Kennedy Presents Tax Plan to Business, Jobs

WASHINGTON, April 20 (AP)—President Kennedy today set a tax plan which he said would modernize American business and create 500,000 jobs. He said a "people general tax-cut" would be put into effect next year. The President said his proposals would attack "expense account living," discourage tax avoidance and reduce the worrisome flow of U. S. dollars abroad without cutting into federal revenues. In a 6,700-word special message, Kennedy described his program as "a first, though urgent step" toward "broad tax reform in 1962—a reform which he said could combine elimination of loopholes and discriminatory taxation with a lowering of basic tax rates. This year among the most notable items in the first-step package:

A special tax incentive for business modernization and expansion, withholding of taxes on dividends and interest, repeal of the special tax treatment given dividends, and discouragement of corporate investment in competing industries.

Kennedy also proposed a 10 percent tax on tax-exempt securities on tax-exempt income. He said the new tax would be applied to "tax havens" and the collection of taxes from high-income Americans would be increased. Many of the specialties were new to his country's tax system. However, there could be little argument that the specialties would stimulate the economy.

A S. business more competitive with the best in foreign competition, and reduce the national balance of payments deficit.

The President's main objective was to stimulate the economy by a tax incentive for business expansion and modernization. In essence, Kennedy would permit companies to subtract from their tax bills the amount of new investment in new improved facilities.

Many of the specialties already had indicated opposition to this "tax-cut" plan. Some of the specialties would rather be allowed to continue their depreciation allowances; that is, they would like to see an act passed which would allow them to continue to depreciate their property at the current rate of 5 percent.

At the White House, Kennedy said he would like to see an act passed which would allow them to continue to depreciate their property at the current rate of 5 percent.

Apple, Peach Crop Is Ruined by Frost

Apple and peach crop in Hagerman valley was virtually destroyed by Wednesday night's killing frost, growers reported Thursday. Temperatures ranged from 18 degrees to 25 degrees on orchards in the Hagerman and Filer areas, but mostly growers agreed their crops would be drastically curtailed. Frank Dickerson, who raises wine grapes, said a delicious apples near Hagerman, said a few wild apples might be saved, but he was pessimistic.

It was 18 degrees early Thursday morning at Dickerson's place.

John Moore, who reported 20 degrees and 25 degrees on orchards Thursday morning only a few blossoms on his golden delicias. He reported a low of 15 degrees. Another Hagerman grower, Everett Jensen, said all his peach crop was gone. However, he smugged the pear trees Thursday night and thinks a few of them may be saved.

At Filer, a low of 25 degrees was reported at the Courley orchard Thursday morning. Stockman reported a low of 25 degrees on peach and cherry crops were ruined by the frost. Results on peaches are not yet determined and part of the apple at Courley may be ruined.

The Royal Hill orchard near Filer also reported all cherry and peach blossoms apparently killed in the frost. The stockman pointed out earlier frosts bypassed their orchard.

Ralph Haswell, Hagerman, reported the loss of his delicious apple crop.

Gerald Taylor, Twin Falls, said his pear trees were hard by the freeze because trees were turning brown Thursday. His peach trees were about 50 percent killed, but he said the damage cannot be determined yet, he said.

Damage May Be High for Fruit Areas

FRUITLAND, April 20 (AP)—Heavy damage may be expected to result from Wednesday's frost in the Fruitland-Payette-Bennett growing district as temperatures dipped to a low as 21 degrees early Thursday morning.

However, meteorologist Harold Herry said that it was 100 early Thursday morning. Results on peaches are not yet determined and part of the apple at Courley may be ruined.

Fight in Cuba 'Not Invasion'

WASHINGTON, April 20 (AP)—Secretary of State Dean Rusk said today that the action by anti-Castro Cubans as not a major invasion but a type of resistance to the Communist takeover.

Rusk said the comment on the apparently ill-fated Cuban invasion as he boarded a plane to New York to meet with President Kennedy.

Rusk said he would have more to say about the matter later.

Rusk recalled that at his Monday news conference, he had just after news of the Cuban fighting in the United States, he had said the affair did not appear to be a large-scale invasion.

Utah Blaze Does \$150,000 Damage

WENDEVER, Utah, April 20 (AP)—A fire which all but destroyed the Wendover resort has done \$150,000 damage, estimated at Monday, said Manager Lynn Poirier.

Poirier from nearby Wendover said the blaze, hampered by a lack of water, were out of control for four days and the office of the Wendover resort.

The cause of the blaze was not known.

Macmillan Hints He'll Run Again

LONDON, April 20 (AP)—Prime Minister Harold Macmillan hinted today he would like to remain in office for a year or so more.

Macmillan's statement in a 10,000 Conservative party meeting in Royal Albert hall in London was followed by a speech in which he said he would like to remain in office for a year or so more.

Castro Regime Declares U.S. Invasion Crushed; Exiles Say Struggle to Continue

Restraint for U.S. Limited, Reds Warned

WASHINGTON, April 20 (AP)—President Kennedy declared today that the United States will not hesitate in meeting its obligations to its own security in Cuba, but that any restraint in 1962—should that become necessary.

In an address prepared for the American Society of Newspaper Editors, Kennedy again said that unilateral American intervention in Cuba would have been contrary to traditions and international obligations, but that he would not rule out such a possibility.

Kennedy said that the non-American doctrine of noninterference merely conceals or excuses a policy of nonaction—if the nations of this hemisphere should fail to make their own decisions against outside Communist penetration.

Kennedy said he would not rule out such a possibility.

Another Test

WASHINGTON, April 20 (AP)—The United States will launch another Mercury space capsule this week-end to test its space mechanism in a prelude to manned rocket flight.

The capsule will be fired 45,000 feet high from the national aeronautics and space agency's Wallops Island, Va., test center.

If the test is successful, an astronaut may be launched on an orbital flight from Cape Canaveral, Fla., within a week or two. The shot would take the astronaut 115 miles high and 200 miles down the Atlantic.

Castro Win Termed President's Setback

LONDON, April 20 (AP)—The London Evening News said today the Castro victory in Cuba was a "distasteful political setback" for President Kennedy. Other West European newspapers expressed generally the same view. The communists were jubilant but predicted new "American-backed" attacks on Cuba. The official Soviet government newspaper, Izvestia, momentarily, the East German news service ADN said the United States already is "recruiting new mercenaries and furnishing more weapons and arms to Cuba."

The London Evening News claimed the central intelligence bureau for the next few days but he assumed there was discussion of Cuba.

Nixon States Dem Policy Not Popular

WASHINGTON, April 20 (AP)—Former Vice President Richard M. Nixon, in his first Washington speech, said the United States is popular with the American people but that there is a growing feeling of foreign support for his program.

On foreign affairs, Nixon told the audience that the situation in Cuba is "grave" and he does not intend to "pop off" with criticism.

Nixon, who lost the presidency to Kennedy last November, restated his position on the administration's Cuba policy. He said he is not a candidate and is "not trying to stimulate a draft for the Republican party" but that there is a growing feeling of foreign support for his program.

British Claim Cease-Fire in Laos is Near

LONDON, April 20 (AP)—British diplomats predicted today a cease-fire agreement in Laos would be reached soon despite Moscow protests. The British said they were in a "damper on the prospects."

The British Ambassador Sir Frank Roberts told newsmen at a press reception in Moscow "we are very near an agreement on a cease-fire."

He made the statement a few minutes after holding informal talks with Soviet Vice Premier Alexei Kosygin and Foreign Minister Andrei Gromyko.

Roberts said the cease-fire announcement would be issued immediately in Moscow and London when it is ready to add a cease-fire in a few matters of detail to be worked out.

A similar optimistic statement was made in London by the Foreign Office. But almost immediately Moscow three cold water on cease-fire hopes with a new charge of American "provocation" in Laos.

Potato Plant Plan Studied At T.F. Meet

The Northwest Agricultural Corporation board of directors and advisory committee met here Wednesday to study a plan for a potato plant in Twin Falls.

John W. Warren, Boise, member of the board, said the plan to report the firm's plans to move its offices from Idaho to Twin Falls in the near future.

The plant already has \$300,000 in stock subscribed, Warren noted. Construction would start within 30 days, he asserted. If stock sales go as expected, the plant would be in production by the first of the year in order to utilize this year's crop. He added, "The plan, as presently planned, will employ approximately 200 men. We hope to expand this to 300 men within two years," Warren said.

The project is being financed by Twin Falls was based on the available raw materials, adequate power, and favorable climate. He said the transportation facilities located here.

Israeli Feting Nation's Birth With Parades

JERUSALEM, April 20 (AP)—Israel celebrated its own 13th birthday today with military parades through the streets from Jerusalem and the United Nations.

Troopically, the 13th anniversary of the state's birth was celebrated by the birth date of the man who tried to wipe out the Jewish people, Adolf Hitler.

The Israeli prime minister, David Ben-Gurion, who is charged with carrying out Hitler's program of extermination, was being tried by an Israeli court.

About 200,000 persons, many of whom had relatives among the six million Jews, participated in the celebration, lined the streets for the Independence Day celebration.

Request by the UN security council to cancel the military parade was rejected. However, the march was so noisy that it did not come close to the old city of Jerusalem, which is held by Arab Jordan.

Jordan had complained that the marching Israeli troops and armaments were a violation of the UN directives. It was the UN security council that had held similar parades in Jerusalem immediately and ignored the UN directives.

Heiress, Resort Manager Marry

ELKO, Nev., April 20 (AP)—Heiress Gail Whitney and Louis S. Heiress, owner of the Elko Valley Lodge in Idaho, were married yesterday by Elko Justice of the Peace Fred Landrum.

Both were a Sun Valley address on the marriage. Heiress had been married before—she said she was divorced in Gooding, Idaho.

Officials at Sun Valley said the bride was the daughter of California oilman and financier, New York, and Mrs. Josephine Whitney, Wilmington, Del.

Gary Cooper Is Ill With Cancer

HOLLYWOOD, April 20 (AP)—Sources close to Gary Cooper say the veteran film star is gravely ill with cancer.

The word followed an announcement by a family spokesman yesterday that the 47-year-old actor is critically ill.

Cooper, who will be 60 on May 7, Robert Montgomery and John Ford have been hospitalized in Hollywood.

The onetime Montana cowboy has starred in 10 pictures, winning Oscars as well as a Best Actor award in 1941's "Sergeant York" and as the duty-bound sheriff in 1952's "High Noon."

Ball Diamond Project Eyed For Kimberly

KIMBERLY, April 20 — Work progressed this week on baseball diamonds for little league teams for boys from the third through the eighth grades. The diamonds are located on the old grade school grounds directly west of the Kimberly village park.

Several large trees and stumps on the west side of the grounds have been removed and dirt hauled in and leveled with graders, in preparation for the diamond bases. As soon as the field is complete, practice games will start.

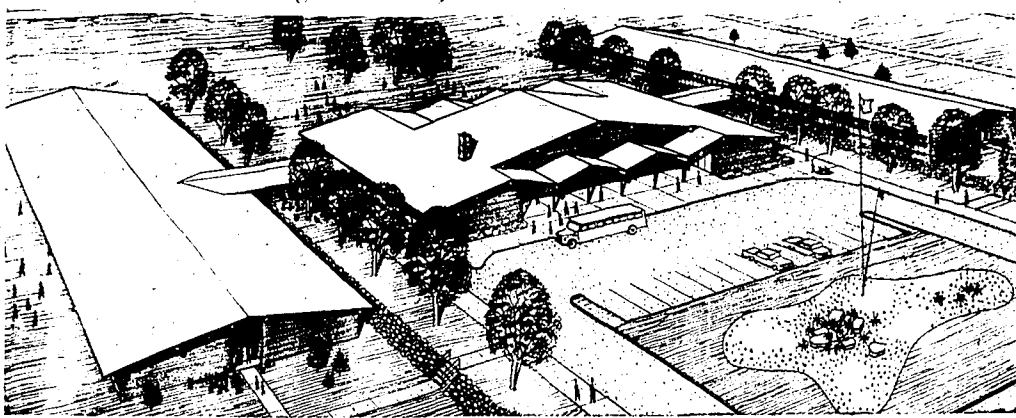

Officers were elected last week for the recreation group with I. J. You named president; John McCullum, vice president; the Rev. Martin Torrence, treasurer, and Joseph Pines, secretary.

Meetings for the recreation program are held each Thursday evening at the Kimberly Adventure office, and anyone interested in the program is welcome to attend such a meeting. Anyone interested in sponsoring or coaching a team is urged to contact one of the officers.

Work on this project has been accomplished with volunteers and a great number of men working on Sunday afternoons and week day evenings. The Rev. McCullum stated \$100 has been set aside to be used in constructing backstops and purchasing equipment.

It is hoped the program will be able to sponsor 12 teams of approximately 200 East end boys.

Architect's Drawing Shows Proposed Buhl 30-Classroom Elementary School

An architect's drawing shows the proposed 30-classroom elementary school for joint class A school district No. 412 at Buhl. The building on the left would house grades one through three and the unit on the right would have grades four through six. The building in the center will hold the cafeteria, multi-purpose room and kitchen. The proposed structure is part of the expansion planned by a forthcoming bond issue election is approved by school patrons. The building would

be located on the former Asher B. Wilson property just east of the present high school. The district purchased 16 acres this past year for future expansion. The proposed structure and playgrounds will cover approximately one-third of the space. Also included in the \$885,000 bond issue are plans to remodel the F. H. Buhl school as a junior high school and remodel the high school, Wayland and Clear architectural firm, Boise, designed the building, blast engraving.

Liberals Hail Mitchell Win In New Jersey

WASHINGTON, April 20 — Liberals hailed today James P. Mitchell's nomination for governor of New Jersey as demonstrating a conservative bias in a Republican primary.

Joseph K. Justice, R., N. Y., said Mitchell's victory over primary opponents "is an eloquent expression of the ultra-conservative bias of the Republican party in the vast bulk of the Republican party that lives outside of downtown New York and New Jersey."

"If they couldn't win in New Jersey, they couldn't win any place," Justice said in an interview. "On the other hand, conservative candidates have had remarkable success in the rest of the United States."

Sen. John Sherman Cooper, R., Ind., also is classed as a liberal, but he thinks the New Jersey outcome "is representative of the feeling that prevails in many other states."

Mitchell polled about 30,000 fewer votes than the total given to his two principal opponents, State Sen. Walter H. Jones and Wayne Dumont, Jr.

Jones and Dumont called themselves Eisenhower Republicans. But whichever way Mitchell's success was slanted, the result seemed to add up to increased party power for the liberals and increased political stature for Sen. Clifford P. Case, R., N. J.

Case, who went out on a limb to support Mitchell against regular organization candidates, said he was pleased by the result.

4 Children Die In Fire; Folks Leap to Safety

LORING AIR FORCE BASE, Md., April 20—Four children were killed in a fire yesterday as their mother and father leaped to safety in a snowbank at this Canadian border airbase.

Flames broke out in the home of air force flight instructor William Hackett, formerly of Detroit, 26, pilot of a KC135 jet tanker plane, smashed a rear window on the second floor and jumped to the snowbank with his wife after futile efforts to reach their four children.

Later, firemen found the bodies of Michael Phillip, 4, his brother Nicholas John, 2, and twins Anthony William and Mary Margaret, 6 months. The parents were treated for minor injuries.

Western Nations Beginning to Learn of Soviet, China Split

PHILADELPHIA, April 20 — A report from the world first news to hear of serious differences between the Soviet Union and Peking. Only last week, the two nations were hailed as the vanguard of the new world order. Now, the world is beginning to learn of the rift between the two nations.

At the core of the problem is Khrushchev's present emphasis on peaceful co-existence and the "parliamentary road to socialism," as opposed to the Chinese belief that successful revolution can only be accomplished by violent overthrow of the state.

Between the two antagonists there is a difference of opinion as to when the quarrel actually began.

The Chinese themselves date it back to 1956 and Khrushchev's "de-Stalinization" speech before the 20th party congress. This was the famous speech in which he called Stalin a "positive" role and he did it without previous consultation with "fraternal parties."

The Russians put the date at least a year later. They say the quarrel developed only after the Chinese started ignoring the Moscow declarations of 1957.

Whatever the date may have been, it was only last year that Khrushchev had called the meeting specifically to undermine Chinese prestige.

But for perhaps the first time in world communist councils, Khrushchev received as good as he gave.

Pheng-chen, mayor of Peking and Chinese spokesman, declared that the Chinese did not trust Khrushchev's analysis of world affairs. He accused Khrushchev of under-estimating imperialist strength. He added the belief that Khrushchev had called the meeting specifically to undermine Chinese prestige.

Must small wars lead to world wars? The risk is too great, say the Russians.

Civil Rights Group Eyes Longer Life

WASHINGTON, April 20 — The civil rights commission, due to expire in six months, has received two new members and the chance for a long life.

Rep. Emanuel Celler, D-N.Y., introduced in the house a bill that would make the commission permanent. He said it has backing from the administration.

President Kennedy appointed two new commission members, both law school deans. Erwin M. Canfield of Harvard university and Glawford Robinson III of Howard university.

Asked if the appointments meant Kennedy would ask congress to extend the commission's life, White House Press Secretary Pierre Salinger replied he thought that probably is true.

The commission, created by congress to investigate racial discrimination, has been on the job almost four years. It has announced it will release its seven investigations May 1 as part of its preparations for the windup.

Scientists Seek Way to Keep Man Alive Without Breathing

IRVING, Calif., April 20 — With future astronauts be able to make long journeys through space, scientists are seeking a way to keep a man alive without breathing.

Researchers at Lockheed Aircraft Corp. have been working for three years to see if this might someday become a reality. They have made some progress.

"But," said Dr. Charles J. Barron, "we don't expect a breakthrough tomorrow. This is very basic research. We may never know the full answer but we might know some bits on it."

Barron, chief flight surgeon for Lockheed, explained that his research team started with one basic question:

"What causes death?"

Specially, he added, they are trying to find out what happens to a human body in a condition of hypoxia—a condition of oxygen severe enough to cause death.

"To find out," aeromedical doctors took eight test animals to a simulated altitude chamber where it is 20,000 feet in an altitude chamber. Instruments connected to the animal indicate where it is going from lack of oxygen.

They fed the conditions of the animal at the time of death and later study it with electron microscopes to see if the cell changed.

"We're pretty well determined that there are no demonstrable changes in the cell," said the present, 41-year-old Chicago-born doctor.

"The brain dies first and then the heart stops beating. Once the changes in body chemistry we're brain goes, though, the heart ceases to function," he said.

Barron said that if a method could be devised to keep the body in a state of hypoxia, it might be possible to give medication to stop the heart from stopping.

"If this were possible," he said, "this is thinking way out could be devised to keep the body in a state of hypoxia, this period might be able to take some time before a body ceases to function. We're not sure if this is a possibility, but we're sure it's a possibility."

"Hypoxia is all or nothing," said Barron, "either you get it or you don't. If you get it, you die. If you don't get it, you live. It's a matter of life or death."

"Either the pilot wears oxygen," he said, "or he doesn't. If he doesn't, he dies. If he does, he lives. It's a matter of life or death."

"It created somewhat of a philosophical problem," he explained.

"The brain dies first and then the heart stops beating. Once the changes in body chemistry we're brain goes, though, the heart ceases to function," he said.

Barron added that if a method could be devised to keep the body in a state of hypoxia, it might be possible to give medication to stop the heart from stopping.

Buhl Speech Club Sets Story Hour

BOISE, April 20 — The Buhl Speech Club is again sponsoring a series of story hours this year with the first one to be held at 10:30 a.m. Saturday at the local public library.

Members are asked to leave their books at the desk when they arrive so that Mrs. E. E. Butler, executive librarian, can check them out during the story hour. At the conclusion of the program at 11:30 a.m. the library will remain open an additional 15 minutes to allow children to check out books.

Those who do not have library books may use their applications for one at this time. Preschool children who are old enough to sit quietly and listen for the 45-minute story hour period are also invited.

In conjunction with National Book Week, it is planned to include a tour of the library to explain the various phases of the library and to point out the books received at the story hour.

RAIL AGENCY CLOSURE
BOISE, April 20 — The Idaho public utilities commission has authorized the Railway Express Agency to close its agency at Clark Fork in north Idaho. The order also effect at the close of business Friday, April 28.

U. S. Leaders Seek Release Of Newsmen

WASHINGTON, April 20 (AP)—Democratic and Republican congressional leaders have asked the administration to take the strongest possible action to protect the arrest of American newsmen by the Fidel Castro regime.

Senate Democratic Leader Mike Mansfield called the arrests an "outrage" and said he had asked that the United States make the "strongest representations" on behalf of those arrested.

The arrests are Henry Raymond of United Press International and Robert Herrick of the Associated Press.

Senate Republican Leader Everett M. Dirksen joined Mansfield in his plea.

House Democratic Leader John W. McCormack also criticized the action of "arresting news-papers in general and American newsmen in particular." He said the action is "a clear violation of the first place that a dictator puts in the church and free press."

State department officials said the United States had asked yesterday to seek information from the Cuban government on the arrests. The Cuban government has been serving as diplomatic intermediary for the United States since diplomatic relations were broken with Castro in January.

The statements by Mansfield and Dirksen followed a pledge by the president of the National City of Newspaper Editors (NACE) to whatever possible to achieve freedom for the American newsmen arrested by the Castro regime.

Probers Aim At Executive In Price-Fix

WASHINGTON, April 20 (AP)—A senate subcommittee has announced plans to hold high level executives of corporations for their own witnesses on price fixing.

The subcommittee is headed by Sen. Estes Kefauver, D. Tenn., said the step was prompted by reports that some of the highest price-fixing meetings "came from above."

"It is very important that we try to find out where the responsibility lies," he said.

The subcommittee will hold a monopoly subcommittee, winding up its first round of hearings, which hear the higher business executives next Tuesday and Wednesday.

It is expected to list names of the witnesses, but he said 62 executives were on the list.

The subcommittee has been trying to find out whether price fixing in the electrical, steel and manufacturing industry had been more extensive than revealed by Philadelphia.

In that case, a U. S. district judge fined 20 million dollars and jailed seven officials.

Vocal Recital Is Set by Contralto

Rosalie Blahop, contralto, will give a vocal recital at the Sun Valley Baptist church, Sunday, April 23, at the Twin Falls Baptist church.

Blahop is the daughter of Mr. and Mrs. John C. Blahop, a student of Mrs. Brynne Carr. She will be assisted at the recital by Mrs. Charles Daner, violinist, and accompanied by Larry Bennett and Mrs. Charles Daner.

Numbers on the program include "How Lovely Is the Name of God," "Exonmum," "O Thou That Tellest Oceans Tidings to Zion," "Hallelujah," "A Cycle of Life," "Laudamus," "Down in the Forest," "Love I Have Won You," "The Wind and the Rain," and "Drift Down, Drift Down."

Three pictures of Chasidic life are featured in "The Chasidic Feast." "Vidui" is a contrition; "Higun," improvisation, and "Simcha," "Dance."

Other numbers are "Go to Miami," "Petals," "Die Lotos," "Hummel," "Schumann," "Augusta Lara," "Ah, Love, but a Day," "Mrs. H. H. A. Beach," "He's Gone Away," "Featherin' K. Davis," "The Green Dog," "Herbert Kingsley," and "Mountains," Oscar Nath.

Examination for Blanco Is Asked

BURLEY, April 20—Persons of the Burley Irrigation district voted Tuesday, April 19, to request an examination for Blanco Is. The contract between the district and the government concerning the Blanco Is. contract is a definite contract for a right-of-way.

The contract previously was approved by the district's board and will now have to be approved by congress before it is effective, according to Frank Redfield of the Burley Irrigation district.

A board meeting will be held Monday evening when an official copy of the contract will be read. Voting was held in the districts of Burley, Bonanza, View, Pella and Star's Ferry.

Cuban Leaders May Be Nervous About Ability to Cope With Drawn Out War

MIAMI, Fla., April 20 (AP)—"Unsure that their Soviet friends are willing or able to come to their aid in the event of a drawn-out war," Cuban leaders probably are nervous about their ability to fend for themselves in any drawn-out civil war. They have some hard problems.

"There are no signs yet that the anti-Castro insurrection represents any formidable force. But there is always the chance that swarms of their troops are waiting to storm ashore at times and places of their own choosing."

The big question before the regime is this: Is the Soviet ally willing to risk a major war to save Cuba from an unfavorable situation? In view of President Kennedy's blunt warnings, Soviet Premier Khrushchev, noted as a realist, may well hesitate before attempting to help revive the Cuban regime's big problem of supply.

Another big question: What has happened to Fidel Castro? The "maximum leader" has not been bound to cause trouble.

Another question: How can the Cuban regime guarantee its 1.5 million militia defectors in any long-drawn war. Apart from problems of supply and development of defending forces, that probably is the biggest worry.

It seems likely that to insure against desertions, the regime is using its original general mobilization order to the militia.

Cuban radios heard in Miami have carried scores of requests of individual militia members for supplies and clothing from their homes, indicating they were not permitted to return home in person to equip themselves. The regime probably was all too aware of the possibilities if militia members were allowed too far out of sight.

Area Girl, 5, Is Injured in Crash

SHRUB OAK, Idaho, April 19—A 5-year-old girl was injured when a 1953 Chevrolet driven by her mother, the car collided with a Chevrolet sedan on a residential street in Twin Falls.

Mrs. Thrall told city police she was trying to catch an object dropped by the girl and lost control of the car. The Oldsmobile hit the Chevrolet which was parked at the curb. Mrs. Thrall was cited for driving with an expired driver's license. There was an estimated \$100 damage to the Chevrolet and \$250 to the Oldsmobile.

Warmer Air Spreads Into Eastern U. S.

By United Press International
Spring weather raced toward a late debut today in the northeastern section of the nation.

Mostly fair skies and rising temperatures were forecast east of a warm front stretching from Minnesota south to Florida.

Warmer air was due to rout a mass of cold that has griped the New England states for several days. Pre-dawn temperatures today were in the 20s and 30s from Pennsylvania to Maine. Coldest readings were 25 degrees at Houlton, Me., and Burlington, Vt.

Winter-like weather lurked early today too in Wyoming mountains and northern Minnesota. One inch of new snow fell during the night at Rock Springs, Wyo., and heavy thunderstorms accompanied by hail pelted the International Falls, Minn., area.

Light showers drenched the middle Atlantic and Pacific coasts. One inch of new snow fell during the night at Rock Springs, Wyo., and heavy thunderstorms accompanied by hail pelted the International Falls, Minn., area.

Doctors Work to Save Flier's Life

HONG KONG, April 20 (AP)—British military doctors worked to touch off a life for an American airman who was the lone survivor of the crash of a U. S. B-52 bomber plane with 39 aboard.

U. S. officials identified the survivor as Alvin Richard W. Perron, Westport, Mo. He was described as being in "very serious" condition after being pulled from the wreckage by two C-47s private.

Fifteen other Americans died yesterday when the two-engine C-47 crashed into Mt. Parker in a misty drizzle.

The victims were believed to have bled to death after four air force crewmen, three wives of servicemen, one child, and six American seamen returning to their homes in southern Formosa after a holiday trip to this British crown colony.

Churches Plan Set

TRIPLEX, April 20—Deans Blahop, American Baptist, and Triplican, Methodist, are conducting a training program with the Flier Baptist church youth people this week. Blahop, Waterloo, Ill., graduated from Sioux Falls Baptist college, S.D. Last summer he underwent intensive training at the American Baptist assembly Green Lake, Wis. The service is invited Sunday to hear him speak.

Less hot High

WASHINGTON, April 20 (AP)—A talking about 400 men and 1.5 million dollars to handle the Pentagon's public relations.

A lot of money in everyday terms, although the ceiling has been diminishing slowly for several years.

Whether the flow of information from the Pentagon has also diminished is a matter that is being debated in a committee of the American Society of Newspaper Editors (ASNE) has submitted a critical report and asked mostly at the state and defense departments.

Death Claims T.F. Teacher At Age of 55

Mrs. Robert E. Miller, 55, a Twin Falls school teacher, died at 8:45 a.m. Wednesday at the LDS hospital, Salt Lake City. She had been ill for the past week.

Mrs. Miller was born June 21, 1905, at Haverhill, Mass. She was married to Robert E. Miller, Twin Falls, Idaho, in 1928. She attended the University of Redlands, Redlands, Calif., and the University of California at Los Angeles. She was a California resident for 12 years.

Mrs. Miller taught at Bielec grade school for eight years, then at the First Methodist church, Twin Falls. She had been active in church work and the field of education all her adult life.

Surviving, besides her husband, are a son, the Rev. Ross E. Miller, Pocatello; one daughter, Mrs. Ralph A. Lawrence, Idaho Falls; a brother, the Rev. William M. Frost, Haverhill, N.J., and three grandchildren.

Funeral services will be held at 10:30 a.m. Saturday at the Twin Falls First Methodist church with the Rev. Earl Riddle officiating. Final rites will be at Sunset Memorial park.

The family noted a memorial donation may be made to the Wesley foundation at Idaho State college, Pocatello, through the First Methodist church.

Friends may call at the White mortuary from noon Friday to 8:30 a.m. Saturday.

Power Firm's Action Called 'Water Grab'

BOZEMAN, April 20 (AP)—The Washington Public Power Supply action has been accused of attempting to monopolize the region's water resources.

The charge came from Kinsey M. Robinson, chairman of the board of the Pacific Northwest power company, who said the four utilities making up WPPSS "will not surrender the right of their customers to be served with a fair share of the Northwest's hydroelectric power."

Robinson's statement came after the WPPSS announced it was amending its current application for the New Percé power project on the Snake river to include the High Mountain Sheep dam, the High Mountain Sheep project is also being sought by WPP.

"This latest move," said Robinson, "is a clear admission to the federal power commission... that WPPSS knows the New Percé dam is inferior to development with High Mountain Sheep from the standpoint of both power and fish."

Local Scout Unit Gets U.S. Honor

The Snake River area council extending its activities was named the top council in the nation by the Boy Scouts of America, according to Richard Lee, council Scoutmaster, was notified last week.

Best noted that he received a letter from Edgar W. White, national director of youth service of the Boy Scouts of America, notifying him of the honor.

Dr. Joseph Marshall, council president, and Best will be guests of the national national service committee during the national council meeting June 1 through 4 at Denver, Colo.

LENDAGALE SNYDER

NANCY TATE

5 Local Students Named to Attend Girls' State Program

The Twin Falls high school junior girls have been chosen as delegates to the 15th annual Springs Girls' state to be held June 4-10 at the College of Idaho, Caldwell.

The girls are Lendagale Snyder, daughter of Mr. and Mrs. R. F. Snyder, 411 Allura drive; Judy Bevan, daughter of Mr. and Mrs. Ross Bevan, 553 Allura drive; Camille Bastian, daughter of Mr. and Mrs. Arion L. Bastian, 211 Ninth avenue north; Nancy Tate, daughter of Mr. and Mrs. Joel A. Tate, 1024 Shoshone street east, and Jana Smith, daughter of Mr. and Mrs. Ralph H. Smith, 1338 Wilmore avenue.

Carol High, daughter of Mr. and Mrs. R. B. High, 803 Sunrise boulevard north, is the alternate.

The Girls' state program is sponsored annually by the American Legion auxiliary, which makes arrangements for various service organizations to sponsor the girls, explained Mrs. W. W. Noble, acting chairman of the program for the local auxiliary unit No. 7.

Sponsors for the girls include Business and Professional Women club, Miss Snyder; Kiwanis club, Miss Bevan; Soroptist club, Miss Bastian; Twentieth Century club, Miss Tate, and Allura club, Miss Smith.

There is a limit of 225 girls chosen to attend Girls' state, she said. All the counselors at the session are auxiliary members who have volunteered and it takes time for women to take care of the 225 girls.

Miss Snyder was sophomore class secretary, Holly ball princess and is active in Girls' Athletic association, Pep club, and Ski club. She is a member of the Junior drill team and the National Honor society and was a student council member as a sophomore and again as a Junior. She is a member of the Episcopal church youth group.

Miss Bevan's activities include: Pep club, Future Teachers of America, Job's Daughters, National Honor society, Girls' League, standing chairman and the tennis team. She plays in the high school band and the wind ensemble. She is a member of the district Presbyterian church.

Miss Bastian was sophomore class vice president and is a member of the Junior drill team, Future Teachers of America, National Honor society. She has been president of the LDS church seminary and vice president of the district church choir.

Miss Tate has been a member of the Junior high and high school orchestra for six years. She is secretary of the Junior Unit of Future Teachers of America, a member of Theopians, Girls' Athletic association and Pep club. She has served on committees for Girls' League and has been active in LDS church group.

Among Miss Smith's activities are Job's Daughters, Future Teachers of America, Pep club, tennis team and high school band. She is a standing chairman for Girls' League and is a member of the Presbyterian church.

Seed Firm's Leader Says He Is Guilty

SPOKANE, April 20 (UP)—A seed company official, who stated individual and firm debts of more than \$25 million dollars when forced into involuntary bankruptcy, has pleaded guilty today to counts of defrauding falsely made bank drafts.

A section of a federal grand jury indictment charging Edward L. McDonnell, 46, Spokane, and Shelby Mack, 39, counts of using the mails to defraud was dismissed when the defendant appeared before U. S. District Judge Charles L. Powell.

A presentence investigation was ordered for McDonnell.

McDonnell had been accused of defrauding the Washington Trust bank by executing bank drafts and receiving money advances after representing that sales had been made to New York and San Francisco firms. The complaint charged the transactions took place in February, March and April, 1960.

The drafts McDonnell was accused of transporting totaled \$224,000.

Personal liabilities of more than one million dollars and \$1.5 million dollars debt of firms he held were listed when an involuntary sequestration action was filed last week.

The firms, which included the E. L. McDonnell and company, Elmas Shunard Seed division and Elmas Export division, operated principally in Washington, Idaho, Montana and Alberta, Canada.

Walkout at AEC Plant Is Ended

IDAHO FALLS, April 20 (UP)—Nearly 100 construction workers who walked off their jobs at a reactor building being erected at the national reactor testing station are back at work today, a spokesman said.

The men, employed by the C. P. Braun company on the atomic energy commission project, left their jobs Tuesday.

A union official said he didn't know why the walkout occurred. One of the group said it was because the company declined to hire a one-man firm for a job.

The company said the man was not physically qualified to do earth-filling work.

Eichmann Feels Guilt of Nazi Party but He Blames Others

JERUSALEM, April 20 (UP)—Adolf Eichmann feels some sense of guilt that the Nazis killed six million European Jews, but will fight rights up to the steps of the crime rests on the souls of other men.

The prosecution today issued his full statement, made in German after he was captured in Argentina. He said he was a minor officer obeying orders. Policy was formed by Adolf Hitler, Heinrich Himmler and Reinhard Heydrich. All of them are dead.

Eichmann said that after visiting the extermination camps in Poland he even protested to his superiors against the killing of the Jews. He said he was

worried about the effect of the holocaust on the character of the youth of Germany.

He asked to be relieved of duty as the traffic officer who directed the long trains that carried Jews to their death. He was ordered back to work and ordered. His refusal, his counsel, has been asked to be even a minor part of the horror never quite believed in by Eichmann. Robert Seras, a lawyer, told the press that Eichmann's statement was in fact six volumes. They were photostats of the original which was translated from a tape recording, and contained corrections Eichmann had made in his own handwriting.

The problem is that the Israeli government refuses to grant Eichmann's request to be sent to the United States, Attorney General Eldon J. Quidley said today.

"Himmler must have received direct orders from Hitler for the physical extermination of the Jews. I have never seen a written order. I only know that Heydrich told me. The Fuehrer has ordered the physical destruction of the Jews." He said it as clearly and firmly as I repeat it now."

He does not remember any more scene witnesses who might qualify for the actual order for the

orders. Obviously it was the deed of the security police and the secret police who ordered it. That is quite clear. But he must also have received his orders from the Reich leader of the SS, that is, Himmler because he could never do anything of this sort on his own. And Himmler, too, must have received his specific orders from Hitler."

The trial was in recess today until 9 a.m. (2 a.m. EST) tomorrow. He will celebrate the 15th anniversary of his existence as a nation.

Oddly enough, the best defense that has been offered in Eichmann's behalf was presented by the prosecution yesterday.

The story began in a Buenos Aires suburb where Israeli agents captured Eichmann after a 15-year manhunt, drugged him and flew him to Israel.

He was imprisoned in Camp Yver and after a few days was asked if he wanted to talk. He said yes. He was told that his words might be used against him in court. He still wanted to talk.

So they brought a tape recorder into his cell and Eichmann began to talk. He said he was asked to conduct to any former Nazis who might take the stand. The reply in the main, Attorney General Eldon J. Quidley said today.

In the later sections of his statement Eichmann may get around to talking some of his assistant defense lawyer, plans to blame for the last resort. He said he would not decide until the deposition and, if possible, find out if he could send his voice crackling through the courtroom, part of it sounded for the actual order for the

PTA Leaders Are Installed For Shoshone

SHOSHONE, April 20 — Mrs. J. M. Hatmaker was installed as president of the local PTA at a meeting this week.

Mrs. Hatmaker introduced her officers, who include Mrs. and Mrs. Douglas Hansen, hospitably Mrs. Ralph Anderson, secretary; Mrs. Clifford Stutzman, budget and finance; Mrs. Tanaka, magazine and publications; Mrs. Lecetus, room representative; Mrs. Howard Hill, legislation; Mrs. T. M. Madsen, secretary; Mrs. Willard Barney, procedure book; Mr. and Mrs. Harrell, music; Mrs. and Mrs. James Gabetts, fine arts.

Robert Puseer explained the proposed assuming of duties by the city and Robert Hindcock spoke on the boys' summer camp program. Last summer, 22 boys participated in the program which costs about \$125 a year. A special project included repairing the ball park and bleachers.

Puseer explained the type of plan proposed for the city and the community. Cost without heating would run about \$200,000.

A piano duo was played by Marilyn Manning and Katie Hale. Phyllis Paogosa played piano solo. Mrs. J. Howard Manning was program chairman.

Mrs. Manning and Mrs. Vern Johnson were appointed to submit a plan to the city for serving the PTA banquet May 2. Supervisor reported on the April 19 school roundup. Student registration will be at 9 a.m. in the Lincoln school. Children hearing their names called on sheet and proof of birth date will be required.

PTA also voted to provide funds to pay for a school annual as a gift to Mrs. Marie Villers since she is retiring. Mrs. Villers' husband, Ralph W. Villers, superintendent of the local school district.

The PTA also will conduct a school census next year, members decided.

Membership attendance awards were won Monday night by the PTA members at the home of Mrs. Viola McKendrick and by the eighth grade and seventh grade of the high school building.

Couple's 6th Anniversary Means New Collie for Boy

SEATTLE, April 20 (AP)—You can call Ray Dwyer of the Sand Point naval air station here an air commander, first class, because that's what he is.

You can also call him a good dog, first class, because he's that. He is Dwyer who stopped last Friday night after Blaise, a sable and white collie, lay mortally wounded with a softball still clutched in his mouth after being run over by a truck.

Dwyer, following in his car, 201 of the John Birch society, last night said "the largest single body of communists in America is in our Protestant clergy."

Welch told an enthusiastic crowd of 2,000 at municipal auditorium that "ministers don't become communists — communists become ministers."

He said reds infiltrate the Protestant ministry "because that is almost the last place the ordinary member would expect to find them."

Welch accused the press of misquoting him in Santa Barbara, Calif., printing that the Birch society opposes "forced accretion."

He said what he actually had said was that the society opposes "forced integration." Later in the hour and 45-minute speech he repeated the society's stand.

68 to Train at Guard Academy

BOISE, April 20 (AP)—Sixty-eight Idaho army national guardsmen have been chosen for entrance in the Idaho Military Academy this year. Lieut. Col. H. V. Smith, academy commandant, has announced.

The academy is opened each summer during the time the Idaho army national guard is in summer training at Bowen field, Boise.

The 68 guardsmen will enter the academy as first-year cadets and will graduate, if they are successful, at second lieutenant at the end of the second summer's session.

This year's academy will have 17 enrolled in the second-year class. The academy begins its session on June 3.

One Person at DAR Meeting Favors Corps

WASHINGTON, April 20 (AP)—President Kennedy's "peace" court had but one supporter as it came under fire yesterday by the Delegates of the American Revolution.

One of the 202 voting delegates in the DAR's 100th continental congress saw some merit in the peace corps. The others adopted a resolution urging congress not to give it any support.

As usual, it was a cut-and-dried affair as the daughters adjured eye to eye to resolutions on international and domestic issues.

They called for reaffirming of the Monroe doctrine and urged congress to wait toward an "early end" to communist infiltration in Cuba, South and Central America and the Canal zone.

Federal grants-in-aid were termed a trend toward socialization. The daughters called on the entertainment industry "to clean its own house before federal censorship becomes inevitable."

One resolution opposed the sale of "New Horizons for Youth," alleging it a communist magazine aimed at subverting youth. The aim of the resolution was to force the disbanding of the "Operation Abolition" which depicts riots in San Francisco last May over hearings of the house committee on un-American activities.

Hisses were heard when Mrs. May T. Schweitzer, Caldwell, Ida., said the film contained "disturbing distortions" and was unfair to students who were sincerely trying to insist on preservation of the constitutional rights of others.

Bid Considered

BOISE, April 20 (AP)—The state highway department today has under consideration an apparent low bid of \$60,464.85 from Peter Klewitt and Sons, Idaho Falls, for a road project in Jefferson and Madison counties.

The work calls for construction of roadway drainage structures and a bituminous surface treatment on 1,429 miles of state highway 68 nine miles east of Hailing and three miles west of Rexburg. Five bids were submitted.

Judge Selection

Left to Smylie BOISE, April 20 (AP)—The Third District Bar association has voted the appointment of a new judge for the third judicial district, leaving the decision to Gov. Robert E. Smylie.

The governor had asked the association not to list its choice, but instead to send him the names of lawyers who had indicated an interest in the new position, created by the 1961 legislature effective July 1.

Charles Blanton, association president, had announced earlier that five attorneys had indicated their interest—Kenneth Bergman, new United States district attorney; Charles Donalds, a Huhl pastor of the peace; W. E. Smith, Ada county probate judge; Roger Burgoyne and Leo W. Monroe, Jr.

The judge will be the third for the district, which embraces Ada, Blaine, Owyhee and Elmore counties.

Safest Driving Is Between 9 And 10 a.m., Survey Shows

HARTFORD, Conn., April 20 (AP)—When you drive today your best chance for survival is between 9 a.m. and 10 a.m.

Figures compiled by the Travelers Insurance company show that Wednesdays are the safest days to drive on the road. And the hour between 9 and 10 is the period in which you are least likely to be injured. This was based on experience in 1960.

Monday, Thursday and Wednesday. Ironically, most persons died last year in accidents that occurred in clear weather. The toll was 32,200. Fatalities in rain totaled 3,420, in snow 920 and in fog 460.

Nearly all the drivers involved in traffic deaths had one or more years driving experience, more than seven times as many men as women were driving, and they were usually in the 25 to 64 year age group.

Last year, 38,000 persons died in highway crashes, 400 more than in 1959. There were 3,018,000 injuries, or 200,000 more than the previous year.

The biggest contributing factor, according to Travelers Insurance company, was excessive speed. A total of 10,010 lost their lives trying to get somewhere—or nowhere—in a hurry.

The insurance company survey pointed out that while deaths from motor vehicle accidents remained fairly stable last year, compared with 1959, injuries continued to increase with alarming rapidity.

For the first time, the figure exceeded the three million mark in 1960.

"We have long contended that

the total number of casualties rather than the number of deaths should be the criterion by which we should judge the seriousness of this situation," said Travelers.

"Judging by deaths alone does not take into consideration the ever increasing number of injuries and the consequent suffering and economic losses.

"It must be remembered that the apparent leveling off of the number of deaths has come about, not because of motorists but in spite of them.

"Eighty-five per cent of personal injury accidents still involve driving violations and the fact that

Better Sciences Coverage Urged

WASHINGTON, April 20 (AP)—Mathematician Warren Weaver has urged U. S. newspapers to give more and better coverage to science.

Weaver, 66, vice president of the American Society of Newspaper Editors, Weaver said scientists for the first time in history have become "really concerned about the attitude of the public."

Methodists at Lincoln Hold Church Meet

RICHFIELD, April 20—The Rev. Charles W. Easley, Jr., Boise, superintendent of the western district of the Methodist church, conducted quarterly conference at the Richfield church Sunday evening.

Colored slides of achievements at various churches in the conference were shown by the Rev. Mr. Easley who also talked on the meaning of benevolence and heard reports by committee chairmen, lay leader and the Rev. Woodrow H. Harris, pastor.

Odel Chatfield and Eugene Alexander were elected church trustees to serve with lay leader trustee, Albert Pelley, R. J. Lemmon, Clarence Lemmon and C. P. Chatfield. Mrs. Albert Pelley was reelected membership and recording secretary. Albert Pelley was elected lay leader and Mrs. Ralph Riley, jr., Mrs. C. M. Prindmore and Pelley as lay members to annual conference.

Stewards elected were Clarence Lemmon, who also serves as church treasurer, Albert Pelley, Mrs. Riley, Mrs. Prindmore, C. P. Chatfield, Mrs. Max Behr, Mrs. Pelley, Carl Paulson, Harry McClinton, Mr. and Mrs. Roy Young, Mrs. Jerry Johnson, Mrs. Harry McClinton and Thomas Vaidum.

Elected as honorary stewards were George R. Schwamer, R. J. Lemmon, Mr. and Mrs. C. O. Chatfield, Mrs. R. J. Lemmon, Mrs. Ida Kate and Mrs. Fannie Anderson. Mrs. Prindmore was named chairman of the membership and evangelism commission with Mrs. Riley, Mr. and Mrs. Roy Young, and Mrs. Odel Chatfield as other members. Members elected to the education commission were Mrs. Behr, chairman; Mrs. Clarence Lemmon, Mrs. Rex Flavel, Mrs. Johnson, Mrs. Jack Hübenthal, and Mrs. Carl Paulson.

New Officers of Gooding Elks

Dale Knight, front row left, is the newly elected exalted ruler of the Gooding Elks lodge No. 1745. Other officers are James Byce, center, esteemed leading knight, and Fred Weber, right, exalted. In the back row are Milton Butler, inner guard, left, and Bernard Egeler, trustee. Officers not pictured are Melvin Blackmer, chaplain; Walter Nelson, esteemed loyal night; Harley Crippen, hold-over trustee; Elmer Meyer, secretary; John Skarr, esteemed lecturing knight; and Gerry Larson, organist. Bill Lewis, retiring exalted ruler, will serve as trustee for three years. (C. L. Peterson photograph engraving)

Young Girls Urged to Boycott Boys Who Show Off in Autos

WASHINGTON, April 20—A seasoned nemesis of reckless drivers, Secretary of Welfare Abraham Ribicoff has threatened teenage motorists with a fearsome new weapon—a date boycott. Ribicoff sprang his idea without warning on congress and a segment of the young driving crowd. It all happened when some 30 high school tourists from Vero Beach, Fla., dropped in on the trist superintendent using education on a stewardship.

ing habits that's for sure." Ribicoff told the youngsters lining the walls of the committee room. "But if people of your age develop good ones, they last a lifetime. Now, you young girls have a big role to play. If you just stop dating the wise guys, it will help a lot. It will mean the careful drivers instead of the wise guys will be the popular fellows in the school. You know the kind I mean—the kind that likes to get into an automobile and show off, drag races other cars, run red lights." As his audience snickered, Ribicoff added an afterthought: "This one-arm driving doesn't do any good either."

Quarterly Conference Slated On Week-End by Blaine Stake

SILOSHONE, April 20—Elder John Longdon, Salt Lake City, an assistant to the council of twelve apostles, will be the main speaker at the LDS Blaine stake quarterly conference to be held Saturday and Sunday at the Richfield stake house.

Sessions of the conference will be at 8 p. m. Saturday for all parents; a priesthood and leadership meeting at 8 a. m. and general sessions Sunday at 10 a. m. and 2 p. m. A film, "A Time for Giving," will be shown at the Saturday night meeting and Elder Longdon will speak on problems of youth and parenthood.

The Sunday afternoon session will be directed for the youth of the stake.

Conducting the conference will be stake president, Valdo D. Benson, Carey.

Elder Longdon was an executive in the electrical business and a civic leader in Salt Lake City prior to being called to the high church position in 1931. A native of England, he has served the church as a missionary, bishop, stake leader and welfare leader. He is a former dramatic student and traveled as a singer and actor in his youth.

The stake fingers for youth will be held at 8 p. m. Sunday at Carey. Those expected to attend the 8 a. m. leadership meeting Sunday are the stake presidency and clerk, high council, all members of bishoprics and branch presidencies and clerks and secretaries, all Melchizedek priesthood quorum presidencies and clerks, all group leaders, their assistants and secretaries, all stake and ward members of Aaronic priesthood committees and stake and ward auxiliary executive officers.

Youth choruses from wards of the stake will provide music.

Theme Noted

ALMO, April 20—"Obedience to the gospel prepares us for eternal life with our heavenly Father" was the theme at the LDS sacrament meeting here Sunday. Mrs. Zenith Taylor was in charge of the program. Brent Jones and Marcia Sheridan were narrators for the theme which was carried out by primary classes in song and speech. Mrs. Lee Darrington directed singing with Mrs. Curtis Durfee and Mrs. Arley Chabon as accompanists. Prayers were given by Herman Taylor and Louis Eames.

Demoinaugural Is Big Success

WASHINGTON, April 20—President Kennedy's inaugural was the greatest financial success in the history of such affairs despite a snowstorm, the inaugural committee says.

Chairman Edward H. Foley said checks totaling \$1,250,000 were being mailed to the more than 500 persons who underwrote the inaugural. The checks will return the money they donated to make sure the committee could pay its debt.

Foley said the inaugural brought in enough money he didn't say exactly how much—that the committee will have enough left over to help defray the cost of the next inaugural and contribute some to charity.

Divorce Asked

Donald Hackworth filed a suit Wednesday in district court to divorce Mrs. La Quila Hackworth. He charges extreme mental cruelty. They were married April 4, 1959, at Jerome, and have no children. He asks custody of a Ford pickup and will grant her ownership of all household effects. Rayburn, Rayburn, Rayburn and Webb, Twin Falls law firm, represents Hackworth.

Nehru Attacks U. S. Role in Cuba Fighting

NEW DELHI, India, April 20—Prime Minister Jawaharlal Nehru today accused the United States of encouraging the invasion of Cuba and said that Cuban troops were trained near there on U. S. soil.

Nehru, speaking before the lower house of parliament, said he could not understand how there could be an invasion of Cuba without the support of puppet private authorities of the United States to Cuban troops.

"It is fairly well known that both sides collected arms etc. from the United States and were encouraged to go into Cuba," Nehru said. "It was clear even before the invasion—there were differences in the American press about the possible invasion."

He said the Cuban situation has become a world issue and he was anxious to see that the matter did not increase international tensions.

He said India was in contact with the major powers on the issue.

While Nehru was addressing parliament, U. S. Ambassador John R. Galbraith held his first press conference since arriving in New Delhi.

He said he had prevented no official communication from the Indian government concerning Cuba. He answered all questions on Cuba by quoting President Kennedy's statement that no American troops were involved.

"MY DOCTOR..."

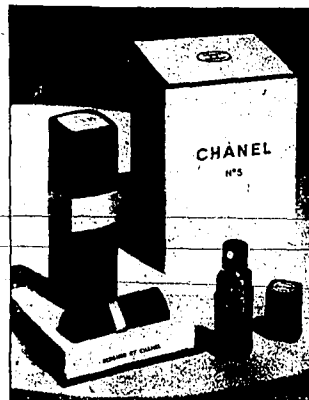

This possessive phrase is familiar to all. It represents the profound confidence American people have in physicians. But do you really have a family physician? Even though you may have been fortunate, not requiring medical care, it is a switch-in-time wisdom to establish a "family doctor" relationship. Simply contact the physician of your choice, requesting that you would like him to serve your family should the need arise. And if such a need arises, our prescription department is prepared to serve you and your family.

Date Marked at Event in Declo

DECLO, April 20—The 25th anniversary celebration was held Sunday for Wayne Lewis, Jr., and Randy Lewis.

Care of Your Children

By ANGELO PATRI. It seems that many young mothers are having a time about naming the babies, especially the first-born. One young mother is beset by the claims of the grandparent, four of them, each eager to have his or her name on the baby.

Boise Twin Falls

Models will be Mrs. Arthur Franz, Mrs. Thomas McVey, Mrs. Richard Roberts, Mrs. E. M. Wright, Mrs. Kurt Moss and Mrs. Vern Hedner.

The former Vogue has been at Carroll's since it was founded in 1927. The store is in its 35th year of business and is operated by Carroll Bellars.

Camp Fire Girls Name President

Ann Biggs was elected president of the Blue-Me-Paradise Camp Fire for the year when it met last week at the home of Mrs. Pierce Hoan.

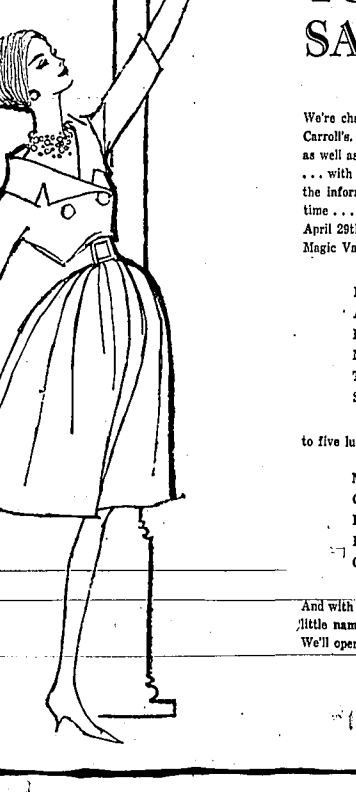

Care of Your Children

It is a fact that many young mothers are having a time about naming the babies, especially the first-born. One young mother is beset by the claims of the grandparent, four of them, each eager to have his or her name on the baby.

Often girls are given names of the saints. That is fairly safe as few people ever associate the saint with the child in question. Mary, Ann, John and Peter are grand old names and they can be worn by anybody—and that may just inspire their bearers to an effort to live up to them.

The new Carroll's store in Boise has the same high quality lines as the Twin Falls store. Many new brand names have been added to the store's stock including a large expanded sportswear section.

CARROLL'S IS COMING TO TOWN SATURDAY!

We're changing the name of the new Vogue to Carroll's. Now there'll be a Carroll's, Twin Falls... as well as a Carroll's, Boise. So we're celebrating... with you! Come for tea and cookies and enjoy the informal modeling of new fashions at the same time... 2 to 5 p.m. Register for the drawing on April 28th... we're giving away to six lucky Magic Valley women...

- Kimberly knit suit
Abe Schrader dress
Louise Suggs golfer
Norman Watt dress
Tailored Junlor dress
Schlaparelli seamless stockings

And with your registration April 22nd, you'll receive a little name-changing present of perfume. We'll open later on Saturday... 11 a.m. to 5:30 p.m. Carroll's will be closed this Friday evening only.

Rupert Needs New Teacher For Language

RUPERT, April 20 — Camden Meyer, superintendent of the Mindoca county schools, reports a need for language teachers in the system for the coming year. He said the schools would need a teacher for German, French or Latin. At the present just Spanish and French are offered.

Other positions to be filled at the high school include an industrial arts teacher and a mathematics teacher.

Twelve new teachers will be needed in the fall to handle classes, Meyer said, in addition to replacements made necessary by illness or those who leave the system.

He pointed out that the rapid growth of the school population over the past several years has made it almost impossible to keep up with classroom needs.

Records show an increase in the county system of more than 2,000 students during the school year ending in the past year's figures.

Five years ago, Minico was listed in 14th place in size in Idaho, and since that time, has moved up to ninth place this year, and Meyer said that growth trends show that the school in seventh or eighth place.

A pressing need, Meyer said, for more specialized vocational training on the high school level for the almost half of the students who do not go to college.

Another great need, he said, is for a specialized course in the high school for those students who could not do the required level of work, yet could be taught in some areas that would help them to become self-sustaining in later life.

Meyer said that the local school authorities had given considerable thought to all of these problems and hoped to be able to take care of at least part of them.

The need for higher education for everyone is becoming more and more evident, Meyer said, and the schools are trying their best to meet this need.

Shortage in college class rooms limits entrance to those in the higher grade brackets, he pointed out, leaving a great number who wish to continue their education and who are unable to do so.

Meyer said that he believes that revamped high school curriculum and junior colleges will do much to improve on the present situation.

Kennedy Budget Draws Criticism

WASHINGTON, April 20 (AP) — Space agency officials disagree publicly with Kennedy administration budget requests for Project Rover, a radical new nuclear-powered space rocket now under development.

The Kennedy budget calls for four million dollars more for fiscal 1962 than was included in the budget submitted by the Eisenhower administration but still cuts down the NASA request 235 million dollars.

The state and defense departments particularly are obstructing full access to the news, said the terse report filed with the society's board of directors by Eugene S. Pulliam, managing editor of The Indianapolis News and chairman of the ASNE Section of Information Committee.

The ASNE opened its annual meeting here Wednesday. The Pulliam report was received and discussed, in Pulliam's absence, at a closed pre-convention meeting of the directors.

Congress also came in for criticism in the report for the continued withholding of data on house travel expenses, for closed committee hearings, and for the inclusion of what Pulliam called a "secrecy clause" in the medical aid amendment to the social security act.

Promises to Cut Secrecy Aren't Kept

WASHINGTON, April 20 (AP) — The Kennedy administration so far has not kept its promises of an open-door information policy, a committee claims in a report to the American Society of Newspaper Editors.

The state and defense departments particularly are obstructing full access to the news, said the terse report filed with the society's board of directors by Eugene S. Pulliam, managing editor of The Indianapolis News and chairman of the ASNE Section of Information Committee.

Drive Under Way

INDIANAPOLIS, April 20 — The annual fund raising drive for the American Cancer Society is under way in the community with all soliciting hearing completion this week, reports Mrs. Mildred Paulson, chairman.

Workers include Mrs. Willard Nelson, Mrs. Clifford Davis, Mrs. James Messervy and Mrs. Fred Harrison for the rural area and Mrs. Ben Lauer, Mrs. Richard Budge and Mrs. Leo Ballard in the village.

In addition he has been awarded a trustee honor scholarship to the College of Idaho for \$2,000. He plans to enter the Caldwell college this fall where he will major in pre-engineering.

Miss VanZante, daughter of Mr. and Mrs. Herman VanZante, is a two-year member of the National Honor society and four year member of the PTA. She has served as an officer in the local chapter and holds the junior, chapter and state homemaker degrees in PTA.

She is serving as secretary-treasurer of the student body, is active in club intrigue and Girls Bowling club. Following graduation she plans to continue her studies at the Utah State university and will major in secondary education.

Reunion Set by Hollister Classes

HOLLISTER, April 20 — A reunion for all graduating classes of the former Hollister high school from 1920 to 1948 will be held at the Turf club, Twin Falls, July 1, Betty Leonard, co-chairman, reports.

She stressed that any students who did not graduate are also welcome to attend if they will notify Mrs. John Pastoor, route 2, Twin Falls, phone REDWOOD 3-8415. Letters have been sent to all graduates whose address is known, but responses has been poor, Miss Leonard noted.

She urged all former classmates to contact Mrs. Pastoor. Only one person's address is not known by the committee—that of Grace Miller.

A family picnic is planned for Sunday, July 2 in Twin Falls, but the place has not yet been decided, Miss Leonard said.

Truck Hits Car

An estimated \$50 damage was caused at 2:38 p.m. Wednesday, at Blue Lake road south and Fuller avenue, when a 1951 Chevrolet sedan driven by Wilmer H. Dick, 23, Boise, collided with a Chevrolet pickup driven by Robert C. Slevers, 25, 144 Harrison street.

Dick started to make a right turn on the red light, stopped and the Slevers truck struck the car in the rear. There was an estimated \$50 damage to the car and \$30 to the truck. City police investigated.

Spring at Last?

Maps show the U.S. weather bureau's 30-day forecast of temperature and precipitation from April 15 to May 15.

As the temperature map shows, the greater part of the nation will have to endure below normal weather for the next 30 days.

Above normal precipitation dominates the weatherman's forecast to mid-May, though southwest area will have it dryer.

OFFICIAL PICKED
BOISE, April 20 (AP) — Appointment of Charles S. Spencer as superintendent of the Bureau of Indian Affairs in Indian reservation in eastern Idaho was announced. He succeeds Fred M. Owl, superintendent since 1954, who is being transferred to the bureau of Indian affairs in Washington.

Burley Man Wins Pencil

BURLEY, April 20 — Jack Holland was the winner of the blue pencil with his speech "What form of city government" during the Monday evening meeting of the Burley Toastmasters club at the Village Kitchen.

He told of the procedure that would be necessary to change from a mayor-council type of government to a city manager type.

Other speeches were given by Wendell Sharples and James Amnest. Sharples explained the meaning of federal civil service and Amnest gave a lawyer's viewpoint of the case against Adair Eichenmann. Chief critic was Leo Trout, president, and individual critics were Les Morgan, Richard L. Jones and Joe Hoxley.

Ted Brown was table topics chairman and subjects discussed were "Would you like to travel in outer space and what would you expect to see on another planet?" Another subject discussed was "What would you do with Eichenmann?"

At Stevenson was toastmaster, Don Cornell, sponsored by the Payne Rotary, was welcomed as a new member.

Announcement was made that the last meeting of the season will be held May 22 and the first meeting of the new season will be Sept. 11.

POPE'S VOICE HOARSE
VATICAN CITY, April 20 (AP) — Pope John XXIII showed symptoms of a mild cold as he spoke to 30,000 Italian farmers at a special audience in St. Peter's.

The 70-year-old head of the Roman Catholic church was hoarse, but he appeared in good spirits.

Idaho GOP Chief Says Harding Is Lacking Courage

IDAHO FALLS, April 20 — Idaho Republican Chairman Earl Robbins said yesterday that the "debilable lack of courage, honesty and conviction" which he testified recently before a House subcommittee.

Robbins said Harding "did not act in campaigning that would result in the Burns-Crane project as long as it was in a contest."

Robbins said, "Everyone in Idaho knows that Mr. Harding was over the outstanding record of a recent election made by Mr. Burns in striving to state re-election. Why did this is an admission of weakness and uncertainty?"

Judges Named in Eden Fire Voting

JEROME, April 20 — Ben Henry Schutte and Mrs. Ben Hessel, all Eden, were appointed judges in the fire district election, to be held May 16, when the county commission meets Monday at the courthouse.

County property, sold for delinquent taxes, was purchased by Casper Keck, O. B. Atkinson and Darrell Keck.
