

## Solons OK Fund Of 41 Millions in Postal Operation

WASHINGTON, April 16 (P)—Congress passed and sent to President Eisenhower today a bill carrying 41 million dollars to restore normal postal service. The house, which had passed the money bill Monday, accepted minor changes which the senate had changed on before passing it earlier today. There was no immediate word from Postmaster General Sumner W. Belmont as to whether the money—six million dollars less than he sought to keep his department running through fiscal 1955—would permit restoration of all the cuts he ordered into effect.

His department said a statement would be issued after President Eisenhower had acted on the bill—probably later today.

The senate appropriations committee had approved it unanimously at a 10-minute session shortly before 10 p. m. The bill had to be returned to the house, which passed it yesterday afternoon, because the senate had passed the money bill through the committee on June 10 for senate housekeeping items. However, the house is virtually certain to pass it without change without question. Thus the measure may be sent on to President Eisenhower during the afternoon.

The senators did not take the opportunity either to lambast or defend the cuts.

WASHINGTON, April 16 (P)—The national Hells Canyon association filed a brief today asking the federal power commission not to let the Snake River, North Fork and Lost River power company develop Hells Canyon and Pleasant Valley sites on Snake river downstream from Hells Canyon. The association, which advocates public power development of the Snake as the company's "combine" of four large utilities in the Northwest. It argued that the company's corporate and financial structure is "inconsistent" with anti-monopoly provisions of the federal power act and is "unduly" large and "unduly" complex.

The brief said the association agrees with the conclusions, but not the reasoning, of an FPC staff recommendations that the company not be permitted to develop the two sites. The staff, according to the association, suggested that the company apply, instead, for permission to develop the Nes Perce site.

It said the Mountain, Shoshone and Pleasant Valley sites, the

The administration has asked for \$7 million to carry the department's share of the cost of the study. The House spent several hours doing so yesterday afternoon before passing the measure.

## By Education Board

POCATELLO, April 16 (AP)—Salary increases and additions to staff of state institutions were among the major items of business transacted by the Idaho state board of education as it opened sessions in Pocatello. The Idaho State college proposed a \$3,395,170 budget providing for staff raises, increases and additions was scheduled for later discussion. Curtis Eaton, Twin Falls, newly appointed board member replacing John D. Remsburg, Rupert, was sworn in Sunday. Remsburg had served two consecutive five-year terms on the board. Under its rotation

stand amendments to the fair labor standards act which would include farm workers.

"Farm workers are now exempt from minimum wage laws," Webb said, "and we feel that they should continue to be so."

# Figures of '56

BOISE, April 16.—Wages paid farm laborers in Idaho on April 1 were up 3 per cent compared with the same date a year ago, the USDA crop reporting service for Idaho today.

The average monthly rate with a house furnished was \$250, the agency said, up from \$240 the year before, but down 10 cents from \$260 during April, 1955. The monthly rate in which board and room were furnished was \$240.

**Daily Rate**

The daily rate, without board or room, averaged \$2.30 this year, some 20 cents higher than a year ago. The average hourly rate of \$11.0 a week was up 4 cents over April 1, 1955.

The agency said that except for the usual shortage of experienced mechanics, the supply of farm labor was adequate for the coming season.

**Work Increases**

"It said employment on farms around the state was slowly increasing as field work expanded.

However, it added this has been

SUN VALLEY, April 15.—Monte L. Smith, president of the United States Hotel Association, presided at the annual convention of the American Hotel association held yesterday.

Smith, president of the Michigan, said that by pooling the room resources of motels and hotels many times the capacity for larger conventions.

Johnson addressed the opening session of the 50th-annual convention of the Rocky Mountain Ho-

"He gave these reasons why the Farm Bureau considers it impractical to attempt to apply federal wage and hour regulations to agriculture:

1. Such employment is seasonal.
2. Items such as a house, milk, etc., are furnished to the workers among consideration often given farm workers. This would mean a great deal of loss to the farmer.
3. Agricultural employment is irregular and can't be successfully applied to a 40-hour week, 8-hour day basis.
4. Piece work methods are complicated for many farming operations to compensate for ambition and ability.
5. Families often work and receive pay for the entire family.

"Agricultural workers are protected from exploitation," Webb said. "They are paid more than miners and all agricultural processors must pay high enough wages to hold the workers in the industry rather than employment."

**Good Catches**

However, in Seattle, fishermen reported good catches in the first half of the season. They received prices of \$1-25 cents for large fish, 46 cents for medium, and 35 cents for small fish, and whites, about the same as last year.

In Oregon, 175 to 200 fishermen put out their boats every day to say how the catch looked there.

Some 25 boats put to sea from Morro bay and Avila near San Luis Obispo, Calif., but the catch was very light. The fishermen were to get about the same price they did last year. These ranged from 32-35 cents per pound for the fish. The poundage was about 3000 for fish over 10 pounds and 1000 for fish under 10 pounds.

### Negroes Plan Attendance at Virginia Fete

RICHMOND, Va., April 16.—A third Negro woman named dropped up on the guests last night for the "distinguished Virginia" said he will insist on attending unless the governor himself withdraws the invitation.

The Virginia state Chamber of Commerce, sponsor of the all-white dinner planned for May 17, just finally dispatched a notice withdrawing the invitation sent by mistake to C. Clark Drake, Negro professor of sociology at Roosevelt university in Chicago.

Dr. Drake said it was his "position" that he was invited by the commonwealth of Virginia as well as the sponsor and the request to return the invitation should come from the governor.

That Gov. Thomas B. Stanley has avoided getting involved in the controversy over invitations sent to Negroes whose names were chosen from who, while, does not show the race of the persons listed.

The others were Mrs. William E. Stewart, Toledo, O.; Mrs. J. H. Powell, Louisville, Ky.; and Mrs. J. H. Powell, Louisville, Ky.

Dr. Drake said last week he planned to attend the dinner and will not yield his invitation unless Stanley asks him to. Mrs. Stewart said she will not attend unless the governor will not try to attend.

"Your invitation to me," Drake wrote in his letter of acceptance, "expresses the continuity of a great liberal tradition of our own Thomas Jefferson."

"I always remember that Negroes played a significant part in the history of the nation," he wrote, "and I am glad to see that the liberal settlements at Jamestown in Virginia."

# Disarmament Race May Be Near Its End

By United Press  
Washington—The race to disarm nuclear weapons may be near its end, as the Soviet Union has agreed to limit its nuclear arsenal to 500 warheads, and the United States has agreed to limit its nuclear arsenal to 1,000 warheads.

## Most Have Weapons

Secondly, the statement by the Soviet Union that it will not use nuclear weapons against non-nuclear states, and the United States' agreement to limit its nuclear arsenal to 1,000 warheads, are seen as a major step toward disarmament.

# California Road Project Over Donner Summit Nearing Start

SACRAMENTO, Calif., April 16.—In one of the toughest road-building jobs ever undertaken, California will carve a four-lane super-highway at the granite summit of the Sierras.

Work on the 60 million dollar federal-aided project will start this summer. The route will be one of the world's highest freeways, along the craggy Donner summit.

Engineers have decided to push construction around the clock in a race against mother nature. They will blast at night amid peaks towering 9,000 feet above sea level.

Dangerous at this might seem, it is considered less perilous than trying to work in the 26-foot snowdrifts winter brings. Work will be suspended between mid-November and mid-March.

Summer will see the start of six units, including the expansion of U. S. 40 to four lanes at the 6,000-foot level of the highway linking Flinton, Calif., and the Nevada border.

The new highway across the Sierra Nevada range will become part of the strategic transcontinental network for military transport in case of emergency. But it also will bring 1.5 million vacationers and travelers into California each month.

Every obstacle nature can throw

## Airlines Are 'Mad' at U. S. Negotiations

By United Press

WASHINGTON, April 15 (U. P.)—U. S. airlines are fuming mad at the state department.

They say it already has given away millions of dollars worth of their business by granting Dutch and German lines lucrative new air routes into this country, and they fear further "giveaways" will result from forthcoming negotiations with the British, Swiss, Belgians and Australians.

The snarler from state department officials is that American flag carriers earn in this country, and are taking a short-sighted view of their own best interest.

If Americans make too big an issue of protecting their airlines from foreign competition, the U. S. diplomats say, other countries will retaliate, in the long run, they say, the United States stands to lose more than any body.

The argument has been growing hotter since last April, when the state department gave the West German airline Lufthansa access to five major U. S. cities in return for the rights which Pan American and Trans World Airlines have had in Germany since the war.

Early this month, over 100 protests from U. S. carriers and the Civil Aeronautics Board, the department signed an agreement with the Netherlands permitting the Dutch KLM line to stop at Houston, Tex., on its Montreal-Mexico City route, and to operate directly from New York to the Netherlands Antilles in the Caribbean. The issue was carried to President Eisenhower who looked up the state department.

Coming up are negotiations with the Australians in May with the British in June, with the Belgians and Swiss in July. All are expected to seek new routes into or out of the United States.

U. S. airlines are so apprehensive about these negotiations that they are urging congress to rush through legislation to curb the executive branch's broad discretionary powers in signing international air route agreements.

One bill, already passed by the senate and awaiting house action, would make U. S. airlines an official party to all future route negotiations. Another introduced in the senate would give air route agreements the status of treaties, requiring senate ratification.

## Kindness Pays

HOUSTON, Tex., April 15 (U. P.)—Belphor Joseph Hughes is 3500 richer because he was nice to a California couple.

Hughes was willed that sum by Mrs. Joetta Lehman, a former guest of the Palace hotel in San Francisco, where Hughes was employed from 1931 to 1933.

Mrs. Lehman, wife of a wealthy printing firm owner, said in her will Hughes treated them "as if we were the king and queen of the palace."

Ina Schreiber was in charge of the program.

## A-Powered Craft Is Seen for 1963

WASHINGTON, April 15 (U. P.)—The air force now expects to have its first nuclear-powered combat plane flying by 1963 or 1964, it was learned today.

After a series of stop, start, stretch-out and besetting technical problems, the air force has put the program on a firm schedule, which is reported to please the joint congressional atomic energy committee.

In the face of congressional criticism of the nuclear-power-for-aircraft project, Air Secretary Donald A. Quarles has been describing the new development schedule in a series of appearances before congressional committees. His testimony has not yet been made public.

## Churches in Buhl Plan Many Rites in Celebration of Easter

BUHL, April 16—Buhl churches will observe Easter with masses, communions, baptisms and special services on Monday through, Good Friday and Easter Sunday.

The Buhl Ministerial association will sponsor Good Friday and sunrise services. Churches participating in the rites are the First Baptist, First Methodist, First Presbyterian, Christian Assembly of God and the Nazarene.

The Good Friday service will be at 8 p. m. at the First Baptist church with the Rev. Leonard Clark, pastor of the First Methodist church, speaking on "The Cardinal Virtues of the Crucifixion." The Rev. Stanton McGowen, pastor of the First Presbyterian church, will offer prayer and the Rev. Wayne Macomber, pastor of the Church of the Nazarene, will read the scripture.

The service will be conducted by the Rev. John N. Garabrandt, First Baptist church pastor. Mrs. John Wilson will sing, accompanied by Mrs. Ivan Bonar.

Young people of the churches in the association will participate in the sunrise program at 5:45 a. m. Sunday at the Clear Lake power plant. Boyd East will play a trumpet solo as the call to worship. Martin Cammack, Doris Atkinson, John Broberg and Yvonne Blaylock will play in a French horn quartet. Donna Stubbfield will be organist. Lorraine Zornik and Sandra Hoffa will sing.

Linda Lech will give the invocation and Garret Hagender will read the scripture. The benediction will be given by Larry Lowe. The Rev. Mr. McGowen will speak.

Besides the special services, the First Baptist church will receive new members during regular Sunday service. The Rev. Mr. Garabrandt will speak on "The Power of the Resurrection." A baptism ritual will be held Sunday evening.

The First Methodist church will hold a Maundy Thursday communion service at 8 p. m. Thursday. Services will be presented at 8:30 a. m. and at 11 a. m. on Sunday.

Senior high young people of the First Presbyterian church will meet for a breakfast at the home of Mr. and Mrs. Arthur Koch after the sunrise services. The church will also hold a breakfast at the home of Mr. and Mrs. Arthur Koch after the sunrise services.

Communion will be held at 8 p. m. Maundy Thursday at St. John's Lutheran church. Good Friday services will begin at 8 p. m. Friday at the church. The Walther League of St. John's Lutheran church and the

From 10 to 11 a. m. an Easter program will be presented at the St. John's Lutheran church. At the service, the Rev. Carl Lower, pastor of the St. John's Lutheran church, will give the sermon. A breakfast dinner will follow at noon.

The first and second ward Lutheran churches will present an Easter program during Sunday school classes at 11 a. m. Sunday. An Easter music will be given at 2 p. m. at the second ward LDS church. Mrs. Clyde E. Cox will direct the choir and Ray Kendrick will be organist.

## House OK's Plan In Farm Program

WASHINGTON, April 15 (U. P.)—The house has passed a bill to put its agricultural conservation program on a permanent basis.

Congress has kept extending the program on a temporary basis for 11 years.

The bill—passed by the house yesterday—was sent to the senate. Under the program—now scheduled to expire Dec. 31, 1956—farmers receive partial reimbursement from the government for carrying out approved conservation practices. It costs about 250 million dollars annually.

Oil geologists probe the ocean floor for clues to potential new oil fields

THE OCEAN FLOOR IS THE NEWEST FRONTIER in our search for oil to help meet the growing demand of motorists, home owners, farmers, industry and the Armed Forces.

Last year Standard's scientists explored millions of acres offshore and on land in the Western Hemisphere. Once again we discovered new oil deposits that will help supply the 830 gallons of petroleum everyone in the U. S. will use this year . . . and the 1000 gallons they'll need by 1965.

With oil becoming more difficult and expensive to find, Standard's investment in exploration is increasing . . . \$110,000,000 last year. That's one way we can find new oil to help keep ahead of the nation's growing need for products from petroleum.

Progress in the West means . . . U. S. oil reserves must continue to keep pace with rising demand

Daily U.S. oil consumption has risen from 5 million barrels in 1940 to 15 million barrels in 1954 and is expected to reach 12 1/2 million by 1965.

All relatives in the Benson clan were expected to take part in a bit dinner for 300 persons given by Benson's sister-in-law, Mrs. Norah Benson. After a series of parties the crowd will scatter so the Bensons can visit relatives and friends they have not seen since they left Sweden many years ago. Mrs. Benson and one group will fly to Italy and France. Among the 70 persons' company Benson were 25 relatives, 25 workers, a minister and his wife, a

physician and a public relations man and his wife. "All his life that's the way Ragnar has done things," his wife, Elsa, said before they took off. "Whatever he had he always was willing to share." But Benson wanted no special credit for his generosity. "I don't want to be the wealthiest man in the cemetery," he laughed. "I just want to pay back all the people who have been nice to me." Scandinavian airlines officials, who received special permission to land at O'Hare field in Chicago, said it was the first time any one individual chartered such a plane. ## Males Failing On 'Henpeck' Mates' Group

By United Press  
SPRINGFIELD, Ill., April 15 (AP)—Score one for the women in the battle of the sexes. The "Henpecked Husband's Association," Inc., has quit, throwing in the towel in the battlefield.

The association was formed and legally incorporated here about three years ago to "set an example to all married males that will allow husbands to rededicate themselves to the principles of liberty and free speech."

"Outlaw Naggling"  
A basic aim of the group, as outlined in the articles of incorporation, was to "outlaw nagging, unreasonable demands for explanations of husbands' spare time, breath smelling and examination of husbands' apparel for powder, lipstick and blonde tresses."

But alas, a certificate to dissolve the association has been filed with the Sangamon County recorder of deeds.

Why this surrender? William L. O'Brien, former secretary-treasurer of the group was asked.

"I'm sorry to see it break up," O'Brien said. "The association got started as a gag, but we had lots of fun with it."

"Surprisingly enough," he said, "Once we got started here we received letters from all over the country from like-minded husbands who wanted to start their own chapters."

The association had about 150 members at its peak, O'Brien recalled.

The association met at least once a month in the back room of a Springfield tavern to plot its war on nagging wives.

A favorite tactic, O'Brien recalled, was to remove the automatic washing machine from a member's home and replace it with a tub and scrub board, as a punishment for nagging.

Speeches Given at Shoshone Meeting

SHOSHONE, April 15—Speakers for the LDS sacrament service Sunday night were Mrs. W. A. Hall and Harley Handy. Youth talks were given by Janet Croft and Ted Johnson. Allen Thorne played a piano solo.

The meeting was conducted by Burton R. Thorne who announced a clothing drive here by the Deseret Industries on April 29. April 28 is temple day at Idaho Falls and April 30 is a Relief society temple day.

Mrs. Velma Allen was organist and Harrell Thorne chorister. Prayers were given by Henry Robinson and Mrs. Lewis Holley.

## Khrushchev's Actions Signal Return to Old Stalin Regime

By The Associated Press  
MOSCOW, April 15 (AP)—Nikita S. Khrushchev is rapidly tightening his grip on the reins of Soviet power. The way things are going, he is a good bet to emerge as the true heir of Stalin.

Signs of the trend back to Stalinism have been manifold recently. It takes a Stalin to enforce Stalinism. Accumulating evidence indicates Khrushchev considers himself the man. And the first secretary of the Soviet Communist party appears to be overcoming his Khrushchev opposition.

Here are hints of things to come: Khrushchev put his name to a broad new program of industrial reorganization. It pushes some members of the collective leadership into the background. The program comes up in the supreme Soviet parliament May 1. Once approved—and that

seems automatic—Khrushchev will be in a powerful position. Boldness is likely to pay off in the power sweepstakes, and Khrushchev was bold enough to make the announcement that the government would renege on paying back 200 billion rubles worth of bonds sold to Soviet citizens on a compulsory basis.

Khrushchev arranged to have himself awarded the order of Lenin, highest medal of the Soviet Union, and another fancy medal in honor of his alleged achievements on agriculture. It may be the beginning of the big buildup.

A chief Khrushchev lieutenant, in a page and a half Pravda article, included a warning against "revisionist attacks on principles of Marxism-Leninism" or any toying with Trotsky ideas of national communism. A. I. Kirichenko, Ukraine party first sec-

retary, underlined the "importance of the Russian people, and the Stalinist intense patriotism."

Of these developments, it is significant that Khrushchev's own official reorganization plan, striking example of his tactics.

The Khrushchev threat to the positions of former minister Georgi Malenkov, who considered a top rival, and Molotov, last of the old boys.
