

Mariner-2 Heads For Planet Venus On Steady Course

PASADENA, Calif., Aug. 28 (UPI)—A Mariner-2 spacecraft hurtling on a steady track toward the mysterious planet of Venus and for what could be an epic space triumph for this nation over Russia. Scientists at Caltech's jet propulsion laboratory, headquarters for tracking the craft, said that as of noon EDT today it would be 296,834 miles from Earth and traveling at a speed of 7,312 miles an hour.

The instrument-loaded space probe, on its 161-million-mile journey, is now 110,000 miles from the planet of Venus and is expected to arrive there in about 100 days. It is expected to be the first of two weeks of observations of the planet.

The instrument-loaded spacecraft was slowing under the pull of gravity from its injection speed of 35,000 miles per hour. Tomorrow it is expected to have reduced its speed to a steady 12,000 miles per hour.

A water in the 10-day, 130-mile Venus mission blast off yesterday caused a slight deviation in trajectory that led scientists to predict that Mariner-2 would pass Venus at a distance of 100,000 miles from the planet.

Later revised tracking figures showed, however, the spacecraft was on course and within the hoped-for distance of the successful performance.

Foods Shove Living Costs To New High

WASHINGTON, Aug. 28 (UPI)—The cost of living rose by two-tenths of one per cent in July to a record high, largely because of higher prices for several important foods and services.

The Bureau of Labor Statistics said that the cost of living index in July was 1.1 per cent above a year ago.

As a result of the higher living costs, about 150,000 workers will receive pay increases of one cent an hour. Their union contracts call for quarterly reviews and pay increases of 1 per cent.

These workers include about 75,000 in the automobile and auto parts industry, 25,000 in the steel industry, and 50,000 in the aerospace industry.

Oakley Holds Hearing for Phone Plan

OAKLEY, Aug. 28 (UPI)—Installing a telephone system in Oakley is the subject of a public utility commission hearing today.

The hearing is being conducted by Commissioner A. O. Ebbesen, assisted by R. E. Larson, director of utilities, was received and the tape will be heard by the full commission in Boise.

Art Brown, Boise, chief engineer, testified the company would experience an annual loss of \$4,000 and it would take \$75,000 worth of additional equipment to install the extended area service between the two towns.

Vern Rogers, Boise, supervisor of planning, stated a survey showed 75 per cent of Oakley residents call Ebbesen at least once a month. The survey also indicated a need for a telephone system.

Police Still Trying to Find Girl's Parents; Lead Fails

INDIANAPOLIS, Ind., Aug. 28 (AP)—Police were back today at their starting point of a week ago in their efforts to identify Smiley, the lost little girl whose name they don't know.

What they regarded as their best lead among hundreds of tips from across the nation evaporated Monday night when a Minnesota woman's real daughter was located.

Lillian C. Oachs, 37, Hinckley, Minn., had identified Smiley as her daughter, Carl Gay, who had been missing a year and a half.

But while Mrs. Oachs and officials here awaited arrival of a birth certificate to confirm her identification, police in Duluth, Minn., disclosed the arrest there of Mrs. Oachs' former husband, George Oachs, 42, on a kidnapping charge, and the recovery of Carl Gay.

Duluth police said the Oachs child was in a private home where the father had put her while he worked at a service station under an assumed name.

Smiley was found sitting on a downtown doorstep about 2 a.m. eight days ago.

Minneapolis Smiley by nurses at Children's Guardian home, the blonde, blue-eyed waif is believed to be about 3 or 4 years old. She can't or won't tell her name, has spoken but rarely and officials say she is suffering traumatic shock, apparently from being lost.

Man Thinks of His Family, Sharks During Day in Ocean

POMPANO BEACH, Fla., Aug. 28 (AP)—For 20 agonizing hours, Max Butcher fought a fearsome sea, thinking of his wife and six children—and the sharks.

"All I could think about were the sharks somewhere out there and I knew I'd never see my wife or kids again," said Butcher, 25.

He and two companions were thrown into the Atlantic ocean when a 21-foot boat sank under them Saturday about 10 miles from shore.

The companions, George Hardy, 33, and Peter Thorn, 21, made shore on their own—Hardy after 12 1/2 hours, Thorn after 15 hours.

The coast guard found Butcher around noon Sunday and plucked him from the sea, where he said he was "convinced all hope was now gone."

Sea water and constant calls for help left Butcher with a voice weak and throat raw. "He told a story of fear that gave place to despair before final rescue."

"For God's sake, George, please try to make land," Thorn pleaded at all," Butcher called to Hardy

to his arm waving. By that time Thorn was making his second attempt to swim ashore.

"Convinced all hope was now gone," Butcher continued, "I turned my face toward Heaven and told God if it was His will, then I was ready and with child I slipped out of my life jacket and cushion and prepared to die."

"As the first surge of sea wa-

ter filled my mouth and blinded my eyes I heard the blast of a ship's horn.

"God, you've answered my prayer," I whispered.

"There came a beautiful coast guard cutter and when the crew saw my condition several sailors dove over the side and helped me aboard."

Patman, a populist, has a populist's view of the world. He is a populist, and he has a populist's view of the world. He is a populist, and he has a populist's view of the world.

AT WAR WITH FOUNDATION—Today, however, Patman has shifted his strategy to launch a one-man investigation that ranks politically, if not public opinion, with the federal Reserve board and president, including even Democratic incumbents of the White House. His basic concern is not to get the Federal Reserve board and president, including even Democratic incumbents of the White House. His basic concern is not to get the Federal Reserve board and president, including even Democratic incumbents of the White House.

FAVORED BORROWERS—He says they have assets in such diverse fields as "Russian rubles, race tracks, motion pictures, mortgages, building contracts and real estate, etc., etc." He charges they hurt small business by lending money at 3 1/2 per cent, while the "little fellow" pays 6 or 7 per cent. They Ducked It

Congress has taken a rather amazing action in referring to the 50 states a constitutional amendment aimed at killing the poll tax. If passed by 98 of the states in the next seven years, the amendment would eliminate the poll tax as a qualification for voting in a federal election.

There's not much doubt that congress could have passed a law repealing without amending the constitution. But there are a few reasons why congress has had a rough time this year as the majority party tried to keep its forces intact—and failed.

Crime Rate Higher by 6 Per Cent

WASHINGTON, Aug. 28 (AP)—The crime rate in the United States jumped 6 per cent during the first half of this year over the same period of 1961.

Over-all crime, things got a little better in the large cities but were worse in rural areas but were worse than in-between population areas.

FBI Director J. Edgar Hoover's report which Atty. Gen. Robert Kennedy made public Monday, said the total of aggravated assault rose six per cent, murder one per cent, forcible rape three per cent, auto thefts were six per cent higher, and burglary one per cent of 450 and over three per cent and burglary one per cent.

Murders soared 10 per cent in cities between 500,000 and 750,000 population. Murder, aggravated assault, forcible rape and robbery increased seven per cent in cities over 100,000 population.

In all crime categories, Hoover said the largest over-all increase was a six per cent rise in cities between 10,000 and 25,000 population. There was a five per cent rise in cities ranging from 250,000 to 750,000 people.

There was a two per cent decrease over-all crime in cities in the population range of 750,000 to a million. Burglary registered a crime rate five per cent under that of the first six months of 1961.

In the western states reported a crime increase of six per cent, the northeastern states a one per cent and South Atlantic states two per cent. The north-central states reported a one per cent decrease.

Five Injured Slightly in Road Mishap

RUPERT, Aug. 28.—Five Rupert residents were treated for injuries and released from Mindoka county memorial hospital after a truck-pick-up collision three miles north of Rupert at 8 p.m. Monday.

Injured were Mrs. Thomas Rogers and her son, Allen Rogers, 13; Mrs. William Rogers, her son, Billy Rogers, 8, and John Dobbins, 12. Mrs. Thomas Rogers and her son and Mrs. William Rogers all had facial lacerations and lacerations, as did Dobbins. Billy Rogers had a cut on his eye. None of the injuries were serious.

The accident happened when Mrs. Thomas Rogers made a left turn into the path of a 1958 GMC truck driven by Ted Ketterling, Rupert, who was driving Mrs. Rogers was uninjured. Mrs. Rogers was driving south on Meridian road and was turning onto a county road when the truck, going north, hit her International pickup truck, police reported.

Also in the Rogers pickup truck, but uninjured, were Mrs. Thomas Rogers' daughter, Jean Rogers, 3, who was riding with her mother and Mrs. William Rogers in the truck cab. Mrs. Thomas Rogers' other daughter, Rita Rogers, 5, and Joan Rogers, 8, and Billy, Billy was the only one of the children thrown onto the road.

Mrs. Thomas Rogers was cited for failure to yield the right of way while making a left turn. Ketterling, driver of the GMC truck, was cited for operating a truck with no clearance lights.

The accident was investigated by the Idaho State Police. Roy Thomas, Mindoka county Deputy Sheriff Howard Platz and Rupert City Patrolman Kenneth Hill.

Panama "Revolt" Is Short Lived

PANAMA CITY, Aug. 28 (AP)—Panama's 30-man "army revolt" appeared today to have collapsed with the capture of its leader, Lt. Maj. Manuel J. Hurtado, and by his men.

Hurtado was brought in last night with a bullet in his leg and taken under guard to Carol Tomas hospital. Loyal troops were combing the jungle around Panama, 18 miles northwest of here, for remnants of his band.

It was not immediately certain who shot Hurtado. The only shooting known to have occurred in the uprising was a burst of submachine gun fire loosed by Capt. Boris Mattini at a "suspicious movement" in the jungle.

Only 400 Attend School Opening

NEW YORK, Aug. 28 (AP)—Dr. Fred C. Schwarz's five-day New York school of anti-communism opened to a small enrollment which one official of the campaign called disappointing.

Only about 400 persons attended the morning and afternoon sessions Monday. The evening sessions started at Carnegie hall with about 300 persons present, but the attendance increased to about one-fourth of the hall's 1,000-seat capacity.

Schwarz, 49, a Baptist lay preacher and a physician, has conducted similar schools in various parts of the United States.

Restitution

KANSAS CITY, MO., Aug. 28 (AP)—An unidentified woman yesterday gave the city a check for \$4,343.28—full restitution for money she said she stole from the public works department while she was employed there.

Ben M. Powers, acting city manager, would not identify the woman.

"Why should we expose her. She has children and a husband employed," he said.

Powers said facts of the case were turned over to the Jackson county grand jury.

"Any prosecution will be up to them," he said.

2,000 Expected at T. F. LDS Stake Quarterly Conference

About 2,000 persons are expected to attend Twin Falls stake LDS quarterly conference Saturday and Sunday in the stake tabernacle, 421 Maurice street N. H.

Featured speaker during conference sessions will be Elder Boyd K. Packard, Salt Lake City, and assistant to the church's council of twelve apostles.

Accompanying Elder Packard will be Elder Walter Glavin, a member of the church's general welfare committee and director of the church welfare plan.

Special leadership and welfare meetings will be held Saturday evening for members of the church. The public is invited to attend Sunday sessions at 10 a.m., 2 p.m. and 8 p.m.

Elder Packard is a member of the administrative council of Brigham Young University, Provo, and the church's unified school system. His work is primarily in the seminary groups for high school students and the institute program for college students. The two programs involve about 75,000 youths in the church enrolled in religious education classes.

He received his doctor of education degree from BYU this year and his education certificate includes experience as seminary instructor, coordinator of Indian affairs at the Brigham Young Indian school, Brigham City, Utah, and assistant to the vice administrator of the church's administrative program for college students.

During World War II he served as a bomber pilot in the Pacific theater. He has served Glavin as a member of the city council in Brigham City where he received the junior Chamber of Commerce distinguished service award.

Twin Falls stake President Joel A. Tale, 1024 Shoshone street east, will conduct the Sunday morning and afternoon sessions. The Sunday evening meeting will be conducted by the stake Mutual Improvement association, under the direction of George Hanes, Jr.

Music for the morning session will be furnished by combined singing Mothers, comprised of ward Singing Mothers groups from throughout the stake. They will sing with a larger Singing Mothers group from Magic Valley during the church quarterly conference Oct. 3-7 in Salt Lake City. The choral group will be directed during the Twin Falls conferences by Mrs. John Henshell, with Mrs. Wilma Carlson, Buhl, as organist.

The stake youth choir, under the direction of Mrs. Larry Arraga, will furnish music during the afternoon session.

Reaction

VEDDESSA, Italy, Aug. 28 (AP)—Hunter Ernesto Bonanni noticed his dog on the head Sunday and started a chain reaction that sent him to the hospital.

The dog wagged its tail. The tall hit the gun. Bonanni had rested against a tree. The gun fell to the ground and went off.

Doctors said Bonanni probably would need 10 days to recover from the pellet wounds.

Boyd Confined To Jackson Store

JACKSON, Wyo., Aug. 28 (AP)—A spectacular fire which threatened to engulf an entire block of Jackson's business district Monday night was contained virtually to one store—the Jackson Trading Post.

Merle Earl Henry Ponda joined dozens of volunteers to carry merchandise from the adjoining Jackson hardware store, which incurred only minor damage when flames licked through the thick log walls of the Trading Post.

Damage to the trading post was estimated by an accountant at \$150,000 to \$165,000.

Official Says Postal Unit Passes Blame

BOSTON, Aug. 28 (AP)—The head of the Massachusetts state police last night accused postal inspectors of passing the blame for the 1.5 million dollar Plymouth mail truck robbery. The state police chief, Commissioner Frank B. Giles said the postal authorities were "furious" to get out of their "responsibility." Giles, replying to what he called an "unfair" criticism of the state police, said the postoffice department was negligent in appointing inspectors to handle money from Cape Cod to Boston in highly guarded parcel trains.

Miss Davis and Hunsaker Say 'Hospital Promise'

GOODING, Aug. 28—Barbara Davis, daughter of Mr. and Mrs. Orval Davis, Gooding, became the bride of Dean H. Hunsaker, son of Mr. and Mrs. Hulton Hunsaker, Murtaugh, at Gooding, this morning.

The Rev. Earl Shultz, Twin Falls, grandfather of the bride, performed the double ceremony, assisted by the Rev. Paul M. Johnson, pastor of Rhoshona Baptist church, Gooding, who officiated and presided over the wedding. The bride wore a floor length dress designed with long sleeves, sweetheart neckline and full skirt. A lace mantilla hung from the well and she carried a white Bible belonging to her grandmother, Mrs. Earl Shultz.

The bride's bouquet was made of red roses tied with white tulle and white satin streamers. Mrs. Fay Gray, Twin Falls, was maid of honor. She wore a yellow tulle gown with a net overlay and carried white feathered corsages fashioned into a colonial bouquet.

The bridesmaids were Alice Jean Scanlon and Mrs. Ann Shultz, both of Twin Falls. They wore green tulle dresses with net overlays and carried bouquets of white-fashioned carnations.

Candlelighters were Shirley Myers, Gooding, and Mrs. Shultz, Twin Falls. They wore green tulle dresses with net overlays and each wore a wreath of white tulle and white streamers.

Karen Belinger, Gooding, was flower girl. She wore a yellow organza dress and scattered rose petals from a white flower basket.

Eddie Schoenhals, Beneca, Mo., cousin of the bride, was ringbearer.

James Hunsaker, Murtaugh, was best man, and Jack Lane, Gooding, and Ed Laramie, Twin Falls.

Mrs. Marjorie Hill, Boise, sang "Because," accompanied by Mrs. Bonnie Osborne at the organ. Jim Freeman, Caldwell, sang "The Lord's Prayer" accompanied by Diane Haasch, Boise.

The bride's mother wore a blue lace dress with a red rose corsage. Mrs. Hunsaker chose an orange and white gown for her son's wedding and accented it with a white carnation corsage.

At the reception after the ceremony Mrs. Jim Myers, Plainview, Tex., had charge of the guest book, and Mrs. Bob Eynard and Madeline Reynolds arranged the gifts.

The bride's table was covered with red over-all embroidered with white blossoms. The table was centered with the three-tiered wedding cake, trimmed with yellow and white roses and topped with bridal figurines. It was served by Mrs. W. C. Gray, Mrs. Joe Calif, a great aunt of the bride.

Mrs. Gray was assisted by Mrs. Ruth Freeman, Caldwell, a cousin of the bride. Punch was served by Mrs. J. A. Schoenhals, Beneca, Mo., aunt of the bride. Mrs. Opal Lambing, Twin Falls, also aunt of the bride, presided at the coffee service.

Assisting with the serving were Mrs. Hazel Davis, an aunt, Mrs. Mildred Patterson, Mrs. Lois Kelly, Mrs. Mildred Daumer,

CARROLL'S CHATTER

All charm editors, consultants and what-have-you will tell you to always be young.

No doubt this is very good advice for day-in-and-day-out living; but that's not what you often thought how much fun it would be — to be someone else?

Always thought it would be fun to be a news reporter, having a perfect right to walk up to people and ask where they are going and anything else you might like to know about them.

Since they say "familiarity breeds contempt," just think of working in it and getting so familiar with all that money you wouldn't care for any of it!

Or to be going back to school against that would really be something especially with all the new back-to-school clothes.

And, of course, that brings us right back to Carroll's. All-wishful thinking aside, the new fall clothes are just what you need. There's a campus cut in suede cloth with a big convertible collar, a parka with a fur-trimmed hood, a hat with a big band and will keep you as cozy as if it had, \$39.95.

A new all-weather coat is a velvet-collared Chatterfield. It's made of a cotton twill that's washable (it is in rain-repellent, 29.95).

We also have school dresses, date dresses, lingerie and robes — all that's needed to fill up that trunk. We invite you to see them today at Carroll's in downtown Twin Falls.

Revolt Against Humdrum Life Sweeps U.S.

NEW YORK, Aug. 28 (AP)—There's a quiet rebellion going on in our land, a revolt against the humdrum.

It shows in numerous treatises on the subject of the different-approach to cooking (eat better the 30-second way), "making the wild asparagus," the different way to spend leisure time (mountain climbing, skin diving).

would appear from assorted studies of the modern housewife and that she's a ring-leader in this desire to break with conformity. The latest examination of the distasteful rebellion to come across this week is an article called "11 ways to break your routine." It contains excerpts from letters from 20,000 women who wrote Bessie Coleman magazine how they changed their pattern for daily living.

Miss Dietrick Is Engaged to Wayne Walker

MIDDLETON, Aug. 28—Mr. and Mrs. Ray Dietrick, Middleton, announce the engagement of their daughter, Marlene, to Wayne E. Walker, Hazelton, son of Tillman Walker, Marsing.

The bride-elect is a graduate of Middleton high school and is employed at the Bank of Idaho, Caldwell.

Walker is a graduate of Marsing high school. He is employed at Beatway Building center, Hazelton.

The couple plans an early fall wedding.

MRS. MELVIN ROYER

Miss Wadsworth Is Married in Alaskan Rites

Jaqueline Wadsworth, daughter of Mr. and Mrs. O. E. Wadsworth, Twin Falls, was married to Melvin Royer, son of Mrs. Mabel Royer, Lancaster, Pa., on Aug. 17 at a unique Alaskan ceremony.

The bride is a 1957 graduate of Twin Falls high school and a 1957 graduate of Seattle university's school of nursing. She is a registered nurse.

Royer is a graduate of Pennsylvania State University, University Park, Pa. He is employed by the federal government and serves on the civil aeronautics board in Junesau.

The couple will reside in Juneau. They leave Alaska Oct. 1 for a two-month vacation in Hawaii.

Clean out a closet. Redecorate a room.

Go to a concert in the park. Cheer up an ailing neighbor whom you've been neglecting. Take along a bouquet you grew yourself.

Sprunge on a heavy perfume. Take a walk in a part of your town you've never explored. Take a walk in the country and help yourself to a rediscovery of the world you live in.

Look up at the sky to see how clear its blue on a perfect fall day.

Stop what you're doing right now and take time for day-dreaming. In today's busy world, there should be a few idle hours for soul-restoring.

Cook that recipe for "egg at a tin" you clipped from the food columns of your newspaper and serve it by candlelight with CLOTH napkins and silver utensils reserved for company.

Political Battle Tangles Running Of Asian Games

JAKARTA, Indonesia, Aug. 28 (AP)—Japanese athletes pushed for ahead in the unofficial point standings Monday night, while controversies swirled from all directions around the fourth Asian games. Communist China took a secondary role to the focus over the rejection of Israel and Nationalist China. In fast-paced developments:

Tainted Hoop Player Put On Probation

DURHAM, N. C., Aug. 28 (AP)—Luis John (Lou) Brown, former University of North Carolina basketball player who pleaded guilty to game-fixing charges, received a probationary sentence Monday in Durham superior court.

The 18- to 24-month term dealt Brown was suspended on five years of good behavior and payment of court costs.

Before passing sentence, Judge Henry A. McKinnon said he had taken into consideration Brown's help in the investigation of "the fix" and his efforts at rehabilitation.

Through defense attorney Carl Churchill, Raleigh, Brown told the court of his plans to enter East Carolina college in the fall.

"They know the full status of his criminal activities and he accepted him," Churchill told the judge.

Judge McKinnon, who expressed the opinion that Brown's involvement in the game-fixing scandal was not all his fault, told the 22-year-old former star of the "I" that he is a proper candidate for probation. If you mean to reform yourself, here is your opportunity.

Cepeda Is Hitting but Mays Still Off

NEW YORK, Aug. 28 (AP)—Orlando Cepeda is back in a hitting hot of his usual snaking San Francisco teammate, Willie Mays, has been virtually out of the lineup.

Mays will have to get back on the beam soon if the Giants are to gain further ground in their bid to overtake the Los Angeles Dodgers, National league peacemakers by two and one-half games.

In six games last week, Mays had three hits in 22 tries (13.6 percent). He drove in only one run, giving him 100 for the campaign and failed to hit a homer, leaving his league-leading total at 38.

Cepeda, meanwhile, collected 13 hits in 20 at bats (65.0 percent), hammered six homers and drove in 11 runs. The surge gave the hard hitting first baseman 30 home runs, 98 RBI and lifted him into fifth place dead-end in the batting race with Felipe Alou of the Giants. Each is hitting .322.

Cepeda, who had only six hits in 20 attempts two weeks ago, still has a long way to go to catch leading leader Frank Robinson of Cincinnati. Robinson took over the No. 1 position despite a one point drop to 34 in last week's games. He had 10 hits in 31 attempts.

Tommy Davis of the Dodgers fell to second place at 240. He managed only six hits in 34 times at bat and dropped five points. However, he drove in three runs and lifted his leading figure to 124.

Hank Aaron of Milwaukee remained in third place although he lost four points to 238.

Dr. Peterson and Killen Share in Pro-Am Winnings

SUN VALLEY, Aug. 28 (AP)—Two pro-amers—Tom Killen and Dr. Peterson—shared the top honors for first place Monday in the sixth annual Sun Valley pro-am golf tournament.

Devo Killen, a Twin Falls professional golfer, and Dr. Willard Peterson, Twin Falls, had a 66 score. So did Larry Nielsen, Salt Lake City pro, and amateur Bob Wilkinson, Jr., Salt Lake City.

The low pro score was tied by Ralph Emery, Salt Lake City, a 72. Amateur Mack Neumann, Borjery, also shot a 72 and that was the lowest among the 300 amateurs. There were 24 pros competing.

Terry and Mantle Help Yankees Top Indians, End Losing String

Ralph Terry's three-hit shutout and four hits by Mickey Mantle gave New York a 5-0 victory over Cleveland Monday night, snapping the Yankees' longest losing streak in four years and boosting their American league lead to three and one-half games over idle Los Angeles and Minnesota. Terry, the AL's most winning pitcher, had the Indians almost completely handicapped as he brought his record to 19-10. The Yankees had dropped six straight.

The 26-year-old right-hander hurled perfect ball until Bubba Phillips singled in opening the sixth inning.

The other hits were a one-out single by Tito Francona in the sixth and a two-out ninth-inning infield hit by Al Lupow. Terry did not allow a runner to reach second base, walked none and struck out nine while facing only 30 men.

The Yankees scored two runs off 19-year-old rookie left-hander Sam McDowell (2-8) in the second inning when a double by Mottola and walks to Tom Fresh and Clinton Howard loaded the bases with one out.

McDowell was in constant trouble, giving up at least one hit in every inning until he was pulled in the eighth with two outs on.

Tom Cheney pitched his third shutout of the season and only his third complete game as Washington snapped Baltimore's five-game winning streak 7-0.

It was the first time the Senators have beaten the Orioles in seven games in D. C. stadium this season.

Cheney, who won his fifth against eight losses, allowed only four hits, including a double and single by Whitley Herzog. Cheney retired the last 12 batters after Russ Snyder and Herzog hit back-to-back singles in leading off the sixth.

Lu Clinton hit his seventh homer in 13 days and Carl Yastrzemski could not be stopped as Boston hammered Detroit 7-4.

The loser was lefty Frank Aquire, who saw his American league-leading earned run average jump from 2.15 to 2.24.

Clinton's two-run homer in the sixth inning assured the decision for the Red Sox. The outfielder also had an RBI double and a single in four trips.

Yastrzemski drove in three runs as he doubled, singled twice, walked and scored three times before being removed with a twinge in his back.

At Kalamazoo, the Tigers knocked out winner Gene Conley (1-11) with a two-run single in the seventh.

Meeting Set

JEROME, Aug. 28 (AP)—The first district activities association meeting will be conducted at 7 p.m. Tuesday at the Jerome high school.

Reiss Grabs Honors In T.F. Trapshoot

B. L. (Bernie) Reiss shattered 384 targets of a possible 400 over the week-end to claim the aggregate championship in the Twin Falls Gun club's mid-summer trapshoot. Reiss, who also won the handicap singles award, paced a field of shooters from throughout the intermountain area.

He ended the 200-target handicap competition with 195 hits, highlighted by his terrific 99-of-100 on the opening day.

Gene Shaff, Filer, won the class B division with 279 while Harry Workman, Rupert, took the class C championship at 353.

The class D leader was Russ Westenskow, Salt Lake City, who turned in a 354.

The special 15-yard singles competition, consisting of 100 birds, ended in a three-way tie for first. Reiss joined with Reiss Harris, Boise, and Doug Westenskow, Salt Lake City, with 99 hits.

Ken-O-Hillger, Gooding, and Harris turned in good performances in the second phase of the handicap singles, each shattering 27 birds. Reiss, for second, just one shot back, were Reiss, Barney Glavin, Twin Falls, and Tom Remington, Filer.

Shaff won the class B award in the 30-yard singles with 98 out of 100 while Brian Lovage, Ogden, and Harry Workman tied for class C honors with 86. Ruth Westenskow grabbed D division honors with 85.

Harris ended the tournament in second spot in the handicap singles, hitting 103, just two behind Reiss.

Wes Knudsen, 1960 national boat racing champion and "D Runabout" class winner at the Pineview Regatta says:

"GS-1000 ran real good. We won two firsts on it at Pineview this year. It gave us more power to pass our competition and come out in front both times."

"In competitive racing," Mr. Knudsen went on to say, "you need a gasoline that burns clean and has plenty of power. And, in our class, we're required to use gasoline that comes from the pump—gasoline available to anyone. At high speeds a gasoline absolutely must burn clean, otherwise, the plugs foul and trouble develops in the ignition system. We use GS-1000 in our automobiles, too."

Billings Thumps Cowboys 4-2 to Claim Second Half Pioneer League Pennant

BILLINGS, Mont., Aug. 28 (AP)—The Billings Mustangs clinched the second-half crown of the Pioneer league Monday night by defeating Magic Valley 4-2. The Mustangs jumped out in front when Zeke Faulkner doubled to left, moved to third on a ground out and scored on a wild pitch by Magic Valley rookie Dee Weber. Billings scored again in the third when Hoss Bolin smacked his 10th homer of the

Sports

FROM ALL ANGLES

BY LARRY HOVEY

When the Pittsburgh Pirates were oppressed by the arbitrary decision of their employers, management, to walk out on a baseball night, the club leader in St. Louis Saturday, they probably had a better understanding of the sympathy of about 5,000 more fans as to national baseball players.

On the other hand, the Pirates probably are probably something like a million dollars richer in assets than they were when they would trade with any of the Pirates players and take their chances on split doubleheaders. Well, maybe only 20,000,000 would like to see more major league. Let's not exaggerate.

So far as baseball goes, it is well settled split doubleheaders are the most popular development of the game. If further is understood that, except for rainouts, professional baseball players have five days off. It also is realized that most of them are from Oct. 1 through sometime in February and early March off, too. The Pirates' attitude is well understood by other players but from this angle it hardly appears to represent a "hungry club." One that has tasted the world series prize and money and would like to be back there again.

Basically the players didn't like the idea of a night game before a doubleheader. The offered alternative plans, including two day doubleheaders and/or play single games on Saturday, double on Sunday and the makeup game Monday, a day off.

The Pirates' protests fall somewhat on deaf ears. They are the elite of their profession—admittedly a tough game to learn but also bittered by a God with that extra physical something.

Two Cowboy rookies of the past two years, Al Durling and Doug Madson, who were scheduled to have the game to the point it is doubted whether split doubleheaders two weeks in a row would have worked.

This protest, still about as much sympathy as the equanimity from St. Louis. They are the 50's who complained when it was ruled all players had to bring their gloves into the clubhouse or than leave them strewn on the field. Some had the gall to complain this requires more effort if they were on base. They would have to go all the way to the dugout just to get their gloves and then return to their defensive positions.

On second thought, put that figure back up to 30,000,000.

An interesting instance of being in the right place at the right time was demonstrated Saturday by B. L. (Bernie) Reiss at Twin Falls.

Reiss picked that day to shatter 99 out of 100 targets in a handicap singles tournament section. His handicap puts him 23 yards from the trap pit.

It happened, that another man, Milton Youngs, Clearwater, fired 99 handicaps the day before in Vandellia, O.

For this effort Reiss may be picked up \$25 while Youngs, turning in the same feat, but being in the right place, picked up \$15,000.

"And that 99 probably will add another year to my handicap besides," groans Reiss.

Winners Noted in Golf Tournament

Mr. and Mrs. Vern Parkin and Mr. and Mrs. John Hovatt were the first place in a four-man team baseball tournament Sunday at the municipal golf course.

The outcome was 11 under par with Mrs. Cronin, using her handicap strokes to advantage, fell the toughest strokes below low par on the first two holes. She opened with net scores on the final and second holes—five and three pars.

Mrs. Adams, Dale Smith and Mr. and Mrs. John Hovatt combined one stroke behind for runner-up honors.

Ernie Craner Honored by Area Officials

Ernie C. Craner, who resigned last week as fourth district high school athletic commissioner, was honored by the area basketball and football officials Monday night.

Craner was presented with an engraved wrist watch, commemorating his many years as commissioner.

In other action, Harold Brown, Twin Falls, was elected president of the officials' association and the group recommended four men to replace Craner as commissioner. These included Carlos Berthacio, Shoshone; Frank Uriguen, Paul; Bill Lass, Jerome, and Zippo. The new commissioner will be selected Thursday night by the district board of control.

The group spent most of the evening studying rule revisions for the 1962 football season and heard veteran officials explain the mechanics of officiating. Some of Magic Valley men applied for certification.

"Big Three" Advances in Women Meet

ROCHESTER, N. Y., Aug. 28 (AP)—The big three of Anne Quast Decker, Mrs. M. G. Anderson and Barbara McIntire won at the first round of the women's national amateur golf championship, despite drenching early morning rain and afternoon heat that ruined most hot-and-dry and some golf games.

Former tennis queen Althea Gibson won in her championship debut; four-U. S. Curtis cup teammates of the big three survived; the Curtis cupppers played well; and a couple of new recruits popped up.

But when the 64 early morning to nearly dusk matches were over, the main players to watch still were Decker and Miss Anderson and McIntire, who among them have won the last five national championships.

Miss Decker shot the best golf of the three, going even par for 310 1/2 holes required to finish at 3-11.

But general Anne got a break. The heavy morning showers which soaked Miss Anderson, the 1957 and 1960 champion, ended by the time the defending champion teed off. And the 1957 and 1960 champion, headed by the time the defending champion teed off. And the 1957 and 1960 champion, headed by the time the defending champion teed off.

Yanks Figured to Win One More

By United Press International

Great strategist, that Ralph Houk.

"I figured we'd win one sometime. He said knowingly, working a clear around the corners of his mouth so as to conceal the tongue in his cheek.

"I realized our pitching was a bit thin when we went into Baltimore." Houk added, referring to those five straight losses at the hands of the Orioles. "But we're squared away now."

Ralph Terry, the Yanks' No. 1 "stopper" all season long, took care of that.

Fillies Favored in Hambletonian

DUQUOIN, Ill., Aug. 28 (AP)—The fillies are threatening to turn Wednesday's 37th Hambletonian into a gimcrab show, but standing firmly in their path as the unofficial 5-2 favorite is a big bay colt, A. C.'s Viking, son of Hot Man, the 1947 winner.

However, the sentiment of many horsepans fans, who flock to the DuQuoin state fair is the pure love of horse flesh, since pari-mutuel betting is prohibited, think this may be the first fly year in the trotting class for 3-year-olds since Emily's Pride won in 1957.

It took Emily's Pride three heats to 40, and another intense heat affair for the field of 15 is predicted this time after the draw for post positions pushed three prime contenders into the second tier for the first mile start.

No Serious Mishaps Mar Wagon Days

HALLEY, Aug. 28—Law enforcement officers report that Ketchum's sixth Wagon Days celebration over the week-end was free of any serious accidents.

William A. VanDyke, state patrolman from the Shoshone district, assisted Patrolman Halley in patrolling the highway.

Lester Jankov, Ketchum city marshal, was assisted by some 15 deputies during the celebration.

Patrolman Baker reported to the Blaine county sheriff's office Monday morning one accident in which three cars were involved. It was caused by the driver of one car not being able to bring his car to a stop when traffic in front of him suddenly halted.

Earl J. Heeb, Ontario, Ore., with Hazel Terry and Lynn Heeb occupants in his car was being driven by John W. Rice and heedled by a vehicle driven by Clemens Pereg, who was in the Ketchum Sheep company. Paul Heeb was accompanied by Timotee Sporovich and the car was being charged with a hit and run citation, and is also cited for driving on the wrong side of the road.

Carence R. Miles, Rigby, ran into a 400-pound firecracker, call six and one-half inches in diameter on highway 83. Riding with him were Mr. and Mrs. Gus Olson. Star. No one was injured and the car got up and ran away.

SOBBING and clutching her car, Mrs. Kenneth Farrell stands on steps of her home in Los Angeles after car smashed into it. Police said the driver casually walked away from the wreck, leaving the car's wheels spinning on the sidewalk because the throttle was stuck. (AP wirephoto)

Program Completed to Revalue T.F. County Property, Assessor Reports

(Continued from Page One)

Twin Falls county urban residential improvements have been completed except current construction. New construction additions are checked and added to the records each year.

"Total values of residential property will not be complete until appraisal of urban lot values are made by personnel of the state tax commission."

"The original appraisal of all farmlands and farm improvements has been completed and many of the computations have been completed, which are giving an indication as to whether there will or will not be increases in these properties."

"Since March 1 of this year, a recheck of the appraisal records, both in the cities and in the county, has been in effect. This is a very important phase of the program to insure proper values before entry on the tax rolls."

"In rechecking these property values, the field appraiser makes every effort to contact the owner or to get verification of the appraisal record for completion of the program. Where the computation has been completed and this is particularly true at the present time on farmlands and farm improvements, the owner is being advised of the tentative new values as determined by the equalization program and for comparison to the present existing value showing either an increase or decrease."

"In the event that the taxpayer is not available when the field appraiser calls, or if the computation is not complete, the appraiser will recheck the appraisal record and a notification will be mailed from the assessor's office, if an increase is noted in the computation."

"This mailed notification will be made only where advice of any value change cannot be made by personal contact."

"Upon receipt of a written notification by mail, the assessor's office would suggest that the taxpayer visit his office at his convenience to check the completed record for accuracy and verification before it is entered on the tax rolls, thereby assuring a better program."

"The rechecking phase of the equalization program will be continued with permanent employees of the assessor's office all this program in the same spirit; other employees having been discontinued at the completion of the appraisal record work in January of this year."

"Further written notification of any increase in assessed values in farm areas will be mailed at each area is completed."

"The assessor's office would like to point out that, until all the computations on all properties have been completed and an abstract made of the total county values, the ratio determined values is only tentative; however, we believe the new figures to be reasonably correct."

"As your county assessor, I am hopeful that the taxpayers of Twin Falls county will accept the entire length of this program; that the new assessments will be effected, which is one of fairness to one and all."

Growers Hit Abolishing of Wheat Group

LEWISTON, Aug. 28 (AP)—Several Idaho wheat producers, prominent in state organizations, have expressed opposition to a proposal by Democratic candidate for governor, Vernon E. Smith, that such agencies as the Idaho wheat commission be abolished to cut taxes.

Growers generally echoed the words of B. H. Wittman, Lewiston, past president of the Idaho Wheat Growers, when he stated Smith "has gotten into something he knows entirely nothing about."

Smith said that by eliminating such agencies as the department of commerce and development and the wheat commission he could cut the state budget by eight million dollars.

Wittman pointed out that the commission is supported by a half-cent-a-bushel tax on wheat paid only by producers. He said the commission used the revenue to develop foreign markets for Idaho wheat to promote the commodity and conduct research.

Adrian Nelson, Genesee, who served as chairman of the commission last year stated that the wheat growers association developed the idea for the wheat commission and took it before the state legislature.

"The wheat men are the ones who asked for the tax. I think we have done some real good for the wheat industry in the state," Nelson said.

Charles E. Gabby, Lewiston, the state commission's first chairman, said Smith couldn't abolish the agency by himself.

"In the first place the wheat commission wasn't created by a governor and probably won't be abolished by a governor," he remarked.

Whitewash

SHAMORIN, Pa., Aug. 28 (AP)—The town of Tharpstown got an unexpected whitewash Monday due to a highway worker who meant only to paint a new divider line along route 22.

A hose connected to an automatic line painter sprang a leak as the unidentified worker drove through the center of town.

Quick-drying white paint gushed from a 200-gallon pressurized tank onto the road, sidewalks, fences, lawns, flowers, hedges, cars and trucks.

Police said the worker traveled at least two miles—almost to the town of Tharpstown—before honking horns alerted him something was wrong.

Boy With Bullet Lodged in Brain Eyes Return to School

SPRINGFIELD, O., Aug. 28 (AP)—Donald Pitzer, Jr., has the usual teen-ager's ravenous appetite.

Don jokes a lot and looks forward to returning to his junior high school classes next month.

But Don gets dizzy sometimes and has a headache.

The 14-year-old youth has a .22-caliber bullet lodged in his brain.

He was accidentally shot in the left temple by a young friend, Doctors at Columbus Children's hospital said. It was too risky to operate.

Don was kept hooked in bed for 10 days. His body temperature was dropped from the normal 98.6 to 88 degrees to slow his circulation and reduce the pressure on the brain. Doctors say they believe scar tissue will build around the bullet and hold it in place.

The youth spent 16 days in the hospital and came home to Springfield last Sunday.

On Sept. 7, Don will have an examination. The results will probably determine whether he can go back to school but he has.

APPLY NITROGEN NOW

put crop residues to work for extra profit

Fall-applied USS Nitrogen plowed down with crop residues can increase your profits! Nitrogen speeds the decomposition of grain stubble, corn stalks, potato vines and other crop residues. Nitrogen helps transform residues into soil-building organic material by spring. The results: Greater soil productivity and higher profits for you.

How much nitrogen? Research shows that about 20 pounds of available nitrogen is needed to decay one ton of residue. Therefore, 60 pounds of nitrogen is required to handle the straw produced from a 60-bushel small grain crop. For best results, apply the recommended amount of nitrogen for the crop to be grown, plus the additional amount required to decay the residue to be plowed into the soil.

Apply nitrogen this fall - avoid the spring rush. Insist on USS Nitrogen Fertilizer, made by United States Steel. Order USS Anhydrous Ammonia-USS Ammonium Nitrate, or USS Ammonium Sulfate from your dealer now.
