

PONDEROSA INN NOW OPEN!

Burley's \$750,000 Ponderosa Inn Motel Opens to the Public Friday!

The official Grand Opening of Burley's fabulous Ponderosa Inn starts Friday, June 29th

As the welcome sign goes out, the crowds will be amazed at the wonders, the beauty and the magnitude of one of the West's largest and finest motels.

The general public is invited to come see the motel that will be the subject of conversation for many months and whenever motorists get together to talk about their travels.

The Ponderosa is located adjacent to the continental Highway, between North Overland and the highway, north of Burley, on the route to Paul.

This event climaxes months of planning and building this fine credit to the Southern Idaho region.

This new 60-unit "Oasis of the West" features 20 standard motel units with single bed; 30 standard twin bed units and 10 executive suites. Plus a swimming pool, rock garden, coffee shop, spacious dining room, cocktail lounge and office-residence building.

Robert Bittinger is Named Motel Manager

Robert Bittinger comes to the Ponderosa with much experience in the hotel and motel management business. 28-year-old Bittinger, his wife Leila and their son will live in the fine office-managers residence building, while Bob tends to his many duties of making sure that each guest is treated royally.

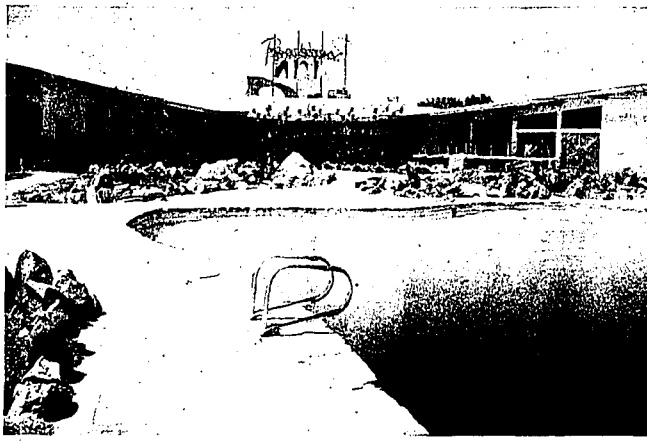

Bittinger says "The Ponderosa Inn is definitely the finest motel Inn in the Northwest area. It has unique facilities of accommodations for both tourists and commercial men. The things that will make the Ponderosa succeed are: the location on the Interstate Highway, where most traffic passes through Idaho, and the banquet and convention facilities that will draw from all over the west.

Bittinger has been assistant manager at the Frederick Martin Hotel, in Moorhead, Minnesota, and has been associated with the Fargo, North Dakota Country Club, and Anthony Wayne Hotel in Hamilton, Ohio. He has considerable experience in the Hotel and Motel business and is a fully qualified resident manager for the beautiful Ponderosa.

TV and Music in All Rooms

Each unit is equipped with FREE television and "piped in" music for the relaxation of all guests.

A complete communications system is another feature of the motel.

Pictured above is the back portion of the main structure. The large spacious cocktail lounge (left), Coffee shop (center) and the beautiful main dining room (right) overlook the beautiful exotic patio and rock garden surrounding the large kidney-shaped swimming pool complete with slide.

Executive Suite Features 10 Units

A popular place for executive meetings, will be the wonderful Executive Suite, complete with conference room and adjoining sleeping rooms, which can accommodate up to 60 guests.

This unique arrangement permits businessmen to confer in privacy, without interruptions from outside factions.

The executive suite is easily accessible to the swimming pool, dining room and other areas of entertainment.

Swimming Pool For Relaxation Of Guests

The kidney shaped swimming pool, complete with slide is located in the main courtyard, adjacent to the coffee shop patio, between the main units of the Ponderosa.

The pool is free and open to all guests of the Inn.

Surrounding the pool is the Ponderosa's unique and colorful rock garden, patio and main lawn area.

This arrangement permits easy access to the popular centers of fun and relaxation to be found at this ultra modern tourist and convention haven.

DIMMING LIGHTING SYSTEM

An elaborate dimming system controls the lighting throughout most of the Ponderosa, adding atmosphere and enhancing the beauty of the modernistic styling.

Buildings, Lawns, and Parking Lots Occupy 8 Acres, North of Burley

The entire layout for buildings, lawns, swimming pool and parking areas covers over 8 acres of ground near the cut off from the Interstate Highway, North of Burley.

The company has over 25 acres of ground in all to facilitate further development. The area is well groomed and landscaped to add to the beauty of the buildings and decor.

25 People Employed

The Ponderosa is another added "boost" to the economy of the Burley area with a substantial payroll, which includes 25 employees.

Glen Coffey Chef, has 25 years Experience

Chef Glen Coffey, whose last name fits the business he's in, makes this pledge to you: "You'll always find the finest steaks in the area at the Ponderosa Coffee Shop and Dining Room." Chef Coffey is well known for his culinary talents in Nampa, McCall and Ontario, Oregon. Coffey knows how to handle large groups of people when it comes to satisfying appetites. The Ponderosa caters to conventions and meetings of all types. The entire food management is under the direction of Chef Glen Coffey.

A Golf Course and More Units May Be Added

Further development of the additional ground acquired by the Ponderosa Inn may include a 9 hole golf course, according to company officials.

This course of action, however, may be in the distant future, it was stated.

Another golf course would be the second for the Burley area and would be open to townspeople and guests as well.

GEORGE HALL and ASSOCIATES BUILDERS

George Hall and Associates was the General Contractor and Architect of the fabulous Ponderosa Inn.

Design and artwork was created by George Hall; architectural director, Arvid Johnson; Architect, Sam Whitney; Interior Decorating by Jack Hardy; Supervisor of Construction, Dick Bobier and Perry Carrel.

Hall and Associates are also known for the construction of the Fairway Motel, in Twin Falls; Blue Lakes Country Club, Twin Falls; and they have just undertaken a project similar to the Ponderosa in Idaho Falls.

Ultra Modern Architecture Featured

The fine and futuristic architecture of the Ponderosa sets a trend in modern designs for motels of this type.

The Ponderosa is the forerunner in motel accommodation and location, near access to highways. This type of architecture adds to the beauty and comfort of guests.

31 Partners Saw Need For Area; \$750,000 Raised

the financial structure of the Ponderosa Inn is a good example of "American Enterprise."

The firm consists of 31 partners, who with no more than a handshake agreement, joined in the venture to build this much needed addition to the Southern Idaho area.

Over a quarter million dollars was pledged before even so much as a simple agreement was drawn up.

The partners include: F. Nepht Grigg, Ontario, Oregon; Golden T. Grigg, Burley, Idaho; Otis H. Williams, Burley, Idaho; Vanessa Anderson, Burley, Idaho; Albert Anderson, Burley, Idaho; C. R. Lynch, Burley, Idaho; Glen R. Kunnun, Burley, Idaho; Ray C. Anderson, Oakley, Idaho; William Rehn, Burley, Idaho; C. A. Masterson, Sr., Ontario, Oregon; Louis Harper, Ogden, Utah; Sig Murakami, Ontario, Oregon; Laniel Howarth, Burley, Idaho; Mac Martin, Burley, Idaho; J. D. Layton, Burley, Idaho; Winslow B. Whiteley, Ontario, Idaho; Joe Pantone, Ogden, Utah; James J. Lynch, Burley, Idaho; Ross E. Butler, Ontario, Oregon; Glenn E. Call, Ontario, Oregon; Frank E. Nash, Portland, Oregon; Dora Nelson, Wier, Idaho; Blaine Holliday, Ontario, Oregon; Parker Fillmore, Ontario, Oregon; Daniel K. Brown, Vale, Oregon; Lina Anderson, Burley, Idaho; George Little, Ontario, Oregon; Vernon R. Wilson, Burley, Idaho; David B. Berelson, San Francisco, Calif.; Kenneth Lind, Burley, Idaho; Lex H. Kunnun, Burley, Idaho.

60 Motel Units In All

The Ponderosa includes 20 standard single bed units, 30 standard twin bed units and 10 executive suites, with plenty of real estate for a addition of more units when the need arises.

Each unit features "Queen Size" beds, which are wider and longer than ordinary size beds. Nothing has been overlooked for the comfort and entertainment of guests.

Dining Room Accommodates Over 200

The large and spacious dining room can seat over 200 people and features a sunken dance floor and main dining area.

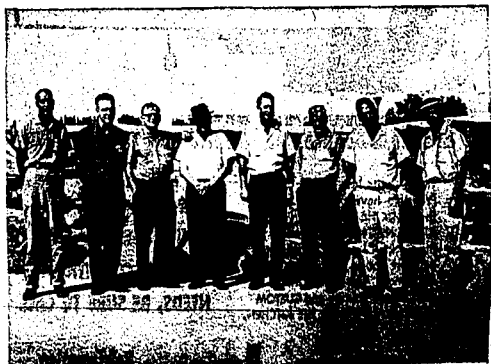

The Ponderosa dining room caters to parties or individuals and is located near the main parking area.

"Sonny" Acaturri Will Manage Cocktail-Lounge

Philip Acaturri, who likes to be called "Sonny," is the man you'll meet at the beautiful, atmosphere plus, Ponderosa-Cocktail Lounge.

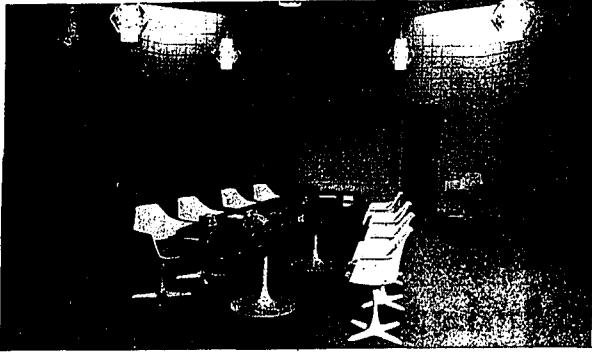

"Sonny" comes to the Ponderosa from the Yacht Club in Burley, and invites all his old friends (and ones too) to stop in and look over the plush surroundings. You'll see wonders you've never seen before: the beautiful waterfall bar, the marble patterned lighted bar top. There's plenty of room for your party and a dance floor, too!

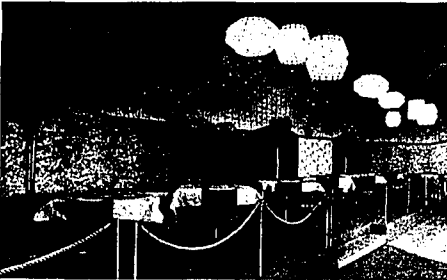

Pictured above are eight of the 31 partners of the Ponderosa. From left to right, J. D. "Buzz" Layton, Bob Lynch, Golden Grigg, Ray Anderson, Jim Lynch, Vanessa Anderson, Lou Harper and "Mac" Martin.

Shown above is the executive suite building which affords complete privacy for business conference and convention meetings.

The executive suite contains a conference room in the center of the building, with several adjoining bedrooms. 63 guests can be comfortably lodged in this building.

Shown above is just part of the lovely dining room at the Ponderosa. The room also features a dance floor and stage for orchestra. The room is large enough for any banquet, or party.

4-Day Offensive Against Vietnamese Pro-Red Forces Ends in Frustration

SIXTON, South Viet Nam, June 28 (P)—A four-day major land-sea offensive against pro-Communist guerrilla units in the Mekong river delta ended in exhaustion and frustration for government troops. They claimed little concrete military success.

The government reported 43 Viet Cong rebels had been killed and 26 captured by the 2,200-man South Viet Nam task force that struck at three points along the Mekong river delta region 50 miles south of Saigon. There were no official estimates of government losses.

The guerrilla commander reorganized his units and replaced equipment lost to invaders. Government troops made no effort to hold ground they won but moved on quickly trying to overtake the light equipped, fast-moving guerrillas.

The government's biggest problems were the almost unbelievably rugged terrain, Vietnamese guerrilla forces' inability to carry out smoothly large-scale maneuvers, and stalled heavy equipment.

Demo States Opposition To Gambling

IDAHO FALLS, June 28 (AP)—The Democratic nominee for Donnell county state senator, in a statement here Wednesday, expressed firm opposition to legalized casino type gambling, espoused by the party's gubernatorial nominee, Vernon E. Smith.

He said, "We will be much further ahead to work to bring to Idaho industries and businesses that will bring a substantial increase in our per capita income, something that we can attend to by A. W. Swartz, is best we be proud of."

Heved the first party nominee to formally outline his objections to the Smith program.

Wood said, "It is not the answer to any problem, taxable or economically. It is not the kind of thing Americans that the people of Idaho are noted for and does not being among our high Democratic party principles."

Jack A. Wood, Jr., Idaho Falls, said, "I would not be surprised if the people of Idaho are noted for and does not being among our high Democratic party principles."

REFUGEES FROM COMMUNIST China sit at a long table at the port of Keelung, Formosa, on arriving from Hong Kong Wednesday. Small Chinese Nationalist flag and cartons of first aid relief goods are shown on the table. Wall Street Antics Have Triggered Reaction in Idaho School Bond Mart

BY RICHARD CHAINOCK
BOISE, June 28 (AP)—Wall Street's current ups and downs have triggered a wave of nervousness which eventually may be felt by Idaho taxpayers.

Investing in change is in a fluctuating stock market, there are many investors who would rather put their money into something else, something safe, though it might pay a smaller return—would have tax advantages.

at a rate at least equal to the school districts. One of the chief districts, benefit from endowment fund revenues, he said, and if these revenues fall off then all taxpayers must look to help make up the difference in supporting the schools. While some of the taxpayers of the county-taxpayers of four districts, he said, the board might be increasing the burdens of the other.

Secretary of State Arnold Williams and Public Instruction Superintendent D. F. Engeling discussed with the governor. They said they were confident the money could be reinvested at even a higher interest rate in U.S. government bonds. That way, they said, both the taxpayers of the four districts and the taxpayers in general would get a break.

They're turning more and more these days to the market for school and municipal bonds. For while these bonds do not carry as high an interest rate as some—they are tax exempt.

Because of the increasing pressure on this market, investors are offering less and less for the way of interest just to get the bonds.

They were surprised in this brief by Richard A. Kenney of Salt Lake City, a representative of the Edward A. Darton company. He told the board that, with but few exceptions—government bonds always paid a higher interest rate than school or municipal bonds.

"When the municipalities are selling at 120 (per cent) interest," Kenney said, "the governments are over four. There's always a little difference when the governments are concerned. It's very rare this is not true."

Idaho, with many school districts already bonded to their legal limits, opportunities to buy new bond issues are growing slimmer and slimmer. This, in turn, is pushing the interest rates down.

And this is where the state of Idaho and you—the Idaho taxpayer—come into the picture.

The governor, however, said he did not share Kenney's confidence in the U.S. government bond market. And, he said, he would want to be sure the state would not lose on the deal.

"You're establishing a policy that could cost you money later," he warned.

Williams said it already had been established when the board granted special permission to the Meridian school district recently in a similar case. Engeling said the board could always change the policy if it appeared the state was going to lose money.

Idaho and you—the Idaho taxpayer—come into the picture. The districts in turn are asking the state land board—which has the constitutional duty of guarding the endowment funds—to let them buy back their bonds so they can resell them.

These two officials, joined by Democratic Auditor Joe R. Williams, approved the requests of the four districts. Smylie voted against them and the fifth board member, Attorney General Preston, a Democrat, abstained from voting.

Regardless of who was right, the board's action will have a significant effect on the taxpayers.

Because of the pressure on the bond market, holders are going to the school districts these days and offering to buy up all the bonds they can get. They are quoting interest rates quite a bit below those the districts are now paying the state.

While three of the four Democrats on the board favored the idea—as a way of helping ease the tax burden on some of the hard-pressed districts—Republican Gov. Robert E. Smylie urged caution.

If the Democrats are right, the taxpayers—as a time when a big multi-million-dollar boost in educational expenditures is forecast—will get a break. Those helping pay off school bonds will be getting a lower interest rate on their bonds.

Car Forces Auto Off Rupert Road

RUPERT, June 27 — Sheriff Theo Johnson is looking for a red and white 1956 Pontiac driven by a Mexican farm laborer which forced another car off the highway at 9:45 a.m. Wednesday at 860 North Meridian.

Mrs. Jack Parker, driver of the 1957 Oldsmobile, told officers the red and white car came from a private driveway and forced her to drive into the borrow pit. Her auto hit a drainage pipe under a driveway. Damage to the car was estimated at \$500.

Mrs. Parker was not injured but her small daughter was taken to a local physician for examination.

Electric-eye control... new pop-up flash!

Here's 35mm precision and standard-shoot simplicity! Out doors, the electric eye sets exposure automatically. Indoors, built-in flash pops up at a flick of your finger, and the lens adjusts automatically as you focus. Fast 1/28 lens, single-stroke film advance, double-exposure prevention, slip-in loading.

Cook up a Cook-out

There's something so companionable about sharing fun and good eating at a cook-out! While Dad presides masterfully at the grill, Mom happily prepares go-with foods to complement his masterpiece. The youngsters eagerly fetch and carry, trying to hasten the moment they can dig in. Whether you choose to serve hickory-smoke-kissed steaks, sizzling 'burgers, crusty-glazed spareribs, saucy franks or exotic shish kabobs... we have everything you need!

FIREPLUG FOREMAN Steve Johnson, 4, Des Moines, Ia., perches on handy seat to watch grading work on a freeway project near his home. (AP wirephoto)

New Record

EDWARDS AIR FORCE BASE, Calif., June 28 (AP)—Space agency pilot Joseph A. Walker took the X15 rocket plane aloft Wednesday to experiment with risky braking maneuvers and, by chance, set a speed record. The 57-foot, stubby-winged craft streaked 4,159 miles an hour—more than six times the speed of sound—surpassing the old mark of 4,093 miles per hour set last Nov. 9 by Air Force Maj. Robert White.

The speed was achieved at 66,000 feet, en route to a maximum altitude of 120,000.

Road Opening Slated Aug. 19

PORTLAND, Ore., June 28 (AP)—Dedication and grand opening of improvements to the Lewis and Clark highway at Lolo Pass, Mont., will be held Aug. 19.

The bureau of public roads in Portland said improvements to the highway will continue although public travel will be permitted.

The work will join some 23 miles of road, starting at Lolo with some 39 miles of the Lewis and Clark highway under construction in Idaho.

Bids are being called for construction on the Montana portion of the project, which begins at the Lolo Route junction with U. S. highway 92, approximately 11 miles south of Missoula.

The work in Montana is expected to extend into the 1963 construction season. The Idaho portion will require all of the 1962 season.

DR. GEORGE M. FISHER, 70, Ogden, Utah physician who became the new president of the American Medical Society, posed for this picture in Chicago Wednesday, where the AMA is meeting in convention. Dr. Fisher succeeds Dr. Leonard W. Larson, Bismarck, N.D. (AP wirephoto)

Steps Okayed For Talk by Goldwater

BOISE, June 28 (AP)—Idaho's Democratic land commissioner told Republicans Wednesday that they can use the statehouse steps next Saturday for a party rally featuring Sen. Barry Goldwater, R., Ariz.

"Being a good Democrat, I believe strongly in the two-party system," said Land Commissioner G. J. Buxton. "Therefore I am very happy to allow Republicans the use of the statehouse steps."

Buxton added, with tongue in cheek: "Besides, this concrete is too hard to bury Democrats in anyway."

James Goller, Boise, president of the Idaho Young Republican league, said Goldwater will speak from the steps at 1 p.m. after addressing a Young GOP luncheon in the Hotel Boise.

Goldwater's appearance is connected with their annual platform convention here.

The first battle group, eight infantry, finished moving on while the second battle group, 47th Infantry, completed its move from West Germany.

Troop Rotation Is Completed

BERLIN, June 23 (AP)—The U.S. army on Wednesday completed a five-day operation of rotating two battle groups from West Germany.

Feather Pillows Reported Possible Health Hazard

By The Associated Press

A possible health hazard from feather pillows and a new technique for detecting glaucoma are claiming attention on the medical news front.

Feather pillows may constitute a hitherto unrecognized source of histoplasmosis, a sometimes-fatal fungus disease characterized by ulcers of the intestinal tract and various other symptoms.

This is the view of a team of Walter Reed Army Institute of Research investigators based on some medical detective work in the case of a three and one-half-month-old baby stricken with the malady. The researchers finally traced the source of the fungus to the baby's chicken-feather pillow, a homemade job brought to this country more than 30 years ago from Hungary.

physiological purposes. For glaucoma diagnosis, he has adapted it to measure such things as the rate of eye fluid drainage and how well the individual is able to regulate his eye fluid pressure.

Freeman, Mundt Clash on Record of Estes Deals

WASHINGTON, June 29 (AP)—Sen. Karl E. Mundt, R., S. D., clashed with Secretary of Agriculture Orville L. Freeman today over a lack of written records of conversations dealing with the Billie Sol Estes case. "I can't see the reluctance of the department to plug a loophole," Mundt commented as Freeman underwent questioning before the senate investigations subcommittee. Freeman spoke of "too much red tape."

Burley Firm Is Ordered to Rehire Man

WASHINGTON, June 29 (AP)—The National Labor Relations Board ruled today that Idaho Potato Processors, Inc. ordered its unfair labor practices when it fired boiler operator Ernest Esary and ordered the firm to reinstate Esary, and to reimburse him for any loss of earnings attributable to his discharge.

The action was taken in an order in which the board adopted the recommendations made by its trial examiner, Wallace E. Rogers, last February. Rogers held a hearing in Burley Dec. 14, 1961, upon a charge filed by the American Federation of Grain Millers (A.F. of M.). The union complained that Esary was fired "on June 29, 1961, on a plant rule violation soliciting by passing out union cards to other employees."

In its ruling today, the board said, "We find... that by the discharge of Esary, the respondent discharged membership in and actively on behalf of the union in violation of the national labor relations act."

Officers Are Looking for Horse Thief

RUPERT, June 29—Bodies of the Old West will be featured in a series of horse shows and parades in Rupert this week-end. Officers in Fourth of July celebrations beginning this week-end are looking for a horse thief. The thief's officers it's not a parent or parade. They are searching for "horses there and it's for real."

The horses are owned by the Rev. Norman Ruten, pastor of the First Methodist church in Rupert. Also taken were two saddles and bridles. The thief said one saddle and bridle were taken from a horse pasture and another set from a field belonging to Richard Lee about half a mile west of Rupert.

One horse is a year-old black mare with no brand weighing about 1,000 pounds. She has a fresh identification in an old wire seat on the front left.

"The other animal is a 3-year-old sorrel gelding with blond mane and tail, a blazed face and one white stocking. This horse has a fresh identification in an old wire seat, the thief said, and the owner is worried about it being ridden."

Neither horse was shot and they are reported being ridden north out of Minidoka county on the highway route.

A J. C. Higgins double clinic roping saddle and the other one is a regular type. One bridle has an army rope type.

Another horse was shot and they are reported being ridden north out of Minidoka county on the highway route.

FIREWORKS for display on the Fourth of July are examined by Ernest Craner, superintendent of parks and recreation, left, and John A. Artberger, commissioner of the department. The annual show will immediately follow the Cowby baseball game Wednesday evening at Jayce ball park. (Times-News photo)

Fireworks Are Planned Wednesday

The annual fireworks display scheduled for the Fourth of July will begin immediately following the Cowby baseball game at Jayce ball park. Ernest Craner, superintendent of parks and recreation, says the show will last approximately one hour.

Operation on Churchill's Thigh Slated

LONDON, June 29 (AP)—Sir Winston Churchill was flown home in a special royal air force plane from the French Riviera today and is to be hospitalized for an operation on his broken left thigh bone.

Tear Gas Duel Is Fought at Border

BERLIN, June 29 (AP)—West German Communist leaders in Berlin fought a tear gas duel along the border of the American sector of this divided city today.

Rhodesia Voting Sought by U. N.

UNITED NATIONS, N. Y., June 29 (AP)—The U. N. general assembly has asked that Britain be asked to draft a new constitution for Southern Rhodesia giving a vote to every white man in that African territory whether he is black or white.

Special Service Awards Banquet Held At Magic Valley Memorial Hospital

The value of a long term employee is directly proportionate to the length of service. Hoff, president of the association of Western Hospitals and the administrator of the Banquet Room at the Magic Valley Memorial Hospital, presided at the special service awards banquet held Thursday night at the Banquet Room at the Magic Valley Memorial Hospital.

House Okays Trade Plan; Senate Next

WASHINGTON, June 29 (AP)— President Kennedy and his legislative leaders have scored a house victory with passage of the trade expansion bill. Now they're mapping senate strategy to hold the ground gained.

Chief Pleased With Reports On Rusk Trip

WASHINGTON, June 29 (AP)—Secretary of State Dean Rusk reported to President Kennedy today on his 10-day visit to five European capitals and said he found the President very pleased with the results of the trip.

Return of Soblen Will Be Delayed

TEL AVIV, Israel, June 29 (AP)—American efforts to obtain the immediate release of Soviet spy Dr. Robert A. Soblen ran into a snag today.

Isolation Faces 5 Utah Inmates

POINT OF THE MOUNTAIN, Utah, June 29 (AP)—Five Utah state prison inmates—two were early this morning and three yesterday—were put in isolation for the maximum 29 days today by the prison disciplinary board.

South Viet Nam Asks Aid Boost

SAIGON, June 29 (AP)—The government of South Viet Nam has asked the United States for a boost in aid in order to clean out communist guerrillas and bolster the country's defenses.

Levy Defeated

SPRINGFIELD, June 29—A special school election on Wednesday night for the plant facilities fund of Murrain High School resulted in a victory for the levy. A two-thirds majority was needed to pass the levy.

President Arrives For Mexico Visit; Mateos Talks Set

MEXICO CITY, July 29 (AP)—President Kennedy arrived in Mexico today for a three-day visit. The smiling young U.S. chief executive and his wife were given a spectacular welcome as they emerged from their presidential jet in front of a painted circle where 52-year-old President Adolfo Lopez Mateos waited. A 21-gun salute boomed, and about 25,000 people in and around the airport cheered and applauded. Huge American and Mexican flags made of flowers decorated the airport buildings, and a 20-foot high floral piece depicted the two chief executives shaking hands.

Time Short on Flags

Only two and one-half days remain in which to set a new, 50-star American flag for display on Independence day next week. The flags are being sold at cost of 5¢ by the Times-News as a public service. The business office will be open only 1 p.m. Saturday and during regular hours Monday and Tuesday.

GAR Elects Officers During T.F. Confab

The 21 delegates attending the convention of the Grand Army of the Republic in Twin Falls concluded the two-day meet Friday noon after electing officers. The convention started Thursday. It was attended by delegates from Twin Falls, Boise, Hansen and Caldwell. The women met in the Disabled American Veterans hall in Twin Falls. Besides electing officers, the delegates discussed plans for the coming year.

Negro Finds Farming Job In Pocatello

POCATELLO, June 29 (AP)—Idaho's first "reverse freedom rider" in the fields today working at the job promised in a New Orleans newspaper ad. A southern Negro, Earl Lee, was working on the farm of Moore, a Negro farm labor contractor in Pocatello, who had been hired for the long bus ride from New Orleans, arrived at the Pocatello bus depot early yesterday. He was full of praise for George Birmingham—the man who had paid for the ride for hundreds of southern Negroes to work in Idaho.

Chief Pleased With Reports On Rusk Trip

WASHINGTON, June 29 (AP)—Secretary of State Dean Rusk reported to President Kennedy today on his 10-day visit to five European capitals and said he found the President very pleased with the results of the trip. Rusk is understood to have informed Kennedy that his mission succeeded in clearing up some Allied misunderstandings although serious difficulties and divisions continue within the ranks of the "North-Atlantic Treaty organization."

Return of Soblen Will Be Delayed

TEL AVIV, Israel, June 29 (AP)—American efforts to obtain the immediate release of Soviet spy Dr. Robert A. Soblen ran into a snag today. The Israeli government announced that Soblen would not be expelled today for entering this country on a forged Canadian passport after fleeing the United States. The delay could open a prolonged legal tussle over Soblen's return. There is no extradition treaty between the United States and Israel.

South Viet Nam Asks Aid Boost

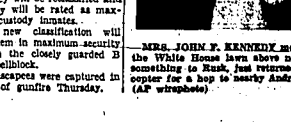

SAIGON, June 29 (AP)—The government of South Viet Nam has asked the United States for a boost in aid in order to clean out communist guerrillas and bolster the country's defenses. A U. S. embassy spokesman said yesterday that President Ngo Dinh Diem's request has been passed on to the State Department. Diem's request nearly as much as the Vietnamese asked for but he still is a lot by aid.

Levy Defeated

SPRINGFIELD, June 29—A special school election on Wednesday night for the plant facilities fund of Murrain High School resulted in a victory for the levy. A two-thirds majority was needed to pass the levy.

MRS. JOHN F. KENNEDY moves in close to join in Secretary of State Dean Rusk's Friday on the White House lawn before the departure of Ambassador J. Lee Soblen. Mrs. Kennedy stopped to say something to Rusk, just returned from his European trip, before the Kennedy boarded the helicopter. Mrs. Kennedy and her husband were seen in the helicopter as they took off for Mexico City. (AP Wirephoto)

Wendell Has 'Whirlwind' Funds Drive

WENDELL, June 29 — Larry Peterson, business associate of the Peterson agency, appointed Red Cross chairman for Wendell by E. O. Skidmore, Gooding county Red Cross chairman, has just completed a "whirlwind" campaign for the Red Cross.

Peterson was assisted in the one-day campaign by the Jaycees, the Ladies, Job's Daughters, and the LDS church.

The business district was canvassed by the Jay-C-Ettes with Mrs. William H. Hirschbohm chairman and Mrs. Ed Constock and Mrs. Leonard Kurts assisting.

The LDS women and Wendell behest No. 12, Order of Job's Daughters, made house-to-house canvases.

Mrs. Faren Chandler, LDS chairman, was assisted by Mrs. Gene Prince, M. Everett Cox, Mrs. J. Glen Anderson, Mrs. Jean Hansen, Mrs. Frank Willard and Mrs. Thelma Mitchell.

Diane Cooper, honored queen, Wendell behest, was chairman, assisted by behest queens Diane Nelson, Call Robertson, Janie Parr, Gail Gaters, Reske Marlow and Greta Soares.

Because of a change in county officials, arrangements for workers in the campaign were not completed at the regular time set for the annual fund raising campaign and made it necessary to complete the drive in a short time. As a consequence of the rush many who may wish to contribute to the Red Cross may have been missed, Peterson noted.

Any individual or organization wishing to contribute only in contact Peterson or may leave a gift at the Peterson agency.

A complete report of the funds collected will be reported as soon as all contributions are in, he added.

CANDID PHOTOGRAPH of a man calling his words are those of Secretary of Agriculture Orville L. Freeman, boss man of the nation's food supply, spent most of yesterday afternoon eating his words. This is a diet frowned upon by physicians who know it causes high blood pressure, but the political boss had no alternative.

There were 12 words he had to chew and swallow: "The Billie Bol Estes case is being ballooned out of all proportion." He uttered them some three months ago when the first storm warning was being hoisted from Texas. What Freeman thought was going to be a local thunder shower turned out to be hurricane Billie.

Yesterday he went before the senate investigations subcommittee to make amends. Nobody can say he didn't do it handsomely. He admitted his department had been sloppy in dealing with Estes, told about some locks he was putting on the barn doors that the horse has fled and added:

Freeman Busy Eating Words Over 'Hurricane Billie' Case

By HARRY FERGUSON
WASHINGTON, June 29 (AP)—Secretary of Agriculture Orville L. Freeman, boss man of the nation's food supply, spent most of yesterday afternoon eating his words. This is a diet frowned upon by physicians who know it causes high blood pressure, but the political boss had no alternative.

There were 12 words he had to chew and swallow: "The Billie Bol Estes case is being ballooned out of all proportion." He uttered them some three months ago when the first storm warning was being hoisted from Texas. What Freeman thought was going to be a local thunder shower turned out to be hurricane Billie.

Yesterday he went before the senate investigations subcommittee to make amends. Nobody can say he didn't do it handsomely. He admitted his department had been sloppy in dealing with Estes, told about some locks he was putting on the barn doors that the horse has fled and added:

"For this as well as other matters, as secretary of agriculture, I assume full responsibility."

There is no post in the federal government where a man can get into trouble so fast and so thoroughly as secretary of agriculture. In a confidential moment, Mont Henry Wallace, Claude R. Wickard, Charles F. Brannan and Ezra Taft Benson doubted would tell you they don't know why they ever got conned into taking the job. Freeman had been ailing from dealing with Estes, told about some locks he was putting on the barn doors that the horse has fled and added:

There is a congressional election this fall and both parties are on the prowl for issues that will attract votes. The Republicans are almost certain to make Freeman their whipping boy no matter what comes out of the current Estes investigation.

No man ever came into a cabinet showing more promise. Freeman was young and energetic. A war hero, a Phi Beta Kappa, a former governor of Mississippi, the man who nominated John F. Kennedy for president at the Democratic convention. When he appeared before a senate committee for confirmation, Sen. Allen Ellender of Louisiana pulled out all the stops and said: "We may have a Moses in Freeman, somebody to lead us out of the wilderness of our farm policy."

He slid into the cabinet without opposition and without unmeted. Republican politicians were busy sharpening their knives for Bob-

moved slowly and made mistakes in handling the case. When the case first broke, he said it was being "ballooned out of all proportions." (AP wirephoto)

\$74,200 Is Paid For Michelangelo

LONDON, June 29 (AP)—A London art dealer paid 20,500 pounds—\$74,200—for a Michelangelo drawing of "Christ Before Pilate," auctioned Thursday.

On its back were two fragments of a love scene, in the master's handwriting.

It came from a collection put on sale by Dr. and Mrs. Francis Sturges of Southampton.

The entire collection of 53 brought \$137,483.

Picnic Held

HAGERMAN, June 29 — A farewell picnic was held at the federal fish hatchery for the Kenneth Higgs family who are leaving Sunday for Steevaville, Wash., where Higgs has been transferred by the fish and game department.

The Higgs family was presented with a gift from employees at the hatchery.

308 Billions Approved as Debt Ceiling

WASHINGTON, June 29 (AP)—After hearing sharply differing opinions, the government's basic fiscal health, the senate voted Thursday to raise the federal debt limit to a new high of 308 billion dollars.

On a 55-34 roll call, the senate confirmed the extension of the bill to boost the limit temporarily, from 300 billion dollars.

Before the final vote, a key test came when a 52-37 count turned down an amendment by Sen. John J. Williams, R. D.C., to limit the increase to 305 billion dollars.

Technically, the house-erected measure provides for a 305-billion dollar limit for the first nine months of fiscal year starting Sunday, 305 billion dollars from April to June 30, 1963, and 300 billion dollars for the last six days of the year.

Sen. Harry F. Byrd, D. Va., led the opposition to adoption of the new ceiling. He called the fiscal situation "deadly serious" and said Budget Director David E. Bell should be fired.

Stockpile Saving Idea Is Proposed

WASHINGTON, June 29 (AP)—American taxpayers could recover more than 200 million dollars under an agreement with rubber producers to orderly disposal of deteriorating stockpile surpluses, Sen. Stuart Symington, D. Mo., said today.

Symington said he had been informed by the state department that the agreement could move the million-dollar stockpile within a decade.

Symington made the "gratifying" announcement in advance of hearings by his special armed services subcommittee investigating disposal of more than three overflowing, 7.7 billion dollar strategic stockpiles.

Korea War Taxes Extension Voted

WASHINGTON, June 29 (AP)—President Kennedy signed into law Thursday a bill to extend a series of Korean war taxes but to cut off levies on train and bus tickets and halve that on air fares.

Congress completed action on the legislation Wednesday and the President acted promptly to forestall automatic expiration of the taxes at the end of the fiscal year Saturday.

The law provided for termination of the 10 per cent tax on rail and bus fares at midnight, Nov. 15, and for reduction of the air fare tax to five per cent at the same time.

News Around Idaho

SUN VALLEY, June 29—The annual meeting of the Idaho Forestry Industry Association is scheduled here July 11-13 with about 150 expected to attend. Dr. H. H. Hildmann, chairman of finance and membership relations for the poultry and egg national board, will discuss promotion of new products. Harold Peterson, state director of the American Forestry Association, will tell what his industry is doing to increase sales.

RENSBURG, June 29—Police arrested a Fremont county jail escapee here early today and put him in jail—only to have the man escape again. Paul Brown, 32, who had been charged with robbery and was being held at the Fremont county jail at St. Anthony, Idaho, said today he escaped from the jail here near Rensburg, where a car was stolen Thursday night at Ashburn, and he fled. He picked up Bailey at the Madison county jail here at 5:45 a.m. but became worried because he said the man appeared desperate. He checked on his prisoner 45 minutes later, to find him gone.

BOISE, June 29—Idaho wheat growers were urged today to fill out promptly the information card which are being distributed by county offices of the agricultural stabilization and conservation commission throughout the state. "It is extremely important to the wheat growers of Idaho," said a Harold Wadsworth of the Idaho Agricultural Stabilization and Conservation Commission, "that accurate information is obtained concerning the previous five years production of grain on all Idaho farms. This information will be used in connection with future allotment programs."

BOISE, June 29—The state highway department asked today for bids, to be opened July 31, on furnishing and installing traffic control signs and highway illumination for a stretch of interstate 15 from the south Blackfoot interchange in Blaineham county to the Bonneville county line.

FOCATELLO, June 29—Wallace Lyman Culler, 34, Spokane, Wash., was sentenced today to two years in jail for a robbery. Robert O. Grant, Judge Chase A. Clark sentenced Culler after he pleaded guilty to a charge of assault with intent to rob and stealing from the mail. Culler was arrested in an attempt to bring him to police the day after the robbery. In other court action, Joseph Alexander Skoogum, 29, Shoshone, was placed on two-year probation for discharging a rifle on government property.

BOISE, June 29—Subcommittee of the governor's commission on natural resources met here today to discuss proposals aimed at coordinating Idaho's efforts in the field of resource development. Gov. Robert E. Smylie appointed the 23-member commission to study and recommend legislation which can be presented to the 1963 Idaho legislature. Chairman Dr. D. L. Theophilus, president of the University of Idaho, directed the commission into six subcommittees to deal with matters relating to timber and timber products, land management, recreation, fish and game and mining.

BOISE, June 29—Idaho's supreme court was told today that if it permits use of endowment fund earnings to help pay teacher salaries it could open the door for future proposals for other purposes. Referring to action by the 1951 legislature transferring money from the public school income fund to the state teachers' pension system, Chief Justice Fred Beckner said the legislature is able to do this once, it is able to do it again. He contended that the entire endowment fund could be depleted if such action were taken. The action brought by the teachers' retirement system in an effort to compel State Auditor Joe B. Williams to make the transfer from the endowment fund to the pension system was denied today on an advice of Atty. Gen. Frank L. Benson, who contended the 1961 law was unconstitutional.

BOISE, June 29—The Idaho public utilities commission dismissed today a petition asking improved telephone service to residents of the area of Orofino, Idaho. The commission said that FUG had General Telephone company of the Northwest has installed facilities to improve the service and therefore the petition should be dismissed.

P. Watson Dies in Buhl At Age of 68
BUHL, June 29—Parley Watson, 68, route 4, died Wednesday at his home on South Seventh street, Buhl.

He was born at Syracuse, Utah, Aug. 12, 1893, and moved to Hagerman in February, 1929, from Deweyville, Utah. He married Ruth in 1929, who died in 1959, where he was a farmer until he retired in 1960. He married Charlet Ravellings in 1961. He was a member of the Buhl LDS ward.

He is survived by his widow, six sons, Arno P. Watson, Jerome; Cecil R. Watson, Billings, Mont.; Myron E. Watson, Tula, Calif.; Don Watson, Hagerman, Idaho; and Junior W. Watson, Big Springs, Tex. Surviving also are three daughters, Mrs. Albert (Thelma) Moxey, Hagerman, two sisters, Mrs. Minnie Swan, Montpelier, and Mrs. Freda Ogden, 30 grandchildren and four great-grandchildren.

Services will be held at 9 p.m. Monday in the Buhl LDS chapel by Bishop D. H. Gold, Hagerman LDS bishop. Final rites will be held in Buhl cemetery. Friends may call at the Albertson funeral home from Saturday until Monday noon.

Girls' Sister Talks at Albion
ALBION, June 29—Mary Lynde Amende reported on experiences at Olathe state at the College of Idaho, Caldwell, at the Albion Grange meeting here Tuesday night.

A blue spruce tree, purchased by the group was planted on the lawn of the Orange property at a ceremony preceding the meeting. Mrs. Mary Amende, state lecturer, conducted the ceremony. Each member attending signed a name on a card and a bottle and planted with the tree. Mrs. Vard Chaburn served refreshments.

Pump Burned
WENDELL, June 29—A fire caused by a short in an electric fence switch damaged the interior of the pump house Thursday on the Charles Young farm on mile south of Wendell, about half mile west of here. The place is owned by Mr. and Mrs. F. W. Wendell.

Delay Asked In Setting up Scenic Area

WASHINGTON, June 29—A 60-day delay in establishing the proposed Hells Canyon-Seven Devils area in western Idaho has been agreed to. Sen. Frank Church and Rep. George Flunk Idaho Democrats, reported Thursday.

They said Secretary of Agriculture Orville Freeman, at their request had agreed to the delay to permit filing of objections by persons opposed to the plan.

"During this period, the state will prepare a brochure describing this area, its resources, management objectives and zoning," Freeman said in a letter to the Idahoans. The actual management of the area under this proposed plan will not be undertaken until the brochure has been given adequate publicity and public hearings has been demonstrated to my satisfaction.

"If there appears to be appropriate objections to the proposed management of the area, a public hearing will be held at some appropriate time," Freeman said in the letter.

In asking a delay, Church and Mrs. Flunk said the plan would alter the ordinary service and operation of the forest and could therefore affect the economic interests of lumbermen, cattlemen and sheepmen who are now entitled to the use of the area on an equal basis with all others.

Storms Lash South; Rains Are General

By United Press International
A violent thunderstorm continued to lash parts of the South today. Rainclouds spread over the Mississippi valley and several portions of the Plains, Rockies and Plateau.

Nearly four inches of rain swept Brunswick, Ga., in a six-hour period during the night. The weather bureau reported heavy rain elsewhere along the Gulf coast. Evening storms drenched Baton Rouge, La., with 1.5 inches of rain in one hour.

Two lightning bolts struck a work crew on the Mississippi river bank at Vidalia, Mo., injuring 15. Dead were Ery Jackson, 36, and Leon Blawie, 37, both of Chicago, Ill. They were part of a huge work crew building levees and dikes along a 20-mile stretch of the Mississippi river banks.

"To the north, Norman Kerber, 51, St. Paul, Minn., was struck and killed by lightning while driving a tractor.

A cold front spawned in Canada produced a heavy rain and lightning storm in Minnesota and the Dakotas. Heavy rain and hail whipped International Falls, Minn., causing some power failures. Eight inches of rain fell there in a brief period, the weather bureau said.

The water was spotted near Fargo, N. D., but apparently did not touch down. Hail and winds of about 15 miles an hour struck the airport at Minneapolis, Minn.

Woman Foiled in Suicide Attempt
A Twin Falls woman, 55, was foiled in a suicide attempt Thursday morning by an alert policeman. The woman and company store and by two Twin Falls policemen, Terry Pierce and Fred Becker.

Camp Reports Is Given at Declo
DECLO, June 29—Susan Turner reported on 4-H camp when the Kootenai kids 4-H met Wednesday afternoon at the home of Sharon Matthews.

April Richardson called the roll and the girls reported on their projects. Sharon Matthews led the two lectures.

Sharon Matthews gave a demonstration on making graham pie crust and Sharon Sutton demonstrated cleaning an electric iron. She also demonstrated hand washing a sweater.

The next meeting will be held at Mrs. Voyce's place.

Area Rescue Unit Formed

BURLEY, June 29—A Burley unit of the Idaho Mountain Search and Rescue, Inc., was organized at a meeting here Tuesday night at the police station. Harold Peterson, state director of the American Forestry Association, who will serve as coordinator.

Clyde Richins, Paul, will be assistant coordinators. Fred Weber, 33, head of the unit, explained the main objective of the group is to provide search parties in areas which are inaccessible because of location or bad weather.

Members will be expected to answer calls for help which are issued only when a life is in jeopardy, Weber pointed out. He said there are nine sections in Idaho, located at Boise, Grandville, Moscow, Coeur d'Alene, Idaho Falls, Salmon, Stanley and Burley.

Members must be more than 19 years of age, in good health and of good character, it was pointed out, and active members must have experience either in hiking, webbing, or in mountain climbing.

Having reported Wednesday that 12 members of the Pomerelle ski patrol are prospective members of the unit, and other local members include skin divers, packers, guides, pilots and persons with medical and life saving training.

The Burley group will meet July 10 and members are asked to bring a list of their camping equipment, Harding added.

Area Rescue Unit Formed

BURLEY, June 29—A Burley unit of the Idaho Mountain Search and Rescue, Inc., was organized at a meeting here Tuesday night at the police station. Harold Peterson, state director of the American Forestry Association, who will serve as coordinator.

Clyde Richins, Paul, will be assistant coordinators. Fred Weber, 33, head of the unit, explained the main objective of the group is to provide search parties in areas which are inaccessible because of location or bad weather.

Members will be expected to answer calls for help which are issued only when a life is in jeopardy, Weber pointed out. He said there are nine sections in Idaho, located at Boise, Grandville, Moscow, Coeur d'Alene, Idaho Falls, Salmon, Stanley and Burley.

Members must be more than 19 years of age, in good health and of good character, it was pointed out, and active members must have experience either in hiking, webbing, or in mountain climbing.

Having reported Wednesday that 12 members of the Pomerelle ski patrol are prospective members of the unit, and other local members include skin divers, packers, guides, pilots and persons with medical and life saving training.

The Burley group will meet July 10 and members are asked to bring a list of their camping equipment, Harding added.

REV. LLOYD OLIVER
Brethren in Christ church the past four years, has been transferred to the church in Deerfield, Idaho. The transfer was made at a recent church conference at Lenoir. The Rev. Mr. Oliver is a member of the Ministerial Association and the Magic Valley Association of Evangelists.

9 Members of 4-H Clubs Attend Camp

HAILEY—June 29—Thirty-nine from Blaine county left today to attend summer camp. Camp Hailey is 17 miles north of Etcham, Norman. Warren county extension agent, Mrs. Donald Baird and Mrs. Eugene Carl, Carey and Mrs. Louise Price, are 4-H leaders, accompanied them. Lincoln and Jerome county 4-Hers and their leaders also are attending this camp. Relating ceremonies were held Thursday morning followed by breakfast at 7:30 a.m. and camp clean-up at 8 a.m. Classes during the day and a picnic in the evening completed the day. After having breakfast at 7:30, packing gear, and cleaning up at the camp, Saturday the group will be homebound at 9:30 a.m. Idaho state police will give a firearms demonstration. Mrs. Gladys Greenwell and her crew from Paul are in charge of cots and refreshments. Howard Manning, Shoshone, Lincoln county agent, is handicraft instructor. Mrs. Agnes Hurs, home demonstration agent for Jerome county, Mary Ann Clark, Blaine, and William Priest, Jerome county agent, are swimming supervisors. Norman Warren, Blaine county agent, and Priest are supervising outdoor games. Robert Higgins, Boise, extension agronomist, is in charge of nature hikes. Mrs. Louise Price, Blaine county 4-H leader, is supervising recreation and evening parties. All 4-H club leaders and junior leaders are group and housing leaders.

Wendell Class of '52 Sets Reunion

WENDELL, June 29—The 1952 big school class committee for the 10-year reunion to be held July 14-15 met Thursday evening at the home of Mr. and Mrs. Rulon Chandler to complete plans. Mrs. Jerry (Kay Collett) Burke, Boise, reunion chairman, read the communications and the correspondence was accepted. Rulon Chandler is vice chairman and Connie Prince Rosen is secretary. Of the 42 members of the 1952 class, two members, Mrs. Norma Jean Wilson, and Mrs. Jean Stevens Niccum, have died. Members of the class not heard from are Stanley Andrews, Mrs. Barbara Exon Greer, Mrs. Jackie Watson Anderson, Dee Hesterland, Leonard Payton, Leroy Tichenor, Verda Ross, Mrs. Shirley Sawyer Pughen, Don Wabler and Norman Welch. Connie Rosen will arrange decorations and refreshments. Mrs. Lila Eas Anderson Rosen, Jerome, picnic; Larry Stevenson, Jerome, dinner chairman and master of ceremonies. Rulon Chandler, publicity, and Mrs. Carolyn (Vickson) Chandler—gifts and invitations to teachers. The banquet will be held at the Turf club, Twin Falls, Saturday evening, July 14, and a family picnic picnic will be held Sunday at the park. The class plans to furnish meat for the picnic dinner.

Idaho Justices Are Given Oath

DOUG, June 29 (AP)—Two justices of the Idaho supreme court re-elected without opposition in the June 8 primary election, were sworn into office Thursday for new six-year terms. Chief Justice E. B. Smith, Boise, and Justice C. J. Taylor, Idaho Falls, were given the oath of office by Secretary of State Arnold Williams.

Heavy Mail

WASHINGTON, June 29 (AP)—The supreme court had a good idea Thursday what happens when hundreds of persons decide to write to Washington. Hundreds of letters and stacks of telegrams have poured into the court building since Justice Hugo Black announced last Monday the decision barring use of official prayers in public schools. The actual number of messages received could not be learned. But the outpouring from all corners of the country was reported to be the largest in the tribunal's history.

Reservoir Stays Full for 47 Days

SHOSHONE, June 29—Magic reservoir is still full and running over, according to Leon Greve, manager of the Big Wood Canal company. The reservoir has spilled more than 47 days. Last year on this date, the reservoir contained only 26,000 acre feet of water and was going down steadily. Big Wood river at Hailey continues to flow more than 1100 second feet and how much longer the high flow will last is a question, Orvie states. He explained part of Miller's flooding storage already used possibly can be refilled because Jackson lake is expected to fill.

Election Law Application Challenged

BOISE, June 29 (AP)—Yernon K. Smith says a statute cited as prescribing a penalty for spending too much money on an election campaign does not apply to Idaho's primary.

Smith, the Democratic nominee for governor, disagreed with Secretary of State Arnold Williams, who said Idaho law provides that in cases where no specific penalty is fixed for a law violation, this state's violation is considered a misdemeanor.

The secretary of state had said earlier he found no penalty for exceeding the spending limit but he says now that additional searching disclosed one.

Gambing advocate Smith admitted his expenditures for his successful bid for the Democratic gubernatorial nomination exceeded by two and one-half times the \$2,000 limit set by law.

He said, however, that no penalty was prescribed for over-spending. "I very frankly filed my return and admitted that I had spent \$62,000 personally and that my friends had spent \$53,771 in support of my candidacy..."

Emergency

MIAMI, Fla., June 29 (AP)—The Dade County sheriff's office received a call that a car had hit a boy on a bicycle.

Three squad cars responded. A large crowd gathered. The boy backed up for some distance.

An ambulance attendant surveyed a damaged bicycle and asked about the victim.

Someone pointed to a house and the attendant rushed over, carrying a stretcher.

Just then, Chris Schofield, 10, sauntered out, explaining the lady inside had given him a drink of milk. Chris showed the ambulance attendant a scratch on his leg. Everyone went home.

Idaho Newsmen Form Press Club

BOISE, June 29 (AP)—Idaho newsmen came a step closer to forming a statewide press club when a steering committee made up of Ada and Canyon county newsmen adopted a rough draft of a constitution for an Idaho Press Club.

At a meeting here last night they said that its purposes should include "fraternization among newsmen and improvement in standards of workmanship for the press and an organization affording the press a united voice in dealing with government and other agencies on matters of principle."

The committee said the club should encompass all Idaho reporters, editors, and news photographers, and that associate membership should be extended to outstanding citizens in other walks of life in Idaho. The committee also proposed that eastern Oregon newsmen be invited to membership.

China Imposes Canton Curfew

HONG KONG, June 29 (AP)—Chinese communist military authorities have imposed an 8 p.m. curfew in the South China city of Canton, refugees arriving here from China report.

The refugees said the curfew went into effect June 25, two days after the communists stopped issuing exit permits to Chinese wishing to leave.

Refugees reaching here earlier this month reported food riots in Canton and protests against communist restrictions.

The flow of refugees to Hong Kong and Portuguese Macao grew into the tens of thousands last month as food shortages forced more and more Chinese to leave.

Hong Kong was forced to turn most of its refugees back because of its limited space. But Nationalist China promised to take any number of them on its island of Formosa, and the first refugees arrived there yesterday.

Hole Sliced in Auto in Mishap

DUBLIN, June 29 (AP)—Mrs. Hena Bateman, 23, McCall, narrowly escaped injury in an accident at 10:45 a.m. Tuesday.

The 1957 Buick on highway 30 in which a 10-inch strip was sliced out of the car door.

Mrs. Bateman was a passenger in a 1952 Chevrolet station wagon driven by Mrs. J. Crawford McCall. The station wagon was passing a 1957 Ford truck of the state highway department when it struck the Buick.

Walter C. Minard, 43, Haereman, as the truck started to make a turn off the highway into a driveway.

The bumper of the truck caught the rear of the Buick, by which Mrs. Bateman was sitting, slicing a hole the length of the car door. The hole was reported about 10 inches wide and three feet long, according to State Patrolman Richard Adams.

Damages were estimated at \$300 to the station wagon and \$125 to the truck.

PAINTS SCHOOL
 KENNY, June 29—Will-Henry Cline school janitor, and Gordon Brown and Robert Bellon, school teachers, started painting the halls at the King Hill school. Two rooms also have been redecorated.

"STEP BACK and let God take over," said Dr. Edward H. Rynerson, professor of medicine at the Mayo foundation, in an address to a session of the American Medical Association meeting in Chicago. Dr. Rynerson said doctors should "step back" instead of trying to prolong the lives of hopeless, suffering, dying patients. (AP wirephoto)

DR. GEORGE M. FISTER, left, from Ogden, is the newly elected president of the American Medical Association. He is posing with Dr. Leonard W. Larson, Blinnock, N. D., president of the AMA during the past year. The AMA is holding its annual convention at Chicago this week. (AP wirephoto)

Grange Children Give Program

RICHFIELD, June 29 (AP)—Children of Richfield Grange members presented the program Wednesday evening with Mrs. Eugene Alexander, lecturer, in charge.

Readings were given by Dorothy Akins, Joy Alexander, Arnold Ross, David Ross, all Richfield; Blaine Swerney, Bruneau, and Richard Sweeney, Wendell. Deanna Behr played a piano number and Mrs. Alexander conducted a vocal game.

Panama Grange picnic was announced for July 22 at the Price ranch at Gannett. Mrs. Rex Plavel and Mrs. Burl Akins served refreshments.

Army Reservists Pass in Review in Honor of Their General's Retirement

YAKIMA PRINCE CENTER, Wash., June 29 (AP)—As three helicopters hovered overhead bearing signs of good luck, more than 3,000 army reservists passed in review Friday in honor of the retirement of the commanding general of the 98th Infantry division.

After 35 years of active and reserve duty in the U. S. Army, Maj. Gen. LeRoy H. Anderson, Grandt, Mont., will retire officially July 12. He has been a member of the 98th division since 1945.

General Anderson's retirement parade was held on the parade field at Yakima Training Center, where elements of the division from Utah, Montana and Idaho have been undergoing intensive summer camp training.

Maj. Gen. B. A. Holloworth, deputy commanding general of sixth army, Fort Ord of San Francisco, Calif., gave General Anderson a certificate of achievement from the continental army command, Ft. Monroe, Va., for his devotion to reserve activities over the years.

Col. Francis M. McGoldrick, commanding general of XI army corps, Ft. Laxton, Wash., 1927 through the reserve officers

MAJ. GEN. ANDERSON was also on the reviewing stand, Brig. Gen. John P. Connor, Grandt, Mont., assistant division commander, was commander of troops for the parade and Brig. Gen. Michael B. Kauffman, division artillery commander, Salt Lake City, was present.

White-haired General Anderson expressed his appreciation to division members for their cooperation during his tenure as division commander and encouraged the men to continue to do their fine work on behalf of the reserve program.

As the men were passing the reviewing stand, three helicopters hovered overhead bearing the signs, "Good Luck, Gen. Anderson from your 98th." Several light aircraft from the division's aviation force buzzed the field several times during the review.

General Anderson's wife was on hand to pay tribute to the retired soldier.

The 55-year-old general has a long list of service to the army. He received his commission in 1927 through the reserve officers

training corps at Montana State college at Bozeman, Mont. During World War II he served with the 15th armored division in Europe.

General Anderson was named division commander of the 98th division when it was reorganized as a reserve division and promoted to major general in 1954.

The holder of a silver star, bronze star, medal and oak-leaf sprig, General Anderson is a former president of the Senior Reserve Commanders association and a vice president for Army of the Reserve Officers association.

After the parade, the men began preparing to return to their home stations and revert back to their civilian status. The men transported home by air will arrive Saturday evening and those riding special troop trains will arrive Sunday morning.

GRANGE TO MEET
 MURRAY, June 29—Murray Grange will hold a potluck supper at 7:30 p.m. Monday at the hall preceding the regular business meeting. Mr. and Mrs. Harold Mense and William Pratt will serve on the kitchen committee.

Magic-Valley's Week-End Farm Paper

SECTION

Friday, June 29, 1962 Twin Falls Times-News 9

Along Fences and Canals

During a cattle drive from the Pitchfork ranch of Mr. and Mrs. W. Knox near King Hill to the summer range, Mr. and Mrs. William Arbaugh and sons, Gary and Larry, and Harry Knox spent a day of coyotes. A month and 12 pups were seen themselves in a cove of rock near Kings crown, north of King Hill. The boys had brought ropes and sacks in case they did see any coyotes, but even though they were prepared they had no luck as the 12 disappeared quickly into their den while mother coyote stood guard.

Mrs. Charles Wernicke, Shoshone, likes to assist her father, Fred Moore, North Shoshone, with his farm work. The past week she assisted with putting up the first crop of hay by driving the tractor to ball the hay. Robert Tanaka and Kenneth Moore did the stacking and Moore is probably one of the first farmers in the county to have his first crop of hay harvested.

Mr. and Mrs. Clark Chaffin, King Hill ranchers, have their grandson, Robert E. Armstrong, Long View, Wash., here for the summer to help with farm work.

Chaney brothers have rounded up and brought to their Hereford ranch near Stanton's crossing cattle which they had on Taylor grazing land west of highway 93 and north of the canals.

Eugene Fredrickson has rounded up his cattle on the desert and brought them to his ranch at the foot of Timmerman hill.

Wayne Clark has completed the roundup of his cattle which had been on Taylor grazing land on the desert between the canals and Timmerman hill the past several weeks. The animals will be placed on summer pasture on the Clark ranch with the rest of their approximately 250 head herd for the summer. Mrs. Clark rode with her husband on the roundup.

John K. Petersen and sons, shepherds of the Muldoon area, sold 514 of their January lambs last week at Oatlen, receiving 24.15 cents for them. The lambs averaged 104 pounds.

Alva Mitchell, farm adviser at Oreville, Calif., has been touring the Charles Keat ranch at King Hill while here visiting. He says he is impressed with Idaho farming. He holds a position similar to a county agent in Idaho.

Mr. and Mrs. Fred Moore, north Shoshone, have been painting several buildings on their farm. Buildings completed are the red shed, chicken house and shop and plans are under way to do the house before the project is completed.

Donald Martens, Bulli shepherds, shipped lambs from Arco last week.

Intermittent rains have put hay baling in the Filer area behind schedule. Larry Mathieson is keeping his hay baler going practically day and night to catch up.

Mr. Charles Chambers and son, Charles, Jr., Filer, have lots of help on their farm this summer. Jim and John Lewis, teenagers of Dr. and Mrs. M. O. Lewis, Tahlequah, Okla., are spending the summer at the Chambers ranch.

Paul Shetter, Filer, and his landford have built a good-looking protective bridge across the lateral which runs right in front of their farmhouse. The lateral is where it runs through their farm and could easily be a danger spot for children and livestock. The new bridge they have built has high wooden sides and reaches to the fences with no spools left where a child can fall through.

Ozell Howard, rider for the Camas Cattle association, had a valuable pelonino cow cutting horse stumble and die during the roundup of cattle. He was riding the horse when it apparently had a heart attack. Howard received only bruises when he was pinned beneath the horse and had to be extricated with help from the other riders. An accident happened when the cattle from Mason flat was being separated prior to being put on the forest service range.

The Placito Livestock company started the roundup of its cattle on the desert on the east side of highway 83 between the canals and the Muldoon area last week. This work has not yet been completed.

Case Official Notes Work Opportunity

WASHINGTON, June 29 — Opportunities in agriculture are many for both men and women because of the serious shortage of college graduates in this field. Morris W. Reid, vice president in charge of marketing, J. J. Case company, told several hundred agricultural engineering students and their advisers here.

Reid was the principal speaker at the "Students' dinner held by the farm equipment institute at the Mayflower hotel during the annual meeting of the American Society of Agricultural Engineers.

Many jobs in agriculture are unskilled, Reid said, and want of qualified personnel. Positions such as teachers of vocational agriculture, farm advisers, soil conservation specialists, and research workers are waiting for the person with the right kind of training.

Although the number of students enrolled in colleges and universities is growing every

Inconclusive

Probably because commercial bean growers are too busy, returns in the bean subsidy ballot were too few to tabulate.

The ballot was run in the Times-News farm-ranch section June 15 at the suggestion of the Western Bean Dealers association. The officers expressed concern over the unsatisfactory price being received for beans and had sought opinion of the growers.

At some future date the Times-News might present the same questions or similar questions again.

This year, the percentage studying agriculture is dropping.

The trend toward larger, but fewer, farms actually provides a place and a challenge for the business-minded individual interested in farming. Reid maintained. It is a test of his ability to apply modern tools efficiently to reach the greatest profit possible from a modern farming venture.

Total Planted Acreage Is up

WASHINGTON, June 28 — The crop reporting board said the total planted acreage of nine vegetable crops for commercial processing in 1962 is 1,883,780 acres, up one per cent from 1961.

The crops included in this comparison normally account for 84 per cent of the planted acreage of principal vegetable crops for freezing and canning.

Compared with last year, planned acreage changes for individual crops in 1962 are, tomatoes, up nine per cent; beets and green peas, each up three per cent; green lima beans, down less than one per cent; snap beans, down one per cent; sweet corn, down two per cent; cucumbers for pickles, down four per cent; cabbage for kraut, down five per cent; winter and spring spinach, down 17 per cent.

HARO-BED

WE HAVE IT!

Automatic Bale Loading Wagon!

Now on display in our equipment showroom — the new Haro-Bed one man baled hay loading wagon. We're ready to demonstrate on your farm how the remarkable Haro-Bed Wagon picks up, stacks, hauls and unloads 2500 lbs. of baled hay every 15 minutes. The only time the driver leaves his tractor seat is when the bales are desired. The Haro-Bed handles as easy as any tractor.

It's essential! See for yourself how practical and fool-proof the Haro-Bed is in operation. Call us for further facts today.

ROY HOWARD DISPERSAL SALE

To be held 1 mile East and 1/2 North of Washington School, Twin Falls

SUNDAY, JULY 1

SALE TIME: 1:30 P.M. NO LUNCH

18 Head of Top Quality

- Mares and Colts • Geldings
- Fillies • Stallions

Some Well-Broke

FUTURE QUEEN CONTESTANTS AND 4-H BOYS AND GIRLS

Here are some outstanding quality fillies and geldings for you to win on or with in the show ring.

STOCKMEN and RANCHERS

Here are the kind of working type horses that will stay with you all day — also a couple of fillies that look as though they will run a mile.

BREEDING: Foundation mares were thoroughbred and Quarter Horse and they have continually been bred to registered Quarter Horse stallions.

NOTE: This is an outstanding quality group of horse flesh, come and enjoy a Sunday afternoon.

TOMMY—Sorrel, 3 years old gelding, well broke and very gentle

MITZIE—Sorrel, 3 year old, fillie, gentle and broke to ride

SORREL—2 year old fillies, very gentle, outstanding quality

2 Yearling horse colts (1 palomino and 1 sorrel)

All the above colts are sired by Buzzy Bounce—Permanent Registered Quarter Stallion.

2 Brood mares with colts by side, sired by Red Amigo, P84331 Buckskin Welch-type mare, 6 years old with colt by side, sired by Red Amigo

DUSTY—Palomino, 6 years old gelding, well broke and very gentle, has snow white mane and tail

SILKIE—Sorrel mare, 9 years old, bred to Red Amigo

HONEY—Palomino mare, 9 years old, bred to Red Amigo

ROCKY—2 year old Appaloosa stud

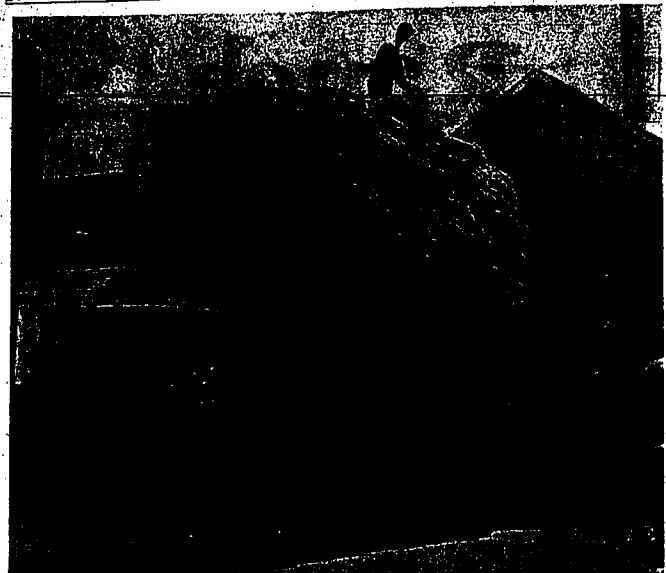

TRUCK

1952 Chevrolet 1-ton truck, overhauled less than 2,000 miles, dual rubber, excellent Omaha standard stock rack. New stock saddle, 1/2 double rtg — 2 new bridles — 1 new Navaho blanket — new bridle and martingale matched set. Other horse blankets and equipment.

Sale Managed by Messersmith Auction Service Terms: Cash

THE LAST OF 1,500 sheep hides is loaded prior to shipment to W. Summershine company, Lake City, by Ralph Pink, local hide dealer. The load was covered with a tarp and tied securely to prevent the huge load from slipping. According to Pink, the load weighed some 14,000 pounds, averaging less than 10 pounds

Records for 48 Herds in Area Listed

JEROME, June 29 — Of the 48 herds on test in the Gooding-Holstein-Dairy Herd Improvement associating testing unit number two, 48 herds averaged more than 30 pounds of butterfat for the 31 days of May, according to Ben Russell, official tester.

The top herds and their average production included: Gordon Hagler, Jerome, 16 grade Holsteins, 1,588 pounds of milk and 815 pounds of butterfat; Clarence Miller, Jerome, 11 registered Holsteins, 1,544 pounds of milk and 806 pounds of butterfat; Archie Malone, Jerome, 20 registered Holsteins, averaged 1,418 pounds of milk and 693 pounds of butterfat.

Bob Puller, Jerome, 26 registered and grade Holsteins, 1,281 pounds of milk and 621 pounds of butterfat; Gail Williams, Jerome, 25 grade Holsteins, 1,290 pounds of milk and 649 pounds of butterfat.

Jack Edwards, Dietrich, 24 registered and grade Holsteins, 1,216 pounds of milk and 625 pounds of butterfat; Horace Messervy, Dietrich, 10 registered Queens, 1,200 pounds of milk and 643 pounds of butterfat; Gordon Martin, Hunt, 24 registered Holsteins, 1,233 pounds of milk and 623 pounds of butterfat.

Newbrough and Miracheck Wendell registered and grade Holsteins, averaged 1,285 pounds of milk and 628 pounds of butterfat.

Dale Hopper, Jerome, 18 registered and grade Holsteins, 1,287 pounds of milk and 631 pounds of butterfat.

Earl Miller, Hunt, 17 registered and grade Holsteins, averaged 1,211 pounds of milk and 631 pounds of butterfat.

Charles Ward, Jerome, with 16 registered and grade Holsteins, averaged 1,270 pounds of

Records for 48 Herds in Area Listed

milk and 629 pounds of butterfat. Reed Taylor and sons, Wendell, 19 registered and grade Holsteins, averaged 1,227 pounds of milk and 627 pounds of butterfat.

Lyle P. Anderson, Jerome, 20 registered Holsteins, 1,289 pounds of milk and 612 pounds of butterfat, with 3 milkings daily. Stan Prizler, Jerome, 24 grade Holsteins, 1,229 pounds of milk and 629 pounds of butterfat.

Frank Beer, Jerome, with 17 registered Guernseys, averaged 974 pounds of milk and 499 pounds of butterfat; Raymond G. Clark, Jerome, 21 grade Holsteins, 1,187 pounds of milk and 605 pounds of butterfat.

Don Thibault, Jerome, 25 grade Holsteins, 1,303 pounds of milk and 629 pounds of butterfat. W. O. Erlot, Jerome, five registered Jerseys, 844 pounds of milk and 39.8 pounds of butterfat.

Phil McInturf, Eden, 21 grade Holsteins, averaged 1,177 pounds of milk and 617 pounds of butterfat. Herman Hall, Jerome, 17 grade Holsteins, averaged 1,119 pounds of milk and 59.9 pounds of butterfat.

Plant Produces Sterile Flies

WASHINGTON, June 29 — A new screw-worm fly rearing plant near Mission, Tex., which is capable of producing 50 to 75 million sexually sterile flies a week, will be dedicated June 18.

The department said sterile screw-worm flies produced in the new facility will be released as part of the state-federal screw-worm eradication effort now under way in the Southwest.

Californian Invents Way Of Thinning Peach Trees

BOULDERMONT, Calif., June 29 — A new machine for thinning peach trees is being developed by a farmer more apparent that if a farmer wants a machine to do a specific job, sooner or later one can be made.

This season will probably see more machines than ever before to do these cultivating and harvesting jobs which farmers thought not too long ago would never be mechanized. The machines have been developed by university researchers, farm machinery manufacturers and farmers themselves.

One of the more unique—and relatively simple—to make it debut this season is a mechanized peach thinning wand run by compressed air. It has brought immediate and favorable reaction at demonstrations and test runs in the San Joaquin and Sacramento valleys.

The story of its development is typical in many ways to the effort being put into mechanizing agriculture.

The developer, Kenneth Green, Santa Ana, demonstrated the wand in Marysville.

Peach growers told him it was the thinner they needed. He took their ideas and began burning the midnight oil to develop the tool they requested.

The wand took many forms at first but Green, with the aid of several peach growers, finally has developed a working model with a three-foot long shaft. At one end are three steel fingers covered with hard rubber. They are run by a three-horsepower lightweight air compressor unit.

Green said growers have ex-

Milk Production In Idaho Drops

BOISE, June 29 — Total production of milk in Idaho is estimated at 139 million pounds during April, said a report issued by the U.S. department of agriculture, statistical reporting service.

This compares with 148 million pounds for April a year ago and is average for a four year period. Production decreased one per cent this year from March to April.

The April output of creamery butter and ice cream in Idaho was up 10 and 13 per cent respectively.

The U.S. average in milk production was up 1.2 per cent in comparing April of this year with a year ago.

Beef Displaces Sheep in Areas

WASHINGTON, June 29 — Stocker and feeder cattle and calves shipped into eight selected central states during May totaled 633,000 head, 71 per cent more than the number shipped last year. Shipments of stocker and feeder sheep and lambs into the same states amounted to 182,000 head, a decrease of 31 per cent from May, 1961.

Feed, Grain Dealer Unit Meets With Commissioner

BOISE, June 29 — The first meeting of a committee appointed by the newly formed Idaho Feed and Grain Dealers Association recently in the office of the Idaho Commissioner of Agriculture, Commissioner Stanley Tren-

Water Now

High soil moisture conditions early in the season will hasten maturity of beans as compared to fields where irrigation has been delayed, reports Donald Youtz, Twin Falls county agent.

At the University of Idaho experiment station, Kimberly, tests have shown that relatively high moisture up to bloom time hastens maturity of beans. The effect of moisture from bloom time to harvest levels off and doesn't affect maturity as much.

Since many bean plants were planted late this season, it is suggested that beans be kept growing by maintaining adequate moisture levels. This means irrigation about 25 days after planting.

Farm Worker Total Lags Below Normal

BOISE, June 29 — An estimated 70,000 persons were employed on Idaho farms during the week of May 20-26, reports the U.S. department of agriculture crop reporting service.

This level of employment is 2,000 less than a comparable period last year and 4,000 less than a year ago May average.

Family workers, including farm operators, were estimated at 60,000, the same as a year ago but 1,000 below average. Hire workers on Idaho farms totaled 20,000 compared to 22,000 last year and 24,000 for the five year average.

A total of 7,422,000 persons worked on the nation's farms in the survey week of May 20-26, about one per cent fewer than a year ago. Farm work over large areas was generally ahead of usual progress since continued dry weather in many large farm areas has aided spring planting and early cultivation.

The number of farm family members counted in the working force was two per cent less than a year ago, but at 6,000,000 formed the major part of the total.

The number of hired workers during the survey week totaled 1,400,000, two per cent more than a year ago. Increases in employment over period of last year occurred mainly in southeastern areas where planting and cultivation are ahead of normal. May has been an average colder than usual in much of the central country with some lag recovery.

Cassia Farmers Asked for Data

BURLEY, June 29 — Extension, local agricultural stabilization and conservation office manager, announced today that producers requesting data on yield on all farms in Cassia county have been mailed.

Jensen explained that proposed farm legislation makes it imperative that yield data be received from county farms, so they can arrive at normal yield data for the county.

He said this data will be used in the event legislation is enacted affecting the production of feed grains. Jensen urged all producers to complete the post-cards and return them by return-mail.

Feed, Grain Dealer Unit Meets With Commissioner

halls had accepted an offer by the association to use the committee as an advisory group to the department which will represent the feed and grain industry in the state and which will serve as a liaison group between the grain industry and the department of agriculture.

The new committee will be known as the commercial feed industry advisory committee, and will meet periodically with division heads and with the Commissioner in an effort to disseminate information from the department of agriculture and to aid in the interpretation of laws and regulations governing commercial feeds and to advise the commissioner on feed industry problems and possible needs within the feed and grain industry.

D. C. Jones, chairman, said that the underlying purpose in the formation of the committee is to work closely with the state department of agriculture to jointly cooperate in the development and advancement of the handling of feed additives by the feed mills and other problems which may be solved through the cooperative committee.

Members of the committee who were suggested by the association and approved by the Commissioner are: Jones, Chairman; Lee Wickham, Kuna; Pat Patterson, Caldwell; Ivan Coleman, Caldwell; Thurler Stanger, Bluff; Howard Biegert, Boise; and John Tompkins, Boise.

MOVING TO NEW home in Australia are Asa Townsend, his wife, Stella, and their grandson, Jerry Wainwright, Jr. Townsend, a Fort Myers, Fla., farmer, sold his 450-acre farm and live stock and has acquired 52,000 acres of land in northern Australia. The reason given for the move is because "the subdivisions are closing in on us." Townsend plans to join three of his sons who have already made the move to Australia this summer. (AP Wirephoto)

Florida Farmer Sells Home For New Start in Australia

FORT MEYERS, Fla., June 29 — A pioneer southwest Florida family, whose forebears migrated from England to the Carolinas to Florida, is taking another long leap, to a cattle ranch in Australia.

Asa Townsend, 56, head of the clan, said he had sold his 450-acre ranch for nearly one million dollars and only the paper work remains.

He and his wife and a daughter and son-in-law plan to leave this summer.

Three sons and their wives and children, and another daughter and her husband already have moved to Australia.

Townsend said he had asked for \$2,000 for his pastureland, 400 head of cattle, a 100-acre range, grove, lesson houses, water, equipment, dogs, the family home and other farm and ranch equipment in Hendry County, 40 miles east of Fort Myers.

"I didn't quite get my price, but what am getting is in cash," he said. The unofficial report was that the final agreement was for \$300,000 in cash.

In Australia, the Townsends have acquired 520 square miles of ranchland—52,000 acres—in the northern or tropical part of the continent. It's about 100 miles south of the port of Darwin.

Such unoccupied tracts in Australia are owned by the government and are parceled out on a 99-year lease at rentals ranging from 50 cents to \$10 per acre annually. Future generations would have the right to renew leases.

"We are frontier people, and we need a new frontier for our children, their children and future generations," he said.

"We think Australia offers the best in modern day frontiers, but the inferior of the continent is about like the United States of 50 years ago."

Fay, his wife and five children and his brother, Bob, and his wife and two children, sold their ranch and cattle last year and moved to Australia, leaving the tract and building homes.

They were joined shortly afterward by their sister and her husband, Mr. and Mrs. Richard Wainwright of La Belle, Fla. David moved up a partnership with his sister in a department store to take the move. They have no children.

A third brother, Roy, and his

Wheat Carryover Will Show Some Reductions

WASHINGTON, June 29—The agriculture department estimated the wheat carryover on July 1, 1962, will drop about 150 million bushels to a total of 1,195,000,000 bushels. The anticipated reduction in surplus stocks would be the second in two years.

The estimate was made in the department's periodic 1 and 10 percent scheduled review of the wheat situation. It was not issued in connection with an announcement of the 1963 wheat program.

The department estimated the total supply of wheat for the 1962-63 marketing year at 2,410,000,000 bushels. This is nine percent below the record set in 1959-60. The decline in supply is due to a reduction in both carryover and production, the department said.

The 1962 wheat crop, grown under the production-reducing wheat stabilization program, may be one of the smallest in recent years. Crop condition on June 15 indicated the total wheat output for this year would be 1,068,000,000 bushels, 14 per cent below last year's crop.

The July 1, 1962, carryover has been estimated at 1,345,000,000 bushels down 57 million bushels from the carryover on July 1, 1961. The department said that based on present indications of production, domestic consumption and exports, it appears that the carryover of all wheats on July 1, 1962, may decline about 150 million bushels.

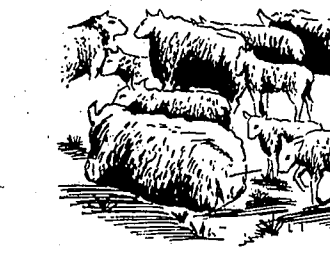

U.S. exports of wheat this year may set a record of 710 million bushels. If such a volume is sold abroad, it would exceed domestic consumption for the second consecutive year.

Domestic consumption during the current year is expected to be about 598 million bushels.

Exports for 1962-63 have been estimated at 600 million bushels, substantially below the record high level that prevailed this year and last. Domestic consumption in 1962-63 is expected to be 364 million bushels, 500 million bushels for food, 49 million for feed, and 54 million for seed.

Current cash wheat prices continue high relative to support rates. The department said a smaller crop, a higher support level, and an anticipated good export demand in 1962-63 may do much to minimize or prevent the usual harvest-time price decline.

AGRICULTURAL CREDIT PRODUCES WEALTH

Without the credit that makes possible the expenditure of production at the right time—for the right length of time, American agriculture would not be noted for its capacity to produce.

Your Production Credit Association is ready at all times to assist you with financial planning, methods improvement and — most importantly — with ready cash when you need it for buying livestock, feed, fertilizer, seed, capital improvements, or hiring labor.

You'll find PCA folks are farm-minded, willing and able to assist you in financing the greater production of your flocks. Come in soon and talk it over.

Victory Earning Is Near Record

WASHINGTON, June 29—Charles B. Shuman, president of the American Farm Bureau, called defeat of the administration farm bill a "victory for farmers, consumers and taxpayers."

Shuman said the only losers were the political empire builders in Washington.

"Moreover, it was a much-needed victory for constitutional government," Shuman added.

Grassman Tour Held in Lincoln

SHOSHONE, June 29—Sole Conservationist Dick Cope reports the Grassman Tour held last week was well attended in Lincoln county, though final results of the judging will not be made available until later as the committee must confer.

There were 20 men who took the tour. Farms visited included Glen Croft, near Mack, near Fort. Howard Hill, Quayle, Nebeker, Corwin Silver and W. F. Simpson, north Shoshone, and Leroy Magoffin, Richfield.

NEW RULE

WASHINGTON, June 29 — A federal standard amendment for cream cheese which permits the use of guar gum as a stabilizing ingredient became effective in early June.

Green Giant Earning Is Near Record

MINNEAPOLIS, June 29 (UPI)—Green Giant Corp., one of the country's largest packers of corn and peas, said its sales and earnings so far this year are near record levels.

President L. E. Peltold told the annual meeting that the company expects to break last year's record sales of 75 million dollars. An 11 per cent gain and to surpass the \$246 a share profit, up nine per cent, for the year ended March 31.

He said Green Giant was carrying out a 3 million dollar expansion program this year and that its recently introduced foods

Idaho Chick Production Is Declining

BOISE, June 29 — Commercial hatcheries in Idaho produced an estimated 700,000 chicks during May, reports the U.S. department of agriculture crop reporting service.

This is 18 per cent less than a year ago, but 20 per cent more than the May average.

The accumulated hatch during January through May totaled 2,831,000 chicks compared with 3,510,000 a year ago.

An estimated 401,000 were produced for broiler production during May. This is 17 per cent less than a year ago, January-May accumulated production of broiler chicks totaled 2,965,000, seven per cent less than a year ago.

U.S. hatcheries produced 200 million chicks during May. This is down two per cent from a year ago. Production of broiler type chicks also was down two per cent.

Eggs in incubators on June 1 include that the hatch of broiler type chicks will be less this year than a year ago.

141 Cows in Testing Unit Produce Well

JEROME, June 29 — Ben Russell, tester for the Gooding, Lincoln-Jerome Dairy Herd Improvement association unit, reports that 141 cows in his unit produced more than 60 pounds of butterfat during May.

The top cows, their owners and the cow's production included Haven, registered Holstein, Gordon Martin, Hunt, 2,820 pounds of milk and 104.3 pounds of butterfat; Sunbeam, registered Holstein, Archie Malone, Jerome, 2,850 pounds of milk and 103.3 pounds of butterfat.

Jumbo, grade Holstein, owned by Jack Nelson, Jerome, produced 2,769 pounds of milk and 99.4 pounds of butterfat; Royal, registered Holstein, owned by Gordon Martin, Hunt, produced 2,860 pounds of milk and 84.9 pounds of butterfat.

Crocket, registered Holstein, Robert Fuller, Jerome, 2,490 pounds of milk and 97.1 pounds of butterfat; Marie, registered Holstein, Lyle P. Anderson, Jerome, 2,340 pounds of milk and 81.9 pounds of butterfat.

Penny, registered Holstein, owned by Archie Malone, Jerome, 2,470 pounds of milk and 82.9 pounds of butterfat; Earl, grade Holstein, Hugh and Henry Reid, Jerome, produced 2,760 pounds of milk and 81.0 pounds of butterfat; Peanut, grade Holstein, owned by Gail Williams, Jerome, 2,830 pounds of milk and 83.5 pounds of butterfat.

Dolly, grade Holstein, William L. Brown, Jerome, 2,230 pounds of milk and 87.0 pounds of butterfat; Loly, grade Holstein, owned by Hugh and Henry Reid, Jerome, 2,190 pounds of milk and 83.4 pounds of butterfat; Star, registered Holstein, owned by Robert Fuller, Jerome, 2,570 pounds of milk and 84.8 pounds of butterfat.

Alaska Produces Reindeer Meat

WASHINGTON, June 29 — There was more reindeer meat produced in Alaska in 1961 than in any other year, according to the agriculture department's statistical reporting service.

Reindeer meat, produced on Nunivak Island off the west coast of Alaska, totaled 465,000 pounds last year, five per cent more than the new state total of 309,000 pounds white pork production was 135,000 pounds.

The total value of farm production in Alaska last year was estimated at \$57,000,000, 25 per cent of this was used by farm families. Milk represented 43 per cent of the value of Alaska farm production, potatoes 14 per cent, and eggs 8 per cent.

OBSERVING WATER that has been stored behind a small earth-filled dam is George Fritz, Hagerman valley rancher. Fritz constructed the dam in March and was able to keep runoff and secondary waste water. The dam enables Fritz to expand his cattle feeding operation on the lower section of his ranch. Maximum depth of water is about nine feet and the water is

backed up almost one-fourth of a mile. Fritz raises registered Black Angus and last winter most of his cattle were fed on the upper section of the ranch. With ample water the cattle will be protected during the winter months and should register more gain at a lower cost, according to the Hagerman rancher. (Times-News photo)

Valley Holstein Is Top Producer

RUPERT, June 29 — The Holstein-Friesian association of America announced completion of an outstanding official production record by a registered Holstein cow at Rupert.

Holiday Claudette Landmark #37306, a 2-year-old owned by Thomas E. Mabery, Rupert, produced 15,064 pounds of milk and 548 pounds of butterfat in 333 days.

Declining

WASHINGTON, June 29 — Farm in the United States in 1910 totaled 6,408,200. This number rose gradually through 1920 to 6,817,000. Farm members then dropped to 6,489,700 through 1928. They began another rise which culminated in 6,813,000 farms in 1953. The number has been declining since.

The 1959 census of agriculture shows, on a national basis, the acreage of these farms was 1,179,158,000 acres.

MEAT INCREASE SEEN IN NEW HOLLAND, Pa., June 29 — Economists predict by 1975 the U.S. will need 47 per cent more meat than produced now for marketing.

FARM USE GOOD

NEW HOLLAND, Pa., June 29 — Common market countries take about 20 per cent of our total agricultural products, say Ohio State university economists.

DAMAGE TREES

WASHINGTON, June 29 — Porcupines kill or damage 200 million board feet of timber in the northern Rockies every year, the forest service estimates.

Construction of Earth Dam Enables Hagerman Rancher to Boost Cattle

BURL, June 29 — George Fritz picked a good year to build a dam to increase the stock watering possibilities on his ranch west of Burl. The Fritz ranch on the east end of Hagerman valley on the road to Banbury flow springs needed some changes when Fritz purchased the place a short time ago.

There are about 640 acres of land in the ranch. The big difficulty was that part of the ranch is located high on a bluff overlooking the main section in the bottom of the canyon. Split level ranching is not one of the modern trends.

Another big difficulty was that during the winter and much of the summer a large portion of the cattle on the ranch were fed on the upper bluff where there was accessible water.

There were some feeding pens and some water on that lower section and Fritz felt that the entire operation would benefit if he could move the bulk of his feeding operation to the lower level.

The trick up the mountain during those cold winter months, battling wind and snow, was ridiculous, thought Fritz, especially when the main section was protected from the weather. It was like moving from the banana belt to the Arctic each day. The few cattle on the lower section outgained and outperformed those on the upper range.

If Fritz could assure himself of an adequate water supply on the lower section his problem would be solved and he could increase the efficiency of his operation considerably.

Now the Banbury road cuts the lower section almost in half. One part of this ranch were the feeding pens and a small dam that held limited water.

Fritz felt the real solution lay in constructing a larger dam on a field just above his present pens where the drain water had carved out a natural valley. The field was practically useless. It consisted of about 80 acres and most of it was brush and cheat grass.

Building a small earth dam can be costly and ineffective if one doesn't have adequate facilities or outside help. Fritz talked Carl Green into calculating the base around the dam site. After this was done Fritz began his computations.

The base of the dam was 68 feet wide. So Fritz installed a 20-foot pipe under the base of the dam to control the water flow. The pipe is 12 inches in diameter. A nine-foot headgate controls the water flow. The dam is 26 feet wide along the top and is 240 feet long. A spillway was dug out on the west slope and designed to intersect existing culverts under the highway.

Finally after everything was plotted, Fritz went to work on his dam in March of this year. He hired Bill Bigler and his earth mover to build the dam. Fritz designed his dam so that most of the borrow used to construct the dam would come from the basin behind the dam. This gave the builder a short haul and greatly increased capacity. The back and forth motion of the earth mover spreading dirt compacted the dam, helping it seal against leaks. In seven days the dam was completed.

When the reservoir is full the maximum depth of the water is about four feet deep. The water backs up almost a fourth of a mile. Fritz is now planning the neighbor's property line.

Now the question was, what the dam did? It filled to its average depth in three days and can fill to capacity in 24 hours. Fritz is catching a second and secondary waste water. In addition, he has two small springs to boost storage capacity. The dam has another practicality other than water control, by lifting the water a few feet it is now possible to pump the remainder of the water, turning it from chiral areas into alfalfa.

Already a few ducks have been able to plant a few basins in the pond. But the big improvement is done. Fritz has started planning to expand his cattle feeding operation.

Fritz raises registered Black Angus. More Angus means more returns for the ranch. This has not had when one considers the entire dam construction cost some \$600.

Of course the one thing that has been eliminated is the top of the bluff to the cattle in the winter.

To Fritz, a transplanted farmer, his small dam and mean improved farming, greater efficiency of operation and satisfaction that the entire job was his own doing.

Council Fires Burn for Area Girls at T. F.

"As the twig is bent
The tree grows straight"
was the theme for the Camp Fire Girls
grand council fire at Twin Falls,
Twin Falls, sponsored by
the Twin Falls Rotary club.
Master of ceremonies was Jerry
Cover. The procession was led
by the Sixa Horizon club, Awards
were presented by Mrs. Frank
Drees, Twin Falls council vice
president, and Mrs. Paul Carlson,
program chairman.
Flora were presented by the
O Do Ho group, Shoshone, and
the invocation was given by
Rev. Paul Kenny. The torch
was lighted by the Ki Te
Twin Falls group. Twin Falls
council song was sung by the
Trail Seekers, and the credo was
given by the O Ki Zu group.
Martauch.
The Horizon club song was
given by the Twentieth
club following the council theme
was presented by the Junior high
school group. Mrs. Thomas
Frayer was consultant for the
Torch Bearer award ceremony.
"Wood Choppers sang a special
song. Mrs. James Vandenberg,
executive director, and Mrs. Dale
Biseman, chairman of the guar-
antee committee, led the pro-
clamation of "branches" to the
groups.
A ode to the executive di-
rector was written and read by
Mrs. Leland Davidson. The clos-
ing prayer was led by Mrs. A. Hon
Cin Tomo group, Eden.
General chairman of the coun-
cil was Mrs. Robert E. Anderson,
Mrs. Leland Davidson, Mrs.
Kenneth Hanks, Mrs. Thomas
Frayer, Mrs. Robert E. Anderson,
Diane Hankins, Mrs. Edgar
Schmidt, Mrs. Henry Duchmann,
Mrs. Edna R. Ruppert, Mrs. Edna
All Bull group leaders.
Mrs. Charles Hansen, Mrs.
Beverly Ann Schroeder, Mrs.
Mrs. Ethel Martin, the Rev.
Mr. Kenny, Jerry Cover, Mrs.
Mrs. Willard Garrard.
Groups attending from Buhl
included Mrs. Robert E. Anderson,
O K I H, Tan Kon K, O K I
Sana, Oka, Wa Ba Nan, Tan-
kara, Mrs. Zannie Anderson, Mrs.
Tanda, Wa Kon To Ka and A
Hon Cin Tomo group.
The double ring ceremony was
performed by Presidents Francis
Davis.
A reception was held June 29
at the Kimberly LDS church.
The bride wore a gown of white
satin brocade fashioned with
scalloped beauteous neckline, three-
quarter length sleeves and a
bouffant skirt featuring deep dis-
ciples. The gown was designed
and made by the bride and her
mother.
The bride's alone-length veil
was held by a beaded crown. She
carried a bouquet of pink roses,
white and white carnations. The
cultured pearl necklace which she
wore was a gift of the bride-
groom.
Helen Carey, sister-in-law of
the bride, was matron of honor.
She wore a yellow full-skirted
dress and a corsage of pink
roses and white carnations.
Best man was Vern Juchau,
brother of the bridegroom. Bride-
groom's sister, Kimberly Carey,
brother of the bride.

Boise Wins Pair To Grab Spot in Pioneer Playoffs

POCATELLO, June 29 (AP)—Boise swept a doubleheader from Pocatello Thursday night, 10-6 and 13-0, to earn a berth in a three-way playoff for the first ball championship. Pocatello battled the Braves down to the wire but didn't play like they wanted to in the second.

The Chiefs used five fielders on the mound and used five regular pitchers in the field.

One spectator accused the officiating of "throwing the game away." Boise needed both wins if it was to see the playoffs.

Mantle and Maris Homer As Yankees Drop Twins, Bounce Into Second Spot

Solo homers by Roger Maris and Mickey Vernon and a costly Minnesota error lifted the New York Yankees to a 4-2 decision over the Twins Thursday and sent the Yankees into second place in the American league. Yankee relief pitcher Marshall Bridges halted a Minnesota uprising in the eighth inning by fanning Don Minick with the bases loaded after the Twins had scored both their runs. The loss dropped the Twins to fourth place.

The Los Angeles Angels moved into the third spot in the American league. The Angels, Twins and Angels are all one and one-half games back of idle Cleveland, but the New Yorkers have a three percentage point edge over the Angels, who are three points on the Twins.

Maris and Mantle banded their homers in the fourth inning, sandwiching them around a Hector Lopez triple for a 2-0 lead. It was the 14th of the year for Maris and his second in 10 days and the 10th for Mantle.

The deciding run came in the seventh when Elton Howard doubled to left and was sacrificed to third. Clete Boyer then threw a high fly to relief pitcher Lee Stange. The ball trickled from Stange's glove as an error as he tagged Howard and Phil Lira.

Los Angeles matched the biggest inning in its two-year American league history and rocketed on to a record 19-7 victory over Boston. The victory moved the Angels within one and one-half games of the lead, first place Cleveland Indians.

Leon Wagner, the American League's top homerun hitter, struck from the front of the plate in the seventh and also went to the plate in the second as the California Angels had an error on a double by Bob Rodgers, three singles and five bases on balls.

Three Red Sox pitchers worked in the 35-minute game. Third baseman Brooks Robinson struck his 12th homerun in the first inning and singled in Johnny Temple who had singled and had been sacrificed to second.

Manny Jimenez and Bill Conzolo scored an 18-inning Kansas City attack with three hits apiece as the Athletics topped Washington, 10-7.

It was Kansas City's fourth victory in a row, and the fourth straight loss for Washington. The Athletics pulled out to a 6-2 lead with three unearned runs in the sixth. The Senators twice rallied to win one run, but never could tie it.

Russians Sweep Wrestling Meet

TOLEDO, O., June 29 (AP)—The Russians swept a pre-arranged wrestling meet of Toledo, O., and carried away the World Amateur Wrestling championship.

Their sweep of the Greco-Roman competition that ended Wednesday night was even more decisive than their freestyle victory last week—defeating some of the best on-behind displays of strength by Turkey and Hungary.

Russia scored 40 team points with three freers, three seconds and a third place—picking up seven medals in eight weight classes. Turkey was closest with 21.

They are Darlene Hard, the best Australian player in the world, and Billie Jean Moffitt, the 18-year-old champion killer from Long Beach, Calif.

Victoria Palmer, Phoenix, Ariz., still has to play her third round match, meeting Robyn Eberm of Australia, Friday. Miss Hard defeated the Netherlands 6-0, in 18 minutes. Mrs. Sunnamo, of California, defeated Alberta Brittain 7-5, 10-8. Miss Moffitt, who knocked out top-ranked Werganda Smith of Australia in the opening day of the women's singles, defeated her best friend, Cathy, 7-5, 6-4.

Koonce Hurls Cubs To Win Over Cards

By the Associated Press
Cal Koonce, 21-year-old right-handed rookie, gave the Chicago Cubs their first complete game pitching performance in 24 games Thursday as he scattered 10 hits for a 2-0 conquest of the St. Louis Cardinals. The last complete game by a Cub pitcher was Don Cardwell's 4-3 shattering of the San Francisco Giants here June 7. Koonce posted his sixth victory in eight decisions and snapped the fourth place Cards' five-game winning streak. It was the Cubs' "win" of the five-game series.

MAGE

129 3rd Ave. No. 733-8761

BOISE, June 29 (AP)—Fishing conditions in Idaho fish and game department said Thursday steady improvement is expected. Reports show all types of fish and game are coming effective. The department added, "with a definite upswing in fly fishing. There has been a good report on trout and bass. Roads generally were reported good, except at higher elevations where some remained blocked by snow."

Department summary included:

Magic Valley Region—Sublet reservoir is fair fishing. Marsh and Gavala creeks are poor. Road to Lake Cleveland still blocked with trees and snow drifts but should be open during next couple of days.

Beaver ponds on Baxletter, Sawmill and Chaptal creeks are well fair. Other creeks in this area, such as Willow, Birch and Trapper, are poor. Rock creek is clear and lower. There is road construction on the lower part of Rock creek canyon and the stream is running a few miles.

Cowee creek clear and lower, well stocked and good fishing. Hossaini reservoir poor. Salmon Dam reservoir poor. Scorpion creek and Cedar creek, are good. Simon Falls creek between Snake river and reservoir is good when clear. East fork of Jarvis is high and fair.

Billingsley creek is slow in Ingerman area. Hoecerman return is well stocked but lower. Snake river is poor. Elk creek is poor. Thorn Creek reservoir is good. West Fork Snake river is fair. Upper part of Magic is picking up on trolling and fly fishing. Magic is high and good. Warm Springs was best during past week.

Trail creek road is under construction in parts and is rough. Alturas, Redfish and Stanley lakes are all fair. Sunbeam dam is fair. Fern Creek sunbeam is open. Stanley and Bear Valley is open but rough.

Hill Wood reservoir is spotty.

SALMON REGION—Most rivers and streams in the Salmon region are high and fair with spring runoff, but some are clearing. High mountain lakes are still snowed in, but with warm weather they may be open by July 4.

Best fishing is expected to be in the North Fork river next week.

In Salmon river area, best fishing was Williams Lake and Hayden creek. Same expected next week, with Camas creek being good also. Bull creek reservoir and Dabholmion creek are good in the North Fork area.

Challis and Stanley—best was the Palomares river, which is expected to remain fair to good.

For salmon fishing, Lemhi river is fair from Leodore downstream to Tendorf. Some chinook are being taken at Sunbeam dam. The main Salmon river is still high and roily. Salmon fishing is expected to improve in the fall.

Best fishing is expected to be in the North Fork river next week.

Cochrane's death, ironically, followed by about a year the deaths of Cobb and Rowe.

Black Mike, as Gordon Stanley called him, had coached, played 13 seasons in the major leagues and was said he had no equal as a mechanical catcher.

GAME SCHEDULED
DODD, June 29 (AP)—The University of Idaho-Utah State football game has been scheduled for 2 p.m. at the home of the Boise Junior college announced Thursday.

Alcoholics' Mates, Children Unite in Assault on Disease

By **BERNARD GAVZER**
Associated Press Writer

How terrible it is to hate someone you love—how hard it is to love someone who is so hateful.

Love and hate for the same person make a strange combination. But to the child or wife of an alcoholic, intermingling love and hate are familiar, twisting threads in a painful, constant emotional crisis.

Her companions in Al-Anon find understanding. They, too, have suffered from an alcoholic's mood.

"Sometimes I loved my father and mother, sometimes I hated them," says the 15-year-old beauty. "I hated them more than I loved them. I couldn't understand why they were doing this to me."

Her companions in Alateens—nine boys and nine other girls who have an alcoholic parent or parents—recognize her torture.

Their feelings are important. They must be expressed—the horror stories recounting the alcoholics' misdeeds—but in terms of their own reaction, their feelings. By exploring these feelings, they hope to reach understanding.

"But while AA seeks to dry out the drunk and keep him sober, what about the other wreckage? There's plenty for the alcoholic leaves in his wake: debt and disorder and pain that need long soothing. And he, too, needs something from those he's hurt: an understanding of what they may have done to make him the way he was, or to keep him from repeating."

Al-Anon grew informally from the AA group. Its name is merely an enlarged abbreviation of Alcoholics Anonymous. Mates of alcoholics sometimes acted as unofficial hostesses at AA meetings, passing out soft drinks and coffee and take. They began discussing mutual problems and eventually this turned into concrete soul-searching. Soon little groups were founded, usually wives but occasionally including the husband of a woman alcoholic, and an organization was formally incorporated in 1954.

Now there are 2,000 Al-Anon groups in the U. S., Canada and 20 foreign countries. Members are not solely mates of those in AA. In a good many groups, the members are mates of drinking alcoholics.

Three years later, in 1957, Alateens arose. It specifically geared itself toward helping children of alcoholics and was started by 16-year-olds in California. There are 200 such groups today.

The goal for both is the same: to lead them to sufficient understanding so that they can live with the alcoholic.

COMMUNITY IMPROVEMENT contest prize is handed to Mrs. M. J. Lenzlin, rights of the Waldenboro, Colo., Junior Woman's club by Mrs. E. Lee Osburn, president of the General Federation of Women's Clubs, in Washington, D. C. The Colorado club wanted a project to finance a new hospital and received second prize.

SIR WINSTON CHURCHILL raises his hand in his familiar V-for-victory sign as he is carried from the plane at London airport Friday after a flight from Moscow. Britain's wartime hero prime minister, Sir, broke his left thigh in a fall while vacationing at the French Riviera resort. (AP wirephoto)

Matthews Heads Livestock Club

DEGLA, June 29—Sgt. Matthews was elected president of the Big D Livestock 4-H club Wednesday night at the home of Randy Meade.

Other officers include Mike Fries, vice president; DeLoan Anderson, secretary, and Randy Meade, reporter.

Mrs. Lola Perkes, leader, instructed the boys in keeping record books. They will take livestock for their project.

Has Attack

WENDELL, June 29—Mrs. Alvin J. Ritter, formerly of Wendell, is in critical condition in an air force hospital at Weisbaden, Germany, following a heart attack.

The attack, which came just prior to a planned seven-week visit to the United States, has been complicated by a kidney infection and a blood clot, it was reported. Ritter asked friends to send cards or letters to his wife, U. S. air force hospital, Weisbaden, Germany, APO 633, New York, N. Y.

POWER INGREDIENT in Super Shell works for world champion driver Phil Hill (above, in Ferrari racer). Hill, first American to win the World Championship for Drivers, relies on Super Shell. One important reason: power. Today's Super Shell contains "cat-cracked" gasoline—a power ingredient made by cracking heavier petroleum molecules into lighter, livelier ones. It works to give you the power you need for top performance.

NOISE-FIGHTING INGREDIENTS in Super Shell work for a quiet engine at all speeds. Shell scientists even use a stethoscope (above) to check effect of Super Shell's anti-knock ingredients. One of these ingredients, an anti-knock mix, is so effective that a teaspoon per gallon can boost anti-knock rating five points. Alkylate, another Super Shell ingredient, is noted for controlling knock in hot engines at high speeds better than anything else yet available.

MILEAGE INGREDIENT in Super Shell is Platformate. Shell scientists test it in many cars, many places. In a recent test in San Francisco (above), exactly 250 cc. (about half a pint) of fuel without Platformate was fed into test car. Car ran until fuel was used up, then coasted to a stop (left). Distance: 6186 feet. Test was repeated, using same blend of fuel with Platformate added. Same amount of fuel. Same car. Same conditions. In this test, Super Shell with Platformate took car 6454 feet (right), gave a mileage bonus of 4.3 percent.

TCP AND FOUR OTHER INGREDIENTS complete Super Shell's 9-ingredient blend. TCP additive can help restore power lost due to combustion deposits—can also extend spark plug life. Butane is for quick starts. Pentane mix helps engine run smoothly during "warm-up." The gum preventive ingredient is to help keep carburetors clean inside. And, when the weather calls for it, Super Shell contains an anti-icer. That's nine ingredients in Super Shell—scientifically blended to give you car top performance.

A NEW COMBO gets a fast start. This is the Whiskeyhill Singers combination put together by Dave Guard after he had quit the million-dollar Kingston Trio because of dissensions. Enthusiastic response from audiences in its first six

months of existence and popularity shown by sales of its first record album indicate the group is headed for success. From left are Dave Guard, Cyrus Farner, Judy Henske and David (Buck) Wheat. (AP wirephoto)

They Laughed When Guard Quit Trio; Now He Laughs

HOLLYWOOD, June 29 (AP) — They laughed when Dave Guard quit the Kingston Trio, but Dave is doing the laughing now.

A year ago the bespectacled, hazel-haired singer walked out on the million-dollar Kingston Trio. The trio was still collecting money in all directions, but Guard and the other two-thirds — Nick Reynolds and Bob Shane — weren't getting along.

After making a financial settlement, Guard pondered his future. Obviously it would be concerned with folk music. And now he has come up with a brand-new combination called the Whiskeyhill Singers.

"The name? It comes from a billy road in Palo Alto, Calif., where Guard spent his brief hours between tours.

"The name? It comes from a billy road in Palo Alto, Calif., where Guard spent his brief hours between tours.

"Then I had the idea of adding a girl to the group," Dave said. He hunted far and wide for the right girl, finally found Judy Henske, a 21-year-old singer at a small club in Oklahoma City. She's 23, a bright sprig from Chippewa Falls, Wis., and a doctor's daughter.

Star in "Birdie"
HOLLYWOOD 625 — Ann-Margaret has started work on her first film under a multiple-picture contract with Columbia. She is appearing in the new Robert Wise picture, "The Sandlot," which is a screen version of "Pye Bye Birdie."

Ann-Margaret co-stars with James Dean, Dick Van Dyke, Bobby Rydell and James Earl Ray.

BOWEY BOTS
HOLLYWOOD 676 — The last of the Bowey Bots may soon find their way to the television screen, according to Robert E. Morin, president of Television Corporation. Morin is president and general manager.

"ROOM" STARTED
LONDON 676 — Columbia Pictures' "The 12th Room" has started filming in parts of London and at studios outside the capital. The film, based on Lynne Reid Block's novel, stars Leslie Caron and Tom Bell.

On My Own Time

BY BOB HARTLEY

Ever got so embarrassed you wanted to run from the room and hide in the basement or any convenient hole? Sure you have. It has happened countless times in the past and it is a cliché to happen again in the future.

In a minute you can recall such embarrassing moments as when at a friend's house you're calmly sipping coffee and your friend lashed a tirade at his wife, belted one of the children and really put on a show. Or the time your friend's young boy complained that you had had breath (while hundreds listened).

But the home is not an exclusive embarrassment station. On the job is another as we can attest after being "involved" in a discussion between waitresses when we tried to share some ham and cheese and potato salad during a recent lunch period. We were alone at the counter at the time and how we longed for some company.

We couldn't avoid overhearing the argument started when one waitress found dirty milk shake cans in the sink. One wanted to know who did the dirty deed, the other said she wasn't going to clean up after another waitress and while the first waitress slammed the cans around in the sink we suddenly found ourselves in the middle.

Being the only bystander, we were looked at between remarks as if we were going to be called on for our opinion of the wretched subject. We tried to turn our heads in the polite nod but it didn't work. And we didn't want to leave our meal unfinished. We were embarrassed and undecided.

Then the climax came. The first waitress threatened to post a sign over the sink that whoever used the milk shake cans should clean them. It was such a terrific-sounding suggestion that the discussion lagged momentarily and we expected her to turn to us and say "Well, what do you think?"

Finally we made a daring decision to leave, picked up the tab and darted for the cashiers. The last we heard was the waitress asking the boss if she could post the sign.

Such momentous conversations during a lunch hour are not for your tender ears.

It's nice to know that only in America can a youngster inherit 20 million cool ones such as happened a few days ago. One wag looked into the future to see himself slaving away trying to earn a few bucks for food and clothes while the youngster, now a grown man, is racing Ferraris in France and courting beautiful women around the world. But what difference does it make when you really enjoy your work?

There are obvious benefits from having attended two weeks of active duty training with the Idaho national guard. There also are some habits that are difficult to break, it was more than a little embarrassing to find out a wife caught us in the act of returning from camp field-stripping a cigarette into an ash tray in the living room while friends watched open-eyed.

How about that thrilling race down the wire, meaning the Pioneer League with the Magic Valley Cowboys in the thick of things until the final out Wednesday night. They played under terrific pressure those last four days and to them goes all the credit in the world. The second half of the league should be equally as interesting as the teams seem to be well-balanced. And as the nights get warmer, there's no better place to relax and enjoy good sport.

Good books read lately: "My Life in Court," by Louis Nizer. An interesting book about the famous eastern seaboard which reviews some of his most famous cases. Of particular interest is the chapter devoted to the sensational life trial of Queen Beatrix against Westbrook, Nizer was Reynolds' attorney. The book proves, as the author states early, that no movie or television show can capture the true excitement of life in court.

As one colleague notes, with finality: "With a roof over my head, a car in the garage, furniture in the house and a nice sized family to comfort me, it's no wonder that I'm in debt."

From purely a scientific standpoint, a recent story from a wire service felt much to be desired in depth and we heartily complain. It seems that a 14-year-old boy in London gave poison to his mother, father, sister and school teacher in the spirit of a scientific inquiry. Splendid deed! Top drawer! Bull! Study of poisons had been his hobby for years, it was learned to the satisfaction of the scientific colony. The mother died, but not of the poison, the father, sister and friend were taken seriously ill. Simply put, the boy was tried for "administering a noxious thing." But the nagging question still unanswered is whether the boy learned anything from the experiments. The discovery of the wire service reports on the facts. The story is a lot of buzz. Let's give the kid a chance. He sounds like a real wonder.

A familiar telephone conversation this summer could start something like this: "Hello Della, this is your aunt Martha from Iowa, we're on our way to the World's Fair and thought we'd stop in to see you." An ominous beginning? For some yes, for others this summer will mean many reunions with relatives and friends, some long forgotten and faintly remembered. Twin Falls is situated just about right for that last meal and lodging before the final trek to Seattle and local residents can expect heavy traffic through the summer. If you're lucky they'll write ahead of time, but to be safe stock up on food and beverage and have that extra room cleaned and ready, you soon may be invaded.

John O'Hara's New Novel Deals With Heel Who Wins Billing as Actor

United Press International
The Big Laugh, by John O'Hara (Random House): The hero of this story is more a symbol than a person. "People who have made up their minds about a man do not like to have their opinions changed, to reverse their judgments on account of some new evidence or new arguments..." People had made up their minds about Herbert Ward by the time he was 20—he was a heel, and his family and friends were fed up with him. So, on his own without much education, skill or inclination, but with intelligence and plenty of cash, he got himself a job as an actor. He did well in roles requiring a pose—had only to act naturally. He became a Hollywood star during which time Herbert became a social success. He was handsome, respectable. He dropped himself into thinking he had erased his past image. But he wasn't fooling anyone else, including his

wife. It's not a pretty history but it holds interest to the end.

The Great Time-Killer, by Harold Mehling (World): A guidebook to what Federal Communications Commissioner Newton Minow called the "vast wasteland" of television, adding a good deal of detail to the laments of television scriptwriter does contribute one novel touch: an appendice identifying sponsors by product and listing their addresses so the viewer can address his cheers or jeers directly to the advertiser. Otherwise, the book is largely a well-documented development of Mehling's thesis that television entertainment has some rapidly downhill. His chief recommendation is that the viewer sit back and watch the show. He has a list of 100 complaints as few as a dozen letters to the sponsor, he says, "would cause a front-office fit."

A Change of Season, by Ilya Ehrenburg (Knopf): Combines two novels: "The Thaw" written in 1954, and a sequel "The Spring" written in 1956. Only "The Thaw" has been translated previously. Actually the two novels are parts of the same narrative dealing with the same characters in a provincial factory town. Told through a series of love and family stories, the narrative is a departure from the familiar socialist realism of old and represents a fictional criticism of the Stalin years.

A History of Africa South of the Sahara, by Donald E. Wright (Random House \$7.95): Most of Africa has no history in the formal sense of written and archaeological records. Of course Egypt, the Nile valley and North Africa have such a history, but the bulk of the work had to be indicated by other means. This book attempts to fill the gap.

KEEP JULY 6 & 7 OPEN

June 29-30, 1962—Page 5

Set to Leap Into Program

HOLLYWOOD, June 29 (AP) — Why is Jackie Gleason taking yet another leap back into the television arena?

"Because I gotta be where the action is," he explains blithely. "Where Gleason is, you'll find doses, so he'll be receiving his old alma mater, CBS, with a Saturday night hour next season. And the 1963-64 season, 'Right now he's calling it 'Jackie Gleason's American Scene Magazine.'"

"I'll have all the old characters back," he said, "but there'll be some changes. And some new ones."

"The honeymooners will be back. Art Carney will do the first show. I don't know about Audrey Meadows; she wants too much money. Personally I'd pay her all the money in the world, but the budget can't take what she's asking. So maybe we'll have to get a new Alice."

"Reggie Van Gleason will be with us, of course; couldn't get along without that boy. Alice Joe the bartender. Only instead of just talking about the crazy characters in the bar, we'll do 'em."

"Lots of new characters will be on the show. One will be Oklahoma Idaho, the saddest cowboy in the West. Now that's getting pretty sad."

His aim for the show: "To take off on some of the sacred cows of America."

"I'm pretty sure it's a risk, he said: 'You always hear from a comedy group. If you do, a comedy sketch about a dentist, you immediately get letters of protest from 20,000 dentists. But I figure if we aim our satire at everybody, nobody can get too mad at us.'"

CHARLTON HESTON and Sophia Loren are shown in a scene from "El Cid," which will start on June 6 at the Ophtheum. It is the story of El Cid, legendary figure of Spanish history. The story romance with a noblewoman have ripped poets for centuries.

Backus Goes To New York Only to Work

NEW YORK, June 29 (AP) — One of Hollywood's brightest and most outgoing comedians has taken up 13 weeks' residence in New York, delighted at an opportunity to head a summer replacement show.

That attitude, alone, marks Jim Backus as a non-conformist. "People in Hollywood reacted as if I planned to spend the summer in Rarigton," he related, "and most of them were the ones who carry on about sending New York because lot of the business chamber music — chamber music and good conversation. That's a lot of nonsense — a performer goes where there's work to be done."

Backus, who spent into American hearts as the voice of little cartoon character named Mr. McGoo, will take over next week as host on a revival of CBS' "Talent Show" program. It will replace "The Garry Moore Show" on Tuesday nights, starting July 3.

That is only part of the busy Backus's schedule; he also is slated for some hour work on NBC's "Monitor" radio show. He and his wife have their third book "What Are You Doing After the Orz?" in the stores.

He has just finished making a holiday special, an adaptation of Dickens' "Christmas Carol" in which Mr. McGoo plays Scrooge. Recently, too, he's been busy acting in movie dramas — parts — and he is highly visible in series of series made in past years. So New York is almost a vacation for this active man.

TALENT SEARCH KINGS
BURBANK, CALIF., TO — French-Canadian Gilles Piquant, 14, put an end to one of the largest talent searches in Canadian history when he was picked by Walt Disney as an orphan boy in "Snow White." He was chosen from 500 hopefuls.

June 29-30, 1962

Jane Fonda Zips to Stardom After Scoring in New Film

HOLLYWOOD, June 29 (AP) — "Zip Along with Jane" just has to be the title of this year's best actress-in-a-new-film movie.

Jane Fonda provided the title herself with the best performance anyone has seen this year in "Walk on the Wild Side." It was no walk for 24-year-old Jane. She ran away with the movie in a rollicking romp. She's still running — from one colorful role to another. A sexpot in "The Champandy Report"; a dashing little ole Texas bride through with marriage before it begins in "Period of Adjustment"; a young girl dying of tuberculosis in "Cool of the Day" to be filmed in Athens this summer.

Then a Broadway play "The Fun Couple" and still another movie about a gal named Hannah Doll, bid from head to toe.

Jane, you might say, has cornered the movie flamboyancy market.

But when you say it you wonder — and so does Jane, the daughter of Henry Fonda, a girl who talks and acts more as if she should be the daughter of Carole Lombard.

"Maybe," she laughed, "that's the way I play 'em."

She's probably right, too. It's funny to hear Jane say, "I do a part and I say to myself, 'This is a Bette Davis part or this is a Claudette Colbert part.' This 'Cool of the Day' role for instance. It would be a great Katherine Hepburn part. You know, romance with a bite."

It's funny to hear Jane say the words because producers already are looking for "Jane Fonda parts."

This miss can't miss.

British Star Says TV Is 'Soothing'

NEW YORK, June 29 (AP) — Margaret Leighton, the brilliant British stage and screen star, finds television soothing — not watching it, but acting in it.

"This is a rare attitude, indeed. Performers usually drag around on the brink of exhaustion and complain about their ineptile viewers."

Miss Leighton, of course, is rarely seen on American television screens, but when she does appear in a program she is usually also working on Broadway.

Miss Leighton currently is starring in "The Night of the Iguana," Tennessee Williams' Broadway play.

After awhile in a play, it is very helpful to have something else to think about," she explained. "After a period in the same play, you develop a sinking feeling — a nervousness — and working on something else takes your mind off it."

It seems that the actress — one of the celebrated Old Vic alumnae and one who has played with the most celebrated names in the British theater — recently has been specializing in neurotic, spinster roles.

"I must say," she remarked, "I'm beginning to feel a bit gritty about it. I think it's probably about time I had a comedy to do before I people will think that all I can play are these types of roles."

News About Stamps

Tunisia has issued a new stamp commemorating its "Fete Nationale," reports the World Philatelic agency. This national celebration is a seven-year tradition going back to June 1, 1955, when successful negotiations between France and Tunisia led to the release of the leader of the Tunisia independent movement, Habib Bourguiba, from a French prison and his return to Tunisia. The 20 milligram stamp depicts a graceful allegorical figure representing a liberated Tunisia.

As previously reported in this column, Australia will definitely issue a new five penny stamp commemorating the centenary of the crossing of Australia from south to north by John McDouall Stuart. The new stamp will be of the same size as those of the current Flora series and will portray a likeness of the noted explorer.

Argentina has commemorated the opening of its international philatelic exhibition, by issuing two new stamps. The main design features a reproduction of the 15c Escudito stamp of 1962.

Here is some news about stamp albums. Four new albums — for the stamps of Brazil, Costa Rica and Nicaragua; Dominican Republic, Cuba, Haiti and Puerto Rico; and Ecuador and Venezuela — have just been released by Minkus Publications. The U. S. Historical Stamp Album, published by the American Topical Association.

The Netherlands has issued three new stamps to honor the automation of the Netherlands telephone network. The four cents red, brown and black show a telephone dial. The 12 cents bronze and black depicts a design featuring the Netherlands telephone network. The 20 cents green, blue and yellow illustrates an arch with part of a telephone dial.

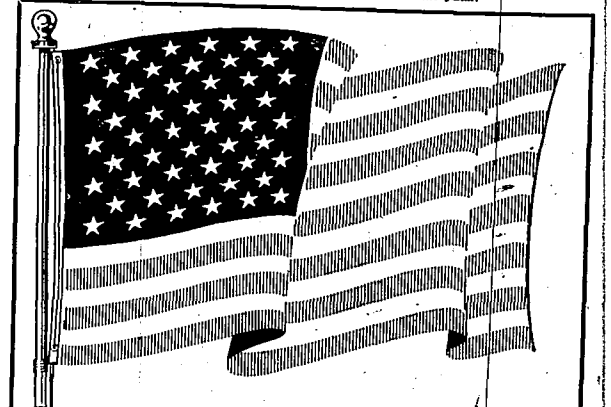

Private Hargrove, of World War II Fame, Is Still Battling Brass Hats

HOLLYWOOD, June 29 (AP) — Twenty years later, Private Marlon Hargrove is still battling the brass.

The difference is that his adversaries are not the top brass and chieftains from whom he extracted his wartime best seller, "See Here, Private Hargrove."

Now he is contending with the production minds of the Hollywood studios. It might be added that as one of the town's most in-demand comedy writers, his pay is somewhat different this time.

Hargrove appears to have prospered in spite of his refusal to knuckle under the Hollywood system. But he wanted an advance look at the fair before the choir's visit for performances Aug. 15 and 16. (AP wirephoto)

The 13 in Films Despite Her Parents

HOLLYWOOD, June 29 (AP)—"My daughter, an actress Heaven forbid!"

It was as if the startlingly beautiful brunette had appeared at the front door on a money night with a bundle in her arms. Everybody knows what kind of Eric's actresses are.

"My parents are terribly embarrassed about me being in show business," Sharon said between takes of her new movie. She was smiling up on her dress-

"They even blamed my marriage and divorce to actor Bob Evans which endured seven months to the fact that I'd become an actress," Sharon said. "My folks said it wouldn't have happened if I hadn't been working in television and movies."

Rather than darken their doorstep again—at least as a fulltime boarder—Sharon has moved into her own digs.

"I led a terribly sheltered existence for 17 years," she went on. "All those years I lived at home except for my brief marriage. Now I'm absorbing life like a sponge."

"I'm not angry or resentful about my home life. It's just that I'm of French extraction and I came from a very strict home."

"Acting is an outlet for my emotions and I'm trying very hard to become a person in my own right. I'd never been out on an unaccompanied date until I met Bob. Everything seemed so glamorous. I accepted his proposal before I knew anything about Sharon's dark, promising eyes and black hair set off a truly beautiful face. Her figure, too, is striking. All promise started.

The sole obstacle to instant recognition is her acting ability. Until now she has been denied the opportunity to exercise it. Under contract to Warner Brothers, Sharon has appeared in a succession of horrendous television shows ("Hawaiian Eye," "Columbo," "The Equalizer," "The Pariah").

Now, in her first loanout from Warner, Sharon has an opportunity to set her heart out. She is playing a mental patient in Bill Bartlett's "The Caretakers."

Disney Cameras Movel to Iner

HOLLYWOOD (AP)—Walt Disney moved his cameras aboard the USS Intrepid to film the States for crossing scenes for his picture, "Bon Voyage."

During crossing scenes, actor Michael Callan, whose dancing in Broadway's "The West Side Story" brought him to Hollywood, performed in a amateur contest and won first prize, a bottle of champagne.

Mitch Explains

NEW YORK (AP)—Mitch Miller of the NBC-TV "King Alton" program, says that a song to be successful must have identification, repetitiveness, universal appeal and timing.

"I'm using," he said "I mean it must be a peculiar emotion as needed at a particular time. If the timing is wrong, even a good song may lay an egg."

Best Stand-In

HOLLYWOOD (AP)—Lois James is claiming some kind of a record for stand-ins in the Columbia picture, "The Yank." During the filming Miss James served as stand-in for 41 out of the top 50 female players in the picture.

JEFF CHANDLER stars in "Merrill's Marauders," which will start Wednesday at the Grand Via theater. The story concerns the exploits of Brig. Gen. Frank D. Merrill and the battalion he led through the jungles and swamps of Burma to harass the enemy during World War II.

Gene Kelly Follows Tough Act in New Television Role

HOLLYWOOD, June 29 (AP)—Gene Kelly follows the toughest act in show biz when he plays the priest in a television series based on the movie "Going My Way," which won Bing Crosby an Oscar in 1944.

This fall director Kelly will trade his taps for a reverend collar and cassock for the role of Father Maloney.

The part poses no particular difficulties for Kelly who is a Catholic, as are his partners, Leo G. Carroll and Dick York, and producer Joe Connelly.

In the event, these laymen bell up ecclesiastical form there is a real priest on hand who serves as technical advisor.

"We also have dozens of priests visiting the set from all over the country," Kelley said during a rare break in production. "They are out here on vacation and curious to see how TV shows are made. Naturally, they gravitate to our show. We even had a contingent of nuns a few weeks back."

"If you look around and see what's on television today you'll understand how great this show will be for families with children."

Kelly, who directed Jackie Gleason last year in "Oligot," enjoys his clerical role and says, "The closer you get to priests, the more human and fun-loving you discover they are."

"They are set apart from most other clerics because of their vows of celibacy. The fact that they can never live a normal

wouldn't stand around like that.

"He just laughed, and he continued to lean with his hands in his pockets. Most laymen forget that priests are very human people. I think our show will prove that."

family life makes them more interesting as men in many ways."

Kelly keeps his wits about him when priests are in the vicinity, watching their attitudes and deportment.

"After my son Timothy was baptized there was a party at my home," Kelly recalled with a chuckle. "Monsignor Sullivan from my church attended. I found him leaning against a door frame with his hands in his pockets."

"I told him I couldn't do that on the show without getting hundreds of letters from viewers complaining that a priest

LET'S DANCE

Bring your radiator troubles to...

CLYDE'S RADIATOR SHOP
 245 Washington 723-0268

TV's More Alert About Show Errors

NEW YORK, June 29 (AP)—Doctors watch television medical dramas alert for technical mistakes. Lawyers snort angrily when "dramatic license" turns a courtroom drama into sheer fantasy. Newspaper folk laugh at those "stop the presses" and "cut out the front page" signs.

But television, where so much of this sort of inaccuracy is likely to be found, has been trying hard to stay close to reality. In the case of the current doctor series, it has done a good job.

Goofs and silly situations still pop up, part of the big tug-of-war between the writers, for realism and the demands for dramatic effect.

Recently, however, Ernest Lee Jahnke, head of the NBC bureau of standards and practices, told reporters that the writers, for realism and the demands for dramatic effect.

The program is the pilot film of a new fall series, "Sam Benedict," based on the real-life exploits of a colorful, unorthodox lawyer named Jake Ehrlich.

Jahnke found the fictional character of Sam as least as intriguing as Ehrlich in California's courtrooms where the action took place. Ehrlich, a consultant on the show, claimed he had actually done both of them. Jahnke, however, won.

"One of the things—making an impassioned speech against capital punishment within earshot of the jury in the middle of its deliberations—made the hero appear unethical and you can't have that," said Jahnke. "And the other thing, having to do with a pool of a hung jury, would have seemed ridiculous, because it is not allowed."

"This is a delicate area. We don't want to be too restrictive in these matters. It is important not to interfere with the production of creative, meaningful drama and adult themes. On the other hand, we can't allow free rein in some situations."

French Beauty

HOLLYWOOD (AP)—Francisco Piovolo, one of France's liveliest stars and screen stars, makes her American film debut in Walt Disney's "Bon Voyage." Following her film work with Disney, she will play opposite the Italian actor Raf Vallone in a new play, "The Rest of the Warriors," scheduled to open this season in Paris.

Paving is our business—Not a sideline

MAGIC VALLEY ASPHALT PAVING, Inc.

"Let Us Pave Your Way"

LABELING OF CLOTHING to be stored is a sensible way for the homemaker to keep track of what she has. felt tip marker draws letters on plastic bags and tape to identify contents.

Stern Discipline Required For Wife to Store Clothes

Stern self-discipline is required that the smart homemaker won't postpone another minute the semiannual clothing inventory.

Walking unarmed into a young child's closet takes courage and the discoveries are many. Here, under the blocks, is the jacket missing for two months; here is little Mary Brown's sweater that Mrs. B. has been hunting for; here is a mott for one of the socks you'll find later in the dresser.

With these extraneous items out of the way, we first decide which clothes are to be kept, which discarded. Those to be kept will be sorted again if they need cleaning or washing.

Although mixed fibers blend with wool in many children's clothes, most woolen or part-woolen garments should be cleaned and sealed in garment bags or plastic bags or wrapped in heavy paper and taped shut. Fold woolen knits for storage.

The only task more tedious than wrapping and taping is trying to find them later in anonymous bags.

A part of this putting-away job is the longer term storing of good clothes to be handed down to a junior at a later date. Such hand-me-downs should be labeled, too, both as to size and to age. Labeling boxes and bags isn't such a bore any more with the coming of marking pens and translucent tape. The tape sticks to any fabric surface and can be peeled off easily. It takes a pencil or pen marker readily.

When the clothes to be stored are cartoned together, sit down with plastic bags, storage boxes, roll of tape and a felt tip marker. Try to group the garments

according to size and record this on the tape stuck to the clothing. When these are packed into the box, write a brief summary of contents on the outside where you can see it without pulling the box off the shelf to read a list.

Lacking a definite out-of-season clothing storage closet, there is less confusion if boxes are stored on the top shelf of the closet and garment bags are hung back where you will unpack them in the fall. Steel storage closets for basement or attic would be handy where closet space is inadequate.

Safari Salad

Virgin and/or safari salad was created originally for all-day outings because its cooked oriental vegetables remain crisp for hours.

Combine 1 cup of cooked, drained red kidney beans with 1 cup of cooked, drained bean sprouts.

Marinate overnight in French dressing to taste in refrigerator. The next day, add 1 cup of cooked bamboo shoots or water chestnuts, drained, and 1 cup each of drained, chopped pimientos, olives, celery and green onions.

Take 10 minutes to stir to taste with soy sauce to add before serving. Serves six to eight.

COLUMBIA GETS RIGHTS

HOLLYWOOD (AP)—Columbia Pictures International announced it has acquired foreign distribution rights for "Harold Lloyd's World of Color." The film presents excerpts of some of his most successful works, both silent and sound.

Miracle Worker, 'Music Man' Said Top Fare

HOLLYWOOD, June 29 (UP)—There's nothing wrong with the movie business that attractions like "The Miracle Worker" and "Music Man" can't cure.

When a previewer sees two such films in one week, he sees a glimmer of hope that motion pictures can recapture their audience. You realize that movies can be a marvelous and indispensable medium when treated with imagination, taste and talent.

Both new films derive from the stage and a fragment of "Miracle Worker" first appeared on television. The makers of each have wisely discarded staginess to use the film techniques to best advantage.

"The Miracle Worker" may seem at first like forbidding material for the entertainment: Use of terms of teacher Anne Sullivan to bring the deaf-blind-mute Helen Keller out of her animal-like world. But the unfolding of this challenge to the human spirit is anything but depressing.

It is the story of a tough Irish girl, herself the conqueror of blindness and the ankle-plit of public institutions, who pits her strength and cunning against an equally strong-minded young girl. Their first encounter is

Lack of Film Carnival Hurting U.S. Prestige

marked by what might be the most extensive screen battle since the "Speliers."

"Anne Bancroft and Patty Duke are nothing short of perfect in the roles they created on Broadway."

The Meredith Wilson Hosanna

"Music Man" is all fun and two and a half hours long. Considered the most cynical comedy to be seen about it, they had better go see something by Tennessee Williams. You actually see the 70 trombones.

With a burst of genius, Warner brothers allowed Robert Preston to play the leading role. He is, of course, the definitive Harold, U.S.

laden Cannes festival last year, Hollywood shipped out "A Raisin in the Sun" and "The Hoodlum Priest."

The first was a quasi-social investigation into the plight of the American Negro and the second made us look like a nation of fools. It was as if the USSR entered a documentary on Siberian labor camps.

"Hollywood studios, and independent producers, are generally afraid to enter their pictures, feeling that if they don't win prizes it will hurt the box office power of their films," Widmark explained.

"Russians send their highest officials to the festivals. We downgrade the whole thing and ship out pictures that figure not to run well at the box office anyhow."

For example, at the prestige-
