Driver Jailed In T. F. Over Traffic Count

(From Page One)
Highway 30 east of the city around midnight Friday, a motorist after having been cited in Kimberly on a reckless driving charge.
Charles B. Park, 1928 Kimberly road, received multiple citations in the crash but a passenger, Ronald Green, 161 Harrison street, Twin Falls, was hospitalized with lacerations about the head and throat.
Sheriff James H. Benham said Park was driving west and lost control of the car which slid across the highway in front of Cecil Brink's ranch-four and one-half miles east of here and crashed into the pole.
Benham said Park had been cited 10 minutes before in Kimberly by policeman Paul Custer on the reckless driving charge.
Green was taken to Magic Valley Memorial hospital for medical attention and treatment overnight. He was dismissed Saturday morning. Park also was taken to the hospital for an examination following the crash but was released.
Benham says Park is scheduled to appear in Kimberly justice court Monday on the reckless driving charge.
Driver's license of Rodney R. Benham, 441 Harrison street, Twin Falls, was suspended for five days and he was fined \$10 and 30 days in jail in Twin Falls county on a charge of running a stop sign.
He was cited by Detective Paul Custer for running a stop sign at the intersection of Highway 30 and 1st street in Kimberly.
Sheriff Arthur Ward, Saturday night by State Patrolman Carl on highway 30 south of the junction with highway 14 and found him drunk driving. He was held in Twin Falls county jail on a \$500 bond fixed by Judge Humphrey.

Uranium Ore Mill Slated in Colorado

GUNNISON, Colo., Feb. 2 (U.S.)—The Gunnison Mining company said today work will begin this spring on a three-million dollar uranium ore processing mill south of the county airport.
The mining firm announced Western Knapp corporation has a contract to build the 200-ton mill. The corporation is headed by William C. Knapp, president of the company, and George Thompson, Grand Junction, Colo.
They said the ore will come from the Los Ochos group of claims staked on Cochetopa creek by amateur prospectors in 1924.
Now there are about 22,000 tons of commercial uranium ore stockpiled on the ground at Los Ochos, said Leslie C. Knapp, vice president for the Thompsons.

Indian Students Protest Protest

NEW DELHI, Feb. 2 (U.S.)—Indian students demonstrated Saturday in protest against a proposed demonstration of neighboring Pakistan's prime minister, H. R. Bhabha, and Pakistan's foreign minister, Liaquat Khan.
Their purpose was to protest the angry demonstrations in the major cities of Pakistan last Saturday against India's annexation of part of disputed Kashmir, the Himalayan state which lies between the two countries.

County Jail Is No Place for Woman

RENO, Nev., Feb. 2 (U.S.)—The Washoe county jail is no place for a woman, District Judge C. L. Brown said Friday in granting probation to Mrs. Dorothy Marie Bruna, 31, for involuntary manslaughter.
She had pleaded guilty to striking a pedestrian with her car last year. The victim was a woman, Mrs. B. B. Bruna, 57, bartender, Fred Brunsen.
Mrs. Bruna could have been sent to the Nevada state prison.
The county jail has long been under fire from grand jurors and public officials, including the sheriff. A new one is sought by a planned bond issue.

No Refund

BUDAPEST, Feb. 2 (U.S.)—A communist court has ruled a would-be Hungarian refugee cannot get back the money he paid to a guide who failed to take him across the border.
The court said Laslo Nemethi could not collect 10,000 forints (\$500) that he paid a guide who was caught before the trip out of the country.

SMYLYE TO SPEAK

NOISE, Feb. 2 (U.S.)—Gov. Robert F. Smylye will address the annual convention of the Idaho State Automobile Association at Boise Feb. 16.

Body of Plane Wreck Victim Is Recovered

GLOUCESTER, Mass., Feb. 2 (AP)—A body of an air force B-47 bomber crashed flaming into the sea off this town last Friday night. The body of the four-man crew was recovered Saturday by the coast guard.

The body was identified as that of Capt. Stanley D. Jenkins, Jr., first lieutenant, 4th, the co-pilot of the plane. One of the witnesses, the postmaster, who was on the plane, picked up four life jackets and a piece of the craft. They saw a piece of the plane.

On Saturday, N. H. air force base reported a B-47 missing on a training flight. It identified these other details.

Capt. Alexander A. Wozniak, commander, N. H. air force base, said the plane crashed on the coast. Capt. Oren W. Sander III, of the 4th, the co-pilot, was killed. Capt. Sander III, of the 4th, the co-pilot, was killed. Capt. Sander III, of the 4th, the co-pilot, was killed.

Annual Chamber of Commerce banquet for all members and their wives will be held at 7 p.m. Feb. 13 at the American Legion hall. The program features a dinner, a musical performance, and a presentation of awards. (Staff photo)

Probe Asked In California Air Disaster

WASHINGTON, Feb. 2 (AP)—The government has moved to restrict aircraft tests over populated areas in the wake of a plane collision over Van Nuys, Calif. Part of the wreckage was picked up in a schoolyard.

The collision took place on Jan. 27, 1956, at 10:30 a.m. A Cessna 441, a two-engine, four-seat aircraft, was flying at an altitude of 1,000 feet when it collided with a larger aircraft. The Cessna was flying from the north and the larger aircraft was flying from the south. The collision resulted in the death of the pilot of the Cessna and the injury of the pilot of the larger aircraft.

The government is now conducting an investigation into the cause of the collision. It is asking for a probe in California to determine if there were any violations of aviation rules.

Annual Membership Banquet of Local Chamber of Commerce Set on Feb. 13

Twin Falls Chamber of Commerce officials completed plans Saturday for the annual membership banquet, to be held at 7 p.m. Feb. 13 at the American Legion hall.

All members of the chamber and their wives are invited to attend the annual event. A. F. Nelson, chamber president, reminds that this is the only opportunity each year for the entire organization to meet together. The rest of the meeting will be held according to business divisions.

Bridge Tourney Plan Announced At Jerome Meet

JEROME, Feb. 2—Announcement of an Open Pair championship for the annual membership banquet, to be held at 7 p.m. Feb. 13 at the American Legion hall, was made Saturday by Jerome Duplicate Bridge Club members.

The club members announced that they will hold a tournament on Feb. 13. The tournament will be an open pair championship. The winners will receive a trophy and a cash prize.

Pair Saved After Five Days Adrift

LONG BEACH, Calif., Feb. 2 (AP)—A tiny cabin cruiser carried a man and a woman who were rescued after five days adrift on the stormy Pacific.

Rain, snow, hail and sleet slashed at the 18-foot fiberglass hull as it drifted in the churning sea. The man and woman were rescued by a U.S. Navy patrol boat. They had been adrift for five days.

Mrs. Rosa Judd Taken by Death

BOZEMAN, Mont., Feb. 2 (AP)—Mrs. Rosa Judd, 84, died Saturday morning at Gooding County Memorial hospital.

Mrs. Judd was born in Philadelphia, Pa., April 10, 1872. She was married to E. B. Judd at Cheyenne, Wyo., in 1890. They lived in Saratoga, Wyo., for a number of years, moving to Bozeman in 1918. Her husband, who died in 1940, was a lawyer.

Boys Run Over Twice, Uninjured

BILLINGS, Mont., Feb. 2 (AP)—Eight-year-old Belmer Bud Blar, 8, of Pryor, Mont., was run over twice by a motor vehicle without apparent injury.

A physician at a Billings hospital described his case as "amazing." Walter Willett, Indian Bureau special officer, gave this account: "Fred Bird, list of Pryor didn't know the boy was behind the car. He stopped to turn around, the child slid from a sled and the backing vehicle rear wheel passed over Belmer's lower abdomen."

Trucks Crash in Fog on Highway

BOZEMAN, Feb. 2—Two trucks crashed in fog Saturday morning on highway 20, Sheriff Thomas O'Connell said.

One of the trucks, a 1956 Chevrolet, was driven by a man who was not injured. The other truck, a 1954 Ford, was driven by a man who was injured.

Benefit Planned For T. F. Couple

Friends and neighbors from the Twin Falls Grange will hold a benefit card party Tuesday night at the Grange hall at 8 p.m. for Mr. and Mrs. E. J. Foster, whose home burned some time ago.

The couple's home was destroyed by a fire on Jan. 15. They are now living in a temporary home. The benefit party is to help them with their expenses.

Safe Robbed

CHATELAIN, Feb. 2 (AP)—Burglars broke open a safe in a hotel here Saturday night, leaving with an estimated \$100.

The safe was located in the hotel's safe deposit box area. The burglars used a combination of tools to break it open.

Does The Bible CONTRADICT Itself?

You might think so, from the variety of meanings people take from it today.

Divorce and remarriage, for example, is widely prevalent among Christians. But the Bible says that a man and a woman are joined together by God. It says that a man should leave his father and mother and be united to his wife.

The Bible also says that a man should love his wife as he loves himself. It says that the two will become one flesh. So, if a man divorces his wife and remarries, he is contradicting the Bible.

Doctor's Home Treatment Rinses Away Blackheads. (See photos below.)

Doctor's Home Treatment Rinses Away Blackheads

by Claire Hoffman

A LEADING New York dermatologist has developed a simple medicated home treatment that rinses away blackheads and whiteheads in a matter of minutes.

I saw it demonstrated recently on five women and two teenage boys. The results were almost breathtaking. Blackheads really rinsed away. In fact, many could be seen on the cleansing tissues that finished each treatment.

But this wasn't all I saw. Enlarged pores reduced, and rough, muddy complexion made clearer, clearer and smoother-looking. In the case of two older women, I saw flabby, sagging skin tighten and wrinkles flatten and fade.

After seeing these results, I can well understand why so many beauticians are now acclaiming this doctor's treatment one of the most important beauty discoveries of the century.

masque away with lukewarm water which dissolves it immediately. When you wipe your face, you can see blackheads and other pore "filth" actually come off on your washcloth. And your skin feels clean—really clean—and refreshed and smooth, like velvet.

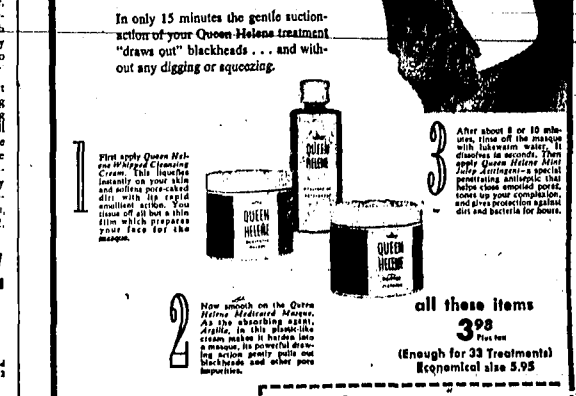

The third step in the treatment is an exhilarating application of a unique antiseptic astringent—a facial "mint julep" that sponges and tightens emptied pores and leaves a protective invisible film that helps guard your skin against dust, dirt and bacteria for hours and hours.

Even after a single treatment, women who have been troubled by blackheads for years see a marked improvement. Many find it hard to believe their eyes. Some blackheads are gone, others just fading away. Others are softened and made ready to be drawn out by future treatments. Enlarged pores appear to be smaller. The skin looks smoother and firmer—feels fresher and more alive!

In short, after a single treatment taking only 15 minutes, you can expect to see results that normally you would not dare hope for even after many weeks. But don't expect everything at once. Damage done by years of neglect can't be undone in a day. Yet with 3 or 4 treatments a week, you may confidently look forward to startling complexion improvements within 30 days, and self-esteem!

See Blackheads "Wipe Off" On Your Washcloth in 15 minutes

In only 15 minutes the gentle suction-treatment of your Queen Helene masque "draws out" blackheads... and without any digging or squeezing.

all these items 3.98 Plus Tax (Enough for 33 Treatments) Economical also 5.95

Results Are Guaranteed
Examine your face before and after treatment. You should see a startling difference. Some of the blackheads should be gone and others loosened for removal by future treatments. These results are guaranteed or your money will be refunded.

30 Marooned Railroad Men Reach Safety

CHAMA, N. M., Feb. 2 (UP)—Army troops delivered 30 railroad men into Chama Friday to complete the Cumbres pass rescue.

A 45-day operation that brought 60 stranded Denver & Rio Grande Western railroad employees off the snow-choked 19,025-foot mountain pass near the Colorado-New Mexico border.

The last to be rescued were crewmen of two trains trapped by slides last week-end while attempting to reach a third stalled train. Four men were left near the summit to maintain a continuous watch.

AARROW spokesman said all the men were in good condition. He said they were prepared to fight the snow in the rescue operation. Camp Hale, Colo., furnished blankets and Pt. Carson, Colo., provided helicopters.

Work trains and bulldozers worked Saturday to clear the branch line over the pass. They had to chew through boulders and trees torn from the mountain slopes by the slides, and some drills were 45 feet deep.

The DENROW office in Denver said it would be at least a week before the line is cleared. Some heavy freight, destined for oil companies at Farmington, N. M., was reported accumulated at Alamosa, Colo.

Legislative Log

Signed by Governor
SB 2 (Finance)—Declaratory appropriation for industrial accident board.
SB 4 (Finance)—Declaratory appropriation for state liquor dispensers.

Passed by Senate

Plane Crashes Into School Yard

A four-engine commercial airliner and an F-89 jet interceptor collided while undergoing test flights in cloudless skies over Pacoima, Calif. The crash sent the transport plunging on a path of death through a schoolyard where a boy's gym class was in session. Seven were known to have died in the disaster and at least one other was listed as missing in police reports. Three of the dead were children on the school grounds. Police reported 15 ambulances carried approximately 40 children to hospitals, some of them in critical condition. These members of the crew aboard the DC-7B were killed while a fourth was reported missing. Pilot of the F-89 was killed and his radar man broke a leg parachuting to safety. In top photo, made by an excited amateur with a box camera with lens aperture on bulb, shows teachers and students comforting two students injured in the crash. In lower photo a Pacoima Junior high school student lies dead on a stretcher as the wreckage of the DC-7B plane which killed him is seen scattered in the schoolyard. Police officers at right are attempting to gather information. (NEA telephoto)

5 in Family Dead As Home Blazes

EAST CHICAGO HEIGHTS, Ill., Feb. 2 (UP)—The entire Orr family of five members perished Saturday in a fire which destroyed their one-story frame home. The parents apparently loaded two of the victims, Charles Thomas, 2, and Theresa, 3, from the flaming home on a stretcher to save them.

The bodies of Mrs. Magnolia Thomas, 35, and her daughter, Rose, 6, were found huddled in the ruins.

Thomas was rescued by his father-in-law, Edward Coleman, 54, who lives nearby—but died a short time later. He tried unsuccessfully to save his family.

The bodies of Mrs. Magnolia Thomas, 35, and her daughter, Rose, 6, were found huddled in the ruins.

Thomas was rescued by his father-in-law, Edward Coleman, 54, who lives nearby—but died a short time later. He tried unsuccessfully to save his family.

Wrong Channel

FREESTWICK, Scotland, Feb. 2 (UP)—Strange voices kept hounding Allan Orr in the still of the night as he sat alone in his hotel room. He brought friends in to listen. They heard nothing but Orr, who is partly deaf, insisted he did. He said some of the voices had the sound of a babbling child and some of the words included such phrases as "Rogor" and "old." The friends smiled tolerantly.

Friday night Orr met a U. S. air force man at the hotel bar and told him the story. The American had an idea. He asked Orr for his hearing aid, plugged it in his own ear and waited. Sure enough he heard a spatter of words and "Rogor and old."

The hearing aid was picking up messages from the control tower at nearby Prestwick airport. Orr said he had tried in the hearing device.

Tour Postponed

BOISE, Feb. 2 (UP)—A tour of Mount Rushmore air force base by Idaho legislators, scheduled for Sunday, has been postponed to Feb. 10.

Chief Moulton, director of the state department of aeronautics, said the change was made because of a conflict with other activities this week-end.

Area Grange Benefit Aids

Youth Ranch

BURLEY, Feb. 2—A line shown for the Youth Ranch for the benefit of the Grange at the Grange hall.

The Rev. and Mrs. James R. Crowe, directors of the ranch, were present. The Rev. Mr. Crowe said the plan to build a bunkhouse as soon as weather permitted and open one until this spring. About 40 head of cattle have been donated to the ranch. The Grange and residents of the Grange community are interested in the ranch.

A trio, Connie Kallitell and Barbara Kallitell, led in group singing. Pinchies was played with Mrs. Thomas Heljanek. High for the women and Mrs. Ervin Morrison. Carl Ringberg was high for the men and Frank Karel, low. Chester Ewing received the traveling prize. Mrs. Floyd Jones won at a guessing game.

Refreshments were served by the home economics committee. Mrs. Jones in charge.

The next Grange meeting will be at 8 p.m. Thursday at the Grange hall.

Paul Harvey Set For Burley Talk

BURLEY, Feb. 2—Paul Harvey, noted news commentator, will appear in Burley Tuesday night.

Harvey will speak at the high school gymnasium where plans are being made to seat 2,000 people.

Harvey will make two broadcasts over KIDAR on the American Broadcasting network while he is in Burley.

The subject of his talk is not known, even to the commentator himself, since he talks on whatever current event is most important to the general public at the time of his appearance.

He will be entertained at the homes of Mr. and Mrs. Gordon Walker and Mr. and Mrs. J. E. Burke. Walker is president of the local Farm Bureau and Burke is publicity chairman.

4-H Club Officer Slate Is Selected

Jerry Kuykendall was elected president of the Junior 4-H club during the group's first meeting Thursday at the home of Ivan Garmand, leader.

Robert Germand was named vice president; Terry Van Ostran, secretary; Cheryl Warner, treasurer; Sharon Garmand and Blevie Garmand, reporters; Peggy Kuykendall, song leader, and Chaps Barlow, recreation leader. Junior leaders for the club are Bob Carlson and Robert Jackson.

Refreshments were served by Mrs. Ivan Garmand. The next meeting will be held at 7:30 p.m. Feb. 14 at the home of Steve Carlson.

GOC Talk Given

BURLEY, Feb. 2—At the Lions club meeting Friday, Wm. Dr. John W. Sallie, past commander of the group, observed a group, introduced Sgt. Richard Dube, Peoria, who spoke on the importance of a tower for this area.

Sergeant Dube said there are nearly 8,000 towers in southern Idaho.

"It is like to ask you members of this club to consider this thing as a responsibility, something not to be minimized with an attitude of, 'It can't happen here,'" he said. He showed a film entitled, "The Dangerous Mile."

Burley Man Defends Senator, Asks for 'Facts' on Dam Issue

Editor, Times-News:

I notice the Times-News is again "quoting out" with frequent "new items" concerning certain organizations and individuals crying over the danger of losing our water rights.

Right now these boys are making despicable statements about the Senator, "detracting the people of Idaho," etc.—that is exactly what he would be doing if he did not take his stand on Hells Canyon as he is doing, and as he promised to do during his campaign. Perhaps Mr. Sharp and the rest of these "crisis" should get out their old newspaper papers and read again the results of the Church-Walker election contest.

But I wish they would either quit hectoring or explain to me how the high dam at Hells Canyon loses their rights for us when the other setup would. Couldn't a future congress pass resolutions favoring production of power as being more important than irrigation with private companies doing the production?

Add with much less storage as "an even for the flow" and with less power production and less water to be reasonable that a situation requiring such action would be much more likely to occur under "better" than the high dam?

Also, I'd like to know, since they are "detracting the people of Idaho" regarding Hells Canyon and the New Perce site (where some other private company wants to build), why they never heard of all this alarm when Hells Canyon was first proposed.

The alarm wasn't expected until after Idaho Power became interested in the site. And why isn't the same alarm being expressed over the site of the dam called the Harrison below Lewiston?

And will some of these boys explain to me why they did not show the same alarm when McNary and The Dalles were planned and 25 or 30 years ago when Bonneville was planned?

I think the country needs the greatest possible use of this and its other natural resources. I'm with Glen Taylor on that. He said where a small dam is called for, a small dam is okay. The one called for is called for a small one is not desirable, or worse to that effect.

Certainly would not favor a Columbia Basin authority as that puts too much authority in the control of a few. The recent granting of licenses to the Idaho Power company by the FPC with a Hells Canyon bill was still in congress illustrates what terrible mistakes such authority can make if they are of a mind to do so.

I think the river compact agreement in Idaho and that accepted, is a very desirable thing, but I cannot see why it is any more necessary or desirable for one plan of development than for the other.

I may be wrong, but I seem to gather from all this "do do" that the assumption is that Idaho Power would sell all its production at this upstream in Idaho and for the benefit of Idaho and that with the high federal dam and the power would be sold west to Oregon and Washington. Someone please explain why such should be the case. I'd rather assume that under either setup, the power would go where it is needed.

People, Groups Thanked in Aid Of Dimes Drive

Editor, Times-News:

I would like to take this opportunity to express my gratitude to the many organizations and individuals who contributed their time and efforts in behalf of the 1957 March of Dimes.

Funds collected the past month may well be the deciding factor in the long drive for the National Foundation for Infantile Paralysis.

My special thanks to the Times-News, Salt Lake Tribune, KLLX Radio-TV, KTFI and KEEF for their support and excellent news coverage of our month-long fund drive.

W. A. REYNOLDS, Twin Falls County March of Dimes Chairman

State and Federal Pay Raises Are Rapped by Fairfield Man

Editor, Times-News:

The U. S. congress increased members salaries and also salaries for state department heads and supreme court justices, who are changing the Constitution to confirm with Chief Justice Earl Warren's "thinking" without a vote of the people.

Now the governor of Idaho wants to increase \$50,000 per year, state supreme court salaries increased from \$8,500 to \$12,000, district court salaries increased from \$7,800 to \$10,500 per year and increases for other state officials and commissioners.

And don't our legislators want to compare with the above, despite the promise before election of no new taxes for taxpayers to pay with \$6-cent dollars. Yet we criticize our city councils and county commissions for buying themselves a turkey out of the general fund and we criticize the road crews and city help.

I know there are a lot of small businessmen and women and farmers who could not make it with high taxes and low prices and who would be glad to take any office including those of governor and legislators, furnishing their own car and home, at salaries now paid those positions.

If the President's inaugural, costing some one and one-half million dollars, had been cut to half a million with the other million used for polo, our children could not have to be out begging in the streets and pool halls, learning to be first class beggars when they grow up.

Now as to teachers' salaries, there are a lot of teachers who have married and gone into business or farming because they found they could not make it on the 50-cent dollar and high taxes. They would be glad to get back to teaching at present salaries if they had the money for a short course to bring them up to date.

As most of our politicians and churches in the South want segregation we feel sure there are many school teachers in the South who would be glad to come to Idaho to teach at present salaries, as teachers' pay is not large in the South.

T. F. Motel Association OK's Plan "E" of Highway Project

Editor, Times-News:

At the last meeting of the Twin Falls Motel Association, the group went on record as in favor of plan "E" of the highway changes suggested.

The secretary, Mr. Miller, wrote a letter to the city manager, informing him of the outcome of our meeting and our recommendation.

There are, perhaps, considered a small group of businesses in Twin Falls. There are 40 motels here. This represents a tremendous investment in Twin Falls. All of us are taxpayers, and also aid in financially supporting other and all types of business through direct purchases, insurance, building firms, utilities employees, etc.

The purpose of mentioning the above is to convey to you that we are not a group apart, but are rather a part of Twin Falls.

We know that any highway plan could affect us either favorably or adversely, which could affect other businesses directly. We could not prosper in our location if it were not for the city of Twin Falls, and by the same token, Twin Falls would not enjoy prosperity if there were not suitable accommodations for the many who come here, and the many more who could.

The "D" plan would be extremely costly, plus the fact that it would not be a doubt, create a bottleneck at both entrances and exits. Would it not be fair to take a poll of all motels, to see if they are coming to a decision on any plan? We do not think it becoming for the secretary of the Chamber of Commerce to state an opinion in any direction. His responsibility is to represent members of the chamber. The newspaper and the chamber are two influential

Cars Collide

JEROME, Feb. 2—No one was injured in an accident at 11:15 a.m. Thursday on highway 25 two miles east of Hazelton.

Gene Leroy Quint, Hell City, Kan., was driving a 1952 Studebaker which collided with a 1956 Oldsmobile driven by Gary M. Wakarusa, Salt Lake City, when his car skidded on ice. Deputy Sheriff Gordon Newberry estimated the damage to the Oldsmobile at \$350 and \$200 to the Studebaker.

Petition Filed

A petition for letters of administration to the estate of Mrs. Pauline Anderson was filed Saturday in Twin Falls probate court by her son, David Andrew.

Mrs. Anderson died Jan. 26, leaving an estate consisting of real and personal property. A hearing on the petition will be held at 10 a.m. Feb. 14. The firm of Rayburn, Kramer and Walker represent Andrew.

End Training

SHOSHONE, Feb. 2—Rupert W. Mainwaring and Horace J. Baugh, both Shoshone, completed their training Thursday at the marine corps recruit depot, San Diego.

James H. Hunter, son of Mr. and Mrs. Harold C. Hunter, Shoshone, was graduated from recruit training at the naval training center, San Diego, Jan. 26.

Bermuda has been under the British flag for 34 years since the first British settlement was made there in 1612.

First Aid Course Is Held in Burley

BURLEY, Feb. 2—Classes are being held twice a week at the junior high school in first aid by Wayne Stewart, instructor.

Taking the classes are Police Chief George Warrell, Assistant Police Chief Bill McDonald and Sgt. Harold Mueller. Allen Smith, Ralph Marsh, Don Odum, Clarence Butler and state patrolman Marvin Snyder, Marvin Wright and Richard Burns.

Mrs. Charles W. Davis is taking the instructions in order to be able to teach groups of women.

Mining Property Petition Is Filed

A petition for an order to determine mining property to be community property was filed Saturday in Twin Falls probate court by Fred E. Williams.

The property, listed in the estate of Mrs. Lulu O. Williams, wife of Fred E. Williams, is valued at \$40,000. Mrs. Williams died June 17, 1955.

The mining property is located in Twin Falls county.

Judge Everett M. Sweley set 3:30 p.m. Feb. 14 as the date for hearing the petition.

Reader Charges Labor Secretary Is Like Reuther

Editor, Times-News:

Having noted your comments about Secretary of Labor James Mitchell, one has to wonder where you get your information. You should look up the facts.

If being 100 per cent for one faction makes a good labor secretary, this is as you contend for the 100 per cent for unionists as Walter Reuther wants it. His dream is to have a law to kill state rights to work and emancipate the Taft-Hartley law.

Reuther, having done the non-negotiating at the Democratic convention last fall, is now all set to nominate himself for President in 1960.

MRS. V. PATRICK, Chairman (Twin Falls)

Meeting Planned

DECIDED, Feb. 2—The annual meeting of the Burley Grange will be held at the Grange hall on Sunday, Feb. 4, at 2 p.m.

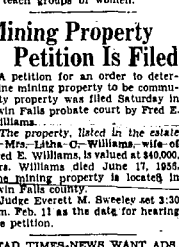

Charles Quinn, secretary of the Grange, and the secretary of the Grange will be present.

If he could make the meeting, Mitchell could not make the meeting. By the way, the Grange will be open to all who wish to join.

You should contact Paul Hurrell, talk about our Grange. It was given Sunday night. It was given Sunday night. It was given Sunday night.

KNOTHOLE NEWS

Two overtime games marked Saturday's play in the city parks and recreation department's Knothole league basketball play, reports Leon French, program director.

In a sixth grade game, Tommy Adams scored only 6 points, but 4 overtime games were the overtime period at the Knotholes. The winners led 20-18 at the end of the regular time. Doug Schow topped the score with 19 points.

Paul Stover coolly sank two free throws to give the Splitties an overtime 19-11 win over the Thunderbolts in a fourth grade game. Stover was high for his team with 8 points, while Dick Cox tallied 6 for the Thunderbolts. The teams were tied 11-11 at the end of the second quarter.

In seventh grade action, Tom Nelson and Tom Ditter bucketed 22 points apiece to spark the All Stars to a 41-18 victory over the Pythons. Doug White chalked up 8 points for the losers.

A 15-point performance by Jerry Adams led the Bee Boys as they overcame the Pioneers 30-18. Lynn scored 8 for the Pioneers.

Bob Ditter scored 15 points as the team staved off a second-half rally to down the Bulldogs 35-24. The winners were outscored 10-14 in the first period. Joe Kinney led 8 for the Bulldogs.

A field goal by Jay Del Peit saved the Junior Bruins from a shutout, as they fell before the Fighting Fire 12-2. Tommy Jennings rang up 14 points for the victors.

In a sixth grade game, the Panthers walloped the Beavers 18-10 as Pat Byrne tallied 12 points. Roger Bolton led the Beavers with 6.

Larry Truett and Irwin Peck poured in 14 points each to lead the Cougars to a 40-11 win over the Bombers. Jim Roger hit for 5 points for the losers.

The Junior Bruins rolled up an 11-point lead, then shut out the Blue Jays in the second half as they took a 17-4 decision in a fifth grade game. John Feltman scored all the points for the Jays and Pierce Roan led the winners with 8.

Aided by a 15-point effort by Bob McCuskey, the Huskies crushed the Indians 27-4. Larry Litusa collected all the points for the Indians.

The Cougars broke a 10-10 halftime tie with a combination of sharp shooting and an unimpeachable defense to take a 17-10 win over the Beavers. Carl Kleinke led the winners with 7, while Bob Brown topped the losers with 4.

Wayne Coulman's 16 points enabled the Wildcats to break a 14-14 tie at halftime and go on to take a 21-20 win from the Cubs. Danny Boden scored 8 for the Cubs.

In fourth grade play, the Steelers set up a 4-1 lead at the end of the first half, then crashed to a 1-6 decision over the Saints. Chad Galt topped the winners with 5, while Mike Watson scored 4 for the Saints.

The Indians had trouble finding the basket as they fell to the 10-3 North Street look-alikes for the winners as he scored all 10 points. Roger Korman dumped in 7 for the Indians.

The standings:

SEVENTH GRADE		
Team	W	L
Pythons	1	0
Thunderbolts	1	0
Splitties	1	0
Knobholes	1	0
Pythons	1	0
Thunderbolts	1	0
Splitties	1	0
Knobholes	1	0

Identical Bills

WASHINGTON, Feb. 2 (AP)—Sen. Frank Church, D. Idaho, and Rep. Henry Reubin Smith, D. Idaho, announced they have introduced identical bills in the Senate and House to grant citizenship to former Indian slaves. The bills would grant citizenship to the descendants of former Indian slaves, and the bills would grant citizenship to the descendants of former Indian slaves.

Monarch, Writer Bewildered At 'Nightmare' Visit of Saud

NEW YORK Feb. 2 (AP)—A crazy dream last night turned into a nightmare for the monarch and writer when the Saudi Arabian prince, King Saud bin Abdul Aziz, visited the United States. The prince, who is the second son of the Saudi king, visited the United States for the first time. He was accompanied by a large entourage, including his wife and children. The prince was met at the airport by a large crowd of people, and he was taken to a hotel. The prince was in the United States for a short time, and he was accompanied by a large entourage, including his wife and children. Stock Market Fails to Rally During Week

NEW YORK, Feb. 2 (AP)—For the second week in a row the stock market showed virtually no change on Monday.

All future of the rally this week was before 10 a. m. when the market fell a net loss of 1.14 points to 100.17. At the close of the week the average was 100.17, down from 101.31 at the close of January 31, 1956.

The week the Associated Press said the 60 stocks was off a mild 1.14 points.

In the market analysis that 1957 was a year of uncertainty moving with a trading range rather than a boom to extremes have been borne out at least partially.

Trading during the past week was the slowest of any week in 1956, the daily average of 1,807,478 was far below the 2,400,000 shares but was up from 1,600,000 shares in January, 1957, average of 2,000,000.

The turnover reflected continued caution among traders and stock prices were somewhat greater activity than in the past week when the market was falling. But the difference was not enough to provide conviction as to where the market wants to go.

New Seasonal Low Is Shown In Grain Sale

CHICAGO, Feb. 2 (AP)—The grain market was flat on the board and the low looked as if it was developing into a rout this week.

A long list of new seasonal lows was hung up as the market fell back under pressure from the heavy liquidation. Soybeans fell to a new low of 1.10 1/2, while corn fell to 1.10 1/2, the lowest since 1954.

Wheat closed the week at 6 1/2 to 6 3/4, down from 6 3/4 to 6 1/2, a low since 1954.

Barley fell to 1.10 1/2, a low since 1954.

Flour closed the week at 1.10 1/2, a low since 1954.

Other grains were also lower, with oats at 1.10 1/2, a low since 1954.

Infant Dies

GOODENO, Feb. 2 (AP)—A 10-month-old son of Mr. and Mrs. Paul D. Bishop, Wendell, died Jan. 31 at the St. Luke City Hospital.

The boy was born March 20, 1946, as a result of a cesarean section.

His parents are Mr. and Mrs. Bishop, 101 N. Main St., Goodeno.

The funeral will be held at 2 p. m. Monday at the St. Luke City Church.

Weather Clears In Eastern U.S.

By The Associated Press

Snow cleared in the East and Northeast Saturday and rain and snow fell in central and western portions of the country.

The disturbance that brought new snow to much of the East whirled out into the Atlantic ocean. New York City had 5.8 inches of snow, a 15-hour period that ended early in the day. But rising temperatures indicated the snow cover wouldn't last long.

Snow also cleared in the Appalachian flood area.

Showers sprinkled central California. Light snow was reported from the High Plains and parts of Idaho and Nevada.

Barber, Architect Tests Announced

BOISE, Feb. 2 (AP)—Examinations for barbers' licenses will be held in Boise starting Feb. 11, examinations for architects' licenses March 12 and for cosmetologists March 18.

The cosmetologists' exam will be held at the University of Idaho, according to Rex K. Wood, director of occupational licenses.

Mrs. Wood said Friday that seven persons have passed a recent written examination for certified public accountants.

They are Jerome P. Brenson, Joseph W. Goodrich and Edward A. Givens of Boise; Eldon V. Evans of Denver; Glenn L. Givens of Gooding; Richard K. Johnson of Weiser and John Nyquist of Payette.

Mountain States Telephone Co.

DISPLAY & CONVERSION

Conversion of all Twin Falls telephones to the dial system was started Monday by the Mountain States Telephone and Telegraph company. Using a supply display, the conversion men operate in teams of 10, covering an entire block in one day.

The Mountain States Telephone Company exchanges will begin about 10 a. m. Monday.

To handle the conversion, the company has hired 30 additional workers and trained them for conversion work. Reynolds said that the conversion men are now working in the rural area of the city.

Reynolds said two special conversion men are being used in the city center. The special equipment is being used in the city center.

Jerome Topples Buhl 39 to 27 In Big Seven Conference Upset

JEROME, Feb. 2—The Jerome Tigers, playing their finest game of the season, clamped a tight defense on Buhl Saturday night and upset the Indians 33-27. The loss was Buhl's second in as many nights. The Indians were beaten by Burley Friday evening. The loss knocked Buhl out of the top spot in the Big Seven conference and Burley took over the leadership with a 5-2 record. Buhl now has won six games and lost three. At the same time

Gooding Trips Oakley By One Point, 52-51

GOODYING, Feb. 2—Gooding's Clark Meek bagged a field goal to put the Senators ahead with two minutes left in the game and Gooding held on to its one-point lead for a 52-51 victory over Oakley in a Big Seven conference basketball thriller here Saturday night. It was the second one-point game of the evening for the

Boise Broncos

Halt Southern Utah 72 to 51

By The Associated Press

GOOSE eggs were smashed in the Intermountain conference basketball game between Utah and Southern Utah.

Commissioner Bert Bell announced after an all-day session of the owners at their annual meeting that "we will not recognize anybody as a bargaining agent."

Bell said, however, that "any player or players have the right to meet with the owners."

Danny Moore paced the winners with 22 points and Floyd Seay with 21. The game was a high-scoring affair for the losers with Ray Haver copped the victory. Haver led the team with 24 points. The junior varsity game by a 48-20 score.

Elsewhere, the Northland Neanderthals defeated the Dixie Rebels 73-52 and pushed the conference into a three-day tie for second spot among BNAF. Northwest and Dixie, all with 5-2 records. The Ricks Vikings earned its season at 3-3 with a 79-35 win over the shifting Brook Badgers. Ricks also had a 100-point game, a \$1000 salary of \$5,000, expense money in training camp, a \$12 a day minimum for board and lodging while on the road, an injury clause guaranteeing a full season's salary, a shorter training season, and formal recognition of the association.

In Boise, the CSU squad threw a scare into the winners in the second half by closing the gap to 41-40 after a Boise 31-26 halftime ending.

Dean Baxter and Ron Fitzgerald took long passes for scores that flustered the Broncos on another spur.

Baxter led Boise scoring with 16

Although the owners refused to recognize the group, they agreed to grant it most of the things requested. In announcing a standardized program on fringe benefits, commissioner Bell said that the owners were putting in writing "what they have been doing, anyway, over a

Kitten' Provides Valuable Help to Crews Measuring Mountain Snow

It was a small, black and white kitten, the name of which was "Kitten," that provided the valuable help to the crews measuring mountain snow. The kitten was found by the crews while they were working on the mountain. The kitten was very helpful in many ways, and the crews were very grateful to have it. The kitten was very small, but it was very brave and very smart. It was very helpful in many ways, and the crews were very grateful to have it. The kitten was very small, but it was very brave and very smart. It was very helpful in many ways, and the crews were very grateful to have it.

Snow Measured in "Winterland"

Walter Hankins, soil conservation service employee who takes snow measurements on the watersheds of the Salmon River, is shown here with his unpredictable "kitten" cat, who helps him in his work. (Staff photo-encouraging)

Walter Hankins, soil conservation service employee who takes snow measurements in the south hills for the Twin Falls Soil Conservation district, left, and Ellis Fuller, a cooper in the district, emerge from the snow on the top of Deadline ridge on their way to take monthly snow depth readings. Hankins usually is accompanied by one or more cooperators to whom the deep silence of a snow-blanketed forest has a special attraction. (Staff photo-encouraging)

Ailing Girl, 8, Keeping Her Bright Smiles

BURLEY, Feb. 2.—When anyone asks her how she is, little 8-year-old Susan Smith, Paul, has a bright smile and a pet reply. "I'm fine," she says, and means it.

Presumably she doesn't know or understand what the doctors told her parents, Mr. and Mrs. Harland Smith, when they sent her home from a Bull Lake City hospital just after Christmas.

Paul and Hankins take a snow reading on top of Deadline ridge. The metal tube Hankins is weighing on the scales held by Fuller is full of snow, picked up when the depth of the snow was measured. By weighing the snow Hankins is able to determine its density and thereby compute the amount of water contained in the snow. (Staff photo-encouraging)

Ship of Peace" Takes Filer Family on Quiet Outings

Felicia, "The Ship of Peace," is home to Mr. and Mrs. Vaughn Hunt and son, Filer, when they go on camping trips. Built for \$150, the home on wheels has helped bring peace and contentment to the Hunts in such surroundings as shown in the photo above. The home-made house trailer was completed back in 1947. Since then, the Hunts have traveled widely. Their experiences are the basis of a book, "The Ship of Peace," published in the past week by Mrs. Hunt. It is the first book she has written. (Staff engraving)

\$150 'Home on Wheels' Constructed For Fishing, Outing Leads to Book

On Aug. 2, 1947, Mr. and Mrs. Vaughn Hunt, Filer, completed a "home on wheels," equipment which they deemed necessary to spend more time in the mountains and along the streams of Idaho. Many of their experiences since then are told in "The Ship of Peace" by Elsie Hunsen Hunt, published this week by Pageant Press, Inc., New York City.

Vaughn Hunt stands in the doorway of "Felicia" which is parked by the Hunt's garage at Filer. Photo taken from a far forward as possible, shows camp arrangement. (Staff photo-encouraging)

The volume is a deep, satisfying and peace of mind found by those who spend most of their leisure time outdoors hunting, fishing or "just camping."

Handwritten between accounts of various outings and experiences are bits of philosophy usually inspired by visits to such awesome places as Yellowstone park or Massacre Rocks. It was at Massacre Rocks that Mrs. Hunt declared, "I am a man killed by a bomb more dead than one killed by an arrow."

Figure 1: A schematic diagram of a single fiber in a fiber bundle. The diagram shows a central fiber with radius r . This fiber is surrounded by a shell of total thickness h . The shell is composed of smaller fibers, each with radius r_s . The shell is divided into two regions: a top region with thickness h_1 and a bottom region with thickness h_2 . The total thickness of the shell is $h = h_1 + h_2$. The diagram is labeled "Figure 1" and "A single fiber in a fiber bundle".

End Near for Noted Square Of New York

NEW YORK, Feb. 3.—The end is in sight for Broadway as the street of dreams and Times Square as the crossroads of the world. The bright lights will remain in all their earthy glow. But no longer will they serve as a signpost to the "America" of the world's excitement. "America" is moving uptown. Up to Lincoln Square.

Lincoln Square will become the magnetic mecca of the skyscraper, the heart of the theater district, the center of the city's life.

Today this 10-block area north of Columbus Circle and west of Central park, between Manhattan's 60th and 70th streets, is a mishmash of brownstone and brick houses with protruding fire escapes, of warehouses, garages and bars.

Four or five years and 185-190 million dollars from now, it will be the home of six modern theaters, the new Metropolitan Opera house, the Philharmonic symphony concert hall, a special cultural library, a new school of music and drama, a midtown shopping center and the campus of Fordham university.

Ever the New York Times plans eventually to join the exodus from the area which bears its name. It has bought property adjoining the Lincoln Square project.

The new theaters, all housed under the same big roof, will be the "Lincoln Square" project.

The federal government will contribute 25 million dollars and the New York City about 12 million dollars in subsidies to help acquire property and relocate 6,000 families.

Private investors will spend at least 35 million dollars constructing the profit-making theaters and commercial buildings.

The biggest bulk of money will come, however, from a drive for 75 million dollars headed by John D. Rockefeller III, president of the proposed "Lincoln Center for the Performing Arts." Of that sum, 10 million will be set aside to encourage new and experimental work in opera, music, theater and the dance.

Instructor Demonstrates Technique

Leonard Titmus, National Rifleman's association certified instructor, demonstrates the proper standing and kneeling positions for firing a rifle. Each week he instructs members of Twin Falls rifle and pistol club, junior division, in shooting technique. He is an official NRA referee and has been a member of the club since it was formed in 1953. Several Twin Falls youths who have received rifle handling and marksmanship instructions from Titmus have placed in national tournaments. (Staff photo-entouring)

Magic Valley Hobbies No. 58

Man Spends Spare Time in Teaching Safe Use of Firearms to Youngsters

Training youngsters to shoot straight is one way to teach them to go straight, believes Leonard Titmus, marksmanship instructor and official NRA hunter safety proponent for the Twin Falls Rifle and Pistol club, junior division.

Since 1950, Titmus, a certified NRA rifle marksmanship instructor, has been coaching Magic Valley youngsters in the proper handling and shooting of firearms.

"I guess you can call it a hobby of mine," Titmus says, "I enjoy the work."

He meets with the 25 club members each Wednesday night at the rifle and pistol club north of Twin Falls.

Two weeks ago the Hobby Editor of the Times-News asked for suggestions from readers on how more people spend their spare time. While there was some response to his request, the response was not as extensive as anticipated.

Nevertheless, he still believes the limit to what people do in their spare time for their own amusement has not been reached. Hobbies continued in the series, though, must be those which require skill, effort and time.

Suggestions may be mailed or phoned to the Hobby Editor, Times-News, Twin Falls. A representative of the newspaper will do the rest.

3,216 Cited Over Parking Violations In 1956, T.F. "Crime" Report Shows

During 1956 in Twin Falls, 3,216 persons were charged with parking violations and 3,215 of them either forfeited bonds or were found guilty of the offenses. Only one case, involving an overtime parking citation, is pending action in Twin Falls police court.

The annual report of all Twin Falls police activities for 1956, within the corporate limits of the city, has been completed and mailed to the federal bureau of investigation, Washington, D. C., by Police Chief Howard W. Gillette.

The report, covering every classification of offenses from criminal homicide to parking violations, indicates Twin Falls is far below any American city of similar size in the number of crimes for a year.

With the exception of traffic offenses, 181 persons were arrested in Twin Falls that year. The greatest number of those arrested were 30 years old or over.

The present area of the city is slightly over 47 square miles or 3,008 acres. Protection for residents of this area is the responsibility of 13 members of the police department, including Gillette and a woman police officer.

With the estimated population of Twin Falls set at 25,000, one police officer is available for the protection of a little over every 1,000 residents.

Four types of crime were non-existent in Twin Falls during 1956, according to the report. The four crimes for murder and non-negligent manslaughter, manslaughter by negligence, gambling and prostitution and commercialized vice are blank in the Twin Falls report.

Larceny and intoxication accounted for the majority of arrests. Of 781 arrests, drunkenness accounted for 276. Of this number, 259 were men and 17, women. Again, persons over 50 years of age accounted for the most arrests with 81.

Arrests for larceny, other than automobile theft, totaled 169. In crimes of this nature the juvenile was the worst offender. Sixty-five of the 169 were under 15 years of age. "Second place" went to persons 50 or over with 26 being arrested.

However, of the 169 persons arrested for larceny, 96 were released after questioning and 70 faced charges. Of this number 43 were convicted, 13 were convicted of a lesser crime and it released to other law enforcement agencies.

Automobile theft in the city was small with only 12 cases investigated by police. Three of those charged were women. The report shows two of those arrested were later released and six being convicted. Two of the remaining four were released to other law enforcement agencies and two were taken into court on charges of parole violation.

Two persons were charged with carrying a concealed weapon. One was released for insufficient evidence and the other was convicted and sentenced to jail.

Forty-eight persons were arrested for drunken driving and 47 pleaded guilty or were convicted.

Revenue Volume of Sales Tax Estimated by Rep. Crookham

A two per cent sales tax would furnish much additional revenue as a 1400 per cent increase in property taxes or a 130 per cent increase in income taxes, State Rep. D. L. Crookham, Jr., R., Canyon, member of the revenue and taxation committee, reports to the Twentieth assembly.

The legislator made the statement in a sales tax analysis report dated Jan. 28 after the legislative committee of the club solicited his views regarding the tax. The committee states it was neither for nor against the tax, but was merely seeking information which its members believe would be of interest to the public.

In the analysis, which Crookham said "represents considerable study," he reports that 15 per cent of the total revenue derived from a sales tax would be paid by tourists, seasonal residents and visitors.

Representative Crookham submitted a proposal for a state sales tax to the full body of the house legislature revenue and taxation committee last Monday. The proposal will be considered by the committee along with other revenue-raising measures and will decide whether to submit it to the house.

The Canyon representative reported that a two per cent sales tax would "bring in 14 million dollars," and "it is my recommendation that this committee adopt a sales and use tax along the lines of accompanying legislation, as a part program of tax revenue based on needs and equitability."

In his report as an answer to the club's request for his views, he said that "up to earnings of \$10,000 the sales tax functions as a progressive tax and above that point the income tax offsets the regressiveness of the sales tax."

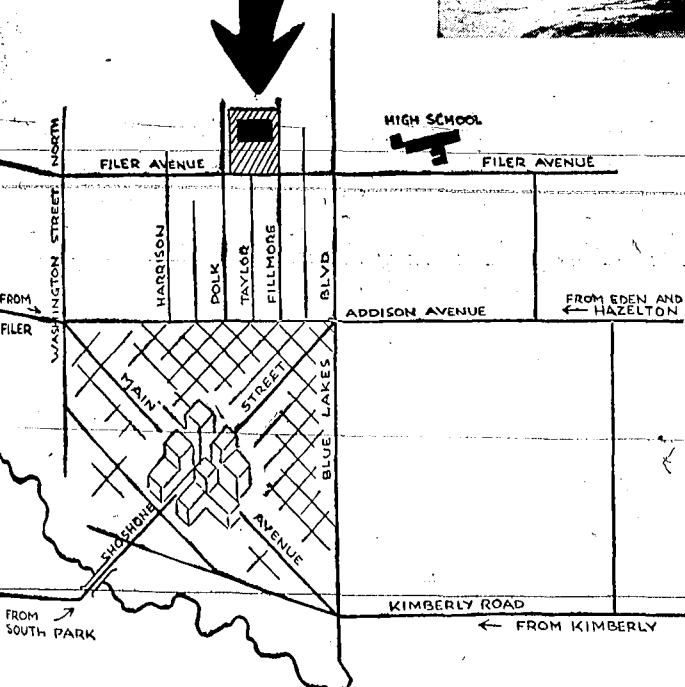

He said "the sales tax is one of the few taxes that keep pace with inflationary trends, for as costs of goods or services change, so does the tax. The cost of living index in 1956 was 100. In 1957 it was 101. In 1958 it was 102. In 1959 it was 103. In 1960 it was 104. In 1961 it was 105. In 1962 it was 106. In 1963 it was 107. In 1964 it was 108. In 1965 it was 109. In 1966 it was 110. In 1967 it was 111. In 1968 it was 112. In 1969 it was 113. In 1970 it was 114. In 1971 it was 115. In 1972 it was 116. In 1973 it was 117. In 1974 it was 118. In 1975 it was 119. In 1976 it was 120. In 1977 it was 121. In 1978 it was 122. In 1979 it was 123. In 1980 it was 124. In 1981 it was 125. In 1982 it was 126. In 1983 it was 127. In 1984 it was 128. In 1985 it was 129. In 1986 it was 130. In 1987 it was 131. In 1988 it was 132. In 1989 it was 133. In 1990 it was 134. In 1991 it was 135. In 1992 it was 136. In 1993 it was 137. In 1994 it was 138. In 1995 it was 139. In 1996 it was 140. In 1997 it was 141. In 1998 it was 142. In 1999 it was 143. In 2000 it was 144. In 2001 it was 145. In 2002 it was 146. In 2003 it was 147. In 2004 it was 148. In 2005 it was 149. In 2006 it was 150. In 2007 it was 151. In 2008 it was 152. In 2009 it was 153. In 2010 it was 154. In 2011 it was 155. In 2012 it was 156. In 2013 it was 157. In 2014 it was 158. In 2015 it was 159. In 2016 it was 160. In 2017 it was 161. In 2018 it was 162. In 2019 it was 163. In 2020 it was 164. In 2021 it was 165. In 2022 it was 166. In 2023 it was 167. In 2024 it was 168. In 2025 it was 169. In 2026 it was 170. Grand Opening

OF

OKAY'S NEW FOOD CENTER

DON'T MISS THE FORMAL GRAND
OPENING OF MAGIC VALLEY'S
NEWEST AND MOST COMPLETE
FOOD CENTER ON
WEDNESDAY, FEBRUARY 6, 1957

WE ARE pleased and proud to have been selected to design and construct this ultra-modern market and wish to take this opportunity to invite both our friends and the general public to visit the store on its opening date.

THIS building was designed, built and equipped in less than 6 months time, and such progress would not have been possible but for the tireless efforts of Mr. Lee Fillmore, Okay's store manager, and the splendid cooperation and excellent workmanship displayed by the suppliers and subcontractors listed below.

Reynolds and Walker, Inc.
GENERAL CONTRACTOR

- Acoustical Ceilings**
Lauren Burt, Inc., Salt Lake City, Utah
- Bakery and Lunchroom Fixtures**
Progress Supply Company, Salt Lake City, Utah
- Ceramic Tile**
L. W. Christopherson, Twin Falls

HERE'S WHAT YOU'LL SEE AND WHO YOU'LL MEET AT THE NEW ULTRA-MODERN OKAY FOOD CENTER

LOCATED ON FILER AVENUE AT FILLMORE, TWIN FALLS

A DREAM COME TRUE...

For many years now, we have dreamed wonderful dreams of bringing a truly outstanding shopping center to Magic Valley. During the last few years we have traveled through the country visiting many new markets and looking for the best features of each. We have concluded that a really fine store, to give you all the things you want and look for, should have the following features:

- First, of course, plenty of easy parking.
- A convenient location, accessible to all.
- A complete stock of top quality nationally-advertised brands to choose from.
- Plenty of room, with wide aisles to make your shopping more convenient and pleasant.
- A fast and efficient check-out system.
- The finest equipment available to display foods attractively and keep them completely fresh and sanitary.
- A building that is architecturally beautiful and easy to operate.
- And most important of all, friendly service.

We have been very careful to see that every one of these important features has been included in the planning of this new ultra-modern food store, to make it your own favorite shopping center.

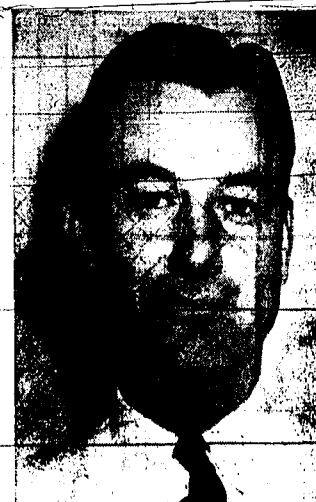

OKAY'S TEN-STAR SERVICE POLICY

- ★ Friendly, courteous service
- ★ Nationally advertised brands
- ★ Rapid check-out service
- ★ Government graded U. S. choice and good quality meats
- ★ Garden-fresh fruits and vegetables
- ★ Oven-fresh bakery goods
- ★ Clean spacious stores
- ★ Plenty of free parking
- ★ Every day low prices
- ★ Independently home-owned

LEE FILLMORE
Manager

"Having been born and raised in Magic Valley, I have always felt this was my home, and personally have a deep sense of pride and gratification in being able to play a part in bringing this grand new store to my friends in the valley. In all my 20 years in the grocery field, I can truthfully say that I have never seen a store more complete and beautiful than this one."

MARTIN RICHTER
Assistant Manager

"In my 20 years in the grocery business in Magic Valley, I have met many people and made many friends. It will be with sincere pleasure that I will be able to meet you all in this wonderful new food center, one of the finest stores of its kind in all the entire Intermountain West. This store was built with one thought uppermost: to bring you the very best in quality, value and friendly service."

Okay Food Centers are independently owned equally by the following Idaho men:

Lee Fillmore, manager at Twin Falls; Frank Hoffman, manager at Pocatello; E. L. Duerksen, manager at Pocatello; R. J. Hueller, manager at Boise; Curly Tucker, manager at Boise; E. L. Duerksen, manager at Boise; J. D. Hueller, general manager, Pocatello; O. F. Call, board member; and M. J. Duerksen, our accountant.

We have been in business for thirteen years. All our managers have had many years experience, and all have a deep love for the grocery business.

You are all most cordially invited
to attend the Formal Opening of this fine new store
WEDNESDAY, FEBRUARY 6th

and there will be many old friends here to greet you....

Jim Deeringer
Produce Department

Jim will tell you that in all his 15 years experience he has never seen such a fine produce department... 100 feet of the most modern display cases with the newest automatic moisture and temperature controls... to assure you that everything will be "garden-fresh" at all times.

MEAT DEPARTMENT

This is the most thoroughly modern and complete meat operation anywhere! 83 feet of self-service meat counter for quick, convenient shopping, with your old friend Otto on duty to give you any special cuts you might want. Behind the scenes, huge spotless cooler and freezer rooms will enable us to assure meats for better flavor. A special "Roll-A-Cool" makes it possible to cut and package meats under constant and correct temperatures.

PRODUCE DEPARTMENT

Here you will find the most attractive display of "garden-fresh" fruits and vegetables you've ever seen. There is 100 feet of the newest display equipment with automatic moisture and temperature controls to keep everything fresh and crisp. This also applies to the huge storage room where the produce can be stored before display.

New Things Different things Things you'll like

EASY PARKING

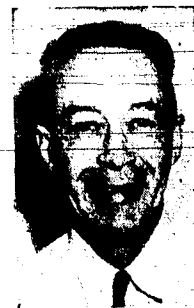

There's plenty of easy parking space—room for 500 cars—conveniently located in front of the store.

AIR CONDITIONING

A huge modern air conditioning system heats the air in the winter and cools it in the summer, to make your shopping comfortable and pleasant the year-round.

Otto Caldwell
Meat Department

You folks who like really good meat will be very pleased to know that Otto will be in charge of our meat department. For we know that many, many of you have depended upon him for years to give you the meat you like cut just the way you want it. In his new, modern department Otto can give you better service than ever.

Nancy Remaly
Check Stands

Consider this one of the most important jobs in the store. For, after all, it's the quality of the work you will not tolerate. It's the walls at the check stand, it's why we put Nancy in charge of this department, for she knows you who have been in the last 13 years will agree she is just the one to keep our stands at top-notch and efficiency.

DAIRY DEPARTMENT

We know you'll like our 32 feet of "reach-in" dairy cases. 15 glass doors that open to a leather touch make your shopping in this department a different and pleasant experience. All shelves are tilted from the rear to avoid the usual congestion found in this department.

BAKERY DEPARTMENT

Just follow your nose to our new "Little Miss Muffet" bakery, for we know you just won't be able to resist that delicious, tantalizing aroma of oven-fresh bread, cakes and pies. And when you see the tempting display—all 36 feet of goodies—you'll want some of everything!

FREE-WHEELING PUSH BASKETS

Gleaming chrome push baskets with large 6-inch rubber wheels that make them so easy to maneuver. Each includes a special folding baby seat for the little ones.

"MAGIC CARPET"

You won't believe it until you see it. Just step on the "magic carpet" and the door automatically opens for you! No more pulling or pushing stubborn doors with your arms loaded with groceries.

MURALS

Instead of signs, large and beautiful murals on the walls will act as your guide posts to the different departments.

ROTISSERIE

A special rotisserie in the meat department will be used to barbecue chickens and special order meats. When you plan a dinner or party, just place your order, and then pick it up cooked to a king's taste and ready to serve.

FANCY FOODS

Caviar, smoked oysters, joyva halves, brandy cakes, sardine filets in barbecue sauce... those are just a few of the many exotic foods and cocktail snacks you'll find in our fancy food section.

ICE MACHINE

Planning a party—no need to borrow extra ice cube trays, or to spend time chipping ice... here's a machine that dispenses ice either in cubes or cracked.

Altha Whitehead
Bakery Sales

Altha, with 10 years experience, is sure to be the center of attraction in our new store, for the delicious fragrance of fresh-baked goodies is sure to draw you sooner or later to her counter... 36 feet of oven-fresh goodness, and 8 feet of refrigerated space for cream pies.

Bert Fillmore
Dairy Department

There's not many of you folks from over Burley way that do not know Bert. He is rather new to the grocery business, but, after 40 years in agriculture, there is little he doesn't know about the dairy business. So, if you have any questions or problems, just stop and see Bert.

FOUNTAIN AND LUNCH COUNTER

With all these delicious sights and smells, you're sure to get mighty hungry, so we have installed a modern fountain and lunch counter in the lobby for your convenience. Here you will find soft drinks, ice cream, sandwiches and tasty lunches. Or, if you want something real special, you can buy your own cut of meat at the case and have it prepared just the way you want it.

FROZEN FOOD DEPARTMENT

For quick, day-to-day meals, this department has no equal. 64 full feet of tasty foods with all the delicious flavor fast-frozen right in. You'll find this your perfect answer to parties and unexpected guests.

CHECK STANDS

After you have purchased all these delicious goodies, then our most important job starts—and that is to check you out quickly and efficiently, for we know that even top quality and low prices will mean nothing if you run into long waits and bottle-necks at the check stands. Seven convenient, roomy check stands manned by courteous and well-trained checkers will make you leave our store smiling—a happy, satisfied customer who will want to return.

Clyde Taylor
Baker

Clyde is a past master at baking those things "just like mother used to make," and knows all the secrets of rich, tasty goodness and tender flaky crusts. You'll learn to drop in just at the right time and delight in the delicious aroma of fresh bread being taken out of the oven!

Chuck Walls
Grocery Department

It really don't have to say very much about Chuck for we don't think there is anyone in Twin Falls or Magic Valley who doesn't know him. We know that Chuck will be just as energetic in the grocery business as he was in the oil business as he used to be doing on the Twin Falls Brains team.

Rosa Sofia
Fountain

Rosa is famous in Magic Valley for her tasty way of preparing foods. That is why we are proud to have her in charge of our fountain and lunch counter. There you will find soft drinks, ice cream, sandwiches, lunches; and if you want a good steak, pick one out at our meat case and let Rosa prepare it for you.

A SINCERE THANK YOU...

We wish to express our most sincere thanks to Reynolds & Walker, our general contractor, their subcontractors, the suppliers and workmen for their wonderful cooperation in the planning and construction of this beautiful building, and especially in such a short space of time. We owe them much, and again we say "thank you."

HERE'S OUR ENTIRE STAFF OF OKAY EMPLOYEES

Lee Fillmore, manager of Miller Avenue store, Walt Campbell, manager of South Park store, Martin Richter, Otto Caldwell, Bert Dalton, Maude Collins, Arlene Burgoyne, Rosa Sofia, Carol Johnson, Gary Eakes, Bob Campbell, Willis Peasey, Nancy Remaly, Narva Montgomery, Edna Church, Edna Hull, Ray Ford, Bill Durbin, Jim Thompson, John Urbach, Jack Barlowe, Norman Fillmore, Clark Call, Mike Deeringer, Dean Grow, Jim Deeringer, Bert Fillmore, John Keefe, Lelyn Fortier, Larry Scroggins, Irwin Scott, Grant Dewey,

General Notes No Reduction For Spending

(Editor's note: Gen. Lauris Norstad, now in Washington for talks with President Eisenhower, started the following interview before he left Paris.)

PARIS, Feb. 2 (AP)—Gen. Lauris Norstad, supreme commander of NATO forces in Europe (SHAPE), said in an exclusive interview released today NATO's new nuclear weapons will not enable the West to reduce its spending on conventional arms.

The U. S. army general told United Press in the interview the North Atlantic Treaty Organization should maintain large numbers of troops regardless of the new nuclear weapons in NATO's arsenal.

The possibility of replacing fighting men with atomic weapons was discussed by NATO member governments three years ago, he said. But manpower has now been reduced as much as possible, and any new troop reductions will only weaken the organization, he added.

"The basic foundation of the defense of the west," Norstad declared, "is the possession on our part of the ability to destroy the Soviets if they attack NATO territory, the will to use this ability to defend the people and territories of the NATO countries and the knowledge on our part of the Soviets that we possess both of these factors."

"Having knowledge of the effectiveness of our forces and having complete confidence in our will to employ these forces in our own defense is what we believe that a military can and will be prevented," he said.

"Dependence upon important new weapons is a very dangerous illusion," he said.

"We do not appear likely that any new development at the present time or within the foreseeable future will have a drastic and dramatic effect, such as the call to about one-half of our force requirements which reflected the introduction of new weapons into our thinking."

Norstad, heading the largest combined command ever taken over by an air general, also made it clear that a cut in NATO strength is not justified because of recent upsurges in Soviet satellite activity.

He said NATO strategists have "always had some reservations" as to the "reliability" of the Soviet "standpoint" of the eastern European nations behind the Iron Curtain.

Replacement Planned for Narrow Suspension Bridge

From this angle, Hansen suspension bridge appears to be something abandoned out on the desert, with nothing to indicate Snake river flows under it in a canyon that is 174 feet deep at this point. The picturesque bridge will be replaced by the state highway department in the not too distant future. Preliminary plans for construction of a new bridge already are being considered, although the actual replacement probably will take several years. The bridge is one of the main links between the north and south sides of Snake river. However, it is considered too narrow for modern traffic. The new bridge will be larger and higher. (Staff photo—enlarging)

Plans "on Board" to Replace Hansen Suspension Bridge With Modern Span

The Hansen suspension bridge, which has linked the north and south sides of the Snake river for 40 years, is destined to become a memory. Roy Jump, district highway engineer for the state at Boise, reports plans "are on the board" to replace the old structure with a modern span.

The old bridge, built in 1917, is considered too narrow for today's traffic. The replacement bridge probably will resemble the Perrine Memorial bridge although actual plans for the structure have not been drawn, Jump said.

Survey work to build a new bridge has been completed, the district engineer continued. In a few weeks the plans of the district office will be sent to Boise where they will be studied by the location department before being turned over to the department for design, he added.

Jump stressed that a new bridge over the Snake river is definitely in the future. He said costs for the structure are not included in the current three-year budget of the department but may be added next year for the next three-year estimate of costs.

He estimated it will take two years to get the new bridge under contract. He said the span will take considerable steel and pointed out that steel is something that has to be ordered a long time in advance of use.

The location of the new bridge has not been decided. Jump said no steps will be taken in this direction until after the location of the interchange road on the north side of the river has been decided.

At the same time, the committee made some estimate of its own which it called "more realistic," saying from 93 to 144 years would be required.

of Little's car. Estimated damage to the rear of the Chevrolet was set at \$75 while front-end damage to the other car was estimated at \$40.

BPW President Speaks to Girls At T. F. College

Mrs. Janaye Cox, president of the Business and Professional Women's club of Twin Falls, spoke to an assembly of girls at Twin Falls Business college Wednesday.

Mrs. Cox stressed the importance of office duties the girls can expect on the job. Mrs. Cox also emphasized the importance of loyalty to one's employer and the ability to get along with people.

She cautioned the girls never to let personal problems interfere with work in an office.

"The talk was a part of the program for the professional practice class at the college which includes a fashion show, hair styling, nail and skin care, some instruction on walking properly, and general etiquette."

The next project to be studied will be telephone techniques. The class will practice with live telephone conversations and voice recordings. Mrs. Thma Ringwood is instructor.

Property Owners Ask Damage Pay

A joint complaint was filed in Twin Falls district court by 28 Twin Falls county property owners against the Pacific Northwest Pipeline corporation seeking pay for damages to their property caused when the corporation constructed a pipeline.

Those joined in the suit are O. H. Higgins, F. W. Williams, Ben O. Matern, Glendon O. Berry, L. Cronin, J. Peterson, Karl Bohm, Glen J. Pfeiffer, E. Kawamura, O. Gamba, C. D. Williams, H. Pringle, H. H. Thomas, M. K. Howes, R. H. Dunn, Bert Meehan, L. A. Maxwell, A. W. Matson, J. H. Crocker, H. H. Kester, O. L. Smith, Elmer Montgomery, and Clyde Holmstrom.

The property owners allege their contract with the corporation states that each party will appoint a disinterested third party to determine damages after the work had been completed. Each property owner states he has made such an appointment but the corporation has not done so.

The property owners ask the court to force the corporation to make such an appointment so damages can be settled. They are represented by Rayborn, Rayborn and Kramer.

59 Years Needed To Wipe Out Debt

WASHINGTON, Feb. 2 (AP)—At the current rate of repayment, it would take 59 years to wipe out the national debt, a study released today by the Budget Director Perceval P. Brundage, was made public Friday by the House Appropriations committee.

At the same time, the committee made some estimate of its own which it called "more realistic," saying from 93 to 144 years would be required.

Clings to the road like a stripe of paint!

The '57 Chevy can give lessons on taking curves and holding the road to just about any car going. Few cars at any price are so beautifully balanced and so smooth, sure and solid in action.

A car has to have a special kind of build and balance to keep curves under control. And nobody outdoes Chevrolet in that department! It "corners" with all the solid assurance of an honest-to-goodness sports car. Chevy doesn't throw its weight around on turns because it carries its pounds in the right places.

And if the road should turn upward, Chevy can take care of that nicely, too—with up to 245 h.p.*

Come on in and take a turn at the wheel of a new Chevrolet.

Springs, Drinking Fountain Dress up for Winter

Photo by S. Z. (Doc) Thayer, Hagerman

Cold weather changes the appearance of many things, including the portion of Thousand Springs shown in photo above and the drinking fountain at left. At Thousand Springs, the relatively warm spring water steams when it reaches the cold air. The steam forms a coat of ice over surrounding bushes and trees, creating a "fairyland fantasy." S. Z. Thayer, Hagerman, took the picture after a cold trip by boat. Mrs. Thayer, who accompanied him, said the scene really has to be seen to be appreciated. Drinking fountain at left is located up Rock creek canyon. Although freezing weather had added a pillar of ice to the drinking fountain is still in service. (Staff engravings)

Navigator Trains

Lt. Robert M. Falsh, Twin Falls, is receiving advanced specialty training in radar bombardment and electronics after receiving his Harlingen based for 42 weeks.

JOHN DIVISION
BUHL, Feb. 2 — Spc. S/L Howard C. Hunt, son of Mr. and Mrs. P. Hunt, Buhl, has been assigned to the 11th airborne division in Germany.

Vehicles Collide

RUPERT, Feb. 2—State Patrolman Roy Thomas investigated a minor accident at the intersection of highway 25 and 27 in Paul at 4:55 p.m. Tuesday.
Mrs. Elias C. Robbins, 25, Port Alexander, N. M., driving a 1954 Dodge, stopped at the stop sign on highway 27 and then started across the intersection when a GMC pickup, driven by Daryl M. Scott, Paul, entered the intersection. Estimated damage to the car was set at \$150 and \$75 damage to the pickup.

Bill Is Killed by Senate for Utah

SALT LAKE CITY, Feb. 2—The Utah senate killed Friday a bill which would have repealed a law giving the governor's mansion to the state historical society.
The senate suspended its rules to give final passage to a joint resolution asking congress not to establish an active training period for members of the national guard of more than three months.
