

Legion's Chief Will Attend T.F. Meeting

Preston J. Moore, Stillwater, Okla., national commander of the American Legion, will be guest speaker at the state Legion convention banquet to be held at 7:30 p.m. Friday at the Legion hall. Approximately 1,000 Legionnaires and auxiliary members are expected to attend the four-day convention, reports W. W. Frantz, convention chairman.

Moore, who was elected to the highest Legion post last September at the Chicago national convention, will arrive

in Twin Falls at 4 p.m. Friday by private airplane. His arrival will be preceded by a convention parade down Main avenue which begins at 2 p.m.

Dignitaries participating in the parade will be Sen. Henry Dworshak and Maj. Gen. John Wadhams, representing Gov. Robert E. Smylie, and other high state and federal officials.

More news on page 11

and air force veteran. His election last fall to the Legion's highest office climaxed 13 years of Legion service. Under his leadership as post commander on the University of Oklahoma campus, the post increased its membership from 300 to more than 1,000 and developed an extensive community service program, including a \$12,000 budget for community playgrounds, he has

held several department and national offices, including alternate national executive committeeman and national executive committeeman. He has been a member of several national committees and commissions, including the 1988 national convention foreign relations committee, the national command advisory committee, 1986-1987, and the national executive committee's liaison committee on national security and subcommit-

REDAKED The commander of the American Legion, who will be guest speaker at the Legion convention banquet Friday night. The Legion's 41st state convention officially opens here Thursday night at 7:30 p.m. at the Eighty-Eighth Hotel. The convention activities scheduled, Moore was elected to the highest Legion office last fall at the national convention in St. Louis. He is from Stillwater, Okla.

REDAKED He also has been an active member of the Forty and Eight.

REDAKED After World War II, Moore was a member of the University of Oklahoma with a law degree and worked law practice in Stillwater. He is now in Tulsa, Okla., under the law firm of Moore and Murphy and is vice president and general counsel of American Life Insurance Company.

REDAKED In addition to the many honors

Campaign Rat Menace

Average Price of Wool Is 38 Cents

BOISE, June 22 (UPI) — Idaho wool growers got an average of 38 cents per pound for shorn wool from April of last year to March of this year, according to the Idaho Wool Growers' Association.

The price took a drop from the 1937 price of 53 cents per pound to 40 cents for the same grade of wool. The agricultural market service said that about 26 per cent of the total wool sales during the month of June were for the same grade of wool and about 46 per cent during the month of March this year.

es High by Fall

The bomber would be much more effectively in a battle position if the countermeasure—once got in the atmosphere—thus erasing enemy radar and making it impossible to track more accurately. The pilot could decide not to drop his bombs at all and the "war" proved to be a false alarm.

Thus the U. S. would no longer have to wait in time of war for red alert.

the attack. Ballistic missiles, once bound for shipment to quarantine areas by parcel post or air.

Brother and Sister Drown But One Safe

WYSA, Ore., June 23 (UP)—Two girls drowned in the treacherous rapids of the river yesterday, and one brother, Angel Martinez, was the only one to survive. He was rescued by a fisherman who had no time to reflect on his own narrow escape.

The other girl drowned. So did her brother, who tried to save her. He was unable to do so, and watched helplessly as she disappeared.

Family Was Fishing Martinez, Nysa, told newspapermen that he was on a fishing party on a railroad bridge on the main side of the river about three miles south of here.

The girl, Magdalena Rivera, 11, and her sister Guadalupe, 9, were with him. They were fishing for catfish. They were upstream, and he was trying to get them to help, moved at one of the girls, he said he had to go to save the other.

Brother Drowned Martinez, 13-year-old Reyes Rivera, said his brother and sister were with him. He was fishing for catfish. They were upstream, and he was trying to get them to help, moved at one of the girls, he said he had to go to save the other.

Martin Rivera, 15, also a deaf-mute, watched stunned then ran to help. He somehow managed to communicate his story to a farmer working in a field, who telephoned for help.

Debt Case Filed In Local Court

The Professional Adjustment Bureau filed action Monday against Floyd Kandler in probate court seeking payment on a promissory note and two accounts.

The complaint states that on May 1954, Kandler delivered to the Cable Chevrolet company, Ontario, Ore., a promissory note for \$118.80. It is alleged that note has been paid on the note and \$118.80 attorney fees is sought.

The action further claims that on Sept. 11, 1956, and Nov. 14, 1958, the Blockley agency, Ontario, Ore., sold and delivered to Kandler certain policies of insurance for \$1,000, on which Kandler paid \$23.30, and that Kandler paid \$23.30 on each of the policies.

It is further alleged in the complaint that on Feb. 28, 1957, Dr. Anderson and Dr. Conner, both prior, rendered professional services for \$7, on which Kandler paid \$1.40.

U. N. Jewell, Twin Falls attorney, represents the bureau.

Blaze Kills Navy Officer, 3 Others

MATTHEWS, Va., June 23 (UP)—A navy commander, his wife and two young daughters died yesterday as flames swept their bungalow at flames, near here in Matthews county.

A 14-year-old son of the couple contracted third-degree burns in the early morning blaze and was taken to the Portsmouth naval hospital. The victims were identified as Comdr. Daniel O. Matthews, 34, stationed at Naval Air Station, Norfolk, Va.; his wife, Betty Carter Matthews, 33, formerly of Atlanta, Ga.; and their two daughters, Melissa, 8, and Virginia, 3.

Taken to the Portsmouth hospital was Daniel, Jr., 14.

U.S. X-15 Rocket Ship Makes First Glide

The U. S. X-15 is shown here dropping for its first powerless glide. In the months ahead the rocket plane is scheduled for many tests as it edges toward a proposed five-minute flight into space and then back to Earth again.

U.S. Rocket Ship Future Flights Told

From Twin Falls

The plane went out that hot, bright, can't be recalled. "So you have to wait and make absolutely sure you're not attacked before firing. That may be too late."

The X-15 experiment will also give the first experimental knowledge needed for controlling a space vehicle.

In space, planes can't be guided as they are in the atmosphere because there is no air. Guiding is done by the use of gyroscopes and other instruments. The X-15 will have small jets in its wings. During its approach, it will have to make a sharp turn to the right to clear the launchers. How well these jets will determine how engineers proceed in their plans for steering other space ships.

The X-15 experiment is also designed to find the best practical way to take men up to space stations, and to bring them down.

That, in turn, will make space stations practical. But there's considerable work to be done before the U. S. experimental X-15 "space plane" gets hundreds of miles into the air.

Although the X-15 performed beautifully in its recent three glides to Earth after being taken up to 100,000 feet, there will be a half dozen to maybe as many as 20 preliminary test flights by North American Aviation to see if the plane will actually fly.

Three flights will begin at "dawn" speeds with small power at "dawn" speeds.

Very gradually the speeds and heights will be increased. All this may go on for 18 months or more before the final 100-mile-high flight.

DOES MORE THAN JUST "SHRINK" PILE TISSUES

To stop nagging discomfort of swollen piles in minutes—many hands use *Stainless Pile*. Not only reduces tissue swelling, but stops pain at once, promotes healing of inflamed tissues too—without surgery! Preparation that just acts to "shrink" piles can't compare with *Stainless Pile*. For real comfort, fast, you need this more complete medication.

In doctor's tests, patients had immediate relief. That's because *Stainless Pile* combines the most powerful ingredients known—fennel, turpentine, and aloe. (2) Shrink tissue swelling, congestion; (3) promotes healing of raw tissues. You get immediate relief, comfort, and relief. Don't suffer needlessly. Get *Stainless Pile* today. Get relief without surgery or money back!

Shoshone to Hold Hearing On City Fund

SHOSHONE, June 23—A public hearing on the city's proposed budget for the next fiscal year is planned at 8 p.m. Thursday, July 1, the next regular city council meeting date.

The proposed budget was approved by council at a special meeting this week on an approved valuation of \$65,991. A levy of 35 mills, or \$3.50 on the \$100 assessed valuation, is estimated to bring in \$23,000.

Other anticipated revenue sources are expected to bring in \$36,125, which added together make \$59,023 and plus the cash on hand of \$23,544, total revenue should be about \$82,567.

Anticipated revenue from all sources are estimated at \$82,567. The tax levy of \$2.50 has remained constant since 1956. In 1955, the levy was \$3.00.

Other business at the meeting was the decision to add more benches to the bottom of the town fish pond at the edge of the Mary L. Gooding park. The benches will be donated from Salmon and will be placed in the mixture of eel-baiting is supposed to hold water in the pond.

Botanists found pumpkins and squash as fruits.

Damages Suit Is Entered in Train Mishap

J. D. Wisely filed suit Monday against the Union Pacific Railroad and John Doe Cox for \$25,000, claiming damages and expenses of doctor and hospital bills presently unknown as the result of a car-train accident June 22, 1957.

The complaint claims that Cox was the engineer and operator of a train involved in the accident, one-fourth of a mile northwest of the principal crossing and the main Mountain road, that resulted in severe and permanent injuries to Wisely.

It is further alleged that the railroad was negligent in failing to sound a whistle or bell at the approach of a regularly established crossing.

The action states that the railroad failed to maintain the right of way in this area free of obstructions.

Wisely claims he sustained injuries to his shoulders and a skull concussion resulting in severe and disabling headaches.

The complaint claims that as a result of the accident the car worth \$10,000 was demolished in Rayburn and Rayburn, Twin Falls law firm, represents Wisely.

Burley Boy Goes On Project Tour

BURLEY, June 23—Russell Reynolds, son of Mr. and Mrs. Earl Reynolds, Burley, left Twin Falls Monday morning to join 19 other members of the Idaho Methodist Youth Fellowship members who were leaving on the Methodist church project tour.

Chaparral include the Rev. and Mrs. Ralph Fothergill and Mrs. Eva Russell, Jerome.

Purpose of the tour is to give youths an opportunity to see some of the schools, colleges, foundations, hospitals, missions and churches of the Methodist church in Washington, Oregon and Idaho.

Each member of the party took a bedroll. They will be guests of the MYF in the different towns they visit. Some places they will stay in private homes and other times in the churches. The group will be gone eight days.

Botanists found pumpkins and squash as fruits.

New Assistant Is Told for Library

Kate Thurston, daughter of Mr. and Mrs. J. D. Thurston, a 1958 graduate of Twin Falls high school, was named as the new assistant librarian of the city library.

She studied library science and worked in the reserve library at college. She has been employed by the city library since June 1, 1958.

She is a native of Twin Falls, Idaho, and is a member of the Twin Falls High School Class of 1958.

She is further alleged that the railroad was negligent in failing to sound a whistle or bell at the approach of a regularly established crossing.

The action states that the railroad failed to maintain the right of way in this area free of obstructions.

Wisely claims he sustained injuries to his shoulders and a skull concussion resulting in severe and disabling headaches.

Petition Is Filed To Probate Will

\$100,000 Suit For Damages Is Filed Here

A \$100,000 damage suit was filed Monday in Twin Falls District Court by Mr. and Mrs. L. D. Perry against Mr. and Mrs. J. C. Crane.

The suit is the result of an accident Friday, south of Mile west and two miles south of Pile, on the Clover road.

The complaint claims that on June 10, 1950, Perry was driving a 1946 Oldsmobile approaching the intersection and, at the same time, Crane was driving a 1949 Chrysler on a side road approaching the intersection.

It is further alleged that a stop sign was located at the intersection facing the direction for which Perry was approaching.

The Perry's seek recovery for medicalization, doctors, nurses and miscellaneous other expenses, the amounts of which are unknown at this time. They further state that Perry's earnings power has been damaged due to physical injuries.

They also seek damages for repair or replacement of the Perry car, personal and household property.

Falls law firm, represents the Perry's. Perry, 50, route 1, Buhl, Idaho, is reported.

Tuesday afternoon by an attorney at Magic Valley Memorial hospital.

Perry received multiple fractures in the accident. Foreman, Castleford, was listed as in "good condition" Tuesday afternoon at the hospital. After the accident, Foreman had failed to stop at the stop sign. No citations were issued pending the outcome of the victim's injuries.

South Demos Predict State Right Bill OK

WASHINGTON, June 23 (AP)—Southern Democrats predict the house will pass a state right bill supported by the Eisenhower administration—and that the Republican floor leader will actively support it.

Rep. Charles A. Halleck, Indiana, the GOP leader, was away from Washington when the debate opened on the bill. It provides that federal laws do not automatically supersede state laws in the same field.

He asked managers of the legislation to resume time for him. He reportedly had prepared a speech strongly advocating the measure.

Such a stand by Halleck would only emphasize an already complete split on the measure between the Republican administration and the Republican house leadership.

The bill was introduced by a leader of the southern conservatives, Rep. Howard W. Smith, D. Va. It is described by its backers as an effort to restore the constitutional balance between the judicial and legislative branches, and between the federal government and the states.

But opponents contend it actually is aimed at federal laws in the areas of civil rights and labor-management relations. However, they say, it would create chaos in dozens of fields where both state and federal legislation exist.

Camping Site for Caravan Needed

The Oregon trail caravan will need camping facilities for about 20 persons, as well as barns or corrals for horses when they arrive in Twin Falls, says Juncos Ghin, president of the Twin Falls Chamber of Commerce.

Ghin will work with officials of the Chamber of Commerce in attempting to locate quarters for the caravan.

With a flexible schedule, Ghin says that the caravan's stay in Twin Falls is indefinite, but probably will be around July 10 to 15.

He asked anyone having facilities suitable for the group to contact the Twin Falls Chamber of Commerce, 160 Second avenue north, phone REdwood 3-3774.

Building Planned

Plans to construct a canopy at Sims Red and White drive-in, 219 Washington street, were filed in a building application Monday.

Cost is estimated at \$400.

L. L. Cunningham, 58 Adams street, asked permission to move a 14-by-24-foot building from the 300 block of Third avenue south to outside of the city limits at a cost of \$20.

New doors will be installed and minor repairs made at the station, 159 Fourth avenue south. Cost is set at \$500.

Miss Idaho To Speak for Burley Meet

BURLEY, June 23—Announcement was made at the weekly noon luncheon meeting of the Burley Chamber of Commerce that the new Miss Idaho, Tamar, will speak at the annual meeting of the chamber dinner being Thursday evening at the hotel.

Miss Idaho have been sold, but they wish to see in the lodge room may move their chairs into a room for the program.

V. Hansberger, president of the Cascade corporation will be guest speaker.

James Miller, member of the radio station, who just returned to Burley, was principal speaker at the luncheon.

He said, "Do you men know the valuable assets you have in Burley. We have had the point now where we need more than industrial sites."

He reminded businessmen of the community of the financial results of the recession. "We have a great town that is full of talent and energy."

He continued, "The area can be a national playground by establishing an annual celebration in which everyone can participate."

He said, "The Oregon centennial wagon train will arrive about the 15th. Tentative plans are being made for the location of the grounds near the golf course."

The committee is composed of Jack Snow and Alvin Putnam, who want to do something for this wagon train is welcome to see an opinion or suggestion to the committee.

The second event is Saturday, Aug. 1, when the Idaho State Fair association, which includes 100,000 from southern and eastern Idaho, will hold its annual meeting here.

According to Don Merrill, captain of the Cassia county posse, there will be racing in the afternoon and some of the arena that evening. There will be 400 horses in the arena at one time.

The third special day will be the Simpkins day, Sept. 17. On that day the parking meters will be covered with J. R. Simpkins and the evening the public is invited to a banquet at the Elks lodge at which nothing but Simpkins products will be served. Mr. and Mrs. J. R. Simpkins will be special guests along with key personnel from Burley, Tamar and Rupert areas.

Leo Hidy who attended the Idaho Municipal League convention at McCall over the week-end, complimented the mayor, city council and chief of police on the entertainment from Burley. A complimentary letter with a vote of appreciation was mailed to the mayor and city council Monday.

Attends Meet

SHOSHONE, June 23—Mrs. Harri Thorne returned Saturday night from Salt Lake City where she attended the National Juvenile Judges convention at the Hotel Utah.

Mrs. Thorne, acting as Lincoln county juvenile probation officer, attended meetings pertaining to that work.

She was accompanied by her husband and daughter, Jill.

American Freed From Jail

Robert Peterson, 18, back home in Los Angeles, hugs his mother as he tells of the grim 14 months he spent in a Tijuana, Mexico, jail. Peterson said he was jailed without a regular trial, on flimsy charges. An anonymous Californian, reading of the case in the papers, put up money to have him released on bail, till there can be a formal hearing. (INLA telephone)

Former "Bad Boy's" Youth Work Noted

NEW YORK, June 23—The art of handling troublemaker children is the art of remembering how you felt when you were a child.

That's the philosophy of John H. Tully, and it works.

In 47 years as a teacher, 33 of them as principal of public schools in the Bronx, he has had remarkable success with problem children. His formula is simple.

"I take a bad boy to breakfast, out a bad boy, and I was a bad boy at school," he said yesterday. "I know all their ways and tricks because I tried them myself when I was young."

As a principal, he has had plenty of opportunity to test his ideas, and he never had to rest. Though he believes in being firm, but he has never been a corporal punishment.

He says, "The child is really bad or vicious if handled properly. It means by handling children properly. It means being tough enough not to mix a single day at school in 33 years as principal, enough to spend weekends walking around the neighborhood, seeing that his pupils stay out of trouble and even taking them home with him when they do get in trouble."

It also means finding time to work with a half dozen community youth groups — with which his school work, has brought him so many awards from different organizations.

Award presented. The gray-haired veteran, who

Speakers Noted At LDS Service

SHOSHONE, June 23—Burley state missionaries in the area spoke at the Sunday evening LDS sacrament services. They were Mr. and Mrs. P. K. Stowell and Mrs. Elva Blumner.

James Crest spoke on attending the short course at the University of Idaho the past week.

Burton Thorne, bishop, counselor, conducted Mrs. M. J. Dille as Friday evening instead of a regular meeting.

Guests included Mr. and Mrs. A. McHenry and family. The evening was under direction of Mrs. Frank Stevens, Mrs. Arthur Danks and Mrs. Sam Inskip.

will be 70 next month when he retires, received an unusual award yesterday—the Intrepid medal of the National Association of the Deaf.

He was awarded the medal for his distinction in the service of God through excellent professional performance.

With it came a commendation from the president, the Very Rev. Laurence J. McHenry, S.J., who said of Tully that "in his long years of service he never thought of children as statistics."

Retirement holds no gloom for Tully. He smiled as he said it will give him more time to work with youth groups. After all, he grinned, "I'm still a boy myself."

Hot Tips Used to Make Drive To Airport as Safe as Flying

WASHINGTON, June 23 (UPI)—Most everybody knows flying is safe, except maybe off the coast of Korea. And now they are trying to work out something so we also can count on surviving the drive to the airport.

Records of the National Safety Council show that its true what airline pilots have been saying for years. The riskiest part about flying is the driving from home to plane and vice versa.

With 256 in mind, a St. Louis insurance firm currently is dispensing to air travelers here numerous hot tips for improving their journey prospects on the road.

The firm has parked its "Safe-T-Coach" at Washington National airport, primarily for the benefit of the 300 drivers of a local firm which it insures and which operates cabs and limousines out of the airport, but incidentally for anybody passing through with 10 minutes to travel in saving a fender or muscle a life.

On boarding the bus you meet first "the best safety device" yet invented. This, in a narrow, turns out to be you. This fatality no doubt is calculated to soften you up for what is to come, the burden of which is that the most lethal weapon on the highway today also can be you.

It depends on how you drive. Sealed beam headlights are shined in your eyes, after which it takes three seconds to recover vision enough to see a stop sign. Next time, watch the edge of the road instead of the oncoming lights. This cuts your recovery

against which Whetzel says he issues regular warnings, apparently with considerable effect. He says his transport firm, over a 14-year period, has an unblemished record for safety.

In other tests aboard the "Safe-T-Coach" your vision, hearing, depth perception, reaction time and general judgment all are subjected to question.

What constitutes a passing grade in the course nobody said. But if you conclude to park your car next time and take a cab or limousine to the airport, it wouldn't be surprising if you got an A-plus.

more for your money in two new Chevrons

Yes—both Chevron Gasolines are NEW! Both are up in octane. One of them will give you all the power you'll ever want—whether you drive an older car, an economy-designed '69, or a late-model, high-compression car.

But power alone is not the whole story. We know you're interested in economy, too. That's why both new Chevrons give you these money-saving extras: carburetor-cleaning Detergent Action for better mileage . . . gas-saving vapor-lock protection. They're clean-burning, of course.

Just a tankful will show you. With Chevron Supreme or Chevron Gasoline, you'll find everything it takes—to make every mile you drive a bargain! Plus the friendly service motorists rate "best in the West" in every independent survey.

Queen's Visit In Canada Is Now Success

QUEBEC, June 23 (AP)—After a slow start, Queen Elizabeth II of Canada is beginning to assume the proportions of a major success.

The crowds are growing. There are more and more spontaneous signs of affection and enthusiasm as the Queen and Prince Philip sail up the St. Lawrence river aboard the royal yacht Britannia toward Canada's big cities.

Quebec Flare Wave
Ancient Quebec, the only walled city in North America, is blazing with flags and decorations. The people are lining up with excitement over the possibility of catching a glimpse of the Queen wearing a diamond tiara and a regal gown.

But that's the scenery. Perhaps more significant indications are two thousand waitresses waiting after hours, clapping and cheering, as the Queen and her husband walk through the plant. Virtually entire populations of small towns and cities in the northern part of Quebec province—Bagogville, Chiboucti, Arvida—standing hours in getting into to see the couple pass.

Washing Forgotten
A housewife unable to bring her washing from the clothesline as rain starts to fall, then forgetting it as police sirens signal the Queen's approach.

Members of the Queen's party are frankly relieved. They had been worried by what looked almost like apathy in the first days of the six-week royal tour of Canada.

For both Britain and Canada, this trip has specific objectives. The Queen's purpose is to cement Commonwealth relations, firming up ties between Canada and Britain. The Canadians are using the tour to publicize their great industrial expansion.

COMPLETES TRAINING
GOODING, June 23—Army Pvt. Wilbur C. France, son of Mr. and Mrs. Earl L. France, route 1, Gooding, has completed six weeks of automotive maintenance help training at Ft. Ord, Calif.

Queen, King Visit Mine

Guard at Burley Back From Camp

BURLEY, June 23—Col. Edward Elliott, Burley, regimental commander of the 110th armored cavalry, announced his regiment of the Idaho national guard returned Saturday from its annual two-week period of active duty training at Gowen field, Boise.

"The training conducted during this period was more rugged, realistic and effective than during past periods of active duty training," Colonel Elliott said. It consisted of range firing, tactical unit exercises, tactical firing exercises and night tactical exercises.

"This year for the first time the 110th cavalry was compared with regular army units rather than other national guard units by the evaluators assigned by the sixth army and the results were very gratifying as the regiment showed a 10 per cent increase in ratings over last year," he said.

Wool Pool Sold

SHOSHONE, June 23—Lincoln county wool pool was loaded out this week, totaling approximately 20,000 pounds.

It was purchased by Fred Whitaker company, Philadelphia, with Emory Bryant, Castleford, retail agent here.

Price was 45.13 cents a pound subject to adjustment for irregularities, according to County Agent Howard Manning, secretary of the pool.

West Solons Follow Party On Crop Bill

WASHINGTON, June 23 (AP)—Intermountain and Pacific Northwest senators closely followed party lines yesterday in roll call votes on the wheat and compromise housing bills.

The senate voted 44 to 40 to raise the wheat price support level to 90 per cent of parity and cut acreage allotments by 25 per cent. The house has passed the bill. The other measure was the compromise 1 1/2 billion dollar housing bill. It passed by a 56 to 31 vote.

Oregon Democrat Richard Neuberger was the only senator from the region to switch votes between the two measures. He voted for the housing bill and against the wheat measure.

On both bills, Democrats Frank Church, Idaho, and Frank E. Moss, Utah, were among majorities voting for passage. Republicans Wallace F. Bennett, Utah, and Henry Dworshak, Idaho, voted against passage.

Other Democrats for passage were Bible and Cannon, both Nevada; Jackson and Magnuson, both Washington; Mansfield and Murray, both Montana; McGee, Wyoming, and Morse, Oregon.

Men Fined

BOULDER, June 23—Albert Hufley Buhl, was fined \$50 plus costs Monday by Police Judge Bernard Starr and is in the Buhl city jail in lieu of the fine. He was arrested Saturday night by Buhl Policemen Clarence Yngst for disturbing the peace.

Donald L. Martin, Twin Falls, was fined \$10 plus costs Monday by Judge Starr for having loud mufflers on his car. He was cited by Patrolman Yngst.

Bicycle Hit

BURLEY, June 23—Buddy Fisher, 4, son of Mr. and Mrs. T. R. Fisher, 1616 Overland avenue, Burley, escaped injury when "he bicycle" he was riding about 6 p.m. Monday on West 26th street was hit by a 1954 Chrysler driven by Harold H. Hunsford, Burley.

Hunsford told Burley police that the boy rode onto the road into the line of traffic from behind a hedge.

parked car. Hunsford said he had to swerve off the road into a ditch, knocking the Fisher boy off balance.

What Rambler's Success Means to Every Motorist

"Show me a Rambler owner and I'll show you a Rambler salesman"

WE Rambler owners are the most enthusiastic "car salesmen" you ever met. That's one reason why Rambler is the biggest sales success in America today.

Here's what we Rambler owners told Popular Mechanics Magazine:

Every month, Popular Mechanics surveys 1,000 new-car owners of one make of car. In the May 1959 issue they reported: "RAMBLER OWNERS are a happy bunch... and owners of the Rambler Six are happiest of all. Not one owner of a Rambler Six rates his car 'poor'."

Best Record by any American Car

"Actually, less than one percent (0.9 percent) to be precise) of all Rambler owners give their cars a poor rating. This is the best record achieved by any American car since our Owners Report series began in 1939... usually four or five percent rate their cars 'poor'. Occasionally, as many as 10 percent."

Read these excerpts from Popular Mechanics and see what we owners like best about our Rambler:

"We are averaging 19 miles per gallon over-all and feel that this Six will get from 23 to 25 miles on long trips."—New Mexico office manager.

"The ride is a pleasant astonishment to us all."—Ohio school supervisor.

"Body is very tight. Usually by checkup time there are rattles to be taken care of. Rambler has none."—Maine housewife.

"Gasoline and oil bills are almost half what they were

In my previous car."—N. M. secretary.

"This car was finished at the factory. The dealer didn't have to finish the job as is the case in so many other makes."—Nebraska banker.

"Can park the car in the garage without having to add onto it."—North Dakota supervisor.

"Its maneuverability in traffic has cut 10 minutes off my driving time and to work from."—Washington, D. C., scientist.

"Styling is smart and modern, but not gaudy."—Virginia mathematician.

"Ample space... actually almost as large as the so-called large cars."—Alabama engineer.

"Good looking in front and rear."—Pennsylvania schoolbus contractor.

"Individually adjustable front seats mean I am not crowded when my wife (who is shorter than I am) drives."—Vermont engineer.

"Very good roadability. Very stable on corners."—Montana salesman.

"The V-8 has good power and pick up. It will stretch out if need be."—South Carolina payroll supervisor.

"You can get in and out of it easily."—Michigan school director.

"Comparable competitive cars were \$300 to \$400 higher and the Rambler finish puts them in the shade."—Louisiana attorney.

Owners know that Rambler gives them basic excellence—the best built, finest quality car in America. That's why most of us tell everybody—including the folks from Popular Mechanics—how happy we are with our 1959 Rambler. And you can bet that this "word of mouth" selling is one big reason why Rambler is the success car of the year.

Rambler outsells all but two American makes in state after state—from Maine to California.

Rambler outsells all of the five most popular foreign makes combined.

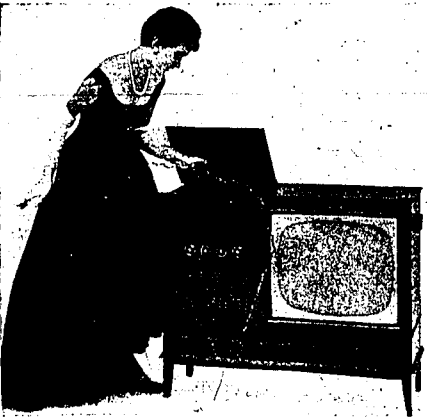

If the 1959 models of the make you're driving now have staid and priced themselves out of all reason, why don't you do like I did? See your Rambler Dealer. You'll soon be one of Rambler's best salesmen, too.

yesterday's luxuries are today's necessities

everyone benefits from modern

All Electric Living!

Consider it one of the wonderful facts of life today that homemakers can enjoy a standard of electrical living which would have been impossible just a generation ago! Pushbutton electrical living—now within the means of all—provides more hours of time for the really worthwhile things in life . . . pleasures denied an earlier generation bogged down by the drudgery of maintaining their homes. So, enjoy these new-found luxuries! In using them, you make your homelife more pleasant and probably find yourself performing services for your school, church and community you wouldn't have dreamed of taking on just ten years ago!

High Speed Electric WATER HEATING

New 3-times-faster electric water heaters provide all the hot water you want without flame or fumes. They're fast, safe, quiet and dependable and can be installed anywhere.

Automatic Electric COOKING

Kitchens stay clean, easy to keep clean. Thermostat controls, meat thermometers and timers let the food cook itself while you do other things.

Automatic DISHWASHING

It's better to buy a dishwasher than be one! Gives you time to be with guests or family after meals—Leaves dishes cleaner and more sanitary.

Automatic ELECTRIC LAUNDRY

Takes the drudgery out of washday . . . eliminates bending, lifting, stooping, stretching. Flameless drying . . . lets you dry clothes safely day or night without weather worries.

Air COOLING and CLEANING

Modern developments make refrigerated air cooling and electronic cleaning useful services available to all. Select your temperature at a turn of the dial. Keep air sweet, clean, dust and pollen free.

FULL HOUSEPOWER Is Essential

To enjoy full advantage of modern electric living requires wiring for the major appliances, plenty of circuits and outlets . . . available through "SERVA" electrical contractors.

Family ENTERTAINMENT

Electric television, radio, Hi-Fi and stereo sound provide a "wealth of entertainment and education for the whole family, makes child care and training easier.

Now . . . Electric HEATING!

Your electrical contractor can offer wonderfully convenient electric heat for your home! It's clean, safe, silent, fingertip controlled. Be sure you have careful planning, complete insulation and proper installation!

There is a member firm near you.

WHEREVER YOU LIVE IN
SNAKE RIVER VALLEY,
"SERVA" IS SERVING YOU!

CONVENIENCE APPLIANCES

Vacuum cleaners, food mixers and blenders, knife sharpeners, coffee makers, fry-pans, waffle irons, steam irons . . . a wide selection of helpful REDDY appliances at your electrical dealer's!

Dependable "SERVA" SERVICE

Electronics and appliance repairmen members of Snake River Valley Electrical Association will be found dependable and responsible businessmen, interested in serving your needs promptly and efficiently.

Champ Completes Gym Workouts for Match Thursday

CHATHAM, N. J., June 23 (AP)—Heavyweight champion Floyd Patterson Monday finished his training for Thursday night's title bout with Ingemar Johansson with another two-round workout in his steaming indoor gym. Trainer Dan Florio had to caution the 24-year-old champion several times to "cool."

Mrs. Purves Wins Country Club Tourney

up when he started to batter his sparmates. Patterson appeared on edge and eager for action. In one round against Bill Fierlo, Patterson, who weighed 175 pounds, Patterson cut loose with a hard right and staggered his opponent.

"Whoa, take it easy," yelled Fierlo from the side of the ring. When Lew Jones of Rockford, Ill., climbed through the ropes for his one-round outing the champ slapped hands at the body. Jones, a 165-pounder, threw a right hand foot similar to Johnson's, reported knockout style and Patterson

He then unleashed a nine-punch body barrage, grunting while he whaled away with both hands until Florio yelled "cuse up."

He expects to come into the ring Thursday night in Yankee Stadium between 181 and 183 pounds. In his fourth defense May 1 in Indianapolis against Brian London he weighed 182½.

Patterson said he had no fixed battle plan. "Johnson is sup-

posed to be a great right hand puncher," he said, "but how do I know? Maybe his left hand is his best punch. I will be ready for anything. Despite what everybody says, I think the London fight helped me."

Boos' Hall Tons

Bees Trail Top Pitchers in PCL

By The Associated Press

Dick Hall of Salt Lake City stands tall on the mound and high on the list of Pacific Coast league pitching statistics. The 6-foot, 6-inch righthander has a 7-3 record and an earned run average of only

Hall's ERA is exceeded only by that of Bud Podbielan of San Diego, who has a 1.12 ERA and a 6-0 record for 64 innings, and by Roger Bowman of Sacramento, with a 2-0 record and an ERA of .00. Bowman, however, does not qualify for the pitchers race since he has worked only 20 innings and

Workhorse of the league is Sacramento's Joe Stanka with 108 innings on the hill. Stanka, with a 9-3 record, is also the league's winningest pitcher since Eddie Fisher, who had chalked up 10 victories, left the Phoenix Giants for the San Francisco Giants.

New Clinic in Eastern City Free for Old

PHILADELPHIA, June 23 (U)—The little old lady looked as healthy as a bowl full of pippins on a farmer's table.

So the doctor, thinking it just a friendly call, asked politely: "What do you think of our new clinic?"

"It's fine, what I've seen of it," she replied, all business. "I must be one of your first customers."

"You mean you want?"

Physical Exam Asked She clipped him short with a bob of the head and this jaunty confirmation: "Yes, a complete physical. Not that I'm sick. No serious complaints anyway. Touch of asthma. And I could do with a washing machine. Best using a scrub-board for dentistry's years. Maybe a good fairy will give me one for a birthday anniversary. I'm 82 today."

A most remarkable woman, this Mrs. John T. Styring, the doctor summed up after they examined her in a new clinic exclusively for older people who needn't pay a nickel if they don't want to. It's a splendid thing there is no clinic quite like it anywhere.

It was an altogether fitting final run for the clinic's formal opening in tomorrow's "Phony Bop" church in Northeast Philadelphia.

Restricting its clientele to those drawing social security—women over 62, men over 65—the clinic asks of the patients no more than a donation of a dollar or two, and that only if it doesn't hurt. In return, the patients get the full diagnostic treatment.

It is a community project, made possible because the doctors donate their services; the clinic asks no rent, and good neighbors contribute money. Funds have come from as far away as Chicago.

Church Officials Guests at Home

KING HILL, June 23—Dr. A. Walton Holt, area representative of the Idaho Synod of the United Presbyterian church, Salt Lake City, and the Rev. and Mrs. Richard K. Smith and sons, New York City, were luncheon guests Saturday at the home of the Rev. and Mrs. H. L. Barnes and family.

The Rev. Mr. Smith is an associate secretary of the Board of National Missions of the United Presbyterian church, headquarters are in New York City.

Senators Shake Hands After Strauss Denial

Senate leaders in the battle to deny confirmation to Adm. Lewis Strauss as secretary of commerce join hands in a hallway of the senate office building in Washington, after the senate voted 49 to 46 against Strauss. Left to right are Joseph C. O'Mahoney, D., Wyo.; Clinton Anderson, D., N. M.; Wayne Morse, D., Ore.; and Gale McGee, D., Wyo. Strauss was the eighth cabinet nominee in the entire history of the nation to be denied confirmation by the senate. (NEA telephone)

children. No community property is involved.

Stephan Stinson asks for \$150 monthly support for her and the children; custody of the three children and \$150 attorney fees if not granted.

She is represented by Rayburn and Rayborn, Twin Falls law firm. John H. Dutton charges extreme mental cruelty against Mrs. Claudia K. Dutton. They were married June 29, 1955, at Murfreesboro.

Dutton would give her all miscellaneous household and kitchen furniture, except a vibrating reclining chair. He asks the reclining chair and a 1958 Chevrolet.

Rayborn and Rayborn, Twin Falls law firm, represents Dutton. Mrs. Dixie Lee Roberts asks David Joseph Roberts, charging cruel and inhuman treatment. They were married July 19, 1953, at Salt Lake City, and have one child.

She asks approval of a property settlement agreement, custody of the child with reasonable visitation rights for Roberts and \$35 monthly support.

She is represented by Stephan Stinson and Hesp, Twin Falls law firm.

Mrs. Marlene Stinson sued Bill Stinson for divorce charging extreme cruelty. They were married March 16, 1952, and have three children.

North Idaho Lake Resort Gets Permit

BANDPOINT, June 23 (U)—Judge Robert McFarland of the Elmore judicial district court in an order disclosed yesterday has instructed Earle E. Koehler, state law enforcement commissioner, to issue a license to a north Idaho lake resort to serve liquor by the drink.

The action was taken under provisions of the 1955 law which authorized licenses for such resorts, even though they are outside the boundaries of an incorporated city or village.

Idaho's basic liquor law specifies that by-the-drink licenses can be issued only to establishments within incorporated municipalities. But the legislature several years ago made one exception: golf courses, and the 1955 session added the lake resorts.

The law, however, failed to set up a schedule of fees to be charged.

The order signed by McFarland asks Koehler to establish a schedule of fees and to issue a license to Sutton's resort, Priest Lake, the plaintiff in a petition.

ITALY LAUNCHES SUB TARIANTS, Italy, June 23 (U)—Italy this week launched the submarine Bario, the first built in Italian shipyards since World war II.

Lost Tot, 10, Is Found Unhurt

REXBURG, June 23 (UPI)—Searchers yesterday found a 10-month-old Whitlitt, Calif., tot in brush near here ending a five hour search in rough country about 10 miles from Rextburg.

The little girl, Wend Gardner, daughter of Mr. and Mrs. Kent Gardner, wandered off from the home of some relatives about 7 p.m. Sunday and touched off a search that included 250 people.

The child was found sitting on a rock by Mr. and Mrs. Leonard Clemens and Russell Grover not more than 100 yards from a canal and the deep Snake river.

She was uninjured and apparently none the worse for wear from the episode.

Smokejumpers Stamp Out Fire

MISSOULA, Mont., June 23 (U)—The forest service yesterday for the first time this season in region 1, sent smokejumpers to a forest fire.

Four men parachuted to a small lightning-caused blaze on Elk ridge in the Nez Perce national forest not far from the Salmon river.

Officers said the fire would be classified as less than a quarter-acre. It was in an old burn having considerable down timber.

No Worse

TATTEL, June 23 (U)—A Taipei woman has been freed 40 to 50 rats every night for the past six months.

Mrs. Rao Lai Chao-chi, 57, says she does it to prevent them from getting lured into traps.

"Fate," Mrs. Rao declared, "are no worse than many human beings."

DEATH INVESTIGATED

GALESBURG, Ill., June 23 (U)—The mother of George Reeves, television's "Superman," said yesterday she doesn't believe her son killed himself. She said she hired a Hollywood attorney to investigate the case.

Alexander Graham Bell, inventor of the telephone, also was interested in aviation. He called it "mechanical flight."

The Pacific Northwest Goes First Class with NATURAL GAS

For tempting good food and draft-free, comfortable warmth—fine restaurants and fine homes use NATURAL GAS

Bush Garden, internationally famous Japanese restaurant whose delicious and exotic dishes lure Seattleites and visitors by the hundreds each evening, uses Natural Gas to cook sukiyaki "on table" directly in front of hungry guests' eyes. Natural Gas is also used to heat Bush Garden—so stocking-footed guests (Japanese style) keep comfortably warm from head to toe.

SUKIYAKI... Bush Garden's specialty, prepared at your table over a NATURAL GAS burner

MR. SEKO'S SUKIYAKI (served 8)

- 2 1/2 pounds sukiyaki beef strips
- 5 sets, as required
- 1 small egg bamboo shoots
- 4 bunches green onions in 1 1/2" lengths
- 2 large dry onions, sliced
- 1 small egg yolk noodles
- Optional: 4" cubes soy bean cake, 1 can mushrooms, 2 1/2 cups celery, handful bean sprouts, garnish of green onions

SAUCE: 1 cup soy sauce, 1 cup water, 1/2 cup sake (rice wine), 3 drops, sugar

Like Portland's other fine dining places, the Hotel Benson finds natural gas best for preparing its epicurean meals. At right, Portland's Charles Gueffroy and TV's Miss Julia Meade await their steak and shish-ke-bob in the Benson's famous London Grill—one of the favored dining spots for Centennial visitors.

PACIFIC NORTHWEST PIPELINE CORPORATION

See the full color SUKIYAKI RECIPE in SUNSET MAGAZINE, July issue, on sale now or ask your local GAS COMPANY.
