Public Forum U.S. Troops Overseas Have Lost Rights, Woman Claims

Editor, Times-News:
As I was driving along and listening to the radio in the car, a man began talking about the status of the present status of the troops who now are in another country, known as a former war as the army of occupation. The question of what he said was: "Due to a new and secret pact with NATO, the soldiers in another country are entirely at the mercy of it, if not in control of, any country which they occupy, as far as civil rights are concerned."
Therefore, in an emergency, I should have the constitution of the United States as his protection, but that has, by a secret pact with NATO, been removed. How this came about or why he did not say. But he did dwell upon the fact that our men overseas had to obey the laws of the country in which they found themselves, and could not look to the U.S. for any aid whatever.
Now I do not profess to know who belongs to NATO, but as far as I could gather the soldiers couldn't look to that organization for protection, for the time being, other words, they stand alone, in a foreign land without protection, except for fellow soldiers and they are at the same time fighting our bloody wars for us.
NATO may stand for Nothing At all to offer, it seems. This was a neat trick, put over by a secret pact.
We are all a little weary of the secret pact system and should.

By all means, say so. Now think, if you will, how easy it is to get in jail and keep them there indefinitely. I assume they can no longer go to their ambassadors to make a direct appeal to the U.S. government.
No? Well, someone had better get busy and unpack that secret pact. It is enough that they have left home to fight for all of us; it is enough that they are kept three years at a time. We have better look out for them in whatever they do. Yes, even right now.
With the radios clamoring that the Russians are accusing them of causing "border incidents" and the Germans accusing American troops of causing "border incidents," we must stand firmly, Americans.

Special events include meetings for the women auxiliary, and a dinner. Roy Laird, Dubois, president, with a joint entertainment feature Sunday, Nov. 12.

Hearing on Wilderness Bill Slated This Week at McCall

McCALL, Oct. 28—Legislation which already has provoked the time of the money to go all the way to Washington.
But although the hearings are in Idaho and this state has about three million acres of land which would be affected by the legislation there will be no official state position expressed.
Gov. Robert E. Smylie, a Republican who has denounced the legislation as injurious to Idaho, said he has not been invited to appear and does not plan to attend the McCall hearings.
Smylie asked the Idaho cooperative board of forestry at its last meeting to adopt a resolution expressing its stand on the measure, but a motion opposing the bill failed on a 4-4 tie vote. Voting against were four Democratic state officials.
The matter has not been presented to the state land board, but that agency is composed of three of those same Democratic officials, one other Democrat and Fern Adams.
"Many people who are interested," she said, "would not have Smylie."

No Wonder Reds Duped Some People, Says Writer

Editor, Times-News:
A few days ago, while sorting old magazines, I came across the following item. It was one of the yellow sheets, "The booklet worth writing for," in the February, 1958, issue of Good Housekeeping magazine.
The item in black letters began, "The Communist Party of the United States is a powerful, authoritative and fascinating, this 101 page booklet tells what the communist party is, how it works, what makes a communist tick. Bend 30 cents (not in stamps) to the superintendent of documents, government printing office, Washington, D.C."
In the October 1 issue of the New Saturday Evening Post there is a story by Ring Lardner, Jr., telling the trials and tribulations

of the young people that did join the communist party. It was a terrific shame and certainly a lack of thinking things through that "hooked" so many young Americans. Yet, when you see that this booklet is titled, "The Communist Party of the United States of America," is it any wonder the young people were duped? "The magazine, "Good Housekeeping," is one of the prominent publications that is supposed to have a strict censorship of everything published in their pages.
It was with surprise and grief that I noticed this item. I thought it might be well at this time, to bring it to the attention of our citizens again.

Writer Blames 'Selfishness' For Wilds Bill Opposition

Editor, Times-News:
From the unfounded objections to the wilderness bill from various sources it appears that the contrary minded either misunderstand or have analyzed the bill or have selfish political or commercial interests in mind.
Most of the objections given are entirely untrue and they attempt to pull the wool over the eyes of the public. The opposition has not given actual facts but merely misleading opinions. This leads to only one conclusion, they must have ulterior motives.
The bill affects less than six per cent of the state of Idaho and the land involved is already under federal control. It does not create any new agencies.
The bill does not damage any number enterprises. No area now subject to timber cutting is included.
The bill does not interfere with livestock grazing, as a special provision provides for continuation of now established grazing.
The bill does not give access to miners. National forest areas now open to mining will still be subject to prospecting and may be opened to mining if it is deemed to be in the public interest.
The bill does not lock up any area but keeps it open as wilderness for all, not to be exploited for special commercial interests.

In short the wilderness bill is an attempt to protect and preserve the last remnants of untouched wilderness, before it is too late, to be enjoyed by those who are so inclined in the present and future generations. It does not deny the general public anything that they now have in these areas.
The wilderness bill is not the vicious act that the few greedy opponents would have you believe, but simply provides that the intent of wilderness area will remain wilderness in their natural state for time to come.

Three Arrested At Local Store

Twin Falls police arrested three shoplifters at the Gateway Store, Inc., 812 Main avenue north, within a one hour period Friday evening.
James R. Pool, 36, Chelan, Wash., and Emory Woodrow Brown, 29, Blaine, Calif., were arrested at 4 p.m. Brown had two cartons of cigarettes and Pool had one carton.
Mrs. Nellie Gould, 69, route 2, Twin Falls, was arrested at 5 p.m. at the store for shoplifting. She was released by Twin Falls Police Judge Dale Adamson on her own recognizance. She will be arraigned at 2 p.m. Monday.
Brown and Chelan were released Saturday morning on the provision they leave town immediately.

4 Congressmen To Appear Here

A "Paul Revere" panel of four Republican congressmen currently touring the country, will appear at a noon luncheon at the Twin Falls American Legion hall Tuesday.
The congressmen who are to appear in Twin Falls comprise one of five panels stamping the U.S.A.
Topics "they will bear down on" are excessive government spending, "Backdoor financing" of federal projects, foreign policy, executive leadership and acreage in government, David Head, in charge of the luncheon, explained.
Appearing on the panel which plans to make a "whirlwind tour of the state" are Rep. Robert F. Griffin, Michigan; Peter H. Dominick, Colorado; Charles E. Goodell, New York, and John Anderson, Illinois, he said.

San Antonio Will Choose New Solon

SAN ANTONIO, Tex., Oct. 28—San Antonio voters elect a congressman next Saturday in a special election that follows one of the sharpest liberal vs. conservative fights in Texas history.
The campaign of Democratic State Sen. Henry B. Gonzalez and Republican lawyer John Goode, Jr., has been in striking contrast to the typical Texas election in which each candidate tries to convince the voter that he is more moderate than the next middle-of-the-roader. Texas one-county district has about 140,000 voters.
Gonzales, 44, has hitched himself firmly to the program of the Kennedy administration, for which he campaigned throughout the nation last year.
"I would like to go to Washington as an enthusiastic Democrat carrying a message to the President that the people of Bexar county think that the party he leads is doing a good job," Gonzalez said in a statement.
Goode, 38, came out against "federal control of agriculture, our school system, medical care, in any field where state and local governments are doing the job that needs to be done."
"Our tax revenues should go into defense, not into social experiments," he said.
Goode, a former county Republican chairman, and Gonzalez, a former city councilman and mayor, have largely ignored the other three candidates in the race in which the high man will win regardless of whether he receives a majority.

Strike Causes Lack of Milk In New York

NEW YORK, Oct. 28—Ten-million residents of New York City and Long Island began a week-end with virtually no milk today because of a strike by deliverymen and plant workers.
Mediators representing the federal, state and city governments met management and Teamsters union negotiators in an effort to get the trucks rolling again by Monday.
But no quick solution was in sight in a dispute over wages and other issues. Management held that acceptance of union proposals would force an impossible increase in the price of milk.
Women with baby carriages queued up at milk distributing plants to obtain last dwindling supplies. Such plants that still had milk usually limited it to two quarts to a customer.
Most hotels and restaurants had bought extra milk as the strike loomed but their supply was running low.
The strike began Tuesday when one of five Teamsters locals handling milk in the metropolitan area walked out. Two others joined the walkout the next day.
A fourth local, representing 10 northern New Jersey counties, has been posturing a strike on a day to day basis.

Too Late

President Kennedy deserves praise for trying his administration to be 'careful and frugal' in spending in an effort to reduce the federal deficit in the current fiscal year.

The President is right in pointing out that appropriations by congress "are a ceiling, not a mandate to spend."

On the other hand, during budget preparations it's a common practice of any governmental agency to ask for more funds than could possibly be expected.

After congressional approval, it's too late to reduce expenditure of federal funds.

Perhaps it's a little unfair to the Kennedy administration to hand it all the blame for what is shaping up to be a whopping 8-billion-dollar deficit in the present fiscal year.

The President's real chance to bring a little economy into government will come during budget preparations for the next fiscal year.

Somehow, it's difficult to avoid a "wait and see" attitude, particularly when the Kennedy administration is spending on such costly projects as aid to education, public power and such similar governmental excursions.

The enormous phosphate deposits of southeastern Idaho constitute possibly the state's most valuable resource.

One of the first industrial developments based on the phosphate deposits came around the end of World War II.

Yet with all the phosphate industries, the possibilities have barely been scratched.

The latest news in the field is an agreement between International Minerals and Chemical Corporation and the Husky Oil Company to develop a billion-ton deposit of phosphate reserve near Soda Springs.

More phosphate industry expansion can be expected as the demand for fertilizers increases.

Nevertheless, the additional population and income are valuable.

WASHINGTON, Oct. 28 (NPA)—It is the difference between socialism and communism," says J.R. of Richmond, Va.

"Socialists and socialist parties, loosely affiliated in what is called the Third International, attack industry, politics and industry, in the essence of socialism. It is not to be suspended in a so-called transitional period.

COMMON SENSE — True, socialism and communism had a common origin in the European socialist movement from which Lenin split during his Bolshevik revolution.

"Communists claim already to have achieved socialism in the USSR — which democratic socialists deny — on the way to 'communism' which they say is the end of the journey.

ANTI-RED'S ANSWER — Senator Thurmond's reply: "All of the Marxists profess to seek the same goal—their differences stem from methods of approach and implementation.

NO INALIENABLE RIGHTS — The evolutionary process, as we know it, is a result of evolution. It does not necessarily in the implementing state reveal a disregard for individual liberties.

THE Marxist doctrine, of whatever shade, leaves no room for a concept of inalienable rights given to man from birth by his Creator."

FALSE GAUGE OF 'COURAGE' Two young men, 18 and 21, collapsed during a marathon race. It was not a matter of standing endurance measures, died before reaching the hospital. They had run on a hot and humid day in spite of the coach's warning to "cut back or even quit" if it seemed too much for them.

THE sheer manly gravitas were spoken regarding the medical supervision of athletes. But the case in death problem (because of death) was evidently the cry of Ohlken! A crowd, doubtless the same crowd that hopes to see married bodies at auto races, egged the boys on—not to a display of courage but to a proof they were not cowards or quitters.

It has always been the affliction of young men to prove themselves, but the crowd screams a message that is a cruel and not a derogated but its absence might be. Thus our kids pile themselves in the middle of a dusty road, in the middle of a desert, vainly, idly ready to "cut back or even quit" if it seemed too much for them.

THE four are in custody for telephoning a bomb alarm. The way the matter is being handled, and the planning of school officials to meet such a situation, make it seem unlikely that the entire student body make up the hour's time lost when the building was evacuated after the bomb threat.

THE bomb explosion hints that Khrushchev is not entirely mad. The situation in Moscow. Persons who know the Soviet leader seem convinced he would have preferred to avoid actual exploitation of a nuclear test.

There's also enough, that is the role attributed to Lansdale, who spent four years as Magway's right hand adviser.

There also appears to be a slight change in the "Ugly American" troubleshooter, was a mythical character who was instrumental in helping the late President. Ray was a Democrat who stomped out communism in the Philippines.

WASHINGTON

WASHINGTON, Oct. 28 (NPA)—If South Viet Nam is lost to the communists, it will be because the United States frittered away eight months' time in bureaucratic red tape and indecision.

"It was no secret that the communists—once they had a good chunk of Laos—would use it as a corridor for sending their organizers into South Viet Nam."

"It was so well known in fact, that by late 1960 officials at the state department and the Pentagon had worked out almost identical programs to meet the crisis anticipated in late 1961."

"It was so well known in fact, that by late 1960 officials at the state department and the Pentagon had worked out almost identical programs to meet the crisis anticipated in late 1961."

Both state department and Pentagon plans called for vigorously instituting a crash program to help the local citizens of the famous communist-crushing program that President Magway carried out, so brilliantly in the Philippines a few years ago.

This meant, above all, the urgent training of South Viet Nam army units to help the local citizens build roads, schools and clinics as yet.

experience in basic economics. I can distinctly remember when I got a job of cleaning my car. It gave you the feeling you were a real sports car and something of a patron of the fine arts. Now as I'm so busy on training my officials so busy on training my officials elsewhere, that they were halting about making decisions as yet.

Today the portrait of George Washington would have to undergo a real face-lifting job to do that level.

The erosion of money confidence in small amount uncollected debts and goes on. It seems, no matter what we do or how we govern the government.

A few weeks ago, for example, I was in the kitchen in my office a quarter for a shoeshine. As I had for many years. He shook his head.

"Thirty cents for a shoeshine?" asked, a bit dazed.

"Why not?" he replied. "The state of everything else has gone up, gotta raise my price too."

A few days ago I asked him if his 30-cent said he cost him around it.

"No," he said. "Why should it? Business is as good as over. There's an extra nickel to most. Well, to one man at least that extra nickel was a disqualification."

His announcement was greeted by a crowd of Democratic Party members. Richard M. Nixon, who says Eisenhower Republicanism is a "domestic carcass," like the brand of Republicanism is as vigorous and healthy as ever.

North's jump to three diamonds will be a proper example of the jump about by a passed hand.

Capital Notebook

WASHINGTON, Oct. 28 (NPA)—The Kennedy tribes touch football pastime reportedly on the verge of dying out.

Recent rallies, drafted in desperation from office personnel and the press corps, have had their difficulties in keeping up with the rigorous demands of the Kennedy game. Says one:

"Those boys play touch football for keeps."

"Touch football, however, is not dead yet. Peace corps personnel are patrolling after Big Game. The Kennedy pasture with a weekly touch game on the Ellipse."

There's a bit of speculation in Washington to the effect that one of the few "good guys" in the 1960 novel, "The Ugly American," was perhaps the first President.

There's also enough, that is the role attributed to Lansdale, who spent four years as Magway's right hand adviser.

The real reason behind Finnish President Urho Kekkonen's visit to the United States has caused much speculation in Washington.

Poor Man's Plato

NEW YORK, Oct. 28 (AP)—Have you ever noticed how freebie your money is lately?

It doesn't go so far. Money is like people. As it gets poorer, it does more things as it did when you're young.

Remember the two-dollar bill, the two-bit haircut, the nickel cup of coffee, the 15-cent haire, the penny postcard, the nickel after, the nickel dog, and the 15-cent ham and cheese sandwich?

Remember the heaping five-cent cream cone, the nickel trolley car ride, the nickel candy bar?

All these landmarks of low-priced living stand out in my memory. But the average middle-aged, middle class American, by dreams of them sometimes as he drives to work in the car he cost him four times as much as the car he drove in his youth.

The jingle of coins in his pocket used to be a satisfying sound. Now a jingle doesn't mean anything. There's no more of the crinkling sound of folding currency.

It makes a man a bit sad to realize that both he and money have grown older, and neither will ever quite be again what they used to be.

Well, to one man at least that extra nickel was a disqualification.

Interpreting the News

BY WILLIAM L. RYAN Associated Press News Analyst BERLIN, Oct. 28—Soviet explosion of a nuclear bomb provides another clue to a two-front battle royal inside the world communist family.

On one front, Premier Khrushchev's sense still is to be struggling for a clear victory over his enemies. This included the Soviet part of the party central committee and presidential.

It is to be admitted, as likely to do so from the military side the roadward holdovers from the Joseph Stalin era still in high places, and the military side the conservative marshals and generals who watchword for years has been caution.

Agency Plans Rural Loans For Housing

SHOESHONE, Oct. 28—Families in small rural communities and in rural areas, although not actually located in Twin Falls, may be eligible for housing loans, according to Roy Gipson, farmers home administrator, Federal Reserve Bank of Boise.

The housing act of 1961 broadens eligibility requirements to include communities of less than 2,500, which includes town residents of those communities, Gipson said.

Interest rate is four per cent per year and loans may be scheduled up to 30 year. Eligibility requirements require ownership of a farm or of a house that needs repair and financing. Funds are provided by private lenders and the FHEA will make and service the loans. The area committee of the FHEA determines the eligibility of applicants for loans. Gipson will review building plans and inspect construction to make sure the borrower obtains sound and acceptable construction.

Small improvement loans may be obtained in amounts of less than \$1,800 with a promissory note for security. Other loans are secured by mortgages, he noted. Gipson said further information may be secured at his office here. Mondays are set aside for receiving the completed applications.

Because of the drought of the past season, the supervisor said, the Shoshone office has already received more applications than can be processed for some time.

Postmaster Job Open for Malta

MALTA, Oct. 28—Applications are being accepted at the Malta postoffice for the position of postmaster. The district price commission announced today.

Applicants for the postmaster vacancy must have at least one year of experience and education above high school level may be substituted for six months of experience.

Applicants must take written test and be 18 years of age on or by the closing date of acceptance of applications which is Nov. 21. Application blanks may be obtained at the Malta postoffice.

COMPLETION NOTED
SHOESHONE, Oct. 28—Second Lieut. Orlan W. Shook, son of Mr. and Mrs. Cissuta F. Shook, Shoshone, completed the 16-week officer rotary wing aviator course at the U. S. Army primary helicopter school, Camp Wolters, Tex.

Publisher Is Speaker for Burley Meet

BURLEY, Oct. 28—Jack Mullooney, publisher of the Twin Falls Times-News, was featured speaker at the employer-employee dinner of the Burley Chamber of Commerce held Thursday evening here. The hostess, editor of the Mindoko County News, Rupert weekly newspaper.

"The Twin Falls Times-News is the only difference between the rural areas, although not actually located in Twin Falls, that our plant is in Twin Falls. Our policy is that news from other towns is equally as important as news from Twin Falls," Mullooney said.

Mullooney read a letter he had presented Times-News employees on improving their relationship with each other.

To show the importance of sales persons being well informed about their company's advertising program and products, Mullooney played a tape recording of conversations between sales people and customers.

The Idaho Bank and Trust Company will the floral centerpiece for having the most employees at the meeting. There were 125 present.

Garrard Radio and TV furnished stereophonic dinner music. Everyone present was given a copy of U. S. Commerce Secretary Luther Hodges' article, "Economic Stimulus."

The merchants committee plans to have another dinner meeting next year.

Cruelty Charged In Divorce Case

Roaslie Schlund in district court from Ronald Schlund, charging extreme mental cruelty.

The wife was married April 11, 1959, at Twin Falls. Their community property includes household furnishings and a 1963 Chevrolet, which Mrs. Schlund states she believes has been wrecked and that the defendant has received money for the value of the car.

She asks that Schlund be required to pay all outstanding bills and attorney's fees. She requests that her former name, Roaslie Moffit, be restored, and that the defendant be awarded either the car or its value.

The case is represented by Rayborn, Rayborn and Webb.

Seven Enlists
Seven Magic Valley youths recently enlisted in the United States navy through the Twin Falls navy recruiting station.

They are Arnold Hull, Burley; Dale Harsell, Buhl; Richard Brown, Eden; Lewis Meyer and Harry Noel, both from Groveland, Paul, and Jerry Armstrong, Twin Falls.

Launching of New Satellite Will Be Soon

WASHINGTON, Oct. 28 (U-P) — A 150-pound, cigar-shaped communications satellite will be placed into orbit from Cape Canaveral, Fla., in the next few weeks to test the readiness of Project Mercury's worldwide tracking network.

The Mercury program, operated by the national aeronautics and space administration, has as its ultimate goal the sending of a three-man spacecraft to the moon and returning it by 1970.

A four-stage solid-propellant launch vehicle will be used to place the satellite into an elliptical orbit around the Earth—400 miles away at its farthest point.

The payload will remain attached to the 64-pound burned-out fourth-stage casing. The total weight in orbit will be 215 pounds.

During the satellite's first three orbits around Earth, its equipment will broadcast signals to be picked up by Mercury network stations in the United States, Mexico, Bermuda and Australia.

South Viet Nam Reports Attack

SAIGON, South Viet Nam, Oct. 28 (U-P)—South Viet Nam's government today announced its southern province. An Giang—about 114 miles southwest of Saigon—has been under attack from Cambodians.

The government spokesman said no details were immediately available.

There was no indication whether the attack had come from the outside or was a local revolt by Cambodian residents, many of whom are Vietnamese of Cambodian origin.

There have been reports of unrest among these residents who have been under Communist Cong pressure and were forced several months ago to cross the border into Cambodia.

ISC Business Director Will Address Rupert Banquet

RUPERT, Oct. 28 — Frank Seelye, head of the Idaho State college division of business administration, will be featured speaker at the business-agriculture banquet sponsored by the Rupert Chamber of Commerce at 7:30 p.m. Wednesday at the Catholic Parish hall.

According to Robert Hilliard, chairman for the event, invitations have been sent to 200 merchants and farmers and their wives. The dinner is an annual affair, held in an effort to strengthen public relations between the two groups.

In addition to his duties as head of the business administration, Seelye is director of the ISC bureau of business research which coordinates and plans such college-sponsored events as the annual tax institute and credit union institute.

A businessman for 25 years before entering business-education, Seelye has been a member of the ISC faculty since 1958. From 1955 to 1960 he was an associate lecturer and lecturer at the University of Washington. He was consultant to various firms and organizations, including the navy and Westinghouse, from 1953 to 1960.

He is a member of the American Economic association, the Industrial-Relations Research association, the Western Economic association and Alpha Kappa Psi, professional business fraternity.

Seelye also is a member of the Pocatello Chiefs, an honorary organization established by the Pocatello Chamber of Commerce to award civic leaders for significant contributions to the community, area and state.

Hilliard reported that the "Farmer of the Year" award would be made at the banquet. Candidates are being interviewed this week, he said, and winner will be named at the dinner. Nominees include Lloyd Patterson, sponsored by the Pioneer

DR. FRANK SEELYE

Grange; Thomas Maberly, by the Rupert Grange; Martin Meeker, by the West End Grange, and Gerald W. Schneider, by the Paul Grange.

Hilliard said a group composed of members of the Agriculture committee of the Chamber of Commerce, the two county agents, who make up the judging committee will tour the farms of the candidates Monday.

KENT, O., Oct. 28 (U-P)—College students are cramming again—this time for examinations but into things.

A group of Kent State University students are clamoring for a world record: 141 male students jammed into one three-man dormitory room.

No one seems to know what the old record was for the feat—if there was one.

Wind Gust Rolls Trailer on Road

BURLEY, Oct. 28 — A sudden gust of wind knocked over a trailer being hauled behind a Truitt, Utah, resident's car 10 miles north of Malla on highway 50N at 1:30 a.m. Saturday, reports Idaho State Patrolman Roy C. Harting.

The accident caused an estimated \$300 damage to Ralph J. Nelson's 1955 Cavalier trailer, the officer said. No one was injured and no citations were issued.

Board Notes Bypass Route Saves Money

BOISE, Oct. 28 (U-P)—The state highway department says construction of the interstate highway along a bypass route through the Boise area would save motorists more than four million dollars a year in travel costs.

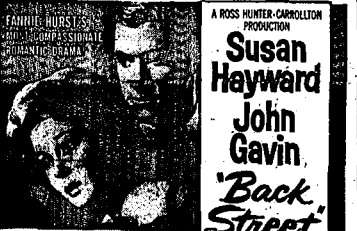

The saving is claimed in the brochure prepared by the department for use at the public hearing Nov. 12 when the routing will be considered.

Six interchanges are planned on the proposed route which traverses the southern portion of the capital city.

In addition, a spur route from the west would penetrate Boise to the present junction of U. S. highway 20-26-30 and would have an additional three interchanges. A short-spur route from the east would terminate in an interchange at the junction of U. S. 30 and Broadway avenue.

Cadet Waits for Inspection

Cadet Norman L. Edwards, Paul, stands at strict attention as Lieut. Lawrence W. Personette, left, Idaho Falls, and Lieut. Col. H. V. Smith, Boise, Commandant Idaho military academy, inspect his equipment and clothing. Thirty-one Idaho army national guard cadets, enrolled in the Idaho military academy, set up encampment in Twin Falls national guard armory Saturday for two days of military drill and instruction. Staff photo-gravering.

31 National Guard Cadets Attend Military Academy

Thirty-one national guard cadets enrolled in the Idaho military academy converged on the Twin Falls armory from throughout the state Saturday for two days of military drill and instruction. The assembly, first ever held in Twin Falls since the academy was organized, is one of four held at different locations in the state prior to next summer's active duty training at Gifford Field. The course, under the direction of Lieut. Col. H. V. Smith, Boise, commandant of the academy, is designed to "develop leadership." The cadets are remaining at the armory over the week-end. With the exception of some outside assemblies during the two days, classes are taking up most of the time. Classroom subjects include medical aspects of nuclear, chemical, biological, and radiological protection. Cadets selected for the program receive 250 hours of academic instruction, Colonel Smith reports. To qualify, the cadet must be a national guard member between the ages of 19 and 27, a high school graduate, physically fit, pass a mental examination and be recommended as a potential leader. Cadets who complete the rugged academic and military course are commissioned second lieutenants in the national guard.

Anniversary of Statue Reported

PARIS, Oct. 28 (AP) — French and American officials joined today to mark the 79th anniversary of the statue of liberty in New York harbor with a ceremony at its smaller copy on an island in the Seine river. The original, towering statue—now a U. S. landmark — was executed by the French sculptor Frederic-Auguste Bartholdi and given to the United States by the people of France. The statue on the Ile des Cygnes was the gift of American residents to the City of Paris.

Johnson Warns U.S. Will Fight

GAINESVILLE, Fla., Oct. 28 (AP) — Vice President Lyndon B. Johnson has issued a blunt warning to the Soviet Union that the United States will use the full force of its growing military might to preserve its freedom. "History shows that free men stand firm in the defense of freedom," he said in a University of Florida homecoming talk last night. "They do not know surrender, and they do not submit, whatever the cost." Coupled with his strong words on the Soviet threat was an appeal for national unity in the battle against communism. He declared in indirect reply to critics of President Kennedy that "America can be defeated by irresponsible, arrogant party leaders."

Premier Seeks Monument for Stalin Victims

MOSCOW, Oct. 28 (AP) — The Soviet Union published an appeal from Premier Khrushchev today that a monument be built in Moscow to the victims of Stalin's purges. The premier told the communist party congress yesterday that these victims ran into the thousands. This was the first such public accusation by Khrushchev in the Soviet Union. Khrushchev's earlier denunciations, starting with his 1956 speech, have not been published here.

Pickets Protest Nuclear Trials

NEW YORK, Oct. 28 (AP) — Nearly 3,000 persons — including beatniks, bachelors and young mothers with baby carriages — picketed the Soviet Union's United Nations headquarters building today to protest nuclear testing. Some staged a sit-down inside the building or on its stoop and were carried away bodily by policemen. Twenty-three of the demonstrators were arrested and charged with disorderly conduct.

CARNIVAL PLANNED

Tryouts for Dilettante Unit Production to Be Nov. 1, 2

The Dilettante Group of Magic Valley Saturday issued its fourth annual call for tryouts for its coming March production, "Kiss Me, Kate," a musical comedy with a Shakespearean theme.

Vocal, dancing and speaking tryouts will be held Wednesday and Thursday evenings, Nov. 1 and 2, at 8 p.m. at the Twin Falls Junior high school auditorium under the direction of Vern G. Hedner, director, and Del Slaughter, musical director.

Emphasis in tryouts this year will be on male roles. Except for the two female singing leads and another woman's vocal role, all other parts are for men. The second male lead, Bill Cathorn, is a dancer primarily, although he also must be able to sing and act. The first male lead, Fred Oran, is a baritone role.

The women's parts include Lilli, a soprano, Lois, a torch singer, and Hattie, who opens the show with the song "Another Opus, Another Show."

Also in the cast are two persons who perform a shuffle-type dance while singing "The Too Darn Hot," and a duo of gangsters whose song is "Brush Up Your Shakespeare." There are several men speaking parts in the production.

Persons interested in vocal and dance choruses parts are also asked to come to tryouts. Mrs. Joe G. Hackney and Mrs. Dan Nielson will be choreographers, and Mrs.

Hansen Says He'll Run for Solon's Seat

Orval Hansen, R., Bonneville, majority leader of the Idaho house of representatives and commander of the eastern Idaho squadron of the Air Force association, announced he would run for the house of representatives in the next election, as his spouse, to members of the Magic Valley Air Force association Friday evening at the Turf club.

He said, "The United States should not let the fear of offending world opinion deter us from adopting policies we believe to be right."

"America cannot completely ignore the opinions of other nations, particularly its allies, in formulating its foreign policy," he added.

"When the Soviet Union has concluded the current series of nuclear tests," he said, "Khrushchev will undoubtedly admit I will wave the olive branch and launch another phony peace offensive."

Hansen added, "at the risk of being unpopular among many nations, the freedom of us all requires that we conduct any testing necessary to develop and improve our arsenal of nuclear weapons."

Humorist Is Featured at Burley Meet

BURLEY, Oct. 28—Dave Livingston, Washington, Ia., well-known lecturer who bills himself as "America's funniest farmer," spiced a serious discussion of America's role in world affairs with a running series of quips.

Livingston addressed 215 persons at the season opening banquet of the Burley and Fork club here Friday at the Elks club.

His topic was "Polshots around the world."

Livingston, whose sons are missionaries in Korea, told his audience when poorer nations are successful because of capitalism, this is far more effective than large-scale aid extended by the U.S. government.

Two examples were given: His sons used refuse from a fishing village to fertilize a four-acre plot and grow vegetables on the land, considered useless by the Koreans; and the experiences of Jim Thompson, an ex-GI in Thailand, who started a silk industry in that Southeast Asian nation.

In both instances, Livingston pointed out, the experiments were successful because the natives were required to invest their own capital in these ventures. In Korea, the natives purchased seed from Livingston's missionary sons; in Thailand, natives bought looms and raw materials on the installment plan from Thompson, resulting in their own success.

The speaker contended America is the greatest nation in the world, Christianity, which emphasizes education, plus a capitalistic system which permits free, untrammelled economic growth, have made our nation great.

Livingston, discussing the pace of American life, said science and technology would change our life unbelievably in the next five years.

He noted that Burley, as "the frozen potato capital of the world," is very much a part of this continuing change, as exemplified by frozen dinners.

The speaker vividly described frozen foods as "the best meals you ever thaw."

Mack Crook was chairman of the dinner meeting. He said the club would meet next Nov. 16, and Jack Booth, Birmingham, Ala., a national speech contest winner, will give the main address.

Miss Rohlfing Is Wenz's Bride in Lutheran Rituals

BUHL, Oct. 28 — St. John's Lutheran church, Buhl, provided the setting scene for the Oct. 28 double ring wedding in the marriage of Miss Marie Rohlfing, daughter of Mr. and Mrs. Victor Rohlfing, Buhl, and Ernst George Wenz, Omaha, Neb., son of Mr. and Mrs. Ernst Wenz, Covina, Calif.

The Rev. M. D. Hilgendorf solemnized the ritual before a background of lighted candelabra and heavy baskets of yellow and white chrysanthemums.

Given in marriage by her father, the bride wore a ballerina length gown of white lace over satin, designed with a Sabrina neckline, lily point sleeves and a lace overskirt. A queen's crown of pearls held in her shoulder-length veil of bridal tulle. She carried a lace handkerchief belonging to her mother and a bouquet of white roses and carnations.

Deana Schroeder, maid of honor, selected a street length gown of white tulle and a white sash. The bridesmaids wore a scoop neckline, short sleeves and a full skirt.

Her small veil was held by a white velvet crown and she carried a bouquet of white and gold chrysanthemums.

Victor Wenz, Covina, Calif., was best man for his brother, Earl Meier, and Leo Meier wore tuxedo jackets and ushers.

"Let Us Ever Walk with Jesus" was sung by the congregation.

Mrs. Rohlfing chose a black brocade dinner dress and pink accessories. The bridegroom's mother wore a steel blue sheath gown with a black velvet coat and blue accessories. She carried a corsage of pink carnations.

The newlyweds greeted guests at a reception held after the ceremony in the church basement.

The bride's table was centered with a four-tiered white cake decorated with heart-shaped lattice work, gold bells and doves holding miniature wedding bands. The table was topped with a cluster of three large white wedding bells arrayed with net bows and lily of the valley.

Reception assistants included Mrs. Earl Meier, Mrs. Vernita Meier, Mrs. Charles Walker, Regina Thiemann, Judy Graesch and Charlotte Schroeder.

Mrs. Leo Meier registered the 75 wedding guests. Cathy and Janice Spring presided at the gift table.

For a wedding trip to Omaha, Neb., the bride selected a green knit dress and a solid-colored coat.

The bridegroom is stationed with the air force at Offutt air force base, Omaha.

The bride is a 1961 graduate of Bellevue high school and the bridegroom is a 1962 graduate of Covina high school.

Special out-of-town guests included Mr. and Mrs. Ernst Wenz, son, Victor and Johnny, Covina.

Light, Airy Look Predicted for Fall's "Precious" Jewels

Continue jewelry takes on a precious, real look for autumn. Pearls, left, emphasize the light, soft look of daytime wear. They are newest when they are tiny and twisted into multiple strands. They are shown here in 22-inch length. An elegant gold fringe collar, center, is worn with soft, flexible mesh bracelets and gold tassal drop earrings. The airy appearance of fall jewelry is epitomized in this pendant drop necklace, right, and tiny pastel beads entwined with its gold chains.

Food for Americans

By GAYNOR MADDOX

Although there are many things to think for, it may be wise not to try to eat them all at one meal. A lot of men and women today are worried about being too fat.

That's why in many homes, a few lower calorie versions of traditional Thanksgiving dishes on the menu will be welcome and, at the same time, delicious news.

This recipe is made with low-calorie butterscotch pudding and is served in a graham cracker crust. It is also low in fat. It looks and tastes like the real thing, yet it's just 106 calories per serving (163 calories when made with skim milk) compared to 283 calories in a serving of "regular" pumpkin pie.

PUMPKIN PIE

2 envelopes butterscotch dietetic pudding, unflavored
2 cups whole or skim milk
2 cups pumpkin
1/4 teaspoon cinnamon
1/4 teaspoon nutmeg
1/2 teaspoon ginger
2 teaspoons non-calorie sweetener

1 baked 8-inch low-calorie graham cracker crust, cooled.
Add pudding mix to milk, whisk in moderate heat. Then cook until mixture comes to a boil. Remove from heat, add pumpkin, spices, and sweetener. Mix well. Cool for 8 minutes. Pour into pie shell. Chill until firm, about 2 hours. Cut into slices. For those not worried about calories, a special ice cream pie is something to be thankful for, also:

New Slate of Leaders Picked By Area WCTU

New district officers elected during the district convention of the Women's Christian Temperance Union include Mrs. Lillian Rayburn, president; Mrs. Ralph Baker, vice president; Mrs. Jerry Glinzerich, corresponding secretary, and Homer Schnell, treasurer.

The convention was held last week at the First Nazarene church in Twin Falls. Mrs. Rayburn conducted the session.

The invocation was given by Mrs. Mabel Roton, state vice president. Devotions were given by the Rev. Robert Jackson. The flag salute was led by Mrs. Homer Schnell and a welcome talk was given by Mrs. Bender.

A special song, "In the Shadow of the Cross," was sung by Leith Glinzerich and Ida Holsinger.

Various union activity reports were presented.

A covered dish luncheon was served at noon in the Fellowship hall of the church.

Mrs. Roton stressed the importance of the examples set by mothers for their families.

The White Ribbon Recruitment service was led by Mrs. Roiga.

The main address of the afternoon was given by Mrs. Mabel Roton. She stated that there are an estimated five million alcoholics and some three million "habitual" drinkers in the United States. These figures are in comparison with 2,240,000 cases of polio, cancer and tuberculosis.

Mrs. Roton also mentioned that 475 is spent yearly on the advertising and from 10 to 12 billion on the purchase of alcoholic beverages.

A "Miracle of Life" was sung by Mrs. Herbert Hendrix and Mrs. Doyle Mason. Violin and piano numbers were presented by Travis Sharp and Marvis Boopple.

FTA Initiation, Held at School

Mrs. Andrew Hilsinger, junior principal, spoke on "What It Is to Be a Teacher." Harry Denton presented two piano solos.

Refreshments were served.

Church Services And Film Are Meet Highlight

WENDELL, Oct. 28—The Wendell circle hosts a meeting of the United Presbyterian Women at the church.

"Remember" was the devotion. The devotion was presented by Mrs. Arthur Denton on six communion services, presided by June Moser in Grace of the Philippines, Korea, Czechoslovakia, Japan and India.

A film, "Treasure at Bethel," was shown. Mrs. M. E. Schmitt was in charge of the discussion. The Rev. J. A. Jennings led group singing.

Mrs. Fred Harris gave the initiation ceremony and announced plans for Wednesday Community day to be observed at the church at 2 p.m. Nov. 2. Mrs. Neal Ambrose, chairman of the Wendell circle, will be collecting. Piece-goods patterns for school bags to be collected. Piece-goods patterns are available from circle chairman.

It was announced that Franklin Holsinger, Boise, will present an organ recital at the church at 7:30 p.m. Nov. 12. The recital will be sponsored by the Presbyterian Men's council. The public is invited.

Plans were made to attend Presbyterial at Jerome Monday. Registration will begin at 9 a.m. The Wendell representatives will present the "New Opportunity" program.

Any member who has completed either set of the church reading books are asked to notify Mrs. Walter Wilcox.

Family night is scheduled for Nov. 1. A potluck supper will be served at 7:30 p.m. Stickers will be given by Mrs. and Mrs. Roy Shearn missionaries in Korea, will be shown.

Miss Thompson, Loggis Exchange Vows at Chapel

BRIDING Oct. 28—Marilyn L. Thompson, daughter of Mr. and Mrs. Harold Thompson, and Paul Loggis were married in a double ring ceremony at the United Methodist church, Twin Falls, Idaho. The bride is the daughter of Mr. and Mrs. Paul Loggis, Rhinlander, Wis., and Bath, N. Y.

Outdoor baskets of yellow and white chrysanthemums and lighted taper in graduated candleholders formed the background for the ceremony performed by Rev. John Oldman, Jr.

Altar vases also held arrangements of bronze and yellow chrysanthemums. The yellow and white theme was also used in the arrangements for the organ and choir. The organ and choir were directed by the same flowers tied with white satin. The flowers were from the garden of Mrs. Ralph Peters, who also arranged them.

Mrs. Donald Jacobson, soloist, sang "Oh Perfect Love" and "How Do I Love Thee." Mrs. John Stiel, Jr., was organist.

The bride, given in marriage by her father, wore a gown of white tulle and tulle with the scoop-neckline and extending down the front was Alenon lace and pastels. The crown tured, fitted bodice, lily point sleeves and a bouffant skirt ending in a chapel train. A small bouquet held her well. French illusion tulle carried tallman roses tied with French tulle and red satin on white. Bibble. Her wedding jewelry was a single pearl necklace.

Sharon Thompson, sister of the bride, was made of honor. She wore an emerald green nylon organza dress, a velvet crown hat with lace veil, white gloves and emerald green shoes.

Bridesmaids were Ann Thompson, Murtough; Mrs. Ronald Davis, Burley, cousin of the bride, and Jerril Eshberry and Wednesday, both Idaho Falls, college roommates of the bride. Each wore a Nile green nylon organza dress, taffeta dress, white velvet crown hat with a lace veil, white gloves and Nile green shoes.

Each carried a basket bouquet of yellow chrysanthemums and bronze pompons.

Ren Thompson, brother of the bride, and Gary Wight, American Fork, Utah, cousin of the bride, lighted the candles.

Lori Harrison, Malad, cousin of the bride, was flower girl. She wore a bouffant dress of white tulle over white taffeta and carried a basket of rose petals.

Bevern Thompson, brother of the bride, carried the rings on a white satin pillow.

Dan Loggis, brother of the bridegroom, was best man. Ushara were Max Thompson, brother of the bride; Jack Sinkhorn, Bath, N. Y.; Bruce Fox, Twin Falls, and Jeff Woodward, Idaho Falls.

The bride's mother chose a ruffled knit sheath dress. The bridegroom's mother wore a beige sheath dress. Each wore a corsage of yellow pompons.

Jeanne Hancock registered the guests at the reception that followed. Gifts were arranged by Mrs. William Holman and Mrs. Gary Harris, both Twin Falls, and carried by Suzanne and Joan Harrison, Malad, cousins of the bride.

The bride's table was covered with a white linen cloth with a white nylon skirt over yellow. The white four-tiered wedding cake was decorated with green leaves and topped with a miniature bride and groom. It was placed in a mirror and surrounded with greenery.

Yellow tapers in crystal holders flanked the cake.

Mrs. Bruce Fox, Twin Falls, and Mrs. Earl Pulkerson, Pocatello, high school classmates of the bride, out and served the bride and groom.

The newlyweds were presented at the punch bowl and Lucille Harrison, Malad, aunt of the bride, poured coffee. Members of the United Methodist Women's association arranged the reception.

Background music during the reception was furnished by Julie Wight, American Fork, Utah, cousin of the bride.

The bride changed to a blue and white afternoon dress with beige accessories for the trip to Redfish lake and Sun Valley. She wore a corsage from her bridal bouquet.

The newlyweds raised in Moscow where both attend the University of Idaho.

Out-of-state guests included Mr. and Mrs. Paul Loggis, Rhinlander, Wis., and Bath, N. Y.; Dan Loggis and Mrs. Charles Morell, both Rhinlander, Wis. Other guests were from Malad, Twin Falls, American Fork, Utah; Idaho Falls, Pocatello, Payette, Burley, Murtough and Ogden and Missula, Utah.

Prior to her wedding, the bride was honored at a personal shower by her roommates, Mr. and Mrs. Bruce Fox, Twin Falls, entertained at a dinner and the parents of the bride were hosts at a lawn buffet dinner for the wedding party after rehearsal Sept. 15.

Twin Falls Defense Unit Provides Key as Bruins Shut Out Bulldogs 10-0

A mud besmeared defensive unit rose to its greatest moments Friday night to give the Twin Falls Bruins a 10-0 Southern Idaho conference victory over the Nampa Bulldogs. The game was based entirely on defense with the Bruins using two fumbles and four pass interceptions to hold the Nampa offense at bay almost all night. The game also provided several firsts. It was the first conference win of the year for Twin Falls; the Bruins' first victory over Nampa since 1951 and the first time Twin Falls had shut out a Nampa squad since the conference was organized in 1941. On a more personal note, it was the first time coach Paul Ostyn ever defeated his former high school coach, Jerry Dellinger, in football, and the first time an Ostyn football team had beaten his high school alma mater.

Although coach Ostyn praised his entire defensive unit, the big highlights were provided by Dave King, Jim Genn, Jerry Rudolph and John Graybill. Their electric effort, the blocking and running of Dave McClusky and another good night for junior wingback Joe McCollum.

Nampa got loose against the Bruins only once when it marched 80 yards only to be stopped by a breakthrough tackle by Graybill that shook the ball loose and let Twin Falls recover.

Genn set up the Bruins' offensive fireworks, all of which came in the middle of the first half. The 195-pound junior, moved to end just last week, broke through to recover a fumble on the Twin Falls 42-yard line. McCollum ripped for 22 yards in two tries and McClusky added 11 more as the Bruins moved out the Nampa 21-yard line. Genn with a fourth and two situation, McClusky dropped back to the 22-yard line and booted a field goal.

Nampa picked up a first down after the kickoff and then was held. A bad pass from center led to the intended punter and Genn recovered on the Nampa 20-yard line. McClusky swung outside for 18 yards and two plays later, McCollum belted in from three yards away.

Nampa ate up the third quarter with its long march, which lasted 23 plays before Graybill's tackle gave the Bruins the ball on their own 21-yard line. Two minutes later, after a short punt, Nampa was back on the Bruin 36-yard line but again Graybill broke the march. A Bulldog ball carrier for a nine-yard loss.

From then on the Bruins played inside Nampa's defense. The two Randolph pass-interceptions plus another by Harold Lyons kept Nampa in the hole. But the Bruins were thwarted twice by fumbles on the seven and 11-yard line and another McClusky field goal attempt that missed by inches.

Carey Battles To 6-6 Draw With Hornets

CAREY, Oct. 28 — The Carey Panthers missed a field goal conversion in the final second of the game and settled for a 6-6 draw with the favored Declo Hornets Friday in the season finale for both clubs.

The Panthers drew first blood when Eddie Williams shook loose on a 50-yard scoring jump on a double reverse. The Bruin's second period the Panthers moved inside Declo's five-yard line but were held.

In the third period, Declo recovered a fumble on the Panthers 30-yard line and went in for the touchdown. Bob Darrington scored 14 on a four-yard pincush.

Carey made two more attempts in the last quarter, again getting to the Declo five yard line twice. On the second attempt, a field goal attempt missed as the final buzzer sounded.

The game was played during a snowstorm.

Grand View Belts Bliss Bears 48-7

GRAND VIEW, Oct. 28 — Grand View belted Bliss Bears 48-7 last night to stay alive in the Snake River conference title race.

Grand View scored three times early in the first period and had a 28-0 halftime edge.

Glyde Allen scored the only Bliss touchdown in the second half on a five-yard sweep and Mike Millott plunged for the conversion.

The defeat ended the Bear season with a 6-3 record.

Passer Is Smothered

Back Fred Quin (25) of Northwestern finds himself swamped by Notre Dame defenders in the first quarter at South Bend Saturday. The passer was hit by a wave of Notre Dame players, center Tom Hecomovich (53), guard North Roy (6) and tackle Joe Carroll (73), but wriggled away and ran the ball for a nine-yard gain as they overcharged. 10th Ranked Bengals Stop Montana State

POCATELLO, Oct. 28 (UPI)—Idaho State college's Bengals staved off a late drive and went on to defeat Montana State college here today 14-12 in a homecoming game played in a sea of mud before 2,000 chilled fans. The victory gave the 10th ranked Bengals five wins and one tie for the season to keep their record spotless. Montana State, 18th ranked by UPI, showed edge power in the opening quarter as the Bobcats gained 23 yards after the kickoff with Bill Mulcahy passing to end Bill Cordis for the last 23 yards. Bengal center Larry Combs blocked the kick attempt.

ISU took the kickoff then drove 65 yards in the first quarter with Brian Brown capping the action with a two-yard plunge off tackle. Leo Mello made the extra point to put the Bengal's coin in front.

Coches Babe Gacela's eleven scored again late in the second quarter as Darl Thornton hit Jim Fransen with a perfect pitch of 23 yards into the end zone. Mello's kick split the uprights again and Idaho led 14-6 at half-time.

Both teams battled evenly early in the third quarter until ISU began another march which carried them all the way to the Bobcat four. The Bengal's fumble proved costly as MSO recovered.

With 10 minutes left in the game, Montana state drove 65 yards with Ken Christison going the final eight yards on a keeper. However, when the Bobcats elected to punt for the point after touchdown they were smothered by the Bengal line.

The Bengal defenses were called on again late in the quarter when the Bobcats drove from their own 21-yard line to the 35-yard line of ISU after taking a Bengal punt. The Bengals held them off.

ISU held the ball several plays, but MSO took over once more. With 10 seconds left on the clock, the Bobcats tried two desperation passes which failed.

It showed eight inches here prior to the game and the field had to be cleared with a bulldozer before action got underway.

CAMAS COUNTY, OAKLEY SHARE MAGIC VALLEY LOOP TITLE

21-Point Effort By Helwich Sends Pilots to Victory

KIMBERLY, Oct. 28 — Terry Helwich scored 21 points Friday afternoon in his swan song as a high school grid star as he paced the Glenn Ferry Pilots to a Big Eight conference championship. The Pilots topped the Kimberly Bulldogs 21-8 to finish the year with only a tie to finish their loop record. But it was three tackles by Helwich that apparently saved the day as the stubborn Bulldogs refused to yield under championship pressure.

In the second quarter, Helwich was the only man with speed enough to haul down Kimberly's Richard Cook after he broke into the clear. In the last half, Helwich twice made the tackles after Kimberly passes that could have been touchdowns.

After fumbling away one deep third in the first quarter, the Pilots went in front on the first play of the second period with Helwich cracking in from two yards out. He then got the first of three conversions.

Early in the third quarter Kimberly made a great defensive stand. Glenn Exler's first and goal on the Bulldog 40-yard line but four plays later, Kimberly took over on its own 23.

But the Pilots came back before the period ended with Rich Sobosobal and Helwich pecking away at the Bulldogs.

Kimberly, after being stopped on the 15-yard line, came back with a punt from Rudy Exler to Cook for the only Kimberly score.

The Pilots took the kickoff and ground to another touchdown, this time by Helwich and Sobosobal again setting it up.

Basically this will affect Twin Falls scheduling in both football and basketball. The Bruins should both teams be available for the 1963 year, will have only one week of rest in football and four in basketball.

"This will provide for all of us," says Paul Ostyn, Twin Falls athletic director. "The only thing that bothers us is the athletic relations we have established with Minico, Jerome and Burley. We are sure we will be able to play only two of the schools this year."

It might be possible for us to work out some sort of alternate schedule that will enable us to play each of the three opponents for three years. They helped when we were looking for games and I hope to be able to schedule the three schools as an athletic director here."

The new Pocatello high school will divide the current schedule of the three schools into three schools an equal 1,000 to 200 apiece.

It is doubtful if the BIG will be working for new members now," says Coach Ostyn. "Even if the issue lasts fall, it will give the schools an extra year to schedule and build a solid and equal schedule. We at Twin Falls are hopeful of the third Boise school coming to a reality as a result of the traditional Veterans' day game. Twin Falls hasn't had one of these since 1950."

In the past three years, the conference has offered invitations to Minico, Burley and Bonville. Minico and Burley defeated White Bronzettes last season. Bonville has been in the issue each year.

McNew Leads Buhl to Win From Filer

BUDH, Oct. 28 — Richard McNew scattered 30 yards with the opening kickoff Friday afternoon to point the Buhl Indians to a 7-0 victory over the Filer Wildcats.

McNew made the run behind the lead blocking with Filer's Ford throwing the key ones.

With seconds left in the first half, Buhl struck again on a 20-yard run by Bill Hilliard to Dick Jardine.

A fumble set up the third touchdown. McNew scooping up the ball and running 10 yards to the Filer three-yard line. The next play, FILER was sent a pass from Mitch Maughan to Gary Oppinger got the extra point.

Filer scored all its points in the fourth quarter. Kelly and Montgomery broke through to the end zone on the drive. The game was a safety. Minico later scored from three yards and Garwin Lorrain scored from the third.

T.F. Sophomores Blank Wells 36-0

The Twin Falls sophomores, playing their best game of the season, blanked the Wells 36-0 Saturday afternoon.

The junior Bruins scored three times before Wells had the ball. On three successive drives, the Sophs put up the opening block. Wells fumbled and Twin Falls recovered. Curtis Eaton scored from three yards and Art Vandenberg got the third.

In the second period, Eaton took the lead with a 30-yard reverse sprint to make it 20-0 at halftime.

A 25-yard driving pass from Matt 300 McClintock came in the third period and Eaton went 10 yards for a last-period touchdown.

Punt Block Attempt Fails

Kansas end Larry Allen leaped high into the air in an attempted punt block in front of Oklahoma State kicker Ted Davis (24) at Lawrence Saturday. Oklahoma State backs Roy Wesley (23) and Mike Miller (10) were on the ground as they pulled back to protect Davis. Allen's high leap was unsuccessful but Kansas won 42-8. (AP wirephoto)

Fumble Lets Minnesota Rally in Final Seconds to Nip Michigan

MINNEAPOLIS, Oct. 28 (UPI)—Spectacular Sandy Stephens brought back Minnesota from almost certain defeat as he guided the Gophers to two touchdowns in the waning minutes and gave Minnesota a 23-20 victory over Michigan today. A homecoming crowd of 63,898 sat in astonishment as Minnesota retained possession of football's most storied trophy, the Little Brown Jug, with a touchdown in the last minute and one-half.

The Gophers got an incredible break to set up the winning score. On the first play after the Wolverines held the Gophers deep in Michigan territory, half-back Bennie McRae fumbled and Judge Dickson recovered Minnesota on the Michigan five.

Stephens pushed the ball to the one-foot line in three running plays and then handed to Dickson who cranked into the end zone for the triumph.

Only minutes earlier Stephens cut into a 20-8 Michigan lead when he hit John Campbell on a 47-yard touchdown pass.

Stephens, who was married Thursday, went 63 yards in the second period for the Gophers' first touchdown. It was the longest run for Minnesota in the eight-year regime of coach Murray Warmath.

Stephens accounted for 38 yards in running and passing, 63 more than the other Michigan players. He also passed for a pair of two-point conversions.

Stephens started on defense as well, intercepting a desperation pass by the Wolverines in his end zone to end Michigan's last drive.

The defending national champions are unbeaten in the Big Ten. They lost their opener 6-0 to Missouri.

Ohio State Outscores Badgers 30-21

MADISON, Wis., Oct. 28 (UP)—Ohio State, a probable Big Ten national, without an aerial bombardment by Wisconsin Ron Miller and ground out a 30-21 victory over the Badgers today by a bruising Big Ten duel.

The Buckeyes put on a brilliant display of ball control in pouring 300 yards of steady offense since an opening 7-7 deadlock with Texas Christian.

Ohio State rolled to a 10-0 lead, then led 21-0, scored in the second quarter. Reserves played most of the game after the Jackets scored two first-quarter touchdowns.

Tech quarterback Stan (The Man) Gann engineered the early scoring, mowing the smooth-running Badgers for 12 plays for the first touchdown. Halfback Zolla Rife scattered 10 yards to start the four.

SMU Rallies to Edge Texas Tech

DALLAS, Texas, Oct. 28 (UP)—Sophomore Jerry Rhone turned the game Southern Methodist Mustangs into one of the most dramatic of the dual minutes today to personally spur the points to a 3-7 Southwest conference victory over Texas Tech.

It was the first varsity starting assignment for the slender homegrown youngster, son of a Dallas high school coach. He ran 40 yards and threw for 34 more in an 80-yard surge that brought victory from what had appeared a most certain defeat.

Until Rhone ignited the Mustangs' touchdown explosion drive Texas Tech had completely dominated the game on stampeding ground in the air, but had been forced to use a 60-yard interception return by soph halfback David Rankin for its only score.

NEW YORK, Oct. 28 (UP)—Ground was broken today for the \$600-million 18-million-dollar Grand Central stadium, future home of the New York baseball Mets of the National League and the New York Giants of the American Football league.

Hornets Nip Tigers 13-7, Musers Top Devils to End Year With 7-0 Marks

FAIRFIELD, Oct. 28 — The Camas County Musers unleashed a terrific offense Friday afternoon as Magic Valley conference they blanked the Murtaugh Red Devils 13-7 Friday afternoon 37-0 and claimed a share of the Magic land claiming a share of the loop title.

Valley conference championship. The Musers share the title with the Oakley Hornets as both teams posted 7-0 records.

Senior halfback Gary Gill got the close untricked late in the first quarter when he returned a punt 37 yards to the Murtaugh 18-yard line. Three plays later Gill went over from the 10 and also converted.

Early in the second period, a pass play from Mitch Perkins to Randy Stinson covered 40 yards and got six points. The Red Devils tried to gamble deep in their own territory and gave up the ball on the 12-yard line. On the first play, Gill swept and got for the score. In the last two minutes of the half, the Musers went 2 yards to score.

The touchdown came on a nine-yard strike from Perkins to Keut Kralj.

The Musers maintained their scoring touch as they took the second half kickoff and went 60 yards in 12 plays to score. This time Perkins threw a nine-yard touchdown strike to Stinson.

Gill, who was playing the last game of a star-studded career, capped the afternoon by romping 44 yards late in the third quarter. Murtaugh mustered three breaths in the last quarter. But the Devils drove fizzle on the four, six and 20-yard lines.

UCLA Strikes Quickly to Dump Indians

STANFORD, Oct. 28 (UP)—UCLA's avit Bruins struck for two touchdowns with 59 seconds just before the half and rolled on to a 20-0 victory over the unucky Stanford Indians.

Pushed all over the field during most of the first two quarters and held to a net of eight yards in the first five minutes before the half, the Bruins moved like lightning when opportunistic knacker came on the field.

They marched 83 yards in 13 plays for a touchdown and scored when Mickey Haffner punted over from the one just 69 yards from the goal line.

Stanford got the ball and worked it back to the UCLA 35 just three seconds before the intermission. Stan Lindskog stood back on the 41 and, with a 15 mile an hour wind behind him, fired a field goal. But the kick floated high in the air and dropped short of the goal posts.

Kernell Alexander, a 188 pound punter, grabbed it on his own 13, got one key block and then raced down the sidelines 87 yards for a touchdown with nary an Indian near him.

That sealed the game away for the Bruins. But they added another 100 yards in the second quarter when Johnny Walker intercepted a pass and six-sassed 85 yards to score.

Pirates Clear Bench, Beat Young Club

HAGERMAN, Oct. 28 — The Hagerman Pirates cleared the bench Friday afternoon in taking a 42-14 victory over the team but undermanned Hanson Huskies.

Playing largely freshmen, the Huskies' only bright spot came on a 47-yard touchdown pass and 45 yards by 110-pound sophomore Mike Bailey.

Keith Crist enjoyed a great play despite the cold and rainy weather. He threw for five Hagerman touchdowns. The Hagerman scoring parade included two touchdowns by Ken McCammon and Darwin Pugh and one each from Adolph Engles, Bob Simmons, John Anderson, Chris and Moore. Simmons added three conversions and McCammon got one.

Butler and Bailey split the conversions for Hanson.

Devils Cap Homecoming; Belt Bruneau

DIERICH, Oct. 28 — The Dietrich Blue Devils celebrated homecoming with their biggest offensive display in two years as they blanked Bruneau 40-0.

Mike Cantrell, outstanding on defense and offense, oiled the Devil machine rolling with three touchdowns.

Tom Rolfe scored first from five yards out and Larry Anderson converted. In the second period, Cantrell scored on a reverse with Rolfe converting. Before the half ended, Anderson shifted and got for 11 yards and six more points.

Cantrell opened the third period with an end run scoring sprint with Brent Jones converting. Mitch Halcy, center, took a pass from Anderson and scored from 40 yards away.

Les Geog joined the scoring parade with a 28-yard run on an end-around play. Anderson converted.

Tigers Hold Bobcats to 7-7 Deadlock

BURLEY, Oct. 28 — The Mountain Home Tigers held the favored Burley Bobcats to a 7-7 draw Friday afternoon in a driving rainstorm.

The Tigers, three touchdown underdogs, moved in front on a drive in the first period. Then the Bobcats pulled themselves back to a 7-7 tie.

Burley fashioned a big threat in the second period, when full-back Dennis Page broke loose for 60 yards before being pulled down at the Tiger 15-yard line. But Mountain Home stymied the drive.

Early in the fourth quarter the Bobcats pulled themselves together for a solid march. A pass by Jack Estes proved the big gainer as Burley ground out one yard line and sent Grant Marinissen over from there.

Utah State Fresh Topple ISC 14-0

LOGAN, Oct. 28 — Utah State's freshman football team scored twice in the first half and then held the ISC to a 14-0 victory yesterday.

Darrel Duncan and Darrell Steele scored a touchdown each for Utah State. Idaho State dominated the second half, but the Bengal yearlings couldn't get inside the Utah State 20.

Indians Eke Out Win Over Valley

SHOSHONE, Oct. 28 — The Shoshone Indians fought off several bids by the Valley Vikings to claim a season-ending 20-14 victory Friday afternoon.

Valley showed a tough afternoon in the second quarter. Valley led from the one-yard line and then took off a 75-yard march that took 14 plays. A 27-yard run by Dean Williams set up a one-yard scoring plunge by LaVerne Bernall.

Early in the third quarter, Valley led from the one-yard line and then took off a 75-yard march that took 14 plays. A 27-yard run by Dean Williams set up a one-yard scoring plunge by LaVerne Bernall.

Purdue Converts Breaks Into Surprising 9-0 Victory Over Hawkeyes

LAFAYETTE, Ind., Oct. 28 (UPI)—Aroused Purdue, using the breaks on a rain-drenched gridiron, turned spoiler and upset fifth-ranked Iowa 9-0 today in a Big Ten clash before about 40,000 fans. It marked the first time in 79 games that Iowa was held scoreless—going back to the last game of the 1952 campaign when Notre Dame came off with a 27-0 triumph. It also snapped the Hawkeyes' six-game winning streak, four this season. It was a miserable day weather-wise, with a steady downpour pelted Rose-Ade stadium, and it worked in Purdue's favor. Iowa's brilliant Matt Szykowsky failed to unlock his stalling passing attack that carried him to the top of the heap in the league.

Purdue scored on a touchdown after a pass interception in the first period and added a field goal in the third after a fumble recovery. The loss knocked Iowa from the Big Ten lead and gave Purdue its first loop win in two tries. Szykowsky, who hit on 14 of 37 passes and three touchdowns against Wisconsin last week, connected with eight out of 17 for 82 yards. But two of his throws were intercepted, and the first gave Purdue its winning margin. Quarterback Ron Digravio intercepted Szykowsky's pass on the fifth play of the game to give Purdue the ball on the Iowa 37 and the Bollermakers scored in 12 plays. Quarterback Ron Digravio, who snatched over from the one, also set up the marker with a 20-yard pitch to Tom Bloom. Although Purdue had the best of it in rushing on the muddy field, the Bollermakers couldn't score again until touchdown on a 28-yard field goal after guard Stan Szurek recovered Bernie White's fumble on the Iowa 41. Digravio hit Bill Tull of nine aerials for 43 yards, but Iowa retained Purdue in the air 44-0. Purdue was ahead in running, 140 to 101.

Brown Beats Somodio to Retain Title

MANTUA, Oct. 28 (AP)—Franklin Joe Brown, Houston Tex., twice flooring his younger opponent, easily outpointed Bert Somodio of the Philippines tonight when making a record 113 successful defense of his world lightweight championship. Brown, 35, and the 27-year-old challenger, to the canvas for no count in the fifth round and for a nine count in the 11th. He also ripped open a cut on Somodio's left cheek and staggered him with a solid right cross in the seventh. The champion also scored repeatedly with sharp jabs and uppercuts. The decision was unanimous, referee Arch Hindman scored it 74-52 under the five-point system. Judge Tony Petronella had it 71-45 while Rafael Torres of Manila had the titleholder in front 71-66. Hindman and Petronella are executives of the U. S. National Boxing Association. A crowd of 26,000 in Arangca Coliseum saw the Somodio attack and fight fast. He scored frequently in the in-fighting in the early rounds as Brown tried to keep him away with constantly moving lefts and an occasional uppercut. Brown, a prohibitive favorite, took the offensive suddenly in the fifth. He landed a hard right to the jaw that knocked the Filipino down on one. Somodio got up immediately.

Pittsburgh Stuns Navy in 28-14 Upset

PITTSBURGH, Oct. 28 (AP)—Quarterback Jim Traficant, fully recovered from a pre-season training injury, scored on runs of eight and six yards and handed off for another touchdown play today to snap Pittsburgh out of four-game losing streak with a 28-14 upset over fumbling Navy. Traficant, who missed one entire game and saw only limited duty in Pitt's four defeats because of a leg injury, played up to his billing potential by flitting in all but one of the Panthers' touchdowns. More than 1,000 non-playing midshipmen from the brigades at Annapolis also sat in but didn't have much to do about until the last two minutes when Navy scored twice. Traficant, a senior from Youngstown, O., opened the game on the surprised Middle the first time Pitt had the ball by capturing a 60-yard march with an eight-yard touchdown sprint up the middle. In the third period, Clark on a 13-yard second, and Traficant scored again later in the same quarter by circling right and for six yards on a keeper.

A couple of Pitt sophomores, halfback Bob Reed and end John Jenkins, teamed up on a 27-yard scoring pass in the final period for Pitt's last touchdown.

Oregon Posts Upset Win Over Huskies

PORTLAND, Oct. 28 (UPI)—Sky-high Oregon ended seven years of football frustration against favored Washington today by handing the Huskies a 7-6 defeat. Sophomore Buck Corey's conversion, the first Oregon extra point against the Huskies since 1956, proved the winning margin. Oregon last defeated Washington in 1954.

Army Is Upset 7-3 by West Virginians

WEST POINT, N. Y., Oct. 28 (AP)—Glenn Houston's nine-yard plunge after a disastrous Army misplay swept underdog West Virginia to a 7-3 comeback triumph today on the field. Leading in the third quarter on Dick Heyd's 40-yard field goal, Army set up its own downfall when a fourth-down pass play went awry. West Virginia took over on the Cadets' 13-yard line. Houston, the outstanding runner this crisp, sunny day, smashed the nine, took a breather while a pass fell dead, and then romped into the end zone for the winning touchdown. Glenn Bennett put the icing on the cake with his extra-point placement. "The Cadets were in hot water all day, particularly with the officials. "Time was called twice in the first quarter as the Cadet corps cheered in their own language over Virginia's signal-calling. The referee stopped the game a third time and warned Army that the Cadets' interference would demand a penalty. "There will be a 15-yard penalty," it was announced over the public address system. "If the boys does not cease while the quarterback is calling signals."

Twin Falls' Bruin Boosters and friends of the high school will meet at 7 a.m. Tuesday in the Desert room of the Roger-Son hotel.

Pat Trammel Leads 'Bama Past Houston

HOUSTON, Tex., Oct. 28 (AP)—Pat Trammel, a 193-pound senior, passed for one touchdown and ran for another tonight as undefeated Alabama scored its sixth straight victory by defeating the University of Houston 17-0. Trammel's passes also sparked a 42-yard second period drive that led to a 33-yard field goal by Tom Davis. Shortly after Davis' kick, the Crimson Tide cut loose with a 66-yard touchdown surge. Three Trammel passes accounted for 46 yards, including a five-yard touchdown pass to Bill Oliver.

Sooners Absorb Fifth Defeat

NORMAN, Okla., Oct. 28 (AP)—Fifth-ranked Colorado, stunned twice by Oklahoma's go-ahead touchdowns, stormed back in the fourth quarter for two quick scores to defeat the Sooners for the first time in Owen stadium 22-14 today. The unbenign Buffs unleashed a dazzling array of hard-running backs put the game out of reach mid-way through the first period, when they caught Oklahoma napping on a Colorado kickoff and recovered the ball on the Sooner 30. Fullback Leroy Behringer ran it over from the six for his second touchdown within three minutes and handed Oklahoma its fifth straight defeat to set an 'A' school record.

Illini Find Him Hard to Bring Down

Fullback Ben Wilson (4) of Southern California, races through the Illinois team for 38 yards on the first play from scrimmage in Los Angeles Saturday, helping set up a UBO touchdown. Upper left, he appears caught by fullback Al Whittand, but he squirms away and, upper right, picks up blocker Ben Rodin (81). Lower left, he rolls past guard Dick Deller, center, end Thurman Walker, and right, is stopped by Whittand and Mike Sammers. (AP wirephoto)

Trojans Coast To 39-0 Win Over Wolves

MALTA, Oct. 28 (AP)—Ralph Rivera's Trojans scored on their first play from scrimmage Friday night, and coasted into a 39-0 victory over Castleton's Wolves. After receiving the opening kickoff, Art Whittaker led a pass to Terry Barrett, who ended up in the end zone six yards away. Minutes later, Rivera's blockers plunged for another yard and then drop kicked the conversion in the second period. Whittaker led a five-yard scoring strike on Ralph Williams. The Trojans blocked a Castleton kick in the third period and scored again with Whittaker going off tackle for 23 yards. Rivera again converted. The Wolves put together a drive in the fourth period but were stopped inside the 30-yard line. Seconds later, Dan Neddo blocked another Castleton kick. Neddo scooped it up on the 23-yard line and went in for his score. Barrett capped the scoring when he picked off a Wolf pass on his own 30-yard line and ran 70 yards for the touchdown. Aroused Northwestern Turns Spoiler to Upset. Fighting Irish by 12-10

SOUTH BEND, Ind., Oct. 28 (UPI)—Halfback Larry Benz, who throws only one needed, tossed touchdown passes of 15 and 7 yards today in a cliff-hanging 12-10 Northwestern upset over Notre Dame. It was the fourth consecutive victory for the Big Ten Wildcats over the Irish in their long football rivalry and came only after a final Irish drive fizzled out with a fumble with 48 seconds left to play.

Wyoming Nips Utah In Snow-Bound Duel

SALT LAKE CITY, Oct. 28 (P)—Sophomore halfback Mike Walker, a 195-pound snow plover, scored two touchdowns in a driving blizzard as the Wyoming Cowboys ground out a 13-6 Skyline conference victory over Utah today. The victory put Wyoming in first place in the conference with a 4-1 record. But the league still hinges on Utah's game with Utah State 3-1 Nov. 3, Utah is now 3-1.

Wyoming got its running game going twice, once on a 40-yard drive in the second period. Walker scored the touchdown on a seven-yard run. In the third period, the Cowboys marched 96 yards in 18 plays and Walker carried it over the goal line on a 10-yard run. Wyoming had taken advantage of an early break to score the first touchdown on a 10-yard pass from Bill Grams to Jerry Fleming. Wyoming had taken into the hole on a hobbled run and Utah drove 25 yards to the score.

Walker and Chuck Lamson, Wyoming's beefy quarterback, provided most of the running game as the Cowboys gobbled up yards and yardage in both their driving drives. Utah's Gary Hertzfeldt gave Wyoming some anxious moments in the final two minutes. He connected on a 32-yard pass to Howard and Joe Borich, which carried the Wyoming 10. But cowboy tacklers caught him with his arm raised in another pass attempt on the next play, the ball bounced free and Wyoming's Dick Williams fell on it.

Utahs Breeze Past Vandals In 69-0 Romp

BOZEMAN, Utah, Oct. 28 (P)—A flying snowstorm obliterated everything but humiliation today for the unbeaten but once tied Utah State Aggies slaughtered the Vandals 69-0 in a slushy territorial football game. USU halfback Tommy Larscheid unchained long enough to score three touchdowns and a 60-point running conversion in 10 touchdowns romp. That sealed Larscheid's season scoring total at 54 points. The game was tied for seventh in the nation with 36 points. Romney stadium psembled spectators for an estimated 20,000 as some 2,000 frozen fans added in soggy clumps. The driving snow swept over the field in the entire game and the temperature remained near 32 degrees.

Rebels Roll Past Vanderbilt 47-0

UNIVERSITY, Miss., Oct. 28 (P)—Potent Mississippi launched a snave attack today and the 9-0 victory over outmanned Vanderbilt in a lackluster Southern conference football game. The Rebels, starting slower than at many times this season, showed little in punching across a touchdown in each of the first two periods, then picking up tempo against the tiring Vanderbilt team after intermission. The scoring parade featured touchdowns by Reb fullback Ray Adams and one each by end Wes Sullivan, halfback A. Holloway, end Ralph Smith, quarterback Doug Kimore and Perry Lee Dunn.

Infield Bombs College of Idaho

GALDWELL, Oct. 28 (P)—A 6-pound fullback with an unending deception bulldozed his way five touchdowns today to turn the first half into a runaway victory for the College of Idaho. The soft Cats from Medford, Ore., broke a 7-7 tie with touchdowns in the second half, three in the third and counter in the final stanza. Infield fullback Steve Bagin was the star of the afternoon with his five touchdowns. College of Idaho made a game of it in the early part of the contest but failed to come up with needed scoring drives.

San Jose Is 21-19 Winner Over Cougars

SPOKANE, Oct. 28 (P)—San Jose slugged Washington State with three consecutive second-half touchdowns and then fought off last-minute drives to take a 21-19 football victory today. Spartan Walter Roberts intercepted a pass by WSU's Mel Melin in the end zone with just 35 seconds left to protect the San Jose lead. A few minutes earlier, Melin's 40-yard field goal attempt went wide. Two of the San Jose touchdowns came on passes from Chon Calleges to Oscar Dunham. The other was on a sparkling 53-yard punt return by Max Burton. Phil Clifton's kicks were true after such score and that provided the edge for the victory margin. Ken Graham brought the small crowd to its feet and the Cougars back into the ball game in the fourth quarter with a 60-yard kickoff return. But WSU's gamble for a two-point conversion and the failed when Melin's pass was blocked. Washington State's score came on a one-yard run by Lew Binkley and a 53-yard pass-run play from Melin to halfback Jerry Campbell.

Losses threw the Wildcats back to the 50, but then they flipped a 10-yard pass to Bill Silston. Stinson, reversing his field, ran 40 yards for a touchdown behind five teammates in a coach's dream of perfect blocking. The Wildcats, winning drive started from their own 44 and moved through the air on passes by Tom O'Grady and Fred Quinn. At the Notre Dame seven, Benz tossed seven yards to Al Kimbrough to put the Wildcats in the lead with less than nine minutes left to play.

Northwestern missed both conversion attempts. Trailing 7-6, after their first touchdown O'Grady tried a pass and failed for a two-pointer. A place kick try was blocked after the second touchdown. The Irish surprised Northwestern with a touchdown the first time they had possession. After just three plays, Mike Lind scored from the 14-yard line. Joe Perkowski kicked the extra point and kept the Irish in the lead when he booted a 36-yard field goal in the third period.

Idaho Falls Woman Leads Bowling Meet

RUPERT, Oct. 28 (P)—Judy Ahlstrom, Idaho Falls, held a full point lead at the halfway point of the Idaho Bowling Proprietors association women's match game all-star state tournament tonight. The event, which is being conducted at the Rupert Bowl, will decide the Idaho champion early Sunday afternoon. The final eight games of the round-robin schedule begin at 10. The state champion will represent Idaho at the national bowling.

Mrs. Ahlstrom held 34.67 Peterson points after eight games Saturday with Grace Gray, Twin Falls, scored with 32.25; Mary Cameron, Kellogg, was in third spot with 34.47. Other positions went to Doris Cling, Caldwell; Pearl Heine, Coeur d'Alene; Carmen Kevan, Twin Falls, and Bonnie Roberts, Payette.

Highlights of Saturday's play was a tie between Mrs. Ahlstrom and Mrs. Cameron — each rolling a 214 in their head-to-head match. Mrs. Ahlstrom is averaging 190 pins per game.

Texas A and M Shuts Out Baylor

COLLEGE STATION, Tex., Oct. 28 (P)—Texas A and M rolled to a surprising easy 23-0 victory over a pathetically posing Baylor team today before 20,000 Kyle field fans. Quarterback John Erickson touched down for one touchdown and passed eight yards to end Bobby Huntington for another. Daryle Keeling kicked a 29-yard field goal for the Aggies and fullback Sam Byer crashed over from the two near the end of the game.

The victory assured the Aggies of their best season since 1957, when A and M had an 8-3 mark. Texas A and M this year has won four games against one defeat and one tie.

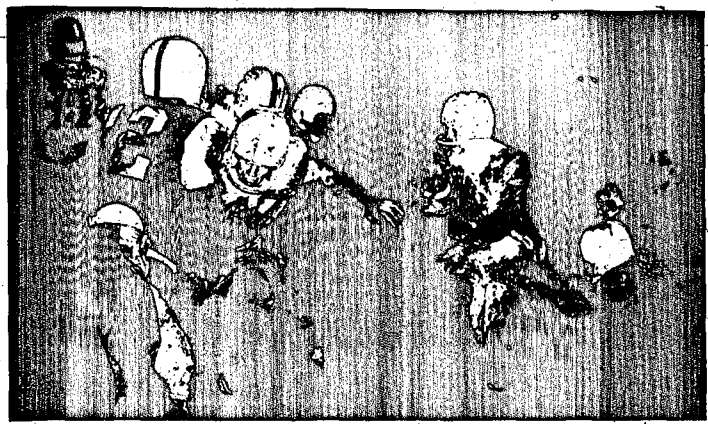

Louisiana State Defeats Florida

GAINESVILLE, Fla., Oct. 28 (P)—Dramatic touchdown burst by Ray Wilkins and Dwight Robinson opened seventh ranked Louisiana State to 21-0 football victory over Southeastern conference rival Florida. The triumph was the fifth in a row for LSU unbeaten since a season opening loss to Rice, Florida, taking its first SEC loss, has three victories, two defeats and a tie.

Halfback Wilkins capped an 88-yard scoring drive by racing 33 yards for a touchdown in the second period. Quarterback Robinson, a defensive specialist, intercepted a Florida pickoff minutes later and sprinted 25 yards for another.

WINS GOLF TOURNEY SYDNEY, Australia, Oct. 28 (P)—Gary Player of South Africa won 22 Australian golf stars for a victory today in the Professional tournament at the Lakes course.

Hitchhiker Lets WSU Frosh Win

CORVALLIS, Ore., Oct. 28 (P)—Memo to those nine automobile drivers who give lifts to the youthful Hitchhiker describing himself as a member of the Washington State university football team who had missed the team bus. He really is a member of the team — and he did miss the bus.

After winning the game at Corvallis against the Oregon State one-half hours longer than did the team bus. Dennis scored two of his team's three touchdowns, the last one a play covering 48 yards. But why did he miss the bus? "Some joker hid my pants," growled Dennis.

State Rooks 22-20 Friday

State Rooks 22-20 Friday, even the WSU frosh coach had a relaxed grin. The trip took the Hitchhiker, and Dennis McCurdy, Coeur d'Alene more than 400 miles from Pullman, Wash., in only two one-half hours longer than did

WHO SAID CHALLENGE IS LEAVING TWIN FALLS?

The producers of Challenge Dairy Foods, the Jerome Co-op Creamery, is now engaged in an expansion and new building program. The purpose of this enlargement is to provide a more efficient operation which will better serve the people of Magic Valley. It is a consolidation move designed to help us continue to bring you the finest dairy products at the lowest possible prices.

As a result of this program, and especially because of the new plant now being built in Jerome, some people have the mistaken impression that Challenge is leaving Twin Falls.

Nothing could be further from the truth.

In fact, nothing about our Twin Falls customer service will change (except that we anticipate future growth to enlarge our services to our customers and patrons.) Merger Plan Discussed at Hansen Meet

HANSEN, Oct. 28—A panel discussion concerning the problems and opportunities involved in consolidation of the Murtaugh, Kimberly, and Hagerman school districts was held Thursday evening at the PTA meeting at the Hansen school.

Participants were: Robert Shierkopf, Murtaugh; Robert Sherman, superintendent of Kimberly schools, and Delbert Campbell, school board member, Hagerman; Bernard Hopwood, Hansen superintendent, and Clarence Hoffert, school board member of Kimberly. Ted Crockett was moderator.

Questions concerned transportation, reorganization of the facility needed, building programs and levy costs. All answers depended on what groups of students would be charged. Where such needed buildings may be built and how many students would need transportation.

It was mentioned that real property owners will vote on the consolidation issue. It also was pointed out that if one group did not reach a two-thirds majority favorable vote the other district could not force a consolidation as there must be the two-thirds favorable vote from all districts.

Robert Pettigrove, PTA president, read an answer to a letter written to the federal trade commission regarding offensive advertising on radio and television. It was suggested that the offending advertisers be contacted.

He also stated that Christmas vacation will be held Dec. 22 until Jan. 2. The Christmas program is planned the evening of Dec. 21 and the high school program will be either Dec. 18 or 19, depending on basketball schedules.

It was decided to hold the regular PTA meeting on the 22nd Thursday of November instead of the fourth because of Thanksgiving.

The mother-daughter banquet was planned for Friday evening, Nov. 10, at the school lunch room. Ronald Koford will head the planning committee.

Mrs. Norville Reynolds reported the Red Cross bloodmobile will be in Kimberly from 12 p.m. Nov. 14 to 15.

DR. GARCIA-AMADOR... ambassador-at-large for the Cuban foreign ministry, who will speak at 8 p.m. Thursday in the Jefferson school auditorium in Jerome.

Cuba Leader To Speak at Jerome Meet

JEROME, Oct. 28 — Dr. Francisco Garcia-Amador, former legal counsel and ambassador-at-large for the Cuban foreign ministry, will speak at 8 p.m. Thursday at the Jefferson school auditorium at 600 north Fillmore street.

The speaker served under both the Batista and Castro governments. In July, 1950, he fled Cuba and came to the United States where he has been associated with the Pan American union as a consultant.

Dr. Garcia-Amador has worked for many years with the United Nations. He was a legal official in the secretariat, deputy representative of Cuba to the security council and president of its committee of experts.

In 1953 he was elected by the U.N. general assembly to the international law commission. A year later he was named Cuban representative to the U.N. general assembly and president of its legal committee.

Dr. Garcia-Amador will speak only in six places in Idaho, University of Idaho, Sandpoint, Coeur d'Alene, Boise, Postlell and Jerome.

Damage Suit Is Filed for Man's Death

A \$50,043 damage suit was filed Friday in district court by Mrs. Esther M. Noble, 685 Park avenue, and her son William W. Noble, Jr., route one, Twin Falls, in the apprehension death of William W. Noble Dec. 29, 1959.

The Vantage and Appliance company, 1500 Kimberly road, and Harold Sanders, M. P. Van Horn, Eliza B. Craig, Charles de V. Elias, Jr. and Leslie Habber, trustees of Lita B. Noble and Appliance company were named as defendants.

The petition charges that negligence of the two firms caused the death of Mr. Noble.

WVW Auxiliary Hosts Visitors

BURLEY, Oct. 28 — Two members of the Rupert WVW auxiliary, Leona Graves and Vivian Edwards, visited the Burley WVW auxiliary at its regular meeting Thursday evening at the WVW hall.

After a short business meeting, Leona Graves spoke about junior girl clubs they would like to organize in this area for girls from 5 to 10 years of age of WVW auxiliary members.

A letter was read from the national organization urging the use of identification tags by all children and adults now that there is some danger of war.

Mrs. Ethel Garrett reported on the sewing meeting that was held at her home Oct. 18.

Memorial Service Held

SHOSHONE, Oct. 28 — A memorial service was held recently at the Lutheran Concordia high school and college at Portland, Ore., in memory of the late David Braun, son of Mr. and Mrs. Ervin Braun, Shoshone. A student at the school the past several years, he was accidentally killed last summer on a farm near Shoshone.

Liquid Gas and Appliance forfeited its charter Nov. 30, 1957, for failure to comply with Idaho laws. Prior to forfeiture of the charter, Vantage and Appliance company purchased the capital stock of the company and carried on the business.

Forgotten

A terrific commotion in the cell block area earlier this week sent Twin Falls Police Chief Howard Gillette on the run to see what the disturbance was all about.

When he got to the cell door he found Lee Talkington, city detective, staring balefully out from behind the bars.

It seems Talkington and Gillette had entered the cell block to check it over. Gillette concluded his inspection first and, forgetting about Talkington, walked out, locking the door behind him.

"That is an odd sensation to see the door slam and know you can't get out," Talkington asserted.

PTA Will Hold Pancake Supper

KIMBERLY, Oct. 28 — Kimberly PTA will hold a pancake supper from 5 to 8 p.m. today at the Kimberly high school room. Mr. and Mrs. Robert Crockett, announced.

Mrs. Jack Arnold, ticket chairman, has distributed tickets for the fifth and sixth grade students who will sell the tickets. The money will be awarded to the top salesman.

This is the only fund-raising event sponsored by the PTA during the year. Mr. and Mrs. Arnold said. Last year, \$100 money was raised to purchase a second player and library for the school.

Mooching Monkey Is Playful House Pet

Mrs. Peter Link, Jr., Hansen, feeds her pet monkey a marshmallow. The monkey is named "Moochie," a good name because he mooches everything from marshmallows to barbecued pork chops. He is about half grown and will eventually be about the

size of an average house cat. "Moochie" is a South American squirrel monkey. She regards the monkey as a very good pet. He will even play a form of football with her young son. (Staff photo-engraving)

Monkeys Good Pets if Provided Proper Food and Lots of Love

HANSEN, Oct. 28—Dry shampoo, a few frozen files a day and lots of love make a monkey a pretty good pet. At least this is the consensus of the Peter Link, Jr., family, who recently acquired a monkey, one of those pets that many people want but seldom take the final step to obtain.

Mrs. Link confesses the monkey is her idea and she explains she has wanted one since she was 13 years old. Her husband was skeptical about the idea, but he is now one of the playful monkey's biggest fans.

More, and like many a war veteran who can't stand the thought of C-rations, the monkey now adores bananas. But his appetite hasn't faltered regarding other foods—such as marshmallows, potato chips, raisins, cooked vegetables and barbecued pork chops. He was such an incorrigible moocher when he first arrived that he was promptly named "Moochie."

Uncomplimentary as the name is, he doesn't mind, just as long as he is fed a constant stream of such varied foods. In addition to the above foods, he receives about 10 house files a day. This unusual food wasn't invented by the Links, but was recommended by the company that sold them the monkey. In an instruction sheet enclosed with the monkey it was

Construction Continues at Lincoln Fairgrounds

Murdo Gage, chairman of the Lincoln county fairboard, points out new construction at the fairgrounds. Looking on are Floyd Niva, center, fairboard member and past chairman of the board, and Howard Manning, Lincoln county extension agent. During the

past year much construction has been done at the fairgrounds, located in the east part of Shoshone. Work on buildings for the fairgrounds actually began in 1950 and the first fair held at the fairgrounds in recent years was in 1955. (Staff photo-engraving)

Work at Lincoln Fairgrounds Is Reason Agent Was Retained

BIGHORNE, Oct. 28—Recent improvements of the Lincoln county fairgrounds many indicate why Lincoln county residents wanted to keep J. Howard Manning, an the county extension agent and may even indicate one reason he wanted to remain in Lincoln county.

For Manning the reason may be illustrated by the thought "his heart is where he has thoughtfully labored" and for a number of years now Manning has "labored" with the county fairgrounds.

ment which has characterized the agent's tenure of office. The improvements are visible to the eye, but the greater accomplishment is what takes place each year among more than 100 youths of Lincoln county who participate in 4-H work and show the work at the county fair in the fall.

Actual work toward securing some buildings for the fairgrounds began in 1950. Two barracks buildings, part of an old CCC camp, were given to the fair board and Lincoln county carrying kitchens by the bureau of land management. When there was no further use for the carrying kitchens, the fair board purchased the other barracks. The buildings were pretty

rough looking, but with cleaning and planting lawn on the three-acre fairgrounds site, things were put into shape for the fair in 1955.

One barn for animals was completed as was one wash rack for that first year. The sprinkler system had been installed on the grounds in 1954.

Marketing exhibits in 1955 were housed in the Lincoln County Marketing association warehouse. In 1956 another barn was added and the fairgrounds were fenced. These were planted every spring, but for some reason many of them died. Two years ago on Arbor day the Civic club spon-

Amateurs Meet in Barn Monday Nights to Learn Folk Dancing

On Monday night the floor at Houtkins' Barn wobbled and the rafters rang with the stampings and music of one of the newest groups in the community—the Folk Dancing group.

The group had its second meeting since its organization annual meeting. About 25 amateur dancers were on hand to learn various folk dances from Dymar Herrmann and Mrs. Oren Boone.

Although it is just a new group without any planned program development, there is a tremendous amount of interest on the part of the dancers.

The group is an outgrowth of the group of dancers that performed Oct. 8 at the Scandinavian festival sponsored by the Federated Music club of Twin Falls. It was held at the Episcopal Church of the Ascension. It was the second annual program of this type. Last year a program of Australian folk dances and music was presented.

The dancers who performed for the Scandinavian program were so interested in the dancing they decided to stay together and form a regular folk dance group. All the dancers were local persons, interested in folk music, who volunteered to learn the dances and then perform.

They were gathered together and instructed by Mrs. Boone and Herrmann. Mrs. Boone has attended five folk dance schools and dance camps, and Herrmann, who formerly lived in Germany, has long been interested in folk dancing.

Mrs. Boone helped the volunteer dancers select and make the Scandinavian costumes. They wore during the program. Other members, who just joined the group, also will make costumes that will complement the dances.

Both Mrs. Boone and Herrmann note that the group is open to membership to anybody interested in folk dance. They particularly urge couples to join. Current members range in age from teen-agers to those who

Folk dancers come through the "arch" during one of the dance sessions of the newly-formed Folk Dance group. Coming through the arch are Mr. and Mrs. Ivan Squires. Behind them are Mrs. Don Lambert and Jerry Decker, a Fliler high school student, son of Mr. and Mrs. Francis Decker. The group has had only two meetings. It plans to meet weekly in the future. Membership is open to anyone interested in folk dancing. (Staff photo-engraving)

Brazen Chicken Thief Reaches End Of Line on Patio of Home in Area

For the past six months the Burton Perrine family has been the unwilling host of a bobcat, which each evening, without fail, has dined on their chickens. The brazen thief has climbed up in the 200 chickens—some of them snatched right out of the trees in their front yard.

Perrine grabbed his shotgun, yard light, and began milling around the house. He waited for 30 minutes. Meanwhile, the yard light was on, all the house lights were on, the door was open and the noise of squawking and flying everywhere. Most of them flew into the front yard, where there was a

But his brazenness got him in trouble last week and now he's on the way to the taxidermist. The cat was put into a bag and following the time Perrine bagged the cat are unusual to any the least.

He sat in his car, which was parked in front of the house. He decided he would wait while the cat would return. He saw the cat, but he was squawking and flying everywhere. Most of them flew into the front yard, where there was a

One night, at 11:30, he was just preparing to go to bed. Suddenly all the chickens roosting in the trees just east of the house began squawking and fluttering.

Burton Perrine, who lives west of Blue Lake country club, looks at a bobcat he shot and killed on his patio. The bobcat has dined on the Perrine's chickens for the past six months, and has literally eaten hundreds of them. One night the bobcat made the mistake of snatching the chickens near the house and then chased a chicken on the family patio. (Staff photo-engraving)

'Treats' Slow Down Tricks At Halloween

BY TOM HENSHAW AP Staff Writer The superstitious folk of old had a way of handling the serious problem of witches and demons who played tricks on them at Halloween. They disguised themselves asimps and joined them.

Their descendants are adapting the old methods to the less spooky but no less serious Halloween problem of handling their prankster offspring. They're doing it with some success, too.

The kids still are copying windows. But in Haddon Park, N. Y., they do it with water soluble paint and the best designs win cash prizes from the local Lions club.

They still dress as ghosts and witches. But in Atlanta they display their disgusting publicity in a mammoth Mardi Gras-style parade, with awards going to the most ingenious costumes.

And they still play "trick or treat," too. Only in Seattle the funds collected by such juvenile extortion may go to a worthy cause like the United National Children's Emergency fund.

Some communities have been engaged in raising juvenile national children for several decades. It's called "Treating the Trick-

Life in MAGIC VALLEY

Chansey B. Knodle, known as "Chan" in the BURLY area, an energetic man with great sense of humor, has departed to a ranch since 1925 when he was a Tarheel national forest ranger at Ashton. The Knodles' home is on 10 1/2 acres at the south edge of Burley. The sign is posted in the home which reads "Civano Rancho." (Spanish phonetic pronunciation for "have no"). Later he acquired a five-acre place at North Fork on the Wood river north of McCall. A sign here designates it "Bill-Wo Rancho." When he gets a ranch and now that he's retired there's a good chance he will, he intends to mark it with emphasis, "Civano Rancho!"

The Knodles lived in Blackfoot for 12 years where Knodle was with the Associated Oil company. He later switched to Mobil. Knodle has 20 head of registered quarter horses on the Burley place including colts, yearlings, 2 and 3 year olds, mares and two stallions. All are from top blood lines of quarter horses in the nation. He has a stallion, Henry Buck, sired by Pretty Buck, who was sold in Texas for \$10,000 at the ripe old age of 19. He has a 2-year-old stallion, Poco Mark, by Poco Rey by Poco Bueno and he has mares by Hard Twist, Little Britches, Piccol Bird, Alamo, Muscle Mount, Ben Hur and Silverstone. Knodle also has colts by Henry Buck, Green Star Red and Fae who is a half-brother to Elgin Stirling.

Knodle's family shares his interest. Mrs. Knodle is worthy matron in Eastern Star. The couple has a son, George, who is a high school student, and a son, Rex, who has just spent two weeks at home after seven months in the South Pacific.

Their third son, Jack, is chief engineer for Cooper Bessemer company, Houston, Tex. The couple's daughter is Mrs. Gary Fairbanks, Coala Mesa, Calif. In order to spend more time on ranching matters, Knodle has leased a service station and cafe he owns at Rupert.

The fact that Mr. and Mrs. Bruce Young, HALEY, celebrated their 50th wedding anniversary last Sunday didn't stop them from going elk hunting. Mrs. Young also likes to hunt and last year bagged her deer at Tonawake lake. Her hobbies are fishing and crocheting, while his are cattle and hunting.

While they have their home in Haley they had until last year spent their summers at their Sawtooth Valley ranch. Young purchased the 650-acre ranch on the upper Salmon river, partly in Blaine county and partly in Blaine county and partly in Blaine county. In 1941 in partnership with his sons, Martin Young and Wallace Young, and a son-in-law, Bud Miser.

The Youngs have retired and the younger men operate the ranch, but this does not mean the parents do not assist with the work on the subject.

After the business meeting of the state radiological society here, Dr. Caffey will discuss difficult and interesting cases brought to the meeting by radiologists throughout the state.

After a dinner at the Blue Lakes country club Saturday night, he will present a formal illustrated lecture on "The radiological findings in the chest of the newly born."

All physicians practicing in Magic Valley are invited to attend the afternoon session and pediatricians in the area have been invited to join the radiologists for the lecture Saturday evening.

Radiologists In State to Meet in T.F.

The Idaho State Radiological society will meet at Magic Valley Memorial hospital Saturday afternoon, Nov. 4, announces Dr. Paul B. Heuston, president.

Dr. John Caffey, one of the foremost authorities in radiology, and particularly pediatric radiology, will be the guest speaker. According to Dr. Heuston, Dr. Caffey has written several books and many articles in medical journals, dealing with pediatric radiology and is considered as an authority on the subject.

He is now research professor of radiology at the University of Utah, Salt Lake City, and also is primary children's hospital there.

The speaker spent 40 years in New York, retiring in 1960 as professor emeritus of radiology, college of physicians and surgeons, Columbia university, and as consultant in radiology to the Columbia Presbyterian Medical center.

Dr. Caffey is an honorary member of the American Roentgen Ray society and the American Orthopedic association. He also is an honorary member of the Royal Society of Medicine of England.

MAGIC VALLEY PORTRAIT Raymond Tate Completes Fifth Year As Administrator of Hospital in T.F.

Last month marked the fifth year that Raymond Tate has served as the assistant administrator of Magic Valley Memorial hospital, and about the same time he was elected president of the Idaho Hospital association.

Tate works with Mrs. Irene Oliver, hospital administrator, and together it is their job to see that the work of the many different departments of the hospital is coordinated and working smoothly.

As president-elect of the hospital association his main duty for the next year will be to serve as program chairman for the annual convention, which will be held in October.

After he assumes the post of president, he will represent the association at various western and national conventions and coordinate the working of the state organization, which is meant to give guidance and direction to the various hospital members throughout the state.

Tate has had special training in this type of work. He has master's degree in hospital administration from Northwestern University. He received his bachelor's degree from Northwestern Nazarene college, Nampa.

Tate was born in Kimberly and attended public school there. He was graduated from Kimberly high school in 1929. Tate is the son of Mr. and Mrs. Ernest W. Tate, who now live in Gooding. After graduation, he spent until 1941 working on a farm. He attended the Twin Falls business college, and then worked for a while at the Japanese detention camp, near Hoot. He was working as a payroll clerk when he was drafted in 1942.

First placed in the signal corps, he then attended officer's candidate school at Fort Monmouth, N.J.

Tate then attended administrative and supply courses, was transferred to the army hospital corps and was sent to North Africa.

After he was sent to Naples, he took part in the invasion of southern France and spent the rest of the war with an engineering combat unit which served action throughout France and southern Germany.

Until December, 1945, he was a member of the occupation troops in Vienna. Then he was sent home and discharged.

At home, which then was in Gooding, Tate joined the national guard. He now is a captain in the national guard. His title is 8-3 air on the regimental staff of the 11th armored cavalry, a combat hospital. It would be Tate's responsibility to coordinate air support for the ground fighting units.

When he returned to Gooding, he worked on a farm and planned to enter the University of Idaho the following fall.

But when fall rolled around Tate wrestled with his desire to go to school and the desire to go elk hunting, something he al-

RAYMOND TATE

says liked and had missed throughout the war years. The elk hunt went out and he decided to enroll the following semester. Early in 1947, however, he was offered the job of business manager of the Idaho State-Tuberculosis hospital at Gooding. He held this position until 1950, when he decided to enter hospital administration work.

He attended Northwest Nazarene college, Nampa, and planned all his undergraduate work so it would give him a good background when he attended Northwestern university, Evanston, Ill.

In the fall of 1953 he attended the graduate school there and worked on his master's degree in hospital administration—a course of study that prepares the student to wrestle with the various problems that face a hospital administrator.

An administrator must be schooled in such diverse subjects as accounting, the sciences, dietary needs of patients, house-keeping problems of a hospital and plant maintenance. It is the job of the hospital administrator to coordinate the various sections of trained personnel that are needed to operate an effective hospital.

A graduate of this course must spend a 12-month residency at a hospital before he is awarded his degree. After he got the degree, Everett Twombly, have returned to their home in Dover, N.H.

RETURN TO EAST CAREY, Oct. 28—Mr. and Mrs. Fred Yarny, who have spent the summer visiting their son, Everett Twombly, have returned to their home in Dover, N.H.

Treating Is Doing Trick of Cutting Down Nation's Halloween Vandalism

(Continued from Page 13) sers—and everyone wins. With many it was a matter of self-defense. Arkansas City, Kan. for example, had a number of cases of Halloween vandalism problem until "Arkalalah" came along in 1958. Arkalalah is a word meaning a good time, an Indian word meaning a good time. The kids of Arkansas City received a good time during Arkalalah.

It has grown into a three-day pre-Halloween affair now, with dances and parties on Thursday, the coronation of Queen Aialah on Friday, street stunts and a five-mile-long parade through the roped-off downtown business district on Saturday.

Crowds enjoy Arkalalah, too—but for a different reason. "This celebration has put a complete lid on any damage or vandalism here during Halloween," says Arkansas City Police Chief Frank Robertson. "The kids are busy all the time."

The contrast between the old and the new in Halloween is nowhere stronger than in Nevada, Mo. The little city of 10,000 in western Missouri recalls the dismal holiday season of 1958 when 100 extra men had to be added to the police force and some residents sat up with guns to protect their property.

Then the Nevada high school student council hit upon "Anti-Van."

Anti-Van has turned Halloween into the biggest social event of the year for Junior high and high school students, with parties, dances and home talent shows.

Admission to the social activities is simply a signed pledge to renounce vandalism during the holiday. As a result there has not been an act of Halloween vandalism reported in Nevada since 1947.

"We anticipate a quiet, routine Halloween season," says Police Chief Preston Dixon.

The kids in two cities have devised methods of making sure that the kids go straight home when the organized festivities are over.

In Torrington, Conn., when the last big outdoor party is ended at Pussycat park and the band has played "Good Night, Ladies" at the dance in Torrington army, the ride hustle home to tune-in radio station-WYR.

If they miss the "Hogobolin Radio-Telephone party" they also miss the special award and a chance to answer a jackpot prize question offered to those youngsters who are home when the phone rings.

Two years ago, Pittsburg, Kans., initiated a similar incentive.

Youngsters left a party at the city auditorium, they wrote their names and phone numbers on slips of paper. Half an hour later, party sponsors called them. The first five found at home received two silver dollars each.

In Fort Wayne, Ind., the party board met.

SHOSHONE, Oct. 28 — Two directors will be elected at a meeting of the Shoshone district grazing advisory board next Friday afternoon at the bureau of land management office here.

Nominations will be made from 2 to 5 p.m. and the ballot cast from 2 to 5 p.m., according to Dale H. Kinnaman, district manager.

Members whose terms expire are W. W. Knox, cattle representative from precinct one, (Camas, Timore and Gooding counties); Fred L. Adams, sheep representative in precinct three, (Blaine county).

ARE YOU PROTECTED FROM FALLOUT?

SURVIVAL IN A NUCLEAR WAR IS UP TO YOU... The danger does not stop with the explosion. Essential services are disrupted and distribution of supplies may cease... but the ORCA's danger comes from out... for it may be fatal.

The Office of Civil Defense Mobilization urges you to become familiar with the actions necessary to protect yourself, your family, and community. Among these precautions is an adequate fallout shelter. Plans for fallout shelters made of concrete block have been tested and approved by the office of Civil Defense.

These shelters, when correctly built, will protect your family from the dangers of severe radiation. Members of the National Concrete Masonry Association have prepared information to help you learn more about radiation and its effects... Won't you stop in and ask about it?

Materials for a 7'4" x 8'4" ft. shelter may be had for only \$6.59 per month on P. H. A. financing. Construction costs for this shelter may also be financed through F.H.A.

Buildings at Lincoln Fairgrounds Are Additions of Recent Years

Standing in the middle of lush grass in the Lincoln county fairgrounds are three of the persons who have taken a great interest in the grounds over the past years. They are, from left, Floyd Silva, board member and past chairman of the board; Howard Manning, Lincoln county extension agent, and Murdo Gage, chairman of the fairboard. All of the buildings in the background have either been placed on the grounds in recent years or have undergone redecoration in recent months. Until recently, the town didn't have a fairgrounds and the county fair was held in the town center. (Staff photo- engraving)

Lincoln Fairgrounds Improvement Shows Why County Agent Retained

(Continued from Page 1)
served a tree planting project at the fairgrounds.
In 1958 a cinder block display building was erected at a cost of about \$7,000. This was paid off in two years and is the most expensive building on the grounds.
Painting was done both inside and outside the barracks buildings. More permanent improvement was made this past year when lining and painting was done to the interior and siding put on the exterior. Roads on the north, south and east sides were laid in cooperation with the city and fair board.
All of the improvements at the grounds have been financed by donated labor and tax levy. The levy was one-half mill until 1958 when it was raised to one mill. Plans are to make added improvements with more bleachers and fair board-owned booths.
Manning is the first to recognize that he has not done the work alone. In addition to the fair board members, help has been given by such organizations as the Rotary club, Civic club, Shoshone Rifle and Pistol club and 4-H youths as well as the Marketing association.
Mrs. Joyce Bernard, secretary for the county agent and the

fair board, states that W. W. Atkins, Glen Ross, Mrs. Elden Guthrie, Burton Thorne, Ben Haubrich, the late R. W. Manning, and since last spring, Mrs. Howard Campbell.
Use of the fairgrounds is not limited to fairs alone. Other community activities are held there, and campers often stop for the night.
"They are most welcome," fair board members state.

"Call to Discipleship"
Jesus Christ is the greatest teacher of all time, and yet I am the way, the truth, and the life."
How dare we applaud Him by calling Him a "good teacher" and a "good example" without surrendering to Him as the person He claims to be—the divine Son of God!
Another way in which many of our applauded Christ today by occasional attendance at church services. In modern society we glibly say, "Oh, yes, I'm a Christian. I go to church on Christmases and Easter." When we say this we are deceiving ourselves by assuming that we are Christians. We assume that we are doing God a favor by going to church now and then. When we drop a few dollars into the offering plate now and then we feel somehow that we are carrying out our responsibility to the Saviour who gave His life for us. Because of our few small good deeds we selfishly assume that we have done our duty when actually we have done nothing more than feebly applaud our Lord.
Christ stands before us today and says, "I don't want your applause. I want your surrender." Christ says, "If any man would come after Me, let him deny himself, and take up his cross and follow Me." (Matthew 16:24)
No one can claim to be a follower of Christ until he has surrendered his life to the King of Kings and a contentedly following Him day by day. We need to stop playing "Christian" and start being Christians.

Buhl Farmer Retains Post

BUHL, Oct. 28—George L. Buhl, stockman-farmer, has been re-elected to a three-year term on the 12th district farm credit board, a policy-making board for the Federal Land Bank of Spokane.
Fred A. Knutsen, general agent of the farm credit board, said Buhl was elected by the 30 Production Credit associations in Idaho, Montana, Oregon and Washington. He has served as chairman since 1953 and vice chairman since 1959.
Buhl is president of the 800-acre Idaho Production Credit association. A native of Oregon, he was graduated from Washington State university.
When Christ came, He did not say, "I am a better way, a better way."

Hansen Church Has Conference

HANSEN, Oct. 28—Rev. Charles Easley, Boise, eastern district superintendent of the Methodist church, presided at the quarterly conference at the Hansen Community Methodist church.
He showed a film strip, "Rest and Refreshment of the Church" and talked on Christian vocations. A potluck dinner was held at the church prior to the conference.
The Rev. Mervyn Shroy, pastor of the Hansen church, introduced the Rev. Mr. Easley. It was 12:30 a.m. before the conference was adjourned. Mrs. Tom Beal was elected to the commission on missions.

Folk Dance Group Uses Authentic Costumes

Garbed in authentic Scandinavian folk costumes, three members of the newly-formed folk dance group enjoy the evening at Hank's barn. Playing the accordion is Mrs. Don Lambert. The dancers are Mr. and Mrs. Aage Silling, who were born in

Denmark. The group has had two meetings and plans to meet weekly in the future. The purpose is to learn authentic folk dances and, later, perform as a dancing group. (Staff photographing)

Monkeys Make Good Pets if Provided Proper Food, Care and Lots of Love

(Continued from Page 1) ... rough handling from them ... begin to tolerate from an adult. He plays a kind of football game with their young boy, Peter. Peter has a small green football. When the boy plays with it, the monkey will leap from his cage in the corner of the living room and steal it. He holds the football, almost as big as he is, in one arm and his teeth and retreats to the top of his cage, with the boy in hot pursuit. "Moochie" waits until Peter gets underneath and drops the football on him. "Moochie" has another game he plays with the family parakeet. It's fun for the monkey, and his pal the cat, but hard on the parakeet. The bird has bells in his cage. Often he plays with them during the time the monkey wants to sleep. The noise of the bells irritates the monkey. He will dash to the cage and jump on top and then rattle the cage, while the cat looks on, hoping the door will open. Mrs. Link says she has made

clothes for the monkey, but so far he rebels at wearing them. She laughs and says he probably dislikes them because they stop him from scratching. She says it is amusing to have guests in the house when the monkey scratches. They will glance at the monkey and in a short-time they are scratching too. But she stresses that "Moochie" is free of fleas, it is simply a monkey habit. She says she keeps him clean with dry shampoo, the best way to clean a tropical animal in cool weather. The cold weather has bothered "Moochie," even though he doesn't go outside. "He'll sit on his cage and sneeze," she says, "and when he does, he'll put his hand over his mouth, just like a human." Although he can be a pest, Mrs. Link says the family has enjoyed the one-monkey circus at their house. The only question in her mind is how popular the monkey will be a few years from now, something to consider, for the monkey has a life span of 20 years. But it doesn't really seem to concern her. She intends to train the monkey to get the mail, and if successful, someday she would like to have a chimpanzee.

Trip Abroad Described by Ex-Resident

RUPERT, Oct. 28—Friends here received word that a former resident of Twin Falls had returned recently from a trip to visit his parents and a sister in Southern California. He had not seen them since coming to the United States for what was to have been a short visit in 1958. Frank J. Sir, now living in Spokane, Wash., returned Oct. 15 from a month's trip to Europe. The trip both ways was made by jet. He left Spokane Sept. 15 and arrived in Prague, Czechoslovakia, at noon the next day with layovers of nearly 24 hours in various cities en route. Sir was born in Wisconsin where his parents had moved, and returned to Czechoslovakia when he was a small child. He came back to visit an uncle for a short time in 1960 and stayed. The outbreak of World War II delayed his return, he said, and he joined the army and served in the South Pacific. He married the former Dolores Holmes of Twin Falls and they now have three children, Susan, 18, Scott, 12, and Shelley, 4. Sir reports he has no desire to live in Moravia, but felt he must see his parents, who haven't been too well. He said the thing that struck him most forcibly was the absence of music, dancing and laughter in that country. "No one seemed to be very happy, and very little entertainment of any kind was offered the public," he writes. A letter from Mrs. Sir to Mr. and Mrs. Jack McNeill, Rupert, former neighbors, described the trip.

About 25 Amateurs Meet in Barn on Monday Nights to Learn Folk Dancing

(Continued from Page 1) east of Blue Lakes boulevard north on Falls avenue east. The next meeting will be Nov. 6 and meetings probably will be held on Mondays each week. Most of the meetings will last until 9:30 p.m. Dancing is done to records owned by both Mrs. Boone and Herrmann. All types of dances, from waltzes to square dances, will be learned. But the emphasis will be mostly on European and American folk dances. Herrmann, who has a knowledge of the historical development of European folk dances, will not only teach many of the dances, but also will speak to the group and explain the meaning and significance of the dances. Later, after the group has mastered a repertoire of dances, Mrs. Boone says it probably will give demonstrations throughout this area. There will be no limit to the size of the group and there are no dues.

Colored Photograph Displayed by Students

Officers of the Twin Falls junior high school student body discuss the new photograph placed in the school library with Mrs. E. J. Sommer, president of the school's PTA. The photograph was placed there in memory of Mrs. Vera C. O'Leary, who retired last year as principal of the school. The money for the color photograph was donated by the student body and the PTA. The students are, from

Picture in School Library Reminder Of 36-Year Service by Mrs. O'Leary

Students at Twin Falls junior high school and the junior high school recently placed a photograph in the school library which will serve to remind generations of students of Mrs. Vera C. O'Leary and the many years she served as principal in the school. Mrs. O'Leary retired from teaching last year, after serving a principal for 36 years. The large, 30- by 40-inch photograph is a color scene of Lake and the Sawtooth mountains in the background. It is a Kelker photograph, titled "Mrs. O. A. (Gus) Kelker." Mrs. E. J. Sommer, president of the junior high school PTA,

USBR is expending great efforts to increase livestock farming and the production of animal foods. A broad summary of the report includes some general conclusions. Milk, egg, meat and wool production have significantly increased since the end of World War II. Livestock numbers were greatly reduced during World War II, and the immediate past has been one of repopulation. Cattle are almost exclusively the dual-purpose type in that they are bred and selected mainly for milk, but the same breeds provide the meat supply as well. Available statistics suggest that milk yield per cow has increased rather steadily since 1940, but the rate of increase has been only two-thirds that of the United States in the 1940-58 period.

Soviet Meat, Milk Production Lags Despite Reds' Beat America Slogan

WASHINGTON, Oct. 28 (AP)—A U. S. study group which made a 10,000-mile tour of Soviet farms reports that the Soviet government is using the slogan "Beat America in milk and meat production" to spur livestock farmers. Despite this, the report said, Soviet production of these products still lags well behind U. S. output. According to Soviet statistics, per capita production in 1957 was 890 pounds of milk and 75 pounds of meat and lard, the report said. This compares with U. S. per capita production for the same year of 785 pounds of milk and 150.1 pounds of red meat. The seven-man study group also said the Soviet report of its milk production in 1957 "suggests serious doubts" concerning the validity of the official milk production figures. They added that a more realistic figure for 1957 production would be about 100 billion pounds rather than the 117.5 billion reported.

He looked out of a window and the big bobcat walked out of the darkness and passed between the car and the house. It walked on the patio and pecked its head around a corner. One of the chickens was standing nearby. The chicken and the cat gawked at one another for a moment, just as Perrine drew a bead on the cat. Just as he was ready to squeeze the trigger, the chicken let out a cry of terror and fluttered across the yard. The bobcat jumped and Perrine sprinkled him with shot. The bobcat refused to die gracefully and proceeded to thrash about the yard, flying like a grand opera hero. Chickens flapped and squeaked everywhere. Perrine walked out into the yard and about that time his young Labrador retriever, "Queenie," appeared on the scene. The pup sniffed the ex-

Stock Market Drifts Lower

NEW YORK, Oct. 28 (AP)—For the second time this week the stock market was a summing up of the year's progress...

Those who plunked down their money for the so-called "glamour" stocks many months ago were back on the market...

Even Bethlehem Steel, which almost tripled its third-quarter earnings...

A lot, too, seems to be in the hands of the community...

There were reports that borrowing was being done at the expected rate on the rise but nobody was willing to express more than cautious optimism on this score.

Continued to move within its narrow 60-70 trading range in the Dow-Jones industrial average...

Leading analyst said changes were "50-50" for a break below 600 which could bring on a further fall of 20 points or so...

Activity rose slightly to 16,900, 808 shares of the company were earlier and compared with 15,822,940 last year.

Standard Oil company Tuesday had the biggest turnover, rising 1 1/2 to 48 1/2 on 265,400 shares...

Following the world's largest oil company most actively were American Machine and Foundry...

Alcoa and national defense stocks did well this week in response to the tensions created by the Soviet's massive nuclear blast...

At least one of the three preceding quarters was in talk of "things to come."

The Iron Age, a trade magazine, said output still might hit 100 million tons...

At least all the steel did well on the third consecutive week...

The Makah Indians of the Olympic Peninsula in Washington celebrate Makah day on Aug. 29...

Stocks, Commodities Drop

CHICAGO, Oct. 28 (AP)—Most futures traded lower in the grain market...

Compared with last Friday, when futures traded lower in the grain market...

Dealers attributed the heavy demand for corn to wet weather...

Large export sales also helped wheat, but selling followed reports of accumulating red wheat...

Chicago's cash grain market with the week's end...

Grains Price Churches Set to Start SOS Drive

The annual SOS (Share Our Surplus) drive will be conducted by the churches...

According to the Rev. Bob Burchell, chairman of the SOS drive...

For every dollar received more than 500 pounds of surplus food will be sent to the hungry people...

Business Reflects Mood of Uncertainty, Public Doubts

NEW YORK, Oct. 28 (AP)—A mood of uncertainty in business and financial circles during the week...

More economists doffed the rose-colored glasses most of the week...

At a meeting of economists in Chicago, one attributed this to a faltering belief in the result of prolonged international tensions...

One of the strongest expressions of optimism came from the American Securities Association...

Also in the negative was a downturn in construction continuing in September...

Restrictive Federal regulatory policies, including those on competing highway, waterway and air transport and discriminatory state and federal tax practices...

Project Aimed at Rebuilding Clearwater Salmon Runs

Fish and game department hatchery Supt. Frank Gavor, left, Eagle, and summer college student helpers Earl Miller, center, and Kerry Orcutt, right, take salmon spawners from fish trap near Warm lake. This is part of a program to rebuild chinook

salmon runs in the Clearwater river watershed by planting "egg" eggs in man-made nests. The project is scheduled over eight or 10 years to cover two life cycles of the big fish. (Fish and game department photo—staff engraving)

Insurance Companies Study Problem Of Accident-Prone Youthful Drivers

DETROIT, Oct. 28 (AP)—A man of 21 is at or near his physical peak, his coordination may never be better and his senses are at their sharpest.

Despite these attributes when this young man buys a car and applies for insurance he will be asked to pay, on the average, two and three-fourths times the base rate if he is married; roughly one and three-quarters times the base rate if he is married or only drives the family car part time.

Even then many companies aren't eager for his business.

The insurance people say they probably lose money on the policy despite the much higher premium.

His particular age group—unmarried males under 25 in insurance company parlance—appears more accident-prone than any other. Men and women in this age bracket make up only 18.5 per cent of all licensed drivers, yet are involved in 28 per cent of all vehicle accidents and more than 28 per cent of all fatal vehicle accidents.

As yet, young women drivers are not penalized by higher insurance rates, mainly because they are outnumbered by the men. But one insurance executive says "if we are making a serious study of the situation, it certainly may become necessary to charge them more, too."

Motor vehicle accidents are the leading cause of death for both males and females from 15 to 24 and one of 17 in this age group get injured in a car every year.

One conclusion, by Dr. Ross McFarland, is that such high accident rates should be regarded in terms of "inexperience, emotional and social immaturity, and temperamental qualities associated with youth."

A spokesman for Allstate Insurance, one of the nation's largest auto insurers, cites this hypothetical example:

"John is an excellent boy, president of the senior class, a straight A student, a good family background.

"Friday night he's got the family car and he's driving home from a football game 30 miles

away. Four of his friends are with him. He starts out at a conservative 50 miles an hour. He sticks to his guns until someone, somewhere along the line, asks sarcastically, "What's the matter? You chicken?"

John is forced to decide "do I want to be acceptable to my friends? He speeds up—too fast—and suddenly there is a crash accident."

"Historically the facts in front of you about this boy say he'll never do it. But we know that under given circumstances, under social pressure from within his group, he has done it."

Robb B. Kelley, vice president-secretary of the Employers Mutual Casualty company, Des Moines, Ia., puts it this way:

"We know we are penalizing the good drivers in this age group. The problem is how to find the good ones in advance."

"The insurance companies are searching vigorously for some new answer, other than just raising rates to everyone. One method has been to support financially driver education programs in high schools. Almost all companies grant graduates of such courses 10 to 15 per cent discount on their property damage and personal liability premiums, but these discounts come from the already high rate."

Another approach is being tried by Kelley's company along with four others—Allied Mutual Insurance company, Des Moines; Mercantile Mutual, Indianapolis; Celina Mutual, Celina, O., and Auto Owners Insurance company, Lansing, Mich. They have formed the Mutual Drivers Psychological Measuring Bureau under the direction of Dr. A. G. MacKinney of Iowa State university.

MacKinney has set out to devise a test which will anticipate which drivers are likely to be involved in accidents, working on the assumption that temperament or personality traits hold the key for the under-25 mile.

The tests have been written, examined and now are being tried by the companies for comparison against actual accident

State Employees Group Has Meeting

SHOEHORNE, Oct. 28—Highway employees were a guest Tuesday night of the State Employees association, American Legion, here.

Purpose of the meeting was explained by Orelli, chapter president, who said a working retirement plan was prepared before the legislature in January, 1955.

A. L. Warrington and Van Dyke, Shoehorne, were in the membership room of the church on Tuesday evening. Games were played and refreshments served.

PARTY IS HELD

Progress Reported in Experimental Program of Restoring Salmon Runs

By JIM HUMBERD (Idaho Fish and Game Department)

It's time for a progress report on the experimental two-cycle project to restore a sports fishery for chinook salmon in the Clearwater river watershed, including the Selway and Lochsa drainages.

The first phase appeared considerable statewide interest a year ago when about half a million "eggs" fall run chinook salmon eggs were planted below Selway Falls within a mile of its confluence with the Clearwater. The eggs were deposited in a channel dug across a gravel bar. They had been incubated until the embryo eyes could be seen, at the Spring Creek national hatchery near Bonneville dam on the lower Columbia river. This was a cooperative effort between the federal bureau of commercial fisheries and the Idaho department of fish and game.

Another 41,000 fall run chinook salmon eggs, taken below Oxbow dam on the middle Snake river and, after incubation in temporary hatchery facilities in the Bonneville dam powerhouse, were planted in Warm Springs creek, a tributary of the Lochsa river.

Such plantings of salmon eggs in the watershed last fall mark only a small beginning in the ambitious undertaking to restore the chinook runs up the Clearwater that oldtimers still remember.

Actually, numerous releases of salmon fry and fingerlings, made over the past decade, indicate that systematic, large-scale efforts can reestablish this sports fishery in two full life cycles of the chinook salmon, a matter of four to five years each.

The planting of fertilized, salt-developed or "eyed" salmon eggs has proved a successful method of restocking. But the process of eyeing or developing embryos in eggs is a tricky, delicate step in the artificial propagation of salmon, needing controlled conditions. Constant water temperature, for example, is a key factor.

So much for the fall run chinook salmon. These eggs taken at Bonneville and Oxbow and destined for the Clearwater river system. These eggs taken at Bonneville and Oxbow and destined for the Clearwater river system.

Selway drainage this fall. Some 61,000 of them were supplied from the Carson (Wash.) national fish hatchery and the rest at the new Sweetwater creek eyeing station in Idaho. Eggs for the Idaho station were taken from fish captured in traps and weirs located at four main points on the Salmon river and tributaries.

Fish were diverted directly from the main Salmon river near Stanley and the south fork near Warm lake, respectively, into specially-built holding ponds. Salmon also were caught in traps on the middle fork at Dagger Falls and the east fork, flood-pooled and hauled distances up to 65 miles to the holding ponds. These fish, captured on the spawning run, were held in the ponds until the eggs were ripe.

Diverting spawners directly from the river to the holding ponds proved superior to hauling them long distances. In all, about 93,000 eggs were taken and 945,000 successfully "eyed" at the Sweetwater station—slightly more than 90 per cent. Present plans call for more holding ponds to be built where fish can be diverted directly from the river.

These and comparable fish restoration measures will be continued annually for at least another five or six years because chinook salmon hatched in Idaho streams, whether property of spring or fall spawning fish, do not return to ancestral waters in less than three years or more than five after venturing down to the sea. Present plans of the department are to carry the ex-

perimental project through two complete life cycles.

Thus oldtimers who remember heavy spring migrations of chinook salmon in the Clearwater river drainage may never see the return of these fish. But their descendants may compare folklore with evolving facts. Grandpop's fish stories with the way things really are—in 1970 or thereabouts!

Hansen Youths Attend College

HANSEN, Oct. 28—Second Lieut. Joseph McFarland, son of Mr. and Mrs. L. C. McFarland, Hansen, is attending the University of Oklahoma, Norman. He is in the air force, and is studying meteorology.

Don McFarland attends Utah State university, Logan, Utah, and Larry McFarland attends the University of Indiana, Bloomington, Ind.

Mr. and Mrs. Kenneth Naylor returned from Berkeley, Calif., where they visited their son and daughter-in-law, Mr. and Mrs. Denny Naylor, and family.

Mr. and Mrs. Hugh Sanderson are visiting their son-in-law and daughter, Mr. and Mrs. Ray Cox, and family, Fresno, Calif.

Hugh Hill, Goffus, Calif., visited his mother, Mrs. Emma Hazard. Mrs. Hazard then left for Seattle where she will visit her daughter Mrs. Charis Moreau for the next two months.

Mrs. Clara Kemp returned home Wednesday. She has been recovering from an accident near Burley six months ago.

UNICEF Project Set for Hansen

HANSEN, Oct. 28—"Trick or Treat" for UNICEF will be held again by children of the Hansen Community Methodist church at 7 p.m. Tuesday at the church.

Funds are collected instead of treats and will be sent to UNICEF headquarters to provide food and clothing for needy children around the world.

After the drive, a party will be held at the church. Adults will provide cars to accompany the children.
