

# Traffic Toll Rate Is Low On Holiday

The nation's Memorial day holiday traffic toll climbed slowly today toward what safety experts feared will be a total of 120 deaths on the highways by midnight.

A United Press count from 6 p.m. local time yesterday to 9 a.m., MST, today showed at least 29 persons killed in traffic accidents. Four other deaths from miscellaneous causes,

## Is Fined for False Report

Donna G. Widner, 22, Kimberley, was fined \$25 and costs Wednesday in Twin Falls police court for interfering with a police officer in the line of duty.

Specifically, she was charged with giving false information to a city officer who was investigating an accident about 1 a. m. Wednesday.

Specifically, she was charged with failing to report the death of her officer who was investigating an accident about 1 1/2 m. Wednesday morning on Highway 101, about 10 m. north. After the accident she told the officer she was the driver of a 1958 Dodge sedan, which was parked 1958 Dodge from the rear. At the time the officer gave her a citation for driving without a license. When she appeared in police court on Wednesday, she pleaded guilty to not a driver at the time of the accident and the negligent driving which caused the death of Officer Barclay Green, Ventura, Calif., who was fined \$50 and costs by Judge J. Edgar Smith.

The Windsor girl told police at 11:40 a.m. on Page 2, Column 4.

Many states acted to keep down the slaughter by operating under the "one shot" rule, which limited them in some cases with national laws in troops.

The holiday period officially ends at midnight tonight, but the "one shot" rule will continue all tomorrow, says officials feared the death toll would continue at an alarming rate. In the last 24-hour week-end, killing more than 450 persons by midnight Sunday.

The "one shot" rule was the subject of Memorial day period to 45 states greater than the average of 15 states in the holiday travel period.

Generally fair weather continued to the coast of holiday travelers on Page 2, Column 3.

## Gossett Resigns as Idaho GOP Leader

GOODING, May 30 (AP)—Probate Judge James P. Gossett announced yesterday that he is resigning as Idaho's Republican state chairman. He cited "the pressing demands of my personal affairs." Gossett called a meeting of the Republican state central committee for June 28 to accept his resignation and elect a successor. Gossett, who came to Wendell in 1944 from Charlotte, N. C., was elected chairman at the state GOP platform convention in Boise last Sept. 1.

## Liberal Mass Move to Stop French Crisis

PARIS, May 30 (UP)—The French political journal today showed signs of breaking its long opposition to 60-year-old Alsatian leader of the liberal Catholic MRP, eager to try to force government resignation.

With several factions tilting the odds in his favor, Pimlinin flew to the Pyrenees aheadsleer of Blum.

National Chairman

party's national convention in process there.

National Chairman

Since Pillminin is national chairman of the NRP (popular Republican movement), there was no doubt the convention would endorse his decision.

President Reney also asked Pillminin to take on the cabinet-forming job. Pillminin said he would not advise the president he had been unable to work out a platform agreeable to all the party's factions.

Seeks Party Support

Pillminin told the president he would take on the job only if he could count on the support of the party's client support from the other parties

from his office in Gooding, said.

"I have instructed John Martin [the state secretary] to call the public state party committee, to immediately notify all members of the committee of the date set for the meeting and the purpose thereof."

"I have further instructed secretary Martin to call the state committee with Idaho Republican districts chairman and inform them of the date set for the meeting. I have also asked them to themselves be a committee to work in conjunction with Gov. Smylie and in continuous close consultation with their representatives on the state committee to make recommendations to the June

## T.F. Reserve Units Visited By Air Team

Lt. Col. Robert V. Van Wageningen, Boise air reserve commander and a team from the Boise air reserve group, inspected the Twin Falls air reserve this week.

Lt. Col. Hyman Plumb, 80th Air Group, Boise, was in charge of the team.

During this month's visit, the Boise air reserve group inspected the Twin Falls air reserve units, including the 1st, 2nd, 3rd, 4th, 5th, 6th, 7th, 8th, 9th, 10th, 11th, 12th, 13th, 14th, 15th, 16th, 17th, 18th, 19th, 20th, 21st, 22nd, 23rd, 24th, 25th, 26th, 27th, 28th, 29th, 30th, 31st, 32nd, 33rd, 34th, 35th, 36th, 37th, 38th, 39th, 40th, 41st, 42nd, 43rd, 44th, 45th, 46th, 47th, 48th, 49th, 50th, 51st, 52nd, 53rd, 54th, 55th, 56th, 57th, 58th, 59th, 60th, 61st, 62nd, 63rd, 64th, 65th, 66th, 67th, 68th, 69th, 70th, 71st, 72nd, 73rd, 74th, 75th, 76th, 77th, 78th, 79th, 80th, 81st, 82nd, 83rd, 84th, 85th, 86th, 87th, 88th, 89th, 90th, 91st, 92nd, 93rd, 94th, 95th, 96th, 97th, 98th, 99th, 100th.

Both flights were found operating in accordance with the latest air force directives. Inspectors said major units and both organizations are a credit to the Twin Falls air reserve center.

T. F. Duane Bottoms served a 15-day active tour at Mountain Home air force base, in which he received the job training. Sergeant Bottoms is assigned to the staff of the Twin Falls air reserve center, in the training section.

William P. Taylor and Earl Richard W. Ryall will report to the Boise air reserve center June 10 for a short tour of active duty training. They will perform duties in radio, aviation public information, and public relations activities.

# Naval 'Drone' Plane Scares Coastal Area

COLFAX, Wash., May 30 (UP)—A pilotless navy drone plane that broke away from electronic controls near Palm Springs, Calif., ran out of gas and crashed in a wheat field just west of here yesterday morning before it would have been over the heavily populated Spokane area. The covered P-39 fighter, which crashed about 50 miles south of Spokane, was reported by army officials to be headed on a direct path to the city which has a metropolitan population of about 190,000. The drone was traveling at 250 miles an hour, which would have put it over Spokane in about another 12 minutes.

"We were really awfully lit out," said Lt. Col. Aubrey Boxford, officer of the day at the Spokane Navy air station. A navy jet had been sent up from Spokane to intercept the "flying drone" which was "seen" from the city. The pilot had been instructed not to chance firing bullets or rockets over the heavily populated area but to try to fly near the drone and deflect the air to turn away from the city.

The drone flew some 1,000 miles at about 20,000 feet and crashed in a wheat field just before the Spokane jet contacted it. Earlier, the drone had run away from two groups of pursuing jet planes. After breaking electronic contact with a mother ship and after ground controls, the drone drifted through a dense thunderhead and provided two extra "school" planes from following. Then two jets from the Idaho air guard contacted the drone and reported by two jets with it for a time near the Idaho-Washington line.

Capt. Homer Webster, commander of the Spokane naval air station, said the elevator of the drone, one of the control system, apparently operated by gunfire, apparently over California. This may have affected the drone's erratic flight. The drone was seen by radar on its northward flight that took it over parts of California, Nevada, Oregon and Washington.

Capt. Louis Ashworth, commander of the China Lake naval air station, said the drone started its flight, said a failure in the electronic circuit permitted it to break free.

**Senate Vote Okays Housing Program**  
WASHINGTON, May 30 (UP)—The senate last night approved a 1.6 billion dollar federal loan program to help down payment on FHA-insured homes.

The money will go to a housing assistance conference committee. The house had authorized a \$4,475,000,000 program.

The senate version would allow 25 million dollars a year for two years for loans for down payment on new and existing homes and 175 million dollars for college education.

It would lower down payments on FHA-insured homes from three per cent of the amount between \$10,000 and \$15,000 to 25 per cent of the amount in excess of \$15,000 up to a maximum of \$20,000. Under present law, five per cent is required on the first \$5,000 and 25 per cent on higher amounts.

**REGIN HOLIDAY**  
PALMA DE MALLOCA, Balearic Islands, May 30 (UP)—The Shah of Iran and Empress Farah began a three-day holiday on this Mediterranean island today. The royal couple, currently on a European tour, arrived by air from Granada last night.

There are about 100 islands in Hawaii, but only seven are inhabited.

## Need for Hike In Nursing Is Cited at Meet

The western portion of the United States will require a 40 per cent increase in nursing personnel in five years, Mrs. S. L. Knight, director of public health nursing, said at the biennial convention of the National League for Nursing May 19-27 in the Statler Hotel, Chicago.

Mrs. Knight, who currently serves as president of the Idaho League for Nursing, believes the Twin Falls area itself may need a 40 per cent increase in nursing personnel during the next five years.

At the convention, she and other delegates learned that in the eastern states, an 11 per cent increase in nursing personnel will be needed in the next five years, and that the southern states will call for 18 per cent more personnel.

Mrs. Knight reported a program for recruiting potential nurses is being carried out in high schools. Through the national-club-and-social nursing programs have been developed to attract the interest of college-age students.

Among the programs currently being offered are a one-year practical nursing program; a two-year junior college program which blends practice and study; a three-year hospital diploma plan; a four-year degree program; a five-year program, which gives the student a bachelor of science degree and allows time for development of a specialty; and a six-year plan for a master's degree and PhD degree of nursing are granted.

Mrs. Knight said the two-year program is currently undergoing a five-year evaluation by the league. The program has been in effect at the nursing college for two years.

Ricks college at Rexburg is developing a program whereby student nurses use the LDS hospital for clinical practice, Mrs. Knight said. She said that a four-year nursing program is currently under way at Idaho State college and St. Anthony hospital, Pocatello. Pocatello has hospital nursing program.

All of the programs have provisional accreditation from the National League for Nursing, she said. Mrs. Knight stressed the urgent need for leaders in the field of nursing at the present time.

"We need good personnel to teach nursing," she said.

Representatives from the 48 states, Hawaii and Puerto Rico gathered at the convention to evaluate nursing services, trends and education over the past two years and to chart a course for meeting the needs of nursing in the future. Special attention was given to the promotion of improved adequate nursing care of patients.

Mrs. Knight attended the convention with Sister Mary Theodora, director of nursing service at St. Anthony hospital, Boise; Mrs. Gordon Brown, executive secretary to the state board of nursing registration and education, Boise; Patricia C. Miles, professor of nursing education at Boise Junior college; and Mary Ann McGee, instructor of nursing arts at Idaho State college.

## Ham, Turkeys Are Bargains Of Week-End

By The Associated Press  
Ham and turkey, traditional holiday fare, are featured by many grocers and neighborhood stores this week.  
Some chains have been advertising the specials all week, since the holiday day, this year falls on Thursday, the normal big day for week-end food advertising.  
Supermarkets meat men figure ham and turkey are favored by housewives because they can be cooked for the holiday and family meal on the holiday and then are available for sandwiches later.

**Has Been Off List**  
Ham prices have been off the "margin" list for some time and week-end prices hit a two-week high in Chicago.  
Except for special occasions, such as holidays, hams are expected to be in the upper price brackets. Of course, have been plentiful and comparatively inexpensive lately.

The popularity of pies—and another cooking—is the frequency of advertisements this week calling attention to bargains in hot dogs, hamburger meat and cold cuts and to special sales on loaves of sandwich bread.

Frying chickens which can be prepared either in the kitchen or outdoors at a barbecue also are featured in many stores.  
**Vegetable Increase**  
Increasing supplies of vegetables from nearby fields also help the grocers provide a varied assortment of vegetables for the holiday. Cabbages, green onions, spinach, sugar beets and several varieties of lettuce all are available from local crops at especially attractive prices. Blistered potatoes from last year crop also are an outstanding item.

Under new cabobuses from Virginia, new white and green and blue potatoes and Florida and California aqua are also being advertised as good buys.

**Corn Good Buy**  
Florida sweet corn, from a bountiful crop, is listed in the same category and one chain was offering it for 20 cents.  
Boccoli and celery were reported in all more expensive this week, with cucumbers and peppers. Hubbard and headed the list of outstanding buys among the fruits, although supplies of watermelons are building up enough to make the green melons a good buy for the holiday. Valencia oranges, pink and marsh grapefruit, mangoes and limes from Florida also are good buys. So are oranges from California.

## Activities of T. F. Students Outlined

UNIVERSITY OF IDAHO, Moscow, May 30.—The new vice president of Chautauque hall for men on the University of Idaho campus is Dr. McLean, Twin Falls, a major in electrical engineering.

## Agricultural Dreams Revived Following Rains in Southwest

By HAL BOYLE  
MANHATTAN, Kans., May 29.—Leaves from a sowing repeller's notebook:  
Here where God makes the weather and weather makes the man there is a new hope for the land is green.

After five dreary years of drought that put a straining curve on nearly one-fourth of the nation, the blessed rains have revived the earth into a new dream of Eden.  
The great plains, here and there, are green. The crops are up. The farmers are smiling. The birds are singing. The children are playing. The old man is climbing like a morning glory. The feeling of relief and renewed hope runs right on out to the horizon, down through Texas to the border. There is a new hope for the hungry cattle. The nation's bread basket looks forward to a little more drought.

Bill E. T. Lowther of the Emporia Gazette: "Now every prospect—farm, city, business—is pinkish." **Sole Arthur P. Duncanson of the Kansas City Star:** "Most authorities seem to agree the drought finally is broken, and if it is those same authorities agree agriculture and business in this area are anticipating a good year."

"Industrial expansion in some parts of the state may forecast a good year."  
Another editor, Clyde M. Reed, Jr., of the Parsons Sun, even suggested it might be time to turn off the heavenly faucet: "The only danger now is too much moisture."  
Amid the chorus of jubilation

thoughtful Kansas, where historically politics and the weather are the two most important topics of conversation, there has sounded one disturbing note.  
The rains came during the reign of a Democratic governor, and the Republicans are mortally afraid that come election time, the Democrats will claim they have a better pipeline to the almighty.

The long drought dramatically called to national attention the plight of the farmer in the Midwest and Southwest.  
Less well known is the fact that the falling water table, crumbling the foundations of homes, plants and stores, caused millions of dollars of real estate damage in the towns and cities.

Here is just one example: A man paid \$23,000 for a small brick home in Kansas City. Less than five years ago. The drought caused the foundations of his front porch to sag, opened wide cracks in its pillars.  
He called for bids to repair the damage. The bids ranged from \$1,500 to \$7,000.

Multiply this example by scores of thousands and you'll have some idea of the financial plight of small homeowners, many of them already mortgaged to the hilt.  
A hotel in Lawrence, Kans., finds off possible complaints from guests by posting the following rules of conduct as outlined by an early-day frontier hostelry:  
These traders pay in advance: faucets a night for bed; six-bills with supper; no more than five to a bunk; no spurs to be worn in bed; no horses allowed upstairs; no poker games in kitchen; prospectors sleep in washroom.  
Check shooting irons with bartender; no rustlers; road agents or vigilante taken in.

## Need to Pare Down Size of Units Is Seen

WASHINGTON, May 20 (AP)—Secretary of State Dulles yesterday blamed anti-American rioting on Russian pressure on the large number of U.S. military personnel there.

He indicated the United States may "pare down" the size of its foreign bases and the number of American troops stationed in foreign territory over the world.

There are 1,887 U.S. officers and men, many with dependents, stationed on Formosa. In all, there are 10,000 Americans there.

Dulles' statement, at a news conference, fitted into explanations offered privately by state department officials that there is anti-American resentment among the Chinese on Formosa because of the higher living standards enjoyed by Americans who live there.

Secretary of Defense Wilson said Thursday the mob assault on the American Embassy in Taipei "highlighted the need for the United States to look at the military aid program on Formosa."

The fact is, Dulles said Wednesday, that the American government faces a "very, very difficult problem—a worldwide problem—because of the number of troops it has in foreign lands. He said it now has a 'high level' study of this problem under way and he expressed the hope that this study would result in some changes being made.

"The study will bear upon the question as to the extent to which we really need as much territory, or area, as we now use for bases," he said, "whether we actually need as many troops as we have there (abroad)—whether there are not excesses which can be pared down without in any way injuring, and perhaps in the process increasing, the defensive value of those bases for the free world."

**HAS HEART ATTACK**

## Religious Leaders Discuss Chamber Plan

Approximately 30 Twin Falls clergymen and church leaders met in the Idaho Power auditorium Wednesday morning to discuss their role in the "Keep Peace With Tomorrow" program established by the Twin Falls Chamber of Commerce. From left are Lyman Schenk, Dr. Joseph W. Marshall and R. Lyman Smith, co-chairmen of the conference. The group voted to endorse the chamber program and resolved to designate June 16 as Civic Sunday when Twin Falls clergymen and church leaders will seek to bring the program to the attention of their congregations. ### Feed Violations

BOISE, May 20 (AP)—A \$4,448 suit was filed in federal district court yesterday by Ray Wager of Monmouth against Chris E. Miller for damages allegedly resulting from a violation of a cattle feeding agreement.

Wager claimed in his complaint that the agreement, signed April 7, 1956, provided that Miller would pasture 400 of the plaintiff's heifers on land owned by Miller in Valley County.

### No Arms Offered India by Russian

NEW DELHI, India, May 20 (AP)—India has not been offered arms by any communist country although the Prime Minister Jawaharlal Nehru has decided to increase the nation's supplies of military equipment, officials here said today.

The official sources denied press reports the Soviet Union had offered arms to India and said Nehru turned down an offer by Soviet Premier Nikolai Bulganin to supply Soviet arms during his visit here two years ago.

The sources said India needed arms to match the continued buildup of Pakistan's armed forces with American weapons and to balance "unsatisfactory" British deliveries of arms to India. In the past Britain has been this country's major source of supply of arms.

## Graham Tells of Great Spiritual Rebirth in N. Y.

NEW YORK, May 20 (AP)—Evangelist Billy Graham said last night that God is moving to bring the greatest spiritual rebirth to the city of New York in its history.

The 34-year-old minister told a capacity audience of 18,000 in Madison Square Garden that the time has come to declare for Christ.

"This is the hour," he said. "Every body in this city is conscious that God is moving. Unless we Christians arise and revolt against sin, we have no mercy on this country."

Graham, launching the third week of one of the nation's biggest religious crusades, said the crusade could result in the "greatest harvest of Christ" in the history of New York and might touch off a spiritual revolution that would sweep the world.

## Ex-GI Sentenced

PHILADELPHIA, May 20 (AP)—A former army demolition expert who opened the vaults of Adolph Hitler and Herman Goering after World War II was under all sentence today for blasting open and looting four postoffice safes.

James Miller, 33, Philadelphia, was sentenced to 18 months imprisonment and placed on three years probation yesterday following a guilty plea before Federal Judge John W. Lord, Jr.

## PCL Owners Will Ask Damages if Moves Completed

By The Associated Press

The National league has switched on the green light for the Brooklyn Dodgers and the New York Giants to move into Los Angeles and San Francisco. "The Dodgers and Giants are coming" sounds simple enough, but the way isn't nearly so smooth. There is still the perplexing matter of adequate playing parks in both West coast cities, major problems in their own. And there is the matter of invading the aged Pacific Coast league and wrecking it in the process—and the hard cash in damages the strict PCL franchise owners will demand.

## Engberg Sees Changes in Pioneer Loop

SALT LAKE CITY, May 30 (U.P.)—

Salts Lake City, president of the Pioneer Loop, said Wednesday that a move of major league clubs to the Pacific coast would result in "a lot of moves" in leagues of lesser classification.

He said it probably would necessitate changes in the Pioneer league, "but wouldn't necessarily mean the end of the Pioneer league."

Engberg said:

"I doubt very much if there is any foundation at present for such a realignment. I'm sure the talk is not by baseball men."

## Boxing Clubs Face Possible Dissolution

NEW YORK, May 30 (U.P.)—Federal Judge Sylvester J. Ryan, who found the International Boxing club of New York and Illinois guilty of monopolistic practices, said Wednesday he was inclined to direct the dissolution of both clubs.

The judge said he also was thinking of restricting the activities of the club's president, James D. Norris (New York) and Arthur M. Wirtz (Illinois), who are partners in the operations of both clubs.

Asserting that he had reached no final decision, the judge said he was thinking of forcing Norris and Wirtz to choose between the Madison Square Garden corporation and the Chicago Stadium, in which they now have controlling interests, for their future activities, and to restrict the number of championship rights they can promote.

## Engberg Sees Changes in Pioneer Loop

One National league official, who cannot be identified, said he was advised that the owners might aggregate \$200,000 to \$300,000. PCL president Leslie O'Connor, once the right arm of the late commissioner of baseball, Kenneth A. Landis, has said only that a July 2 meeting of the league in Los Angeles.

The club owners were asked to survey and be ready to report on June 1.

Baseball has a setup adopted just a few years ago to adjudicate disputes. The matter will be discussed at a July 2 meeting of the league in Los Angeles.

L. H. Gregory, sports editor of the Portland Oregonian and dean of PCL baseball writers, says the Dodgers-Giants move was not a question of which team to move.

Dewey Soriano, Seattle general manager, agrees and added that a chain reaction will follow extending further down into the minors.

The coast will have to turn to Spokane, Tacoma, possibly Denver and other cities for replacement. The action would, of course, disturb the leagues to which these cities belong.

Quinn predicted, however, that a \$100,000 damage tax would not delay the Giants-Dodgers move.

## Ruttman Cracks Up on Speedway

INDIANAPOLIS, May 30 (U.P.)—

Troy Ruttman of Lynwood, Calif., only former winner in the field for Tuesday 80-mile auto race broke a wheel Wednesday in a practice run at the Indianapolis Motor speedway, but he'll be able to start.

The 1953 winner was testing a new emergency brake, which engaged off end wrapped around the wheel. He did not lose control of the car and there was no other damage.

## Signed by Bosox

PROVO, Utah, May 30 (U.P.)—

The Boston Red Sox have signed Owen Bosox, a big right-handed pitcher from the Brigham Young university baseball squad.

Bosox will report to the class 3A baseball league after graduation later this week. He attracted attention of baseball scouts, this spring with his pinpoint control and a "knuckling ball."

## Status of Redlegs Is in Doubt if Giants, Dodgers Move to Coast

CHICAGO, May 30 (U.P.)—The Brooklyn Dodgers and New York Giants were set for the "California gold rush of '58" today in a package deal that may also transform the Cincinnati Redlegs into a New York franchise. The way for the most drastic revision of the major league officially named Monday when National league club owners unanimously consented to permit the Dodgers to shift to Los Angeles and the Giants to San Francisco. The owners stipulated both clubs must make up their minds before Oct. 1.

General manager Gabe Paul of the Redlegs did not ask similar permission to transfer the Cincinnati franchise—but a top baseball official told the United Press the Redlegs will move to New York if the two other clubs move out. It was the same official who informed the United Press of the developments which occurred Monday.

The biggest bombshell in his baseball in years resulted in the following furious activity:

—Mayor Robert Wagner of New York said he will "do everything I can to keep the Dodgers and Giants in New York."

—The league acted so that our club could be in a position to go to San Francisco," said Stoneham. "We like New York. But the support hasn't been there. We'd like to stay, but last year our attendance was way down (about 600,000). If we did it right now, we can park only 100 cars."

## Parberry Given New Assignment

MOSCOW, May 30 (U.P.)—

Wayne Anderson, a 1953 Idaho quarterback—and pitcher—on the basketball team, was picked to take over his coaching duties.

Parberry, former coach at the College of Idaho, came here in 1953. In his new assignment, he will also be an assistant professor of physical education.

This is a FUN Salad!

This is Milani's 1890° FRENCH DRESSING

They change "WANT NONE" to "ALL GONE"

Salad Eaters!

Here's How...

Face Salad: Use a half pear for head; banana strips for ears; walnut halves for eyes; nose; carrot strips for whiskers; dress with Milani's 1890° French dressing that makes "all gone" disappear.
