### Finns' State Visit Termed "Successful"

WASHINGTON, Oct. 18 (AP)—One of the most successful state visits in American history concluded Tuesday with the Finnish head of state and his wife returning to their own country. American and Finnish officials agreed the two-day visit was a success. The reason suggested was that the Finns wanted anything from the United States. The Kennedy administration is satisfied with the Finnish version of neutrality. Kennedy, in a Monday conference after a 2-hour and 10-minute White House conference, said that the United States would "respectfully respect Finland's chosen course."

### Fines or Prison Set for Ridicule in Africa State

ACCRA, Ghana, Oct. 18 (AP)—The Ghanaian government yesterday beat down opposition attempts to water down a bill that would result in a fine and or a three-year prison term for anyone who defames or ridicules President Kwame Nkrumah. The opposition wanted to ensure that the bill pending before the house would not deny a citizen's right to criticize the government's activities. Opponents of the measure also tried but failed to get parliament to reject the government plan to make the controversial bill retroactive.

### Ike Assisting Mitchell Bid In N.J. Ballot

NEWARK, N. J., Oct. 18 (AP)—Former President Dwight D. Eisenhower made a political journey to New Jersey's two biggest cities Tuesday calling for the election of James P. Mitchell as governor to give the Republican party and Eisenhower Republicanism a boost.

Smiling and ruddy, the former president said a victory for Mitchell, labor secretary in his cabinet, would be a good omen for the Republicans in the 1962 congressional elections and for "the philosophy of government which I find so necessary." He defined that philosophy as "sound, responsible progress."

He credited Mitchell with being the author of a brief handwritten note that led to the multibillion-dollar interstate highway program. The former president said he believed it was the first time he had publicly revealed Mitchell's role in the highway program. A lunchtime crowd of several thousand lined Broad street in Newark to wave at Eisenhower as he set with Mitchell atop the back of an open convertible. There were cries of "Ike Ike." In Madison, Richard J. Hughes, the Democratic candidate, said he did not think Eisenhower's popularity would help Mitchell.

New Impala Sport Sedan—fresh-shaped elegance with Body by Fisher craftsmanship

## Jaunty new beauty with a road-gentling ride! JET-SMOOTH '62 CHEVROLET

In came the new '62 Chevrolet—and out went the days when you had to plunk down a big bundle to ride around feeling like a king. Look at that fresh styling—clean, graceful, tasteful, isn't it? Imagine opening one of those big solid doors, slipping in, sinking down in those sofa-wide seats and taking in the rich new decor. Now, you switch on your engine—a fuel-shy 135-hp. Six or a hustling 170-hp. V8 (both are standard) or your choice of new V8 vigor up to an optional-at-extra-cost 409-hp. whirlwind—and go, man, go.

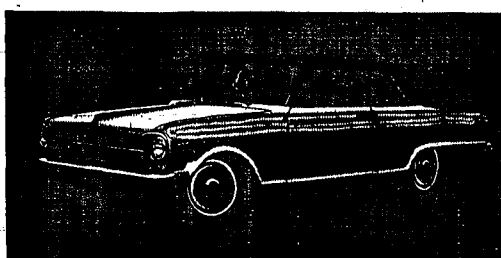

Isn't that Jet-smooth ride something, though? At each wheel, a big, steely coil spring turning the road into cream and over 700 sound and vibration insulators turning the car into one big quiet zone.

Ahead of you are front fenders with steel underskirts that give extra protection against rust, slush and stones (what won't our engineers come up with next). Behind you there's that goods-gobbling deep-well trunk. Really, about all the new Jet-smooth '62 Chevrolet dealers to be desired is—a prompt powwow with your Chevrolet dealer.

Sturdy, stylish and a stickler on savings!

## THE NEW CHEVY II

How ruggedly simple and dependable can a car get? Here's the answer nicely packaged in a sprightly new line of new-age cars—nine models including sedans, station wagons and the soon-to-be-available hardtop and convertible. They're packed with all the dependability you know you can count on from the Chevrolet family. And they sport many a neat engineering feat. For instance, sturdy easy-slinging Mono-Plate rear springs that eliminate the rubbing and squeaking of multi-leaf springs. Front fenders that bolt on for easy, economical replacement. A low-weight, high-strength body with room to rival that of many a recent-model big car. A fuel nursing 90-hp. 4-cylinder engine or a sizzler 120-hp. 6 (you have a choice in most models). If you're ready to do some plain and fancy saving, just have your Chevrolet dealer talk Chevy II to you.

### TUCKER'S NATIONAL WHIRLIGIG

**WASHINGTON (AP)—**It is not clear whether in trouble? Small, cloud, no bigger than woman's hands, have begun to gather on the horizon of the United Auto Workers Union. They could be storm clouds or they could be rain. At first thought, the possibility seems almost unthinkable. The peppy redhead has been president since he routed the union's congressional campaign in 1957. In the past 10 years, Reuther has so dominated the industrial labor scene that he ranks as a prime choice to succeed George Meany as president of the AFL-CIO.

**DISCONTENT HEARD**—But little cracks are beginning to show along the edges of the UAW empire. Voices of discontent are rising in the land. This may be but the sign of the internal democracy about which Reuther so long has boasted. It may be a by-product of the bargaining sessions with the Detroit auto makers, the kind of human restlessness which causes high jumps among union members and party rides on campaign buses before everybody settles down for the winter.

Yet the rumblings inside the UAW have raised eyebrows here in the labor department, in AFL-CIO headquarters and in the nation's congressional capitol hill where Jimmy Hoffa rules the Teamsters.

Much has been read into the UAW walkouts at General Motors corporation and the Ford Motor company. Although Reuther and GM had settled national pay scales and fringes before the walkouts, the fact that the national two-week walkout over non-economic matters involving working practices in the individual plants.

**MEMBERS SHOW DISPLEASURE**—Reuther said these issues could have been settled to the union's satisfaction without strike action. When the callous charges were made, it seemed to dawdle in heading Reuther's back-to-work order.

That is the pattern with Reuther's self in the UAW negotiations with Ford, the members walking out after the national contract issues had been settled. Then came even sharper criticism of the union's handling of the Ford settlement.

About 300 UAW members booed Reuther and called him "a stooge" when he arrived for a meeting of the union's National Ford council to discuss the settlement. The booing was a day previous, a smaller group of tool and die workers demonstrated against his handling of the Ford settlement.

**60 MILLION DOLLARS IN PAY LOST**—Several facts about all this have fascinated labor's friends. The estimated 60 million dollars wages lost in the GM walkout alone amounts to a sizeable crimp in the economy. That Reuther could not have headed off the Ford walkout is a fact that is not being overlooked.

Perhaps the most irritating blow of all came when a key UAW local in Kenosha, Wis., rejected the national profit-sharing contract Reuther wanted from General Motors. The local's action, forcing Reuther to step in to re-sell the blessings of profit-sharing.

**HOFFA TROUBLED, TOO**—In labor circles here, this does not resemble the Reuther of yore. Nor the UAW members of yore. He led, they followed. One, however, does not mean the other. But these little evidences of discontent would indicate that the sound of rebellion could grow unless he moves to head off the minor, international convention and his presidency come again next year.

Not only Reuther but Hoffa, too, are interested in politics. Hoffa, too, is interested in politics. Hoffa, too, is interested in politics. Hoffa, too, is interested in politics.

### Burley Clubs Hear Talk by Idaho Solon

BURLEY, Oct. 18.—The threat of a "curb" on the burley industry is just as great as the threat of a "curb" on the burley industry, said Sen. Henry Dworshak, before a joint meeting of all Burley clubs at the Elks hall Tuesday noon.

He said that an all-out effort should be made to curb spending by the government on domestic projects, but that there should not be a curb on spending for defense, for the Soviets are re-arming. He stated that he was reasonably certain that there would not be a hot war for several years but that the cold war would last for many years.

Senator Dworshak stated that our allies were not helping us as much as they should, that all of them, with the exception of West Germany, seem unwilling to use manpower in helping with the situation in Berlin.

He commented that U. S. foreign trade is diminishing and said we spent billions to increase productivity in other countries to the detriment of the U. S. He stated that the U. S. is losing gold dollars so rapidly we would not be able to pay our debts abroad, should they have to be paid now.

Senator Dworshak ended his remarks with the comment that he had confidence in our way of life and the capabilities of the American people, but that we must be fully aware of the problems facing us.

The struggle now is a test to see our way of life could survive the communistic aggression," he concluded.

Elmer Rich, program chairman for the day for the Lion's club, introduced the speaker.

### Meany OK's Charter for Labor Unit

WASHINGTON, Oct. 18 (AP)—The AFL-CIO received Tuesday the first application from a local that has bolted the Teamsters.

President George Meany promised a charter would be issued for the rebel Cincinnati, O., local immediately after a meeting of labor relations board election set late this month.

James T. Walker, president of the Dairy Workers union who was a leader in the revolt, applied personally for the charter.

The Dairy Workers' union, which claims about 1,800 members, is one of four Cincinnati Teamsters locals involved in the revolt. The dairy employees voted overwhelmingly last month to leave the Teamsters.

The AFL-CIO council voted last week in New York to accept on a piecemeal basis any Teamsters' locals that may rebel against Teamsters President James R. Hoffa.

### Premature

SALT LAKE CITY, Oct. 18 (AP)—Down town streets sported American flags on curbside Tuesday. But one red-faced Boy Scout was taking them down.

"We thought Tuesday was United Nations' day," said the leader, explaining that the Scouts put the flags out on 15 special holidays each year.

"They'll be out again when U.N. day does roll around next Tuesday."

### Feuds Hurting Water Projects, Speaker Warns

BOISE, Oct. 18 (AP)—Idaho has been hindered in the development of its water resources by "feuds and factions," Maxwell N. Dana, Portland, Ore., told civic groups here Tuesday.

Dana, first president of the National Reclamation association who it was organized a quarter of a century ago, said Idaho has a greater volume of water flowing in its streams than many other states. But he said lack of cooperation has hindered development of water projects in the state.

"We must have a policy that assures the utilization of every drop of water available," he said.

### Men Sentenced In Rupert Court

RUPERT, Oct. 18.—Gary Wall, 40, was sentenced to 20 days in jail by Police Judge Jake Wall Tuesday for having drunk in public and of disturbing the peace.

Cleveland Mack and Barney Phigore, both Rupert, were fined \$25 and each by Judge Wall for public intoxication. Mack is serving the six days in jail in lieu of the fine.

Wesley Miller, Rupert, forfeited a \$25 bond Tuesday morning in public court for being drunk in a car on a public street.

### Bond Sales Down

BOISE, Oct. 18 (AP)—With three-fourths of the year gone, Idaho had achieved only 70.5 per cent of its U. S. savings bonds quota for the year at the end of September, Charles C. Adams, state chairman, reported Tuesday.

Adams said September sales of \$467,770 increased the year's total to \$650,743. The goal for the year is \$933 million dollars.

### Reduced Charge

RUPERT, Oct. 18.—Willis Greene, farm laborer, was sentenced to 90 days in jail for "deceiving an owner of the use of the premises" when he appeared before Police Judge Jake Wall here Tuesday on a reduced charge.

Greene originally was charged with car theft after he had driven a car belonging to Joe Bradbury for several blocks. The charge was reduced and Greene was asked to leave town.

### White House, Ex-President End Jet Tiff

WASHINGTON, Oct. 18 (AP)—An exchange of statements between President Eisenhower and the White House has left them in agreement on the sale of 130 jet fighter planes to Yugoslavia.

Eisenhower said yesterday in Newark, N. J., that the Kennedy administration made the decision to sell the fighters to Marshal Tito's communist regime, but he thought the transaction was "in the best interest of the United States."

Presidential Press Secretary Pierre Salinger said that the action was merely a continuation of Eisenhower's foreign policy and noted that more than 500 military aircraft were given or sold to Yugoslavia during Eisenhower's term in office.

Eisenhower was asked at a news conference in Newark about his role in the transaction before leaving the White House last January.

The former President replied that he "did not brief President Kennedy" on the transaction, emphasizing the word "not."

### White House, Ex-President End Jet Tiff

WASHINGTON, Oct. 18 (AP)—The AFL-CIO received Tuesday the first application from a local that has bolted the Teamsters.

President George Meany promised a charter would be issued for the rebel Cincinnati, O., local immediately after a meeting of labor relations board election set late this month.

James T. Walker, president of the Dairy Workers union who was a leader in the revolt, applied personally for the charter.

The Dairy Workers' union, which claims about 1,800 members, is one of four Cincinnati Teamsters locals involved in the revolt. The dairy employees voted overwhelmingly last month to leave the Teamsters.

The AFL-CIO council voted last week in New York to accept on a piecemeal basis any Teamsters' locals that may rebel against Teamsters President James R. Hoffa.

### Sam Rayburn Speaks With U. S. Official

DALLAS, Tex., Oct. 18 (AP)—Vice President Lyndon B. Johnson visited with House Speaker Sam Rayburn for an hour yesterday and said he is "wearing a brave battle" with cancer.

Previous visits to the speaker's bedside had been much shorter.

"It is sad to see him so again," Johnson said when he left.

Doctors at Baylor university medical center indicated, however, that Rayburn is feeling a bit better, and apparently is getting stronger. He felt well enough yesterday to sit up in bed and ate good meals.

The latest hospital bulletin said:

"Mr. Rayburn has had a quiet day. He is resting comfortably. There have been no changes in his condition or treatment. His condition remains serious."

Doctors are trying to get Rayburn to gain back some of the weight he has lost and regain enough strength so they can resume treatments of the cancer spread through half of his body.

### Pancake Supper Set at Kimberly

KIMBERLY, Oct. 18.—Plans for a pancake supper were outlined by the finance chairman, Mr. and Mrs. Bob Emerson, for the members of the Kimberly WPA at their meeting Monday night.

The supper will be held Nov. 3 in the hot lunch room. The fifth and sixth grades will sell tickets under the direction of Mrs. Jack Arnold.

The group decided to purchase a new record player for the school. Presently Stan Outwey is the treasurer on the spot and the reception which was held the last of September, and reminded the group for the coming year are due.

Mrs. William Glaborn, program chairman, introduced her husband who presented films on civil defense.

Prizes for the rooms having the most parents present, were won by the sixth grade rooms taught by Mrs. Ace Miller and Darrel Gardner.

Refreshments were served by Mrs. Garth Morrill, Mrs. Lloyd Shevemaker, Mrs. Avis Allen, Mrs. Vernon Harper, Mrs. Ray Reed, and Mrs. Ted Stribling.

### U. S. Forests Funds Yield Million Plus

BOISE, Oct. 18 (AP)—The 1961 national forest income allotted to Idaho counties amounted to \$1,121,453, State Treasurer Rulon Swensen announced Tuesday.

Swensen said 25 per cent of national forest income is allotted for county roads and schools to the counties, according to the area of national forest in a particular county.

The smallest amount was two cents allotted to Jefferson county from the Taighee national forest.

The largest amount was \$297,346 allotted to Idaho county from the Bitterroot, Clearwater, Lost, Nez Perce, Payette and Salmon national forests.

### Swedish Distribution Compared

The 1961 distribution compared with 1.9 million dollars apportioned to counties in 1960, 1.2 million dollars in 1959 and \$866,708 in 1952, Swensen said.

### GOVERNOR TO SPEAK

SALT LAKE CITY, Oct. 18 (AP)—Gov. George D. Clyde of Utah flies to Boise Tuesday for a speech to the American Society of Agricultural Engineers, meeting here.

### Troops Arrive

CHERBOURG, France, Oct. 18 (AP)—The U. S. military transport ship Gen. Alexander Patch, arrived Tuesday from New York with 2,300 troops.

The troops are among reinforcements being sent to Europe because of the Berlin crisis.

### Yogi Prays for Peace in 9-Day 'Trance' in Pit

NEW DELHI, Oct. 18 (AP)—A 40-year-old yogi emerged from a trance today after being buried alive nine days to pray for world peace.

Swami Rama das was removed from his five-foot deep pit and quickly recovered consciousness. He told newsmen he is convinced that the chances for world peace now are brighter.

But he warned of evil portents if the resumption of nuclear tests and the Hindu-Muslim rioting in India.

Swami said he was particularly perturbed by the evil conjunction of nine stars next February. This could spell disaster for the universe, he claimed.

### SEEKING WORK

BURLEY, Oct. 18.—James Thomas Moseick, 19, Mountain Home, Ark., was sentenced to district court Monday by Judge Edward Heap to six months in the county jail for first degree burglary. He will be released if he can get work—or if he gets enough money from his relatives to get him back to his home. On that time he is to stay in jail each night and will be let out in the mornings to go to the employment office to seek work.

### Texas Man Is Ruled Guilty Of Burglary

A 12-member district court jury found Jack Cummings, 27, Sherman, Tex., guilty of first degree burglary Tuesday a five and one-half hours of deliberation.

Cummings was arrested in company with Carl Anderson, 23, Denton, Tex., April 24 and charged with attempting to crack a safe at the home of producers Co-op Marketing association, Twin Falls. The pair was arrested after being spotted by James Crist, merchant policeman.

Anderson later was extradited by Oklahoma authorities. Appearing as witnesses for the prosecution Tuesday were Crist; Claude Wiley, city detective; Police Sgt. J. J. Galt; Merlin Shields, employe at the co-op; and Lee Talkington, city detective.

Crist told how he spotted the two men leaving the co-op building and followed them to a motel in Twin Falls. Wiley gave details of the arrest of the defendant and his complicity in the subsequent investigation. Gillette related his findings upon interrogation of the two men.

Jury members were impeached last Thursday, but the trial was continued when James Crist, assistant prosecutor, discovered Crist was not available.

Rayborn, Rayborn, Rayborn and Webb, Twin Falls law firm represented Cummings. Judge R. Theron W. Ward presided at the trial.

Judgments Filed By Local Court... District Judge Theron W. Ward rendered his civil judgments Tuesday.

### Own Opinions City Police Judge Dale Adkins and Police Chief Howard Gillette expressed their own opinions in statements issued yesterday regarding the trial of Cummings and Walker.

Gem Hospital Group Ends Annual Meet... BOISE, Oct. 18 (AP)—Members of the Idaho Hospital Association were asked yesterday to present their views of "socialized medicine" at hearings of the special session committee on aging in Idaho next month.

The request was made by Armand Bird, executive secretary of the Idaho Medical Association, as the hospital association conducted its final day of its convention.

Referring to the King bill, Bird said the hearings will be conducted by Sen. Frank Church, D-Ida., at Boise Nov. 13 and in Boise Nov. 17.

William C. Hansen, administrative assistant at St. Luke's hospital, Boise, took office as president. He succeeds Grant C. Gray, former administrator of LDS hospital, Idaho Falls.

Other officers elected at the annual session here are Raymond L. Tate, assistant administrator, Magie Valley Memorial hospital, Twin Falls; president-elect, Leon C. Fisher, administrator, Sacred Heart hospital, Emmet; secretary-treasurer, new directors: Walter Jean Marie, administrator, St. Joseph's hospital, Idaho Falls; and John B. Krosdoff, business manager, St. Joseph's hospital, Lewiston.

### Crash Victim Released by T.F. Hospital

Carl D. Williams, 26, Boise, injured in a one-car accident Monday, one-quarter mile south of Rexburg on highway 93, was released from Magie Valley Memorial hospital Tuesday.

A 1950 Chevrolet stationwagon driven by Williams went out of control when he was blinded by oncoming traffic on the edge of the road, skidded back across the highway and turned over into a borrow-pit after knocking down 50 feet of fence, eight fence posts and striking a power pole.

The car was demolished. Investigating officers estimated \$50 damage to the pole and fence. Williams was taken to the hospital by ambulance. He was kept overnight for observation.

U.S. Foresees Trick in Test Moratoriums... UNITED NATIONS, N. Y., Oct. 18 (AP)—The United States delegation to the United Nations general assembly calls for a new unannounced moratorium on nuclear testing.

U. S. Delegate Arthur Dean told the assembly's 10-nation political committee that the Soviets had timed their current series of tests in such a way that the bulk of the tests capped by 50-megaton bomb blast on Oct. 30 or 31 would coincide with the U. N. appeal for a moratorium.

### Miller Avers Nixon Is Not GOP Leader

LOS ANGELES, Oct. 18 (AP)—Rep. William E. Miller, chairman of the Republican national committee, said Tuesday that, in his opinion, Richard M. Nixon has "renounced his position of titular head of the national Republican party."

Miller, at a news conference, said former President Dwight D. Eisenhower is, in fact, the national Republican party leader.

Nixon recently announced he would not seek the GOP presidential nomination in 1964 but instead would seek the governorship of California in 1962.

Miller has conferred with Nixon, the 1960 GOP nominee for president, since arriving here for a conference with party leaders.

### U. S. Accused

HAVANA, Oct. 18 (AP)—Czechoslovakia joined Cuba in a charge that the United States is increasing its "economic aggression" against Cuba as a preliminary to armed attack.

The charge was made Tuesday in a communique signed by Czechoslovak Foreign Minister Václav David and Cuban Foreign Minister Raúl Roa.

### State's Child Group Might Slate Studies

MOSCOW, Oct. 18 (AP)—The Idaho children's commission said today it may have recommendations soon for the 1963 legislators.

At the same time, chairman William D. Eberle, R., Ada, urged a speed up of the commission's finding study and revealed the commission may seek a federal survey of state juvenile court and training facilities.

At the meeting, fourth to be held since the commission was formed by the 1961 legislature, Eberle also criticized the state department of education for making "an arbitrary rule" which he said excluded many retarded but trainable children from receiving an education.

Eberle said the commission plans to have recommendations for the legislature ready next month on legislation dealing with the licensing of child care agencies.

During a workshop session, Kathleen Wilson, Boise, state director of child welfare services of the state department of public assistance, said some changes in the law would be necessary if her department is to "carry the main load" in the child welfare field.

She said her agency is reluctant to step in sometimes because it feels it lacks legal authority. Earlier, Bill Webster, D., Kootenai, announced his resignation from the commission because of "pressing business matters" and "other civic responsibilities."

### Last Honor Paid To James Fraser

WENDELL, Oct. 18—Funeral services for James Fraser were conducted Saturday at the Wendell Methodist church with the Rev. Austin G. Rugger officiating.

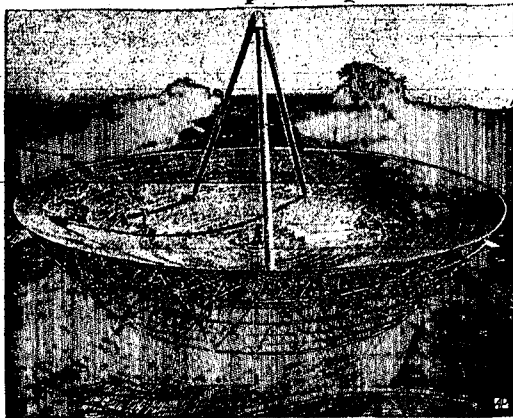

Mrs. Henry Barton played the preludes and postlude and accompanied Mrs. Faith Eaton, soloist. Mrs. Arthur Byce and Mrs. Orina Hoskins arranged flowers.

Palbearers were M. M. Beck, C. T. Crow, Fenton Hays, Billy Brown, Everett Lawton and Dean Hamilton.

Concluding rites were held at the Wendell cemetery.

### Male Meeting Is "Crashed" by 3 Girls at School

CAMBRIDGE, England, Oct. 18 (AP)—A girl law student who broke tradition and snarled into the all-male Cambridge Union society's meeting was pushed down last night and knocked unconscious.

Jill Boulind, 19, and two other girls crashed the debate wearing academic gowns. Witnesses said all three were pushed down by shouting male undergraduates when they were discovered.

Miss Boulind was taken to a hospital. The other girls, Jenny Dalches, 20, and Elizabeth Gunn, 19, were not injured.

Guest speakers at the debate were Peter Thorneycroft, minister of aviation, and former Labor Party Chairman Richard Crossman.

**POSTS BOND**  
BURLY, Oct. 18—Carl McKinney, 18, Declo, posted bond of \$5 for driving with an expired driver's license.

### Too Hot

JEROME, Oct. 18—Things haven't been going too well for David R. Zanier, 18, Jerome, the past few days.

He struck a match to light a cigarette as he was driving on South Buchanan street at 4:48 p.m. Tuesday. The match burned his finger so he dropped the cigarette. As he bent down to retrieve the burning cigarette, his 1957 Plymouth struck a parked vehicle.

Police estimated damage at \$80 to the parked car, owned by Clyde Good, Jerome, and \$50 to Zanier's Ford.

Tuesday morning Zanier appeared before Police Judge Fred Berhardt and was fined \$10 and assigned 25 demerits for going 35 miles per hour in a 25-mile zone.

**EDUCATOR PASSES**  
BALTIMORE, Oct. 18 (AP)—Dr. Maynard A. Clemens, 82, founder of Eastern college and its affiliate, the Mt. Vernon school of law, died Tuesday.

### Damage Noted

BURLEY, Oct. 18—Damage was estimated at \$250 to a 1962 Chevrolet, driven by Horace LeGrand Allred, 77, Roosevelt, Utah, when it struck the rear end of a 1954 Chevrolet, driven by F. Yvonne Van Engelen, 31, Burley, Monday afternoon.

Officers said the Van Engelen car was stopped, with signal on, to make a left turn off highway 305 onto 16th street. The Chevrolet received an estimated \$150 damage. The accident was investigated by the sheriff's office.

### Larsen Kept As Chief of Area Grange

KIMBERLY, Oct. 18—Members of the Pleasant Valley Grange re-elected Kenneth Larsen as master during their meeting last week.

New officers elected are Mrs. Kenneth Larsen, secretary, and Mrs. Bichie Brown, lecturer. Officers re-elected are Bichie Brown, overseer; Don Dixon, steward; Mick Bean, assistant steward; Mrs. Bean, lady assistant steward; Mrs. Cora McIntire, chaplain; L. P. Larsen, gatekeeper; Ed McCarthy, treasurer.

Mrs. Ed McCarthy, Mrs. Don Dixon and Mrs. Wilbur Butler, were re-elected as Ceres, Pomona and Flora. Mrs. L. P. Larsen will serve again as home economics chairman.

The officers will be installed at 8 p. m. Thursday in the Mountain Rock Grange hall. Pleasant Valley Grangers are to furnish sandwiches.

Plans were made for the community Halloween party to be held at 7:30 p. m. Oct. 27 in the Grange hall.

There will be treats for the children in costume, game tables for adults and children, and a fire pond for the younger children.

Sandwiches, pie and doughnuts will be sold to defray expenses. Punch and coffee will be served by the Grange.

Several resolutions to be brought up before the state Grange session were read and discussed.

Mrs. L. P. Larsen won the white elephant gift, which was furnished by Mr. and Mrs. Mick Bean. Refreshments were served by Mr. and Mrs. Bean.

### Flu Expected

ATLANTA, Ga., Oct. 18 (AP)—The surgeon general of the United States urges immediate anti-influenza shots for persons over 65, expectant mothers and persons suffering from heart disease and other chronic ailments.

The officials' Luther J. Terry, repeated today a prediction that an outbreak of influenza will occur in the United States this fall and winter.

### Turkey Eyes Coalition for Nation Rule

ANKARA, Turkey, Oct. 18 (AP)—Gen. Cemal Gursel, chief of the military junta, talked with political leaders Tuesday about the possibility of a national front cabinet to solve the deadlock created by Sunday's hotly contested election.

Returcu showed no single party had won enough seats in parliament to form a government. A highly authoritative government source reported these tentative results, which he said would not vary by more than a couple of seats when final returns are announced Oct. 26.

In the assembly: Republican party—184 seats; Justice party—159 seats; New Turkey party—57 seats; Peasant National party—51 seats.

# Schneider Rallies With Birdie on Final Hole to Cop Pro Golf Tournament

A short but tricky sidehill birdie putt on the 36th hole let George Schneider, Billings, Mont., win the Rocky Mountain section, PGA, championship Tuesday over Cliff Whittle, Twin Falls, and Tom Williams, Ogden, Schneider, consisting along with a big lead until the final four holes, hit the five-put final green in three strokes and holed it to avert what might have proved a costly blow-up. He ended the tournament with 139 strokes.

## It's All in Family

George Schneider, Billings, left, and Ernie Schneider, Jr., Ogden, made the Rocky Mountain section, PGA, golf tournament a family affair at Blue Lakes Country club and Twin Falls municipal course Monday and Tuesday. George won the championship while Ernie took his fifth straight seniors title. Ernie Schneider, Jr., Ogden, finished in a tie for fourth. (Staff photo- engraving)

The finish saw quiet winds get to the top three players while Whittle, after missing three putts in less than 30 inches, came in fast to lead until Schneider's putt fell in the cup. The day was filled with requests for various professional. Ernie Schneider, Jr., who was one stroke off the pace going into the final 18 holes, fouled the front nine in even par 34 fashion. That gave him a tie for the lead there. But on No. 10 hole, he hit two out of bounds that cost him four strokes. He ended up two shots out of first.

The new champion, who fired a two-under par 66 Monday, appeared consisting into the title when he took a 35 on the front nine. He fell slightly when he put a shot out of bounds on No. 10 but came back with a birdie two holes later.

Meanwhile, Arnold Hanke, Hillcrest Country club, Boise, made his move from two strokes behind and pulled into a monetary tie on the 16th. Hanke faded with a double bogey on the 15th and then went bogey-bogey-birdie to finish two strokes out.

After Hanke's double bogey on No. 16, it appeared the battle was between Schneider and Tom Williams. Whittle as yet had not finished his spectacular three-under par final nine.

Williams had a big chance on No. 15 when Schneider took a bogey five. But Williams, who hit the green in one on the 16th, opportunity when he three putted. Schneider bogied the next hole with Williams taking a par to clip another stroke off. His biggest chance came on the 17th when Schneider let his chipping touch and settled for another five on the par three. Williams saw a 30-inch putt stay out and he took a four.

Hanke, Whittle's, and Schneider all closed the match with birdies and each was worth money. Schneider's was the biggest.

The wind, plus the added length made with the tee-boxes moved back out down heavily scoring from 42 at Blue Lakes country club Monday. Schneider hit 73 Tuesday.

He finished a 6-6-6-4, he said disgustedly. "That simply is a matter of poor concentration. Poor concentration."

Whittle had the best nine holes of the tournament, however, with his rallying finish. After carding 30 and evidently shooting him self out of contention, the Twin Falls pro started the last nine brilliantly. He picked up a par three on the No. 10 hole, a birdie to 280 yards by the wind and tee-boxes. Then he followed that up with an eagle two on the 11th hole with a 280-yard drive and curling 16-foot putt. He staggered momentarily with a five on No. 12 but then came back with pars and birdies on No. 15 and No. 16.

The top 10 included 139. George Schneider; 140. Whittle and Tom Williams; 141. Jerry Moyer; 142. Ernie Schneider, Jr. and Arnold Hanke; 144. Walt Harris; 145. Dave Killen and Ernie Schneider, Sr.; 146. Jerry Strayhorn; 147. Dean Candland and Paul Allen, and 148. Jim Chenoweth.

# Trammel Is Cited as Top Back of Week

By The Associated Press  
Pat Trammel may not be the most stylish-looking quarterback around the nation but the rangy, Alabama senior has done the job. For turning in another fine performance, this time against North Carolina State, Trammel was named The Associated Press' back of the week Tuesday.

The 6-foot, 3-inch, 183-pounder from Scottsboro, Ala., led the unbeaten Crimson Tide to a 26-7 victory by completing 10 of 14 passes for 155 yards and two touchdowns, ran for another touchdown, and paced for a two-point conversion.

Trammel was given a strong run for the honor by Pete Smith, Michigan State; Lance Alworth, Arkansas; Kyle Poe, Brigham Young; Eddie Wilson, Arizona, and Ernie Davis, Syracuse.

## Sugar Ray Is Prepared for Comeback

GREENWOOD LAKE, N. V., Oct. 18 (AP)—At 41 Sugar Ray Robinson is right back where he started more than two decades ago—at the bottom of the middleweight ladder.

But, he said today, he intends to do something about it Saturday night when his current comeback campaign—his third—rolls into high gear with a scheduled 10-round bout against young Denny Moyer in Madison Square Garden.

## Jewell Is General Manager of Cowboys

Warren E. (Ben) Jewell, president of the Magic Valley Cowboys in the movement that reactivated the local Pioneer league franchise, was named general manager of the club at a board of directors meeting Tuesday night. Jewell, owner-operator of Jewell Studios, will assume the position officially Nov. 15.

Clark's first official duty as president was to name a committee to draw up a policy to be followed by the business manager. It will be presented at the Nov. 7 meeting.

The board also named Jewell to represent this franchise at the annual Pioneer league meeting in Great Falls Oct. 28.

# Machen Is Easy Winner in Bout Against London

LONDON, Oct. 18 (AP)—Heavyweight contender Eddie Machen, Portland, Ore., scored a technical knock-out over Brian London Tuesday night when the former British champion retired at the end of the fifth round of the 10-round bout in indoor Wembley stadium. The 29-year-old American won all five rounds and used the 27-year-old Briton as a chopping block before a sell-out crowd of 12,000. Machen weighed 200, London 209.

The fight ended with London's face a gory mess. Blood streamed from his nose and a cut over the right eye. His left eye was bruised and badly battered.

Machen set the pattern for the fight in the first round. He threw punches to the Briton's body and then quickly snaked in with hooks to the jaw, followed by combination punches to the face.

In the first round London landed only one telling punch—a left to the temple.

A desperate London tried storming tactics in the fifth. He threw himself in like a mad bull. Machen picked off the brawling Briton cleverly, cut him about the eyes and at the end of the round it was hard to see London's face through a curtain of blood.

At the end of the round, Referee Andrew Smyth of Ireland took a look at London and then London walked across to Machen in a token of retirement.

"Now I want to fight Henry Cooper, the British champion," Machen said. "I would some here any time and fight Cooper any place."

Cooper, like Machen, is a top contender for Floyd Patterson's heavyweight title.

# GENERAL DEER SEASON OPENS SATURDAY

## Area Elk Hunt Is Restricted to Permit Holders

A small army of deer hunters will take to the field this weekend with the opening of the general deer season throughout Southern Idaho. A lot of Magic Valley, except those areas restricted by permit hunting, will open Saturday. However, hunters are reminded elk hunting is closed except to permit holders in the two Soldier mountain and two Wood river units. Heavy pressure is expected in the Cassia division, or south hills area.

The general deer season does not include units 43 and 44. Unit 43 remains closed throughout the year and is comprised mainly of Jerome county with portions of adjoining Latah and Blaine counties. Unit 44 is the smaller Soldier mountain unit which will not open until Oct. 28. Even at that time the 44th unit is not general hunting will be allowed on Unit 43, the large Soldier mountain unit, which opens Saturday. The general season is divided into two divisions, including Three creek, Cassia division, Albion mountain, Soldier, Big and Little Wood river sections.

Deer hunters are particularly interested in the opening of the smaller Soldier mountain unit which will not open until Oct. 28 and then only for permit hunting. There are still about 16 openings in the hunt, however, and applications may be made to Idaho fish and game department in Boise.

The Magic Valley elk hunting situation includes only permit holders on units 48 and 49, and is closed throughout the year and open Oct. 21 with 44 to open Oct. 28.

The only restrictions covering bears are found in the Soldier Mountain game preserve, or that area encompassed by units 43 and 44 combined. Bears are protected in that area at all times. Hunters also are reminded three areas have extremely short seasons. These are the Soldier Mountain and Three creek areas which will be open only three days.

Successful hunters are urged to mail in their game report cards immediately after making the kill. Those unable to get a report card should mail in their cards 10 days after the season.

Hunters are required to stop at checking stations. Night hunting and back hunting is prohibited along with using a 22 caliber firearm using a rimfire cartridge. No shooting is permitted from mechanically powered vehicles, including boats.

For correct identification of animals and open areas, hunters should obtain a big game map from any license vendor.

## World Series Cut Is Lowest In Nine Years

**NEW YORK, Oct. 18 (AP)**—Each full world series share for the New York Yankees was exactly \$7,288.12, the lowest since 1952, and each Cincinnati share came to \$5,356.36, baseball Commissioner Ford Frick revealed Tuesday.

Each Yankee winning cut was almost \$1,100 less than Pittsburgh's \$8,417.94 payoff last year because of the limited capacity of the Cincinnati park and the smaller weekday crowds at Yankee stadium. The stadium was not sold out for the Wednesday and Thursday games. Last year the week-end games were played at New York.

The Yankees' checks will be the lowest for a winner since the \$2,826,826 shared for the winning Yankees in 1953 after a series with Brooklyn.

Manager Ralph Houk's club was expected to receive \$1,100 less than the \$2,826,826 shared for the winning Yankees in 1953 after a series with Brooklyn.

## Army Takes Packers' Hornung, Nitschke

**GREEN BAY, Wis., Oct. 18 (AP)**—The army dealt the Green Bay Packers' National Football league title hopes a jolting blow Tuesday by calling up scoring champion Paul Hornung and middle linebacker Ray Nitschke. Although both Hornung and Nitschke are members of the army reserve, their call to active duty shocked the Packers, who have streaked to four straight victories after a 17-13 upset by Detroit in their opener.

Coach Vince Lombard put off any immediate decision on moves to fill key spots on both his offensive and defensive units. He noted that the departure of Hornung and Nitschke is "two or three weeks away."

The 1941 reserve corps headquarters in Minneapolis announced that Hornung has been ordered to report to the 89th Infantry division at Ft. Belvoir, Kan., Oct. 20. Nitschke was told to report to the 32nd division, recently activated Wisconsin national guard infantry unit, on Nov. 2 at Ft. Lewis, Wash.

An army spokesman said orders normally are "personal information" but an announcement of the call-up of Hornung and Nitschke was made "because of earlier rumors."

Lombard said early in the day that "four or five" Green Bay players were subject to military call, but that the club was trying to work out arrangements to permit them to complete the 1961 season.

Hornung, who will be 26 Dec. 23, is single. Nitschke, who will be 25 on Dec. 29, was married about a year ago. Both served six months in the army a couple of years ago, then went into the reserve.

Nitschke, a former Illinois full-back, was converted to a defensive specialist by the Packers. Hornung was Green Bay's bonus selection in the NFL's 1957 draft after he won the Heisman trophy as the nation's outstanding college player in his senior year at Notre Dame.

He won the league scoring championship in 1959, his first season, with 84 points. He scored a record 178 points, shattering the old league mark of 138 by Don Hutson, Green Bay, in leading the Packers to the Western division title in 1960.

This season Hornung has piled up 77 points in five games. His greatest performance was a 30-point spree on four touchdowns, a field goal and six conversions.

## Anderson and Zimba Take Mat Victory

Tarzan Zimba and Don (Ox) Anderson took the tag team victory in the first professional wrestling card of the season Tuesday night when they defeated Moe Smith and Cowboy Don Moore.

Zimba got the first fall on a back drop before Smith evaded it with a series of drop kicks and a body press. Anderson clinched it when he softened up his opponent with a series of body blocks and won with a body press.

In the semi-final, the Baron defeated Artera in two out of three falls. The men split the first two falls. Baron going ahead with a drop kick series and press and Artera rebounding with a body press. The Baron won it with a front jack knife.

In the two preliminary battles, Cowboy Moore won over Anderson on a disqualification. Zimba and Smith fought to a time-limit draw.

## Rated No. 1

By The Associated Press  
Michigan State judged Mississippi out as the No. 1 college football team in the country today in the weekly Associated Press poll.

The margin was by a slim two points. Or Miss, in fact, collected more first place votes than the Spartans. Mississippi had 21 first places to 16 for Michigan State, which went to the top by virtue of its impressive 28-0 victory over Michigan last Saturday.

## Seven Negroes Refuse to Play In Exhibition

**LEXINGTON, Ky., Oct. 18 (AP)**—Seven Negro professional basketball players refused to play an exhibition game Tuesday night after five of them said they were denied service at the coffee shop of a Lexington hotel.

The five players who said they were denied service, all members of the Boston Celtics, were Bill Russell, Al Butler, Sam Jones, K. C. Jones and Tom Sanders. Woody Saulsberry and Cleo Hill of the St. Louis Hawks then joined the five Celtics in refusing to play.

The Boston players boarded a plane to return to Boston. The game between the two National Basketball Association teams went on as scheduled, with the Celtics having seven players and the Hawks nine.

Stan Leonard of Vancouver, B. C., made golfing history this summer when he won the Canadian PGA championship for the eighth time. He turned in a record 54-hole score of 203.

## Gaming Scandal

**NEW YORK, Oct. 18 (AP)**—There is no evidence that college football games have been fixed, district attorney Frank Hogan said Tuesday.

"We've heard rumors and have been investigating them, but we aren't getting anywhere," Hogan told Milton Gross, sports columnist of the New York Post.

"Thirty-seven players from 22 colleges were named in the recent college basketball scandal. A similar scandal in 1951 involved 33 players from seven schools.

## NBA Will Not Recognize Canada Fight

**TACOMA, Wash., Oct. 18 (AP)**—Floyd Patterson's Dec. 4 fight with Tom McEnaney at Toronto will not be recognized as a world heavyweight championship bout by the National Boxing Association, the organization's president said Tuesday.

Dr. Charles P. Larson, head of the NBA, explained that Patterson is obligated to defend his title against the No. 1 challenger on the NBA list—currently Henry Cooper of England—on or before March 15.

"Not just sign for the bout, but get into the ring," said Dr. Larson. "If he fails to do so, the NBA will declare the title vacant."

The NBA president also said it returned-but clause in the Patterson-McEnaney contract would not be recognized by his organization. It is at variance, he said, with NBA wage championship regulations and with a resolution passed by the law convention opposing return-but clauses in all boxing contracts.

He did not say what steps the NBA would take regarding McEnaney's claim to the crown if he defeated Patterson.

### Word Picture Is Drawn of Power of 50-Megaton Bomb

WASHINGTON, Oct. 18 (AP) — A 50-megaton nuclear bomb, bigger than any bomb ever exploded, would carry in one package more than twice of the weight—and up to twice the fallout-producing capabilities—of the more than 20 devices so far tested in the Soviet Union's current series.

Soviet Premier Khrushchev said the Soviet Union intended to test such a bomb the end of this month.

Nuclear scientist Dr. Ralph Lapp told a reporter that a 50-megaton bomb dropped on the White House would: Dig a hole 400-feet deep and one and one-half miles wide, and kill almost everyone within seven miles in all directions unless they were protected by well-constructed underground shelters.

Destroy all frame houses within 10 miles — embracing all of Washington. All brick structures within 10 miles would be leveled and even big, steel-reinforced buildings would be smashed for a distance of from five to six miles.

Cause second degree burns for a distance of 35 miles from the impact site, and injuries, such as from flying glass and other debris, would occur out to 30 miles.

Contaminate an area of from 10,000 to 20,000 square miles all-around immediately — depending upon wind condition. Other radioactive debris would shoot into the atmosphere, to fall a year or two later throughout the world.

Well-built civil defense underground shelters would provide protection if located three and one-half miles from the blast, Lapp said.

Lapp worked on the original U.S. atomic bomb program but is not now connected with the government.

Other sources speculated that such a bomb were detonated in the air—high enough so the fireball would not touch the ground — second degree burns could occur out to perhaps 40 miles from the blast, and "find kindling wood" would be ignited out to distances of 45 miles.

The range for burns and structural "fires is farther for an air burst than for a surface burst.

Official estimates are that the Soviet Union, in its current series of more than 20 blasts, has touched off devices having a total yield of more than 24 megatons.

U.S. scientists have tended to discount the relative military value of such huge weapons. They say two 25-megaton bombs dropped on scattered targets would do more damage than one of 50-megaton yield.

The largest announced thermonuclear test by the United States — conducted at Eniwetok in 1954 — packaged a total explosive wallop of 15 megatons of TNT equivalent. Knowledge in the air—high enough so the plausible estimates are that the

United States has developed bombs packing up to 24 megatons, and could make even more powerful ones if it wished.

### World Peace Walkers Are Back in U. S.

NEW YORK, Oct. 18 (AP) — Ten U. S. pacifists returned on native soil today from their 5,000-mile "peace" walk from San Francisco to Moscow seeking an end to nuclear tests.

The group, part of 21 persons who took part in the 10-month trek, arrived here Monday evening by the Denver-Los Angeles train. They were tired and not very anxious to do any more hiking for a while.

Several walkers said they had been out at least one pair of shoes, but all agreed their feet were in good condition.

Most of them were still dressed in hiking clothes when they landed, and many of the men wore bushy beards. They quickly discarded to private homes for a good sleep.

Richard Lytelle, 36, New York, leader of the group, said their efforts for disarmament which carried them on foot across the United States, England, Scotland, East and West Germany, Poland and Russia were a success. They were not permitted in France and were expelled from East Germany after a week's walk.

Lytelle said that West Germany, which is perhaps in the most threatened position of any other country, appeared to be the least interested in the walkers' call for nuclear test ban.

"This was pretty exhausting," said Lytelle, national secretary of the Committee for Non-Violent Action, which sponsored the walk. "But we believe the ice has been broken and that we accomplished something."

### Girl, Age 14, Eyes Career As Astronaut

CAPE CANAVERAL, Fla., Oct. 18 (AP) — "Marcia the Martian" got a close look at some missiles, met an astronaut and became more convinced than ever Tuesday that she wants to be one of the first women in space.

Wide-eyed after a four-hour tour of Cape Canaveral, Marcia Kautza, 14, Detroit, said: "I'm going to study very hard, because more than anything I want to be a lady astronaut."

Marcia, who said neighborhood children tagged her "Marcia the Martian" because "I talk so much about Mars and space flight," has a good start toward her goal. Interested in science since she was in the fourth grade, Marcia earned her trip to Cape Canaveral on a national television show "On Your Mark" ABC-TV for youngsters. She and other contestants, all aspiring astronauts, were tested in a variety of trials essential to their ambitions. Other finalists all were boys.

Asked what impressed her most about the Cape, Marcia answered: "The Saturn rocket. I didn't have a real close look at it. But even from a distance it looked huge."

### Wouldn't Dare

MOBOWW, Oct. 18 (AP) — Delegates voting on establishment of a committee at the opening session Tuesday of the 22nd Soviet communist party congress laughed when a spreading official called out: "Anybody voting no? I can't see very well. Can you see anyone voting no?"

### Services for U.S. Gaming "Disappear"

WASHINGTON, Oct. 18 (AP) — The justice department said yesterday that several major gambling information services have gone out of business since President Kennedy signed tough anti-crime laws five weeks ago.

On Sept. 8, Kennedy signed into law three bills aimed at illegal gambling. One of them made it a federal crime to transmit gambling information between states.

Since then, the department said, a race wire once operated out of New Orleans has closed down. Similar wires and allied bookmaking operations have shut down at Little Rock, Chicago and Minneapolis. Others have curtailed operations.

### School Trustee Slate Relected

Resolutions were discussed for the state convention and officers were selected by the Fourth District School Trustees association Monday night at the office of Twin Falls Supt. Ernest H. Nagland.

J. T. Anderson is president; Richard Hagerman, vice president; and Mrs. James Brennan, secretary. Mrs. Brennan was appointed to serve on the resolutions committee and David Barry, nominations committee, for the Idaho School Trustees association convention in Coeur d'Alene.

### Parley of Music Club Is Changed

Officers of the Idaho State Chapter, National Federation of Music Clubs, agreed here Tuesday to switch the time and place of the organization's 1952 convention.

Originally, the convention was to have been held in Pocatello in April. But the officers decided on September as the time and Boise as the place.

The switch was made so the Idaho gathering could coincide with the national board meeting, to be held in Boise in September.

### First Family Gets Ovation At Symphony

WASHINGTON, Oct. 18 (AP) — President and Mrs. Kennedy received a standing ovation Tuesday night when they arrived at Constitution hall to hear the second half of the season-opening program of the National Symphony orchestra.

The Kennedys arrived after the intermission at 9:40 p.m. and went to their seats in the presidential box, No. 11.

As they were seated, the audience of about 3,000 rose to applaud.

The President wore a black tie for the opening night of the symphony's 31st season and Mrs. Kennedy wore a turquoise blue-and-gold short-length theater suit, with gold shoes, three strands of pearls and white gloves.

The symphony program, conducted by Howard Mitchell, included Hayden's symphony No. 104 in D major, "London"; Barber's symphony No. 1 in E minor; The Kennedy's, who had a late dinner first, heard only the Tchaikovsky, the final part of the program.

### Health Meet in Boise Reported

Mrs. Sidney Knight, a member of the health education advisory committee of the Idaho Tuberculosis association, attended a meeting of the group Saturday in Boise.

Discussed were program activities in the field of tuberculosis and respiratory diseases. Dr. James R. Kircher, Turley, is association president.

Lucille Brownell, New York City, health education consultant

for the National Tuberculosis association, made some recommendations for projects which may be undertaken this year. The 1952 annual meeting will be April 2 and 3, 1952, in Idaho Falls.

### Merger for Truck Lines Is Reported

SPOKANE, Oct. 18 (AP)—Terminal facilities to be improved at Spokane, Portland, Fargo, Kansas City and Omaha as a result of the merger of United Truck Lines, Inc., Spokane and Buckingham Freight Lines, Rapid City, S.D., officials announced Tuesday.

An agreement joining the two firms, which will serve 15 states and five provinces and have net revenue of more than 20 million dollars, was signed late Monday. John Manlow, founder of United Truck Lines, was elected president of the joint company Tuesday.

Spokane was selected as headquarters for the joint line, with accounting offices to be at Rapid City.

Other officers selected were Don W. Manlow, Seattle, vice president; Harold Buckingham, Rapid City, assistant to the president, and D. E. Agastino, Spokane, treasurer.

The proposed merger has been before the interstate commerce commission for a year.

The combined operation will have more than 3,000 vehicles, including trucks, tractors, tankers, vans and trailers.

United, which started as Manlow Transfer company, has extended its operations through purchases and mergers to cover Washington, Oregon, Montana, British Columbia and Alberta. Buckingham operated primarily in the Mid-West.

### Officers Elected By Odd Fellows

BOISE, Oct. 18 (AP)—Richard Hanway, Coeur d'Alene, was elected grand master of the Grand Lodge of the Idaho Odd Fellows at their 72nd annual meeting here Tuesday.

Other officers: J. A. Lawrence Pruitland, deputy grand master; Jack O. Morrow, Boise, grand secretary; Calvin S. Pease, Caldwell, grand treasurer; Keith Rowland, Idaho Falls, grand warden; H. A. Bradshaw, Lewiston, and Walter Steiniker, Payette, trustees.

### Approval Given To Buy Potatoes

BOISE, Oct. 18 (AP)—Approval by the Idaho board of examiners of the request of L. E. Clapp of the Idaho board of corrections to purchase 4,000 sacks of potatoes, was announced Tuesday by State Auditor Joe Williams.

Clapp requested permission to purchase the potatoes from Carl Klau, Collierville, at 65 cents a sack, using prison labor for picking and hauling. Clapp said the 4,000 sacks was the amount needed to run the Idaho penitentiary until next year's crop was available.

Man's 'Ears' Strain Into Space

The radio-telescope at Green Bank Observatory seems to be straining skyward to catch sounds from space.

Astronomers Plan on Long Hunt for Life Out in Space

WASHINGTON (NEA) — U.S. astronomers have plans for a 30 to 100 year search through 10 million potential solar systems for signs of "intelligent life."

Thus far, they've gone through two solar systems without finding anything. But the astronomers of Project Ozma at the National Radio Observatory, Green Bank, W. Va., are not discouraged.

Ten million solar systems is the number they think they may have to survey with their radio telescopes before finding a civilization that's intelligent enough to understand our signals.

The astronomers think that 60 per cent of the stars in the heavens may have planetary systems. They figure that sometime or other most of these stars have had or will have an intelligent civilization in its planetary system. It takes about five billion years, they have figured, for a civilization to arise from a barren uninhabited solar system and become intelligent.

But they figure that intelligent civilizations come and go. Some blow themselves up with atom bombs. Some get tired and lethargic. A few live on.

If the astronomers estimated, mostly out of thin air, that 15 per cent of all intelligent civilizations are wiped out 30 years after they develop the ability to send messages through space. They estimated that 60 per cent of all intelligent civilizations go through a devastating atomic destruction — but that some form of higher life remains and redevelops.

They estimated that 25 per cent of intelligent civilizations last for 1,000 to 10,000 years, but that none live on indefinitely.

The radio astronomers have figured out that there is probably one intelligent civilization for every 10 million solar systems.

Their plan is to measure the electromagnetic waves sent out by the regions near the likely planetary stars. They, of course, pick up a great deal of noise in their telescopes. But they figure they can tell intelligent sig-

Cars Come Out Second to Two

BURLEY, Oct. 18 — The cars apparently came out second best when two different autos struck two cows belonging to Shirley Eizer in two separate collisions last week.

The livestock was only slightly injured while damage was estimated at \$50 to a 1950 Dodge pickup driven by Floyd V. Osterbock, 39, Albon, and \$25 to a 1939 Chevrolet van truck driven by Wayne J. Hayden, 26, Burley.

Both accidents occurred about one and a half miles north of Deolo on Highway 77. Osterbock said the cow crossed the road directly in front of his truck. The other animal—an Angus cow—came out of the borrow pit into the path of Hayden's auto.

Damage Noted

RUPERT, Oct. 18 — Almost \$600 damage resulted from a car-truck collision eight miles north and three miles west of Rupert at 10:30 a.m. Friday.

A 1953 Cadillac, driven by Lee Monte Henry, 37, Paul, collided with a 1953 International truck driven by Gary E. Mort, 21, Burley, when Mort allowed to make a right hand turn. Damages to the car were estimated at \$500 by Miss Mable A. Johnson, county sheriff. The truck was estimated at \$75 to the conveyor of the truck.

Heyburn Issues Building Permits

HEYBURN, Oct. 18 — Four building permits were issued when the Heyburn village board met recently.

They included a permit to John Green to construct an apartment building at estimated cost of \$18,000; Warren MacCallister, apartment house, \$24,000; John Tracy, new house, \$11,000; and Loren Klemish, new house, \$11,000.

The J. B. Bimplot company was also given permission to construct a frame and sheet metal building. Board members discussed opening and developing unpaved roads in the village.

They're 60 Per Cent Safer

A campaign is on urging motorists to install and use safety  
belts. If you drive the chances are seven in 10 that you'll be in  
an accident within the next five years. But if you use a safety  
belt, you'll be 60 per cent safer if you are involved in a mishap.

## Drive Is on to Encourage Motorist Use of Seat Belt

NEW YORK (NEA)—Sudden-  
ly, as though it were a new idea,  
the U.S. is in for an immense  
six-month campaign urging mo-  
torists to use seat belts in our  
cars the way we do in our air-  
planes.

After years of relentless re-  
porting by newspapers, univer-  
sity traffic accident researchers  
and the National Safety council,  
the message seems to have come  
through:

If you drive, it's seven-in-  
ten that you'll have an auto ac-  
cident within the next five years.  
Chances are heavy that it will  
be a serious accident. Auto  
crashes are the third biggest  
killer in the nation after car-  
cinoma and cardiovascular disease.  
For young people between 15 and  
25 years of age, it's the No. 1  
killer.

But if you and your passengers  
use seat belts, you're upwards of  
60 per cent safer. If everybody  
used them, we would have 5,000  
fewer fatalities and at least one-  
third fewer severe injuries each  
year.

And so, this year for the first  
time, auto manufacturers will be  
installing seat belt anchors as  
standard equipment in new cars.  
The National Safety council will  
be joined by an array of  
endorsers including the U.S. de-  
partment of health, education  
and welfare, the U.S. public  
health service, the American  
Medical association.

And to set the idea, the Ad-  
vertising council will get at least  
10 million dollars worth of co-  
operation from all media.

Even the General Federation  
of Women's clubs is out getting  
the ladies to pledge that they'll  
have seat belts installed.

It's all very impressive. But  
what took so long? Especially  
since Dr. James Maffett, safety  
research program chief at the  
University of Michigan, says the  
need for seat belts is one of the few positive  
findings in safety investigation.

One big obstacle, experts say,  
has been public indifference—  
locked in by a tiny sliver from  
the auto dealer at the request  
for seat belts. But with manu-  
facturers installing all the gear  
except the strap, that problem is  
solved.

## Speakers Listed At LDS Service

SHOEBON, Oct. 18—Speakers  
at the LDS church's 25th  
services Sunday evening were Mr.  
and Mrs. Philip Scott.

They sang "O, how blessed the  
quotes 'Bless ye first the kingdom  
of Heaven,' and 'Am I my brother's  
keeper'?"

Jonathan Mabbott played an  
organ solo. The meeting was con-  
ducted by Morgan Jensen, Mah-  
lon's counselor. Della Malone was  
announced to the office of a  
deacon.

A Scout and Explorer club  
party was announced for 8 p.m.  
Thursday at the church, stake  
campus day for Oct. 20 and the  
Relief society cooked food sale  
for next Saturday. The Relief  
society banquet will be held Nov. 26.

William Lewis was announced  
as ward teacher supervisor, re-  
placing Larry Sturgeon who has  
moved from the community.

## Cars Collide

SHOEBON, Oct. 18—Damage was  
estimated at \$35 as the result  
of a two-car collision Friday af-  
ternoon six miles east of Elia,  
reports Elia Police Officer Walter  
Kirby, investigating officer.

Guy W. Ray, 70, Cambridge,  
told the officer he failed to see  
the sign for a left turn made  
by Donald Race, 17, Elia. Ray's  
1960 Dodge collided with the 1957  
Rambler driven by young man.  
Damage was set at \$20 to the  
Dodge and \$15 to the Rambler.

# right in step with pleasure...

When the dancing ends, light Olympia Beer extends the fun of the evening. Olympia is a welcome partner for any Western activity, because its distinctive character and refreshing good taste never change. The uncompromising quality of Olympia is assured by a rare artesian brewing water—an invisible difference brought to mind whenever you see the familiar slogan . . . *"It's the Water"*

Visitors are always welcome to "One of America's Exceptional Breweries," Olympia Brewing Company, Olympia, Washington, U. S. A., 8:00 to 4:30 every day. \*Oly\*\*
