THE FARM (ROBLEM

Trespective of which presidential candidate is elected. Vice President Mison
Senator Kennedy, it will be interesting to
see who becomes our next scentary of agriculture to succeed Extra Tail Busson.
The government's so-called farm program
into the political issue during the present
any other political issue during the present
campalge, and Secretary Busson has been
made the whipping boy for most of the criticities.

camplang, and secretary formed of the critical content of the willping boy formed of the critical content of course, because that's a convenient, method of relieving congress of any responsibility. But to assume that Benon, Is, antitrity at fault for all the bunging in seeks of the content of the content

A wire story out of Washington recently champions the sinted out that while the farmers are get-frent because for g slightly more for their products, the billity and its fit of everything they shy in the way of eventual rarge ulpment and supplies it dispreportionate.

Other political maneuvers such as showig favoritism to organized laber have playd no little Part in establishing the high
rices for everything the farmer has to buy.
The Times-Newa, along with everyone
tes in this valley, realizes that the farmer
the backbone of our economy. To minitize or "belittle" that fact would be folly,
us for the Times-Newa from politicals, to
overtiment for a solution to our farm probmis to large extent not only a waste of
mis to large extent not only a waste of

s to large extent not only a waste but a ridiculous waste of money.

Farm Problem." he described the "farm ram" as a "multibillian-dollar failure" pleaded with the average voter that v is your chance to insist that both ces face up to the mess our wasteful volume thinking combines as follows: loss of these so-called cures (for the problem) have been a heavy drain on treasury and have provided little to voe the detectionthy farm situation. The primary aim of the farm program to compare fair viets for farmers. This be conver fair viets for farmers. This

Wilson-Bates Appliance

Contains patented Color Check to watch your cooling system for youl

Nobody wants to drain anti-freeze-and with Du Pont "Telar" you no longer have to!

"Telar" is the first and only antifreeze you can softly leave in as long
as your car's cooling system is mechanically okay. "Telar" is a summer
coolant, too. And it contains patented
Color Cheek to watch your cooling
system for you ther sulf-freeze system for you.
Aren't three other sulf-freeze specially of the contains of the contains of the commend draining.

Why doesn't "Telar" need draining?
"Telar" is a patented new formularetunive with Du Pont. It stands up and stays fresh where others break "Telar" is the first and only anti-

down. When mixed with ordinary water, it rutsproofs every engine metal—even the new aluminum alloys—with a chemical armor. This chemical armor is not just a film that can wear off; it becomes port of the metal surface, preventing ruts from forming.

forming.

How does: "Tain" maintain cooling in sammer? "Telar" has a higher boiling point than water. "Telar" prevents rust elogging, chief cause of engine overheating; it keeps the cooling system clean and free flowing. It's ideal for care with air conditioning. "What is Color Cheek? It's an erclusive feature of "Telar". It mechanical cooling system failure contaminates the solution of "Telar". Color Cheek lelay ous ob changing the solution's color from red to yellow. It is the only

time you drain and replace "Picks".
In Du Pont's five years of test this rarely happened.
What about cest: "Telar" saves you money. It lasts year after year, You how you ly the degree of anti-frees-protection your climate require. Any make-up occasionally needed to replace normal loss is slight.

See your command and a manifer and a man

place normal loss is slight.

See your servicing dealer soul
There's no reason to wait because
"Telar" goes in for keeps, protects
in warm weather as well as cold.

Only \$500 per gallon for the ultimate cooling system protection
