

Proposed National Guard Reorganization Plan Is Blasted by Idaho Chief

BOISE, April 27 (AP)—A proposed national guard reorganization plan was described today as "an unconscionable hurry up" and one that would "literally destroy" the citizen soldier program in north Idaho. Gov. Robert E. Smylie said that in presenting the plan to the 50 states the national guard act May 1 is the date for a reply. "That doesn't give us much time, does it?" the governor asked, adding: "I think it's an unconscionable hurry up and it may be very difficult to come even close to complying with the order. I don't see any possibility of doing what they ask without taking steps that would literally destroy the national guard in north Idaho.

U. S. Fires Second Explosion in Pacific

WASHINGTON, April 27 (AP)—The United States today fired the second shot of its planned series of nuclear tests in the atmosphere. Like the first on Wednesday, it was a detonation of a device dropped from an airplane in the vicinity of Christmas Island in the Pacific. An announcement from the atomic energy commission said the shot was touched off at about 11 a.m. EST, and the detonation was in the intermediate yield range. This description is used for a shot with a force greater than the explosive force of 20,000 tons of TNT but less than one million tons of TNT.

'Ban' Groups Demonstrate Against Test

By United Press International
Communist and pacifist ban-the-bomb groups around the world staged brief and generally mild protest demonstrations today against the renewal of American nuclear testing in the Pacific.

Times-News

A consolidation of Feb. 8, 1957, of the Idaho Evening Times established in 1908 and the Twin Falls News established in 1911...

NATIONAL WHIRLIGIG

WASHINGTON, April 27—The alleged suppression of news and muzzling of Pentagon correspondents have generated a flood of criticisms among veteran Washington newspaper correspondents concerning news which they have had to withhold...

According to President Eisenhower's former chief of staff at the White House, the prolonged wrangling with Chinese communist delegates over a Korea war armistice was ended only because Eisenhower threatened to use the atomic bomb if the conflict were resumed.

On Dec. 17, 1957, the submarine S-4 sank off Provincetown, Mass., with 40 men aboard. A week's bombing rescue operations proved unavailing, although tapping on the ship's hull indicated that some of the crew were still alive.

Suppression statement—I was involved in another incident that I would like to mention. Readers will kindly pardon use of the personal pronoun. It is necessary because I am writing about incidents which I know of from personal participation.

On Dec. 17, 1957, the submarine S-4 sank off Provincetown, Mass., with 40 men aboard. A week's bombing rescue operations proved unavailing, although tapping on the ship's hull indicated that some of the crew were still alive.

My New York editors sent me a list of 10 non-technical questions to ask them Secretary of the Navy Curtis D. Wilbur of California. After several days I received him to try to answer them with assistance from his chief of naval operations, whose name I forget.

One of my questions suggested that the S-4 had been posthumously awarded the Presidential Distinguished Service Medal for its heroic performance in a satisfactory answer I received Wilbur to such a degree that he stood up, pounded his desk and said:

Now you realize, don't you, Mr. Tucker, that this is a Democratic submarine, not a Republican one. It was built during the Wilson administration.

His introduction of partisan politics at such a crucial moment in my story, I believe, was my story. I never used his unfortunate statement because, on Christmas eve, it would have given me comfort to relatives who are unenthusiastic about the letter.

Law "FORGOTTEN"—I was chatting with Louis A. Johnson, then assistant secretary of war, only a few days after the Dunkirk disaster when he asked me to tell him the "lead" in my story.

Why Hoover was spurned—FDR has frequently been criticized for not cooperating with Herbert Hoover in the closing days of the latter's administration. FDR would not even discuss prosecution plans with the outgoing executive, including means to keep the banks open.

Why Hoover was spurned—FDR has frequently been criticized for not cooperating with Herbert Hoover in the closing days of the latter's administration. FDR would not even discuss prosecution plans with the outgoing executive, including means to keep the banks open.

Views of others

The Berlin wall is illegal. The international community of jurists so labels it in a 24-page study designed to bring the issue to the direct attention of the world's leaders.

Everybody happy? Union square the University of Oregon's free love platform, has been established for more than a month. It is a colorful display of the Western world. For a few days it was in totalitarianism as Bertrand D. Wolfe has written, "that drives to rupture the entire fabric of society and consensus."

HOW THINGS APPEAR FROM PEGLER'S VIEW

It is no longer accurate to use only the word "communist" in reference to the forces which destroyed the contents of the bomb, eliminated and embittered Maj. Gen. Edwin Walker and which now have the gall to wage an offensive against all Jews.

There was a thing called "the committee for an effective Congress" of the House of Representatives. It gave \$250 to that one. Another of its backers was Theodore Roosevelt, the late President of the United States.

Now I remind you that in their accounts of the case of General Goldsmith, who ran an office in the Waldorf Towers in New York, Goldsmith would have no truck with communists. They are his friends of General Eisenhower.

I cannot understand how Max Ascoli could have been adjudged an appropriate exponent of these spiritual treasures. He came here from Mussolini's Italy on a grant from the tax-free Rockefeller Foundation.

General Walker had mentioned Ascoli and the Reporter and all the other names of Max Ascoli and his friends. He had mentioned them in his book.

World Corners

BY CHARLES W. CORDEBY DENVER, April 27 (AP)—The United States has reached the payoff stage in production of intercontinental ballistic missiles after an eight-year, 20 billion-dollar development effort marked by delays, controversy and a launch on the verge of failure.

From here and bases like it, if America were attacked, air force men in spottish white coveralls would push a series of buttons for each missile and send the equivalent of several million tons of TNT hurtling across the Atlantic and into enemy territory.

From here and bases like it, if America were attacked, air force men in spottish white coveralls would push a series of buttons for each missile and send the equivalent of several million tons of TNT hurtling across the Atlantic and into enemy territory.

50 Members For Society Plan Parley

About 50 members of the Idaho Society of Professional Engineers will meet Saturday in Twin Falls for a one-day quarterly conference in the city hall. Clinton Eger, engineer for the Idaho Power company here, pointed out Friday morning that the main topic of discussion during the Saturday afternoon session will be held at 1:30 p. m. will be proposed corporate practice legislation. The state legislation, if passed, will permit corporations to practice engineering. Under present Idaho law, only individual engineers may practice engineering.

An ISPE board of directors meeting is scheduled for Friday evening in the city hall, prior to the state engineer's conference. The Saturday meeting will be conducted by Prof. J. W. Martin, president of the ISPE and head of the department of agriculture engineering, University of Idaho, Moscow. Professor Martin is a past vice president and a member of the board of directors of the American Society of Agricultural Engineers. The local meeting will be hosted by the southcentral Idaho chapter.

Death Takes Area Woman At Age of 63

HAILEY, April 26 — Mrs. Ida Nichols, 63, died at 4 p. m. Thursday in the Blaine County hospital. She had been living in Carey with her daughter, Mrs. Desmond, and her son, one and one-half. She had been employed for a year at Sun Valley. Mrs. Nichols was born in Idaho at Decatur, Idaho, in 1899, and was married to Louis Nichols 30 years ago. He died May 12, 1952.

Last Rites Held For Mrs. Schild

GOODING, April 27 — Funeral services for Mrs. Gita (Anna) Schild were held at 2 p. m. Wednesday at the First Methodist church, Gooding, with the Rev. Dwight E. Wilcher officiating.

Pay Telephones Are Ransacked

The Mountain States Telephone and Telegraph company reported to city police that four telephones in the Twin Falls area have been ransacked. The thefts were discovered when an employe made a routine collection round, Wednesday, police said.

News Around Idaho

POCAHELLO, April 27 (AP)—A door-to-door census of every pre-school child in Pocahellico school district No. 3 was 90 to 95 percent complete today. John Korhis, a member of the census planning unit for the Central Council PTA, sponsors of the noise count, said most of the information is in. The Central Council is sponsoring the census of pre-school children to provide district administrators with a picture of what to expect in the way of enrollment for the next few years. The census includes all children between 3 and 5 years of age. When the census is complete, punched cards will be run through.

MALAD, April 27 (AP)—It will be at least one week or possibly two before any further action is taken in the controversy over a 17-year-old Idaho youth whose father says he was beaten by a police officer. Oneida County Prosecutor Wesley Crowther said no action was taken Thursday in a discussion of the case with Police Officer Royal Swensen and Probate Judge Kenneth Wharton. Swensen has been accused of administering the beating. The injured youth, Michael Harrison, was released from a hospital Thursday. He was arrested early Saturday following a nine-mile chase as speeds of up to 80 miles per hour, according to Swensen.

BOISE, April 27 (AP)—Bids were asked today by the state highway department for construction of a two-lane, bituminous surface road and gravel on 2.5 miles of U. S. 95A and connecting 14 miles of U. S. 95 and 6.3 miles of state route 22, route 5, in the vicinity of St. Maries and Plummer, in Benewah county. The bids will be opened May 27.

BOISE, April 27 (AP)—Wheat stored on farms and in commercial warehouses in Idaho amounted to 2,083,990 bushels as of April 15, the department of agriculture said today. That was about 10 percent less than storage on Jan. 1 and 19 percent less than the amount of wheat in storage April 1, 1961.

Development Of Resource Study Begun

BOISE, April 27 (AP)—A 23-member commission met Thursday to begin a study designed to provide legislation which will coordinate efforts in the use of natural resource development in Idaho. The agency, appointed by Gov. Robert E. Smylie, was divided into subcommittees to study various problems in the field. Chairman Dr. R. D. Theophilus, president of the University of Idaho, will head the commission. He will meet again in Boise on June 29. The six subcommittees will study timber and timber products, land management, recreation, fish and game and mining. The commission is "to lay the foundation for one of the really significant achievements in government in the next decade" if it gains the support of the legislature and an education program to obtain the legislative enactment.

The chief executive said that water, forest, mineral and land resources have been the cornerstone of Idaho's economy for 72 years and he expressed the belief they would continue to lead the state into the future. "The state has not handled the resources as profitably as it might have," he added, asserting that the "whole structure of government concerned with natural resources administration sort of grew like topsy."

Robert P. Graybill, 41, said, "she's a big girl now," he said, "and she ought to have a long dress." Graybill told the group he had sent to the last Idaho legislature recommendations for re-organizing the governmental structure of agencies concerned with natural resources.

But in response to a question from C. C. Hopkins, Lewiston, representing the North Idaho Forestry association, the governor said he had "no pet ideas" on what should be done. W. F. Simpson, Shoshone, 410, overwidth, and Harold Casper, Dietrich, 43, expired driver's license.

Gooding Will Host 2-State Lodge Parley

GOODING, April 27 — The Utah-Idaho Interstate IOOP encampment met for 1962 will be held at the Gooding Club, Friday and Saturday, 8 p. m. Saturday. Reports C. A. Reynolds, scribe for the Gooding encampment branch.

Marvin Randall, Ogden, past grand patriarch of Utah, will organize the caravan of cars from out-of-state to bring in the encampment members and candidates.

Elton Osborn, past chief patriarch of Gooding, will captain the degree team from Gooding encampment—No. 66—and the royal purple degree will be conferred on the Utah patriarchs. Robert Bryan, Gooding, past grand patriarch, and J. C. McQuinn, Gooding, district deputy grand master, are arranging housing and social hour.

Hailey Man Will Conduct Session

HAILEY, April 27 — Lawrence Johnson, Hailey, fourth district commander of the American Legion, will conduct the district's annual spring convention to be held Sunday in Hagerman. Mrs. O'Dell Chatfield, Hailey, will preside. She will conduct the auxiliary sessions. Both groups will elect officers to serve for the coming year starting in July. They also will plan Americanism and youth activities for the coming four months. The fourth district comprises Boise and their auxiliaries at Carey, Pocatello, Glenn Ferry, Gooding, Hagerman, Hailey, Jerome, Ketchum, Mountain Home, Richfield, Shoshone, and Wendover.

Jobs Open

The new U. S. civil service commission examinations for openings have been reported by Agnes A. Strunk, Twin Falls U. S. civil service examiner. Positions are for librarians, \$4,245 to \$12,730 a year in various federal agencies in the Washington, D. C. area, and educational specialists and officers to plan and administer educational and training programs for members of the armed forces, \$1,435 to \$13,730 a year, principally in the Washington, D. C., metropolitan area and in overseas locations.

Along Fences and Canals

Friends of the Tim Drown, Jr., family won't find them "down on their farm" north of Kimberly very often this summer. The Drown had thought about buying a business; however, they were in charge of getting this land there. Other users who take turns providing the salt include George Moody, Mrs. Carrie Reedy, Lawrence Kenner and Joe Leguinechi.

One ton of stock salt was taken to the range Tuesday by Mac Gray for users of the range just west of the Thorn Creek cattle unit. Mark Hansen and George Voelkel, northwest Shoshone, were in charge of getting this salt there. Other users who take turns providing the salt include George Moody, Mrs. Carrie Reedy, Lawrence Kenner and Joe Leguinechi.

Robert Bronson spent Easter vacation helping his grandfather, James Bronson, truck cattle to summer range.

Maylon Whiting, Malia, moved his cattle to his ranch in Elba for summer pasturing last week-end.

Albin Brown, Paul farmer, reports a bunch of dogs had killed two lambs and injured several others in raids on his farm flock. Some sheep were run into a drain ditch, and had to be helped out because of the water and mud and due to their injuries. Brown said that he was unable to identify the dogs.

About 25 neighbors and friends of Charles Wolcik, Rupert, are putting in his crops for him this spring while he is recuperating from spinal surgery at the veteran's hospital. Some, where he is recovering from treatment of a slipped disc. Crews with tractors and equipment were in the fields this week, and the women of the area brought in and prepared food for the group.

Howard Gill, Rosworth rancher, is breathing easier because a message reached his Indian hired hand. According to the Indian an owl had been talking to members of his family, telling them to come to the reservation when a letter arrived informing the Indian of a relative's death. This, the Indian claims, is what the owl was telling the family, and now all is well.

Mr. and Mrs. Neph Clark have moved from the larger farm they recently sold four miles east of Gooding to their smaller 80-acre farm near Ernest Hardman ranch.

Bread may be the proverbial "staff of life" but for cattlemen, salt takes equal importance along with water and pasture for grazing cattle. In some grazing units members take turns providing a large supply of salt at a time, but the newly organized Star Lake Cattlemen's Association in the east end of Lincoln county has decided to assess members four cents per animal. Marvin Riddinger and Ernest Carter were named to order the salt at a meeting Thursday night at Carter's home where members also studied proposed bylaws and constitution for the unit.

Stockman in Lincoln county will be assured of a route to get their cattle and sheep to the northern grazing reserves. The bureau of land management is building a multi-wide stock drive along the south side of the Star Lake area and ending near the Kimama bend. Most of the trail is over rocky ground unsuitable for farming. The trail will not be fenced but will be posted.

Approximately 20 farmers in the Hazelton area proved that neighborliness is not a forgotten quality when they gathered at the home of Max, County, to help prepare fields for planting. Mr. Murphy died recently and her two sons, one of whom is still in high school, have gotten behind with their work. The farmers were plowing, discing and harrowing land Friday to give the bereaved family a boost in their spring work.

Changes in Wheat Program Will Affect Some Growers

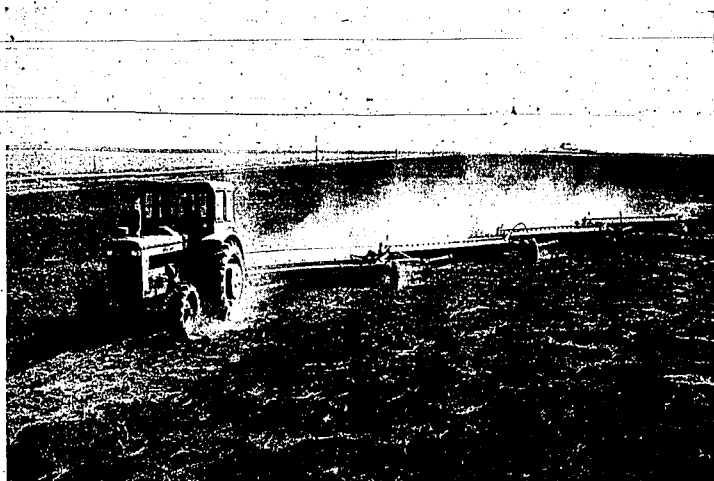

Carl Boyd, chairman, Twin Falls county agricultural stabilization and conservation committee, today reminded farmers that the 15-acre marketing quota exemption does not apply to the 1952 wheat crop. "This is a change from marketing quota programs for previous wheat crops," said Boyd, "and we want all growers, especially those with small wheat acreages, to understand fully just how the programs differ for this year." Since the quotas have been lowered for the 1952 wheat crop, the quotas will affect many more growers this year. Under previous programs, farms which produced no more than 15 acres of wheat for harvest were not subject to wheat marketing quotas. Under the 1952 wheat program, farms subject to marketing quotas are those on which the acreage of wheat exceeds the smaller of 15.5 acres or the highest acreage the farm had for harvest during 1949, 1950 and 1951. Wheat farmers may avoid marketing quota penalties on their 1952 crop by complying with their farm wheat allotment, or their wheat quota exemption, if this is larger. For 1952, the penalty will be 65 per cent of parity as of July 1, 1952. It had been 45 per cent, and the amount of wheat subject to penalty will be twice the farm's normal yield on all acreage in excess of the wheat allotment or the wheat quota exemption if the farm has no wheat allotment. This amount may be reduced if the proved 1952 actual yield is less and a request is filed by a stipulated deadline. Price support on the 1952 wheat crop will be available only to those wheat farmers who have filed application to participate in, and who then actually comply with, the provisions of the wheat stabilization act. Diversion payments are also available to wheat growers who participate in the 1952 program, said Boyd.

Vegetables up

WASHINGTON, April 27 (AP)—The planted acreage of nine vegetable crops for commercial processing is expected to total 1,647,130 acres this year, according to the crop reporting board. This is less than 1 per cent more than the planted acreage in 1951 but 11 per cent more than in 1950. The vegetables involved are beets, tomatoes, green lima beans, green peas, snap beans, sweet corn, cucumbers for pickles, cabbage for kraut and winter-spinach.

Magic Valley's Week-End Farm Paper

NEW FOUR-WHEEL-DRIVE TRACTOR is introduced by Minneapolis-Moline. The four-wheel-drive tractor gives 30 to 50 per cent more pulling power as compared with conventional two-wheel drive tractors of identical horsepower. The company also claims a saving of 25 per cent on time per hour by eliminating

New Minneapolis-Moline Tractor Has Four-Wheel Drive to Boost Traction

MINNEAPOLIS, April 27—Minneapolis-Moline's division, Motec Industries, Inc., is offering two new tractors to the American farmer. The first is a 4-wheel drive model called the G-704 and the other a seven-horsepower utility model, the Town and Country.

"The G-704 is the largest model ever built by the firm and the Town and Country is the smallest ever offered."

According to William F. Moss, president of Motec Industries, "the new 4-wheel drive G-704 pulls from 30 to 50 per cent more than our previous largest model, the G-8; while the little seven-horsepower Town and Country is designed for farm chores, suburban lawn mowing, snow plowing, as well as for truck gardening, golf courses and general estate use. The small tractor has a full complement of attachments, including under-slung rotary mower, pull-type gang mowers, snowplow, cart, lawn roller and numerous tillage tools for truck gardening."

W. L. Pringle, vice president of the firm, told of farmers who have used the G-704 in prolonged testing during the past two years. He says, these farmers report using the 4-wheel drive G-704 to pull chisel plows up to 4 feet in width and to a depth of 14 inches. On farms from Canada to Texas, Pringle says, "the new 4-wheel drive tractor also pulled two 15-foot wide disc plows and easily

County Weed Practice Will Take Action

Carl Boyd, chairman, Twin Falls county agricultural stabilization and conservation committee, reminds farmers of Twin Falls county that applications are being accepted in the county AEC office for the noxious weed practice. "The applications are only being accepted for the material used. Anyone desiring to make applications must first contact the fieldman for the county weed bureau for his district and obtain from him a certification of the kinds and amounts of material needed to treat the noxious weed."

Idaho Beef Day Set at Caldwell

JEROME, April 27—W. G. Priest, Jerome county extension agent, announced that May 4 will be the beef day of the Caldwell experiment station. At noon Ralph Olmstead, Twin Falls, president of the Idaho Cattle Feeders association, will be the main speaker. The cattle feeders association will hold an evening meeting in Caldwell May 4.

PURCHASE PROPERTY
RICHFIELD, April 27—Mr. and Mrs. Earl Hubbsmith have purchased the former Jake Bede's property in the Marley area from Ben Haubrich.

Sale's Prices Reported by Wool Group

PILER, April 27—Members of the wool pool of the Twin Falls Marketing Association received about seven cents a pound more for their wool this year than a year ago, reports L. A. Winkie, association president. Six bids for the wool were submitted and J. B. Staufeld was the high bidder with \$3.29 cents a pound. Some 4,000 fleeces were sold. Last year members of the wool pool received 45.25 cents a pound for their wool. Winkie credits the higher prices this year to many things such as a more aggressive wool selling campaign and domestic use of wool such as knitting is increasing. According to Winkie this is the highest price paid for wool in Idaho during the current marketing year. Marvin Lohr, chairman of the lamb pool committee, announced that the first lamb pool will be held May 3. Membership in the lamb pool is voluntary and members should notify the county agent by April 30 if they wish to participate or notify the chairman. The market in California and Arizona is pretty well cleaned up and the association is hoping for better prices this year for its lambs. Seed Potatoes, Early and Late at Globe Seed & Feed Co.—Adv.

Record for 141 Cows in Unit Listed

JEROME, April 27—Ben Russell, tester for the Gooding-Lancaster-Dairy Herd Improvement Association, reported that 141 cows in his unit produced more than 60 pounds of butterfat in March.

The top cows included Tilda, registered Holstein, owned by Reed Taylor and sons, Wendell, produced 2,500 pounds of milk and 97.5 pounds of butterfat; Becky, grade Holstein, owned by Eber Myler, Jerome, 2,000 pounds of milk and 90.2 pounds of butterfat; Skylark, registered Holstein, owned by Archie Malone, Jerome, 1,950 pounds of milk and 88.8 pounds of butterfat; Gladys, grade Holstein, owned by Paul Jachau, Eden, 2,510 milk, 87.9 pounds of butterfat.

Margie, grade Holstein, owned by Hugh and Henry Reid, Jerome, 1,980 milk, 87.1 pounds of butterfat; Buttercup, registered Holstein, owned by Eber Myler, Jerome, 2,280 milk, 86.6 pounds of butterfat.

Heart, grade Holstein, owned by Hugh and Henry Reid, Jerome, 2,000 milk, 85.5 pounds of butterfat; Butstien, grade Holstein, owned by Newburgh and Kraschke, Wendell, 2,070 milk and 84.5 pounds of butterfat; Elna, registered Holstein, owned by Archie Malone, Jerome, 2,030 milk, 82.1 pounds of butterfat.

Jan, registered Holstein, owned by Bob Butler, Jerome, 2,170 milk, 82.5 pounds of butterfat; Ruthie, grade Holstein, owned by John L. Thompson, Jerome, 1,910 milk and 82.1 pounds of butterfat.

Rural Loan Losses Are Fractional

WASHINGTON, April 27—The agriculture department reports losses on principal suffered by the farmers home administration during the 12-year operation have amounted to only a fraction of 1 per cent.

Of the \$58.4 million dollars advanced in rural housing loans, only about \$22,000 has been written off as uncollectible. This is about .02 of 1 per cent. In the 12-year period, principal and interest payments have totaled about 186.5 million dollars.

The FHA said a fifth of all loans have been repaid in full. Payments of principal and interest on the 40,261 loans outstanding total \$1,758,000, or 104 per cent of the amount that has become due.

Only 62 loans have been foreclosed since the program was introduced in 1950. Nine of them were in 1950 and eight in 1961.

Secretary of Agriculture Orville Freeman said the program's performance "is a remarkable tribute to the financial integrity of rural families and their ability to manage their financial affairs."

Loans under the program are made only to those who cannot obtain financing from conventional sources.

Michigan Youth Wins 4-H Award

BREATHLEIGH, Vt., April 27—A Michigan 4-H'er named Alan Shepard orbited a field of 23 contestants here to capture the two highest awards available to boys working with registered Holstein cattle in their project.

Mr. and Mrs. Gerald Shepard, Pennfield township, have named National Champion Holstein Boy and National Herd Records Winner in the annual contest conducted by the Holstein-Friesian Association of America.

There certainly is room. Most families lived in dwelling units of one or two rooms in 1960. Construction of low-cost housing has not kept up with demand and the housing gap is growing. Nearly half the 36 million people living in the United States live in the Inter-American Development bank says.

Hillery is nearly 40 per cent with 1,400,000 up with demand to attend school because of lack of facilities and teachers.

"Across from Young's Dairy"

Economic State of Mexican Growth Undermined by Lack of Confidence

MEXICO CITY, April 27—A harried Mexican economist pointed to a pile of reports on his desk.

"It boils down to this," he said. "Every year we have over a million new mouths to feed. Every year we have to create new jobs for a growing labor force. How are we going to do it?"

That question is the basis of national debate in Mexico today. On it hangs the nation's political and economic future.

The official Bank of Mexico says Mexico's gross national product in 1961 increased by 3.3 per cent, about equal to the population growth. Result: a economic standstill.

Lack of normal investment by private enterprise is blamed for a drop in the economic index from 5.7 per cent in 1960 to 3.5 per cent last year.

Businessmen in turn blame lack of Castro-communist and uncertainty over government policies. Worried capitalists sent many million dollars out of the country last year.

The fear of Castro-communism have proved unjustified so far. There have been no signs that the government on the far side of the Gulf is moving toward communism. In fact, there have been moves to the contrary.

Uncertainty over economic policies persists.

Businessmen often confusion over official statements about the program of Mexicanization of foreign investments; essentially, this means 51 per cent Mexican control. They also point to government intervention in enterprises formerly in private hands, and to bureaucratic red tape.

Businessmen also are upset over a proposed constitutional amendment which would let a commission allot to workers a percentage of company profits.

The government, concerned by the economic slowdown, has announced several fiscal measures aimed at encouraging private enterprise. Finance minister Antonio Ortiz Mena has announced a development pace averaging at least five per cent over the next five years.

President Adolfo Lopez Mateos says there is plenty of room for both private and public investment to carry out industrialization.

There certainly is room. Most families lived in dwelling units of one or two rooms in 1960. Construction of low-cost housing has not kept up with demand and the housing gap is growing. Nearly half the 36 million people living in the United States live in the Inter-American Development bank says.

Hillery is nearly 40 per cent with 1,400,000 up with demand to attend school because of lack of facilities and teachers.

Idaho 4-H Clubs Show Good Gain Since 1956

MOSCOW, April 27—Growth of Idaho's 4-H club program is shown in figures issued by the state 4-H office at the University of Idaho.

Total enrollment in 1956 reached 12,910. Total enrollment for 1961 shows an increase of nearly 5,000 over that number. The final figure stands at 17,492, 34 and one-half per cent greater than the number enrolled six years ago.

"Every indication points to further growth this year," predicts D. E. Warren, state 4-H club leader with the university's agricultural extension service. "Leaders are reporting enthusiastic interest in the program, and our county agents throughout the state predict greater enrollments."

Warren says he is particularly pleased with another fact brought out by enrollment statistics over the past six years. More older club members were still enrolled in 4-H at the end of 1961 than at any time in the past.

"The gradual percentage of enrollment increase in the 17-to-21-year old group is something we have always been proud of. It is valuable to other young men and women of this age and have made special efforts to keep the program interesting to them. With emphasis on leadership training for the past several years, more of this older group are staying with clubs in one capacity or another. The increase is encouraging," he said.

Filer Resident To Participate In Boise Sale

BOISE, April 27—Walter Mathiesen, Filer, will be a consignee at the Pacific Northwest Curdssey classic and spring sale to be held at the fairgrounds May 2.

This sale of 48 registered Curdssey offers cows and heifers with outstanding records and type classifications. They were selected from well known Curdssey herds of the northwest, according to Joe Fritz, Fruitland, sale manager.

John B. Merryman, Sparks, Md., will be auctioneer. Robert S. Davis, Kuna, will read pedigrees. J. K. Dice, Nampa, will clerk the sale which is scheduled to start at 12:30 p. m.

The annual meeting of the Idaho Guernsey Breeders' association will be held Wednesday May 2, in the Ada county agent's building, Boise. Harold Gilliam, Salmon, is president of the organization.

AGRICULTURAL CREDIT PRODUCES WEALTH

By itself the land can not keep pace with needed production. It takes human effort to make the land produce, for the benefit of all, the wealth which is locked therein.

Agricultural production credit is the tool used by farmers and ranchers to make the land produce its full treasure. Your Production Credit Association system works constantly with farmers and ranchers to create additional wealth from the land. Your local PCA will work with you in financial counseling, to improve methods, to furnish a ready source of cash for budgeted loans, feeder loans, or capital outlay loans.

Oakley Area Farmers Using Automatic Potato Cutters

OAKLEY, April 27—Most of the potato farmers in the Oakley area will begin their annual cutting and planting this week. Most growers with large acreages have changed to automatic seed cutters which will be operated by one to four women instead of the old way which employed from 10 to 14 women per cutter.

Formerly the women stood on the sides of the same machine which held individual bins and cutting knives. The women were paid by the number of bins they cut and emptied in a day's time which in turn felt and loaded moving belts and was loaded

Idaho Sheep Raisers Eye April Event

SAN FRANCISCO, April 27—Idaho will be represented at the 42nd annual California Ram sale at the state fairgrounds, Sacramento, April 30-May 1. The sale, sponsored by the California Wool Growers association, has attracted consignments from Colorado, Idaho, Nevada, Oregon and Utah as well as 25 California counties.

Idaho sheepmen represented in the sale are T. H. Burton, Cambridge, with 15 head of Hampshire, 30 Hampshire-Suffolk crossbreds and 35 Suffolk. Lawson Howland, Cambridge, who is consigning 10 Suffolks and 10 Suffolk-hampshire crossbreds and Howland and Son, Cambridge, consigning 10 Suffolks and 10 Suffolk-hampshire crossbreds and consigning 12 head of Buttolfs.

Of the total offerings of 1,828 rams and ewes, 1,485 are range rams, 76 are registered single rams and 143 are ewes. The Hampshire breed predominates with 1,005 head offered, with 297 Suffolks in second place followed by Hampshire-Suffolk crossbreds, Southdowns, Corriedales, Columbias, Ramboulllets and Targhees.

The sale will be preceded on April 29 by sheep dog trials of the California Sheep Dog society in the race track enclosure at the fairgrounds.

Accompanying the sale will be the 30th annual California Spring Fair, Woodstock.

"A highlight of the sale will be a lamb cut-out contest in which lambs weighing 80-110 pounds entered in the contest will be graded on the hoof by experts on April 25 and the carcasses will again be graded by experts after slaughter and exhibited on the first day of the ram sale, April 30.

Hog Killer Control Is Under Test

DES MOINES, April 27—With 65 million dollars in hog profits at stake, the nation is entering its first big test this spring in the new drive to completely wipe out hog cholera, today's principle killer of swine.

"We should know within the next month or two just how effectively the vaccine is taking hold," says the American foundation for animal health. "The big reason for hog cholera outbreaks is just ahead. If enough herds have been vaccinated before outbreaks start, we will have built a wall of immunity which will help choke off cholera."

"Unfortunately, there is no cure for cholera. The only safe hog is the one that has been vaccinated in advance of the outbreak. A veterinarian should check over the herd before vaccination to make sure pigs are in condition to develop immunity; otherwise the vaccination may be wasted. Also, the type of vaccine to be used should be left up to the veterinarian, depending on local conditions and the condition of the herd.

Lincoln Resumes Project of ASC

SHOSHONE, April 27—The Lincoln county agricultural stabilization and conservation service announces the reopening of the 1962 ASC program. Additional funds have been received allowing the committee to reopen the program effective today.

This program allows the county committee to share costs in establishing needed conservation practices on the farm.

Some practices approved for the county for cost sharing are range cleaning and seeding, range walls, land leveling, concrete buildings and pipelines and weed control work.

Farmers interested in doing any of the conservation work should show interest to the county ASC office prior to the starting of such work.

Area Farmer Builds Disc From Scraps

By MRS. FARNUM WARR MILNER, April 27 — Ed Sargent, who is renting a farm in the Milner area from Warren Meley this year, decided that the price on machinery was rather appalling when he set out to get started in the business of farming.

Using considerable ingenuity, patience and 30 days of his time this winter when farming was an impossibility, he made a pull type disc into a pick up and carry disc.

He started this undertaking using a John Deere trail disc. The wheels that he chose were from the front end of a 1937 Ford pickup truck.

He purchased new channel iron and pipe for the frame and the rest of the materials he picked up around his place. Instead of pres and molding the frame he cut and bent it and then revealed it, thereby making two halves out of the one piece. The channel iron is turned so that the flat part is on the outside. He used two and one-half inch pipe all through the entire structure and the bearings are made out of three-inch pipe to fit over the smaller pipe.

The hitch was taken off an old plow with an adjustable tongue to pull and level the disc.

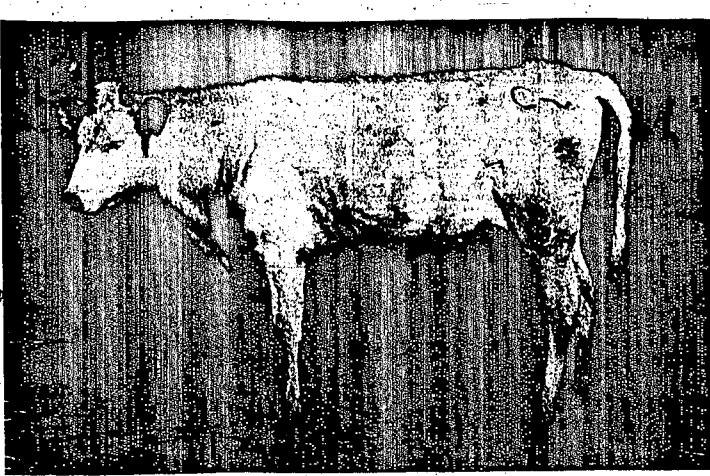

The advantages of a pick up and carry disc are innumerable over the old type disc. He can now adjust the depth of the disc from the tractor seat. When moving from field to field or on the highway the disc is transportable on wheels.

After a try out in the field, Sargent states that the disc works smoothly and efficiently. He figures that the total expense of the new trail disc was approximately \$85, not counting his time. Comparing this to the price of a new one which is anywhere from \$500 to \$700, Sargent feels that he spent a very profitable winter.

Drop Noted in Canadian Hogs

WASHINGTON, April 27 (AP)—The Canadian department of agriculture has forecast a sharp drop in Canadian hog slaughter beginning this fall.

Dominion hog slaughter at inspected and approved plants during October 1952, and March 1953, is expected to total 3,140, 900 head, down 14 per cent from a year earlier. The reduction reflects reduced farrowings expected in late spring and summer and delayed marketing of hogs which will be fattened from the 1952 grain crop.

RARE ALBINO CALF on the Charles L. Johnson farm, Murlaugh, receives special care and attention. The mother of the calf was a Holstein cow which was bred by Bluff View Artificial Insemination service. According to Dr. D. M. Jackson, Twin Falls veterinarian who was called to determine if the calf was

simply white or albino, the calf should be a normal milk cow. The calf provides quite a contrast when it runs with some of the darker calves. All the animals on the Johnson farm are producers and just because the calf is albino won't excuse it from what is expected. (Times-News photo)

Sugar Beets Damaged by High Winds

KIMBERLY, April 27 — Jerry Nutting, agriculture commissioner, announced during the Kimberly Grange meeting this week there had been some damage to sugar beets, and that the sugar company was offering to buy any extra pelleted seed the farmers may have on hand.

Grangers went on record as opposing the administration's program regarding government controls. Master Leslie Love stated he had been supplied with addressed envelopes for anyone desiring to write his congressman to express his opinions.

Business Agent Tim Drown reported on the new gas furnace that was installed in the hall last week. Harold Honstead, youth chairman, reported that Ralph Scott's 4-H club had accepted the Grange's offer of sponsorship.

Mrs. Dean Britt said the Grange had been contacted for the rental of the hall for the Lutheran vacation Bible school this summer. The group voted to let them use the hall.

The program under the direction of Mrs. Keith Brown, lecturer, was opened with a poem,

Red Wool?

MOSCOW, April 27 (AP)—The Soviets reported today they have bred an astrakhan sheep with a coat of shaded brown instead of the usual gray.

"The base of this astrakhan is not dark gray as is that of the common variety," said Tass, the Soviet news agency, "but dark brown of a stable deep hue. Its tight curls have a beautiful silvery or golden sheen."

"This said the new breed was developed on a state range in Uzbekistan, the Soviet Union's main supplier of astrakhan—or karakul—skins."

Case President Outlines Policy for Coming Year

RACINE, Wis., April 27—Meritt D. Hill, newly elected president of J. I. Case company, made it clear at the annual shareholders meeting that he intends to take active leadership of the company.

Hill was a recent visitor to the Magic Valley area.

"My interest is only in the future," Hill stated. "I didn't take on this assignment with the idea of assisting in carrying out an orderly liquidation of the company. I came here to try and do a job which I am firmly convinced can be done."

"It is my wish to make it perfectly clear," he continued, "that I accept no responsibility for what has taken place in this company before I joined it. On the other hand I have assumed responsibility for correcting the problems which I find here. It is evident to me at this time that major changes in the organization structure here at the general offices are imperative and steps are being taken now to rework it for the purpose of getting properly set up to do a more effective and efficient job starting at the top."

Hill, 59, took over as president of the 120-year-old manufacturer of farm and industrial tractors

Wheat Farmer Paying Loan As Result of Rising Prices

WASHINGTON, April 27 (AP)—Rising market prices have caused many wheat growers to pay off their federal crop price support loans in cash rather than allow the grain to go to the government as payment for the loans.

The result: The quantity of wheat remaining under price support loans on March 31 was the smallest for that date in a decade, the agriculture department reports.

The department reported that 41 per cent of the 1951 crop, 119 million bushels, had been redeemed by the borrowing producers. It had been stored under the average price support of \$1.78 a bushel.

\$1.78 a bushel and sell their wheat at higher prices.

Normally, all but a very small percentage of the grain stored under price support is returned to the government to redeem loans. This is how stocks build up in government hands.

Officials figure that probably not more than 125 million bushels from the 1951 crop will be taken over by the government under the price support program. This compares with 245 million bush-

els of 1950 crop wheat it had to take and store.

The government still has plenty of wheat, however. Supplies accumulated from crops prior to 1951 total around 1,680,000,000 bushels, costing about 2.15 billion dollars.

Most of the wheat reclaimed by growers was in Colorado, Kansas, Idaho, Texas, Oklahoma, Montana, Washington, South Dakota, North Dakota and New Mexico.

41 Herds in Area Average Top Records

JEROME, April 27 — Of the 47 herds on test in the Gooding-Lincoln Area Dairy Herd Improvement association testing unit No. 2, 41 herds averaged over 30 pounds of butterfat per cow according to Ben Russell, tester.

The top herds included Horse Meservy, Dietrich, 10 registered Guernseys, 1,057 pounds of milk and 61.3 pounds of butterfat; Clarence Miller, Jerome, seven registered Holsteins, 1,254 pounds of milk and 61.3 pounds of butterfat; Newbrough and Muechke, Wendell, 40 registered and grade Holsteins, 1,263 pounds of milk and 45.4 pounds of butterfat.

Reed Taylor and sons, Wendell, 37 registered and grade Holsteins, 1,261 milk and 45.4 pounds of butterfat; Raymond G. Clark, Jerome, 16 grade Holsteins, 1,117 milk and 44.0 pounds of butterfat.

Gail Williams, Jerome, 35 grade Holsteins, 1,203 milk and 44.0 pounds of butterfat; William T. Howard, Hazelton, 24 registered and grade Holsteins, 1,087 milk and 41.6 pounds of butterfat; Logie P. Anderson, Jerome, 28 registered Holsteins, 1,255 milk and 42.9 pounds of butterfat with three cubs milking; Herman Hall, Jerome, 18 grade Holsteins, 1,136 pounds of milk and 42.7 pounds of butterfat; Ebbes Kyler, Jerome, 15 registered and grade Holsteins, 1,183 milk, 42.6 pounds of butterfat.

Martin Jaurgul, Dietrich, 17 grade Holsteins, 1,097 milk and 41.8 pounds of butterfat; Jack Dietrich, 24 registered and grade Holsteins, 1,192 milk and 41.1 pounds of butterfat.

Elwood and Henry Reid, Jerome, 40 grade Holsteins, 1,089 milk and 41.1 pounds of butterfat; Archie Malone, Jerome, 27 registered Holsteins, 1,057 milk and 40.8 pounds of butterfat; Fred Beer, Jerome, 17 registered Guernseys, 895 milk, 40.1 pounds of butterfat; John Hermans, Jerome, 16 registered and grade Holsteins, 1,037 milk and 39.8 pounds of butterfat.

Paul Juchau, Eden, with 34 registered and grade Holsteins, 1,051 milk and 37.8 pounds of butterfat; Jack Nelson, Jerome, with 43 grade Holsteins, average, 1,144 pounds of milk and 37.7 pounds of butterfat; Don Thibault, Jerome, with 26 grade Holsteins, average, 1,016 pounds of milk and 37.6 pounds of butterfat.

Dale Hopper, Jerome, with 14 registered and grade Holsteins, average, 1,070 pounds of milk and 37.3 pounds of butterfat; Dr. F. J. Supple, Jerome, with 34 registered and grade Holsteins, average, 1,073 pounds of milk and 37.3 pounds of butterfat; Claude Bernard and sons, Hazelton, 30 registered Holsteins, average, 998 pounds of milk and 37.0 pounds of butterfat.

Charles and Irene, with 18 registered and grade Holsteins, average, 1,061 pounds of milk and 36.8 pounds of butterfat; Hazelton, with 22 registered and grade Holsteins, average, 930 pounds of milk and 36.8 pounds of butterfat; Bob Fuller, Jerome, with 26 registered and grade Holsteins, average, 994 pounds of milk and 36.0 pounds of butterfat.

Gordon Martin, Jerome, with 22 registered Holsteins, average, 981 pounds of milk and 36.0 pounds of butterfat; Gordon Hagler, Jerome, with 18 grade Holsteins, average, 1,100 pounds of milk and 35.7 pounds of butterfat.

Fleeces Sold by Minidoka Group

SHEPHERD, April 27 — The Minidoka county wool pool contained 110,000 fleeces last week from 130 producers of farm flocks, according to LaMoxie Smith, county agent.

The wool was all sold at the Carbon Springs center of T. H. Smith, Smith reported, at a price of \$51.30 per hundredweight.

He also reported 800 lambs shipped by the wool pool earlier this month. It was the first shipment of the season, by 30 consignees, with six buyers listed.

Another lamb pool was held this week with some 800 to 1,000 head expected to be consigned. All shipments were made from the Union Pacific yards in Paul, Smith said.

Visitor Stresses Need To Boost Natural Soil

Concern for depletion of soil and ways to restore soil to its full usefulness was stressed in a talk made by Dr. Jim Jones at a special meeting of invited, interested persons recently in Twin Falls. Jones is the author of "If You Can Count on Food and currently touring parts of the United States speaking on soil depletion.

It is Dr. Jones' contention that we are simply mining the soil and not returning enough natural elements. "Soil is like money in the bank; if you take more than you put in, eventually you go broke," he said.

Dr. Jones stressed three major items in his talks. The first is that soil is suffering from quality-nutrition and such year the nutritional quality of the soil decreases. Second, 75 present yields indicate Americans are synthetically mining the soil and thereby the nutrient problem gets worse each year due to poor soil conditions.

Much of Dr. Jones' contentions came as a result of a recent visit he made to India to view the Hunza people.

The Hunzas are the healthiest people in the world," said Dr. Jones. They live in high mountain country near the Himalayan mountains, near to Pakistan.

The Hunzas reap excellent yields from their crops. They seed and plow under natural foliage and their best crops originate at the foot of perpetual glaciers that dot the countryside. Not only do these streams originate at the foot of glaciers, but the water is mineralized with many nutrients and minerals. Dr. Jones believes one reason for the insect problem with the Hunzas is because of the excellent soil and the use of the crops grown that area.

"Natural organic matter, not synthetic chemicals, keeps the soil at high quality," said Dr. Jones.

Dr. Jones refers to some of the work carried on by other men in the field of quality soil cultivation. Dr. N. Nichols, member of the American Medical Association, has conducted tests showing that soil quality is being lost more rapidly, on half the volume of quality feed from quality soil than under existing feed programs.

Dr. W. A. Albrecht, University of Missouri, has opened 43 acres in Colorado as an illustration of his beliefs. There was a 27-acre piece of land that had produced nothing for 30 years. Chemical treatment of the land didn't even produce weeds. Some natural things were brought in and worked into the ground. Other natural elements were worked into the soil which began producing crops and the first few yields showed a 2.5 higher protein count than other land in the area.

Dr. Jones noted that fine volcanic soil which makes the Idaho soils in world famous in plants and animals. He, too, is concerned about the quality depletion of soil.

Dr. Jones says a situation in Colorado as an illustration of his beliefs. There was a 27-acre piece of land that had produced nothing for 30 years. Chemical treatment of the land didn't even produce weeds. Some natural things were brought in and worked into the ground. Other natural elements were worked into the soil which began producing crops and the first few yields showed a 2.5 higher protein count than other land in the area.

Dr. Jones noted that fine volcanic soil which makes the Idaho soils in world famous in plants and animals. He, too, is concerned about the quality depletion of soil.

Dr. Jones said his tour is to create an awareness and inspire new methods of quality soil cultivation. He believes farmers the world over, and particularly in the United States, are the most without adjustability have two to four times greater vibration acceleration when compared to the best seat.

In comparison with the assumed psychological limits of endurance showed that the great majority of the seats on mass produced tractors did not meet the requirements leaving the possibility of adverse effects upon the health of the drivers.

Idaho Chick Hatch Drops During Year

BOISE, April 27 — Commercial hatcheries in Idaho produced an estimated 734,000 chicks during the month of March, reports the U.S. department of agriculture crop reporting service.

This is 17 per cent less than for the same month a year earlier, and 12 per cent less than for the 1956-60 average for March.

The accumulated January through March hatch total of 1,760,000 chicks compared with 1,842,000 during the same period last year. As a result, 828,000 chicks were produced this March for broiler production, 11 per cent less than produced a year ago.

January-March accumulated production of broiler type chicks totaled 1,209,000 for 1962, three per cent more than during the same period a year ago.

A total of 285,000 egg-type chicks were hatched during March 1962, compared to 392,000 during the same month last year. The accumulated hatch of egg-type chicks for January-March was 850,000, 19 per cent less than during the same period in 1961.

The broiler feed price ratio at 3.5 for March 15 is the same as a month earlier, but slightly below the 3.6 of a year ago. The March 15 price ratio of 8.8 is more favorable to the producer than the 8.7 of a month earlier, but less favorable than the 8.5 a year ago.

St. Andrew's college, London, after undergraduate work at Pepperidge college. He received an honorary degree in science for work in soils.

Carter Elected Bank President

SPOKANE, April 27 — The election of M. J. Carter as president of the First State Bank for Cooperatives, effective July 1, announced by William J. Holman, chairman of the bank's board of directors.

Carter, now chief reviewing appraiser on the Pacific Northwest for the land bank division of the U.S. Department of Agriculture, will succeed A. C. Adams, who is retiring after 27 years as head of the cooperative bank. Holman said Carter will work as assistant to Adams until he assumes the post July 1.

TRACTOR SEAT VIBRATIONS are tested by means of a pressure pillow. The tests were made in order to establish control over the forces between driver and his seat. Investigation indicated possible physical disabilities can occur by tractor driving. The accelerometer is fastened to the back rest on the tractor seat and the findings are recorded.

Tractor Seat Study Shows Farmers Can Be Handicapped by Vibrations

CHICAGO, April 27 — Evidence that drivers who operate tractors for many years develop definite physical disabilities was reported recently at the 1961 annual meeting of the American society of agricultural engineers at Iowa State university.

Allison K. Simons, vice president of Bostron A. Co., an affiliate of the Bostron corporation, Milwaukee, reported the findings in presenting a paper by Dr. Heinrich Dupuis of Germany. The paper is titled, "The investigation of vibration in tractors on test stands."

Dr. Dupuis reported, "The extent of possible physical disabilities caused by tractor driving has had little study up to now. My Haack's test point out that vibration causes people may show up physical deficiencies. It is quite likely that these people would suffer from this illness because of their occupation. X-ray studies carried out by R. Rosenger show that drivers who have driven tractors for many years develop definite physical disabilities. According to this study, 76 per cent of the 225 studied drivers showed X-ray changes in effects produced in the stomach. Disorders frequently found were stomach depression (gastroptosis) as well as indigestion of the mucous membranes (gastritis)."

The primary objective of the Dupuis study was to ascertain the effect of tractor vibrations upon the driver.

To accomplish the study, a special test stand for testing tractors and other agricultural machinery having various wheel bases and track gauges was built. Vibrations similar to those encountered under actual running conditions could be generated on this and the influence of all individual factors was investigated under similar test conditions.

Subject to special investigation under actual running and test stand conditions were speed, frequency of obstacles, tire pressure, springing of front wheels, design of design of seats for drivers and their mates. Vibrations, accelerations and forces were measured electronically while movements of the driver's spine were recorded by a film camera.

Some 15 different tractor seats

There's nothing so life but good living.

Folks, here's my pride and joy.

J.W. DANT'S 10 YEAR OLD CHARCOAL PERFECTED OLD STYLE WHISKEY 86 PROOF

Dr. Jones said his tour is to create an awareness and inspire new methods of quality soil cultivation. He believes farmers the world over, and particularly in the United States, are the most without adjustability have two to four times greater vibration acceleration when compared to the best seat.

In comparison with the assumed psychological limits of endurance showed that the great majority of the seats on mass produced tractors did not meet the requirements leaving the possibility of adverse effects upon the health of the drivers.

Fast, efficient soil preparation and row crop cultivation

The Farmhand HARROWEEDER with unique VIBRACOIL ACTION

THE HARROWEEDER is a dual-purpose machine... an amazingly efficient harrow and a fast row-crop cultivator that beats anything ever used in corn, soybeans, cotton, small grains, sorghums and sugar beets. Here, from one dependable unit, you get the speed and efficiency that pays off in more bushels, cleaner fields, less time spent in the field.

THE EXCLUSIVE "vibracoil" action of the specially tempered coil-spring teeth penetrates deeper, turns soil up from underneath, preserves sub-soil moisture. The Harroweeder is available in 15 to 56 ft. widths, and it quickly folds to 7 ft. for easy transport.

Magic Valley Is "No-Hit" Victim Of Boise Braves

BOISE, April 27 (AP)—Garnett Steubing hurled no-hit ball and knocked in two runs as Boise whipped Magic Valley 10-0 Thursday night in the first no-hitter of the new season. The right hander walked five but struck out 12. It was his second victory in as many starts. He fanned Adolph Phillips four times and the fourth one ended a ninth-inning rally by the Cowboys, with two out, Steubing walked Hank Allen on a 3-1 pitch. Then Carmo Phillips stepped to the plate. Steubing struck him out three times in the game, and he did it again, ending the game.

Chiefs Down Electrics for First Victory

GREAT FALLS, Mont., April 27 (AP)—Pocattello scored eight runs in the first inning and went on to beat Great Falls, 15-11, for its first win of the season Thursday night.

The loss dropped the Electrics into second place with a 3-2 record. Pocattello now has a 1-4 mark.

The Chiefs jumped on pitcher Dale Williams, who was making his first start for Great Falls, for all eight runs. Don Sears started things off with a home run in the first inning. Williams gave up five other hits and two walks before he was pulled without retiring a single batter.

Reliever Pete Calano gave up a walk and a single before the side was finally out.

The Electrics almost tied the game up in the seventh inning as they picked up six runs on six hits, including a bases empty homer by Bob Hill. That made the score 12-11 in favor of Pocattello.

The Chiefs added three insurance runs in the top of the eighth on a homer by Gene Beard with two men on.

Great Falls won the game, 2-1. Only 238 fans, three more than Wednesday night, watched the contest.

TRADED to the New York Mets Thursday was catcher Sam Taylor from the Chicago Cubs in exchange for outfielder Bob Smith. (AP wirephoto)

Tigers Blast Kansas City In 11-7 Win

By The Associated Press

The Detroit Tigers, with Vic Wertz and Bubba Morton, mashing timely pinch hits, crashed through for seven runs in the seventh inning Thursday and beat the Kansas City Athletics 11-7 in a home-run marathon.

Wertz's single tied the score 7-7 after the Tigers entered the inning behind 4-0 and appeared stopped by Dave Wickersham's relief pitching.

Morton followed by slugging a triple that broke the tie and chased in two runs. Dick Brown's double and Jake Wood's second out of the inning added the third and fourth runs.

Lu Clinton's single with two out in the eighth drove in Carroll Hardy from second base to break a 7-7 tie and give the Boston Red Sox an 8-7 victory over Washington in a wildly contested game.

Clinton was batting for winning pitcher Dick Radatz who fanned the only man he faced.

The Minnesota Twins scored two unearned runs in the second inning and went on to defeat the Baltimore Orioles 3-2 behind the clutch pitching of Jim Pascual.

Baltimore first baseman Jim Gentile dropped Harmon Killebrew's high pop fly for a two-base error to open the inning.

Ridan Wins
LEXINGTON, Ky., April 27 (AP)—Favored Ridan sped to victory Thursday in the \$32,000 Blue Grass stakes and headed toward a challenge by Sir Gaylord in the Kentucky Derby.

The Fleet Nantallah colt, owned by Mrs. Woody Jolley, was paced expertly by jockey Manuel Escobar through the 1 1/4 miles at Keeneland race course to win going away, four lengths ahead of De-cidely.

SPORTS

T.F. to Host Northwestern Bowling Meet

Twin Falls will host the Northwestern Women's Bowling tournament this year for the first time in the history of the event, reports Mrs. John Birrell, secretary of the Twin Falls Women's Bowling Association.

The tournament, featuring top women's teams from Washington, Oregon, Alaska, Utah, Montana, British Columbia and Idaho, will start May 5 and will be conducted each week-end during May, Mrs. Birrell explained.

A total of 190 teams will participate in the event which will feature 470 sets of doubles and singles contests, she said.

This is a classified tournament and features four classes in both the team division and the doubles and singles classic division, Mrs. Birrell observed, adding that trophies would be presented to winners in each class.

Special features during the event will be the appearance of two top teams from Alaska, she said. May 15 the Alaska All-star team will be in Twin Falls and May 18 the Alaskan 49th Star team will compete.

The annual business meeting will be conducted May 19 and 20. Tournament action will start each Saturday and Sunday and 12 days are 22 local teams signed up to compete, she said.

All team bowling will be done at the Twin Falls Magic Bowl while doubles and singles matches will be at the Bowler-drome, Mrs. Birrell reported.

Openings Set For Upland Bird Season

BOISE, April 27 (AP)—Idaho fish and game commission set opening dates Thursday for all upland game bird seasons.

The pheasant season will open Oct. 6 in Benewah, Bonner, Boundary, Kootenai and Shoshone counties; Oct. 13 in the other counties in which pheasant hunting is legal.

The season on blue, ruffed and franklin grouse in Custer, Teton, Lemhi and Valley counties opens Aug. 25, to coincide with the season on bluebird in those areas. In the remainder of the state the grouse season opens Sept. 15 on all species.

Bob Reese Presents The All New DODGE CAMPER

A PERFECT MATCH... this beautiful "Dreamer Coach" on your Dodge Dart D-100 Pickup. The model pictured is the "Waterfall." It sleeps four, has a dining area (converts to second bed), a 75-pound ice box, a sink and water pump, a 15-gallon water tank, a three-burner butane stove, both 12 and 110 volt electric lights, ample storage space with a wardrobe, drapes, curtains, screens, a top vent and five crank-out windows. The unit is fully insulated. The D-100 is powered by Dodge's "Slant-Six" engine or V-8. The 3.5B:1 axle ratio used has proved to be excellent both for on and off-highway travel. The eight-foot-long coach weighs 750 pounds; the 10 foot coach, 880 pounds, 37% lighter than any other camper. The interior is of white pine and veneer. The outside is of heavy-gauge aluminum. It is six feet, three inches high and six-feet, eight inches wide.

ON DISPLAY AT—
BOB REESE MOTOR COMPANY

Special Cowboys Edition

COWBOYS 1962 SCHEDULE

Table with 2 columns: Date and Game details (Opponent, Location, Status).

On the Cover

There used to be a time, and maybe it hasn't passed all together, when youngsters (and some adults) could see a baseball game only by looking through a knothole on a fence surrounding the park.

It is this "looking through a knothole" atmosphere which is caught by our cover this week for this special edition on the Magic Valley Cowboys.

Carl Orrin, Twin Falls commercial artist, is responsible for the graphic art work depicting the fence and the picture taken by John Eaton.

Hovey Set to Cover Local Games Again

Larry Hovey, Times-News sports editor since 1957, will be spending his third year as official scorer for the Magic Valley club during the 1962 season in addition to giving Times-News readers all pertinent facts about the team.

Distances Noted For Jaycee Park

Distances from home plate to fence areas in the outfield at Jaycee ball park are the same as during the 1961 season, W. E. (Ben) Jewell, general manager of the Cowboys, notes.

Distance from home plate to the rightfield fence is 320 feet. From home plate to the centerfield fence it is 350 feet and to the leftfield fence it is 320 feet. Height of the fence is 20 feet and height of the scoreboard is 25 feet.

In 1960 the MacPhail award was won by Little Rock, Ark., and in 1959, Buffalo, N. Y., received the trophy. The traveling trophy is quite large and each town receives a permanent smaller trophy.

Jewell mentioned recently that the local baseball club also would like to see the Twin Falls Jaycee ball park single game record broken this season. The record, 5,746 persons, was set on Labor day, 1949. Largest attendance for one season was in 1948, when 111,700 Magic Valley residents flocked to Twin Falls baseball games.

Highest single game last season was on the July 4, when 2,698 turned out.

Jewell notes that El Paso, with a population of about 27,000, had been without a baseball club for five years. While it had the largest percentage of increase in attendance from the previously played season, only about one-third of the city's population actually attended games. Paid attendance at El Paso games during 1961 was 9,115.

However, Twin Falls, with a population of slightly over 20,000, succeeded in bringing in 61,404 paid attendance during 1961—over three times the city's population.

Considering the size of Twin Falls, attendance was really outstanding, notes Jewell.

Jewell points out that chances of winning the attendance trophy again this year are slim because the percentage in attendance will be based on last season's attendance figures.

Won Promotion Award The second trophy won by the local ball club at the 1961 convention was the MacPhail promotion traveling trophy. About 147 teams competed for the coveted award, which is given to

Alas, It Is Fade Out Time Again

HOLLYWOOD, April 27 (AP)—Alas, it's time for our annual farewell to the television series that won't be around next fall.

This is the sad season around the Hollywood studios as the cast and crews grind out the final segments before their series sail off to syndication, the Valhalla for television shows.

So long, Bob Cummings. Your third series didn't quite make it. Hope you try again. Ditto Gertrude Berg. Sorry your college career was cut off before you graduated.

Goodbye to all those crime-and-corruption shows. Things will be quiet around the "7th Precinct," "Cade" and "Gladdy" as they are unemployed. Even Robert Taylor's detectives will be out of their jobs.

"Straightaway" went thataway. "Follow the Sun" did. "Surfside 6" got drowned. "Target: The Corruptors" missed. Scene with the investigations.

Trouble with all of these shows. They were touchable. The cowpokes got knocked out of the saddle, too. "Maverick" went over the hill, followed by the "Lawman." There will be no more "Tales of Wells Fargo," no more "Tall Man." It looks as if "Frontier Circus" has run out of dates, too.

Farewell to Bugs Bunny and "Cowboy and the Colonel." Those Hathaway champs will be in the unemployment line as well. Other families will be breaking up. "Lew and Mr. Jones." "Room for One More" and that long-lasting "Bachelor Father." The girl who originated the

role in films is still doing all right. But it looks like curtains for "National Velvet" on television. The other retreat of a Taylor movie, "Father of the Bride," is also a casualty.

Bob Cousins' "Madame on Main Street" has cracked, and Groucho won't be back. Even the lights of G.E. Theater have gone out after nine years.

Goodbye to "Margie," "Thriller," "Weir Brod," and "Jobabod and Me." Who knows—the miracle of a last-minute reprieve might come through. You might even be able to rise from the dead. Like the "Lew and Mr. Jones." But, sad to say, it looks as if Mr. Jones' revival will be short-lived. He's missing from the fall schedule, too.

From Birds to Grace-- That's Director's Slate

By BOB THOMAS

HOLLYWOOD, April 27 (AP)—The 1962 schedule for the versatile Alfred Hitchcock takes him from man-eating birds to Princess Grace.

Quite a parlay. But then, Hitch is quite a showman. He was his puckish, chubby-checked self as I visited him on the set of his present production, "The Birds."

"This might be called the birds' revenge," he commented. "After all, birds have been put in cages, shot at and shoved in ovens by human beings for centuries. It's only natural that they should fight back."

They do in his movie, quite horrifying. The scene is Bodega Bay, Calif., a week-end spot for San Franciscans. People don't notice at first that the local bird life is getting aggressive. They notice after a while.

"We'll have some fine scenes of birds pecking people's eyes out," the director said with relish. "I can see it now—squeezed grapes hanging down the cheeks." Hitchcock said his research had uncovered numerous incidents of birds attacking man.

"Why just a year ago there was an incident in La Jolla, Calif., in which a thousand finches invaded a home in the period of a half-hour," he cited.

Van Dyke Is Planning to Star in Film

HOLLYWOOD, April 27 (AP)—Comedian Dick Van Dyke, who stars in his own weekly television series, branches out this month to star in a new movie.

Slimmy, mobile-faced Van Dyke will share top billing with Janet Leigh in "Eye for the Birdie," in which he starred on Broadway for one year and one day.

Rarely does Hollywood turn a camera on a Broadway hit without replacing the original cast. How did Van Dyke manage to land the part?

"I got it by default," he said. "I understand Laurence Harvey didn't have time to play the role and some of the other guys weren't interested, or something like that."

TRY TIMES-NEWS WANT ADS

Burns-Channing Show Team Signs

HOLLYWOOD, April 27 (AP)—The new show business team of Burns and Channing signed contracts and started rehearsals Wednesday.

"Actually," said cigar-chomping George Burns, "Carol Channing has been rehearsing for two weeks. Her husband moves snakes in her face for two hours every night."

Miss Channing is Burns' first partner since his wife, Gracie Allen, retired in 1958. Who knows—the miracle of a last-minute reprieve might come through. You might even be able to rise from the dead. Like the "Lew and Mr. Jones." But, sad to say, it looks as if Mr. Jones' revival will be short-lived. He's missing from the fall schedule, too.

Movie Schedule

- Walt Disney's "Moon Pilot" MOVIE FOR TV. "Four Horses of the Apocalypse," Glenn Ford, Ingrid Thulin, Charles Boyer, stars Wednesday, "Tummy Tell Me True." ORPHEUM "State Fair," Pat Boone, Ann Margaret, Sunday night, week-end preview. GRAND-VU "The Children's Hour," Audrey Hepburn, Shirley Maclaine, James Garner, and "Mary Had a Little," Agnes Laurent.

VERN THOMAS PLUMBING CO. 259 3rd AVE. E.'

Two Title Defenses Facing Magic Valley Cowboys Baseball Club During '62 Season

The Magic Valley Cowboys baseball club is defending its stake in two top national professional baseball awards.

W. E. (Ben) Jewell, general manager of the club, notes that when he was presented one of the awards last December during a convention of the National Association of Professional Baseball Leagues in Tampa, Fla., he was told "Don't give up now just because you won a trophy, there's no law against winning it two years in a row."

Attendance Trophy Won One award won by the Twin Falls team last year was the national association class C attendance trophy. To take the award, the local team drew 132 more persons than the runner-up, San Luis Potosi, Mexico, with a population of about 27,000.

Jewell notes that although Twin Falls is the second smallest class C baseball league city in

the association (Visalia, Calif., 15,800, is the smallest), the attendance award put Twin Falls in the ranks of other class C teams supported by towns with populations ranging from 100,000 to over 400,000.

Other class C towns winning the award include Duluth, Minn., and Superior, Wisc., with a combined population of about 140,000. In 1960, 23,000, 1959 and Winnipeg, Alberta, Canada, in 1958, with a population of over 400,000.

The Twin Falls percentage of increase over the last Magic Valley baseball season was 25 per cent. The percentage of increase put Twin Falls in second place for the attendance derby "grand sweepstakes" award, which was won by El Paso, Tex.

Largest Percentage Like Jewell notes that El Paso, with a population of about 27,000, had been without a baseball club for five years. While it had the largest percentage of increase in attendance from the previously played season, only about one-third of the city's population actually attended games. Paid attendance at El Paso games during 1961 was 9,115.

the team which does the most to promote professional baseball. A representative of each team gave a 10-minute talk at the convention, outlining the things done by the team to promote professional baseball.

In 1960 the MacPhail award was won by Little Rock, Ark., and in 1959, Buffalo, N. Y., received the trophy. The traveling trophy is quite large and each town receives a permanent smaller trophy.

Jewell mentioned recently that the local baseball club also would like to see the Twin Falls Jaycee ball park single game record broken this season. The record, 5,746 persons, was set on Labor day, 1949. Largest attendance for one season was in 1948, when 111,700 Magic Valley residents flocked to Twin Falls baseball games.

Highest single game last season was on the July 4, when 2,698 turned out.

COWBOYS' BIGGEST BOOSTER is probably Mrs. Ethyl Hunt, 460 Second avenue north, who passes through her telephone book before calling prospective ticket buyers. This season she has sold

She Is No. 1 Booster, if Enthusiasm Counts

Who is the Cowboys' biggest booster?
If enthusiasm for baseball and whole-hearted support of the local team is the mark of a "Cowboy booster," then Mrs. Ethyl Hunt, 460 Second avenue north, is probably the top booster of the Magic Valley baseball club.
This season alone she has sold, by using telephone only, over 200 books of baseball tickets. Besides being the top ticket-seller, she also supports the team through constant attendance. She claims that she's "seen every one, I've never missed a game."
She first started selling tickets for the Cowboys in 1947. When asked how many tickets she has sold since then, she declared,

"My goodness, I have no idea," but the total would be in the thousands.
She says, "Baseball is a fine hobby, I love it." Another of her hobbies, she mentioned, is "getting out there when the opposing team comes out to bat and riding the boys that are on the opposite side."
In 1951 she helped other Magic Valley baseball fans sell stock in the Cowboys club, when the Yankee-sponsored team was going to be moved to Boise. The team is now affiliated with the Philadelphia Phillies.
Mrs. Hunt, a member of the Magic Valley Cowboys board of directors for two years, says, "I think everyone should be interested in the Magic Valley Cow-

boys because I think there's nothing that can compete with baseball."
During the 1961 season she sold tickets door-to-door and by

Loes Is Released By S. F. Giants

SAN FRANCISCO April 27 (AP)—The San Francisco Giants have given pitcher Bill Loes his unconditional release.
Loes was due to report to the New York Mets this spring but decided to quit baseball. On Feb. 23 the Mets, who had his contract on a conditional basis, returned him to the Giants.
The Giants freed him on March 2.

MAGIC VALLEY COWBOYS ASSOCIATION OFFICERS discuss the 1962 baseball season. Officers are William Clark, left, president; C. E. (Ed) Bossard, center, secretary-treasurer; and Carl Berg, right, vice president. They were elected in February for one-year terms. Outgoing president was W. E. (Ben) Jewell, who now is general manager of the local baseball club. (Times-News photo)

The Leaders

Every organization has its officers, and the Magic Valley Cowboys is no exception. Eleven Magic Valley persons make up the officers and members of the board of directors.
W. E. (Ben) Jewell is general manager; W. W. Clark, president; Carl Berg, vice president; and G. E. Bossard, secretary-treasurer.
Those on the board are W. W. Lowery, W. J. Churcho, Harlan See, Mrs. Ethyl Hunt, Morris Roth, Ernest Craner and Lee Fillmore.

1962 Season Jaycee Park Ground Rules

- Ground rules for Jaycee ballpark for the 1962 season are:
1. Any ball hitting scoreboard or signs attached to fence is in play.
 2. Any ball hitting flagpole, light poles, foul line markers or power lines above level of fence is a homerun.
 3. Any ball is in play at all times back of catcher unless it lodges in bat rack. Book rule prevails in this case.
 4. Any ball that enters dugout gives runner an additional base.
 5. All balls that hit fair in left field or right field and roll beyond the drawn safety line are two base hits.
 6. Fly ball can be caught in foul territory in left or right field as long as it is not caught beyond the drawn safety line.
 7. Any ball that hits the twin power line is in foul territory and may be caught. Ball is foul.

'Little Knob' on TV Set Is Best Censorship Tool

NEW YORK, April 27 (AP)—A top writer of detective stories believes the little knob which turns a television set on and off is the ultimate form of censorship which can tone down sex and violence in adventure programs.
Frank Kane, author of the Johnny Liddell detective novels and many of the Mike Hammer television scripts, said script writers turned to sex and violence when they ran out of other elements to shock and interest their audiences.
"It was like taking dope," Kane said. "Every show you had to increase the dose. That is apparently how it got out of hand."
Kane said it will stop when the public wants it to.
"When you get past the limit

of good taste, the public will turn you off," he said.
Kane, who also wrote scripts for Claims Agent, Lawless Tentacles, Nick Carter, the Fat Man and other television and radio private eyes, believes pressure from the federal communications commission (FCC) will not reduce significantly the amount of sex and violence on television. He referred indirectly to demands of FCC Chairman Newton Minow that television become more cultural.
"You can fill the air waves 24 hours a day with elevating and uplifting material, but if the public doesn't want to be elevated and uplifted, they won't turn you on," he said.
Kane said television got the way it is because of the "frigh-

ting" volume it has to turn out and because producers and directors stifle the creative freedom of writers.
On the latter point, Kane said: "Television isn't written, it's re-written."
He said a television writer submits a story idea, gets it approved in a conference with the show's producer and director and writes it in the way they all agree.
"Then," he said, "you take the script in for a story conference and the people who agreed on the story ideas tear it apart. One says it needs more action; another says it needs more humor, or whatever."
Kane said a writer then revises his script to include the newly injected elements and the

producer then will likely tell him about the "stock shots," the stereotyped scenes of principal characters sitting in a nightclub, riding in a cab, walking out of a well-known building, etc. The script must be revised again to write in the already-filmed stock scenes, he said.
"Working under those conditions, you need nerves of iron, a stomach of copper and intestines of asbestos," said Kane.
Kane's latest novel, "The Conspirators," was published recently by Dell in a paperback edition.
He said the public's overexposure to private eye stories on television resulted, for a while, in detective novels "taking a pose dive" in sales. He said he believes the television detective now is

dominating in popularity and people are returning to books.
"And when they do come back," Kane said, "they do so as more discriminate readers. A writer's backgrounds have to be more authentic and his characters must be more sharply pinpointed so the readers can know and like them."

Safety Important For Outdoor Fun

NEW YORK, April 27 (AP)—The ingredients for a good cook-out: Tabulating accuracy, good food—and safety.
The International Association of Fire Chiefs caution that fire hazards accompanying outdoor cooking can be avoided if one thinks about safety as much as cookery.

OKAY, UMP, YOU'RE THROUGH! On the left Jack Phillips, Cowhorns manager, complains bitterly about a close call during the opening game of the season and the umpire chiming in. On the right, Phillips apparently had had enough of the umpire's "abusive language" and banishes him from the game, the umpire leaving with a hang-dog look. The fans enjoyed this brief encounter with umpire and manager, as they do all such delays in the game. Actually the umpire had more control of the game than might be gathered from this photo sequence. (Times-News photos by John Eaton)

Cub Catcher Requests He Be Traded

WOODRUFF, S. C., April 27 (AP)—Sammy Taylor, regular catcher for the Chicago Cubs, said Tuesday he would quit baseball if he is not traded.

Taylor, 29, said he was not making enough money to keep up two homes, in Chicago, and in Woodruff, where his wife prefers to live with their 4-year-old daughter.

Taylor said he has no team in mind he wants to be traded to, and knows of no deal in the making.

In Chicago, Cub Vice President John Holland said Taylor was suspended from baseball when he failed to show up for Tuesday's game with Los Angeles.

Taylor confirmed that Holland had refused him permission to visit his home in South Carolina and told him he would be suspended without pay if he went. "My family means more to me than baseball," said Taylor.

"We know Sammy has had difficulties for some time, but these are his problems and he will have to work them out," Holland said in Chicago.

Taylor, reached by telephone at his home here, said he preferred not to discuss family problems.

Taylor said that if he does not remain in organized baseball, he would like to get a job in youth work, perhaps teaching baseball and other sports to youngsters.

I am confident that your club will again be an interesting one, and one that fans will support."

T. F. Is Important Link, Phillies Official Declares

Twin Falls is an important link in the Philadelphia Phillies baseball chain, reports Clay Dennis, administrative assistant for minor league clubs for the Phillies.

"With the thought in mind that major league players are developed in the minor leagues, we in Philadelphia certainly are not subscribers to the theory that minor league baseball is doomed," the official said.

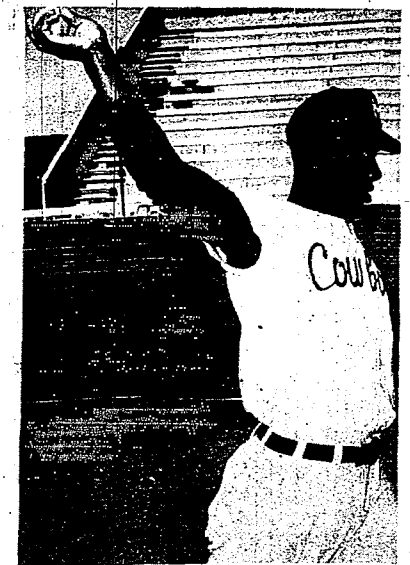

"To the contrary, we do think that the minor leagues are perhaps more stable now than at any time during the past 10 years. Most major league clubs need at least six affiliated minor clubs with which to play and develop the prospects signed by their scouts.

"Also, both the commissioner and president of the National Association are lending their support to a realignment program for the minor leagues that would be effective in 1953. Although still in the formulation state, it is known that realignment as now contemplated will result in only three classifications: AAA, AA and A. Under this plan, for instance, Twin Falls would be class A.

"Twin Falls, of course, is an

important link in the Phillies chain. It is our hope that we again will furnish the Magic Valley fans with the type of club to which we are affiliated, with notably in 1951.

"We are interested in development, but also in fielding competitive clubs in the cities in which we are affiliated. With Jack Phillips again at the helm,

HANK ALLEN, the Cowhorns' first baseman, came to the Cowhorns with the highest 1961 batting average in the infield. He batted .282 with Elmira last season and is expected to be one of the big runs in the Cowhorns hitting attack in 1962. Allen is 21 years old and bats and throws right-handed. (Times-News photo)

AUTO LOANS

Finance it through **OUR BANK** and enjoy a **FIVE-WAY** saving!

SAVING NO. 1 The cost of borrowing from our bank is kept low; and there are never any extra charges to pay at any time. Thus, the over-all outlay for your car purchase is kept to a minimum.

SAVING NO. 2 We arrange monthly terms of repayment to fit your budget, not strain it—and you thereby gain a cash margin for taking advantage of other money-saving opportunities.

SAVING NO. 3 You may finance the initial car insurance premium as a part of your loan, rather than pay it out of pocket all at once—and so again conserve your current cash.

SAVING NO. 4 You save precious time, as well: Prompt action on your application for a loan from us quickly gets you the money you need to pay the dealer of your choice.

SAVING NO. 5 As you repay your loan per agreement, you build your credit standing with us—a sound basis for low-cost bank borrowing in the future.

LEE REMICK, an established star after several appearances in shocker movies, stars with Glenn Ford in "Experiment in Terror," coming soon to the Orpheum theater. The movie is about a man who terrorizes two women.

Terror Campaign Against Sisters Is Movie's Plot

Said to be the story of a psychopath's campaign of terror against two sisters, Blake Edwards' production for Columbia release, "Experiment in Terror," stars Glenn Ford and Lee Remick.

Produced and directed by Edwards, whose adeptness with suspense stories is evidenced by the popularity of his two TV programs, "Peter Gunn" and "Mr. Lucky," "Experiment in Terror" is expected to be one of the top thrillers of the year.

Screenplay by the Gordons, well-known mystery-suspense writing team, is concerned with Ford's efforts, as an FBI agent, to protect two sisters who are the targets of a terror campaign at the same time that he tries to cooperate with the San Francisco police, to trap the man responsible, Miss Remick.

elder of the two girls, is a teller in a local bank; using the threat of murder, the criminal intends to force her to embezzle \$100,000 for him.

As the government man, Ford is said to make a methodical sleuth of his characterizations rings with authenticity. Miss Remick, who scored tremendously in "Anatomy of a Murder" and "Sanctuary," plays the terrified bank teller and Miss Foxworth's younger sister.

"Experiment in Terror" was filmed in San Francisco, and there are scenes of Fisherman's Wharf, Chinatown and other of the famed Bay city's landmarks, including the baseball home of the Giants, Candlestick park. Here is played the thrilling cooperation of Henry Mancini write the music for "Experiment in Terror."

TV Notebook

NEW YORK, April 27 (AP)—Among those preparing shows in Hollywood this week is John Sills' CBS program are co-median Phil Silvers and Mrs. James Stewart. This will be the fifth time the Stewarts have been on the show and the second time this season.

"Biko" Silvers is also in Hollywood to co-star with Tony Curtis in the motion picture, "Forty Pounds of Trouble."

The new story consultant for the CBS "Rawhide" series, which continues next season, is Elliott Arnold, prominent novelist who has written two "Rawhide" scripts this season and already has two on its schedule for 1962-63.

The likeable "Hennessey" series starring Jackie Cooper is finished as a continuing property at the end of this season on the CBS network after a three-year run. But 16 episodes go into syndication this fall with an opposition firm, NBC Films, taking over the package.

Wald Now Is Working on 'Ulysses'

HOLLYWOOD, April 27 (AP)—Until now novelist Grace Metalious and the late James Joyce had only two things in common. They were human and they wrote books.

But that's about as far as it went. Joyce is revered by many scholars and students of the English language as the greatest writer since Shakespeare. Mrs. Metalious became a sensation for her "Peyton Place," a novel not particularly esteemed for its literary merit.

Yet it is a safe bet that Grace earned considerably more money from that one book than the venerated Joyce did from all his works.

Now, thanks to producer Jerry Wald, Joyce's masterpiece, "Ulysses," will be brought to movie screens.

It was Wald, too, who gave the world the celluloid version of "Peyton Place." Like the book, it cleaned up financially. Also like the book, it was met with shrieks of horror by the critics.

Has Wald's literary taste improved? Does he hope to hypo "Ulysses" with some Metalious sex touches?

"No, no, no," said Wald in his book-lined study. "It may seem strange to an outsider that I am going from 'Peyton Place' to 'Ulysses,' but the fact is that I am seeking diversity of product."

"I have just completed 'Adventures of a Young Man,' which was written by Hemingway, and I've already scheduled 'The Enemy Within,' by our attorney General, Robert Kennedy."

Even Wald critics must admit on this evidence that Jerry has indeed diversified his product.

"You must try to please all segments of the movie audience," he said. "The only common denominator we strive for is quality."

Wald, a talkative man who has more ideas for movies in a month than most producers have in 10 years, has had his share of turkeys. But more important is his

significant record of hits. "In a way, bringing 'Ulysses' to the screen is breaking precedent," he said. "In order to keep the movie industry healthy we must continue to experiment with new ideas."

Among his experiments have been some of Hollywood's most provocative movies.

Wigs Are Latest Craze of Women; Debbie's Got One

By BOB THOMAS
HOLLYWOOD, April 27 (AP)—

"Did you notice," asked my date at the Academy awards, "how many of the stars were wearing wigs?"

She referred not to the rags atop the thinning denses of the male stars, but to the profuse and orderly hairdos on the ladies.

"Wigs on women?" I said in masculine ignorance.

"Certainly. It's the latest thing."

This was news to me and since it might be the same to readers, I decided to investigate. I dropped by the set of "My Six Loves" to interrogate Debbie Reynolds. She was wearing a luxuriant sweep of blonde hair.

"That's the same style you wore to the Oscars—yes?"

"It is," she admitted. "Is it uh, yours?"

"Of course not. It's a wig."

"Lots of the girls wear them nowadays. Debbie continued.

"Not just actresses, but other women, too. It's so convenient."

"Take the Oscar night. I got

through work at Paramount at 6 and I had to be in Santa Monica and ready to go on the show at 7. If I had to get my hair fixed, I just couldn't have made it—impossible. So with a wig I'm ready to go in minutes."

What's more, she has a set of them.

"I've got a reddish-brown wig I wore in 'Hat Rack.' I've got another one which is my own shade of hair. Then there is this light blonde one I've got on."

"I've also got a black wig that I now wear only on Halloween. I bought it originally so I could go places incognito."

Debbie said she wouldn't wear a wig when she had time to get her own hair set. But for a busy girl like her, an extra head of hair is a boon.

"Especially when I go on a trip," she remarked. "Before I go, I send the wig over to Sidney (Gularroff) the noted hair stylist for him to set. When I'm alone and when I arrive in a town, I can just put it on and I'm ready to go anywhere."

VERN KEMP is another strong pitching hope for the Cowboys during 1962. The 25-year-old southpaw hurler posted an 11-8 record with Elkhart in 1961 and carried an excellent 3.19 earned run average. (Times-News photo)

ADOLFO PHILLIPS is one of four Cowboys returning to Twin Falls after the 1961 season. Phillips, always a crowd pleaser, batted .327 last year with the Cowboys while playing in the outfield. Adolfo bats and throws right-handed. (Times-News photo)

Page 14—April 27-28, 1962

Lew Krausse Starts Well In Class A

BINGHAMPTON, N.Y., April 27 (AP)—Lew Krausse, the \$125,000 bonus baby sent to the minors by Kansas City for more experience, is off to a winning start in the class A Eastern League.

Krausse, who was 19 Wednesday, allowed only seven hits and struck out 16 Wednesday night in pitching Binghamton to a 4-3 victory over Elmira.

On June 16, 1961, the right-hander from Chester, Pa., made his major league debut with a three-hit shutout for Kansas City in a 4-0 victory over Los Angeles. But later he slumped and was finished with a 2-5 record.

NL HAD 12 CLUBS
CINCINNATI, April 27 (AP)—The National league still has to go some to reach the 12-club circuit it enjoyed in 1962.

More Surprises Planned For Baseball Fans in '62

The Magic Valley Cowboys will use various promotions during the 1962 season to bring fans to the ballpark and make the evening interesting, announces W. E. (Ben) Jewell, general manager of the team.

Coronation of the Cowboys queen will take place May 24. A few nights later, May 28, will be Pony Night at Jaycoe ballpark, with someone winning a pony.

Max Patkin, baseball comedian, will be back again this year, Jewell said. He appeared at Jaycoe park during the 1961 season.

There will be five Ladies Nights during the season. On those evenings women will be admitted to the ball game free. The Safeway stores will sponsor nine nights during the season.

Another event that will be repeated this year will be the fireworks display on July 4. There will be three nights during the season when 25,000 trading stamps will be given away and on one night 30,000 will be given

to some lucky fan. Jewell stated. On Labor day a \$500 automatic dishwasher will be given away. Several special occasions depend on developments for the Cowboys.

Another "Mystery Night" will be held if the Cowboys eclipse their 1961 attendance mark of 82,000 persons. A number of gifts were presented to the person last year who broke the attendance mark.

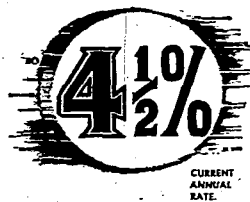

A player appreciation night will be held on Sept. 4, the Cowboys' last home game.

"We'll have more promotions this year than last," the general manager says, "and we believe the fans will enjoy their evenings at the ballpark."

RECORD CROWD
LOS ANGELES, April 27 (AP)—The crowd of 72,140 which watched the Cincinnati-Los Angeles doubleheader on Aug. 16, 1961, is the largest ever to witness a National league night game.

Presents This Week's

MENUS

By *Helen McCully*

As you know - dinner is the problem meal - hence our new menus for dinner only, with a recipe for each dinner.

Here are five Dinner Menus to enjoy this week.

SUNDAY

Dinner Menu

Falls Brand Fresh Ham, Roasted
Baked New Potatoes Fresh Asparagus
Applesauce*
Fresh Rhubarb Pie
Coffee Milk

FALLS BRAND FRESH HAM, ROASTED

6-pound leg of Falls Brand fresh pork
Salt
Pepper
Thyme, oregano, or rosemary

Start oven at 325° F or slow. Score skin or fat of meat and rub well with a mixture of salt, pepper, and any one of the three herbs you like best.

Place in an uncovered roasting pan. Roast without basting 40 minutes per pound of pork.

*Flavor applesauce with prepared horseradish sauce. Excellent with pork.

FRIDAY

Dinner Menu

Salmon and Egg Salad
Hot French Fries Tomato Slices
Chocolate Cake
Coffee Milk

SALMON AND EGG SALAD

1 can (7 1/2 ounces) salmon
4 hard-cooked eggs
1 cup sliced celery
2 tablespoons chopped onion
2 tablespoons chopped parsley
Salt
Dash pepper
2 tablespoons lemon juice
1/2 cup mayonnaise

Drain salmon, remove and discard bones and skin, fork into bite-size pieces. Cut eggs into eighths. Combine salmon, eggs, and celery in a bowl.

Mix onion, parsley, salt, pepper, lemon juice, and mayonnaise together. Add to salmon mixture and toss gently. Garnish with salad greens. Serves 4.

MONDAY

Dinner Menu

Falls Brand Beef Liver Supreme
Noodles Buttered Green Cabbage
Tomato Salad
Strawberry Ice Cream
Coffee Milk

FALLS BRAND BEEF LIVER SUPREME

1/2 pound tiny white onions
4 slices Falls Brand bacon
1 pound Falls Brand beef liver, sliced thin
2 tablespoons flour
1/2 teaspoon salt
Dash sage
Dash thyme
1 can (10 1/2 ounces) cream of celery soup
1/2 cup milk

Peel onions and cook in boiling water until tender but still crunchy. Drain.

Fry bacon crisp, drain on paper towels, and set aside. Coat slices of beef liver with a mixture of flour, salt, sage, thyme. Fry in hot bacon fat until brown on both sides.

Mix celery soup with milk. Add to liver along with onions. Heat until bubbly. Serve sauce over meat and garnish with bacon. Serves 4.

SATURDAY

Dinner Menu

Falls Brand Flank Steak in Casserole
Waldorf Salad
Cherry Jello
Coffee Milk

FALLS BRAND FLANK STEAK IN CASSEROLE

1 1/4 pounds Falls Brand flank steak
2 tablespoons flour
1 teaspoon salt
2 tablespoons shortening
4 potatoes, sliced
1 large onion, sliced
1 green pepper, sliced
1 teaspoon salt
Dash pepper
1 can (1 pound, 3 ounces) stewed tomatoes

Start oven at 325° or slow. Score surface of flank in diagonal fashion with a sharp knife. Coat with a mixture of flour and salt. Melt shortening in a large heavy skillet, add meat and brown both sides over a high heat. Place potatoes, onion, green pepper over the flank. Season vegetables with salt and pepper. Pour (stewed tomatoes) over all. Cover tightly and bake 2 hours. Serves 7.

THURSDAY

Dinner Menu

Falls Brand Franks in Biscuits
Cabbage and Carrot Salad
Fresh Pineapple*
Coffee Milk

FALLS BRAND FRANKS IN BISCUITS

Make a batch of biscuits, your own or a mix. Roll dough quite thin on a floured board and cut in oblongs the length of a frank. Spread each oblong with melted butter or margarine, mustard and chili sauce. Roll a Falls Brand frank in the oblong and place on a buttered cookie sheet.

Brush dough with a little more melted butter, or margarine and a little more mustard. Bake in a preheated 425° F or hot oven for 20 minutes or until biscuit dough is baked through. Serve hot with canned tomato sauce, heated.

*Try cutting an unpeeled pineapple in quarters, place slices down to the peel but not through it. Then cut the slices in half. Sprinkle with sugar if you feel the need.

Independent Meat Company sincerely hopes the New Look in Menus by Helen McCully will be more helpful and enjoyable to read and use.

LOOK FOR THE FALLS BRAND LABEL AT YOUR GROCERS

Independent Meat Company strives at all times to secure top quality livestock grown in Magic Valley. All meats are processed under rigid quality control in one of the most modern meat packing plants to be found anywhere today. Specify "Falls Brand" at your favorite grocers and be sure of getting Idaho's Finest... it costs no more.

QUEEN CANDIDATES for the first annual Magic Valley Baseball queen contest get in the proper baseball mood. The girls are sponsored by civic organizations, clubs and businesses. From left are, kneeling, Jeanette Bertoch, Shirley Wilson, Joyce Vosika, Doris Partin and Katharine Paskett. Standing are Sharon Windsor, Dot Shepherd, Bob Skinner and Judy Van Buren. Miss Niven is from Kimberly, Miss Partin from Buhl, and the rest of the girls are from Twin Falls, Morris Roth, Twin Falls, is chairman of the contest. The queen will receive \$100, second place, \$50 and third place, \$25. The contest ends May 22 and the queen will be crowned May 24. (Times-News photo)

13 Area Girls Vying for Title as "Magic Valley Baseball Queen"

Some 13 Magic Valley girls are vying for the Magic Valley Baseball queen title, announces Morris Roth, queen contest chairman. This is the first baseball queen contest held in Magic Valley and he hopes it will be an annual event.

The girl who sells the most ticket books will be the queen. Roth said the contest ends May 22. The contest started April 1 at a social hour when the girls sold their first book to sponsors. Besides being the queen, the

winner will receive \$100. Second place winner in the queen contest will receive \$50 and third place, \$25. They will form the queen's court.

Queen candidates, sponsored by civic organizations, clubs and businesses, were featured in a parade with the Magic Valley Cowboys last Friday. On Saturday, the candidates were at a no-host banquet with the Cowboys.

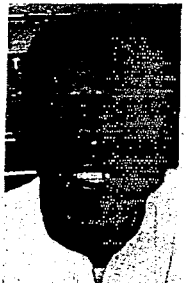

Roth said all candidates will receive a gift and the organization or club sponsoring the girls will receive a plaque. The queen will be crowned at the queen coronation pageant May 24.

Roth said the ticket book sale is the project which helps finance baseball activities.

Queen candidates and their sponsors are Larrie Lake, 17, daughter of Mr. and Mrs. Lynn Lake, sponsored by Shrine club; Judy Bevan, 18, daughter of Mr. and Mrs. Ross Bevan, Elks lodge; Joyce Vosika, 17, daughter of Mr. and Mrs. LeRoy Vosika, YWCA and YWCA; Kathryn Skinner, 17, daughter of Mr. and Mrs. Ivan Skinner, Exchange club; Shirley Wilson, 16, daughter of Mr. and Mrs. Ralph Wilson, Altirus club; Sharon Windsor, 16, daughter of Mr. and Mrs. John Windsor, Salvation Army, and Dot Shepherd, 17, daughter of Mr. and Mrs. Jess Shepherd, Kiwanis club, all Twin Falls.

Katharine Paskett, 16, daughter of Mr. and Mrs. Harold Paskett, American Legion; Judy Van

Buren, 17, daughter of Mrs. Bertha Van Buren, Twin Falls Jaycees; Jeanette Bertoch, 16, daughter of Mr. and Mrs. D. H. Bertoch, Rotary club, and Susan Kilake, 16, daughter of Mr. and Mrs. Fred Kilake, Twin Falls Chambers of Commerce, all Twin Falls; Doris Partin, 16, daughter of Mr. and Mrs. Albert Partin, Buhl, Buhl Kiwanis club, and Karen Niven, 16, daughter of Mr. and Mrs. Robert G. Niven, Kimberly, Kimberly Chamber of Commerce.

WAR WHOOPS

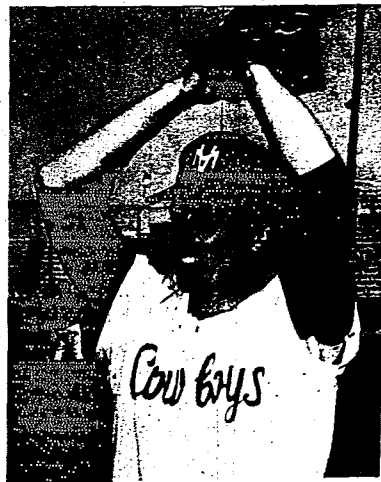

HOUSTON, Tex., April 27 (AP)—The Houston Colt .45's started their victory chant early when they trained at Germino park in Apache Junction, Ariz.

VETERAN SPÄHN

MILWAUKEE, April 27 (AP)—Warren Spahn of the Milwaukee Braves will become a 20-year man in the major leagues on Sept. 3, 1962.

BOB CARMO is another returning Cowboy for 1962 and carries the highest 1961 batting average on the club. With the Cowboys last year the likeable outfielder batted .320 for the Cowboys. The 5-3 outfielder bats and throws right-handed. (Times-News photo)

DARRELL WEBER, 20-year-old southpaw hurler for the Cowboys, played the 1961 season with Bakersfield, the Phillies' other class C team. With Bakersfield he notched an 8-14 record with a 3.51 earned run average. (Times-News photo)

Spahn Not Ready For Rock'n Chair

MILWAUKEE, April 27 (AP)—Don't get the rocking chair ready for Warren Spahn yet. The Milwaukee southpaw's great is out to prove he's just as good as all as he was at 40.

Spahn moved ahead of his 1961 pace by leading the Braves to a 2-1 decision over the Philadelphia Phillies Tuesday night. It marked his 11th national league victory since 1946.

"I didn't win my first game last year until my 40th birthday, so I guess for more than one game ahead," Spahn said. "But I won't complain if I wind up with the same type of season as last year. No pitcher will complain about 21 victories."

Big Record

BOSTON, April 27 (AP)—Gene Stephens, now with the Kansas City Athletics, set a major league record when he made three hits (two singles and a double) in the seventh inning of a 23-3 rout against the St. Louis Browns, June 18, 1953.

April 27-28, 1962—Page 13

Being Bat Boy Is "Greatest" Job

What is the greatest job a young teen-age can have? Especially a baseball fan?

Of course, it would have to have something to do with baseball and that is just what three young boys have found.

Kenny Teiz, Terry Groves and Kevin Hagerty have found the perfect job by being hired by W. E. (Ben) Jewell, manager of the Magic Valley Cowboys.

The road to being hired as bat boy was not an easy one as the boys can tell you, because they were selected over 1,000 other boys for the job. C. E.

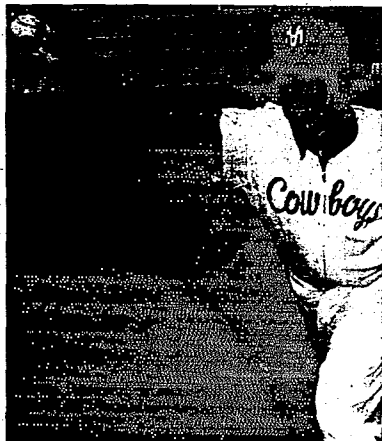

(Ed) Bossard, a member of the Cowboys board of directors, was in charge of the long job of picking the three boys.

An entrance fee of \$250 was required, along with a 50-word theme on "Why I want to be a bat boy." The jobs were open to boys of all ages, but a sense of responsibility was required because it is a responsible job.

A bat boy is responsible for supplying bats and balls for each game. The bats must be racked neatly on a special rack for each ball team, and the

balls must be new and available when the umpire signals for one. It also consists of running special errands for the ball players when the need may arise. The job pays well for a boy in his early teens and it gives the young baseball fan, or in this case the three bat boys, a chance to play baseball with some of the best young stars in the nation.

When asked how they were going to like working for the baseball club, all three replied with a loud "It's the chance of a lifetime."

DON BESSEY is one of four returnees to the Cowboys this year and is a strong hope for a light pitching corps. Bessey with the Cowboys in 1961 posted a 7-7 record with a 2.23 earned run average. He throws righthanded. (Times-News photo)

EUGENE WESTON ... second baseman

JOHN MORRIS ... left-handed pitcher

CRITICAL BASEBALL GEAR INSPECTION is being conducted by the Magic Valley Cowboys new bat boys. They are left to right: Kenny Teiz, 5, son of Mr. and Mrs. Raymond Teiz, 441 Folk street; Terry Groves, 14, son of Mrs. Virgil Groves, 1347 Sixth avenue east, and Kevin Hagerty, 13, son of Mr. and Mrs. Elmer Hagerty, route 2. The boys were selected from more than 1,000 applicants to be bat boys for the Cowboys because they submitted the best 50-word theme on "Why I want to be a bat boy." (Times-News photo)

Major, Minor Changes Reported at Jaycee Ball Park After Spring Face-Lifting Job

There have been some changes made at Jaycee ball park this spring.

One major change at the ball park this spring is enlarging the Magic Valley Cowboys dressing room. The recreation department has built an outside entrance to the dressing room, 700 feet wider and six feet longer than the one last year.

The department has installed 24 new lockers in the home team dressing room for players' uniforms and other wearing apparel. Ernest Craner, superintendent of the Twin Falls parks and recreation department, said:

Dressing Room Damaged
The visitors' dressing room required considerable damage due to over-crowded ball players last season. We had to replace all the wall paneling in the dressing room," Craner said. Both dressing rooms were repainted.

The department has built a partition in the women's restroom. Half of the restroom will have restroom facilities and the other half will be used as women's lounge. The floor of the restroom has been painted gray and the walls white. There is carpeting in the lounge area.

Two sets of sofas and chairs, donated by Carl Berg and the veteran administration, will be in the lounge area.

Some 100 new hot seats have been added. The seats were purchased from a firm in Golding and are painted pink. All other seats were painted turquoise.

The outside of the fence surrounding the park and bleachers was painted green by a crew of eight volunteers April 1, Craner said. About 32,000 square feet of the outside and inside surfaces were repainted. The volunteers were equipped with power sprayers and 64 gallons of paint.

Ben Jewell, general manager of the Magic Valley Cowboys, said the work was done by Raymond and Gary Teiz, who donated

their time and power spraying equipment. Jewell, Kenny Teiz, son of Mr. and Mrs. Raymond Teiz, Vance Pughler and Craner assisted. It took eight hours to do the job.

"I think when we finish the painting at the park, we'll have one of the prettiest ball parks in this part of the country," Jewell said.

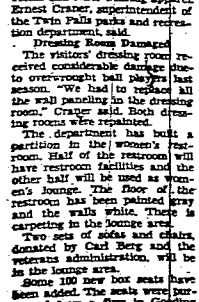

Colors Reflect Sunlight
Jewell explained that lighter colors will reflect sunlight and heat and probably make the park cooler during the heat of the day. Considerable work has been done on the playing field. To eliminate high places on the grass sod was taken out and placed lower in the ground. All worn places were resodded.

A new protecting screen has been placed. About 150 feet of new screen has been installed along first base and about 50 feet of new screen behind home plate. Also the batting cages will have new screen.

In the grandstand, Craner said, most of the seats had to be repaired and new boards installed. Steps had to be repaired. When funds are available, the recreation department plans to remodel the concession stand.

The recreation department has painted both men's and women's restrooms and Jewell has painted the front office.

Crews from the recreation department have spent more than 1,000 hours this spring on the ball park, Craner added.

BASEBALL ANNOUNCER: Bill Denney, is broadcasting the Magic Valley Cowboys baseball games for the second straight year. He became an announcer when he quit playing baseball in 1957 and his goal is someday, to get into big league broadcasting. (Times-News photo)

It Is 'Labor of Love' for Denney

So far as Bill Denney can recall, he's had only two major ambitions in his life. One led to another. And now as play-by-play announcer for all Magic Valley Cowboy games over KEEB radio, Denney has accomplished both goals.

"When I was a little kid, all I ever gave any serious thought about was playing baseball and making the big leagues," Denney says. "Well, I got to play professional baseball but I was older then and realized I couldn't always do that. It was then I decided I wanted to become a baseball announcer."

Denney first hit Magic Valley in 1957 as a power hitting outfielder. But for a three-day period, Denney may have come on to biver things in his first love and never heard of Twin Falls, Idaho.

"I started out as a three-sport high school star in Phoenix, excelling in basketball and baseball. He was loved by the Milwaukee Braves for \$16,000 which in the early 1950s was a considerable bonus.

"I was young and really went through that love," he smiles, somewhat wistfully. "I had five new cars. I even traded twice in one year. My dad kept telling me

It's Full-Time Now

Ben Jewell Gets Paid for Seeing His Favorite Game

People often dream about working in a job that is ideal. Such as the fisherman getting paid for fishing, or the hunter receiving compensation for each hour he spends in the field pursuing game.

One Twin Falls resident has found his utopia at Jaycee ball park. He gets paid for watching baseball games. As glamorous as it may sound, W. E. (Ben) Jewell, business manager for the Magic Valley Cowboys, works hard at his job. Last year for instance he tried to run a full-time business at the Jewell art studios, and work for the Cowboys, too. On top of this he announced ball games during the second half of the 1961 season.

It all started in 1959 when Jewell received a call requesting that he attend a meeting of the Cowboy's board of directors. During the meeting he was elected chairman of the board, and acted as general manager in that capacity.

It is the only job that is full-time, Jewell says, adding he does employ about 25 persons during the season. He also noted there are a lot of headaches that come with it by trying to please all the ball players, sponsors, box seat holders, fans and almost anyone else that has anything to do with

Wins Contest

Doner Bertsch, Twin Falls, won the five-day ticket books sales contest, sponsored by the Magic Valley Baseball club. Bertsch sold 49 books of tickets in the 100 block of Main avenue and Shoshone street north of 1st.

Some 18 businessmen in Twin Falls participated in the five-day selling contest. Each businessman had one block of the downtown area in which to sell the tickets. The contest was from April 4-9.

Bertsch won a season pass to the Cowboy games for his wife and him. Bertsch said he had a total of 54 books sold, but lost five when the contest ended.

On My Own Time

By BOB HARTLEY

When they passed out the column suggestions for this special edition on the Magic Valley Cowboys we found ourselves unqualified to write on them. Larry Hovey, our sports editor, decided to write about a popular Cowboy; we couldn't do that because we haven't known any of them that well. Gus Koller decided to reminisce about past Cowboys and we haven't lived here that long. Alas, we found ourselves sitting somewhat paralyzed in front of the typewriter.

But we wanted to do something in keeping with baseball, the so-called No. 1 sport in the U. S. It dawned on us that it would be typical and logical if we limited our writing to reminiscence about some of the world's newsmakers about the sport. So we present to you at this time, oh devout baseball fans, what might have been said had we talked with these famous persons.

Major Gen. Edwin Walker, ret.: "I have always felt that baseball constituted a subversive element in our society and if you dig into the muddy pasts of baseball leaders you'll find that few belong to the John Birch society. This definitely classifies them as something less than desirable. I would say a probe by some senate committee is in order."

Wastbrook Pegler: "Baseball has been going down hill with the rest of civilization since I quit writing sports and I blame this on the New Deal administration since the 1930s."

Eddie Fisher: "Baseball has been a favorite of mine for a long time and I have renounced respect for hitters, since my recent strikeout."

Fidel Castro: "Baseball sees wonderful sport. I got at eet, too, because I keen have four or five or seex strikes when I play in Havana game."

Nikita Khrushchev: "I have always enjoyed baseball because, of course, it was originated by a peasant worker near the Ural mountains. Of course, we do not use such violent weapons as bats and balls and do not throw at each other. Ours is a more refined, peaceful sport."

Ex-Gen. (French) Raoul Salan: "My early years on the baseball diamond in Paris paid off recently as I was the best and most accurate plastic bomb thrower in my block."

Gov. Robert E. Smylie: "I prefer not to take such a critical stand during an election year. We can't be too careful, you know. But if you have a few minutes, I'd like to express myself again on control of the potato industry."

We figure they could sell 40 per cent more beer at the Cowboy's games if they'd buy a larger can opener. One spectator at the opening game said the opening was so small in the top of his can that it reminded him of sipping molasses through a straw. We overheard several women in the bleachers berating their husbands for not "buying me one of those nice pink seats down front . . ." And early in the game Sunday, one man rose from his seat, grabbed his child by the arm and motioned to his wife after a borderline call by an umpire and said as he hustled his family toward the exit, "I thought those boys would wait just a little later in the season for those smelly decisions."

Picked up a sports page the other day and couldn't find a man's name on the page. That's right, it was virtually impossible to find anyone listed with two names—every first name we saw had quotes around it.

But we did find out that "The Man" banged out two hits; "The Hill" quit school; "The Stilt" went on a scoring rampage; "The M and M boys" hit their first home runs; and "PeeWee" is broadcasting again this year with "Daisy." Kinda makes you feel sorry for all these fellows who must be embarrassed when they have to sign their checks "Sluggo", "Scooter", or "The Whip."

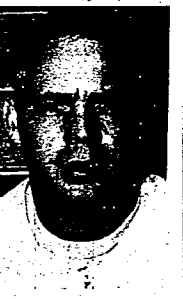

During the basketball season we read a newspaper from a Midwest town in which a high school student had written about a local basketball contest. We can assure you without exaggeration that this young scribe had a nickname for every player on both teams. Even their parents wouldn't have known them.

Now, we're not against having a little fun with names. Certainly if a player is a character or his title's warrant a nickname, it's okay for a sportswriter to coin the phrase. We see nothing wrong with Stan ("The Man") Musial, for he certainly is. "The Four Horsemen" is history with all football fans. Even Wilt ("The Stilt") Chamberlain has deserved some notoriety. But when Robert Brannagan, a third string guard, scores the winning basket in the final seconds we see no reason to call him "Split Second" Brannagan from there on out.

Quotes hurt our eyes. What we need is a regulation governing use of nicknames during any one certain year. It's a futile fight, but they don't call us "Battler" for nothing.
