BREST, France, June 29 (AP)—The abandoned hulk of the tanker *Esmeralda* Point burned fiercely off this "last end" port today, a blazing memorial to 12 seamen killed when it exploded.

The Ioannis, a 9345-ton Greek motor-freighter, limped into Enniskillen under its own power late last night. Harbor firemen helped to contain the fires still blazing aboard.

64 Picked up

Rescue vessels from five nations picked up 64 survivors Saturday.

The 41-man crew of the 115-ton tanker—a U.S.-built, Greek-owned, Italian-manned vessel—was listed in the U.S. Coast Guard's shipping registry—abandoned about 30 minutes after the crash.

yet been possible to get a life  
aboard the blazing hulk.

**Tragedy Recalled**

The collision was tragically reminiscent of last year's sinking of the Italian liner Andrea Doria which ran into the Swedish liner Stockholm off the U. S. coast.

The two cargo vessels, the East Point heading into the East channel and the Ioannis outhern reached the "sailors' graveyard" of Ushant island in an early-morning fog.

The Stony Point was rammed amidships. Its cargo of crude oil from the Middle East spilled over the two vessels and caught fire.

## Big Variation Seen in Tests For A-Fallout

WASHINGTON, June 20 (AP)—The fallout of radioactive strontium 90 from bomb tests shows a wide variation in the amount of the substance which has accumulated on pumice tests.

For example, San Francisco and Washington, D.C., registered an accumulation of 33 milligrams per square mile and Los Angeles 8.5. But about 340 and Salt Lake City 348.

**Danger Feared**  
The figures were submitted to a senate-house atomic energy subcommittee during its recent hearings on fallout. Witnesses disagreed as to the danger that might be presented by strontium 90—a potential cause of bone cancer and leukemia—if weapons test continued indefinitely at an increasing pace. Some said the United States may not be too far from the danger point.

But most said the amounts already deposited on the earth and still suspended in the air could produce at most only a relatively tiny increase in the number of cases of such diseases.

The figures were submitted to the subcommittee by Merrill Eisenbud, head of the atomic energy commission operations office in New York, which supervises AEC's medical and biological studies.

Unit Explained  
The unit used to measure the strontium 90, the millicurie, is a measure of radiation. Eisenbud told the subcommittee, for comparative purposes, that the top foot of soil in the United States contains, on the average, 1,000 millicuries of radium per square mile.

Among the sites listed with the accumulated strontium 90 fallout through June, 1955, were:  
Detroit, 16; Atlanta, 110; New York, 163; Washington, 120; Boston, 138; Dallas, 129; Chicago, 145; Boise, 182; Billings, 120; Tucson, 152; Grand Junction, Colo., 273; Las Vegas, 178; Seattle, 124.

## Life on Mars Said Possible By Observer

FLAGSTAFF, Ariz., June 20 (AP)—Evidence that kerna living in the earth's soil can live under conditions existing on Mars was reported Tuesday by three U. S. air force space medicine researchers.

Germs taken from lava, from the Painted Desert of Arizona and from soil in Texas survived virtually without oxygen in temperatures that ranged from comfortable 70 degrees Fahrenheit to 85 degrees below zero. Their only atmosphere was nitrogen. They had almost no water.

The tests were made at the air force school of aviation medicine, San Antonio, Tex. The findings were reported to a meeting of the International Mars committee and Astronomical Society of the Pacific by Dr. Robert Strughold of the air force school.

The tests suggest, Dr. Strughold said, that life has a little understood ability to spring up and perpetuate itself in surroundings entirely different from those on earth.

This could mean that other planets saving atmospheres and other environmental conditions seemingly lethal for most life forms on the globe could be the habitation of creatures entirely unknown to man.

Snake Valley farmers report an invasion of worms in bean and grain crops, according to Warren Smith, county agent.

Smith says after farmers cut their beans, worms, one and one half inches long, three varieties of worms, started cutting them. The worms are the semi-alfalfa dark green worm which is about dust, one inch long; the alfalfa caterpillar, which points out that if the worms of the fields.

## Offer Okayed

COPENHAGEN, Denmark, June 20 (AP)—Denmark today accepted an American offer of missiles despite Soviet threats to "boycott" the country if such weapons were used in war.

The Danish parliament, without a vote, accepted a report by Defense Minister Poul Hansen declaring that Denmark could not afford to turn down the U. S. offer.

He is just working into the new crop they can be controlled by dusting or spraying a strip around the edges of the fields.

## Dentists Given Practical Exam

BOISE, June 20 (AP)—An occasional "ouch" echoed down the cell block corridors of the Idaho state prison Wednesday as 34 dentists walked on prison inmates.

The activity represented a practical examination for the aspiring dentists, who were qualifying for Idaho licenses under the state dental board.

They used portable equipment.

## Mac Has Only Single Problem While on Reducing Diet: Food

By HENRY McEMORE

NEW YORK—I sent my mother a picture of myself from Germany and she wrote back that I was "thinly-overweight," asked if I hadn't read how bad that was, and suggested that I had better eat less and start reducing right away.

When I walked in her door a few days ago, the kisses and hugging were hardly over before mother surveyed me from arm's length, clicked, shook her head, and said:

"You're even heavier than your pictures show."

Son, you simply must do something about it."

"I am," I said. "I am on a strict diet, and am going to lose 15 pounds."

"That's grand," mother said. "You'll feel worse today and tomorrow like my boy should."

"You'll feel worse today and tomorrow like my boy should?" I asked. "You hardly ever think you're fat, do you?"

"No, I don't," mother said. "I never go into the kitchen as far as I'm concerned. About all I eat are raw vegetables, cottage cheese, sauerkraut, and a lot of fruit. I drink lots of black coffee, too. And that's about all."

A look of alarm crossed my mother's face.

"You're starving yourself," she then said, "and that can't be good for you. I don't like your color and haven't been alarming yourself. That's probably accounts for your poor color."

"I'm always hungry since I started on this diet," I said. "I say hungry."

"Come right on out into the kitchen then," mother said. "I'll fix that in a jiffy."

"I can't eat between meals," I said. "I already have had 800 calories today and have only 400 left."

"I'll drink some water," I said.

"Do you mean to say that after all the time you've been away from home you don't know how to eat?" mother asked. "You must tell mother not to feed me so much until I was home. Just give me thin chicken sandwiches, scrambled milk, a poached egg now and then, and maybe a lamb chop once in a while."

"You can't do that to mother," my sister said. "You'll have to eat, even if it does endanger your health. She's been preparing your favorite foods ever since she knew you were coming."

"But, Belle, mother herself said...

your eyes aren't as bright as they should be. Are you hungry now, son?"

"I'm always hungry since I started on this diet," I said. "I say hungry."

"Come right on out into the kitchen then," mother said. "I'll fix that in a jiffy."

"I can't eat between meals," I said. "I already have had 800 calories today and have only 400 left."

"I'll drink some water," I said.

"Do you mean to say that after all the time you've been away from home you don't know how to eat?" mother asked. "You must tell mother not to feed me so much until I was home. Just give me thin chicken sandwiches, scrambled milk, a poached egg now and then, and maybe a lamb chop once in a while."

"You can't do that to mother," my sister said. "You'll have to eat, even if it does endanger your health. She's been preparing your favorite foods ever since she knew you were coming."

"But, Belle, mother herself said...

I must be lighter."

"That doesn't matter. You must eat, and eat a lot."

So, like the matter I am, I looked in the mirror and went to work on mother's food of which there is nothing. I had chicken, roast pork, candied yams, rice, creamy gravy, dressing with butter, waffles and potatoes.

From 1300 calories I jumped to what must have been 800,000 calories a day.

It was great, though. What a surprise was to place yourself in Jean's shoes. After only one day of the club, mother noticed a difference in my appearance in my appearance.

"You're beginning to look like that strawberry shooter!" mother said.

"But my stomach is getting more like this—and think goodness for that!"

"Good food never hurt any man," she replied. "And, besides, you'll only be here a few days. Tonight!"

Mrs. Walker Shurtz was welcomed as a transfer member from the Mountain House club. After only one day of the club, mother noticed a difference in my appearance in my appearance.

**Fire Lookouts Starting Work**

BOISE, June 20—The Boise National Forest, faced with a critical fire situation this year, will begin manning forest lookouts next Monday, it is announced today.

Fire Control Officer George Lafferty said that the forest fire situation would become especially critical this year because of a wet spring which has overladen the area with vegetation. The vegetation will present a serious fire hazard when it dries to the burning stage, Lafferty said.

Lafferty said lookouts on House Mountain in the Shoshone Park area and Shafter Butte north of Boise would be the first manned this year, starting Monday. The remaining 20 stations would be staffed in the near future, he added.

A 20-man, smoke jumper crew, currently in training at McCall, will move to Idaho City with the completion of schooling June 30, Lafferty said.

**Firing Planned**

WASHINGTON, June 20—The air force has announced plans for large scale testing of intercontinental ballistic missiles (ICBMs) next fall.

The testing will cover a wide area of the Atlantic ocean, the air force research and development command said.

**ATTORNEY REAPPOINTED**

# Robbers Find Crime Simply Doesn't Work

PHOENIX, Ariz., June 20 (AP)—A holdup today that ended within 30 minutes after a robber fled in a car, and his "driver" fell asleep outside in the getaway car.

Held for investigation were Leon Coon, 40, and Ralph R. Teema, 34, both Phoenix.

Police said that Bill Beck, co-owner of the Catalina Drug company, supplied with the man who entered the liquor department yesterday afternoon. Officers said the robber pulled the trigger twice on the gun he had stolen from a service station, but the weapon did not discharge.

Police later discovered that there were four bullets still unfired in the gun.

Ordered to Leave  
The gunman, later identified as Coon, became flustered and offered to return the \$51 he had taken. Beck wouldn't take it, ordering the man from the store.

Police said when the man identified Coon went outside, he found the "getaway driver" asleep in the back of the car. He drove the auto himself, officers said, but the "driver" taken down the license plate number and both Coon and Teema were arrested within 20 minutes.

# Board Reads Ordinance on Rupert Zones

RUPERT, June 20.—The first reading of the Rupert zoning ordinance was held at the city council meeting Tuesday. City Attorney Elmer Bellows presided.

On May 23 a public hearing was held, the second to the last step in a series of moves to provide a zoning ordinance for the city. No major changes were made in the zoning ordinance as the result of this hearing.

Only one citizen, Hal Nicholas, attended this hearing. He made a number of inquiries about the proposed ordinance, but requested no changes in the proposed zoning.

The zoning ordinance committee decided to make some changes in the ordinance. The first zone will be reduced to the present boundaries of the city.

The committee also decided to recommend that all of the residential zones be included in the ordinance. The original proposal, lots A through K of the Reed addition to be commercial and the balance of the addition industrial.

In another change, the committee recommended that blocks 14 and 15 of the original townsite be declared residential zones. These had been listed as residential.

The recommendations then went to the city council. The council drafted a proposed ordinance covering the zoning proposals and set the date for the next public hearing. Following this hearing the council then will have the power to pass on the ordinance.

The original proposal of the zoning commission, placed the city in four classes of property use—residential, commercial, industrial and agricultural.

The commission designed the triangular area bounded by Scott avenue, Eighth and H streets as a commercial area. Another commercial area is planned for most of the Reed addition.

The industrial area parallels the railroad, and highway 30N. Its northern boundary is a line from Fourth, G to Third, D to Second, E to First, F to the alley. The First and Second south, G to Third south and back to the highway. It also includes the area east of the railroad track in the Meredith addition.

From limited commercial area is a lot on both sides of highway 30N where it is the city and US reserve and the athletic field on the north side of the city and US reserve on the west canal banks.

The balance of the city is to be residential zone.

# Idaho School Boasts South American Air

UNIVERSITY OF IDAHO, Moscow, June 20.—For a few days this week the University of Idaho is something of a crossroads in South American agricultural education.

Three agricultural field workers from Bolivia, here to study Idaho agricultural extension methods, arrived just as three agricultural scientists from Ecuador were packing up to return home.

From Bolivia come Lucio Anstas, Hugo Arancibia and Julio Vargas. All are the equivalent of county agents. During the coming month, they will attend the Idaho 4-H club congress, visit a 4-H summer camp, and make several field trips to study county agent methods in Idaho.

Returning to their home country after a year of special study at the University of Idaho are Guillermo Albornoz and Gonzales Lurasaga of the University of Quilto and Armando Munoz of the University of Guayaquil. Munoz has specialized in veterinary science and animal production. Albornoz did his advanced work in horticulture while Lurasaga.

Mrs. Evelyn Dunn played the prelude and postlude. Mr. and Mrs. Forrest Seavey sang, accompanied by Mrs. Lou Elson. Blanche Bray, accompanied by Jean Matthews, sang a solo.

Palbearers were Dr. H. E. Dean, Joe Horne, Ward Woodford, Robert Reed, C. W. McManis and Gordon Goff.

Mrs. Uel Walker, Mrs. Albert Fredrick, Mrs. Pearl Wheeler, Mrs. Bern Smith, Mrs. W. N. Feinstein, Mrs. H. V. Blayney, Mrs. McKenney, Mrs. Dick Whitaker and Mrs. P. H. Bailey were in charge of the flowers.

Concluding rites were held at Riverside cemetery, Heyburn.

RETURNS HOME

# Reds Blasted For Boosting Dope Traffic

WASHINGTON, June 20 (AP)—Federal Narcotics Commissioner Harry J. Anslinger said today that Red China is responsible for more than half of the illicit world traffic in opium.

Anslinger, who also heads the United Nations commission on narcotics, said the U.N. has received evidence of "enormous" shipments of opium from the Chinese mainland comprising 65 per cent of the world traffic.

He said the Chinese Reds are "not making any effort" to halt the shipment. In fact, he said, the Chinese nationalists believe the communists are using the illicit trade to finance purchases of strategic material.

The middle East, he said, is the second chief source of the illicit traffic.

Anslinger said in an interview that the illicit narcotics traffic in this country now is greatest in New York, California, Illinois, Michigan and Texas.

He said most of the nation's 80,000 users "take heroin, an opium derivative, by hypodermic needle. The traditional opium pipe has become a curiosity."

He said there has been a sharp drop in the narcotics traffic in Ohio and Hawaii. He attributed this to stricter laws and a "tough" attitude by judges in sentencing peddlers.

Much of the opium reaching the United States, he said, is smuggled through San Francisco from Red China by way of Burma, Thailand and Hong-Kong. Supplies also come from Lebanon.

Anslinger said Red China appears to be acting alone, since Russia and other European nations have been stamp out the illicit traffic.

Mrs. Dale Munk was soloist and Mrs. Alla Durant was pianist. Palbearers were Harriet Wallington, Wendell Thibault, Reed Aldred, G. B. Broderson, William McClelland and Malcolm Metcalfe.

Concluding rites were held at Sunset Memorial park, Twin Falls.

# Hoppers Descend On Large Region

CHICO, Calif., June 20 (AP)—A horde of voracious grasshoppers invaded the fertile Sacramento valley today, devastating fruit, vegetables and range grasses in the worst infestation in 20 years.

Butte County Agricultural Agent Fred Platt warned that crop damage in Butte, Tehama and Yuba counties could reach 10 million dollars if the hoppers are not checked. Already, he said, damage exceeds one million dollars from the flying plague. Cattlemen have had to buy feed for their animals.

The grasshoppers have been hatching in those three counties of the Sacramento valley for the past two weeks or so, with the menace growing worse day by day.

LONDON, June 20 (AP)—A California sapling—due essentially to Ben in height—will be planted in the heart of London today.

It will come from the 4,000-year-old giant sequoia, the largest tree in the world.

The sapling will be planted by London Publisher J. D. MacDonald as a symbol of Anglo-American friendship.

If it prospers, it may reach a height of 267 feet, and a diameter of 38 feet—in 4,000 years. Big Ben is 320 feet high.

# Speaker Praises Economy Effort

BOISE, June 20 (AP)—Public demand for less federal spending and tax cuts continues, the Senate speaker of Associated Taxpayers of Idaho urged Wednesday.

Max Vest advised taxpayers to make known their views in governmental economy. "By cutting expenditures request to tax—a price of better than four billion dollars of savings has accompanied economy more significant than the speaker would have us believe," he said.

# Poverty Fact Gives Lie to Reds' Claims

VIENNA, June 20 (U-P)—Unemployment stills the Soviet satellite empire like a specter, making a mockery of communist boss Khrushchev's predictions.

"The communists claim unemployment is impossible in a 'socialist' state," said a spokesman for the American Red Cross, "but the facts show that in the Soviet satellite states, unemployment is a fact of life."

The spokesman said that in the Soviet satellite states, unemployment is a fact of life. He said that in the Soviet satellite states, unemployment is a fact of life.

# Air-Conditioning Industry Booms as Americans Spend Freely for Comfort

NEW YORK, June 20 (U-P)—Americans will spend more than \$3 billion this year to show that times have changed, since black T-shirts and slacks are no longer the only fashion in vogue, according to the Air-Conditioning and Refrigeration Institute.

"The industry is also developing new markets making special heat transfer devices and cooling equipment for atomic reactors, electronic equipment and jet and rocket engines," the institute said.

Wampler explained that the industry's major sales volume at present is in the market for office buildings and factory air conditioning installations.

D. C. Minard, president of the Crane company, said the industry's biggest problem in the next decade will be "keeping pace with demand."

"The potential is certainly unlimited, not only in new construction, but in the modernization of existing buildings as well," he said. "Today's

air conditioning industry is booming, and the continuing growth of air conditioning is sure that in a very few years it will be considered as necessary to the home as light and heat."

"One out of every eight new homes built this year will be centrally air conditioned," Wampler predicted. "The 1951 one out of three will be no exception and by 1955 half the new homes built will have such systems."

Wampler noted that in the South, central air conditioning is provided in 41 per cent of all new homes in the \$30,000-and-up bracket and in 10 per cent of all new homes regardless of price.

## Takeoff Time

MONTREAL, June 20 (U-P)—Montreal police say they can tell the temperature quite accurately by the telephone. Telephones in the city are so close together that the heat from the phones is enough to affect the temperature of the air around them.

## Effort on Space Research Urged

PLAGSTADT, Ariz., June 20 (U-P)—An air force scientist has called for increased study to determine whether man can survive beyond the atmosphere.

Dr. Hubert Struphal, director of space medicine at the school of aviation medicine at Randolph air force base, Tex., predicted outer space travel is just around the corner and that there is a need for more study in the new field of astronautology.

## Clues

CHICAGO, June 20 (U-P)—Police hope to solve a burglary by finding a black spot on the seat of a car. A burglar entered a tavern yesterday by sliding down a coal chute and stole two antique vases and 30 bottles of whiskey, police said.

## JAIL CHOSEN

NICOSIA, Cyprus, June 20 (U-P)—A village headman and his three assistants chose a jail rather than obey a court order to wipe out anti-British slogans scrawled on schoolhouse walls. All three are members of the school board.

Men's brands are tougher and heavier when whiskers are grey or white.

# Ranger Given Work in T.F.

THOMAS H. Phillips, forest ranger on the Bridger ranger district of the Humboldt national forest, is being transferred and promoted, according to L. E. Bovey, supervisor of Sawtooth national forest.

Phillips will be assigned as a special assistant in the Sawtooth national forest and will work on the grazing allotment analysis program.

# Red Ships Move Through Straits

ISTANBUL, Turkey, June 20 (U-P)—A Soviet cruiser and two escort vessels passed through the Bosphorus from the Black sea toward the Mediterranean early today.

Several other cruisers and destroyers were scheduled to pass through the straits later in the day.

# Field Day Blasted

KINO HILL, June 20—Cub Scouts will hold a field day Saturday at C. J. Strike dam.

### Wed at Christian Church

MR. AND MRS. PHILIP WELLS  
(From photo—half engraving)

### Miss From Buhl Married to Wells In Church Rites

BUHL, June 20—Kay Marie Eggleston, daughter of Mr. and Mrs. Charles Eggleston, exchanged vows with Philip Wells, son of Mr. and Mrs. Allen Wells, Mountain Home, in ceremonies Sunday afternoon at the Buhl First Christian church.

The Rev. Roy T. Peterson performed the rites before a background of delphinium, iris and peonies in baskets made up by Mrs. L. O. Conrad, assisted by Mrs. John Von Linden.

Mrs. Clifford Brown was organist. Mrs. Fazel Chatham, Mrs. Mary Woodruff sang "My Hallelujahs."

The bride, who was given in marriage by her father, wore a white broadcloth taffeta, princess style gown featuring a V neckline and long pointed sleeves. The floor-length gown and her fingertip veil of tulle, trimmed in silver lace were made by the bride's mother. A band of net and pearls held the veil in place.

She carried a white Bible covered with broadcloth taffeta and trimmed in lace to match her gown. With a bouquet of blue delphinium with white streamers. She wore her mother's pearls and carried a birth-date penny given her by Mrs. Ronald Woodruff served as maid of honor. Bridemaids were Deann Gartner, Clover; Diane Eggleston, cousin of the bride; Karen Hopkin

and Donna Schappi. The attendants were dressed in matching light blue taffeta, princess style street-length dresses with V necklines. They carried miniature Bibles with broadcloth covers, trimmed in silver, with white-of-the-valley and blue streamers.

Ronda Eggleston, niece of the bride, in blue taffeta, was the flower girl. Raymond Eggleston, brother of the bride, was best man and David Jones and James Comstock, both Mountain Home, were ushers.

Mrs. Eggleston chose a light blue lace sheath dress with blue accessories for her daughter's wedding. The bridegroom's mother wore a lavender afternoon dress with black accents. Both mothers had a white carnation corsage.

A reception followed the rites in the church basement. Mrs. Charles LaBum was in charge of the reception, assisted by Future Homemakers of America and chapter mothers. Lynette Squires played background music.

Servers were Lynne Zornik and Sandra Hoffa. Mrs. Lauren Shriver was in charge of the guest book. Gifts were displayed by Lorelei Smith and Frances Steffens.

For a going-away gift the bride chose a blue suit with white accessories and a corsage of pink roses. The bride was graduated from Buhl high school in May, where she was an honor student, member of PTA and Thespian. Wells was graduated from Mountain Home high school in 1956, where he also was an honor student. He is in the air force.

Members of the PTA council honored the bride with a pre-nuptial shower at the home of Mrs. Floyd Jones. Women of the Christian church held a shower for her in the basement and Diane Eggleston fed the new Mrs. Wells with a shower also. The bride's mother planned a dinner for the bridal party Tuesday at the Eggleston home.

Out-of-town guests included Mrs.

### Miss Hennig and James Say Vows In Buhl Services

BUHL, June 20—Loretta Hennig, daughter of Mr. and Mrs. Ambrose Hennig, Andrews, Alberta, Canada, was united with Frank James, son of Mr. and Mrs. John James, Buhl, in service Sunday afternoon at St. John's Lutheran church.

Vows were read by the Rev. Alvin Reintz before a background of orange blossoms and pink and white peonies in baskets. Mrs. Fred Buehler, grandmother of the bridegroom, arranged flowers for the wedding.

Mrs. Donald Schroeder was the organist and Carol Deimer sang "Wedding Prayer."

The bride wore a broadcloth sheath with a V-neckline and short sleeves. She wore an elbow-length veil edged with imported nylon lace. It was held by a lace covered band adorned by blue-of-the-valley. She carried red roses with a white Bible and white streamers. Her jewelry was pearls and earrings, a gift of the bridegroom.

Anna Shook, Pocahontas, was maid of honor. Junior bridesmaids were Louise James, sister of the bridegroom, and Diane Burkhalter, Caldwell. Attendants were dressed in yellow taffeta ballroom-length gowns with pink headpieces and pink bows on the dresses. They carried roses and orange blossoms and white streamers. The bride's gown and attendants' dresses were made by Mrs. James.

Busan and Guineen Burkhalter were flower girls. They wore pink nylon dresses and carried baskets with pink bows and streamers.

Ralph Baughman served as best man and ushers were Ernest Baughman and William Joa.

The bride's mother wore a navy blue dress with white accessories and a pink nylon skirt dress with white accessories. Her corsage was of yellow roses. The bridegroom's mother wore a blue dress with white accessories and a pink nylon skirt dress with white accessories.

Following the ceremony a reception was held in the church basement, with the Women's Missionary league in charge.

Mrs. Ernest Meyer, assisted by Mrs. Rene Burkhalter, aunt of the bridegroom, served the three-tiered wedding cake. The cake was decorated with wedding bells and pink lilies-of-the-valley.

Mrs. John Burkhalter, aunt of the bridegroom, served the punch and Mrs. Clyde Meyer poured coffee. Donna Schroeder and Lois Edmonds

served candy and nuts. Judy Graesch, Castleford, was in charge of the guest book. Marjorie Meyer, Wanda Meyer, Carol Adolf and Arlene Alkand displayed the gifts.

As a going-away ensemble for trip to Boise, the bride chose a yellow afternoon dress with yellow accessories and wore the corsage from her bridal bouquet. The couple will live at Kimberly on their return.

The new Mrs. James attended the Lutheran college in Edmonton, Canada, and River Forest Teachers college, Chicago. She was a teacher at St. John's Lutheran school in Buhl.

The bridegroom was graduated from Buhl high school in 1956 and is farming near Kimberly.

Out-of-town guests included Anna Shook, Pocahontas, Mr. and Mrs. Thomas Reynolds, Rupert, and Mrs. Hennig, Andrews, Alberta, Canada.

# Oakley Service Unites Couple

**Maxine Poulton**  
**And L. B. Adams**  
**Exchange Vows**

**TWIN FALLS, June 20**—Maxine Poulton, daughter of Mr. and Mrs. Ralph Poulton and Larry B. Adams, son of Mr. and Mrs. Orvil Adams, all of Oakley, exchanged wedding vows in a double ring ceremony Friday evening at 8 o'clock at the LDS church in Oakley.

Bishop Merrill Ward performed the ceremony before a white background arch of white chrysanthemums and pink gladioli.

The bride, given in marriage by her father, was wearing a white tulle gown with a long train and a full skirt. Her bouquet was of white roses.

Mrs. McDonald, Idaho Falls, wearing a mint green gown and carrying a bouquet of pink carnations, was maid of honor.

Best man for his brother was Kyle Adams. Tim Payton, J. Allen Woodhouse, Dennis Critchfield and Mike Poulton were ushers.

Susan Sullivan, flower girl, wore a pink dress.

The bride's mother wore a rose-colored lace afternoon dress. The bridegroom's mother was in an aqua lace afternoon dress. Both wore pink footed coverings.

A reception followed the ceremony at which 200 guests greeted the new couple. The reception room was decorated with spring flowers and the guests were seated at quarter round tables with white cloths and white centerpieces.

Mrs. Charles Trent, San Francisco, sister of the bride, was in charge of the refreshment table which was decorated with a three-tiered wedding cake and pink and white flowers, topped with pink and silver wedding bells. Reception assistants were Mrs. Boyd Poulton, Mrs. William Poulton and Mrs. Lee Matthews, sister of the bride.

John Adams, sister of the bridegroom, attended the guest book. Mrs. Austin Richman and Mrs. Mary Richman, Salt Lake City, sisters of the bridegroom, were in charge of the gift room. Those who served were Elaine Beren, Laurel Martin, Kathy Gillette, Verlene Adams, Linda Mackay, Nancy Gillette, Sheri Poulton and Leland Matthews.

The program during the reception was announced by Austin Richman, uncle of the bridegroom. The invocation was given by L. A. Gillette, Jr., Decio, under the auspices of the Twin Falls chapter of the LDS church. Advice to the bride was given by Mr. Adams.

# Review Is Given

Mrs. J. Woodson Gled reviewed the book, "The Menninger Book," by Walker Woodrow, at the meeting of the First District Nurses association last week in the Magic Valley Memorial hospital auditorium.

The business meeting was conducted by Mrs. Harold Blecker. Mrs. Alice Knight, Mrs. Sidney Knight, Esther Gled, and Lucille Jacobson were hostesses.

By Mrs. Kenneth Ward, Miss Elson, accompanied by her brother, sang "If I Loved You." Dennis Critchfield, and J. Allen Woodhouse sang. The benediction was given by Marshall Ritchie, uncle of the bridegroom.

The bride was graduated from Oakley high school in 1954 and will be a senior at Brigham Young university where she is majoring in English. She was Miss Cassia county last year. The bridegroom is also a senior at BYU where he is majoring in accounting. He was graduated from Oakley high school in 1953.

# Care of Your Children

By ANGELO PATRI

There is discussion nowadays about the teacher shortage and the quality of education and the parents are searching for ways to meet it. One suggestion is the use of television in teaching the child or children as the case may be, but it is to teach large numbers of pupils at one time is stressed as an economical and teacher-saving device.

Television is a useful educational tool but any tool demands skill in its use. The proponents of this plan have in mind the service of a master-teacher. This kind of teaching to function that teacher needs to be a master indeed.

A master-teacher would need good materials. Consider, say a secondary school group of 150 children—shame—sitting in an assembly hall listening to a TV lecture on this kind of thing. How long is such a student's attention span? But there will be a "wide" to see that the students pay attention. Oh, yes! Ask any teacher of secondary school about forced attention.

Let us be honest, sensible and constructive here. TV can be a fine tool for the teacher but he cannot take the place of the classroom teacher. No machine can replace the human being's power of communication and the teacher is a peculiar sort of communication. It demands the personal presence of a teacher, warm and confidential that arises between teacher and taught. No mechanical device can ever do this.

# Miss Holesinsky And Koontz Are Married in Buhi

**CASTLEFORD, June 20**—Louise Holesinsky, daughter of Mr. and Mrs. Frank Holesinsky and John O. Koontz, Jr., son of Mr. and Mrs. John O. Koontz, Jr., Twin Falls, were married Sunday at the church of the immaculate Conception in Buhi.

The Rev. Father C. A. Bradley, Buhi, performed the double ring ceremony before a background of pink and white gladioli and carnations.

Mrs. Robert Blasted, organist, played the wedding music and accompanied Mrs. Frank Koontz and daughter, Louise Holesinsky, who sang "On This Day," "O' Beautiful Mother" and "Ave Maria."

The bride, given in marriage by her father, chose for her wedding a ballerina-length gown of white tulle over tulle. The bridegroom wore a tuxedo with a white shirt and a white bow tie. The bride carried a bouquet of white gladioli on a fan of lavender net ribbon.

The full skirt was of tulle lace held in place by a crown of orange blossoms. She wore pearl earrings and a necklace, gifts of the bridegroom. Her bouquet of pink and white gladioli she carried on a lavender net.

Beverly Schroeder was maid of honor and Barbara Wagner, bridesmaid. They were matching gowns of pink nylon and carried bouquets of pink and white gladioli on prayer books.

The flower girls, Judy and Joyce Novak, held pieces of the bride's dress. The bridesmaids wore white dresses with matching headbands and carried bouquets of pink and white gladioli.

Best man was Lester Poulton, Twin Falls. Ushers were Frank Holesinsky, brother of the bride, and Gary Hefel.

For her daughter's wedding Mrs. Holesinsky chose a dress of blue lace. The mother of the bridegroom wore a white lace dress. Both wore corsages of white gladioli pinned with pink.

After the ceremony a reception was held for 100 guests at the countess. The bride chose a white linen suit trimmed in powder blue with white accessories.

Mrs. Kenneth J. Binder, Washington, sister of the bride, was maid of honor. Emily Peterson, Oakland, Calif., brother of the bridegroom, was best man.

Dinner for the wedding party was served in the Crowfoot room of the Michigan Union immediately following the ceremony.

On return from a motor trip through the western states the bride will be at home after July 1 at 1024 Northeast First avenue, Coeur d'Alene.

# MRS. PRILUCK IS MEDALIST AGAIN FOR MAGIC VALLEY

## Buhl Golfing Ace Becomes Permanent Possessor of Women's Tourney Trophy

GOODING, June 19.—Helen Priluck copped her third consecutive medalist title in the opening round of the Times-News sponsored Magic Valley Women's tournament here Wednesday, outshooting a field of 44. The 89 she fired gives Mrs. Priluck permanent possession of the traveling trophy. However, the medalist was pushed by Mary Greasy, who toured the 18 holes in 89. Mary Lynn McIntosh had a 92 score for third. Other scores in the championship flight included Grace Kimes, 96; Mildred Barlow and Coleen Moon, both 100.

## Brown Posts Season's First No-Hit Contest

BOISE, June 19 (AP)—Boise's winston brown hurled a seven-inning, no-hit, 1-0 victory over Billings in the first game of a doubleheader Wednesday night. His opponent, Ernie Evans, held the Braves to but one hit. The nightcap was won by Billings 2-0. Mori Lerner got the only hit off Evans, an RBI double.

It was Brown's ninth season victory, against two defeats. And it was the first no-hitter in the Pioneer league since 1935.

In the second game, Lyle Krall singled in one and McDewitt doubled in the other. Both tallies came in the third. Bob Greer held the Braves to four hits.

Brown's no-hitter was the 17th in the history of the Pioneer league, and the first since Aug. 19, 1935, when John Reider of Magic Valley turned the trick.

Boise got its lone run in the bottom of the seventh when Bob Jackson walked and Mori Lerner, a 3-and-1 count, doubled to right center field. That was the only hit struck by Ernie Evans.

Brown was in complete control of the game, except for one inning when he issued two walks. He used only 75 pitches in posting the no-hit streak out to six.

Evans, eager for the double hit by Lerner, almost equalled Brown's performance as he struck out five and walked only three. He used a total of 80 pitches.

With the brilliant performance by the pitchers, the entire contest took only one hour and 20 minutes.

## Redlegs Use Homers to Nip Brooklyn 4-3

By The Associated Press  
Two-run homers in the seventh and eighth innings helped the Cincinnati Reds to a 4-3 victory over the Brooklyn Dodgers Wednesday night and gave them a 4-3 record over Brooklyn all season.

Thurman's homer was his eighth of the season and his fourth as a hitter.

The hot St. Louis Cardinals, blending the long ball with strong hitting, moved with a half-inning of first place with a two-run homer over visiting Pittsburgh.

Bobby Buhl hurled his fourth hour of the season, pouring his straight victory as the home-standing Milwaukee Braves broke their three-game losing streak with a 6-0 victory over the sixth-place New York Giants.

Chicago the Cubs rode successive eight-inning homers by Ernie Banks and Moose Morris to a 4-3 victory over the Cardinals.

Philadelphia's home standing 10-0 fans, after rookie Dick Drott limited the Phillies to three hits in a 9-0 home-springer triumph in the opener.

Veteran Duke Lorn saved the second game victory for Mo Drabowski, Cubs' 31-year-old bona fide star after the Phillies lost to the Braves with one out in the ninth inning.

**PELIER DAY SET**  
DES MOINES, Iowa, June 20 (AP)—The 20th will be celebrated as "Pelier Day" in Iowa by proclamation of Gov. Hetschel C. Lovett.

Pelier, of Van Meter, Ia., ended a long and record-breaking career as a star pitcher for the Cleveland Indians last year.

**Jealousy Halted Career, Former Ballplayer Claims**

CHICAGO, June 20 (AP)—White-haired Freddie Lindstrom slipped a cold drink—it was a very hot day—and said he never should have invited Bill Terry for getting John McGraw's job 25 years ago.

"It was the biggest mistake I ever made," Lindstrom sighed. "I know that now. The only trouble is you don't get wise until you get old."

It was a warm afternoon then, too, and McGraw had just retired. His replacement as Giant manager was a replacement between McGraw and Lindstrom.

They came up together from Toledo in 1923 and were roommates. They called Lindstrom "McGraw's kid" and "the boy wonder" when he rapped out 10 hits in the 1922 World Series against Washington. He was only 19.

But they picked Terry to manage the Giants and Lindstrom made no effort to conceal his disappointment. His betting average dropped below 200 for the first time in his career, and his rift with Terry became public knowledge.

"If I had could have accepted that attack," Lindstrom said, "I'd have worked out all right in time. I'm sure I'd have managed some club. It was just a matter of waiting. But I found the whole thing up-forever."

The Giants traded Lindstrom to Pittsburgh in the winter of '23. From there he went to the Chicago Cubs in '24. The Cubs gave him an unconditional release two years later. He hooked up briefly with the Brooklyn Dodgers, but then said to be voluntarily released.

"I've got a saying I use now," Lindstrom said. "God grant me the ability to change what I can, the grace to accept what I can't, and the wisdom to know the difference."

There was a reason for Lindstrom's reflections. His son Chuck, 20, just had signed with the Chicago White Sox as a catcher.

"You can't have the way for anyone else's life," Lindstrom said. "But he's lived with me through it all. I hope he's prepped by his mother."

Charles, however, is not a happy and satisfied. He's been in the White Sox since he was 15. He's been in the White Sox for the last nine years—of his great satisfaction in developing new players.

"We in college baseball might someday replace the minor leagues as a source of major league material," he explained. "We don't need substitution. All we want is for the majors to leave us alone and not kill our summer small town league where the boys can play every day."

Charles always has been a part of Lindstrom's thought. For instance, that day back in 1923 when he had joined the Dodgers and went with a New York sports writer to Hialeah on an off day.

Two minutes before the seventh race, Lindstrom put \$2 on the nose of a 3-1 shot named "Lucky". The horse actually was in front down the stretch, but just before the wire it faltered as its favorite edged up.

It was more than Lindstrom could stand. He jumped to his feet, shouting "Lucky! Lucky! Lucky!"

## Texas Gains Quarterfinals In NCAA Meet

SAIT LAKE CITY, June 20 (AP)—Sammy Olmstead of Texas, playing in the first round of the 1939 annual national collegiate tennis tournament, defeated the 1938 champion, Alvin Karpis, in the first round of the 1939 annual national collegiate tennis tournament.

Glamina, with a savage display of tennis, took only 22 minutes to eliminate Tom Pritchard of Yale, 6-1, 6-2.

Glamina, who was the 1938 champion, defeated last year's Davis cup winner, is seeded No. 1 in the tournament. He is seventh in the world.

All the other seeded players advanced to the quarterfinals Wednesday were Art Andrews of Iowa, seeded No. 3, who beat Jerry Walker of Oklahoma, 6-4, 6-0; C. Maxwell Brown of Notre Dame (No. 4) who defeated Dick Potts of Michigan, 6-2, 6-1; David Harum of Miami (No. 5) who beat Dave Prentiss of Maryland, 6-2, 6-1; Donald Holmberg of Illinois (No. 6) who beat Brook Rawlins of Stanford, 6-2, 7-5; Crawford Horn of Tulane (No. 7) who beat Jerry Smith of Los Angeles State, 7-5, 7-2, and John Powell of Maryland, 7-5, 7-2.

## Yankee Boss Will Try To Save Three Fines

NEW YORK, June 20 (AP)—Dan Topping, New York Yankee president who slapped \$5,000 in fines on six Yankees last month, Wednesday was trying to save three players \$400 in penalties levied by the American league.

Topping will discuss the fines with Will Harridge, American league president, who refused to confirm or deny reports they planned to pay the fines.

Topping said after the fines were announced the players would be reimbursed. He said the Yankees didn't start the fight and "we certainly would not expect them to run when the Sox players started the brawl."

Harridge Tuesday denied he had threatened to fine the Yankees \$4,000 if they pay the players' fines, as reported by the New York World Telegram and Sun.

But he did say he reminded Topping of a 25-year-old league rule prohibiting a club from returning a brawl to the league fines to players.

The league president is authorized to charge a club \$5,000 for violating the rule.

It was disclosed Dillman sent the league a check for \$100 and Blagoder for \$100. Martin was fined \$100.

Martin was one of five players fined \$1,000 by Topping after a brawl in New York night club John Kuzka. Yankees pitcher, also was fined \$500 as a result of the episode.

A short time later Mrs. Laboskey was off for the golf club to play in a local women's tournament.

Mrs. Laboskey played the first nine in 46. Then she made a discovery.

She had 15 clubs in her bag. That's one over the limit allowed for the tour.

"What is the penalty for having an extra club?" she asked tournament officials. "Two strokes per hole," was the reply.

## Brown Scores 15-Round TKO Over Zulueta to Keep Lightweight Title

DENVER, June 20 (AP)—Lightweight champion Joe Brown successfully defended his title Wednesday night in Denver's coliseum with a 15th round technical knockout of Cuban Orlando Zulueta. The jolting champion blasted the tough little Cuban to a nine count in the 13th, then got to him again in the 15th. Orlando hit the deck for nine, and when he got up, he was stopped by the fight.

A crowd of police estimated at more than 9,000 in the big, 11,000-seat arena boomed loudly when Brown halted the battle. But to ringers there was no doubt it was all over.

Zulueta came in the ring an underdog, but he was a tough little fellow. He stabbed Brown frequently and in the 10th opened a cut over the champion's right eye. Brown, who hailed from New Orleans, La., and Houston, Tex., bled his time. And when he saw his spot he bled in with a load of right and left hooks that was too much for the Cuban to bear.

# Little Change in Valley's Fishing Seen on Week-End

Little change is seen for this week-end's fishing picture in Magic Valley, reports Hawley Hill, district fish and game department supervisor. Hill said all streams and reservoirs that have been producing good catches since opening day are the best bet this week, but most of these have tapered off slightly.

## Public Demand Governs Baseball, Frick Tells House Subcommittee

WASHINGTON, June 20 (AP)—Baseball Commissioner Ford Frick said Wednesday he is convinced a final deal has been made to move the Brooklyn Dodgers and New York Giants to California. Frick told a house antitrust subcommittee he thinks "the interest of the public itself will influence the movement or non-movement of these clubs before it goes through." He appeared before the subcommittee to oppose legislation to put baseball under the antitrust laws. If this

### Permit Given On Enlarging Firm in Area

BURLEY, June 20.—The J. H. Simplot company will enlarge its potato storage facilities in addition to the present two-warehouse located across the river in Heyburn. Permission to enlarge was granted at the city council meeting Monday night.

Last fall the company planned a two-story building for processing frozen foods but inasmuch as the height of the buildings interfered with the landing and takeoff airplanes at the Burley airport, the city asked that the buildings be kept to one story. The two present warehouses are 120 feet by 150 feet. The new one will be 150 feet by 200 feet and will not interfere with PAA regulations.

Wallace Carrier showed the council plans for the two additional buildings and stated that, after a meeting with CAA officials and representatives of the Simplot company, the CAA said that inasmuch as the airport is owned by the city, it was up to city officials to make the decision. The voting was unanimous that the present plan be accepted.

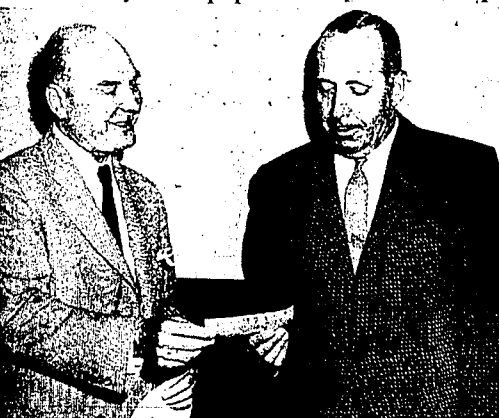

Carrier is general manager of the Burley Processing company in Burley, a Simplot concern. The present building is being enlarged to enable it to double its capacity.

The new addition is 100 feet by 200 feet and a 17-foot second story will be added to the present structure. With both buildings producing the plants expected to process one and one-half million bags of potatoes this season.

The expansion in the building will not, however, mean an increase in employees as modern equipment, such as an electronic sorting machine which automatically grades the product, also is being installed. The building will cost \$75,000 and the equipment about a quarter of a million dollars, Carrier said.

The firm plans to start full operation by Sept. 1 with 140 employees working 24 hours a day for 7 days a week for nine months. Simplot has contracts in Canada and Minnesota for 1,000 acres of potatoes and a total of 13,000 acres in all of Magic Valley.

### \$21,351 Damages Action Filed Here

Damages totaling \$21,351.80 were sought in a civil suit filed in Twin Falls district court Wednesday by Delmar Curtis Malone against John Flemmer as the result of an accident June 20, 1935, approximately seven miles northeast of Twin Falls.

Malone alleges Flemmer, driving a 1931 Ford truck, collided with his 1932 Oldsmobile at a country road intersection. He charges Flemmer drove in a negligent and careless manner and failed to yield the right-of-way.

Malone claims that as a result of the collision he sustained severe bruises and permanent injuries to muscles of the left arm causing a 50 per cent reduction in use and further sustained severe and painful injuries to his back. He seeks \$20,000 for these damages.

### Events Reported

KING HILL, June 20 — Mr. and Mrs. James Gerke have returned from Ft. Wayne, Ind.

Kenneth Marroch has left for Orange, Calif., to work.

Mr. and Mrs. Neil Blane and family have moved to Clayton, Ida.

### PRESIDENT VISITS LUXEMBOURG, June 20

President Rene Guy of France today began a two-day official visit to the Grand Duchy of Luxembourg.

### 3 Cars Collide

Damages were slight on the result of a three-car accident Wednesday night involving a 1947 Ford driven by George L. Thompson, 26, 210 Washington street, north; a 1934 Ford driven by Florence M. May, 24, 215 Lenore street; and a 1930 Ford owned by O. McCarty, Jr., parked in an alley.

The accident occurred at the intersection of an alley and Shoup avenue. Damage to the 1947 Ford was estimated at \$100; damage to the 1934 Ford was \$75, and the 1930 Ford, \$50.

# Russians Get Taste of New Sales Method

MOSCOW, June 20 (AP)—Russians soon will experience the delights and the worry of buying on the installment plan.

The introduction of what is an entirely novel financing system in the Soviet has been announced by Minister of Internal Trade D. V. Pavlov.

Pavlov called in Russian and foreign correspondents to make the announcement. He said credit buying would be introduced in retail trade "very shortly."

It has not been announced how much and which goods can be bought now and paid for later. But it will not include houses or automobiles.

Pavlov had another surprise for the Russians. Two hundred thousand automatic vending machines will be installed soon in stores and snack bars throughout the country's big cities. By dropping in their kopeks, Russians will get sandwiches, coffee, cosmetics and, perhaps, even cigarettes.

A few such machines already have appeared in Moscow stores. They are such a novelty that a crowd invariably gathers when one is unveiled. Some of the first did not work well and there was the familiar sight of a man banging a machine with his fist to get his money back.

Pavlov said the demand for consumer goods was increasing tremendously. Particularly popular are automobiles, motorcycles, sewing machines, refrigerators, planes and furniture. Demand outruns supply.

In some instances, the government has priced goods well above their cost of production so that they will be beyond the financial reach of many people.

The cheapest Soviet car, for instance, sells at 15,000 rubles. At the 10 ruble-per-dollar foreign exchange rate, that means \$1,500 and is impossibly high for the average family.

Another new technique the Russians are investigating is the self-service supermarket and other stores. Delegations which visited the United States and Sweden were very much impressed by this type of merchandising.

# Sale for Bonds Disappointing

BOISE, June 20 (AP)—Idaho's savings bonds committee chairman yesterday reported disappointment in the state sale of series E and H savings bonds last month.

Charles C. Adams, in a statement, said, "Sales figures were not increased to the extent anticipated with the improving interest rate of 3 1/2 per cent."

He said E and H savings bond sales totaled \$68,960. May sales last month, Adams added, compared more favorably with May sales of 1936 than with April and May sales of 1937.

Adams reported, with a total of \$75,453, Twin Falls county was next with sales amounting to \$11,208. Ada county sales totaled \$49,453.

# Missionary Family

Mr. and Mrs. Ralph Gihring and daughter, Susan, 9 months, arrived last Wednesday in Japan where he will be business manager of missions of the Lutheran church. Miss Gihring, wife of Mr. and Mrs. Theodore Gihring, res. 1, Bush, will serve in the post in Tokyo for a year. After that, he is scheduled to serve as a missionary to primitive natives in an isolated valley in New Guinea. He is a 1937 graduate of Idaho state college. (Staff engraving)

# Air Guard Plans Two-Week Jaunt

BOISE, June 20 (AP)—About 50 members of the Idaho air national guard's 124th fighter group, based at Boise, leave here Friday and Saturday for Casper, Wyo., where the unit will undergo two weeks of aerial training.

It will be the first time since the Korean war that the Idahoans have left the state for summer training.

The move to Casper was ordered to give the group experience in transporting men and equipment to the new theaters of operation and working under a self-sustaining basis.

# Weed Removal Notice TO TWIN FALLS CITY PROPERTY OWNERS

Twin Falls City code requires the cutting and removal of weeds, grass and rubbish upon and from private property to the center of any street or alley alone or in front of such property prior to June 30 of each year and to cut and remove the same as often thereafter as may be necessary until the first day of October to prevent growth and seeding.

Where such conditions exist on private property, the owners are hereby notified to remedy the conditions by June 25th of this year. If after this date properties have not been satisfactorily cleaned, the City will take necessary action to have this work done and the costs thereof will be levied against the owner.

CITY OF TWIN FALLS, IDA.

# Nasser Keeping Tight Check On Elections for Parliament

CAIRO, Egypt, June 20 (AP)—Egypt is about to take a tentative step toward democracy. But President Nasser will be able to draw back if the road ahead looks tortuous.

Elections are to be held July 2 for a national assembly, the king's first parliament since King Farouk dissolved the old assembly in 1952 after ruling by direct rule.

Nasser, who was elected to a six-year term as president by a 99.2 per cent of the total vote in an election June 23, 1956, was the only candidate, has made sure that there will be no candidates strongly opposed to his revolutionary regime.

Whether the assembly turns out to be purely a rubber stamp body still remains to be seen. But there appears little chance of effective opposition. The constitution, also adopted at the 1956 election, empowers Nasser to dissolve it and call for new elections at any time.

The president must give a reason for the dissolution and cannot use the same reason twice.

The coming elections fulfill, at least in part, a promise the 33-year-old president made to his people to take the new Egyptian republic along the road toward constitutional parliamentary democracy.

Three hundred fifty assembly members are to be elected. They all must be passed on by the national union, the only political party sanctioned by the present regime. Extremist leaders under the monarchy overthrown in 1952, communists and relatives of exiled ex-kings Farouk are all disqualified.

Also ineligible are persons who have been arrested, confined to a restricted residence or put under police surveillance by the military clique headed by Nasser, which three weeks ago took power.

Responsible Egyptian sources say these rules will keep about 7,500 persons from being candidates. The "National union committee," political arm of Nasser's revolutionary officers' movement, this week vetoed 1,366 of the 2,508 candidates for the assembly.

Egyptian women voted for the first time in Nasser's election. Voting is not obligatory for women, but by law all men over 18 must cast ballots.

Nearly 47 million of Egypt's 22 million population are on the voting rolls.

The constitution provides that "the

## Rayburn Puts Stop to Video In Committee

WASHINGTON, June 20 (AP)—Speaker Sam Rayburn is about to announce that he will ask the House to censure the house committee for its handling of the anti-Communist activities, it was learned today.

Rayburn told a reporter a ruling was made several years ago against the committee for "swallowing proposals of house committees all the time and that it applies whether the committee is sitting in public or in closed session."

Rayburn expressed surprise at reports that the committee on un-American activities, at some of its out of town hearings, has been permitting film and live television coverage.

Rayburn's attention was drawn to the committee's practice in drawing up the account of the apparent suicide of a prominent witness before the committee at current hearings in San Francisco. In a farewell letter the witness had said he was a "prospective witness," a biochemist, and he had said a "fierce resentment of the committee."

Rayburn said if he finds that the

## Swensen Gets Post as Idaho State Auditor

BOISE, June 20—Ruben Swenson was sworn in Thursday as Idaho's first state auditor after receiving permanent appointment to fill the unexpired term of the late N. P. Nelson. Swenson had been serving in an acting capacity.

Gov. Robert E. Smylie announced that he had appointed the 39-year-old Swenson to serve as auditor until January 1959. Nelson died April 30.

Swenson, formerly of St. Anthony was crippled in a shooting accident in 1934, but returned to work.

Swenson graduated from St. Anthony high school and received advanced training at Hengar school of Business at Salt Lake City.

Like Nelson a Republican, Swenson was elected to the legislature in 1926. He started with the state insurance fund in 1929 and officiated as auditor of the state treasury until the state auditor's office 10 years ago.

From chief accountant, he was appointed acting state auditor when Nelson died.

**Hi Neighbor!** IGA Food Stores sell for less because of many basic reasons. One of the most important reasons is that your IGA store owner sets his own prices. He knows the people of his community; he is in a better position to cut his prices lower than his competitor who has his prices set for him. This man may not be acquainted with or may not understand the problems of your particular community. Conditions in your community may be different from those in another town five to ten miles away. The man on the scene is in a better position to understand these problems than a man many miles away, who sets the prices for IGA competitors. Better understanding not only brings you better prices, but courtesy and gratefulness that can only come from a man who owns his own business.
