Kennedy Lets TV Address

WASHINGTON, Dec. 17 (AP)—President Kennedy gave his first two years of the White House tonight in an untidy hour-long television interview.

After two days of conversation with the press, Kennedy's program called "After two years in the White House" was carried by the American Broadcasting system on television at 8:30 p.m. and the National Broadcasting company television at 9:30 p.m.

Kennedy returned to the White House on Saturday from an over-land trip to New York. After attending church Sunday morning he sat down with television cameras and a host of reporters. William H. Lawrence of CBS and George Herman of NBC were the interviewers.

He had an active week for the past few days. He met with the national security and defense officials and also heard reports from Secretary of State Dean Rusk on the meeting of the Treaty organization's ministerial council in London.

Kennedy met with Secretary of State Robert S. McNamara to discuss both the NATO summit and the secretary's talks in London on the controversial missile situation.

Plain Trail Leads Police to Hit-Run

Trail of anti-freeze left by a truck driver in the scene of the accident led police to a car that struck a 14-year-old boy Sunday morning in Twin Falls.

Police followed water marks in the scene of the accident to a truck that was driven by a driver of a car that struck a 14-year-old boy Sunday morning in Twin Falls.

Winter Gales in England Cause Deaths

LONDON, Dec. 17 (AP)—Winter gales and winds up to 40 mph on an hour caused heavy damage in the British Isles.

Deaths were reported in Britain and the European continent yesterday.

Forecasters predicted heavy rain and strong winds for the next 24 hours.

Smellian Flies to Nassau Talks With President

WASHINGTON, Dec. 17 (AP)—Prime Minister Harold Macmillan flew to Nassau, Bahamas, today to discuss the situation in Cuba.

Macmillan is expected to meet with President Kennedy and discuss the situation in Cuba.

License Plate Sales Pick up

Sales of license plates at the Twin Falls county assessor's office reportedly "picked up a little" Monday morning with a steady string of purchases.

Short lines were reported during the morning. By 11:30 a.m. Monday 4,067 sets of passenger plates and 1,392 sets of truck plates had been sold.

Two T.F. Murder Suspects Left After Lengthy Investigation

Months of investigation by city police detectives and the Twin Falls county sheriff's office has narrowed to two suspects the search for the slayer of Bernard Wilk, who was murdered in the early morning of Nov. 17, 1961, at United company's service station on Kimberly road. Sheriff James L. Bonham and City Detective Tim Qualls returned Sunday evening from a trip to Lompoc, Calif., and Carson City, Nev., where they interviewed two prime suspects. One suspect, Charles Hughs Evans, 21, Pittsburgh, Calif., told Sheriff Bonham, "I don't think I shot him, I might have, but I don't know."

Evans was admitted to several break-ins and thefts in Idaho and Nevada during a brief period of time before and after the fatal shooting. Only three days before Evans was murdered, he was arrested and released two Twin Falls homes and threatened the owners.

Spring Conditions Peek Into Midwest

Fog and haze accumulated today over many cities of the East as springlike conditions paid a brief return visit to the Midwest. Florida was warm again after last week's damaging hard freezes, but southerly temperatures again gripped Maine today with readings of 7 below for Millinocket, -5 at Old Town, -4 at Houlton and -1 at Limestone. In Fargo, N. D., Sunday afternoon sights included youngsters in shorts and bare knees, kids in t-shirts, fishermen angling in the Red river, and golfers plodding their fairways in light attire.

Mothers Win First Round In Tree War

SHARON, Mass., Dec. 17 (AP)—Irate mothers have won the first round in a battle to force authorities to restrict the use of public Christmas trees from three public schools.

School Committee Chairman Richard Hooper last night called a special public hearing for Wednesday night to discuss the controversy.

Both Sides End Case of Communists

WASHINGTON, Dec. 17 (AP)—The attorney for the Communist party said in argument to a federal jury today that the party was not guilty of the activities which it failed to register as an agent of the Soviet Union.

The defense attorneys, John J. Ast, did not dispute government evidence that Gus Hall, general secretary of the party, had announced he would not be a stooge for the Soviet Union.

Anderson Hearing Ends; Arman May Languish In Jail Over Holidays

MOUNTAIN HOME, Dec. 17 (AP and UP)—An eight-day public hearing into the strange case of Airman Gerald M. Anderson ended today with recommendations by his attorneys for better safeguards of the rights of suspects in both military and civil criminal interrogations. Maj. James D. Goldard, the hearing officer, said it will be at least a month before he makes a recommendation as to whether Anderson should be tried by court martial on a murder charge.

And the recommendation then will be reviewed by a hearing officer at March air force base. It appeared Anderson, who is accused by the force of a double murder to which another man has confessed, would spend Christmas and New Year's still in the stockade at Mountain Home air force base. He has been confined either there or in a jail here for eight months. His only chance of getting out would be a faster than expected air force decision clearing him, or a ruling in U. S. district court on a habeas corpus proceeding.

Anderson originally confessed killing the wife of a neighbor soldier, but later repudiated the confession saying air force interrogators had pressured him into signing the statement.

Then he was cleared of the murder charge in a civil court after 22-year-old itinerant laborer Thomas Dicks confessed that he was the killer.

Also in Boise arraignment of Theodore Thomas Dicks, on a first-degree murder charge in the rape-slaying of Carolyn Reitan, 10, Boise, was continued today until Jan. 1.

The postponement was requested by Richard Anderson and John Barrett, Boise, court-appointed defense attorneys. They could devote further study and evaluation to the case.

In granting the continuance, the second air force judge, Judge J. Ray Dutschak asked for more study. He will then enter a plea to the charge at his next appearance.

Anderson said he felt Dicks would be ready to plead at that time.

Civilian investigators said Dicks' confession checked out in details while Anderson was in custody. They said the confession was a "fact-fact" link between him and the murder.

With his air force arrested Anderson again and charged him. There was public clamor for investigation of the air force's interrogation of Anderson.

Anderson's defense attorneys directed much of their efforts toward this aspect of the case.

At the hearing ended today, one of the major points of contention was the interrogation of Anderson at Malmstrom air force base, Mont., said in his opinion there were no normal December readings to the northern plain with its and its.

There was some rain in the West and light snow in the Northeast.

The major wet belt was along an almost stationary Pacific frontal zone from the northern Rockies southwestward across central California. Rainfall was light in most areas. Light snow drifted through snow-covered areas in the region, which was hit by snowstorms for several days last week.

Temperatures were below freezing this morning from the central part of the Midwest eastward to the Atlantic ocean and in the central Rocky mountain region. Low readings, some below zero, were reported in parts of New England.

Record high temperatures were reported Sunday in the Great Plains at forty places. Weather extended over broad sections of the country. Record highs for the country, 66 in North Platte, Neb.; 66 in Concord, Kans. and 57 in Fargo, N. D.

Negro Says He Was "Treated Like Dog"

OXFORD, Miss., Dec. 17 (AP)—James Meredith returned to his home today following a week-long tour of the South. He said a police car began to follow him when he left a barber shop and stopped him a short distance from his home. He said he was falling just as the right-of-way and posted a \$10 bond.

At Kosciusko, city policeman Claude Guess confirmed today that Meredith was ticketed on the charge of blocking traffic.

Two Convicts Escape Alcatraz, Quickly Recaptured in Icy Bay

SAN FRANCISCO, Dec. 17 (AP)—Two bank robbers saved their way out of Alcatraz, the forbidding island prison in San Francisco bay, Sunday night but were retaken alive after losing a battle with the icy water. One swam only about 100 yards before quitting. The other made it three miles with the help of homemade water wings and became the first escapee known to reach the mainland after breaking through the maximum security institution. John Paul Scott, 36, from Leitchfield, Ky., must it to shore but the swim proved too much for him. When spotted by two children on a rocky shore he appeared to be dead.

Doctors at the army's nearby Letterman General hospital, where Scott was taken, said his body temperature was down to 94 degrees. Water in the bay averaged 54 degrees.

Bank robber kidnaper Earl Dec Parker, 31, Canton, O., quit swimming because of the cold waters. He made a dash of about 100 yards to a pointed rock off Alcatraz western end.

Parker just sat waiting on what he knows as "Little Alcatraz" as a searching prison boat spotted him.

Both men were returned to Alcatraz.

Warden Clint Blackwell said the two men worked in the prison kitchen and somehow cut their way out through a window in the kitchen basement.

Barnett Deal On Meredith Is Reported

NEW YORK, Dec. 17 (AP)—Mississippi Gov. Ross Barnett—despite public vows of defiance—has agreed to a secret deal with U. S. Atty. Gen. Robert F. Kennedy, enrolling Negro James H. Meredith at the University of Mississippi, an article in the current issue of Look magazine says.

Meredith's attorney, who conferred by telephone with Kennedy through the four days preceding the deal, said at the university and proposed a plan that would allow Meredith to enter Ole Miss.

Reached by telephone for comment on the article, Barnett said: "I haven't seen it. I don't know anything about it, and I have no comment."

He said fully concurred with the recommendations of Anderson's civilian attorney, Robert Dutschak, who said: "I am all too familiar with the tactics of interrogators and interrogating officers," McKinley said.

The major, a veteran of 11 years' military service, said he had said changes are needed at the state and federal levels as well as the military.

There were recommendations presented by McLaughlin that the interrogations be conducted and the records be made available to determine whether statements are voluntary.

That all interrogations be completed as the interrogations are conducted and the records be made available to determine whether statements are voluntary.

That when a person being interrogated the interrogator, all questioning cease and that questioners give the subject the right to stop the interrogation, all questioning cease and that questioners give the subject the right to stop the interrogation.

WASHINGTON, Dec. 17 — Uncle Sam is much like the old woman who lived in a shoe and who had so many children that she didn't know what to do.

Uncle Sam's children, or at least the ones who are the most vocal, are the nationalists of Latin America. Uncle Sam has tried spicing them with a little bit of "good government" and a little bit of "good will" and giving them lipopins and pepes. But they are not getting any better. They are nicely tucked in but their hair has popped out and is sticking out in all directions.

Uncle Sam wants to get rid of them with the Latin. They are democratic nations, in theory at least, although the theory is a little shaky.

They are suppliers of much needed raw materials. They are customers of our goods and can be made self-sufficient.

ARMED BY ALLIES — The fighting qualities of Latin American nations are not so good as they are the nationals of Latin America. Uncle Sam has tried spicing them with a little bit of "good government" and a little bit of "good will" and giving them lipopins and pepes. But they are not getting any better. They are nicely tucked in but their hair has popped out and is sticking out in all directions.

Uncle Sam wants to get rid of them with the Latin. They are democratic nations, in theory at least, although the theory is a little shaky.

They are suppliers of much needed raw materials. They are customers of our goods and can be made self-sufficient.

DIFFICULTIES IN VENEZUELA — Britain is about to liberate British Guiana, now under control of a re-elected regime and threatened with revolt.

One of our most difficult problems is Venezuela. President Romulo Betancourt, the aid of American oil interests, and Marcos Perez Jimenez took over as dictator. But he did not rule as a dictator. He was a democrat. He was a democrat. He was a democrat.

Now the Kennedy administration has imposed further controls on oil imports, cutting down on the amount of oil that can be imported. Venezuelans are angry at us and the communist underground is capitalizing on the situation.

MINES OF CASTROISM — There are varying degrees of unrest and distrust of the U.S. in almost all other countries at present, except Mexico, where American relations are excellent. There is trouble brewing in Bolivia, Peru, Panama and Paraguay, and the deeds of interest in other nations are not so good.

But the greatest single threat to friendship and cooperation with the U.S. is the fact that there are cells of Castro communism in almost every country. The cells are small, but they are spreading rapidly for the Yaguai impetuous as they spread.

Their material is largely lies and distortions, but whenever we make a mistake, they pounce on it. They are the most dangerous of all.

ANTIDOTES FOR HUNTER PROBLEM — In protesting the indiscriminate carelessness of pleasure hunters during the season just past, the "Twin Falls Times-News" has been flooded with a couple of wily recommendations.

The Grange also thinks those found guilty of hunting should be put in jail for at least two years. It is a good one. It is a good one.

Know what? I'm inclined to think it's a pretty damned good law. Should have had it years ago. All these years of abuse on the part of those who have been getting away with expense accounts. Dirty shenanigans should have had the law years ago.

WASHINGTON, Dec. 17 (AP) — Legal questions may help explain administration doubts about extending President Kennedy's anti-bias housing order to construction.

The administration feels it is on a level ground with the order affecting housing covered by FHA and VA mortgage insurance. The order is the conventional law is less pronounced, since it presumably would be made retroactive to other lenders whose deposits are government-insured.

THE DOCTOR SAYS

By WAYNE G. BRANDSTADT, M.D.

Will illness or a series of illnesses strike your child? Doctors formerly answered this question with an unqualified "yes" or "no". Now, Dr. W. Meredith Brandstadt says that children have made a study which indicates that the most part is not so.

More Myths

It's difficult to follow the reasoning being advanced by President Kennedy in support of his plan to reduce income tax. President says tax cuts, tied to "curbs" on rising federal spending, offer the best chance for producing future budget surpluses. It's a hard fact that federal spending has outstripped federal revenue — to the tune of something like a billion dollars in the current fiscal year. Only rarely in the last 20 years has the federal budget been balanced.

Then how can a tax cut — even with "curbs" on rising federal spending — hope to even balance the budget, let alone bring a surplus? It should be patently obvious that instead of "curbing" federal spending has to be decreased drastically to even achieve a balanced budget, let alone a surplus.

Mr. Kennedy expects a tax cut to serve as a shot in the arm for the economy by boosting purchasing, production, employment and investment. All these increases would help more money flow into the economy.

Perhaps President Kennedy isn't particularly concerned, but many economists are being worried about the economy and its continued high level. Inflation accompanying the high level of the economy has reduced the purchasing power of the dollar to such an extent that it will add inflation to any further "expansion" in the economy and if it does, then what happens? Perhaps the answer lies somewhere among those "myths" of the President and his press secretaries that a balanced budget isn't necessary.

The federal debt obviously is another myth that is of no consequence. If the cell calling for the debt isn't high enough, then the ceiling can be raised again and again and again. Federal debt apparently doesn't count, either.

Somewhere along way, it would be reasonable to hope some moments for not only balancing the budget, but making a serious and sincere effort to reduce the federal debt. Old-fashioned thinking dictates that the future of the nation would be best served by reducing or eliminating the public debt.

Regardless of all the arguments by the Kennedy administration, there's just no substitute for fiscal responsibility. Mr. Kennedy wouldn't think of handling his personal finances in such a manner as to leave his family with only a difference between individuals and nations in the fiscal field is that nations can get away with deficit financing for a much longer period than an individual.

Stocks
NEW YORK, Dec. 17 (AP)—Stocks fell slightly today but were into a steady rally which continued to the final bell.

Trading was somewhat ahead of Friday's volume, but not as brisk as the heaviest trading in the market in several weeks.

Most of the blue chips finished lower with the exception of General Motors and United Aircraft which lost about 1 1/2%.

The leading chemicals and pharmaceuticals all moved lower except Republic, Youngstown and Inland which were unchanged.

Most stocks softened a trifle after General Motors managed to post a net million net sales gain in 1961.

IBM dropped around five points today, and chemicals and glassmakers also slid into the minus column. An expected gain of 1 1/2% in IBM was offset.

United Aircraft was up 1/2% on reports of a new contract for the production of a new jet engine for the F-105.

General Motors softened a trifle after a profit drop on higher sales for 1961.

subject to modification by the Internal Revenue Service. But unless there is a real reversal, there will be genuine economic war in the rising cost of tax compliance by citizens and of auditing by the government.

This will be a red flag to stir opposition by the conservative Democrats, headed by Sen. Harry Byrd of Virginia, and numerous Republicans. The Dillon statement suggests a planned resumption of deficit financing when private business is above the recession trough.

If such deficits are resumed, then the stock market will see a sharp decline in the price of stocks. This is the opinion of many analysts.

Psychologically, it is difficult to execute the formula of balancing the budget over a cycle rather than balancing it in individual years. The politicians like the added spending power resulting from deficits, but usually lack the will to step on toes of vested interests by backtracking and cutting expenditures during prosperous periods.

The degree to which the tax system has been shored up through demagoguery is illustrated by incalculables. There is a widespread illusion that the step-by-step graduated personal income tax finances the government.

But after he buys some stock and it goes up, he says, "I'm rich, so that he can get out at a profit."

He does this often. I call it "churning." Even there something wrong with this method.

A. It's dangerous. There's something wrong with this method. It's dangerous. There's something wrong with this method.

Such in-and-out trading is always dangerous for anybody. This is especially true for retired folks who normally must be most conservative.

If your husband has been successful as you indicate, he's either a smart or lucky stock trader. There's one stock market danger that has held true over the years. It is that "underside" line.

Q. My wife and I are trustees of a trust for our three children. The money in the children's trust is for the children's education.

As a under normal circumstances, no. The money in the children's trust is for the children's education.

Because the interest paid on such accounts is not yours, you do not have to include it as taxable income when you file your income tax returns.

And assuming that each child has less than \$500 of taxable income (including that interest) each year, there's no need to file any federal income tax return for the kids.

The interest revenue service points out that the above holds true provided that the money is reinvested in the trust for the benefit of the children.

Stocks

NEW YORK, Dec. 17 (AP)—Stocks fell slightly today but were into a steady rally which continued to the final bell.

Trading was somewhat ahead of Friday's volume, but not as brisk as the heaviest trading in the market in several weeks.

Most of the blue chips finished lower with the exception of General Motors and United Aircraft which lost about 1 1/2%.

The leading chemicals and pharmaceuticals all moved lower except Republic, Youngstown and Inland which were unchanged.

Most stocks softened a trifle after General Motors managed to post a net million net sales gain in 1961.

IBM dropped around five points today, and chemicals and glassmakers also slid into the minus column. An expected gain of 1 1/2% in IBM was offset.

United Aircraft was up 1/2% on reports of a new contract for the production of a new jet engine for the F-105.

General Motors softened a trifle after a profit drop on higher sales for 1961.

News Around Idaho

Couple Gets Custody of Nine Children

CHARLOTTE, N. C., Dec. 17 (AP)—Mr. and Mrs. Donald Meyer, who have two adopted children and two of their own, receive nine youngsters into their home today.

"We need children. We want children," Mrs. Jean Meyer told a woman.

The Meyers who had seen only photographs, get their first look at their five new daughters and four new sons when they arrive here by air today.

The couple were in the news papers last Jan. 17 that Mr. and Mrs. Walter Baker were killed when their pickup truck overturned in a ditch near Battis Lake, Minn., orphaning their nine children, including an 18-year-old boy.

Meyer and his wife, who agreed when they were married that they wanted "at least 12 children," decided to try to adopt their children and keep them together.

John S. Boren Taken by Death

John S. Boren, 64, former Twin Falls city employe, died at a hospital in Sacramento, Calif., last night.

He was born in 1878. He lived in Twin Falls for 25 years and was employed by the Twin Falls water department for many years. He moved to California about 10 years ago.

Surviving are three sons, Homer Boren, Earl Boren and Ernest Boren, all in Sacramento; five daughters, Mrs. Beazle May and Mrs. Ruth Reynolds, both Sacramento; Mrs. Ruby Jones, Dallas, Tex.; Mrs. Meddie Springer, Reno; and Mrs. Dorothy Bullock, Twin Falls; 18 grandchildren, and 30 great-grandchildren.

Funeral services were held in Sacramento.

Speculation On Prisoners Shows Hope

WASHINGTON, Dec. 17 (AP)—Loon of a ship to the Red Cross and reports of activity in the Baltimore port have stirred speculation that negotiations for release of 1,200 Cuban prisoners may be nearing a climax.

The speculation was heightened by these developments Sunday:

The Red Cross said the African Pilot had been made available to it for use if necessary, to ship medicines and supplies to Cuba as a barter for the captives.

The wife of James B. Donovan, New York lawyer who has been negotiating with Cuban Prime Minister Fidel Castro for the prisoners' release said Sunday night "the best left alive, Yaguajay, possibly for Washington."

Castro had asked a ransom of \$2 million dollars.

IDAHO FALLS, Dec. 17 (AP)—Dog owners were warned Sunday that farmers and stockmen "have the complete right to protect stock from packs of dogs that have been killing sheep and cattle in the area." Bonneville County Sheriff A. E. Helop said that they "go to sleep in packs during the winter months, and that these packs have been attacking and killing farmers' sheep. The sheriff explained that some of the dogs involved in these "wolf-like" packs are pedigree animals. Helop said: "History said, have seen German shepherds—the worst offenders—and hunting dogs running in the packs that have killed and maimed sheep in the area."

SHELLEY, Dec. 17 (AP)—State Rep. Arvil Miller—R—Mighton, has told the Shelley school district board what he would do to help improve school finances. He pointed out that the revenue apportioned is limited but that he and most legislators would help as much as possible. In outlining his views on school legislation, Miller represented the school district that he favors more money for the schools and would fight to get it.

POCATELLO, Dec. 17 (AP)—U. S. Rep. Ralph Harding will begin a four-day tour of counties in this area today. The congressman plans to meet interested citizens during the tour. He will be available at Pocatello Monday afternoon and at Blaine Tuesday county district meeting. He will tour Thio Chemical Corporation facilities in Utah and Pocatello Tuesday and on Wednesday, will meet at Fort Hall with residents of the Fort Hall Indian reservation.

POCATELLO, Dec. 17 (AP)—Starting next year, Idaho State college will be offering two new degrees for students majoring in physical education. The new degrees will be master of arts in physical education and master of physical education. Dr. Stanley J. Hirtwood, dean of the college of education, said the new degrees follow closely the graduate programs which now lead to the master's degree in secondary education, with a specialization in physical education.

BOISE, Dec. 17 (AP)—The state department of law enforcement said Sunday it believes Idaho is the first state in the nation to combine its special fuel permit and vehicle registration for the trucking industry into a single document. Jack P. Farley, director of the department's motor carrier division, said the new system has been put into effect and covers all special fuel vehicles under Idaho's uniform registration act. "Many states require as many as seven different permits for each truck operating within its boundaries," Farley said.

AMERICAN FALLS, Dec. 17 (AP)—Three men were injured early Sunday morning when two trucks went off highways and overturned in two separate accidents. Robert C. Brownson, 15, Malad, was killed in fatal conditions today in Pocatello's St. Anthony hospital with injuries received in one of the crashes. Another passenger in the truck, Louis John Smith, 35, Malad, received facial and internal injuries.

Shoshone Treats Children to Christmas Party

SHOSHONE, Dec. 17—Children of this area were treated to a free movie and visit from Santa Claus, at an event sponsored by the Chamber of Commerce Saturday afternoon.

The movie at the Rex theater was arranged by G. M. Wilson, proprietor.

Treats, distributed to 700 children, were prepared under direction of local grocers, Mike Ursula, Joe Berrochco, Omer Shook and Willis Larson. Orders were made up by high school students directed by Supt. John Bevanon.

The city fire department brought Santa into town and law enforcement officers were on hand to direct traffic and help Chamber members with the distribution of treats at 3 p.m.

8,000 Russ Troops Are Still in Cuba

WASHINGTON, Dec. 17 (AP)—Four Soviet combat battalions, with armor and up to 8,000 troops, are among the arm of Russian soldiers still in Cuba, information available today indicates.

The units are part of the overall contingent of Russian infantry, artillery and aviation experts which some estimates place as high as 20,000.

The battalion-size units are believed to be among the best in the Soviet army, better than troops usually deployed in recent years to satellite areas.

As the buildup in Cuba got under way, the battalions were sent in for the initial mission of defending the ballistic missiles and J-23 medium jet bombers which Russia shipped to Cuba.

There was a belief that while the launching sites were prepared and much of the guidance and supporting equipment sent in, most of the ships carrying the bigger intermediate-range rockets turned away from their Cuban destination when the United States let the world know of its firm determination for a showdown.

Scandals in Gary Rock Officials

GARY, Ind., Dec. 17 (AP)—This scandal-ridden steel city looked into the uncertain future today after a shocking week that saw:

- The mayor, Greek immigrant George Chacharis, prominent Democrat, resign and be guilty to conspiring to evade federal income tax on \$220,000 in kickbacks from construction firms.
- A federal jury, in the same trial, find City Accountant William Chutuck guilty of income tax conspiracy.
- Chutuck's successor as mayor, former Communist Party lackey, chief with other city officials in a state audit report for illegally spending more than \$3 million dollars.
- Vice-Mayor and City Atty. Harry Palmos and Field Engineer Alfred P. Torrey, after they testified in the trial that they had received \$12,000 and \$5,000 respectively for services they did not perform.
- Gary City Chairman Lonnie Jackson said yesterday these Gary city officials should resign for allegedly having taken part in the tax evasion scheme.
- A Republican, called for the resignations of George Perhat, Terry Gray and Alvin Wason.

Buhl Masons to Install Officers

BUHL, Dec. 17—Newly-elected officers of Buhl No. 23, A.F. and AM will be installed during public installation ceremonies Friday evening at the Masonic temple.

New officers include Harry Weaver, worshipful master; Roland Harding, senior warden; T. M. Kendrick, junior warden; Russell Thomas, treasurer; and Olin Vines, secretary. Don Drannen and Bill Roberts are three-year term trustees.

Appointive officers include Robert Weaver, Jr., senior deacon; and Neil Heller, deacon. William Nungesser, chaplain; Amos Caulth, marshal; Ray Alexander, senior steward; John Blair, junior steward; and Chet Chamberlain, Tyler. Installation ceremonies will be under the direction of Robert Blair, retiring worshipful master.

Lawmakers to Get Proposals on Children's Commissions

BOISE, Dec. 17 (AP)—Legislators are receiving this week a 39-page book which outlines recommendations of the Idaho children's commission. What the lawmakers do with the proposals remains to be seen.

The commission was created by the 1961 legislative session, given an appropriation of \$20,000 and told to study laws affecting children. The commission got an additional \$10,000 in grants and spent six months in its study.

The recommendations were announced publicly in a preliminary summary in October but the complete report is being distributed only this week.

Legislators did not have copies of the report before they were asked in a survey by the Associated Press to express themselves on it. Accordingly, 40 per cent said they would take no position.

Thirty-one per cent said, however, that on the basis of what they had heard of the report they would support the recommendations of the commission. Twelve

North Korea To Increase Armed Forces

SEOUL, Dec. 17 (AP)—The leaders of communist North Korea have ordered a buildup of the nation's armed forces even if it means a cutback in economic development programs, it was announced today.

"The reason given for the surprise order was the alleged 'grave situation' created in Asia by American 'war provocations,'" according to Pyongyang radio, monitored in Tokyo.

However, there was a broad hint that it might be in connection with possible renewed—and expanded—hostilities along Sino-India border.

The buildup order was disclosed by the communist radio in a broadcast of an official summary of decisions taken during a just-completed meeting of the nation's top policy-making body, the central committee, of the Korean Worker's communist party.

Speaking over the meeting was the man who started the Korean war, central committee chairman and Prime Minister Marshal Kim Il Sung.

New Officers Are Installed For Granges

SHOSHONE, Dec. 17—Lincoln county subordinate Grange officers were installed in joint service Saturday at Maple Grange hall. Omar Schmidt, Clatsop county master, was installing officer.

Mrs. Florence Schmidt was chaplain and Mr. and Mrs. Harley Williams and Mrs. Melvin Gibson were marshals.

Mrs. D. G. Mitchell was pianist with Mitchell leading singing.

Keith Jackson was installed master of Maple Grange. Mrs. Odell Chatfield, master of Richfield Grange; Ralph Towne, master at Dietrich Grange; and R. B. Kelley, master for Wood River Center Grange.

The masters were seated and each gave a short talk. Other Grange officers were installed.

Installing officers were all members of Orchard Valley Grange, Wendell.

Rockefeller, Chief Start Barb Series

WASHINGTON, Dec. 17 (AP)—President Kennedy apparently has no doubts—that Gov. Nelson A. Rockefeller is an opponent for the job in the 1964 presidential election.

This was the explanation in a series of barbs at the annual dinner in his first night speech to the Executive Club in New York.

New York will be one of the principal battlegrounds in the 1964 presidential contest. Kennedy has been busy himself regarding the positions of the state on major issues. They are now far apart on New York matters but remarkable in some national economic matters.

Kennedy told the Economic Council of the rate of insured unemployment in New York has been consistently higher than the national average.

In his latest pronouncement on the subject—before the National Association of Manufacturers on Dec. 7—Rockefeller said the state's unemployment rate has been less than the national rate for 20 of the last 25 years.

Presumably both men could be in the 1964 presidential contest. Kennedy was talking about the number drawing unemployment compensation. Rockefeller was talking about the number of jobs.

Laughton Leaves Behind Immortal Acting Career

HOLLYWOOD, Dec. 17 (AP)—Actress Elsa Lanchester, his one and only wife, and his younger brother, Frank, retired from the family hotel business.

Mrs. Laughton, who married the actor in 1929 and became an American citizen with him in 1950, told the death very hard, Laughton's brother said.

"She has been with him every day through it all—for almost a year," said the brother.

High spots of a career that made Laughton the movies' top character actor for 30 years: The satirical Captain Bligh of the original "Mutiny on the Bounty"; the lecherous Henry VIII—the 1933 best actor Academy Award performance—or the lovable English butler reciting the Cretaceous Address in a frontier saloon for "Ruggles of Red Gap."

Little was known about Laughton's private life. He loved art—and had a collection of Renoirs, Dintlos, Cezannes and other French Impressionists that few ever saw.

A decade ago, Laughton directed and starred in a critical and financial success of Shaw's "Don Juan in Hell."

The slaying of this work had defied managers for 50 years. The work is the seldom-played third act of "Man and Superman."

Pilot Tells Of Near Miss With Bomber

NEW YORK, Dec. 17 (AP)—The pilot of an Eastern Airlines jet with 41 persons aboard this said he missed colliding with a B-54 four-engine bomber by only 100 feet over Lake Charles, La.

The airliner, a Boeing 720, was en route from Houston to Atlanta, New York and Boston with 34 passengers and a crew of seven.

A representative of the airline quoted the pilot, Capt. John M. Banford of West Redding, Conn., as saying he dived the

The airline quoted Banford as saying: "I looked up and I saw a B-54 coming in at a 90-degree angle to my course, from left to right. It was about 500 feet ahead of me and apparently at my same altitude."

"I pushed over the stick and dove under it. I passed under it and cleared it by only about 100 feet."

Bruins, Burley Collide in Battle of Unbeaten Basketball Teams Tuesday

The Twin Falls Bruins and Burley Bobcats, both unbeaten, ranked right at the top of the fourth district basketball, meet in the biggest game of the pre-holiday season Tuesday night at Twin Falls. In addition to being a top battle, the game will go a long way toward establishing the top-seeded team in the district tournament late in February. Under the seven-team bracket, the team emerging with the best percentage against district opponents receives a first-round bye.

F. Burley, Jerome Lead Apple-A-Data

Twin Falls and Jerome are the two teams with the most wins in the district. Twin Falls has a 10-0 record and Jerome has a 9-0 record. The Bruins, who are led by head coach Al Underwood, have a 10-0 record in the district. The Bobcats, led by head coach Al Underwood, have a 9-0 record in the district. The game is expected to be a close one, with both teams having a strong chance to win.

Money Loss Won't Kill Liberty Bowl

PHILADELPHIA, Dec. 17 (AP)—The Liberty bowl for the fourth straight year was an artistic success and a financial flop. The 17,048 fans who turned out at the 100,000-seat Philadelphia stadium in sub-freezing 22-degree weather saw a curling good football game in which all-American Perry Baker's 60-yard touchdown run carried Oregon State to a 6-0 victory over a Willamette team that centuriously lost itself.

But they didn't pay enough, even with the gallons of hot coffee and chocolate and hot dog consumption to let promoter Bud Dudley off the financial hook. Each team should net about \$50,000 and hospital charities the same was played for yet a few thousand. Dudley estimated he would suffer a loss of "between \$15,000 and \$20,000" even with the national television money.

Is he discouraged, ready to quit, give up on his brain child? "Nope," says the ebullient promoter, who originated the college football procey-ticket sale tie-in and made doubters eat it.

Dudley has every intention of trying again next year, says Dudley. "There was a much greater reaction to the program this season. People are starting to realize we have a good thing going. Even those previously reluctant to get behind us are changing their minds. It's like a volcano. I can feel things starting to rumble."

"What Christmas Means to Me"

TODAY'S CONTEST WINNERS

\$2.50 Merchandise Certificate for Each

CATHERINE DUDLEY 1939 Poplar Twin Falls, Idaho

ALAN HUMPHREY 257 Carney Twin Falls, Idaho

"To be honest, what Christmas means to me is going to bed early on Christmas eve, not staying very much and getting up early to see to what is under the tree. Everyone is happy and I like that," writes fourth grade Alan. He attends Lincoln School.

Third grade Catherine writes, "We should all honor the Lord Jesus Christ and his works. We should thank, give and love one another. We should be happy that we have all the things God has given us and that we can share with others who don't have good homes and clothing. This day is a joyous holiday."

WATCH FOR PRIZE WINNERS EVERY DAY! Contest open from now until Christmas for boys and girls 6 to 10. Entries can use the necessary number of words to tell their story of what Christmas Means. "Me" winners' pictures will be published in this space daily. Merchandise certificates worth \$2.50 each will be awarded daily to one boy and one girl. Two grand prize winners (\$10.00 each) will be selected and published on December 23. Each entry must have: Child's name, address, phone number, date and time of birth, school and parent's name.

YOUR BIRTHDAY and HOROSCOPE

MONDAY, Dec. 17—Born to you have a "touch of heaven" in your life. Marriage to you is a bloom unattained. You are to be hoped that training acceptable will have recognized your potential and begun a plan possible to do so.

Among those born on this date are: Ludwig van Beethoven, composer; John Greenleaf Whittier, American poet; Allan Edwards, musician and composer.

To find what is in store for you tomorrow, select your birthday and read the corresponding paragraph. For your birthday star, see your daily guide.

TUESDAY, Dec. 18—SAGITTARIUS (Nov. 23-Dec. 22)—Support from those "in the know" should enable you to take at least one giant-step forward today.

WEDNESDAY, Dec. 19—JANUARY 20—Your bank-book says "yes" proceed without further delay in your eagerness, don't overlook details.

THURSDAY, Dec. 20—AQUARIUS (Jan. 21-Feb. 19)—Use every possible time-saver this morning. Make up your mind for free action by afternoon.

FRIDAY, Dec. 21—PISCES (Feb. 20-March 20)—Wherever you may be, follow your best foot forward over the past few days should appear no new.

MONDAY, Dec. 22—APRIL 23—Don't let yourself fall behind again or you'll have it all to do to meet the additional effort required!

TUESDAY, Dec. 23—TAURUS (April 21-May 21)—You should be able to stay alert to initial gains for a brand new project.

WEDNESDAY, Dec. 24—GEMINI (May 22-June 21)—Avoid exposing yourself to criticism. Remember, it's possible to lose the "good neighbor" policy!

THURSDAY, Dec. 25—CANCER (June 22-July 23)—Maintain your alertness by continuing attention to duty. Those who gave the opportunity will see if you can get the most out of it.

FRIDAY, Dec. 26—LEO (July 24-Aug. 23)—Dennis seem compelled to turn in your favor. Nevertheless, don't overlook the people who are "in the ascendant."

SATURDAY, Dec. 27—VIRGO (Aug. 24-Sept. 23)—Receive and give. You may have to step to embark on bigger and better activities. Watch for friends.

SUNDAY, Dec. 28—LIBRA (Sept. 24-Oct. 23)—Another day for "word-watching" to make sure your remarks are not either that may boomerang at a later date.

MONDAY, Dec. 29—SCORPIO (Oct. 24-Nov. 23)—Review projects awaiting completion should take up your time today. Shelve routine business if necessary.

TUESDAY, Dec. 30—CAPRICORN (Dec. 22-Jan. 20)—Final rites were held in the recent cemetery.

WEDNESDAY, Dec. 31—VICTOR DRIPS IS HONORED AT RITE

Funeral services for Victor Drips were held at 3:30 p.m. today at White Chapel Mortuary with the Rev. Earl W. Johnson officiating.

Funerals were held at 10 a.m. today for Mrs. Gladys Townsend, Mrs. Jack Swisher, Joseph and Fred Prith.
