300 Feared Dead After Dam Breaks

ZAMORA, Spain, Jan. 9 (AP)—A roaring wall of water, unleashed by a dam break on Lake Sanabria, engulfed the sleeping village of Rivadefago today. Less than 200 of the town's inhabitants are known to be alive. Only 12 hours after what is believed to be the worst catastrophe in recent Spanish history were rescue workers able to enter the ruins of Rivadefago as the waters receded. Not even a hurricane could have done more damage.

Engineers of the Monacabril Hydroelectric company estimated more than 230 million cubic feet of water had swept down the 14700-foot drop onto the village shortly after midnight. The roar from the burst dam and swirling water was heard in villages five miles away.

Pouring rain, flooding the dem for the past month, added to the horror of the scene.

"Houses in Rivadefago, a town of 600 inhabitants, were swept away as if made of cardboard."

The dam broke at 12:30 a.m. and most villagers were asleep.

All fire trucks and ambulances, troops garrisoned in Zamora and members of the Falange party youth front were immediately ordered to the scene.

The Monacabril power station, on the western edge of the lake, and employees on duty there also were engulfed by the wall of water.

"The disaster occurred in one of the most inaccessible sections of Spain. It posed no threat to American forces, whose nearest base is at Madrid, 190 miles to the southeast."

Driver Fined For Running Of Stop Sign

Edward W. Thompson, Jr., 22, Kimberly, was fined \$15 and costs Thursday in Twin Falls police court for running a stop sign at the intersection of Washington street and Second avenue west.

Francis J. Murphy, who was fined \$10 and costs Wednesday for drunken driving, appeared before Justice of the Peace Ray Potter, Kimberly, instead of Justice Claude Brown, Jr., as previously reported. Judge Potter suspended a 10-day jail sentence upon payment of the fine.

Mrs. Margaret M. Radke, 40, Twin Falls, was fined \$20 and costs Friday morning when she appeared in Twin Falls police court on a charge (Continued on Page 2, Column 1)

Budge Had Key Role In Replacing Martin

WASHINGTON, Jan. 9 (Special)—He hardly looks the part but Rep. Hamer Budge, R., Ind., has proved an effective fighter in the "revolt" against former House GOP Leader Joe Martin, R., Mass. Budge is soft-spoken, carefully dressed in conservative suits and inclined to the scholarly side. Nevertheless, he played a key role in the successful effort this week to replace Martin with Rep. Charles Halleck, R., Ind. As a result, Budge can have his choice of committee assignments. He may win up as one of two Republicans named to vacancies on the all-powerful rules committee.

GOP members met in solemn caucus Tuesday afternoon to elect a new leader. Normally, balloting is done right out in the open. This strengthens the hand of the incumbent.

The insurgents desired a secret ballot, got Budge to make a motion requiring one. The rebels hoped to carry their point by a slim margin. Instead, an impassioned speech of 10 minutes duration by Budge doubtless helped them to win that vote, 69-50.

The final result: Halleck, 74; Martin, 70.

After the caucus adjourned, Martin bitterly denounced "pressure from the White House" as a factor in his defeat.

However, Budge says, "I flatly deny there was White House intervention. But there was intervention from down there in 1958 and 1959. They got Halleck to withdraw from the leadership race in favor of Martin."

If Budge goes on the rules committee he will take a vacancy previously reserved for a Martin protégé, Rep. Edgar Chenoweth, R., Colo.

Budge and Halleck have been close personal and political friends since Budge came to Congress eight years ago. Halleck, No. 2 Republican in the house under Martin, was able to get Budge on the appropriations committee despite Budge's low seniority.

Budge describes Halleck as a friend of Idaho and well acquainted with the state's problems. Halleck visited Idaho last fall and accompanied Budge on a trout fishing trip to Silver creek.

Two New Chiefs

BOISE, Jan. 9 (UPI)—Gov. Robert E. Smylie today named Wallace C. Burns of Idaho Falls to the state highway board and former State Rep. Ralph Wickberg of Kellogg to the Idaho public utilities commission.

They replaced long-time members of the two boards.

At the same time, the governor reappointed Claude R. Hunter, Moscow, to a third six-year term as a member of the industrial accident board.

He sent all three names to the senate for confirmation.

NEWS BULLETINS

WASHINGTON, Jan. 9 (AP)—The senate today turned down a key proposal designed by civil rights advocates to clear the way for a tight new curfew on filibusters. The roll call vote was the first test of strength in the escalating battle over rules touched off with the start of the new session two days ago. It marked a striking victory for Democratic Leader Lyndon B. Johnson, D., Tex.

KINGSPORT, Tenn., Jan. 9 (AP)—The wreckage of a twin-engine Southwestern Airlines plane was spotted today in Holston mountains about 20 miles east of here. All 10 persons aboard apparently were killed. The crashed plane was found by a Tennessee air national guard flier. He reported the wreckage as about 300 feet from the top of the mountain. The DCU plane was burned.

PARIS, Jan. 9 (UPI)—Charles de Gaulle, France's president for barely 40 hours, found himself confronted today by a new upsurge of trouble in Algeria. The news that one of the biggest battles of the four-year-old war is raging in the Kabylie mountains of east-central Algeria was greeted with more than 300,000 families who have contributed to France's army in the big "overseas province."

MIAMI, Jan. 9 (UPI)—Fidel Castro charges that certain revolutionaries are holding him for a trial against his leadership. He announced that he and his associates were advised from Havana's San Antonio barracks by Cuban officials Wednesday. This number note emerged in Miami as the Cuban capital's joyous reception of the bearded civil war hero.

Solons' Law Associates Barred by Idaho Senate In Anti-Lobbying Move

BOISE, Jan. 9 (UPI)—The Idaho senate today adopted a rule which bars lawyers who are partners or associates of members of the legislature from appearing before any senate committee. The vote was 35 to 4. Those voting against the provision, a subsection of the senate's anti-lobbying rule, were Sens. J. Ray Cox, D., Kootenai; A. W. Naegle, R., Bonneville; Republican floor leader; Floyd Sims, D., Lemhi; and Grant L. Young, R., Jefferson. This was the proposal which aroused stormy debate in the senate yesterday among its lawyer-members. Other rule changes adopted included: That any senator voting on the prevailing side of a question may give notice on the day the vote was taken that he

Chamber Unit 'Disapproves' Proposed Bill

Members of the Agricultural division of the Twin Falls Chamber of Commerce Thursday night expressed dissatisfaction of a bill to be presented to the Idaho legislature which would establish a wheat commission for the state.

A committee of three members was appointed to track the bill which the Idaho Wheat Association plans to present to the legislature and present a revised edition at the next meeting of the division which would be more to the liking of Twin Falls county wheat growers. Next meeting of the division will be in two weeks.

Heber Loughmiller headed a committee appointed last month to study the association's proposal for a wheat commission. Loughmiller reported on the proposed bill Thursday night and many of the members objected to the flexibility of the assessment, the division of districts in the state from which commission members would be chosen and the power the bill would invest in the commission.

According to Loughmiller and Floyd Lincoln the Wheat Growers Association bill would establish a five member wheat commission similar to the Bean Growers commission and others. The commission (Continued on Page 4, Column 1)

Meeting Held In Rupert for Area Beetmen

RUPERT, Jan. 9.—Sugar beet growers and processors from the Burley, Rupert and Twin Falls areas met here Wednesday night and heard reports on new developments and growing methods being used in the industry.

One disclosure that merited considerable interest was a statement by Grant E. Rush, plant breeder for the Amalgamated Sugar company in Nyssa, Ore., that two new varieties of beet seed will be available for use in this region by 1961.

Rush said the new varieties—multi-germ and mono-germ—show high resistance to the white fly and are 95 per cent immune to the white spider. They have high sugar content, he added. Studies now are being made, he said, on their resistance to nematodes.

The nematode problem was discussed by Edward Jorgenson. He reported that the nematode, a parasite that feeds on beet roots, can be controlled by fumigating with DDT or Telone, both of which have been used in Mindoka and Cassia counties.

Jorgenson advised farmers to use 20 to 25 gallons of the fumigant to (Continued on Page 2, Column 4)

Writer Blames Six-Gun TV in Juvenile Crime

SUN VALLEY, Jan. 9 (AP)—A mystery writer told county prosecuting attorneys here that parents should write their protest of six-gun violence on television programs.

Earle Stanley Gardner, in an address to the National Association of County and Prosecuting Attorneys, said some of the programs were a contributing factor toward juvenile delinquency.

Better yet, he said, such programs should be replaced with something more interesting for people to watch. Juvenile control and rehabilitation was the subject as the association went into its second-day sessions today. Theme of the convention is "Crime and the family."

The problem of hard core families who have been producing teenage gangs for two and three generations was explained yesterday by Ralph Wheland, executive director of the New York city youth board.

Inspection Slated For Feed Grains

BOISE, Jan. 9 (AP)—Idaho feed mills have been advised to apply for an inspection to qualify them for shipping grains direct to California destinations.

State Agriculture Commissioner Stanley L. Trenhalp said he had received word that California border inspection stations had been placing in quarantine feed grains containing noxious weed-seeds which were being shipped into that state.

"Shipments so quarantined cannot proceed to destination until they have been either cleaned, steam-rolled or given a heat treatment in an approved California mill" at about \$10 a ton, said Trenhalp.

Idaho mills can qualify for shipping feed grains direct by applying through the state agriculture department's bonded warehouse division at Boise, Trenhalp said.

Child Hunt Fails

NEW YORK, Jan. 9 (UPI)—A more than 200 police and FBI men continued to track down scores of tips and possible leads today in the intensive search for tiny Lisa Rose Chionchio, kidnapped a week ago from a hospital nursery only 2 1/2 hours after her birth. But they appeared as far away from a solution as ever.

Only 68

BURLEY, Jan. 9.—Ezra H. Moore, superintendent of Cassia-county schools, said today there were exactly 68 students on the 60-passenger school bus which went through a fence Wednesday afternoon four miles west of here on highway 30.

The superintendent said he had made a personal investigation of the charge made by investigating officers there were 60 students on the bus at the time of the mishap.

Ike Asks Democrat Support for Plans Aimed at Tax Cuts

WASHINGTON, Jan. 9 (UPI)—President Eisenhower invited the new Democratic-controlled congress today to work with him in reducing government spending to pave the way for a future tax cut, yet provide a "sensible" long-range defense against communism. The President, in a state of the union address delivered in person to a joint session of congress, predicted that America will achieve all-time record prosperity in the coming 18 months. In a broad, sweeping look at the world, as well as the state of the nation, Eisenhower also sharply criticized Russia for warring on international agreements and twisting treaties. And he promised that the United States would stand firm behind its promise to protect the freedom of the people of West Berlin.

Scene of Fire Tragedy

This was the scene at Boswell, Okla., after fire destroyed a four-room dwelling and killed 16 persons. Fifteen were children. It was Oklahoma's second worst fire disaster in number killed. Mrs. Booker Gardner, 10 of her children and five nieces and nephews died in the blaze. (AP wirephoto)

Chicago Pickets Jeer, Toss Eggs at Mikoyan

CHICAGO, Jan. 9 (AP)—Soviet Deputy Premier Anastas I. Mikoyan, greeted in Chicago by more booring pickets and flying eggs despite President Eisenhower's call for courtesy, shrugged off the demonstrations today as unimportant. He told a news conference he attaches no importance to the disturbances accompanying his visits to Cleveland, Detroit and Chicago. He told newsmen lack of trust is the greatest obstacle to ending the cold war.

"The demonstrations," he said, "I regard as more or less comedies. They do not represent the opinion of the American people."

Pickets were on hand at Midway airport when Mikoyan's plane arrived from Detroit. Another group congregated at the Conrad hotel where he is staying. A heavy police guard kept the crowd back at both places.

A spokesman identified the pickets as refugees from Hungary and other countries behind the Iron Curtain.

Mikoyan, affable and smiling, said he expected his reception in the United States to be "good" but it was even better than he expected.

He said he has met Americans of all classes—business, professional and the working-classes and that all have given him a good reception.

Mikoyan emerged from the plane waving his hat and smiling. He left by a gate at the extreme north end of the field, and that's where the demonstrators were waiting for him.

The pickets began a barrage of shouts and boos that lasted until Mikoyan entered a limousine and was driven away.

There were a dozen pickets. A spokesman said they were refugees from Hungary and other nations near behind the iron curtain.

After Mikoyan entered his limousine, two eggs splashed against the car.

Local Man Is President for Gem Builders

BOISE, Jan. 9 (AP)—Twin Falls man Howard B. Reynolds, was elected president of the Idaho chapter of the Associated General Contractors at the group's annual convention here Thursday. He was named to succeed M. E. Burns of Boise.

Art W. Schrank, also of Twin Falls, was chosen vice president; E. A. Fullon, Boise, secretary-treasurer; and Harry W. Morrison, Boise, honorary president.

Directors chosen are Melvin Aslett, Twin Falls; Clarence H. Ellis, Pocatello; Len H. Krieger, Nampa; Glenn A. Pickett, Idaho Falls; Ralph E. Rice, Boise; A. D. Stanley, Boise; and Burns, the retiring president.

Principal speaker for the convention, which ends Friday, was William E. Dunn of Washington, D. C., assistant executive director of the Associated General Contractors.

He reviewed construction activities of the past year and said the industry will maintain a steady pace in 1959.

Boy of 3 Drowns In Pond at Home

KAMIAH, Jan. 9 (AP)—Robert D. Pfefferkorn, a 3-year-old boy, drowned Thursday in a stock pond at the Rex Fierschlenger home near here.

The child, son of Mr. and Mrs. Doyle Pfefferkorn, was playing with his older brother, James, 6, and Gerald Fierschlenger at the time of the accident.

His playmates ran to the parents and said Robert had fallen into the pond. The boy was given artificial respiration and then rushed to Dr. C. H. Bryson's office in Kamiah. Efforts to revive him failed.

LET PLANE CRASHES

PORTLAND, Ore., Jan. 9 (UPI)—A jet plane from the Portland air base crashed today about four miles northwest of the base on the Washington side of the Columbia river. The air force said two men were aboard. Their fate was not learned immediately.

Man Confesses Theft of \$200 43 Years Ago

A former Twin Falls man who claims that 43 years ago he stole \$200 from the First Presbyterian church here confessed his crime Thursday to Sheriff James E. Benham in a telephone call from San Diego, Calif., because the crime was bothering his conscience.

Sheriff Benham said the man identified himself as George Skinner, 68, 882 McIntosh street, San Diego. The sheriff said he received two calls from the man within a period of about 40 minutes Thursday afternoon.

In the first call at about 4 p.m., the man explained to the sheriff that he had taken the money from the church when the First Presbyterian was located at the corner of Second street and Fourth avenue north. Sheriff Benham said the man would not tell him any details of the crime, but asked the law officer if he should come back to Idaho and give himself up.

The sheriff said the man was crying the first time he called and said, "It has been on my conscience so long and so bad I decided to call and confess."

Sheriff Benham informed Skinner he would check and let him know if he should return. Within 10 minutes, the sheriff received another call and Skinner wanted to know what the sheriff had learned.

"The sheriff said he had been unable to find any record of the crime. He asked Skinner how he stole the money, but Skinner said he would write the details of the crime and mail them to the present minister of the church. Benham told the man he was not wanted in Twin Falls—the statute of limitations for such a crime has long ago expired—but the officer suggested that, if it would help Skinner's conscience, he was sure the church would be happy to receive restitution of the amount stolen."

Skinner told the officer he was financially capable of making such a restitution and if the present minister would write him, he would send him his confession in detail and the money.

"Thursday night the Rev. Donald Blackstone, pastor of the present church which is located at the corner of Second street and Fifth avenue north, said he planned to write the man Friday morning. He said he would welcome such a contribution."

The Rev. Mr. Blackstone said he had not examined the church's records that far back to determine if they showed such a theft or loss. The incident, according to Sheriff Benham, happened in 1916 when Skinner was 17 years old.

Several persons are said to remember Skinner. Police Chief Howard Gillette said he remembers the man as a youth, but does not recall anything about the theft. The Rev. Mr. Blackstone said the incident may never have been reported to police. He said the date would have been about the time the present church was being constructed.

No Reason

RUPERT, Jan. 9.—Attorneys in the first degree murder case of Lucille Haram said today that reason for the argument which precipitated the fatal stabbing of Willie Hill, 31, last Friday in the Rupert city park, is not known.

"Nothing has been brought out in any testimony and no officer has made any such statement," retorting prosecuting attorney Charles Creason said in reference to a statement in Thursday's Times-News concerning reason for the stabbing which was incorrect.

Creason thus admitted the possibility of a dominated congress, many of whose new members have been branded as big spenders to adopt his forthcoming 77-billion-dollar balanced budget.

Surveying the troubled world scene, the President denounced the Soviet Union for regarding solemn treaties as "mere scraps of paper."

"The most recent proof of their disdain of international obligations," he said, "is their announced intention to abandon their responsibilities respecting Berlin."

As a consequence, he said, "we can have no confidence in any treaty to which communists are a party except where such a treaty provides within itself for self-enforcing mechanisms."

The President strongly defended (Continued on Page 2, Column 1)

Lease of CAP Facility Here Is Permanent

Permanent facilities for the Idaho civil air patrol were leased here Friday when E. E. Markley, army engineer-in-charge, based at the airport, met with members of the Twin Falls city commission and Warren Barry.

Space obtained by the unit, which moved to Twin Falls last month, includes a temporary base including this east room of the airport administration building for office and hangar and shop space from Warren Barry. The city commission made minor alterations in the lease of the land from the city to Barry, providing for sub-lease of facilities. Hangar and shop space for storage and maintenance of plane, truck and other CAP equipment are being leased from Barry.

Jack Farrar, state commander of the CAP, and Maj. Keith Scribner, air force liaison officer, will have offices in the room in the administration building, along with other personnel.

Markley, who is in charge of the inspection of leased premises for governmental agencies, also inspected facilities for the army reserve training program in Twin Falls.

City Manager J. H. Lathrop expressed the pleasure of the commission in welcoming the CAP as a permanent operation in Twin Falls. The commission authorized the two leases, one to Barry, and one to the government for the room for offices. Members expressed satisfaction in the development of additional space for airport facilities, and the addition of personnel in the Twin Falls area.

T. F. Highway Views Handed To State Board

BOISE, Jan. 9 (AP)—Community groups from eastern Idaho were scheduled to meet with the Idaho highway board today on road and routing problems affecting their areas.

It was the third day of a regular board meeting. Ray J. Holmes, highway committee chairman of the Twin Falls Chamber of Commerce, headed a group Thursday that discussed highway improvements in the area, including a U. S. highway 30 entrance problem at Twin Falls.

The groups with meetings arranged today include the Yellowstone Highway association, which will ask improvements to state routes 68 and 22, and delegations from Rupert and American Falls.

Shooting Suspect Asks for Hearing

Carroll Smith, 49, Hansen, requested a preliminary hearing Thursday when he appeared in Twin Falls probate court on a charge of assault with a deadly weapon.

Judge F. C. Sheneberger set a hearing for 2 p.m. next Tuesday. Bond was set at \$2,000 and Smith was remanded to the custody of the sheriff where he has been held in the county jail since early Wednesday morning.

"A complaint was signed against Smith Wednesday by Pete Craner, Murtaugh, charging Smith with shooting Craner in the leg with a .38 caliber revolver. The shooting took place in a Hansen cafe."

L.F. Tallow Firm Wage Suit Pends

BOISE, Jan. 9 (AP)—Judge Chase A. Clark took under advisement in U. S. district court Thursday an action brought by the department of labor against the Idaho Hide and Tallow company, Inc. of Twin Falls.

Clark asked both sides to submit briefs after hearing sides to the suit. The federal government accused the firm of violating the fair labor standards act by failing to pay for the time used by employees in changing their clothes and showering. The firm contended such time should not be regarded as working time.

The firm produces meat scraps, tallow and hides.

PUBLISHER, APPOINTED

NEW YORK, Jan. 9 (AP)—Appointment of Joseph Kingsbury Smith as publisher of the New York Journal-American was announced today. He succeeds the late Seymour Berkson.

Plunger Used Relief Checks To Buy Stock

NEW YORK, Jan. 9 (AP)—Harry Schwartz, 76, is something of a financial genius, but he accepted relief checks for the past 20 years to make \$21,000 playing the stock market.

Since 1938, Schwartz, a stably dressed bachelor, has been receiving \$110 monthly welfare checks. He has collected about \$17,000 over the years.

In addition, the retired hospital orderly received welfare allowances for clothing, furniture, rent and medical care.

With the aid of the \$110 to play with, the frugal-living Schwartz went into Wall Street. He became known as a man who would lay down as much as \$4,000 in cash on a broker's desk in a single transaction.

Dist. Atty. Frank S. Hogan said Schwartz, when confronted by the plunger, turned over his \$1,525 bank account to the welfare agency and gave the department power of attorney to sell his \$21,000 in securities to make repayment.

Immediately after doing this, Schwartz said he was destitute and went right back on relief.

Case of News Writer Starts Acts on Laws

NEW YORK, Jan. 9 (UPI)—The Marie Torre case has sparked new state legislation to guarantee the journalistic right to keep confidential sources of information in reporting stories in the public interest.

Twelve states already have such laws, the first passed in Maryland in 1936. New York is one of those states whose lawmakers this year will consider similar legislation. Three bills already have been introduced.

Rep. Francis E. Dorn, R. N. Y., introduced a bill in congress yesterday to protect federal judges or congressmen—committees to reveal their sources. It was believed the first effort at federal legislation on the subject. Chances of passage were uncertain.

Newsmen Disagree

However, not even the journalistic profession agrees on a flat right of reporters to keep their sources confidential—as did Miss Torre, TV columnist for the New York Herald Tribune, after writing a critical bit about actress Judy Garland.

The American Society of Newspaper Editors, after a poll of its directors, decided not to push Miss Torre's demand of court sentence as a test of constitutional guarantees of freedom of the press. Miss Torre is now serving a 10-day jail term.

Orbit Changes May Stop Russ Rocket Return

MOSCOW, Jan. 9 (UPI)—The Soviet cosmic rocket theoretically should return to the Earth in 194 years but influences on its orbit around the sun probably will prevent this happening, a Soviet scientist said today.

The Tass news agency quoted scientists A. Sternfeld, an astronautics expert, in an interview published in today's Soviet newspapers.

Cited Theory

"The first artificial planet should theoretically return to its starting place and meet the earth after 125 revolutions around the sun," Sternfeld said. "This should occur early in 2112, but changes of the orbit of the planet under the influence of the moon and the planets preclude the possibility of a collision between the tenth planet and the earth."

Sternfeld has carried out calculations based on the 450 earth days it will take the rocket to orbit around the sun, Tass said.

"Both cosmic bodies will pass within a certain minimum distance from each other," Tass said. "In the next few decades the new planet will be closest to the earth early in 1975. But even then it will be 15 million kilometers (9.3 million miles) away from the earth."

Three Men Lost When Ship Sinks

WICK, Scotland, Jan. 9 (AP)—A gigantic wave capsized a 274-ton fisheries protection ship in galeswept seas off northeast Scotland today.

Three of the 19 crewmen were lost. All 16 of the crew of the government-owned Freya were thrown into the sea when the vessel shipped tons of water and overturned. They scrambled to a dinghy and were picked up by a Belgian trawler.

Military Wants Summary Trials

WASHINGTON, Jan. 9 (AP)—The defense department wants commanding officers to be able to crack down fast on their men for minor offenses, without holding court-martials. It is asking congress to make this legal.

Expansion of "nonjudicial punishments" is one of the key proposals in a list of revisions, largely technical, the department recommends in the code of military justice.

Father of New Kiwanis President Once Headed Club

A milestone in the history of the Twin Falls Kiwanis club was reached Thursday when Robert W. Stephan, left, was installed as president of the club. In 1921, Stephan's father, the late Frank Stephan, also served as club president. Stephan's installation marked the first time that a son followed in his father's footsteps in being elected president of the organization. Sharing Stephan's pleasure are Cecil Macaay, center, Kiwanis division vice president, and Jack Threlkeld, outgoing president. New directors are O. A. Keller, J. Hill, the Rev. Reuben G. Pinner, Arthur DeVidner and Charles Perkins. Holdover members of the Kiwanis club board of directors are E. M. Tinker, Willard Swartley, Armour Anderson, Bert Larson and Mel Carr. (Staff photo-enslaving)

Chamber Sets Election Meet For Shoshone

SHOSHONE, Jan. 9—The Chamber of Commerce will hold the annual election dinner Tuesday evening at the Manhattan cafe.

Six new directors will be named to serve with six holdover directors. Following the dinner and election of directors, the directors will elect the new president and vice president.

Holdover directors are Burton Thorne, president the past year; Charles Hansen, Gene Fouser, Ray McGoldrick, W. E. Grosse and Robert Haddock. Retiring directors are Frank Carothers, Ray E. Oyer, Ralph Villers, Roy Shook and Harley Handy. Roy Bean, who moved from the community, was also on the retiring list.

High school graduating football players and their coaches will be guests of the chamber.

Little League to Begin at Wendell

WENDELL, Jan. 9—Little League basketball will begin at 9 a.m. Saturday and continue each Saturday morning through January and February at Wendell high school gymnasium.

Approximately 80 boys from the fourth through the seventh grades will participate. James Todd, grade school principal, will supervise the program. Roger Judd, assistant coach, and several high school boys will assist.

The Little League is sponsored by Parris Food center, Weaver mortuary, Wendell department store, Zlatou motors, Cash grocery, Wendell Irrigationist, Peterson agency and C. B. Eaton and sons.

Beet Allotments

SHOSHONE, Jan. 9—Lincoln county farmers who wish to plant sugar beets during 1959 are reminded that they must apply to the county agriculture stabilization and conservation office by Jan. 16 in order to be considered for an acreage of beets.

Beet acreages will be allotted to old producers on the basis of the average history of the last three years planting. Acreages for new producers are taken from a reserve held at the state level. Application forms are available at the county ASC office.

Two Men Fined

BUHL, Jan. 9—Jess Hurley, Buhl, was fined \$5 and costs by Justice of the Peace C. E. Rudy Wednesday for driving with an expired driver's license.

He was also fined an additional \$25 and costs for failure to appear on the citation. He was cited by State Patrolman Richard Burns.

Arnold E. Gumm, Boise, was fined \$5 and costs for driving with an expired driver's license. He was cited by Patrolman Burns.

Earth Moves Away

Tass said that although the rocket will return to its own starting point at the end of its first 450 days in orbit the earth will have moved elsewhere in its own orbit by then. It said the rocket then will be further from the earth than the earth is from the sun.

"It will return every time to the area of its start and sooner or later may meet the Earth at this point," it said.

Do FALSE TEETH Rock, Slide or Slip?

FASTEETH is an improved powder to be sprinkled on upper or lower plates, holds false teeth more firmly in place. Does not slide, slip or rock. No gummy, sticky, pasty taste or feeling. FASTEETH is alkaline (non-acid). Does not sour. Checks "plate color breath". Get FASTEETH at drug, counting everywhere.

First Aid Classes Opening at Buhl

BUHL, Jan. 9—Dick Hitchcock, chairman of the Buhl chapter of the American Red Cross announces the Red Cross first aid training classes will begin at 7:30 p.m. Friday in the Red Cross rooms in the city hall.

Classes will be held on Tuesday and Friday evening beginning at 7:30 p.m. Another class will be held at 8 p.m. on Monday and Wednesday. There are openings in the Monday and Wednesday class and anyone interested is urged to attend the class Monday evening.

Hitchcock and Mrs. Selmer Thompson will be instructors. All classes will be held in the Red Cross rooms in the city hall.

Lawsuit to Ask North Dakota To Give Area Back to Indians

MINNEAPOLIS, Minn., Jan. 9 (UPI)—A. L. La Fontaine, president of the Indian Trades council, said he will file a federal suit requesting the state of North Dakota be forced to return more than one-fifth of its total area to an Indian tribe.

Without revealing the basis of his suit, La Fontaine said he will file with the federal claims commission.

He said several oil wells, along with the cities of minor and Winston, should be included in the return of nine million acres of land to the Chippewa-Cree Indian tribe of the Turtle Mountain reservation in North Dakota. La Fontaine said the land is rightfully owned by the tribe.

"I don't want to get too tough," he said, "but I will insist that the present owners of the oil wells make some kind of settlement for past profits before returning them to their rightful owners."

He suggested residents of Minot and Williston sue the government for taxes they have paid on land while under the "false assumption" that the land belonged to them.

La Fontaine said he talked to professors at the University of Minnesota, and they said he had a good case.

The land concerned represents the entire northwestern portion of North Dakota from Devils Lake west to the Montana border.

Soprano Returns For Concert Trip

NEW YORK, Jan. 9 (UPI)—Contra-soprano Maria Callas arrives here today by plane from Italy to sing in four major American cities.

Fresh from a triumphant appearance at the Paris opera, Mme. Callas will go immediately to St. Louis for a concert appearance Sunday with the St. Louis symphony orchestra. She also will give concerts in Philadelphia Jan. 24 and in Washington Jan. 29.

The New York-born diva, barred from the Metropolitan opera for breach of contract, will sing at Carnegie hall here Jan. 27.

Convicts Slash Selves in Rock Rules Protests

SAN FRANCISCO, Jan. 9 (UPI)—Two more Alcatraz convicts were hospitalized today for slashing their heel tendons in protest over the "Rocks" tough discipline.

Warden Paul Nadigan announced yesterday the prisoners are Homer Clinton, 41, Oklahoma katemper, and Joseph Wagstaff, 30, Washington, D. C. robber. He said they named themselves on Dec. 14.

Three other convicts slashed themselves on Nov. 20. All five were in the disciplinary section at the time for rules violation.

"They used concealed razor blades," Nadigan said. "They are issued blades to shave. The blades are picked up by the guards immediately. How they managed to hide them I do not know."

The other three convicts in the hospital for the same treatment were John D. Duncan, 38, of Maine; John Cantrell, 33, of Texas, and James H. Piteh, 25, of Kansas.

Plunge From Train Takes Life of Man

BUCKEYE, Ark., Jan. 9 (UPI)—The body of an Ames, Iowa, man who apparently fell from a Southern Pacific passenger train was found along the tracks 60 miles southwest of here yesterday.

Ralph D. Morris, 52, a retired construction superintendent, was returning to his Iowa home from California, where he attended the Rose Bowl game. He was identified through papers found on the body.

The well-dressed man was believed to have boarded the train in Los Angeles last Monday. Relatives in Cedar Falls, Iowa, told Buckeye Justice of the Peace Billy Meek Morris was to have returned home last Monday.

Squads Push Hunt For Slashing Killer

ST. LOUIS, Mo., Jan. 9 (UPI)—Full-time details of plainclothes police were posted in a residential neighborhood today while other investigators probed a nearby park for clues in the mutilation slaying of a young mother.

The plainclothes army hoped to trace the double purpose of ensuring terrorized women neighbors of the victim, Mrs. Charles E. Montague, 32, the mother of two, and to trap Mrs. Montague's slayer.

Mrs. Montague's body was found Wednesday, slashed and molested, by her brother, Donald Jones, who had joined the search party organized when she failed to return from a sorority party Tuesday night.

Yellowstone Park Attendance Down

YELLOWSTONE PARK, Wyo., Jan. 9 (UPI)—Yellowstone National Park travel in 1958 declined 9.6 per cent from the record set in 1957.

The 1,442,428 visitors checked in at the five gateways also was 1.1 per cent lower than the 1956 total, which ranks second high. Park Supt. Lemuel Garrison reported Thursday.

In 1957, 1,595,876 visitors were recorded in the nation's oldest national park.

Low Bids Offered For AEC Station

IDAHO FALLS, Jan. 9 (AP)—Bids from Idaho Falls and Bellevue, Wash., have submitted low bids on two projects at National Reactor Testing Station.

Atomic energy commission's Idaho operations office says Kenneth H. Atham company, Idaho Falls, asked \$67,873 to construct a decontamination plant to service the aircraft nuclear propulsion area.

Anderson Burke corporation, Bellevue, Wash., bid \$64,700 to build the second phase of the gas-cooled reactor experiment.

FOOD SALE SLATED

SHOSHONE, Jan. 9—The sophomore class of the local high school will hold a cooked-food sale Saturday, beginning at 10 a.m. at the Klus Shoe shop.

TUCKER'S NATIONAL WHIRLIGIG POT SHOTS. WASHINGTON—New and old members of congress settling down on Capitol Hill today find that they are the world's most highly paid and pampered legislators as a result of all the luxuries and allowances they voted for themselves in recent years.

JUST FRIENDS. "I.M. Disguised" should remember that arguments are supposedly between friends. Kinda private, you know.

HOW THINGS APPEAR FROM PEGLER'S ANGLE. NEW YORK—The free press of later was changed to exclude illegitimate sons.

Victims of Gout Did Not Get It From Fast, Loose Living. By HAL BOYLE. NEW YORK—Jan. 9 (AP)—Justice has been done at last to several hundred thousand of nature's noblest in America.

PROGRESS TOWARD UNITY. Sooner or later, when the Soviet union talks of negotiating any kind of European settlement, it gets around to proposing that NATO be abandoned as a price of general peace.

LIBERAL EXPENSE ACCOUNTS. For their trip from home to the capital, they receive 20 cents a mile, which totals more than \$1,000 for the "gentleman from Alaska."

POT SHOTS. I have two 4-month-old kittens that are used to the cold. One is a mangle with black head and feet.

Richfield Visits. RICHFIELD, Jan. 9.—Mr. and Mrs. Norman Schroeder, Wichita, are visiting this week and next, Mr. and Mrs. S. J. Piper.

LEGAL ADVERTISEMENTS. NOTICE TO BIDDERS. The State Purchasing Agent will receive sealed bids at his office, Room 225, State House, Boise, Idaho, until 11 a.m. January 20, 1959.

BRITISH MP'S GET FAR LESS. For spiritual solace and medical care, they have a chaplain and a physician. Rates at any of several fine government hospitals are only nominal.

CONGRESSIONAL ETIQUETTE. For the first time in Capitol Hill, the 88 new house members have been briefed in advance on the customs of congress.

PUPS FOR KIDS DEPT. Good hunter, good watchdog and good with kids is the description of this 3-year-old female cross between Weimaraner and German shorthair.

Eden Visits. EDEEN, Jan. 9.—Mr. and Mrs. Murray Freeman and children were guests of their cousin, L. F. West and family.

LEGAL ADVERTISEMENTS. NOTICE OF WRIT OF ATTACHMENT. IN THE DISTRICT COURT OF THE ELEVENTH JUDICIAL DISTRICT OF THE STATE OF IDAHO, IN AND FOR TWIN FALLS COUNTY.

CUBA—QUO VADIS? The triumph of rebel leader, Fidel Castro in Cuba is an event that could cause substantial concern in neighboring United States.

PROPER DRESS—There is no official or prescribed garb for appearance on "the hill," but on this point Hays says: "A coat is always required, and the wearing of a sport shirt is not proper."

THAT'S WHAT WE HEAR. I recall reading someplace that an automobile battery has been developed that would last longer than the average American car.

MEMO TO ADVERTISERS. The setting was the famous San Francisco Opera House. Here, for sixty-three days, delegates from fifty-nations gathered to form a world organization that might insure peace.

LEGAL ADVERTISEMENTS. NOTICE OF WRIT OF ATTACHMENT. IN THE DISTRICT COURT OF THE ELEVENTH JUDICIAL DISTRICT OF THE STATE OF IDAHO, IN AND FOR TWIN FALLS COUNTY.

Chamber Unit Disapproves Proposed Bill

(From Page One) would assess money from wheat producers for the purpose of promoting Idaho wheat.

All funds for the commission would come from the producers who would be assessed one-half cent per bushel on the first sale of the wheat.

Members appointed to rework the proposed legislation were Loughmiller, Lincoln and Lyle Schmitter.

Melvin Oppiger reported on visiting an airport at Bradford, Pa., recently and seeing displays of farm produce in the airport building.

Outgoing Chairman Larry Irwin appointed Harvey Quenell, Glen Nelson and Ray Lincoln to nominate a new chairman.

At Grover Park division in the Snake river drainage, snow depth is 21 inches; water content 6.2 percent.

At Greys boundary, Greys river drainage, snow depth, 18; water content, 4.7 and 6.9 last year; normal content, 4.8; 98 per cent of normal.

GOP Shelves Goldwater to Stop Conflict

WASHINGTON, Jan. 9 (UPI)—Sen. Barry Goldwater, R., Ariz., a leader of organized labor, was reported today to have been dropped from consideration to head the Republican senatorial campaign committee.

Sources said Sen. Leverett Saltonstall, R., Mass., the chairman of the Senate Republican conference, had decided against appointing Goldwater to avoid a GOP head-on battle on the labor issue.

Saltonstall will have the power to pick the man for the job when the conference meets, probably next week.

Chairmanship of the Republican senatorial campaign committee was held last year by Sen. Andrew F. Schoenberg, R., Kans. Goldwater had held the post in the past and was considered by some to be the front runner for the job this year.

Goldwater has been a vocal critic of union political activity, and has long been in a running battle with labor, particularly Walter Reuther, president of the United Automobile Workers union.

When Goldwater held the chairmanship of the GOP senatorial campaign committee he waged a campaign against labor participation in politics.

Sources interpreted the reported position taken by Saltonstall to mean that the Republicans had decided to avoid a showdown fight on the labor issue. They pointed out that if Goldwater were again appointed to the position it would certainly mean a head-on and bitter battle.

Goldwater was a candidate for reelection last November and won his race while many other Republicans were defeated. The AFL-CIO's Committee on Political Education protested that in the campaign Goldwater tried to "smear" COPE. COPE asked the senate elections subcommittee to deny Goldwater a seat in the new congress.

But the subcommittee said it had no definite information of wrongdoing that would permit it to deny the senator his seat, and he was sworn in yesterday. The subcommittee said it would continue its investigation and report later.

Meantime, it was reported that Republican party managers are searching for ways to shed the "big business" label from the GOP and, at the same time, hang a "big labor" label on the Democratic party.

Veterans of World War I Install New Officers

The annual installation of officers was held by Magle Valley barracks 300, Veterans of World War I, Thursday in the American Legion hall. From left, they are Vern Davidson, quartermaster; Vernon Lawson, junior vice commander; Winfield Stearns, senior vice commander, and Peter F. Goertzen, commander. Gene Heims, past commander, was installing officer. (Staff photo-engraving)

Court Verdict Imperils Fund Of State PUC

BOISE, Jan. 9 (AP)—State officials mentioned the Idaho supreme court or the 1959 legislature, as possible recipients from a district court opinion here that endangers most of the expense money of the Idaho public utilities commission.

Eighty per cent of the commission's income is from assessments charged to public utilities and motor carriers which it regulates.

District Judge Merlin Young ruled Thursday that the method of assessing motor carriers is defective.

He ruled against a 1955 law and for the continuation of Garrett Freightlines, Inc.

"It's a legislative problem and one they'll have to resolve if they expect the commission to function," said PUC member H. S. Beamer.

Robert Wenneberg, an assistant attorney general, said the opinion probably will be appealed.

Draft to Stay

WASHINGTON, Jan. 9 (UPI)—A bill to extend the draft another four years will be the house armed services committee's first order of legislative business this year.

A committee spokesman said the bill was expected to pass. The present draft bill expires June 30.

Large Dog Mauls Schoolgirl, Age 5

COLUMBUS, O., Jan. 9 (AP)—The 10 children in Barbara Drugary's kindergarten class were romping in the school playground Thursday when a big dog suddenly sprang at the throat of a 5-year-old.

The child, Suzanne Slegler, could only lay there, unbreathing, as the animal tore at her face and neck. The wounds required nine stitches.

Police charged the dog's owner with allowing a vicious dog to run loose.

HAY SALE

Bids will be received until 12 o'clock noon Jan. 15, 1959 at 518 Front St. Boise, Idaho, for baled hay as follows:

- 15 Ton, Carey Lake Mgmt. Area, Carey, Idaho

- 75 Ton, Hagerman Mgmt. Area, Hagerman, Idaho
- Contact H. E. Cherry, Mgr., Hagerman, Idaho
- 22 Ton, Market Lake Mgmt. Area, Roberts, Idaho
- Contact Al Brunner, Rt. 1, Thornton, Idaho.

A Certified check in the amount of 10% must accompany all bids. Bidders may also contact the Boise office for further information.

IDAHO DEPT. OF FISH AND GAME

Party Refuses To Act as Ike Rubber Stamp

WASHINGTON, Jan. 9 (AP)—The new Republican leaders in the house are calling for more recognition by the White House in formulating future legislative policy.

Notice that the Republican minority in congress does not intend to be a White House "rubber stamp" came from Rep. Charles A. Halleck, newly elected GOP leader of the house.

This new evidence of Republican unrest took form as President Eisenhower prepared to go before congress to outline in broad terms the legislative program he wants from the heavily Democratic 86th congress.

Halleck on Tuesday toppled the 20-year leadership reign of Rep. Joseph W. Martin, Jr., of Massachusetts in a GOP house insurrection. Many members said they were dissatisfied with what they called lack of vigor in backing Republican policy aims.

Halleck told newsmen Thursday that one of his objectives was a "real close cooperation" between congress and the White House in the future.

Halleck underscored his position by designating the President's programs as "Republican-Eisenhower" programs.

"The Republican minority in the house is not going to be a rubber stamp," he said, adding:

"By that, I mean that in the next two years we are going to work out some reasonable relationship with the White House in developing a program."

Evicted

RAVIGO, Italy, Jan. 9 (UPI)—Municipal authorities yesterday evicted Giovanni Ruzza from what had been his home for 30 years—a hearse.

Ruzza, a poultry vendor, had been sleeping in the hearse in the doorway of a Rovigo undertaker company since 1928. In daytime the hearse was regularly used for funerals.

Yesterday, city officials gave Ruzza a room to live in and ordered him to leave the hearse.

Jerome Ponders Industrial Group

JEROME, Jan. 9—Further discussion concerning formation of an industrial development corporation for Jerome was the main order of business at the Wednesday meeting of the Chamber of Commerce.

Dr. Donald Soll is chairman of the committee to investigate formation. Tom Lanum reported the cutter races would be held at 2 p. m. Saturday and Sunday at the Jerome fairgrounds. The races are to be sponsored by the fairboard.

Robert Hughes was a guest.

Cubbing Meet Set

JEROME, Jan. 9—Parents of boys interested in becoming Cub Scouts are invited to meet at 8 p. m. Tuesday in the Jerome Methodist church. Scouts from the Snake River council will attend and explain the cubbing program.

Kenneth Miller, Cubmaster, points out that pack 39, sponsored by the Methodist church, will be rechartered in February and the Tuesday meeting will provide information for parents whose sons will be 8 years old within the next few months.

Companies Sued In Road Accident

BOISE, Jan. 9 (AP)—An accident in a north Idaho highway construction area was named as the basis of a damage suit filed in U. S. district court here.

The suit was brought by John W. Hunton of Spokane who said his son, John W. Hunton, Jr., was injured in a traffic accident on U. S. highway 10 about 15 miles east of Coeur d'Alene last June.

Hunton and his son asked \$105,500 damages from Fred H. Slate company and E. C. Hall company, both of Portland, and J. C. Comp-ton company of McMinville.

Lions Bulb Sales Reported Success

BUHL, Jan. 9—The Lions club light bulb sale netted enough funds to purchase glasses for all needy children in the Buhl and Castleford schools, it was reported at the Tuesday meeting.

It also was reported the trapshoot series was concluded successfully for this year. Henry Pape, president, named Kent Giles as chairman for the Miss Buhl pageant.

A film on a shooting expert was presented by Bud McNealy, program chairman. The next meeting is slated Jan. 20.

CHURCH MEET SET

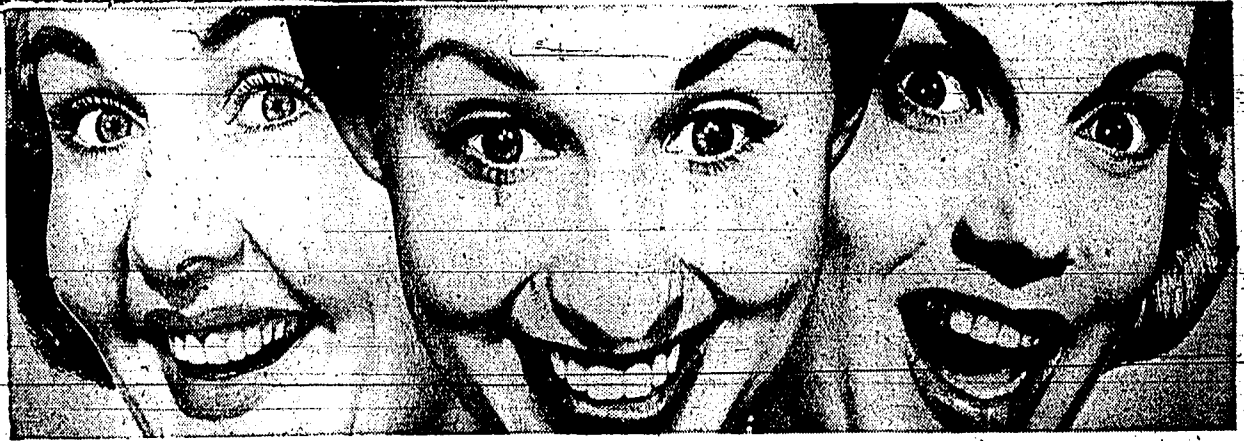

WENDELL, Jan. 9—The annual congregational meeting of the Presbyterian-Baptist church will be held Sunday, following the regular worship hour.

If you are planning to brown flour before using it in making gravy, remember that it will have about half the thickening power of unbrowned flour.

Reception Fetes Couple Married In Temple Rites

Jan. 8 — Mr. and Mrs. Glade S. Bean, who were married in recent Idaho Falls LDS temple rites, were honored at a reception here last Friday at the LDS church recreation hall.

The ceremony was performed by President William L. Kilpack. The bride is the former Kay Kendrick, daughter of Mr. and Mrs. Elton J. Kendrick, and the bridegroom is the son of Mr. and Mrs. Seth Bean, Twin Falls.

Accompanying the couple to the temple were their parents, Mr. and Mrs. A. L. Peterson, and Mr. and Mrs. William Hutchinson, all Eagle; Mr. and Mrs. Clinton Bean, Mr. and Mrs. Dean Bird and Mrs. Dean Kendrick, all Twin Falls; Mr. and Mrs. Darrell Stokes, Bountiful, Utah, and Mrs. Elsie Kendrick, Provo, Utah.

At the reception more than 250 guests were received before a white wrought-iron arch entwined with greenery and flanked by baskets of pink and white snapdragons accented with large satin bows.

The bride wore a bouffant floor-length gown of Chantilly lace and net. The lace bodice was fashioned with a Peter Pan collar and lily-point sleeves. The net skirt was topped with a colonial overskirt of lace. A seed pearl crown held her veil in place. She carried a bouquet of pink roses and white shattered carnations.

The maid of honor, Marilyn Hunt, wore a turquoise taffeta ballerina-length gown featuring a scoop neckline and pleated skirt. White shattered carnations formed her bouquet.

Bridesmaids, Kathleen Karel and Carolyn Davis, wore gowns styled identically to that of the maid of honor and carried similar bouquets.

Serving as best man for his brother was Clifton Bean, and ushering were Hardy N. McFarlane, Provo, and Ernest Kendrick.

Dean Bean, Provo, and Shirley Ann Kendrick and Bonnie Anderson, arranged the gifts for display. Wanda Day and Patsy Kendrick attended the guest book.

The bride's table was centered with a four-tiered cake laced with pink and white butterflies. It was made by Mrs. Leonard Walcott and served by Mrs. Dean Bird and Mrs. Dean Kendrick, aunts of the bride. Pink tapers in crystal candle holders flanked the cake.

Serving punch were Winifred Unicker, Evelyn Peterson, Norma Elson and Sharon Bird.

For a wedding trip to Salt Lake City, the new Mrs. Bean selected a royal wool sheath dress.

The bride's mother wore a beige afternoon dress with a pink carnation corsage. The bridegroom's mother chose a dusty rose lace dress with a white carnation corsage.

Out-of-town reception guests were Dean Bean, Mr. and Mrs. Hardy N. McFarlane and Terry McPee, all Provo; Mr. and Mrs. Clarence Kendrick and family, Ogden; Mr. and Mrs. Stan Penfold and family, Hagerman; and Mr. and Mrs. C. W. Abbott and daughter and Mrs. Jean Garland, all Boise.

Pre-nuptial showers honoring the bride were given by Mrs. Tone Carter assisted by Mrs. Dean Kendrick and Mrs. Dean Bird, and by Wanda Day.

House Warmed
HAZELTON, Jan. 9 — A house-warming party was given Sunday for Mr. and Mrs. James Brooks, Hunt, who recently completed a new home.

Mr. and Mrs. Max McCaslin and Mrs. Carroll Knapp were hosts for the event. Pinocle was played with prizes going to Mae Ayers and Mrs. Hans Hagen.

Care of Your Children

By ANGELO PATRI

"Dan, this is a poor report card. There's no excuse for it. You have time; you have a place to study; you have all the books you need and we are here to help you if you need it. You ought to be ashamed of yourself to think of bringing home such a report as this. For his next month I'll watch over your homework and there'll be no such privileges as TV, bicycle, or anything else until your report card is acceptable."

"I don't care. I'm always blamed. She never asks me the ones I know. She's always down on me. Everybody's down on me. I don't care what marks I get. I don't care for any of you, so there," and he went out of the room with a bang.

"That's just what's the matter," said his mother to his startled father. "He just doesn't care about anything lately. I have to watch to see that he changes his clothes, that he takes a bath, that he—Oh, I'm so fed up with him I don't care either."

"TAKE IT EASY. He does care. That's why he raved so loudly. He wants to do well. He wants approval. He needs the warmth of his family about him just now as he never needed it before. He is growing fast and that is what is sapping his energy and making him feel unable to work to the accepted standard. He feels like crying many times but being a big boy now—he is not supposed to cry. He is not supposed to lean his head on his mother's shoulder and cry it out as a girl might do. He is driven to say 'I don't care.'"

Many of the boys between the ages of twelve and say, fifteen, have this bad time. They look big because their legs and arms are stretching out of their clothes. People looking at them think they are strong and just rearing to go. The truth is that many of them need less work in school more rest and peace at home. Until this stage passes they are likely to be moody, restless, maybe temperish. They often are unable to keep their attention on a subject long enough to master it because they fatigue early. Once fatigue sets in they cannot go any further.

It is difficult to convince parents and teachers that such boys, and girls, should have a reduced program for a while. "They'll lose so much." Not too much but what they will make it up when necessary and when they are in good shape to do so. When they are in early adolescence they, many of them, cannot work to the class standard anyway. Arrange to lighten their programs, allow them more free time and sleep. And much tender loving care.

Does your child get along well with his playmates? Is he lonely and timid? Dr. Patri has written a helpful booklet No. 304, "Your Child and Other People." To obtain a copy, send 25 cents in coin to him, c/o Times-News, P. O. Box 99, Station G, New York 19, N. Y.

Rally Plans Are Made by Council At Area Meeting

KIMBERLY, Jan. 8 — Final plans were made for the mid-winter Methodist Youth Fellowship rally at a Middle Snake MYF council meeting Sunday at the local church.

The rally will be held Jan. 18 at the Burley Methodist church. Registration will be at 2 p.m. "Apply Christianity in the Church and State" will be the theme. Speakers will be the Rev. Richard H. N. Vost, Burley, and Walter Slaughter, Kimberly.

Sunday's meeting was conducted by Sally Thompson, Buhl, president of the council. Reports were given on the Eastern district rally held at Pocatello. It was noted 210 youths attended.

Miss Thompson told of the Idaho conference MYF council recently in Boise where tentative plans were made for the Methodist projects tour to be held again in June and the Methodist excursion to Purdue university in August.

Tentative plans were made for a district rally to be held this spring. The time and place will be announced later.

Members from Rupert, Burley, Kimberly, Filer, Buhl and Castleford were represented. Mrs. Selmer Thompson, Buhl, sub-district counselor, also attended.

Couple Entertains

PAUL, Jan. 8 — Mr. and Mrs. Albert Meyer entertained at New Year's dinner for Mr. and Mrs. Jacob Knopp, Mr. and Mrs. Vio Knopp and son and Mr. and Mrs. Alex Gerlach and family. The dinner also honored Gary Meyer, their son, who left Friday for Boise to enter Link's Business college.

District Meeting Slated by Local DAV Auxiliary

It was announced at the meeting of the Disabled American Veterans auxiliary Monday at the DAV hall that the district three meeting will not be held until Feb. 16 as Dewey Julian, district commander, is in California.

Mrs. LeRoy Rehwalt, commander, was in charge of the meeting. Mrs. Clyde Kasserman was junior vice commander pro tem; Mrs. T. M. Knight, chaplain pro tem; Mrs. Harold Armstrong, senior vice commander pro tem, and Muria Blades, sergeant-at-arms pro tem.

Christmas activities were reported. Three baskets were filled for needy families and two comforters were given to a veteran family. Mrs. W. C. Stone, Mrs. Dewey Julian and Mrs. Rehwalt were in charge of filling and delivering the baskets.

Mrs. Murrel Blades reported on the family Christmas party. Mrs. Julian and Mrs. Armstrong roasted the turkeys which were provided by the chapter. Mrs. Armstrong, Mrs. Carl Sutterfield, Mrs. Stone and Mrs. Julian were in charge of the treats and table arrangements. A program was presented before Santa Claus delivered treats and gifts to the children.

Mrs. Frank Horejs told of attending the DAV auxiliary Christmas booth at the Boise veterans hospital. Christmas cards were distributed among the patients and stamped and mailed. Gifts were wrapped and mailed for patients' families. She assisted there three days. She also noted she visited several patients from Magic Valley. Paul Harmon, Leslie Zuck, Robert Williams, Floyd Newman, F. Partridge, Tom Mix and Walter Sullivan.

It was announced Mrs. Jessie Sutphin was in Magic Valley Memorial hospital and a plant had been delivered to her.

The social meeting will be held at 10:30 a.m. Jan. 27 at the home of Mrs. Armstrong. Those attending are asked to bring a covered-dish-table service and sewing kits for quilting.

Mrs. Milford Keeney will be in charge of the Americanism program at the Feb. 2 meeting. Hostesses will be Mrs. W. C. Stone and Mrs. Clyde Kasserman.

Mrs. Harold Armstrong and Mrs. Rehwalt served refreshments after the meeting to the chapter and auxiliary.

Demonstrations Given at Meeting

Mrs. Harley Sizemore conducted a demonstration and workshop on terry cloth animals for members of the Magic Valley Y-Wives Tuesday night at the YWCA building.

Secret pal names were drawn and a limit of \$5 set for gifts per year. Members not present are asked to contact Mrs. Richard Geer for further information.

It was decided members would contribute one cent for each year on their birthday anniversaries for a special fund.

Refreshments were served by Mrs. Roger Boyd and Mrs. Sizemore.

Camp Fire Unit Selects Leaders

Sandra Gose was chosen president of Kina-Hak-Amo Camp Fire group at a meeting Wednesday afternoon at Morningside school.

Lynn Bancroft is vice president; Vicki Emerson, secretary; Roberta Flynn, treasurer; Karen Watson, scribe, and Patsy Ames, song leader.

Preceding the election, the girls practiced tying square knots in their Camp Fire scarves.

Refreshments were served by Judy Gratiot.

BIRTHDAY MARKED

WENDELL, Jan. 9 — Bruce Fagg, 4-year-old son of Mr. and Mrs. Wayne Fagg, celebrated his birthday anniversary at a dinner Sunday. Guests were Mr. and Mrs. Louis Hirschman and family, Gooding.

Camp Fire Girls Council Leaders Assume Duties

Mrs. Bertha Van Buren, second right, was reelected president of the Twin Falls Council of Camp Fire Girls at the annual dinner Thursday night in the recreation hall of the Church of the Brethren. Other officers are Mrs. Tom Driscoll, left, secretary; Mrs. Ernie Martin, second left, first vice president, and Mrs. Cora Ainsworth, right, treasurer (Staff photo-engraving)

Woman Retains Council Post of Camp Fire Girls

Mrs. Bertha Van Buren was reelected president of the Twin Falls Council of Camp Fire Girls and installed at the annual banquet and meeting Thursday evening.

Other officers reelected for the coming year are Mrs. Ernie Martin, first vice president; Mrs. Frank Moegensen, second vice president, and Mrs. Cora Ainsworth, treasurer. Newly named was Mrs. Tom Driscoll, secretary.

Board members elected to serve for three years were Mrs. Driscoll, Mrs. James Berkley, Mrs. Mel Crawford, Bob Day, Mrs. Bill Reed and Mrs. Leonard Heglund.

Mrs. John Roper was chairman of the nominating committee. Members of the nominating committee to serve during 1953 are Curtis Eaton, Mrs. Weldon Haskins, Mrs. Ralph Bacon, Mrs. Jay Dockstader and Mrs. Pierce-Roan.

Approximately 100 Camp Fire workers and girls attended the banquet held at the recreation hall of the Church of the Brethren.

Mrs. Robert D. Wilson presented the program which included a brief talk on Camp Fire girls and a flannel board demonstration, done by Mrs. Cora Ainsworth, Bethanie Trenhelle, Janet Wilson, Mary Roan and Candace Crawford. Hanssen Blue Birds, led by Mrs. Calvin Dietz and Mrs. Harold Moore presented a song and skit; Tandi Camp Fire group did an Indian song, with Mrs. E. V. Hatzfeld as guardian, and Silka Torchbearers, whose guardian is Mrs. Owen Eschliman, presented a song and Indian dances.

Mrs. L. C. Martin was in charge of decorations.

Review Is Given By Father Later

The Rev. Morse Later conducted a book review and library discussion at the meeting Tuesday of the Catholic Women's league at St. Edward's school auditorium.

Hostesses were Mrs. Jerry Hamill assisted by Mrs. Fred Baugh, Mrs. James Cunningham, Mrs. E. H. Gyer and Mrs. Len Hoerner.

BISHOPRIC HONORED

RICHFIELD, Jan. 9 — Mr. and Mrs. Vern E. Thomas entertained at a New Year's party honoring the Richfield LDS bishopric and their wives. Guests were Mr. and Mrs. Frank Crowther, Mr. and Mrs. Ruben Bradshaw and Mr. and Mrs. Clive Capps.

Social Calendar

Twin Falls chapter, Daughters of the American Revolution, will meet at 1 p.m. Monday at the YWCA building.

Observance Set By M.Y.F. Group

RICHFIELD, Jan. 9 — Methodist Youth Fellowship made plans for a special Methodist Youth week observance to be presented Jan. 28 with parents to be guests at the meeting. The Rev. Ralph Lawrence conducted the discussion and stated a film would be shown.

Richard Gill led devotions at the Sunday night meeting. A skit on Christian family life was presented by the intermediate group with characters played by Agnes Schister, Eileen Brush, Mary Procter, Elaine Behr, Melvin Felley and Bobby Fivel.

Madge and Phyllis Helderman served refreshments.

A party is planned for the intermediate group Sunday night at the home of their leader, Mrs. Charles A. Brown. Senior group will meet at the church under the direction of their leader, Mrs. Cecil Helderman.

Dinner Held by Castleford Club

CASTLEFORD, Jan. 9 — Seven tables were in play when the Castleford Pinocle club met last week for a potluck supper at the Gun club. Prizes went to Mrs. Joe Potuzek and Frank Dolana, high; Mrs. Soren Hesselhol and B. P. Johnson, low, and Mrs. Darrel Phillips, shoot-the-moon.

Hosts were Mr. and Mrs. Leo Senten, Mr. and Mrs. Roland Senten, Mr. and Mrs. Clinton Quigley and Mr. and Mrs. Frank Quigley.

STUDENTS ENTERTAINED

FAIRFIELD, Jan. 9 — A New Year's Eve party was held at the home of Judge and Mrs. Charles Scoggins in honor of their daughter, Jayne, and 10 of her friends from the University of Idaho, Moscow. After the party the students went to Sun Valley.

Star Points Are Honored in Rite At OES Meeting

A ceremony honoring all Martha Star Points was presented at the meeting of Eastern Star, Monday evening at the Masonic temple.

Introduced and presented corsages appropriate to their stations were Mrs. James Stokes, present Martha; Mrs. Darrell Jensen, staret Martha, and Mrs. Robert Watson, past Martha.

Visitors introduced and welcomed were Mrs. Leona Hann and Mrs. Edna Smith, Twin Falls chapter No. 29.

The educational committee, Mrs. Russell Larsen, chairman, Mrs. H. MacMullen and Mrs. R. O. Severson, gave the annual report.

Mrs. Floyd Bandy, newly-elected president of Social Order of the Beauceant assembly No. 109, was introduced.

Those having birthday anniversaries in October, November and December were honored and presented favors. Mrs. Harold Soper, Mrs. Floyd Pollard and Mrs. Mark Knoll presented a birthday addendum. Mrs. C. R. Fox baked a cake for the group.

Proceedings of the grand chapter meeting were reviewed by Mrs. Loretta, worthy matron.

After the meeting refreshments were served by Mr. and Mrs. Lloyd Mason, Mr. and Mrs. Stokes and Mrs. Rose Slatter.

The next meeting will be held Jan. 19.

Reports Okayed At Lodge Parley

Annual auditor's and trustees' reports were approved at the meeting of Primrose lodge Tuesday night the Odd Fellows hall.

Mrs. Robert McCracken, grand elect, and Mrs. W. B. Benedict, vice grand elect, reported their charges.

Members decided, to party with the Odd Fellows in service, refreshments at the joint installation services of the two groups. Mrs. N. Church, Jerome, was a guest.

Refreshments were served by Verne Breedlove, Mrs. W. O. H. Mrs. Clyde Strong, Mrs. Charles Peters and Mrs. Freda Swearingen.

Mrs. Johnson Is Lesson's Guide

SPRINGDALE, Jan. 9 — George D. Johnson conducted a theology lesson from the "Line and Covenant" at the church meeting Tuesday at the church.

Mrs. Wilma Marchant was in charge of the meeting. Mrs. G. Marchant, directed singing and James Byrson and Mrs. Ralph West offered prayers.

Mrs. Larrid Burgess presented a teacher's topic on "Truths to Be Taught" from the "Doctrine and Covenants."

A New Year's message from general presidency was read by Marchant.

Colts, Giants Dominate All-Pro Selections; Gino Marchetti Is Top Choice

(By The Associated Press)

The champion Baltimore Colts and the New York Giants captured 11 of the 22 positions on the 1958 Associated Press all-pro team selected Thursday by sports writers covering the National Football league campaign. Defensive end Gino Marchetti, one of the Colts on the squad, was the only unanimous choice, getting all 41 votes of the experts. Colts' Johnny Unitas, who set a record by throwing at least one touchdown pass in 11 consecutive league games, was named to the team in 10 of the 22 spots.

Courting Trouble

Referee Jim Enright and Olin Broadway, left, of Wake Forest and other players restrained Oscar Robertson of Cincinnati during game in Raleigh, N. C. The Bears' Al-America and Dave Budd, of the Demon Deacons came up punching after colliding and falling. (NEA telephoto)

Referees Blamed For Home Team "10-Point Edge"

(By OSCAR FRALEY)

NEW YORK, Jan. 9 (UPI)—It is a generally accepted theory in college basketball that playing on its own court is worth 10 points to the home team. Why? Publicly the coaches will tell you that this is due to strange playing conditions. Privately they blame it on "home officials" and the "disturbing manner in which visiting teams are treated."

Region Golfers To Compete in PGA Tourney

DUNEDIN, Fla., Jan. 9 (AP)—The Professional Golfers Association of America Saturday announced the names of 33 sectional champions who have won all-expense trips to play in the 20th annual PGA Seniors' championship here Jan. 27-Feb. 1.

The list includes Ernie Schneller, sr. Ogden, Utah, a repeater from last year and Henry Kaiser, Post Falls, Ida.

The tournament is open to all PGA members who are 50 or older. Willie Whalen, president of the PGA seniors, said a field of 300 golfers was expected, including defending champion Gene Sarazen.

Boise Welter Takes Victory On Split Nod

BOISE, Jan. 9 (AP)—Young Glenn Burgess, 157, of Boise, used a sharp left jab to earn a 12-round split decision over veteran Dick Goldstein of Seattle here tonight. Goldstein weighed 150.

Switching from his punching style, Burgess drilled a series of sharp left jabs in the fourth round and dominated the fight until the 10th. He opened up cuts above Goldstein's right eye and left cheek.

Goldstein came back in the last two rounds but narrowly failed to close the gap as Burgess began to tire.

It was the second meeting between the pair. They fought to a draw last November.

With the victory, Burgess claimed the mythical Pacific Northwest welterweight championship.

Home town heavyweight George Logan, 197, knocked out Dick Tanner, 197, of San Francisco, in two minutes of the third round in the semi-final.

In another six-rounder, Twin Falls welterweight Gene Turley, 154, outpointed Thurman Stevens, 154, Longview, Wash., by a split decision.

Turley suffered cuts in the bout with the fast, hard-punching Stevens.

Bobby Brown, 148, Longview, Wash., outpointed George Westfall, 145, Twin Falls, in a four-round preliminary.

The opening four-rounder ended in a technical draw. The fight was interrupted after Charles Guthrie, 165, Boise, hit Don Owens, 163, Meridian, a low blow and Owens was given permission to go to his dressing room. The decision was announced after Owens didn't return.

Big Lee Shaffer led North Carolina with 17 points, George Ritchie with 14 was high for the Deacons.

Wake Forest managed to tie the score four times in the first half, but never took the lead. North Carolina was ahead 17-11 at the halftime. In the first half, the Deacons tried only seven field goals and 17 four. North Carolina had 8 for 17 attempts.

Business College and Filer Merchants added wins to their records Thursday night in city adult recreation basketball league play.

Business College topped Telephone Company 48-37 with Halman netting 19 points to take scoring honors.

Filer Merchants edged the Buhl A. G. Market team 49-46. Hilt scored 21 points for the Filer squad to become high scorer of the game, and Urigen of A. G. Market made 10 points to lead his team.

The box scores:

BUS. COLLEGE 48, TELEPHONE CO. 37	Halman 11, Hilt 10, Urigen 10, Halman 6
FILER MERCHANTS 49, BUIHL A. G. MARKET 46	Hilt 10, Urigen 10, Halman 6, Halman 6

NCAA Council Toughens Policy of Punishment for Coaches in Code Violation

CINCINNATI, Jan. 9 (AP)—The powerful NCAA council Thursday toughened its policy requiring member schools to discipline staff members involved in violations of the athletic code. Under this strengthened enforcement program, a school could be forced to suspend or fire a coach if the NCAA thought him guilty of a serious infraction. Schools have always been urged to take disciplinary action under NCAA rules, and the extent to which they did usually was considered when the NCAA council levied punishment for violations. But now the NCAA itself can take action against the individuals, although still indirectly, by making it hot for the schools.

This ruling was aimed directly at a proposal, first made by the Detroit Tigers, that pro clubs could give money to colleges for scholarships, with the understanding that baseball players would benefit. After a lengthy discussion of a national letter of intent system for signing up athletes for colleges, there was no indication of enough agreement on the subject to bring it up on the convention floor.

The only result was a strong indication that the idea is gaining favor but there are so many details to be ironed out it isn't likely to be adopted on a national basis for some time. Representatives of colleges and conferences which now employ this system spoke in favor of extending its scope. Others, however, reiterated their opposition and they all found a big stumbling block in the fact that they can't agree on the dates when scholarship athletes should be signed by the colleges.

The basic idea is that when a college shows up to recruit an athlete, it persuades him to sign a letter saying he intends to enter a certain institution and will receive stipulated financial aid. Once that is signed, no other college in the same conference can make him a financial offer unless it is agreed that he won't be eligible for intercollegiate athletics.

This system has been in effect for several years in the Southeastern, Southwest and several other conferences. So far, there never have been any interconference agreements about respecting such contracts.

Strongest opposition came from eastern colleges, which argued that their admissions actions which take place later in the year and that they would be at a serious disadvantage if they couldn't talk to athletes who already had signed with other institutions.

This long discussion was in sharp contrast to the almost automatic acceptance by the same round-table group of the NCAA television committee's report.

Tables Turned

CINCINNATI, Jan. 9 (AP)—College football coaches got a taste of their own medicine Thursday when the elevators broke down at the host hotel of the American Football Coaches association.

The coaches got a stiff workout hoisting it up and down as many as 20 floors after making it tough all season for the football players who took it easy in practice.

Jim Brown Is Named as Pro Player of Year

NEW YORK, Jan. 9 (UPI)—Jim Brown of the Cleveland Browns possibly the most powerful runner in National Football league history today was named the professional circuit's "player of the year" for 1958 in the annual United Press International poll.

Brown, a 230-pounder who runs through the line with a fullback's power and in the open with a halfback's speed, set an all-time National Football league rushing record of 1,527 yards in 1958. He led the league in scoring with 108 points, his 18 touchdowns included scoring runs of 65, 60, 58, 58, 52, 41 and 39 yards.

This performance against football's smartest and toughest defenses earned him 71 of the 29 votes cast by sports writers who covered the campaign in the 11 league cities.

John Umlas, quarterback for the champion-Baltimore Colts, was second in the voting with five votes. Bobby Layne, Pittsburgh Steeler quarterback, was third with two. The other vote went to Del Shoner, speedy offensive end for the Los Angeles Rams.

Brown won the rushing crown with 942 yards during his first professional campaign in 1957 and won "rookie of the year" honors by a landslide vote for that performance.

In 1958, the former Syracuse all-America showed that his brilliant 1957 showing was merely a warm-up. During the past season he shattered the old rushing mark of 1,146 yards set by Steve Van Buren of the Philadelphia Eagles in 1949 by 381 yards.

Brown carried the ball 287 times in 1958, averaging 127 yards per game and 5.9 per carry. His 18 touchdowns tied the season record set by Van Buren in 1945.

Notre Dame's wrestling team is captained by Paul (Bucky) O'Connor, a senior from West Orange, N. J. He wrestles in the 17-pound class.

Idaho Outdoor Group to Meet

McClair, Jan. 9 (AP)—L. O. Binford of Portland, Ore., a member of the national executive board of the bank Walton League, will be principal speaker for the 11th annual convention of the Idaho Outdoor Association, which begins here Friday. Sessions will run through Sunday. Binford will speak at the annual banquet session Saturday evening.

Selections of Golfers For Matches Disputed

NEW YORK, Jan. 9 (NEA)—Tommy Bolt brings into the open a smoldering war existing between the Professional Golfers' association and the International Golf association, the latter sponsored by General Dynamics. This has to do with the IGA hand-picking name veterans—namely, Ben Hogan, Sam Snead and Jimmy Demaret—as the American representatives in its international play.

As originally set up by the late John Jay Hopkins, these matches were to send the United States, Open and PGA champions against their counterparts from other lands.

But American titleholders have not appeared since Ed Furgol and Chick Harbert won the team and individual titles in Washington in 1955.

Hogan and Snead prevailed at Wentworth, England, in '56. Snead and Demaret lost to the Japanese, Pete Nakamura and Hitchoi Ono, in Tokyo in '57. Harry Bradshaw and Christy O'Connor of Ireland won the Canada Cup, emblematic of the team championship, and Spain's Angel Miguel the individual crown, when 32 countries competed at Mexico City's Club de Golf last year. Again the 46-year-old Hogan and Snead were this year's candidates, with the latter having to withdraw from the last two rounds because of an aching back.

The leading pros do not fault Hogan, Snead and Demaret as shoo-ins, but as Doug Ford, '55 PGA champion, points out, a golfer playing as little as Hogan can't possibly come to the peak of his game for one tournament.

Dow Finsterwald, current PGA titleholder and member of the players' tournament committee, spoke to Frank Pace, president of General Dynamics and the IGA, about a higher type of cooperation and a happier and more solid relationship between the two organizations.

"If American champions are not chosen, then there should be some sort of formula—picking the players, say a point system like the one which determines the Ryder Cup team," he stresses.

"It was very unjust not to name Finsterwald and myself for the matches in Mexico City," says the dynamic Bolt, the U. S. Open champion, "and the champions since 1954 have been slighted. It's an honor to represent your country and as champions common courtesy entitled us to invitations."

Pace and the IGA tournament director, Fred Corcoran, who are taking the matches to Australia next November, contend that they must work with the "host countries, give them a voice in the selection of the American par-busters.

"England, for example, wanted Hogan, the Little Ieoman," explains Corcoran.

The controversy throws the spotlight on the comparative anonymity of the U. S. Open champions since Hogan won his fourth in five years in 1953. Only Dr. Gary Middlecott had any standing to speak of.

Al Cluett, the famous teaching pro, was discussing this upon leaving Fresh Meadow on Long Island for Florida.

"There are so many good players today and so many tournaments that it is not possible for one golfer to stick out," he said. "The competition was severe in Hogan's day. He had to be truly great, but

Tar Heels Win Slow Contest From Deacons

CHAPEL HILL, N. C., Jan. 9 (AP)—North Carolina, ranked third in the nation, was slowed by Wake Forest's possession style of play but the Tar Heels walked off with a 44-34 victory in an Atlantic Coast conference basketball game Thursday night.

Wake Forest went on the floor determined to hold the ball. The first time they got possession, they kept it for four minutes without taking a shot.

Big Lee Shaffer led North Carolina with 17 points, George Ritchie with 14 was high for the Deacons.

Wake Forest managed to tie the score four times in the first half, but never took the lead. North Carolina was ahead 17-11 at the halftime. In the first half, the Deacons tried only seven field goals and 17 four. North Carolina had 8 for 17 attempts.

Grosscup Gets Two Titles in Skyline Loop

SALT LAKE CITY, Jan. 9 (AP)—Utah's Lee Grosscup nailed down two individual statistic championships in the Skyline conference football season, final figures released today by conference Commissioner E. L. Dick Romney, showed.

The final statistics were held up, Romney said, because of a delay in receiving figures of the Hawaii-Utah game from Hawaii university.

The only changes from previous figures released in mid-December concern only the Utah team.

Grosscup, Utah's star passing quarterback, took the total offense title with 778 yards and the passing title with 68 completions for 828 yards, 114 completions, 548.

Other individual leaders: Bushling-Waldon Jackson, BYU, 699 yards; punting, Dan Loos, Denver, 41.1 average; scoring—Don Black, New Mexico, 58 points; pass receiving—John Leags, Montana, 18 yard average per carry.

Team leaders: Total offense—BYU, 2,094 yards; passing offense—Utah, 1,144 yards; rushing offense—BYU, 2,499 yards; total defense—Wyoming, 2,324; pass defense—Wyoming, 793; rushing defense—Colorado State U., 1,530. There were no new statistical records set in the conference in 1958.

there are more and better golfers six years later.

This is true, of course, but all the touring pros see is the opportunity that it is not possible for one golfer to stick out," he said. "The competition was severe in Hogan's day. He had to be truly great, but

Damper Is Put On Red's Idea Of New Trade

WASHINGTON, Jan. 9 (UPI)—U.S. officials today put the damper on any hopes that "Soviet-Turkey-Premier Anastas I. Mikoyan's idea of promoting a big increase in Russian-American trade...

The biggest roadblock in Mikoyan's path, they said, is that Russia basically has virtually nothing to offer that the United States really wants to buy. At the same time, legal and other complications block the possibility of any long-term American credits to Russia to permit her to finance the imports of U. S. equipment...

Officials reported that Mikoyan during his initial two-day stay in Washington said very little about trade in his talks with Secretary of State John Foster Dulles and other U.S. leaders.

However, they said they expect him to push the subject much harder when he returns to the capital in about 10 days—particularly in the area of trade between American businessmen and the two countries.

The impression in official quarters here is that Mikoyan, during his stay in Washington, will try to get American businessmen interested enough to bring pressure on Washington. His principal objectives are believed to be:

Objectives Predicted
A trade agreement of the type Russia has concluded with many countries, promising to encourage commerce.
Some form of governmental arrangement to finance Russian purchase of chemical and plastics equipment.

The Johnson act specifically bars anyone, official or non-official, from extending credit for more than 180 days to Russia, because it is still in default on the old Czarist debts totaling 628 million dollars which it promised to pay after the United States recognized Russia 25 years ago.

Chaplin Might Return to U.S. His Son Notes

HOLLYWOOD, Jan. 9 (UPI)—Chaplin's son said today the self-exiled comedian may be paying the way for his return to the United States with his payment of \$425,000 in back taxes.

"It might be thinking of returning," said Chaplin's son, Charles, Jr., 33, who in the past has been found at reports that his father was contemplating coming back.

"It's logical to assume that when a man pays \$425,000 he usually has some reason," added the comedian's closest Hollywood friend, Tim Durrant, a retired Beverly Hills, Calif., stock broker.

Case Settled
The internal revenue service announced in Washington last Dec. 29 that Chaplin, now living in Switzerland had settled out of court a five-year hassle in which the U.S. claimed he owed \$700,000 in taxes.

Dispute Over Road's Route Compromised

BOISE, Jan. 9 (AP)—Caldwell city officials agreed Thursday to withdraw their district court appeal from a state highway board order setting the route of the interstate highway.

Agreement was reached after the board said it would rescind its order "and take another look" at the problem of how the route should pass Caldwell and what interchanges should be provided.

The Caldwell officials reversed themselves. Previously they had asked for an overpass, which has been rejected by the board. Thursday they said they wanted the interstate highway to bypass their community.

So both sides agreed to wipe the slate clean and set their engineers to discussing the matter again.

Mayor Ed Simmerman told the board there would be fewer city financial problems with a bypass. Board member Leonard Folan of Orofino said, "You people are going to have to handle your own local traffic. Don't sacrifice a location and then wake up tomorrow and find out your problems are still the same."

Remainder of Thursday's highway board session was taken up with discussion of routine problems. Ray J. Holmes, highway committee chairman of the Twin Falls Chamber of Commerce, headed by a four-man group which discussed highway improvements in the Twin Falls area.

Three delegations are to appear Friday. The Yellowstone Highway association will ask consideration of improvements to state routes 66 and 22. Other conferences are scheduled with delegations from Rupert and American Falls.

Pardon Case Lost By Latah Arsonist

BOISE, Jan. 9 (AP)—Hearings on some of the 60 cases remaining before the state board of pardons were held as the board's January session continued here.

The board yesterday denied clemency to Henry Brian, serving a two-year sentence for conviction on charges of first degree arson. He was received at the prison from Latah county Dec. 3, 1957, after his trial on charges of setting fire to two attics in Potlatch.

Driver Is Jailed For Fatal Crash

CASPER, Wyo., Jan. 9—Lavern R. Matlock, 32, of Casper was bound over Thursday for trial by a district court on a charge of negligent homicide.

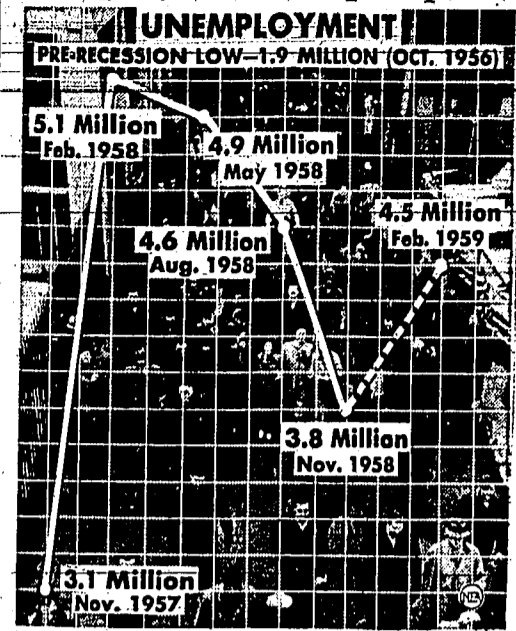

Matlock was involved in an accident Nov. 18 near Powder River which cost the life of Everett L. Davis, 46, Idaho Falls, Idaho. Davis died when cars driven by Matlock and Davis collided on U. S. highway 20-26 about 48 miles west of Casper.

Travels Noted

HAZELTON, Jan. 9—Mr. and Mrs. W. L. Tadlock and family, Addy, Wash., visited Mr. and Mrs. Max McCaslin. Also the McCaslins spent a day visiting Mr. and Mrs. Emil Falk, Mountain Home and Jo Falk who was home for vacation from teaching at Bakersfield, Calif. All are former Eden residents.

Mr. and Mrs. Frances Dahlen, Winslow, Ariz., were called here by the death of Mrs. Dahlen's mother, Mrs. Roxie Coy. They were guests of Mr. and Mrs. Gordon Murphy here.

Unemployment Jump Expected

Unemployment will jump to between 4.5 and 4.8 million in the U. S. late this month and in February, economists predict. They add that unemployment will be a problem all year even though production is expected to go up and wages reach a higher level. Strong moves for relief bills are expected in congress.

Unemployment Likely to Be '59 Issue Despite Conditions

WASHINGTON, Jan. 9 (NEA)—In late January and February unemployment will jump to between 4.5 and 4.8 million in the U. S.

This will result in strong moves in congress for relief. Bills will be pushed to increase unemployment benefits and to provide aid for high-unemployment areas.

Economists are agreed that unemployment is "the sticky" economic problem of the 1959 business year. Right now, though production is roughly up to the pre-recession level, employment is up only a little from the bottom of the recession.

Wages will go up in 1959. The best guess is five per cent. But unemployment will be with us all year. Employment will lag way behind steadily growing production.

Despite strong employment gains next spring and summer, there will still be three million to 3.3 million unemployed in December, 1959. Or so think top U. S. government and private economists interviewed by NEA-services.

There is even a feeling among some labor economists that the United States will have a permanently larger unemployment pool in the future. One expert estimates an unemployed group of at least three million "except in times of super boom."

This economist says that manufacturing is employing fewer and fewer men and women. Just before the recession, he says, manufacturing in the U. S. employed three-fourths of a million fewer than just one year before. He estimates that a hundred thousand of the men and women who lost their jobs in the auto industry during the recession will never get their jobs back. Machinery has replaced them.

Most of these people gradually will be absorbed by the growing construction, service, trade and other businesses, of course. Some will be employed by industries that make the new automatic machines. But there is a growing group of what some economists call the new unemployables. These are neither the old nor the handicapped. They are the unskilled industrial work-

ers. These unskilled workers have already been finding it more difficult to find jobs. They're going to have a harder time in 1959.

On the contrary, in 1959 there will be a growing shortage of specialists. There are already heavy and growing unfilled demands for electrical and mechanical engineers, technical writers, draftsmen, secretaries and typists, teachers, accountants, bookkeepers and technicians. These shortages are likely to get worse as the year goes on.

There will likely be an increased demand for many types of construction workers, such as bricklayers and electricians, in 1959.

Employment is also going to pick up in 1959 in the durable goods industries, and in steel and metal working.

This trend toward skilled workers is going to continue past 1959 into the 1960's and indefinitely, say the economists. Jobs in industry and business are going to require more education and training.

Says one labor expert: "The job that used to require a high school diploma, now demands a college man. Where they wanted college graduates, they now ask for an advanced degree. It's going to get worse."

JUDGE HEARING SET

BOISE, Jan. 9 (AP)—The Idaho supreme court plans a hearing Jan. 20 on whether Faber F. Tway, Idaho Falls, should be paid as a judge of the ninth district.
