New President

L. CHARLES JOHNSON... Pocatello attorney, has been elected president of the Idaho Easter Seal society.

Easter Seal Group Plans Two Centers

BOISE, Oct. 24 (Special)—The Idaho Society for Crippled Children and Adults has authorized establishment of its fourth and fifth Easter Seal speech and hearing therapy centers at Idaho Falls and the Bonner county area of North Idaho.

Outgoing president A. B. Gilbert, Boise, and the Idaho Easter Seal center would be put into operation within a few months with the cooperation of local officials and community service groups.

In other business at the annual Easter Seal trustees' meeting at Boise, L. Charles Johnson, Pocatello attorney, was elected state president to succeed Gilbert.

Other officers are Mrs. F. L. Keanut Miller, Sandpoint; Mrs. Howard H. Wegener, Boise; Mrs. Thelma Peyton, Idaho Falls; Mrs. Kermit Miller, Lewiston; Ralph Bowler, American Falls, and Robert Ballou, Twin Falls.

Johnson noted that establishment of centers at Idaho Falls and in the Bonner county area would make critically needed speech and hearing therapy available to handicapped children throughout the state.

The Easter Seal Society already operates five centers in Boise, Twin Falls and Lewiston.

WASHINGTON, Oct. 24 (AP)—British Guiana Prime Minister Oshedi Jagan said here he would maintain his country "closely within the family of Latin American nations."

Botulism Is Blamed for Child Death

BOISE, Oct. 24 (AP)—The Idaho health department warned yesterday of the danger of botulism from eating some cold packed vegetables without cooking after a 13-year-old girl died in Valley county.

Three cases of botulism were reported last week in Valley county, the girl and her parents. The mother and father of the girl were hospitalized and treated. They are now recovering, the department said.

Dr. John A. Mather, director of preventive medicine, said these cases occurred from eating cold packed beets.

"These cases again illustrate that the 'cold pack' method of canning certain vegetables should not be used," he said.

He said, "Previous cases of botulism show that the vegetables, which should be preserved by suitable pressure cooking, especially include beets, green beans, and corn as well as leafy vegetables."

"The cold pack method does not kill the botulism organism which is in soil and so is on some vegetables."

Idaho Growers, Shippers Testify in Railroad Case

SEATTLE, Oct. 24 (Special)—The Idaho Growers-Shippers association went on record before the Interstate Commerce commission here Monday in support of the Southern Pacific railroad control of Western Pacific.

Donald Bass, a director of the shippers group, said coordination of Southern Pacific-Western Pacific rail facilities would produce economies that would benefit Idaho rail shippers.

However, he said, if Santa Fe gained control, the diversion of traffic to Santa Fe's own lines would harm the Union Pacific and Pacific Fruit Express company, on which Idaho shippers depend for rail transportation.

"We think the economies proposed by Southern Pacific would strengthen both Southern Pacific and Western Pacific and rebound to our own interest," he said. Bass also is president of Bass and Gurley, Inc., a potato shippers with a traffic volume of 50,000 to 60,000 cars a year.

Southern Pacific also gained support from Idaho's mining and smelter industry. The Bunker Hill company, Kellogg, pointed to its eight million dollars annual transportation bill as a sound reason for backing Southern Pacific efforts to cut costs and improve service.

"We feel it important that railroad rates be kept at the lowest possible level so we can market our products in as wide an area as possible, as many of our competitors may be closer to markets than our plant," Robert A. Graves, assistant traffic manager of company, said.

Graves also expressed concern that Santa Fe control of Western Pacific would divert traffic from west enterprises.

He said he was in favor of helping railroads to eliminate waste and duplication, hold the line on rates and meet truck competition.

"Railroads will make out all right if we help them get the maximum of their back and streamline them," he declared.

Kidnaped

LONDON, Oct. 24 (AP)—Three masked diamonds kidnaped a London diamond merchant yesterday, ripped open his special bullet-proof vest and escaped with gems worth thousands of pounds.

Annel Weidengarten, 74, was seized in the center of the Hulton Garden diamond trading district and bundled into a truck.

Half an hour later he was found in the truck which had been abandoned in a nearby square.

Facilities Lack Causes Deaths, Doctors Assert

LOS ANGELES, Oct. 24 (AP)—The American Society of Anesthesiologists (ASA) claims lack of proper facilities and trained personnel at hospitals causes many patients just out of surgery to die needlessly.

In an ASA statement read yesterday by Dr. James West of Los Angeles, the lack of proper recovery rooms was blamed for many needless deaths. West said hospitals move patients to wards where they lie unattended for dangerously long periods of time after surgery.

West said the recovery room should be supervised by a qualified anesthesiologist.

The ASA is holding its annual meeting here.

Dwornak Seeks Highway Funds

BOISE, Oct. 24 (AP)—Sen. Henry Dwornak is seeking favorable consideration of a request to use \$300,000 from federal lands highway funds to improve highway 51 in Idaho between Duce Valley Indian reservation and Brunseau in Owyhee county.

A request to use the monies from the fiscal 1963 allocation of these funds was made by the state highway department.

Radiation Panel Opens in Geneva

GENEVA, Oct. 24 (AP)—A panel of radiation experts met under the auspices of the World Health organization (WHO) today to discuss the effects of atomic radiation on the human body.

The conference was arranged some months ago. WHO sources said it was "pure coincidence" that it should open on the morning after the reported explosion of a 35 to 60-megaton bomb by the Soviet Union.

New Moisturizing Colanoid Stops CONSTIPATION DUE TO DEHYDRATION

without gas, bloating or griping

Most constipation is caused by what doctors call a "thick" colon that loses so much moisture that its contents become so dry they block the bowel, as shrunken they fail to stimulate the urge to purge that propels and expels waste from your body.

To regain normal regularity, the dry, shrunken contents of your colon which now block your bowel must be re-moistened. Colanoid, bulk, must be brought in to re-moisture the colon in action; to a normal urge to purge. And, of all laxatives, only New Colanoid possesses its great moisturizing capacity plus its stretch-stimulating bulk. So effective it relieves even chronic constipation overnight, yet is so gentle it has been hospital-proved safe even for women in critical stages of pregnancy.

Superior in old style bulk, salt or drug laxatives, Colanoid neither gas, bloats nor gripes; won't interfere with absorption of vitamins or food nutrients; in clinical tests, did not cause rash or other reactions.

It's a physiological fact: Exercise tones your body! And Colanoid excites your colon to tone it against constipation overnight. So, for positive relief from constipation, get amazing, moisturizing New Colanoid today! INTRODUCTORY SIZE 43¢

TUCKER'S NATIONAL WHIRLIGIG

By J. F. TERHORST

WASHINGTON, Oct. 24—In their zeal to help President Kennedy through the political storms, some of his advisers are doing him a queerer favor than they are realizing. Many of Mr. Kennedy's problems, particularly abroad, were inherited in an unsolved state from the Eisenhower administration. But even if he were wholly true to the tenets of Kennedy's philosophy, it is hard to pass the buck by beginning to make the President look like "Alibi Jack."

DOUBLE DEFENSE—The latest bit of buck-passing concerns the Yugoslav jet plane deal. When the fuses broke in Texas and picked up Republican steam, the administration employed two lines of defense. First, it was said, the deal is in the interests of the United States because it helps keep Tito out of the Soviet bloc.

Then the vice versa line was taken, which was supposed to be both a proof of the correctness of the deal and real responsibility for it: That it was an arrangement approved by General Eisenhower before he left office. Mr. Kennedy's advisers are doing him a queerer favor than they are realizing. Many of Mr. Kennedy's problems, particularly abroad, were inherited in an unsolved state from the Eisenhower administration. But even if he were wholly true to the tenets of Kennedy's philosophy, it is hard to pass the buck by beginning to make the President look like "Alibi Jack."

GOING BACK IS YEARS—A few weeks ago, the state department issued a booklet on the Berlin crisis. It implied that the crisis was really the fault because it permitted the Russians to capture the city in World War II. When the former supreme allied commander protested, that his advisers are doing him a queerer favor than they are realizing. Many of Mr. Kennedy's problems, particularly abroad, were inherited in an unsolved state from the Eisenhower administration. But even if he were wholly true to the tenets of Kennedy's philosophy, it is hard to pass the buck by beginning to make the President look like "Alibi Jack."

KENNEDY ASSUMES RESPONSIBILITY—The put-the-blame-on-the boys made their biggest splash after the Cuban invasion debacle. Interior Secretary DeLoach and other Kennedy advisers were saying privately that the plan originally had been set in motion under Mr. Eisenhower. Mr. Kennedy's advisers are doing him a queerer favor than they are realizing. Many of Mr. Kennedy's problems, particularly abroad, were inherited in an unsolved state from the Eisenhower administration. But even if he were wholly true to the tenets of Kennedy's philosophy, it is hard to pass the buck by beginning to make the President look like "Alibi Jack."

NO POLITICAL ADVANTAGES—Even when the Senate confirmed the Kennedy cabinet, they are a little more inside each other than they are. They are not so sure that putting the blame on Ike is the political tenet of the age. Mr. Eisenhower's advisers are doing him a queerer favor than they are realizing. Many of Mr. Kennedy's problems, particularly abroad, were inherited in an unsolved state from the Eisenhower administration. But even if he were wholly true to the tenets of Kennedy's philosophy, it is hard to pass the buck by beginning to make the President look like "Alibi Jack."

HOW THINGS APPEAR FROM PEGLER'S VIEW

Waiving the question whether our country is a republic or a democracy, the most important fact is that we are not committed to an imperial future and destiny.

It is nothing to gain by pretending that we are just trying to herd other countries into the same mold as we are. We want them to be as free as we are, to have their own manpower and their own destiny.

The Russian empire knows that and so do the countries and peoples which are the British Isles. We have succeeded in F. D. Roosevelt's noble purpose of dissolving the British empire by the terms of the Yalta agreement. We have foreseen, that we must take that empire's place against Russia. The only alternative would be to bring back into our own wanted boundaries and resume our old American character. Of course, that alternative is unthinkable.

The Russian empire, unopposed by our empire, would absorb Communist Europe, the British Isles and all the rest of the world. We would be a big empire, going on as an individual nation. But inevitably, the Russians would try to absorb us and we would have a fight. And we would have a fight with the Russians. We would have a fight with the Russians. We would have a fight with the Russians.

The Doctor Says

Q—How does a person go about changing doctors? My husband has a heart condition. He is getting progressively worse. He is getting very weak. He is getting very weak. He is getting very weak.

Organized Crime

The solemn warning that organized crime exists in some form in every American community is startling, to say the least, particularly to residents of such regions as Magic Valley where organized crime is regarded as something reserved for metropolitan areas. Yet there is no reason to doubt that the principal center of necessary for organized crime is present in every community of Magic Valley. The one main factor is the never-ending human search for the "fast buck."

In that regard, many people who happen to reside in Magic Valley are no different than those who live in New York, Chicago or Los Angeles. So the experts who warn that organized crime exists in some form or other in every community, may be quite correct.

Fortunately, areas like Magic Valley don't have such flags flying in the air. The principal center of necessary for organized crime is established here, there's nothing obvious about it.

One of the experts also warns, "We're trying to combat 20th century crime with 18th century law enforcement." These are the words of Richard Ogilvie, Chicago lawyer and former special assistant U. S. attorney general. He also blames citizen apathy for the lag in enforcement. Mr. Ogilvie may have a couple of strong points.

It's no secret that criminals think up new angles faster than the law can devise methods to cope with them. For instance, Chicago police are concerned right now with an apparent invasion by crime syndicates of such legitimate fields as auto sales and hospital construction. Chicago officers also are keeping an eye on a new travel agency being operated by known criminals.

Apparently there's no doubt the criminals have discovered "angles" in usually legitimate fields of business. The criminal mind is quite adept at figuring ways and means of making a dollar out of the same time avoiding anything that resembles work.

And the criminal mind has made a good deal of progress in taking advantage of U. S. laws which are designed to protect the innocent. At times honest citizens almost reach the point of despair while waiting for the wheels of justice to deal with the criminal element. One of the classic examples is the case of S. J. Capone who was generally credited with practically every form of possible law violation. Yet income tax evasion was the charge that eventually ended his career of crime.

... of time-honored Old Crow bourbon

GEN. JOHN HUNT MORGAN—the "Thunderbolt of the Confederacy"—writes about Old Crow, "as good as ever went down your throat."

James Crow revolutionized bourbon-making in 1835 when he produced the finest bourbon ever made. Famous men like Jack London and John C. Breckinridge praised it publicly. And leading all the light, mild bourbons of Kentucky today is James Crow's masterpiece, Old Crow. Try it.

MERCURY COMET
meritly ahead of the compact trend

MERCURY MONTEREY
the best-looking buy for the big-car man

Your Mercury dealer asks:
Do you know a better way to furnish a two-car garage?

FOR "HER"—COMPACT MERCURY COMET. So becoming (only compact with fine-car styling). So easy to handle (watch her park like you!). Packed with the quality extras that make the difference (luxurious upholstery and insulation throughout). Extra room and a smoother ride (up to 7.6-inch longer wheelbase than other compacts). Bigger trunk. Extra resale value (finest record of any compact). Easy to own, too (priced with or below most compacts).

FOR "HIM"—BIG, LUXURIOUS MERCURY MONTEREY. Mercury's top-of-the-line car. For the man who prefers or needs a big car. He gets quality—example: every automatic transmission is "run-in" at the factory. For extra stability, a longer wheelbase than other cars in its class. More room and trunk space. A smoother ride (Cushion-Link Suspension). More big news: routine service is needed only twice a year—at 8,000- to 20,000-mile intervals!

Dayley Home Near Hansen Has Robbery

HANSEN, Oct. 24—The \$100,000 Dayley home, one mile north and one mile east of here, was broken into and approximately \$3,500 worth of tools, rifles, electrical appliances taken sometime during the last two weeks, Dayley reported Monday.

Dayley said two locks were broken to gain entrance, adding that he and his family have been away for the past two weeks. Missing are five rifles, a five-piece set of Samsonite luggage, a hi-fi set and recordings, bedspreads, towels, blankets, tools, clothing, hand-made scarabards, silverware and chinaware.

A set of folding doors in the home was destroyed and several drawers from kitchen cabinets were taken. Several saddles, power saws and miscellaneous hand tools were left by the thieves, he said.

"They took everything they needed to set up housekeeping," Dayley asserted.

He reported he thought it was a local job, explaining that whoever stole the goods would be familiar with the place and knew where everything was located.

He is offering a \$100 reward for information leading to the arrest and conviction of those involved.

Patrol Auto Is Involved In Accident

BOURKE, Oct. 24—Mintinda Ruby Sheriff Howard Pitt was investigating an accident at 2:10 a.m. Sunday at the Paul-Burley bridge on Highway 10 when his patrol car was struck from the rear by a 1951 Buick driven by Roy Blackmon, Burley.

Pitt said the Buick was struck from the rear by a red light flashing, investigating an accident involving Joabe Tellez, 33 Burley, whose 1955 Buick had hit a highway department truck from the rear as it was spreading sand along the road.

According to Pitt, Blackmon was driving much too fast upon the bridge for existing conditions and failed to pay attention to the flashing red light.

The Buick driven by Blackmon hit the rear of the police car, driving it forward into the back of the Tellez Buick, which was driving both cars into the highway department truck.

Damage to the police car was estimated at \$1,500, to the rear of the Buick at \$200, to the front of the Buick at \$300. The highway department truck had negligible damage. Since when Roy Thomas, who investigated, said a citation is pending against Blackmon.

No Clemency For Murder, Board Rules

BOISE, Oct. 24 (AP)—A former University of Idaho student convicted of killing a dormitory fire which killed three persons has been refused clemency by the Idaho Board of Pardons.

It was the second time Paul D. Matovich had come before the board since he entered the state prison a little more than four years ago. A similar appeal by Matovich was turned down in 1957.

An attorney for Matovich appealed to the board that the 28-year-old inmate either be given a reduction of his sentence or arrangements made to give him psychiatric treatment.

Matovich is serving a 20-year sentence for second-degree murder. He entered the prison a little more than four years ago. L. E. Clapp, prison warden and chairman of the board, said the denial of Matovich's request that his life sentence be reduced has no connection with the request for psychiatric treatment. The latter matter is an administrative problem, he said.

Speakers Listed At LDS Services

SHOONHOPE, Oct. 24—Speakers at the LDS sacrament services Sunday evening were Henry O. Edgington, J. O. Freeman and William Larsen.

The three men, who served missions for the church a number of years ago, spoke on their expected and unexpected rights of living and the need to put thinking into proper perspective regarding the current world threat and conditions.

Bishop J. O. Stimpson officiated. A stake Halloween dance was announced for Saturday night at the Hatley chapel recreation hall.

Next Sunday's priesthood meeting will feature a film and a teacher's report at 8:30 p. m.

On Nov. 18 Deseret Industries truck will be here to pick up old clothing. A request has come from all with old clothing or items for the industry to turn them in prior to this date as the material is needed for shipment at the church headquarters at this time of year.

Open House by Bickel School's PTA Unit Held

Open house was held Monday night in the Bickel school. The Halloween theme was used in the lower grades to decorate the rooms and the upper grades decorated rooms to demonstrate studies.

During the regular PTA meeting, Frances Anderson, principal, gave a brief outline of the emergency evacuation drill held recently in the school. She said it was "quite successful." She also announced National Education week will be observed at the school from Nov. 6 to 12 and all parents are invited to visit the school during that week.

Mrs. Del Slaughter presented two violin solos and Mrs. Vaughn G. accompanied her on the piano. Attendance banners were again awarded to the rooms of Mrs. Bernice Lambert and Mrs. Mable Huxton. This is the second month these rooms have won the banners.

Safety and welfare was added to the PTA's budget. The funds in welfare are used to provide needy children with necessary clothing, reports Julian Johnson, budget chairman.

Do you know why intelligent people suffer more headaches than others?

Doctors agree: many suffer headache pain because of their finest personality traits. Intelligent perfectionists can drive themselves too conscientiously. Mounting tension makes scalp and neck muscles grip blood-vessels like clenched fists, choking blood-flow. ACID collects, attacking nerves which shoot pain. Tablets that merely soothe nerves don't remove pain's real cause. Only

new Micrainin contains a medication doctors prescribe for such pain. Pyridine-3-Sulfite, it expands pinched blood vessels, bathing nerves free of headache-causing acid. For fast, more complete temporary relief, take new Micrainin at the first hint of simple headache. No prescription needed. Get Micrainin at your drugstore.

Measure the amount of evaporated milk called for in the recipe. Then pour into an ice cube tray. Place it in the freezing compartment of the refrigerator. Never dilute evaporated milk to be whipped. Place the bowl and beaters in the refrigerator to chill while the evaporated milk chills until refrigerated to chill while the evaporated milk chills until chilling. Let the evaporated milk chill until the fine ice crystals form around the edges. Then turn it into the cold bowl. Whip the chilled evaporated milk rapidly with the cold beaters until it is stiff and will hold a peak. Use the whipped evaporated milk immediately. The whip may be made to stand up longer by the addition of lemon juice which acts as a stabilizer.

Kimberly Girl And Lucht Wed In Chapel Ritual

HANSEN, Oct. 24 — Pamela J. Motherhead, daughter of Mr. and Mrs. Henry Motherhead, became the bride of Derald Lucht, son of Mrs. Clifford Urie, Hansen, and Alfred Lucht, Paul, in rites held at 2:30 p.m. Saturday, Oct. 15 at the Kimberly Christian church.

The Rev. Martin Torrence officiated at the double ring ceremony before an altar decorated with—candelabra—lighted tapers and pink roses. Bouquets of mixed flowers decorated the communion table and the piano.

The bride escorted by her father—clutch a floor-length Chantilly lace gown over satin. The fitted bodice featured a lace-edged scalloped neckline and long pointed sleeves. The modified full skirt, gathered at the waist, was also scalloped at the hemline, and the train, which was pinned to reveal a white satin chapel train over a hoop. Her fingertip net veil was held with a crown crown trimmed with sequins and seed pearls.

Her jewelry was a string of cultured pearls and carried a handkerchief, belonging to her aunt, Mrs. Ruth Johnson.

Her escort, Derald, was in fashion of pink roses, white spider mums and greenery. The bride designed and made her wedding gown.

Janetta Lucht, sister of the bridegroom, was maid of honor. Madeline Murray, sister of the bride, was bridesmaid. Each wore a light blue cotton shawl sheath skirt length dress featuring three-quarter length sleeves and high neckline and wearing the all the way. They wore white tulle hair and carried bouquets of white carnations and pink roses, backed with pale blue net.

Fenny Motherhead, sister of the bride, dressed in a pink nylon bouffant dress trimmed with pink lace, was flower girl. She wore a bandeau of white carnations and carried a wicker basket of petals.

Bonnie Motherhead, cousin of the bride, carried the rings on a white satin heart-shaped pillow covered with blue lace.

Michael Norris and Jimmy Bourne, cousins of the bride, were candlelighters.

Don Partridge, Kimberly, was best man. Howard Otero, Twin Falls, and Kenneth Motherhead, Kimberly, were ushers.

The bride's mother chose a dark gold wool sheath dress with beige and brown accents. Her corsage was of salmon-colored carnations.

The bridegroom's mother chose a sheath costume and a corsage of black with matching bolero jacket and black accessories. Her corsage was of white carnations.

Mrs. O. V. Motherhead, grandmother of the bride, wore a green fall jersey print dress. Her corsage was also of white carnations.

Mrs. Tom Steinhilf played wedding marches and played merrily.

Peggy Motherhead, sister of the bride, registered guests.

Gifts were arranged by Jody Bourne, cousin of the bride, Mrs. Everett Dull, aunt of the bride, and Cheryl Knapp, sister of the bride, and Charlene Lucht, sister of the bridegroom, carried gifts.

Food for Americans

By GAYNOR MADDOX

CORNISH HENS TREAT
At the time of our first Thanksgiving, Rock Cornish game hens weren't around the woods near Plymouth rock. But you'll find them today in every market.

Nor were those French chestnuts packed in water or brine for use in delicious stuffing. Therefore, to bring the great American feast up to date, let's use Rock Cornish hens and stuff them with French chestnuts.

- Rock Cornish Hens with French Chestnut Stuffing (Yield: sufficient stuffing for 6 Rock Cornish hens)
- 1 quart (4 cups) toasted small bread cubes (croutons)
 - 1 teaspoon salt
 - 1 teaspoon ground thyme
 - 1/2 teaspoon ground black pepper
 - 1/2 teaspoon dried parsley flakes or 2 tablespoons chopped fresh parsley
 - 1/2 cup chopped onion
 - 1/2 cup diced celery
 - 2 tablespoons butter or margarine
 - 1 cup coarsely chopped canned water-packed French chestnuts
 - 1/2 cup chicken broth or water
 - 6 Rock Cornish hens, about 1 1/2-pound each
- Combine bread cubes (meat), salt, black pepper and parsley (before) to combine beans and margarine until onions are transparent and limp. Add and mix well. Stir in chopped chestnuts and broth or water. Rub the

inside of body and neck cavities of hens lightly with salt and ground black pepper. Fill with stuffing.

Fasten neck skin to the backs of each with a skewer. Close body cavities with skewers. The legs are stiff and fasten to the tail. Rub outside skin with softened butter or margarine. Place on a rack in an open shallow pan. Bake one hour or until skin is golden, in a pre-heated slow oven (325 degrees F.).

Another modern variation on the Thanksgiving theme is an unusually interesting appetizer from California made of garbanzo and red kidney beans:

- Appetizer Beans**
(Serves 10 to 12)
- 2 (1-pound) cans garbanzo (1 (1-pound) can red kidney beans)
 - 1/2 cup vine vinegar
 - 1/2 cup oil (half olive oil)
 - 1 teaspoon garlic salt
 - 1/2 teaspoon coarse black pepper
 - Crisp lettuce leaves
 - Finely chopped parsley or green onion
- Thoroughly drain garbanzo and kidney beans; turn beans together into a bowl. Shake or beat vinegar, oil, salt and pepper together until well blended. Pour drained beans; stir to distribute.
- Cover and refrigerate several hours or overnight; stir once or twice to combine beans and margarine. Drain beans and pile into a serving bowl lined with crisp lettuce leaves; sprinkle chopped parsley or green onion over top.

NCAA Adopts Resolution Aimed at Ending AAU's Control of Basketball

NEW YORK, Oct. 24 (AP)—The council of the NCAA Monday endorsed a proposal that would, in effect, strip the AAU of its power over basketball in the United States. The proposal was in the form of a memorandum from a special committee and the NCAA executive committee. The committee said that a United States basketball federation of five interested organizations representing intercollegiate competition, armed forces competition, open competition, plus an at-large member be formed.

Major Moans In Losing on Great Effort

BY MAJOR HOOPER
Twi! How great must I be to lose! I have lost two or three times in the past few days. I am again in came through with only four incorrect games out of 20 possible and this was a good enough record to receive even a honorable mention. Before one of you who missed three checks at my maturing, I would like to have two or three to rate this week.

Our champion of the week is Mrs. Robert S. Twiss, Twin Falls. She is the former high school basketball star. Mrs. Twiss will receive \$10 for her outstanding effort of missing only one shot out of 20. She is also the champion of the week in the Shoshone-Halley tie.

The other nine places were decided on the point system as all selected only two games.

In second was Kenneth Polkman, Jerome, while Mrs. Bill Fitcher, Piler, claimed the third spot. Honorable mentions go to D. Alford, Burley; Jack Haddock, Twin Falls; Cornell Bird, Twin Falls; Harold Piler, Robbie Bartlett, Piler, and Billy Drake, Hansen.

This week's schedule does not seem too difficult. Therefore, I expect one or two of you to win me in perfect prediction. Remember that Friday noon deadline.

New Faces to Be Included In Mat Card

Four new faces will be included in the weekly wrestling and presented at 8:30 p.m. Tuesday at the Radio Rendezvous.

The main event will pit a star of Pacific Northwest Bob Miller, who now wrestles at the local level, against a Washington product. Robert has appeared in the local arena for several years and is a popular figure.

In the semi-final, Terman Zimm will take on Homer O'Connell. Promoter Tex Hager believes the style of both wrestlers is probably almost even but Zimm is better.

In the special event, George O'Connell, a 230-pound Greek-out wrestler, will take on Fred Larson, a British Columbia grappler. Rossi is regarded as one of the "new" stars in the wrestling business and is expected to show the true ability of the young man. Larson, a pro for several years, has wrestled almost all the big name stars and never has humiliated.

Moore Drops Rademacher Eight Times to Score Non-Title TKO

BALTIMORE, Oct. 24 (AP)—Ageless Archie Moore floored Pete Rademacher eight times and scored a six-round technical knockout Monday night in a scheduled 10-round non-title fight. Referee Benny Goldstein stopped the bout at 2:10 of the sixth round after the staggering Rademacher was sent down for the last time with a hard right uppercut. Moore, in his 25th year of boxing, weighed 198 lbs.

In the sixth round for a six-count. After he went down under the pulverizing right uppercut, Goldstein quickly raised Moore's hand in victory for the 184th time in 215 fights.

Rademacher, who started his pro career five years ago with a heavyweight championship bout against Floyd Patterson, now has a 13-7 record. The net gate was \$10,618.

After a lull after first three rounds, which drew boos from the crowd of 3,800, the 47-year-old Moore knocked down his 35-year-old opponent with a left hook to the solar plexus at the end of the fourth round. Rademacher took a four-count before the bell rang.

Rademacher, who weighed 192, was cornered early in the fifth round and went down five times under a barrage of blows. He took counts of seven, five, nine, nine and nine, the last time as the bell rang.

A hard left to the breadbasket again decked Rademacher early in the fifth round.

Pro Overtures Made to Nicklaus
MONTGOMERY, Me., Oct. 24 (AP)—A world tour with Arnold Palmer and a yearly income reaching into six figures are the bait being dangled before Jack Nicklaus, the U.S. amateur champion, to turn professional.

The 200-pound Ohio State senior acknowledged Monday that the offers are tempting but repeated that he's not buying—not immediately, at any rate.

"I may turn professional tomorrow and I may not turn professional for 50 years," Nicklaus said as he prepared to return to his studies at Columbus, O., and forget about golf until next spring.

Spahn, Donovan Are Majors' Top Hurlers

NEW YORK, Oct. 24 (AP)—Warren Spahn of the Milwaukee Braves captured his third National league earned run championship and Dick Donovan of Washington paced the American league in 1961, the final averages disclosed Monday. Spahn, a 21-game winner, won-lost state.

Donovan, recently traded to Cleveland, was the first Washington pitcher since Garland Braxton in 1928 to win the American league crown. The big right-hander gave up 45 earned runs in 169 innings for a 7.40 mark, acting as a 3.60 average, compiled by the Associated Press.

Donovan had two shutouts among 10 victories. He lost 10, 412 by one run.

Jim O'Toole, left-handed ace of the pennant-winning Cincinnati Reds, was second in the National league with a 3.60 average. He yielded 81 earned runs in 233 frames while compiling a 19-9 record with two shutouts.

Curt Simmons of St. Louis was third at 3.12. He was followed by Mike McCormick of San Francisco, the 1959 pace-setter. McCormick finished at 3.20 on a yield of 89 earned runs in 250 innings. He pitched three shutouts. Bob Gibson of St. Louis was fifth at 3.24. Then came Joe Gibbon, Pittsburgh 3.32 and Sandy Kousser, Los Angeles, 3.32.

Bill Stafford of the New York Yankees was the American league runner-up. He permitted 58 unearned runs in 165 frames for a 2.68 average. Stafford won 14 games, lost nine and pitched three shutouts.

Don Mossi was third with a 2.95 rate. The Detroit southpaw gave up 79 earned runs in 240 frames while compiling a 16-7

Gem Cadets To Train at T.F. Armory

For 29 hours this week-end 32 Idaho army national guard cadets enrolled in the Idaho military academy will train at the Twin Falls national guard armory.

The cadets, coming from distant parts of the state, will begin their week-end assembly at 8 a.m. Saturday and continue through 1 p.m. Sunday, holding the watchful eye of two tactical officers and the academy commandant, Lieut. Col. H. V. Smith, Boise.

The assembly, first ever held in Twin Falls since the academy was organized, is one of four state before the next summer active duty training at Gowen field if the cadets complete all requirements of the academy, they will be commissioned second lieutenants in the guard at field training next June.

During the Twin Falls week-end assembly the cadets will remain at the armory, attending, eating and attending classes. Instructors will include officers of the 116th armored cavalry from Twin Falls.

Instructors will include Maj. V. L. Stanfield, Lieut. Howard Moore, Maj. Samuel Newberry, Lieut. Col. Lauren Meyer, Capt. Raymond Tate, Second Lieut. Gerald Love, Second Lieut. Pat Parrot and Capt. Orin D. Coyne.

Some of the classes to be taught will include medical aspects of nuclear explosion, nuclear defense and the individual soldier, security against air, armored and airborne attack and chemical, biological and radiological protection.

With the exception of some outside assemblies during the two days, classes will take up the cadets' time. Maj. Lawrence Laughridge, 116th armored cavalry adjutant, reports.

The original class which started with June's summer field training at Gowen field, has been reduced some by the calling to active duty of some Idaho national guard units, Major Laughridge noted. Those cadets have been transferred to Utah to complete officer training.

"The public is invited to witness the type of training the IDA is conducting," the major said. "The military and cadet classes required for graduation and will give an insight into what cadets must do to qualify for a commission."

N. Y. Reports Fishy Rackets

NEW YORK, Oct. 24 (AP)—Where there's smoke there's sturgeon—so it isn't plain Mississippi spoonbill.

The New York City department of markets announced yesterday that what gourmets have been buying as smoked sturgeon—a culinary delicacy—may have really been the ordinary Mississippi spoonbill, or paddletail.

Market Commissioner Anthony Maciarelli said a year-long investigation disclosed that some city fish markets have been selling the \$1.55-a-pound spoonbill as the \$7-a-pound sturgeon. When smoked, the two look alike and taste alike.

Three Schools Receive Funds

NEW YORK, Oct. 24 (AP)—The universities of Michigan, Washington and Princeton will receive grants totalling 7.5 million dollars from the Ford foundation for long-term development of international studies, it was announced today.

Michigan will receive 3 million dollars, Princeton 2.5 million dollars and Washington 2 million dollars as part of a series of grants begun in 1960 to give major support to universities for research and training on Asia, Africa, the Soviet Union, Near East and Eastern Europe.

44 Killed in India Railroad Wreck

An Indian government investigation is under way to determine cause of this train wreck that killed 44 people. Railway officials blame sabotage. Sightseers gather around smashed coaches and engine at crash scene 130 miles from Calcutta. (AP wirephoto)

Foreign Sugar Quotas Cut To Bolster Prices in Nation

WASHINGTON, Oct. 24 (AP)—The agriculture department moved to bolster domestic sugar prices by cutting 100,000 tons from previously authorized sugar import allocations for India, Brazil, and Nationalist China.

In a similar move to reduce supplies reaching the U.S. market, the department on Oct. 13 reduced Peru's 1961 allocation by 30,000 tons.

In today's action, the cuts were India, 50,000 tons; Brazil, 30,000 tons; and China, 20,000 tons.

The department said a special effort will be made to restore similar quantities of import allocations to Brazil, India, and China from any discretionary import allocations which replace formal import quotas previously set marked for Cuba.

Unit Honors Buhl Woman

BOULDER, Oct. 24—Mrs. A. G. Blawell, Buhl, received the decoration of chivalry during grants to the Rebekah assembly by the Buhl and Rebekah lodges in Boise.

The degree is conferred on members of the order for honorable and meritorious service in the cause of Odd Fellowship and humanity.

Mrs. Blawell, who served as second delegate from the local Rebekah lodge, was further honored by being presented first prize for turning in the most publicity in the LAFM publicity contest.

Mrs. Blawell, a past president of the department association of Idaho and past representative to the international LAFM meetings, served as chairman of the credential committee to the department association meetings; served on the national meetings committee to the department council and extended greetings to the Rebekah assembly by Mrs. Olive Tapp, Colorado Springs, Colo., international LAFM president, during sessions at Boise.

India Reporting Border Clashes

CALCUTTA, India, Oct. 24 (AP)—Red China's army has resumed its nibbling attacks on India's northern border, apparently hoping to seize more territory before winter, the newspaper Amrita Bazar Patrika reported today.

A dispatch from the northeast frontier, quoting "tribal sources," said red mortars shelled Indian frontier guards who resisted the communist pressure.

CHOIR SINGERS
 SHOSHONE, Oct. 24—Special music for the worship service Sunday at the Methodist church was provided by the Choir choir, which sang "Good News." Mrs. Woodrow Harris was director and Mrs. Mary Petlick accompanist. The sermon was given by the Rev. Woodrow Harris and Aetle Mandy was candlelighter.

PTA Group Holds Open House Meet

Lincoln school PTA held its annual open house meeting Monday night with a capacity crowd attending.

An executive board meeting preceded the regular meeting. Invocation was given by Keith Turner. Group singing was led by Mrs. Paul Ellidge, accompanied by Cieta Ritchey.

The business meeting was conducted by Mrs. J. P. Gathings, committee reporter. Reports were given by Paul Eastman, Mrs. Leon McCollman, Mrs. Wayne Johnson, Mack Dodson, Keith Turner and Mrs. Eliza Russell.

It was announced that American Education week will be held Nov. 5-11.

Room attendance prize was won by room 7-B. Room 5-0 won second prize and rooms 16-0 and 5-N tied for third.

Mrs. Virgil Gerney introduced room mothers for the year. They are Mrs. E. C. Thompson, Mrs. C. E. Donnelly, Mrs. Robert Hine and Mrs. Dorel Sweet, first grade; Mrs. Jerry Wallace, Mrs. E. E. Eldredge, Mrs. Shirley Bolton and Mrs. James Brennen, second grade; Mrs. Roger Springs, Mrs. David Barry, Mrs. W. C. Custer and Mrs. Ralph Prentice, third grade.

Mrs. Cheryl Somer, Mrs. Rae Olson and Mrs. George Day, fourth grade; Mrs. Bliss Russell, Mrs. Eugene Pleator and Mrs. Rex Morris, fifth grade; Mrs. Jack Dodson, Mrs. Jack Leavitt and Mrs. Larry Hatch, sixth grade; Mrs. Jessie Mack and Mrs. J. L. Chandler, special education.

Mr. Leavitt's thirteenth gave a short reading entitled, "Youth, a state of mind," written by Gen. Douglas MacArthur. Refreshments were served by the fifth and sixth grade room mothers.

Go South

BRODBRAD, Wis., Oct. 24 (AP)—If it rains on Halloween, head south, advises amateur weather prophet Fred Ties.

Ties said he adds the age of the moon to the age of the month on the day of the first snowfall—an old Indian formula—to get the number of snow storms expected during a winter.

The moon and the month are coming into a fateful conjunction, he said, and snow on Oct. 31 would mean 53 more snowfalls this winter.

Default Ruling Is Vacated Here

DISTRICT Judge Theron W. Ward, in a judgment filed Monday, vacated a default judgment of \$23,112 against Robert Stepanovich in favor of the Contractors Equipment and Supply company, which Judge Ward had made Oct. 6.

Judge Ward said the judgment was set aside at the request of the two attorneys in the case. According to a joint statement signed by H. N. Jewell, attorney for the equipment and supply company, and Lloyd J. Walker, attorney for Stepanovich, the default was due to a misunderstanding.

Soviet Spaceman No Longer Sick

MOSCOW, Oct. 24 (AP)—Soviet Yuri Gagarin, who has been ill for more than two weeks, is well again and attended the communist party congress today, the foreign ministry press department reported.

Gagarin turned down an invitation to visit Genoa to take part in Columbus day celebrations Oct. 12. The Soviet ambassador in Italy said he was sick. Then he canceled a trip to New Delhi scheduled for next Thursday with the same excuse.

Old Readers Denied Place By Educator

TWIN LAKES, Wis., Oct. 24 (AP)—The McGuffey readers, resurrected briefly in a revolt against modern education, were relegated back to curio status yesterday by the state of Wisconsin.

State School Supt. Angus Rothwell wrote in a letter to the Twin Lakes school board, "I cannot approve of your using the McGuffey readers, either as basic textbooks or as supplementary readers."

Rothwell had threatened to cut off state school aid, one-eighth of the Lakewood school's annual budget, unless the McGuffey readers designated primary reading textbooks by the school board in school were withdrawn.

The school board then designated the McGuffeys as supplemental material, in hopes of pleasing state education authorities.
