Don't Pass' Tag Put on Work Bill By Senate Group

BOISE, Feb. 27 (AP)—The industry and labor committee of the Idaho senate today reported out the controversial so-called "right-to-work" bill with the recommendation that it not pass. Action on the measure which would outlaw the union shop and closed shop in Idaho is expected this afternoon upon suspension of the rules. Normally, the bill would have come up for a vote tomorrow but senate leaders indicated shortly before noon they expected to call the measure to the floor during the afternoon session today.

There was pending the rules. There was some talk that the upper chamber would continue to work through the lunch period to take action on the measure.

However, Sen. O. J. Burton, D., Teton, presiding pro tem, moved the upper chamber recess until 2 p. m. when the "right to work" measure is expected to be presented.

Meanwhile, the situation regarding salary increases for state officials and judges was thrown into new confusion with the introduction of a third set of bills on the subject.

The new salary schedule, proposed by the house state affairs committee, is the most generous of the three. It would raise the governor's salary from the present \$10,000 a year to \$15,000 and grant big raises to other officials.

One of the earlier sets of bills, which in itself provided two different proposed schedules for judges, was also introduced by the state affairs committee.

The upper chamber has not yet introduced by the senate finance committee.

Israelis Advised Move Troops As Officials Talk

WASHINGTON, Feb. 27 (AP)—The United States today again urged Israel to make "a voluntary withdrawal" from disputed Middle East areas to avoid United Nations sanctions for their pressure. The state department issued a statement to that effect as Secretary Dulles met in an urgent and hastily arranged conference with the Israeli Foreign Minister Golda Meir and Ambassador Abba Eban. State department Press Officer Lincoln White reported consultations are under way with six other countries in the United Nations to work out "appropriate language by which to express the President's policies."

White emphasized there had been no change "in any respect" in America's position as set forth by President Eisenhower in his Feb. 20 radio-television address to the nation.

Meanwhile, President Eisenhower and French Premier Mollet, apparently expecting United Nations developments on the Israeli-Egyptian crisis, decided to continue their talks into tomorrow.

The White House conference, which started yesterday, was scheduled to end this morning.

Press Secretary James C. Hagerty said questioning newswriters "certainly" was a great deal of progress made at two conferences and a formal luncheon yesterday.

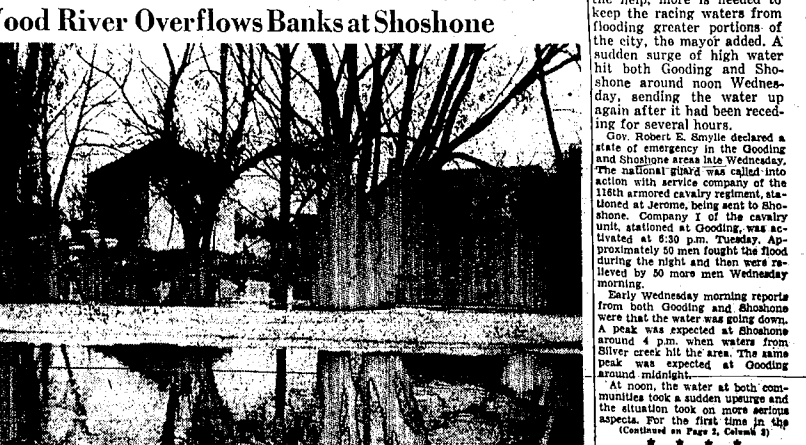

The talks have been aimed not so much at reaching specific agreements as at healing a breach which followed the French and British invasion of Egypt last October. The United States had protested that move.

White's statement noted U. S. collaboration with the other states on what presumably might emerge as a peace resolution in the U. N. Then he said:

"In the event this becomes necessary we are still hopeful that there will be a voluntary withdrawal by Israel so that no further U. N. action in this respect will be called for. We are now having a further exchange on this aspect of the matter with the government of Israel."

Gooding Looks for More Aid in Flood; Guardsmen Called Out in Emergency

A call for volunteers was made at noon Wednesday by Gooding Mayor Harley V. Crippen to relieve men who have been battling rising waters of Little Wood river for more than 24 hours. City and county crews have been at work on the river since early Tuesday morning and a number have had to leave the job because of exposure and exhaustion. The National guardsmen entered the battle at both Gooding and Shoshone Tuesday afternoon and evening and fresh troops were called into action Wednesday morning to relieve those who had been working all night. In spite of all the help, more is needed to keep the racing waters from flooding greater portions of the city, the mayor added. A sudden surge of high water hit both Gooding and Shoshone around noon Wednesday, sending the water up again after it had been receding for several hours.

Little Wood River Overflows Banks at Shoshone

From both Gooding and Shoshone reports that the water was morning down. A peak was expected at Shoshone around 4 p. m. when waters from Silver creek hit the area. The same peak was expected at Gooding around midnight.

Early Wednesday morning reports from both Gooding and Shoshone said that the water was going down. A peak was expected at Shoshone around 4 p. m. when waters from Silver creek hit the area. The same peak was expected at Gooding around midnight.

At noon, the water at both communities took a sudden upsurge and the situation took on more serious aspects. For the first time, the dip (Continued on Page 3, Column 3)

Probate Judge Raps Legislature Inaction

Inactivity of the Idaho legislature in enacting a new law or amending the present youth rehabilitation act drew fire Wednesday from Twin Falls Probate Judge Everett M. Sweezy. The failure of the legislature to provide a workable law has tied the hands of Idaho probate judges and has created a backlog of juvenile cases in my court," Judge Sweezy said. "I'm up to the ears. I have seven cases pending involving 15 juveniles."

Judge Sweezy was scheduled to hear one case Wednesday, two Friday, two Saturday and another on Monday.

Another case involving a juvenile from Twin Falls, is expected to be transferred from Blaine county probate court to Twin Falls.

Recently, at the request of J. Burns Bunker, head of the state affairs committee, Judge Sweezy submitted recommendations to amend the youth act and recommended a parental responsibility act.

"So far as I can learn, no action has been taken by the committee. If my name is approved, it will be to my honor," Judge Sweezy said.

He pointed out that the dilemma now faced by probate judges is that they are not allowed to act under the present law or should we wait and see what, if any, action the legislature will take on the matter?"

Judge Sweezy pointed out that the present youth act was enacted hastily during the last days of the last legislature and that the act is full of contradictions. He expressed concern regarding what may be done to the act during the last days of the present legislature.

Officers Hear Of Job Facing Idaho Prison

GOODING, Feb. 27—The Idaho state penitentiary is over-populated and prison officials fear a big job will be facing them in the near future. Providing facilities for inmates and keeping them busy, a member of the state board of corrections told the Valley Press Officers Tuesday night.

Addressing 54 members of Magic Valley Peace Officers association and prison officials, a big job will be facing them in the near future. Providing facilities for inmates and keeping them busy, a member of the state board of corrections told the Valley Press Officers Tuesday night.

"We want to punish or rehabilitate them," Mark Maxwell said. He pointed out that three per cent of those now confined remain in prison for the rest of their lives. The balance will be released to return to society.

Financing the prison's operation is in need of change, Maxwell said. He noted that it costs the state around \$250 a day to feed and provide for one prisoner.

The current amount now received by the penitentiary for each prisoner is around \$192 per day.

The greatest source of income for the penitentiary is the manufacture of automobile license plates. Maxwell said the present license plate plant is a makeshift operation, such as highway road signs, to make up the deficit.

Thursday night, the population of the state penitentiary was 557, Maxwell said. Because of current overcrowding conditions, the prison administration is forced to use some old blocks constructed in 1897. He told of how inadequate these sections are to hold the present inmate population. Pleasant valley and other inmates were not provided when built.

Idaho Regions Struck By Ramping Rivers

Rivers were on the rampage throughout southern Idaho today and the weather bureau said they would continue to rise. A flood crest was expected shortly on the Snake river at Weiser, about 60 miles northwest of Boise. National guardsmen were standing by. Upstream at Midvale, the Washington county sheriff's office reported the Weiser crest at 4 a. m. and dropped a foot in an hour. U. S. highway 95-30 was blocked south of Weiser because more than a foot of water was running across it.

Residents of the eastern Idaho community of Sugar City cut a Union Pacific railroad embankment along the Teton river to release water of the swollen stream. They had telephoned state authorities in Boise for permission to make a breach in the levee in flood area.

In Oregon, Gov. Holmes said he may ask President Eisenhower to declare an emergency in flood areas.

The Snake river, with swollen tributaries pumping into it all across southern Idaho, rose more than half a foot in 24 hours at Weiser.

The state highway department said waters of the Portneuf closed at 8 highway 20 at McCammon, but it was expected to be open during the day. There also was water on State highway 26 near Arco, the department said.

Weiser was not isolated, despite closing of the main highway south of town. Traffic was being detoured over a country road which itself was covered with a foot of water.

Mayor Clifford Biggs of Midvale said the flood crest there lacked six inches of flooding city streets. He said there was no evacuation of the town.

Where the Malheur river was receding after sending as much as four feet of water at McCammon, business and residential areas the big job of cleaning up began.

4-Year Term Proposed for Idaho Solons

BOISE, Jan. 27 (AP)—Resolutions calling for four-year terms for Idaho legislators were introduced in the Idaho state senate last night. The upper chamber's first legislative session since the 34th legislature convened on Jan. 7.

The senate turned thumbs down on the measure by a 10-0 vote. The measure was sponsored by the economic development committee of the house and lost in the senate 24-10, after lengthy debate.

The resolution proposed four-year terms for lawmakers would take effect with the 1960 general election.

However in 1960 that only half of the legislature would come up for reelection at any given time. It provides that half of the legislature would be elected in 1960 for two-year terms. The other half would be elected in 1962 for two-year terms.

At present the entire membership of the legislature has to run for office every two years.

The senate majority would empower the supreme court to name such an investigative body to look into appropriations of state funds for other agencies to the property of the state.

The half-draft bill introduced in the house would allow the legislature to take action on the property of the state.

Commission OK's Purchase of More Fairground Land

A move to add 15 acres to the present 40 now used yearly for the Twin Falls county agricultural fair was made Monday by the board of county commissioners.

The three-member board voted to lease 15 acres, located immediately south of the park bounded, from the state of Idaho. The lease is to run for five years.

Tom Parks, fair board chairman, says horse barns will be moved to the additional land and the remainder used for parking. Parks said "many" trees have been removed from the fairgrounds to provide more parking space.

The fair will be held Sept. 4, 5, 6 and 7 with Elks and Lions club carnivals and other events. Hutchinson's rodeo again scheduled to appear.

Probe on Bribery Of Solon Ordered

AUSTIN, Tex., Feb. 27 (AP)—The Texas house of representatives today unanimously authorized a nine-member committee to make a "full, fair and impartial" investigation of a charge that State Rep. James E. Cox consented to accept a \$5,000 bribe to kill a man.

The bribery charges, if found to be true, constitute "a serious, gross and inexcusable offense against the rules of the house," said the resolution authorizing the probe.

The committee will meet today. Rep. W. M. Spillman, named committee chairman.

Truck Hits Home, Idaho Driver Dies

POKEMON, Feb. 27 (AP)—Mick Egan, 46, was injured today when his truck hit a house on the west side of town. Egan was killed when the truck hit the house. The driver was killed when the truck hit the house.

Plane Carrying 5 Reported Missing

DILLON, Mont., Feb. 27 (AP)—Search and rescue squadrons from Butte and Idaho Falls joined ground forces this morning in search for a light airplane carrying five persons.

The plane was last sighted about 5:30 p. m. yesterday over Spencer, about 15 miles north of Dillon, and 65 miles south of Dillon.

Pilot of the craft was Don Smith, 32, Dillon city attorney.

Top Tribunal OK's Increase In Dam Height

BOISE, Feb. 27 (AP)—The Idaho supreme court today affirmed a lower court decision permitting the Big Lost River irrigation company to raise the height of Macgill dam by five feet.

State Reclamation Commissioner Mark Kulp had denied the irrigation company's application and the case went to district court on appeal.

The irrigation company applied originally to install "tailer" gates in the dam to raise the reservoir level 15 feet. Kulp turned down the company's permit to install the "tailer" gates, according to the supreme court opinion, permits require the state to raise the level five feet.

The dam is owned by the Macgill Irrigation Co., which is a subsidiary of the Idaho Power Co.

Hole Blocks Road

REDFORD, Feb. 27 (AP)—A hole in the road blocked traffic today on Highway 20 near Redford. The hole was caused by a landslide and was about 10 feet deep.

Appropriations Committee Solon Takes Issue With Seaton Federal Dam Policy

WASHINGTON, Feb. 27 (AP)—A high-ranking Republican member of the house appropriations committee took issue yesterday with Secretary of Interior Seaton's policy of leasing federal lands to private power companies for dam construction.

Representative James Kuykendall of Idaho, a member of the committee, said that the federal power commission in opposition to a proposal by Seaton that the power company's application for a dam construction license pending a study of the river bordering Idaho and Oregon.

Seaton wrote Kuykendall Feb. 16, saying a detailed study of a proposed federal Pleasant valley dam had been ordered. His letter was interpreted as being a request for the power company's application for a license to build a power dam on the river.

The bureau of reclamation closed in on the study of the Pleasant valley dam, which would be economically feasible.

Mother, Child Dead in Crash

NAMPA, Feb. 27 (AP)—Mrs Robert W. Robb, 39, and her infant son, Lee Ernest Robb, were killed last night when their car was struck by another vehicle at an intersection here.

Police said the woman and the baby were thrown from the car by the collision. A third person in the car, Deanna Robb, 12, was hospitalized with shock.

The driver of the other car was identified as Pete Cerrillon, 38, Nampa. He was not injured, police said.

The deaths were the first of the year for Nampa.

Youth Dies

CALDWELL, Feb. 27 (AP)—A 14-year-old boy was killed today in a tumbling accident at Horebale high school.

Horebale, injured Feb. 6, died last night. His back was injured when he fell while tumbling in the gymnasium.

Summer Recreation Discussed for Methodist Churches

Summer recreation for churches in the Idaho conference of Methodist churches was set up in the form of family camps at a meeting held here Tuesday by the adult work committee of the conference board of education. The Rev. Cecil G. Hannan, superintendent of the

western district, Boise, expresses his views while the Rev. Richard H. N. Yost, committee chairman, second left, Mrs. Leonard Clark, Buhl, secretary, and the Rev. J. D. Crego, Paul, right, president of the conference board of education, listen. (Staff photo-engraving.)

Methodist Adult Work Group Sets up Family Summer Camp

Summer family camps were set up Tuesday by action of the adult work committee of the conference board of education at a meeting in the Methodist church.

A family camp for the eastern district was scheduled for the week-end of Aug. 2 through 4 at the Sawtooth Methodist camp. The second camp will be held in the Wallawalla Methodist camp, Wallawa, Ore., the following week-end.

The committee expects the largest registration in the history of Methodist family camps through vigorous publicizing and promotion. Each church in the Idaho conference will be asked to send at least one family to the camps.

The Rev. Richard H. N. Yost, associate pastor of the local church, was named chairman of the committee and Mrs. Leonard Clark, Buhl, was elected permanent secretary. Others attending the one-day session were the Rev. Cecil G. Hannan, superintendent of the western district, Boise; the Rev. J. D. Crego,

Wageman Wins in Shoshone Lawsuit

SHOSHONE, Feb. 27—Justice of the Peace Frank Dice Monday found in favor of Chris Wageman, north of Shoshone, in an action for \$75 for hay and pasture brought by Gale Morrison, Dietrich.

Morrison had been leasing R. N. Crooks' farm when Wageman took over the lease. A field of hay on the farm belonged partly to Morrison and partly to Crooks. Cattle was turned upon the land to pasture and Morrison claimed Wageman owed him for hay and pasture.

During the hearing Monday, Judge Dice said the parties discovered the cattle had been turned onto the land not by Wageman but by R. M.

Crooks, father of the owner of the land. On Saturday Judge Dice found in favor of Fred Winters, Glenna Ferry, against Ed Mathison, Shoshone, in a minor automobile accident case. Damages amounting to \$48 were awarded. The accident happened on Dec. 7, 1956, at a Shoshone intersection.

GI 'Turncoat' Is 'Soured' on Reds, Leaves

HONG KONG, Feb. 27.—American turned Samuel D. Hawkins returned to the free world from red China today, saying Russia's crushing in Hungary soured him on living in a communist country.

The 24-year-old ex-soldier from Oklahoma City, Okla., was captured during the Korean war, crossed the border into this British colony at 11 p.m. last Tuesday. He was sober-faced when met by British U.S. and Red Cross officers, but smiled broadly when he received news from the Princess hotel an hour later.

He frankly admitted he was a "turncoat."

Asked why he had left communist China after three years, Hawkins said:

"Mostly because of the Hungarian situation," he said. "I did not like the way it came about. To me it seemed to be a wanton killing by Soviet soldiers."

The six-foot infantryman, well dressed in a blue suit which looked new, carried his overcoat and a blue scarf as he crossed the border.

Hawkins' wife, Tanya, a Russian whom he married in June, 1955, did not come with him because the United States would not guarantee her an entry permit until proper application is made. Unless Hawkins can get her an entry permit to the United States, British authorities will refuse to let her into Hong Kong.

Hawkins told inquiring newsmen he had learned of the events in Hungary from radio broadcasts by the British Broadcasting company, the Voice of America and the U. S. armed forces radio, but mostly from Hungarian students in Peking.

Hawkins said he had hoped to come out of communist China earlier but delayed his return because he wanted his wife to come with him. When he found that was impossible, he decided to come out and work for her entry permit.

Hawkins, a private first class when he was captured in November, 1950, was one of 21 U. S. servicemen who refused to return to the United States in "operation big switch" at the close of the Korean war. He is the seventh to come back. Another one is dead.

His mother, Mrs. Corley Jones, with whom he lived while going to school in Los Angeles, has moved back to Oklahoma City to be with her parents. Mr. and Mrs. Herbert E. Slaughter, Hawkins' father is dead.

The U. S. embassy plans to give Hawkins a one-way passport good only for passage back to the United States.

Former Twin Falls Man Joins Boeing To Assist in B-52 Stratofortress Tests

WICHITA, Kan., Feb. 27.—A former Twin Falls man who has nearly 20 years flying experience has joined Boeing Airplane company as a pilot during flight testing at Wichita, Kan., as a pilot.

Donald P. Thometz, son of the late I. Thometz, Twin Falls, is being the lead out on the B-52 Stratofortress global bomber. Later he will assist in flight testing the 400,000-pound plane.

The eight test bombers are in production for the air force at Wichita, Kan., at the company's Seattle division.

Thometz comes to Wichita from Edmonton, Alberta, Canada, where he was a chief pilot for Westair Transport, flying DFW (Douglas Early Warning) line assignments for a construction company.

The flights were hazardous at first, Thometz recalls. "I guess we got used to the magnetic north pole that compasses were useless."

"We flew with plenty of fuel and sort of followed our noses," he continued. "Later when beacons and radio-radar installations began operation, things weren't nearly so bad."

Born in Twin Falls, Thometz attended schools there before entering Santa Monica, Calif. Junior college. He later transferred to Los Angeles City college.

During his time in college he learned to fly various light aircraft, and in 1952, after the beginning of World War II, Thometz became an army air corps instructor on the Boeing Kaydet primary trainer.

After the war, he was a pilot for Northern Airlines, Mount McKinley Airlines, Air Transport Association and Westair Transport.

Thometz married the former Mina Masters, San Diego, in Tucson in 1944. The couple has three children.

CHAMPION BOURBON by Schenley

Time Drawing Near for "Ike" To Set Choice

WASHINGTON, Feb. 27 (AP)—The time is approaching when President Eisenhower must come to grips with another political decision.

He must make up his mind whether he wants to support Vice President Richard M. Nixon for the 1960 Republican presidential nomination.

Perhaps Mr. Eisenhower will want to shift that one.

But presidents, like kings, have responsibilities in common. One of them is to designate or, in the case of a king, to produce a bona fide, unquestioned heir.

Mr. Eisenhower's responsibility to designate an heir is real and substantial because he is attempting to build a new party. He and others are telling the old guard Republicans that they are through, their policies outdated and their appeal to the voters going if it has not already gone.

The President has set up the party of modern Republicanism, and Eisenhower party as clearly as the new deal of the early 1930s was the Roosevelt party. The Roosevelt party never required an heir to succeed FDR. Mr. Roosevelt always was available and acceptable.

There were some moments of uncertainty before he decided to go for a third term and during those moments Mr. Roosevelt played with the idea that Henry A. Wallace should become the new deal candidate in 1940. Harry Hopkins thought for a time that he would be the new deal candidate.

Mr. Roosevelt solved the problem by continuing as a candidate so long as he lived. The party which is a monument to FDR's political genius was strong enough after he died to win one more triumph before it began to fold for lack of accustomed leadership. That triumph in 1948 took Harry A. Truman in the White House.

Mr. Eisenhower cannot solve this problem as FDR solved his. Mr. Eisenhower will be lunched after Jan. 20, 1961, by an amendment of the Constitution which forbids a third term. Like FDR, Mr. Eisenhower is sponsor of a new party which seeks to move party foundations considerably to the left of the old stand. He will need someone to carry on to prevent the Republican party from shifting back to its old moorings.

The time is coming and fairly soon, therefore, when a great many Republicans will be expecting Mr.

Angered Squirrel May Have Reason For Running Wild

NEW YORK, Feb. 27 (AP)—A noted squirrel yesterday caused a near-panic on a crowded street corner in Brooklyn.

The incident began when the squirrel began leaping from shop windows to a group of children.

Seeing a squirrel, it tried to get the squirrel which replied by biting him on the hand. The squirrel then leaped to the ground and ran.

Truck driver Robert Katz, who was on the scene, was startled.

During an ensuing chase, Katz attempted to capture the squirrel as it charged up and down his leg.

Three administrators took the squirrel into custody.

This administrator's explanation of the squirrel's behavior was that it was hungry.

"This is the mating season for squirrels," they said.

Speaker Sees No Extra Newspaper

WASHINGTON, Feb. 27 (AP)—Cranston Williams, general manager of the American Newspaper Publishers association, told a senate committee yesterday that there is no surplus of newspapers in sight.

Williams said that during the past year the newspapers "strained every possible facility" to meet the demand for paper, and still stand up with just enough.

"The supply and demand situation in 1957," Williams said, "depends on what happens in 1958."

Visits Legion

RICHFIELD, Feb. 27 (AP)—Hawley Atkinson, department commander of the American Legion, visited the Richfield-Legion post Monday evening.

A series of afternoon card parties were planned by the auxiliary as fund raising project. Mrs. Stanley Weymouth was named chairman of the committee in charge of making flowers for Memorial day sales.

RUSE WORKS

VIENNA, Feb. 27 (AP)—Eight Yugoslav refugees escaped into Austria last week by posing as a wedding party and getting the border guard drunk in celebration, police said today.

Eisenhower to name his man. The pressure for that will build up and become terrific.

India's Menon Is Controversy On Vote Clash

NEW DELHI, India, Feb. 27 (AP)—K. Krishna Menon, India's chief United Nations delegate and President Jawaharlal Nehru's personal adviser, has become a controversial figure since he came to power.

Menon has personally intervened to defend Nehru in the 15-day parliamentary elections which began Sunday.

Although Menon has lived in India for the past 30 years, a district for him to represent was found in industrial north Bombay. Menon's ruling Congress party made the issue there a test case—a vote against Menon would be a vote against Nehru himself.

Menon is expected to win his seat despite the criticism of his handling of the Hungarian and Kashmir issues before the United Nations.

Menon came under fire on grounds that, at the time he was criticizing the Anglo-French invasion of the Suez canal zone, he failed to denounce the Soviet intervention in Hungary.

M. D. Dandavate, secretary of the Socialist party which is opposing the Congress party in the elections, has accused Menon of making an "utter mess" of the Kashmir issue.

Nehru has stood behind Menon, speaking of Menon's "brilliant performance" in the United Nations and endorsing Menon for integrity, honesty and ability.

Wheat Group Is Formed in State

LEWISTON, Feb. 27 (AP)—The Idaho State Wheat Growers association was organized here last night at a meeting of growers. Charles Gasky, Lewiston rancher, was elected president.

More than 50 growers, representing eight north Idaho and four south Idaho counties, were at the inaugural meeting.

Other officers elected to the new state association were Hal Edwards, Tensed, first vice president; Adrain Nelson, Genesee, second vice president; and Robert Williams, Lapwai, secretary-treasurer.

Trade Talk Starts

NEW DELHI, Feb. 27 (AP)—A private U. S. trade mission opened consultations with Indian businessmen today in hope of stimulating more trade between the two nations.

The group will inform Indian businessmen on methods of marketing in the United States and explain ways to attract the American business community to participate in trade with India.

Famed Orchestra Conductor Closes Longtime Career

NEW YORK, Feb. 27 (AP)—Dr. Bruno Walter, one of the great orchestra leaders of our time, last night ended a career that spanned 45 years.

Walter put aside his baton after conducting the New York Philharmonic orchestra in an all-Bethoven program. The concert was a benefit for the pension fund of the Philharmonic orchestra.

Walter made his debut as conductor of the Cologne Opera house orchestra in 1922 as guest conductor of the New York symphony.

During the next two years he conducted orchestras in Boston, Detroit and Minneapolis.

Blind Woman Set For Ski Attempts

GENEVA, Switzerland, Feb. 27 (AP)—A blind American woman went to the winter resort at Villars today to prove she doesn't need eyes to ski.

Mrs. Thomas L. Kiehl, Appleton, Wis., will spend 10 days as a guest of the Lion club of Villars, where she is taking special skiing lessons. On her arrival by air here yesterday, she said she already had tried some skiing in the United States to prepare for the expedition.

Tea Is too Weak, Miners on Strike

CHESTERFIELD, England, Feb. 27 (AP)—Five hundred miners are on strike because their tea is too weak.

The men said the mine bosses had ordered their canteen manager to use fewer tea leaves, then fired the manager when he complained that the men didn't like the resulting brew.

Crushed Gravel For Driveways

BURL, Feb. 27 (AP)—Dale V. Olson, son of Mrs. C. L. Cramer, Burl, recently completed 10 weeks of advanced individual training under the packet platoon system at the army armor training center, Ft. Knox, Ky. Olson received medium tank training.

Franco Believed Paving Way For Return by Spanish King

By United Press. Generalissimo Francisco Franco, who lives in exile in Portugal, Spain, appears to have moved another step toward restoring to Bourbon monarchy, which he favors, the throne in Spain.

He seems also to have moved a step toward giving up some of the sweeping powers he has held for more than 20 years.

These developments seem indicated by Franco's director reshuffling of his cabinet, the first since July 1955.

The reshuffling of men who favor the restoration of the monarchy is a stark change in the Franco regime.

And Franco has provided for the appointment of a prime minister of some future time.

There is every indication, however, that Franco now is integrating in state in office for the foreseeable future.

Franco is now his country's "dictator" leader of the empire, chief of the state, commander in chief of the armed forces, prime minister and head of the Franco political party.

He has wielded dictatorial power ever since he was named chief of state on Oct. 1, 1939, two months after the outbreak of the civil war as leader of the nationalist rebellion against the leftist-led Republican government.

King Alfonso XIII had been overthrown in 1931 when the Republicans won an overwhelming victory in a national election. Alfonso died in Rome in 1941.

The civil war ended in 1939. Franco remained head man. On March 31, 1947, he announced that Spain was to become a monarchy again. He appointed a regency council which, in the event of his own incapacitation or death, would name a king.

Nominally, the heir to the throne would be Alfonso's son Don Juan.

Holiday Marked By Burley DAR Chapter's Party

BURLEY, Feb. 27—The John Day chapter of the Daughters of the American Revolution held a tea Friday afternoon at the National hotel, an annual custom of the chapter to commemorate Washington's birthday.

The program was opened with the DAR ritual service led by Mrs. Reese Williams, Twin Falls, regent, and concluded with a salute to the flag which was recently presented to the high school by the chapter.

Mrs. Kenneth Henderson, mistress of ceremonies, introduced Mrs. Wayne Newton, who sang two selections, accompanied by Mrs. Charles Gratt.

Mrs. Henderson introduced Mrs. J. Woodson Greer, Twin Falls, who reviewed the biography of George Washington.

Mrs. Greer also gave impressions of his play "Pygmalion," now being produced as "My Fair Lady."

Recordings of the music were played as an addition to the dialogue.

Following the program, tea, coffee and gingerbread were served. The tea table was decorated with red tapers, centered with a log and hatched of silver and red surrounded by leaves and red cherries; fastenings were by Mrs. J. L. Caldwell, Mrs. Williams and Mrs. Verma Blakely presided at the tea table.

Mrs. Caldwell, chairman, was assisted by Mrs. J. F. Mahoney, Mrs. Frank Redfield, Mrs. Con Annett and Mrs. William Blahop.

Other guests from Twin Falls were Mrs. Jay Gaskill and Mrs. A. F. Culand.

The group noted the absence of Mrs. Mary Allen, who has recently been ill. Her efforts procured the charter for the John Day chapter.

*Creep Feed contained sufficient AUREOMYCIN to provide 70 milligrams of AUREOMYCIN Chlorotetracycline per head per day.

The trend is more and more toward creep feeding beef calves!

Today, cattle feeders in all sections of the country have more reason than ever before for adopting creep feeding as a regular feature of their cattle feeding programs.

A test just completed tells you why. Look at the table on the left. Note the exceptional money-making results achieved with AUREOMYCIN in creep feeds. Other trials, now nearing completion, also show dramatic results in providing thrifty gains!

It will pay every cattle feeder to look closely at this new development. Talk to your feed manufacturer or feed dealer about creep feeding. He can supply you with creep feeds that contain sufficient AUREOMYCIN to provide your beef calves with the recommended 70 milligrams of AUREOMYCIN Chlorotetracycline per head per day. Start now to get thrifty gains with creep feeds containing AUREOMYCIN!

Water Laps at Shoshone Homes; Guardsmen Called Out

Wide area at Shoshone is flooded by Little Wood river which went out of its banks Tuesday following spell of warm weather and heavy rainfall. This is the first time in several years the river has flooded at Shoshone.

Members of the 118th armored cavalry regiment, Idaho national guard, were called in from Jerome to help sandbag river banks in Shoshone. These guardsmen are building sandbag barriers to protect homes near the river. (Staff photo-enshring)

Hailey Area's Schools Levy Hike Okayed

HAILEY, Feb. 27—Voters in the Hailey school district No. 51 Tuesday approved an additional five-mill levy for the operation and maintenance of schools in the district.

The board, under state law, can levy 25 mills for operation and maintenance without an election. In the election Tuesday the board was authorized to levy an additional five mills, bringing the total levy to 30 mills. In 1955 and 1956 voters authorized additional three mills for total levies of 28 mills each year.

The vote was 157 for the increase and 77 against. A simple majority was needed.

A breakdown of the voting—for and against—follows:

Bellevue, 22-15; Carey, 35-7; Ganett, 8-7; Hailey, 72-29; Ketchum, 21-22.

T. F. Man Reports On Building Fund Of Lutheran Unit

Ernest Weick, Twin Falls, reports nearly \$80,000 in loans has been received by the Magic Valley circuit of the Lutheran church-Missouri Synod in connection with a \$600,000 building program being conducted by northwestern United States Lutheran churches.

The northwestern district program is part of an ultimate goal of 41 million dollars which the church hopes to raise throughout the nation to build churches and purchase sites for an estimated 1,350 new missions in North America by 1965.

Loans become part of a revolving fund called "God's Bank." Weick said, and are loaned to new parishes which repay the loans on a percentage basis each year.

Weick added the \$800,000 area total has been raised in the past few months.

Nationally, the church hopes to solicit 3 1/2 million dollars immediately for the building fund, he said.

Open House Held By Granger Unit

SHOSHONE, Feb. 27—Magic Grange held open house Friday evening. The history of the Grange was reviewed, general plan of operation and benefits to members and the community were emphasized.

Plans were made to cooperate with the Music auxiliary in buying a piano for the school.

The group decided to support the bloodmobile visit here on March 4. Mrs. George Horn presented the program. Taking part were Richard Tays, Vern Johnson, Terry Johnson, Mrs. Vivian Jackson, and E. J. Baer, manager of the Idaho Power company office.
