Buhl Boy Moved to Salt Lake City by Mercy Flight

John Buhl, 14, lies in hospital bed after being flown to Salt Lake City by mercy flight. The boy was injured before he was placed aboard a C-119 airplane from Mountain Home air force base for a mercy flight to Salt Lake City.

Cool Weather Draws Crowd to Fairground

GOODING, Aug. 15—Cool weather brought a large attendance to the fairgrounds here as the annual three-day Gooding county fair opened officially Thursday morning. Preliminary activities were centered around livestock, produce and homemaking judging. A Gooding 4-H member took top honors with her horse, Toke, in quality fitting and showing during the morning. Bob Schiffer, 12-year-old West Point livestock 4-H club member, entered the grand champion champion heifer in the junior division.

Sick Buhl Boy, 14, Flown to Hospital

John Reeves, 14-year-old Buhl boy, was flown to Salt Lake City Thursday morning for specialized diagnosis and treatment of a condition that has paralyzed him from the chest down. His father, Virgil Reeves, accompanied the boy aboard the C-119 cargo plane brought here from Mountain Home air force base for the mercy flight. The Reeves boy was admitted to Magic Valley Memorial hospital July 12 with what was believed to be polio. Physicians listed a weakness in both legs. However, tests showed immediately that the illness was not polio. As tests and examinations continued, the weakness in both legs developed to the point where the boy is now paralyzed from the chest down.

NEWS BULLETINS

WASHINGTON, Aug. 15 (AP)—Defense Secretary Charles E. Wilson indicated today that the American armed forces may be cut to 2 1/2 million men in the next 18 months. That would be fewer than the services now have.

BARCELONA, Spain, Aug. 15 (AP)—A helicopter from the U. S. aircraft carrier Franklin D. Roosevelt plunged into the harbor today and sank. All aboard were believed to have perished.

Union Local Payoffs To Mobster Charged

WASHINGTON, Aug. 15 (AP)—The senate labor racket committee charged today that a henchman of New York labor racketeer Johnny Dio and Anthony (Tony Ducks) Corallo got \$20,000 "free and clear" from a New York Teamsters union local. Committee Counsel Robert F. Kennedy identified the henchman, Sam Goldstein, as liaison man between Dio and Corallo in an attempt to swing an important Teamster election in New York for James R. Hoffa, crown prince of the Teamsters.

Tax Evasion Charge Made Against Dio

NEW YORK, Aug. 15 — Labor racketeer John (Johnny Dio) Dioguardi and his bodyguard Theodore (Teddy Ray) RJ, were accused of income tax evasion in two secret racketeering grand jury indictments opened today in federal court.

Former President Has Car Accident

KANSAS CITY, Aug. 15 (AP)—Former President Harry S. Truman collapsed yesterday in an auto collision. Police said a car driven by Truman and another auto driven by Miss Willie Mae Dunn, 48, Kansas City, collided in downtown Kansas City. Miss Dunn, who also was unhurt, was charged with failing to yield the right of way.

House Committee Ignores 'Ike' Requests, Continues To Cut Foreign Aid Fund

WASHINGTON, Aug. 15 (AP)—The house appropriations committee slashed \$809,650,000 from foreign aid funds today just as President Eisenhower made a new plea—his third this week—for more money. A White House statement said Eisenhower, "in the conviction that the national interests of this country are deeply involved," hopes the cut will be restored. It had been voted last night by a subcommittee. Then in less than an hour the full committee stamped approval on the subcommittee action. Eisenhower's statement was not formally directed to anyone in particular but James C. Hagerty, White House press secretary, said it was aimed at the full committee.

Russians Get Apparent Victory In Feuding Between Syria, U.S.

WASHINGTON, Aug. 15 (AP)—Russia stood out today as the big winner so far in a diplomatic dogfight between Syria and the United States. The Soviet policy of making trouble for the Western powers in the Middle East appears to have paid off handsomely in this conflict, which led yesterday to American ouster of the Syrian ambassador to Washington. Announcing that Ambassador Farid Zeineddine was no longer personally acceptable here, the state department also declared that the U. S. ambassador to Damascus, James S. Moore, Jr., will not be returning to his post.

Trial Is Ordered for Manslaughter Case

Lester Pehrson, 232 Monroe street, charged with involuntary manslaughter in the rural traffic death of a Texas transient laborer in July, was bound over to district court for trial Wednesday after Probate Judge Everett M. Sweezy denied two motions by defense attorneys to dismiss the case. The motions for dismissal were made by Pehrson's attorneys, Kramer and Walker, Wednesday morning following reading of the complaint by Prosecuting Attorney James M. Cunningham. Judge Sweezy continued a previously set bond of \$1,000. The bond was posted by Pehrson.

Benson Ends 6-Week Trip In Far West

OGDEN, Utah, Aug. 15 (AP)—Secretary of Agriculture Ezra Taft Benson flew back to the farm price and political war in Washington yesterday after six weeks in western mountains and wilderness. It was "one of the most enjoyable periods I have ever spent," Benson said.

70-Year-Old Woman Remains Afloat 17 Hours Before Rescued From Caribbean

PORT AU PRINCE, Haiti, Aug. 15 (AP)—A 70-year-old grandmother who can't swim says she and a young rescuer just hung on to a buoyant mattress and floated and prayed during a 17-hour ordeal in the Caribbean.

Filer's Blood Quota Missed

FILER, Aug. 15—Shooting at a quota of 125 pints of blood, Filer residents contributed only 65 pints to the Red Cross bloodmobile Tuesday at the American Legion hall.

Crop Record Predicted in State for '57

BOISE, Aug. 15 (AP)—Idaho farmers are in for a record crop year, the U. S. department of agriculture said today.

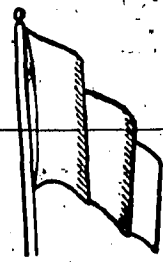

The department said the index of prospective production of major crops is 131.3 per cent of the 1947-49 average, compared to a previous record of 128 per cent established last year.

The department said prospects had improved since July 1 for winter wheat, corn, oats, barley, sugar beets and sour cherries.

But it scaled down its predictions for hay, dry beans and sweet cherries. Forecasts remained unchanged for spring wheat, dry peas, potatoes, hops and other fruit besides cherries.

Winter wheat production was forecast at 18,550,000 bushels and spring wheat at 18,681,000. This was up three per cent from the forecast.

day after he failed to pay a fine of \$100 and \$540 costs ordered by Burley Justice Henry W. Tucker for drunken driving. Hunsaker, cited by Burley police, pleaded guilty Thursday morning. When unable to pay the fine, he was remanded to custody of Sheriff LePage Layton.

Burley Justice of the Peace Joe Weldon fined Clarence O. Schules, Mountain Home airbase, \$35 and \$3 costs after Schules switched his plea from innocent to guilty of negligent driving. Jerry L. Ashby, Heyburn, pleaded guilty of negligent driving and was fined \$25 and \$3 costs by Judge Weldon.

Two motions to dismiss a complaint against Gary Heidel, charged with reckless driving, were overruled Wednesday in Twin Falls probate court by Judge Everett M. Sweet. Heidel will be scheduled to stand trial.

Heidel was charged in April with reckless driving after an accident on the road between Castelford and Buhl. He was cited by State Patrolman M. J. Bays, Jr.

An amended complaint, to which attorneys Kramer and Walker objected, claims he was driving on the left side of the road with no headlights and in such a manner as to cause a collision with another vehicle.

Three persons, Gary Bishop, Fred Parks and Beverly Carlson were injured in the accident.

William R. Atkinson, 42, 179 Filer avenue, was fined \$25 and \$3 costs Wednesday in Twin Falls justice court for negligent driving. He was cited by State Patrolman H. E. Carr after driving his car through a stop sign at a speed to endanger lives and property. The arrest was made one-half mile east of the sugar factory.

Charles W. Valentine, route 2, Kimberly, was fined \$15 and \$3 costs Wednesday in Twin Falls justice court for failure to stop at a stop sign. He was cited by State Patrolman Broy Harding about four miles south of Twin Falls.

Buhl Justice of the Peace C. E. Rudy fined Gary I. Winn \$10 and \$3 costs for a stop sign violation Tuesday.

Temporary City Judge C. E. Rudy meted out two fines for speeding Tuesday. Edward M. Anderson, Burley, was fined \$10 and \$3 costs and John Clark was fined \$15 and \$3 costs.

Spud Growers Favor Ruling

IDAHO FALLS, Aug. 15 (AP)—Area potato growers and dealers say they favor continuation of a two-inch minimum or four-ounce minimum on U. S. No. 2 or better grade potatoes.

The regulation was in effect last season on winter potatoes.

At a meeting Tuesday, potato producers voted in favor of maintaining a size-A graduation. Potato lots in this grade must be 40 per cent six-ounce or larger.

The meeting was sponsored by the Idaho Potato Producers association and the Bonneville County Farm Bureau. Members of the Idaho-Eastern Oregon Potato committee attended.

Prospects for Rights Action Fading Again

WASHINGTON, Aug. 15 (AP)—Prospects faded still more today for quick house action on the state-mandated civil rights bill.

As stymied civil rights leaders hunted ways out of the house deadlock, Rep. Howard W. Smith, D. Va., moved into position to block immediate efforts to get the bill before the house.

Is Chairman

Smith, frosty 74-year-old leader of the little band of Southerners battling civil rights legislation, is chairman of the rules committee, which controls legislative traffic in the house.

In that post, Smith can delay action on the bill at least until after Labor day—well past the target date for adjournment of congress, where quelling fever already is running high.

Smith yesterday served notice he is taking his stand on the Dixie bridgehead to repel civil rights forces.

Wants Compromise

However, pitted against him were the power and prestige of Speaker Rayburn, D. Tex., committed in favor of house acceptance of the senate bill with a minor jury trial revision.

After a strategy huddle with key Southern leaders, Smith told reporters he hadn't made up his mind yet whether to yield to Rayburn's pleas to let the house act on the senate-passed bill with its jury trial amendment.

Filer Man, 33; Is Found Dead

Keith L. Giltner, 33, 720 Yakima street, Filer, was found dead about 1:30 p.m. Wednesday at his home. He had been shot in the head with a .32 caliber rifle, Sheriff James H. Bejham reported.

Dr. J. Woodson Creed, county coroner, ruled the wound was self-inflicted. A brother, Ted Giltner, found the body Wednesday afternoon. Time of death was estimated at about 10 p.m. Tuesday.

Investigating officers were Sheriff Benham, Deputy Wayne Hankins and Filer policeman Paul Patterson. Mr. Giltner was born Aug. 21, 1923, in Kansas. He came to Filer in 1938 and has worked as a laborer.

He is survived by his parents, Mr. and Mrs. Chester Giltner, four brothers, Ted Giltner and Robert Giltner, both Filer; Ralph Giltner, armed forces in England, and John Giltner, Nevada, and two sisters, Mrs. June Duncan, Gooding, and Mrs. Betty Carpenter, Twin Falls.

Funeral arrangements are pending at the Reynolds funeral home, Twin Falls.

Youngster Burned At Farm Is 'Fair'

IDAHO FALLS, Aug. 15 (AP)—Eight-year-old Dennis Tremayne, burned over a third of his body while playing with matches, was reported in fair condition in an Idaho Falls hospital after undergoing surgery yesterday.

He is the son of Mr. and Mrs. Leland Tremayne of Idaho Falls. Tremayne said his son was burned Saturday afternoon at the Stanley Crawford farm at Rupert. Matches he was playing with ignited gasoline in a garage.

Tremayne and Crawford, the boy's grandfather, put out the fire but it had almost burned off Dennis' clothing.

Committee Okays McElroy for Post

WASHINGTON, Aug. 15 (AP)—The senate armed services committee today approved the nomination of Neil H. McElroy to be secretary of defense, succeeding Charles E. Wilson.

Chairman Russell, D. Ga., said the vote was unanimous. The nomination now goes to the senate for indicated confirmation, probably later this week.

The committee acted shortly after McElroy, president of the Procter and Gamble soap firm, testified he will dispose of part of his investments "in order to avoid any possible confusion between these holdings and the responsibilities of the secretary of defense."

Increases in Tariff Rates Are Held up

WASHINGTON, Aug. 15 (AP)—A question-mark today hung over the fate of the first tariff-raising legislation requested by any administration since the tariff-cutting reciprocal trade program was launched in 1934.

The administration-backed bill is designed to raise domestic prices of lead and zinc which have skidded sharply during the past year. It is opposed by some farm groups which claim it would raise farm production costs.

Backers report they now have the votes to push the legislation through the house and senate before adjournment if they can get it out of the house ways and means committee. They say a majority of the committee is ready to vote for it if it can be brought to a vote.

But key committee Democrats have passed the word they're going to do all they can to keep it bottled up. They accuse the GOP administration of passing the buck by asking congress to do something the President himself has power to do if he really thinks it's necessary.

The three were Howard Stone, second secretary of Van Nuys, Calif.; Francis J. Jett, vice counsel of Boston and Washington, D. C., and Col. Robert W. Molley, military attaché, home town unavailable.

Twining Gets New Position

WASHINGTON, Aug. 15 (AP)—Gen. Nathan F. Twining took over as chairman of the joint chiefs of staff today with congratulations from President Eisenhower and a kiss from Mrs. Twining.

The six force general took the oath of office at a brief ceremony in the cabinet room of the White House. He succeeds Adm. Arthur W. Radford.

Eisenhower presented the commission to Twining.

Immediately after being sworn in, Twining said in a statement that the major problem before the joint chiefs of staff is "to tailor military power to our over-all efforts to preserve peace."

Nine Recovering Following Crash

REXBURG, Aug. 15 (AP)—Nine young Madison county residents are recovering from injuries they received Tuesday night in a car-truck collision on a bridge near here.

Injured were Jeanene Hirsch, 15, driver of the car; Charles A. Thomason, 22, driver of the truck; his passengers, Kay Hinkley, 22; Myrna Beardsall, 12; Alana Pelton, 15; Vivian Huffaker, 15; Arlene Huffaker, 14; Maxine Huffaker, 13, and Lane Brizze, 14.

Soviet Plane Plunges Into Sea, 23 Dead

COPENHAGEN, Denmark, Aug. 15 (AP)—A twin-engine Soviet airliner coming in for a landing plunged into Copenhagen harbor today after clipping a tall chimney in low hanging clouds.

Police said one American was among the 23 dead—18 passengers and a crew of 5. There were no survivors.

Police said names of victims could not be given until later tonight.

Bodies Recovered
Seven non-Russians on the plane, an Ilyushin 14, were listed as three West Germans, two Britons, a Norwegian and an American. Sixteen bodies were recovered.

Six badly mutilated bodies were found floating on the muddy harbor waters and were picked up minutes after the crash. Others were recovered from the submerged wreckage.

Bloodmobile's Help Planned

HOLLISTER, Aug. 15—Plans for helping with the bloodmobile visit to Twin Falls on Aug. 27 were made by members of the Hollister Grange at the regular meeting Wednesday night.

The bloodmobile will be set up at the Legion hall in Twin Falls from 10 a.m. to 2 p.m. Aug. 27. Grange members will help with the unit and also furnish snacks for lunch.

In other business, it was reported 17 members participated in the go-to-church Sunday and 20 members presented the exchange program for Kimberly Grange Monday night.

It was voted to serve the second series of dinners for the Elks lodge. Refreshment committee included Mr. and Mrs. John Pastor and Mr. and Mrs. Ralph Schnell.

Grangers will meet at the hall Friday night to work on projects for the fair.

down one point, and parity is up one point. "Maybe I should stay away longer," he chuckled.

Declared the major farm problem confronting the agriculture department is its attempt to have a so-called escalator clause removed from basic farm support legislation. These require that as soon as a surplus is reduced the farm support prices must be raised. And this, he said, immediately creates a second surplus. He added: "You cannot operate a support program on rigid formulas when you're dealing with dynamic things like farm operations."

Special Meet For Fair Set At Shoshone

SHOSHONE, Aug. 15—A special fair board meeting will be held 8 p.m. Wednesday at the courthouse. Every organization in the county is urged to have at least one representative present and all interested persons are invited to attend, the board chairman said.

Purpose of the meeting is to discuss the need for another one-half mill levy for fair operation. One-half mill is levied at this time for the fair fund and investigation of other counties of the vicinity. A number of requests have been sent to the fair board for improvement of booths, improvement of the buildings and erection of another building at the grounds. Under the present appropriation for operations there can be very little work done in the way of improvement or general maintenance, he reported.

Lower Steel Rate Being Predicted

WASHINGTON, Aug. 15 (AP)—Roger M. Blough, chairman of the board of U. S. Steel corporation, predicted today that increased productivity will bring lower steel prices if production costs don't go up in the meantime.

Productivity, Blough said, will go up and steel prices will come down if you don't increase other costs in the meantime.

Testifying before the senate antitrust subcommittee headed by Sen. Estes Kefauver, D. Tenn., Blough said there is a smaller degree of concentration in the steel industry than in most large industries.

Luther Jones, 15-Year Veteran of Soil Conservation Work Here, Transferred

Luther Jones, a 15-year veteran of Magic Valley soil conservation work, has been promoted and transferred to the state soil conservation service staff in Boise.

Jones' promotion was effective Aug. 12. He is replacing J. W. Thannman, who was recently promoted to deputy state soil conservationist. Jones will perform similar duties in soil conservation work on the state level as he has been doing in Magic Valley.

Jones, one of the first men to do soil conservation work in Magic Valley, has assisted in the organization of eight soil conservation districts in surrounding counties. He has led all soil conservation work in the valley and supervised much of the technical assistance offered farmers in local soil conservation districts.

Jones joined the soil conservation service in 1935 and recently received a 20-year service award. Jones holds a bachelor's degree in agriculture from the University of New Mexico where he was graduated in 1933.

He arrived in Twin Falls in 1942, but had previously served with the conservation service in Pocatello.

Jones married the former Ruth McClusky, Buhl, and they have three children: Mr. and Mrs. Jones reside at 1336 Eleventh avenue east in Twin Falls. They will move to Boise sometime before Sept. 1.

The soil conservation service provides technical assistance to organized soil conservation districts, for farm planning, range conservation, engineering and revision and designing of irrigation systems. It also plans and applies soil and water conservation practices with cooperation of farmers.

Disease Fatal To Youth on Tour to U. S.

NEW YORK, Aug. 15 (AP)—A 17-year-old Greek boy, one of 200 foreign exchange students who became ill en route here aboard ship, died late yesterday in Roosevelt hospital. An autopsy report last night said the probable cause was Asiatic flu.

Dr. Benjamin M. Vance, acting chief medical examiner, said the boy, Nicholas Memmos, died of "bronchial pneumonia, influenza type."

"As early as you can pinpoint anything," he said, "you could consider it the Asiatic flu."

About 200 students from 18 foreign countries on their way to study in this country under an exchange program were listed as having been stricken on the ship *Akron Sky* with a mild influenza. The *Akron Sky* docked here Tuesday.

By yesterday, however, only 15 of the 200 who were ill were still lying up.

TUCKER'S NATIONAL WHIRLIGIG

WASHINGTON—Why did it require a televised and spectacular senate investigation before national, state and local officials took the first steps to prosecute and drive out the gangsters, crooks, communists and unscrupulous leaders who prey for profit upon honest, hard-working union members and upon small, defenseless merchants and shop operators?

Why did it need a McClellan exposure before the officers of the nation's greatest labor organizations—automobiles, building trades, teamsters, textiles, electrical, longshoremen—framed a code of ethics not yet operating and "considered" not damaged the expulsion of the Becka, Hoffas and Dioguardis from authority over the 15,000,000 workers upon whom our economy depends in war and peace?

These questions have been raised in the minds of McClellan committee members as they have listened to the sordid story of union officials—not all, but too many—who conceived the so-called pro-labor laws of the thirties to be, not a Magna Charta for supposedly oppressed workers, but a license to loot.

BLAMES BOTH GOVERNMENT AND UNION OFFICERS—Senator McClellan, although exhibiting remarkable restraint as he has observed the procession of underworld characters and fifth amendment union officials through the senate caucus chamber, has virtually leveled indictments against both government and union officials.

It is only natural for him to ask whether they were so negligent of public duty that they were ignorant of these disgraceful conditions, or whether they failed to act because of their fear of antagonizing the "labor vote."

With a few exceptions, many of the apparently delinquent public officials have catered to and been elected because of the endorsement of organized labor and their active campaigning.

JUSTICE DODGED DEPARTMENT—Attorney General Brownell, for instance, speaking at London, condemned his Democratic predecessors for being "too soft" toward racketeers. But many of the crimes revealed by the McClellan committee's six-month preliminary probe reached their most offensive and widespread proportions since he became head of the department of justice.

Whatever prosecutions he conducts, and including the income tax indictments he has already obtained, will be the result of capital hit disclosures.

In New York, where the worst scandals of underworld conspiracy were perpetrated, Governor Hariman and Mayor Wagner have expressed indignation. They have organized committees to hear complaints from cheated union members and from shopkeepers who had to pay heavy tribute to the goons lest their livelihood be lost or their children maimed.

But where were their departments of labor when these crimes were being perpetrated—crimes which are covered by the most elementary state and municipal statutes? It is true that the able District Attorney Hogan has sent several racketeers to jail. But the conspiracy still exists.

CALLOUS, MERCENARY AIMS—How many billions of dollars have been diverted from productive channels because of strikes called for callous and mercenary purposes, and not to obtain benefits for union members? How huge has been the increase in living costs—inflation—because the consumers had to absorb the price of these practical prices in the end?

These are admittedly legitimate questions. Federal labor conciliators and FBI agents are in intimate contact with labor leaders and members if they try to settle strikes or corral gangsters. NLRB representatives have the same acquaintance with the highest and humblest people in labor circles while conducting collective bargaining negotiations and elections.

It is inconceivable, in McClellan's opinion, that they did not learn long ago of criminal conspiracies in operation for many years.

WAGNER WAS WRONG

When the late Senator Wagner was framing what has been called labor's Magna Charta grant in the years after FDR became President, he was warned that he was giving labor too much power, and that even the most well-meaning union officials would not know how to use it properly for lack of experience and training.

He was told on one occasion that, "It will be like putting a submarine gun in the hands of a 10-year-old boy." It was suggested that he provide for federal supervision and policing of the use of this new authority.

But he disregarded the warnings. He trusted the labor leaders of that day—William Green, Philip Murray, Sidney Hillman, David Dubinsky, John L. Lewis. He thought that the national labor relations board could do this job.

In retrospect, Senator Wagner was wrong. The McClellan disclosures suggest that his advisers were more farsighted than was the father of the present mayor of New York. The mayor was only a schoolboy at the time.

The remedy then proposed may have to be employed. It was the legislative creation of an agency, possibly within the department of labor but free from political influence, that will keep a sharp and continuous check on the internal operations and day-by-day behavior of the major national unions.

New legislation would be needed for this and other methods of observation that are now under consideration. For it has become obvious that no existing governmental authority, and no union group of officials, has dared or tried to assume even a small measure of this seemingly necessary kind of responsibility.

GOOD NEWS

A cheerful note about the nation's home-building output was sounded recently by Roy M. Marr, president of the United States Savings and Loan league. He thinks the 18-month decline is nearly over.

A good many public figures have blamed the whole drop-off in housing starts on "tight money" in the mortgage field and elsewhere. Marr believes that the sharp slide in the formation of new families is mainly responsible.

He notes that in 1947-50 the average annual gain in new U. S. households was more than 1,600,000. From 1950-53 this slipped to 900,000 annually. In the following three years it fell to an average of 840,000 a year.

Census bureau studies indicate, however, that this decline in family formations has now been reversed and that an upturn is in progress.

If Marr's theory is accurate, and the figures truly reflect a fresh trend, then one of the wobbly props of the American economy may soon be shored up. And that will be good news for all of us.

POT SHOTS

DISTRACTION

Something insidious has been creeping into the rank of us males the last couple of years and finally has reached the point where someone should do something about it. The question remains as to who will do what. It's this business of Burma shorts.

Now in a tropical country, no one would give a second look at the knobby knees and hairy legs. And around here no one would think much about it if these aging jokers wore the things in the privacy of their own backyards. But on the golf course! And the streets, too! Ah, what are these rugged westerners coming to, anyhow!

For instance, the other day Gene Shirley blossomed out in the things. If you can call it blossoming. And then came last Sunday, Ben Mottern appeared in public wearing some nifty blue shorts. Gene explained he didn't have the nerve to walk down the street, but was driving around in his car. Ben had a good alibi, too—insisted it was all his wife's idea.

Our offspring says the latest child wonder is "How long will summer vacation last?"

A WOMAN SPEAKS!

Dear Pots:

You never know these days when you go shopping just what you'll run into. If you ask to look at handbags, before you are through you will wonder if it is a mistake because you are right in the midst of what you might think is a luggage display.

There are all colors, dimensions and sizes (but mostly large). There are those that resemble lunch boxes, briefcases, suitcases and what have you. In fact, some of them are used for most anything of a case.

See a woman in the street with one, you never know if they are traveling or just going somewhere. You could make use of them in many ways. Be good in a bank hold-up. You could hide away the tools to be used in breaking in and carry away the loot.

GENTLEMAN IN THE FOURTH ROW

"WASHINGTON CALLING" BY MARQUIS CHILDS

WASHINGTON—In my list of the 10-00-12 most influential men in the congress, the name of Rep. Francis E. Walter, D. Pa., would come high up. As chairman of the house subcommittee on immigration and as the surviving co-author of the Walter-McCarran act, he exercises what are, in effect, life and death powers over the flow of immigration into this country.

Through the session now grinding to a close, a tug of war has been going on between Walter and those who want to change the basic formula for admission of immigrants in the act that bears Walter's name. That formula, based on the census of 1920, weights the quotas heavily in favor of northern Europeans as being more "desirable" citizens than southern and eastern Europeans.

Rep. Kenneth Keating, R. N. Y., early in the session introduced the administration bill calling for fundamental changes. It would change the base for the national origins quota system from the 1920 to the 1950 census, thereby increasing the number of immigrants by about 65,000 a year.

The measure also would authorize the president to keep open an escape hatch for refugees from iron curtain countries anticipating another crisis such as occurred when thousands of Hungarians fled Soviet oppression last November.

Keating says he has tried repeatedly to get Walter to hold hearings on the administration bill. Up to this writing, with the sands of time rapidly running out, there have been no hearings.

Walter, who is shrewd, able, dressless, has agreed to a number of minor modifications. He would lift all the mortgages imposed on national quotas by reason of admission of refugees who have taken up the quotas of some nations for years in advance. He would change the law to permit divided families to be reunited and to raise the age for orphaned children admitted under a special provision of the law.

But on any change in the basic formula, Walter is adamant. In the explosive birth rate, which is rapidly filling up the remaining empty spaces in this country, Walter has a powerful argument.

Every 11 seconds, he says solemnly, there is a child born in the United States and every one minute and 52 seconds a new immigrant is admitted. In New York alone, Walter says in a voice of dire warning, are more than 1,000,000 Puerto Ricans. Immigration from Mexico—no quotas apply to any country in this hemisphere—has risen from 2,500 to 80,000 since 1953.

In the five years since the McCarran-Walter act was adopted, any change has been steadfastly resisted. The law has taken on an aura of sanctity.

When the Hungarian explosion occurred, the only provision under which refugees could be admitted to the United States was on a parole basis. Some 30,000 were admitted under that status, which originally was not meant merely to cover cases of temporary haven for stranded sailors or other emergencies.

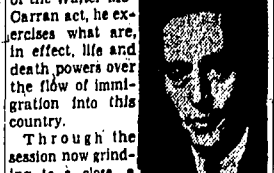

The difficulty—one might almost say the impossibility—of making any change in the basic structure of the immigration act is cited by administration spokesmen as a precedent for what will happen with acceptance of the watered-down civil rights bill.

If this bill becomes law, then its architects will continue for years to argue that it must be given a fair trial and that any change can only be for the worse. The same color of sanctity will be invoked by the shrewd Southerners who engineered its passage in the senate.

The inequities in the McCarran-Walter act long have been apparent. The unused visas for the northern European countries, where the quotas are large, average 250,000 a year. State department officials estimate regular normal immigration at 110,000 to 125,000 a year.

Politics enters in here, of course, just as it does in the civil rights issue. The minorities in the big cities—Polish, Italian and others—are almost as keenly aware of what is or is not done in immigration as are the Negroes in the matter of civil rights legislation. The Eisenhower administration has made a determined appeal to these minorities, coming down hard in favor of changes in the immigration law.

To have a Democrat, the powerful chairman of a key committee, blocking action may be useful to the Republicans. In the same way, a weak and unworkable civil rights law could be exploited.

Perfumes for Men May Make Comeback After Many Years

By HAL BOYLE

NEW YORK (AP)—Very few businessmen today rub perfume on their ankles to help them solve a vexing problem.

"They may be missing a bet. After all, Socrates, one of history's greatest wise guys, perfumed his ankles to assist his meditations."

"The ancient Greeks even perfumed their food and household pets," said Arnold S. Berke, who sees an increasingly scented future for the American male.

At 41, Berke, executive vice president of Schiaparelli's, is one of the youngest executives in the rapidly expanding cosmetics industry.

"Men now buy about 60 per cent of the perfume sold in this country," observed Berke, a student of psychology as well as odors.

"Most of it, of course, is for women. But speaking frankly, we are headed toward a time when most men will use perfume themselves—although naturally it will be specially formulated for them."

Berke sees no reason why this prediction should be startling.

"South American men have always worn perfume," he said, "and in Europe it was worn by more men than women, until the French revolution came along."

The trend here is unmistakable. Husbands used to borrow their wives' deodorants. Now 40 per cent of American men buy their own.

"They also are beginning to get away from medical smelling shaving lotions in favor of these that have a masculine fragrance."

Berke's firm is one of several that have already come out with special new perfumes for men. His brand is marketed in a bottle shaped like a pipe—and lend it a masculine air—and, according to him, has a "fresh outdoor spicy scent."

But Berke feels that the man of the future has little real choice as to whether he'll give off the fragrance of a walking pine tree or a rampant field of clover.

"The men may think they know how they want to smell," he said, "but it is the women of America who will finally decide."

Every woman knows the lift that perfume can give her. But what can it do for the more prosaic male?

"It gives you the feeling you have after playing a good hard game of golf... or taking a needle shower and getting a rub-

Marine Becomes Pilot

Pilots of the U. S. marine corps win their wings through intensive flight training at Pensacola, Fla., popularly known as the navy's flight school. Qualified marine candidates enter seven weeks of training which includes such subjects as navigation, aerology, principles of flight, communications and physical fitness. After their preliminary training, candidates learn to fly the T-34 and T-38 trainers. From this point on they are flying every day through various stages from pre-solo flight to carrier qualifications.

Good vision is of primary importance to a pilot . . .

Area School's Faculty Needs Listed at Meet

BUHL, Aug. 15—At the meeting of the Buhl school board Monday evening, Supt. Alva Borders announced a music teacher vacancy exists.

The Buhl elevator was awarded a contract to provide four carloads of coal to the school, and K. V. Elkin was authorized to provide school bus insurance.

Student fees were fixed for the coming year. Tuition for high school students will be \$16.90 per month and for elementary pupils, \$12.49. Bus fare for these students will be \$2.41 per month. Insurance for all students will be \$1.10.

Book rental for the first through the third grades will be \$2, for grades four through eight, \$2.50 and for high school students, \$5. Special fees will be charged for some classes. Activity tickets and class dues will be similar to those charged last year. Athletic insurance for football players will be \$3, for basketball, \$2 and for other sports \$1.

One new fee has been proposed for this year, a towel fee of \$1.50 for all physical education students. This fee would guarantee one clean towel each week.

Average yield of wool from an Angora rabbit is about 12 or more ounces a year.

Nobody's Home

DETROIT, Aug. 15 (AP)—Police in suburban Madison Heights are looking for some body who lost a basket.

Two youngsters found the empty basket along the bank of Red Run drainage canal yesterday. It was covered with felt and appeared to be new.

Police said they had no idea how it got there.

Two Tots Killed When Car Burns

PHILADELPHIA, Aug. 15 (AP)—A flash fire in an automobile killed two little children yesterday as they waited for their father to return from an errand.

Dead were Patricia, 3, and Patrick Palmer, 4. Their father, William J. Palmer had left them in the parked car. Suddenly, flames enveloped the car. Palmer frantically tried to reach his children, but the heat of the fire had welded shut the auto doors.

Bids Awarded

BUHL, Aug. 15—In a special meeting Tuesday evening the Buhl city council awarded bids for installation of gas furnaces.

Buhl Planning mill will be awarded the contract for the city hall furnace and George Stevens for the city library.

Thefts Reported

BUHL, Aug. 15—Police Chief T. M. Kendrick reported Wednesday that there have been several cases of petty theft from cars in Buhl within the last few days, and asked that car owners be cautious about locking their cars and taking the keys.

Kendrick also reported that he is investigating vandalism at the city cemetery where several vases and other ornaments on graves have been broken and a lawn mower damaged.

ON TRIP

WENDELL, Aug. 15—Mr. and Mrs. Fred Eaton left this week for Arkansas, Illinois and Nebraska. Brandon Eaton, their grandson, accompanied them to Green River, Wyo., where he will visit his uncle and aunt, Mr. and Mrs. Doyle Prince.

41 Americans Taking Jaunt To Red China

MOSCOW, Aug. 14 (AP)—Forty-one young Americans departed for communist China yesterday despite a stern warning by the United States government not to go.

All but one left aboard a trans-Siberian express train, which will travel six days in Soviet territory before crossing the line into China.

A leader of the group, Jake Rosen of New York, said he would go to Kiev first, where he would attend another communist-sponsored youth meeting, and then travel to Peiping.

As the train pulled out of Yaroslavl station, Dan O'Connell of Chicago said, "We have six days aboard before we reach the Red Chinese border and there are some here who may change their minds and get off."

The U. S. state department warned them Tuesday their passports would be taken away when they returned to the United States from Red China. It said the group was aiding communist propaganda.

The U. S. government does not recognize the Peiping government and considers itself in a "quasi state of war" with communist China, acting secretary Christian Herter said.

A group of 46 held an anxious 2 1/2 hour meeting early in the day to discuss the warning. Forty-one decided to make the trip anyway. Two withdrew. Two others said they might try later to catch up by plane.

Several of the youths appeared at the station still smarting from the strong language of Herter's letter. Some reacted defiantly. Others said it was their right as Americans to travel where they liked.

Most of the Americans frolicked at the station. Guy Carawan and Peggy Seeger of Los Angeles sang "America the Beautiful." A crowd of 1,000 Russians gathered around as the train prepared to leave.

Dozens of bunches of flowers were thrown into the windows of the American compartment.

A singing Russian band blared out one tune after another as the crowd shouted "peace" and "friendship."

Some of the Americans filed aboard the train quietly, seeking seats in the back of the coach.

Stan Fiskson of Los Angeles and Richard Sherman of Chicago said they would not make the trip and declined to say why.

David and Albert Maysles of Boston said at the last moment they would not go, but "might" fly out and catch the group later.

The youths who went were mostly from the New York area and the West Coast.

Three Prison Guards Leave Montana Post

DEER LODGE, Mont., Aug. 15 (AP)—Three top guard officers have quit their jobs at Montana prison, where multitudes of inmates with 20 demands for control for 24 hours just two weeks ago. One of the three, asked why, mentioned cryptically another said with the warden, and another said, "I'm not going to work between two fires for nobody."

Warden F. O. Burrell, appointed in 1953 by Republican Gov. J. Hugo Aronson, declined to comment except to repeat what he has said since the riot—that the three-man board of prison commissioners had ordered that only it would make public prison information.

"It's just the same as it was before," the warden said. "That order has never been rescinded."

After the riot, a prison expert told prison commissioners that guard officers should get more pay. He said 37 more officers were needed to carry out a 40-hour work week the legislature had set up but for which it failed to appropriate salaries.

The commissioners took these and other prison reform recommendations under advisement.

When asked about his three new top officers, Burrell said that he would try to clear this information with the board chairman, Aronson, who was at his Oak Bank wheat farm, or another commissioner, Democratic Atty. Gen. Forrest H. Anderson. The third board member, Democratic Secretary of State Frank Murray, was out of the state on vacation.

Deputy Warden Vern Lockwood, 55; Capt. Everett Ripley, 62, and Capt. Harry Berg—quit their jobs Saturday. Word of their action leaked out of the remote prison town on the western slopes of the continental divide Tuesday night, and Lockwood confirmed it but would not talk. Ripley and Berg could not be reached then.

Wednesday, however, Lockwood told a newsmen, "You can't work under that fellow." It was clear that he meant the warden although Lockwood did not mention Burrell by name.

Ripley, who was one of the five guards held hostage July 30, said "The attorney general gives orders on one thing and the warden changes them. I'm not going to work between two fires for nobody."

Search Crews Find Missing Body on Peak

COLORADO SPRINGS, Aug. 15 (AP)—Because "she couldn't see a mountain and not want to climb it," Mrs. Inesita Roberts is dead.

The 88-year-old woman's body was found yesterday high on Pike's peak—a 14,110-foot mountain she has climbed 14 times previously. She apparently had fallen and died of exposure.

Searchers found her body not far from where she was last seen Aug. 8.

They reasoned that Mrs. Roberts had tripped over a log and tumbled into a gully 10 feet deep.

Monie Wolford, operator of a physical culture shop, said she had been taking short cuts across switchbacks in Barr trail when she encountered him on her way down the peak. Wolford said Mrs. Roberts had spent the previous Sunday night beneath a rock ledge after being told she could not sleep at a summit lodge.

More than 100 sheriff's deputies, trained army mountain climbers and volunteers had since tramped across the northeast face of the famed peak in a day-night search.

The frail, white-haired Mrs. Roberts conquered many of the nation's tallest mountains in a life-long urge to climb.

"She couldn't sit still," said Mrs. Margery Feldtknecht, one of Mrs. Roberts' four daughters. "She could not see a mountain and not want to climb it."

The aged woman had made her home with Mrs. Feldtknecht in Colorado Springs for the past 10 years.

Slaying Case Is Sent Back For Sentence

BOISE, Aug. 15 (AP)—The Idaho supreme court formally sent the case of Raymond Snowden back to district court yesterday for the setting of a date for Snowden's execution.

Snowden pleaded guilty to the mutilation-slaying of Mrs. Cora Lucyle Dean in nearby Garden City last Sept. 22. He was sentenced to hang last Dec. 7, but appealed to the state supreme court.

The supreme court rejected his appeal July 24, saying his action "exemplified an abandoned and malignant heart and sadistic mind, bent upon taking human life."

The time for Snowden to request a rehearing expired Tuesday. There are other routes open to him, such as an appeal to the state board of pardons, but court-appointed defense attorney J. P. Cromwell said he was not decided whether to take any such steps.

Eugene Thomas, Ada county prosecutor, said Snowden could probably be brought before District Judge M. Oliver Koelsch, who originally pronounced the death sentence upon him. Koelsch is on vacation, but will be back on the bench early in September.

Request Over Hearing May Trigger Pitfall

WASHINGTON, Aug. 15 (AP)—A former union organizer who had demanded to be heard by the senate rackets probe got his wish yesterday. It boomeranged into charges he once took a bribe from an employer.

The witness, Marshall M. Miller of New York, former administrative assistant and organizer in the Upolsters International union, denied the charges bitterly.

He protested that the rackets investigating committee was giving him a dirty deal by springing new accusations, when he had come here to answer old ones.

Miller's case, which jumped back and forth between New York and western Michigan, came up after the committee had spent several more hours on the operation of Teamster union affairs in New York City.

In the Teamsters' phase, the committee took testimony that a clerk, a carpenter and a drunk in a bar were pressed into service as union officials long enough to help elect a pal of James R. Hoffa as head of the Teamster council in New York City.

Hostesses Greet Foreign Exchange Students

Arriving in Twin Falls Wednesday were Birgul Rona, Turkey, second from left, and Seragul Islam, Pakistan, foreign students visiting in Magic Valley under a farm youth exchange program sponsored by the National 4-H club. Meeting them at the Twin Falls bus station are Mrs. John Edwards, left, and Mrs. Lester Stubbs, right. Miss Rona will be spending three weeks observing farm practices on the Edwards farm in Dietrich while Islam will visit the Stubbs in Richfield. (Staff photo-photomontage)

Two Foreign Exchange Students Start Stay With Richfield and Dietrich Folks

Two foreign students traveling under the international farm youth exchange program arrived in Twin Falls Wednesday for a three-week visit with two farming families.

Birgul Rona, 18-year-old Turkish girl, and Seragul Islam, 21-year-old agriculture student from Pakistan, were met at the bus station by Mr. and Mrs. John Edwards, Dietrich, and Mr. and Mrs. Lester Stubbs, Richfield, and their families.

Miss Rona, also a daughter of a Turkish farming family, will stay with the Edwards family in Dietrich to observe farming methods. Islam, a junior at Dacca university in Pakistan, will stay with the Stubbs family in Richfield.

Prior to their arrival in Twin Falls, both spent several weeks on eastern farms, their initial "exposure" to American farming. Miss Rona spent her first visit with corn farmers in Illinois while Islam visited a dairy farm in Wisconsin.

Both agree that American people are "too fast." Islam notes, "the people walk too fast, talk too fast, eat fast and drive too fast."

He pointed out that he has enjoyed his stay here and has acquired a great liking for American ice cream. He observed the differences in American and Pakistan farms are great and said a Pakistani farmer has only 20 or 25 acres to farm where an American farmer often has hundreds of acres.

Islam singled out the 4-H organizations as the most important aspect of the farm community and said he would carry the idea back to Pakistan with him.

Under the farm exchange program, persons selected from foreign countries must be between 18 and 28 years old, farm reared, graduates of high schools or agricultural schools and able to understand English.

Costs involved in bringing a farm exchange youth to the United States are paid by voluntary contributions to the national 4-H club. Idaho, with 4-H club members contributing 10 cents per member, raised more than \$1,400 for the program.

While on their visit in Magic Valley both Islam and Miss Rona will give talks to various Grange organizations and 4-H clubs. They will speak about their home countries.

Following their visit in Magic Valley, they will travel to the Boise area for a few weeks and then go to Washington, D. C. to return to their homelands.

The exchange program is not limited to foreign students alone. Mrs. Edwards' son, Philip, a recent agricultural graduate of the University of Idaho, is in Burma under the same program studying Burmese farm technique. He is one of the first American youths to travel into Burma under the international farm youth exchange program.

Wendell's School Board Has Meet

WENDELL, Aug. 15.—The regular monthly meeting of the Wendell school board was held at the high school building Monday evening with all trustees and Supt. A. J. Ritter present.

Vinton L. Stanfield of the Gooding Gas and Appliance company was present to explain installation of gas jets in the present school boilers.

Appreciation was expressed by board members for the efforts of Clyde Petersen in behalf of the schools' insurance program. The board adopted the insurance plan outlined by Petersen which basically consists of 100 per cent replacement and extended coverage.

The insurance program will be divided among MacQuibrey Trousseau firm, 15 per cent; Mrs. S. O. Hamilton, 15 per cent; H. O. Christiansen, 15 per cent, and to Peterson agency, 65 per cent.

Dairy Worker Given Beating During Strike

ALBANY, N. Y., Aug. 15 (AP)—A non-striking dairyman was severely beaten in Plattsburgh, N. Y., today as he attempted to cross picket lines set up by farmers seeking a higher return for their milk.

Alfred Bedard, 23, Plattsburgh, was set upon by four pickets as he tried to drive his milk-laden truck into a dairymen's co-op plant. He was reported in fair condition at a hospital.

Police issued warrants for the arrest of two of Bedard's assailants. The identity of the others was not known.

While normal milk deliveries throughout the state were not greatly affected so far in the two-day-old farmers' withholding movement, a more immediate and serious threat faced the milk supply 12 million families in the New York City area.

This was a threatened strike by milk hauler members of the Teamsters' union which would cut off the city's milk supplies at midnight tomorrow.

The greater New York and northern New Jersey milk committee, made up of most major dealers in the metropolitan area, appealed to the governors of New York and New Jersey and to Teamsters' President Dave Beck to intervene in the threatened strike. The milk drivers are demanding a 70 cents an hour pay boost.

Man Dead on Photo Tour of Desert Region

MOAB, Utah, Aug. 15 (AP)—Searchers found Clinton Kjar, 70, of Stockton, Calif., dead in the rugged desert southwest of here yesterday.

Officers said Kjar apparently died of natural causes and no evidence of foul play was found. Although he had no water or food, he did not die of starvation or thirst. Death occurred a few hours after leaving his auto, the officers said.

Wandered
Kjar had gone into the desert region to take photographs. Extensive tracks in the dirt and sand indicated he wandered and back-tracked before his death.

Car Found
Kjar's abandoned automobile was discovered by a U. S. geological survey team. The keys were gone, but the car was unlocked and contained cameras and luggage.

Stocks said Kjar had no food or water. Although he was in an area along the Colorado river, he probably could not have reached stream flows through a wild, deep gorge that looks like a miniature Grand canyon.

The sheriff's office said the body was found at a landmark known as upheaval dome near Dead Horse point.

Russians Start Tour With Sodas

Five Russian engineers smacked their lips over ice cream sodas at the airport cafe as they arrived in Minneapolis to start a tour of the state, accenting iron ore mining facilities. In the party, left to right, are N. N. Supreor, S. A. Funev, M. S. Varich, S. M. Meleshkem, and K. A. Bellaev. They will visit the University of Minnesota and the Mayo clinic at Rochester. Idaho's Publicly-Financed Salk Shot Program Probably Will Be Ended Soon

BOISE, Aug. 15 (AP)—Idaho's publicly-financed inoculation program against infantile paralysis may come to a shuddering halt in about six months.

By that time, the state department of health's polio vaccination funds will have hit rock bottom and there's no prospect in sight for the money coming from any other source.

That was the prediction of public health laboratory director A. W. Klotz, who has been the official most closely connected with the inoculation program since it was begun two years ago.

Klotz said yesterday that only \$40,000 of a total state biennial appropriation of \$100,000 remained for purchase of vaccine. That money would have to finance the program for over a year and a half longer before the legislature meets again.

In fact, said Klotz, the money will probably run out by early 1958, in effect ending the state's free shots for youngsters to age 20.

Klotz said 11 of Idaho's 44 counties have already used up their state allocation of vaccine and will have to get more from other counties or immediately discontinue their programs.

But the picture is not as dark as it might look. Emergency funds are available if an epidemic were to break loose, an unlikely prospect. In addition some federal funds and stocks of vaccine could be allocated to Idaho if the need should arise.

Medical authorities in the state generally agree that the dreaded cripple has been tamed by the improved Salk vaccine. If the required three shots are given at the proper intervals.

The Idaho Medical association contends that polio is practically licked in relation to the terrible toll

it once took and feels that the program can be returned to private physicians.

Said Dr. Quentin W. Mack, Boise, chairman of the polio advisory committee of the Idaho State Medical association:

"It is the feeling of the medical association that enough persons will have been immunized by the end of the year to turn the program back to private physicians. It's time the people got back on their own feet again."

Klotz pointed out that Idaho has had 15 cases of polio reported so far this year, compared with 48 cases on Aug. 12 last year. A total of 110 cases were reported during all of 1956, a year after the Salk vaccine program was first instituted in Idaho. Idaho had 353 cases in 1952.

Furthermore, said Klotz, some of the 13 cases reported are not precisely pinpointed as polio. Two of them, an eight-year-old Lewiston girl and a six-year-old Rupert boy, are now thought to have been afflicted with disease other than polio.

Another graphic way to measure the startling effect of the vaccine, Klotz noted, is to check the history of each case.

Ruling out the two cases which are not definitely diagnosed as polio, only four others have been reported in the vaccinated age group—that category between 0 and 20 years of age. None of the four had been inoculated.

"There is no clear-cut case definitely confirmed as polio in a person who received the vaccine," said Klotz.

A much more surprising fact, he added, is that six of the eleven clearly diagnosed cases have occurred in individuals between 20 and 28,

an age group in which few have been inoculated.

"It's particularly disastrous in those cases," said the director.

He added that the 20-40 age category was especially prone to contract the paralytic form of the disease. That age group also includes parents whose disability can cause hardship to an entire family.

Klotz said a U. S. public health service report had indicated that Idaho had so far inoculated 47.6 per cent of its population through age 20. The Gem state ranks behind the neighboring states of Utah, which has a 60.9 per cent inoculation rate, Washington, 51.9 and Montana, 51.6. However, Idaho is ahead of Oregon with 46.1 and Wyoming, 32.6.

Ballet School Scheduled to Begin in T. F.

A new ballet school is scheduled to open in Twin Falls in September with the primary objective of presenting a serious study of ballet in its three forms: classical, character and contemporary.

Mrs. Joseph Hackney plans to open the school at the DAV building Sept. 9. Sharon Leno, a student instructor, will assist Mrs. Hackney.

Mrs. Hackney was born at Salt Lake City, studied at Salt Lake City under Peter Christensen and later worked with the San Francisco ballet with Harold Christensen and Wilton Christensen. The latter is now director of ballet at the University of Utah.

She studied further at the American School of Ballet at New York City. For a short time she was a member of the San Carlos Opera company prior to her marriage.

Mrs. Hackney has taught at Boise, Portland and Butley. She came to Twin Falls from Butley.

Mrs. Hackney plans to hold a small concert in the spring to illustrate the three types of ballet. She will combine her school with a study of accompanying arts, music and drama.

Students for Mrs. Hackney's school must be 8 years old or above. The school is not limited to girls.

Stock Buying Proposed for Annuity Plan

WASHINGTON, Aug. 15 (AP)—Recession-conscious Americans soon may be able to peg their pensions to the value of the stock market. The plan is called the "variable annuity" and is being developed by the insurance industry. It would allow the pensioner to share in the ups and downs of the stock market, instead of the "fixed" annuity which pays a set amount each month. The plan is being developed by the insurance industry. It would allow the pensioner to share in the ups and downs of the stock market, instead of the "fixed" annuity which pays a set amount each month.

Man Is First Prize

The Man Sketch, a London tabloid, in a circulation contest offered a man as first prize. Their "dream" come true is former British army Maj. Edgar Christopher Charles Edding Powell pictured in the paper bathing a baby. The front page offer described Powell as a superman, six-foot, two, and fighting fit. They said he would do anything for the winner as long as it was legal. (NEA radio-telephoto)

French Tinkering With Value Of Franc Adds to Confusion

NEW YORK, Aug. 15 (AP)—France's tinkering with the value of its franc in foreign trade has opened up the whole Pandora's box of world currency troubles and blocked commerce. And it has brought some quick reaction from both officials and civilians traders.

1. Washington officials say there isn't a chance that the U.S. dollar will be revalued again. The last time that was done legally was on Jan. 31, 1934, when the dollar was devalued sharply as an anti-inflation measure. Its market value has slipped steadily since—but that's another matter, inflation.

2. The British—in trouble themselves with a somewhat shaky pound and a widening trade gap—say they won't cut the pound's official rate. But they believe Germany should raise the value of the mark and thus give the British and French a better shake in the fight for world markets.

3. West Germany's economic minister, admitting that the mark is worth more now than the official rate, proposes instead that the United States call a world conference at which all currencies could be revalued.

4. Foreign trade circles here doubt if the partial devaluation of the franc will have much effect on the two-way trade between this country and France—whatever turmoil it may cause among France's European neighbors.

For trade and tourist purposes France has dropped the franc from its former official rate of 350 to the U.S. dollar to 420 to the dollar, which is closer to the real, or black market, value. New York bankers looked this over for a day or so and have now set a going rate of exchange here of 416 2-3 francs to the dollar.

Ex-Officer Says Guilty of Theft

COEUR D'ALENE, Aug. 14 (AP)—Oliver C. Box, 35, former village marshal at State Line and Athol, pleaded guilty today to larceny of state funds and was placed on probation for one year after which sentence will be pronounced.

Box, father of seven children, was charged with the theft of \$623 from the Idaho state police port of entry at Huetter.

No Relief in Drought Seen In Northeast

WASHINGTON, Aug. 15 (AP)—The weather bureau said today the drought-stricken Northeast will continue to be drier and warmer than normal for the next 30 days.

The bureau's 30-day outlook for mid-August to mid-September forecasts average temperatures below seasonal normals in the Pacific Northwest, the Great Lakes area, and northern New England.

But warmer than usual weather is expected in the southern half of the nation from the Rocky mountains to the Atlantic coast, particularly in the central plains.

Greater than normal rainfall is expected in the Great Lakes region, the upper Mississippi valley, the far Southwest and Florida.

But subnormal amounts are predicted for the Northwest, southern plains, and middle Atlantic states.

High Dying Cost Getting Protests

BUENOS AIRES, Aug. 15 (AP)—City authorities launched a drive today against the high cost of dying.

Mayor Eduardo Bergalli named a special commission to study the possibility of establishing an economical municipal funeral service.

The cheapest funeral in Buenos Aires costs about \$100. Bergalli blamed the situation on "profiteers in these activities."

Measure for Construction of Libby High Dam Introduced

WASHINGTON, Aug. 15 (AP)—New legislation was introduced yesterday by Idaho and Montana members of congress to build the Libby dam on the Kootenai river in northern Montana.

Controversy between the United States and Canada over the dam, which would back water over the border has held up approval of the dam which the army engineers consider a key project in its main control plan for the Columbia river basin.

Necessary approval of the international joint commission, which handles such international water problems, has not been obtained. The river heads in Canada and flows into Montana.

Under the new legislation the United States would construct a dam that would back up to, but not over, the Canadian border. The dam would be designed so that its height could be raised if the two countries agree.

The plan was developed by Representative Metcalf, D. Mont. He and Representative Poff, D. Ida., introduced it in the house. An identical bill was introduced in the senate sponsored by Senators Murray, D. Mont., Mansfield, D. Mont., and Church, D. Ida.

In a statement, Metcalf said the dam ought to be built immediately in order to stake claim on the Kootenai river's water for its own purposes. Under western water laws, said Metcalf, "first in time is first in right."

The high Libby dam would cost an estimated 285 million dollars. Cost of the first stage has not been estimated. But Metcalf said the army engineers has assured him that the two-stage plan is sound engineering, though its economic feasibility depends upon construction of the second stage within a few years.

The completed 410-foot-high concrete dam would impound six million acre feet of water for flood control along the Kootenai, especially in the flats between Bonners Ferry and Kootenay Lake, British Columbia.

Congress authorized its construction in 1950 contingent upon an agreement with Canada. Since then about \$500,000 has been spent on planning.

Mrs. Bell Weds Leon P. Plymell In Buhl Service

BUHL, Aug. 15—In services Sunday afternoon Mrs. Josephine Bell and Leon P. Plymell, son of Mrs. M. C. Plymell, Pueblo, Colo., were married at the country home of the bride's parents, Mr. and Mrs. Gail Samuel.

The ceremony was performed by the Rev. Leonard Clark before a background of baskets of blue and white gladioli and lighted tapers.

The bride given in marriage by her father, chose a pale blue polished cotton and lace street-length dress. She carried pink rosebuds on a white prayer book.

Mrs. John Miracle, sister of the bride, was maid of honor. She chose a street-length dress of capri blue and wore a corsage of pink carnations.

The best man, John Miracle, lighted the tapers Mrs. Samuel wore a rose pink afternoon dress with a white carnation corsage.

A reception for a small number of friends and relatives was held following the ceremony. The table was decorated with a lace cloth over blue. Mrs. Ruth Green cut and served the cake. Mrs. M. B. Samuel, Boise, served the punch and Wanda Elkin served coffee.

For traveling the bride chose a navy fall cotton with navy and white accessories. After a short wedding trip, the couple will return to Buhl before going to their home in Pueblo, Colo.

The bride has been teaching in the school system at Pueblo and the bridegroom is employed by the Colorado Fuel and Iron.

Out-of-town guests included Mr. and Mrs. Oscar Ford and daughter, Jerome, and Mrs. M. B. Samuel, Boise.

New Leader Is Picked at Meet

Sedney Littlefield was elected president of the Okla. Camp Fire group when the girls met Saturday afternoon at the home of their leader, Mrs. James Vandenberg.

Julie Anderson was selected vice president; Chris Hahn, secretary; Ellen Ford, treasurer, and Joyce Ford, scribe.

Miss Anderson presided over the meeting at which the girls read the stories they wrote after visiting the port of entry at Hollister under the direction of State Patrolman Kenneth Shaw and Frank McGoson. The girls divided into three groups for the tour and while group one was touring the port the other two went for a swim at Nat-Soo-Pah.

This group one went swimming. This tour was in conjunction with the birthday project, Keep Idaho Green. Literature was prepared by Mrs. Oscar Ford and Mrs. J. T. Anderson.

The girls were accompanied by Mrs. Anderson, Mrs. Hahn, Mrs. Frank McGoson, Mrs. Ford and Mrs. Vandenberg. Refreshments were served following the swim.

Carol Parrott and Daral Nye were named the planning committee for the next project which is to be an overnight trip.

Group singing concluded the meeting. Pat Dillenbeck was a visitor.

The next meeting will be held Saturday afternoon at the home of Mrs. Vandenberg.

In Grouse Creek, Utah, for the remainder of the summer and then will live in Logan, where the bridegroom will attend Utah State university.

The bride is a graduate of Oakley high school and attended Brigham Young university, Provo. She has been employed as a secretary to Ross T. Nelson, accountant.

The bridegroom is a graduate of Logan high school and attended Utah State university. He filled a two-year mission in the Hawaiian Islands.

Beauty Depends On Sound Sleep

By ALICIA HART
NEA Beauty Editor

No beauty salon and no makeup, however good, can repair the damages caused by lost sleep.

Sufficient rest alone is enough to make the difference between a haggard girl and a girl who glows. Photographic models are very careful to get their necessary rest since they know that the camera is cruel about picking up the slightest flaw.

Your mirror can be as merciless. Gradually, as time passes, the accumulation of lines and fine wrinkles produced by the lack of rest cannot be wiped out by any cream known.

In order to insure sound sleep, make sure that your bedroom is not overheated. It's a good idea to air it well before you retire, opening the windows to admit cool air. If you're restless, try reading yourself to sleep.

Once a week, at least, try to get yourself into bed by 9 p.m. You might make this an evening devoted to beauty chores (shampooing, manicure and facial). But have the lights out early.

Brown shelled blanched almonds in butter, then sprinkle with salt and such seasoning as chili powder, curry powder or garlic powder. Use a light touch when adding the seasoning. Serve for pre-dinner nibbling.

Judy Allen Weds Badger in Home Rites at Rupert

RUPERT, Aug. 15—Judy Allen, daughter of Mr. and Mrs. Rex Allen, Burley, became the bride of Lester Badger, son of Mr. and Mrs. Forrest Badger, Rupert, in a double ring ceremony performed by Bishop Leroy Black at 4 o'clock Sunday afternoon at the Badger home.

The vows were spoken before the fireplace which was flanked by large baskets of pink and white gladioli with a mantle arrangement of gladioli and anemones between tall white tapers.

The bride's street-length dress was white tulle over white tulle, fashioned with a tulle bodice and a large bow in back. Her shoulder-length veil was held in place by a flower and rhinestone covered headband. She carried a shower bouquet of baby pink roses and anemones between tall white tapers.

Maid of honor was Faye Reid, Burley, wearing a pale blue nylon dress and a corsage of pink and white carnations.

Larry Haskins served as best man. For her daughter's wedding, Mrs. Allen wore a blue lace afternoon dress with white accessories. The bridegroom's mother chose a navy crepe, with white accessories. They both wore corsages of pink and white carnations as did the grandmother of the bride, Mrs. Merletha Allen, Burley.

A reception was held immediately following the ceremony with Mrs. Reed in charge of the guest book. Lila Larson and Doris Sorenson displayed the gifts. Others assisting with the reception were Frances Badger, Twin Falls sister of the bridegroom, Miss Lynn Manning, Paul, Mrs. R. C. Anderson and Miss Grand Fillmore, Burley, aunts of the bridegroom.

Mrs. Raymond Gentry, aunt of the bridegroom, baked and decorated the three-tiered wedding cake which centered the lace-covered serving table. The cake was topped by a miniature bride and bridegroom.

Following a week in the Ketchum area they will live in Rupert until Aug. 29 when he will leave for Larkland air force base to be inducted into the service. The new Mrs. Badger will remain in Rupert until she can join her husband.

Picnic Is Held For U.P. Group

About 70 members and guests attended the annual Union Pacific Old Timers club No. 31 picnic Sunday at Twin Falls. C. L. Williams served as master of ceremonies and A. L. Hargraves, club president, was in charge of arrangements.

Special guests were L. V. Chausse, Pocatello, Union Pacific division engineer, and Earl Pratt, retired Union Pacific general roadmaster. Committee members in charge of the picnic were A. L. Richardson, P. L. West, Morris Blackburn, Mr. and Mrs. William Pratt and Mrs. W. F. Brown.

Club Has Picnic

HANSEN, Aug. 14—Members of the Kim-sen Home Demonstration club held a picnic last week at the Kimberly park with their families as guests.

The Sept. 13 meeting will be held at the home of Mrs. Lloyd Shoemaker with Mrs. David Callen as co-hostess. Roll call will be a bulb and flower exchange.

Chapter Is Host To DUP Confab Held at Jerome

JEROME, Aug. 15—The annual county convention of the Daughters of Utah Pioneers was held last week at the LDS church with the Jerome county chapter as hosts.

Mrs. Jennie H. Brockbank, Salt Lake City, and Mrs. Henry Luke, Burley, represented the central company and gave instructions on the work for the coming fiscal year which begins in September.

Prelude music was played by Mrs. Maude Dickson. Group singing was led by Mrs. Leona Butler. Invocations were given by Mrs. Myrilla Pyte and Mrs. B. C. Lee.

Mrs. A. L. Shaw, president of the Jerome county company, conducted the 10 a.m. and 1:30 p.m. sessions.

Mrs. C. L. Luke, Twin Falls county company president, reported on the year's activity of her chapter. She introduced her captains, Mrs. O. F. Jacobs, Mrs. Carl Johns, Mrs. Frank E. Stevens, Mrs. Walter A. Eager, Mrs. Carson Peterson, Mrs. Walter E. Peay and Mrs. Dale Routh, all of Twin Falls, who gave their reports.

A pioneer musical selection was presented by Ardell Shockley and Bruce Thompson, Jerome.

Dinner was served to 73 members. At the afternoon session reports were given by Mrs. Flossie Smith, Cassia county president, and her captains, Mrs. Sam Bulkley, Mrs. Eva Evans, Mrs. Emma Darrington, Mrs. Mabel Searl, Mrs. T. Harper, Mrs. G. Reader and Mrs. Eva Luke, all Cassia county.

Special musical numbers were presented by the Jerome and Cassia county groups. Reports were given by county historians, Mrs. Mary Harding, Burley, and Mrs. Hazel Stevens, Twin Falls. Mrs. Shaw called on her captains, Mrs. A. Leo Olson and Mrs. Stella Thompson, to report on their camp activities in Jerome. A talk was given by Mrs. Madell Jones on the golden jubilee of the Jerome tract.

A question and answer period followed. The convention was adjourned until next August when it will be held in Burley with the Cassia county DUP as hosts.

Clever Bride Is One Who Masks Glamor Secrets

NEA Beauty Editor

The new bride knows that her life is going to be a bit more complicated than it was before her marriage. But she'll probably find that her husband expects her to be pretty much unchanged, except for the delight of having his dream girl share his home. And it's a wise bride who continues to be a dream girl.

Feeding a brand-new husband and making a comfortable home for him are big projects for a girl who has never tackled a homemaking job. But don't get so involved with homemade apple pies and tastefully arranged furniture that you neglect a vital factor in keeping that man happy.

If the man who has wooed and won you has only seen you on date nights looking your best, it's not smart to startle him right after the honeymoon by revealing just how you achieve your glamor.

Things are a lot simpler for the young housewife than they are for the girl who keeps her after job after marriage. For if you can't be the basis of that handsome man so admires, she at least, can set her hair in the afternoon while her husband is away at work.

But even the working wife, who must do her pin-up job at night, doesn't have to spend the evening looking as though she'd been scalped. There are colorful scarves and little ruffled caps made just to disguise those unattractive pin curls.

A soft permanent should give her hair enough body so that the curl will last from one shampoo to the next, and eliminate the necessity for nightly pin-ups. Naturally, her hair should be washed at least once a week, for unless it is clean at all times, no hairdo will be soft and lovely.

The most difficult time of the day for the new bride to keep up that dream girl illusion is at breakfast. Since time is important in the mornings, she can't afford too much of it to looking pretty.

Every young wife will find it helpful to own a variety of fresh, crisp-looking brunch coats for early morning use. They can be simple to care for since many come in drip-dry fabrics that can be swished through detergent suds, dried and worn again without touching the ironing board.

Getting up a few minutes ahead of your husband will give you enough time for a fast shower, neatly combed hair and a dash of lipstick. Then, while he is dressing, breakfast can be prepared, the table attractively set and you can join him at his morning meal, looking as fresh and pretty as you did when you both were out on a date.

Incidentally, your bridegroom will come to the table in a much happier frame of mind if he doesn't have to do battle with your laundry before he can get into the shower.

Fluffy stockings will bring a smile to a man's face when they encase pretty legs. But the smile is apt to become a scowl if they're dripping wet and hit him in the face when he steps into the bathroom.

It's a clever wife who realizes that it never occurred to the man she married that she had to work particularly hard to be a glamor girl. And, believe it or not, her loveliness will be more appreciated if he never finds out.

Ninth Inning Homerun by Loudenback Pushes Cowboys To 6-4 Win Over Mustangs

BILLINGS, Mont., Aug. 15 (AP)—Denney Loudenback's two-run homer in the ninth provided the difference Wednesday night as the Magic Valley Cowboys trimmed the Mustangs 6-4 in a Pioneer league match. Despite the loss, the Mustangs maintained a narrow edge over the rest of the league. Idaho Falls, idled by rain at Salt Lake City, moved within one-half game of the pace-setters and Miskoula and Magic Valley.

Loudenback batted his four-bagger over the left field fence after Bill Schmidt was hit by a pitch. The Pokes opened up the scoring in the first with a run when Schmidt singled in Vic Kray's walk. They got three more in the second inning. Two walks and a fielder's choice filled the sacks. Walt Dixon was hit by a pitch in the first run. A walk to Schmidt brought in another. Loudenback singled in the third tally.

Billings scored single runs in the first, second, fourth and seventh innings. Mel Nelson's homer in the fourth and Duke Carmel's in the fifth—his 26th of the year—accounted for two of the scores.

Lyle Krall tripled and scored on a sacrifice by Bob Sadowski in the seventh. Sadowski walked and scored in the Billings first after a pair of singles moved him around the bags.

Left-handed Jim Powers gave the losers just seven hits but Russ Wingo had to come on in the ninth to get the final out.

Lemon Finds Season Is Long and Hard

CLEVELAND, Aug. 15 (AP)—For Bob Lemon the 1957 season is over, and it's one he won't forget for a long time.

In seven of the last nine seasons the Cleveland right-hander has been a 20-game winner. But this year he has won only six, lost 11, and finished only two of his 17 starts. His earned run average is 4.59.

Tuesday night Dr. Don Kelly, team physician for the Indians, gave the 36-year-old pitcher the bad news. There are bone chips in his elbow, and "elbow operations are seldom successful in cases like this," so "about the only thing he can do is rest."

Lemon is to go home to Long Beach, Calif., and report next spring. "This is one year I'll never forget," he said. "Everything happened. It all started when my sister died and I was never able to catch up."

He missed the last week of spring training because of the sister's death. A month after the season opened his record was 3-4. On May 24, in a game with Chicago, he tore a thigh muscle while fielding a bunt. He went home to Long Beach and when he returned to action it was June 13. About that time the elbow began bothering him.

Mounties Trip Seals to Inch Toward Lead

VANCOUVER, B. C., Aug. 15 (AP)—The Vancouver Mounties exploded for four runs in the eighth inning here Wednesday night to defeat the front-running San Francisco Seals 5-1 before 10,404 fans—the largest crowd in the two year history of Pacific Coast league ball in Vancouver. Gun Safety

Instruction in the proper method of handling firearms is an important part of the Idaho fish and game department's conservation education program given in cooperation with Boy Scout, 4-H and other youth summer camp programs throughout the state. Michael Ellway, 12, Hailey, learns about a lever action rifle from Marshall Edson, department conservation educator. The picture was taken at Camp Cape Horn.

Amos Stagg Feted

STOCKTON, Calif., Aug. 15 (AP)—Football's grand old man, Amos Alonzo Stagg, was given a seven-foot high, 200-pound birthday cake Tuesday. He will be 95 Friday.

The Lions club held a pre-birthday party for Stagg Tuesday. Frank Leahy, former Notre Dame football coach, credited Stagg with the "most scientific offense I have ever had the privilege of learning."

Stagg said he had "kept my promise to God—to work with youths as long as I'm allowed to stay here."

Giants Bonus Baby Seen as Future Star

NEW YORK, Aug. 15 (AP)—Coach Buckey Walters, who has tutored Mike McCormick since he joined the New York Giants, believes the 18-year-old \$65,000 southpaw is "about ready to make it big" along with the National league's other precocious young pitchers.

"Mike is coming along rapidly," says Walters. "He was a little timid when he joined us last August and some people thought he might not have the right attitude. But he's proved he's all right and he should develop into a real star."

"We'll string along with our kids," says Giants vice president Chub Fee-ney. "Some of the other kids have pitched more but we think Mike will be as good as they are in the long run."

McCormick has seen only brief service with the sixth-place Giants this year but has been impressive in relief assignments and on July 25 went 8½ innings to gain a 5-3 victory over the Chicago Cubs.

"I'd say this boy should turn out to be as good a pitcher as Johnny Antonelli," says Walters. "That's saying a lot of course but right now he's as good as Antonelli was at 18."

Dodger Errors Hand 6-4 Win To Pocatello

GREAT FALLS, Mont., Aug. 15 (AP)—Great Falls out-hit and out-errored the Pocatello Athletics Wednesday night as the Dodgers lost a 6-4 Pioneer league ballgame.

The A's collected only seven hits to 10 for the Dodgers, but Pocatello logged no errors and Great Falls was charged with four mistakes.

Pocatello's big inning was the fifth. Trailing 1-0, the A's racked up three runs. Al Casino and Mel Wright walked. Ron Glasgow hit to the mound, but the throw was wild to first and Casino scored. Wright was picked off at second. Don Brown singled and Tony Cannizzo followed with a base on an error. Glasgow scored on that mistake and Brown came home on a wild pitch.

Great Falls got a single tally in the fourth as Sheldon Broadaki doubled and was singled in by Jess Sancinino. In the seventh, another run was produced on three straight singles.

Pocatello added two insurance runs in the seventh on singles and walks and picked up a clincher score in the ninth.

Williams' Bat Paces Sox Win Over Yankees

By The Associated Press

Ted Williams, answering the challenge of Mickey Mantle, belted his 31st homer of the season and made a vital throw from left field Wednesday as he headed Boston's 6-4 victory over the New York Yankees.

The 38-year-old slugger's three-run blast into the left field screen in the second inning was the crusher.

A season's record crowd of 36,207 jammed Fenway park to watch Williams defend his American league batting lead against the 25-year-old Mantle. They were not disappointed.

Williams also hammered out a single in his three trips which increased his margin to eight percentage points — .360 to .382—over Mickey.

The Chicago White Sox battered home-standing Cleveland and Indian pitching again, slugging 14 hits, including three homers, for an 8-3 victory. It was the Tribe's sixth straight loss.

Minnie Minoos and Jim Rivera homered off starter Early Wynn in the third inning, sealing the veteran right-hander's 12th loss and evening his season record.

Frank Lary pitched his first victory since June 15 and Al Kaline hit his fourth homer in two days as the visiting Detroit Tigers defeated the Kansas City Athletics 7-4.

Kaline, who had only nine homers for the season when he came to town Tuesday, hit No. 13 in the fifth inning with the bases empty, as they were for each of his three homers in Tuesday's doubleheader.

At Griffith stadium Gus Triandos and Brooks Robinson smashed homers for Baltimore as the Orioles defeated Washington 4-2 for their ninth victory in 12 games. The Senators suffered their fifth straight loss.

Jim Busby, Baltimore centerfielder, was lost to the club for an undetermined period when he crashed the centerfield fence while catching Herb Pilew's drive in the first inning. X-rays disclosed no fracture or separation of his damaged right shoulder.

SIGNS NOVICE
TORONTO, Aug. 15 (AP)—Manager Howie Meeker of the Toronto Maple Leafs of the National Hockey league said yesterday he has signed Wing Pete Conacher, son of the famous Charlie, and that he will play during the training season on a line with center Tod Sloan and Wing Ron Stewart.

Pocatello's big inning was the fifth. Trailing 1-0, the A's racked up three runs. Al Casino and Mel Wright walked. Ron Glasgow hit to the mound, but the throw was wild to first and Casino scored. Wright was picked off at second. Don Brown singled and Tony Cannizzo followed with a base on an error. Glasgow scored on that mistake and Brown came home on a wild pitch.

Great Falls got a single tally in the fourth as Sheldon Broadaki doubled and was singled in by Jess Sancinino. In the seventh, another run was produced on three straight singles.

Pocatello added two insurance runs in the seventh on singles and walks and picked up a clincher score in the ninth.

Amateur Status of Two Athletes Involved Over Quiz Show Prizes

NEW YORK, Aug. 15 (AP)—If Olympic hurdling champion Lee Calhoun can be declared a professional for appearing on a television program, how does Herbie Flam, the Davis Cup tennis ace, remain pure. This is the question-troubling sports and TV fans—who Tuesday night saw Flam, the United States' second ranking player from Beverly Hills, Calif., pass the \$8,000 plateau on the \$64,000 question. His category is not tennis, but big business.

Last Friday, Calhoun of Gary, Ind., who won the 110-meter hurdles in a record 13.5 seconds, was stripped of his amateur standing because he allowed his wedding to take place on the program, "Bride and Groom." He and his bride collected some \$2,000 in gifts.

Calhoun contended his background had nothing to do with his appearance on the program. The Amateur Athletic union, which had warned him, held firm. He was suspended.

Flam had no such problems as he blithely answered questions about this country's financial tycoons in his march to a possible \$64,000.

"We don't think the two situations are any way identical," said Renville McMann, president of the U. S. Lawn Tennis association. "Calhoun was chosen because of his track record for human interest purposes. Flam was picked because of his knowledge of the subject."

"We know Flam was screened thoroughly for the program, starting as long ago as last February. If his category had been tennis or something connected with his career, we would have thumbed him out immediately. But we gave him the green light."

The AAU said, however, that if Flam had been an athlete under AAU jurisdiction under the same circumstances he would have been ruled a pro. The AAU has strict rules against appearances on commercialized television.

McMann said he told Flam he was happy for the world to see that tennis players knew something besides tennis. "And I said I was glad to see him get an honest buck above board rather than under the table," the USLA executive added.

The unique contrast points up the irregularities in various U. S. amateur codes. They differ by sports. Tennis players may accept free equipment—and even draw salaries from sporting goods firms, also may accept expenses to various meals. A golfer doing any of these things would be stripped of his amateur standing.

Good football and basketball players may get free scholarships and grants-in-aid from colleges. Let a tennis player of golfer do likewise—and boom—he's a pro.

Tennis players can get as much as \$20 a day for expenses. If a track man, who shouldn't get as hungry, accepts more than \$15 he's in trouble with the brass. But trapshooters have the weirdest arrangement. Only the amateurs can accept prize money. The pros can take only trophies.

Relief Hurling Nets Bums Win Over Giants

By The Associated Press

Stout relief pitching by Ed Roebuck and lacy hitting by Gil Hodges featured Brooklyn's 7-6 victory over the New York Giants Wednesday as the Dodgers snapped their three-game losing streak.

Roebuck, charged with the loss Tuesday night when the Dodgers absorbed their fourth successive defeat from the Giants, stopped the New Yorkers cold Wednesday after the home-standing Giants had scored five runs in the seventh inning to shave the Dodgers' lead to one run.

At Pittsburgh the Pirates pounded six Philadelphia pitchers for 17 hits, including a two-run homer by Frank Thomas, and racked up a 10-3 victory over the Phillies.

Thomas' homer, his 17th of the season, came after a single by Bob Skinner in the eighth.

Wes Covington's grand slam homer and pitcher Don McMahon's three-run double gave Milwaukee seven runs toward a 13-3 victory over Cincinnati. It was the Braves ninth straight win. Johnny Logan hit a two-run circuit clout in the sixth, while homers also accounted for all Red-leg tallies.

Twenty-one-year-old Dick Drott shut off a St. Louis threat by striking out the side in the ninth inning Wednesday to preserve the Chicago Cubs' 3-1 fifth straight victory over the sinking Redbirds.

Thomas A. Yawkey has been president of the Boston Red Sox since 1933.

Boise Semi-Pros Enter Tournament

BOISE, Aug. 15 (AP)—The Boise Merchants semi-pro baseball team will leave here by bus Saturday to play in the 24th annual non-pro baseball tournament at Wichita, Kans.

The Boise team was added to the tournament list yesterday to replace the state semi-pro champion Nampa Clippers team.

Manager Ike Thomas of the Nampa team said a fund drive last week failed to produce enough money to send the Clippers to Wichita. The Boise Merchants, who finished second behind Nampa in the state semi-pro playoffs, agreed to fill the national tourney vacancy left by Nampa.

Boise manager Russ Hayes said the first game for Boise would be Tuesday against an opponent still to be selected.

He said this year would be only the second time in history that an Idaho team has participated in the national non-pro baseball tournament.

Warren C. Giles is the 12th president of the National league.

Jacks Rally In Ninth to Nip Boise 7-5

BOISE, Aug. 15 (AP)—Jim Russell homered in the ninth with two out and one man on base. That broke the tie and Miskoula beat Boise 7-5 Wednesday night in a Pioneer league game.

Dick Schultz of the visiting Timberjacks chalked up his 17th victory on the mound, against eight defeats. He gave up eight hits, including Dix Johnson's solo homer in the third, his sixth.

It was a nip and tuck game all the way and tied 5-all at the end of the sixth inning.

Roger Clapp went all the way for the Braves and allowed nine hits. In the top of the ninth with two away, Dick Greco singled and stole second. Then Russell took a 1-2 pitch and batted it over the center field scoreboard.

.370 at Batting, Not Triple Crown, Eyed by Mantle

BOSTON, Aug. 15 (AP)—"All I want to do is hit .370 this year and I don't care if Ted Williams hits .420," the speaker was Mickey Mantle of the New York Yankees after beating Boston, 3-2. The fleet, power-hitting outfielder had just protected his American league homerin lead with No. 30.

runs-batted-in competition and was breathing heavily down the neck of Williams in the batting race.

In response to the question, "Do you feel you are in a duel with Williams for the batting crown?" The 25-year old Yankee switchhitter said:

"Williams is a great hitter. I've always admired his hitting. All I want to do is hit .370 and I don't care if Ted hits .420. I'll know I will have had a great year."

Mantle had a determined bid to become the first player ever to win two successive triple crowns in batting. Mantle beat the Red Sox Tuesday night on a towering, 2-run homer which traveled 400 feet into the right field seats.

Mantle had hit only a meagre 250 in earlier appearances at Fenway park this year and hadn't been able to find the homerun range.

Casey Stengel, New York pilot who revels in his special managerial doubletalk, said:

"The man finally hit me here. He doesn't do it too often at Fenway. Both he and Williams must be pretty good hitters because those figures don't lie."

Mantle clocked a slider for his homer which didn't win any prizes for distance but must have set some kind of record for altitude.

"It was a bad pitch, high and inside," Red Sox pitcher Frank Sullivan said. "He had to step away to

MICKEY MANTLE

hit it and he showed his great power on the swing. If he had any from the wind at all that ball would have gone right out of the park."

Aged Nun Set To Do Battle Against Reds

SAN MARINO, Aug. 15 (AP)—Sister Veronica Serri, an 80-year-old nun, stood firmly today against plans to turn this smallest communist nation in the world into a full-fledged Marxist state.

The aged but tough abbess of the 300-year-old Santa Chiara convent school is fighting the communist-controlled grand and general council of the Republic of San Marino, which announced it would turn the republic into a Marxist state.

State Ownership
Its aims included "democratization" of the government, nationalization of private property through a state lease system, eventual state ownership of industry and "closer diplomatic relations with the people's democracies."

But then it attacked religious education. Secretary of State for Internal Affairs Domenico Morganti ordered the nuns to close their school and send their pupils to the state-run schools which teach the principles of Marxism.

Glenn Law
He cited a 1914 law which says all private instruction and educational institutions are subject to the authorization of the government. Sister Veronica fired back a protest. She quoted a later section of the same law which said parents have a right "to produce for their children... instructions by means of private schools."

She told Morganti from the hill-top abbey where she has taught since 1898 that she will carry the fight to the council itself and, if necessary, to the 15,000 inhabitants of the 36-square-mile republic. Her school has been in operation since 1809 and it boasts that Sister Veronica's girls consistently outshine the girls of the state school in state exams to enter higher schools. Many of the wives of the top party bosses were taught by Sister Veronica.

Tipsy Trainmen Draw Sentences

TRAUNSTEIN, Germany, Aug. 15 (AP)—Engineer Oskar Sauterbrey and fireman Karl Rupp began jail sentences today for driving their locomotive while drunk. Their case was the first of its kind to come before German courts.

Sauterbrey received an 18-month sentence yesterday; Rupp got 12 months. They were charged with driving their excursion express at 85 miles an hour last September. Eleven passengers were injured during the trip.

Trip To China Leaves Youths, State Department Minus Glory

By The Associated Press
The conflict between the state department and the group of Americans which left Moscow yesterday for red China doesn't make either side look very good.

Most of the world and a great many Americans think the administration's general attitude toward red China is unrealistic.

The youth group, which includes a great many who are not so youthful, displays an unpleasant disregard for the propaganda results of their defiance of their government.

Some of them are writers and students looking for material. A few of them honestly believe that the road to peace is through better understanding of other peoples and consider themselves something like the ambassadors which President Eisenhower has said every American abroad should be. Some of them are active crusaders for democracy.

Most of them are going for the buggy ride. There is a possibility that the few members of the group who told the

Russians about the U. N. report on red army brutality toward the workers of Hungary may have done enough good to over-balance any harm that might accrue from the whole incident.

Russians are people, and they are in a position where enough sparks may one day set off a universal demand for liberty.

Any out-and-out communist in the youth delegation can hardly be worse off than before. Some with communist leanings may be receiving eye-opening experience.

To fear that the wholesome members of the group will be subverted during these brief contacts with Russian reds and Chinese reds is to doubt the American values with which they have been raised.

The state department position, then, falls back into the pattern of maintaining a moral posture toward red China which interferes with the traditional feeling of an American that he has a right to go anywhere and see for himself.

Machinists Call Off Strike Plan

SEATTLE, Wash., Aug. 15 (AP)—Machinists have called off a strike against Pacific coast shipyards "in the interest of protective labor harmony."

Tom Temple, grand lodge representative of the International Association of Machinists, announced cancellation of the strike yesterday. It had been set for today.

Temple said "complications" imposed by the Taft-Hartley act forced the machinists to live under a master contract agreed to by a dozen unions for another year.

However, he said the machinists should work for a better agreement next year.

Hours Listed For School's Registrations

SHOSHONE, Aug. 15—Registration for Shoshone high school students will be held Aug. 23, between 9 a. m. and 6 p. m., at the high school building.

For students not taking football the registration fee will be \$8, which includes the book deposit, school paper, and the privilege of participation in all school activities. This fee is a 50 cent increase over last year. The extra 50 cents goes to the student activities fund and was voted by the student council for the coming year.

Up to \$1.50 of the amount will be refunded, at the end of the school year upon return of all books in a condition showing only a reasonable amount of usage.

For students taking football the fee will be \$13. This includes all of the above fees plus \$5 for athletic insurance and medical examination fees. No student is eligible for football without payment of the fee.

The yearbook editor will be present during registration. Students may buy copies of the "Shoshonian" at this time.

Junior high school students will register at 9 a. m. Aug. 26. A \$2 book fee will be collected.

Students in the elementary grades, one through six, will register at 9 a. m. Aug. 26 at the Lincoln school. A \$1 book fee will be collected that morning.

Registration for first graders who did not attend the pre-school clinic last spring, will be held Aug. 23 between 9 a. m. and 5 p. m. at the Lincoln school office. They must present their birth certificates at that time. By state law, students enrolling in the first grade for the first time must submit a birth certificate or a certified copy of it, indicating they will be 6 years of age Oct. 15.

The hot lunch program will not start until Sept. 3.

School will not be held Sept. 2, Labor day.

The first teachers' meeting will be held at 9 a. m. Saturday, Aug. 24, at the home economics room of the high school.

Church Gets South American Trip as Reward From Demos

WASHINGTON, Aug. 15 (Special)—Senate Majority Leader Lyndon Johnson's choice of Idaho's freshman Sen. Frank Church as a delegate to the top flight Latin American trade conference this week was seen by some observers here as the reward of a job well done.

Church left by plane for Buenos Aires Wednesday with an impressive U. S. delegation headed by new Treasury Secretary Robert B. Anderson. Senate Republicans were represented by Sen. Homer Capehart, Indiana.

Church jointly sponsored the jury trial amendment which made possible passage of the civil rights bill by the senate. Johnson effectively commended the southern forces during the historic debate, called the inclusion of the jury trial amendment a major triumph.

But all-out civil rights supporters such as Republican Leader William Knowland voiced regret that the amendment "weakened" the voting rights section of the bill.

Church's appointment as the senate Democrats' representative to the high level economic conference of the organization of American states, was considered by some observers as further evidence of a civil rights-Heller canyon voting trade.

When the high federal dam passed the senate last month, many accusations were leveled at the Pacific Northwest Democrats that they had swapped votes with the southerners. Last week when Sen. Wayne Morse, Democrat liberal from Oregon, was the lone northerner to side with 17 southerners to vote against civil rights, the rapprochement was considered more apparent than ever.

Gracie Pfoest Snags Congress Okay of Bear River Compact

WASHINGTON, Aug. 15 (Special)—Rep. Gracie Pfoest, D., Ida., said today that protests from a group of farmers in southeastern Idaho's Thomas Fork valley led her to hold up action on congressional ratification of the Bear river compact.

At a meeting of the house interior committee, Representative Pfoest objected to unanimous approval of the tri-state water allocation agreement until she had made further study.

Interviewed Tuesday afternoon, the Idaho congresswoman reported she had received complaints from A. R. Lynford and Harold Walter who said they represented about 100 farmers in the Thomas Fork valley between Raymond and Geneva, Ida.

Mrs. Pfoest said the group charges the state legislature, which along with those of Utah and Wyoming has approved the compact, has treated them unfairly.

Thomas Fork creek, a tributary of Bear river, runs through the farmers' land. They claim they need 9,000 acre feet of storage water to irrigate their fields and that under the terms of the contract they would get only 1,000 acre feet.

Mrs. Pfoest said she has no desire to hold up congressional ratification of the pact but added she feels she would "have to object if those farmers have a legal right to the flow of that creek."

The farmers also claim the Utah Power and Light company has the right to divert water to Bear lake and use it for three power plants.

Mrs. Pfoest said. She added they told her that without the compact the group would build a storage reservoir for supplemental water with a dam on the headwaters of Thomas Fork creek.

The group's legal counsel is Judge O. R. Baum, Pocatello.

The area involved is in the district of Idaho's other congressman, Rep. Hamer Budge. Budge said he had never heard of the protests before and added that in the seven years he has served in the house, no one had ever objected to the Bear river compact to him.

Mrs. Pfoest said she expects to decide whether or not to request a hearing on the matter within the next few days.

"I told them I had to know whether or not they have a justifiable legal right in this case," she said. She added the farmers had told her that they had appeared at state hearings on the compact but were not "given fair treatment."

Soon after Mrs. Pfoest surprised the interior committee with her objection, Wyoming's Sen. Joseph O'Mahoney, D., and Rep. Keith Thompson, R., met with her to protest the action.

The Wyoming delegation particularly is pressing for congressional approval of the compact this session. An irrigation district has been approved for a loan from the Wyoming resources board to build a dam on Sulphur creek in Uintah county but the loan is contingent on congressional ratification of the compact.

The district hoped to start construction this season but now Mrs. Pfoest's objections may delay it until next summer.

O'Mahoney reportedly pointed out to Mrs. Pfoest that it took 13 years to negotiate the contract and two more to get it through the three state legislatures.

The senate unanimously approved the compact Monday.

Need of Teachers Cited in Shoshone

SHOSHONE, Aug. 15—The school board was told Monday night an instrumental music teacher is still needed and a half-day teacher needed at both Lincoln and high schools.

Opening date of school is Aug. 26. There will be no school on Labor day, the board decided.

A call for bids for coal was made at the school buildings and yards was discussed. The science laboratory has been overhauled, painting done in both buildings, a new roof put on the high school, and a book room set up to store text books.

Supt. Ralph Villers reported on the administrators' meeting at Sun Valley in July.

Drying is the oldest form of fruit preservation.

Aide Is Hired For Soil Unit

SHOSHONE, Aug. 15—A work unit conservationist has been named for the local soil conservation office, filling the vacancy created when Harley Handy transferred to the bureau of land management several months ago.

Ralph Cleveland, Rupert, the new conservationist, was born in Texas. He attended school at Oregon State college where he received his BS degree in agronomy. He worked two and one-half years for the soil conservation service in Oregon and for the past few years he has been farming on the new Minidoka home-land project near Rupert.

Cleveland began work last Monday. Cleveland has a wife and three children who will move with him to the community as soon as living quarters are located.

Also beginning work at the Wood River soil conservation district office this week is Mrs. A. Onelda Shoshone. She is a graduate of the Twin Falls business college, gradu-

Shoppers Find Meat Bargains List Restricted

By The Associated Press
Housewives shopping for Sunday bargains will find their choices limited this week to fish, poultry, smoked picnic hams and pork chops, the choice varieties of beef, pork, lamb and veal are still pretty much in the luxury class. Pork prices are down a shade at the market, portending possibly lower prices at retail in the not too distant future. But wholesale prices of beef and lamb show no inclination to fall.

Bacon High
Bacon prices, highest since 1954, are expected to stay that way for another month or so. They're up about 50 per cent at retail from a year ago. Eggs are down a little in some cities but not enough to make them a bargain dish.

Turkeys for Roasting
Turkeys for roasting and chickens for frying or broiling continue to head the parade of best buys in the meat division. Some chains are advertising week-end specials in chuck roast, ground beef and beef blade—all relatively low-cost items when compared to the more popular cuts like rib roast, porterhouse and sirloin.

Seafood Abundant
Seafood, either fresh or frozen, is abundant at this time of year and prices are moderate. Specials to be offered this week include perch fillets, swordfish steak, scallops and shrimp.

There's a wide variety of fresh fruits and vegetables to choose from although a few favorites, notably lettuce and carrots, have been delayed by adverse weather.

Outstanding buys in vegetables include potatoes, yellow onions, pepper, eggplant, green beans, new green cabbage, radishes, tomatoes, scallions and pascal or Golden heart celery.

Peaches Plentiful
Peaches are still in plentiful supply and watermelons are rated an excellent buy in most sections. Other good buys in fresh fruits include Bartlett pears and seedless grapes from California.

California may ship 100,000 tons of the juicy yellow Bartlett this year, or 15 per cent more than in 1956. Canners have heavy stocks left over from last year and are buying less now. So there's an abundant supply for fresh fruit shippers.

Late Senator Is Eulogized

WASHINGTON, Aug. 15 (AP)—The late Sen. Joseph R. McCarthy was eulogized in the senate yesterday by friends and adversaries. His young widow looked on, weeping, from a seat in the gallery.

It was in this same chamber that funeral services were held after the controversial Wisconsin Republican died May 2. And in this chamber, too, the senate in 1954 voted to condemn some of the conduct of the senator who once called his activities "McCarthyism, the fight for America."

Senate Democratic Leader Lyndon Johnson of Texas said some regarded McCarthy "with adulation" and others "with hate." But McCarthy, he said, "had a quality that compelled respect, even liking, from his strongest adversary."

Lights Out

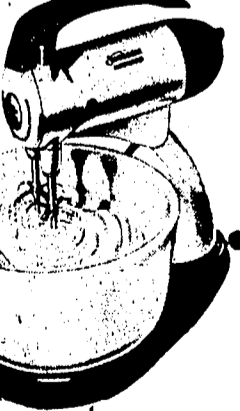

BALTIMORE, Aug. 15 (AP)—With a twist of his hand, Mayor Thomas D'Alessandro yesterday extinguished a Baltimore trademark. He cut off the city's last gas street light and ended 140 years of yellow flickering on white steps.

In 1946, the city began spending three million dollars to change over nearly 17,000 gas street lights to electricity.

Accused Spy Alone

An accused Russian spy, Col. Rudolph Ivanovich Abel, left, leaves the federal detention house in New York on his way to the U. S. district court in Brooklyn for a hearing on espionage charges. Abel had no lawyer to represent him. He sought to retain John Abt, but the "sometimes" attorney for the Communist party turned him down because of "prior commitments." (NEA telephoto)

String Ended

NEW BRUNSWICK, N. J., Aug. 15 (AP)—Meg O'Day, a leghorn, failed to lay an egg yesterday for the first day since last Oct. 1.
But Prof. Clarence Platt of the Rutgers university agricultural college thinks Meg's consecutive day streak of 284 is a national and possibly a world record, he said.

WAR CHANCE LESSENS

WASHINGTON, Aug. 15 (AP)—Adm. Arthur W. Radford said Wednesday there is decidedly less chance of the United States getting into any war than there was four years ago.

Local Chamber Reports Tieup With Better Business Bureau

Mitchell Hunt, manager of the Twin Falls Chamber of Commerce, has announced the chamber has become a member of the National Better Business Bureau of New York City.
Hunt noted the chamber will be better situated to serve the community and "by becoming a member of the national bureau, the Twin Falls Chamber of Commerce joins forces with more than 800 chambers throughout the country in the protection of the buying public from fraudulent promotions and unfair business practices."
Hunt said, "As a member of the bureau, we will receive monthly bulletins alerting us to the sharp promoters and schemes operating in other sections of the country."
Hunt also stated the program is not a "cure-all" for the abuses practiced by a minority on the fringe of business, but will give the community a greater control over them and provide a channel through which investigation and correction may be made.
He emphasized that the community can benefit by the program.

only if it makes use of it. He urged the buying public to be especially cautious of any proposition which offers "something for nothing."
"A check with the Chamber of Commerce may save time, money and worry and it definitely pays to investigate before investing," Hunt said.

RETURNS HOME

KING HILL, Aug. 15 (Edon-Ex) — Port Orchard, Wash., who has been visiting at the home of Mr. and Mrs. James Kling, left Monday.
Linen was the only fabric pressed were permitted to wear in ancient Egypt.

Phony Fortune

JACKSON, Miss., Aug. 15 (AP)—Reporter Thatcher Watt of the Jackson State Times wasn't even tempted to take any of the \$2-714.30 he found at a circus performance here.
Thatcher found a fat wallet containing \$2,714 in play money used in monopoly games but the 30 cents was in hard cash.

VISITS BERCHTESGADEN

BUHL, Aug. 15—Pfc. Albert R. Schaal, son of Mr. and Mrs. J. M. Schaal, Route 2, Buhl, recently spent a three-day pass in Berchtesgaden, Germany. He is assigned to the 11th airborne division.
