

### Traffic Death Scoreboard

Here is a comparison of traffic fatalities as of this date for 1961 and 1960 for the entire state.

Idaho, 1960	8
Idaho, 1961	14
Highways Are	14
Deathtraps:	1
Be Alert!	0
Magic Valley, 1960	14
Magic Valley, 1961	1

## 33 Million Fund Due In Schools

BOISE, Feb. 1 (AP) — The chairman of the House appropriations committee said today that the bill appropriating funds for Idaho's public schools in the next biennium likely will be introduced tomorrow.

Rep. Pete T. Cenarrusa, R., Blaine, confirmed earlier reports that the appropriation would be between 33 and 34 million dollars. Gov. Robert E. Smylie had recommended 32 million dollars for education.

Cenarrusa said the total appropriations would be kept within the governor's recommended budget figure of 88.3 million dollars.

The additional money for public schools will come from cuts in the general fund requests of other agencies, he said.

The legislature was asked today to ratify the compact which covers distribution among states of the Pacific Northwest of the water of the Columbia river and its tributaries.

The compact, said Gov. Robert E. Smylie in a message sent to both the house and senate, provides the "most effective, if not only method of protecting upstream irrigation water rights such as those which are so vital to Idaho."

He said the compact includes a definition of water usage which will protect all existing water rights in Idaho, in the Snake river and its tributaries and also allow the future development of all reasonably foreseeable additional irrigated land, assuming even the most extravagant future plans.

"I commend the proposed compact to the most serious consideration of the two houses," Smylie said.

Today marked the beginning of the second half of the 1961 session.

The score on bills introduced at the halfway point: In the house 78; in the senate, 114, and total 192.

This is exclusive of joint resolutions dealing with constitutional changes, memorials and housekeeping resolutions—and is nearly half again as many as was introduced in the last session at this time. In addition many bills have been acted upon by both branches of the legislature.

In the house, four more bills were introduced including a measure giving the state labor commission authority to investigate.

## Historical Society Elects New Chief

O. A. (Gus) Kelker, center, newly-elected president of the Twin Falls County Historical society, confers with Helen Porterfield, secretary, and Juneau H. Shinn, outgoing president. Kelker was elected as the executive board of the organization met Tuesday evening in the city hall. Shinn served as president for two years. The society was only recently incorporated under state laws after operating for several years as an unincorporated unit. (Staff photo-enshring)

## January Was Driest In T.F. in 15 Years

While January 1960, was not the warmest, but it was the driest since January 1945, according to records of the Twin Falls U. S. entomology research division.

Precipitation total for last month was only .10 of an inch compared to .91 for an average. Entomology records for January, 1945, revealed that 17 of an inch of precipitation was recorded.

Temperatures averaged 4.8 degrees above normal for January, 1960, with the highest reading Tuesday and the lowest Saturday morning. Temperatures in January, 1959, were warmer on the average, being 7.1 degrees above normal.

There were no maximum temperatures below freezing during the month. Only a year ago 6 1/2 inches of snow fell in Twin Falls, but this year no snow was measured.

Precipitation was recorded Jan. 10, 30 and 31 and four days showed a trace.

Monday's 50-degree reading was the fourth highest January temperature ever recorded by the research division. The highest of 64 degrees was recorded Jan. 3, 1918. Readings of 60 also were recorded Jan. 18, 1920, and Jan. 23, 1939.

## History Unit Picks Kelker As President

O. A. (Gus) Kelker, Twin Falls photographer, Tuesday evening was elected president of the Twin Falls County Historical Society, succeeding Juneau H. Shinn, also Twin Falls, who served for the last two years.

Kelker was elected after the executive board of the newly incorporated society organized at a session at the city hall. The eight original incorporators elected the new president to the executive board.

The meeting was the first since the organization was incorporated. In addition to the election, the meet featured the discussion and adoption of a new set of bylaws. By resolution, all members of the original society whose dues are paid to date, automatically became members of the incorporated group. There are more than 300 members.

In addition to the new president, other officers include Homer H. Roberts, Hollister, first vice president; I. T. (Pete) Creed, Twin Falls, second vice president; E. P. Stettler, Twin Falls, treasurer; Helen Porterfield, secretary, and Mrs. Hugh O. Boone, corresponding secretary. Both women are from Twin Falls.

Elected to the executive board, in addition to the officers, were Mrs. Frankie Alworth, Piler; D. D. Gibbs, Kimberly; D. W. (Wayne) Walker, route 2, Buhl; Florence Sanderson, Pete Goertzen, John E. Hayes and DeWitt R. Young, all Twin Falls. Two more board members will be appointed later. A special committee was named by the new president to check

## Immediate Installing Of Fire Alarm Asked

Immediate installation of an automatic fire alarm system in the crowded junior high school building was recommended Tuesday night by the plant facilities subcommittee of the Citizens' School Planning committee. The recommendation to the Twin Falls school board specified the alarm system, estimated to cost \$9,000, in preference to the sprinkler system costing about \$48,000. The school board has been considering both plans. Some 50 members of the subcommittee attended the session at which J. P. Smith presided. Mrs. John Breckenridge, co-chairman of the group, served as secretary for the session.

The subcommittee further recommended that the school board change the remainder of the heating plant in the junior high school building as soon as possible, sealing off old heating ducts in the Second street north side of the building.

Several members were appointed to a special committee to investigate the fire hazard at Lincoln school and report back to the next meeting.

The session decided to recommend keeping the junior high school system in Twin Falls public schools. Two groups were appointed to study different phases of the junior high school system and report to the next meeting.

All work of the Citizens' School Planning committee is based on decisions to be made by the plant facilities subcommittee. The meeting is planned for 8 p.m. Tuesday.

## Broken Water Main Repairs Are Planned

Water service, interrupted by a cracked section of the 30-inch water main running from the Twin Falls filter plant to the city, is expected to be fully restored by midnight Wednesday, Paul Nelson, Twin Falls city engineer, said Tuesday evening.

At present, water service to an estimated 20 families has been discontinued while repair work is carried out on the break, roughly 500 yards south of Twin Falls on the east side of highway 74.

Those families affected all live south of Highland avenue. Nelson said a tank truck, operated by the Twin Falls street department, has been in continuous service supplying water to homes temporarily without service. "The folks out there have been very understanding," he said, "and we certainly appreciate their cooperation."

Eight-man crews are working on a 24-hour schedule until the job is done, Nelson said. A hole 50 feet long, nine feet deep and ten feet wide has been dug. Five 12-foot by 24-inch cast iron pipe sections must be loosened to allow the cracked section to be removed and a new section installed. Each pipe section weighs approximately 3,500 pounds. Newton said hydraulic jacks, a truck-mounted backhoe and a truck-mounted "A" frame are being used.

The break was caused when the line was installed some 10 years ago, Newton explained. Approximately three feet of rock was excavated to lay the water line, and insufficient "sand bedding" was placed between the bottom of the pipe and the rock.

## Auto Agency Sets Opening At Local Site

Tentative plans have been made for the grand opening of Blair's Oldsmobile agency, 217 Second avenue north, to be held Feb. 16-18.

Albert Blair, new Oldsmobile dealer, said Wednesday a new Star Fire Oldsmobile will be featured during the grand opening. Arrangements were completed Tuesday for displaying the car at the opening.

The new firm will be the only Oldsmobile agency in Twin Falls. According to Wes McKenzie, president of the Twin Falls Dealers association, nine other car agencies are doing business in Twin Falls.

The new Oldsmobile agency is open for business, including the service department, according to the owner.

"We plan to have the fastest repair service available in this area for any make of car or truck," Blair stated. A complete line of Oldsmobile models is expected by the grand opening date and should total about 20 new cars. Blair also will operate a used car lot.

Six persons are employed at the agency now, but Blair intends to increase the number of employees to 15 within a month.

Blair has about 20 years experience in the automobile business. He came to Twin Falls from Mackay where he had the Chevrolet and Buick agency for 11 years and also operated the Chevrolet agency in Arco.

Prior to that, Blair had the Chevrolet, Oldsmobile and Cadillac agency in Salmon.

Blair, a qualified pilot, worked for the Boeing Airplane company during World War II, where he was a test pilot. He came to Idaho in 1935 from Kentucky.

Reynolds Construction company remodeled the building to include office space and a car showroom.

## Infant Killed By Gas Fumes

LABARRE, Ia., Feb. 1 (UP)—Most of the approximately 100 residents of this tiny community were back in their homes today, but the cloud of deadly chlorine gas loosed in a train derailment claimed the life of one and left 15 hospitalized, two in critical condition.

Fifteen cars of a freight train were derailed yesterday when an axle broke on one of the cars. A tank car carrying liquid chlorine burst open in the accident, spewing a deadly gas which killed an 11-month-old Negro, Jim Harris, Jr., and felled 65 persons.

Scores of farm animals died in the greenish-yellow cloud, and all the residents of Labarre fled "into the wind" to escape the fumes. The 300 students at nearby Morganza, La., school were evacuated as a precautionary measure.

## Kennedy, Aides Study Problems

WASHINGTON, Feb. 1 (UP)—President Kennedy conferred with his top economic, diplomatic and military advisers today on the nation's problems at home and abroad.

Kennedy started off another busy day with a discussion with a group of experts on the anti-recession program he will send congress tomorrow, proposing remedies for mounting unemployment and other economic difficulties.

Kennedy later met with the national security council in his first get-together with this group, whose proceedings are among the most closely guarded secrets in Washington.

425 MILLION MILES HUNTSVILLE, Ala., Feb. 1 (UP)—Explorer, the "free world's first scientific Earth satellite," was three years old yesterday and had traveled some 425 million miles the army ordnance missile command said today.

## Full Boycott Returned for South School

NEW ORLEANS, Feb. 1 (UP)—The white boycott at segregated McDonogh 19 grade school was complete again today after the family of two white boys succumbed to segregationist pressures and left the city during the night.

John N. Thompson, 33-year-old ex-GI, Sylacauga, Ala., left with his wife and six children for an undisclosed destination. His two sons, Gregory, 9, and Michael, 8, also attended McDonogh, the only white children to go to the school with its three Negro first grade girls since Nov. 17, the third day of integration.

The brief boycott break began Friday when Thompson brought Gregory to the school. Yesterday, Michael accompanied his brother. Thompsons said they took the boys out of a segregated school in neighborhood parish (county) because they felt the children would get a better education at McDonogh.

"I believe that certain types of federal aid are both desirable and necessary for education," McMurrin says.

"I see no reason why federal aid to education must mean some kind of federal dictation to local institutions."

## Utah Man to Be Education Chief

WASHINGTON, Feb. 1 (UP)—Dr. Sterling M. McMurrin, 47, a quiet, able philosopher who believes in federal direction to keep the nation's schools from drifting off course, is the new U. S. commissioner of education.

The academic vice president at the University of Utah was appointed yesterday by President Kennedy. He succeeds Lawrence G. Derrick in the \$20,000-a-year job.

## Deadlock Predicted

UNITED NATIONS, N. Y., Feb. 1 (UP)—Some U. N. diplomats predict the security council's Congo debate opening today will end in a deadlock.

WASHINGTON, Feb. 1 (UP)—Reps. Carl Elliott, Alabama, and D. F. Blak, California, both Democrats who have voted for the kind of legislation President Kennedy backs, were cleared today for appointment to the house rules committee.

VIENTIANE, Laos, Feb. 1 (UP)—Twin government columns supported by rocket-firing planes today captured the important road junction of Sala Phou Khoun from the communists.

## Roads in Idaho Are Hazardous

By The Associated Press

Frost and fog made driving hazardous today on many Idaho highways.

State police said ice covered Twin Falls area of southeastern Idaho and on U. S. 101 and 91 highways in the Coeur d'Alene and Fourth of July canyon sections in the northern Panhandle, in the south from Pocatello into Idaho.

Highways in the Bonners Ferry and Sandpoint areas were icy and very slick and frost spots were listed in the Moscow section. There also were spots of frost on State 15 in the Cascade-McCall section and on roads in the Boise area.

## NEWS BULLETINS

JERUSALEM, Feb. 1 (UP)—The rest of Israel's cabinet ministers were expected to follow Premier David Ben-Gurion in resigning formally today over the "Lavon affair."

WASHINGTON, Feb. 1 (UP)—Some U. N. diplomats predict the security council's Congo debate opening today will end in a deadlock.

# Minuteman Shot Is Third U.S. Missile Success in 2 Days; Chimpanzee Lives

CAPE CANAVERAL, Fla., Feb. 1 (AP)—A Minuteman missile, America's hope for a pushbutton war weapon, scored an amazing success on its first test flight today. It was the third U. S. rocket-space success in two days. 20 minutes after the 11 a.m. (EST) launching that all three stages had fired successfully and that the rocket had landed on target in the South Atlantic ocean, more than 4,000 miles away.

The air force had gone all out on the initial firing of this second generation intercontinental range missile, which will prowls the countryside on hard-to-find railroad tracks, or stand poised in hardened underground holes ready for firing on instant notice.

Gen. Thomas D. White, air force chief of staff, called the success "one of the most significant steps this nation has ever taken toward gaining intercontinental missile supremacy in the critical years just ahead."

## Watchdog Satellite Orbits, Scans Earth

POINT ARGUELLO, Calif., Feb. 1 (UPI)—A camera-carrying satellite circled the globe today as a forerunner of a U. S. system of "Watchdog" satellites. The satellites some day will scan every part of the Earth to warn of enemy troop movements and missile firings. The two-ton Samos II (satellite and missile observation system) satellite was launched yesterday from this West coast missile base. It was the first in the program to successfully enter orbit, a previous try last Oct. 11 having failed.

The Samos success came just hours after the United States achieved an impressive space victory at Cape Canaveral, Fla., where a chimpanzee was rocketed 155 miles into space and recovered alive.

Samos II, 22 feet long and five feet in diameter, was boosted into a north-south orbit aboard a powerful Atlas D intercontinental ballistic missile. The satellite circled the Earth once every 95 minutes in an orbit that carried it from 300 to 350 miles into space.

Top secret, supersensitive photographic equipment was aboard the satellite, but the air force refused to reveal whether Samos II would transmit pictures back to Earth.

Scientists said the cameras in Samos were being used to develop equipment which eventually would be so sensitive detailed pictures of the Earth could be taken by starlight.

Use of such detailed pictures—expected to be equal roughly to what the human eye would see looking at something 100 feet away—would be able to detect troop movements and launching facilities and help in making maps.

In addition to the photographic test equipment, the satellite was believed to be carrying instruments to study cosmic radiation, micro-meteorites and the Earth's electrical field.

The United States has offered Samos satellites for use in proposals for international arms inspection, but communist leaders have turned down such suggestions.

## Big Deficit

WASHINGTON, Feb. 1 (UP)—The U. S. balance of payment deficit totaled 3.8 billion dollars in 1960, Undersecretary of Commerce Edward Gudeman reported today.

The deficit, a key factor in the drain of U. S. dollars and gold abroad, approached the record payments gap of 3.9 billion dollars set in 1959.

Gudeman announced the 1960 figure in a speech before the mid-winter conference of the Advertising Federation of America, a national association composed of ad agencies and advertisers.

Never before had so many rocket components been tested on a first launching here. All three solid fuel stages, the guidance system and nose cone were tested today. The distance covered was just 2,000 miles short of the intended operational range of 6,300 miles.

This was the first time that all stages of a military rocket were manufactured by different contractors. Thiokol made the first stage, Aerojet the second and Hercules the third Boeing Aircraft company is assembly and test manager.

"Anything beyond the first stage will be strictly a bonus," a project official said. "We decided to go for (Continued on Page 3, Column 1)

## Minidoka Quota Is Topped by 75 Pints

RUPERT, Feb. 1 — Minidoka county blood donors exceeded the 125-pint blood drive quota by 75 pints Tuesday, with a total of 200 pints given. There were 17 registered persons rejected and it was reported an estimated 25 persons were turned away because the Red Cross bloodmobile unit had no more containers. David I. Garner, chairman of the Minidoka county Red Cross chapter, expressed his appreciation to the public for its support, and to Mrs. Ray Burton, blood drive chairman, for her work in making Tuesday's drive a success.

A two-gallon pin was awarded to Harold Euhling, Rupert, and one-gallon pins were presented to Lowell Groves, Albion, and H. A. Trantham, Rupert.

The J. R. Slopnot company topped group donations, with 11 employees giving. The bureau of reclamation gave nine pints, followed by the Rupert Christian church, Cameron's, Inc., and Maglo Valley Christian college, each six, and Pershing school, from which five teachers donated.

The college group was unable to attend the Burley blood drawing Monday and came to Rupert's drawing.

Doctors assisting with the drive were Dr. E. H. Elmore and Dr. W. A. James. Registered nurses included Mrs. Mary Ellen Carlson, Minidoka county health nurse.

(Continued on Page 2, Column 7)

## Local Driver Is Fined for Yield Count

Neale B. Hazard, 66, 719 Second avenue north, was fined \$10 and assessed 25 demerits Tuesday by Twin Falls Police Judge Robert E. Pence.

Hazard was cited Monday for failure to yield the right of way after his car was involved in an auto accident at Addison avenue and Blake street.

J. Russon Holbrook, 45, Burley, was fined \$10 and costs and assigned 25 demerits when he appeared before Twin Falls Justice of the Peace Robert Pence Tuesday afternoon for speeding—45 miles per hour in a 35-mile zone.

Holbrook was cited by State Patrolman S. D. Lueckert on Kimberly road Saturday.

Richard F. Briggs, Twin Falls, and John Harding, Burley, were fined \$15 and given 25 demerits each when they appeared before Hollier Justice of the Peace E. Henstock for speeding.

Raymond Sutter, 58, Jerome, will be cited for failure to yield the right of way as the result of an accident at 7:50 p.m. Tuesday on South Lincoln street, Jerome, report Jerome police.

Sutter was driving a 1957 Plymouth which collided with a 1959 Dodge driven by Luis Batterrechea, 25, Gooding. Damage was set at \$5 to the Dodge. The Plymouth was not damaged.

Mildred S. Gorrings, Oakley, was fined \$17 and costs by Burley Justice of the Peace Alfred Orme.

(Continued on Page 3, Column 6)

## Reports Are Conflicting in Titan Strike

BOISE, Feb. 1 (UP)—There were conflicting reports today on the status of more than 50 men who walked off their jobs at three Titan missile sites and a fabricating plant.

An international representative of the Plumbers and Steamfitters Union, Clayton Bilderback, Portland, said about one-third of the men had returned to the missile sites. He said a full complement reported at the shop yesterday.

However, O. E. Thomas of local 296, who called himself "just a local union member," said the men had not returned to work.

The men walked off their jobs about 10 days ago after a dispute over travel pay and the firing of a shop steward.

Bilderback said the international union does not support the walkout.

"The boys have a rough problem, but they should not have come off the job," he said. "If the men are dissatisfied they should go somewhere else, even though we'd hate to see them leave."

Thomas said, however, that a subcontractor "arbitrarily" lowered our rates which had been part of our contract with the Southern Idaho Contractors association. We're not going back until they live up to the agreement."

## Cold Freezes up U. S. East Area

By The Associated Press

The Hudson river was choked with ice today and New York, Maine, Massachusetts and most of New England was afflicted with bitter subzero temperatures which made Feb. 1 look like the last 13 days of January.

As New England entered its 14th day encircled by an Arctic air mass, Boston notched its coldest morning since Feb. 9, 1959, with a pre-dawn 2 above. Most New England readings ranged from 20 degrees to 30 degrees below zero, it was 22 below zero at Caribou, Me., when Juneau, Alaska, recorded 23 above, and Fairbanks, Alaska, posted a minus 20.

## Rebel Sails Pirated Ship Into Brazil Port but Stalls Passenger Unloading

RECIFE, Brazil, Feb. 1 (UP)—Rebel leader Henrique Galvao snatched the captured cruise ship Santa Maria into Recife harbor today to discharge the 820 captive passengers, touching off street demonstrations for and against the Portuguese government.

Galvao halted at the entrance to the harbor until President Janio Quadros offered political asylum to him and his band of 70 rebels who seized the ship 11 days ago. But new hitches developed and the docking was delayed.

Galvao reported demanding new guarantees from the Brazilian navy—that the ship would not be seized. Messages sailed back and forth from Galvao to Adm. Dias Fernudes, commander of the third naval district here. Galvao also was talking with Cmdr. Pedro Diez, port captain here who boarded the Santa Maria.

The U. S. destroyer Damato docked in expectation the Santa Maria would be up soon. U. S. Rear Adm. Allen Smith, Jr., was still at sea aboard the destroyer Gearing with the destroyers Vogeleang and Wilson. All planned to dock when the negotiations end.

Heavy police patrols were placed around dock four where Galvao was to tie up to discharge the passengers, some of whom have wandered the high seas on the Portuguese luxury liner since they sailed from Lisbon last Jan. 9.

UPI Correspondent Almeida Edison reported from the port area that the Santa Maria was in front of dock four by early afternoon. The docking process was expected to take some time, and it was not certain when the first passengers would come ashore.

The harbor area was a scene of great confusion with crowds milling through the area demonstrating for Galvao, who seized the ship in an effort to overthrow the government of Premier Antonio de Oliveira Salazar. Counter demonstrations started immediately.

Though President Quadros offered political asylum to the Galvao rebels the fate of the 16.6 million dollar ship remained in doubt. Portugal demands that Brazil seize it and return it to its owners. Galvao has said he would never give it back.

International law would permit a belligerent vessel to spend 24 hours in port to load supplies while those aboard wanting asylum could get it.

### HIGHLIGHTS in Today's Times-News

Page 1 — Minuteman shot is third U. S. missile success as chimp survives space trip, "Watchdog" satellite orbits and scans earth, immediate installation of fire alarm in school urged, Minidoka blood quota exceeded by 75 pints, History unit picks Kelker as president, Rebel sails pirated ship into Brazil port, but stall unloading passengers.

### Two Local Men Are Chosen Trustees of Crippled Society

BOISE, Jan. 31 — Appointment of two Twin Falls residents to the board of trustees of the Idaho Society for Crippled Children and Adults is announced by A. S. Gilbert, Boise, society president. The new trustees are Robert W. Ballou and Duard D. Lawley. Ballou, assistant bank and Trust of the Twin Falls Bank and Trust company, also is active in the Twin Falls stake of the LDS church. Lawley is a trustee of the Chamber of Commerce and Boy Scouts of America. Lawley is a certified public accountant and is a trustee of council 1418, Knights of Columbus, Twin Falls.

As trustees of the Idaho Easter Seal society they shall assist in establishing policies of the society, review its program and coordinate the Easter Seal fund campaign in Twin Falls county. The Easter seal drive, scheduled March 2 to April 2, provides funds for operation of Idaho's Easter seal centers, including the one in Twin Falls, and finances case services for crippled persons throughout the state.

ROBERT W. BALLOU

### Church Holds Special Rites At Murtaugh

MURTAUGH, Feb. 1—Bishop A. Raymond Grant, Portland area, officiated at dedicatory services Sunday afternoon at the Murtaugh Methodist church.

Mrs. Jack Allred played the prelude and processional and accompanied the choir and congregational singing. Candelights were lit by Will Allred and Wilma Silvers.

The Rev. John Cross, pastor of the Murtaugh and Hansen Methodist churches, read the scripture lesson and led prayer.

District Supt. Charles W. Easley, Boise, gave the invocation and introduced Bishop Grant who preached his sermon on "The church of my dreams."

Harold Menser, building committee chairman, presented the church to Floyd Morrison, chairman of the church board, who in turn presented it to Bishop Grant for dedication.

The closing prayer was by Bishop Grant and the benediction by the Rev. Edward E. Dixon, Burley. Refreshments were served in the church basement after the service.

DUARD D. LAWLEY

### Fairfield News

FAIRFIELD, Feb. 1—Mr. and Mrs. Frank Cooke visited their daughter, Dorothy, at Pocatello.

Mr. and Mrs. M. L. Daniel took their daughter, Diane, back to ISC, Pocatello, and were guests of the Rev. and Mrs. Leonard Lelsy.

Mrs. Marion J. Kerns is visiting relatives in Milton-Freewater, Ore., and Portland.

MISSIONARIES TALK  
HAGERMAN, Feb. 1—Sacrament speakers at the LDS church Sunday evening were two foreign missionaries, Elder J. S. Meyerhoffer and Elder L. L. Whiting. Deann Latham sang a solo, accompanied by Mrs. Clement Prince. Bishop Jack Allen conducted the services.

SECRETARY VISITS  
HAILEY, Feb. 1—Mrs. Lovenia Campbell was a house guest of Mrs. Clara Kitzmiller over the week-end. Sunday evening she returned to her duties as private secretary to Chief Justice Joseph McFadden at the statehouse, Boise.

### Scouting Is Featured at Carey Meet

CAREY, Feb. 1—Scouting and religion in the lives of Boy Scouts were emphasized in a program presented Sunday night at the LDS church which featured all units of Scouting in the community.

It was conducted under the direction of L. B. Carlson, post committee chairman. Congregational singing was led by Dale Cameron, accompanied by John Pratt and Rodney Haddock. Invocation was offered by Jerry Radd.

The flag ceremony was presented by all units, with the trumpet call given by Stanley Barlow. Flagbearers were Jimmy Murdock,

Pat Meanea, Kenneth Stanford and Marty Farnworth.

Speakers included Bill Hunt, a Cub Scout; Dick Payne, a guide Scout; Lyn Cook, Explorer, and Rodney Besnon, eagle Scout, and his accompanist was Dianne Murdock. The response was made by Bishop L. S. Adamson.

Awards were presented by John Adamson, member of the YMMIA which sponsors the Scout organization in Carey. Awards for 50-mile hike went to Rodney Barlow, Raymond Carter, Dale Cameron, Kenneth Mechem, Ricky Roberts, Raymond Sparks, Bill Smith and Donald Green.

Star Scout badges were given to Bill Smith and Dale Cameron. Special merit awards were received by Lyn Cook, Lyn Farnworth, and John Durfee. Martin Farnworth and Phillip Adamson received first class badges; Lee Cook, Ferrel Dillworth, Larry Smith, Kenneth

### Heyburn Citizens Report Journeys

HEYBURN, Feb. 1—Mr. and Mrs. Amos Millard have returned from visiting Mrs. Velma Ranson, Preston, and Will Prescott, Grace.

Guests of Mr. and Mrs. Don Ashby were his mother, Mrs. John Ashby, his sister, Mae Casper, and his nephew, Francis Casper, all Salt Lake City.

Emery Wilcox, Clearfield, Utah, visited his brothers, Paul and James Wilcox.

Mrs. Ida Croft is visiting her sister, Mrs. John Thompson, Salt Lake City.

Stanford and Danny Thompson, second class badges.

Ricky Mechem and Jimmy Murdock received tenderfoot badges. The benediction was given by Blaine Haskell, Explorer.

### Program Set

HEYBURN, Feb. 1—A special Pioneers day program will be presented at 8 p.m. Thursday at the Heyburn PTA meeting.

Past presidents will be honored and the past accomplishments of the unit will be reviewed.

A surprise life membership will be presented.

TUCKER'S NATIONAL WHIRLIGIG

WASHINGTON—The United States has encountered stiff opposition from foreign nations, including usually close and friendly allies, in its various efforts to check the alarming outflow of gold and to prevent further deterioration of the dollar's value in world trade.

Next to a peaceful settlement with Russia and an agreement on nuclear disarmament, which are subject to long-range study and negotiation, President Kennedy has found the lopsided condition of international trade and finance to be his most pressing and immediate problem.

President Kennedy has spent almost as many hours in discussing this problem with Treasury Secretary Dillon as he has devoted to the Russian problem in conferences with Secretary of State Dean Rusk.

Despite reluctance to adopt measures that will offend our allies, especially Germany and Japan, here are some of the remedies now under consideration at Washington:

1—In view of the loss of gold, reduce the amount of the precious metal currently 25 per cent, now required to back the government's outstanding currency and other financial obligations.

2—Adopt a tougher policy in controlling and reducing imports through revision of tariffs and quotas in current negotiations at the General Agreement of Tariffs and Trade (GATT) conference at Geneva on these questions.

3—Broaden former President Eisenhower's "buy American" decree so that it will require increased use of United States vessels on all goods bought here with loans or grants from this country.

4—Reduce from \$500 to \$200 the amount of goods which American tourists may purchase abroad without duty at our ports of entry.

5—Tighten the tax laws on profits earned abroad by American firms, which have migrated so as to enjoy other nations' low wages, low taxes and low tariffs.

6—Under existing law, these overseas profits are not taxed until they are brought here. Thus, a firm may keep them overseas, invest them in foreign securities temporarily, and not repatriate them until, they hope, corporate taxes in this country are reduced.

7—Under existing law, these overseas profits are not taxed until they are brought here. Thus, a firm may keep them overseas, invest them in foreign securities temporarily, and not repatriate them until, they hope, corporate taxes in this country are reduced.

8—Under existing law, these overseas profits are not taxed until they are brought here. Thus, a firm may keep them overseas, invest them in foreign securities temporarily, and not repatriate them until, they hope, corporate taxes in this country are reduced.

9—Under existing law, these overseas profits are not taxed until they are brought here. Thus, a firm may keep them overseas, invest them in foreign securities temporarily, and not repatriate them until, they hope, corporate taxes in this country are reduced.

10—Under existing law, these overseas profits are not taxed until they are brought here. Thus, a firm may keep them overseas, invest them in foreign securities temporarily, and not repatriate them until, they hope, corporate taxes in this country are reduced.

11—Under existing law, these overseas profits are not taxed until they are brought here. Thus, a firm may keep them overseas, invest them in foreign securities temporarily, and not repatriate them until, they hope, corporate taxes in this country are reduced.

12—Under existing law, these overseas profits are not taxed until they are brought here. Thus, a firm may keep them overseas, invest them in foreign securities temporarily, and not repatriate them until, they hope, corporate taxes in this country are reduced.

13—Under existing law, these overseas profits are not taxed until they are brought here. Thus, a firm may keep them overseas, invest them in foreign securities temporarily, and not repatriate them until, they hope, corporate taxes in this country are reduced.

23—Under existing law, these overseas profits are not taxed until they are brought here. Thus, a firm may keep them overseas, invest them in foreign securities temporarily, and not repatriate them until, they hope, corporate taxes in this country are reduced.

POT SHOTS

ANENT WINTER A guy who dropped into the office for a second the other day commented on the nice weather, added as he headed for his car, "What I'm afraid of is that we'll have winter all summer!"

So now it's time for the groundhog to give his prediction. We suspect he's been judging because we ran into one of the critters while hunting ducks in December. Out spying on the weather, no doubt.

Anyway, as you good constituents are aware, the old yarn is based on the groundhog's shadow and whether he sees it. If he sees his shadow, it scares him so much he goes underground again and we're set for another six weeks of winter.

What happens when there has been no winter weather at all isn't quite clear, but it would be tough to have another six weeks of the same old dryness, wouldn't it?

As one farmer says, "Almost feels like planting time."

PLEASE TELL THEM! When that letter arrived the other day from "I.M. Desperate" with the tongue-in-cheek analysis of an unnamed employee on an unnamed job, Pot Shots thought probably someone was letting off a little steam, but let it go through.

The night it appeared in print, there were several phone calls wanting to know where to get that job! And the next morning, a man was waiting when we arrived at the office, just couldn't believe Pot Shots didn't know who wrote the letter and didn't have any additional information.

So "I.M. Desperate" would you mind clarifying your note in some way or other? Phuhleez!

ANOTHER VIEWPOINT Dear Pot Shots: Perhaps "I.M. Desperate" would be interested in the "opposition" viewpoint.

He states no one wants to work and only take his job until a new one shows up. I believe "better paying" would be more applicable than "new." A working man has only one salable item outside of experience and that is time. He cannot afford to sell himself cheaply, but has to receive as much as possible for the time he has.

If a man lasts out to 65, he will have approximately 116,056 working hours, barring sickness. That sounds like a bunch of hours, but considering the fact that he usually has a bigger family to support and educate and less money to do it on than most businessmen, it looks a lot smaller.

How many Twin Falls businessmen would be willing to work for the wages they are willing to pay? I have always tried to do an honest day's work for an honest day's pay but I don't believe anyone would do an honest day's work for half a day's pay, at least not for long.

If Mr. Desperate can search his conscience and truthfully say he is paying an adequate wage for the time involved and is not expecting 1961 prices while paying 1934 wages, he has my apologies for any statement tending to slur his job. In fact, I might be interested in what he has to offer.

I Work (Twin Falls)

FAMOUS LAST LINE "... Everytime he thinks of all the people who are denied the privilege, he stops resenting the fact he's growing old."

HOW THINGS APPEAR FROM PEGLER'S ANGLE

In discussing Gene Fowler's book, "Skyline," the spiritual farewell of a reporter who was often ribald but never unkind, I found a surprising glow of affection for Damon Runyon, his old accomplice in little adventures in Denver and New York.

In life, I had thought Runyon was jealous of Gene's success after Damon had touted him to the Hearst outfit. For Runyon liked his proteges to justify his good opinion, but he didn't want them to tread on his heels and breathe down his neck.

He was a touchy man in strange ways. He was extravagant and Westbrock Pegler lavish but a cheap touch on occasions. When he could have given \$20 or \$10, he sometimes made it two.

Damon and I were friendly but never real friends. I couldn't stand his underworld friends and told him so. He exclaimed that his underworld friends were pay-dirt, and they were. His underworld fiction was the best ever done and in their own idiom by a man with a sensitive ear for nuances.

But toward the end he ran a strange essay wishing that he had kept his distance from the subjects in his purview, treating them as characters not friends.

"I have no fancy for returning to sports writing," Damon wrote. "I would be no good at it anymore. I had softened up too much long before I quit. I had become too reluctant and friendly with too many personal contacts. Instead of the district attorney which I hold should be the role of the sports writer, I found myself playing too often the counsel for the defense."

I had thought so, too. For I was the district attorney of our time and, as Damon observed, that is a lonely role. I have followed the same course in politics since the new deal went rollicking to Washington, exploiting national disaster to raise a fakir to the status of god-man whose gibbering victims still wave their eyes in frenzy like a lobster's when anyone mentions Pearl Harbor or Yalta.

"To be a great sports writer," Damon went on, "a man must hold himself pretty much aloof. There is nothing more engaging than an engaging rogue and there are

many engaging rogues in professional sports. I knew most of them and that is not good for a sports writer."

To interrupt again, this is true of politics and there again, one should shut with a long spoon.

"The very nature of a nearly all professional and some amateur sports makes them subject to influences and practices harmful to public morals. Inasmuch as the newspapers recognize the reader's interest in sports, it is the duty of these writers to severely police their field."

"They will be called knockers but they will be respected. The never knocked nobody sports writer sells very few papers," wherein I disagree, for Grantland Rice never knocked nobody neither, yet was master of our cut with his little poems interlarded in sweet, believing prose.

And I have watched the radio-TV and gossip columns suspiciously and observed that few of these famous writers ever dissent from any prevailing adulation. They never write as I do here about Ed Sullivan.

"I have heard that a man writes according to his nature," Damon said. "But I think it is a matter of character and courage and a sense of right and justice. The soft-soap writer encounters many more smiles than frowns but after a while the readers know what to expect."

Well, they know what to expect from Pegler, too, and that ain't much news.

"I do not say a sport writer should be always on the blast," Runyon said. "But he should blast when abuses warrant. We still have a few stout-hearted chaps of the old school who lay about them."

About that time, Sullivan, the master of our Sunday nights on TV in the lavish hire of rich advertisers, was admitting in his column that he had relied on "mob protection in the machine-gun era" as a Broadway reporter.

Why? Hundreds of good reporters brought in the truth and wrote it without worry. They didn't need criminal bodyguards. I knew Sullivan's work then. I read dozens of cheap plugs for gangsters.

I still find satisfaction in the role of district attorney. I knew hoodlums, but the hoodlums knew Pegler.

And they knew Ed Sullivan too—who never knocked nobody.

Hal Shows Streak of Piracy; Dream Is to Rob Queen Mary

By HAL BOYLE NEW YORK, Feb. 1.—Every red-blooded American boy at one time dreams of being a big bold pirate.

So, in our opinion, does every red-blooded, middle-aged, American man.

The seizure in the Caribbean this week of the Portuguese luxury liner Santa Maria by 70 passengers inimical to Portuguese Premier Salazar startled the world.

It held special interest to students of pirate lore because it took place in the same waters once scourged by Blackbeard, perhaps the most villainous freebooter of them all.

But, on closer examination of this rebellion at sea, we must admit to a feeling of personal let-down. After all, it was a political act, gone by a group for a political purpose.

It holds none of the high adventure promised by our own fondest daydream—which is to hold up the giant Cunard liner Queen Mary single-handed with a carved wooden gun. We insist on a wooden gun as the sight of blood makes us faint, particularly if it is our own.

Over the years we've met dozens of other people who yearned to rob the Queen Mary, but most of them are lazy.

They haven't taken the trouble to think up a foolproof plan. We have. Here it is:

We board the great liner as a passenger and when it reaches a certain point at sea we surprise the captain in his cabin with our trusty little wooden gun and hold him hostage.

Then we have the captain summon all his officers to the cabin and lock them in. Next, we ax all the radio equipment so no alarm can be spread.

It is now time to rifle the ship's strong box, and we figure it ought

to hold three—maybe five—million bucks.

Later, we are lowered into a launch, holding the captain as hostage, and speed to the horizon where a hidden submarine awaits us. We board the submarine, and leave the captain free to return to his ship in the launch.

The submarine sails off to a remote South Seas island, where we found a dynasty, build a palace, and live happily and wealthily ever after with a harem of 45 native girls.

There is only one reason this daydream has never come true. Our wife refuses to lend us the money to rent a used submarine.

"No, I won't. What in heaven's name do you want to hire a submarine for?"

Think we could tell her the truth? Of course not. She'd blab it all over the community at nightfall, and then half our neighbors would want to get into the act—and share the loot.

That won't do. Either we're going to pull this job single-handed, or we're got going to do it all.

Meeting Set JEROME, Feb. 1.—A meeting to discuss plans for a reunion of Jerome high school graduates, class of 1941, is scheduled at 8 p.m. Thursday at the Dale Coleman home, announced Mrs. Dale Coleman.

Anyone who has not been contacted is asked to get in touch either with Mrs. Coleman or Mrs. Leo Fyne, Twin Falls.

COMING IN CLEAR Wisely used, the live TV press conference as inaugurated by President Kennedy promises important benefits for the American public and potential political gains for the President himself. The first such conference was a resounding success on several levels. It contained a substantial quota of hard news. It moved rapidly over many widely varied questions—33 in 38 minutes. It featured the President's opinions on hot topics, like the current house rules committee fight. So long as a reasonable blend of these elements is present, the live TV broadcast of presidential press conferences is bound to attract big audiences as a good show. Their value to the viewing citizen, of course, is much more than that. They can give him a sense of participation in the workings of his government, a feeling of immediacy and involvement with the issues of the day. In a wholly palatable way, they can instruct him. Kennedy placed his finger on this point. He sees the live presentation as an advance in "direct communication" between the White House and the people. The purpose accords well with the general aim of a democracy to develop an informed public equipped for the choices it must make. But the live conference can mean a good deal to Kennedy, too. To the extent that he is dealing steadily and directly with the people over the heads of congress, he will increase his leverage on the lawmakers and enhance his authority and prestige. Moreover, regular appearances on TV will surely enlarge and intensify the general impression the public has of the President. If, as in the first effort, he continuously conveys an air of crisp, clear command, of confidence, of full grasp of the issues and policies, he obviously can only advance his personal political cause. By its nature, the presidency already commands a large share of the national spotlight. Live TV appearances will add further dimension to the President's broad area of automatic publicity. This additional advantage, compounding a condition of imbalance that has long existed between an incumbent chief executive and his political challengers, puts fresh responsibility on Kennedy. In the interest of fair elections, of offering the voters a clearly understood choice, he is bound now more than ever to meet his presidential adversary in 1964 in live TV combat such as occurred—to his great benefit—in 1960. Sensibly the President has moved toward fuller communication with the people. As a fair-minded man he should be the last to attempt to monopolize these improved avenues of contact. We must hope that he will not. MEDICAL INSURANCE REACTIONS The general belief that younger and middle-aged people opposed the medical insurance program favored by President Kennedy was exploded by his victory, according to his advisers on the subject of health protection for the aged. Younger people, it was argued during the congressional controversy over the question last year, were supposed to be hostile because of the amount of money which they would have to pay in through the increased social security tax of 1/4 of 1 per cent before they would be in a position to enjoy the benefits of the plan. As opposed to this view, it was pointed out that the total tax on the maximum of \$4,800 at 1/4 of 1 per cent would be only \$480 over a period of 40 years or between the age of 25 to 65. Although precise figures or a breakdown of the Nov. 8 balloting are not available, it is generally believed the 43-year-old President Kennedy got a majority of the so-called "youth vote." The former vice president appealed more strongly to the older folks. Results in the "sunshine states" seem to warrant this conclusion. Business interests are generally opposed to the Kennedy idea. Their representatives insist that they cannot stand another federal tax in addition to those already afflicting them. Almost every year-end report by corporations notes that, despite larger gross sales, their profits had fallen because of burgeoning costs and more aggressive competition from rival producers at home and abroad. BETTER THE RECORD The American Cancer Society reports that one out of three cancer patients is now being saved because of new detection and treatment methods and, possibly most important, early diagnosis. More than a million Americans are alive today five years or more after they started treatment. But one out of three isn't good enough. The immediate goal is one out of two. Judging by present trends, one million children now in school will die of lung cancer before they are 70. In 1961, some 37,500 people will die of this type of cancer. Fourteen thousand women will die of uterine cancer which, if caught early, is nearly 100 per cent curable.

### Methodist Leaders Take Part in Dedication Here

Church leaders participated in the dedication Sunday of the educational building and new parsonage of the First Methodist church, Twin Falls. From left are George Crowder, chairman of the board of trustees; Henry Crow, chairman of the building committee; Bishop A. Raymond Grant, administrative officer for

the Methodist church of the Portland area, which includes Idaho, Oregon and Alaska; the Rev. Charles W. Easley, Jr., district superintendent of the eastern district of the Idaho conference. Local pastors participating included the Rev. Earl W. Riddle and the Rev. Henry J. Gerhardt. (Dudley studio photo—staff engraving)

### Hall Packed as Washington State Education Fund Asked

OLYMPIA, Feb. 1 (AP)—Packed galleries greeted a joint session of the house and senate Tuesday night as college presidents and school officials presented legislators a plea for all-out support for education.

### Mrs. Ball Will Head Library Unit in Area

### Church Leaders Participate in Ordination Service Here

Idaho leaders of the Episcopal church participated in ordination services here Sunday for the Rev. Dale Vandegrift, deacon in charge of the Calvary church at Jerome, who was ordained a priest. From left, participants included the Rev. Mr. Vandegrift, the Rev. Canon Claire T. Crenshaw, Portland, director of Christian education, diocese of Oregon; the Rt. Rev. Norman L. Foote, Boise, bishop of Idaho, and the Rev. Norman E. Stockwell, Twin Falls, rector of the Church of the Ascension. Bishop Foote served as ordinator for services at the Church of the Ascension. (Kelker photo-staff engraving)

### Deacon of Church at Jerome Ordinated at Local Services

The Rev. Dale Vandegrift, deacon of the Calvary church, Jerome, was ordained an Episcopal priest Sunday in a service at the Episcopal Church of the Ascension, Twin Falls.

The Rt. Rev. Norman L. Foote, Episcopal bishop of Idaho, was ordinator. The Rev. Mr. Vandegrift was presented for holy orders by the Rev. Norman E. Stockwell, rector of the Church of the Ascension.

The Rev. Canon Claire T. Crenshaw, director of Christian education for the diocese of Oregon, preached the sermon. Preface to the ordinal was read by the Rev. William C. Johnson, Jr., archdeacon of Idaho, and litany for the ordination was read by the Rev. Kale King, vicar of Trinity church, Rupert.

choir was under the direction of Robert White, while Mrs. White was organist. Gordon Campbell was crucifer and David Campbell and James Keyes were torchbearers.

A reception for the Rev. Mr. Vandegrift was held in the Bishop Rhea auditorium by women of Calvary church after the service. Visitors from out of town included the Rev. Mr. Vandegrift's family from Salt Lake City and Mountain Home, clergy of the Episcopal district of Idaho, and friends from Ontario, Ore., Boise, Payette and Weiser.

### Sister Ill

SPRINGDALE, Feb. 1 — Mrs. Wesley Hurst and Mr. and Mrs. Harold Lepples spent the week-end in Salt Lake City visiting relatives, including the women's sister, Mrs. Alton Jensen, who is in General hospital where she underwent surgery.

Mrs. Kathryn Kerbs is visiting her daughter and family in Boise, this week.

### Church Meet Hears About Early Events

BURLEY, Feb. 1 — Frank Redfield, who came to Cassia county in 1911, reviewed the history of the county, city and the Burley Methodist church during the church's 55th anniversary celebration held in the Fellowship hall Sunday evening with a capacity crowd in attendance.

Mack Crouch, master of ceremonies, read letters from former pastors. During the dinner hour, piano solos were played by Marilyn Pearson, one solo was sung by Russell Reynolds, and a quartet was composed of W. B. Sprague.

JOLLY TIME POP CORN

YOUR GROCER HAS IT

Mrs. Con Anest, Jack Lewis' and Mrs. Marvin Pearson.

Group singing was led by Mrs. Pearson and a poem was read by Mrs. Leon Street.

The Rev. Edward E. Dixon, pastor of the church, spoke briefly, noting the church would make great progress in the years ahead.

An exhibit of pictures of the church and community, prepared by Mrs. D. C. Fulmer and Mrs. Clarice Hendricks, were displayed.

Wherler Peak, New Mexico's highest mountain (13,180 feet), recorded three, with Mrs. Asel Parish, was in charge of dinner.

### Sections Are Placed for Pre-Cast Concrete Culvert

Workmen guide a section of a five-and-one-half-ton pre-cast, pre-stressed concrete high, 12 feet long and four feet wide. Eight sections, set in place in four hours, form culvert into position for a new bridge being built by the Filer highway district across the sub-floor for the 32-foot wide bridge. The Thornton Construction company, a lateral two miles south and one-half mile west of Curry. The culvert is five feet Burley, is doing the work. (Staff photo-engraving)

### Filer Highway District Bridge Being Built to Span Lateral

FILER, Feb. 1—Construction workers laid the sub-floor and girders of a 32-foot-wide bridge across a lateral two miles south and one-half mile west of Curry in a little more than four hours Monday.

### State Grange Master Visits Lincoln Unit

SHOSHONE, Feb. 1—The official visit of State Grange Master Emmil Jerome, Kuna, was made to the Wood River Center Grange Saturday night. He was accompanied by Mrs. Jerome.

Jerome said all Granges are urged to participate in community service contests. He reported on his trip to the national Grange meeting in North Carolina.

He listed the legislative measures being promoted by the Grange as economy in government, farm-to-market roads, all gas taxes going to road work and the \$10 head tax. Members were urged to write to state and national legislators expressing their desires.

The national Grange master will attend a meeting in Twin Falls on Feb. 18. This will be an open meeting and the public is invited.

Grangers voted in favor of HB 61, concerning highway routing. An explanation of Grange mutual hospital insurance was given by Horace Meservy, Dietrich.

Guests were Larry Tew, Pomona master, and Vivian Jackson, master of Magio Grange.

A panel discussion was held on communism, under direction of Ward Mills, assisted by Tews, Clifton Dayley and Dean Barney.

Barney reported \$88.09 was cleared on the community March of Dimes party. Mr. and Mrs. S. M. Hall served refreshments.

concrete footings prepared after rock was dynamited out of the way.

Monday, with the aid of a derrick crane, eight pre-cast concrete culverts measuring five feet high, 12 feet long, four feet wide and weighing five and one-half tons each were hoisted and placed on the footings in a four-hour period.

The Filer highway district is the first in Magio Valley to use the relatively new pre-stressed cement forms in its road construction program, reports Jack Friesz, of the Ready-to-Pour Concrete company, Idaho Falls.

Using pre-cast, pre-stressed concrete culverts, a crew can tear an old bridge down, pour "on site" concrete footings, place the culverts, do the necessary fill work and have the bridge open for traffic within three days, Friesz said.

The span across the lateral marks the third county road bridge the Filer highway district has used pre-stressed concrete forms in constructing.

It costs 25 per cent less to build a bridge with pre-stressed concrete than with steel or using "site poured concrete" throughout, he noted.

Ralph Thornton, Burley, general contractor, indicated the time saved using the pre-cast forms was quite important from the contractors point of view.

### Filer Reports Honor Group

FILER, Feb. 1—Students on the honor roll for the first semester at Filer high school have been announced.

Placing on the A honor list were Virginia Brown, Marit DeVries, Darlene Dougherty, Judy Gaumer, Janice Harding, Laura Lee Harper, Diane Lohr, Sally Lutes, Virginia Montgomery, Georgia Schweitzer and Margie Smith, seniors; Patricia Dierker, Donna Farmer and Jean Mathieson, juniors; and Linda Gaumer, Kay Hostetler, Karen Kirkman, Judy Ward and Charles Wright, sophomores.

Students on the B honor roll are Patty Brydi, James Fields, Peggy Hays, Janice Jarolnick, Donna Jones, Karen Kalbfleisch, David Lohr, Ralph Meyer, Gail Montgomery, Wilmetta Pubanz, Noel Richter, Linda Shank, Rae Von Skemer, Pam Waldemar, Bonnie Wegener and Joyce White, seniors; Larry Annis, Kenneth Britton, Duane Hardesty, Linda Hawley, Sue Klaas, Shirley Moore, Lois Mueller, Dick Owen, Diane Shepherd, Judy Thurman and Phyllis Young, juniors.

Sophomores are Fred Anderson, David Brydi, LaRee Crawford, Jerry Decker, Sue Graves, Margie Hall, Sandra Kirkman, Norman Lohr, Carol Lookingbill, Susan Lutes, Karen Pendergraft, Martha Peters, Gary Saenger and Connie Thamerer.

Mrs. William Wright spoke on arts and crafts teaching and student accomplishments.

The annual Founders day program will be held Feb. 22 at Valley high school. Mrs. Leroy Rehwalt will be program chairman.

### Woman in Area Attends Funeral

KING HILL, Feb. 1—Mrs. I. J. Heath attended funeral services at Yakima, Wash., for her sister, Mrs. Ruth Cook, who died last week.

Mr. and Mrs. Jimmie Bevan and family, Caldwell, visited his brother-in-law and sister, Mr. and Mrs. Loyal Pidgeon, and family.

Mr. and Mrs. Jesse Slade, Pocatello, visited her brother and sister-in-law, Mr. and Mrs. Clifford Callison, and family.

Dr. and Mrs. Thomas Thebo and family, Parma, and his nephew, Rod Anderson, Caldwell, visited Dr. Thebo's parents, Mr. and Mrs. Terrill Foster, Sunday the group observed Foster's birthday anniversary.

Fred Crockett and his mother, Mrs. Emma Crockett, have returned from Pocatello where they attended funeral services of his father-in-law, Alden Hunter, and visited relatives.

RATES IN CLASS JEROME, Feb. 1—Tom Mahan, Sr., has received word that his son, Tom Mahan, Jr., who is studying at the United States Air Force academy, is in the top 12 per cent of his class for the semester. The youth also is a member of the freshman ski team.

### New Possibilities

NEW YORK, Feb. 1 (AP)—A special neon tube using less power than a light bulb may be the secret to sending millions of telephone calls, even television shows—on a beam of invisible light.

The new device, first optical maser to operate continuously, was demonstrated yesterday by Bell Telephone laboratories scientists.

Maser means microwave amplification by stimulated emission of radiation.

It generates a light beam hundreds of thousands of times finer or purer in "color" than previously possible.

### Mass Celebrated For Mrs. Carrico

GOODING, Feb. 1—Rosary was recited for Mrs. Margaret Rist Carrico at 8 p.m. Friday at the Thompson chapel in Gooding, by the Rev. Father William Ordway of St. Elizabeth's Catholic church.

Mass was celebrated at 11 a.m. Saturday at St. Elizabeth's Catholic church by the Rev. Father Ordway.

Pallbearers were Otto Carrico, Raymond Carrico, George Arkoosh, D. D. Gilman, John Becker and Dr. K. A. Tyler.

### King Hill Church Nearly Finished

KING HILL, Feb. 1—Tentative plans call for holding the first services in the new United Presbyterian church here Sunday, Feb. 12.

Members are nearing completion of remodeling, cleaning and painting the building which was destroyed by fire April 10, 1960.

Furniture is scheduled to be moved from the Grange hall, where services have been held, the first of next week. Approximately 15 persons have helped with the work sponsored as a Grange community service project with Frank Jones, Grange master, in charge.

Mrs. Lynn Sherman and Mrs. Arthur Greer, home economics committee members, were in charge of arranging meals for workers.

### U. S. Leader Of Reds Dies At Age of 55

NEW YORK, Feb. 1 (AP)—Eugene Dennis, national chairman of the Communist party in the United States and one of the 12 arrested in 1948 under the Smith act, died yesterday at Mt. Sinai hospital.

Dennis, 55, joined the Communist party in 1926 in Seattle, Wash. He was active during heavy unemployment in the late 1920's and early 1930's on the Pacific coast.

Born in Seattle, he attended school in the Northwest and worked later as a teamster, lumberjack and electrical worker.

Dennis had been ill a great deal during recent years. He had a heart ailment and reportedly collapsed in 1959 after appearing before a senate internal security subcommittee. Last year he underwent an operation for lung cancer.

In 1950 and 1951, he served 10 months in prison for contempt of congress for refusing to answer questions of the house committee on un-American activities.

In 1936, he was elected to the national committee of the Communist party and was elected national secretary in 1938. In 1956, he was elected general secretary and in 1959 national chairman.

FINED OVER TRAILER WENDELL, Feb. 1—Frieda R. Barrett, route 2, Gooding, was fined \$5 and costs by Justice of the Peace J. C. Miller for failure to register a trailer. The citation was issued Tuesday by State Patrolman Walter Kirtley.

### DID "THE KING" OUTDO HIMSELF IN HIS LAST MOVIE ROLE?

Clark Gable's role as a robust and tumble action scenes, where he refused to use a double, may well have contributed to his untimely death. He is co-starring with Marilyn Monroe and Montgomery Clift. Filmed in Reno, Nev., the film also includes action from some of today's top-flight fodeo stars.—Adv.

Jerry's 88 Center advertisement featuring a large '88' logo and a 'Sale' banner. It lists various household items for sale at 8c each, including batteries, sponges, dish towels, Jergens moisture cream, aluminum jello molds, and more. The ad also includes a 'LOOK! LOOK!' graphic and the text 'LAST 3 DAYS OF COUNTRY CLOBBLER'S END OF YEAR Clearance'.

### 3 Children Visit Mother at Declo

DECLO, Feb. 1—Mrs. Hazel Jibson's guests were her two sons and daughter and their families, Mr. and Mrs. William Jibson, Centerville, Calif.; Mr. and Mrs. Wallace Jibson, Logan, and Mr. and Mrs. Kenneth Barrett, Buhl.

Kent Lott, Salt Lake City, visited his grandmother, Mrs. Teresa Clark.

Mrs. Jack Stevens has gone to Grants, Pass, Ore., to join her husband who has spent the past two weeks visiting their son-in-law and daughter, Mr. and Mrs. Roy James, and family. After visiting there they will go to California to visit their two sons, Jack Stevens, Jr., and William Stevens, and family.

Margaret Lewis has returned to Provo, Utah, where she will resume her studies at Brigham Young university after spending eight weeks practice teaching in Emory high school.

Speakers Noted DECLO, Feb. 1—William Matthews, second counselor in the Declo ward LDS bishopric, conducted the meeting Sunday evening. Special speakers were William Darrington and Glenn Lewis.

# Tennis Official Suggests Dropping Amateur Front, Taking Control of Game

NEW YORK, Feb. 1 (AP)—A leading U. S. tennis official said Tuesday the U. S. Lawn Tennis association should drop its "amateur" front and become the governing body of all players, pro and amateur alike.

## Arakawa and Anderson Win Tag Team Tilt

Mitsu Arakawa, 240-pound Japanese grappler, and Don (Ox) Anderson set the stage for an intermountain tag team title bout Tuesday when they defeated champions Chief Kit Fox and Bill Melby in a non-title match.

Arakawa took the first fall by subduing Fox with judo chops and finishing up with a body press. Melby evened it up with a series of body blocks and a press on Anderson. During the third sequence, Melby had Anderson in trouble again but Arakawa manipulated the ropes and drew Melby outside the ring. He was counted out there.

Al Pago came up with a fold over leg twist in the final fall to decision Pancho Valdez in the semi-final.

Bill Lewis, Twin Falls, won a decision over Jack LaRue on a disqualification.

## Drysdale Gets \$33,000 From Los Angeles

LOS ANGELES, Feb. 1 (AP)—Big Don Drysdale received his reward Tuesday for being the strikeout king of the National league, a contract from the Los Angeles Dodgers for an estimated \$33,000 that makes him the highest paid pitcher in the club's history.

Vice president and general manager E. J. (Buzze) Baval confirmed that Drysdale's 1961 contract called for "more than the \$30,000 paid Don Newcombe in 1957." Newcombe had been the highest paid pitcher that year after winning 27 games the previous season.

Drysdale was believed to have been given a raise of around \$8,000 despite a 15-14 record in 1960. Baval said he took into consideration the fact that Drysdale led six games with the Dodgers leading but did not receive credit for the victories that would have made him a 21-game winner.

The ailearm hurler led the National league in strikeouts in both 1960 and 1959. Last season he fanned 246 batters and the previous year he struck out 242. His two-year total of 488 strikeouts surpassed the mark of 470 strikeouts set by Christy Mathewson in 1903-04.

The 24-year-old Drysdale, whose home is in nearby Van Nuys, also set a number of other club pitching marks for 1960. These included games started, 36; complete games, 15; inning pitched, 269; strikeouts, 248; shutouts, 5; victories, 15. He also had the best earned run average among starting pitchers, 2.84, third best average in the league behind Mike McCormick of the Giants and Ernie Broglio of the Cardinals.

## Moyer Decisions Willie Morton

SAN JOSE, Calif., Feb. 1 (AP)—Denny Moyer, 155-pound Portland, Ore., sharpshooter, set a fast pace in outpointing Willie Morton, 149, San Jose, in a 10-round main event Tuesday night.

There were no knockdowns, but Moyer scored heavily with a right to the jaw in several rounds.

All three officials were unanimous in the verdict. Referee Vern Bybee had it 6-1 and three even.

teans. "I am completely convinced that we cannot conduct tournaments—with a gate as we know them, with any hope of honestly policing and enforcing any expense limitations," Westcott said.

The Chicago business executive is chairman of the association's research and planning committee. The 16-member committee is making several recommendations to the general meeting but Westcott says the views on open tennis are strictly his own.

The recommendations include: 1. That championship matches be reduced from best-of-five to best-of-three sets to speed up play and stimulate interest.

2. That immediate and appropriate action be taken against players guilty of offensive conduct in tournament or Davis cup play. U. S. Davis cup players were sharply criticized for bad sportsmanship during the recent campaign in Australia and Chuck McKinley, St. Louis, a member of the squad, is on suspension for tossing a racket in the inter-zone match against the Italians at Perth.

3. That a change be made in the age limit eligibility dates, permitting each player in an age group to play the full 12 months of his last year. At present, Jan. 1 is the cutoff date.

4. That the word "nothing" be substituted for "love" in official scoring.

Westcott said, "whether we like to admit it or not, we know that many of our top circuit players are not amateurs under the rules. Accordingly, our top tournaments are not amateur events."

He said both the USLTA and the International Lawn Tennis Federation should drop the word "amateur" from their constitutions and by-laws and open the door to all players.

## 2,000 Trout Frozen on Top Of Lake Ice

LOOMIS, Wash., Feb. 1 (AP)—An estimated 2,000 rainbow trout somehow got on top of the ice at nearby Spectacle lake and froze to death, the Washington state game department reported Tuesday.

The unusual winter kill was first reported by a lineerman doing repair work overlooking the popular lake in the Okanogan valley, according to Don Earnest, fisheries biologist at Spokane. A game prolector and biologist, Roy Strickland, Omak, Wash., drove to the lake to see what had happened.

The men found the frozen trout atop the ice, but discovered the fish apparently had been in no distress when they died. After an investigation, this is the theory Strickland and Earnest came up with:

During a recent warm spell, the ice-layer-over-the-lake became pocked with holes. The thawing action created rivulets running toward the holes. Each hole had, in effect, several small tributaries filled with running water.

The trout swam out the holes and up the tiny streams atop the ice. Then the temperature dropped, the ice stopped melting and the water stopped running.

The fish couldn't turn around and swim back to the holes and as a consequence were frozen. Why did the trout swim out the holes?

Strickland opened the stomachs of several fish. Each was gorged with chironomids or water flies. The water flies apparently swam up the tiny melted-ice rivulets and took the 2,000 hungry trout with them.

## Pistol Club To Host State Gallery Shoot

The Twin Falls Rifle and Pistol club will host the Idaho state gallery pistol championship scheduled at the Twin Falls Indoor range Feb. 12, announced M. J. Bays, club member.

Some 27 contestants participated in the club's open 22 caliber aggregate pistol shooting meet Sunday at the indoor range.

Taking top honors was Steve Davidson, Boise, with a score of 840 out of a possible 900. Max Smith, Buhl, was second with a score of 824.

Phillip Fairbanks, Nampa, was top in the Expert class with an 810. James Gerke, Piler, was second with an 810. The winner was determined by their respective rapid fire scores.

Sharpshooter class winner was Orville Cox, Caldwell, and C. L. Gramer, Buhl, was second. Richard Burns, Buhl, was winner in the Marksmen class and Robert Park, Buhl, was second.

Rex O'Neil, Fairfield, was top shooter in the unclassified class.

## Mrs. Neuman Takes Jerome Bowl Crown

JEROME, Feb. 1—Vivian Neuman, Buhl, was the high bowler in the Jerome women's invitational bowling tournament held over the last two week-ends.

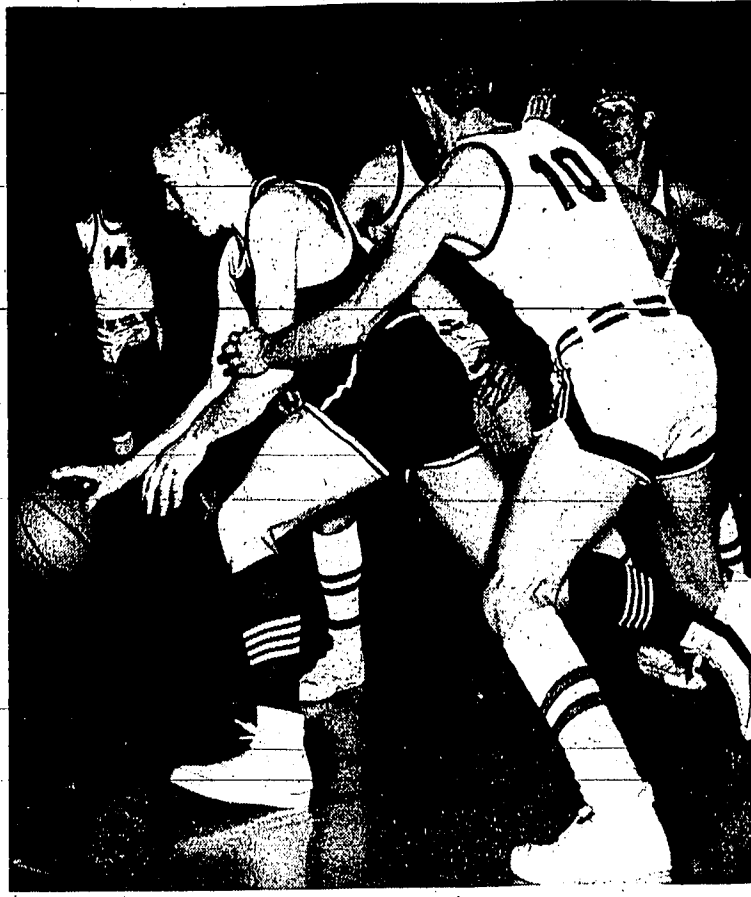

Her score for a single game was 249. The high series was won by JoAnn Dickson, Burley, with 632.

Five hundred and sixty women from south central Idaho participated in the tournament. Twenty-eight places were paid.

The top ten placing in the doubles included: Marge Darst and Mayme Adkins, both Twin Falls, 1,248; Sherry Evans and Dorothy Hawley, both Hazelton, 1,196; Eleanor Schauerman and Dorothy Hawley, both Hazelton, 1,170; Barbara Anderson and Juanita Henderson, Gooding, 1,170; Ella Turpin and Thelma Smith, Jerome, 1,164; Shirley Morgan and Betty Shaud, Jerome, 1,162; Mary Onelda and Julie Onelda, Shoshone, 1,161; JoAnn Dixon and Betty Hunter, Burley, 1,161; Nel Kling, Buhl, and Dorothy Van Hook, 1,159; Jennie Tshannan and Juanita Henderson, Gooding, 1,151.

## Morris Breaks Full Court Press

Kimberly forward Ken Morris barges through a scrambling cordon of Murtaugh Red Devils during the Bulldogs' 41-34 non-conference win Tuesday night. Gary Lewis (10) and two unidentified Murtaugh players had tried to stop the Kimberly senior with a full-court press during the closing minutes of the game. In background is Murtaugh guard Kent Kleinkopf (14). (Staff photo-engraving)

## Mahovich Nears Scoring Lead

MONTREAL, Feb. 1 (AP)—Toronto's Frank Mahovich has whitened Bernie (Boom Boom) Geoffrion's once-commanding lead atop the National Hockey league scoring race to three points.

The 23-year-old left-winger collected five points—three of them goals—in four games last week to jump to second place from fourth a week ago, according to official league statistics released today.

He has a league-leading 40 goals—in 50 games—and 19 assists for 59 points.

Geoffrion has been forced to miss the Montreal Canadiens' last six games because of an injured knee but still leads the race with 63 points on 27 goals and 35 assists.

## Bonnies Run To Win Over Marquette

MILWAUKEE, Feb. 1 (AP)—St. Bonaventure, the nation's second-ranked college basketball power, shook off Marquette's first-half challenge and streaked to a 92-63 victory Tuesday night with a blistering second half directed by Tom Stith and Fred Crawford.

The Bonnies toyed with the inexperienced host Warriors in the first half and led 41-36 at the intermission. Then they exploded into a 51-27 lead in the second half.

St. Bonaventure outscored Marquette 27-6 in the first 9 minutes of the second half in vaulting to a 68-42 lead. In that surge, Stith scored 15 points and Crawford six.

Stith, third top scorer in the nation with 30.5 average, wound up with 41 points. Crawford contributed 24 points for the Bonnies.

Marquette, All-American candidate Don Kojis, one of the nation's leading scorers with a 22 point game average, was held to 12 points.

Jack Stobo, Dartmouth soccer fullback, is a goalie on the Big Green hockey team.

# Offense-Minded Utes Meet Rams In Skyline Tilt

SALT LAKE CITY, Feb. 1 (UPI)—The Skyline conference's best offensive club goes against the top defensive outfit Thursday night when league-leading Colorado State university and second-place University of Utah tangle on the Ute home court. Coach Jim Williams' Rams, the surprise team of the 1961 Skyline basketball race, have held Skyline opponents to an average of 52 points a game compiling a record of five wins and no losses.

Coach Jack Gardner's Utes, preseason favorites to gain the crown, are 4-1 in league play and have scored an average of 80 points per contest against league rivals.

Thus Thursday's crucial battle between the two clubs shapes up as an offense versus defense struggle.

Williams says his team's strategy will consist of ball control and waiting for the good shots. "We've had unusual success thus far with that formula and I don't see any reason to change now," he said.

Colorado State's success can also be traced to the fact the Aggies limit the opposition to the number of shots they can get off. Last Saturday against Wyoming the Williams crew limited the Cowboys to only 31 field goal attempts. Utah got a taste of ball control last Saturday when the Redskins edged Santa Clara 55-51. In that game the Utes got only 45 shots from the field.

Normally, the high-scoring Redskins will average about 70 attempts from the field. Gardner figures the Rams will use a man-to-man defense against his charges. "However, we'll be ready for anything," the Ute mentor said.

Colorado State's main objective will be stopping Ute center Billy McGill, the league's leading scorer. McGill got 21 points against Santa Clara—15 from the free throw line.

The visiting Rams also have a great scoring threat in Bill Green. Green scored 30 in the win over Wyoming.

Other games Thursday night send Utah State to Denver, Brigham Young at New Mexico and Wyoming at Montana.

## DANZIG HONORED

NEW YORK, Feb. 1 (AP)—The Lawn Tennis Writers association of America Tuesday awarded the J. P. Allen Plaque for the man who has done the most for tennis over a period of years to Allison Danzig of the New York Times.

Junior Jon Feldman of Newark, N. J., averaged 21 points a game for George Washington university's basketball team last season.

## Gubner May Be 60-Foot Shot-Putter

NEW YORK, Feb. 1 (AP)—Gubner, a 255-pound, 18-year-old New York university freshman, may be the next of America's wonder weightmen to throw the shot 60 feet.

Gubner, facing his second major indoor test of the season, threw the 16-pound iron ball 58 feet, 4 inches at the Boston AA games last week.

No freshman ever had equalled the performance with the single exception of Southern California's Dallas Long.

Gubner isn't bragging about something he hasn't achieved yet but he has set his sights on a 60-plus toss to join the select company of Parry O'Brien, Long, Dave Davis, Ken Bantam and Co.

"I don't know how soon I'll be able to throw for 60 feet but I'm certainly trying to get there," Gary said today.

Like Davis, Gubner is a weight lifting addict. If he should fulfill an ambition to get a chance at the 1964 Olympics, he'd have a hard time choosing between the shot and weight lifting.

## Duke Outlasts South Carolina

COLUMBIA, S. C., Feb. 1 (AP)—Duke, pressed in the closing minutes by eager South Carolina, won an Atlantic Coast conference basketball game, 107-94 Tuesday night.

Art Heyman had 30 points for the winners, and Doug Kistler 31. South Carolina's Art Whisman, with 27, was the big defensive gun against the superior height of the Duke team that now has won 15 and lost only one, and is 7-0 in the ACC. Ronnie Johnson got 25 points for the losers.

South Carolina, without a victory in six conference starts, took an early seven-point lead with its fast floor game and close defense.

But the Duke height began to take its toll and Duke was never seriously in trouble. Duke is fourth ranked nationally.

Ben Jewell, the man who spearheaded the drive to bring professional baseball back to Magic Valley, was reelected president of the Magic Valley baseball club during the board of directors annual reorganization meeting.

Lucrative Desert Golf Meet Begins

PALM SPRINGS, Calif., Feb. 1 — The last, longest and possibly the most lucrative of California's winter golf shows opens Wednesday when 128 pros start shooting for a pot that could—with one lucky stroke—exceed \$100,000.

They'll be shooting Sunday, for this 90-hole event, known as the Desert classic, runs five days and covers as many courses.

In addition to the regular prize money—\$50,000 is guaranteed and substantially more may be added—a prize of \$50,000 will go to any professional lucky to score a hole in one.

A year ago, Lloyds of London insured the tournament against a hole in one for a premium of \$4,850.

But Joe Campbell of Knoxville, Tenn., turned the tournament's modest investment into a real bargain by scoring on the 200-yard fifth hole at Tamarisk. The actaries thought that one over, and made this year's premium \$13,500.

Campbell will be back and so will Arnold Palmer, who won this event in 1960.

Also in the field are Gary Player, winner of the San Francisco International, Bob Rosburg, winner of the Crosby Open, and Bob Goaly, who took first money in the year's first event, the Los Angeles Open.

For the first four days, golfers will be split up on four different courses, the Thunderbird (par 71; 6,880 yards), Eldorado (71; 6,868), Bermuda Dunes (72; 7,008) and Indian Wells (72; 6,800). The final round will be played at Tamarisk (72; 7,052).

Valley Edges Harper's 46-45 In Overtime

Valley Sporting Goods was forced into an overtime period to nip Harper's 46-45 in city recreation basketball play Tuesday night.

In another action, Berg and Taylor swamped Valley Nursing Home 83-39 while the telephone company belted Volco Builders 31-19.

North Carolina Thumps Clemson

CHAPEL HILL, N. C., Feb. 1 (AP)—Fifth-ranked North Carolina waited out Clemson's first half, then poured on the steam for a 77-46 victory Tuesday night in an Atlantic Coast conference basketball game.

The victory was the 11th in a row for the Tar Heels.

York Larese, Dick Kopley and Doug Moe led the rout after the visiting Tigers kept the pace at a walk in the opening period, 30-20, at the half.

During the first five minutes after intermission, Larese hit four field goals and a like number of free throws without a miss to lead a 47-25 advantage.

Larese led scoring with 21 points, followed by Kopley with 19. Moe had 18 points.

Choppy Patterson, high scoring Clemson ace, got only 13 points.

Texas May Leave

TULSA, Okla., Feb. 1 (AP)—"The future of Texas league baseball in Tulsa is very dark."

This spoke Gray O. Howlett, president of the Tulsa Oilers, at the Tulsa fair board executive committee demanded increased liability insurance as one of five requirements the club must meet before it can get a new lease on its home playing field, Texas league park.

Howlett said he would have no normal statement to make until after he studied minutes of the Monday night meeting at which the executive committee laid down demands.

Redlegs Have Filled Two 1960 Weaknesses

By FRED HUTCHINSON (Cincinnati Manager)

BRADENTON, Fla., Feb. 1 (AP)—Last year our hitting was spotty, the defense questionable and the pitching inconsistent. The Cincinnati club, I feel, remedied at least two of these weaknesses by acquiring Gene Freese from the White Sox and Joey Jay from the Braves.

Freese hit 17 homers and drove in almost 80 runs last season, and he's certain to give us more power. Jay should be a better pitcher than he has shown. He'll get more chance to work regularly with us than he did with Milwaukee.

With Jay, Bob Purkey, Jim O'Toole, Jay Hook, Claude Osteen and Jim Maloney we have a good young pitching staff. They'll be backed up by Marshall Bridges, Bill Henry and Jim Bronzan. Pitching can be one of our strongest points if things go the way I expect.

I realize that we gave up good men in shortstop Roy McMillan and pitcher Cal McLish in order to get Freese and Jay. But I am hoping that either Leo Cardenas or Eddie Kasko can do the job at short. Kasko hit .292 for us last season, and Cardenas proved himself an excellent fielder. Our infield will be a good one if Gordon Coleman can come through at first base and Jim Baumer at second. We have some fine reports on Baumer, who was drafted from the Pacific Coast league.

Frank Robinson, Vada Pinson and Gus Bell give us three top men in the outfield. Behind them are Wally Post and Jerry Lynch, who is one of the best pinch-hitters in the game.

There are few better catchers than our Ed Bailey. He hits the long ball and is a fine handler of pitchers.

Pittsburgh, Milwaukee, St. Louis, Los Angeles and San Francisco are strong in many departments, and it looks like an interesting race. If we can learn to take advantage of most of our opponents, the Reds will make it interesting for all of them.

Cook Leads Loop Scoring; Cutler Has Second Spot

BOISE, Feb. 1 (AP)—Big, 6-foot, 8-inch center Gary Cook, Idaho Falls, appears headed for his second straight scoring title in the Southern Idaho basketball conference.

Cook scored 65 points in 510 games with Twin Falls and Pocatello last week and now leads the conference with 291 points, an average of 22.3 points a game. He scored 441 in 27 games last year to win the individual scoring crown and lead Idaho Falls to the state AAA championship.

The number two scorer at the end of last week's play was Charles Cutler, Twin Falls, with 195 points and a 13.9 average. Kent Brimhall, Pocatello, is third with 164 points and an average of 10.9.

Paterson Has Easy Workout

SPRING VALLEY, N. Y., Feb. 1 (AP)—Heavyweight champion Floyd Patterson, in no hurry to reach peak condition, sparred easily for three rounds in a workout before newsmen Tuesday.

Patterson boxed a round each with John Henry, 205-pounder, Wilson Hannibal, 190, and his amateur brother Ray Patterson, 185.

Since he pitched camp at a country club here in mid-October, the champion has boxed about 40 rounds.

He doesn't intend to overdo the boxing in preparing for his third title fight with Sweden's Ingemar Johansson at Miami Beach, Fla., March 13.

The champion felt that he over-trained and was stale when he was stopped in the third round by Johansson in their first fight, June 20, 1959.

NIPS CANUCKS VANCOUVER, Feb. 1 (AP)—Veteran Lou Jankowski scored with 10 seconds remaining in regulation time Tuesday night to give Calgary Stampede a comeback 3-2 victory over Vancouver Canucks. It gave Stampede sole possession of first place in the Western Hockey League.

Reducing Golf Cup Size to 3 Inches Eyed

SAN FRANCISCO, Feb. 1 (AP)—George Schnetter, former PGA tournament director and one-time touring pro, said today that the game of golf is too easy—and that the way to make it tougher is to reduce the size of the cups on the greens.

"I know this proposal will bring howls of protest," said Schnetter, now a semi-retired Montana moneybags. "But I hear all this talk about making golf cups bigger to speed up the play. I think that's going in the wrong direction. I believe the day will come when the size of the cups will be cut from the present standard of four and one-half inches to a maximum of three inches."

From Maine to Florida and Minnesota to California there'll be bitter denunciations of the proposal—but it does have merit. Schnetter explains it this way: "The compression on golf balls has been standardized and the pros and amateurs alike still hit the ball out of sight. The greens are as smooth as glass. This makes the courses too easy for most of the better players."

"Now, you can't extend the size of the courses. In fact, many are pressed for space as it is. So reducing the size of the cup is the logical solution."

"I realize this is going to penalize the so-called 'bold' putter. Most of the professionals these days go for the back of the cup and if they go past five or six feet they don't care because they can knock it in the large hole coming back. A smaller cup would make them more cautious on their long puts. They would make sure they would be within a foot or 18 inches."

Schnetter claims that Ben Hogan falls into the category of the cautious putter these days. "If we had had a three-inch cup in play the past 10 years, Hogan would have won the national open six times by now," said Schnetter.

Al Balding, top-notch Canadian pro, was asked what he thought of the idea. "Just what we need," he snapped. "Something to slow up the game."

Bulldogs Cop Non-Loop Win From Devils

MURTAUGH, Feb. 1 (AP)—The Kimberly Bulldogs took the lead in the second quarter and held it the rest of the way to dump the Murtaugh Red Devils, 41-34 Tuesday night in a non-conference battle between ice cold teams.

Kimberly, which hit 13 for 69 during the night, didn't hit a field goal until Eric Howe slipped in for a crumple with 39 seconds left in the first quarter. However, the Bulldogs picked up eight free throws during that stretch to stay in the game and lead part of the time.

The Red Devils pushed away to a 6-3 lead with three minutes left in the first period on field goals by Cliff Stary and Jim Lemmon. But it took a long jump shot by Stary as the first quarter buzzer sounded to give the Devils an 11-10 first quarter lead.

Neither team could pull away in the second quarter, although Kimberly, getting five quick points from Ken Morris, jumped into the lead and held it. Murtaugh twice closed the gap to two points at 17-15 and again at 21-19. The Bulldogs pulled into a 27-21 lead but again a last second shot, this time by Wright, cost the intermission mark to 27-23.

With their shooting getting colder in the second half, the teams marked time over the third period. Kimberly moved in front by nine points with five minutes left in the game and went into a ball control game.

Murtaugh still had his chance over the remaining few minutes but missed four one-and-one free throw opportunities while Kimberly wasn't scoring at all. The Devils closed the gap slightly to 34-30 but Carl Grinstead hit a field goal as the buzzer sounded to give the Bulldogs their final edge.

Minico Roars Past Wildcats For 46-26 Win

RUPERT, Feb. 1 — Putting nine men into the scoring column, the Big Seven conference leading Minico Spartans dumped the Luckless Jess Wildcats 46-26 Tuesday night.

The Spartans, who now boast a 5-1 record and own a one-game lead going into the last half of the season, jumped off to an 18-7 first quarter lead and went on to victory from there.

Minico also took the preliminary 41-33.

Table with 4 columns: Player, Points, Rebounds, Assists. Includes names like Minico, Spartans.

Tigers Coast To 55-24 Win Over Dietrich

RICHFIELD, Feb. 1 — The Richfield Tigers erupted for 21 points in the first quarter and then coasted into a 55-24 victory over the Dietrich Blue Devils Tuesday night.

The victory kept the Tigers on top of the Northside conference standings along with the Bellevue Bulldogs.

In the girls' preliminary, Maxine Behr pumped through 20 points to lead Richfield to a narrow 32-30 victory. B. Anderson got 16 for the losers. Dietrich salvaged the boys' preliminary 27-25.

RICHFIELD 55, DIETRICH 24

Table with 4 columns: Player, Points, Rebounds, Assists. Includes names like Richfield, Dietrich.

EYES MATCH

BOISE, Feb. 1 (AP)—Negotiations are under way for a fight between Boise's George Logan and Bob Cleroux, 10th ranked heavyweight, according to Logan's manager, Al Berro.

Dallas Smith, rookie defenseman with the Boston Bruins, is the youngest National Hockey league player this season. He turned 19 on Oct. 10.

# Film on Reds Is Shown to Area Grange

HAYLEY, Feb. 1—Members of the Upper Big Wood River Grange heard Al Reading, Farm Bureau representative from Pocatello, talk on the infiltration of communism last week.

Reading, who also showed a film on the subject, was introduced by Don Spencer, Hyrum-Meservey Dietrich, spoke on group hospital insurance for Grange members.

Community service projects referred to were continuation of work with medical records, which ties in with civil defense, and making furniture for the Grange Hall. The community service committee has completed a quilt, which was turned over to the welfare committee. The quilt was made by Mrs. Don Spencer, Mrs. Walter Stewart and Mrs. Ralph Carter.

Mrs. Spencer and Mrs. Carter, who represented the Grange at the Blaine County Hospital auxiliary meeting the previous day, reported on showing a film on tuberculosis. Members voted to allow the hospital auxiliary the use of the Grange hall for future meetings.

William Stewart, business agent, reported on Grange wholesale purchases.

A March of Dimes party was planned and Mrs. J. M. Dunlap, Mrs. John McMonagle, Mrs. Elmer Byington, Mrs. Frank Gelskey and Mrs. John Drexler were named to the committee on arrangements.

Mrs. Glenn Rice, Pomona lecturer, announced she is organizing the fifth degree team, assisted by Mrs. Dunlap, lecturer of the local Grange. The work will be presented here for a group of candidates in March.

Mrs. James Seagraves, Blaine County welfare committee, reported a need for baby clothes and a special need for women's clothing sizes 40 to 46. Anyone wishing to donate such clothing should call Mrs. Seagraves, 70 W. Mrs. Carter, 624-76, or Mrs. Spencer, 622-33, and they will make arrangements to have it picked up.

It was reported Mrs. Steven Dorchak is in the hospital. Members of the home economics department, with Mrs. Rice chairman, served refreshments.

Miller was relief agent out of Seattle for Western Airlines before moving to Twin Falls. He is now residing at Ketchum.

William Warfield, station agent here, reports the average five-day outgoing passenger requirements of the company have been met to date.

During December it was necessary to cancel 14 flights because of weather conditions but during January only four flights were cancelled.

Miller advises that whenever it is necessary to cancel a flight, passengers are taken to Twin Falls by airline limousine so they may make connections with flights there. These passengers are credited to the Twin Falls quota.

# Airport Gets New Official

HAYLEY, Feb. 1—Fred Miller, who has been associated the past one and one-half years with Western Airlines at Twin Falls, is new manager of the local office. He replaces Glen Schole, who has been manager of Western Airlines since it began operations here last fall.

# Attend Confab

HAGERMAN, Feb. 1—Mr. and Mrs. Elwin Condit, Mr. and Mrs. Lylo Olmstead, Mr. and Mrs. William Ullman and Mr. and Mrs. Hale Clauer attended the Boise district conference at the reorganized LDS church in Boise Sunday.

Howard Carlson was in charge of services at the local church.

### Bottlers' New President Gets Gavel

Roy M. Birrell, left, Twin Falls, immediate past president of the Utah-Idaho Bottlers of Carbonated Beverages, Inc., hands the gavel to R. V. Day, newly elected president of the group. Officers were elected during the closing session Tuesday of the 40th annual convention in Twin Falls. Other officers elected Tuesday include George C. Banborn, Salt Lake City, reelected secretary-treasurer, and E. C. Davis, Salt Lake City; William Birrell, Jr., Provo; R. G. Ogden, Richfield, Utah, and Roy Birrell, Twin Falls, all directors. (Staff photo-engraving)

### Artistic English Cat Sends Italians Seeking Own Fame

By HENRY McLEMORE  
ROME—In a mild way, Topsy has turned Rome topsy-turvy. Topsy is the English cat whose drawings are now on exhibit in London and for one of which a Canadian dealer has offered a thousand dollars. Rome newspapers have given Topsy's talent front-page play and the result has been a marked increase in the interest of Rome's cats, thousands of which live in and about ancient ruins.

The regular patrons of the cats—those who go every day to feed them scraps and watch them frolic and fight midst the tumbled tom-pies—have now been joined by citizens with a mercenary purpose. These newcomers are on the

look-out for a cat with artistic talent. They believe that what an English cat can do an Italian one can do, especially a cat whose ancestry goes back to the Caesars, and which has been surrounded by beauty and culture all its life.

There was an unusually large crowd about the Forum today, whose runs are a favorite hang-out for hundreds of cats of all sizes, shapes and colors.

The center of attention was a large tom seated on a column of the temple of Venus Genetrix. He was missing an ear and I heard one of the men who was trying to entice him within reach say, "He looks a great deal like Van Gogh, in his self-portrait. I'd like to put a brush in his paws and see what he could do."

But the Van Gogh tom, like all the older cats, would not come within grabbing distance. Kittens could be caught, but no one seemed to want them. The people were out for mature, adult artists, and not beginners.

Kittens were too big a risk. After months of feeding and pampering, they might well prove to be more interested in mousing than in palette and brush.

Topsy, in case you missed reading about her, works with a crayon on a string. She manipulates it with her paws. Her studio is a sunny back room in the home of her owner, a Dr. George Cooper, himself an amateur painter.

Topsy's acknowledged masterpiece to date is a delicate but full of life sketch of a man on horseback. It was this picture that drew the \$1,000 offer from a Montreal dealer.

Dr. Cooper is said to have tried to interest Topsy in oils by placing an opened can of sardines in front of her, and a sheet of paper within paw reach. But so far Topsy has done nothing but eat the sardines and then return to her crayon.

Mary and I have been feeding cats since we have been in Rome. There is a large colony of them in Villa Sciarri only a block from our apartment. They are as wild as mountain bobcats, and I suspect that if one knew how to detect

them one could latch onto a really good, primitive painter. But would it be worth it? An artist cat around the house could be a lot of trouble, what with temperamental, bringing in Bohemian friends for all-night catnip parties, and yowling when inspiration struck.

### 10 Baptized

RICHFIELD, Feb. 1—Blatant stake baptismal rites were held at Richfield last week with 10 youths baptized from the Hailey, Carey, Shoshone, Dietrich and Richfield wards.

### N. Y. Leader Asks Record Sized Budget

ALBANY, Feb. 1 (AP)—Gov. Nelson A. Rockefeller today handed the Republican-controlled New York legislature a record 241 billion dollar spending program designed to ease unemployment, improve business and expand higher education.

The governor, pushing his pay-as-you-go policy he started with higher taxes two years ago, said most of the money would go to help localities, build roads, aid business and give all New York young people a chance to go to college.

Nearly half the budget was earmarked for education. Proposed aid to public primary and secondary schools and colleges totaled more than \$70 million dollars.

Rockefeller proposed spending 368 million dollars more during the 1961-62 fiscal year than during the 12 months ending March 31. He said it could be accomplished without increasing taxes and the state could even shave seven million from the tax bill by repealing the 15 per cent levy on cigars and tobacco products.

Rockefeller, however, made no promise to ease the burden on wage earners by granting a refund similar to the 10 per cent rebate on 1960 income taxes. The Rockefeller spending program will cost \$276,000 every hour. But, it is still lower than the budget proposed for California by Gov. Edmund (Pat) Brown. The California spending plan is 2.59 billion dollars for 1961-62.

### Fire Noted

BURLEY, Feb. 1—The Burley fire department was called to the Kenneth Durfee place two miles east on the Alfresco road at 4:45 p.m. Monday to extinguish burn-

ing poles and trash which were threatening a chicken house and other out buildings. The fire was caused by burning weeds. Firemen returned in an hour.

### Icy Road Blamed In 2-Car Mishap

An icy road one-fourth of a mile west of Twin Falls on Grandview drive near highway 30 Wednesday morning was blamed for a two-car collision by State Patrolman Broy G. Harding.

A 1956 Plymouth driven by Hazel F. Black, 51, route 2, Twin Falls, and a 1953 Oldsmobile driven by Johnny G. Plaster, 21, 735 Shoshone street north, collided when the Plymouth failed to make a turn approaching a stop sign, Harding said.

Damage was estimated at \$300 to the Plymouth and \$700 to the Oldsmobile.

No citations were issued.

### Officers Elected To Fashion Unit

Juan Mendiana was elected president of the Idaho Hair Fashion committee at a state meeting here Sunday.

Mildred Haight, Burley, was chosen vice president; Mrs. W. E. Jewell, treasurer, and Vaughten Heaps, Pocatello, secretary.

The new trend in hair styling for spring and summer was demonstrated by Beth Mechem, Idaho Falls, state style director.

### Parking Fines

Posting \$1 overtime parking bonds with Twin Falls police Tuesday were W. Flint, Betty Chapman, Gay Peterson, N. S. Herzinger, Lester Peterson, Mrs. J. Robinson, M. L. Wittenberger, Arnold Putzier, Lee Fillmore, W. Dennis Johnson, L. O. Neal, H. F. Brumback, Larry Kohu, Tom Benneck, Welmer Stepe, Lonnie Smith, E. D. Fleener, G. K. Nesbitt, Vivian Wheelwright, Valda Bulloch, W. T. Wilcom, Darrell Hansen and Ronnie Pope.

### Collision Noted

BURLEY, Feb. 1—Frank H. Weeks, Burley, was involved in a two-car accident at 5:15 p.m. Monday on 14th street between Alton and Hansen avenues.

BOY SCOUT WEEK  
FEBRUARY 5-11

The Scout In Uniform Stands Out!

You've undoubtedly noticed it yourself. A handful of Boy Scouts at a public gathering — or walking along the street. See how conspicuous they are. Everyone recognizes the boys in uniform. They stand out!

That's part of the magic of the Boy Scout Uniform. It takes a boy — any boy — and quickly transforms him into somebody apart. It establishes the boy as a Boy Scout.

And why is that important to you? It's important because the Boy Scout rates high with the American public. He is accepted almost without question — trusted to do the right thing. And the boy, in turn, responds to the challenge of the uniform. He is a better Scout in uniform.

### WEAR THE OFFICIAL SCOUT UNIFORM and EQUIPMENT

Post Explorer Uniform  
Snappy green uniform for all post Explorers. A great outfit for camping and adventures afield!

Field Cap	1.15
