

## President of Togo Killed By Revolt

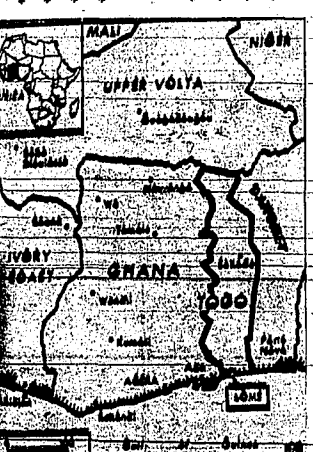

ROME, Jan. 14 (AP)—A struggle for leadership in this tiny West African country appeared to be winding up today in the wake of a sergeant's revolt and assassination of President Sylvanus Olympio. Two emerged as possible heads of a new government—Premier Nicolas Grunitzky, 49, and Tidrasou Meatchi, 37, a former opposition leader in the 1956 assembly. A military revolutionary committee that engineered the Sunday coup reportedly appealed to Grunitzky, a brother-in-law of the slain president, to return from exile in neighboring Dahomey to form a government.

Rumors spread that Meatchi was already back in Lome from exile in Ghana, which also borders Togo. He had been accused by the Olympio government of aiding a failed political conspiracy.

Meatchi, a French-educated Moslem and former civil servant, had been arrested in 1950 for conspiracy. He was released after his release in mid-1951.

Gunned down on the street outside the U. S. embassy early Sunday, Olympio apparently was the only casualty of the fast-paced revolt. Gunfire was heard in the streets around 8 a.m. The 50-year-old president's bullet-riddled body was found outside the unlocked embassy gate at dawn.

Most of the other members of his government were arrested. They were reported unharmed and held at a military camp outside Lome.

MAP LOCATES West African country of Togo where President Sylvanus Olympio was shot to death Sunday outside the U. S. embassy building in Lome. A struggle for leadership appears to be shaping up in the wake of the assassination. (AP wirephoto)

## Emissary Will Ask Tshombe Surrender

ELISABETHVILLE, Katanga, Jan. 14 (AP)—The United Nations prepared today to send a special emissary to Kolwezi to demand that President Moise Tshombe surrender his stronghold or face U. N. attack.

Informants said they believed the Katanga president was rallying his followers for a "last ditch stand" to try to hold what remained of his secessionist domain. The emissary was to warn Tshombe that if he did not peacefully surrender, the U. N. would force him to withdraw from Katanga to within 20 miles of Kolwezi.

Sources at U. N. headquarters in New York predicted that Indian U. N. troops have taken over Shinkwabe, one of Katanga's southern sectors. The militia southwest of Jadoville and about 90 miles southeast of Kolwezi. The base, which once accommodated 2,000 to 3,000 men, was reportedly almost deserted.

## No Break Seen as Winter's Freezing Claws Grab Greater Part of Nation

By The Associated Press  
Wintry icy blasts enveloped Idaho today. No immediate break in the cold weather was indicated.

The effects of the "frigid" weather and snow, which swept into the Magic Valley from the north, are expected to be most noticeable during the week-end.

The unseasonable cold in southern Texas, southern California and Arizona threatened damage to citrus and vegetable crops. Farmers started their

## County Gets One Justice of Peace

The controversial issue over a change in the county's justice court system was climaxed Monday morning when the Twin Falls county commission appointed Min County, Pope, who was appointed shortly after the two new commissioners were sworn in, the commission was reorganized.

Before Pope was appointed, Dudley Dane, 434 First avenue east, Democratic precinct commissioner from precinct No. 21, presented petitions signed by citizens of Paul, Pler and Klimesh, who had requested a change.

Dane said Monday noon, after the appointment had been made, "Every so often one must take a look at the political scene and believe this is one time that asked the label 'Democrat' and speak as a private and concerned citizen."

He stated, "Many people are disturbed that the new justice court system is being set up by the Democratic chairman law firm, making one wonder if county interests or politics are involved."

Former Justice of the Peace Robert E. Pence said Monday morning he was notified of Pope's appointment. "It would appear that the taxpayers are being asked to pay for a justice who gains enough experience to practice law."

When told that the commission planned to appoint former Hollister Justice of the Peace E. Pence said, "There is no provision in the statute for a deputy justice."

Pence concluded, "I would like to think the thousands of people who have appeared before me for their courtesy and also thank the sheriff's office, state police and prosecuting attorney's office for their splendid cooperation in making my job much easier."

His statement was read by the county commission Monday morning. The three commissioners said, "There will be no deputy justice appointed at this time, which is necessary to take care of the checking and auditing of the various violations that might develop in that area."

He stated that Pope was appointed commissioner chairman, explained later if Henstock is appointed deputy justice, but will be under the jurisdiction of Pope. He pointed out that under the present law, which will be on a trial basis and if it does not prove satisfactory, the commission will appoint Pope as head justice.

Lowers said the commissioners have given the justice of the peace considerable amount of study and have come to the conclusion that we might be able to improve the justice of the peace system. He said that the commission will have about \$4,000 to spend on the justice of the peace system.

He said, "We are setting up one justice of the peace for the county. He will have his main office in the old hospital building in Twin Falls. He will arrange to spend one day each week at 300 at the county jail. He will get to be designated."

Lowers said the commission would name the "deputy justice" appointment with Henstock some Monday afternoon. Pope said Monday morning, "I'm gratified to be appointed."

## Lancaster Appointed Director Of T. F. County Weed Bureau

Harold Lancaster, who was defeated in the November general election when he ran against T. W. Silvers for the position of county clerk, was appointed county weed bureau director Monday morning by the new Twin Falls county commission. The appointment of Lancaster was announced about 1:15 p.m. Monday by Warren Lowery, who was elected chairman of the commission after two new commissioners were sworn in.

The new commission members are Lowery, from the third district, and Maurice Simms, second district. They were sworn in about 9:30 a.m. by county clerk Silvers, who had been sworn in previously by District Judge Truman Ward.

It was reported the former county weed bureau director, Jack Thietzen, was released.

Lancaster was elected vice chairman during the commission's reorganization. However, commissioner is H. L. (Kelly) Cedarholm, from the first district, who was vice chairman last term.

Klans was elected in November to serve a four-year term. Lowery will serve a two-year term.

Other county officials who were sworn in Monday morning were Sheriff James H. Benham, Treasurer Ross J. Wilson, Probate Judge J. W. Peterson, and Coroner Claude W. and Survep George A. O'Brien.

Presiding Judge James May, who is in Boise, will be sworn in later this week, according to Silvers.

## 70-Year-Old Man Is Frozen to Death

RUPERT, Jan. 14—Frank B. Patton, 70, Heyburn, was found apparently frozen to death about 1:30 p.m. Sunday in a barn at the Burley fairgrounds by O. M. Brown, fairgrounds caretaker. Burley police said he apparently sought shelter in the barn and died in his sleep of exposure. Mr. Patton was born at Burley, Idaho, 26, 1892, and had worked for the railroad and been a farm laborer. He was a veteran of World War I, serving in France and Germany. He had never married.

Surviving are a brother, William Patton, Rupert, and a sister, Mrs. Zeniff Olenaske, Sandpoint.

Police said there will be no autopsy. Services are pending at Walk mortuary.

## House Hears Utah Taxes Attack

BOISE, Jan. 14 (AP)—Idaho's house of representatives heard strong pleas today for consideration of a tax increase demand by Utah residents and for a thorough review of the legislative branch of the legislature.

The brief morning session also saw the introduction of a bill that would raise legislative salaries from \$25 to \$30 a day. There was less action in the Senate, but tax senators said they will give Idaho State college university status will be ready for introduction within the next few days.

Both houses received to a special order provided by the Utah legislature to consider the union message on telecommunication brought into the chambers.

Rep. Arthur Miller, R. Burham, said the legislature should try to work out an agreement with the union before the Idaho students studying at the university to buy Utah auto licenses. He said the value of the automobiles.

If no agreement can be reached with the Utah legislature, he urged the legislators to consider increasing the cost of hunting and fishing license fees "many times over."

## ITU Rallies To Leaders In New York

NEW YORK, Jan. 14 (AP)—Mediators with newspaper publishers and striking printers rallied in support of the leaders Sunday in the 27th day of the city's coldest newspaper strike.

There was no fire to the publishers of the nine shut-down dailies and media mediators said.

The strikers at a mass meeting gave loud approval to continuation of the strike.

They strongly opposed the same-day release of General Harold R. Medina, head of a three-man "board of accountability" which is to investigate the lengthy shutdown mostly on the printers' union.

During "tearful" sessions Saturday both sides changed positions slightly for the first time since the strike struck four newspapers Dec. 8.

The printers lowered their 10-year wage increase demand to 5 percent. They also demanded that the publishers moved up from a two-step package offer of 42.50 to one of slightly more than \$10, including 38 in wages.

Mediators said they would meet with the printers today, and hoped to set up a joint bargaining session Tuesday.

## Everest Climb Expedition Leaves For Nepal

LOS ANGELES, Jan. 14 (AP)—Norman C. Dyrentworth of Santa Barbara, Calif., leader of an American expedition planning to conquer Mt. Everest in April, will leave here today with an advance party.

The advance party, which includes his wife and Donald E. Doody, Hollywood travel filmmaker, will fly to Calcutta, India, where it is scheduled to reach the Katmandu, Nepal, base camp Jan. 20.

The expedition will attempt to reach the mountain's summit, which stands at 29,000 feet. The expedition will attempt to reach the mountain's summit, which stands at 29,000 feet.

## "Snowball Special" Brings Stylish Load of Flatlanders to Sun Valley

SUN VALLEY, Jan. 14—The "Snowball Special" arrived Sunday afternoon bringing 56 flatlanders to the ski slopes of Sun Valley for the week.

This is the fifth annual trip to the ski slopes of Sun Valley, but the 26-hour ride is shortened by a baggage car with a waxed floor for dancing.

The group was entertained Sunday night at a special dance in Holiday Hut, with music by the group's seven-piece band. A high ride party to Trail Creek cabin is scheduled every night this week. Already is booked for the week-end. The group will be leaving Sun Valley for the next three days.

## Chief Asks Solons for Big Tax Cut

WASHINGTON, Jan. 14 (AP)—President Kennedy proposed today the biggest income tax cut in history—a 13.6 billion dollar slash to take effect in three annual steps between now and 1965. At the same time the President called for tax reforms to recoup 3.5 billion dollars in revenues. Individual taxpayers eventually would gain about 11 billion dollars a year under the top priority program which Kennedy unveiled in his state of the union message to congress. The rest of the benefits would go to corporations.

First-stage rate cuts proposed for 1963 would total 6 billion dollars roughly equivalent to the best tax reductions of the past.

Kennedy said he wants individual tax rates whacked from the present range of 20 to 91 percent to a more stable range of 14 to 65 percent. He asked congress to lower the top corporate rate from 52 per cent to the pre-Korea level of 47 per cent.

About one-fourth of the resulting revenue losses would be recouped through tax reforms.

"This fitting of the scraps from the tax table will be a big job. The high spot of the 4500-man program, however, will be the national television and radio networks, in which Kennedy also implied the United States and its allies are winning the cold war at a time when international tensions reveal a degree of internal disintegration" in Communist camp.

He said the Soviet Union has made a choice between continuing conflict with the West and the path to peace. The United States is ready for either eventuality. He said the program would be the most significant step toward a domestic peace corps to enactment of the medicare plan.

Kennedy described his tax package as a fiscally responsible and sound way of achieving a long-term balanced budget and a sound way of achieving a long-term balanced budget and a sound way of achieving a long-term balanced budget.

Although precise details will be revealed only later this month, it was apparent the tax package is a fiscally responsible and sound way of achieving a long-term balanced budget and a sound way of achieving a long-term balanced budget.

Besides calling for gradual rate cuts to lessen the adverse impact on federal finances, Kennedy advanced two companion proposals that would aim in the same direction.

1. The enactment of tax reforms recouping 3.5 billion dollars in revenues that would be lost through lower rates. Reforms would begin going into effect next year.

2. A plan to gradually speed quarterly tax payments by large corporations. The plan would reduce revenues by 1.5 billion dollars without changing corporate tax rates.

Kennedy also emphasized a desire for haste in congressional consideration of tax legislation. "Now is the time to act," he said.

## Temperature Moderating Over Valley

Magic Valley began "rinsing out" Monday. Temperatures popped up over the zero mark after the coldest sub-zero freeze of the season.

The weather bureau station at Kimberly reported temperatures about 11 degrees below zero on Sunday, warmed up a bit more Monday and are expected to continue moderating Tuesday.

Lowest temperature in Twin Falls over the week-end was a low of about 8 to 11 degrees below zero. The mercury rose to a Saturday maximum of about 23.00 and the high forecast again to 11 at 8 a.m.

After that it began climbing, and by 8 a.m. Sunday it was 2. Temperatures continued to climb Sunday and leveled off at about 8 to 11 degrees below zero. The night it dropped to 2 degrees below zero and 10 p.m. and then a low of about 11 degrees below zero at 8 a.m. Monday.

Predicted maximums Tuesday are 15 to 20.

## Dock Strike In 23rd Day, 20,000 Idle

NEW YORK, Jan. 14 (AP)—The Atlantic and Gulf coast dock strike entered its 23rd day today with federal mediators hopeful of resuming negotiations.

Secretary of Labor W. Willard Wirtz said today that the strike stood by during the week-end, to be on hand if any change came in the positions of the union or the Longshoremen's union.

The strike by 80,000 longshoremen has idled an additional 20,000 non-striking seamen and truckers in ports from Maine to Texas.

Federal mediators held separate meetings with both parties Saturday.

Wages are a principal issue in the dispute. The strikers seek a 60-cent hourly package, including 25 cents in wages over two years. The industry has offered 22 cents over two years. The port strike basic wage here was \$3.02 an hour.

## Report Says Russ Have Female as New Astronaut

LONDON, Jan. 14 (AP)—The London Evening News reported today that Russia has a female cosmonaut identified for the first time as Zinaida Yermolaeva.

In a dispatch from Moscow the news said the woman's name appeared by chance in a Russian newspaper "for excellent service" published for the state of Russian hospitals and factories.

In the latest issue a great effort was made for services received at the health resort of Klyazma near Moscow signed her name "Zinaida Yermolaeva, 30 years old woman," the news said.

## Kennedy Highlight Of Tax Cut Plans

WASHINGTON, Jan. 14 (AP)—Here at a glance are the highlights of President Kennedy's income tax proposals, as introduced in his State of the Union message.

INDIVIDUAL—Reduction in rates from present 20 to 91 per cent to 14 to 65 per cent, resulting in 11 billion dollar annual gain over three years beginning with a 4 billion dollar slash this year.

CORPORATE—Reduction from present 52 per cent to 47 per cent of corporate profits, resulting in 2.5 billion dollar annual tax-cut.

REFORMS—To offset revenue losses by 3.5 billion dollars, reform of present tax law to broaden the tax base, effective in 1964.

### J. Rosevear Passes After Hip Fracture

GLENN FERRY, Jan. 14 — J. Rosevear, 84, resident of 1015 S. Broadway at St. Alphonsus hospital, died here after a hip fracture in a fall earlier in the year.

He was born Oct. 3, 1868, in Cornwall, England, and came to this country with his parents in 1887. They settled first near Keokuk, Iowa, later in Kansas, and then in 1897, they came to the United States in Ogdenville, Wis., where he was a cattle raiser and rancher until 1915, when he and his brothers established the Rosevear Hardware Store, which he helped operate until his retirement in 1937.

Surviving are a son, Joseph G. Rosevear, Glenn Ferry, 57, of 1015 S. Broadway, and a brother, George H. Rosevear, Glenn Ferry, 57, of 1015 S. Broadway. Services are pending at St. Alphonsus.

SCOUT TRAINING helped keep him alive, Keith Beaulier, 14, McCall, Ida., says as he tells his story over telephone with Al Weeks, Bend, Ore., radio station newswoman, listening. The boy was lost for 10 hours in Cascade mountains in sub-zero weather. He was in Bend for Sun ski race. Weeks is a former employe of the Times-News. (AP wirephoto)

### Rose Is Rose

PHILADELPHIA, Jan. 14 (AP) — Maurice Musset and Solange Curry were married here today on Dec. 8, 1954. Musset's brother, Gustav Yvette, died on July 13, 1950, two more Musset brothers, Joseph and Charles, married two more Curry sisters, Monique and Genevieve.

Saturday the fifth Musset brother, Paul, took a bride. She is the fifth Curry sister, Genevieve.

### Heart Attack Is Fatal for Albert Morse

GLENN FERRY, Jan. 14 — Albert Morse, Jr., 37, Glenn Ferry, was found dead Saturday morning in his unheated one-room home behind the Gett-Morse residence here, according to George Taylor, Elmore county deputy sheriff.

Taylor said Morrow found Morse around 10:30 a. m. It was reported he died from exposure in sub-zero temperatures. An autopsy, however, showed death was caused by a heart attack.

Mr. Morse apparently came from downtown around 10 a. m. Friday and was not seen again. Born in 1907 in Glenn Ferry, he was a life-long resident here, worked in past years for the Union Pacific railroad and at Mountain Home air base.

Surviving are a brother, Roy L. Morse, Twin Falls, and several sons and uncles in Glenn Ferry.

Funeral services will be held in St. Mary's at 11 a. m. today, with concluding rites in Olmstead cemetery.

### Germany Severs Cuban Relations

BERLIN, Jan. 14 (AP) — West Germany will sever diplomatic relations with Cuba because of Havana's decision to give full diplomatic recognition to East Germany, government sources said today.

Chancellor Konrad Adenauer made the decision this morning during a short meeting with Foreign Minister Gerhard Schröder, the sources said.

The talk took place shortly before the reception of U.S. Undersecretary of State George W. Ball.

### Funeral Held

MEMPHIS, Jan. 14 — Graveside services for Connie Ann Stubbs, 14-year-old daughter of Mr. and Mrs. Cecily Stubbs, Richfield, were conducted at 11 a. m. Friday at Elmwood cemetery by the Rev. Clifton Shelby.

### Young Skier Rescued Off Bend Slopes

BEND, Jan. 14 (AP) — A 14-year-old McCall skier was rescued from the slopes of Bachelor butte early Sunday after being lost 10 hours.

The youth, Keith Beaulier, 14, was in good condition. He said he had been snowed out of the run he was lost in order to keep warm in the sub-zero weather.

Young Beaulier said he got too high on the mountain, then turned in the wrong direction and was lost for 10 hours on the mountain for the Sun cup ski race.

He was not missed until a check at his hotel disclosed he had not returned from the mountain.

A search was started at once. The youth said he heard the searchers and saw the lights of the searchers, and walked to them.

### Hailey Fire Department Reorganized

HAILEY, Jan. 14 — The Hailey volunteer fire department has been reorganized into two companies. James Dorr is fire chief and Orin Shurtis is assistant chief.

Members include: Warren Smith and Thomas Pica are engineers; William Savelber and William Thibault are mechanics; O. D. Ellinger and Milton Savaria, hosenmen; W. D. Myrland, chemist; and Victor, an 18-year-old first aid and secretary-treasurer.

For company No. 2, Delmer Nicholson is assistant chief; Frank Schaff, Thomas Northcott and Robert Riggen, engine men; Fred Povey, Raymond Nelson, Harold Ridgway and Arthur Sivik, hosenmen; James Ben-graves, Donald Dixon, Harold Schaefer, James Higgen, Milton Butler and Donald Banach, hosenmen.

When the dial telephone system is put into effect here next July, a new alarm system will be installed. The Hotel Hiawatha will be the central office and the home of each of the 24 members of the fire department will be connected by direct line.

The annual fireman's ball, the firemen's only fund-raising event of the year, has been set for Feb. 25 at the IOOF hall.

Mabelle Shurtis and his orchestra from Fairfield will furnish the music.

### Icy Storms May Hamper Texas Crops

EDINBURG, Tex., Jan. 14 (AP) — Some chills appeared in the storm holding off a lethal icy blow to the Texas Rio Grande valley's multi-million dollar citrus and winter vegetable crop early today.

Weather forecasters said the cloud cover would continue to ward off the brunt of the Arctic cold front. But valley farmers, already stung by crop losses from sub-freezing weather, continued to expect the worse.

The Rio Grande Valley Farm Bureau planned to start surveying damage today.

The U.S. weather bureau said temperatures would drop to the upper 20s early today.

But the forecast, which still spelled damage to tender plants and trees, was welcomed by valley farmers. Previous forecasts had called for readings to plunge to near 10 degrees if the cloud covering lifted.

The clouds continued to hang on early today. Some clearing was reported around Laredo, however.

Some farmers said last night that the tomato crop was ruined and that the Arctic cold had done extensive damage to peppers and lettuce.

### Animal Nutrition Course Planned

JEROME, Jan. 14 — An adult education course in animal nutrition will be offered at the Jerome vocational agriculture building, the first class starting at 7 p.m. Tuesday.

Carter Leuter, will be instructor. A small fee will be charged to cover the cost of facilities.

The course will include feeding terms, composition of feeds, digestion of coefficients, and balance of rations for the various classes of livestock.

Cost of production, hormones, feed additives, anti-biotics and minerals will be discussed.

Other subjects concerning livestock feeding and equipment will be covered if requested.

## Admirable Attitude

There's no guarantee the situation will prevail for long, but the Democratic display of cooperation and general legislative harmony at Boise are quite refreshing. The developments which have transpired in the past few days have moved to comment it as the first week of the session ended. It's an atmosphere that's conducive to progress during the current session, which will be called on to solve some of the most difficult problems.

The Democrats are being guided by Sen. William Dee, Grangeville attorney serving his second term from Idaho county, and Rep. Herman J. McDevitt, Pocatello attorney serving his fourth term from Bannock county. So far, they have made it quite plain they do not intend to use obstructionist tactics just for the sake of being the opposition. They also have indicated they will support bills they feel are unwise and will have legislative plans of their own for issues on which they differ with the Republicans.

## That's to be expected, but it's a far cry from some past sessions of the legislature including no farther back than 1961. In the past, both parties have been guilty of placing partisan politics above anything that might be of obvious benefit to the state.

Some legislators have left voters wondering if there was any value in having a legislature. And there's a suspicion that much of the faulty new laws of the past resulted from too much political maneuvering and not enough attention to law-making.

There is no thought here that representatives and senators should forget party affiliation when elected to the legislature. Partisan politics does play a part in any legislative body under the American two-party system. In fact, there are times when partisan politics is indispensable. Yet it's still difficult to justify or understand the attitude that politics should come first above the needs of the general welfare of the public.

There are signs the public, general membership of both parties and even some duly elected officials are aware of the situation. There are signs that some of that sort-of-trend-continues-on-the-local and state levels, there's bound to be considerably more progress as members of both parties join forces to solve common problems.

## PINE IDEAS

Sometime in the next few weeks, Idaho might have the answer to one of its problems in the field of education. The problem was solved back in 1951 when the state legislature closed the Southern Idaho College of Education at Albion and the local and state levels, there's bound to be considerably more progress as members of both parties join forces to solve common problems.

## It might be different if north Idaho was a populous region, but that's hardly the case. The vast majority of universities and colleges can be justified within a relatively small area if the population is sufficient to support them, as the Los Angeles area, for example.

Back in the case of north Idaho grants for long-term lease of SICE facilities to permit establishment of Magic Valley Christian college at Albion. Now similar steps are being considered in the case of Lewis-Clark college, Portland, is investigating the possibility of acquiring Lewis-Clark facilities with an eye to moving the college to Lewiston by next fall.

The question of the school board of the board of its meeting Jan. 24 and 25. Out of that session is expected a recommendation to the legislature. At this stage, there are plenty of "ifs" in the proposal, including the fact that both the board of education and the legislature.

A similar proposal on behalf of another church-operated college last year apparently has been dropped, but the first inquiry left to the legislature. It would be interesting to see what progress is made toward getting rid of a political football and a state tax burden that is hard to justify. The experience with Magic Valley would indicate considerable merit in following a similar procedure where Lewis-Clark Normal school is concerned, and good solution to a problem on which there are some explosive opinions.

# NATIONAL WHIRLIGIG

**By JACK TUCKER**  
WASHINGTON, Jan. 14 — Edgar R. Murrow, United States Information Agency, has criticized the Katanga affair as a few international adventures have been undertaken by the United States. The department has been equally culpable in losing up an understanding of the matter on its home front.

Because the U.S. has not been able to get the United States support of the United Nations attack on Katanga, our allies have been misled and have shown signs of losing faith in both the U. S. and the U. N.

And because the state department and the White House have failed to give the American people a clear, straightforward and trustworthy explanation why Irish and Indian troops have swept over Katanga, the man on Main street doesn't know what it's all about.

**CONFUSION-COMPOUNDED** — If you ask the average man what's going on in the United States, he probably won't say anything. If he has been reading the red-hoia, he probably won't say anything. If he has been reading the red-hoia, he probably won't say anything. If he has been reading the red-hoia, he probably won't say anything.

The state department's handling of the case of Michael Strebis, a Communist, is a representative of the United States' attitude toward the Katanga government. At one time he understood a mission for the state department is demanding his deportation. It is moving against him through administrative action. The average American knows the Strebis case, but he doesn't know why it is being moved by pique and because Strebis is not getting the benefit of a trial nor is even accused of any crime.

The biggest boob-up: State department has failed to give the average American any explanation. It smacks of "the public be damned" attitude.

## WORLD ABROAD

Belgium has been aroused to violence. Mobs have demonstrated against Americans. All Congo was once possessed of Belgium. When American pressure, she expected to detain the citizen's ownership of property in the Congo. The mining-union Minister after considerable pressure, agreed to pay tribute to the rest of the Congo as well as Belgium.

But United Nations moved in, shot down demonstrators and killed a few people. After a drive to the Congo, the United Nations has not only lost investments but the lives of citizens.

**ITALY, PORTUGAL** — Italy cannot understand our action: Twelve of Italy's consuls are being expelled. They are slaughtered and many Italians believe, etc.

Portugal, clinging to Angola, is watching Anglo-American moves. They assume that as soon as the Congo and the United Nations troops mop up the Congo, the United States will use force to take over the Congo. The rebels used before.

Other democratic countries are equally confused and puzzled by America's stance.

## EXPLANATION

There is a reasonable explanation for the actions of the United States. It is simply this: If Katanga operates as a free state, it will be immensely wealthy. It will be able to pay tribute to the rest of the Congo. It will be able to pay tribute to the rest of the Congo. It will be able to pay tribute to the rest of the Congo.

## VIEW OF OTHERS

**REDCOATS ARE COMING** — We are waiting for some Paul Reveres to come riding out of West Street. The American Revolution will be vastly disturbed when they learn that the very doctors who are in London real estate firm bought the filed land there and is planning a 30-story skyscraper. It will be a landmark building. It will be a landmark building. It will be a landmark building.

**EUROPEAN INVESTMENT** — The United States has invested in Europe. European capital in the United States. The United States has invested in Europe. European capital in the United States. The United States has invested in Europe. European capital in the United States.

**SUNDAY BLUE LAWS** — A damaging headsake for Missouri. It will be a landmark building. It will be a landmark building. It will be a landmark building.

**TURN ABOUTS FAIR PLAY** — More and more people are going back to school. We hope the children will be cooperative in helping grandpa, with his honor.

## Interpreting the News

**By JAMES MARLOW**  
Associated Press News Analyst  
WASHINGTON, Jan. 14 — U.S. House of Representatives today passed a bill to amend the National Labor Relations Act. The bill would require employers to bargain with unions if they have more than 100 employees.

The bill is part of a series of labor laws passed by the Kennedy administration. It is expected to be signed into law by the president.

## POT SHOTS

**NOTHING COMPLICATED** — Dear Pot Shots: I've had a real shocker for the bucksters who have been dreaming up all sorts of ideas to explain to me why I should smoke a particular brand of cigarettes. It really makes me no never mind what brand of f'g I've got in my hot little fist.

And the egotistics I smoke don't have any special significance to me.

When I get real truthful with myself, I smoke because I have the nasty habit and don't have 'nuff gumption to give it up. That's repulsive and simple!

A. Smoker  
(Barley)

## THE IDAHO SILENCER

Where the morning's silver arrows —  
Pierce the mountains capped with snow;  
Then the Shoshone warriors howl —  
If they called it Eldorado so.

For the light upon the mountains,  
Was a hundred years ago,  
That we took this Indian legend,  
And we named it Idaho.

## FROM THE PRAIRIES TO THE MOUNTAINS

From the prairies to the mountains,  
The land foothills far below;  
'Tis a land of gold and silver,  
'Tis our Gem state, Idaho.

## IN OUR WOODS WILDLIFE ABUNDANT

In our woods wildlife abundant,  
And the forest wild flowers grow;  
Come to Idaho, our playground,  
To our state of Idaho.

## PUPS FOR FREE DEPT.

Twenty-four hamsters, must be adopted by Feb. 15 or 3 months old. Would rather give them to children than sell them at laboratory specimens only.

Dr. Terry Solberg  
(Phone 733-2200)  
(1219 Elgin Ave. E.)

## SO THERE!

Tell "Just Thinking" I hope there are three things he never needs:

- The benefits derived from fops sold at the assessor's office.
- A professor for your country and home by the armed forces.
- A pint or two of blood for you or one of your family which may at one time be the only medicine that will save your life.

You don't deserve the name "Just Thinking." You haven't thought yet.

Mrs. Bob Malberry (Barley)

**FAMOUS LAST LINE** — She had her method like a personal maid serving without pay.

GENTLEMAN IN THE

# COVERING THE CAPITAL WITH PETER EDSON

WASHINGTON, Jan. 14 (AP) — Peter Edson, a Washington Post reporter, has been named as the new chief of the Washington Post's news coverage of the capital. He will be replacing the late Walter P. Reuther.

Edson has worked for the Post for many years and has covered a wide range of news stories. He is known for his in-depth reporting and analysis.

**RECALL OF THESE CONTRACTS** — The important difference is that most of the settlements in 1962 had been made on a "without prejudice" basis. The new settlements are being made on a "with prejudice" basis, which means that the unions are giving up their right to sue for breach of contract.

The unions are also giving up their right to strike. This is a significant concession, especially since the unions have been fighting for the right to strike for many years.

**THE NEW YORK CITY AREA** — The New York City area has seen a number of strikes in recent months. These include strikes by garment workers, schoolteachers, and electrical workers.

The strikes have caused significant disruption in the city and have led to the loss of many jobs. The unions are demanding better wages and working conditions.

**WHAT SEEMS TO BE HAPPENING** — The strikes in New York City are part of a larger trend of labor unrest in the United States. This is due to a number of factors, including inflation and the loss of jobs.

The unions are fighting for better wages and working conditions. They are also fighting for the right to strike. This is a significant concession, especially since the unions have been fighting for the right to strike for many years.

## Poor Man's Plato

**BY HAL DOYER**  
NEW YORK, Jan. 14 (AP) — The frustrations of war have been a constant theme in the lives of many Americans. This is especially true for those who have served in the military.

Many of these veterans are struggling to find their place in a peacetime economy. They are often facing financial difficulties and a lack of job opportunities.

**AN INCIDENT I** — I had a conversation with a young man who had just returned from the military. He was struggling to find his place in a peacetime economy. He was often facing financial difficulties and a lack of job opportunities.

He was telling me about his experiences in the military and how he was struggling to find his place in a peacetime economy. He was often facing financial difficulties and a lack of job opportunities.

**I TALKED TO A DOCTOR** — I talked to a doctor about the health of a young man who had just returned from the military. He was struggling to find his place in a peacetime economy. He was often facing financial difficulties and a lack of job opportunities.

The doctor was telling me about the health of the young man and how he was struggling to find his place in a peacetime economy. He was often facing financial difficulties and a lack of job opportunities.

**AFTER A SHORT STAY** — After a short stay in the hospital, the young man was discharged. He was struggling to find his place in a peacetime economy. He was often facing financial difficulties and a lack of job opportunities.

The young man was discharged from the hospital. He was struggling to find his place in a peacetime economy. He was often facing financial difficulties and a lack of job opportunities.

## The Doctor Says

**By WYNE G. BRANDSTADT, M.D.**  
With modern medicine, a century ago that infants could be fed by formula, we now have a baby formula that is as good as a mother's milk. It is a great help in establishing a baby's health and in preventing many of the common ailments of infancy.

**Wish I One of the chief reasons** — Many mothers do not nurse their babies because they do not take the trouble to tell them the advantages and uses of a baby formula. It is a great help in establishing a baby's health and in preventing many of the common ailments of infancy.

Many mothers do not nurse their babies because they do not take the trouble to tell them the advantages and uses of a baby formula. It is a great help in establishing a baby's health and in preventing many of the common ailments of infancy.

and other two bids are for only one round, but six show pretty good work. It is a good example. It is a good example. It is a good example.

### Pump Water Ruling May Slice Taxes

AMARILLO, Tex., Jan. 14 (AP)—A housewife who pumps water from a well to her dishes may now be able to claim it as an income tax deduction.

The ruling is in a federal court ruling that underground water can be considered a "water" under the tax code and subject to the same rules as surface water. A decision was written on federal cases as to oil.

U. S. District Judge Joseph B. Dwyer yesterday informed Attorney General Ramsey Clark that the ruling would apply to the High Plains water district he is suing. The ruling would allow the district to sue for the water.

Dwyer's decision in the test case marked a first step. The ruling could be the biggest blow in the Texas South Plains.

At the end of the January trial, both sides indicated appeals would be forthcoming regardless of Judge Dwyer's decision.

"I have no doubt the government will appeal," George B. Clark, chief of the High Plains water district, said yesterday.

McCluskey pointed out that if it stands, the decision does not mean all underground water used for irrigation will be subject to a depletion allowance.

Shurbe's case claimed the water he used to irrigate farmland on the High Plains was being replaced. The federal suit sought irrigation amounted to "the water."

Gifts from postoffice employees were presented to W. W. Francis, retired, and Neils B. Hazard, left, by Mrs. Agnes Strunk, center, civil service clerk and receptionist. Francis and Hazard were honored at a farewell dinner Saturday night at Francols restaurant for their years of service with the Twin Falls postoffice. (Times-News photo)

### Tourist Groups Bring Back Furs of Lawrence in Petra

DEIRUT, Lebanon, Jan. 14 (AP)—With clattering hooves and jingling bridles, horses pick their way through the twisting gorges, leaving scarring redstone cliffs where Lawrence of Arabia once rode.

A Bedouin riding party of 75, all sheikhs riding a runder, was Jordan's desert patrol tracking down smugglers.

No, it's a party of American tourists heading for Petra, an ancient caravan city hewn from solid, rose-colored rock.

With cameras at the ready, similar tourist groups scramble up the pyramids of Egypt, and across the Syrian sands to Palmyra, where the Roman ruins outline those of Rome.

Trampling up like flowers from the deserts of the Middle East are some of the world's most spectacular tourists attractions, and more and more visitors are discovering them every year. The coming season may be the biggest yet.

"Tourists are reaching out for new places, beyond Europe, and the Middle East has a great deal to offer," says one travel expert. It has an additional appeal: a place that not too many people have seen.

Tourist commentators are aware of the profits tourists can bring. But most still have much to learn about attracting visitors and helping them after they once they arrive.

Iraq, with its suspension of foreigners and cameras—taking a picture of Babylon or Baghdad requires a police permit—has closed itself out of the tourist guidebooks. Saudi Arabia admits Moslem pilgrims to Mecca, but the only asking in the Middle East, the country rarely sees into the country.

Jordan, however, is conducting a sophisticated campaign to swing the stream of visitors to the holy land.

This year the campaign brought 210,000 tourists to Jerusalem, which is divided between Jordan and Israel—Bethlehem, the Dead Sea and Petra. The number has more than doubled in three years.

Tourists watching the glass blowers of Hebron, swimming in the Dead Sea or strolling through Jerusalem's medieval streets can stay in new hotels and guest houses or refurbished old ones. They can speed from Christ's birthplace to a desert camp on new roads, or plunge into swimming pools in places where running water was unknown a few years ago.

Army engineers are helping to

### Final Rites Held For Mrs. Dwyer

JEROME, Jan. 14—Requiem Mass for Mrs. Pearl Estella Dwyer was celebrated at 10 a. m. Saturday in St. Jerome's Catholic church, by the Rev. Bernard McBride.

Dwyer was recited at 8 p. m. Friday in the Crispin-Hove funeral chapel.

pallbearers were Cecil Patterson, Walter Adams, Donald Daw, Dennis Haynes, Virgil Adams and Bernard Steig. Concluding rites were at the Sutherland cemetery, Sutherland, Ia.

### Kennedy Faces Some Dim Prospects for His Bills

WASHINGTON, Jan. 14 (AP)—How far the Senate will go in support of President Kennedy in the new congress:

"Chances—Prospects are uncertain for Kennedy's No. 1 objective: passage this year of a top-to-bottom revision in individual and corporate income tax rates. Outcome will depend on business.

But public reaction to Kennedy's tax message, chances now seem slightly better than even that Kennedy will get on next September or October a bill containing much of the tax cuts but few of the revenue-boosting tax reforms he will recommend.

Medicare—Prospects are dim for approval this year of Kennedy's plan to expand social security benefits to include hospitalization and nursing home care for persons 65 and older. But chances seem a little better than 50-50 that congress will approve a compromise version in the 1964 election-year session. Last November's election apparently gave backers control of the Senate where they were defeated, 54-46 last year. The big question mark is the house ways and means committee.

Education—The outlook is bleak for Kennedy's proposal to pump federal aid into elementary and high schools. Kennedy may get some of the aid he wants for construction of medical schools and building college dorms.

Commuter transportation—Kennedy has a good chance of getting a new program of federal grants to help cities subsidize faster, better rail and bus transportation for suburban commuters. This program, which fell by the wayside in the last congress, would tap the treasury for 200 million dollars over the next three years.

Youth employment—Chances are at least 50-50 that congress will approve some version of Kennedy's program of special job aid for youths, especially high school dropouts.

Foreign aid—Kennedy has abandoned his fight for tough production control on arms and other foreign goods. Instead he will propose, and congress probably will pass, a plan modeled after the temporary programs enacted for 1961, 1962 and 1963.

Chances are uncertain for the administration's new coalition-suburban and urban for the revival Kennedy will seek to curb surplus program.

Welfare—in the face of opposition from lumbering and

### Labour Leaders Asked to Visit Israeli Holiday

LOS ANGELES, Jan. 14 (AP)—Party Los Angeles area labor leaders have been invited to visit Israel to participate in the 15th anniversary of Israel's independence.

The Los Angeles County Labor Federation and Yacov Naah, Israeli consul here, announced today his government invited the labor leaders through W. J. Bassett, head of the federation, for a 10-day stay.

"Despite the close ties between our nations," Naah said, "there are many persons in this country who are not informed of the economic and social life of Israel, and how our country affects not only the United States, but other nations of the world."

YVETTE HILL, Jan. 14—Mr. and Mrs. Arthur Fitch were called to Death Valley, Calif., because of the serious illness of his brother, John Fitch.

### New Armor Plate Invented That 'Eats Bullets'

AZUSA, Calif., Jan. 14 (AP)—An Army general corporation said today it has developed a new bulletproof armor for use on vehicles that "literally eats bullets."

Developed by the company's structural materials division, which makes it 20 to 30 per cent lighter than conventional armor plate, the new armor has greater protection per pound.

When a bullet hits it, Acroflex armor "eats" the bullet, the shrapnel and shatters and absorbs it—literally eating it.

It is planned for use on future tank tanks, personnel carriers, buses, boats and other vehicles.

It also can be developed to "eat" existing vehicles and structures.

### Ex-Camas Area Resident Dies

FAIRFIELD, Jan. 14—Clarence L. DeLoe, 70, former Camas resident, died Dec. 23 in an Oregon veterans hospital. It was learned here this week.

DeLoe was born in Idaho in 1914 and married Clara McAlister in 1917 in Twin Falls. He served in the navy during World War I and farmed in the Camas prairie from 1919 until his wife's death. He then moved to Wendell. He moved to Oregon in 1929.

Funeral services and committal rites were held in Fairfield, Or.

### DeLoe Student to Get Scholarship

DELOE, Jan. 14—Chris Garard, senior at DeLoe local school, has been offered a scholarship to Brigham Young university, Provo, Utah, as a result of his performance on the national merit scholarship qualification test.

Garard received a formal letter of commendation from his principal and the president of the National Merit Scholarship corporation. He is among 20 students in the Intermountain area selected.

Garard is the son of Mr. and Mrs. Wayne Garard, DeLoe.

### Syria Closes Its Borders to Adjoining States

DAMASCUS, Syria, Jan. 14 (AP)—Syria closed its borders with Lebanon and Jordan today following week-end riots in two Syrian towns.

Syrian officials blamed supporters of United Arab Republic President Gamal Abdel Nasser for the riots.

Damascus newspapers said one person was killed and 13 injured yesterday in rioting in the south Syrian village of Alsanamin. The reports said 11 others were hurt in riot Saturday in the nearby town of Dam.

The border closing was ordered after week-end seasons of the national security council under President Nazem Kuda.

You can't beat ABC COAL - but we homogenize it!

Stoker coal, as you may know, is a scientific mixture of assorted sizes blended for smooth stoker operation and clean combustion.

And that's where HOMOGENIZING comes in. By an exclusive process, ABC COALS are mechanically mixed in a way to produce absolute UNIFORMITY in that mound of fuel in your bin. It means more heat for your money, more comfort and cleanliness in your home.

BURN ABC... the coal that is far better PREPARED.

Solons Start Filibuster

Rules Fight

WASHINGTON, Jan. 14 (AP)—Senators start battling today over proposals to put a tighter curb on filibusters.

The fight was over all sides out last week at the opening of the new congress. But all sides agreed on a truce until President Kennedy's return to this state of the union message.

A bipartisan bloc of liberals will offer a new rule that would permit a majority of the 100 senators to end a filibuster 10 days after the vote on the motion for cloture.

Heading a middle-ground group Sen. Clinton P. Anderson, D., N.M., and Thurston B. Morton, R., Ky., will propose a rule that would limit cloture to 75 senators.

Highly organized to resist any change in the present rule requiring a 67-vote majority of senators voting to limit debate are 19 Southern senators under the lead of Sen. Richard B. Russell, D., Ga.

Senators calling for a tighter curb on filibusters are in the lead, but they are being opposed by the passagists of the measure.

# BOARD ACTION TO IMPROVE PIONEER BALL

## Veteran Limit Raised to Six as Directors Close Annual Two-Day Meeting

A move to improve caliber of baseball in the Pioneer league was taken Sunday as the board of directors wrapped up its annual two-day meeting. The directors amended the loop by-laws to raise the number of veterans on each team to six, a jump from four in previous years. The rookie limit will remain at four. There was one stipulation for the addition of two veterans: two of the six must be in their fourth year of professional baseball. The veteran limit was raised for two reasons. Under the new regulations, the number of veterans on the Pioneer league's classification has been raised from class C to class A. Directors felt this in itself would assure league fans of seeing a better brand of ball and having two more veterans would be an extra bonus this year.

## Orioles Get Aparicio From Chisox

CHICAGO, Jan. 14 (AP)—Shortstop Luis Aparicio and outfielder-infielder Fred Haney were traded to the Baltimore Orioles by the Chicago White Sox today. For Aparicio, the Orioles acquired Hoy Wilhelm, outfielder Dave Nicholson and third baseman Pete Ward.

The salary of Aparicio, 29, was chopped from a reported \$43,000 to \$30,000 by the Sox for 1954 and the little Venezuelan veteran had been quoted at his hometown of Havana as being ready to quit baseball than take a cut.

He had been with the Sox since he led the American League in stolen bases every year. Last season his thefts dropped to 31 from a top of 46 in 1952. His batting average dwindled to .241 from a lifetime mark of .268.

Smith, 34, had five seasons with the Sox. He batted .222 in 1953, including 16 homers and 82 runs batted in.

"I've had a magnificent decline to make," president Leo MacPhail of the Orioles said, "but we had to give up the best shortstop in the league and one of the best hitters in the East. We just couldn't pass it up."

"Wilhelm did a magnificent job for us last year. He had two disappointing seasons but if he comes back in his 1950 level, he will be a very nice asset. Haney, 24, was the American league rookie of the year in 1950. He spent most of last season in the army and then missed the last six weeks of the season. He has a swollen right hand, but he hit .173 in 71 games.

"Ward probably was the key man in the deal for the Orioles," MacPhail said. "He hit .328 for Rochester last year and is the best pitcher who should hit at any level."

"He's an excellent prospect and certainly a player who should be considered to have great potential. However, in order to get what we need, we had to give up something we had and I think the deal will help immensely."

Wilhelm, 23, has made more reliable appearances than any other pitcher in major-league history and his earned run average of .247 in 1953 was the best in the 7-10 last season, but had 13 saves.

Nicholson, a .315-100-100 hitter in five years for Chicago, lived up to expectations. However, it is generally believed he will not be as fast as he was last year when he was kept on the roster rather than be farmed out to the White Sox. He hit .280 for the league club, still only .25, he hit only .473 last year.

He was a finalist for second in the International league batting race last season with his .328 average. He batted .280 in 1953, scored 114, stole 17 bases, and had 22 homers, 34 doubles and 6 triples.

Chicago also sold the contract of southpaw pitcher Dean Stone to Rochester, an Oriole farm club.

Baltimore also has picked up pitcher Mike McCormick, catcher Dick Brown and John Orsillo, infielder Bob Johnson and outfielder Al Bell. The deal signals the end of a disappointing 1953 season.

## Frenchman Takes Skiing Competition

WENGEN, Switzerland, Jan. 14 (AP)—French ace Guy Perillat, one of the world's most elegant skiers, captured the Lauberhorn races winning the alpine event Sunday.

Perillat, 21, of La Clusaz in the Northern French Alps, put in the best total time of 128.18 seconds for two runs over two extremely hard, fast and difficult alpine courses above the Oberland ski resort. The Frenchman and his ninth place in Saturday's downhill made him the overall winner of the alpine combination. The track was 712 meters long with a drop of 140 meters.

Perillat topped the combined classification with a downhill and alpine event of 27.73, noting out Austria's world downhill champion Franz Schranz, who won Saturday's race.

Schranz, who held back in Sunday's alpine to avoid French races, thus proved too slow—was second in the combined—standings—with a mark of 25.96, followed by three runners from Austria. Franzmann third, 27.23, Martin Burger fourth, 28.91, and Popel-Slegler fifth, 31.38.

World alpine champion Charles Brown, sixth with 32.95 points, was the only French skier among the first 10, after out-standing skier like Pierre Sicaud, second, and René Baudouin and Violat, fell in the alpine race.

Together, Austria and France had nine men among the first 10 in the combined list. Switzer-land's Georges Gruenfelder, seventh with 32.69, was the only representative of another nation among the leaders.

Ray Carson, of Aspen, Colo., a member of the U.S. Army ski team, finished a career last season tied for missing a gate on the first run.

## Shoes Will Go to Hall of Fame

CANTON, O., Jan. 14 (AP)—The football shoes worn by William H. (Pitt) Down (Red) Prisco, Jr., will be placed in the National Football Hall of Fame. The shoes, which were worn by Prisco during his career with the Canton Bulldogs, were donated to the NFL by the Canton Bulldogs. Prisco, a three-time All-American, was inducted into the Hall of Fame in 1963. The shoes were worn by him during his time with the Canton Bulldogs, a team that was one of the most successful in the NFL during the 1920s and 1930s.

## K of C Meet Termed Success Despite NCAA Boycott, Withdrawal of Teams

BOSTON, Jan. 14 (AP)—The first major showdown in the power struggle for control of track and field in the Northeast and Midwest came "and" and "and" sides could claim at least a partial victory.

The Boston Knights of Columbus put on its meet Saturday night—the first of a series of meets under orders of the National Collegiate athletic association.

Except for the University of Maryland, which sent NCAA-cooperating athletes, the meet was a success. The meet was held at the University of Maryland, which sent NCAA-cooperating athletes, the meet was a success. The meet was held at the University of Maryland, which sent NCAA-cooperating athletes, the meet was a success.

But they are ineligible this semester and run unattached.

"Of course I'm concerned for my coaches and athletes who are in a predicament because of the argument," said meet director Fred McLaughlin. "But we're getting me that we couldn't even let the 11-12 and 13-year-olds run in it."

The Massachusetts Headmasters' association was told by the National High School athletic federation that it had voted to provide the NCAA and that the Massachusetts association was expected to do so. McLaughlin said he explained to an 11-year-old that the meet was a success.

Some of the top athletes were disappointed with the turn of events.

"I don't know much about it," said Yale star Jay Luck who won the Penn 600 in 11 minutes, 11.3 seconds. "But to me it looks like a power play by the AAU."

The NCAA-backed U.S. Track and Field federation has been demanding sanctions against the meet, which is held by the AAU. The K of C, of course, ignored the Federation. So the boycott was not a mystery. Just why Maryland decided to defy the ban still is somewhat of a mystery.

The meet was competing with the complete approval of all the university athletes who were here, a sprinter, and Dick Smith, a middle distance runner, both from Maryland, also completed.

## Celtics Romp by Zephyrs 143-99

BOSTON, Jan. 14 (AP)—Sam Jones got the Boston Celtics off to a flying start and the world champions led by the Chicago Zephyrs while posting a 143-99 National Basketball association victory Sunday.

Jones hit five of eight shots in the first period as Boston jumped to a 36-20 lead.

The half-hour Boston led 70-40 and Coach Red Auerbach let his reserves play out the second half.

Given this lead to help Chicago, which trailed by 81 points, 132-83 late in the fourth period.

TWO-THIRDS of the Nampa team goes along for a free ride as Brain Tim Lavens, center on floor, directs a loose ball Saturday night. Nampa players identifiable are Joe Hauslinder, 80; Jerry Collins, 21; John Morris, 32; Jim Horner, 44. Ron Wilson, left; and Jon Keiser, 51, converge from the outside. The Bruins were 37-35 and now stand even up at two losses and two wins in BFC play. Twin Falls goes to Caldwell and Boise next weekend. (Times-News photo)

## Player Sinks 18-Footer to Cop \$25,000 San Diego Open Tourney

SAN DIEGO, Calif., Jan. 14 (AP)—Gary Player of South Africa held a spectacular 18-foot shot on the 18th green Sunday and captured the \$25,000 San Diego Open golf tournament. The money shot gave the American PGA champion a par 3 off the hole, a 1-under-par 70, a 72-hole score of 270 and victory by one stroke. The 28-year-old South African, facing a possible sudden-death playoff, leaped high and threw his 18-foot gallery roared its approval.

Earlier, Tony Lemm had virtually streaked in with a 67 for 27 and he was tied to a radio broadcast to the account of the final threesome—Player, Bill Casper, Jr., and Hawley.

Player disappeared from the press room where he was listening almost before the long putt from the edge of the green disappeared into the hole.

The setting was the par 3-56, 113-yard Country Club, the weather was bright and crisp and the gallery estimated at 10,000 turned out for the final round.

It had been an exciting head-to-head battle between Player and Casper, with Charlie Biffard at stages threatening to move up.

Player led the way into the round one stroke in front of Casper and Miller Barber, a relative unknown from Rye, N.Y.

But Casper's chances ended when he took a bogey 5 on the 18th hole, which put him two shots behind Player.

Player and Casper, the latter a hometown product and the 1952 U.S. Open champion, almost went stroke-for-stroke in their struggle.

## Italian Soccer Fans Stage Riot

NORMAN, Okla., Jan. 14 (AP)—Bobby Drake Keith, assistant football coach at Alabama, was hired Sunday as an assistant under Coach Bud Wilkinson at Oklahoma.

Keith, 34, was hired after being a visiting team in the stadium dressing room for more than two hours Sunday.

The incidents, after visiting Verona beat local Colo 4-0 in a "B" league game were similar to riots that disturbed a half dozen Italian soccer matches a week ago.

Come fans protested a free kick given Verona. That kick resulted in the game's only goal.

Police suggested that the Verona players and referee remain in the dressing room angry fans milled about the stadium.

## Taylor Said Victim of Hepatitis

BURBANK, Calif., Jan. 14 (AP)—Pro football star Jim Taylor of the National Football League's champion Green Bay Packers has hepatitis, his doctor said today.

The physician said Taylor, 24, was admitted to St. Joseph's hospital Friday night, has been treated and is being home on the route.

Taylor was scheduled to be drafted by the West team in the Pro Bowl in nearby Los Angeles. He was in the hospital earlier in the week with a stomach upset.

He was voted Associated Press NFL player of the year.

## Contracts Mailed

LOS ANGELES, Jan. 14 (AP)—Baseball contracts for 1954 are in the mail to 41 Los Angeles Angels players and general manager Fred Haney says. He doesn't indicate any serious difficulties in getting them signed.

The club, only two years of age, has a roster in the American league last season.

# EAST IS NFL WINNER, WEST TAKES AFL

## Wild Last Period Brings East 30-20 Score in Pro Bowl

LOS ANGELES, Jan. 14 (AP)—The long-overdue East-West conference football game was a wild fourth period in the 19th annual Pro Bowl All-Star game of the National Football League. The victory, watched by 61,474 in the sun-drenched but chilly Memorial Coliseum, snapped a three-game losing streak for the East and gave the men of New York's Alie Sherman a measure of respectability again in the series that began in 1951.

The Western conference stars still lead 8-6 after having won 5 of the last 6 games until Sunday. Ten points in a 10-second span actually made the difference for the Easterners. They had appeared ready to run the West off the field when a brutal ground game, triggered by Cleveland, took them to a 10-lead in the fourth quarter.

A couple of hours later they were behind 20-13 and struggling to get some kind of momentum. The West's Alie Sherman, who was named MVP, kicked a 27-yard field goal to run the West off the field when a brutal ground game, triggered by Cleveland, took them to a 10-lead in the fourth quarter.

Lightning struck within four minutes left the game in a fumble. Recovery by Johnny Unitas was followed by the East's 14-point lead. The West's Alie Sherman, who was named MVP, kicked a 27-yard field goal to run the West off the field when a brutal ground game, triggered by Cleveland, took them to a 10-lead in the fourth quarter.

On the kickoff Alie Sherman of San Francisco kicked a 27-yard field goal to run the West off the field when a brutal ground game, triggered by Cleveland, took them to a 10-lead in the fourth quarter.

By the return of free substitution to college football, an idea kicked around verbally Sunday after it was voted back into the rules book, the NFL is expected to return from "very wise—very sound" to a "tremendous step backward."

Among the strong dissenters was Auburn's Ralph Jordan, a limited substitute in the game. "I'm most disappointed in the action. I haven't read the rule book in 10 years," he said.

The rule, as adopted by the rules committee of the National Collegiate Athletic Association at a meeting in Coronado, Calif., Saturday, calls for a "free substitution" rule. However, under the new rule substitution will be permitted by either team at any time the clock stops and on fourth down in a series except the fourth down and when the ball changes hands.

Some of the coaches hailing the new rule, which returns "free substitution" to the game for the first time in 10 years, said it did not go far enough, but many were most thankful for the book-keeping work that will be saved.

BROWN SHOWS WHY he was picked as player-of-the-game in the National Football League's Pro Bowl battle in Los Angeles as he breaks out for the East at left and heads for a 50-yard touchdown run for the East all-stars in the first period. Brown.

## Buhl Meets Oakley; Filer and Mimico Clash in Tuesday Action

Buhl takes on Oakley and Mimico travels to Filer to head up the basketball action Tuesday night in Magic Valley. Castelford plays host to Rockland and Raft-River travels to Declo while Richfield will be at Dietrich and Murtaugh journeys to Hansen. Bellevue will test Gooding State to round out the action. Oakley, which had a split weekend, losing to Mimico and whipping Filer, will meet the Indians, who

lost to Raft-River, in a game that should be a close one. The Indians, who have won three of their last four games, will be looking to get back on a winning streak.

The winning Castelford Wolves will test a new foe, Rockland, and they will be adding flames to another hot rivalry when the Hansen Hawks travel to Raft-River on Tuesday night. Hansen, which has won three of its last four games, will be looking to get back on a winning streak.

Dietrich, after winning a squeaker from Bellevue (82-81), will play host to Richfield. Richfield got in the way of the Camas County Mustangs. Friday night went down 67-58.

Bellevue, which has won three of its last four games, will be looking to get back on a winning streak. The game will be a close one, with both teams having a chance to win.

Some of the coaches hailing the new rule, which returns "free substitution" to the game for the first time in 10 years, said it did not go far enough, but many were most thankful for the book-keeping work that will be saved.

"I think it's a real good rule," said Phil's John Michigien. "I always try to get on the track of the rule changes. Now I can concentrate on the game."

Army's Paul Dietz, founder of the new rule, said he was very surprised it was changed. "I always thought it was a good rule," he said.

HANOVER, N.H., Jan. 14 (AP)—Clutch hot shooting by Mike Buckley and Steve Spain carried Dartmouth to a 71-60 victory over Cornell Sunday in an overtime basketball thriller.

## Tripucka Passes Western All-Stars To 21-14 Victory

SAN DIEGO, Calif., Jan. 14 (AP)—Frank Tripucka, Donor's volunteer quarterback, scored and led the West to the winning touchdown in a 21-14 victory over the East in the second annual American Football All-Star game Sunday. The East, battling from behind, scored twice in the third period to tie the score at 14-14.

Then Tripucka took over for Dawson, of Dallas, the AFL's Most Valuable Player, and outlasted the West stars to their second straight triumph. The former Notre Dame star connected on two big passes, including the decisive one to teammate Lione Taylor in the 20-yard touchdown pass from Tripucka to Taylor. Two days later, Tripucka again connected with Taylor in the league's top receiver, for 20 yards and a touchdown.

A crowd of 27,641 in sun-sept Balboa stadium and a National television audience saw the three-point favored Westerners, coached by coach Hank Stram of the champion Dallas Cowboys, down the team coached by Frank Pop Taylor of the Houston Oilers, for 20 yards and a touchdown.

The NYRA operates Aqueduct, Belmont Park, and Saratoga. The proper racing association held its first meeting last year. Finger Lakes will run through Sept. 21, with no racing on Monday through Saturday.

WILLIAMSON SIGNS—BOSTON, Jan. 14 (AP)—End Dick Williamson of Alabama was named Sunday to a wide football contract by the Boston Patriots of the American Football League.

"I think he's interested in me. Either that or he's real gone about 'Elmer Elf in the Turnip patch!'"

"But you're wrong, Dad! Charlie knows what to do with a dollar. His problem is finding a dollar to do it with!"

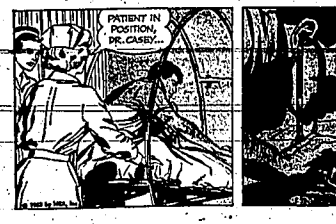

"It's a cold-war! We each have such a stockpile of snowballs, we're afraid to start anything!"

"WHEN A GUY PASSES OUT A TIP ON A HORSE AN IT ENDS UP IN A BIG WINNER, IT'S CUSTOM TO GIVE THE HORSE A LITTLE WINNING TICKET FOR HIMSELF... LIKE, FRINGING THE OTHER NIGHT I READ OF A GUY WHO AD TO YOU AND THE BEST DOG, AN YOU TRIED HIM DOWN AN SWAGGED HIM-REWARD... HOW- HOW- HOW- HOW FOR THE TIP?"

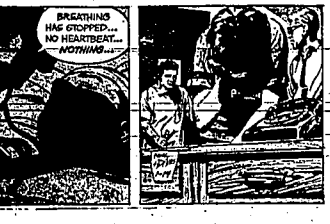

"DON'T FILL THAT ON ME- THERE'S ONLY ONE BRASSY AND HIS? BECAUSE YOU TRY TO WIDEN IT?"

"PATIENT IN POSITION, DR. CASEY... BREATHING HAS STOPPED... NO HEARTBEAT... NOTHING..."

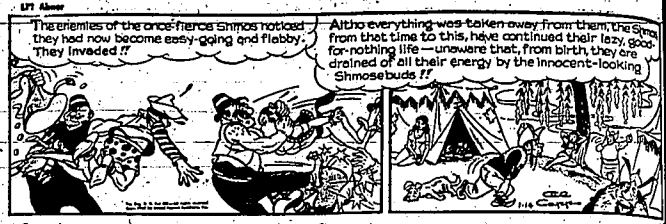

"EITHER I'M GETTIN' SOFT OR YER PLANNIN' BETTER QUARTER!"

"HOW AS BUSINESS THESE DAYS, DOC? IT WAS BETTER."

"HOWEVER, I'VE NO COMPLAINTS!"

"The enemies of the once-fierce Shmos noticed they had now become easy-going and flabby. Altho everything was taken away from them, the Shmos from that time to this, have continued their lazy good-for-nothing life... Unwary that, from birth, they are drained of all their energy by the innocent-looking Shmosbuds?!"

"GOOD! SINCE SEDGA LEFT TVE I'M SO CLOSE TOGETHER I WELCOME THIS RELIEF!"

"IF HE HAD TO HAVE A PROBLEM, WHY COULDN'T IT HAVE BEEN A QUESTION OF HIS?"

"SO YOU'VE DECIDED TO COME BACK TO JOIN US AFTER ALL? WHERE ARE WE GOING TO GO? I'M GLAD YOU WOULD BE GLAD TO BRING GEORGE I SPOKE ANYTHING!"

"IT TOOK YOU FOUR MONTHS TO GET TO THE WALK, POP?"

"I DID IT THE EASY WAY!"

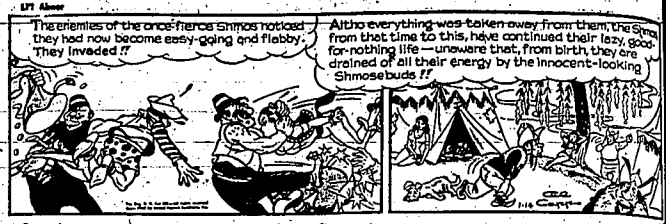

"ANYWAY, THIS WOULD BE THE SAME ONE THAT LOSE!"

"OKAY NEXT TIME MY WAY... SURE!"

"WITH A FIVE-IRON!"

"THAT NAME B. Fuddle had a familiar ring, Shezka. So I picked up the encyclopedia and there he was!"

"FUDDLE, BENJAMIN L. AMERICAN ANTHROPOLOGIST. BORN 1890. FATHER: FREDERICK FUDDLE. MOTHER: MARY FUDDLE. EDUCATION: HARVARD UNIVERSITY. OCCUPATION: AUTHOR OF 'HUMAN BEINGS' AND 'THE HISTORY OF THE HUMAN RACE'."

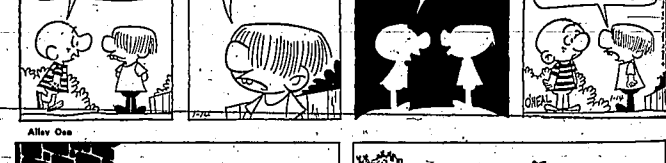

"Wait, still I tell Frances! He thinks Fuddle is a famous embezzler!"

"THANK YOU!"

"IT WILL BE A PLEASURE TO DEAL WITH THIS NOBY STRANGER, OH, A PLEASURE!"

"LET'S GO!"

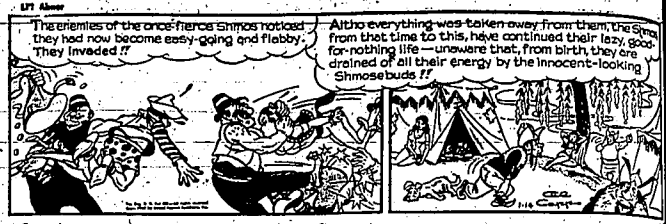

"SLOWLY, SRI- WE WILL RESIST EVERYTHING..."

"WHERE HAVE YOU BEEN?"

"I JUST FINISHED MY FIRST VISIT WITH AN ORTHODONTIST."

"WHAT'D HE SAY?"

"OH, GOODIE- NOW I CAN SEND MY DAUGHTER TO COLLEGE!"

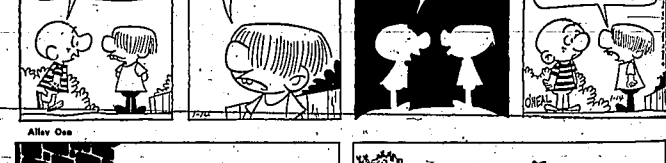

"I'M HAVING FAILED TO SHOW THE MEN OF SILENCE THE MEN OF SILENCE... THEIR PRINCESS DREAMS... THE PROSPECTIVE GUY... AND MURCH THE INTERIOR YOUNG LADY ATTACK THE 'DRAGON'..."

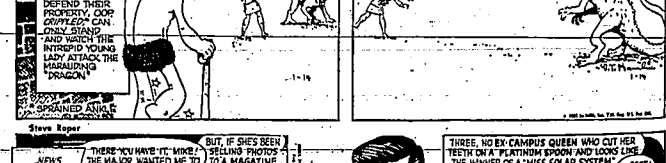

"BUT, IF SHE'S BEEN PUTTING PHOTOS OF HERSELF IN THE MIRROR... PUT THE SPANDED ANGLE..."

"THERE'S YOU HAVE IT, MORE... BUT, IF SHE'S BEEN PUTTING PHOTOS OF HERSELF IN THE MIRROR... PUT THE SPANDED ANGLE..."

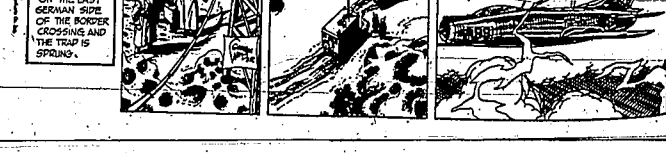

"THREE, NO EX-CAMP QUEEN WHO CUT HER TEETH ON A PLATINUM SPOON AND LOOS LIE THE WHEELS OF A MISS SOLAR SYSTEM... STAY!"

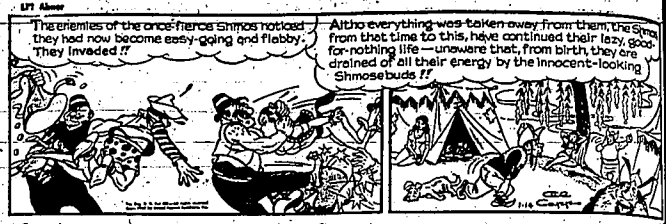

"ONE 'HILARY'S' MOTHER'S CHINTY LITTLE GIVEAWAY... TWO, GERALDINE CREST'S PAPA OWNS A DEPARTMENT STORE WHICH IS THEIR BIGGEST ADVERTISER..."

"A TELEPHONED COMMISSION FROM FRANK GRAF THAT HER SON HAS APPOINTED TO BE ON THE EAST GERMAN SIDE OF THE BORDER CROSSING AND THE TRAP IS SPRUNG..."

"SOMEBODY CUT THE POWER LINE SUPPLYING THE RADIO BEACON..."

"WHILE 'SQUAWKING', A FEW MILES AWAY, REAP MOBILE UNIT BEGINS BROODCASTING ITS FALSE NAVIGATION SIGNAL..."

"AND RIDING THAT SIGNAL IN THE OVERCAST, FRANK GRAF'S HUSBAND CROSSES THE BORDER INTO WEST GERMANY!"
