Batista Flees Cuba; Future Is Uncertain

(From Page One)
Batista fled to a DC3 presidential plane about 3:30 a. m.
The group included all members of Batista's family except two sons, who went to New York this week.
Other military men, civilians and women and children were leaving Cuba.

There were fears in Havana that fighting would spread to this capital once Batista's flight became generally known.
It is estimated that rebel leader Fidel Castro has 5,000 partisans in Havana, many of them armed.
There are reports that Batista fled to the United States with a group of many persons connected with the Batista government that they long have marked for death.

The short-lived military junta was headed by Gen. Eugenio Canillo Canillo said he would take personal control of the armed forces.
The group which flew off with Batista includes Esteban Ventura, a national police lieutenant colonel who was one of the most hated men in Cuba because of his torture of rebel sympathizers; and top leaders of the armed forces who had been marked for death by the rebels.

It was obvious in the last few days that casualties on both sides had been mounting. The killed and wounded around Santa Clara were estimated as high as 5,000. It also seemed increasingly apparent that Batista soldiers were losing their faith for battle.

It is known that if the rebels ever get into Havana that the members of his family, and all of his close military and government associates faced the prospect of being killed.
A government communique said the army had killed or wounded 3,000 rebels but government sources said there were 1,000 or more army dead and wounded in battles around Santa Clara, a key road and rail juncture.

2 Die, 2 Hurt In Navy Fuel Plant Blowup

INDIAN HEAD, Md., Jan. 1 (UPI) — A Navy plant that processes powder for solid rocket fuel blew up last night, killing two men and injuring two others severely.
Only four employees were in the 30-by-70-foot brick building at the time of the searing blast. The navy said the process, under way at the time, was glazing and screening of a base powder grain used in solid propellants for large type rockets.

One is identified as Alfred Charles Clark, 46, Indian Head, who is survived by a wife and three children.
Name of the other victim was withheld pending notification of kin. Taken to Providence hospital in nearby Washington, D. C., were Robert B. Bowman, Indian Head, and Isaac Johnson, La Plata, Md. Both had third degree burns and Bowman had a possible leg fracture.

City Firemen Help
Two fire companies from nearby Maryland communities helped base fire fighters put out the blaze early today. The blast occurred about 11:30 p. m. (EST).

Navy Capt. Griswold T. Atkins, installation commander, said the powder glazing operation was "standard" and had been carried on without mishap for years.
He said the explosion collapsed the brick walls of the building and the metal roof fell in. Damage was estimated at \$20,000.

Government Eye Is Now on Funds

WASHINGTON, Jan. 1 (AP) — Today the government will begin keeping tabs on some 40 billion dollars worth of worker-welfare and pension funds.
A new law just going into effect requires regular financial reports and descriptions of such plans to be filed with the labor department, with the object of safeguarding them from possible fraud.
Congress, in passing the disclosure law last summer, noted there are about 85 million workers and members of their families who are beneficiaries of such plans—about half the population.

The funds are growing fast, at an estimated four billion dollars a year.

Oldest U.S. Doctor Passes at Age 100

FORT WORTH, Tex., Jan. 1 (AP) — Dr. John B. Cummins, 100, the nation's oldest practicing physician, died last night of injuries received in a fall and old age.
Dr. Cummins, a practicing physician for 62 years, suffered a fractured hip and ribs Sunday. He had injured his back in a fall a week previous.
Born Nov. 7, 1858 in Cookeville, Tenn., Dr. Cummins did not take up the practice of medicine until he was 38. He had to work his way through college.

Challenges Seen By Labor Chiefs

WASHINGTON, Jan. 1 (AP) — Three men much concerned with the lot of the workingman greeted the new year as bringing challenges that must be met.
President George Many of the AFL-CIO said:
"American labor faces the opportunities and challenges of 1959 with confidence and determination."
Al Hayes, president of the Machinists union, said:
"The year 1959 presents to the labor movement a greater challenge than we have ever faced before."
And James P. Mitchell, secretary of labor, said:
"Of all economic indicators point to a continued improvement in the welfare of America's working men and women in 1959."

the car, but the officer said he believed they were thrown after the vehicle had slowed down.

Mr. Nelson was lying about 15 feet from the truck which was on the edge of the highway.
Mr. Gorrell died in an ambulance on the way to the Gooding Memorial hospital after he lost control of his 1953 Pontiac three miles west of Gooding on the Gooding-Bills highway.

Deputy Sheriff Guy Coles reported Gorrell lost control after passing another vehicle. His car went off the north side of the highway and overturned. Gorrell was thrown clear of the car. An ambulance took him to the hospital, but he was pronounced dead on arrival.
Deputy Coles said Gorrell was alone in the car. The highway was reported as wet and visibility was poor due to fog.

Mr. Nelson was born at Williston, N. D., and lived in Iowa. He came to Atomic City about three years ago, living there until four months ago when he moved to Arco.

A veteran of World War II, he also was a member of the Methodist church. He married Mert Patter in 1941 in Bethany, Mo.
Survivors include his widow, a son-Harry-Lyn; 12 daughters—Linda; 3 sons—Mrs. and Mrs. H. W. Nelson, Atomic City; two brothers, Walter Nelson, Williston, N. D.; James Nelson, Atomic City; five sisters, Mrs. Betty Colter, Virginia; Mrs. Rachel Marshall, Mrs. Joan Kenen and Mrs. Evelyn Zwyntzer, all Waterloo, Ia., and Mrs. Thelma Boyse, Williston.
The body is at McGoldrick funeral home.

Tax Anticipation Notes Are Issued

BOISE, Jan. 1 (AP)—The state of Idaho issued some new tax anticipation notes and redeemed some older ones yesterday to close out its general fund financing for 1958.

State treasurer Ruth Moon issued notes amounting to 3 1/2 million dollars, one-half million less than had been planned. The reduction resulted from an increase in endowment fund earnings for the public school fund.

Later in the day, she redeemed \$1,150,000 of the notes.
The one-half million dollars in endowment earnings will go with \$2,140,000 which was transferred Tuesday into the school fund. That is designed to increase the amount given schools to 11 million dollars for the current school year.

Soviet Citizens Will Be Better Off If Russian Plan Succeeds

MOSCOW, Jan. 1 (UPI)—If Russia's new seven-year plan to be launched this year succeeds, the Soviet citizen will be somewhat better off in 1959 than he was in 1958.

He will have more food and clothing, shorter work hours and more elbow room. His children will have only eight instead of 10 years of compulsory schooling so they can start work at the age of 15 with the opportunity to continue their education in night schools.

At the recent meeting of the communist party's central committee, ordinary citizens were promised an opening of agriculture and other consumer goods, better housing and higher real wages.
But the official developments of 1958 in the USSR do not give hope of lessening tensions in 1959, with the constantly shifting focus of threats in the Far East, the Middle East and now Berlin.

Any agreement on disarmament, which hasn't seemed to be in the cards now, would materially aid Soviet economic progress.
Therefore, during 1959 the Kremlin will continue to plug disarmament and a summit conference as the solution to Berlin, and mid-Eastern and Far Eastern problems, though there is little prospect of success in any of these.

The year 1958 was marked by uninterrupted domestic, economic and political triumphs for the leadership of Premier Nikita Khrushchev. He has been an unchallenged, dominating figure since the June, 1957, central committee meeting with the expulsion of the powerful opposition group of V. M. Molotov, Georgi Malenkov, Lazar Kaganovich, Dmitri Shepilov and Nikolai Bulganin.

The December central committee meeting laid the groundwork for the forthcoming communist party congress in late January with the final disgrace of the opposition group and the absolute consolidation of Khrushchev's position and policies.
Communist party control of all instruments of Soviet power—the state apparatus, armed forces and security organs—seems assured.

Khrushchev made short shrift in 1958 of the last challenger of party control, Marshal Georgi Zhukov, who's been easily thrown into the limbo of forgotten men.
The party this year also tightened its control of literature, the arts and sciences. This was evidenced in the December Congress of the Writers' union of the Russian republic which reaffirmed its principle that art is a weapon and writers are the communist party's first assistants in the construction of communism.

Within this firm basic framework, the "socialist realism" of art will continue to function. The writers will have more flexibility and freedom than at any time during the last 15 years of the Stalin era, but much less than the 1958 "thaw" indicated or that intellectual revisionists demanded.

In science, Trofim Lysenko, who audaciously ousted the august Academy of Sciences from the platform of the central committee, will apparently again play an important role during the coming year.

Advocates of technocracy—engineers, economists, technicians—who bade for increased political authority a few years ago haven't been much-encouraged.
The key figures of the presidium central committee's council of ministers—all professional party leaders, although many had en-

"Old Settlers" Refuse Order To Clear Out

TOPANGA CANYON, Calif., Jan. 1, (AP)—"You'll have to leave," the deputy sheriff told "Old Settlers," "The fire will be through here in a few minutes. Take what you can, but get out and make it snappy."

"Ain't going," said Littell.
"That's an order, mister," said the deputy. "It comes from the fire department. They don't want anyone hurt. You gotta go."

"Ain't going," said Littell.
"Missie, I don't want any trouble with you."
Littell, who with his wife, Rush, has lived in the Glenview section of Topanga canyon for 27 years and has seen four fires come and go, drew himself up to his full 6 feet 11 inch.

"Sonny boy," he said, "I been living here more years than you've been living, and not you, and not a n y other set-behind-the-ears whippersnapper's going to tell me how to behave in a fire."
The deputy looked him up and down, shrugged and drove away to warn other Glenview residents of the approaching danger. No one else stayed.

Inside the house, Mrs. Littell, 67, snapped the electric light switch without response.
"Mr. Littell," she said, "I think that fire is getting close."
Her husband looked up from the garden where he was connecting.
"Would you like to leave, Mrs. Littell?" he asked.

"Mr. Littell, don't you be an old fool."
The flames passed by, driven by high winds. And after they were gone, the Littell home stood without a scorch.
Littell looked at the front wall and scratched his chin.
"Rocks in that wall from every state in the union," he mused.

"Remember when we built it, Mrs. Littell?"
"Mr. Littell, his wife said, "Mr. Littell — I love you."

Move Agreed Shocking

The New York Times, quoting authoritative sources, said two of the monitors agreed that the attempted unionization is "shocking." They are Martin P. O'Donoghue, Washington, and Geoffrey P. Schmidt, New York.
The third monitor, L. N. D. Wells, Detroit, who sits on the panel as the Teamsters' own representative, was reported as indicating privately he considered the attempted unionization "poor judgment."

Warning Sounded: U. S. Dist. Judge P. Dickinson Letts has warned that disregard of recommendations by the monitors could result in the removal of Hoffa and his entire executive board.

He named the monitors to eradicate gangster influence and establish democratic practices within the much-investigated union. It has been expelled from the AFL-CIO on corruption charges.
Hoffa, himself, seemed to be tending down the unionization drive. He said in a statement the union would take in policemen "only if they come to us."

One of the last professional specialists to have headed an important power organ was General Ivan Serov, removed in December as head of the security police. His successor is Alexander M. Shelepin, a young communist party official.
The army, of course, still is headed by a professional soldier, Marshal Rodion Malinovsky, but following Zhukov's removal, the party consolidated control of military policy.

The 21st communist party congress in January probably will be styled "the congress of conquerors." It will claim staggering victories in the five-year period since Stalin's death in economic development, science, the growth of international authority of the Soviet Union and the consolidation of the increasing power of the communist bloc, from China westward to Berlin.

To make a quick potato salad, use canned, cooked potatoes. Just slice, marinate in vinegar and oil, add chopped celery, minced onion, green pepper or pimiento, and mix with mayonnaise.

Benson Views 1958 as Year For Progress

WASHINGTON, Jan. 1 (AP)—Secretary of Agriculture Benson viewed 1958 yesterday as a year of general progress for the nation's farmers.

He cited a department report that farm prices ended the year 14 percent above a year earlier and averaged, for the year as a whole, five percent above 1957.

Prices climbed to the year's peak during the spring. At that time they were slightly more than seven percent above the year-end mark.
"The per capita income of farm people, from all sources, in 1958," Benson said, "may be the highest on record."

"As this nation entered the year 1958 our economy generally was in a moderate recession. Agriculture was one of the brightest spots of the national economic picture and undoubtedly helped to spark the dramatic comeback in the general economy which we now are experiencing."

Looking ahead, Benson said higher consumer income is anticipated in 1959, indicating an increasing demand for farm products.
But the vast increase in our agricultural output, about eight percent higher than ever before, can lead to some decline in farm prices. Even so, with the large 1958 production, income from marketings in 1959 could still be the second highest since 1953," he said.

The department's price report said farm prices as a whole dropped two percent between mid-November and mid-December, reflecting lower returns for cotton, citrus fruit, tomatoes, hogs, eggs and milk.
Some products increased in price, notably corn and soybeans.
Prices paid by farmers for goods and services used in production and in family living ended the year at a record high, three percent above a year earlier.

Half Ranch Sale Brings \$1,772,000

BILLINGS, Mont., Jan. 1 (AP)—J. R. Scott, Miles City, Mont., purchased 131,280 acres—about half of one of the nation's largest livestock ranches—for \$1,772,000, attorneys announced.
Scott bought the property from Matthew Tschirgi, who sold all his holdings west of the Big Horn river in southeastern Montana.

Tschirgi, a rancher for nearly a half century, will continue to operate the other half of his spread.
The attorneys said the grazing land purchased by Scott, a former Texan, is capable of handling about 10,000 head of cattle.

Consolidation of Feb. 4, 1948 of the Idaho Evening Times... Published daily and Sunday at 130 Second Street, Twin Falls, Idaho...

TUCKER'S NATIONAL WHIRLIGIG CHICAGO—The Democrats' 1958 victories and their seemingly bright prospect for the New Year have produced such a state of shock among Midwest Republicans that their strongest candidate for mayor of the windy city has declined to run...

ANXIETY BREEDS A PROMISE—In their anxiety to have Butler head the municipal ticket, the Republican bosses promised to support him for the next available vacancy on the federal bench...

RELUCTANT GOP CANDIDATE FOR CHICAGO MAYOR—As a result of the Butler turnaround, Chicago Republicans were forced to fall back upon Rep. Timothy P. Sheehan, although he was defeated for a fifth term only last November...

REPUBLICAN FUND TO HELP RAISE MONEY—They have also done some innovating with regard to political finances. For the first time, the United Republic fund, Illinois, will help to raise money for the mayoralty contest...

SENATOR DIRKSEN TO LEND A HAND—Several national figures may participate in this first major test of 1960 political trends. Sheehan has been promised the active support of Sen. Everett McKinley Dirksen, Illinois, now heavily involved in the senate minority leadership struggle as the target of the Republican "liberals."

CRITICISM DIRECTED AT PRESIDENT EISENHOWER by the International Council of Christian Churches (not to be confused with the World Council of Churches) for his failure to mention God in his message from the Atlas satellite is unfeeling...

FEUDING CAN BE COSTLY—Some senate Republicans, apparently not satisfied with the wrecking job the Democrats did last November, now are heading into a fight which could split the party right down the middle...

DIFFERENCE IN COSTS—Under the new collegiate assembly line plan outlined by congress, it will cost \$18,000 for each individual put through college. This shows how much more things cost when the taxpayers are paying the bill than they cost when individuals have to put up the money for their children's education...

THOUGHTS FOR THE NEW YEAR—E. F. Fairless, president of the American Iron and Steel Institute, gave the American people something to think about in a recent address before the American Steel Warehouse Association in New York...

While Fairless is not expecting Khrushchev's prediction to come about, he does believe the warning calls for serious consideration by every American...

One of these confusions, Fairless believes, is advanced by powerful union leaders. "I do not question the motives or the sincerity of these men," he said, "but I do deny the validity of the argument they are using..."

Fairless agrees the resultant increase in labor costs could be taken care of provided there is a savings in costs elsewhere—or if there is a net increase in productive efficiency. Otherwise price increases are inevitable...

"If union leaders insist on taking all or more of the advantage gained in productivity improvement, they will seek to boost national wage rates to what the most efficient industry can pay," said Fairless. "The less efficient industries, through no fault of theirs, will be strangled by costs..."

Fairless warned particularly that some people are too quick to believe profits are an evil. "When the unions pick on profits as too high or as something to raid for wage increases," said Fairless, "it sounds good to some people and they stick up for that point of view..."

"The only way to get many people to invest their savings in the tools of production is to provide them an incentive to do so. That incentive is profit. Out of profits a business pays the investor for the use of machines. Profits are very useful to society. They are the real sources of our productive strength..."

"Purchasing power, after all, is not something limited only to wages and wage increases. The dollar paid as a dividend to a shareholder is just as much a part of purchasing power as is the dollar paid out in wages. The dollar the company uses as retained earnings is an even more dynamic kind of purchasing power because it is spent not only to provide jobs but also to increase the capacity to produce goods and services..."

WASHINGTON (NEA) — How so-called "boiler rooms" operate in high pressure selling of questionable stocks is best illustrated by several recent securities and exchange commission actions to prevent fraud and misrepresentation...

On this pitch, Albert sold 173,000 shares for \$318,000 to 560 people in 34 states. The company's phone bill in this typical boiler room operation was \$16,000...

On the Mono-Kearsarge offering, Veltz and R. B. Gravis, Inc., New York, acted as conduits for the sale of 982,000 shares of unregistered stock. Some 380,000 had been sold when SEC moved in with its investigation...

### Report Given On Pay Claim Load in Area

Ronald Cutler, manager of the local employment security agency, reports on new claims filed in the area for unemployment compensation for the week ending Dec. 27. In Burley, 22 new claims were filed, making a total of 169; 23 initial claims in Gooding, for a total of 117; Jerome, had 28 new claims for a total of 144; 20 additional for a total in Rupert for a total of 207; Twin Falls, making a total of 488 for the week, making a total of 1,266 initial claims. In the state, 1,266 initial claims were filed for the week, bringing the total in the state to 9,803.

Thirty-five job openings were reported in the Twin Falls office for the week ending Dec. 27, compared to only 27 the week before. Forty-eight individuals were placed in jobs during the week, with 30 the preceding week.

Cutler pointed out that unemployment is not as widespread as a year ago in Idaho. The sum of \$180,731 was paid out in benefits in the state during the week ending Dec. 27, while a year ago the figure was \$222,500. Average weekly benefits totaled \$34.20 last week for the state.

### Students Are Feted by Club

SHOSHONE, Jan. 1—Eleven colleges and universities were represented by students who were home for the holidays and attended the local Rotary club's annual student dinner party at the Lincoln school cafeteria.

The dinner was served by Onal Rebeckah lodge, with the Rev. Ralph Lawrence acting as master of ceremonies.

Paul Smith led singing with Mrs. M. J. Pethick as accompanist. The welcome was given by Rotary club President Omer Shook.

Piano solos were played by the Rev. Paul Winkler and introductions were made by Rupert Manning and E. I. Shaw. In addition to the students, who were guests of the club, servicemen home for the vacation, the superintendent of schools, principal of the high school and Scout leaders also were guests. Gary Kissler and his partner demonstrated a folk dance and songs were sung by the male quartet, Jack M. Murphy, Omer Shook, C. M. Pethick and Ralph Smith. Mrs. Pethick was accompanist.

### Hazelton People Report Activities

HAZELTON, Jan. 1—Mr. and Mrs. Richard Moehre and family, Uniontown, Wash., are visiting her parents, Mr. and Mrs. Carl Murphy, Carl H. Murphy, a student at the University of Idaho, Moscow, also is visiting.

Mr. and Mrs. Paul Conway visited her mother, Mrs. Nellie Alexander, Soda Springs.

Guests of the Paul Conways were their son-in-law and daughter, Mr. and Mrs. Fred Rau, Nampa.

Robert Gardner, student of Flecks college, Rexburg, is spending the holidays with his parents, Mr. and Mrs. O. M. Gardner.

Mr. and Mrs. Walter Wilson and sons, Boise, and Mrs. Murray Freeman and Debbie, Bloomfield, N.M., are spending the holidays with the women's parents, Mr. and Mrs. W. S. Baird, and other relatives here.

### Speakers' Groups Hold Joint Meet

BURLEY, Jan. 1—Members of the Burley Toastmasters and Toastmasters clubs met jointly Monday night for a dinner party.

Robert Walkup presided as toastmaster and Walter Thomas offered invocation. Mr. and Mrs. Marvin Pearson were guests.

Table topics, directed by Thomas, were on "My Biggest Goof of 1958," or "What I Expect to Come True in 1959."

Garnet Kidd received a past president plaque from Jack Holland. Gifts were auctioned by Harold Holmes in exchange for impromptu speeches on an assigned subject. "Buyers" included Jack Holland, Robert Hogan and Mrs. Jess Yarrington.

Dancing followed the dinner and program. Joe Varela, Thomas and Barney Hinds were in charge.

### Paul Visits

PAUL, Jan. 1—Mr. and Mrs. Byron Broder, Ogden, visited his parents, the Rev. and Mrs. John Broder.

## \$1,185,000 Student Union Building Is Being Opened at Idaho State College

IDAHO STATE COLLEGE, Jan. 1—Idaho State college celebrates the New Year by opening its new \$1,185,000 Student Union building. A public open house at 8:30 p.m. Monday and a preview dinner Sunday evening are scheduled.

Taking part in the ribbon cutting at 7:30 p.m. Monday will be ISC President Carl W. McIntosh, Dean of Students Mel F. Schuber, Student Union Director Earl Pond, Assistant Dean for Men Jay Jensen and four student body leaders, Robert King, Twin Falls, 1957-58 student president; Larry Judd, Lava Hot Springs, student president this year; Russell Albright, Sacramento, Calif., chairman of the Student Union social committee in 1957-58; and Robert L. Kirkpatrick, Idaho Falls, now chairman of the committee.

The building is financed by the Associated Students of Idaho State college, at no cost to the taxpayers of Idaho.

Presidents of student organizations, connectors, officials and other invited guests at the preview dinner Sunday will hear an address by Dr. McIntosh on "The Student Union—A Laboratory for Social Education."

General contractor G. H. Elle and Architect Cedric M. Allen, both Pocatello, and State Commissioner of Public Works Arthur Warren, Boise, will present the building to the college.

Curtis Eaton, Twin Falls, chairman of the ISC executive committee of the state board of education, will speak following the presentation.

Welcoming guests to student government areas will be Judd; Gary Montgomery, Independence, Mo., president of Associated Men Students; and Connie Youre, Twin Falls, president of Associated Women Students. Mrs. Ione Horrocks, Pocatello, editor of the Bengal, conducts the tour of the newspaper office and Yearbook Editor Nicholas White, Jacksonville, Fla., the tour of the Weekup office. Kirkpatrick will welcome guests to the games area.

The new building provides several facilities not available in the past, including a bowling alley, barber shop, music listening rooms and cards rooms. It also has enlarged quarters for the college bookstore, games area, student government and publications, meetings, cafeteria and dining facilities, ballroom and faculty lounge.

With the new union in regular operation, the old union, built in 1939, will be used for offices and classrooms. An appropriation for remodeling has been requested.

### King Winter Reigns

Weather maps below show the U.S. weather bureau's forecast for mid-January. It is not a specific forecast in the usual sense, but an estimate of average temperature and precipitation for the period.

Temperature outlook to mid-January calls for below seasonal normals over the eastern half of the nation except for near normals in Florida. Above normal temperatures are expected to prevail west of the continental divide. In the central plains, about normal temperatures are in prospect, but with large variations about the normal.

### McLemore Finds Solutions to Covering up Late Yule Cards

By HENRY McLEMORE

When a check of Christmas cards received against a list of Christmas cards sent revealed that we had overlooked, lost the addresses, or plain forgotten an even 137 of our friends and acquaintances, it was obvious that something drastic had to be done.

While a great share of the 137 wouldn't remember whether they got a card or not, and wouldn't care a great deal if they hadn't, there were some who would feel seriously neglected. And we didn't want that to happen.

But to do? You can't get away with mailing cards after Christmas because the postmark is a dead giveaway. One look at a card postmarked Dec. 28 and even the slowest on the pick-up of your friends knows that he was an after-thought.

Last year we used a trick, but you can't well use it two years in a row. We delicately put the wrong address on all the late cards, and when they were returned, resent them correctly, with a little note on the back that said, "Sorry. What could we have been thinking about?" or, "You can see that we didn't forget you."

Now, after much thought, and with 137 cards staring us in the face, we have decided on a bold new idea. It is based on the old military concept that the best defense is a strong attack.

By half of the people who sent us cards on time, we are sending late cards with this message:

"Sorry this remembrance is tardy, but we have been so busy since the fish flood that you know you'll forgive us."

True, the fish flood was in Texas, and didn't come within a thousand miles of us, but it is equally true that we have been busy since then, doing a thousand and one things. No friend or acquaintance is going to be mad with you for overlooking to send a Christmas card if he thinks you and your family have been fighting for survival in a fish flood.

To the other half of the 137 we are going to send cards of greeting on July 7, Old Midsummer day fall on this date, and has been celebrated in England for centuries.

Such a card will more than make up for our Christmas oversight. At least, we believe it will.

We hope those who get the cards will tell those McLemores that they never forget a holiday. Think of them taking time off in this hot weather to send us a greeting. Bless them!

You may want to know what makes us think we are going to remember to send out the Old Midsummer-day cards early in July. It's a good question and one that we asked ourselves right off the bat. Simple solution: If we forget we'll just send out cards for Aug. 16. That's Bonington Battle day (in Vermont), and who wouldn't like to be remembered on that date?

A problem is no problem at all if you'll just sit down and think it through.

### Only Time Will Tell Whether Revolt to Get Cuba Freedom

By The Associated Press

Cuba's raging, two-year-old revolution has never followed the pattern of the traditional banana-republic war for power. It appears to this reporter that the American long history of struggle against Batista's armed forces, which number around 100,000 men, was equipped, mostly with U. S. arms.

So Castro has used the national has passed through a momentous success of overthrowing the dictatorship of 81 men on Dec. 2, 1958.

The tactics have undercut Batista's main source of power—Cuba's unmatched prosperity.

Much of the tourist trade has been frightened away. Rebel destruction of Castro is the son of a wealthy planter who has been a rebel since his student days in Havana. He has never held office or had a chance to show his true political colors.

Castro's opponent is President Fulbright, a tough former army aviator who first set foot on Cuba in 1933 and has since been a leading spokesman for the United States in Cuba, the more chance Castro has to succeed in his long-range strategy of fomenting unrest.

### Governor No. 49, New York, Is Given Oath

ALBANY, N. Y., Jan. 1 (AP)—Republican Nelson A. Rockefeller, millionaire philanthropist turned politician, was sworn in last night as New York's 49th governor.

He took the oath of office, as successor to Democrat Averell Harriman, in a private ceremony in the executive mansion.

**Judge Administers Oath**  
Chief Judge Albert Conway, court of appeals, the state's top-ranked jurist, administered the oath.

Conway officiated again at the traditional public inauguration ceremony in the assembly chamber in the state capitol this afternoon.

About 50 persons watched Rockefeller take the oath. Mrs. Rockefeller stood by his side. All five of his children, two of his brothers, a sister and other relatives and friends watched the ceremony.

When Conway asked whether Rockefeller swore to support the constitution and to discharge his duties as governor faithfully, Rockefeller replied solemnly, "I do, sir, so help me God."

**Family Bible Used**  
Rockefeller swore his oath with his left hand placed upon an old family Bible, a volume at least 80 years old that belonged to his grandmother, Laura Spelman Rockefeller, wife of oil millionaire John D. Rockefeller.

Actually Rockefeller's term did not begin until midnight. However, he followed the precedent of other governors-elect in taking the oath before the clock tolled in a new year.

### Idea for Auto Sale Ban Nets New Comment

DETROIT, Jan. 1 (UPI)—A proposal by Los Angeles City Councilman Everett G. Burkhalter to ban the sale of new cars there unless the automobile industry came up with an anti-smog device, provoked some caustic comment yesterday from authorities in the automobile capital.

Mayor Louis G. Mirani, Detroit, led off by saying "Los Angeles is going to become a foreign country all by itself if it keeps this up."

"How silly can they get?" he asked. "Banning new car sales would simply mean that there would be more old cars on Los Angeles streets. They could create more of an exhaust problem than the new cars."

**Old Car Ban Suggested**  
He suggested Los Angeles ban the old cars.

"There must be a lack of appreciation and understanding, or a lot of ignorance in Los Angeles," the mayor said.

Morton Sterling, chief air pollution inspector for Detroit, called the ban-new-car proposal a grandstand play. He said the Los Angeles smog problem was caused by geographical conditions. He suggested that Los Angeles try moving the mountains.

"The easier way to stop pollution is to stop living or go back to the stone age," Sterling said.

**Research Is Claimed**  
The automobile manufacturers association pointed out that the automobile industry has spent more than five million dollars in the past five years investigating the problem of automobile exhaust fumes.

William Sherman, manager of the AMA's engineering and technical department said "the repeated demands by Los Angeles politicians that so-called anti smog devices be put on passenger cars completely ignore the fact that such devices have not yet been perfected."

Los Angeles officials, meanwhile, took to exchanging verbal brickbats among themselves over the smog situation.

**Facts Said Disregarded**  
Chairman Frank C. Bonelli, county supervisor, accused Burkhalter of disregarding the facts in claiming that supervisors had refused to give approval to installation of successful exhaust-control devices.

Bonelli said approval could not be given because no device had proven successful.

Supervisor Ernest E. Debs said he thought more action was needed.

"We've got to expedite the work of the air pollution control district," he said. "Maybe it should be putting out less publicity and more research."

### First Aid Classes Registration Set

BUHL, Jan. 1—Registration for the Red Cross first aid classes will be held at 8 p.m. Tuesday in the Red Cross room at the city hall. It is announced by Dick Hitchcock, first-aid chairman of the Buhl chapter of the American Red Cross.

No classes will be held that evening. Three instructors are available, and it is hoped to form three classes, with 15 persons in each class. Meeting dates and classes will be formed from those attending the session Tuesday night. Those who are unable to attend the meeting can contact Hitchcock or Robert Bailey. All persons are urged to take advantage of the first-aid classes.

### Well Oiled

MOUNTAIN HOME, Jan. 1 (AP)—A suit filed yesterday indicated Mr. and Mrs. E. E. Garner weren't happy by a discovery of oil.

"They found oil in front of their door, oil in their well and oil lapping all around their yard, the Garners said in their suit for \$14,470 damages against the Sinclair Oil company."

The couple contended their home was rendered almost useless by about 7,000 gallons of diesel fuel, which they said, spilled out from a Sinclair tanker trailer that overturned last March in front of their home here.

### 2 Groups Aid Pilot in Fogs

MOUNTAIN HOME, Jan. 1 (AP)—Pilot Freeman Estes, Boise, needed to land, and he needed instructions. Fog covered southern Idaho. Estes had headed east when he was unable to land at Boise.

His fuel was going and he needed to get his small plane down here. The ground control approach operator at Mountain Home air force base was W/Sgt. Douglas Mahoney. But he couldn't talk to Estes because military and civilian radios operate on different frequencies.

So Mahoney gave instructions to Boise civil aeronautics administration which relayed them to Estes. The plane suddenly appeared above the runway here and made a perfect landing.

### Births, Marriages Increase in Idaho

BOISE, Jan. 1 (AP)—Trends indicated "more Idahoans were born, married and died last year than in 1957."

Figures for the first 11 months of 1958, as kept by the Idaho bureau of vital statistics, showed increases in all these categories.

The bureau also reported a sharp increase in accidental deaths. Last year 542 people died accidentally in the first 11 months, compared to 441 during 1957 in a similar period.

The bureau reported 15,376 births through November, compared to 15,146 in the first 11 months of 1957; 4,683 deaths last year, compared to 4,627 in 1957; and 8,411 marriages last year, compared to 8,240 in 1957.

Divorces declined. The bureau said 2,139 couples split up through November, compared to 2,146 in the first 11 months of 1957.

### Idaho Spuds Are Used Differently

IDAHO FALLS, Jan. 1 (AP)—More and more Idaho russet potatoes are being diverted from the fresh market to food processing, starch and livestock food.

A report from the Idaho-Eastern Oregon Potato Control committee shows 42 per cent of the 1958 crop going to other outlets. That compares to 35 per cent in 1957 and less than 20 per cent only a few years ago.

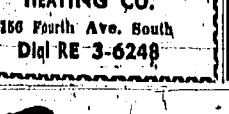

Fresh market prices to growers have been considerably lower this season than they were in 1957.

### Fairfield Visits

FAIRFIELD, Jan. 1—Mr. and Mrs. Harry G. Lamson and children, Clarksburg, Wash., left Fairfield Wednesday after spending a week visiting his parents, Mr. and Mrs. Harry Lamson.

Mrs. Elizabeth Robinson and Mildred visited Mr. and Mrs. James Robinson, New Plymouth; Mr. and Mrs. Dolph Naser and Mr. and Mrs. R. M. Mitchell, Boise.

### U.S., 5 Other Nations Agree What Yard Is

LONDON, Jan. 1 (UPI)—Britain, the United States and four other countries agreed today that a yard is one yard long and a pound weighs one pound.

A formal international agreement announced the adoption of an "international pound" by standards bureaus in Britain, the U.S., Canada, New Zealand, South Africa and Australia.

According to the agreed definition, an international yard equals 0.9144 meters—exactly the same as a Canadian yard, but falling just between the British and American lengths for a yard.

The pound, also falling between British and American standards, is put at 0.45359237 kilograms.

All non-metric calibrations made in the laboratories of the countries concerned will use the new international units after July 1.

### PATIENT IMPROVED

FAIRFIELD, Jan. 1—Mrs. Viola Gibbons, a patient in Holy Rosary hospital, Ontario, Ore., is reported in an improved condition by Mrs. John L. Robinson and Mildred Robinson, who visited her Friday.

### Account Surplus Listed for Bank

BOISE, Jan. 1 (AP)—An increase in the capital and surplus account of the First Security bank of Idaho, to a total of 11 million dollars, was announced yesterday by Ralph J. Comstock, president.

He said the increase of \$700,000 gives First Security the largest capitalization figure of any bank in Idaho.

"It increases the bank's ability to take care of larger credit demands from any one customer," Comstock explained.

He said the increase was affected by the transfer of \$700,000 from undivided profits to surplus. The bank's surplus account thus was increased to \$1.7 million dollars with the capital account also set at that figure.

### BUILDERS SET RECORD

LEWISTON, Jan. 1 (AP)—Builders set a new record in Lewiston in 1958. Total value of construction was listed as \$3,150,551, half of that in public buildings. The 1957 figure was \$1,827,607.

### West VHF TV Booster Units Are Ruled Out

WASHINGTON, Jan. 1 (AP)—The federal communications commission announced yesterday a final thumbs down on proposals that permit operation of VHF television booster stations.

The very high frequency stations operate on the channels numbered two through 13.

At the same time, the commission hung out an all-is-forgiven sign for the numerous operators now running illegal VHF booster equipment, particularly in the mountainous areas of the West. They were given 90 days to file for permits in the authorized range.

FCC told the operators it is prepared to act speedily on licenses for such boosters as TV translators which receive VHF signals and relay them to remote areas as ultra high frequency transmissions. The UHF range takes in the top 14 channels numbered 14 and higher.

In turning down a petition by Colorado's Gov. Stephen L. R. McNichols that it reconsider its position of VHF boosters, the commission asserted for a third time it does not consider a VHF repeated operation feasible because of serious interference factors involving TV and also radio operations devoted to protecting life and property.

The approved TV translators are licensed on channels different from those of mother stations whose programs they reproduce. Most of the illegal repeaters in the West use the same channel as the mother station, which is nearly always a VHF outlet. In the commission's view this tends to feed back interference into the normal service area.

The commission more than two years ago moved against a number of repeater operations in Washington state, where booster equipment had been installed on high mountain peaks to rebroadcast TV programs into the valley areas unable to get original reception.

This commission said today it will not take any immediate steps to force the VHF boosters off the air. But will give each such operation 90 days in which to apply for conversion to a legal UHF translator or some other type of authorized operation.

### Idaho's Inaugural Attire Designated

BOISE, Jan. 1 (AP)—What is the correct attire for Idaho's inaugural ball Monday evening?

The Boise Chamber of Commerce which is sponsoring the event, said yesterday numerous callers are asking that question.

The answer: Formal attire, tuxedos for the men and evening gowns for the women is proper. But correct dress also includes dark business suits for the men and short cocktail gowns for the women.

### Russian to Speak

BOISE, Jan. 1 (AP)—A top diplomat from the Russian embassy, Washington, will speak at the Boise Valley World Affairs Institute Jan. 23 and 24, it was announced yesterday.

M. P. Fedorin, first secretary of the embassy of the USSR, will speak on Russian foreign policy, the Boise Valley World Affairs association said.

### Don't Buy It

STREATOR, Ill., Jan. 1 (AP)—If someone tries to sell you a 27-ton bulldozer worth \$25,000 at a bargain, don't buy. It's hot.

Sheriff Ray Bussey, La Salle county, said employees of the Evans Construction company, Early, Ia., reported such a theft yesterday.

### Big Snake Killed By Truck Driver

PORTLAND, Jan. 1 (AP)—The big snake reared out of the truck load of bananas and looked driver Hergert right in the eye.

Hergert looked, too, but not for long. He grabbed a club, chased the five-foot-long snake through the big van and killed it.

The snake appeared to be a boa constrictor. Hergert had brought the 15,000 pounds of bananas here from Seattle.

### 22 Million Dollar Work Given Firm

WASHINGTON, Jan. 1 (AP)—Sperdy Band corporation has been awarded army contracts totaling 22 million dollars for work on the Great Salt Lake in Utah and Nevada.

One 13-million dollar contract is for production of the missile for extensive testing by the Army.

A second contract, for nine million dollars, was for continuing search and development of the missile.

All the work under both contracts will be performed at the Sperdy-Utah engineering division, Salt Lake City.

### GOP, Demos Set Dates for Party Parley

BOISE, Jan. 1 (UPI)—Strategy for the coming session of the Idaho legislature will be mapped out here at pre-legislative pow-wows of both Democrats and Republicans.

John Walters, Democratic state chairman, said that he has called a meeting of his party's legislators and elected state officials at Boise on Jan. 3, two days before the 1959 law-making session convenes.

His Republican counterpart, Ray Robbins, Idaho Falls, summoned into session for next Saturday the executive committee of the GOP state central committee and the party's thinned ranks of legislators.

**Demos Are in Control**  
Democrats will control both branches of the state legislature at next session.

Walters said that the purpose of the meeting will be to decide on the kind of legislative program that will be necessary in order to carry out the pledges in the Democratic party's platform.

"In addition," he said, "we want to explore with the legislators the matter of reforming our primary election laws so that the will of the majorities of the two parties will be carried out in the selection of candidates."

**Martin Makes Announcement**  
Announcement of Saturday's GOP meeting here was made by GOP state executive secretary John Martin. He said Robbins hopes that it will be possible to develop a "working relationship between Republican party workers and their representatives in the legislature."

Martin also disclosed that the executive committee will set up an agenda for a full central committee meeting in February, at which time a successor will be named for the late GOP national committeeman Theo H. Wagner, Boise.

### European Common Mart Plan To Benefit U.S. in Long Run

NEW YORK, Jan. 1 (AP)—Some U.S. businessmen view the trend with mixed emotions. "It will be an improvement all around," says Vice President S. Riley Williams, Worthington Corporation, manufacturer of industrial equipment. "It will make things a lot easier for us—we'll have one big market to concentrate on instead of half a dozen little markets each hemmed in by its own tariff wall."

Frank X. White, vice president of American Machine and Foundry Company, declares, "I'm optimistic. I feel the basic objective of the scheme is to increase consumption. It may create a bigger market for American goods than we've ever dreamed of."

White concedes a booming Euro-

pean economy will also mean tough competition for American goods in America and Asia. But this, too, may be all to the good, he maintains. If it forces U. S. companies to keep one jump ahead of their European rivals in technical progress and manufacturing know-how.

H. B. Pence, executive vice president, John Deere International S. A., farm equipment firm, takes a dimmer view.

Exports of our company to the common market countries now are nil because our prices are too high to compete with European goods," he says. "Whatever happens it's not going to improve and it can't be worse."

A steel executive in Pittsburgh says economic unity in Europe may freeze out U. S. exports. The prime objective here, he states, is to strengthen the economies of Western European countries to the detri-

### Old Advice

ROME, Jan. 1 (AP)—The English language "Home Daily American" went back more than 400 years for its sole editorial in its New Year day paper.

From a book of proverbs by John Heywood, published in 1546, it quoted:

"I pray thee give me and my fellow a haire of the dog that bit us last night."

Virginia Ambroz And Fouts Wed In Church Ritual

PHOTO, Jan. 1—Virginia Lee Ambroz, daughter of Mr. and Mrs. Len Ambroz, and Ellis Loren Fouts, daughter of Mr. and Mrs. John Fouts, exchanged vows in a candlelight ceremony at the Clover Trinity Lutheran church.

The Rev. Carl Schottger officiated at the double ring ritual before a background of Christmas trees and white baskets of chrysanthemums with flanking candelabra holding white tapers. The aisle pews were marked with white satin ribbon bows.

John Lutz sang "Oh Perfect Love" and "The Lord's Prayer." Emil Lindemann was organist. The bride was given in marriage by her father.

The bride was gowned in Ghentilly lace over satin. The basque bodice featured an off-the-shoulder neckline and long sleeves. Her lace-edged imported French illusion veil was attached to a tiara of seed pearls and iridescent sequins. She wore pearl earrings, a gift of the bridegroom, and carried a cascading bouquet of red roses and white gardenias.

The maid of honor, Mrs. Ronald Percy, Buhl, wore a gown of red embroidered brocade fashioned with a Sabrina neckline and pleated skirt. Bridesmaids, Mrs. Bud Haslam and Shirley McGregor, both Twin Falls, wore similar gowns. All wore white fur hats and carried bouquets of white chrysanthemums with silver leaves.

Larry Ambroz was best man. Marvin Fouts and Larry Platt, both Twin Falls, acted as ring bearers.

Candlelighters were Pamela Ruhlert and Marilyn Ruhlert, both Twin Falls.

Cecilia Platt, Twin Falls, was flower girl. She was frocked in a white brocade dress with red roses and a red ribbon in her hair. She scattered red rose petals from a white basket.

The bride's mother chose a black velvet dress with silver trim and winter white accessories. The bridegroom's mother selected a gray print dress with blue accessories. Each wore a corsage of white shattered carnations.

The color scheme of red and white also was carried out at the reception in the Clover Lutheran school after the ceremony. Joyce Gartner and Betty Lou Cox, arranged gifts for display. Mrs. Robert Moore, Kimberly, attended the guest book.

A four-tiered white cake topped with white bells and surrounded with red roses was served from a white-net-over-red-covered table. White tapers completed the table decor.

Mrs. Byron Platt and Mrs. Marvin Fouts, both Twin Falls, cut and served the cake. Mrs. Chester Sherrets, Twin Falls, served punch, and Mrs. Had Schuyler presided at the coffee service. Others assisting were Mrs. Martin Roester and Mrs. Harvey Gartner.

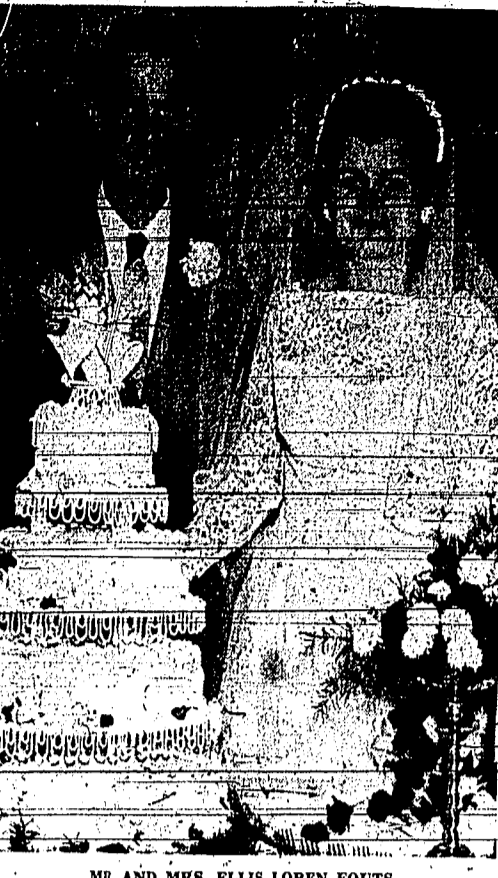

The new Mrs. Fouts chose an apricot crystal dress with a Sabrina neckline and full skirt, white accessories and a white gardenia corsage for a trip to Sun Valley. On return they will be at home in Soda Springs.

The bride was graduated from Filer high school in 1937. Prior to her marriage she had been employed by the Idaho Power company and the Fidelity National bank. The bridegroom was graduated from the local high school in 1955 and is employed by the Allied Steel company at Georgetown.

A special guest was the grandfather of the bride, James Ambroz, Madison, Neb.

Mary Marquess Truscott Repeat Vows in Church

PAUL, Jan. 1—Vows were recited by Mary Marquess, daughter of Mr. and Mrs. Roy Marquess, and Richard W. Truscott, Jr., son of Mr. and Mrs. Richard W. Truscott, at the Burley First Methodist church.

The Rev. Richard H. N. Yost performed the candlelight double ring ceremony at 3 o'clock. The altar was decorated with baskets of white chrysanthemums and Christmas evergreens.

Bows of white satin marked the aisle down which the bride was escorted by her father. She wore a ballerina-length gown of white lace over net and taffeta. The Empire dress was styled with a round neckline, three-quarter length sleeves and complemented by a single strand of pearls and matching earrings, a gift of the bridegroom.

Her fingertip veil of net fell from a small cap of matching bows. She carried red rosebuds and a white satin streamer on a white stole.

Mrs. Harold Schoettger, Englewood, Calif., in green, was matron of honor for her sister, Mrs. Jack Baker, El Centro, Calif., also a sister of the bride, in red, and Mrs. William Thompson, Twin Falls, sister of the bridegroom, in green, were bridesmaids.

All wore identically styled, Empire ballerina-length gowns with round necklines and three-quarter length sleeves. They carried matching muffs with holly and red carnations.

Best man was William Mullins, Reno, Nev., cousin of the bridegroom. Usherings were Frank Cahill, Twin Falls, and Joe Mullins, Reno, both cousins of the bridegroom, and Leon Lowe, Twin Falls.

Nancy Horner, in red, and white and carrying a nosegay of white carnations, was flower girl. Her brother, David Horner, was ring bearer.

The tall white tapers were lighted by Sharon Truscott, in red, and Vivian Truscott, in green. Both wore ballerina-length dresses. Both are sisters of the bridegroom.

During the ceremony, Mrs. Dorothy Sheryer sang "I Love Thee" and "The Lord's Prayer." She was accompanied by Mrs. Marie Arnold who also played the wedding march and prelude music.

For her daughter's wedding, Mrs. Marquess chose a lace and blue crepe dress with coral accessories. The bridegroom's mother was attired in a royal blue embroidered jersey dress with matching accessories. Red roses formed their corsages.

After the ceremony a reception was held in the church parlors. Here also the Christmas theme was carried out with candles and evergreen boughs.

The three-tiered cake, topped with a miniature bride and groom, was cut in the traditional manner and served by Mrs. Vivian Chalovich, Reno; punch was served by Mrs. Florence Mullins, and coffee, by Mrs. Grace Bobler, Twin Falls. Circle two of the Woman's Society of Christian Service assisted.

Gifts were arranged by Mrs. Barbara Pahl, Mrs. Joan Persigehl and Mrs. Janet Givens, all Twin Falls. Mrs. Connie Lowe attended the guest book.

For a wedding trip, the new Mrs. Truscott chose a green Empire dress with white accessories and a red rose corsage. They will make their home in Reno where the bridegroom is attending the University of Nevada. The bride was employed at Magic Valley Memorial hospital as medical record librarian.

We, the Women Shower Is Held For Bride-Elect

BY RUTH MILLETT  
NEA Service  
Want insurance against you and your husband finding life together dull and meaningless once the children are grown and gone from home?

You can have it if you start preparing for the time long before it comes. By the time the last child leaves home, you and your husband should have several engrossing hobbies or leisure time activities which you share, and some that you don't.

You should have good friends your own age whose companionship is easy and pleasant. You should have plans for just the two of you—as bright and ambitious as the plans you had for your children.

You should have begun to simplify your living, so that you aren't tied to unnecessary chores when you do have the freedom to come and go and do pretty much as you please.

You should be willing to let your children lead their own lives, instead of thinking that their problems are yours to solve and their difficulties are yours to straighten out.

You should look forward, instead of backward. The family years were busy, rewarding years. But the years ahead can be busy, rewarding years, too, if you look for the advantages in being a couple again, instead of expecting nothing but the loneliness of not feeling needed. After all, you will need each other more than ever when the children are gone.

You should be willing to make the effort to have new experiences, instead of settling down into a monotonous routine. Why cling to the comforts of home if you can travel and see new places and make new friends and share new experiences?

With imagination and planning, a couple can assure themselves that the second period in their lives when there are just the two of them again can be as happy as the first.

Emily Starritt Is Married to Sells In Church Ritual

JOHNSON CITY, Tenn., Jan. 1—Emily Elizabeth Starritt, daughter of Mr. and Mrs. William August Starritt, Jr., Johnson City, and Sun Valley, and Second Lieut. George DuBose Sells, exchanged vows at 2 p. m. Sunday at the First Presbyterian church here.

Dr. Warner DuBose, grandfather of the bridegroom, and Dr. Ferguson Wood, pastor of the church, officiated. The bride was given in marriage by her father.

She chose a wedding dress of white delustered satin designed with a scalloped scoop neckline outlined with reembroided Alencon lace, seed pearls and sequins, long sleeves with points over the hands and fitted basque waist. The full skirt terminating in a chapel sweep train, was appliqued with Alencon lace, pearl and sequin motifs. Her veil of imported illusion was held in place by a Swedish crown of rhinestones. She wore a string of cultured pearls, a gift of the bridegroom, and carried call lilies.

Mrs. William Hawthorne Conant, Oak Ridge, sister of the bride, was matron of honor, Carolyn Sells, sister of the bride, was matron of honor. Carolyn Sells, sister of the bridegroom, was maid of honor. Bridesmaids were Linda Lou Wright and Laura Leigh Wright, twin cousins of the bride, Clinton, Ind., and Jan Hart, Adele Brownlow, Ann Lynd Fraser and Joyce DePew.

They wore identical dresses of reversed satin in leaf green. The intermission-length dresses featured a slightly scooped neckline and cap sleeves of darker green and princess line bodices. The short front was caught with love knots; the back panel of darker green extending to the floor was accented at the waistlines with flat bows of leaf green. They wore matching headbands and shoes and carry cascade arrangements of deep pink roses.

William Samuel Sells served as best man for his son. Ushering were William S. Sells, Jr., Mayfield, Ky., and Frank Sells and Mack Sells, brothers of the bridegroom; Charles Coe, Alexandria, Va., and George Sells, Jr., Kingsport, and Sam R. Sells, cousins of the bridegroom; William Hawthorne Conant, Oak Ridge, brother-in-law of the bride, and Robert Taylor, Jr.

The bride's mother chose a floor-length gown of crimson glow chiffon with draped skirt, square neckline, shirred bodice with three-quarter length sleeves and matching accessories and a corsage of white orchids. The bridegroom's mother selected a floor-length dress of gold satin with gold accessories and Cymbidium orchids.

The John Sevier hotel was scene of the wedding reception. The bride is a graduate of Tennessee State college School of Nursing and is a member of Kappa Delta sorority. She is the granddaughter of Mrs. Gertrude Wright, now of Reno, Nev., and late Mr. Wright of Shoshone, Idaho, and Twin Falls where they lived while he was manager of the J. C. Penney stores in the towns.

Lieutenant Sells was graduated from The Citadel, Charleston, S. C., with the distinguished military student award and is a member of Summerall guards and the Army Air Force security. He is stationed at Eufaula, Ala., with the air force. Following a wedding trip to Florida, Lieutenant and Mrs. Sells will be at home in Eufaula after Jan. 15.

PAUL, Jan. 1—The MIA sponsored a program last week at the LDS church with community singing followed by dancing. Mrs. Letta Stapelman and Acel Hall were in charge of arrangements.

View Ward Has Dance for LDS

VIEW, Jan. 1—The second in a series of holiday dances sponsored by the Declo, Springdale and local wards was held Monday night at the LDS recreation hall. Declo gave a dance in November and Springdale will sponsor one at Easter.

The hall was decorated with stars, snowflakes and a large Christmas tree under the direction of Del Jean Bronson.

During intermission Karma Hatch and Karen Taylor sang the theme song, "Let It Snow," and a medley of other songs. MARY EWA BOWEN presented two tap dances.

Classes Present Party's Program

VIEW, Jan. 1—Each class was represented on the program at a recent party held for the Primary department of the LDS church.

Home Builders, Trail Builders, Pilots and Co-Pilots played games in their class rooms. Younger groups were entertained in the recreation hall.

Refreshments and dancing concluded the event.

Guests were Mrs. Robert Pulman and family, Salem, Ore.; Mr. and Mrs. Dean Cranney and daughter, Oakley; Mrs. Maggie Elison, Tremonton, and Mr. and Mrs. Vern Green, who recently returned home from Athens, Greece, and are now living in Phoenix, Ariz.

Care of Your Children

By ANGELO PATRI

"We have a problem with our 10-year-old daughter. She is so selfish that it hurts us to see it. For example: She gets her allowance. She hoards it but will do everything possible to get what she wants from the others. They buy candy; she buys none; she watches the others eating theirs and follows them about asking for a share, demanding it even. The others plan to give; she never. But she expects them and the whole family to remember her. Any suggestions?"

This is unusual. Children of this age are rarely so conscious of themselves as to try to draw everything in sight to themselves. It is not a lovely expression and we should do our best to correct it. But how? We cannot create beauty of soul; we cannot legislate morality, or just plain human decency. Such expressions of human dignity must arise from within and how difficult it is to reach the inner being of child or man, anybody knows. But we can try.

First we tell the child who hoards his own and uses that of others that he is wrong, that he is cheating himself instead of building himself up as he believes. There is a law not made by men but by that intangible force we know as righteousness, underwritten by mankind down the ages, that declares: "Ceasing to give you cease to have."

Righteousness is beyond the comprehension of a child, but words come before deeds and if we keep the words in the ears of such a child, indeed all children, in time they register. That is the first suggestion. I would make it as follows: "The child that giving is part of loving. Then I would forbid the other children giving the miser any part of their treats until she showed a willingness to share her own. Brothers and sisters usually share what they have. They usually help one another by lending and giving. True, they wrangle over some of their transactions but they rarely insist upon their pound of flesh. This very selfish one is, as I said, unusual.

Of course all of us are selfish. Self-protection is but a common sense trait. Intelligent men and women know they must be strong in their own right lest they become dependent upon others, something so distasteful, so bitter in its aspect, as to make one take care to be self-dependent. But, as in all human experience, there is a limit of this. "Ceasing to give you cease to have" is an inviolable rule.

It is the duty of every parent to teach his children the truth about sex. Dr.

**Production of Minerals Drops for '58**

WASHINGTON, Jan. 1 (AP)—Production of minerals declined in 1958, but any other year, the value of all domestic production also dropped, according to the bureau.

The bureau's report said the output of gold and silver was the lowest since 1946.

Predicted for 1959, the bureau forecast a better outlook for several commodities.

Domestic coal production was estimated at 397 million tons, down 1.5 per cent from the 1957 production.

The bureau said, "The general outlook at the end of the year was for an improved coal market."

Production of copper was off 10 per cent but the report said the outlook was improved as the year ended.

The total value of all domestic mineral production in 1958 was put at \$1,850,000,000, down \$1,776,000,000 from the 1957 figure.

Uranium production continued to gain, the production having a value of 114 million dollars for the year, up from 78 million dollars for 1957.

Mercury production went up for the eighth consecutive year to 31,000 pounds, a seven per cent gain over 1957.

**Politicians Fire Blasts About Outcome of Filibuster Battle**

WASHINGTON, Jan. 1 (AP)—With rights legislation — are primed to fight long and hard.

On the first day of the new Congress—Jan. 7—a bipartisan group of northern and western senators plan a move to change senate rules so as to make it easier to choke off filibusters.

Southern Democratic senators who in the past have used the tactic of unlimited debate to block civil rights legislation — are primed to fight long and hard.

Sen. Paul H. Douglas, D., Ill., a leader of the anti-filibuster forces, said his side will win, but only after a tough struggle.

Disseminators predicted they would defeat the anti-filibuster drive.

Sen. Richard B. Russell, D., Ga., one of their leaders, said sheer fraud has marked some of the arguments advanced by those favoring the move.

Past efforts to curb unlimited debate in the senate have fountained. But the Northern-Western group

is optimistic this time because the November elections increased the voting strength of pro-civil rights forces in the senate.

The present rule requires the votes of at least two thirds of the chamber's full membership—66 senators—to shut off debate.

The Douglas group wants to change the rule to empower a majority—50 senators—to kill any filibuster by invoking a time limit for debate.

But Russell challenged this, saying in an interview, "It is a complete fallacy to say the minority would be assured of ample time to make its case. A majority could meet and adjourn (the senate) immediately every day until the number of days allowed for debate expired."

The proposed rule change would let at least 16 senators force a show-down by filing a petition calling for a limit on a particular debate.

After such a petition was filed, 15 days of additional talking would be allowed before a vote was taken on whether to limit the speeches to an hour for each senator wishing to be heard.
