Tentative County Budget Of \$2,121,468 Scheduled; Up \$9,804 Over Last Year

A tentative budget of \$2,121,468 for Twin Falls county for 1961 was approved by the county commission Wednesday. It surpasses that of 1960 by \$9,804. The commission will meet at 10 a.m. Feb. 13 to consider the final budget. Current expense budgets showed a slight increase over 1960 with \$446,830 budgeted against \$432,335 in 1960. Six offices and funds showed increases of \$1,000 or more, three were down \$1,000 or more and six showed no appreciable difference over funds budgeted in 1960.

Liberals Defeated On Anti-Talk Law

WASHINGTON, Jan. 12 (AP)—Defeated in their drive to strengthen the senate's filibuster rule at the outset of the new congress, liberals took a glum view today of their chances for success.

"A devastating blow," said Sen. Kenneth B. Keating, R., N. Y., who sponsors a rules change necessary to permit passage of meaningful civil rights legislation.

Sen. Richard B. Russell, D., Ga., leader of southern foes of the move, hailed the outcome as "a great victory for the sanity, dignity and prerogatives of the senate."

The controversy was shunted off to the senate rules committee yesterday by a 50 to 46 vote.

A similar liberal-conservative row in the house reached the committee stage yesterday. It revolves around the house rules committee and its conservative coalition of Republicans and southern Democrats which in the past often has blocked social welfare legislation.

Speaker Sam Rayburn settled on enlarging the committee as the most painful way of curbing the coalition's power to keep bills locked in the committee.

Aides for Kennedy Expect Space Loss

PALM BEACH, Fla., Jan. 12 (AP)—The United States probably will lose the race to fire a manned space vehicle into orbit around the Earth, President-Elect John F. Kennedy's space task force has reported. The group called for an urgent effort to develop a more powerful thrust spacecraft—the field in which the Soviet Union has been consistently ahead—and said better leadership of the whole military and civilian space program is imperative.

Skiing Good

Good skiing conditions for week-end at Magic Mountain ski area south of Hansen. Snow predicted Thursday by State Jones, operator. He said 2 to 4 inches of powder snow fell on top of a 26 to 30-inch base.

River Fined, Sentenced on Topsy Charge

James W. Alexander, route 1, was fined \$300 and sentenced to 30 days in county jail Thursday by Twin Falls Justice of the Peace Robert E. Jones for drunken driving. His license was revoked for 30 days.

The fine was not paid and he was committed to the county jail. Jones said the jail sentence was suspended upon payment of the fine.

Alexander was arrested by State trooper James Gerke Tuesday and a half mile south of Twin Falls on Highway 74.

James E. Rummel, Murlaugh, arrested at the same time and charged with being drunk in a public place. Jones fined him \$25 and sentenced him to 30 days in the county jail.

James E. Severson, 34, Heyburn, was fined \$25 by acting Burley Justice of the Peace James Annett Wednesday afternoon for a stop sign violation.

William E. Cox, 35, Burley, was fined by Judge Annett for going 40 miles per hour in a 35-mile zone.

Warren R. McIntosh, 16, Oakley, fined a \$12 bond in Burley police court Thursday morning for going 40 miles per hour in a 35-mile zone.

Barry Gibson, 17, Acquia, was fined \$15 and costs by Ruppel, Burley Justice of the Peace Wednesday afternoon on Page 2, Column 1.

"Fiction"

WASHINGTON, Jan. 12 (AP)—President Eisenhower today disputed Kennedy's space adviser and said the so-called "missile gap" between Russia and the United States shows every sign of being "fiction."

The President defended his space, missile and defense programs in a farewell state of the union message to congress in which he urged resistance to overspending on defense.

which the Soviets have scored heavily since they placed the first satellite in orbit, is a prime consideration in space policy.

The official goals of the U. S. Project Mercury are a short manned space flight in April or May and a manned craft orbiting the Earth late this year. There has been unofficial word that the program is far behind schedule.

The Soviet Union has made no exact target date public. But Premier Khrushchev said in September they were ready to launch a man into space. There were reports yesterday of Soviet ships moving into the Pacific, possibly for a missile shot.

The task force said the first manned voyage into space is not far off.

NEWS BULLETINS

TWIN FALLS, Jan. 12 (AP)—The atomic energy commission disclosed today that one of three men killed in a reactor explosion at a facility near here last week was "alive when taken from the reactor." The AEC said the man was taken from the reactor at 10:35 p.m. after the explosion.

WASHINGTON, Jan. 12 (AP)—The health care program advocated by President-Elect John F. Kennedy emerged today as a clear winner in the White House conference on the aged. The outline of Kennedy's proposal to provide health benefits for persons over 65 by raising social security payroll taxes became part of the conference record at a closing session.

WASHINGTON, Jan. 12 (AP)—State department officials said today that the United States is backing the pro-western government of Laos in its effort to win the war against the communist forces of the North. Other authorities recognized the possibility of a long and bitter phase. An air strike against rebel forces, reported from Laos today, was the first of the long civil war in Laos.

BRUSSELS, Belgium, Jan. 12 (AP)—Premier Gaston Eykens, expected to be elected next week, today announced he was suffering from a severe overstrain.

Ike Hopes U.S. Can Be Kept at 'Record Height'

WASHINGTON, Jan. 12 (AP)—President Eisenhower described America today as standing at unprecedented heights, and asked prayers that future leaders will be able to keep this nation strong and at peace. In a farewell state of the union message, the 70-year-old President reviewed for congress the years of his administration and saw them as a period in which this country forged ahead in foreign and economic policies. But he solemnly noted that grave problems will confront the incoming administration of President-Elect John F. Kennedy — the continuing communist menace in many parts of the world and economic ills which leave "little room for complacency."

Developing of Snake Power In Area Urged

POCAHELLO, Jan. 12 (AP)—An army engineer said yesterday the upper Snake River basin must develop new power resources by 1970 or face deficiencies.

Howard Preston, assistant engineering chief for the corps of engineers, Walla Walla, Wash., presented one of our reports on the basin at a meeting of the Columbia Basin Inter-Agency committee.

He said present generator capacity in 26 upper Snake plants on the Snake in the Hell canyon region will boost basin power to 1,670,000 kilowatts.

Preston said there is a power surplus now, but normal economic and population growth indicates the total supply will not be enough by 1970.

The results of public hearings here, and last month in Idaho Falls, Twin Falls and Boise, will be sent to higher agencies for consideration as recommendations to congress.

David Crandall, Boise, area engineer for the reclamation bureau, said greater use of water in new projects would reduce the outflow of unused water. Milner dam in central Idaho is a key point in future planning, he said, because the water spilling past that dam could be retained in upstream reservoirs and used on new lands at Raft River, Oakley and Salmon Falls, and for supplemental use at Swan Valley and Lake Channel, for instance.

Upstream sites at Granite creek, Hoback river and Elbow-dike on Greys river were the ones he mentioned for use to retain the water now going past Milner dam.

R. L. Pence, Burley Civic Leader, Dies

BURLEY, Jan. 12.—Robert L. Pence, 73, died at the Cassia Memorial hospital Wednesday after a year's illness. A Burley resident for 40 years, he was an active civic leader, serving as secretary of the Elks lodge for 27 years.

He was born April 3, 1887, at Palsades, Neb., and his family moved to the Black hills in eastern Wyoming when he was a youngster. In 1893, they came by covered wagon to Ault, Colo. He attended schools there and Colorado Agricultural college, Greeley.

In 1909 he came to Idaho, settling in Jerome. Mr. Pence was the first manager of the Jerome Mill and Elevator company. As a produce dealer he shipped the first potato seed into the Jerome area from Colorado.

Later with a partner he opened a combination produce company and automobile agency which was the first car dealership in Jerome. In 1920 Mr. Pence moved to Burley where he has since resided.

He went into business here with John Selvendy dealing in seeds and grains. In 1925 they acquired an elevator at Deeds which Mr. Pence operated until his retirement from active business in 1939.

He continued operating a large warehouse on the west of Burley for some time. Mr. Pence has been a member of the Burley Elks lodge since 1924, serving as secretary for the past 27 years. He was exalted ruler in 1933 and district deputy grand exalted ruler for Idaho east in 1949.

Mr. Pence was on the board of directors of the Idaho Elks rehabilitation center from its beginning in 1947 until his health forced his resignation last year. For many years he was Cassia county chapter chairman for the polo foundation.

Mr. Pence married Mrs. Clara Thaxton Nov. 15, 1913. Survivors include three daughters, Mrs. Pearl Armstrong, Riverside, Calif.; Mrs. George Carmody, Burley, and Mrs. Hal Jolley, Twin Falls; three sons, Robert L. Pence, Jr., Ogden; R. Lamar Craner, Burley, and James Thaxton, Sacramento, Calif.; several grandchildren and great-grandchildren.

Funeral services will be held at 2 p.m. Saturday in the Burley Elks temple with lodge officers officiating. Final rites will be held in the Pleasant View cemetery. Friends may call at the Payne mortuary Friday afternoon and evening and Saturday until time of services. The family suggests memorials to the Elks Rehabilitation Center, Boise.

Idaho Caribou Suggested for School Mascot

POCAHELLO, Jan. 12 (AP)—Idaho State college student leaders are thinking about a change in mascots if the legislature redesignates the school a university.

The student council yesterday approved a plan by student President Peter Russell and voted to call an election on a proposal to change the mascot from a Bengal tiger to a caribou.

The ISC fight song would also be changed and Russell wrote to the school's most prominent music alumnus, Roger Williams, and asked if he would compose a new school hymn.

Russell said that "Idaho is the only state in the world, outside Alaska, that has wild caribou, we thought this would be an excellent way to advertise the state. No other school in the world has the caribou for a mascot. We feel ISC will attract attention with its originality."

The students wrote letters to legislators from Caribou and Boundary counties asking their approval of the mascot change. They said Boundary county is where the wild caribou are located.

Spud Processing Portion Boosted

BOISE, Jan. 12 (AP)—The portion of Idaho's potato crop going to food processing plants is running more than 50 per cent ahead of that of a year earlier, the U. S. department of agriculture reported yesterday.

The agency said that so far 5,551,000 hundredweight of the 1960 potato crop has been processed into food compared with 3,191,000 hundredweight a year earlier. In addition, 398,000 hundredweight of the 1960 crop was processed into starch and flour, compared with 1,187,000 a year ago.

Four Days Left

With four days to the Jan. 18 deadline to purchase 1961 license plates, Twin Falls motorists were in no apparent hurry if judged by the short line early Thursday. At 11 a.m. fewer than 10 persons were in line. A total of 9,023 automobiles and 2,050 truck license plates had been sold at that time.

RED PARTY OUTLAWED

LIMA, Peru, Jan. 12 (AP)—President Manuel Prado, ignoring protests from the extreme left, last night signed into law a measure outlawing the "Communist Party" and providing "stiff penalties" for subversion.

Idaho Senate Kills Bill Providing End For Death Penalty

BOISE, Jan. 12 (AP)—The Idaho senate killed today a bill which would have eliminated the death penalty in Idaho. The vote was 37 to 7. To scrap the death penalty, said Sen. R. H. Young, Jr., R., Canyon, would be a "step backward." But Sen. James Donart, D., Washington, principal spokesman for the repeal measure, said, "I don't see how we, as civilized human beings, can cast our vote to retain something so medieval, something our society has long since outgrown."

Negroes Suspended

The senate debated for an hour on the death sentence repeal, the first measure to reach its third reading calendar during the 1961 session without suspension of the rules.

Sen. C. A. Bottolfson, R., Butte, called attention to the status of former Gov. Frank Steunenberg, who was assassinated more than 55 years ago and whose likeness stands in front of the capitol.

"For 45 years," Bottolfson said, "we humble taxpayers paid the bill to give the man who assassinated that former governor food, shelter and care. I would insist that finding of a man guilty of first-degree murder makes it mandatory that the man's life be sacrificed."

In the house, a resolution was introduced recommending that the voters of the state decide whether to call a convention to revise Idaho's constitution.

The resolution was introduced by the ways and means committee, fulfilling a recommendation made by Gov. Robert E. Smylie in his

Best Way for Care of Aged Studied Here

Twin Falls county can best care for its aged through private enterprise, a committee of the Twin Falls county planning board told the group at its meeting in the county courthouse Wednesday night.

Committee members are James LaGrone, Castleford; Edward Hartman, Buhl, and J. L. Dondanville, Twin Falls. They gave an "interim report," and were instructed by Lyle Schnitzer, chairman of the planning group, to continue the study.

Dondanville explained they had spent approximately 12 hours each interviewing county, state and local health officials, area doctors, nursing home and hospital officials. Most believed that smaller nursing homes will be constructed by private enterprise as the demand for additional care for elderly patients grows during the next five-to-10 years.

The group was told that care for the aged is "big business" in Twin Falls already, noting that \$30,448 was spent during the month of October, 1960, for care of elderly indigent.

The current arrangement, whereby the state board of health contributes \$75 monthly for care of elderly who need nursing-home treatment, and the county contributes an additional \$25, was explained. Under this plan, patients are admitted to a nursing home licensed by the state board of health, and can choose their own physicians.

The study was undertaken in December of last year at the suggestion of Russell C. (Bud) Larsen, at that time chairman of the Twin Falls county commission. Larsen, ex-officio member of the planning board, was absent.

Decision on Hall Is Coming Soon

SACRAMENTO, Calif., Jan. 12 (AP)—California Gov. Edmund Brown will decide in a few days on the fate of Roger Hall, 27, wanted by Idaho authorities on an armed robbery charge in connection with the holdup slaying of Dr. John Hunt, Portland, Ore.

An extradition hearing was held yesterday in Brown's office with members of Hall's family, a girlfriend, local attorney and a state senator present. Hall is being held in the Humboldt county jail, Eureka, Calif., in lieu of \$10,000 bail.

He is charged with robbing Hunt, a Portland plant pathologist, in August, 1959, near Bliss, Idaho.

Hall earlier had been accused of murder in the Hunt death but was acquitted by a district court jury when tried on the charge at Gooding, Ida.

He added that some farmers had

Utah Town Has Real Trouble--No Water

ESCALANTE, Utah, Jan. 12 (AP)—Help converged on this remote southern Utah town today in response to an emergency plea for aid in thawing the community's frozen water supply line.

The freeze-up was discovered Sunday, and since then every able-bodied man and boy in this town of 773 has been working in vain to thaw the 20-mile line.

"It's really serious," said Mayor C. R. Griffin last night. "We kept thinking we could whip it. But tonight, we just decided we had to have help."

Meanwhile, residents are without drinking water. An available "talk truck" is being used to haul water from five miles away, but it must be treated and boiled before it can be drunk.

"We try to purify it, but it isn't very good," Griffin said. He explained that the water is being pumped into Escalante's water-holders to keep them—and householders' pipes—from freezing up, too.

Town Deputy John Zenz appeared to army authorities for help last night. The Utah national guard dispatched a water purification unit and more tank trucks. The state civil defense organization promised a bulldozer and a portable welding machine to help haul and repair the pipe by dawn. The town's high school was ordered closed today, so teachers

Idaho Senate Kills Bill Providing End For Death Penalty

BOISE, Jan. 12 (AP)—The Idaho senate killed today a bill which would have eliminated the death penalty in Idaho. The vote was 37 to 7. To scrap the death penalty, said Sen. R. H. Young, Jr., R., Canyon, would be a "step backward." But Sen. Charlayne Hunter, 18, is surrounded by newsmen after attending their first class yesterday at the University of Georgia since it was integrated by court order. Today, however, she and another Negro student were suspended after rioting and violence erupted on the campus last night. This morning a crowd of 2,000 gathered around the girl's dormitory. In other action a federal judge voided a Georgia law cutting off funds for the integrated school. (AP wire photo)

Anti-Stamp Bill

BOISE, Jan. 12 (AP)—Use of trading stamps would be prohibited in Idaho after next July 1 under provisions of a bill introduced yesterday in the state senate.

It was sponsored by six senators, three Democrats and three Republicans. They are Sens. Cy Young, D., Fremont; Don Fredericks, D., Gooding; Cyril C. Chase, D., Benewah; Don W. Samuelsen, R., Bonner; R. L. Campbell, R., Adams; and J. E. Jensen, R., Boise.

The measure permits until next Dec. 31 redemption of stamps already issued, but after that time makes them worthless. The bill exempts from its provisions coupons or certificates which are included on merchandise, such as breakfast food products.

Also exempted would be coupons or certificates which are redeemable in cash or merchandise at face value by the merchant issuing them.

Speaker Reports on Farm Labor Activity

BURLEY, Jan. 12—"So far as we can learn, the AFL-CIO has not organized more than 5,000 farm workers in California during the past two years," stated Glenn C. Lorang, regional editor of the Farm Journal, Spokane, Wash., speaking Wednesday evening to some 250 Burley area ranchers and farmers at a meeting sponsored by the Citizens' Labor Relations committee. "Their plan," he continued, "called for the organization of more than 150,000 farm workers," adding that the AFL-CIO is more interested in organizing bracero (Mexican nationals).

"We think that organized labor will try to change the image of the farmer in the minds of Americans," he said.

Lorang told the group of a plan of action for organizing farm labor, which apparently was published by the AWOOC (Agricultural Workers Organizing Committee). He noted that a field editor of the Farm Journal magazine questioned Norman Smith, an AWOOC representative, concerning the printed plan of action. Smith neither denied nor admitted that it had been printed by the AWOOC.

Quoting a portion of the plan, Lorang said that instead of being "a sturdy yeoman" — the solid, earthy American farmer with all the virtues we know, they claim — agriculture has become corporate and agri-business, with effective machines, financial combination and an interlocked dehumanized and depersonalized production, with professional managerial and technical staff."

Lorang said unions have not been able to find "the jugular vein of agriculture, it has no nervous system," adding that unions would destroy the image of the farmer by systematic educational campaigns, using radio, speeches and other media.

He pointed out there is a basic reason why it would be unnatural for farmers to belong to labor unions, since "they're capital, labor and management all wrapped up in one."

He added that some farmers had

\$10 Head Tax Is Challenged

BOISE, Jan. 12 (AP)—A lawsuit challenging the constitutionality of Idaho's controversial \$10 head tax was on file in third district court today.

Brought by Mr. and Mrs. John C. Moore, a Washington state couple who work in Lewiston, the suit asks the tax be declared unconstitutional and claims regulations of the tax commission imposing a non-resident income tax are in conflict with state law.

The Moores claim that nowhere in Idaho law is there any provision requiring non-residents who work for wages in this state to file an Idaho tax return or pay a tax. And they contend that filing non-resident man and wife to file separate returns—each paying a head tax—is discriminatory. Idaho husbands and wives may file joint returns and pay the tax only once.

The plaintiffs ask return of \$45.03 taxes paid as non-residents, or in the alternative, for \$20—representing their payment under the head tax.

Medical Journal Improvements Discussed

Mrs. Irene E. Oliver, Maglo Valley Memorial hospital administrator, glances at the Northwest Medical Journal, while Dr. Herbert L. Hartley left, editor of the magazine, and Dr. Fred Kolouch, president of the medical staff at the hospital and member of the journal's editorial advisory board, discuss possible improvements of the magazine. While visiting at the local hospital, Dr. Hartley commended Mrs. Oliver on the design and modern equipment of the hospital. (Staff photo-engraving)

Medical Journal Editor Says Hospital Here Can 'Compete With Any' in Nation

Maglo Valley Memorial hospital was praised Wednesday as a "modern medical center" which can "compete with any hospital in the United States," by the editor of the Northwest Medical Journal.

Dr. Herbert L. Hartley, Seattle, who talked Tuesday to the South-central District Medical society about new medicine and improvement of the Journal, said he was "much impressed" with the local hospital.

"Twin Falls has developed a very fine modern medical center," Dr. Hartley said, adding that the hospital has "complete equipment for everything and anything that could happen."

He commented that the hospital was designed with "remarkable foresight" and added "some of the well-known methods of fighting infection have been taken care of by the design of the hospital."

The doctor said the hospital was designed for efficiency and safety.

Dr. Hartley explained that to have a good hospital, a strong board of trustees must exist, as the trustees have the "great responsibility" of operating, managing and conducting business. The board must set certain standards for the hospital and the board members are responsible legally for the physicians' standards, he stressed.

He said one thing that is often overlooked by hospital administrators is that a strong hospital board cannot operate successfully without a strong hospital staff.

Board members are chosen for their business ability and knowledge of the community, and serve on a voluntary basis, he observed. As a rule there are no physicians on the board of trustees.

In order for board members to obtain information from physicians on methods, standards and new ideas, there must be great cooperation between the board and physicians. The doctor noted. When this is the case, the community is the benefactor, he commented.

Maglo Valley Memorial hospital has this cooperation between board members and physicians. I could feel this cooperation at the hospital, employees are happy and take pride in their work," he said.

Mrs. Irene E. Oliver, hospital administrator, commented that cooperation exists because "the board and the physicians are working toward the same objective: They want the very best for the patients and they want a good hospital."

She explained that the joint conference committee composed of five board members, five medical staff members and Mrs. Oliver helped the two groups to communicate better. This committee enables the medical staff to report on the quality, problems and needs of medical practice and the board to present the administration problems, she noted.

Dr. Hartley stressed that it is essential a hospital be accredited by the national commission. "If a hospital is accredited, it means it is one of the top hospitals in the country," he said. The local hospital has been accredited since 1954.

"The friendliness of Idaho physicians is remarkable," Dr. Hartley concluded. "For this reason, I love to come to Idaho. It also seems that there is more devotion to the interest and needs of others by physicians in Idaho."

Buhl Firemen Slate Benefit For Feb. 18

BUHL, Jan. 12—The 53rd annual firemen's benefit ball was set for Feb. 18 when members of the Buhl Fire Department association and women's auxiliary met Monday evening for their regular monthly dinner meeting.

Clinton Uptain, president of the fire department, named committees for the event. George Haxey and Ralph Lamb will handle tickets and publicity. Tony Kukulski, George Haxey and Jess Hobbes, refreshments, and Howard Hopkins, music.

held at the local American Legion hall.

During the auxiliary meeting Mrs. James Lynch was elected president. Mrs. Dorell Lous, retiring president, will fill the vacancy of vice president, and Mrs. Clinton Uptain will serve as secretary-treasurer.

Hosts for the dinner were Mr. and Mrs. Louis Monnin and Mr. and Mrs. Bud Scott. Games were played during the social hour with Louis Monnin and Mrs. Ralph Lamb, receiving high prizes, and Bud Scott and Mrs. Lloyd Chidester, low prizes.

It was announced Mr. and Mrs. George Haxey and Mr. and Mrs. Bob Stewart will host the next meeting, a Valentine dinner, Feb. 13.

Boise Man Held In Motor Thefts

Otis D. Morris, 22, Boise, was bound over to U.S. district court Wednesday on an embezzlement charge. He appeared before Twin Falls Police Judge J. O. Pumphrey, sitting as a U.S. district commissioner.

Morris is accused of stealing two outboard motors in Boise on Dec. 20, 1960. The equipment was the property of the department of the interior, according to the charge.

Judge Pumphrey set Morris' bond at \$2,500. He was remanded to the custody of the Twin Falls county sheriff to serve out a previous five-day sentence for reckless driving. He was sentenced to the jail term and fined \$100 Tuesday when he appeared before Twin Falls Justice of the Peace Robert E. Pence.

Digging Again

SALT LAKE CITY, Jan. 12 (AP)—The Mormon church has begun digging again in the same canyon quarry from which it got the granite used in building its LDS temple some 80 years ago.

This time, explain spokesmen for the LDS church, an underground storage facility is being dug for microfilm and valuable church documents.

The site is in Big Cottonwood canyon southeast of Salt Lake.

Milk Firm Sets Confabs in Area

Annual dairy meetings for Pocatello Milk company producers will be held in Magic Valley towns the week of Jan. 23, reports John Owens, head fieldman.

Daniel O. Noorlanders, widely known for his research in milking machines care, will speak. A graduate of California Polytechnic college in dairy production, he is a former dairy inspector for Los Angeles, Owens said.

Meetings will start at 7:30 p.m. and will be held Jan. 23 at the Buhl high school auditorium; Jan. 24, Gooding IOOP hall; Jan. 25, Kimberly high school auditorium; Jan. 26, Heyburn LDS church, and Jan. 27 Jerome Junior high school auditorium.

TUCKER'S NATIONAL WHIRLIGIG

WASHINGTON—The jockeying for the 1964 Republican presidential nomination—and with it GOP party control—began in earnest during the recent post-election conference of the party's national committee at Washington.

Ray Tucker

Although the track is slippery and stretches out for many political furions, Vice President Nixon holds the inside, advantageous rail position as of today. If possible, he means to ride hard and fast to the finish post.

The serious infighting between the Nixon and Rockefeller forces, however, will be staged several months hence, when Senator Thurston Morton is expected to resign as national chairman.

The Kentuckian was persuaded to stay on in order to avoid an intraparty clash during the current congressional session. The motion for his retention was proposed and supported by spokesmen for Vice President Nixon, Governor Rockefeller and Sen. Barry Goldwater, Arizona.

CONSERVATIVE GOPER'S RALLY—Chairman Morton's first act upon reelection was regarded as distinctly favorable to the Californian, not only for the immediate future but also for the long haul to 1964.

He named Fred C. Scribner, Maine, general counsel for the department of the treasury, as the new general counsel of the Republican national committee, replacing Meade Alcorn, Connecticut. There is every indication that Scribner will succeed Senator Morton when congress adjourns next summer. Morton must run for senate reelection in 1962.

Scribner is one of the vice president's closest friends and advisers. As a Yankee conservative from "down East," as they say in New England, and from a state which even Alf Landon carried in 1936, Scribner is considered to be wholly unsympathetic to Governor Rockefeller's liberal creed. Nixon's partial acceptance of it is blamed by prominent GOPer's for his defeat.

CAPITOL HILL SPOKESMAN—The Rockefeller forces suffered another setback when the Dirksen-Haleck leadership savagely turned down Sen. Kenneth Keating's proposal that a national advisory committee, consisting of governors and state leaders, be created to consult and advise with capitol hill GOPer's. Senator Keating, New York, is a Rockefeller spokesman.

Senator Dirksen and Representative Haleck, as Speaker Sam Rayburn did when confronted with the same suggestion by Democratic liberals, made it clear that they intended to sit in the political saddle, and give the marching orders for the next four years.

As dedicated conservatives and pro-Nixon men, Senator Dirksen and the Hoosier minority leader in the house will brook no interference by outsiders, especially from the ultraliberal Rockefeller-Keating-Javits faction.

THREE-WAY SQUABBLE—Senator Goldwater also contributed to the downgrading of the New York governor.

Voting the only discordant note—that is, publicly—he noted that New York's 45 electoral votes had gone to President-Elect Kennedy by almost 400,000, although, he added, the "rank-and-file Republicans" in that state had done a good job. Which, of course, they did not, as even a superficial analysis of the returns would have proved to the Arizona senator.

Senator Goldwater has indicated that he will be a presidential candidate in 1964, running as a rightist in a clash even with Nixon's middle-of-the-road philosophy.

However, despite southern conservatives' admiration, a man from Arizona who opposes any kind of foreign aid, social security and many new deal reforms accepted and expanded by the Republicans, is given no chance for the big prize.

VIEWS OF OTHERS

CONFUSION ON NEPOTISM
The issue involved in Mr. Kennedy's appointment of his brother as attorney general has been widely misunderstood or misinterpreted. Nothing illustrates this so well as the television appearance of Arthur F. Schlesinger, Jr., Harvard history professor who is said to be an adviser of the new administration.

Mr. Schlesinger on "Face the Nation" Monday night blandly defended the appointment by saying that if Robert Kennedy were not the President-elect's brother, his choice would have been generally approved on grounds of his competence and qualifications.

This seems to us a slick and superficial way of evading the issue. It is precisely because Bobby Kennedy is the President elect's brother that an issue arises at all. And the question is not whether brother Robert would make a good attorney general. It is whether a President ought to appoint his own brother to one of the most sensitive and important cabinet posts.

A great many people, unfortunately including Mr. Schlesinger, appear to be totally ignorant of the objections to nepotism at the cabinet level. They weakly suggest that Robert Kennedy ought not to be "penalized" just because his brother is President. They indicate that the kinship and family intimacy of the brothers are really irrelevant. On the contrary, these lie at the very heart of the question.

The reason a President should hesitate to place his brother at the head of the department of justice is that, precisely because of their kinship and family intimacy, the attorney general thus comes to occupy a special and privileged position in the cabinet, a position which is unfair to other cabinet members and dangerous to sound administration. Being the President's brother—a relationship emphasized in this case by Robert's role as the Kennedy campaign manager—automatically lifts the attorney general to a unique position, and makes the department of justice a branch of the White House.

Mr. Schlesinger thinks that a year from now Robert Kennedy's record as attorney general will have justified the appointment. He may be right; we hope so. But suppose he is wrong. Does anybody believe that President Kennedy would call for Robert Kennedy's resignation in the same way he would and should call for the resignation of another cabinet member who had failed? Of course he would not. And it is just because two brothers have a special relationship that the proper relationship between President and cabinet officer is impossible between them. Robert Kennedy can never be on the same footing as other appointees.

We wish Mr. Kennedy and his administration all success, and we especially hope that Robert Kennedy will make a fine record as attorney general. But we continue to believe that nepotism at the cabinet level is bad policy in any administration, and we think historians like Mr. Schlesinger ought to clarify instead of obfuscate the issue. —St. Louis Post-Dispatch.

A SLOGAN TO FORGET
For a number of years, sniping Democrats claimed that "what was good for General Motors was good for the country." This was sarcasm directed at former Secretary of Defense Wilson who came to office from General Motors.

Now that President-Elect Kennedy has appointed Robert B. McNamara, president of the Ford Motor company, to the identical position, we hope no Republican ever falls into the political gutter and says that "what is good for Ford Motors is good for the country." Statements of this kind belittle American intelligence.

Mr. Wilson was forced to sell his General Motors holdings, one of the first public officials so penalized. Mr. McNamara must do the same. It is amazing that this nation has such willing patriots that they will accept severe financial penalty to serve their government. Few, if any, of those who criticize our government would meet the same test. —Dolse Statesman.

GENTLEMAN IN THE FOURTH ROW

WASHINGTON

By HENRY M. WRISTON
Chairman, President's Commission on National Goals

There are many legitimate goals for the United States. The central goal should be a renewal of faith in the infinite value and the unlimited possibilities of individual development.

Endless talk of the need for capital and machinery obscures the far more vital need for brains. The most severe limitations upon expansion of the economy are deficiencies and rigidities in the skills of the work force.

Some crafts and professions pursue restrictive practices which deny many competent people access to their skills. Restrictions should fall and an effort should be made to recruit more able people, rather than exclude them.

The first way to expand prosperity and attain economic growth is through a larger reservoir of people with higher competence. It is irresponsible to talk as though arms, munitions and money were primary in military security. The first necessity is more people of transcendent capacity and skill.

The importance of scientific and technical skills is appreciated. But they will not be enough. We need people with such sophisticated knowledge and such calm judgment that no mass excitement could trigger an unnecessary war. Exaltation of one-man "leadership" leans in the direction of fascism and nazism. The urgent need is for widely distributed, not overcentralized, leadership and in many different fields. Many people must play important roles lest the

democratic process be ultimately prostituted to dictatorship. Once the individual as a physical, intellectual, moral integer is put at the center, acceptance of tyranny, tolerance of totalitarianism and readiness to exploit the ignorant and the poor have been made impossible.

The American system is built upon the thesis that conformity is not the way to progress. Without independence of mind there is no freedom for the individual. We do democracy no service in seeking to inhibit thought—free, wide ranging, hazardous.

The education process should never be distorted by the nation's "need" for scientists, engineers, doctors or any other specific profession or skill. The nation needs philosophers, poets, artists, critics—and a thousand other sorts of people—in numbers which "manpower analyses" can never estimate.

For some years now, organization has seemed to mean more than individuals. The program of national defense has been so huge that stress has been on "team work."

Even in science, group enterprises have seemed dominant ever since the Manhattan project produced the atomic bomb. Industry has become huge and corporate; unions have developed in size, structure and resource. Politics has seemed to depend more on organization than upon ideas.

The moment is ripe to remind ourselves once again that ideas come from individuals, that progress stems from ideas. Ideas are the combination of individual imagination, intelligence and moral clarity. Leadership is a characteristic which inheres in individuals. At any given moment the decisions regarding how far the state should intervene turns upon the

First Live TV News Meeting Set for Jan. 25

PALM BEACH, Fla., Jan. 12 (AP)—John F. Kennedy will hold the first presidential news conference to be televised live on Jan. 25, five days after his inauguration.

His press secretary Pierre Salinger, says arrangements have been made for the conference to be carried over the three television networks and their associated radio networks, the Mutual radio network and independent outlets.

The conference will begin at 8 p.m. (EST). Salinger said the broadcasting companies are reserving one-half hour but that the length of the conference, as has been customary, will be determined by the newsmen who ask the questions.

NOW FOR THE SEQUEL

It is quite widely agreed that John F. Kennedy's election as president was the biggest news story of 1960. What might also be added as a footnote is that he was consistently the most underrated man of the year.

At the outset, many politicians saw his early lead for the Democratic nomination as a kind of flash in the pan. They felt sure either Adlai Stevenson or Stuart Symington would in the end outdistance him.

He stunned them first by wrapping up Ohio's big vote. Next they misjudged his Wisconsin primary victory, marking it a failure because he did not match printed expectations of a sweep. The triumph actually was substantial.

West Virginia, heavily non-Catholic, was supposed to do Kennedy in. He won it with 60 per cent of the vote.

From then on he was winging, but the doubters were numerous. The summit collapse was judged as hurtful to Kennedy, helpful to Stevenson. It hardly caused a ripple.

Among the big doubters was another candidate, Sen Lyndon Johnson of Texas. He just did not believe that a seasoned politician like himself could be bested by the young man from Massachusetts. But he was outdone — by a margin of 2-1.

Once Kennedy was nominated, his chances of victory in November were written down. Vice President Nixon was said to have outshone him as a convention performer, and the August session of congress, which ended in failure, was set down as an added handicap.

Nixon had peace and generally good times going for him. And as a practiced debater he was expected to chew up his less experienced opponent in their four television encounters.

But Kennedy got the advantage out of the debates, holding his own and making himself far better known. Through the crucial weeks, he campaigned with tireless aggressiveness. The South, repelled by Kennedy's Catholicism and the liberal Democratic platform, was for the most part lured back by Johnson, Kennedy's shrewd choice for vice presidential nominee.

When the votes were counted, he had leaped all the barriers — his youth, his religion, his wealth, the lack of issues with great immediate impact. His margin was incredibly slim. But the real wonder was that he had done it at all.

Men of seasoned outlook will be less likely hereafter to underrate Kennedy. Certainly his general conduct since election has tended to reinforce the earlier 1960 evidences of high capacity.

Yet we must not forget that 1961 will be a totally new story. As has often been said, no man truly prepares himself for the presidency.

We can only wait to see whether the abilities and resourcefulness which stood Kennedy in good stead in 1960 will permit him to serve the country and the world in 1961 and thereafter.

REORGANIZATION PROBLEMS

The "far-reaching reorganization" of the independent agencies proposed by James M. Landis will require legislation that congress may be extremely reluctant to pass, according to legal and congressional experts on the subject of the fourth branch of the government.

They also question whether Landis, as overseer of the alphabetical agencies, will have any real power or authority over them. Since they are completely independent of the executive branch, he cannot dictate policy to them.

It appears that the only way in which President-Elect Kennedy can change or improve the system is through the appointment of his own men as vacancies occur. But that means that it will be several years before he will be in a position to name a majority on these important commissions.

The supreme court spanked FDR when he tried to remove an ultra-conservative member from the federal trade commission. In the case of Humphrey's Executor vs. The United States, the high tribunal said:

"Such a body cannot, in any proper sense, be characterized as an arm or eye of the Executive. Its duties are performed without executive leave and, in the contemplation of the statute, must be free from executive control."

GOOD HEALTH TO US

Last year was a good health year for Americans. So report the statisticians for the Metropolitan Life, which closely watches death, disease and accident rates.

Infant mortality set a record low in 1960, as did maternal mortality and tuberculosis. Polio fell sharply and childhood diseases continued at extremely low rates.

There were more deaths from pneumonia and influenza, but on the other hand, there was little change in heart disease, cancer and accident rates.

The central intelligence agency reports that on more than 40 occasions since 1950, Russia has threatened 15 different countries with nuclear destruction by way of rockets.

Local Chapter Of Red Cross Slating Move

The Twin Falls chapter of the American Red Cross will move to new quarters, it was decided at a meeting of the board of directors Tuesday night. The new home for the chapter headquarters will be above Petersen's Furniture store on Shoshone street east.

The rooms will allow for greater privacy for home service interviews, will incorporate a waiting room, and provide space for first aid or home nursing classes. Board members inspected the new rooms during the Tuesday night meeting.

Mrs. Ada Powell, who has served as secretary for the board of directors, will act as vice chairman until the May elections, and Mrs. Leo Giffney was selected to complete the secretary term.

A fund campaign board to work with Robert King, fund drive chairman, will include A. P. Nelson, chapter chairman, Mrs. Powell, Louis Meigs, treasurer, Mrs. Campanu, Mrs. Ross Prather, public information chairman, and Mrs. Elson Basom, executive secretary of the chapter.

Tentative plans were outlined for a fund workshop to be held Feb. 2 under the direction of Robert Bailey, Buhl, member of the area advisory council. Representatives from all Magic Valley chapters will be invited to participate in the workshop.

New chapter by laws were adopted by the board and plans were made for the next bloodmobile visit on Jan. 29.

Astronauts Ready for Space, But Equipment Still Lacking

LANGLEY AIR FORCE BASE, Va. Jan. 12 (AP) — Are America's astronauts physically and psychologically ready to go? Said one yesterday, "We can give you a one-word answer—yes."

But his superior quickly pointed out that while the seven spacemen may be ready to go into orbit, America's equipment still isn't ready to send them there.

Hopes were expressed, however, that the United States may orbit its first spaceman before the end of 1961.

At a news conference, Dr. Robert R. Gilruith, director of the Project Mercury man-in-space program, reported that space technicians are working on a program to strengthen the Atlas-boosted rocket. The rocket has had two vital failures. And present plans call for the United States to use the Atlas in launching the first astronaut.

Lieut. Col. John E. Glenn, Jr., of the navy, was the astronaut who said he was ready right now to fly in a space Glenn said he spoke for the other six, too.

Gilruith and other project leaders also disclosed: 1. When the program started more than two years ago there were expectations that a man might be shot into orbit by January, 1961. But Gilruith said that does not mean the program has lagged; it only means that problems were tougher than originally envisioned.

2. In the near future perhaps three astronauts will be selected for the first manned but non-orbital flight in a Mercury capsule boosted by a Redstone missile. From among those three, the man for that flight will be picked. The other two will be alternates. "We still have a lot of rocket flights to make before manned, suborbital flight is attempted," Gilruith added.

3. The Mercury program ultimately may cost as much as 500 million dollars.

School Official To Attend Meet

Bliss, Jan. 12 — Orville Reddington was granted permission to attend the meeting of the school administrators in Boise Monday on the proposed legislation, and pertinent problems of school administrations, at the meeting of the school board this week.

Semester examination schedules were discussed. The consolidation proposal and the results of Hagerman's advisory ballot were discussed.

The 'B' club was given permission to hold a benefit dinner at 6:30 p.m. Feb. 3 to raise funds to buy new basketball suits. The event will be held in the cafeteria of the school.

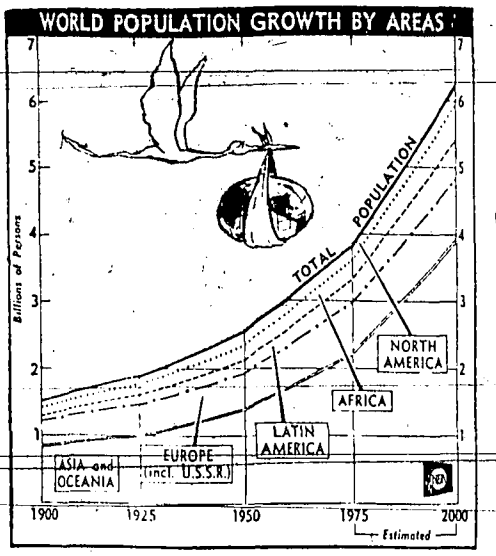

Bliss will offer an extension class on curriculum construction taught by Reddington. This is a University of Idaho extension class and is a three credit course. It will be held every Thursday at the school.

Dangerous Curve

One of the most important stories of our time is the rapid growth of the world's population. Chart above, based on United Nations projections, shows that the number of people (presently around three billion) will more than double by the end of the century. Asia and Oceania (islands of the Pacific) contain the most people and are growing the fastest, but all areas of the world are accelerating. Scientists warn that attempts to raise the living standards of the world's peoples may be defeated by the "population explosion."

Magic Valley Scouts Rated High at Meet

The Snake River area council of the Boy Scouts of America has made the greatest progress in the scouting program of the 29 councils in the northwestern United States, reports Richard Best, Council scout executive.

This fact was announced during the regional key three meeting in Portland, Ore., last week. The key three group includes council presidents, council commissioners and scout executives.

Best noted that the local council has the greatest membership in its history. There was a 19.6 per cent gain in membership in 1960 as compared to 1959, which represents 811 boys, and brought council membership to 4,925.

He added that there were 20 more units in the council this year, bringing the council total to 215 packs, troops and posts.

Other statistics presented by Best include the doubling of advancements in rank as compared to 1959; percentage of 78.6 scouts who attended summer camp in 1960, and the doubling of the number of leaders trained in basic training to present the scout program.

Best commented that one reason for the gain in membership is that better trained leaders were able to hold the interest of the boys.

Wood River district made the greatest progress of any district in the council, Best said, with 112 per cent increase in membership. The other five districts, which are Southside, Oasala, Minidoka, Sunset and Northside, also showed marked improvements.

Rupert Slates Dedication of Grade School

RUPERT, Jan. 12 — Plans were made for the dedication of the new Memorial Elementary school in Rupert at 2:30 p.m. Jan. 20.

The board decided to call for bids on three or more 66-passenger school buses at the February meeting—to augment the present fleet. They also rehired Camden Meyer as superintendent and Doyle Lowder as elementary curriculum coordinator.

The question of married students attending school was discussed, and the board decided to continue the present policy of not allowing them to attend. They also approved allowing unwed mothers and divorced parents to attend, after they had been counseled by the student counselor and principal, and under their direction.

Superintendent Meyer announced that the board would meet in special session Jan. 23 to discuss school policy.

In addition to all members of the board, nine other interested persons attended the meeting at the central school office.

Cuban Appeal Made for Aid In Production

HAVANA, Jan. 12 (AP) — Cuban agencies have appealed for volunteers to help in sugar and industrial production, lagging because of the callup of thousands of worker-militiamen.

Battalions of women, children and retired workers are sought to fill the gap while Fidel Castro's citizen soldiers remain on foot against what he calls the threat of invasion from the United States.

Announcements indicated the volunteers are expected to work without pay as a contribution to Castro's revolution. Regular workers summoned for militia duty receive wages from their employers while in uniform.

Production since Castro mobilized the island's workers from farms and factories and the natural result has been a slump in all forms of production.

Newspapers and radios broadcast appeals for young and old to join work battalions to harvest Cuba's sugar crop—mainstay of a faltering economy—and help man factories and mills.

The National Federation of Sugar Workers, many of whose 500,000 members are on duty in militia units, called on all Cubans "including retired workers and children" to sign up for emergency jobs. Cane-cutting has started and grinding is under way in this first annual sugar season completely under government control.

Brigades Make Cloth A group of government-organized textile mills announced the enlistment of "patriotic brigades of volunteer workers" to help maintain output of cloth.

Reorganizing Of Red Farm Plans Started

MOSCOW, Jan. 12 (AP)—The Soviet Union yesterday announced a top-to-bottom reorganization of the agricultural ministry in an apparent effort to solve food production problems.

The minister's new function, the central committee was told, is to coordinate scientific developments with farm management to increase output. The ministry has been largely administrative.

The reorganization follows a Soviet agricultural emergency that developed with two successive years of bad weather and poor farm management.

It was announced by Dimitri Polyansky, a rising young member of the Communist party presidium who also is chairman of the council of ministers of the Russian federation. The Russian federation is the sprawling republic that extends from Leningrad on the west to Vladivostok on the east.

He said a special group will coordinate the operation of farm machinery—and so on—to equipment is kept in good repair. The aim, he said, will be to prevent situations where harvests had been delayed or lost because of lack of machinery or spare parts.

Election Held

Tom Olmstead, Twin Falls, was reelected president of the board of directors of the Twin Falls Canal company during the board's reorganization meeting Wednesday.

Other officers include Ed Ralchert, vice president; Saul Moore, secretary-treasurer; Alfred Peters, manager and member of the Committee of Nine, and Lowell Wilson, assistant secretary.

Bill Would Give Prize on Oil Well

BOISE, Jan. 12 (AP)—A bill to provide a \$50,000 prize for the first commercial oil well in Idaho was introduced in the house of representatives yesterday.

The owner or lessee of the first commercial well would be required to file proof that the well has produced not less than 50 barrels of crude oil every 24 hours for a period of not less than 60 days.

Sponsors of the bill were Reps. Carl Burt, R., Ada; Herbert K. Whitworth, R., Carbondale; and Frank W. Hirsch, R., Bee Lake.

There have been wells drilled in Idaho which produced oil, but none in the quantities set forth in the bill.

99 New Claims There were 99 new claims of unemployment insurance in Twin Falls last week, according to figures released by R. S. Cutler, manager of the employment security agency.

The total of new and continued claims was 598. Throughout the state there were 1,002 new claims filed during the week ending Jan. 7 to bring the total of new and continued claims to 15,419.

DAUGHTER BORN HAILEY, Jan. 12—Mr. and Mrs. Thomas Northcott are the parents of a daughter born Monday at the Blaine County hospital.

Smylie Won't Hand Capitol To Lewiston

BOISE, Jan. 12 (AP)—A drawn gun in either hand, Gov. Robert E. Smylie refused yesterday to turn over Idaho's state capitol to a delegation from Lewiston headed by "Dangerous Dan" Wilkins.

"You can have the territorial capitol," Smylie told the red-bearded Wilkins, "but as governor I'm sworn to uphold the constitution and I must keep the state capitol here."

Wilkins told Smylie he really wasn't interested in getting the capitol this time anyway. All he came for was the official territorial seal, to be displayed in Lewiston during the north Idaho community's centennial celebration beginning May 1.

By resolution approved in both branches of the state legislature, Wilkins was given possession of the seal with assurances it would be returned to Boise by Oct. 1.

There was horeplay, too, in legislative halls when the resolution sponsored by five senators was offered. Sen. Howard Hechter, D., Nez Perce, one of the five, was principal spokesman for the measure, which authorized lending of the seal to Wilkins.

Certain persons, under the cover of darkness, did remove the territorial seal from the city of Lewiston and reestablish the capital of Boise City," the resolution said.

Residents of Lewiston, it went on, "have long forgiven these sneak thievers" but it said the city would like to have the seal in display during this year's celebration.

Hechter said Dec. 7 is regarded as a "day of infamy" because of the Japanese attack on Pearl Harbor on that day in 1941. "Actually," he said, "it has been a day of infamy for 89 years for it was on Dec. 7, 1863, that the territorial seal was stolen."

Thief Claimed

By resolution approved in both branches of the state legislature, Wilkins was given possession of the seal with assurances it would be returned to Boise by Oct. 1.

Grange Aids Benefit Fete At Kimberly

KIMBERLY, Jan. 12 — Plans for participating in the Community polio fund raising program Jan. 21 were outlined by members of the Kimberly Grange at a meeting this week.

The group will provide two numbers for the program, to be held at 8 p.m. Saturday, Jan. 21, in the Kimberly high school gymnasium.

David L. Porter was given the membership obligation by Roy Durk, installing officer. Membership applications were received from Mr. and Mrs. E. G. Miller. Named to the membership committee were Harold Honstead, Lewis Morris and Tim Drown.

Members approved a resolution concerning a joint deed law for the polio drive. Pomona Grange members will be invited to the local Grange's next meeting, Feb. 11. Pomona will meet Saturday night at the Northview Grange hall.

"Operation Forward" will be observed Feb. 13 at the Kimberly Grange hall with an open meeting to which members are urged to bring guests. Project for the year were outlined in a letter from Ermille Jerome, Kuna, state Grange master.

The Grange mutual hospital benefit insurance will be discussed by Paul Kline at the Jan. 23 meeting. It was reported by Durk.

A polio film was shown and C. E. Bossard, Twin Falls, spoke. Mrs. Ross Medley and Mrs. Charles Bean spoke on activities planned in Kimberly for the drive.

Mrs. Grace Durk gave a reading and Mrs. Stacey Dietz gave a New Year's prayer as the closing thought. Mr. and Mrs. H. H. Kilborn and Mr. and Mrs. Donald Kilborn served.

Solons of Dry Areas Boost Water Study

WASHINGTON, Jan. 12 (AP)—A modern alchemist who could cheaply turn salt water into fresh water would be welcomed with open arms in the present congress. Senators from water-short western states are ready to go all out on a program to convert sea water into fresh water suitable for use in agriculture and industry—and even in municipal water systems.

What's more, they're willing to spend money on research.

The westerners are spearheading a drive for further expansion of a salt water research program set up in 1952 and already extended in 1955 and 1958.

Legislation introduced in the present session not only would provide for research and pilot plants, but would grant loans to states, cities and public utility districts for the construction of conversion plants.

One bill, introduced by Sen. Clair Engle, D., Calif., would provide up to 20 million dollars for research and loans. It would, for example, direct the interior secretary to build pilot plants and would authorize construction of a 2.5 million dollar laboratory for the interior department's office of saline water.

Girl at Burley Is Appointed To State Job

BURLEY, Jan. 12—Renae Jones was appointed state vice president of the Idaho Distributive Education Clubs of America (DECA) at a recent leadership conference held in Boise.

Miss Jones ran for this office last September and was defeated by a youth from Lewiston. Later he became president and she received this appointment.

She is president of the local DECA and as a part of this course in school is employed by the Janet shop where she works from 3 to 5:30 p.m. week days and all day Saturdays.

As a state officer she will represent Idaho at the national convention being held in Chicago in April. There will be 10 delegates from the state which will include three state officers, the nine first place winners in the coming state contests and four voting delegates elected by the clubs.

Mat Warr, faculty adviser for DECA, states that the nine contests this year will include public speaking, ad layout and copy writing, boy's job interview, girl's job interview, sales demonstration, merchandising manual, window

Wall Street Chatter

NEW YORK, Jan. 12 (UPI)—Allen
C. Poole of Hemphill, Noyes and
Company is uncertain about the
economic outlook and pessimistic
about the stock market.

Poole says the business outlook
is hardly bright enough to justify
a stock market priced within 10
per cent of its all-time high when
the economy is in a recession with-
out the ingredients needed to cre-
ate a rebound similar to 1950 and
1954.

Third tools used to reverse the last
three recessions—easier money and
deficit government spending—must
be used with extreme caution in
view of the outflow of gold from
this country, a situation which is
becoming critical, the analyst
notes.

He feels that surprisingly high
investor confidence may be im-
paired by the "acute" international
situation and the realization
that the present recession may not
be corrected as easily as previous
ones.

While expressing confidence in
the long-term, the economist looks
for a reversal in investor confi-
dence shortly, perhaps in February
or March, and feels that purchas-
ing reserves may be used much
more profitably "when investor
confidence turns to over-
pessimism."

Dean, Witter and company con-
sider the Bank of Hawaii, quoted
at less than 13 times net 1960
profits, an attractive buy. The firm
points to the bank's excellent rec-
ord of earnings growth.

Goodbody and company recom-
mend the purchase of the class
"A" and "B" stocks of Union Texas
National Gas corporation, current-
ly selling around 35 per cent
discount. The firm says Union
Texas is aggressively manag-
ing with outstanding growth pros-
pects, owing to its production of natural
gas, LP-gas and natural gasoline.

Vow Recited by Nancy Kay Erb, Barron at Buhl

BUHL, Jan. 12 — The First Methodist church here served as the setting for the holiday ceremony Dec. 26 uniting in marriage Nancy Kay Erb, daughter of Mr. and Mrs. Robert Erb, and Jon Michael Barron, son of Mr. and Mrs. B. L. Barron.

The Rev. Warren McConnell solemnized the afternoon double ring rites. The bridal aisle was decorated with pink bows and silver holly. Beauty baskets of pink and white chrysanthemums and double Cathedral candelabras with silver holly served as the background.

For the seasonal ceremony the bride selected a waltz-length gown of Chantilly lace fashioned with a bouffant skirt. The fitted bodice was enhanced with a scalloped rounded neckline adorned with seed pearls and sequins and lily point sleeves. A tiara showered with sequins and pearls secured her fingertip veil of illusion. A pearl necklace belonging to her mother complimented her ensemble.

She carried a crescent-shaped bouquet of pink and white roses ornamented with white satin bows and silver holly. The bride was given in marriage by her father.

The bride's attendants were frocked in identical pink taffeta brocade street-length gowns fashioned with rounded necklines and cap sleeves. Headresses of pink net with taffeta trim accented their attire. Each carried a pink and white carnation nosegay trimmed with silver leaves.

Mrs. Dick Bencken was matron of honor and Cathy and Vicki Erb, sisters of the bride, were bridesmaids. Holly and Trudy Erb, sisters of the bride, gowned in pink brocade taffeta frocks served as flower girls. Each carried a white net basket with silver holly.

Cheryl Wavra and Pat Marlow wearing sheath dresses of pink brocade taffeta lighted the tapers.

Bill Joa was best man and Bill Hart and Roy Lively served as ushers.

Traditional wedding music was played by Mrs. Denny Patrick, organist. She also accompanied Richie Hill to sing "Always" and "I Love You Truly."

For her daughter's wedding Mrs. Erb selected an afternoon sheath dress of beige and yellow with brown accessories. The bridegroom's mother was attired in a lavender chiffon silk print dress with black and lavender accessories. Each wore a corsage of white carnations.

Mrs. Hazel Reynolds, Guthrie, Ia., grandmother of the bride, and Mrs. Myrtle Blair, McCammon, grandmother of the bridegroom, were each dressed in navy blue street-length gowns and wore a corsage of pink carnations.

A reception for the 200 wedding guests was held in the church basement immediately after the ceremony.

The bride's table, covered with white lace over pink, was centered with a four-tiered wedding cake. The cake with a three-leaf clover design at the base was decorated with pink and white wedding bells, lattice work and a cluster of three large white wedding bells centered with pink rosettes and trimmed with net bows and lily of the valley. Silver holly decorated the base of the cake. Double crystal candelabras with pink tapers flanked the cake.

Women Present Charges at Meet of Rebekah Unit

Mrs. Art Sikes, noble grand-elect, and Mrs. Merrill Porter, vice grand-elect, presented their charges for Primrose Rebekah lodge last week at the IOOF hall. Public installation of Rebekah and IOOF lodge officers will be held at 8 p.m. Friday.

In charge of the business meeting was Mrs. Wilford Benedict, noble grand. Plans were discussed for the district meeting to be held here Feb. 18.

The charter was draped in memory of Mrs. Effie Watkins. Participating in a memorial ceremony were Mrs. Jake Roth, Mrs. W. O. Watts, Mrs. Jack Bell, Mrs. Clovis Reed, Mrs. R. L. McCracken, Mrs. Porter and Mrs. Sikes.

Mrs. Watts read the address used by Mrs. Watkins on her fraternal visitations when she was president of the Idaho state Rebekah assembly.

For the program dancing and singing skills were presented by Mrs. Sharon Stearns, Beth Britt and Edward Britt.

Refreshments were served by Mrs. Eugene Hatzfeld, Mrs. Sara Dameron, Mrs. W. D. Stearns and Mrs. Mabel Young.

the cake. Mrs. Frank Barron and Mrs. Oscar Carlson, aunts of the bridegroom, poured coffee and punch. Diane Erb, cousin of the bride, registered guests. Mrs. Gene Clayton, cousin of the bridegroom, Carolyn Clore, Peggy Zurek, Sharon Dutton and Colleen Sullivan presided over the gift table.

For the wedding trip to Boise the new Mrs. Barron changed to a box suit of black and white wool with black accessories and the rose corsage from her bridal bouquet. The couple is at home at Ft. Briggs, N.C.

The bride is a 1959 graduate of Buhl high school and of Ex-Celsis Beauty school, Boise. The bridegroom, a 1959 graduate of Buhl high school, is stationed with the paratroopers at Ft. Bragg.

Out-of-town guests were from McCammon, Pocatello, Rupert, Boise, Oakley, Nampa, Seattle, Washington, California and Guthrie, Ia.

Pre-nuptial events included a shower at the home of Mrs. Ernest Roland with Mrs. Lionel Miller, Mrs. Garth Atwood and Mrs. Eugene Mendini as co-hostesses.

A shower was hosted at the Pat Marlow home with Mrs. Dick Bencken as co-hostesses.

Care of Your Children By ANGELO PATRI

There are boys and girls of adolescent age whose homes are so unhappy because of the attitudes of the parents, that they want to leave and find a job in the city. The stories these young people tell are heartbreaking. Not that they are beaten or starved physically, but that they are beaten mentally and spiritually day after day until they feel they can take no more. They are just getting away.

Many of these young people are still in high school. They are unfitted for work in the business world since they are immature and unskilled in body and mind. They are ill-advised to leave home no matter how trying things are. The only thing I can say to them is "stay with it. Learn to listen without answering angrily. Know that in time you will be free, and able to go on your way provided you fit yourself for the work you intend to do."

The complaints these children make are: Constant nagging; constant accusations of wrong doing; no praise for any effort or any achievement; insistence on obedience to trifles that concern only him, as the color of tie to be worn, household chores beyond reasonable requirements, as responsibility for dressing, feeding, airing younger brothers and sisters so no time is left for homework or recreation; friends ridiculed; early bedtime and no evenings out, and null opening and read and criticized.

In short, domination of children's bodies and souls. To such I, must say: "Walk it out and do the best you can. Appeal to some family friend or reli-

Anniversary of T. F. Couple Is Marked at Fete

Mr. and Mrs. Alvin W. Marken were honored on their 45th wedding anniversary with a reception for friends and relatives at the home of their son-in-law and daughter, Mr. and Mrs. Charles E. Harris.

A blue decoration theme was used throughout the house. A three-tiered wedding cake trimmed in blue was cut in the traditional fashion. Mrs. Orville Scantlin baked and decorated the cake and was in charge of the house decorations. Mrs. Frank Howard cut and served the cake and Mrs. George Pullin, Kimberly, presided at the punch bowl. After a short program of music and readings, the couple opened and displayed their gifts.

The couple was married Dec. 21, 1915, at the home of the bride's parents at Hartsville, Mo. They moved from Kansas to Idaho in 1940 and with the exception of one year he has farmed in the Twin Falls vicinity.

Besides Mrs. Harris, the couple has another daughter, Ruby Marken, a Church of God missionary to Mexico, and one grandson, Alvin Harris, who is a senior at Twin Falls high school.

Roll Call Award Given Mrs. Smith

District Session And Sale Stated By DAV Group

Plans for the Disabled American Veterans auxiliary third district meeting and a rummage sale were discussed by the Stradley auxiliary last week at the DAV hall.

The district session will be held at 8 p.m. Jan. 20 at the local hall. Auxiliary members are asked to bring a pie.

The women also were asked to save articles for the rummage sale to be held in May. Mrs. Letty Reihalt, wares and means chairman, will be in charge of arrangements.

Mrs. Carl Sutterfield conducted the business meeting. The flag was returned by Mrs. Murrel Blades and the opening and closing prayers were led by Mrs. T. M. Knight.

A moment of silent prayer was observed for Roy Gordon, a chapter member who died Dec. 14.

Mrs. W. C. Stone presented the hospital report and told of the Christmas basket given to a family of six children. Two quilts made by the auxiliary also were given to the family.

It was noted that 35 children were presented gifts and treats by Santa Claus at the annual family Christmas party of the auxiliary and chapter. Two turkeys provided by the chapter were roasted by Mrs. Harold Armstrong and Mrs. Dewey Julian. Rolls were furnished by Mrs. Sutterfield and Mrs. Frank Horejs.

After dinner the children presented a program and group singing was featured.

Mrs. Horejs thanked the auxiliary for treats sent her grandchildren who couldn't attend the party because of illness and for the bouquet and vase sent her husband while he was a patient at Magic Valley Memorial hospital after a heart attack.

The next social will be held at 11 a.m. Jan. 24 at the home of Mrs. Harold Armstrong. Members are asked to bring scissors and sewing kits to work on quilts, a covered dish and table service.

Refreshments were served after the meeting to the chapter and auxiliary by Mrs. Sutterfield and Mrs. Stone. Mrs. Joseph Rowlan was a guest.

Small College "Rebellion" Nips NCAA Bid to Enact Tighter Eligibility Rules

PITTSBURGH, Jan. 12 (AP) — The lawmakers for college sports ran into a small college rebellion Wednesday at one of the longest and windiest National Collegiate Athletic association sessions in several years and wound up by passing only about half the controversial legislation that concerned in-season eligibility of players. After disposing of non-controversial business early including approval of three new football bowl games and the passing of a couple of restrictive rules about recruiting—the delegates talked themselves into a state of exhaustion and confusion before the session ended.

Wolves, Derie Pace District Hoopsters

The Southside conference boasts the district's best on two counts and both come from Castleford. Coach Jay Waite's Wolves, fourth in the state tourney last year, currently are the only undefeated men in the district with a 6-0 record. And Willie Derie, described by coach Waite as "the best shot I've ever coached," is gunning along with a 23.5 average, another fourth district best.

Scrappy Raft River Falls To Rockland

MALTA, Jan. 12 — The young Raft River Trojans put up their best battle of the year Wednesday night but finally fell before the superior height and experience of Rockland 33-20.

The Trojans, who have lost 10 men and all but two seniors on disciplinary measures, were cold in their shooting but made up for it with good hustling and actually outscored the tall Rockland club in the first half. The Trojans led four times during the first two minutes.

In the second half, Raft River hit only eight points to let Rockland get away.

Rockland took the preliminary 20-20. Raft River was led by Melvin Warr with nine points.

Blue Devils Nip Virginia In Overtime

CHARLOTTESVILLE, Va., Jan. 12 (AP)—Duke's eighth-ranked Blue Devils, downed by 11 points with 2:45 left, finally subdued Virginia's upstart Cavaliers 92-90 in an overtime Atlantic Coast conference game Wednesday night on Art Heyman's soft push shot with 12 seconds remaining.

Until Heyman, Carroll Youngkin and Howard Hurt got hot in the final 2 1/2 minutes for the Blue Devils, the Cavaliers—who had won just twice in 12 previous starts—appeared headed for the biggest upset of the AOC season.

Led by the second-half shooting of John Hasbrouck and Tony Laquintano, Virginia built up an 81-70 margin. But the Cavaliers couldn't hold the Blue Devils down and they finally caught up on a field goal by Heyman with 35 seconds left in regulation time.

Gene Engel sent Virginia ahead by 83-31, but Hurt tied it again for the Blue Devils with 17 seconds left and sent the game into overtime.

Sportsmen Ask Fish Hearings Site Changed

SEATTLE, Jan. 12 (AP)—Sportsmen's organizations in Oregon, Idaho and Washington want the federal power commission to hold part of a hearing on a Snake river dam argument in the Northwest.

The Oregon Wildlife Federation and the Washington State Sportsmen's council made the joint plea.

They want to be heard during the part of the hearing concerned with fish and fishing. They contend that if the hearing is entirely in Washington, D. C., many persons interested in the outcome won't be able to attend because of the cost of traveling.

The commissioner is to consider the application of the Washington public power supply system for a license to build New Percé dam on the Snake river below the mouth of the Salmon river.

The company has objected to part of the hearing being held in the Northwest, saying it would turn the issue into a political circus.

Public power's application is opposed by a number of sportsmen's organizations, commercial fishing interests and the Pacific Northwest Power company. The latter firm is trying to get a license to build Mountain Sheep dam on the Snake above the mouth of the Salmon.

Bears Sign "Best College Player"

CHICAGO, Jan. 12 (AP)—The Chicago Bears Wednesday signed "the best college football player of 1960," All-America end Mike Ditka of the University of Pittsburgh.

Bear owner-coach George Halas announced Ditka's signing at a special news conference, apparently extremely proud that his National Football League for the Panther star's service.

Ditka was No. 1 draft choice of both Bears and Houston. Halas declined to reveal Ditka's salary, but apparently it was lucrative enough to beat out one of the AFL's richest clubs.

A key statement of "fundamental policy" barely mustered the necessary two-thirds majority. But a rule limiting college athletes to competition within five calendar years passed by an unexpectedly large vote.

Under this rule, described as a compromise between the four-year limit originally suggested and the need to recognize hardship cases, an athlete must complete his eligibility within five years of the time he first registers at any college. The committee's original idea was to try to end the practice of holding a football player out of competition for one season when he's not needed and thus prolonging his educational process as well as his competitive career.

Two constitutional amendments that were tabled were a proposal for a national pre-registration program under NCAA control and supervision and a proposal for a national transfer rule. It was mainly the smaller colleges that objected to these propositions as designed to solve the special problems of the bigger members that engage in intensive recruiting.

Also passed was legislation to curb high school all-star football and basketball games and to discourage the importation of over-age foreign athletes.

Other activities were: Confirming through the NCAA council report that the NCAA and the Amateur Athletic union have broken off their long-standing alliance. The NCAA said it no longer will respect AAU suspensions. The breach may be healed, however, as committees from both organizations are working toward a new alliance.

Approving three new bowl games—the Presidential trophy at Washington, D. C., the Aviation bowl at Dayton, Ohio and the Los Angeles Mercy bowl.

Requiring that when a prospective athlete gets a visit to a college campus at the expense of someone who wouldn't normally pay the way, that person also must accompany him on the visit.

Ruling that colleges may not pay expenses for athletic talent scouts in recruiting and may not claim he is a staff member and entitled to expenses by paying him a regular fee.

The statement of policy, which put into the NCAA constitution that eligibility, financial aid, recruiting and admissions policies are a part of the association's business, passed by a 137-66 margin, mustering only one more vote than was necessary.

Many figure the world indoor two-mile mark of 8:46 may be in jeopardy. Bowerman said "both Trux and Tabori are in pretty good shape, but this fellow (Halberg) is evidently really ready to run and it should be something when the three of them get together in that two-mile Saturday night."

Seventeen events are scheduled for the meet and the two-mile by no means dominates it.

The mile run will match Oregon's Daryl Burleson, sixth-place finisher in the Olympic 1,500 against Jim Beatty of North Carolina and the Santa Clara youth village, the American record holder.

Don Bragg, world record holder in the pole vault, will compete along with Ron Morris, Olympia runnerup.

Roscoe Cook and 100-meter record holder Harry Jerome, both of Oregon, are in the 60-yard dash. Otis Davis of Oregon, the Olympic 400-meter king, will run in a special 500-yard race.

Shotputters Parry O'Brien, two time Olympic champ, and Dallas Long, the NCAA champion, are to compete.

Bowerman said today "no cancellations" have been received.

Geoffrion Still Tops Hockey Loop

MONTREAL, Jan. 12 (AP)—Bernie (Boom Boom) Geoffrion of the Montreal Canadiens, pacesetter in the National Hockey league's scoring race, lost a lot of ground last week to galling Frank Mahovlich.

The free-wheeling leftwinger of the Toronto Maple Leafs helped himself to a whopping eight points on three goals and five assists. He moved from fourth place to second, bypassing two other Montrealers, according to official statistics released today.

Geoffrion has 68 points and Mahovlich 53. Dickie Moore and Jean Beliveau of Montreal are tied for third place with 49 each.

Warren Spain of the Milwaukee Braves has pitched 51 National League shutouts during his career.

Leading the freshman scoring is Tom Whitfield, a 6-foot, 5-inch forward from Seattle's Garfield high, who has averaged 15 points per game.

After the Friday night game in Spokane, the frosh meet Lewiston normal school at Lewiston, Jan. 17 and Columbia Basin Junior college at Pasco Jan. 21 before returning to home ground.

Woodson coached the Aggies to an undefeated season after they had 21 losing seasons. New Mexico State went undefeated through 11 games last year, including a 20-14 victory over Utah State in the Sun bowl.

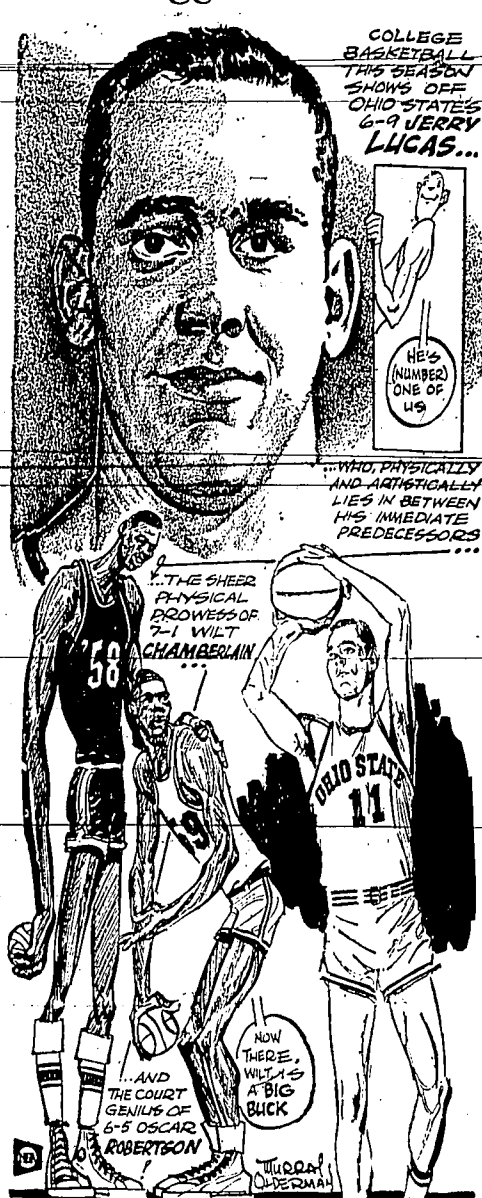

Names President

PITTSBURGH, Jan. 12 (AP)—Henry B. Hard, faculty representative at Texas Christian university, Wednesday was elected president of the National Collegiate Athletic association.

He succeeds J. J. Dorricott, of Western State college of Colorado.

Elected secretary-treasurer was the Rev. Wilfred H. Crowley of the University of St. Ignace.

PORTLAND, Ore., Jan. 12 (UPI)—Some of the nation's top track and field stars plus Olympic 5,000 meter champion Murray Halberg of New Zealand were getting set today for the first annual Oregon indoor invitational track meet here Saturday night. Halberg, who will run in a special two mile race, arrived by plane in Eugene to meet with Oregon coach Bill Bowerman before coming to Portland today. Bowerman is the meet director.

West Given 1-Point Edge In Pro Bowl

LOS ANGELES, Jan. 12 (AP)—The West team is a one-point choice over the East for Sunday's pro bowl. It's the shortest spread for the West in years.

Ordinarily, the team representing the Western conference of the National Football league rates a three to seven-point edge over the Eastern conference representative.

The West has responded by winning six of the first 10 pro bowl games.

The game this year features two fine quarterbacks — Johnny Unitas of Baltimore for the West and Norm Van Brocklin of Philadelphia for the East.

Baltimore's running attack collapsed late last season and with Alan Ameche out, defensive units against the Colts were able to contain Lenny Moore on sweeps and gang up on Unitas and his receivers when he took to the air.

Unitas will have adequate ground power Sunday — and a top-notch fullback in Jim Taylor of Green Bay.

Van Brocklin passed Philadelphia to the NFL title and the Eagles won nine games in a row after losing the season opener.

Skyline Eyes Denver Decision

DENVER, Jan. 12 (AP)—Denver university's decision to drop football from its sports program may be a harbinger of things to come in the Skyline conference.

This was indicated today by reports that Colorado State university's grid program may be in for a reappraisal.

Both Denver and CSU are Skyline members, along with Wyoming, Montana, New Mexico, Utah and Utah State have been involved the past year in talk of forming a new athletic conference.

The state board of agriculture, ruling body for the Fort Collins school, will meet there Saturday with Dr. William E. Morgan, CSU president. The board has asked Dr. Morgan to present a report on the school's entire athletic program.

Notable in this connection is the fact that CSU won only two of 10 football games last season and had a deficit of about \$20,000 from the sport.

Twin Falls to Host Borah Lions, Nampa in Week-End SIC Play

The Twin Falls Bruins face another Southern Idaho conference "must" Friday night when they host the front-running Borah Lions (2-0) and must "stay up" to entertain the Nampa Bulldogs Saturday. The Bruins dropped their opener to highly-touted Pocatello last week and while they don't appear to have the height to vie for the SIC title, they have set their sights on third place. The Bruins have Borah to settle with on that point.

After taking a look at Borah against Mountain Home Tuesday night, Twin Falls coach Clive Butler predicted a "good game if we can keep from making the mistakes that cost us a chance at Pocatello last week."

Borah stands 6 feet, 6 inches and 8 feet, 4 inches in its double post offense with a 6-foot, 2-inch forward along as a kicker.

Blessed with great depth, Borah mentor Dick Carrow uses a double team system and a full-court press throughout the game. His first unit plays the first and third quarters and the second platoon the second and fourth periods.

Coach Butler stated he felt his Bruins could win the game by playing good, hustling ball. Even with that, he cautioned, a close game appears in store for spectators.

With the defeat to Pocatello and poor attendance, coach Butler said the home floor would be worth

about six to eight points for his charges. "A good athlete generally is down a little after a defeat and it takes the first quarter of the next game to build up his confidence," Butler theorized. "If we have a good first quarter Friday night we'll be back on top and capable of giving them as much as they want."

On the basis of past performance Twin Falls is favored to nip Nampa. Coach George Kiel's Bulldogs have appeared lethargic in most of their games but have come up on infrequent occasions to play good ball.

Looking back toward last week's loss to Pocatello, coach Butler said "We threw that ball game away by making 30 errors in that game—traveling, bad passes, three seconds in the keyhole. We gave them a good game in the first half (which ended 24-24) and ran right through it in the second quarter. We had two on one and three on one

four times in the second quarter on our fast break.

"But in the second half we started making those errors in the first four minutes of the third quarter it didn't seem we got the ball across the 10-second line. It was either traveling or charging," he said.

Charlm'n Chick Cutler continues to lead the Bruins with a 13-point per game average while center Bob Sorenson has moved up to a 12.4 average. Cutler has 107 points against 97 for Sorenson. Allen Sanderson has 87.

The Bruins hit 18 of 22 free throws at Pocatello to raise their total to 116 charity points against 132 opponents fouls. Twin Falls has averaged 54.2 points a game while giving up 49.9.

Coach Butler also welcomed back for this week-end a senior veteran in Bob Singleton, who missed the last two games because of illness.

Magic Valley Basketball Schedule Settles Into Quiet Conference Routine

With the flurry of the opening conference week-end over, Magic Valley high school basketball teams settle down to lay the foundations for championship chases. None of the 19 games slated in this area have the "make-or-break" urgency they will have next month. In most cases they pit clear-cut favorites over teams that figure to be also-rans. The Glenns Ferry Pilots, which leave the district, have the opportunity of welcoming one of the most talked-about boys into Idaho basketball. Unfortunately for the Pilots, he will be playing for Mountain Home.

Coaches Asked to Keep Youth Fit

PITTSBURGH, Jan. 12 (AP)—Attorney General-designate Robert P. Kennedy Wednesday night called on the nation's collegiate football coaches to help mold strong Americans.

Coaches Asked to Keep Youth Fit

Addressing the annual coach of the year award dinner, Kennedy said his brother, President-Elect Kennedy, will call within the next three months for action in the area of physical fitness and it is the coaches who can help put this program across to the American people.

Coaches Asked to Keep Youth Fit

"This is a critical area," Kennedy said, "and merely talking about the problem will not solve it. There must be positive action. We are going to work on a program which emphasizes that all children should participate in sports."

Jerome BPW Club Gives Safety Stickers

Mrs. Hinkle Cox presents Fred Abrams, Jerome chief of police, with six bumper stickers for city cars at a meeting of the Business and Professional Women club Monday night. The stickers say "Buy protection with courtesy," the same initials of the BPW club. Members are selling the stickers as part of their traffic safety campaign. Mrs. Cox points out the state BPW clubs have been participating in the safety emphasis for more than two years. "We expect to emphasize that traffic laws are more than official statutes and disrespect of the laws is what causes many traffic accidents," she notes. Chief Abrams addressed club members on safety measures practiced by Jerome police. Sister Mary Germain also spoke on different blood types. (Staff photo-engraving)

Keep Idaho Green' Work Gets Honors

BURLEY, Jan. 12—The Burley Jaycees received a check for \$28 from the fourth district vice president, LeRoy Craig, Jerome, for merit in the "Keep Idaho Green" contest held this past summer. It was reported at the Jaycee meeting at the Burley public library Tuesday evening.

A letter was read from Craig congratulating the club on its work. Announcement was made that "boss night" would be held at 7:30 p.m. Tuesday at Nelson's cafe. Bill Dayley and Gale Whitworth were named co-chairmen. Each member of the club will bring his boss who will be the guest of honor.

New members will be pinned during the meeting and Laddie Dale, Jaycees international director from Idaho Falls, will be the speaker.

A report was given by Gale Keen on the Christmas tree burning and winter roast held last week. Lee Conners was named chairman of the club's radio day project. Club members tentatively plan to present a program over KBAR Sunday with music interspersed with talks by club members on the aims and past history of the Jaycees. More will be announced on the project.

Plans are being made by the club the last week in January to present a talent program as a part of the March of Dimes campaign. Dee Marsden is chairman of the program.

ACTIVITIES LIMITED
PALM BEACH, Fla., Jan. 12 (AP) — On the advice of her doctors, Mrs. John F. Kennedy will restrict here participation to main inaugural ceremonies and festivities in Washington next week.

LEGAL ADVERTISEMENTS
NOTICE OF TRUSTEE'S SALE
On Monday, the 15th day of May, 1961 at the hour of 10:00 o'clock A.M. of said day, in the lobby of the Twin Falls Title and Trust Company, 219 Shoshone Street North, in Twin Falls, County of Twin Falls, State of Idaho, THE TITLE INSURANCE COMPANY, an Idaho Corporation, as trustee, will sell at public auction, to the highest bidder, for cash in lawful money of the United States, all payable at the time of sale, the following described real property, situated in the County of Twin Falls, State of Idaho, and described as follows, to wit:

The North 100 feet of the West 2 1/2 acres of Lot 37, of Orchelara Subdivision, Twin Falls County, Idaho, according to the plan thereof, recorded in Volume 1 of Plans, page 81, records of said County, more particularly described as follows: Beginning at the Northwest corner of said Lot 37; thence South along the West line of said lot a distance of 100 feet; thence East parallel with the North line of said lot a distance of 100 feet; thence North parallel with the West line of said lot a distance of 100 feet; thence West along the North line of said lot a distance of 100 feet to the point of beginning.

Said sale will be made without covenant or warranty regarding title, possession or encumbrances to satisfy the obligation secured by said mortgage to the power of sale conferred in the deed of trust executed by O. JAY CALL, and DONNA HAY CALL, husband and wife, grantors, to THE TITLE INSURANCE COMPANY, as trustee, for the benefit and security of THE PRUDENTIAL INSURANCE COMPANY OF AMERICA, recorded October 16, 1958 as Instrument No. 47664, in Volume 183 at page 14, Mortgage records of Twin Falls County, Idaho.

The default for which this sale is to be made is the failure of the grantor to make the monthly installments due under Deed of Trust note dated October 15, 1958 in the amount of \$118.00 each for the months of September, October, November, December 1960 and January 1961; and the balance owing as of this date on the obligation secured by said deed of trust is \$14,695.66 plus accrued interest at 5 1/2% from August, 1960. Dated January 6, 1961.

SHOSHONE, Jan. 12—Committees for Chamber of Commerce were named at Tuesday's meeting held at the Manhattan cafe.

Officers are Ray E. Oyer, president; Harrell Thorne, vice president; and Myron D. Johnson, secretary-treasurer. They were elected at the annual election banquet in December.

Committees for 1961 include Joe Pagoga, Herb Love and T. W. Conner, finance; E. D. Saras, R. G. Neher and J. E. Potter, community health; William Van Dyke, T. W. Conner and Bill J. Anderson, traffic safety; Chalmers Martin, Omer Shook, R. W. Grove, George Young, Edwin Hahn, E. I. Shaw and Arthur Hall, Scout breakfast; W. E. Grosse, John Severson, James Pate and Ward Mills, farmers night; Douglas-Hahsen, Burton Thorne and Ward Mills, merchants and Halloween party.

Others include Francis Bergin and Harley Handy, Christmas bonfire; James Pate and school officials, football banquet; Howard Manning, T. W. Conner and E. I. Shaw, fair; Burton Thorne and city officials, Christmas lighting; Omer Shook, Willis Larson, Joe Berrochoa and Mike Urrutia, Christmas party; E. L. Gomes and Shoshone firemen, July 4 celebration fireworks.

E. L. Gomes, Ward Mills, Jack M. Murphy and Mrs. Myrtle C. Burdett, legislative and highways; Joe Berrochoa, Robert Haddock and Domingo Sologar, sports and recreation; Cecil Cope, Ward Mills and Dale Kinnaman, grassman of the year; Herbert Forbes and Burton Thorne, street numbering; and Mayor Burdett and Frank Carothers, Northside Communities.

Correspondence was read from the Amalgamated Sugar company in answer to a letter from the chamber. Sam Clark, center lake area resident of the county, reported having taken information regarding the sugar beet potential of the county to a California firm.

The annual Scout breakfast will be held Feb. 12. The Christmas lighting handled by the chamber was considered and suggestions made for next year's activity.

Lincoln Honors Retiring Aides

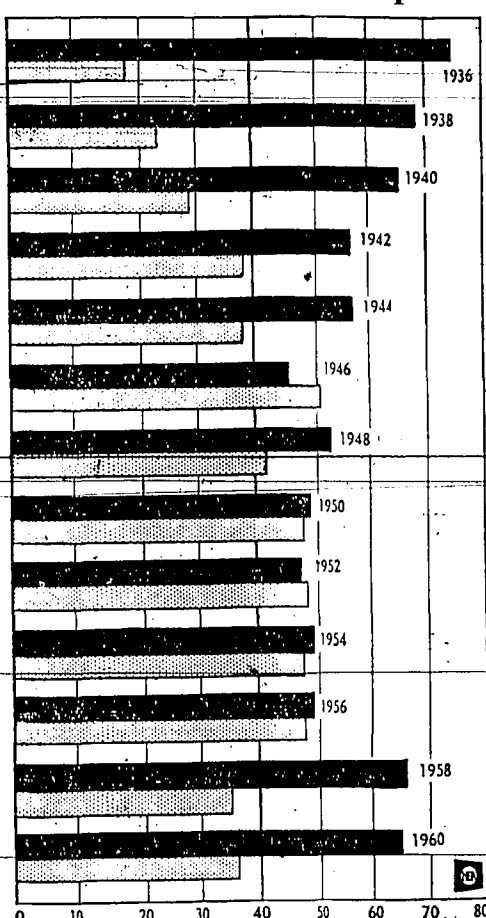

SHOSHONE, Jan. 12 — Retiring Lincoln county commissioners were thanked for their work and new commissioners welcomed at a luncheon held Monday at the Manhattan cafe. All employees of the county were present.

Arrangements for the social were made by Mrs. Luella L. Kinsey, auditor. Prosecutor Howard E. Adkins was master of ceremonies.

Expressions of appreciation to retiring chairman, Donald Riley, and Oscar Kerner were given by various officers. New commissioners are O. F. Chatfield, and Burrell Williams, Shoshone, with W. E. Bolton, Dietrich, the holdover commissioner.

Prosecutor Adkins pointed out

New Senate Lineup

When President-elect John F. Kennedy takes office in January, he will have the backing of a strong Democratic majority in the senate. The Republicans elected 13 senators, the Democrats 21. The new senate will be comprised of 36 Republicans, 64 Democrats. In 11 of the last 13 congresses (newschart)—1946 and 1952 excepted—Democrats have been the party in power.

Course Slated

RUPERT, Jan. 12 — A basic training course for Explorer Scout leaders, associate advisers and committeemen for the Minidoka and Cassia districts, starting Tuesday, was announced today by Fred Linton, district executive. Two sessions will be held Jan. 24 and 31, in the Rupert LDS third ward, each beginning at 8 p.m. Instructor for the sessions will be Oscar Peterson, Burley.

Linton asks that all men interested in the Explorer program of the Boy Scouts plan to attend the training course which is being given free of charge under the direction of the Snake River Area council. Manuals for leaders of the various classes will be available, he said.

Some of the major accomplishments for the county during their terms of office, including the convalescent center, the highway district and new roads in the east end of the county.

Most snails are both male and female.

Mrs. Hamilton Is Honored at Rites

BURLEY, Jan. 12—Funeral services for Mrs. Grace Hamilton were held at 2 p.m. Tuesday at the Castleford Baptist church with the Rev. Edward J. Stubbs, pastor, officiating.

A choir composed of Alvin Barnes, Howard Barnes, Willis Owen, Deana Owen, Marie Lawson, Dalton Brawley, Midge Wiggins and Irene Graybeat, sang two selections. They were accompanied by Mrs. Dalton Brawley, pianist. Honorary pallbearers were Lon Montgomery, Tom Bollinger, O. A. Brown, Dudley Watson, Claud Shrum and Jeff Haynes. Active pallbearers were Troy Bradshaw, Elwood Wing, Nobel Whitley, Merle Walden, James Head and Albert Miracle.

Concluding rites were held in the Buhl city cemetery.

JOINS MARINES

BURLEY, Jan. 12 — Pfc. William D. Coffey, 21, son of Mr. and Mrs. William P. Coffey, Burley, has enlisted in the marine corps for three years.

A PRICELESS RECIPE

In a health emergency, the little slip of paper on which your physician writes his prescription is priceless. You wouldn't part with it under any circumstances.
 However, once the emergency has passed, human nature being what it is, you are apt to forget how valuable the prescription really was. Maybe you even grumble a little at its out-of-pocket cost, failing to remember the doctor's professional skill, the countless hours of pharmaceutical research and many other factors that made the "recipe" possible in a health crisis.
 Permit our prescription department to fill your next "recipe for health."

Beef Regains Top Position On Counters

By The Associated Press
Beef regained its position as king of the meat counters this week. It's the most widely advertised item among week-end specials of supermarkets and neighborhood groceries.

Featured cuts included round and rump roasts, round steaks, ribs and tri tip chops and roasts. Some prices up. Prices were up from last week in some cases. Beef supplies in the first quarter of this year are expected to be seven per cent above a year ago.

Port also is high on the week-end bargain list. Offerings include John, spare ribs, hams and bacon. Current retail prices are a little higher than a year ago.

Frying and roasting chickens are featured in some sections of the country.

Egg Prices Slump
Egg prices slumped sharply, as much as 10 to 12 cents a dozen in some localities.

Vegetables continued to be in abundance and great variety. Best buys included beets, carrots, orange and yellow sweet potatoes, eastern potatoes, onions, parsnips, Florida celery, turnips, rutabagas, endive, escarole, collards, kale and mustard.

Best among fruit buys are cranberries, grapefruit and tangerines.

Merger Plans Approved for Area Schools

HAGERMAN, Jan. 12 — The advisory ballot taken to determine whether the community wishes a school consolidation was tallied at the school board meeting Monday. The four-way consolidation plan was favored, reports Supl. Orville Reddington.

Seventy-nine favored the four-way plan. Of these 69 were tax payers. Thirty-nine were in favor of the two-way consolidation with 21 of them tax payers. Twelve were undecided, seven per cent of whom were tax payers. Thirty-four were definitely opposed to any change, and of these 32 were tax payers. A total of 385 letters was mailed out and 162 were returned.

Alan Erwin, board member from zone five, resigned as he has moved out of that zone, and Scott Preston was appointed to fill his place until the election in May.

Board members voted to buy a washer and dryer for the use in the athletic and home economics departments.

Barker to Head Group for Buhl

BUHL, Jan. 12 — John M. Barker was elected president of the Buhl Economic Development and Improvement corporation at an organizational meeting held here Tuesday evening at the R and B cafe.

Pat Hamilton was named vice president by the directors and William Nungester secretary-treasurer.

A shareholders meeting preceded the directors meeting. Elected to serve on the board of directors were John Barker, Pat Hamilton and William Nungester, for three-year terms; Robert E. Bailey, John C. Hepworth and Frank Squires, two-year terms, and James T. Shields, Theodor Rangen and Bob Weaver, one-year terms.

Shareholders approved all action taken by the corporation to date and adopted the bylaws as presented. The present cash capital stock is \$7,950 and was let out at \$25 per share.

HAS 15-DAY LEAVE
RICHFIELD, Jan. 12 — Ross Brown, fireman apprentice, son of Mr. and Mrs. William Brown, Richfield, is home on 15-day leave after completion of basic training at the naval training center, San Diego, Calif.

The drama "Life with Father" played on Broadway for 3,224 performances. Next longest run was "Tobacco Road" with 3,182 performances.

Enter Debate

IDAHO STATE COLLEGE, Pocatello, Jan. 12 — Four Magic Valley debate students will be among 17 contestants in the second annual Treasure State Invitational tournament Friday and Saturday at Montana State College, Bozeman.

Elizabeth Patterson, Bellevue; Charles Falk, Burley; and Lawrence Silvey, Richfield, are in the senior division. Lynn Thomas, Burley, will participate in the Lincoln-Douglas debate.

Degree Given By Grangers At Area Meet

SHOSHONE, Jan. 12 — The first degree was exemplified by Richfield Grangers at the Lincoln-Blaine Pomona meeting held last week at Magic Grange hall.

Geanne Young, Mary Jo Wurst, and Tony Barney, Shoshone, were initiated in the first degree. Faye Chatfield, Richfield, was acting master in the degree.

Obligated in the fifth degree were Geanne Young, Mary Jo Wurst, Upper Big Wood River Grange, Halley, and Mr. and Mrs. William Tews, Shoshone.

Reports were given by all subordinate Grange masters. Hyrum Meservy, Dietrich, legislative chairman, reported on the farm bills that will be taken up in legislature, stating the mixed grain bill will effect only the Magic Valley area.

Glen Ross announced the farm institute will be held Jan. 24-25 at Richfield Grange hall, urging all to attend.

Discussion was held on the centennial project. Each Grange in the Pomona will appoint two couples to work under direction of Mr. and Mrs. D. G. Mitchell of Magic Grange for the observance.

The literary program was under direction of Mitchell, who is lecturer for Magic Grange. Richard Tows played an accordion solo and Kathy Ross gave a poem. Terry Lee Johnson gave readings.

Next meeting will be Feb. 4, an all-day meeting at Dietrich with a potluck at noon. The second degree will be put on by Dietrich and Wood River Center will put on the third degree.

Hank Bets on Races, Wishes He Had Stayed in Catacombs

ROME, Italy—One of the first last time I went to the races, I had only three of his four legs bandaged, seemed a bit bigger than his rivals, and was to be ridden by a jockey only a shade stouter than myself.

To reinforce my choice I looked him up in the form chart, and it was very encouraging. It had this to say about Topazia: "C.B. 3. 65. St. pone in discretion a moderate trotting per la vittoria."

The "C.B." obviously meant bay colt, the "3" that he was three years old, and the "65" the weight he was carrying. "I was correct in the latter, only it was in kilos, not pounds, so his impact was close to 145 pounds. Quite a load."

I read the "St. pone, etc.," to mean that this pony was evidently discreet, had a dove-like temperament and would do a lot to earn his vittles. Look at the Italian above and see if you wouldn't have interpreted it the same way.

What else could a man want in a horse? Even-tempered, discreet and willing to do his best for his food.

I did business with the bookies on Topazia and went to the rail with a confident smile. The farm-

ly wouldn't lack pasta tonight. With meat sauce, too.

Topazia was all I had hoped for at the start, but in the backstretch, when the field disappeared down a hill and behind a quarter-mile-long stretch of trees, something happened. I can't know what. Maybe the jock dismounted to tie a shoe lace. Whatever it was, Topazia—in the lead when the gate opened beyond the forest, emerged a hundred togas' length behind the field.

When Topazia approached the final hurdle — it was a steeplechase — something told me he'd never make it. He was weary and the jock looked as big as a bank safe. Horse and jockey went up together, but they didn't come down that way.

Topazia got up most discreetly, as did his jockey, and walked discreetly in. I walked away and headed for the Catacombs. (Distributed by McNaught Syndicate)

VISIT IN TUTTLE
TUTTLE, Jan. 12 — Lewis Wierzbicki, Wyo. visited the Lealand Brooks home. He has accompanied home by his wife who has been here recuperating from major surgery.

Americans paid 5.2 billion dollars for health insurance in 1959. The Health Insurance Institute reports.

Fiscal Agent Is Hired by School

BUHL, Jan. 12 — J. H. Hoar and company, Salt Lake City, was awarded a contract to serve as fiscal agent for Class A school district No. 412, when Buhl school trustees met in regular session Monday evening here.

As fiscal agent, the company will help prepare for the sale of any school bonds that are voted on by patrons of the school district and also will market them.

Board members moved that the architectural firm of Wayland and Cline, Boise, be employed to help with the forthcoming elementary school building program.

Trustees accepted the bid of the Visual Sound company, Boise, to establish a foreign language laboratory in the local high school building. The laboratory is to be installed in the building within the next 20 to 30 days at an approximate cost of \$7,500.

American paid 5.2 billion dollars for health insurance in 1959. The Health Insurance Institute reports.

RETURN HOME

SHOSHONE, Jan. 12 — Mrs. Delina Rodbeck and grandson Conrad Thorne, have returned home after making a business trip to Montpelier. They visited her brother and sister-in-law, Dr. and Mrs. R. B. Lindsay, there.
