#### TUCKER'S NATIONAL WHIRLIGIG SHOTS

FRIENDLY TOWARD SYMPACTON\_WID the k-the Negr the preside Rockefe Stra

Yet it is one of the tragedies of this age that in some places they have flared too quickly. The people who today are convert-ing into reality their aspirations for free-dom are not in every case ready for it. Those who are just now achieving inde-pendence in the Belgian Congo Illustrate this differently.

his difficulty. For long years the ruling colonial Belgian overnment managed the Congo with al-nost model administrative efficiency. Congo with al-tive efficiency. advantages were given the native olese which subject peoples in other s never knew. Only toward the last did an policy begin to seem, in some re-

VOTING gian policy begin to seem, in some re cts, shortsighted from the humane view point. At no time, however, did the Belgians make those efforts which would have pre-pared the Congolese properly and fully for self-government. They did not afford suf-ficient education. And they failed to train and use the natives in civil service and other envernment, beds.

He is als

we were naveres in evil activice and other overpriment bosts. Now the Congoises are coming into their win. Despite its failures of preparation, the cigian government has wisely bowed be-for the surging nationalism faming out orer Africa. But this present gesture of good nate does not end the problems of the Con-less. Biology will instead be magnified a "De free averta description." 1957 civil rights bill ee, where it mish? free world, deeply concerned that in-

The free world, deeply coherned that in-perdence for the Congoless and for all merging Africans will work, must hope had in this deleate and dangerous begin-ing period the people of the Congo choose beep close ties with Beiglum. The new uitual cooperation pacts are a good begin-ing NEGRO VOTE MAY HELP SYMINGTON-Sen-ator Symington gast a "correct" ballot 23 times and only one "wron d 21 "wron

ning. Even though it is late in the day, much could still be done in a coopernitive effort: between the Beigians and the Congoless to train the latier for the tasks of govern-ment. While such a program. Weni, forward, the burdens on Patrice Lumnumbar, dirsh field of the independent union, would in any event be trymendous.

VIEWS OF OTHERS

The says he wants friendship and economic ollaboration with Belgium. Obviously, in he conomic field us in the political, a close forking together seems vital to the safe aunching of this new free country. reader of

The colonial peoples are rising. They will gain freedom whether prepared for it or not. Those who have had it a long, long time must do all they can to easy the way for new converts like the Congolese. ford to get sick any more. Pill

ther, nothing ain't high-ng am't high at your ine nears 35c a gallon. and may we add that

IGNORE "MR. K" Adial Stavenson's advice that boil 1960 presidential nominess act quickly to toss Soviet Premier Khruishchev out of the cam-paign is well considered. Khruishchev has been extremely irrew with comment on the American election. Both parties naturally fear that he could have some effect by "endowing" one on the atterflat, will you come and fix w you won't. If our carbureto
