

Peronist Walkout Looming

BUENOS AIRES, April 25 (AP)—Argentina's general confederation of labor created its three million members today for a nationwide strike to preserve Peronist election victories canceled by President Jose Maria Guido under military pressure.

From the other side Guido was using counter-military pressure to go all the way and once again ban Peronists from all political activity before any new elections. But there still were signs of discontent from army elements that feel the military leaders have pushed the government beyond the bounds of the constitution.

The Peronist-dominated labor confederation told its members to abstain from strikes shortly after Guido nullified the results of provincial elections since December and ordered the government to take over provincial administration not already under its control.

The congress completed the cancellation of Peronist races in nine gubernatorial elections in the March 18 election.

The democratic and constitutional form of government has been replaced by a military-type dictatorship, the labor confederation declared.

No strike date was indicated. Guido's office said federal troops at the provinces were necessary to eliminate the victories of those "who would seek to restore the dictatorial regime" of ex-dictator Juan Peron.

Dean Rejects New Plea for Testing Bans

GENEVA, April 25 (AP)—The United States rejected new pleas by India and the communist bloc for a ban on nuclear testing today in the Pacific.

Russian Deputy Foreign Minister Gromyko said the United States and Britain are attempting to wash their hands of the peoples of the world and their responsibilities.

Indian Ambassador Arthur Lal told the 17-nation conference that his government to make another appeal to the great powers to withhold from testing for a number of years, perhaps "a few weeks," while another attempt was made to break the deadlock on test ban.

But American Ambassador Arthur H. Dean replied that the United States, once lured by Soviet representations of a test ban, is now in a position where it has broken without warning last fall, intends to resume testing this time only if there is an effective treaty agreement.

Senate Stabs At New Move On Test Laws

WASHINGTON, April 25 (AP)—A bipartisan group in the senate today moved to speed up the launching of a civil rights bill into the election-year political spectrum.

It is an advisory attempt Tuesday to get a legislative measure off the ground. Democratic Leader Mike Mansfield said he had supporters for another try.

His effort seemed likely to meet only in the senate. A 21-year-old Spokane man in Southern Illinois, it could iron on for 10 days or more before Mansfield and Senate Minority Leader Everett M. Dirksen, Illinois, reach for a settlement to shut off debate.

The cut-off could come only if a majority of senators would approve a debate limitation. This device has never worked when a civil rights bill has been introduced.

Led by Sen. Richard L. Russell, D., Ga., the senate's top Republican, Southern opponents forced a postponement Tuesday by the simple expedient of demanding that a quorum be present. Mansfield was trying to get discussion going on an act which would exempt voters in federal elections who have completed a six-grade education from taking the literacy tests in 21 states which have such requirements.

Most of World Is Backing U.S. Test

By United Press International

Western Europe today generally defended the U.S. decision to resume nuclear testing but Japan expressed "deep disappointment" and Russians put on a show of outrage. Soviet Deputy Foreign Minister Valerian Zorin accused the United States and Britain of trying to "wash their hands" of responsibility for the tests. But the Russians indicated they would go on talking about a test ban and general disarmament anyway.

A Japanese foreign office statement expressed "deep regret" and said the government "will agree with the American plans to resume tests for whatever reasons."

At the supreme state meeting in Moscow, a succession of speakers denounced the U.S. decision and expressed strong support for Premier Nikita S. Khrushchev's announcement yesterday that Russian tests will follow within a few days.

Premier Nikita S. Khrushchev apparently was content to let others do the criticizing for a change. He did not mention the test in a 12-minute speech in which he presented his new government.

Times of London suggested that the Russians might privately be welcoming the U.S. decision "as an excuse for a further round of test ban negotiations."

The first outright government support came from Nationalist China where the foreign minister said he is the only way for America to maintain the nuclear test ban over the Soviet Union.

British Prime Minister Harold Macmillan, who meets with Kennedy later this week, already has told his parliament he could not and would not ask another postponement of the tests in view of the fact that the Soviet cheating-proof system of inspection and control.

In Washington, the state department said it was "not aware of a shower of bricks from some parts of the world but some officials felt it would be far less than expected because the Russians broke a three-year moratorium that fell with their test series.

The pentagon announced today that the U.S. will resume testing on May 7 and May 12. The first battle group, 8th Infantry, will be shifted to Germany by air transport to replace the second battle group, 90th Infantry, which was carried across the Atlantic last January in a previous exercise, Long Thrust II.

Both battle groups are part of the fourth infantry division, based at Ft. Lewis, Wash.

Jet fighters will provide air cover as well as the transport.

The whole operation will be under the control of the newly formed 4th command, a conventional air force unit which is assigned the job of directing rapid movement of U.S. forces overseas to handle possible emergencies.

Murder Men Shoot Arabs Over Africa

ALGIERS, April 25 (AP)—A 40-year-old Algerian, exploded with a rifle on a busy square in downtown Algiers today, killing two Moslems. Estimates of the injured ran as high as 15.

A group of Moslems surrounded and severely beat a European woman on suspicion she had stepped from the car with a gun shortly before the explosion. But police said the woman was a passer-by who was rescued from the crowd and taken to a hospital with a fractured skull.

Police said four persons were wounded, including two policemen hit by flying fragments. Military sources said at least 16 wounded had been taken to the hospital.

Many passers-by had been warned away from the car. Some witnesses said that the woman and two men who got out of the car seemed to be running away. This aroused suspicions and there were reports that the woman and two men were shot.

Terrorists killed at least 20 persons and wounded 12 in Algeria Tuesday.

Rangers Slay Red's Militia Near Saigon

"TRUONG GIOA, South Viet Nam, April 25 (AP)—South Vietnamese forces today killed 74 communist guerrillas near the helicopter landing zone of the United States military base at Saigon.

The government forces took three prisoners and seized a large stock of weapons. Three government men were lost. The operation is taking place 100 miles southwest of Saigon in an area heavily infested by Viet Cong guerrillas.

It was the second operation in the U.S. nature helicopter unit has participated since arriving in South Viet Nam two weeks ago.

French Regime Is Facing Crisis

PARIS, April 25 (AP)—The new French government of Premier Georges Pompidou moved earlier today to cope with its first major domestic crisis—a 24-hour strike on the state-operated railroad system.

After a two and one-half hour meeting at the Elysee palace this morning with President Charles de Gaulle, information Minister Alain Peyrune announced the cabinet "took the necessary dispositions" to deal with the strike, which began at midnight.

First Shot in New U.S. Pacific Island Nuclear Testing Series Is Fired

WASHINGTON, April 25 (AP)—The United States fired its first shot of the new nuclear test series in the atmosphere over the central Pacific early today, government officials reported. An unofficial announcement was expected from the atomic energy commission later this afternoon. Information was that the shot had been fired in very late morning. Washington time, and first reports here from Task Force 8 indicated a successful test.

U.S. Fires Saturn Rocket for Successful Water Experiments

CAPE CANAVERAL, April 25 (UPI)—The United States fired its giant Saturn super rocket on its second test flight today to give this country's space program an immense boost. The 162-foot rocket rose slowly from its pad in a perfect test of its 1.3 million-pound thrust engines and then, in a second successful test, dumped its "payload" of 95 tons of water in space to complete a cloud experiment. The 460-ton rocket rose, agonizingly slowly at first, on a huge cradle of flame and smoke spread out by its eight cruciformly arranged jets. A deflating roar from the cape lit gained speed and arched to the southwest.

Governor, Family Fly From Seattle

SEATTLE, April 25 (AP)—Gov. Robert E. Smylie and his family flew home to Boise today after participating in Idaho day ceremonies at the Seattle World's Fair. Idaho's flag was raised at the base of the Statue of Liberty in the highlight of the observance. Smylie said this century 21st exposition was an example "of the unity of purpose needed in the 21st century." He expressed hope that peace would prevail in the future when all people can live in dignity, freedom and understanding without molestation or fear.

Roberts and Coiner Take Board Posts

Henry Coiner, incumbent from one four, and E. A. (Bill) Roberts, zone three, were elected to the board of trustees for Twin Falls class A school district No. 11 during an election Tuesday afternoon.

Roberts reported Wednesday morning that 788 votes were cast, twice as many as the number of voters in the previous elections, in which the total votes cast varied from 300 to 350 ballots.

Coiner received 415 votes while opponent, William L. Chaney, received 373.

In zone three and Eugene Sturgill, a write-in candidate, had 60. There were 416 ballots cast at Blaket school and 283 votes at Lincoln school, where residents voted between 1 and 6 p. m.

Skipper Sank Yacht, Coast Guard Claims

MIAMI, April 25 (AP)—The coast guard claimed today that skipper Julian A. Harvey of the ill-fated ketch Quibelle was killed when he was swept overboard by a wave during a storm off the coast of Florida.

The 11-foot ketch Quibelle was carrying a party of six when it was wrecked off the coast of Florida.

Blaine Areas Ask Check of Vote Legality

HAILEY, April 25—Legality of voting in the recent Blaine county school board election was questioned by a school trustee and the chairman of the school district building committee Tuesday.

School trustee J. A. Williams, Bellevue, requested permission from the Blaine county school board to examine the poll books of the Carey and Hailey voting districts.

Noel Pratt, Carey, chairman of the building committee, also requested that poll books be examined. He said that there were no errors were found in the count.

The bond issue was defeated by a narrow margin. There were 951 votes in favor and 561 against for a 62.8 per cent majority. A low-turnout election was held throughout opposition was in the Bellevue area, where the vote was 11 in favor and 22 against.

The school board has no indications as to future bond election.

Firms Battle Kennedy on Taxes Plans

WASHINGTON, April 25 (AP)—Business spokesmen complained today that the administration proposed to reach out and tax income of American firms overseas would be gross tax discrimination.

The Senate finance committee was told that President Kennedy's tax plan would penalize U.S. businessmen abroad and seriously hamper their efforts to bring a larger share of booming foreign consumer markets.

The sharp criticism testimony was directed at Kennedy's reform bill. It would subject U.S. subsidiaries abroad to the 32 per cent corporate income tax, a measure that would be used in an underdeveloped nation.

Existing law now permits U.S. subsidiaries to control foreign subsidiaries to defer taxes until the earnings are repatriated to the parent U.S. firm as dividends.

Search Goes On For Downed Six

BLAKE, Nev., April 25 (AP)—Nevada authorities hoped to hunt for 12 planes today in the hunt for a missing California plane which crashed Sunday.

The aircraft vanished over central Elko county last Friday on a flight from Salt Lake City to Elko. The plane was carrying pilot Al Hoffman, his wife and two sons, all of Priddy, Blaine, Mrs. Carl Clausen, Woodland and her sister, Mrs. Connie Moore, Walnut Creek.

Turbulent winds interrupted the search effort Tuesday.

Soaring Flames Mark Oil Blast

HOUSTON, Tex., April 25 (AP)—Flames shot 100 stories high Tuesday as a gas storage tank exploded at a recycling tank plant near the city.

Four persons suffered severe burns in the blast which started before midnight. A woman lying nearby suffered a heart attack, passing a car apparently touched off the blast at a Sinclair Refining company tank.

The blast caused no injuries. The flames were visible in downtown Houston, 20 miles distant.

Gambling Advocate's Moves For Debate Are Castigated

By United Press International
Democratic gubernatorial candidate John G. Walters today described as "childish nonsense" the latest television debate proposal made to him by one of his opponents, Vernon K. Smith, who is running on a platform of legalizing gambling in Idaho. Walters has repeatedly expressed strong opposition to Smith's program.

"When Smith first challenged me to a debate," Walters said, "I stated I would be delighted to do so—but on terms mutually agreed to and not on any dictated by him. The so-called rules he proposes are childish nonsense."

Hawley charges the proposals of the "new frontier" have one prime objective—to fix farm prices and restrict a farmer's right to produce farm products. Hawley said the bill would result in inefficiency in farming and higher production costs.

Keith Schofield, Republican candidate for second district congress, said "the fashionable liberals will lead the Democratic party complain that the Republicans do not have a program. What they really mean is the Republicans do not have a government program, that is, a program designed to increase the interference of the federal government in our society."

WASHINGTON, April 23—Stronger legislation to curb or regulate the union's power in the bargaining process...
By RAY TUCKER

Auditorium Needed

The community's continuing need for a suitable auditorium is demonstrated quite effectively every time residents turn out for a musical event, prominent speaker or some theatrical event that draws a large crowd. It's becoming increasingly obvious that Twin Falls needs an excellently engineered auditorium with an ample stage and seating capacity for something like 2,500 or 3,000 spectators.

The crowds expected to attend the appealing and unusual "Carmina Burana" Thursday night will get the point all over again. The event is being held in the junior high school gymnasium for want of a better place. The site is a gymnasium and was never intended for use as an auditorium.

Those citizens who are convinced Twin Falls needs a suitable auditorium have not abandoned their plans for the project. In fact, another possibility has been opened recently with talk about establishing a junior college here. If a suitable site is provided, it might well be that a community auditorium could be established in conjunction with a junior college. Extensive use would be assured.

PRIMARY CAMPAIGNS

In the coming weeks, Idaho voters will find themselves busy to the point that the purpose of primary elections is to select candidates to run for office in November. The primaries are strictly party elections except for a couple of notable exceptions.

FRACTEE OF PRAYER
With a lawyer appearing before the U.S. supreme court that the recitation of a prayer in a public classroom is a violation of the constitution, it is well to remember that, whatever the constitutional niceties, public prayer is a tradition in the United States.

Yes, there are pot holes in streets and highways. Weather, soil conditions, traffic and the amount of money available for road building contribute to their existence. Many of them are caused by old filling material of the holes.

There's always a fisherman who will use any means to catch fish, without regard to laws. Although these individuals are relatively rare in Magic Valley, they do exist and as a result, all fishermen are suspect.

HOW IT'S SAID

There are different ways of saying the same thing. In Seattle, fair promoters brag that the Monorail will go "11 miles in 100 seconds." Pretty speedy.

MARQUIS CHILDS WRITES ON WASHINGTON

WASHINGTON, April 23—By the end of the coming week or shortly thereafter, the United States will fire the first of a long series of nuclear test shots in the atmosphere in the Pacific.

DISCOURAGING

Dear Pot Shots: Some weeks ago, there was a letter in Pot Shots signed by an "Old Maid" in what appeared to be a man-finding expedition. So far as I remember, there was no answer.

Looking back over the past eight months since the Soviet broke the moratorium and began their own massive test series the debate over the course the country should follow is going to have been not really a debate at all. Not a single voice with any weight has been heard in public to support a longer pause to pursue for at least a few months more the prospect of negotiated and controlled weight has been on the other side, with Republicans critical of the administration's course.

Interpreting the News

BY JAMES MARLOW
WASHINGTON, April 23—The elderly and the aged—two of the most vulnerable groups in our society—are leading the way.

Most of them may be gone by the time Kennedy finishes a second term, provided he seeks and wins reelection. If they are, the world will be in for some real arranging which may make these days, disturbed as they are, look tranquil by comparison.

His right-hand man will still be there when he goes. There has never been any talk of rivalry among his possible heirs. The translation from him to one of them may be easy and perhaps a relief to the country.

Under Khrushchev the Soviet Union has made significant progress. He has been a hobbler in the United States. He is no less dedicated than Joseph Stalin in world domination by communism.

One of its main goals is to scrap the crucibles of the dictator and Stalin's barbarism; he rattles missiles, but the "no-preference" peaceful coexistence has been always stopped a good bit short of precipitating war.

HOW THINGS APPEAR FROM PEGLER'S VIEW

General Walker was badly rough-housed by the Washington elite of our free press who covered his testimony on the McCarthy case at work in the American army zone in Germany. They were especially scornful of his military honor and his close proximity to battle with the enemy.

Some strange stranger was used on General Walker's ordeal before the senate committee. I remembered the New York Times and San Francisco but caught no mention of Max Ascoli and his fortnightly magazine called The Reporter. Now that is strange.

Jerome Lists Contests for State Solons

JEROME, April 25—Contests for state senator and representative on the Democratic ticket will spark interest in the June 5 primary election.

Charles A. L'Harrison, manager of the L'Harrison Furriers store, will be opposed in the Democratic primary by William K. Hill, Eden, Valley high school teacher.

On the Republican side of the ticket is J. R. Seelye, incumbent, for state senator. Seelye has served one term in this office.

Ralph E. Peters, who is with the Jerome Abstract firm, has filed for state representative on the Democratic ticket. He will be opposed in the primaries by Arlyn Bodily, Eden, a Valley high school teacher also. James Martin, Eden, incumbent, has filed on the Republican ticket. He has served one term as representative.

In the race for probable judge two Republicans have filed and no Democrats. J. H. Sibbald, incumbent, who has served one term in this office, will be opposed by Russell C. Shaud, Shaud has taught school for the last five years. He is an attorney.

D. L. Webb, and Joe Houka, Jr., both Hazelton, have filed on the Democratic ticket for third district judge. Webb is attorney. Willard Latimer, Eden, incumbent, has filed on the Republican ticket.

Johnnie Demographic incumbent, is the only one to file for county commissioner in the second district.

There will be a three-way race on the Republican ticket for county clerk. Ella McVey, now employed in the county treasurer's office, is incumbent. Jackson and Mrs. Vida L. Harman have all filed. Mrs. Harman is justice of the peace from the east end of the county.

Mrs. Charlotte Roberson, incumbent, is the only one filing on the Democratic ticket.

Three Republicans have filed for sheriff including incumbent Sheriff James B. (Pat) Burns; James B. Prunty and David Dean. Prunty is Jerome farmer, and Dean is Alameda police captain to run for sheriff. Fred Kiser, Jerome patrolman, has filed on the Democratic side.

Richard Seelye, Republican incumbent prosecuting attorney, has no opposition on either ticket. Alton Jay Millet, incumbent assessor, has filed on the Republican ticket and Bryan Henry has filed on the Democratic ticket for assessor.

Republican precinct committeemen and their districts include: Horvath, Sullivan, Canyonide; Warren, Kays, Grandview; Paul M. Harless, northeast; Walter Timson, southwest; Dean, Falls City; Opal Newby, Eden; Luis Alameda, Hazelton; O. R. N. Shepherd, southeast; O. Grant Bertrando, Bishop; J. A. Herrmann, Hunt.

Democratic precinct committeemen and their districts include: Deibert Hall, Grandview; Hershel Emberton, northeast; Sonnich Sonnichsen, southwest; Harold Jenkins, Canyonide; Bert Lickley, Falls City; Peter Shawver, Eden; Alice Kurtz, Hazelton; Alta L. Davis, northwest; J. R. Webster, southeast; Evelyn Roberts, Bishop; J. Emmet Smith, courthouse; Leon W. Baldwin, Hunt; and Carl O. Steep and Merrill D. Paskay, both Greenwood.

Program Held

SPRINGDALE, April 25—A short Easter program was held in the LDS Sunday school prior to regular class work and Johnson welcomed the group.

Michael Stroeter gave the scripture reading, Bishop Noel Bowcut spoke and songs were sung.

HOW TO KEEP YOUR HOME FROM GETTING DIRTY

Most of the dust and dirt particles floating through the air in your home are too small to see. Some of them, like those that make up tobacco smoke, are so small only an electron microscope can see them. These tiny particles stick to every surface, clinging, staining and creating daily household drudgery and piling up cleaning and redecorating costs. Ordinary sweepers do not catch these culprits.

The Honeywell Electronic Air Cleaner, by giving airborne particles an electrical charge, collects them much like a magnet attracts iron filings. In fact, the Honeywell Electronic Air Cleaner removes 10 to 12 times more airborne dirt than an ordinary floor filter. For relief from constant dusting and cleaning, to cut cleaning and redecorating bills and to significantly reduce the amount of pollen and other irritating particles, check into the

Marvelous Motorized Home To Be Displayed

LONDON, April 25 (AP)—The young man frankly ran to a phone booth but discovered it was out of order. He raced to another one, but it, too, was not working. Luckily, a policeman happened along.

"My wife's having a baby," he was barely able to blurt out to Police Constable Mitchell Blake.

Blake rushed to the young man's home and helped deliver a seven-pound girl.

"We're calling her Michelle after that marvelous constable," said Mr. and Mrs. Dick Stork.

Ex-Singer Bears Her Sixth Child

MEMPHIS, Tenn., April 25 (AP)—Marguerite Piazza Condon, former Metropolitan opera star, gave birth to her sixth child yesterday.

Miss Piazza, the wife of Snuff company executive William Condon, Memphis, said she felt "fine" after the birth of a nine-pound, two-ounce, dark-haired daughter. The baby was expected about May 6.

The former diva has three sons and two other daughters.

News Around Idaho

BOISE, April 25 (AP)—The state supreme court had under consideration today a plea that it order payment of a controversial claim for aerial mapping of Idaho. The high court was told at a hearing Tuesday that refusal to pay the claim "violates all basic rules of justice, morals and ethics." The \$300,000 claim was submitted to the state board of examiners by Aero Service Corporation, Salt Lake City. The two Democratic members of the board, Attorney General Frank L. Benson and Secretary of State Arnold Williams, voted over the objections of Republican Gov. Robert E. Smylie to deny the claim.

BOISE, April 25 (AP)—The Idaho director of the farmers home administration says he has been assured that Max Hansen said the assurances came from Howard Bertisch, national administrator of the agency. Bertisch conferred with state officials of the agency here Monday and Tuesday.

LEWISTON, April 25 (AP)—The Idaho hospital advisory council has approved plans for construction of hospital and medical facilities which will bring about 1 million dollars in new funds to the Gem state. The agency said the federal Hill-Burton funds will be available for the fiscal period starting in July under a bill now before congress.

BOISE, April 25 (AP)—The Idaho public utilities commission has ordered a \$360,000 annual reduction in the cost of interstate telephone calls. The PUC said the \$300,000 reduction will be achieved by the effect of reducing interstate long distance rates to approximately the same level as interstate long distance toll charges for comparable mileage.

POCATELLO, April 25 (AP)—High school seniors from throughout the state have been invited to Idaho State college's annual campus day Friday starting in early Thursday. Harold Harvey, U. S. weather bureau meteorologist, said temperatures may drop as low as 27 degrees. He said operation of orchard heaters probably will be necessary during the early morning hours of Thursday with the state weather bureau in the Boise area. Spraying conditions were expected to be unfavorable today, because of winds. Harvey said they will be excellent Thursday during the morning and evening with fair to good conditions during the middle of the day.

ERUHLAND, April 25 (AP)—Southwestern Idaho fruit growers were warned today that orchard heating likely will be necessary to prevent damage to fruit early Thursday. Harold Harvey, U. S. weather bureau meteorologist, said temperatures may drop as low as 27 degrees. He said operation of orchard heaters probably will be necessary during the early morning hours of Thursday with the state weather bureau in the Boise area. Spraying conditions were expected to be unfavorable today, because of winds. Harvey said they will be excellent Thursday during the morning and evening with fair to good conditions during the middle of the day.

BOISE, April 25 (AP)—Idaho prison warden L. E. Clapp said today he has asked prosecuting attorneys in counties throughout the state to determine the status of Indians in the penitentiary from their counties. Clapp said he wants to determine whether the 54 Indians in prison and 50 others on parole are affected by the recent United States supreme court ruling which brought release of two Indians from the Idaho penitentiary.

BOISE, April 25 (AP)—Idaho's annual grassman-of-the-year tour has been set for May 25. Robert Ball, state committee chairman, announced today. It will take visitors to the ranch of Bruce Brent, who was the 1961 grassman-of-the-year. Brent's ranch is 10 miles north of Webster in the Mann creek area. Ball said visitors will see areas on which several varieties of grass have been used to increase forage. They will also see water development and management practices.

POCATELLO, April 25 (AP)—The Hannock county commission agreed Tuesday to eliminate two miles of Union Pacific freight tracks from a proposed cemetery district in Swan Lake, in the southern end of Hannock county. Commission chairman Emmette Spraker said the area is desirable to Swan Lake residents asking the formation of the district.

Rebel Drive Is Thwarted By Laos Foe

VALENTINE, Laos, April 25 (AP)—Anti-communist rebel forces against the northwestern provincial capital of Nakhon Phanom has ground to a halt, at least temporarily, according to American military sources. The sources said the rebel drive had dwindled to scattered skirmishes with government troops along the uneven terrain of the some 10 miles southeast of the town. It still was too early to tell whether the rebels were pushing with their recent victories in the area or were waiting only for their supply lines to catch up with them. The rebels still have not recaptured all the ground they held two months ago, when they pushed to within 10,000 yards of the besieged village itself. The U. S. military sources confirmed an earlier report that six or more rebel battalions (about 3,000 men) had taken up positions in a half-circle around the town. A visitor who returned from Nakhon Phanom today said officers commanding fighting defense troops there seemed confident and the morale of the soldiers was high. The rebel offensive apparently slackened off after the insurgents overran another government outpost southeast of the village. A communication said 10 government soldiers were killed and 10 others wounded in the attack on the outpost.

Doctor Talks At Murtaugh PTA Confab

MURTAUGH, April 25 (AP)—Dr. A. N. Bonde, Rupert, was guest speaker at the Monday night meeting of the Murtaugh PTA held in the high school auditorium.

Mrs. Harold Savage introduced the speaker whose topic was "The effects of visual problems on your children's reading habits." A question period followed.

Devon Anderson, coach, spoke briefly on youth physical fitness and explained how students were to be tested this week.

Mrs. Norris Goodman, hot lunch chairman, reported on the hot lunch program and announced that rising operating costs have made it necessary to increase the price of hot lunches starting next fall.

Children in grades one through three will pay the usual 25 cents and grades four through 12 will pay 30 cents.

The announcement was made that the annual spaghetti banquet will be served at 7 p.m. May 12, in the high school gymnasium.

The program included three numbers played by the beginners band under the direction of Mrs. Nelson DePante. A group of students from the Dumas boarding school, Burley, presented two numbers.

An original poem, written by the Kay Stanger in honor of Supt. Tom Uterback, was read by Mrs. Glen Breeding. Mrs. A. E. Cummins, PTA president, presented Superintendent Uterback a gift from the PTA.

The fifth grade won the room count and eighth grade mothers served refreshments.

"Carmina Burana" Is Most Unusual Work of Music Art

The 150 songs and instrumentalists will present "Carmina Burana" at 8 p.m. Thursday in the Twin Falls Junior high gymnasium will offer one of the most unusual musical works of art written in recent decades—and certainly one of the most unusual ever presented in Idaho.

The music and lyrics of "Carmina Burana," by Carl Orff, utilize the lyric poetry written during the 12th and 13th century by a group of free spirit roaming scholars and defrocked ecclesiastics, called the Goliards. The Goliards were, in their day, the members of the cult of nonconformism, not unlike the beatniks of today.

They are a segment of the society of the Middle Ages that is frequently overlooked in most history books.

During the 12th century there were three kinds of Latin lyric poetry written—imitation of the classical poets, Latin Christian poetry and the Goliard poetry that was a rollicking, earthy poetry that exulted the pleasures of life, and in its more lush moments, the pleasures of the flesh.

The poetry and the actions of the Goliards was non-Medieval in many ways and was frowned upon by church leaders. Eventually, the group passed out of the scene and the poetry they composed was lost to the world. By the 14th century the Goliards were virtually extinct and the gay, earthy poetry they composed was either lost or hidden in libraries.

But in 1803 one of the largest manuscripts ever found of Goliard poetry was discovered in the Bavarian monastery of Benediktbeuren. And, in keeping with the thought of the Middle ages, the monks had purposely failed to catalogue the outlawed manuscript in their library.

Using this manuscript, Carl Orff, composed "Carmina Burana." It was finished in 1936 and wasn't presented in the United States until 1959.

Grange Will Have Supper For Benefit

The Twin Falls Grange No. 216 has planned a benefit pancake supper from 5 to 8 p.m. Friday in the Grange hall basement. A hobby show will be displayed at the same time.

Proceeds from the supper will be donated to the state Grange fund for a building at the Idaho Youth Ranch, Rupert.

Chairmen for the benefit are J. T. Creed, general chairman; James Gusterson, supply; Mrs. William Rosenot, dining hall; Tom Speedy, tickets, and Mrs. Irm-Bodenstahler, tickets.

Anyone interested in displaying hobby articles may contact Creed.

Film Beauty Is Stricken

ROME, April 23 (AP)—Officials at Salvatore Biondi hospital reported today that Actress Elizabeth Taylor was treated during the night for an undisclosed ailment and later released.

Her unexplained trip to the hospital last night followed a bitter argument with Welsh actor Richard Burton, her co-star in the film "Cleopatra," and her constant companion ever since she broke up with her fourth husband, singer Eddie Fisher.

Friends of the couple said their Easter week-end at a seaside bungalow near Porto Santo Stefano, 100 miles north of Rome, ended abruptly Monday when Miss Taylor walked out.

Miss Taylor drove back to Rome Monday night and Burton returned the following day. They reportedly have not seen each other since then, although their villas are only a few hundred yards apart.

Wife, Daughter Drown in Flood

BOZANO, Italy, April 25 (AP)—The four members of the Diestelmann family, on vacation from their home in Germany, were sunning themselves on rocks below a dam near this Italian town, unaware that water behind the flood gates was rising toward a level that automatically opened the barrier.

Moments later tons of water crashing down on them, drowning Hildegard Diestelmann, 28, and daughter Ingeborg, 3. The husband, Reinhard, 29, a school teacher from Stuttgart, managed to save himself and daughter Ursula, 5.

THREE-DAY SEMINARY CONFERENCE schedule is discussed by three LDS seminary students and Hal Taylor, left, Springville, Utah, coordinator of seminaries in central Utah and a faculty member at Brigham Young university, Provo. Taylor was featured speaker during a one-day conference for about 450 students from seminaries in three major Valley LDS stakes.

Students, from left, are Janice Sadweeks, Kimberly, Twin Falls stake; Phyllis Spanos, Glenna Ferry, Gooding stake; and George Shiris, Halley, Blaine stake. Miss Spanos is vice president of the Glenna Ferry seminary. Taylor discussed "the need for religious education" during one of the conference sessions. (Times-News photo)

Rites Honor J. Martindale

BURLEY, April 25—Funeral services for Joseph Alonzo Martindale were held Saturday at the Burley LDS third-sixth ward chapel with Bishop Russell Ivo officiating.

Family prayer at the funeral home was given by J. Donald Martindale. Opening prayer was offered by R. B. Catmull and obituary was read by Bishop Russell Ivo.

Speakers were Owen McBride and Wilford Segers. Ferrell Catmull, Raymond Condie, Delbert Buckley and Rupert Lindsey presented a musical selection and soloist was Mrs. Alene Humphries. All were accompanied by Mrs. Thelma Widwire.

Postlude and prelude music was played by Michael Chesley and an organ solo was played by Arvid Green. Benediction was given by Alma Gerald Anderson.

Suit Filed Over Flooded Cellar

Mr. and Mrs. L. James Koutnik filed a \$5,400.03 civil suit against B. Y. Ellsworth in district court for water damage to the basement of their home.

The file was withdrawn immediately after it was entered by their attorney Feb. 20, and was not returned until Tuesday.

The Koutniks state Ellsworth, who does business as Culligan Soft Water Service company, "failed and neglected to properly inspect and change" a connecting soft water tank the company had installed in the basement of the Koutnik home.

As a result of this negligence, the hose broke and flooded the basement June 13, 1960, the petition claims, adding that the water rose to a depth of approximately three and one-half feet in the basement.

They ask \$1,752.21 for damages to their home and \$4,708.82 for damages to personal property in the basement.

Party Held

DECOLO, April 25—Mrs. Les Hurst entertained 10 boys at her home Saturday afternoon at an Easter party. Games were played on the lawn and the boys held an Easter egg hunt. Refreshments were served.

Attending were Danny Osterhout, Glen Osterhout, Gaylen Osterhout, Michael Eyswater, Tom Darrington, Kenneth Darrington, Stephen Darrington, Dennis Mallory and David and Theron Hurst.

Wendell Man Appointed to Broker Unit

SHOSHONE, April 25—Phil Hurrell, Wendell, of the North Side Board of Realtors, has been appointed representative of the National Institute of Real Estate Brokers, with headquarters in Chicago, Ill., according to Harrell Thorne, Shoshone, secretary of the board.

The institute comprises 16,000 realtors, is the largest affiliate of the National Association of Real Estate Boards and has its main objective of education of its members to serve the public better.

One of Hurrell's duties will be to stimulate panel discussions on brokerage problems at real estate board meetings and during state conventions. Through such discussions realtors are kept constantly up-to-date on new and proven methods in the way of realty advertising, financing and taxation.

Perry A. Nelson, Pocatello, is state membership chairman.

Another Honest Man Turned up In T.F. County

Another honest man has been turned up in Twin Falls County, reports Sheriff James H. Bonham.

He explained that H. R. Bernat, 225 Lenore street, Twin Falls, turned in four spinner-type hubcaps he found discarded near the junction of highways 74 and 92.

The hubcaps, valued at \$40, were stolen from a car parked on the Younce Motor company parking lot over the week-end.

Bernat said he and his wife were out hunting asparagus and saw the hubcaps near the canal bank.

"I have never been in any trouble in my life," Bernat said, "and I figured I just might be if I kept these hubcaps."

Fine Levied

Donald E. Morrill, 20, Hansen, was fined \$50 and costs by Twin Falls county Probate Judge Zoe Ann Wahlgren Tuesday for producing beer for minors.

He pleaded guilty to purchasing beer Friday for two boys, one 17 and one 16 years old and two girls, one 17 and the other 15.

RETURN HOME

DIETRICH, April 25—Mr. and Mrs. Sidney Edwards, Sr., and Mrs. Don Knowles have returned home from Redmond, where they attended funeral services for Bob Hewitt.

Humility Need Stressed at Minidoka Stake Conclave

REPORT, April 25—The need for humility and the importance of the commandments were stressed in the opening address of the Minidoka LDS stake quarterly conference Sunday by State President Rodney A. Hansen. A total of 2,094 persons attended the session.

Hansen said that members could well ask themselves "How much am I worth to my church community and my country?"

It is easy to be arrogant and proud, he said, but pointed out that it takes real courage to be humble before the world. It is important to stand firm for one's beliefs, he said, but not in arrogance.

The speaker pointed out that throughout the ministry of the Savior, humility was stressed as a prerequisite for those wishing to do His bidding. He urged members to accept all assignments given them, and to go forward in the work of the Lord with a glad and willing heart. Each told of his experiences in the tuition field and expressed appreciation for the opportunity having served.

Jay Merrill, counselor to President Hansen, spoke on the Easter theme, pointing out the great blessings to mankind brought about by the sacrifice made by Christ, and of the joy that can be obtained through faith in the resurrection, and through living in accordance with the teachings of the church.

John Ingersoll, who is in charge of arrangements, announced plans for a leadership school, called a "Festival of Learning," to be held at Burley July 20-23, with professors from the Brigham Young university and Rick's College conducting courses.

He said that this will be similar to the leadership weeks held at the BYU and at Rick's in former years, and would offer music appreciation, with both beginners and advanced courses in directing, to be conducted by J. Spencer Cornwall.

Seth Hills of the BYU will conduct courses on audio-visual aids in teaching, and Ray Jones, also of the BYU, will conduct sessions on public speaking and directing and theater workshops. Other courses will cover such subjects as counseling, a leadership workshop, genealogy, American literature and a dance workshop, directed by Alma Eaton, well-known dance teacher.

Enrollments for the course may be made through contacting Ingersoll at his home.

Concluding speaker for the morning session was Daniel S. Hess, Rick's college, who spoke on the unified church education program.

Dr. Hess stressed the importance of spiritual training in the lives of young people, pointing out that this is the one phase of training that is so often neglected.

He outlined the education program of the church, and encouraged all young people to enroll in seminary classes or in the Institute of Religion at college.

He commended the young people of the stake for having some 80 per cent enrollment in seminary classes, and pointed out that the fourth year that is offered here in response to requests of students.

Dr. Hess stressed that there is no substitute for knowledge and learning, and pointed out that the Lord cannot draw from an empty well.

President Earl Griffin, counselor in the stake presidency, speaking of the importance and responsibility of members in sharing their knowledge of the gospel with their friends and acquaintances.

"Many people in the world today are questioning and seeking for the truth," he said, and need only a word or an invitation to be willing to listen and to receive understanding.

Griffin stressed the responsibility of parents to their children, pointing out that the day will come when an accounting will have to be made to the Lord for the success or failure of the parents in the training of their children.

In the busy world of today, the speaker said, it is even more important for parents to find time to spend with their families and to teach the basic truths and virtues. The first responsibility, he said, is to live right, and to be a good example to young people can be helpful in choosing the paths they would follow.

The importance of family prayer in the homes also was stressed by the speaker.

Four young people spoke, including Larry Smith who talked on honoring parents and of the importance in the lives of children of a good home environment.

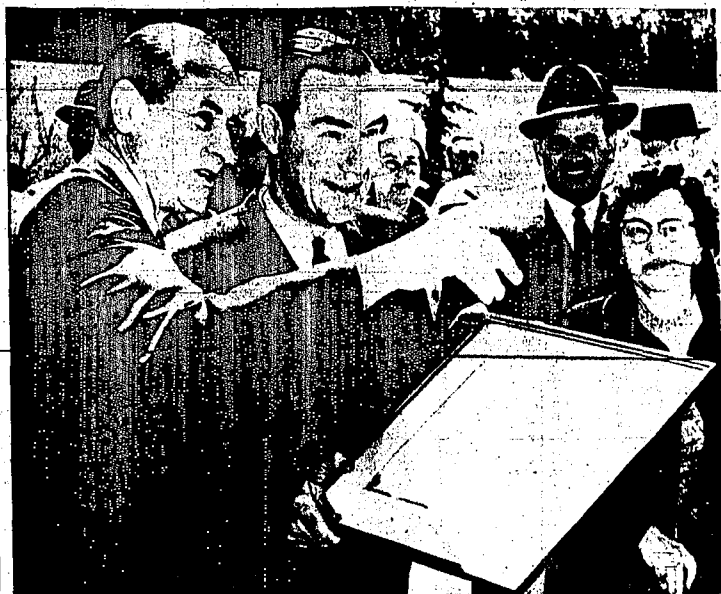

Marcia Hiltbrand spoke of the obligations of youth to their parents, stating that they should be willing to follow the direction of their parents, and also that they should be ready and willing to accept assignments in the church.

Terry McCombs spoke on the necessity of living clean lives and of accepting the obligation of all church members of helping in any way they could in teaching the Gospel to the world.

Carol Ann Maxwell spoke on the responsibility of preparing for temple marriages, pointing out that it was just as much a responsibility for boys as it was for girls to live clean lives so as to be worthy for such a marriage.

LaMar Olson, member of the high council, pointed out that people were instructed to keep all of the commandments, not just the easy ones that required no effort.

Vance Smith, also of the high council, spoke of the importance of teaching young people the correct values and virtues especially in this area where a large per cent went away from home to live. Proper training in childhood and youth provide a foundation upon which to build their lives, he said.

He Learned

RALEIGH, N.C., April 25 (AP)—Six men, including one who said he learned photo-engraving in prison, were indicted by a federal grand jury yesterday as the masterminds of a one-million-dollar counterfeit bill operation.

Authorities said the ring flooded eastern North Carolina with bogus \$20 bills during the past four years.

One of the men, Edward D. Sparrow, 62, said he learned photo-engraving while serving a term in the federal prison in Atlanta.

Floral arrangements were under the direction of Mrs. Alta Johnson, Mrs. Blanche Strother, Mrs. Alta Fairchild, Mrs. Kate Fairchild, Mrs. Loreta Fairchild and Mrs. Irma Hodge.

Concluding rites were held in the Basin cemetery—Oakley, with Daniel M. Day dedicating the grave.

Blough Reports Steel Payments

NEW YORK, April 25 (AP)—U.S. Steel board chairman Roger M. Blough reported yesterday that the company will pay "the regular" quarterly dividend of 75 cents a share on first quarter earnings of \$5.8 million dollars.

The company, which retolled an announced price increase April 13 on pressure from the administration, had first quarter sales of \$78.2 million dollars. This was double the figure for 1961 when the steel industry was in a recession.

Blough told a news conference U.S. Steel would do "everything we can to improve earnings." The company has paid a 75 cent quarterly dividend since 1967.

Social Worker Will Speak for Church Meets

Caroline A. Porter, retired domestic and social worker, will be the featured speaker at two Methodist women's conventions in Twin Falls this week-end.

She will speak at the banquet Saturday night at the Fogerson hotel for the eastern district week-end of the Wesleyan Service guild, Methodist group for employed women. Delegates from Boise, Idaho Falls, Pocatello, Jerome and Hansen are expected.

Miss Porter also will address the 21st annual meeting of the Woman's Society of Christian Service at the WSCS banquet at 6 p. m. Monday at the Christian church.

Miss Porter was born in Louisiana and, after training for Christian service in Chicago, she was appointed to Wolff Settlement house, Tampa, Fla.

Since 1922 she has served in settlements and communities in California, San Antonio and El Paso, Tex. before coming to Toberman settlement house in Los Angeles. She was director of the settlement in San Pedro, for 18 years.

Since retiring in September, 1955, she has visited Alaska, attended the Methodist centennial in India, which included a trip around the world visiting Methodist work and spent eight months in South America studying the field of social workers for the benefit of missions. En route home, she spent two weeks in Puerto Rico.

MAGIC VALLEY RIPS BOISE 12-6

Couch and Allen Hit Homeruns to Spark First Win

BOISE, April 25 (AP)—Jim Couch and Hank Allen provided the power hitting Tuesday night as Magic Valley dumped the Boise Braves. It was Boise's first loss of the season, and dropped the Braves into a four-way tie for first place with Idaho Falls, Billings and Great Falls. Couch belted a pair of homers. One drove in two runs during Magic Valley's five-run third inning. The other was a solo in the seventh inning and Allen followed that immediately with another solo.

Robinson Hits Chicago Past Yankees 3-1

By The Associated Press
Floyd Robinson, one of the hottest hitters in the majors, slammed a two-run homer in the eighth inning Tuesday for a 3-1 Chicago White Sox victory over the New York Yankees.

The sticky little left fielder hit a pitch by Ralph Terry into the right field bleachers after Joe Cunningham's single to left center. Landis had walked, stolen second and moved to third when catcher Johnny Edwards threw botched into center field.

Roylee Rupp Powell's bases-loaded single capped a four-run ninth inning rally by Baltimore and gave the Orioles a 5-4 victory over the Minnesota Twins.

The sharp grounder into center field, just past the outstretched glove of second base Stigman, the third Minnesota pitcher of the inning.

The Detroit Tigers pushed across a run in the eighth inning and ruined a magnificent debut as a starting pitcher by Dan Pflaster in a 3-0 victory over the Kansas City Athletics.

Rickey Colavito's two-out single off third baseman Ed Charles' chest chased in Jake Wood with the only run. Don Moss, who issued four hits compared to Pflaster's three, was the winner.

Spray-hitter Pete Runnels, who managed only three home runs last season, clubbed a pair in helping Boston to a 4-1 victory over the last place Washington Senators.

The 1960 American league batting king sent the Red Sox ahead 1-0 with a leadoff homer in the third inning and broke a 1-1 tie with another solo round tripper in the eighth.

Rookie Ty Cline, who went into the game with only two hits in 19 at bats, slammed two two-run homers in a game-winning triple to give the first-place Cleveland Indians a 3-2 victory over the Los Angeles Angels.

The 22-year-old Indian outfielder tripled to the right centerfield fence at the 400-foot mark to drive in winning pitcher Ron Taylor, another rookie, and break a 2-2 tie in the seventh inning.

Koufax Ties Strike Out Record In Pitching L.A. Past Chicago

By The Associated Press
Sandy Koufax struck out 18 batters to tie the modern National league record he shared with Bob Feller, in hurling the Los Angeles Dodgers to a 10-2 triumph over the Chicago Cubs Tuesday. The total topped the National league day strike-out record of 17, which was shared by Dizzy Dean of St. Louis and Art Mahaffey of Philadelphia. Cleveland's Feller struck out 18 in a losing day game against Detroit Oct. 2, 1938, and Koufax did the same against San Francisco in a night game Aug. 31, 1959.

Koufax, scattering six hits including a leadoff homer in the ninth by Billy Williams, struck out 12 Cubs in the first five innings.

He struck out the side in three innings, the first, third and ninth.

The Dodgers accounted for six runs on homers. Tommie Davis slammed a three-run homer in the fifth, Duke Snider smashed a two-run homer in the ninth and Andy Carey had a solo blast in the fourth.

Davis, who also singled across a run in the second, swelled his season RBI total to 20, tops in the National league.

Alvin McBean, with some ninth inning relief help and some timely hitting by teammates, belted the Pittsburgh Pirates to a 7-3 victory over the San Francisco Giants.

McBean didn't give up a hit until the fifth and was sailing along with a six hitter, until the ninth.

He got the first batter then ran into trouble by walking Ed Balley and issuing a single to Jose Pagan.

Milwaukee southpaw Warren Spahn put down leading offsprings to defeat the Philadelphia Phillies 2-1 for the 31st victory of his brilliant career.

Archery Club to Open Season

Members of the Ot-Y-Kwa Bowmen's archery club are rounding the course into shape and getting Sands Amaro to tap back to the mound on the first pitch.

The Cincinnati Reds scored four runs in the first inning, two of them unearned, and went on from there for a 7-3 victory over the pitcher-poor New York Mets. The Mets have won only one game this season.

The Mets used five hurlers.

A three-run uprising in the second inning and Don Tausig's bases-empty homer in the sixth gave the Houston Colts a 4-3 victory over St. Louis and extended the Cardinals' losing streak to three games.

The homer by Tausig, selected from the Cardinals in the National league player stocking draft, gave Hal Woodstock the edge he needed to record his second victory against no defense with a six-hitter, although his mates made five errors.

Area Class B Schools to Start Qualifications for Track Meet on Thursday

Magie Valley's class B track athletes take the first step toward the state meet Thursday in sub-district competition at Burley and Gooding State fields. Divided into north and southside divisions, the two meets will send the top three men in each event to the district qualifying meet in Twin Falls next week-end. Both meets will begin with preliminaries at 12:30 p.m. and later after. Halley is favored to win the team title on the Northside, again due to its overpowering depth. Halley will prove the beginning of the end for quantity as only quality advanced into the district meet. The Northside meet will be running the half-mile, four-event standard, is expected to pick up its usual 20 points again this week in the 100-and-200-yard dashes and the shot and broadjump.

JEROME, April 25—There were six ties in the schoolboy tournament held at the Jerome country club Sunday.

First place gross winners were Fred Hines and Mrs. Hines, Carlson and Dr. W. O. Small and Hazel Otto. Couples tying for second place were Mrs. Lottory Ellis, Ray Kroy and Mrs. Kroy, Wellington and Mrs. E. J. Bregg.

Martin Hurls Great Falls To 12-2 Win

GREAT FALLS, April 25 (AP)—Pitcher Jan Martin of Great Falls survived a shaky first inning and led the Athletics to a 12-2 victory over Pocatello Tuesday night.

Martin, who yielded only six hits, struck out 13 Pocatello batters in going the distance for Great Falls. He also helped his own cause with a two-run double in the second inning.

Great Falls got six runs in that big second inning and added five more in the third inning on five singles and a double by Darrel Griffith that drove in a pair.

Billings Rolls Past Russets By 8-2 Score

IDAHO FALLS, April 25 (AP)—Billings dumped Idaho Falls 8-2 Tuesday night behind the seven-hit pitching of Tom Major.

Major had plenty of help from his teammates who banged out 15 hits including three doubles and a triple. He struck out 10 and walked five in going the full nine innings for the Mustangs.

Billings scored two runs in the first inning which gave it a lead it never relinquished. After two were out, Otto Knapp doubled and scored on a single by Felix DeLeon. Lowell Townsend then doubled to score DeLeon.

Plott Wins Prize In National Meet

LARRY PLOTT, Twin Falls, won a grand aggregate title and helped a team get a new record during the sixth U. S. A. pistol matches conducted at Fort Ord, Calif., recently.

Plott won the 38 caliber aggregate after placing up five third places and two fourths in a field of 104. He also teamed with four other men to first a 1777 total score to set a record. He fielded a 202 in the match.

Split Announced

HELENA, Mont., April 25 (AP)—Gene Fulmer and Paul Pender have been guaranteed \$112,750 each for their midweight title fight in the Montana State coliseum in Bozeman June 8.

Details of the match were outlined at a meeting with Gov. Tim Babcock Tuesday by Norman Rothschild, Syracuse, N. Y., promoter who is handling the arrangements with Sam Silverman of Boston.

Houk Doesn't Worry About Maris' Hitting

NEW YORK, April 25 (AP)—New York Yankee manager Ralph Houk is worried about Roger Maris' ailing 122 batting average; he's putting up a brave face.

"He has been hitting the ball all right," said Houk. "The only trouble is that everything he hits goes directly at the fielders."

"I'm not worrying about him. He'll hurt someone before long. Maybe seeing the White Sox is just what he needs. He did a lot of hitting against them last year."

Maris has collected just five hits in 47 times at bat, with one homerun and three runs batted in.

He hasn't pushed the panic button, but he's a little discouraged about the way the ball has been bouncing.

"They say the breaks all even up," said the man who clubbed 61 homers last year. "But so far they've been all bad for me."

He has been tense at the plate? "Definitely not," he answered. "I feel more comfortable at the plate than I did last year. I'm hitting the ball good, but they're just not dropping in. I can't understand it."

Maris is a notoriously slow starter. At the same stage last year (after nine games), he was hitting .148 with nary a home-run on a single by Camp. J. L.

Oregon Men Plan Four-Minute Mile

EUGENE, April 25 (AP)—Track fans may be treated to another sub-four minute mile Saturday at University of Oregon Coach Bill Bowerman and Doyl Burleson and his three other star milers will run for time in the event against Washington State in Eugene Saturday.

Archie San Romani, Jr., Keith Forman and Vic Reeve, Burleson's teammates, all have done the mile in close to four minutes at various times.

Burleson had broken 4 minutes three times, posting marks of 3:57.5, 3:58.6 and 3:58.2.

"Coach Jack Moberly" of Washington State has agreed to let us have an extra, non-competitive entrant in the mile for this meet," Bowerman explained.

"They'll take turns with the burden of the pace through the first three quarters, and then each will be on his own on the final lap to take off, as he sees fit to try and win."

Plott Wins Prize In National Meet

LARRY PLOTT, Twin Falls, won a grand aggregate title and helped a team get a new record during the sixth U. S. A. pistol matches conducted at Fort Ord, Calif., recently.

Plott won the 38 caliber aggregate after placing up five third places and two fourths in a field of 104. He also teamed with four other men to first a 1777 total score to set a record. He fielded a 202 in the match.

Plott will attend the national matches in Camp Perry, O., July 27-Aug. 4.

"T" SIGN is erected by members of the Exchange club. They erected the 12- by 16-foot steel sign Saturday afternoon. The sign is located west of the Maple Valley Memorial hospital on highway 20. All Twin Falls service clubs' emblems will be installed this week. The sign is in the shape of a "T", to represent Twin Falls. Erecting the sign are Ralph Wright and Clinton Smallwood, president of the Exchange club. Bill Denney, not pictured, helped erect the sign. This is the third service club sign the Exchange club has erected. (Times-News photo)

\$800,000 Is Given School By Dr. Boyd

A gift of approximately \$800,000 to Stanford University from Dr. and Mrs. Walter Harrington Boyd, Long Beach, was announced Wednesday by Thomas P. Pike of Los Angeles, president of the university's board of trustees.

Dr. Boyd is a former resident of Twin Falls and is the son of the late Dr. T. O. Boyd, sr., the man who built Boyd hospital, the first hospital in Twin Falls. The hospital later was remodeled and eventually became the Park hotel, which was razed last year to make room for the new Twin Falls postoffice.

The Boyd unrestricted gift is one of the biggest in the university's history. Stanford launched its \$100 million dollar PACE program just a year ago. PACE (Plan of Action for a Challenging Era) is the university's three-year program to achieve new peaks of excellence. Under terms of a \$25 million dollar Ford foundation incentive grant the university earns one Ford dollar for every three given to Stanford by other private sources.

The Boyd gift consists of property in the Santa Monica mountains 25 miles west of Los Angeles. Dr. Boyd, who has practiced medicine in Long Beach since his graduation from the Stanford university school of medicine in 1925.

HENRY D. TAYLOR, assistant to the county clerk, is one of the speakers at the 15th annual conference of the LDS church which will be one of the main speakers at the Burley stake quarterly conference May 5 and 6 in Burley. Elder Casper H. Parker, of the general welfare committee, also will attend and announce the church's welfare program.

BOYS WOUNDED
BUCHANAN, Va., April 25 (AP)—Jeff Slaver, 6, and his brother Bruin, 4, received shrapnel wounds yesterday when a World War II eight inch shell brought home as a souvenir by their uncle fell on a rock and exploded.

Demo Policies Criticized by Area Hopeful

BURLEY, April 25 — "The Democratic party is being taken over and represented by the opposite extreme that President Kennedy was so critical of at a meeting in Los Angeles last summer," said James Annett, Burley attorney, GOP candidate for state representative in the second congressional district, at a meeting of the Chamber of Commerce Monday noon at the National hotel.

Annett pointed out the country is divided, with both groups pulling in opposite directions and the voting public must decide where it wants to be, in order to unify the nation for the foreseeable future.

He noted the New Frontier characterizes the federal government which is extending power to the lives of every individual state and local government, the authorization of congress to legislate, as well as invading the rights of the farmer. He stated that the country is now experiencing a new vision—that of the city people against the

country—each of which is interdependent.

"The federal government is extending itself into the field of education as well," stated Annett. "This is coming to a long range plan to completely take over the education program," he said.

The country certainly needs tax relief from the federal level, resulting from which the states could adequately take care of their own, he added. Last year the federal government took 189 million dollars out of Idaho and only returned approximately 70 to 75 million dollars. Annett noted that with the difference we could have supported the various programs and built roads.

Annett stated his greatest criticism now is the money that is being spent for foreign aid, under the pretense of underwriting communism. He further stated that "we spent millions helping some white-washing boss who are our allies." He said that we should examine the program and determine how to limit and help those who really need it.

During the chamber meeting, Mrs. Agnes Anderson, secretary, announced the Miss Cassin County contest winner is Dorothy Jean Norton, who was sponsored by the Chamber of Commerce.

Meeting Is Held By Dieting Club

Jeanette Wright was hostess of the dieting club meeting held in the T.O.P.S. Nix-on-Pix club. She registered a reduction of five and one-half pounds at the weight-in during the club meeting Tuesday.

Plans for a convention to be held in Twin Falls May 12 were discussed. It was reported that Eleanor Wilson has been named state runner-up to the queen, Shirley Reppel.

The club hosted guests from the Richfield area.

It was reported that a group from the chamber went to Nelson's cafe early Sunday morning to see the Cassin County Sheriff's posse off to the Seattle World's fair.

Next Question By Dieting Club

NEW YORK, April 25 (AP)—Host Mike Wallace, topic "segment of the 'PM' television show last night, asked actor Burt Lancaster to comment on reports he has a quick temper.

Lancaster got up and left the studio in a huff.

Drivers' Union Agrees on Pact

SAN FRANCISCO, April 25 (AP)—Western Greyhound Lines and the nonunionized motor coach employees union announced agreement on terms of a new contract Tuesday.

The union, representing 5,000 Greyhound drivers and station workers in 11 western states, had set midnight as a strike deadline.

Big Steel Firm Omits Dividend

PITTSBURGH, April 25 (AP)—Dividends on all classes of stock have been omitted for the third consecutive year by Pittsburgh Steel company, the firm announced yesterday.

Pittsburgh Steel, one of the nation's "big-11" steel firms, made the announcement following

ing the regular monthly meeting of the company's board of directors.

The firm is currently in the midst of a \$6 million-dollar improvement program and recently finished a 120 million-dollar expansion program.

Stops Constipation Due to "Aging Colon"

New laxative discovery re-creates 3 essential parts of normal regularity

As you grow older, the internal muscles of your colon will also age, lose the strength that propels waste from the body. Stagnant bowel contents become so dry and shrunken that they fail to stimulate the urge to purge.

Relief, doctors say, lies in a new laxative principle. Old-style bulks and moisteners may create gas, take 3 or 4 days for relief. Old-style salts and drugs frequently cramp and grip.

All of leading laxatives, only now Colosoid gives you its special 3-way relief that works only on the lower colon (area of constipation).
