45 Killed on Area Roads During '59

Eight fewer persons were killed in traffic accidents on Magic Valley highways during 1959 than the previous year as the year faded into 1960 at midnight Thursday. No major auto mishaps were reported on valley roads during the New Year's eve celebration as snow fell steadily most of the day and evening and slowed travel almost to a halt throughout the valley.

A total of 45 lives taken in traffic mishaps during 1959 is only a sharp decrease from the 53 deaths noted in 1958 and the record total of 58 killed in 1954 in Magic Valley.

Twin Falls county noted the greatest decrease in 1959 with only five traffic deaths compared to six in 1958. Other decreases noted in traffic deaths in Twin Falls county in 1959 that could be attributed to "drunk driving."

The county occurred in accidents at intersections of county roads two as a result of a two-car collision on U.S. highway 30 and one was a pedestrian who died after being struck by a car in Twin Falls.

In addition, Magic Valley counties tallied up traffic deaths during 1959 with Challis county leading with 11 fatalities as compared to seven in 1958. Canyon county closely showed a marked increase over the 1958 period with five deaths in 1959 as compared to one in 1958.

Idaho Boasts One Running For Congress

BOISE, Jan. 1 (AP)— Only one announced candidate is in the race as Idaho begins its election year.

The lone candidate running is State Rep. Joseph Gary Plummer, a full-blooded Indian, who seeks the Democratic nomination for U.S. Senate.

He is supported by Republican Henry C. Dworshak.

The 1959 legislature moved the date of the primary election from August 11 to June 10, precluding the possibility that he would be a stumper to get in the lists early.

It has not turned out that way, however, and the one announced candidate is only making his bid late (on-year).

Advancing the primary election day moves up the nominating deadline, which may be as early as March 24. The last day for filing is April 23.

The primary election will be June 10, and will come June 28. A runoff will be necessary if no candidate receives 40 per cent of the vote cast in the primary.

Idaho also has one United States senator, two representatives in congress, and two justices of the supreme court this year. Terms of office officials do not expire this year.

The state also will elect a legislature, 44 senators and 59 representatives.

Dworshak, who has represented Idaho in the Senate most of the time since 1946, is expected to run again. He is the only member of no opposition in the Republican primary.

Similarly, Idaho's two representatives in the first district and Republican Homer H. Budge, Boise, in the second district, are expected to seek reelection. Neither is likely to have opposition.

Mother Fine, Dad Shockup

EDWARDSBURG, Mich., Jan. 1 (UPI)—When Mrs. Walter H. Chmura of rural Edwardsbury felt pains coming while she was called her husband, she told him it was time to go to the hospital.

Her husband hurried her into the family car and prepared to drive to the hospital. A neighbor offered his car but it ran out of gas. Another car was secured.

She failed to make it to the hospital in time. Mrs. Chmura told the driver to stop. He did, in front of the Pier-Mayne funeral home.

Her husband arrived at the funeral home and with the help of the funeral staff gave birth to a seven pound two ounce boy.

Both mother and baby were reported in excellent condition yesterday.

Minidoka Project To Receive Most

BOISE, Jan. 1 (UPI)—The Minidoka dam project will receive the largest share of the 1960 budget of reclamation appropriation.

Harold T. Nelson, regional director of the Bureau of Reclamation, said the project, which includes Palisades dam and reservoir and all its power facilities, will receive \$100 million in the fiscal year ending June 30.

The Boise project will draw \$46,075 for operation and maintenance and \$41,640 for rehabilitation work.

Other projects with lesser amounts are the Little Wood river, North Fork Salmon River, the Minidoka project, Palisades, Michael flat and the Rathdrum Prairie project in Kootenai county.

New Fallout

WASHINGTON, Jan. 1 (UPI)—A public service-television reported yesterday that it had found unreported radioactive materials in fallout material from a nuclear test.

But Mr. Charles Dunham, the atomic energy commission's chief of biology and medicine, when told of the report, said the materials definitely could not pose a health hazard as regards nuclear tests, although they would add to the radiotoxicity hazard in event of nuclear warfare.

NAASSER'S DOMINANCE NOTED CAIRO, Egypt, Jan. 1 (UPI)—President Gamal Abdel Nasser's domination of the United Arab Republic was underlined yesterday with the resignation of four Syrian cabinet members, including Vice President Akram Hourani.

Labor Leader Notes Threat To Unionism

Plante Uses Pep Pills to Better Game

By The Associated Press

Every time goaltender Jacques Plante of the Montreal Canadiens adds a new name to his National Hockey League career he stirs up a controversial storm, nevertheless the Canadians keep on winning.

Plante's latest addition to his repertoire of gimmicks is a pop pill.

He had taken one before each of the last two games and was prepared to take another one Wednesday night. He decided at the last minute, however, to do without the pep pill and instead effort as the Canadiens defeated the Toronto Maple Leafs 3-2 in the night's only game.

Montreal, which won the Southeastern conference title, is 10 points over Missouri, the four-time beaten Big Eight conference runner-up.

Plante revealed Wednesday he made the arrangement.

The Buhi Indians, who lost their first league contest last week, will play the Lemoore Vikings, who have one win apiece again no losses. The Oakey Hornets, holding a four-game winning streak, will travel to the Bobcats this time along with Bob White, first president of the PTA.

The Indians are ready to host the Indians and Vikings joined by the Lemoore, birds; Edward Schmitt, delegate at large.

The Indians, who are the local conservationists, showed films on duck migration and hatching in the prairie provinces.

BOISE, Jan. 1 — Beaver pelts accounted for two-thirds of the value of the state fish and game department's trapping harvest.

In non-conference battle, the value of pelts was \$1,000 higher than Hagerman for a rematch. The Vikings took the Pirates in their first meeting.

Plante revealed Wednesday he use of the pills.

He had taken one before each of the season. Bobby Fulford scored a hat trick in the first period and was prepared to take another one Wednesday night. He decided at the last minute, however, to do without the pep pill and instead effort as the Canadiens defeated the Toronto Maple Leafs 3-2 in the night's only game.

"I can't feel anything last weekend, but maybe it works. I know I took them before two games and let in three goals altogether. After I get readjusted, I stop."

Extension Denied For Duck Season

WASHINGTON, Jan. 1 — The fish and wildlife service Thursday rejected proposals for extension of the duck-hunting season in states which have large numbers of birds in the general pattern of shortage.

There had been suggestions for extended seasons particularly in the West where the number of ducks in some areas are in short supply. The season varies in different areas but will be over in all states Jan. 15.

It was proposed that as a result of a shortage in migration, caused by weather and food supplies, it is not uncommon for the duck distribution pattern to change from year to year.
