

Filer Girl Wins Miss T.F. Crown

A 17-year-old Filer high school senior who placed first in all three main categories in the annual event, was named Miss Twin Falls of 1963 during the Miss Twin Falls coronation Saturday evening.

KATHLEEN DIANE KELLEY

Patricia Dian Matheny, reigning queen, Miss Kelley, a beautiful dark-haired girl who plans to study medicine and become either an obstetrician or a psychiatrist, placed first in the evening gown, swim suit and talent competition. She tied in the evening gown competition with Rosa May Heltman, daughter of Mr. and Mrs. Ed Heltman, route 4, Jerome.

Miss Kelley is five feet, nine inches tall and weighs 120 pounds. Her measurements are 32-25 and 36. Her interests include reading, writing, painting, playing piano, playing the French horn and sewing.

For her talent, Miss Kelley performed a spectacular fire baton twirling solo, in which large sticks on both ends of two batons flashed brilliantly in the darkened gymnasium. The new Miss Twin Falls noted humorously just before her baton twirling performance that two persons are standing by with fire extinguishers.

She wore a rose-colored velvet, long-sleeved outfit for her baton twirling performance.

The four runners-up in the coronation were Gloria Dale Cooper, 18, a freshman at Ricks college, Reburg; Miss Helman, Karen Marie King, 18, a sophomore at Idaho State college, Pocatello; and Glenda Diana Mitchell, 17, a freshman high school senior, "Miss Congeniality" during the coronation tea. The 1963 coronation tea was held at the Magic Valley Memorial hospital in the annual Times News First baby contest.

Andrew Lewis Morris, son of Mr. and Mrs. David Morris, route 2, Twin Falls, was named winner. He was born at 3:23 a.m. Jan. 1, the first boy to win the contest since 1957.

The first baby will receive a case of baby food from Sibley's market; \$10 savings account from Twin Falls Bank and Trust company; Brownie Hawkeye flash camera; Kingsbury Prescription pharmacy; 12-piece baby kit; Bay-Mor drug store; 48 cans of canned milk; Okay Food store; case of Coca Cola; Coca Cola bottling company; baby novelty arrangement; Fox Floral; four sets of diapers for the father from Twin Falls mortuary; \$5 certificate from the Thrift Shop.

The baby will also get a two-month supply of soft water from Lindsay Soft Water; five over-the-counter portrait of baby; a mass of gold air, rolling toilet tissue; a two-month supply of soap to reach the Eastern seaboard Sunday.

French Airliner Crashes; No Sign Of Life Reported

AJACCIO, Corsica, Dec. 29 (AP)—Flying through storm clouds, a French airliner with 24 persons aboard crashed and burned on a snow-covered mountain in the Mediterranean island today.

The four-engine Straltoner was on a flight from Paris to Bastia, Corsica, to Ajaccio. It was scheduled to continue to Nice. It carried a crew of three.

British Warn That to End Congo Battle

LONDON, Dec. 29 (AP)—British has warned the United Nations not to attempt to conquer Katanga, a province in the Congo, by a means of reuniting the Congo.

A foreign office statement delivered to Secretary-General U. Thant in New York Saturday pressed him to stop the fighting in the breakaway province where U.N. forces say they are defending themselves against attack and trying to restore order.

An American official settlement on the Congo "could only lead to a prolonged and expensive occupation of the country by the United Nations," the foreign office said.

Thant was urged instead to take advantage of President Nkrumah's offer "to arrange a free division of Katanga," the mineral-rich province with the central Congolese government in Leopoldville.

Negotiators Set up New Kashmir Meet

RAWALPINDI, Pakistan, Dec. 29 (AP)—Indian and Pakistani negotiators set up a new conference on Kashmir in Delhi Jan. 16, though they had little to show for their first talks in Pakistan's capital.

A joint communique asked public figures, the press and radio on each side to help create a friendly atmosphere.

The communique was issued at the window of a ministerial conference which flumped after three sessions Thursday.

Informal talks between the delegation leaders—A. B. Dhutta of Pakistan and Sardar Swaran Singh of India.

The start had been adversely affected by the announcement of an agreement between Pakistan and Red China on a frontier settlement west of the U.N. line.

India was concerned because Kashmir territory under the Indian line east of the ceasefire line is about 100 miles from a border state over which India and Pakistan have feuded for 15 years.

Kennedy Speaks of "Freedom for Cuba"

MIAMI, Fla., Dec. 29 (AP)—President Kennedy reviewed today the brigade that tried to invade Cuba last year, and spoke of a future free Cuba. While making no promises of U.S. armed invasion in Cuba, the President said he would be "wildly cheering Cuban freedom in the Orange Bowl to prepare for the day of freedom, Kennedy, showing more emotion than in any recent speech, clenched his fist repeatedly and pounded it on the speaker's rostrum as he addressed the men of Brigade 2506 and 20,000 other exiles.

The Cuban chanted "Guerra" (war) and "Libertad" (liberty) as Kennedy said.

After accepting the brigade's colors, amended out of Cuba, Kennedy said, "I can assure you that this flag will be returned to this brigade in a free Havana."

He said he hoped the brigade and members of their families "will take every opportunity to educate your children, to instill in the many skills and disciplines which will be necessary when Cuba is once more free.

"I can assure you that it is the strongest wish of the people of this country, as well as the people of the hemisphere, that we shall one day be free again, and when it is, this brigade will deserve to march at the head of the free Cuba," Kennedy said.

About 1200 members of the brigade were captured by Castro soldiers when the April 17, 1961, Bay of Pigs invasion collapsed. A number of them since were rescued by relatives and 60 killed and wounded were liberated earlier in Cuba.

The remaining 1,113 were freed from Cuban prisons and flown to Miami in time for Christmas as the result of negotiations by the Cuban families, committee and New York attorney James H. Donovan.

"Crank" Bomb Is Found in Miami

MIAMI, Fla., Dec. 29 (AP)—An unusual \$100 dollar fire which destroyed a quantity of low-value dynamite was found today wrapped in a Cuban newspaper along with a crank in Orange Bowl, where President Kennedy spoke.

The object appeared to have a fuse which was cut and a piece of cord inside the envelope was a brown, waxy substance.

The \$100 dollar fire which destroyed a quantity of low-value dynamite was found today wrapped in a Cuban newspaper along with a crank in Orange Bowl, where President Kennedy spoke.

The committee earlier had endorsed Dwight L. Shaw, 450 Park drive, but Shaw was turned down by the postoffice department on grounds he lacked sufficient administrative experience.

Damages Exceed Million Dollars For Gooding Fire

GOODING, Dec. 29—The Western Warehouse, owned by the Geni State Bean company, Twin Falls, was destroyed in an early morning fire Saturday at Gooding with damage estimated at approximately one and one-half million dollars by Robert Rege, manager. The warehouse, which handled grain, fertilizer and beans, owned by both the warehouse and farmers was destroyed in addition to several liquid fertilizer tanks, a bulk fertilizer spreader truck and two-ton truck and several loading trucks. The office was located in the same building.

Fire company records were saved. Gooding Fire Chief Joe Baumgartner said 11 volunteer firemen answered the alarm which was turned in about 1 a.m. by Gary Frost and Cheryl Peterson, high school students, who noticed flames as they drove.

When they returned to the site on the northeast edge of town, they found the railroad tracks on the main part of Gooding, they had and the entire warehouse was destroyed.

It is believed liquid fertilizer exploded, the fire chief said. Firemen carried the blaze out of the burning building.

A carload of beans standing on the Union Pacific railroad tracks near the warehouse was burned, the fire chief reported. Railroad signal lines were burned and some of the rails on the tracks were melted.

Deaths Mount For New Year Observance

By The Associated Press
A pair of auto accidents that claimed a 77-year-old man added to the growing auto fatalities during the early hours of the four-day New Year holiday observance.

Three persons were killed when a speeding passenger train and a car collided near Moon, Ill., a town south of Chicago. Two other persons were reported critically hurt.

Three others — a teen-aged boy and two women — died when their car and a truck collided in southwestern Minnesota. Witnesses said the truck, heavily laden with beef, toppled over on the car with crushing force.

Between 420 and 480 persons may die in traffic accidents before midnight Tuesday.

Between 18,000 and 21,000 persons may incur disabling injuries because of accidents before the four-day holiday ends.

Safety Landers Trouble Report For Navy Plane

CAGLIARI, Sardinia, Dec. 29 (AP)—A National Airlines jet airliner made a safe landing here tonight with 34 persons aboard after circling Miami International airport for more than three hours with apparent landing gear trouble.

The huge, seven-wing DC-7 was guided to the safe landing by its pilot, Capt. George Peitler while firefighting and emergency vehicles stood by.

The plane was ordered back to the airport when there were indications of a "dangerous" malfunction in the plane's landing gear.

1,200 Youths Attend LDS Meet in T.F.

Some 1,200 youths attended a one-day youth conference Saturday afternoon and evening in the Twin Falls state LDS tabernacle.

Their heard speeches by Robert Shore, 19-year-old co-star in "The Virginian." Shore, lengthy (90 minutes) color TV western series; members of the Three D's, a singing group from Provo, and Dr. Donald C. Wood, Portland, president of the church's Northwest states mission.

Miss Shore, who has worked in motion pictures and appeared last season as a guest singer on 10 Lawrence Welk shows, discussed how being an active member of the LDS church works in his career.

She sang a spiritual, "Keep in Touch."

Joe Tate, president of the Twin Falls stake, also spoke to the young people. He told them that the church uses many virtues for its members, but most are automatic if one has a clean mind and body.

Mrs. Wood, wife of the doctor, preceded her husband on the speaker's platform. She said the search for truth is like the search for a precious stone, and that all youths must seek the truth that lies in the gospel, for young people are just as responsible for the good and evil that they do as are older people.

Dr. Wood, in his message said: "Between 420 and 480 persons may die in traffic accidents before midnight Tuesday.

Between 18,000 and 21,000 persons may incur disabling injuries because of accidents before the four-day holiday ends.

Continent, England Hit By Ice, Wind

LONDON, Dec. 29 (AP)—Europe winter storms buffeted Europe with renewed violence tonight, capturing a freighter off the southwest coast of England and driving 1,000 inhabitants of La Liza, in southern Spain, to flee their flooded homes.

Europe's worst cold wave in years also brought more ice, snow and fog to the continent.

At the southwestern tip of Ireland, 40-mile-an-hour winds and violent seas capsized and sank a freighter believed to be a 60-ton Dutch coaster.

The storm was not immediately known, but it was feared there were no survivors.

The storm as La Liza, near Gibraltar, was the worst in the history of the region.

Police at Dartmouth, in southern England, reported the worst blizzard in living memory.

Hot Loot

AUGUST, Dec. 29 (UP) A burglar pounded a large hole in a concrete block wall of a grocery store before dawn. He left with loot consisting of a few coins and a box of checks—all hot.

The checks were from customers, returned from the bank for in sufficient funds or other reasons.

22 Americans Thought Held By Castroites

NEW YORK, Dec. 29 (UP) Twenty-two Americans, including two women, are believed to be held in Cuban prisons. Some have been sentenced to long terms on charges ranging from spying to taking part in anti-Castro activities. Others have not been tried, it is said. Some charges against them have not been disclosed.

Little is known about the backgrounds of most of them, but probably went to Cuba in search of adventure.

A state department spokesman says Attorney James B. Donovan and the Red Cross are trying to have the Americans released as quickly as possible. More than 1,113 Cubans who participated in the Bay of Pigs invasion.

None of the Americans took part in the invasion. Although the number imprisoned here has been carried in news accounts as 22 or 23, the state department said its information is incomplete.

The two women are Geraldine Ghamra, about 50, a native of Boston, and Maria O'Neil, Atlanta, Ga.

Both were arrested in 1960 and are said to be held in Cerec de Mulera prison on charges of engaging in counterrevolutionary activities. Miss O'Neil is about 10 years and Mrs. O'Neil news years.

FORCE ESTIMATED UNITED NATIONS, N.Y. Dec. 29 (UP) United Nations Congo experts estimate the strength of Katanga's army and police forces at about 25,000 men. The U.N. force in the Congo amounts to about 18,000 men but there are no figures on the disposition of the force.

Washington Cracks Down On Gambling

SEATTLE, Dec. 29 (UP) — Policy under which Seattle tolerates gambling devices and nears \$500,000 a year in license fees will end on New Year's day if Mayor Gordon Clinton has his way. The city council has other ideas.

The policy, initiated in 1947, the city licenses pinball machines, punchboards, card games and other such devices. But state law makes gambling a felony and the state constitution outlaws lotteries, which the courts have held to include all gambling.

Clinton, an ex-FBI agent and long-time Scoutmaster, cited the city should comply with the law, and has ordered all gambling stopped at 8 a.m. New Year's day.

The city council has voted 6-2 to keep the tolerance policy in force until March 15 in the hope the legislature will have done something by then to get the city off the hook. The legislature convenes Jan. 14.

Police Chief Frank Ramon, who takes his orders from Clinton, says a 30-man squad will start a four-day crackdown on New Year's morning. He says anyone caught operating or participating in a game of chance will be fined \$100, arrested and allowed to post bond ranging from \$250 to \$400. Not even police officers are exempt from games will be exempt.

5 Workmen Die When Concrete Wall Collapses

WASHINGTON, Dec. 29 (UP) — A ton of red clay cascaded down on embankment Friday and killed five workmen who were constructing concrete wall, killing five workmen and injuring 11.

Two other men thought missing for a time in the suburban Maryland cave-in were located by police. They were quickly searched for five hours through a tangled mass of steel, splintered wood, hardened concrete and clay sludge.

The wall, part of the basement substructure for a department store in a 7-story shopping center, collapsed at 1:30 p.m. Survivors said there was no warning. A crew of about 20 men was working on the section of wall.

BEST SUNDAY MOVIES
"Prize and Prejudice"—Faithful adaptation of the Jane Austen novel about five sisters in search of a husband in England at the end of the century. Most surprising thing about this well-cast comedy of manners is that it's witty, but still dated.
"The Last Bridge"—This is the beautiful, profoundly moving film screen actresses of this generation. A tender story about a nurse during World War II who has loyalties and affections for individuals on both sides—German and Yugoslav. It's one of the most stirring anti-war arguments you'll ever see or hear. Especially directed on location in Yugoslavia by Helmut Kaunter.

MONDAY, DEC. 31
"The Cheyenne Show" winds up its ABC career with a repeat of "Man Alone" at 8:30 p.m. Cheyenne suspects that the wounded cowboy he has helped is wanted gangster.

"Sionny Barker" on CBS at 8 p.m. gives way to a one-hour pre-recorded Christmas ambience parade, televised for the second annual year from Miami, Fla.
"Saturday, Sunday and Stanley Schultz" is the tale on ABC's "Ben Casey" at 9 p.m. Ben starts starting as a former vaudeville actor who tries to cheer up patients with his old routines.
"David Brinkley's Journal" on NBC at 9 p.m. deals with the art of bookmaking and with conditions in Paraguay. (Color)
As usual, Guy Lombardo and his orchestra usher in the New Year for CBS with a celebratory that comes, for the first time, from the midwest—German and Yugoslav. It's one of the most stirring anti-war arguments you'll ever see or hear. Especially directed on location in Yugoslavia by Helmut Kaunter.

BEST MONDAY MOVIES
"A Star Is Born"—The cliched Hollywood story of a husband forced into second place by his wife's career has been often told, but it almost doesn't matter thanks to Judy's musical genius and a fine supporting cast. Most surprising thing about this well-cast comedy of manners is that it's witty, but still dated.
"The Clouds Hell By"—Fictionalized biography of compact Jerome Kern is a mushy mess, but his delightful music made most of the film a treat.

Idaho Children's Commission Report Highlights Outlined

GOODING, Dec. 29 — "We must not wait until the family unit has broken down to give help, but be ready to give assistance and guidance as soon as it is necessary," W. D. Eberle, Boise attorney and chairman of the Idaho children's commission, said Friday night at a meeting of the Gooding County Mental Health association.

The keynote speaker at the banquet, attended by judges, legislators, public health nurses, child probation officers from surrounding counties, outlined the formation of the commission. It was started through the efforts of interested persons who had one principle in mind, he stressed, to find ways in which to help children and develop into useful citizens.

"Individuality is most important," he said, adding "we must find the best way or relating ourselves to children and their needs. The primary responsibility of children lies with their parents and not with the government."

Eberle summarized the report the commission will submit to the legislature. This report was made after a 15-month study and proposes a general overhaul of the state laws and programs relating to children with a goal of "providing adequate basic services for the well-being of Idaho children" at a reasonable cost to the state.

The major proposals include:—state responsibility for dependent, neglected, and abused children to be placed with the state department of public assistance.

—Regional diagnostic center to be completed in 1963 at Lewiston and Pocatello, and not later than 1965 at Idaho Falls, Twin Falls, and Coeur d'Alene.

—The legislature establish an interdepartmental committee on children and youth to supervise implementation of the legislature's reforms and to coordinate continuing coordination throughout the state.

—The youth rehabilitation section of the state health department be tripled and strengthened by adding more public health counselors to provide statewide probation services coverage and be related to the state of a division in the health department.

—The department of public assistance be directed to purchase services from the Boise and Lewiston Children's homes and Booth Memorial hospital, which by 1965 the direct legislative appropriations which help maintain the two private institutions for more than half a century.

The youth rehabilitation section be given power to control admissions to the state institutions. Training camps for delinquency, but that the training school remain for the time being under the administration of the state board of education.

"After approval of the constitution which permits the legislature to reorganize the judicial structure under supervision of the state supreme court.

"We want that all of the programs immediately become effective on July 1, 1963, the total must not wait until the family unit has broken down to give help, but be ready to give assistance and guidance as soon as it is necessary," W. D. Eberle, Boise attorney and chairman of the Idaho children's commission, said Friday night at a meeting of the Gooding County Mental Health association.

Pork "Bunk"

ABBURN, Ala., Dec. 29 (AP)—An Auburn university pork expert says the Southern adage of a blacked peas and hog low meat on New Year's day brings good luck is all baloney.

"There's not a bit of luck in it," scoffed Dr. E. Phillips. "The custom was probably started by some luckless character who had nothing else to eat."

Load up on country-cured ham and red-eye gravy if you want real luck, the extension service specialist advised.

IRS Officer Tells of Lost U.S. Revenue

WASHINGTON, Dec. 29 (AP)—Through tax loss, the U.S. government's share of paying the Cuban prisoners ransom could reach 20 million dollars.

Mitchell Rogovin of the internal revenue service cited the sum—spread over three years—as the highest possible loss to the U.S. treasury from the deal that sent millions of dollars of food, drugs and other supplies to Fidel Castro's Cuba in exchange for the 113 Bay of Pigs prisoners.

But Rogovin said he thought the tax loss could be less than 20 million dollars. He stressed that it could be considered a tax loss only in the sense that the U.S. government always loses revenue through income tax deductions after some drive for charity.

Rogovin is counsel to the commissioner of internal revenue. He was a member of Atty. Gen. Robert F. Kennedy's four-man team that helped manage the government's part in the deal that freed the prisoners.

Although the goods had a value in Havana of 53 million dollars, Rogovin said, their actual value to the people of the United States, before packing and transportation costs, would be no more than 40 million dollars.

Companies may deduct the wholesale value of the contribution goods as part of their allowed five per cent deduction for charity. If a company uses up its five per cent deduction this year, it can deduct its contributions as part of its five per cent deduction in 1963 or 1964.

India Turns to Atomic Power

NEW DELHI, Dec. 29 (AP)—India is turning to atomic energy in its training camp for delinquency because it is cheaper, Prime Minister Nehru said today.

There is to be a paradox in building atomic power stations while villagers are still using cooking fuel, Nehru said in inaugurating a U.S.-aided survey of India's power needs.

The survey is part of a program in areas far from other sources of industrial and lighting energy, he said.

Beet Growers Plan Annual Area Meets

Two Magic Valley area sugar beet growers associations will hold their annual meetings Wednesday.

The Twin Falls County Beet-growers association will meet at 1:30 p.m. Wednesday in the American Legion hall. The Minidoka County Beet-growers association will hold its annual meeting the same day at 8 p.m. in the Lincoln school auditorium.

Richard Blake, Greeley, Colo., executive secretary of the National Beet-growers federation, will report on both meetings, reporting on the new sugar act which became a law in June. Blake has spent considerable time in Washington working on sugar legislation and related problems as a grower representative.

Robert Kennedy Accused of Unfair Pressure in Deal

WARSAW, Poland, Dec. 29 (AP)—A Polish trade official today accused U.S. Attorney General Robert F. Kennedy of applying unfair pressure in an attempt to stop a helicopter-for-corn deal between Poland and Brazil.

The official said, Poland is planning to barter 100 helicopters for approximately 100,000 tons of coffee in an eight million dollar deal.

The official said Kennedy went beyond the bounds of fair competition and sought to apply political pressure against the deal during his recent trip to Brazil.

Lost Money Aids Crime Across U.S.

PHILADELPHIA, Dec. 29 (AP)—Careless Americans encourage crime by losing more than 70 million dollars in cash a year, crime experts were told today.

They tempt and help support criminals by making it easy to be relieved of money, said Michael Posner of the Association for Applied Psychoanalysis, New York City.

A survey showed nine million Americans admit lost sums of cash in a single year, averaging \$75 each, with nearly one million out of pocket for \$50 or more.

They generally lost money and valuables unguarded in hotel rooms or at home and were careless about their belongings.

Such carelessness creates a massive number of temptations and opportunities, Posner told a session of the American Psychological Association for the advancement of science.

Posner, Posner said, in our modern society, many people have subconscious feelings or feelings of guilt, dependence and other psychological disturbances that make them prone to losing money, much as some people seem to be accident-prone.

Death Spree For Youths Reaches End

NEW YORK, Dec. 29 (AP) — Police quoted two young men early today as admitting they went on a murder-robbery spree that began in Woburn, Mass., Christmas eve and ended here Friday with five persons slain and one critically wounded.

In all cases, the victims were shot in the back.

Acting on a tip, police arrested Emanuel Sampers, 27, and Henry P. DeBor, 20, at a Belmont hotel on Tuesday.

Both were booked on homicide charges.

The men implicated themselves, police said, in the following slayings:

Frank G. Ross, 59, found dead behind a counter in his Woburn antique shop. Ross' wallet containing \$100 was taken.

Henry J. Jassam, 54, was found shot to death last Wednesday in the rear of his novelty shop in Manhattan.

Jassam's death at first was thought to be natural but his hair concealed a head wound.

Four other men were gunned down in three killings in these reports:

Martin Himmelsheim, 47, Forest Hills, Queens, slain in his retail and liquor store.

His employer, Caesar Lago, 62, was critically wounded and still has not regained consciousness.

Harry Schneider, 50, found dead in his army and navy surplus goods store in Jamaica, Queens.

PRO-KATANGA DEMONSTRATORS gather in front of Belgian-Katanga Friendship society in Brussels Saturday to protest U.N. action in the Congo where Katanga is held. Demonstrations were reported pushing into civil copper belt to the northwest. President Molote Thombwe led his police. U.N. troops acted with caution. (AP wirephoto via Radio from London)

Submarine Force for Russ High

WASHINGTON, Dec. 29 (AP) — A senior admiral said today that while this country has a long headstart on building submarines, the Soviets "now have a greater number than most people realize."

The admiral, John W. Beach, the Pacific Fleet's anti-submarine warfare chief, did not mention numbers but said that reliable reports that 10 Soviet nuclear-powered submarines are in operation in the North Atlantic.

The United States has 27 nuclear-powered submarines, but the Soviet fleet may double by the end of 1963.

New Local Army Reserve Unit to Include Large Bakery

One of the main functions of the new local army reserve unit to be activated March 1 as part of the nationwide reorganization of the army reserve program, will be operation of a bakery capable of baking 8,000 pounds of bread daily, it was announced Friday morning by Major Harold Meyer, Twin Falls subsector commander, and local unit advisor.

Four of the local reserve units will be decentralized and organized into one larger unit.

Local units affected by the change are the fourth howitzer battalion, second artillery group.

The entire battalion will be changed from an artillery unit to a quartermaster unit.

Personnel with more than one year of ready reserve obligation service remaining will automatically be assigned to the new unit.

The battalion formed will be designated the 32nd quartermaster battalion. It will provide direct support to a field army.

Loaded Bus Involved in T. F. Crash

A school bus, loaded with students, was damaged slightly at 6:10 p.m. Friday when it was struck in the left rear side by a 1962 Mercury at the intersection of Eastland avenue and Kimberly road.

The 1962 OMO school bus, owned by Kimman Brothers and driven by James C. Fraley, 50, Kimberly, was going west on Kimberly road when it collided with a car driven by Edgar H. Olmstead, 74, route 2, Twin Falls. He is charged with a stop sign on Eastland avenue then made a wide left turn on to Kimberly road. The vehicles collided in the intersection.

Olmstead, a retired farmer and landowner, arrived on the Twin Falls school board for many years.

He was charged with making an improper turn and fined \$10 and costs Saturday and given a suspended license by Police Judge Dale Adamson.

Near Tragedy Reported in Crash of Car

HANGEN, Dec. 29 — A skating party at Murtaugh lake almost ended in an auto tragedy Saturday afternoon when William Morgan, 15, son of Mr. and Mrs. E. Morgan, Hangen, and his 11-year-old sister, Kimberly, were driving left the road two miles west of Murtaugh.

Morgan has facial cuts and bruises, and his glasses were broken. He was hit by a car which struck him in the chest.

Restaurant With French Name Holding Grand Opening Here This Week-End

PRIME STEAK is allied in Elchen of Twin Falls' newest and one of the area's largest restaurants by Mrs. Leola Bigley, 247 Elm street. The new restaurant, Franco's, is holding its grand opening this week-end. Franco's (French version of Francis) is owned and managed by Mr. and Mrs. Francis Kelloff, 1609 Doran drive. The restaurant does not generally serve French cuisine, but features a variety of sea foods. Besides the coffee shop and a large dining room with leather-covered seating, there will be also a banquet room with space for more than 500 persons and a tea room, which will be opened soon, for small luncheon meetings or wedding breakfasts. (Times-News photo)

Since remodeling of half of the old McMahony's, furniture building began the first of October in the 200 block of Main avenue east, local residents have asked that "the new French restaurant" would open.

The "new French restaurant," is Franco's, currently holding its grand opening. It is ever, although the name is French, the French version of Francis, French cuisine is not a feature.

Francis Kelloff, 1609 Doran drive, owner-manager of the new restaurant, notes he will specialize primarily in sea food, covered with genuine dark leather.

The dining room is tastefully decorated with lighting fixtures suspended on long chains from the tall ceiling.

Running the length of the south area in the dining room between the lunch and charcoal grill is a custom-made leather counter along which are several tables.

Another feature of the dining room is the charcoal grill, capable of cooking 40 steaks at one time. Patrons may select their own steaks and grill them to their liking and watch it being grilled.

The coffee shop, located on the north half of the lower floor, is a new feature of the restaurant.

A mezzanine floor, located in the rear of the building on the coffee shop side, has been remodeled into a tea room. However, Kelloff cautions that the mezzanine is misleading. It will not be used for regular afternoon tea hours.

Director Gives Manner, Policy For "Oklahoma"

H. Paul Kille, director for the forthcoming "Oklahoma," explained manner and policy to be followed throughout the rehearsal period Friday night at the Twin Falls Junior high auditorium.

Robert Blawlock, Jr., District president, explained the group's general policy, Frankie Blinzer, costume mistress, advised members about the costumes and took measurements.

First rehearsal for the principals is planned Tuesday, Jan. 8, at the junior high school auditorium.

Production dates are March 1, 2, 7, 8 and 9 at the Filer high school auditorium.

Cougar Captured After Stalking Terrorized Town

BOUNTIFUL, Utah, Dec. 29 (AP) — Residents of Bountiful kept their doors locked most of Saturday and a full-grown cougar roamed the neighborhood after escaping from a lion catcher.

The cougar was originally captured near Price about three weeks ago by Gordon Pree, who says and sells lions as a hobby. He had it kept waiting for a buyer from Arizona.

Face, Woods Cross, said the animal grazed its way through a wooden gate Saturday morning.

Former Secretary To Millionaire Will Be Married

MIAMI, Fla., Dec. 29 (AP) — Evelyn Mitchell, who was private secretary to the late Arthur Vinson Davis, inherited more than one million dollars when he died in England last week.

Tyler G. Campbell, real estate executive and former bank manager, today announced that he and Mrs. Mitchell were engaged, but he added that "it will be months and months before they are married."

Mrs. Mitchell was Davis' private secretary during the last 12 years of his life—the 10-to-16-month period in a \$100,000 home which Davis built shortly before his death and willed to her.

John P. Kennedy Goes to Capital

CHARLOTTE, N.C., Dec. 29 (AP) — John P. Kennedy, 23, who was elected for a seat in Congress in the 1962 primary, will go to Washington Saturday to meet with the state department's division of Americans abroad.

The Charlotte attorney will be charged of representing prominent Americans abroad for lectures and consultations.

Kennedy has no relation to President Kennedy.

FLORIDA SURPRISES PENN STATE 17-7

Rock-Ribbed Defense Provides Biggest Upset In Gator Bowl History

JACKSONVILLE, Fla., Dec. 29 (AP)—British sophomore quarterback Tommy Shannon fired two touchdown passes for underdog Florida which stunned Penn State 17-7 today in one of the biggest upsets in Gator bowl football history. Better than a touchdown underdog, the fifth-place finishers in the Southeastern conference rocked back the Eastern collegiate kings in the spirit of a crusade implied by the Confederate flags

fuzzed on their helmets. Shannon launched a seven-yard scoring strike to his brilliant sophomore running mate Larry Dupree and hit Harold Clark on a 10-yard aerial maneuver at the start of the final quarter.

After Sam Holland recovered a Roger Kochman fumble early in the contest, sophomore Bob Lyle kicked the longest field goal in Gator bowl annals 49 yards—and the first of the season for Florida.

Raft River Takes Declo Holiday Meet

DECLO, Dec. 29—The Raft River Trojans brushed away an early deficit and routed past Rockland 46-31 tonight to win the championship of the Declo holiday basketball tournament. Earlier, Rex Fries hit a field goal in the last five seconds to hoist Declo past Murtaugh 44-42 and into third place. Rockland, which entered the meet slightly favored, jumped off to a 6-0 lead over Raft River but the Trojans, hiding behind a stony zone defense, rebounded into a 2-1 quarter lead and never trailed again.

Rockland, tied one second-half rally, chipping away at but three points off a 10-point Raft River lead before Art Whitaker righted the Trojan offense.

In the first game, Declo threw a full court press at the young Murtaugh Red Devils to overcome a 10-point deficit and squeak into the victory.

The Red Devils hit six quick points to open the fourth quarter and take a 36-29 lead. Declo crept back early behind its pressing attack and pulled within one point with 20 seconds left. Then Fries hit a field goal to knot it and followed it up with two points with 20 seconds left.

Friday night Rockland topped Declo 46-40 while Raft River was eliminating Murtaugh 46-29.

Kansas Edges Cowboys in 4 Overtimes

KANSAS CITY, Dec. 29 (AP)—Kansas wrenched a four-over-time 99-88 thriller from Kansas State on Jay Hobert's jump shot with three seconds left tonight, spelling K-State's bid for an unprecedented third straight championship of the Big Eight basketball tournament.

Nolen Ellison led the Kansas scoring with 22 points. His lead-off and key goals scored Dick Harp's surprising club. Ellison's goal with four seconds left tied the second overtime at 60-60 and his two free throws with the second overtime sent them into a fourth overtime.

The score was tied 22 times and the lead changed hands 12 times in the furious battle witnessed by a sell-out crowd of 10,500.

Oklahoma State took control in the first half and scored an easy 44-33 victory over Iowa State for third place.

NNC TAKES HONOR

ISC Breezes To Title in Holiday Meet

ANACONDA, Mont., Dec. 29 (AP)—Idaho State walloped Gonzaga 73-54 tonight to win the championship of the fourth annual Carroll college holiday invitational basketball tournament.

Carroll pulled out a thrilling 76-65 overtime victory over Western Montana for third place. Arthur Crump, Idaho State's classy 6-foot, 100-pound guard, was voted the outstanding player. He led the Gonzagans with 28 points in the championship and scored 20 in Idaho State's 62-70 victory Friday night over Western.

The consolation game ended 62-62 after regulation play. During the overtime, Western went out ahead on free throws, then Carroll retained the lead and held on.

Jerome Tigers Breeze to 42-27 Victory Over Twin Falls Bruins

JEROME, Dec. 29—The Jerome Tigers belted the Twin Falls Bruins around from the opening jump tonight and breezed to a 42-27 victory. The result knocked Twin Falls out of any chance for a district tournament by while it left Jerome squarely in the path of Burley for the Big Seven conference title. The Tigers, quartering, enjoyed leads of 12 to 15 points almost all night.

The Tigers, getting early hitting from Skip Hill and the first in a consistent effort by John Sible, pulled off to a 5-0 lead before Tom Lavers hit a free throw for Twin Falls. Then Thompson, Williams and Hill picked up points to make it 10-0 before Art Vandenberg hit the Bruins' first field goal with 1:20 left in the period.

Early in the second quarter Jerome pushed in front 16-0 before Twin Falls showed its only sign of hitting. The teams traded baskets and the Bruins cut the margin to nine points at half-time.

But as the second quarter opened, Sible and Smiley Hutchins hit shots to begin the rout and by the end of the quarter the Tigers were coasting 31-15. The biggest of the game came with just over six minutes left when Sible and Rod Gano picked up three points to make it 34-15 for Jerome.

Then both clubs turned loose the reserves and the Bruins, get-

ting six straight points from Ron Wilson, cut the margin to 10 points before Steve Millard hit two layups. The wild fourth quarter ended with Bobby McCusky landing in a 60-footer as the final gun sounded.

The unbeaten Twin Falls Jayvees ended out the preliminary Twin Falls 42-27.

YOUR BIRTHDAY and HOROSCOPE

SUNDAY, Dec. 30 — Born today, you have enough ambition to be successful in life, but it is ambition that is apt to waver under the stress and strain of hard work. Your greatest need is to develop the knack of carrying your enthusiasm over from the planning stage into the development stage. If you can maintain your enthusiasm and interest, your ambition and thus your energy and industriousness will also be maintained, and you will accomplish more.

You have a generous and kind heart and are extremely fond of people in general. You are not nearly so eager to be close to people in particular, however, and for this reason your ac-

quaintances will be many but your true friends few. The friends you do have, however, will know and admire you thoroughly and be ever willing to come to your aid should you need them.

Something of a dreamer, you might be wise to choose your mate from among those whose basic nature is the opposite of yours. You need someone with vision—vision enough to see your dreams with you; but you also need someone who is practical-minded and can help you put your dreams to work and use!

Among those born on this date are: Rudyard Kipling, poet; novelist; Simon Guisenbium, financier, philanthropist; Marie

Wilson, actress; Pablo Casals, famed Spanish cellist.

To find what is in store for you tomorrow, select your birthday and read the corresponding paragraph. Let your birthday star be your daily guide.

Monday, Dec. 31

CAPRICORN (Dec. 22-Jan. 20) — See that you get extra rest during the day. At the evening promises to be a big, perhaps exhilarating one!

AQUARIUS (Jan. 21-Feb. 19) — A full day of labor, at home if not on the job, should prove satisfying. Prepare for evening festivities.

PISCES (Feb. 20-Mar. 20) — Have your energy for an evening of fun, but don't drink responsibility. Blow but sure!

ARIES (Mar. 21-Apr. 20) — Events of this day can result in an evening of pure joy. Don't hesitate to meet others halfway.

Taurus (Apr. 21-May 21) — Apath deal with matters as they arise. Don't try to anticipate what others will do and you should win out.

GEMINI (May 22-June 21) — A mending error in judgment could push you so far behind

that only confusion arises by evening. Think before acting!

CANCER (June 22-July 23) — Set fear and nervousness aside as you prepare to enjoy the evening. Avoid burdening another with cares.

LEO (July 24-Aug. 23) — Make it an evening to remember, but avoid becoming overindulged. You will need your energy for an eventful week ahead!

VIRGO (Aug. 24-Sept. 23) — Resolutions put into effect a day ahead should bring results all the sooner; if a change is in order, make it now.

LIBRA (Sept. 24-Oct. 23) — Set time aside for thinking over past events, and pick up clues for success in the coming year.

SCORPIO (Oct. 24-Nov. 22) — Bring new friends into your evening circle of fun; solidify relations with old acquaintances.

SAGITTARIUS (Nov. 23-Dec. 22) — If personal relationships should hit a snag early, act fast to smooth things over. Have fun in evening.

Thalidomide Heroine Gets Promotion

WASHINGTON, Dec. 29 (AP)—Dr. Frances O. Kelsey, who received a gold medal and President Kennedy's thanks for blocking the sale of the sedative drug thalidomide in this country, was placed in charge of a new drug-policing office.

Secretary of Welfare Anthony J. Celebrezze announced her appointment as director of the investigational drug branch, an office being set up under a reorganization of the food and drug administration's new drug division.

Along with her title, Dr. Kelsey will receive a salary increase of \$1,000 a year, raising her annual pay to \$16,685.

Dr. Kelsey told a reporter she was not sure about the scope of her new duties yet but is happy with the assignment because it is in the field to which she has devoted her career.

"Frankly, I don't know what my new job will consist of," she said, "and won't know until a series of regulations now being drafted are issued."

The food and drug administration announcement said the new drug investigational branch was established "to evaluate reports of proposed clinical tests of new drugs which manufacturers and others will submit."

Generally speaking, her duties will be to check on reports of firms proposing to test new drugs on humans.

It was for refusing to approve a license for the marketing of the sedative thalidomide that she became a national heroine last summer.

When it developed that the drug was being blamed for deformities in thousands of babies born in Europe, congress passed legislation giving the food and drug administration added powers over the production and distribution of prescription drugs.

Reds Sentence Man Who Aided Berlin Escapees

BERLIN, Dec. 29 (AP)—Harry Seidel, 34, who tried to help refugees escape through a tunnel under the Berlin wall, was sentenced to life imprisonment today by the supreme court of East Germany.

The sentence, reported by the official East German news agency, ADN, was the heaviest ever given for aiding refugees.

Seidel was a refugee himself who joined a tunneling group in West Berlin to help others. He was captured Nov. 14 at the East Berlin end of a 90-yard tunnel under the wall. He had gone through to guide a group of refugees to safety, but East German guards had been tipped off and he fell into their hands.

German Boss At 86 Faces Problems

(Continued From Page 11) The 1963 budget, to be presented next month, is likely to bring conflict within the coalition. Adenauer has re-emphasized his party's insistence on a new welfare program. Free Democratic Chairman Erhard Mende is out with a tough statement on maintaining the value of the mark. Adding to instability is the willingness of the left-leaning Social Democrats to negotiate at any time on a new big coalition that would give them their first taste of power. Adenauer made overtures to this party during the recent crisis and could do so again if the Free Democrats try too hard to get their way.

The end of the Adenauer era would promise to come off more smoothly if a question mark did not hang over his successor. Economics Minister Ludwig Erhard can only hope that his popularity as the "father of the economic miracle" will keep him towering over his rivals and bring a smoother transition.

Adenauer considers Erhard weak and politically inept. He is not, and many people have hoped to see in Adenauer—

Christmas is over, but Larry and Joyce have another problem. How to get it done. Shall it come in one piece, or would it be easier to try the process used in getting it up, in pieces?

Two Reading Methods Get Illinois Test

(Continued From Page 11) youngsters, fascinated with the idea of reading, and apparently well on the way to becoming fine adult readers at it.

By circumstances of geography, however, they are following different paths toward their common goal.

Geoffrey lives in Champlain and a Marian lives in Urbana. Wright street, the zig-zagging, traffic-clogged thoroughfare, which divides these sister cities, also marks a boundary line in education's most bitter, battling, and most promising approach to reading—whole-word recognition, or "look-a-ways."

Briefly, phonics is the science of sound as it applies to reading. Children are taught to read phonetically and learn to attack new words by the way the letters sound as in Champlain. With Urbana, the more traditional, children memorize whole words by the way they look, as in Urbana.

Urbana's look-a-way system is the more traditional method, although it has undergone recent modifications. Urbana uses reading materials and a program typical of the whole-word recognition approach used by most public elementary schools.

Champlain uses a basic book "Phonics Keys to Reading." It differs from traditional phonics methods in that it is designed as a complete reading program, not a supplement to a series of look-a-way readers.

Both reading programs teach phonics, and both are "high words" which are memorized as units by their length and configuration. The difference—and it is a vast difference—is the emphasis given these two components.

In your account with society, how much "love" has been spent on your neighbor? In your Master's name, what record of service does the ledger show? How helpful have you been? Have you shared anything with your fellow man? What does the ledger show as to your influence; has it been a credit, or a debit? Have you credited the Master's work? Let your light so shine before men that they may see your good works and glorify your Father Who is in heaven?

AS YOUR MINISTER SEES IT

"What Does the Ledger Show?" Your account with God, up all the accounts, for Him we live and move and have our being. Consider our account with God, and we must again examine our accounts with Him. Jesus said, repeating the Old Testament law: "Thou shalt love the Lord thy God with all thy heart, and with all thy mind, and with all thy strength, and with all thy soul; and thou shalt love thy neighbor as thyself."

Sooner or later the ledger must be balanced, for God has promised to do this. And though it is unbelievable but true, God has referred to take us into a glorious partnership with Him, to cancel our debts, to give wonderful privilege of making with Him. And that of forwarding God's enterprises, the building of His Kingdom, His source, His power, His love, all are at His disposal of His "partners." This can be given everyone who goes into partnership through the acceptance of God's Son as Lord of one's life.

1962 Stock Market Crash Was Business High Spot

NEW YORK, Dec. 29 (AP)—Last May 23-29, the sharpest stock market break in 33 years, was followed by a recovery and business offices across the land.

But unlike 1929, American stock off the effects like a wet dog clambering onto a river bank. That was 1962.

Of the 17 million stockholders who suffered in May and June, many got well again in November when stock prices sprang upwards. Midsummer talk of a business recession evaporated in later months. Instead, people spoke hopefully of a federal income tax cut in 1963.

There were other rebounds, too. The lumbering steel industry, buffeted in the spring, pulled itself together in the fall—although not until after earnings wilted and U. S. Steel, Bethlehem and other big companies cut dividends.

Commercial airlines, railroad and aluminum all bounced back from 1961 lows but not enough to get out of the woods. The air and rail merger movement gathered momentum.

Home building picked up, too, as about 1.4 million residential units were started, despite a lull in tapering off. This activity helped overall construction to another all-time peak of a record \$11 billion.

STOCKHOLM, Dec. 29 (AP)—Helalngborg and the Danish city of Elsinore, at the narrowest point of the Oresund. It would be of double-deck construction with a four-lane highway above for vehicles and rail lines underneath. Shows good benefit to it. The committee says this permanent link between Sweden and Denmark would increase commercial and industrial activity that a population increase would naturally follow. It predicts that by the end of this century one-fourth of the population of Sweden and Denmark will live along the Oresund.

made no recommendation as to how the structure should be financed. Swedish and Danish governments may share the cost. Swedish and Danish private interests might finance it with the aid of foreign capital. One question worrying the planners is whether it would be legal to construct a bridge across an international sea. Danish experts say international law does not lay down any definite policy on the question. The decision to build or not to build may come in 1963.

Painting With Oils Is Hobby of Mrs. Raynard Wright, Reporter for Tuttle

TUTTLE, Dec. 29—Mrs. Raynard Wright, Times-News reporter for the Tuttle community, between Ellen and Wendell, likes to paint with oils. She is an amateur, she adds. A native Oklahoman, Mrs. Wright was born in Tulsa. She is now moving to Gooding with her family when she was 8 years old. She recalls that she was married with horse-drawn wagons and a buggy. They camped east of Glenns Ferry for a night. Later her family moved near the McAllister district. She attended country school there and was graduated from Wendell high school. She has also attended the former Gooding college.

City Planning To Revert to Historic Past

ARKANSAS CITY, Ark. Dec. 29 (AP)—Page by page, this southeastern Arkansas community slipping itself back into history—back into the busy, bustling Mississippi valley town it was a century ago. The old sternwheelers that once tied up at its wharves have gone forever. Blackies of timber and bales of cotton will never line the streets that aren't there any more. But if plans are carried out, the remainder of the town will be just as it was in the 1870-1920 period. The citizens' do-it-yourself rejuvenation of the town into a reproduction of its own history is expedited to attract a commodity perhaps as valuable as the tourism it once thrived—the tourist.

As the turn of the century, Arkansas City was a growing Mississippi river port with a population of 10,000. The optimism existed from 1873, when the little port was founded, until over a quarter of the 20th century port was gone. In 1927, the Mississippi sent its waters roaring into the community to depths of 18 feet. There was death and there was destruction. But there was hope, even as the waters receded. Hope began to end when the little Mississippi kept on receding, backing farther and farther away to settle in a channel she had cut three miles away. Arkansas City was left high, if not dry.

Since that year, virtually nothing new has come to the town—no railroads, no highways, no industry and few residents. The appearance of the town has changed little in the past years. And in this lies the renewed hope of those who were born in the community and do not want to see it added to the list of dying cities. The plan is simply to restore, year by year, each historic building, eventually turning the town into a facsimile of the port they remember.

They said the water flows from this lake into the lower valley and it makes a beautiful picture. No missionaries are allowed in that area and most homes have prayer rugs. Mr. and Mrs. Richards will leave for Detroit, Mich., the middle of January to visit his parents. Mr. and Mrs. Karl Richards. Later he goes to Washington, D. C., for more travel before returning for two more years.

MAGIC VALLEY PORTRAIT

Vernon Ravenscroft, Tuttle Leader, Will Represent Area in Legislature

VERNON RAVENSCROFT

TUTTLE, Dec. 29—One of the first citizens of Tuttle, a farming community in western Gooding county, is Vernon Ravenscroft, who was elected to his first term as state representative in November.

When someone is needed in the community or even out of the immediate area for a chairman or leader for a worthwhile project, friends say Ravenscroft is often contacted and he goes ahead with enthusiasm and good judgment.

He is a popular master of ceremonies and considered an able speaker. Ravenscroft is vitally interested in youth people as evidenced by his leadership of a Gooding county 4-H forestry club and the fact he is a counselor for the GSP in the Hagerman Methodist church.

Ravenscroft is new to politics but local residents believe he will serve them well in the legislature.

The son of Mr. and Mrs. Frank Ravenscroft and grandson of Mrs. Edna Ravenscroft, all Tuttle, he is a native Idahoan, born in the Cedar Draw district near Pahr. His grandfather, the late T. L. Ravenscroft, was a pioneer here.

Vernon Ravenscroft moved to Tuttle in 1932 with his parents and sister, Barbara, now Mrs. Wayne Spier, Wendell. He was graduated from the Tuttle elementary school, Bliss high school and the University of Idaho, Moscow, where he majored in forestry.

Before graduation from the University in 1943 he worked as grazing administrator for the Clearwater Protection Association and after getting his diploma he was an extension forester until 1951.

He and his family then moved to Gooding, and later to the Tuttle where he operates the Pettis Fuel company. The firm handles lumber as well as posts and poles and some hardware and employs 12 men. They construct pole frame buildings.

The poles, which come from the Clearwater area, are treated with a solution which prevents decay. The pine posts and poles are bought from the forest, cut in the Stanley basin and the south hills and some come from Burns and Harlow.

Ravenscroft says this is good for the firm and also for the forest, as his plans have

been trucked this year from Winnemucca, Nev., to Challis, Montpelier and Caldwell.

Mr. and Mrs. Ravenscroft have two daughters attending the University of Idaho and three sons at home who farm the 40 acres owned by the couple. The children are outstanding students and have won many honors in their 4-H work.

The children have a planting of 2,000 Christmas trees and have been harvesting them for several years. Mrs. Ravenscroft is the former Harriet Burkhardt.

daughter of Mrs. Mary Burkhardt, Tuttle, and the late Wilson Burkhardt. She is secretary of the post company.

The Ravenscrofts have remodeled one of the old Tuttle school buildings into an attractive farm house.

He is a member of the Hagerman school board, chairman of the North Side Waterusers Association and serves as legislative chairman for the Tuttle Grange. He also served as chairman of the board for the local reorganization of schools here.

VIEW FROM THE main building at Canyon Springs Trout-ranch shows the first set of runs constructed at the new facility. Other runs are down canyon from this point. The new fish hatchery covers some 70 acres of land. Water is diverted from springs on the north rim of Hagerman canyon into the runs. Trout research will be key program at the ranch. A thorough scientific study

of trout is planned at the ranch in hopes of increasing the rate at which trout can develop. Various feeds will be fed to the fish and progress of fish and feed will be recorded for future use and study. A modern operation is planned, making two men to specific facility. The ranch is owned by Raegerson, Inc. Buhl, and will be managed by Elwood Grimes. (Times-News photo)

UTILIZING SPRING WATER at a constant temperature flowing from a man-made spring near Hagerman, is the Canyon Springs Trout ranch. The springs originally were tapped by pioneers seeking water for irrigation. The pipework diverts much of the spring water for present day farming. The balance

of the water flows into Billingsley creek with some of it being utilized for the trout ranch. The hatchery, research laboratory, main office, shop and records are housed in the main building shown. Other buildings will be added as needed. (Times-News photo)

labor-saving techniques in hatching, feeding and record-keeping.

All eggs received at the ranch will be assigned lot numbers. When hatched the fish will receive various highly selected diets. This operation will continue

for the duration of the growing cycle. Information gained from these studies will be used to determine the exact types of food needed to produce high quality trout at rapid growth rates.

West Europe's "Economic Miracle" Continues in 1962, but Slows Down

LONDON, Dec. 29 (AP)—The European economic boom slowed down perceptively in 1962. From several directions came warnings of economic troubles ahead for 1963.

An Associated Press survey showed that Western Europe's "economic miracle" was continuing—but at a much reduced pace.

There were warnings that coming wage and price increases could spell future trouble in some nations there were even fears of an economic recession.

A minor wave of bankruptcies in West Germany. In some countries businessmen were warning to get the money market more expansionist programs in 1963. Wages were rising a good deal faster than output.

However, there was still full employment in most countries and a labor shortage in some. Foreign workers crossed borders to fill the gaps.

The report by countries:

West German business 1962 was a year of continued but slowing prosperity. It amounted to a leveling off on a high plane, a process that was expected to continue in 1963.

Switzerland A general speculative bankruptcies raised cautious signs. But the Swiss economy was continuing to grow at a steady pace with prospects for the coming year equally encouraging.

France Business activity continues at a higher level with France's currency stabilizers and convertible franc economic growth.

Italy The economic growth has been between 4 1/2 and 5 per cent.

Spain Spain is pushing an industrial awakening which in time may transform this once backward nation, economically, into another France or Italy.

Belgium The Belgian economy is developing in a favorable atmosphere. Full employment is almost achieved.

Britain The British economy, which lagged behind Europe's boom in 1961, improved slightly during 1962.

Sweden's situation is, by and large, good.

Netherlands It is generally felt in the Netherlands that the economic boom of the past years is losing steam. Government leaders, businessmen and brokers are vigilant. Yet there is no recession scare.

Denmark On the whole, industrial activity is slightly higher than it was the previous year.

Spain Spain is pushing an industrial awakening which in time may transform this once backward nation, economically, into another France or Italy.

Exports continued to fall behind a booming tourist traffic brought enough foreign exchange to balance Spain's international trade.

utilized in the hatchery and records are housed in the main building shown. Other buildings will be added as needed.

At maturity the trout produced will be sold dressed to restaurants and hotels, or for stream and lake stocking.

From the standpoint of trout propagation, the ranch will be operated almost parallel to other modern fish hatcheries, but will differ in the respect of highly controlled research methods. The methods and ultimate findings will contribute much toward a better understanding of the problems confronting those engaged in the business of fish culture and nutrition.

According to Grimes, visitors are always welcome at the trout ranch which can be reached by oiled road. The new facility is located on the Wendell-Hagerman highway at the bottom of the grade before the highway climbs out of the canyon.

Ample parking is now under construction for visitors.

Color Book
FENBORO, Mass. Dec. 29 (AP)—Newest of the coloring books is one called "The Great Mail Robbery."

The book, created by Brooks Kelly, 29, an artist-cartoonist and advertising production manager, poses fun at the still unsolved 1.2 million dollar mail truck robbery at Filwood last Aug. 14.

Coloring instructions begin: "Cut it red, white and blue. The mail must go through."

"Color the goodies mint green..."

Choice of Landing Site for Returning U.S. Spacecraft Is Posing Problem

WASHINGTON, Dec. 29 (AP)—A good thing there aren't American astronauts on the moon, waiting for instructions on where to land on it.

There are a flock of imaginary landing fields scattered all over the U. S. Southwest, constructed of political pressure, guesswork and just plain wishful thinking.

You can picture the homework-bound astronaut now. Heading for New Mexico, a new rumor makes the chance course for Texas, and finally they land in Washington because they overshoot another field in California.

This, of course, is absurd. They could have landed in Australia all along.

The fact is, no one has selected a landing site yet for the Apollo moonship or for the Orion lunar spacecraft.

For the men of the national aeronautics and space administration there is some concern with getting men into space than with the frenetic rumors of where they will come down again.

Some things about the landing site for a booming tourist traffic brought enough foreign exchange to balance Spain's international trade.

Most Futures Firm in Slow Holiday Week

CHICAGO, Dec. 29 (AP)—Most grain futures firms in the holiday market this week on the Chicago board were off 1/4 to 1/2, with the wheat corn up 1/4 to 1/2, and oats up 1/4 to 1/2, and ground lead unchanged to off 1/2.

Markets were generally quiet with a few shorts at the beginning of the week.

Considerable selling hit near-by wheat, soy, soybean and meal contracts at the outset in reaction to a sharp decline in futures.

Commercial and export buying on the decline however, and grains were additionally helped by very light receipts.

Most contracts were off 1/4 to 1/2, with the wheat corn up 1/4 to 1/2, and oats up 1/4 to 1/2, and ground lead unchanged to off 1/2.

Corn prices rose more than 20 cents on scattered commercial contracts.

Calls were quiet and firm. Cash and local stocks took heavy contracts, and stocks at Chicago were off 1/4 to 1/2.

Wheat firm on a report West Germany will be in the market soon for 2,000,000 bushels of wheat.

Soybeans weakened initially on the strike news and oil turned higher.

Business Faces New Year in Moderately Optimistic Mood

NEW YORK, Dec. 29 (AP)—Business approached the new year during the week at a slow but moderately optimistic frame of mind.

The Christmas holiday cut into production on many industries and retail trade slumped down after an 11th hour surge.

A strike of 60,000 members of the International Longshoremen's association paralyzed ports from Maine to Texas.

Much of the optimism about the outlook for 1963 hinged on the possibility of a reduction in personal and corporate income taxes.

President Kennedy interrupted his holiday at Palm Beach, Fla., to meet with his economic advisers to hammer out final thoughts on tax-cut plans.

Members of the Treasury Douglas Dillon and his staff are ready to put the program into form for submission to congress.

Controversy continued among congressmen over the advisability of a tax cut.

Most leading businessmen predicted a decline in annual real and nominal income.

Representatives of the drug, retail, food, copper, oil, life insurance and other industries generally viewed the outlook optimistically.

A survey of 197 manufacturing companies indicated that about 60 percent expected a drop.

Most companies in the electrical, steel, and other industries, apparel, construction materials and foods industries.

Merchants were apprehensive for a while, had felt that Santa Claus had higher expectations for gift buying.

The National Retail Merchants association estimated that dollar volume for higher end gifts.

Wholesale merchants' strike began along the Atlantic and Gulf coasts after an earlier walkout.

NEW TYPE ROPE featured on some lift equipment at the Magic mountain ski area is inspected by Claude Jones, left, resort operator, and Ned Willard, ranger, Twin Falls district of the Sawtooth national forest. All equipment at the popular area is ready to go, but the matter of adequate snow is holding up opening this season. Latest resort has opened is Jan. 25. (Times-News photo)

NEWLY INSTALLED T-bar lift units are inspected by two Sawtooth forest officials at the Magic mountain area as opening of a new season nears. Ned Willard, ranger of the Twin Falls district, and Jack Lavin, recreation staff officer, Sawtooth national forest, visited the area last week. Improved road makes the area more accessible this year and snow removal equipment is ready for use. (Times-News photo)

Magic Mountain Ski Area Ready for Season Start, but Snow Fails to Show

(Continued From Page 15)
 The main lift on Magic mountain takes skiers to the head of seven runs. A warming lodge is maintained with lunch counter provisions. Patrol leader will be Vincent Cooke, Dietrich. Henry Gaudinige, Castleton, heads the ski school.

Because of a reported safety factor, the equipment was ordered closed down by forest officials. The resort is on government land.

Last week J. L. Sev, supervisor of the Sawtooth national forest, announced all suggested changes had been made by the operator and the area is "ready to go."

An inspection of the area was made last week by Jack Lavin, recreation staff officer for the Sawtooth forest, and Ned Willard, ranger of the Twin Falls district.

At the time approval was given to operate, Sev also announced that "new" runways were mentioned at Buhl, would be active in the Magic mountain skiing area. They are Ranger Al Walker and Assistant Ranger Ray Evans.

The forest supervisor said the Magic mountain operation was "highly satisfactory" and that all possible would be done to aid Jones in realizing another successful season.

Recent records show only one lift accident has resulted in an injury to a skier in the 22 years of operation. This occurred when a young girl, against regulations, rode past the unloading point in order to attempt to get to higher fields. The resort is on top of the Mt.

Safety equipment which remains in operation includes two safety switches on the twin rope lifts and similar shutoff buttons at the bottom of the runs. On Magic, a shutoff button is within reach of the lift operator. A telephone connects the top and bottom of the lift and also the lodge. Two attendants are on duty at all times in the rope tow section in addition to those operating the main lift. Ski patrol members also are on duty.

"Everything has been checked out and is in good working order," Jones said during the inspection. "All we need now is cooperation from the weather. We hope the snow we need will come. At this date the cover over this entire section of the state has been light."

"ABOUT FACE!" IPSWICH, England, Dec. 29 (AP)—Paul Cox, 22, a corporal in the territorial army, was fined \$28 yesterday for knocking down Pvt. Albert Foreman and standing on his face while wearing army boots.

FRANK, WAKE UP! I HEARD A SHOT!

I TELL YOU I HEARD A SHOT! SO INVESTIGATE, FRANK!

JUST LIKE CLOCKWORK! THOSE SHOTS ARE SURE TO BE IN THE NEIGHBORS!

WERE THOSE SHOTS?

OF COURSE! I KNOW A SHOT WHEN I HEAR ONE!

LOOK! MISS ORLEAN'S DOOR IS OPEN!

ARE--ARE THEY D-DEAD?

SOMEBODY CALL THE POLICE!

RITA ORLEAN BEING HELD ON SUSPICION OF MURDER! WHAT GIVES?

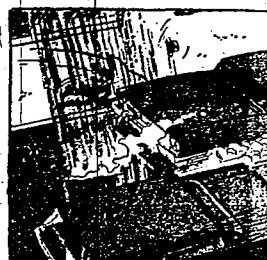

THEN I HEARD SHOTS AND RAN TO THE LIVING ROOM. MR. JASON WAS LYING ON THE FLOOR! I GUESS I FAINTED...

RITA FINISHED HER PITCH AND WAS TAKEN INTO CUSTODY. I HEARD HOW TO BE.

HERE HE COMES, MISS! GIVE IT!

OH DEAR

GLIZ, EHP YOU! THINK I'D BETTER SEE 'IM RIGHT OFF?

YES, WIZER, I SURELY DO!

GRAND WIZER? WHAT YOU DOIN' HERE?

LIMPA SAID YOU WASN'T DOIN' SO GOOD!

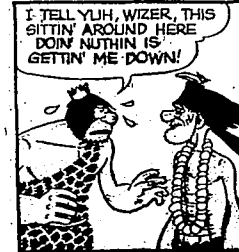

AW, I NEVER FELT BETTER IN MY LIFE!

YEH...

I'D SAY YOU NEED A VACATION!

BALONEY! I HAVEN'T DONE A THING BUT SIT ON THIS THRONE FOR DAYS!

I TELL YUH, WIZER, THIS SITTING AROUND HERE DOIN' NUTHIN IS GETTIN' ME DOWN!

YEH...

IT'S MAKIN' ME NERVOUS, TOO, THAT'S WHAT IT'S DOIN'! IT'S DRIVIN' ME & CRAZY!

JUST LOOK AT ME, WIZER! SEEP I'M BEGGINNIN' TO GET TH' SHAKES!

ANOTHER DAY LIKE TH' LAST I'VE BEEN THROUGH AN' I'LL FALL APART!

I CAN'T STAND ANYMORE

YEP, JUST LIKE I FIGGERED!

ONE OF THOSE THREE TIMES A DAY?

THAT'S RIGHT... AN' FOOD JUST SOME BROTH NOWN THEN!
