### TWIN FALLS SEWAGE TREATMENT PLANT

Shows the way from the south rim of the Snake river canyon above the plant. The black squares at left are the sludge drying beds. The white squares at right are the clarifiers. They are 75 feet in diameter and sewer from the city is put in them in the first phase of treatment. From here the sewage goes to the two smaller clarifiers, known as the digesters. Here the waste remains for 20 days. The waste is then taken to the sludge drying beds and from there to the river. (Times-News photo)

### Sewer System 95 Per Cent Complete Now

Continued From Page One  
The canyon connection will take the flow from the Blue and Ferris trunks into the treatment plant. It will flow to the south side access road, the fifth at Otterish avenue, and follows Rock creek canyon to the south side of the creek. It will go to the hospital. At this point there is a pump station to flow into the city trunk.

The treatment plant is located at a point in Snake river canyon downstream from where Washington street north intersects the site at lookout point. The main trunk sewer will enter a structure where it will be pumped into two clarifiers. The waste will remain in three clarifiers before going to a temperature of 90 degrees to maintain it for use in digesters. The waste will remain about 20 days.

The sludge from the heavy material will sink to the bottom and the light sludge will float. Both of these will be drawn off and go to great sludge drying beds located along the river bank. A sludge pump will return any non-drying material to the plant at a specified time for purification.

The water from the digesters will go to the chlorine contact chamber and from there into the river.

### Memberships Mailed for Concert Plan

BURLEY, Oct. 6—Mrs. Preston Stocks, president of the Mont-Casa Community concert, announced today that 70 memberships have been mailed.

The campaign was very successful, with 711 memberships sold, she said. Mrs. Stocks expressed appreciation for the efforts of the Mont-Casa workers in the sale, and the cooperation of organizations and business firms who have donated tickets to be used by students through the year.

Funds purchasing memberships which are given to the high schools in the area to be used by interested students include: Don's American, Baker Texaco, Minnesota, Chamber and Farm Supply, Papi Auto and Mercantile, P. J. Kelly's Cleaners, Jett's Repair, and Bahantyan's. Mont-Casa staff members include: Mrs. M. C. Lynch's Service, and Upt's Service, all Delco; Bunch Keweenaw club, Paul L. Lott's club, Rupert Rotary club, Deco Kluge's club, Land and Tire Service, Cassa National bank, Idaho Bank and Trust company, Burley Realty, Sprague's Sport Shop, Burley Gas club and Burley Rotary club.

Concert dates which have been confirmed include a piano duo of Mrs. Stocks and Clifford Wolfe at 3 p.m. Oct. 28. Their program will include some of the duo's outstanding compositions. On a recent appearance as guests of the Toronio symphony, the duo and Mail cited "the concertmanship" not only in ensemble balance and dynamics but also in approach and feeling.

The San Antonio Symphony, with David Harrison as piano soloist, will entertain members Jan. 26.

On Feb. 4, 1953, folk singers, Frances Archer and Beverly Gill will present a program of international songs and ballads.

On April 3, soprano Camilla Williams, who has an impressive list of operatic and recital appearances, will offer the last concert of the season.

Mrs. Stocks pointed out that memberships may be used in any community having a community concert program.

### Shootings Told At Negro Homes

HARMONY, Miss., Oct. 6 (AP)—Reports of potatoe beetle taken at more than six Negro homes and a store in the Harmony community and three additional racial incidents involving so-called "shot" cocktail bottles had been made by the NATIONAL Association for the Advancement of Colored People.

Megar Evers, NAACP Mississippi field secretary, said the houses and stores in the little Negro community "were shot into by roving bands of whites." He said there was some damage but no one was injured.

## WHIRLIGIG

By RAY TUCKER  
WASHINGTON, Oct. 6.—The current concern of Attorney General Robert F. Kennedy and his cabinet is not so much the difficulties like those in Mississippi have distracted their attention from the fact that the nation's political scene is now swirling the nation—the incidence of crime which has been treated too leniently by prosecutors, juries and judges, the failure of police statistics, congressional protests and newspaper editorials, a large and growing percentage of the most ruthless burglars, holdup men, muggers and bank thieves who have been treated too sympathetically by the bench, and the failure of the nation's police to pursue the more serious crimes.

Again and again, public officials' associations have pointed out that general public law enforcement officials are being neglected. J. Edgar Hoover, head of the federal bureau of investigation, has been interviewed in the official papers and newspaper interviews, especially with regard to communism. The careless disposition of congressional inquiries, and the failure of the nation's police to pursue the more serious crimes.

HIGH COURT HELPS—Even a supreme court ruling seems to lean toward the criminal's side. Despite public protest, the high tribunal outlawed arrests because the arrests were made without a warrant. Numerous violators freed in this fashion have been caught and convicted of crimes soon after their release.

DESPITE OFFICIAL DENIAL, Harry J. Anslinger was not renounced as narcotic commissioner. He did not deny the treatment of addicts, most of whom eventually break the law in order to obtain more of the first-line offenders.

PROBATION FOR BANK ROBBERS—Although members of congress are not to be blamed for the crime, they can pass laws, but they cannot enforce them. Three congressional secretaries have been assassinated within the past few months. The police have arrested two bank robbers who were treated so leniently that they have lost fear of the law enforcers.

UP TO THREE MEN—The task of correcting the nation's economic ills is not a simple one. It requires the cooperation of congress, the executive branch, the judiciary, and the public. The task of correcting the nation's economic ills is not a simple one.

TRAGICALLY, it took World War II to revivify the economy. Even though the humming factories were devoted to producing materials destined only for destruction, the nation regained its economic strength and has increased it ever since.

Should the day ever come when peace breaks out, the idea of having a national day is no longer as hollow as it was. It is the growing importance of the space budget.

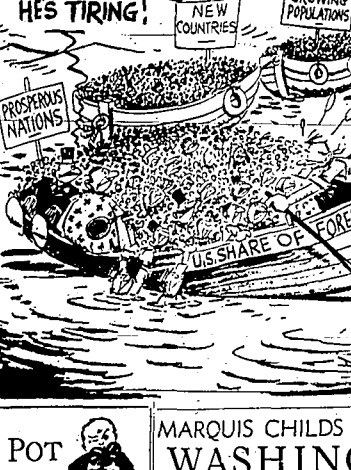

SOME persons have expressed hope that space exploration may provide a moral equivalent to war. It may also provide a financial equivalent.

Those who want more money spent on earthly, human needs will get their money. They will get it from the surplus wealth generated by a nation busily striving toward an important national goal.

WORDS, MUSIC  
Since communism is a dogma, and dogmas carry the burden of having always to be right, constituting a history to fill the facts of the present.

THE heroic struggle, for instance, of the Bulgarian people over capitalism and fascism, their great industry, the successes in the building of socialism, the unshakable faith of the Bulgarian people in the full triumph of peace and communism in the world.

Why the chance? The author, unfortunately, contains such offensive words as: "The great sun of Lenin and Stalin illuminated our road with its beams."

Have you anything to fear from the growing power of the military? I have not. I have only to be reassured in recent months by the fact that the military has been retrained by the leaders of our country.

Since the founding of our republic, the relationship between the military and the civilian leader has always been defined clearly. Through the years it has been understood and respected.

Today, the civilian election at the top of each division of our government is a noble and a noble protection against military domination.

Browsing said the football contest will be held at 10 a.m. Oct. 13 at Harmon park and boys are urged to register now. They may register until Oct. 13 at Union Motor company or at Harmon park Oct. 13 prior to the contest.

Prizes for the contest will be furnished by the Ford Motor company. Prizes include football helmets, autographed footballs, kicking tee and official regulation size footballs that are autographed.

The contest will be divided into three groups, so each boy competes only with boys his own age. Boys who have not reached their seventh birthday by Oct. 31 or have passed their 12th birthday, by Dec. 31, will not be eligible to compete.

Browsing said contestants will punt, pass and kick, using a kicking tee on a specially marked field, approximately 150 feet long and 50 feet wide. The contestants are scored on distance and accuracy in each of the three categories, punting, passing and kicking.

Judges will score one point for each foot of distance the ball travels on the fly, minus one point for each foot ball lands to the right or left of a center line. In case of ties, tie-breaking rounds will be held.

Browning explained that no special footwear may be worn. Only ordinary street shoes or sneakers may be worn by the youngsters, he said.

Boys in age groups seven and eight will use a junior-size football and boys in the other three age groups will use a regulation-size football, he added.

### Elks Lodge Scholarships Are Offered

To aid the nation's superior students, the Elks National Foundation is offering 142 scholarships totaling \$10,000 in its 1963 Most Valuable Student competition, announces John P. Leinen, exalted ruler of Twin Falls lodge No. 1181. According to Leinen, the scholarships range from \$100 to \$1,200, with boys and girls competing separately for identical awards.

Leinen said this is the 20th consecutive year the foundation has offered scholarships designed specifically to provide financial assistance for exceptionally talented, but poor, students. To be considered, applicants must have a scholastic rating of 80 or better, and be in the upper five percent of their class. Other merit standards are citizenship, personality, leadership, perseverance, resourcefulness, patriotism and financial need. The competition is open to all high school seniors or college students.

Leinen said application forms may be obtained from Dr. Richard Roberts, 1435 Wilmore avenue, Twin Falls, or from the principals or counselors at the high schools in Magic Valley. Applicants should obtain endorsement of the Twin Falls lodge so that the completed brochure may be filed with the secretary of the state Elks association by March 1, 1963, Leinen added.

Leinen explained that the foundation does not limit the award to the country's top students. Other scholarship programs with less scholastic requirements provide assistance each year for nearly 200 students. In addition, Leinen said, the foundation makes many grants each year to doctors, nurses, therapists and technicians for advance training in cerebral palsy therapy.

### Irrigation Plan Reported at Paul

PAUL, Oct. 6 — A committee from the high ground across the railroad tracks in Paul attended the town council meeting Wednesday evening in the village hall to ask for irrigation water for next year.

It was decided that a survey be made for high spots to help determine the best method irrigation system to be installed. It is planned to have it completed by spring, Mayor Tom Felton said.

Willup Robinson, in charge of Paul sanitation, was granted a raise in salary. It was stated that streets had been surveyed for numbering and paving, but that nothing further could be done until a grant of federal aid is received.

The possibility of writing an ordinance for the numbering and houses in the city limits was discussed and it was decided that the Burley ordinance concerning this matter be studied at the next meeting before any action is taken.

### Jordan to Talk Monday at Buell

BUZZ, Oct. 6 — Sen. Len B. Jordan, Republican nominee to the United States senate to fill the unexpired term of the late Sen. Henry Dworakoff, will be the guest speaker at the Buell Chamber of Commerce meeting Monday noon at the R and R hotel.

All members of the local chamber are urged to attend and hear a report on national legislative issues to be reviewed by Senator Jordan.

Senator Jordan also will participate in the official opening of the new Republican headquarters located in the Griffin building on Main and Broadway streets here and will then speak to all interested persons during an open house at 2 p.m. Monday in the banquet room of the R and R cafe.

### Record Given on 5 Richfield Cows

RICHFIELD, Oct. 6 — October report of the Dairy Herd Improvement association lists five cows with extra high butterfat test in the Richfield area.

Beauty, owned by Harold Pridmore, averaged an 80.00 test for the month of September, it is reported.

A 69.2 pound of butterfat test was credited to Duke, owned by Ralph Riley, Jr. Two cows of Everett Ward attained high tests with Chubby 69.3 and Ben 69.4. No. 28 owned by Grant H. Haws tested 60.7 pounds. Tests were taken from the herds of 14 association members.

WIN FALLS BUHL JEROME

**Miss Spofford's Bride of Charles Grant**

**BRIDAL** Oct. 6—Diane Spofford, daughter of Mr. and Mrs. Spofford, Jerome, and Miss Frank Grant, daughter of Mr. and Mrs. Frank Grant, were united in matrimony at the First Presbyterian church, Twin Falls, Idaho, at 11 a. m. The bride wore a gown of white tulle with a long train and a full skirt. Her hair was styled in waves. She carried a bouquet of white chrysanthemums and a white corsage. The groom wore a tuxedo and a white shirt with a bow tie. The ceremony was performed by Rev. J. W. Carr, pastor of the church. The bride and groom were accompanied by their parents and other relatives. The reception was held at the home of Mrs. Edna Spofford. The bride and groom will reside in Twin Falls.

**Nuptial Mass Weds Roberta Krey and Davis**

**HAILY**, Oct. 6—Nuptial mass celebrated Sept. 1 at St. Patrick's Catholic church in Scio, Calif., united in matrimony Roberta Krey and Gerald C. Davis. The Rev. John Healy officiated at the double ring ceremony. The bride, daughter of Mr. and Mrs. George Krey, Scio, was given in marriage by her father. The bridegroom is the son of Mr. and Mrs. Cleon Davis. The church was decorated with cathedral baskets of white gladioli and stock. Solists for the wedding were Joann Wise, accompanied by Mrs. Louella Lee, organist. For her wedding gown the bride chose Chantilly lace over all-tulle designed with a fitted bodice, scalloped neckline, and long sleeves. The bouffant skirt featured tiers of ruffles to the hemline. The back of the gown flowed into a chapel-train. Her finger-length French Hueson veil was held by a crown and lace and pearls. She carried a shower bouquet of carnations centered with white and pink orchids over her Prayer Book. Maid of honor was Pauline Hall, San Francisco, cousin of the bride. Bridesmaids were Janice Calvert and Mrs. Joann Borgers, Fortuna, cousins of the bride and Mrs. Dorothy Sijmen, Arcata. The bride's attendants wore princess styled dresses with three-quarter length sleeves and a scooped neckline. The dresses complimented the autumn color tones of the wedding with two in tans and two in persimmon. The bridesmaids' headpieces were pearl tiaras with net veils matching their dresses. The veils were adorned with seed pearls. Each attendant wore a gold necklace with a drop pearl, a gift of the bride. Each carried a crescent shaped arrangement of bronze filled chrysanthemums. Junior attendants were Cindy Kesser, Fortuna, and Paula Calvert, Pacific, cousins of the bride. Miss Kesser wore a white nylon organza dress with a persimmon cummerbund. She carried a basket of brown nuns. Best man was Calvin Calvert, Fortuna, and ushers were John Sijmen, Arcata, Dale Calvert, Pacific and Jack Borgers, Fortuna. The bride's mother wore an off-white raw silk sheath with fitted bodice, three-quarter length sleeves and a wedding-ring neckline. She wore a white cymidium orchid. The bride's grand-mother, Mrs. George Calvert, Novato, also wore a cymidium orchid. A reception after the wedding was held at the Portuna Knights of Columbus hall. Guests were registered by Paula Calvert and presented with the bridegroom's cake and miniature basket favors by Shirley Floyd, daughter and Mark Anderson, cousin of the bride. The hall was decorated with

Two Second-Half Scores Spoil Braves' Bid for South Idaho Loop upset

BOISE, Oct. 6.—Joe McCollum, Doug Show and Curtis Eaton spearheaded two second half scoring drives last night at the undefeated Twin Falls Braves survived a big scare and edged the Boise Braves 19-14. Boise, which held the highly favored Bruins to a 7-7 halftime deadlock and controlled and became the first team to score on Twin Falls this year.

Minico Absorbs Early Shock, Whips Tigers

RUPERT, Oct. 6.—Jerome's Stan Millard shocked Minico by taking the opening kickoff and running 85 yards back for the score, but the Bruins settled down and handled Jerome a 34-12 shelling last night and won their homecoming game. Rocky Newcomb got the Spartans in the scoring column in the first quarter with a 30-yard punt. Billy Denver held the Jerome team to a minimum before they regained possession. Jerome scored 12 yards for a touchdown. The next score came when Don Linney shuffled 25 yards for a field goal. Jerome again scored in the second quarter for a touchdown. Jerome scored again in the second quarter for a touchdown. Jerome scored again in the second quarter for a touchdown.

Boise, considered one of the worst teams in the Southern Idaho conference, dominated all but the entire time and scored late in the fourth quarter to allow the Bruins to get looking for the upset. Twin Falls opened the same by moving to Boise's 35-yard line before tumbling. The aroused Braves took advantage of that and scored for a touchdown in 10 plays with Genlie going over and Steve Mooney converting. After snatching the ball back, the Bruins kicked to Boise with the ball stopping on the four-yard line. On the next play Buhl fumbled and Twin Falls recovered. Buhl picked up two yards and Eaton got hit for four to three and then the touchdown on successive carries. McCollum converted the field goal.

BY LARRY HOVY The football happens in the Valley tonight in Friday night. One concerned look, another enthusiasm and the third purely personal estimation. The enthusiastic leave the game to the coaches. The concerned look is for the rest of the game. The third purely personal estimation. It happened in the game. The Bruins scored in the first quarter. The Bruins scored in the first quarter. The Bruins scored in the first quarter.

In the third period, Bohl took the kickoff and rolled to the Twin Falls 35-yard line and again fumbled with Twin Falls taking over. Show turned to the air, hitting McCollum for 17 yards and Uet chips a narrow lead for the Bruins but the drive going and finally scored on Show's 10-yard pass to Jim Lavena set up the decisive touchdown for Twin Falls early in the fourth quarter. Lavena set up the decisive touchdown for Twin Falls early in the fourth quarter. Lavena set up the decisive touchdown for Twin Falls early in the fourth quarter.

Caldwell Rips Buhl 41-6 With Strong Ground and Air Attack

BUHL, Oct. 6.—Combining the passing of Dyke Nally with the running of Ray McDonald, the Caldwell Cougars hammered past the winless Buhl Indians 41-6 in a non-conference game. Nally passed for four touchdowns, scored one himself and sneaked for five extra points. McDonald, 232-pound Negro fullback with the speed of a sprinter, scored twice and ripped for big yardage. How-

Trojans Intercept Two Passes and Recover Five Fumbles to Preserve Win

IOWA CITY, Ia., Oct. 6 (UP)—Sixth-ranked Southern California turned an Iowa fumble into a first quarter touchdown and held on for a 7-0 victory over the jittery Hawkeyes today.

MAKING THE CATCH. Minnesota end John Campbell catches the ball after snaring it on a first quarter play that netted 10 yards against Iowa yesterday at Minneapolis.

It was only the second time in 10 years that Iowa had been held scoreless, and the first time in that period that the Hawkeyes were blanked at Iowa.

Southern Cal's touchdown was scored on a 19-yard sprint by second string fullback Tom Heller. The score was set up when Iowa's Willie Ray Smith punned and Trojan halfback Louis Hunt recovered on the Iowa 24.

Iowa played without quarterback Sam Spry who was intercepted. It was only the second time in 10 years that Iowa had been held scoreless, and the first time in that period that the Hawkeyes were blanked at Iowa.

A high pass from center on an attempted Iowa punz early in the game gave the Trojans the ball on the Hawkeyes' eight-yard line but the block ended when Tom Lupo was short with a field goal try from the 20.

Iowa threatened in the final minutes but failed to make a first down on drives on the Trojan 14-yard line. The Hawkeyes' last hopes ended when Larry Ferguson blocked a 25-yard pass and outstruck the Trojans 10 to 8.

Utah State scored in each quarter. The Aggies opened by scoring the first time they got their hands on the ball. Mike Reid converted after a 7-0 lead and then from there on it was all Utah State.

ON SCORING SPURT is Southern California's left halfback Gary Winslow (21) as he skips through the Iowa line for the only USC touchdown of the game, leaving an unidentified Hawkeye fumbling the ball. It was all USC needed however, as they snapped the Iowa team with a 7-0 defeat. (AP wirephoto)

# UCLA SURPRISES OHIO STATE IN 9-7 UPSET

## Field Goal With 35 Left Nets Bruin Victory

LOS ANGELES, Oct. 6 (AP)—The remarkable Bruins of UCLA, after stopping mighty Ohio State three times in the one-yard line, produced the first shocking upset of the 1962 football season today by defeating the Big Ten team on a 24-yard field goal with one minute, 35 seconds to go. Sophomore quarterback Larry Zeno kicked the goal that spelled defeat for the nation's top-ranked college football power. Zeno guided the Bruins to a 9-7 victory in the final seven minutes of the intercollegiate struggle.

A collision crowd of 65,000 erupted into a wild frenzy. "It was only the second time all afternoon that UCLA had been in Buckeye territory," Coach Woody Hayes of Ohio State, whose team entered the game as a 10-0 favorite, tried to get on the field to shake the Bruins.

Ohio State's UCLA victory was a surprise. The Bruins, who were picked up by John Brown and rookie Joe Brown, picked up a first down at the 10-yard line and held for a three-point score from the field.

Michigan's interception came on the first play of the game. The Bruins were returned by Brown to the Philadelphia 30-yard line.

## Arizona State Rallies in Last Half, Tops Idaho State 35-26

POCAHELLO, Oct. 6 (AP)—Arizona State college rallied with a crushing ground attack in the second half to overcome an Idaho State college lead and went on to a 35-26 victory this afternoon. A homecoming crowd of 6,500 was the biggest turnout since the stadium was dedicated in 1936. It seats 6,200. It looked like the Bengals had it wrapped up in the second period when coach Babe Calkins' team led 20-0.

Big Catch — SPALDING, Oct. 6 (AP)—A 19-pound, 8-ounce steelhead trout was pulled from the Clearwater river today by a Spokane fisherman. The fish was headed by Ohio State and the goal-line heroes of the out-weighted Bruin line.

Northwestern Breezes Past Illinois 45-0 — EVANSTON, Ill., Oct. 6 (AP)—Unbeaten Northwestern sprung six different players across Illinois' goal line twice in wallpapering its Big Ten football rival.

Four quarterbacks were used with sophomore Tom Myers hitting on seven passes out of 11 for 108 yards and one touchdown in playing only 17 minutes. Five of the passes were caught by halfback Paul Flaherty for 83 yards. And tackle Tim Howell got into the touchdown zone by running back a Mike Talafiero past 48 yards at the end of the first half as the Wildcats grabbed a 37-0 lead.

The rumping of fullbacks Bill Sennle and Steve Murphy and halfbacks Larry Egan, Dick McCully and Willie Stinson supplemented the quarterbacking of Myers. Fred Quinn and two more rookies — Greg Abraham and Art Fischer.

The Wildcats, opening their season two weeks ago with a 31-20 victory over South Carolina, entered the game as the nation's top-ranked college offense leader with 819 yards. They piled up 218 in the air and 237 on the ground for a 445 total yardage at the Illinois.

Ohio State's UCLA victory was a surprise. The Bruins, who were picked up by John Brown and rookie Joe Brown, picked up a first down at the 10-yard line and held for a three-point score from the field.

## Wyoming Uses 3 Field Goals to Top Utah 16-7

LARAMIE, Wyo., Oct. 6 (AP)—Memorial recovered on the Wyoming University capitalized on four Utah fumbles—the inclusion of Landon-born bulldog quarterback Squires lost, and a vastly improved defense today to defeat Utah 16-7 in the first Western athletic conference victory.

Squires, a sophomore only five years out of Landon, had 23 first-half field goals to set a game record for Wyoming and equal the school's season record. Each was from 23 yards out. And each, as did Wyoming's one first-period touchdown, came on a costly Utah fumble.

Wyoming struck first in the opening period when Jerry Govey's kick recovered on Utah tackle Wilbert Budewerch recovered on Wyoming's 30. The kick was returned to Wyoming on 11 plays, but booted down, 500 with 10 left in the period. Squires kicked his first field goal.

On the second play from scrimmage after a kickoff, Utah fullback Doug Wanko, fumbled again and Wyoming Guard Butch Hickey recovered on Utah 32. Five plays later, Wyoming quarterback Jerry Hill kept on a series for an one-yard gain on a one-yard plunge to change a 70-yard drive.

San Jose State, which lost its fourth straight game, missed two scoring opportunities after recovering Oregon fumbles. In the first half, reserve Spartan center Steve Munnis fell on a fumble on the Oregon 34. San Jose drove to the 4, where Larry Hansen dropped a pass from quarterback Rand Carter in the end zone on a tackle-eligible play.

Oregon's Bob Berry fumbled on the first play of the second half and center Rod Thomas got the ball. San Jose on the Wyoming 15. Again the Spartans failed to crack Oregon's defense and were halted on the nine.

McIntosh's kickoff return came just seconds after the Raiders broke a scoring tie with a 24-yard field goal by Tech fullback H. L. Daniels.

The two Texans, both winners in two previous starts, this time lost, battled hard to head off coming close to scoring until Tech's field goal with only 10 seconds left.

The game was delayed almost five minutes after the Aggie touchdown when virtually the entire Aggie crowd, some numbering better than 5,000 swarmed on the field.

Officials penalized A and M 15 yards for unsportsmanlike conduct when order was finally restored, but the Aggie still fired up Aggie as end Mike Clark promptly put the ball through the uprights for the extra point.

COWBOYS TOP TULSA — TULSA, Okla., Oct. 6 (AP)—Oklahoma State's solid ground attack proved too much for state-born Tulsa today, and the Cowboys scored 10 points within seven minutes in the second half to score their first football victory of the year, 17-7.

# YOUR BIRTHDAY and HOROSCOPE

**BUIDAY, Oct. 7—**Born today, you have an ease with people and a way with words that may well indicate a life in the public eye. Never one to let opportunity go by you are often half-way toward a goal while others are still mulling it over, and because you are always on the "go" and usually far ahead of the pack, you seldom have any need to fight others for position. Enthusiastic yourself, you also have the ability to instill enthusiasm in others and thus bring them around to your way of thinking. You need only guard against being carried away by your own bright visions. Avoid promising more than you or anyone else could ever deliver, and you will not have to make excuses for not being completely "efficient" rather than completely "efficient" in this world.

**Identical twins** may have some difficulty in finding the perfect marriage partner you seek. Here, promising more than you are capable of is a sure way to miss out on the marriage altogether and this, considering all you have to give, would be a pity, indeed!

Among those born on this date are: Alfred Dyke, American "laugh-a-actor"; Elizabeth Janeway, novelist; Cliff June Bailey, actress; James Whitmore, actor.

To find what is in store for you tomorrow, select your birthday and read the corresponding paragraph. Let your birthday party be your own.

**Monday, Oct. 8—**21—A day of creative activity. Your day may mix to the benefit of both. But keep a balance!

**Tuesday, Oct. 9—**22—Things may look excellent on the surface, but dig a little deeper than you are led to believe.

**Wednesday, Oct. 10—**23—A day that challenges you to be creative. At the same time, use extreme practicality.

**Thursday, Oct. 11—**24—Look over budget books, etc. Do not let possible errors before approving them.

**Friday, Oct. 12—**25—See yourself as others see you and set to improve the view. Your day to make a good impression. Don't wait!

**SAGITTARIUS (Nov. 23-Dec. 22)—**A day which challenges you to be creative. At the same time, use extreme practicality.

**CAPRICORN (Dec. 23-Jan. 20)—**Look over budget books, etc. Do not let possible errors before approving them.

**AQUARIUS (Jan. 21-Feb. 19)—**See yourself as others see you and set to improve the view. Your day to make a good impression. Don't wait!

**PISCES (Feb. 20-March 20)—**Don't get into any action you don't plan in advance. You can't afford to change horses in mid-stream.

**ARIES (March 21-April 20)—**All signs point to success if you exercise reasonable caution in the way you go about your day.

**Taurus (April 21-May 21)—**A day for generalities rather than specifics. Avoid mental upsets at afternoon.

**GEMINI (May 22-June 31)—**Your day may be your own way through small but problematical issues today. Remain calm.

**CANCER (June 22-July 23)—**In a day you may momentarily forget the issues today. "Take things as they come."

**LEO (July 24-Aug. 23)—**Employment possibilities may occur where you least expect. Keep alert to signs of change today.

**VIRGO (Aug. 24-Sept. 23)—**Keep your wits about you as you devote energies to concluding business or financial laws.

## Walker Asks Pressure on Republicans

State Democratic party chairman Lloyd Walker, annoyed by the fact that Republicans have been termed "hypocrites" on the ill-starred Burns Creek dam bill, called for aid and comfort to help pressure state GOP leaders into more active support for the Idaho part of the Kennedy public works program.

Walker issued a prepared statement from state Democratic headquarters as follows:

"The people of Idaho have during the past week witnessed the importance of a political party which has sold its soul to the devil. John McMurray makes courageous stands in Idaho. Representative Baldwin of California, a Republican, leads the floor fight to recommit the public works bill to have Burns Creek deleted from it and is successful.

"While Idaho Republicans remain silent, Republican Bayler of Pennsylvania tries to blackmail the senate into promising to strip Burns Creek from its bill before he will permit the house and senate bills to be adjusted in conference.

"There are Orval Hansen, Ben Len Jordan, Jack Hawley, Gov. Smylie, and Jack McMurray while the future generation of Idaho will be left to wonder if this state got short changed? Quietly hiding in Idaho without making one public utterance on behalf of this state to Baldwin, Bayler and the others in their party, it is a pity that they speak out at least once to aid Representative Harding in a fight and courageous fight that has caused us all to increase our respect for his abilities.

"The activities of the Republican party in this affair display political hypocrisy of the most heinous kind. This party like Orval Hansen, Jack Hawley, Gov. Smylie, and Jack McMurray has sold its soul for the material promises of tomorrow. The activities of Idaho Power and its ally Utah Power and Light that they cannot honestly face the petition for a 18 per cent rate increase by Idaho Power and the introduction of cheap industrial power through Bonneville power.

"This question will decide the fate of industrial growth for years to come; it will decide whether or not our young people will have to continue leaving the state to make a living as they must now.

"The question now is whether the people of this state will allow this type of Republican sell-out and hypocrisy to continue. We all know from Senator Jordan's first vote that he is in Idaho Power's pocket—but what if you will support the introduction of cheap power and tell us if you will support Idaho in Washington as the Democrats do or will you continue to make decisions in Idaho only and keep quiet in Washington as the private power lobby sacrifices our state.

## Visitor to Idaho Youth Ranch Aids Wayward Boys

**NOHLAND, Oct. 6**—Finding a mother for a wayward boy is a full-time job for the Burley Police Department. In addition to running the ranch, the main goal of the ranch is to find a mother for each of the boys who have been and make useful citizens of them.

One of the pump needs at a place in the south part of the ranch is outside help, not only financial but assistance in other areas. Assistance like Mrs. Adkinson of Pocatello gives.

In a way Mrs. Adkinson adopted the boy at the youth ranch. She lost her own son to police some years ago when the boy was 15 years old. Since then she has contributed immeasurably to the Idaho Youth Ranch.

Each and every month for the past year and a half Mrs. Adkinson would write letters to the boys and enclose packages of small items. These items would consist of tubes of toothpaste, hand soap and related notions. These are small items, but things that a boy would need. As Mrs. Adkinson put it "these are things that a mother would think about."

To say that these gifts and letters were appreciated would be an understatement. The boys began to wonder about their adopted grandmothers. They wanted to see her and know more about her.

However it seemed that each time a meeting would be arranged it would have to be canceled. The anniversary of the death of her boy was Sept. 25, last Saturday. And on that day Mrs. Adkinson decided to visit her boys at the youth ranch.

The train trip from Pocatello to Minidoka is a short one and the train Mrs. Adkinson was on arrived in the wee hours of the morning. As she stepped from the train the brakeman commented, "It looks like some of your grandsons are here to meet you."

Ray, and Mrs. Crowe had the girls hunched down to the depot to meet the boys' adopted grand-

**MANAGING WEAK SMILE**—just a few hours after her operation is Mrs. Hessel Adkinson, 580 Grant, Pocatello, who is returning from a broken hip. Mrs. Adkinson journeyed from Pocatello to visit some of the boys at the Idaho Youth Ranch. Mrs. Adkinson has been sending letters and small packages every month for the past year and a half to the boys. Her trip last Sunday was the first time she had ever seen some of the boys. Needless to say the boys were concerned that she fell and broke her hip. She plans on finishing her visit wherever she is discharged from Cassia Memorial hospital in Burley. (Times-News photo)

## Burley Police Officers Training Dogs for Duty

**By G. H. CHAMBERS**  
BURLEY, Oct. 6—If the city police department will do a number of things.

First of all, most people fear a snarling dog. A dog can back an officer's order and the officer doesn't become physically involved. It enforces a verbal command to "move on" without the officer having to resort to force.

Next, the keen eyes and nose of a police dog can pick up the scent of a suspect in a large crowd. For example, in Salt Lake City during a large fire the crowd hampered the efforts of the fire department. The crowd wouldn't move back so the fire department couldn't get to the fire.

Depending on the individual dog, they can be used for tracking. And tracking lost children is just as important as tracking suspects. They can be used in search and rescue work. In short, whatever the policeman does, the dog can help.

Another misconception is that the dogs are naturally mean. (Continued on Page 2)

### CELEBRATING BIRTH WITH birthday anniversary Sept. 24 was Korinda Jean McCleary, Twin Falls. Her four children and several of her nine grandchildren attended the family reunion. Mrs. McCleary spent her winters in California where her husband was and worked as the main pastry cook at the John Marshall high school in Los Angeles. Mr. McCleary died in 1942. Mrs. McCleary has a daughter, Mrs. I. Bob White.

## Life in MAGIC VALLEY

A TWIN FALLS woman, Mrs. Korinda Jean McCleary, celebrated her 30th birthday anniversary at a family reunion Sept. 24. All of her four children including Frank L. McCleary, Bradley McCleary and Mrs. I. Bob White, who all reside in Twin Falls, attended the event. The other daughter is Mrs. Ralph Klein, Seattle, Mrs. McCleary came to Twin Falls in 1918 from Texas and she and her husband, who was a carpenter, used to spend every winter in California. She worked as the main pastry cook at the John Marshall high school, one of the largest schools in Los Angeles at the time. Her husband died in 1942.

Mrs. McCleary was born near Walden, Ia. Sept. 24, 1932, and attended schools in Iowa. She and her husband farmed in North Dakota before moving to Twin Falls and they first lived on an acreage north from Jefferson street.

She has made her home with her son-in-law and daughter, Mr. and Mrs. I. Bob White, for the past four years and enjoys crocheting.

Among her nine grandchildren are Mrs. Greta Ireland and Mrs. Fred MacIntyre, both of Twin Falls. Mrs. McCleary also has 10 great-grandchildren.

A familiar blue and white pickup truck won't be seen much longer making the daily rounds of the mail route in GALELIEY, as continuous years of service. The wife, Della, is currently filling in the route until a replacement is appointed.

Peterson began his "run" in 1917 as a temporary carrier for Edward Tuttle, who was the main carrier. In April he took over the job because of Tuttle's ill health. The route at that time was about 25 miles long and his main mode of transportation was an open two-wheel cart which was pulled by a horse.

He laughingly recalls that most of the time he ran along behind the rig to keep warm. The only time he ever lost control of the outfit was the day the horse wanted to drink in the canal near Ray Anderson's home in Oakley and he didn't think it should.

The result was that the cart tipped over but true to the tradition that the "mail must get through" he was able to grab the mail before the cart tipped over and the horse got its drink.

A few years later he rode horseback or else drove a team and buggy when the roads were

TV Cable Is Approved at Jerome Meet . . .

JEROME, Oct. 6 — An ordinance, effective for 1963, was approved Tuesday evening at the city council meeting, giving Clerk L. H. Hays permission to maintain a television antenna and coaxial cable service in Jerome.

The ordinance provides for rules for erection and construction of the system, safety regulations, bond insurance, publication costs, etc. It is a non-reciprocity right. The ordinance provides for \$200 to be paid to the city to cover the cost of inspection and regulation. The initial fee and \$100 per year thereafter.

A representative of Barnes and Connely Chemical Supply company spoke to council members about purchasing new flags for the city streets.

Williams Odermott, city engineer, reported on the water works convention held at Elko, Nev., recently.

Vern Thomas of Thomas Plumbing and Heating, Twin Falls, was awarded the contract to recondition the heating plant in the city hall.

The council authorized the installation of a coin meter for the measurement of water at the public faucet at the water tower. Building permits were issued to Today's Toes for a sign and Hoas A. Lee for a steel awning.

# Ex-Brazilian President Is Seeking Post

Continued From Page 23  
U.S. dollar to 150 in a year's time. Janio, as everyone calls him, is 57.

"I did not provoke it," he says. "I revealed it. I denounced it. I denounced it. If a doctor identified a malignant tumor, can he be held responsible for the ailment?"

Virtually boycotted by the Brazilian press, Quadros is campaigning at the grass-roots level. He makes promises of revolutionary economic and social reforms but has not bothered to present a program. Nevertheless, he attracts good crowds. He is adept at the game of politicking.

His chief opponents are Jose Bonifacio Coutinho Nogueira, 39, a farmer-landowner and descendant of an 1822 Brazilian independence fighter, and Adhemar Pereira de Barros, 61, wealthy former Sao Paulo mayor and ex-governor who has built up a strong following in development. He calls himself a nationalistic Christian and Democrat.

De Barros, with a quarter-century of political experience behind him, is campaigning on a nationalist, anti-communist platform although he once allied himself closely with Brazilian leftists. He is a Social Progressive.

Quadros, a loner, is running under no particular banner—only on his own name. The governorship of Sao Paulo is one of Brazil's most respected elective offices. Because its 13 million people have the highest literacy rate in the nation, Sao Paulo polls a quarter of the national vote. Because of illiteracy, only about 10 million persons in a national population of 75 million are eligible to vote.

To some pheasant hunters who have been subjected for years to the philosophy that the hen must be completely eliminated in order to perpetuate pheasants, the return to the practice of limited harvesting of hens may come as a shock. Nevertheless, it is based on sound research.

With limited hen hunting last season, the breeding season sex ratio still will be weighted toward hens. And this can be achieved while putting a portion of the hen surplus in the hunters' bag.

KEEPING TRACK of John Schorman's shoe is Pat McDonald, right. Schorman handles the punting chore for the Burley sophomore football squad and does it barefooted. After each kick Schorman has to retrieve his right shoe. Schorman has been punting barefooted since the eighth grade when he started kicking the pigskin barefooted and needs to find his shoe after the kick. (Times-News photos)

## Burley Sophomore Prefers to Boot Pigskin Without Benefit of Shoes

BURLEY, Oct. 6—In the early barefooted is something that came about during noon hours at Junior High school.

When John was in the eighth grade a noon pasture was footed. Just for the heck of it he began kicking barefooted. The first few tries were kind of clumsy-kickers were no longer a novelty.

An Idaho farm boy booting the pigskin around is something different, especially when kicking barefooted, or more correctly kicking-footed, just something the boy has added in the past two years.

Assistant football coach Chris Cagel then began working to develop this barefooted kicker. According to Cagel, John has to kick barefooted. "Everyone we put a shoe on him he boots the ball straight up," said Cagel.

In order to develop the boy's potential as a kicker Cagel is teaching him how to kick with his foot angled so that the ball meets the instep correctly. Prior to this conversion John was just kicking his foot straight out.

John spends most of his summers working on his father's ranch located near Sublet and consequently his legs are in good shape year round.

As yet, John hasn't taken over all the kicking chores for the sophomore squad. Someone else does the kicking and the conversion points.

The wet end part of the football season has as yet to arrive and, John isn't making any comments about playing barefooted in the snow and cold. Right now his main concern is to find his shoe after the play has been completed.

## Better Than Average Pheasant Crop Awaiting Idaho Hunters This Season

By JIM HUMPHREY  
The Fish-Game Department says pheasant hunters had about 500,000 roosters and hen hens last year. In 1960 it was about the same number of 480,000.

This third state is beginning to hunt consecutive years. The first year was 1949. The second year was 1950. The third year was 1951. The fourth year was 1952. The fifth year was 1953. The sixth year was 1954. The seventh year was 1955. The eighth year was 1956. The ninth year was 1957. The tenth year was 1958. The eleventh year was 1959. The twelfth year was 1960. The thirteenth year was 1961. The fourteenth year was 1962.

Because of the highly polygamous nature of the species, hundreds of seven or eight hens are common, and because a given unit of pheasant range will support only a certain number of birds, whether they are cocks or hens, it probably always will be good business to keep the breeding season sex ratio weighted toward hens.

Recent studies on population turnover in pheasants have shown that limited hen shooting can be allowed on an established ringneck population in any year without harm to next year's crop.

For example, California, once limited hen hunting in the northern part of that state during the years 1955 through 1957. Intensive studies were conducted before and after the period of hen shooting to learn its effect upon the pheasant population.

These studies showed conclusively that the annual hen survivors during the three year period before hen hunting began was exactly the same as during the period when the hens were hunted. The annual survival rate on hens was 35 per cent in both cases.

To some pheasant hunters who have been subjected for years to the philosophy that the hen must be completely eliminated in order to perpetuate pheasants, the return to the practice of limited harvesting of hens may come as a shock. Nevertheless, it is based on sound research.

With limited hen hunting last season, the breeding season sex ratio still will be weighted toward hens. And this can be achieved while putting a portion of the hen surplus in the hunters' bag.

Lancaster outlined his reasons for seeking the office and discussed campaign issues. Harding discussed some of the important issues in the congressional race between his brother and Orval Hansen, Idaho Falls Republican.

The next meeting will be Oct. 10.

Idaho fish and game department is predicting a better than average year for the Idaho hunter. Reproduction of pheasants this year has been good and coupled with the shooting of a limited number of hens should produce a fine hunting season. The program is putting more recreation at the hands of the hunter. (Fish and game photo)

OBEDYING VOICE COMMAND and going from one officer to another is the police dog owned by Patrolman Lee Bartholomew. Members of the Burley police force have been training dogs for future police work when the city officials give their approval. Owing the command is Sgt. Floyd Higgins, left, and watching the session is Capt. Bill McDonald, right. According to members of the force, the dogs do an excellent job in assisting officers. The dogs are trained by the officers at the officers' own expense and time. The use of police dogs in Burley is still in the experimental stage and should they work out and the city approves their use, then would-be criminals might have a tough time in Burley. (Times-News photo)

## Members of Burley Police Force Try Hand at Training Dogs for Patrol

Continued From Page 23

There are many different schools in training dogs for various types of police work. A military police dog might be trained to be naturally vicious. A city police dog might be trained to be vicious only on command. Here, the training depends on the dog and the particular needs to be filled. Most dogs wear an attack collar and are gentle until the collar is put on.

There are four officers on the Burley police force with dogs. Only one dog, however, is a graduate of police dog school. The dog, owned by officer Rex Wood, was trained by the Salt Lake City department. Officer Wood purchased the dog from the Salt Lake City police department and has used "Duke," the dog's name, in the city on regular police work. Because the city of Burley doesn't have any ordinance governing the use of dogs for police work, any work done is strictly on a "trial basis." According to Leonard Salomon, Burley mayor, "The city is experimenting before giving its official approval."

The other three dogs owned by Burley policemen are being trained by their masters with outside assistance in the form of tips from professional trainers. Some members have visited dog schools for information.

There are many stories concerning dogs and police work. One concerns an officer in another town, who overleapt. His dog, however, reported to work on time without the officer's help.

## Library Board Elects Officers

HAGERMAN, Oct. 6—Mrs. Virginia Condit was elected chairman of the library board Tuesday at a meeting at the home of Stanley Penfold.

Mrs. Candido Florizaga will be secretary-treasurer. Other board members are Mrs. Ernest Hilliard, Penfold, and Mrs. O. P. Russell.

Anyone desiring a specific book may ask the librarian, Mrs. Nellie Moyes, and it can be obtained from the state library.

She said 102 books were used in the past month. "The History of the Power of the West" was donated by Idaho Power company. This tells power activities and history from 1887 to 1950. General Reader's Digest books were donated also.

Mrs. Moyes has received a book from the mental health division of the public health department.

Next board meeting will be Nov. 13 at the home of Mrs. Russell.

The Trieste cruised two men in a six-foot-diameter ball of steel with walls a foot thick.

Ricks displayed two models of submarines which he said could "fly" through water at any depth as attractively as through the atmosphere.

"We anticipate speeds of 60 to 80 knots," Ricks said, "depending upon the kind of power plant that is used. We are designing for nuclear propulsion which I expect will be in the water in two years—probably in the first glass-hulled submarines, he said, probably will carry two to five men."

### Polio Victim Selected as Example of Benefit in Employment of Handicapped

Virginia Carlton knows what it means to be disabled, not to be able to do all the things and work like to do, but she doesn't let it discourage her. For this reason she has been selected to illustrate the theory of employment of the handicapped which starts today nationwide. It is being observed in Twin Falls...

### Dutch Exchange Visitor Enjoying Life As Student at Twin Falls High School

Continued from Page 23 men in educational levels, more or less taken for granted in Europe. It was not too easy to line up classes to give her the additional learning the program anticipates. For instance, before coming to Twin Falls she had already completed six years of Latin, eight years of French and had completed courses which embrace practically everything offered in American high schools in mathematics, chemistry, biology and physics.

When she arrived in Twin Falls she was assigned to the 10th grade and members of the student body are participating. In addition to Mrs. McClusky, the original member of the local chapter totaled 10. Equal portions of students and parents make up the chapter. Executive committee members are Mrs. McClusky, president; Mrs. Curtis Eaton, vice president; and Mrs. E. W. McRoberts, secretary-treasurer.

### Everton Earns Archery Trophy

KIMBERLY, Oct. 6—Don Everett, with a score of 562, received the men's high score trophy at the annual O-U-Yo-Ko-Ko field championship archery shoot held Sunday at the Stock Creek range.

The range featured 43 targets with a possible 20 points available for each target. The women's high trophy was received by Mrs. Jack Sears. Jude Ingard scored 541 to win first place in the men's 200 yd. shoot. Her Shockey with a score of 381 received the trophy in the men's 175 division. First place in the 100 yd. class was won by Jim Ebeche with a score of 356. Ronnie Garner placed high in the junior division, scoring 117.

## MAGIC VALLEY PORTRAIT Gardening Hobby Was Once Profitable Business for Former T.F. Minister

Remember Crabtree's pickles? If you were around Twin Falls 1920 classes are you can recall they were quite famous, and some of the larger cities in the Intermountain area had hamburger stands that featured Crabtree's pickles.

ELLIS E. CRABTREE

The recipe for Twin Falls for Ellis E. Crabtree was roundabout. There was something in each of them that he was in that didn't quite appeal to him. A move to Twin Falls in 1918 settled things and the Crabtrees have been contented since. In a way, you might call Ellis Crabtree a pioneer businessman. He more than a large stop on the Idaho desert, but was progressive and that appealed to the Crabtrees.

Crabtree got into the pickle business because he was an active and interested gardener. He raised and produced excellent pickles. It was only natural when the first hamburger stands began in Twin Falls that they should contact Crabtree and see if he would furnish the pickles. This he did. The more people who ate them, the better they liked them and soon the orders came pouring in. Pickle production at its peak hit 15,000 gallons a year and Crabtree added a sideline, sausage making. The main reason for moving was more than Crabtree could cope with. It was demand. He was in his garden 12 to 14 hours a day of his time, so he sold the business. Evidently, the successors couldn't match Crabtree's enthusiasm for "pickle business" and other factors entered the picture. Consequently, the business folded some years later.

Ellis E. Crabtree was born Sept. 9, 1875, at Hyattsville, Va. Crabtree home was situated on land granted by the English crown when the nation was first being settled. His parents, John and Mrs. Crabtree, were in the area. Life in Virginia was complicated. There were the re-education camps, the Civil War and the Crabtree had fought in behalf of the confederate cause. Early in his youth he decided to enter the ministry and in 1908 he was graduated from Tennessee Wesleyan college. He worked for a short while in Athens, Tenn., and then a Chatsanooga, Tenn., where he finally entered Boston university.

After serving several parishes in the New England area later of the Methodist church in Remmerville, Wyo., Kansas. He did stay long enough to become acquainted with Mabel Morgan and married her in Cheyenne in 1908. One of Crabtree's acquaintances in Remmerville was J. C. Penney, founder of the J. C. Penney company. In fact, he was the minister that performed the marriage ceremony for one of Penney's sisters. He recalls Penney was an excellent businessman. Remmerville had one disadvantage. It was too cold. So the Crabtrees transferred to Mountain Home. During 1908 he filed for land on the Salmon tract and is one of the few original owners who still own Salmon tract land.

After a short tenure in Mountain Home, he was transferred to Durley then transferred to Salmon. Among his acquaintances in Salmon was "Cap" Guckle, a pioneer Salmon river pilot. Guckle was one of the first to run the rapids of the "river of no return" on a regular basis. River running in those early days was rugged and Crabtree notes he declined offer to shoot the rapids in the wooden boats used during the era. Piler was the next stop for the Crabtree and it was then that Crabtree was forced to leave the ministry. Finally, after many years of moving from place to place the Crabtrees settled in Twin Falls. The main reason for moving was the good year-round climate and the educational facilities in Twin Falls appeared excellent. This is when Crabtree began his gardening and subsequently he started his pickle business. Many old-timers can recall the large three-story home on Addison avenue west. It had its rooms. In fact, there wasn't much on

### Correction

In last week's Magic Valley portrait it was erroneously stated that J. C. Blayden was the oldest member of the Twin Falls Rotary club. He would have been made that honor by the oldest member of the Twin Falls Rotary Club, M. J. Blayden.

In addition to many ministerial functions throughout western Idaho, Ellis Crabtree was on the Twin Falls school board. A few years ago he observed his birthday anniversary and his entire immediate family was in attendance.

THIRD SEASON of the popular "Andy Griffith Show," on CBS-TV, Mondays, still has the same old gang. From left are Andy, who appears as Sheriff Andy Taylor; Ronny Howard, who plays his son, Opie; and Don Knotts, his long-time sidekick, Deputy Barney Fife. During the summer months, young Howard was busy filming "The Music Man" and Knotts filmed another movie at the same studio, "Mr. Limpert."

**Hitch Comments on Grace, Show, Former Reveling**

HOLLYWOOD, Sept. 29—Alfred Hitchcock, who says, "I had lunch with her last Thursday," reports that there is no longer much hope that Grace Kelly will return to films. Hitch says that her subjects, apparently were angered by the report she would do a movie for him, and that she has decided, therefore, to stick to her new country. She'll play the Monaco palace, not the New York Palace.  
 Hitchcock, incidentally, is pleased by one aspect of his new Alfred Hitchcock hour, which will be a 30-minute show. "I'll now have a chance to kid the network as well as the sponsors on his small bits. Besides the usual beginning and end appearance, he'll do one in the middle for the station break, and plans to tease the network frequently."

One further note from Alfred Hitchcock. Although he enjoys his personal success, it does cramp his style. Before he became a familiar face to the public, he used to revel in a peculiar form of self-entertainment.  
 Hitchcock says he would get in an elevator with his wife and proceed to recount a horrible tale. "I'd say something like this: 'I didn't know the gun was loaded. And when the bullet went into his neck and pierced the jugular vein—it was horrible. I just stood there. And then I realized my feet were wet and I looked down and saw I was standing in a pool of blood. With that, I'd walk out of the car and leave everyone standing. Was great fun, but I can't do it anymore.'"

**Stars Invest in Motels, Business Offices, Cattle**

BY CYNTHIA LOWRY  
 AP Television-Radio Writer  
 HOLLYWOOD, Sept. 29 (AP)—Things are not always what they appear to be in this land that specializes in make-believe.  
 For instance, if you stroll into a radio commissary at the luncheon hour, you are likely to find the entire cast of the show huddled together at a table listening intently to one of their number talk—with gestures.  
 You walk closer, hoping to eavesdrop on an actor's monologue on the finer points in bringing a character to life.  
 But no, what the man is saying, with gestures, goes something like this: "My business manager has figured out the sweetest little capital gains deal you can imagine—Passadena office buildings. He's putting every single cent of mine he can find in them. I figure that I can stay in this income bracket for four more years, I can relax and go fishing."

At another table are two of your favorite Western stars, in full regalia, knowing their dot-com cheese and how to make a sale in favor of listening to a small man in a business suit.  
 "Motel—say, 85 cents to start on this San Fernando valley land," the little man is saying.  
 "You can pick up the acreage cheap—this guy farmland now, but with the freeway extending, it's gotta shoot up in value, and these motel units are fine for tax depreciation. If you guys get in now—we've got an option on the land—in four years you can just relax and go fishing."  
 A lovely woman star is holding court at her corner table.  
 "Cattle, that's the best deal, and I've gone through this business of real estate," she whispers.  
 "My manager is buying the into these herds and with a depreciation going on them over a five-year period, there's a great tax break and meanwhile there's nothing to worry about. After all, people have to eat."

**Movies Move to Europe to Save Money, Use Scenic Backgrounds**

By HENRY GRIS  
LONDON, Oct. 6 (AP)—The surest way to get an argument from an American film producer or actor in Europe is to say that the only reason they make pictures abroad is to beat Hollywood prices.

They admit that many times cost less outside the United States. But how, the broadcaster, are you going to film old Sicilian castles, or the picturesque towns and countryside of Sicily without going to Sicily?

Lancaster moved his entire household to Villa outside Palermo for the filming of "The Leopard." The actor, wearing sideburns and beard for his role as the lord of a Sicilian manor, says several thousand persons took part in the scene reenacting the capture of Palermo by Garibaldi forces.

"In Palermo proper," he adds, "we could never do it in Hollywood."

Director David Lean says much the same thing of Columbia's "Lawrence of Arabia," filmed in Jordan, Spain and Morocco. Two Spanish cities doubled for the Cairo and Damascus of the Lawrence story. The Moroccan Army played the part, both of Lawrence's Arabs and the opposing Turkish forces in large battle scenes.

"Not only would it have cost 10 times as much to try to do it in Hollywood," Lean says, "it simply couldn't be done there."

Samuel Bronston's "50 Days at Peking," now being filmed in Spain, involves 8,500 extras and the largest movie set in the world. Bronston says the production will cost the final touches on their films in Hollywood.

Morton DaCosta is doing that with Warner's "Not on Your Life," most of which was filmed in Greece. Billy Wilder started "Irma La Douce" in Paris and is concentrating on the bulk of the producing, starring Shirley MaLaine and Jack Lemmon, at home.

"Two Are Quilter," a story of juvenile delinquency being filmed at St. Maurice Studios in Paris for MGM.

"The story is set in France," he says. "The actors are French; up to now we had foreign stars go to Hollywood and speak their lines in English. It's time someone reversed the procedure."

Perkins is playing his role in French—but plays the role of a Franco-American youth "to account for my accent."

Many directors of what Hollywood bitterly calls "runaway productions" put the final touches on their films in Hollywood.

Morton DaCosta is doing that with Warner's "Not on Your Life," most of which was filmed in Greece. Billy Wilder started "Irma La Douce" in Paris and is concentrating on the bulk of the producing, starring Shirley MaLaine and Jack Lemmon, at home.

TV Highlights

roll Baker (1958). Probably one of the finest Western epics ever filmed. See the Screen for best supporting role in this outstanding, action-filled film.

6:30-7:30 p.m. Channel 2 (Boise) — "Luxury Girls," Rosanna Podesta, Susan Stephens, (Italian, 1952). Jealousy, romance and double-crossing in a school for girls. Pretty weak, but melodramatic. English dubbed.

11 p.m. Channel 5 — "Apache Warrior," see 10:50 p.m. Monday, Channel 2 (Boise). 11:30-5 p.m. Channel 4 — "Rome, 11 O'Clock," Rosanna Podesta, Raf Wally (Italian, 1952). Events centering around the collapse of a staircase upon which are 200 girls answering a want ad. Gripping drama, based on fact.

6:30-7:30 p.m. (CBS) — "The Star of the 'Lloyd Bridges Show,'" portrays a middle-aged American tourist who decides to aid some starving villagers in the outlying section of Hong Kong.

BATTERY OF TELETYPE machines at the Times-News editorial offices connects the newspaper with points throughout the United States and the world. O. J. Smith, night editor, says copy which has just been received. In addition to high speed wire services, the Times-News also has a wire receiving unit for sports and one receiving weather. The Times-News is the only newspaper in Idaho receiving complete weather bureau information. (Times-News photo)

PICTURES OF EVENTS as they occur throughout the world are possible with the use of this Associated Press telephoto machine. Located in the editorial offices of the Times-News, the unit is connected directly to the main New York office. Important Magic Valley pictures can be transmitted over this machine to New York City and all other cities connected on the circuit. The receiving unit is on the right and the transmitting unit is on the left. A direct telephone wire connects the Times-News editorial room to the New York office. Member newspapers can use any and all pictures at their own choosing. (Times-News photo)

### Times-News Joins Other Publications In Annual Newspaper Week Observance

National newspaper week will be observed nationwide in addition to delivered circulation, which operates 24 hours a day, giving information of interest in this area. The Times-News is the only newspaper in the state with this special weather wire. These services are in addition to teletype services in the state with the Associated Press and United Press International. The Times-News is connected by direct wire with New York City to every major newspaper in the nation. In addition the paper maintains a complete engraving and photographic department. The Times-News is published daily, featuring exciting and interesting news from all over the world. A special Utah-Idaho wire permits circulation of news articles of particular interest to people of this particular area. Only recently a special sports wire which operates 17 hours a day and will begin to go on a 24-hour basis has been installed. This gives the Times-News positive coverage around to none. Also installed within the past

NEWS EVENTS from Magic Valley are rapidly dispatched to Utah and Idaho newspapers over the teletype shown in operation here. Pictures, news from points in Utah and Idaho are received over the same machine. Important valley news dispatches can reach the national press over this same machine. The teletype also serves an important communications link between the major cities in the Utah-Idaho area. Requests for additional information concerning Magic Valley events and residents can be made on this machine when the need arises. This teletype can be operated manually or by using pre-recorded paper tape. (Times-News photo)

### Permits Are Issued for New Building

SHOSHONE, Oct. 6.—Building permits were approved by the city council at their meeting this week. They included remodeling of a residence and moving a garage to her property by Mrs. Marie Burton; John Thorne to enclose a porch; Vern R. Thomas, adding a basement house and construction of a house on it; Glen Caldwell, a garage; Lawrence Bonds, building an addition to his residence. Chief of Police Bill Anderson reported having issued 16 traffic citations during September. Because of the election Nov. 6 and the city hall being used, the next meeting of the council was set for Nov. 7. District Highway Engineer Charles Glabby and a representative of the state highway department from Boise met with the council to discuss widening of highway 93 through Shoshone and an agreement was signed by the Council and highway district for this work. The annual report of the Shoshone city library was received, showing a total of 8,400 books in the library on July 1, 1961, with 182 new purchases, 122 discarded or lost leaving a total of 8,460 in the library on July 1, 1962. There were 4,801 adult books loaned, 95 from the payroll and 7,811 to juveniles, making a total of 12,897 books loaned during the fiscal year.

SURE MY TIE IS SO WHAT?

SOMEBODY ATTEMPTED TO STRANGLE DAN POSSIBLY WITH THAT TIE!

HAW, HAW! KILLING WOULDN'T BE NECESSARY! HE'S GOING TO STARVE TO DEATH! AND WITH A MILLION BUCKS AT HIS FINGER TIPS!

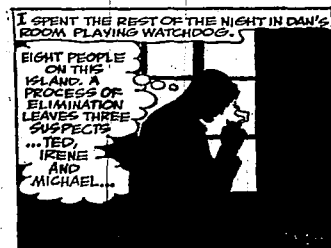

WHERE HAVE YOU BEEN FOR THE LAST HALF HOUR, TED?

IN THE LIBRARY ENJOYING RECORDS AND A RIGHTCAP!

LOOK, WOULD I TRY TO STRANGLE DAN WITH MY OWN TIE... THEN LEAVE IT FOR EVIDENCE?

NOT UNLESS YOU WERE TRYING TO CREATE AN IMPRESSION OF SOMEONE ATTEMPTING TO FRANK YOU!

I SPENT THE REST OF THE NIGHT IN DAN'S ROOM PLAYING WATCHDOG.

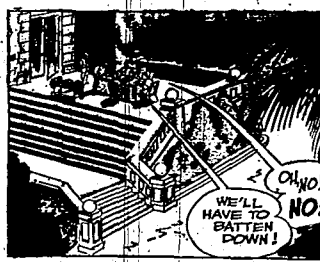

EIGHT PEOPLE ON THE ISLAND, A PROCESS OF ELIMINATION LEAVES THREE SUSPECTS... TED, IRENE AND MICHAEL...

THE FOLLOWING MORNING A COMPLICATION AROSE...

HURRICANE HEADED THIS WAY!...

...WILL STRIKE WITHIN TWELVE HOURS!

OH NO! WE'LL HAVE TO BATTEN DOWN!

SUPERSTITIOUS OLD GOPY!

GO TO YOUR ROOM IF YOU'RE GOING THIS WAY, IRENE!

THE BOAT TIED DOWN AND THE HOOKS SECURE, WE AWAITED THE FURY OF A HURRICANE... AND POSSIBLY MURDER!

# ALLEY OOP

EVE JUST BEEN TALKING WITH DUJOCO, THY SAGAT ISN'T SHE, WONDERFUL, THOUGH AN SUCH PERCEPTION!

I DUNNO, I KINDA WISH WE HAD THY OL' WIZER BACK!

...HE'S BEEN WITH US A LONG TIME!

TOO LONG! IT WAS A TIME WE GOT RID OF HIM!

I'M WORRIED ABOUT THY GRAND WIZER, LOSIN' OUT TO THY FEMALE HEAD EXAMINER!

AW, YOU KNOW OOP TOOK HIM IN, HE'LL SEE TO IT TH' OL' FELLA'S WELL CARED FOR!

IN THE STILLNESS OF OOP'S SLUMBER-RIDDEN DOMICILE...

AW, TURN OVER!

A FLYIN' ALLIGATOR! I TELL YUH, OOP, THA'S THY ANSWER! A FLYIN' ALLIGATOR! YEZZIR!

TH' ANSWER TO WHAT?

TH' ANSWER TO GETTIN' RID OF THAT FEMALE QUACK WHO TOOK OVER MY DIGGINS': ONE FLYIN' ALLIGATOR!! THA'S ALL WE NEED!

WHOEVER HEARD OF A FLYIN' ALLIGATOR, FOR CAT SAKE?

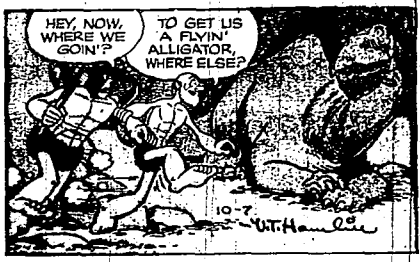

THERE AINT NO SUCH THING!

YES, THERE IS! I'VE JUST SEEN ONE! IT'S HALF DINOSAUR AN' HALF BIRD!!

AW, YOU WAS DREAMIN'!

NO, SIR! THAT WAS A CONJURE! C'MON, OOP, WE GOT NO TIME TO LOSE!

HEY, NOW, WHERE WE GOIN'?

TO GET US A FLYIN' ALLIGATOR, WHERE ELSE?

**STORY BOARDS**

THEY HE ENDED UP BY SAVING THE PRESIDENT'S TIME AND WASTED US ALL TO HOLD THE LINE!

HOLDING THIS LINE HOLDING A BEAR, BY THE WAY, BUT YOU WANT BACK THE BOSS?

GUESS ALL YOU CAN DO IS PAY FOR MORE FRIDGE BENEFITS!

FRIDGE BENEFITS?

SURE! SUCH AS PAYMENT OF YOUR GROCERY BILLS--ELECTRIC BILLS--GAS BILLS.

YOUR RED SUPPLES ARE GOOD ENOUGH, BOB. ON NEXT GIVING YOU A NEW DAWG--AND BURNING ON THE WATERWORKS WON'T HELP.

FUNNY? NOT A THING FOR ME TO DO IS WAITING IN THIS NOTE MOM LEFT FOR ME--JUST THAT SHE AND LIL ARE SHOPPING!

BUT SHE'LL THINK OF PLENTY OF THINGS WHEN SHE GETS HOME! OR LIL WILL! FOR ONCE, I'M GONNA BE A WIFE TO THE FRIDGE.

I KNOW ALL THE CHORES IN OUR HOUSE FROM YEARS OF BEING THE GOAT!

YOU CAN BET THIS WILL BE HIGH ON THE "DO THIS LIST"--TAKE THOSE BOTTLES BACK TO THE STORE!

TWO CENTS A BOTTLE! WELL, 24 CENTS IS 24 CENTS! BACK HOME FOR ME!

I DIDN'T EVEN EAT LUNCH AT HOME, BUT I'LL GO AND DO THE FEW DISHES LIL LEFT IN THE SINK!

I'LL BET YOU'RE BOTH READY TO FIRE AWAY AT ME ON CHORES AND ERRANDS I SHOULD DO! WELL, JUST HOLD IT AN MINUTE.

I BURNED THE PAPERS, TOOK THE EMPTY POP BOTTLES BACK, FED THE DOG, AND CLEANED UP THE DISHES. I PARE YOU TO THINK OF ANYTHING ELSE.

WHY THAT'S WONDERFUL! THAT COVERS EVERYTHING!

DOUBLY WONDERFUL! MOM WASN'T SURE YOU'D BE HERE BEFORE WE GO. SHE SUGGESTED THAT I BURN THE PAPERS, RETURN THE BOTTLES, FEED DOG, AND DO THE DISHES.

BLACK BEAR IN THE ICE CREAM.

MOTHER GAVE ME MONEY SO I CAN BUY LUNCH!

TIME GOES FAST! IT'S TIME TO EAT!

NOW THAT YOU CAN'T COME HOME FOR LUNCH--

--I WANT YOU TO BUY YOURSELF A NICE SANDWICH! DO YOU HEAR ME?

YEAH? AND WHAT DO YOU WANT?

PLEASE, SIR! I WANT AN ICE CREAM SANDWICH--AND FOR DESSERT, A CHOCOLATE SUNDAE.
