

# Public Power Bid For Hells Canyon Review Is Denied

WASHINGTON, April 1 (AP)—Public power interests lost in the supreme court today their long legal fight to block development of Hells canyon in the Pacific Northwest by a private power company. The court, in a brief order, refused to review an appeal by the National Hells Canyon association from a ruling against it last October by the U. S. court of appeals here. The lower court affirmed federal power commission action in 1955 au-

about two and one-half miles south of the junction of U. S. highway 93 and state highway 25. Mrs. Menace is a patient in Magic Valley Memorial hospital where her condition is good. Her daughter, Jan Menace, who was sleeping on the rear seat, incurred minor injuries. (Photo by State Patrolman R. E. Young—slight engraving)

## Reasons for Protest On High Dam Listed

[illegible]

The others will be Oxbow, 11 miles downstream, and Hells canyon, 23 miles farther down.

The states of Washington and Oregon filed briefs in the high court, urging review of the case. Idaho opposed review.

It should be considered on this interstate stream until a compact is approved by the states involved.

Future, it gives us no assurance of future upstream development; lower stream development.

WASHINGTON, April 1 (AP)—Secretary of State John Foster Dulles "brutally" withdrew a U. S. offer to help finance Egypt's Aswan dam on a calculated risk "to call Russia's bluff."

He exploded and spat on the floor at the mention of Truman's name.

WASHINGTON, April 1 (AP)—Senator Jackson, D., Wash., at Saturday Pacific Northwest senate will meet Monday afternoon will

BOISE, April 1 (UP)—A Jerome high school senior and her English teacher received awards from Gov. Robert F. Wagner today for their work in the development of the opportunity to develop her own natural resources; fifth, the federal dam does not provide a means of flood control as its proponents claim; sixth, the order of listing of preferential uses of water.

\_\_\_\_\_

The commission in reply brushed aside the association's arguments. It said more hearings on revised drawings would be repetitive and unnecessary.

**Idaho Power  
Leader Hails**

### Court's Ruling

BOISE, April 1 (AP)—Idaho Power company President T. E. Roach Tuesday hailed the U. S. supreme court's refusal to review company licenses as a "triumph for the orderly process of government."

Roach said the supreme court's action "has been a great

ment the public interest and the committee solid support."

Other prize winners were Kathleen Allen; Kimberly, second prize; Jo Ann Huber, second prize; Madeline H. Hays, second prize; Karen Dean, Butte High School, of Ore.; Wick Dufford, Boise, and Deanne Hickson, Nampa, honorable mention.

JEROME, April 1 (The Rev. Father Bartholomew James Carter; 66-444) said St. Benedict's hospital here today was closed for the hospital Sunday. He had been ill only a short time.

St. Benedict's hospital was born Sept. 9, 1891, attended Columbia college at Dubuque, Ia., and St. Mary's seminary, Baltimore, Md., and was ordained in 1915.

another of the many obstacles which the 'public-power-or-nothing' advocates have used in their efforts to discourage and prevent the Idaho power company from assuming its responsibility to the people of this area," Roach said.

On Sept. 18, 1947, he became chaplain of St. Valentine's hospital in Wendell and continued in that position until his death on June 15, 1959.

He said that despite "constant heckling" from public-power inter-

Mr. Celaya was born in Spain Jan. 10, 1887, and came to the United States in 1908. He moved to the Castleford district from Mexico in 1920. He was a member of the Castleford Men's club, a member of the advisory board of the Burley district of the bureau of land

eral power commission. The year-long hearings before the commission gave both proponents and opponents of the Idaho Power company's three-dam project ample opportunity to present their views.

Surviving are his widow whom he married at Mountain Home on Dec. 18, 1929; one brother, Lorenzo S. Meloy, Twin Falls; one sister, Mercedes Celava, Spain; one grandson, the 71 Livestock association and the Idaho Woolgrowers association.

He was buried at St. John's church at 10:30 a.m. Thursday, Dec. 14, 1939, by Bishop James J. Byrne, Boise, as celebrant. Concluding services will be held at 4 p.m. Thursday in St. John's section of Morris Hill cemetery, Boise, under the direction of the Crippin funeral home.

**with powerful dieldrin**

When adult alfalfa weevils attack, it's time to apply powerful dieldrin. Dieldrin knocks out these pests before they lay the eggs that hatch into alfalfa-destroying larvae.

Easy-to-use dieldrin can be applied as a dust or a spray. And better still, dieldrin is long lasting—keeps right on killing weevils for many days.

Dieldrin is available under well-known brand names from your insecticide dealer. See him today!

# Pacific Northwest Area Beet Growers To Gross Extra 4 Million During '57

**By PAT MUNROE**  
**WASHINGTON, April 1** (Special)—Farmers who raise sugar beets in the Pacific northwest should have four million dollars more gross income this year than last from this one crop.

That's the unofficial estimate made by representatives of the beet sugar industry here.

The dollar figures are 1.7 million dollars for Idaho; \$900,000 for Montana, \$370,000 for Oregon, and one million dollars for Washington—the total U. S. increase in gross income is estimated at 17.5 million dollars.

Robert H. Shields, president of United States Beet Sugar Association, was openly optimistic about the outlook for his product in a speech to the Sugar club of New York City.

"The beet sugar industry," he said, "realizes the future always presents problems and uncertainties. This is nothing new to our people, who have certainly had at least their share of problems in the past."

Shields told reporters the price of sugar in the world market is currently a cent above what it brings in the U. S. "The price of sugar has gone up fantastically since the drought in many parts of the west, only \$12.00 will be planted."

Shields told his audience, "Best current estimates are the 1958 crop will grow the two-million-ton figure. Apparently the current 1958 Cuba may cut production in that crop will come close to the past production record of 2,015,000 tons at the U. S. and upon 12 per cent fewer acres."

The 1957 acreage should about equal the 1954 figure but with an increase in yield per acre apparently this year will top all others.

Among beet growers are representatives of the increase in plantings but Shields took some pains to point out that the increase in plantings is not a sure thing.

Shields reported that sugar prices in the Pacific northwest are Montana, 52,400; 4,600 and 13,500; Oregon, 17,800, 1,200 and 21,85; and Washington, 31,000, 3,400 and 20,60.

Portland, April 1 (AP)—Calvin J. Crandall, Weiser, today took over the post of Union Pacific railroad agricultural agent here.

He will handle the railroad's agricultural business in Washington, northern Idaho and parts of Oregon.

Crandall has been a teacher of agriculture at the University of Idaho and has managed the Weiser high school stock and dairy club since 1948.

## Idaho's Rep. Hamer Budge Is Leading Effective Force of House Economizers

By ERWIN C. HARGROVE

WASHINGTON, April 1 (Special)—A relatively new member of the house, Hamer Budge, R-Ida., has welded together an effective force of economists.

His work has been so effective that on Wednesday, March 27, Speaker James P. Mitchell called a special press conference to protest the cuts made on the floor in his budget. He said: "he has the senate will restore them and added in an unqualified voice: 'There is no water in it but there's plenty of fat.'"

In less than two days of floor debate the Budge team had whacked 28 million dollars from the sizeable budget the house appropriations committee had itself approved for Mitchell.

Best light of all to Budge's eyes was snarled Rep. Clarence Cannon, D-Mo., chairman of the committee, sitting right there on the house floor and voting along with him.

Witchcraft Budge introduced no less than 21 amendments to it. After his first four passed by a slim vote, Budge retired briefly to let other members lead the way.

As for his very first amendment, Budge explains, "It cut out a request for \$30,000 for the secretary's office. It was for unnecessary three new people. One was to investigate labor conditions in South

REP. HAMER BUDGE

America and another condition in the Near East. The third man was to sit here in Washington and analyze reports of the other two. Budge's big goal, he says, is "to stabilize the number of persons on the government payroll. In calendar 1956, exclusive of military personnel, over 48,000 persons were added to the payroll and they averaged in excess of \$3,000 salary."

Heretofore Budge and similarly-minded members of the house have applied cuts, only to see them reversed by the senate. Asked how he feels about prospects of getting his cuts to stick this time, he says, "I

think I detect a far different atmosphere in the senate now than at any time since I came to congress (in 1951). I rather doubt if they'll live up to the way they have in the past.

He also was asked if his efforts do not run contrary to the President's defense of the "whopping transcript of his press conference and I think he was particularly defending 'defense' and 'foreign aid' spending, not some of the things were objected to now."

Budge continues his opposition to foreign aid funds, feeling "there is no reason to add more funds when they already have large unobligated balances unspent from previous years."

## Wilson Keeps Quiet on Plan of Retirement

WASHINGTON, April 1 (Special)—Secretary of Defense Charles E. Wilson is under pressure from an influential quarter to get out of his Pentagon job now, later than this summer.

Wilson, who has led the way and apparently retired on more than four years of overtime work and monumental ups and downs, still insists he hasn't decided.

"The simple fact is that I haven't made up my mind what I am going to do seems to bother people," he says.

It obviously bothers Mrs. Wilson. She recently revealed that she had started urging her husband to retire from government as he already has retired from the industrial world. Friends report she is intensifying the campaign.

Last December Wilson indicated to reporters he expected to stay on the job until congress had completed action on the military budget—which probably would be late in June or in July. This was followed by speculation that he might decide to remain until next year.

However, the guessing now has veered back toward a mid-summer departure, time, probably coming after high level changes in civilian and military defense posts go into effect.

## Richfield Trips, Visits Reported

RICHFIELD, April 1 (Special)—Mr. and Mrs. Donald Ward returned Friday from Portland and John Day, Ore., where they visited relatives.

The Loren-Price family, Carey, have moved to the E. D. Adkins ranch in the Marley district. Mr. and Mrs. Adkins have moved to the Olen Caldwell place, formerly owned by Lela Redden.

Mr. and Mrs. Lee Woods, Lovelock, Nev., arrived Thursday to visit his mother, Mrs. Laura Woods.

## T. F. High School Librarian Is Nominated for Mother of Year

Mrs. Beattie Sinclair Weaver, 43-year-old Twin Falls high school librarian who has raised four children since the death of her husband 18 years ago, has been nominated by the Twin Falls Business and Professional Women's club as Idaho's Mother of the Year for 1957.

Mrs. Weaver, left with four children ranging in age from six months to nine years after the death of her husband, Dr. Russell Weaver, worked as a substitute teacher until her youngest son, David, now 18, was in the fifth grade.

She then became high school librarian. In addition, she has been an active worker in the Red Cross, Community Chest and Cancer drives and was president of the county Tuberculosis association for several years.

She has been active in church work for the Church of the Ascension, Episcopal, and has been superintendent of the church's kindergarten for 17 years.

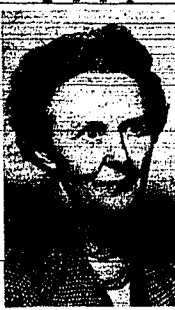

Her other activities include membership in the Daughters of the American Revolution and the Order of the Eastern Star. She also sings in the church choir.

Born in Rathdrum, Mrs. Weaver received her bachelor of arts degree from the College of Idaho.

Her only daughter, Margaret Weaver, 25, is a teacher in the Portland, Ore., public school system. Sinclair Weaver, 27, her oldest son, is attending the University of California at Berkeley on a teaching fellowship.

William Weaver, 20, is a junior pre-med major at College of Idaho, and David Weaver is a senior at Twin Falls high school.

The U. S. military air transport service carries more freight than the combined cargo of the five largest private airlines in the U. S.

## FFA Fete Given By Burley Lions

BURLEY, April 1.—The Lions club was host to visiting FFA advisers and members at the regular luncheon meeting at the National hotel Friday noon.

Clyde Ross introduced Seth Ferguson, Nampa adviser; Ray Holt, Middleton, adviser; Bob Robinson, Middleton high school; David Trail, Moscow high school, and Pete Knutson, Livinston, Mont. Pacific regional vice president of FFA.

Robert Robinson, one of the public speaking winners of the convention, gave his talk on "Why Keep Farm Records."

David Trail played the harmonica and the piano at the same time after which he played a medley of folk songs on the piano.

## Observers

CHESTERFIELD, England, April 1.—Sarah Banner, who fell backward into a washbasin and was stuck for five hours before police and firemen got her free, described her predicament today as "most embarrassing."

"The neighbors heard me calling for help and then stood around and watched," she said.

## PTA Officers' Slates Named

HANSEN, April 1.—Mrs. Walter Shouse was elected president of the Hansen PTA Thursday.

Mrs. Vera Bacon was elected first vice president; Mrs. V. L. Wilson, second vice president; Mrs. Tom Gledhill, secretary; and Vernon Strohberg, re-elected treasurer.

Gerald Slanger gave the invocation. The next meeting will be April 22 to install officers. Potluck dinner will be held at 7 p.m. The junior and senior bands and choruses and the athletes will be guests.

A film, "Emergence of personality," was shown.

Two neighbors, Miss Jane and Miss Bea,  
Met each Thursday for years just at three.  
They talked of high prices,  
New-fangled devices  
And nibbled on  
pound cake and tea.

But our story turns gloomy and gray;  
Most reluctantly Jane moved away.  
Though they'd not meet 'til fall,  
Jane said brightly, 'We'll call.  
And long distance  
can brighten our day!'

So each Thursday precisely at eight,  
(To enjoy the low after-six rate)  
Miss Jane and Miss Bea  
Bubbling over with glee,  
Use long distance for  
cath-jec-a-tele.

isn't there someone  
whose voice you'd  
like to hear tonight?

## THE MIGHTY CHRYSLER

Most glamorous car in a generation

## Biggest winner in Chrysler history!

Here is one 1957 car so packed with style and sizzle that demand for it has exceeded supply ever since its introduction!

- No wonder the big switch is to Chrysler! Its years-ahead styling has made it the most imitated car in America. No man or woman can travel in it unnoticed. Yet Chrysler's 1957 value is even more outstanding than its fabulous 1957 style. Just compare the actual value Chrysler gives you.
- **Torsion-Aide Ride** is a revolution in car suspension and driving control... no more leaning on curves... no more brake dip when you stop.
- **Pushbutton TorqueFlite** is the easiest, smoothest, and most trouble-free transmission of them all.
- **Total-Contact Brakes** are the biggest and surest in business today with an effective braking area of 251 sq. in.
- **Most Powerful Engine on the Road**... 325 hp in the New Yorker; 295 hp in the Saratoga illustrated.
- **More Leg and Shoulder Room** than any car in its price class.
- **More Unobstructed Glass Area** than any car in its price class. 1436 square inches in the windshield alone.
- **Highest Resale Value** in all Chrysler history.

These are the things people want most in a new car today. You expect more of them... and you get more of them... in Chrysler. They add up to an irresistible value. That's why so many people are becoming new Chrysler owners. How about you? Come in and find out for yourself what makes the 1957 Chrysler the most glamorous car in a generation.
