared Idaho potatoes with diamonds and was built around the theme "Idaho potatoes, like diamonds, are notable for quality and real value."

The display was 25 feet long and 15 feet in height. Another feature of Weiss' prize-winning was the state-ment, "Idaho potatoes, like diamonds, have never been successfully imitated."

"The display was also highly productive of sales, according to Weiss, who said, "Our display, which was up from Nov. 1 to 24, resulted in Idaho potato sales 33 times normal."

Over 75 other entrants in the contest received awards of wrist watches or \$25 in cash. In all, entries were received from stores in 66 different cities in Arizona, Arkansas, California, Florida, Georgia, Idaho, Illinois, Iowa, Louisiana, Michigan, Missouri, Montana, New York, North Carolina, Ohio, Oklahoma, Oregon, Pennsylvania, Tennessee, Texas, Washington and Wisconsin.

One Idaho store was among the winners of wrist watches. It is Albertson's of Caldwell where the entry was submitted by H. G. Harbough, produce manager.

Entries Requested For Story Contest

BOISE, Jan. 3 (AP)—The Boise chapter of the Idaho Writers League has invited entries in the third annual Grace Jordan short story contest.

The deadline is March 1. Stories may run from 500 to 5,000 words and must have what Mrs. Jordan calls "an integrated Idaho background."

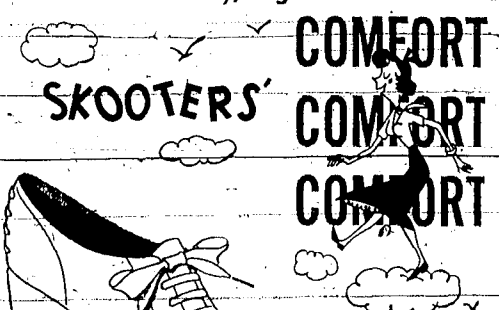

Prizes, offered by the wife of former Idaho Gov. Len Jordan, are \$30 and \$20. The league says Mrs. Jordan will secure a western writer as the final judge.

Mrs. Jordan, author of "Home Below Heils Canyon," now lives in Washington, where the former governor is chairman of the American section of the International joint commission.

Hike in Price Is Announced On Newsprint

NEW YORK, Jan. 3 (U.S. Newsprint)—Newsprint prices, already at a record high level, increased today for a second time.

A price increase of \$4 a ton was announced yesterday by the Abilene, Texas, and Paper Company, Ltd., in Toronto, Ont. Several other paper producers indicated they have been considering price increases. The increase, if it becomes general, would be at least the 14th since 1953.

In 1955, newsprint cost a ton. Abilene's increase would bring its price to about \$194 a ton.

U. S. and Canadian newspaper publishers were concerned over the Abilene announcement. A member of the senate commerce committee which has been investigating the newspaper industry called for joint action by the United States and Canada or legislative action if necessary. The federal trade commission said it was looking into the possibility of anti-trust action.

Abilene said its increase was due to higher costs, particularly increased freight costs. The price boost, the firm said, came "only after long and careful consideration" and would only partially offset the higher costs.

A spokesman for the International Paper company, the largest in the field, said its Canadian companies, which handle sales, have been "absorbing increased costs" and are "studying the situation."

Other firms which said they have been considering price increases include the Bowater Paper company, the Powell River company, Ltd., Consolidated Paper company, Ltd., and E. B. Eddy company.

Craven Zellwachs Paper company, Ltd., said in San Francisco it was not considering a price increase.

Blast Scheduled

BAIT LAKE CITY, Jan. 3 (U.S. News)—The Southern Pacific railroad said yesterday it will set off the second largest non-atomic explosion in the nation's history tomorrow.

The railroad will detonate 800,000 pounds of explosives at Little Valley on the east shore of the Great Salt Lake. The rock blasted loose will be used for fill in construction of the railroad's new track across the lake.

Sees Defeat

TAIPEI, Formosa, Jan. 3 (U.S. News)—Tai Yang, former vice-president of the Republic of Korea, said today that his worldwide tour had reaffirmed his belief that the communist regime eventually will be wiped out "because the forces of evil cannot last long."

The 57-year-old Korean statesman arrived in Taipei yesterday. His tour so far has taken him to Canada, the United States, western Europe and the Far East.

Persons Shot

HAVANA, Cuba, Jan. 3 (U.S. News)—Police reported today two more persons shot and killed by unidentified gunmen, boosting to 29 the total of "mysterious" murders throughout Cuba since Christmas day.

The latest victims included 15-year-old William Soler Ledezma and Floriano Guerra Blanco, 34. They were believed to have been killed in the reported feud between opposing political elements.

Syria Warns U. S.

1957 Is Studded With Special Promotional Days and Events

NEW YORK, Jan. 3 (U.P.)—This is Golden Rule month as well as Supermarket month and Louisiana Yam Supper season. Merchants and manufacturers are increasingly aware of the importance of the various months and weeks and days that promote their products—and as a pleasant sideline, bring dollars to the advertising departments of newspapers, magazines and radio and TV stations. Before the year is over we'll celebrate National Linen Closet week and Antidote week. Even before January is over we'll have Odorous Decoration week, Take Tea and See week, Idaho Potato and Onion week, Large Economy Size week and National Fur Care week.

Canada Railroad Hears War Cries

NORTH VANCOUVER, B. C., Jan. 3 (U.P.)—The Canadian Pacific Railway thinks it has troubles brewing. Its revenues are strikingly down. The Pacific Great Eastern line, which operates to points north from here, is accused of forcing an Indian chief's wife to crawl on her hands and knees and war cries are being heard in the land. The crawling is being done by the 60-year-old wife of Chief Mathias Joe of the Capilano Indian tribe. A line of P.C.E. boxcars on a siding blocks the way to her home. To get by you go down and under. Joe complained to Andy Paul, head of the North American Indian Brotherhood, and he referred it to the Indian affairs department. That department has taken it up with the railroad.

Duty Begins

BOISE, Jan. 3 (U.P.)—Five Idaho air national guards jet pilots yesterday reported for 60-day tours of active duty at Gowen field here as part of the Pacific Northwest defense alert force. The officers are the first group from the Idaho air guard to be assigned the two-month tours under a new defense program. They stand ready to duty defense alert assignments with their F-80 jet fighters. The gravity of Venus is about 85 per cent that of the earth.

Soviet Tanks Keep Tab on Envoy Moves

BUDAPEST, Jan. 3 (AP)—Diplomats of Soviet satellites and several neutral nations paid their respects to Hungarian President Istvan Dobi yesterday under the watchful eye of a Russian machinegunner.

The United States, Britain and France greeted the first major reception for foreign diplomats since Jan. 1, 1956, when the Soviet government from Moscow.

A Soviet armored car discreetly tucked away in a side street trained on the Hungarian buildings as a string of cars bearing visiting diplomats swept across the snow-covered square.

The Russians had kept the machinegunner until a few hours before the reception.

Two heavy Soviet tanks stationed in front of parliament tumbled away out of sight before the visitors arrived but remained in range of the building.

Reason

NEW YORK, Jan. 3 (AP)—Asked by his rescuers why he chose to high-dive into the icy East river early yesterday, Joe Galante, 44, explained:

"It's the heat was I know to sober up."

The snail by the big three western powers was considered a slap in the face for the Kadar regime because the reception technically was only for Dobi, a member of the Smallholders party who has been president since 1948.

According to the rules of protocol, the reception had nothing to do with Kadar. However, the U.S., British and French missions apparently played away as an indication of their disapproval of the regime that ousted Nagy and called in the Russian army to crush the Hungarian revolt.

NEW OFFICE OPENED

BOISE, Jan. 3 (AP)—The Denver and Rio Grande Western railroad yesterday opened a freight and passenger office here with Glen L. Nicolin, formerly of Chicago, as the general agent in charge.

Idaho Attorney Commutes to Farm Holdings in Costa Rica

SANJOSE, Jan. 3 (AP)—It may have been a long way to commute, but Glen Bandelin, Sandpoint attorney, enjoys the trip from here to his 1,000-acre farm in Costa Rica.

Bandelin, who also resides in Sandpoint, has been commuting to his farm for several years.

He has two private planes as he has on trips before.

"It is a wonderful country," Bandelin said before leaving. "The people are friendly and the climate is ideal."

Costa Rica is about one third as large as Idaho but the population is slightly higher.

The farm land, which Bandelin bought two years ago, has become a show place in the area through the introduction of a method of raising rice new to Costa Rica.

About 400 acres of land have been converted to an under-water system.

Bandelin was the first from Sandpoint to become interested in rice farming in that country. Now there are four farms there, owned by eight Idaho people, including Everett Davidson, Frank Menzies and Mr. and Mrs. Diego Menzies, all Bonanza Perry.

Tax Opposed

BLACKFOOT, Jan. 3 (AP)—The president of the Idaho Licensed Beverage Association yesterday said his organization is opposed to increasing the tax on beer in Idaho.

Thos. McAllister issued a statement opposing a proposal by the Idaho Allied Civic Forces. It has proposed a half-cent per ounce tax on beer, which would amount to five and a half cents for an 11-ounce bottle.

Court Suit Asks Payment of Debt

A judgment for \$1,050 in alleged due for costs of labor and material used in remodeling a building in Kimberly is sought in a complaint filed Wednesday in Twin Falls district court by M. L. Ledbetter and Son against Ruth Barnes and Joanne Grayson.

The complaint states Ruth Barnes owns real estate in Kimberly, in which Joanne Grayson operates a business. The defendant, Grayson, and "Sons" consent of defendants Barnes enter an agreement with the Ledbetters to have the latter furnish labor and materials for remodeling the property. It is charged William A. L. Stone and Max Ann Stone allegedly have a mortgage on the property. They are also joined as defendants in the complaint. The Ledbetters ask for a judgment to determine the priority of the "Sons" lien and the amount of the mortgage.

DEATHS REPORTED

TWIN FALLS, Jan. 3 (AP)—Accidental deaths were reported in Canada for the four day New Year's holidays.

Smart

PASADENA, Calif., Jan. 3 (AP)—Some observers know today has one of the prizes in the Tournament of Roses parade managed to keep warm although wearing only a light-weight gown during the chilly morning hours. They spotted red flannel long underwear beneath the gown.

Cushing, Okla., is the point of greatest concentration of pipe lines in the United States.

Claim Made

LANSING, Mich., Jan. 3 (AP)—This city has laid claim to having the first set of triplets born this year in Michigan—and perhaps in the United States.

The triplets, two girls and a boy, were born within six minutes of each other yesterday, starting at 2:36 a. m. to Mr. and Mrs. Gordon Gluck, Lansing Doctors said all were healthy children and in fine condition.

Care of Your Children

By ANGELO PATRI

Mother has had a busy day, the baby has been fretful, dinner is on the stove and it seems to her that Dickie is doing about everything "MIA can think of to be annoying. She has told him about a thousand times that his habit of whistling through his teeth drives her crazy, so once more she said between her closed teeth, "Dickie, stop it. That floundering noise I just can't stand."

Considering his next step in the construction of a plane, stop the hissing and hissing, always has worked thoughtfully, and begins his irritating music once more. A warning growl from the adjoining room checks him. He looks at his mother, the chair rail now, and once more his mother calls, "Dickie, will you quit those noises? Can't you work without noise at all? Make it stop—goodness sake! You haven't changed your school clothes. How will you look tomorrow? Get this minute and change!"

Dickie goes upstairs, a frown on his face and a stamp in his shoes. He has changed the door of his room with intention. "Dickie, you open and shut that door properly. Remember your name."

Dickie by this time also is in a mood, a rebellious mood, but he says nothing, obeys about the door, changes his clothes and goes down on the chair and the floor, intentionally.

Once back at his table, he scrapes his chair on the floor, unintentionally, drops a box of parts with a clatter, unintentionally, and sits at something under his breath with deep-felt exasperation. This is the last straw for his weary mother, and she says with grim emphasis, "I've had all I can take of you. Clean up that mess and go to your own room. What else do you want me to do for any more of your nonsense?"

FULLMER EATERS ROBINSON AS MIDDLEWEIGHT RING KING

Utah Mauler Wins Unanimous Decision in Bruising Battle At Madison Square Garden

NEW YORK, Jan. 3 (AP)—Gene Fullmer, a bull-necked mauler from Utah's copper mines, floored 35-year-old Sugar Ray Robinson and left his left leg in a unanimous decision in a bruising battle Wednesday night to win the world middleweight championship.

The brawling Fullmer dropped the Sugar Man with a crashing left-right barrage to the body in the seventh round and Robinson fell on his back on the ring apron.

When both men tumbled in the sixth round, one of the ring ropes pulled loose from the post. A Clem Parbery game left the bottom strand sagging for the next four rounds.

When the same strand came loose on another side of the ring at the start of the eighth round, the referee pulled Robinson out of the ring.

Fullmer opened a cut over Robinson's left eye in the seventh and eighth rounds. Robinson's left eye in the 14th. In the last two rounds, Fullmer's face was streaked with blood.

Fullmer won handsomely on all three official cards. Judge Frank Richman had it 10-5, Judge Harold Barnes 9-8 and Referee Goldstein 8-5-2. The Associated Press card was 9-8 for Fullmer, who went into the ring at even money after having been the favorite since the match first was made.

Fullmer, 35, a former prizefighter, was a former prizefighter in a Bingham, Utah, copper mine, simply proved too strong for Robinson at this stage of his career.

Although Fullmer at 157½ came in at 160 pounds, he managed to get in the clinches. He tucked his head under Ray's chin and clinched all the way.

Robinson, always looking for a chance to end it quickly with one smashing flurry of punches, was worn out in the sixth, eighth and 14th rounds. Every time Robby staggered Fullmer with his best punches, the 35-year-old Utah lad would come back rushing.

It must have been discouraging to Robinson who watched with disbelief.

After a slow start Robinson seemed to get under motion in the fourth and fifth as he moved around his opponent and landed solid right uppercuts to the head.

But Ray bogged down again in the sixth, walking away from the clinches. Fullmer, however, high wobbling off balance toward Fullmer's corner with a left to the body.

Just before the end of the sixth, both men fell on their backs near the corner and the bottom strand of rope came loose. From that point on, the ring looked like something out of a bad dream.

Fullmer's manager, Marv Jensen, protested mildly to Goldstein when the start of the seventh round was delayed about 25 seconds as the workmen jip up the rope.

Although Jensen figured Robinson was getting extra rest when he needed it most, it didn't work out that way. Fullmer came out swinging in the seventh round and hurt Ray with a left to the body, followed by a right that put Robinson down for the only knockdown of the fight.

Robinson reached into his rear of wanting strength and pulled out a good round in the ninth when he started to cut loose with combinations to head and body.

When Robinson's fury was spent, back came Fullmer charging in to grab and bang, way with his free right.

Nathan is responsible for Hinkle's largest crowd. For the 1956 Wilford, 42½ saw the coll cut and there were 37,282 on hand when he was the 1956 Fighting.

Beef to Make Comeback on Food Market

Roast beef, shovelled into the back-ground over the holidays, is making a comeback this week-end in a strong comeback and neighborhood supermarkets and neighborhood stores.

Various cuts, ranging from chuck to brisket, and pot roast, are being featured with big discounts and low prices. One chain in the New York area will have sirloin at 59 cents a pound, as much as 10 cents below the opposition.

Chuck, the most popular, although ground beef and sausage also are featured.

"We feel that most people will want some beef after eating all that poultry and ham over the holidays," says the manager of one supermarket chain sales executive.

Plumper Cow Is Okayed for Seal

LOS ANGELES, Jan. 3 (AP)—The new official seal of the County of Los Angeles will include the figure of a cow, a plump, robust-looking cow, after a second try by the artists.

The board of supervisors approved the design yesterday. It features the goddess Gaea, for the beautiful earth, the cow, a fish, a Spanish galleon, oil wells, engineers' instruments and the Hollywood bowl.

Gilbert Shreve, director of the County Art Institute, had submitted a sketch earlier, but the supervisors said the cow was a needy-looking character with a scrawny frame, and a drooping head.

Shreve is revamping the seal.

Skaters Spotted

ELIZABETH, N. J., Jan. 3 (AP)—Police spotted four boys skating on the roof of an office building yesterday.

The youths, ranging in age from 12 to 18 years, had climbed a tree to the top of the New Jersey Bell Telephone building where they had their skis and skates.

"Where Customers Meet Their Prices"

give your food budget a lift with Thrift

Hi Neighbor!

Did you ever realize exactly what your stake in America is? Regardless of how you may measure it you will come back to this basic conclusion: It's your home, your friends, your school and your church. In other words, it's the community in which you live.

That is why your I.G.A. grocer has dedicated himself to the proposition of being a "Community Builder." Through building his community, your I.G.A. grocer feels that he is contributing to the growth and furtherance of one of the greatest nations ever to grace the earth. He invites you to join with him in this patriotic endeavor.
