

Personal Income Rate in U.S. Drops for February

WASHINGTON, March 17 (AP)—Personal income in the United States fell 0.5 percent in February from the same month last year, according to a report from the Commerce Department today.

The drop in income was only partly offset by a slight gain in farmers' income and a rise of 200 million dollars in government payments and other so-called "transfer payments" from government to individuals.

The income total was 10 billion dollars, or 2 1/2 percent above that for February 1960, the department said, but four billion dollars below the peak of nearly 40 billion dollars a year reached last October, about half the drop occurred in the manufacturing sector.

The federal reserve board, retaining authority over the industrial production situation, said the figure...

Crewmen Abandon Liberty Ship

Crewmen abandon liberty ship Dominator as the grain-loaded vessel begins heaving to on a reef near Long Beach, Calif. The 416-foot Greek freighter grounded on the reef in a heavy fog. (NRA photo)

The ship was exactly opposite to the trend for such private and government-owned vessels. The rate of decline in a number of key areas has been halted or reversed, leading officials to believe that the trough of the recession was being—or had been—reached.

The still could be the case, officials noted today, since the payroll for March is still being paid. February's report could have been the result of poor midwinter sales. A pickup in sales demand, the arrival of better weather could bring about new hiring.

The federal reserve report was the first since the unemployment indicator in recent months.

Protection Sought for Americans

WASHINGTON, March 17 (UPI)—The United States today called on the United Nations and local authorities to take "immediate steps" to protect Americans in the Congo. It also warned American missionaries again to get out of the Congo, the state department instructed U.S. missionaries to request that "no effort be spared" to assist missionaries who have been prevented from leaving the eastern Congo and who in some cases have been mistreated.

The department demanded that Congolese troops who have mistreated U.S. missionaries be brought to justice.

"We believe that steps should be taken immediately to bring the Congolese justice and that there will be no recurrence of such acts."

The crisis of the Congo where missionaries have been mistreated are Kivu and Orientale provinces, both under the nominal control of the Soviet-backed Congolese leader Antoine Gizenga.

State officials said it has never before been known that the troops were acting under orders or on their own.

The state department warned American missionaries in "unsettled areas" of the Congo that they should be prepared to leave unless there are overriding requirements that they remain.

"The ultimate decision must be made by each individual concerned," a spokesman said.

The department also instructed its posts in Leopoldville and Lubumbashi, Ruanda-Drum, to "keep eyes peeled" for any information about treatment of Americans.

The state department there were an estimated 1,200 Americans in the Congo. Several districts, including the Kasai, are closed.

NEWS BULLETINS

BOSTON, March 17 (AP)—A 60-day delay was ordered today by the state to allow trial of 70-year-old industrialist Bernard Gould, the gift-giving friend of former presidential id Sherman Adams. Gould is charged with a delay in the trial of a woman looking for a job.

LONDON, March 17 (AP)—Henry P. Houghton, a 50-year-old Englishman accused of spying for Russia, today told from the witness stand a check and dagger story about how he became convinced of a Russian plot to assassinate the British king.

HOPEVILLE, The Congo, March 17 (AP)—Thirty missionaries were taken in a remote part of Kivu province by fanatical tribesmen but were rescued by United Nations troops, the U.N. command said today.

NAMPA, March 17 (AP)—Erwin Saxe of Nampa state school tried one of his employees for what he called discriminating in the selection of a teacher. Saxe is a former principal of the school. Saxe is a utility worker and president of the International Association of State, County and Municipal Officials.

Saudi Arabia Will Bar U.S. From Airfield

WASHINGTON, March 17 (AP)—By sudden decision of King Saud, the United States may give up one of its strategic Arabian air bases today, the Persian Gulf coast of Saudi Arabia.

The state department, disclosing the setback last night, emphasized that the United States is engaged in a "joint military operation" with Saudi Arabia in the Arabian Gulf.

But officials indicated that the result of the king's decision will be to deny the U.S. government the use of the airfield, which is of great military importance in the event of a major international crisis.

The field development took back 15 years and has cost the United States many millions of dollars. It has long been treated by both governments as a joint Arabian air base.

The agreement now in force to allow U.S. military aircraft to use the airfield, the United States department said, that the agreement was signed in 1952.

Officials said that means the rights of the U.S. government to operate from the airfield will end in April next year.

Dhahran has been a major base for the military air force. It is the operating base of an air force aircraft repair team. Officials said the team will be moved to Dhahran. But it is understood that under the new agreement, the team will be moved to Dhahran. But it is understood that under the new agreement, the team will be moved to Dhahran. But it is understood that under the new agreement, the team will be moved to Dhahran.

Mixed Grain Wheat Limits Are Studied

WASHINGTON, March 17 (AP)—Agriculture department officials today are considering a proposal to loosen up on regulations covering the growing of wheat in mixed grains for livestock feed. Under present regulations mixed grains which are grown for feed and contain more than 25 percent wheat come under the marketing quota and penalty provisions of the wheat control program. Wheat in excess of 25 percent of the mixed grain output must be grown in land allotted by the government for wheat or be subject to a marketing quota of about \$1.05 a bushel.

But some farmers who traditionally grow a mixture of wheat, oats, barley and other grains for feeding their livestock have complained they want the limitation on wheat changed back to 50 percent, which was the case before the 1960 crop.

However, there is a sharp division of view on this matter within the department. Some officials favor the program of holding down the production of wheat—proposed as a price support—oppose any change.

They contend it is possible for a grower of mixed grain to separate the wheat from the other grains and sell it in competition with farmers whose wheat production is limited. They said there has been cases where this has been done.

Others contend the regulations are unfair to farmers who traditionally grow mixed grains with a high percentage of wheat and feed it to their livestock.

"There was no indication, however, when a change in the regulations—any might be announced."

Jobless Benefit Bill Is Given Senate OK

WASHINGTON, March 17 (AP)—The senate last night passed the emergency unemployment benefits bill after President Kennedy a smashing victory on the issue of financing the program. The final vote was 87-10. The bill is a major step for consideration of several minor amendments inserted by the senate. This will make it impossible for the bill—a key part of Kennedy's anti-recession program—to reach the White House before the middle of April.

The administration has been the biggest floor test on the bill. The bill is a major step for consideration of several minor amendments inserted by the senate. This will make it impossible for the bill—a key part of Kennedy's anti-recession program—to reach the White House before the middle of April.

Area Schools Begin Debate Tourney Here

Three Magic Valley schools opened the first district debate tourney here today. The tourney is being held at the Magic Valley high school.

Irish Leader Sees Hope of Partition End

BRISTOL, March 17 (AP)—Prime Minister James Connally predicted today that the long and bitter struggle for Irish partition may soon be over and the divided country united.

In a message to all Irishmen on the eve of St. Patrick's day, he said there are new hopes that "with cooperation and clear leadership" the long and bitter struggle for Irish partition may soon be over and the divided country united.

He said that the Irish government will endeavor to bring about a united Ireland which will enhance all the values which belong to the Irish race and will look forward to the disappearance, by general assent, of the man-made barriers which unfortunately have been a retardant to the country's development.

The prime minister's statement was a response to recent speculation that behind-the-scenes moves may be underway to unite Ireland under some sort of federal government.

The union has been divided since the southern Ireland won its independence from Britain after World War II.

Officials seldom discuss prospects of unity publicly, but it is known some influential politicians are mulling the possibility that a united Ireland might be brought back to the British commonwealth.

The Irish government's view, as stated in a message to all Irishmen on St. Patrick's day, is that the commonwealth question could be discussed after partition had been decided. Lemley's speech made clear that prospects for a united Ireland have been brightened.

Man Resigns Top GE Post

NEW YORK, March 17 (AP)—General Electric company last night announced the resignation of W. W. Rouse, president of the company, effective a 30-day full sentence in the recent electrical industry case.

Rouse, 62, was GE's top executive, a 1900-year executive, was vice president and general manager of the company's power division.

GE said his duties will be handled on an acting basis by Charles J. Under, vice president and group executive for the electric utility group.

Rouse, 62, was one of seven executives of 29 electrical firms who were to fall in the giant prosecution of price fixing conspiracy.

He was released after serving 30 days in jail.

The GE announcement made no mention of the other two GE officers among the seven, Lewis J. Feltz of Fort Wayne, Ind., and Owen S. Bureau, Cleveland.

Bureau and Bureau were demoted to the U-9 district court in Philadelphia.

Control of Atom, Sex Emphasized

ATLANTA, Ga., March 17 (AP)—"The atomic energy doesn't fit in as off, sexual energy will," a New York doctor-lecturer told a college group yesterday.

"The population explosion has to be controlled," Dr. Mary B. Calderone, medical director of the Planned Parenthood Federation of America, spoke at Morehouse college's annual "marriage and life institute."

"In modern times," Dr. Calderone said, "we have two great releases of energy. One is the release of nuclear energy and the other is the release of sexual energy. If we keep reproducing at our present rate, there won't be any place left to stand 500 years from now."

"The control of sex and of the atom is the world's No. 1 problem today," she added.

Advancement in Wards Reported

REYBURN, March 17 (AP)—Advancement was made today in warding the Herburn first and second ward LDS sacrament service for Leonard L. Doppen as a priest and Leonard Barndrecht to a priest.

John Mosso was released as assistant Explorer leader and Dan Black was sustained to the position.

Speakers in the second ward were DeVaughn Jenka, "Peregrine" Robert Hannah. A vocal number was given by Mrs. Alvin Mrs. Mrs. Golden Danper and Mrs. Jay White. Arlene Short sang a solo.

Rev. Scott Barber and Mrs. Edna Blaine Anderson were speakers in the first ward. The vocal number was offered by the choir, directed by Mrs. Leo Paul and Mrs. LaFrel Bloddard.

Speaker Slated

HANSEN, March 17 (AP)—First Lieut. Paul P. Bernasconi, stationed at Mountain Home air force base, was slated to be held by the Hansen Grange at 7 p. m. on a picnic on a 1947 crash site. Bernasconi, 25, is a member of the 99th bombardment squadron. Vance Taylor is chairman of the band and tickets are available from Grange headquarters.

The speaker will be introduced by Sgt. W. L. Claborn, local liaison officer for the air force.

140 Degrees

CYNTHIANA, Ky., March 17 (AP)—No doubt about it, the furnace in Mrs. Kathy's Station's house really puts out.

Returning from a 10-day vacation, she found the thermostat on the furnace had gone haywire. The furnace had run full blast, the house's temperature had reached an estimated 140 degrees and:

Cooked eggs and very unrefined foods in the refrigerator melted candles with the tallow exuded, leaving only the wicks; piano keys bulged upward; warped floor boards and the wallpaper peered off in sheets.

Report on Grain Given to Grange

KIMBERLY, March 17—Roy Dork, agriculture committee chairman, reported on feed grain regulations at a meeting of the Kimberly Grange this week.

Harold Best, overseer, conducted the meeting in the auditorium of the Leslie-Love. Mrs. Mildred Britz, home economics chairman, announced the March 27 meeting will be the quarterly potluck supper to be served at 7:30 p. m.

Mrs. Bruce Lulloff gave a reading and a collection of St. Patrick's day poems was given by the lecturer. Refreshments were served by Mrs. and Mrs. Roy Latten, Dora Hall and Ellis Thomas.

Finding \$240,000 for Brinks Has Been 'Headache' for Man

LOS ANGELES, March 17 (AP)—John should have a reward of finding that \$240,000 cash on a street a week ago today has been "one grand headache" for New York's "big man" Douglas William Johnson.

"I had made me a nervous wreck," he said yesterday in a first living room of his modest apartment. "I can't eat, I can't sleep, I can't rest."

"But the money wasn't mine and I did what I thought was right. If it happened all over, I'd do the same thing."

What he did after finding the cash was containing the \$240,000 in unmarked 10s and 20s while out hunting a job, was called the FBI. Brink's, Inc. from one of whose insured trucks the money had been stolen—the money had been placed in a "turnip."

"I've been in a 'turnip' since I was a kid," he said. "I've been in a 'turnip' since I was a kid."

"I don't know whether I'd enjoy riding around day after day carried up in that truck. I imagine it's an awful hot job."

Johnson, a well-employed maintenance man who washes windows and hauls away trash for his hours.

"I don't know whether I'd enjoy riding around day after day carried up in that truck. I imagine it's an awful hot job."

Johnson, a well-employed maintenance man who washes windows and hauls away trash for his hours.

Swim Pool at Shoshone Is Eyed at Meet

SHOSHONE, March 17.—Report on the propriety of building a pool was given to Chamber of Commerce members Tuesday noon by Robert Fowler of the Jaycees, sponsoring group.

Fowler said for a concrete pool 35 by 75 feet, the cost will run about \$10,000 with considerable donated labor. It would cost another \$2,500 to heat the pool.

President Ray E. Oyer appointed Joe Boyles to meet with Jaycees members to further consider the project.

Farmers' night banquet has been changed to tonight, inasmuch as the Basque-March of Dimes dance was set for Saturday, the original Farmers night date.

Cecil Cope reported that William Kerner, R. Ballou president of Lincoln county and he will be honored at the Farmers' night banquet.

Leo Van Avery, Rupert, was a guest. V. C. Ross was introduced as the new member to represent the Farm Bureau.

The plan to set up in the Klamath area is now ready, as reported, and several chamber members volunteered to assist in putting it up.

Trees for planting in that area were again discussed and J. Howard Manning, county extension agent, will look into securing some from the University of Idaho.

Area Association Gives Check to Heart Fund

Mrs. Emil Hochbater, left, president of the Magic Valley Hair-dressers and Cosmetologists association, presents Mrs. Martin Iverson, right, county chairman of the heart fund drive, a check for \$250. Mrs. Joe McMillan, center, as local chairman of National

Beauty Salon week, was in charge of the association's style show Feb. 19 at which the money was raised. The heart drive netted \$6,814 in Twin Falls county, according to Mrs. Iverson. (Staff photographing)

County Heart Fund Campaign Nets \$6,814, Chairman Notes

A total of \$6,814 was collected in the heart fund drive, reports Mrs. Martin Iverson, county chairman of the drive.

Mrs. Harold Brown, Piler Heart Fund chairman, said that \$653.50 was collected in Piler. Other towns in the county, the chairman said, the amount collected include Buhl, Mr. and Mrs. Bill Roberts, \$1,196.18; Kimberly, Mrs. Mike Craig \$718.86; and Hazen, Mrs. Tom Sietemuth, \$274.72.

Weldon Hawkins, Twin Falls treasurer, gave a breakdown of money collected in each event, including Heart Sunday, \$4,460.13; business drive, \$810.50; rural district, \$239.99; bowling tournament, \$42.75; beauty association style show, \$230, and coin containers, \$60.23.

Hagerman Notes

HAGERMAN, March 17.—Mrs. Joe Haycock, librarian, reported that 113 books had been checked out of the library during the past month, as the library board meeting Tuesday at the home of Mrs. Ernest Billiard.

Mrs. Nettie Meyer has returned from her vacation and will resume the duties of the librarian, which Mrs. Haycock has been performing during her absence. It is expected the U. S. House new books have been received from

the state library.

The next meeting will be April 11 at the home of Stanley Tenzoid. Library hours are from 9:30 to 5 p.m. Wednesday and from 9 to 5 p.m. Saturday. Cards for people living outside the city limits are 10 cents a month, and in town cards are five cents.

Too High

CINCINNATI, O., March 17 (AP)—A price tag 10 times too high has been placed on oral polio vaccine by the U. S. public health service, according to Dr. Albert B. Sabin.

The developer of the vaccine in question based his assertion on information accompanying President Kennedy's \$100 million purchase of supplies of the live virus vaccine.

The one million dollars would set up a reserve supply of approximately three million doses under health state and local communities threatened by epidemics could draw without cost to them.

The scientist observed that one million doses should buy \$2 million doses.

X-Ray Technician Meeting Is Held

Robert Kimbrough, a former Twin Falls resident now associated with the "Beeman Foods" company, Salt Lake City, discussed the importance of x-ray technician training during a meeting of the Magic Valley Society of X-Ray Technicians Wednesday evening in the Magic Valley Memorial hospital auditorium.

Mrs. Selmer Thompson, Buhl, was chairman of the week she did in publishing the Idaho Society of X-Ray Technicians' bulletin, "Beamed Radiation," for February.

Members discussed the next convention to be held April 20-22 at Lewiston. Refreshments were served by Mrs. Harold J. Stearley.

Backers of Sugar Extension Blasted

WASHINGTON, March 17 (AP)—Rep. Thomas G. Morris, D., N. M., today accused backers of a 21-month extension of the sugar law of resorting to a parliamentary maneuver to get their bill passed.

"Their strategy may backfire," Morris said.

The New Mexico congressman is a leader in the fight to get some of the Cuban sugar cutback of new domestic beet acre. He and other western congressmen lost the fight in the house agricultural committee, which approved an extension of the present law for 21 months to Dec. 31, 1952.

"They wanted a nine-month extension, which would force congress to write a permanent sugar law this year, but that law they hoped for a general revision of the foreign quota system so other districts could come in for some of the market."

Movies Shown

EXHIBITORS March 17 and Mrs. Kenneth Durfee showed movies of their tour of Hawaii at the annual party for—Hoyden teachers and their partners at the John Holoak home, Buhl.

Plans selections were played by John Pitchford, seventh grade teacher. The 20-plate dinner was attended by 36 persons.

Represents Club

BLISS, March 17.—Leo Hobbey had been appointed by Frank Wright, president of the Rifle and Gun club, to be the club representative to the Citizens Committee for Education Tuesday at the home of Mr. and Mrs. Earl Hobbey.

The well meeting will be at the home of Mr. and Mrs. Ed Dally on April 21.

Asian-African Group Okays U. S. Changes

WASHINGTON, March 17 (AP)—The first major foreign policy change of the Kennedy administration has won the applause of Asians and Africans at the conclusion of a meeting with an old ally in Europe.

Portugal's officials and press are furious at the United States for supporting a demand in the United Nations for political reform in Angola, Portuguese territory in Africa.

"They contend it was an act of stupidity and interference in Portugal's affairs."

Asians and Africans are jubilant over the American call for "step-by-step planning" on the way to self-determination in the huge African territory, which Portugal rules with an iron hand.

The African-Asian resolution calling for reform in Angola was defeated in the U. N. security council despite its support by Russia and the United States, when Britain, France and four other members of the eleven-nation group refused to vote for it.

However, it will come up again in the general assembly where it is virtually certain to win approval.

Antiaircraft Gun Dropped by Army

WASHINGTON, March 17 (AP)—Conventional antiaircraft guns have disappeared from the army's arsenal, replaced by guided missiles.

The army announced yesterday that conversion of the antiaircraft weapons has been completed by national guard batteries assigned to the 24-hour alert defensive system.

The regular army already had completed the change. The national guard units to be converted from guns to missiles was in full operation at Millwaukee.

The Army said there are nine missile batteries operating in protection of major population areas.

APPOINTMENT-HINTS: WASHINGTON, March 17.—President Kennedy said yesterday he plans to appoint John Holmes, now minister-consul in Rome, as ambassador to Iran.

BUTLER BUILDING

For industry, commerce, the community and the farm—famous Butler buildings have virtually become the standard by which other pre-engineered buildings are measured.

Only Butler gives you so much quality with no price premium: Two superior wall systems, an optional 20-year aluminum roof guarantee and higher-quality factory-applied color finishes are key examples.

We offer a complete construction service and make sure your Butler building goes up fast and economically. Call us soon for full details. Financing available.

Our NEW Butler buildings are years ahead in...

PRE-ENGINEERING

Steel or aluminum, your Butler roof system is precision-installed to stay weathertight. Even an optional 20-year aluminum roof guarantee can be offered. Only Butler has it!

Monopart, Butler's newest wall panel, is factory-insulated and pre-assembled to create complete exterior walls of striking beauty.

Bold and beautiful Butler® is the sturdy Butler panel you use for non-insulated or field-insulated areas, in precision roll-formed to install quickly.

New Butler-Tonex color finishes add both beauty and durability to the pre-engineered panels. Many colors are available.

Butler offers more styles and sizes for you to select from—better detailing—more technical service.

Your skilled construction crews will supervise your entire job, deliver a complete package within months sooner. This is your lowest-cost way to build well. Write or phone for details about our buildings, our services and our financing program.

Burley Library Gets Microfilm-Reader

Mrs. Loren Nichols, left, member of the Friends of the Library, looks over the new microfilm reader which was unpacked at the Burley Public Library Wednesday afternoon, with Mrs. E. Davidson, treasurer of the Friends of the Library, and Mrs. E. Dummer, president. The microfilm reader was a gift to the library from members of the LDS Burley and Casula stakes and is for use of the public. (Staff photo-engraving)

Genealogical Group Presents Microfilm Reader to Library

The machine used for \$525. It will be used by the society during its meeting at 8 p.m. Saturday at the library. The library will open at 8 p.m. for genealogical research. Mrs. E. Dummer, president, reports that the machine is to be used by the public and that it can be a great aid to college students. It is cheaper to obtain 300 millimeter or 16 millimeter film of some books and records than to buy the actual item. Films also may be obtained on loan.

2 Questions Still Unanswered Over Nuclear Reactor Mishap

IDAHO FALLS, March 17 (AP)—It's been more than 10 weeks since America's first fatal nuclear reactor accident happened in a three-story, six-inch building near Idaho Falls but two big questions still remain unanswered today. The questions are: What happened? And why?

The accident was late the night of Jan. 3 at an industrial plant a stationary, low-power reactor, located west of here on an sprawling scruboak waste of the national reactor testing station. The reactor, designed to provide nuclear generated power for the army, navy or air force installations, was being operated by three military technicians. All three were killed by the accident, termed a "nuclear excursion" or uncontrolled reaction by the atomic energy commission.

While the reactor was being operated, a fire broke out in the room that was used for the reactor. The fire went wild, reactor crews recovered two of the victims. It was five hours before the body of the third victim could be removed from the building's rafters where he had been pinned by the force of the explosion.

During the intervening weeks, scores of men have spent thousands of hours cautiously trying to find the answer to the "what" and "why" of the incident.

White bodies were being recovered, crew members wearing protective clothing were allowed to penetrate the sheet-iron covered reactor building despite hazards of radiation and nuclear contamination.

Their dashes into the structure were limited to seconds. Three were killed by the explosion, which measured at 27 roentgens, about twice as precautionary limit annually allowed nuclear employees. However, the exposure still was far below a damaging intensity.

Since then, the men have moved more slowly with safety as their reward. Most of their studies so far have been a compilation of film through film cameras lowered into the reactor building from a long-necked "cherry picking crane" outside.

The crane operator has been directed in his maneuvers by a telescope equipped observation station in a lower elevated opposite the upper level entrance.

Soon, AEC experts plan to utilize

Senate Okays U.S. Economic Treaty

WASHINGTON, March 17 (AP)—The senate yesterday approved U.S. membership in the Organization for Economic Cooperation and Development as a step toward closer economic coordination among North Atlantic nations. The vote was 72-18, far more than the two-thirds necessary to gain the senate's approval.

It ratified the treaty after 90 minutes of debate in which members were assured that it would not in any way reduce congressional powers to regulate tariffs and taxes.

The big majority went along with the treaty's goal of reducing tariff discriminations against the United States, coordinating economic and trade policies of the 22 nations and pleading other industrialized nations to share a greater part of the U.S. burden of aid to underdeveloped nations.

Grange to Meet

MURTAUGH, March 17—The Rev. John Cross will give a short inspirational talk on Easter at the regular meeting of Murtaugh Grange at 8 p.m. Monday.

Now there's a cure for crabgrass

Crabgrass has frayed more tempers and ruined more lawns than any other lawn problem in history. Yet crabgrass can be cured. Not by back-breaking labor, but by a single, pre-sensor application of amazing HALTS®. HALTS was developed by Scotts research to kill crabgrass as it sprouts—without damage to good grass. In fact, HALTS is so compatible with grass, you can actually seed the same day! HALTS effectiveness has been proved by nearly a million homeowners. Today, if you hear someone complain about crabgrass ruining their lawn, you can bet they haven't discovered HALTS. Isn't it time you did?

Ask us about the Scotts guarantee... a better lawn or your money back!

Rupert Youth Is Chosen for Chicago Meet

RUPERT, March 17—Lynn Parker, student at the state county high school, has been chosen one of four delegates to represent the state at a national meeting of the distributive education program being held in Chicago April 11 and 12.

The four delegates were chosen from the five Idaho schools who participated in the Boise meet. Five hundred dollars was provided by Beza foundation to be divided among the winners and Parker will receive \$50 toward his expenses to the national meeting.

Verlynn Smith, another Minico student, placed second in the window judging contest. Others attending from the local school were Karen Hatch, Ruby Christensen, Diane Bailey, Corey Edgington, Nancy Worthington and Janet Stoddard.

Robert Larson, who teaches the DECA class in Minico, said that the students receive credit for the job training through the co-operation of local companies and businessmen. Parker works part time at Wolf Hardware, and Miss Smith works at the Idaho plant in Burley. Cullinan Soft Water, the Y-Dee restaurant and R. A. Jamieson in Burley, and the school office in Rupert, are other participating businesses.

Barred

WINDFALL, Ind., March 17—Jimmy Palmer, 7, persuaded his mother to tint his hair green for St. Patrick's day, but his principal won't let him come to school.

Principal Harold Wright is afraid Jimmy's presence may lead to a whole school full of green-haired pupils.

Jimmy can't return until the green food coloring has faded from his hair.

Burley Notes Church Plans

BURLEY, March 17—The eighth province of the Episcopal church has recently drawn up plans for a four million dollar expansion of its activities, the Church Divinity school of the Pacific, Berkeley, Calif., reports the Rev. Hugh Winters, vicar of the Burley St. James Episcopal church.

The eighth province includes Washington, Oregon, California, Nevada, Arizona and Idaho. Its total assets of \$400,000. Recently the church in Idaho at its Boise conference adopted a district development program which will require \$240,000.

Mr. and Mrs. James McCallister of the local congregation were delegates to the district convocation in Boise. Jeff Caldwell and Paul Parkinson are chairman of the St. James local program and Mrs. Ann Hester will serve as chairman of the women's work at St. James. The vicar says:

"Most of the clergymen who are called to serve the Episcopal church in Idaho are trained at the church school in Berkeley. The Rev. Mr. Winterstein came to Burley from this school.

Cassia Solon Is Burley Speaker

BURLEY, March 17—No new laws were enforced upon the people of Idaho during the last session of the legislature, reported Ward Chalmers, Cassia county representative to members of the Burley Exchange club at its Thursday luncheon meeting at Nelson's cafe.

He reviewed the legislation that had been enacted during the last session and the appropriations made.

Further plans were made for the Exchange club's 50th anniversary which will be celebrated by a banquet at 7:30 p.m. March 27 at Nelson's cafe. Tickets are invited to the event.

Stan Harper, president, resigned and Lyle Morton, vice president, became president. Jim Holbrook was voted the new vice president. Guests were Len Conners and Dr. Robert Maguire.

Plan for Home Demonstration Fete Discussed

A committee of the County Home Demonstration council met Tuesday with Florence Schultz, home agent, to plan for the National Home Demonstration week, April 20 to May 6.

Theme for the week will be "Stronger Homes Build Better Citizens."

Meeting with Miss Schultz were Mrs. Clinton Dougherty, president; Mrs. Dean Davis, vice president; Mrs. Harry Sharp, secretary; Mrs. Don Somers, treasurer; Mrs. Charis Pousset, Kim-Boo club; Mrs. Howard Mills, Salmon Tract Homemakers; Mrs. Mignon Popples, Jolly Workers; Mrs. Lyle Snyder, Sew-Long club; Mrs. Robert Brown and Mrs. Arthur Childers, past presidents.

Both Burley and Twin Falls will have programs to mark the week. Dates and details will be announced later. Mrs. Dougherty will name children of various committees.

Lodge Won't Run For Office in '62

BOZEMAN, March 17—Henry Cabot Lodge, former U. S. ambassador, told 1962 Republican as a victory dinner last night he won't be a candidate for any public office in 1962.

Only Wednesday night it was announced in New York that Lodge, U. S. ambassador for nearly eight years, is joining Time, Life and Fortune magazines as a consultant on foreign affairs.

Many Republicans had been urging him to run again in 1962 for the seat in the U. S. senate from Massachusetts which he held until his death for office by John F. Kennedy in 1952.

Hunting Set?

LEESBURG, Va., March 17—The nation's first lady apparently plans to get in some hunting when she stays at the weekend White House near here.

A Virginia nonresident hunting license was purchased for Jacqueline Kennedy at the Loudoun county clerk's office yesterday.

Its atomic structure still is known only in a general way.

Centennial Unit Continues Plans

BOISE, March 17—The executive committee of Idaho's Territorial Centennial commission decided yesterday to continue its plans for the 1963 observance despite failure of the 1961 legislature to provide it with any money.

Ted Hoff, Horseshoe Bend, commission chairman, said Gov. Robert E. Smyth had endorsed the decision to go forward with the program.

He at Bonville "expressed a desire to assist the commission and suggested that funds might be obtained from "private business sources."

Hoff said the commission hopes that all county and state groups will continue to function and work closely in carrying out the program.

Five beautiful lasting colors to select from a panel combining all the best features of ALL other side walls.

The full 1/2" thick insulation board underneath insulates by absorption... Aluminum face insulates by reflection.

See It... Examine It... Price It... You'll Want It for Your Home, once you see it.

DAN DANIELS ROOFING CO.

"Give Me a Place to Stand and I'll Roof the World"

151 ROSE ST. TWIN FALLS RE 3-2179

A WILDLIFE SPECTACULAR ! TONIGHT—LAST CHANCE!

THOUSANDS SAY — "IT WILL CHANGE YOUR ELK HUNTING IDEAS"
THOUSANDS SAY — "JUST THE SIGHT OF THOSE MAMMOTH BULLS WITH GREAT RACKS OF ANTLERS IS WORTH THE ADMISSION PRICE."

ELK BUGLING IN AMAZING STEREO-PHONIC SOUND.

Bugling—Bugling—Bugling—Bugling—It's terrific. It will give you a thrill you will never forget. From deep in the heart of the famed Bob Marshall Wilderness area comes one of the greatest wilderness films ever brought to the screen. Grand old Elk will bugle for all they are worth. You'll turn to the person sitting next to you and say, "Well, who do you think of that?" And on the same amazing and spectacular program, Jim Bond's "The Montana Fisherman" and "Trapping and Transplanting Mountain Goats."

4,000 FEET OF JIM BOND'S GREATEST WILDLIFE FILMS
