

Space Shot Headed for Moon Area

CAPE CANAVERAL, Fla., April 24 (AP)—A mooncraft with an injured brain tumbled through space today toward an almost useless collision with the moon after scientists abandoned futile efforts to awaken it from its coma. The 730-pound silver and gold craft, Ranger 4, will zip by the leading edge of the moon early Thursday and crash at 8:55 a.m. on its hidden backside, the national aeronautics and space administration says. The deeply disappointed director of NASA's jet propulsion laboratory, William H. Pickering, said: "It's kind of fun, though, to hit it, but it's not everyone who can do that."

In Pasadena, Calif., a spokesman for the jet propulsion laboratory, which built the spacecraft, said there's a longshot chance it may not impact. Calculations indicate it will skim by the moon's leading edge at a height of 800 miles, then hook in for a landing on the backside. Should it hit, the spacecraft will pick it up when it emerges from behind the moon. In this event, it would go into an elliptical orbit around both the earth and moon.

The laboratory gave these figures: estimated range at 12:04 p.m.—287,117,989 miles, speed 3,709 miles per hour; 4:04 p.m.—125,953 miles, 3,389 miles per hour. The craft's speed is gradually slowed by the earth's gravity. It will complete ten-tenths of its journey, then moon gravity takes over and it speeds up until impact.

Impact is expected to occur between 8:45 and 9:00 a.m. at 63.9 degrees north latitude on the 105°22'57" degree-east-longitude line.

Ranger 4 was lifted aloft by a towering Atlas-Agena B booster at 2:50 p.m. Monday. It was expected to be a beautiful beginning. Its assigned job was to gather information on the composition of the moon.

A NASA spokesman said the Atlas-Agena B booster is about 100 miles above the atmosphere and is about 100 miles from the moon. The second-stage Agena had pushed the moon-poking probe and cut off, that the Agena had fired a second time to launch Ranger 4 on the second leg of its journey.

Two hours later, the Agena fired a "tracking" information indicates that a malfunction occurred in the spacecraft telemetry radio system.

"It does look like we have a fairly significant problem with the spacecraft," said Pickering, managing director of the program. "We don't really know how major the failure is."

He said it could be in the craft's transmitting system only. However, he said, it is not likely that the probe is still functioning.

"The fact that it hadn't locked onto the moon is the trouble is pretty deep in the brain of the system."

The probe is expected to be in the moon's shadow for about 10 minutes.

RESULTS OF SAFECRACKING which occurred sometime between 9:15 p.m. Saturday and 2:30 p.m. Sunday in the M. H. King variety store, Lynwood shopping center, are investigated by Robert Kuhn, store manager, and the battered money trays. Entry to the store was made by peeling one layer of metal, chiseling through about two inches of concrete and then peeling a second layer of metal. About \$600 in cash was taken. (Times-News photo)

City's New Zoning Ordinance Passed

City commissioners unanimously approved a new city zoning ordinance Monday evening. The ordinance repeals the old ordinance the city has been operating under for the past several years and establishes new zoning sections in the city. No one appeared at the public hearing held prior to the commission's action on the ordinance. Purpose of the new ordinance is to provide a comprehensive plan with the purpose of conserving the value of buildings and land and to encourage the most appropriate use of land within the city.

The new ordinance will become effective Thursday immediately after legal publication. Seven zoning districts are established. The districts are residential—low density, R-1; residential—medium density, R-2; residential—local, C-1; commercial—local, C-2; commercial—general, C-3; and industrial, I.

The boundaries of the zones are outlined on a map designated the "official zoning map" which is on file in the office of the city clerk.

The new ordinance provides for zoning of residential areas which are adjacent to commercial districts. Commercial property owners are required by the zoning to screen residential lots by "fencing, masonry walls or other methods to be approved by the board of commissioners."

Generally shall be arranged to provide complete obstruction of view and a height of not less than seven feet on the side or end not bounded by a street or alley, and be constructed to reduce noise and to eliminate trash from being visible from residential lots on the ordinance.

The board of commissioners has the power and authority to designate the enforcing authority of the ordinance. The board also granted the power to make adjustments or variances.

The city building inspector is designated as the enforcing authority in other sections of the ordinance. The board also granted the power to make adjustments or variances.

Soviet Threatens Nuclear Testing; Picks Red Chief

MOSCOW, April 24 (UPI)—The Soviet Union threatened today to test "new types" of nuclear weapons if the United States goes through with its planned tests in the Pacific. Foreign minister Andrei Gromyko made the threat in a report to the supreme soviet on the results of the Geneva disarmament talks. He spoke shortly after the two houses of the soviet parliament—the soviet of the union and the soviet of nationalities—had unanimously reelected Nikita Khrushchev premier of the Soviet Union—to no one's surprise.

Gromyko also covered the terrain which working out the future Soviet position. He warned that a treaty would be signed with Germany, whether or not the West agreed. He said the Soviet-American exchange of opinions on Berlin held in Geneva "is useful," but revealed there still were quite a few "obstacles" to be overcome.

"If anyone still thinks that it is possible to keep the Soviet Union to give up the idea of concluding a German peace treaty, he has lost the sense of reality," he said in bitter disappointment.

Gromyko did not describe the "new types" of weapons. But he spoke of the "near completion for resumption of American atmospheric tests in the Pacific area," which the Soviet Union has not agreed to a test, ban treaty with inspection and safeguards.

"The announcement by the Soviet news agency, Tass, gave no indication that there was a man who had been named as the Soviet ambassador to the United States," he said.

"This will be our reply to any nuclear tests in the West, be it in the Pacific or in the Atlantic," he said.

Gromyko said he was confident the Soviet program of outer space exploration and a multichannel radio-telemetric system to relay information back to Earth.

No New Clues Reported for Store's Theft

Investigation continued Tuesday in the week-end burglary of \$600 from the M. H. King variety store at Lynwood shopping center, with no new developments reported.

Twin Falls police contacted Caldwell officials Monday afternoon regarding the safe cracking incident. Lee Talkington, chief detective, said the Caldwell King store was burglarized April 2 in much the same fashion as the store here. About \$1,100 was taken in that theft.

The safe in the local King store was burglarized between 9:15 p.m. Saturday and 2:30 p.m. Sunday after burglars gained entry through a hole in the roof of the building.

No leads resulted from contacting Caldwell officers.

RUPERT, April 24—An inquest into the cause of the one-car crash which claimed the lives of two young boys, convened at 1 p.m. today at the Mindoko county courthouse.

After being sworn in the 10-member jury was limited only to witnesses able to appear. Robert C. Walk, Mindoko county coroner, pointed out witnesses who were not available.

Arrangements must be made to enable them to appear.

Killed in the accident about 10 miles west of Rupert, the boys were Dennis Neal Devaney, 15, son of Mr. and Mrs. Con Devaney, and Curtis Johnson, 15, son of Mr. and Mrs. Norvin Dickson. Both were sophomores at Mindoko high school.

The coroner includes Ralph Smith, Mrs. Pauline Wilkes, Mrs. Con DeThomas, Mrs. Keith Berthel, Gary Anderson, G. Phil Hanks, Curtis Johnson, Mrs. Forrest Badger, Glen Smith and Carmelo Garcia.

The county medical examiner's office could not confirm a death, that of Mrs. Olga Gross, 66, whose body was found in a second-story flat.

Two men were injured were two firemen. A resident was being treated for burns at St. Mary's hospital.

William Moore said when firemen answered the five-alarm blaze occupants of the building were hanging out windows.

Guido Erases Peron Voting In Argentina

BUENOS AIRES, April 24 (AP)—The government today nullified election victories won by followers of ousted dictator Juan D. Peron last March 18 and established federal control over Argentina's 22 provinces.

Bowing to military pressure, President Jose M. Guido signed decrees voiding all elections held since Dec. 17, including those of March 18, and ending autonomous provincial rule throughout Argentina.

Affected by the decrees were 43 congressional seats and 11 gubernatorial seats won by Peronists.

Peronists had threatened election gains. The decrees represented a complete government surrender to military demands for immediate action to halt growing Peronist strength.

Earlier, Guido announced elections for a president and vice president would be held within 90 days.

Military commanders in the field moved promptly to enforce the government's takeover command.

The report meant that about 600,000 Peronist voters are linked to the index would get pay boost. The department said 30,000 Douglas Aircraft employees would get pay raises. 10,000 workers in chemicals and manufacturing firms, and Milwaukee electric workers will get increases of one cent an hour.

Arnold Chase, the department's price chief, said the 11 percent rise in the index since March 1961 would be the largest since the index was set up.

Atmospheric Tests Near Final Stages

WASHINGTON, April 24 (UPI)—Preparations for the resumption of U. S. atmospheric tests appeared to be moving into their final stages today. Officials have said the series is tentatively scheduled to start tomorrow. Whether this happens may depend on the weather and technical developments at the Christmas Island testing range, 1,200 miles south of Hawaii. President Kennedy has not given an official go-ahead to the atomic energy commission to start the atmospheric blasts in the Pacific. His position is that the tests if Russia agrees to a "foot-proof test banning nuclear shots."

Waiting the green light in the Pacific were hundreds of ships and planes and 12,000 men of joint task force eight.

Other work was in progress for all types of U. S. intercontinental and submarine-launched ballistic missiles will be tested. The explosive forces unleashed will range from a half megaton to about five megatons. One megaton is equal to the force of one million tons of TNT.

Plans call for the detonation of warheads of the Atlas, Titan and Minuteman warheads. Intercontinental missiles, a Polaris missile with a nuclear warhead also will be fired from an atomic-powered submarine.

It was reported that the Atlas, Titan and Minuteman warheads are being tested in the Pacific test area near Christmas Island.

Informed sources said that an Atlas with a nuclear warhead was launched from Vandenberg air force base, Calif., into the Pacific test area near Christmas Island.

Announced aims of the new Soviet program of space research include the launching of radiation belts and meteorites around the earth and the dangers they may hold for space travelers.

Space stations in space showed Cosmos III was close to its planned orbit and orbiting the globe every 93.8 minutes. It said the launch was successful. Tass said the rocket was 48 degrees 50 minutes, its farthest distance from the Earth 448 miles and its closest 142 miles.

Computer to Be Installed For Research

UNIVERSITY OF IDAHO, Moscow, April 24—A computer center will be established soon on the University of Idaho campus to be used for instructional and research purposes in addition to supplementing present statistical service center operations.

Rental of an IBM 1620 digital computer has received a budget of regular approval. It was announced by President D. R. Theophilus.

Director of the new computer center will be Ward Crowley, assistant professor of mathematics. Professor Crowley has had special training in computer use.

The computer will supplement the statistical service center operations on the campus under the direction of William S. Gotsch. The center handles many accounting operations for the university.

The machine will be used in a course on digital computers taught by Professor Crowley, and later will be used in a business course.

Research will play a big part in the use of the unit. It will be called on for fast and accurate statistical computations needed by the various divisions of the university.

Spy Control Founded for Atomic Test

WASHINGTON, April 24 (AP)—An anti-spy unit has been established within the task force which will supervise forthcoming nuclear tests in the Pacific.

The "strategic" department declines to specify how large the unit is, to define its exact function or, indeed, to confirm its existence.

However, available and unclassified organization listings show 450 anti-spy members by an assistant chief of staff of Joint task force 8 and that it is part of an intelligence and security division.

Any counterintelligence organization usually has this overall mission: "destroying the effectiveness of tactical foreign intelligence activities and protection of information against espionage and installations and material against sabotage."

T. F. Camp Fire Unit Plans Trip To World's Fair

Plans are being made by eight members of the Wa-Ki-Tom Torch Beaver Camp Fire group for their next exciting adventure along the Camp Fire trail.

June 16, the group, with its guardian, Mrs. J. C. Blair, will attend the Seattle World's Fair. Mrs. Blair led this trip which will be the most educational summer project possible for the girls.

The unit, sponsored by the Twin Falls First Baptist church, will raise funds for the trip through various projects. A bake-off sale will be held April 28 at J. C. Penney's, and a rummage sale will be held June 9.

In the meanwhile, the girls are seeking jobs as qualified baby-sitters. They may be contacted through Mrs. Blair.

Wa-Ki-Tom Torch Beavers recognized throughout the council as a "working group" in the five years since its organization, the group has sold over 1000 worth of Camp Fire candy; their commission from this year's sale will be applied to the trip fund.

Mrs. Blair hopes that the entire trip can be financed "through the projects and the generosity of the community."

The journey will be made by station wagon and will be a camping trip all the way. Mrs. M. R. Donkenen have offered the girls camping facilities on their private development site at Alderwood Manor in the northern suburbs of Seattle. Danksenking is a brother of Mrs. James Vandenberg, executive director of the Twin Falls Camp Fire council.

In Portland, Ore., the girls will visit a former member of their group, Mrs. Bryson (Lillian) Nimmo et al.

NEW WAY TO BE SUDDENLY SLIM

Are you a woman whose figure is on the good side but might look perfect? You'll be thrilled by the new easy way science has discovered for you to become Suddenly Slim. If you're more than 10 pounds overweight, then this idea is not for you. If your weight problem falls within this range, then you can realize your dream—another figure—today, without diet or exercise.

Suddenly Slim is an all-new kind of 4-oz. girdle constructed with a new science. A startling innovation is the inner panel. This is permanently affixed by a science-process and cannot give out. It's surrounded by a slimmer, new nylon fabric. A featherlight panel down each side of this girdle will contour your hips. They are a problem. The girdle itself is of "wonder" Lycra spandex fiber. It feels like nothing on but has such strong strength it gives your figure everything that's possible with a foundation.

"Suddenly Slim" is the peak achievement of the designer-genius, Olga.

Get "Suddenly Slim" today in either girdle or panty version. At Carroll's Foundation, 2000 Parliament, 733-5004. Mrs. Doris Pix, our well-known and expert corseteer.—Adv.

Idaho Falls Collects 7-5 Victory to Sweep Opening Series With Magic Valley

The opportunist Idaho Falls Yankees made the Magic Valley Cowboys pay for every early mistake Monday night and walked off with a 7-5 victory. It gave Idaho Falls a sweep of the opening two-game series. Idaho Falls returned home to open its season with the Magic Valley Cowboys on Tuesday night. Idaho Falls scored every man it put on base in the first four innings to push off to a 4-1 lead. Aided by Bob Lamm, Van Eman lived on an error, was sacrificed to second and scored on Jack DePallo's single. He was erased stealing.

Grandslam Homer Lets Elects Win

GREAT FALLS, April 24 (AP)—Clarence Jones hit a grand slam homer as Great Falls beat Billings 7-4 Monday night. Reliever Eddie Maj put down a ninth-inning threat of the Mustangs.

With one away, Hoss Bowlin singled, Jerry Knowles drew a walk and Felix Delcon got on base on a single. But Maj struck out the next two batters, Lowell Townsend and Ken Burchfield, to end the game.

The homer was a towering blow over the center field wall, 110 feet away, after Fred Lawhon was on with a walk and Carroll Griffin and Dick Kroetz got on with singles.

What amounted to the winning run for Great Falls came in the fifth when Jones, second, stole second and went all the way around when the throw from the catcher, Delcon, was bad at second base, after which Burchfield muffed the pickup there.

All four of the Mustangs runs came in the second inning. Floyd Wicker was safe on an error by Kroetz at third. Jon Collier walked. Jerry Henderson's single brought home the Wicker. Foster Faulkner singled and advanced Collier and Henderson. Then Hoss Bowlin singled in Collier but Henderson was thrown out at the plate trying to score on the

Braves Drop Pocatello for Second Time

POCATELLO, April 23 (AP)—Relief pitcher Fred Alworth outed Pocatello rally Monday night and the Boise Braves won their second straight victory over the Chiefs 7-5.

Alworth came in with one out in the ninth inning to relieve the eventual winner, Marvin Berbeck. With the score 7-5 for Boise, Alworth struck out two batters, but then yielded two walks before getting Joe Cauley to ground out.

Berbeck struck out two batters and the losing pitcher, Fred Wenz, fanned 13 in an eight-inning stint.

Ken Culum belted a solo home run in the top of the fifth inning. The big inning for the Braves was the eighth when they scored three runs. Culum walked, Alworth struck out two in the ninth on a single by Charles McNeal. Santos Alomar was given an intentional walk with two out and Tom Fawcett doubled them both home.

The game was played under protest after the first inning. In that inning, Fred Burke tripped on the relay from the outfield, there was an overthrow from the pitcher and the ball was thrown to the catcher who tagged Harmon out. Pocatello protested that the ball was dead when it hit some equipment in the dugout.

Clay Batters Boise Boxer In 4 Rounds

LOS ANGELES, April 24 (AP)—Underdefeated Cassius Clay, promising 20-year-old heavyweight, stopped George Logan in the fourth round of his scheduled 10-round fight Monday night in the Sports arena. He handed the Boise-boxer a hard sending. Clay, from Louisville, Ky., scoring his 13th straight victory, weighed 190½ and Logan 205.

Referee Les Grossman stopped the mismatch after 1:34 of the fourth.

Clay, the 1960 Olympic champion, had Logan in bed condition. His right eye was shut and he was bleeding from the nose. Clay reopened some eye cuts on Logan, who came into the ring with both eyebrows heavily taped.

Clay was not able to put the Idaho strong boy down, however. Under California rules it goes as a knockout.

On the same card, Ralph Dupes, the No. 2-ranking welterweight, won a unanimous 10-round decision over California's Frankie Ramirez in a non-tough boxing bout.

Dupes, 14½, from New Orleans, and Ramirez, 14½, San Jose, put on the first of Joe Louis' four 10-rounders.

Bruins Split Twin Bill With Caldwell

Larry Hunter's single drove in the deciding run as the Twin Falls Braves nip Caldwell's Cougars 6-5 Monday afternoon but the Cougars rebounded in strong fashion to gain a split of the doubleheader 7-1.

The first game, which went extra innings, ended with a 6-5 win for the Braves. Hunter's single off to a 2-0 lead in the first inning thanks to three walks from the Caldwell pitcher. Caldwell got one run back in the fourth and the Bruins secured heading for victory when Kendall Kingshore unloaded a two-run homer in the sixth inning after Jerry Randolph had walked.

Caldwell powered back into the win with a three-run outburst in the seventh inning and then went in front 5-4 in the top of the eighth.

Larry Kay started the winning rally by leading off with a walk. After John Miller fanned, Kingshore singled but was erased trying to stretch it into a double. Roby Oliphant kept it alive with a single and stole second base. Then Hunter unloaded the hit that drove the two runners home.

In the second game Caldwell rocked up six runs in the first two innings and the Bruins were never close.

Loss of Law Not Hurting Pirates

PITTSBURGH, April 24 (AP)—With ace pitcher Vernon Law benched because of a sore shoulder, the Pittsburgh Pirates were not considered much of a threat in the National League this season.

After 10 games, Law still has shoulder trouble, but the underdog Pirates aren't having pitching problems. Eight different pitchers have won games in the Pirates' streak that has tied the modern major league mark for consecutive victories at the beginning of a season.

Stengel's Mets Cop First Win, Snap Pirates' Unbeaten Boast

The New York Mets snuffed a nine-game losing streak and won their first National league game Monday night by trouncing the previously unbeaten Pittsburgh Pirates 9-1 behind the five-hit pitching of Jay Hook. Hook struck out two and walked only one while his teammates were betting Pirate pitching for a total of 14 hits. The victory was the first ever for the Mets who are a new addition to the league this season.

The victory also averted some embarrassment for Manager Casey Stengel and his squad because a loss would have given the Mets a record for the most losses at the start of a season.

The Mets' victory also blocked the Pirates from setting a new modern major league mark of 11 straight victories at the start of a season.

The Mets made short work of Pirate starter Tom Sturdivant, who was after his second victory.

Los Angeles' teen-ager Jay Moeller earned his first National league victory for the Dodgers by defeating the hapless Milwaukee Braves 5-2 with his second triumph this year—and second over the Reds.

The game was marked by stoppy play. After the first two innings, the game settled down to a pitcher's duel between Pierce and lefty Jim O'Toole.
