Soil temperatures will be slightly higher during the next 48 hours than the previous day, with readings in the mid 40s.

In Magic Valley some cherries are coming into bloom, with peaches still a week to 10 days away from blooming. Severe winter damage was expected in the moving southward. ## State Health Aides Assist Buhl Election

April 11—Harlan Forno, health engineer, and Keith Forno, chief of the health education section, both from the Idaho health department, Boise, met with the Buhl city council and representatives from various Buhl organizations Tuesday night to discuss the sewer and water bond elections set for April 23.

It was pointed out the total cost of sewage of the city of Buhl and the Pel Mill company is 60,000 gallons per day. This sewage is discharged into a tributary of Mud creek at a point one-half mile north of Buhl, and untreated sewage has created a high degree of contamination, and is a health hazard to the community.

It was reported the state health department has established June 30 as the deadline for the city of Buhl to start construction of the sewage treatment project. This action was brought about because a severe pollution problem in the Snake river and other polluted streams.

It was noted Buhl is only one of several cities given a deadline for establishing a sewage treatment system. It was pointed out, and Ashton already have passed bond elections for sewage treatment projects.

If Buhl residents fail to pass the sewage bond election April 23, the state health department will sue the city to come into the city, construct the plant and assess the taxpayers of the city. The bond would cost the taxpayers considerable more money. The proposed bond issue will only cost the taxpayers approximately 70 cents per \$100 of assessed valuation, additional tax per year.

City officials pointed out the city is faced with waste and sewage disposal problems. There are the Pel Mill company, Carter, Mont. Packing company and Green Giant company. However, these companies are presently out of city limits.

In a previous agreement the Carter and Green Giant companies agreed to provide private treatment of their wastes, except the area Giant company would combine its human or domestic wastes in with that of the city. Officials noted the Pel Mill company will cooperate with the city in the treatment of its waste and will pay its share of the cost of the sewage treatment plant, which amounts to \$25,000, and the Green Giant company will pay its share of \$20,000. These figures are already included and are part of the \$174,000 bond issue. In view of these facts it was stated that the net cost to residents in the city amounts to \$140,438.

City officials called the group's

## News Around Idaho

**BOISE, April 11 (U-P)**—Thirty of the 50 drivers involved in the 36 fatal traffic accidents in Idaho in the first three months of the year were violating a law at the time of the smashup, the state traffic safety division said today. Sixteen of the 30 drivers were among those killed. "But what about the other 16?" the division asked. "They're the ones who went through stop signs, drove left of center, failed to yield the right of way, turned left into other vehicles..." At least some of the errors drivers were cited for. "The violations," the division said, "are available for review. The lack of the statistical information and the lack of use of the information that is available" are handicaps to proper law enforcement.

**BOISE, April 11 (U-P)**—The Idaho state tax commission ruled today that property tax assessment exemptions provided for in two bills passed by the 1953 legislature will not become effective until the 1964 year. The commission ruling covers provisions in the forest measure which exempts from the property tax merchandise produced or processed in Idaho for sale outside the state, and the bill exempting equipment used in elimination of air and water pollution.

**BOISE, April 11 (U-P)**—Gov. Robert E. Smylie announces reappointment of Herman W. Hertzberg, to the public livestock market board for a five year term. Wals has been a member of the board since its creation by the 1951 legislature.

The report shows March receipts of \$1,728,283.93 bringing the total for the nine-month period to \$17,687,201.25. Receipts are down slightly in March from \$1,800,000 in the same month of the last year. Receipts in the last two years in income tax revenues and \$141,600.21 in beer tax revenues. Motor fuel tax receipts total \$11,040,553.29, up \$305,054.24 over the first nine months of the 1961-62 fiscal year.

**BOISE, April 11 (U-P)**—Idaho's biggest sealing season is in prospect this year, says Louise Shaddock, secretary of the Idaho sealers' association. "Key sources and data from the U.S. bureau of reclamation," Miss Shaddock said, "indicate an estimated 10 to 15 percent increase in blue lake in Idaho's 12 major sealers' areas in the last two years. An impressive increase in car carrying boats is reported from highway ports of entry. Eight leading oil companies report steadily advancing sales and profits in marine fuel oil and other seal service items." Miss Shaddock said that more than \$4,000 powered boats now are registered in Idaho.

**POCATELLO, April 11 (U-P)**—Negotiations for the Hod Carriers and Laborers union and the Southeast Idaho Carriers association met today in hopes of settling a six-day strike which has tied up several major construction jobs in Pocatello. Union members struck last Thursday over a contract dispute. The association's work of failure to come to terms on a new contract. The sides have been negotiating since Oct. 25, 1962, and the contract expired Dec. 31. The union has been unable to get the association to agree to a new contract. A spokesman for the union said talks are hinging on health and welfare fringe benefits and a three-year contract. The union formerly has been under a one-year contract. The striking laborers are seeking an increase of 25 cents an hour over the last year and fringe benefits, and the Hod Carriers are asking 37 1/2 cents over the same period. Laborers currently earn \$2.92 per hour and hod carriers \$3.20.

The board had asked the teachers to indicate the bare minimum they would accept in salary increases. Slightly more than 100 teachers voted in favor of the schedule. The Pocatello Education association scheduled to the board. The endorsed schedule would call for an annual salary of \$4,500 for beginning teachers with a bachelor's degree and a salary of \$6,000 for a teacher with a bachelor's degree and one year of teaching. The current range here for the teacher with a bachelor's degree is \$4,500 to \$5,350.

**BOISE, April 11 (U-P)**—The Idaho State Medical association says it favors the King-Anderson bill for medical care for the aged. Dr. Manley B. Shaw, Boise, association president, asserted in a statement that the bill would provide for medical care for the aged who would cost Idaho taxpayers an additional \$2 million dollars in the first year and that this figure would increase as the number of eligible beneficiaries increased. Dr. Shaw said a wage-earner making \$2,000 or more a year would pay \$27.50 in additional taxes if the King-Anderson bill is enacted.

**KUNA, April 11 (U-P)**—Dorrell Ewert, president of the Kuna Education association, said today the group is withdrawing from the Idaho Education association in protest to referendum methods used by the state organization. "We are only trying to get the state to institute a referendum plan which would place responsibility where it belongs," the Kuna group said in a statement. The minimum temperature in Fruitland was 27 degrees below zero. Harvey predicted a low temperature of 28 degrees for tonight and advised fruitgrowers to operate orchard heaters to protect soft-fruit and delicious apples.

## THIS IS WRECKAGE OF A C-123 Carcassman transport plane that crashed and burned at Travis air force base Wednesday.

## Nine Die in Wreckage of Cargo Plane

**TRAVIS AIR FORCE BASE, Calif., April 11 (U-P)**—An Air Force C-123 turboprop cargo plane crashed into a marsh and all nine crewmen were killed in the U.S. air force said today. The plane crashed into a marsh just outside Travis air force base and burned for about an hour. The soggy marsh made fire-fighting and rescue attempts difficult, the air force said. The names of the victims were withheld.

The plane, on a routine local training flight without cargo, crashed about 3,000 feet short of a grass runway near a base trash dump.

Officers said there was no indication what caused the crash. The pilot, they said, apparently did not warn the control tower that he was in trouble.

**MISSOULA, Mont., April 11 (U-P)**—Elden Lynn, 59, charged with manslaughter because of a fatal passenger train wreck, waived preliminary hearing in justice court yesterday.

His case was assigned immediately to district court for trial.

By waiving the hearing, the state does not have to show evidence in justice court to warrant the case going to district court. Lynn was engineer of a Northern Pacific Railway train that plunged off Evaro Hill west of Missoula last June 10. One child was killed. Lynn later was fired by the NP.

Investigation reports said Lynn had been drinking and exceeded the 100-mile-per-hour speed limit for the mountain grade. He did not enter a plea in justice court.

**WASHINGTON, April 11 (U-P)**—Justice department said today it has indicted a baker's worker in an embezzlement scandal, was charged with conspiracy charges that could send him to prison for 20 years.

Half a dozen lesser former aides of Cross in the Bakery and Confectionery Workers' union, were charged with conspiracy charges. The charges were filed in court outed from the AFL-CIO in 1957 on corruption charges.

Cross had been charged with embezzlement and conspiracy. Some have pleaded guilty. Others await trial.

## Switch

**By The Associated Press**  
The Jones girls—Blond, blue-eyed-identical-twins—attend classes hundreds of miles apart. They decided to switch schools for two days this week.

"We fooled all of the important people—the administrators and the professors," said Lella Jones, 20, a sophomore at Wells college in Aurora, N.Y., adding:

"We fooled some of the students, too, but the word got around."

Her twin, Jean, is a sophomore at Wheaton college in Norton, Mass.

## Ketchum Has Address by Blaine Solon

**KETCHUM, April 11 (U-P)**—The Ketchum-Sun Valley Chamber of Commerce met in the Eastwood club's Swiss room Wednesday noon to hear Hal Wellington, Blaine county senator-elect.

Wellington told of the 25th legislature's activities, including the \$50,000 appropriation for a legislative intern to come to Ketchum to investigate and obtain information on different subjects, to save time during the actual sessions.

The senator defended the long session, claiming it was the first time in years that the legislature had time to consider all the bills brought before it.

"It is the first time the state was wiped clean," he stated.

Wellington was chairman of the fish and game committee and said the first part of the program which his constituents had wanted was passed. He also told how the new election law was passed and said there would now be no more "call for" ballot, no runoff elections and the primaries will be in August as they used to be instead of in June.

He said in the recent legislature the method of apportioning the seats for the senate was all wrong. He himself favors the tax, but said the recent bill had no way to tie the balance down. It would have led to run-away spending because there was no limit.

He indicated he would like to revoke every existing tax in the state and start fresh with the sales tax. Then from there he would add necessary taxes to lift the tax on cigarettes and liquor to prevent bootlegging.

On past-mutual betting, he said the legislature decided any bill that had so much support should have a chance to go to the courts to be settled. He instituted a raising of the levy allowed on cemetery lots. Now the two-mill levy will mean that frequent elections don't eat up most of the money raised.

The Chamber of Commerce made further plans for the Blaine festival and decided to have a barbecued lamb meal. Blaine members will conduct open air services in May. They also scheduled plans for a horse show and a rodeo.

Blaine breeders' association, but no date has been set.

The members will meet Thursday night to color 12 dozen Easter eggs and prepare sacks of candy. The Easter bunny is planning to ride Ketchum streets this weekend and will lead the children to the place where eggs and candy are hidden.

Wednesday night a meeting was held to plan the August wagon parade.

## Neat

**THERMAL, Calif., April 11 (U-P)**—Shirley and Robert Gray have been grounded at the local high school.

Principal Wallace Coons decreed skirts will be below the knee and shirts will be tucked in.

**WASHINGTON, April 11 (U-P)**—Gen. Lucius D. Clay testified yesterday that U.S. foreign aid has been overextended in about one-quarter of the countries on this nation's aid list.

Clay, who headed a presidential advisory committee which recommended tightening up the foreign aid program, got a generally friendly reception from the house foreign affairs committee.

But Chairman Thomas B. Morgan, D. Pa., told newsmen later that Clay framed his words carefully throughout the session. For instance, he made clear that he was not saying that the aid program was overextended, but that it was necessary to keep the U.S. foot in the door, or "maintain a presence," as Clay put it, but not enough to put the recipient country on its feet economically.

**WENDELL, April 11 (U-P)**—Wendell Grange members planned to sponsor a fair book in the Gooding county fair to be held in August when they met Tuesday evening. Mrs. Richard Jasper will be chairman of the fair project this year and assistants will be named later.

Pro fair officers including Kirk Hays, overseer; C. T. Crow, assistant steward; Mrs. Lyle Lowry and Mrs. Ben Gulliford, the Grange.

An article was read by Ben Gulliford, agricultural chairman.

Action was taken to assist Gooding county Pomona Grange with its project of landscaping at Niagara Springs recreation area. The landscaping is the community service project of Pomona Grange.

Mrs. Gulliford was appointed as reporter for the Pomona Grange meeting. Articles were read by the program by Mrs. Gulliford, Mrs. Lower and Mrs. J. J. Stickie.

Refreshments were served by Mrs. George Hudson and Adolph Kudach.

In a special meeting the school board voted to provide \$50,000 for increased wages during the next term. It previously had set aside \$25,000 for the purpose. The additional money was found in a reserve fund.

For teachers with bachelor's degrees the new schedule will range from \$4,100 a year for a beginning teacher to a top level of \$6,000. The old scale ranged from \$3,950 to \$6,000.

# TELEVISION SCHEDULES

THURSDAY, APRIL 11

"Wide Country," (6:30 p.m. NBC) - Communists try to stir up trouble in a little Mexican village where Mitch and Andy are to ride in a charity rodeo.

"Rawhide," (7 p.m. CBS) - Burgess Meredith is guest-star in a re-run, "Incident of the Little Fishes," as a scientist who wants to stock California's rivers with fish.

"Dr. Kildare," (7:30 p.m. NBC) - Betty Bergen has a dual role as twin sisters - Cathy Brandon and Mrs. Janice Graham - in "The Dark Side of the Mirror." Janice has to have a kidney transplant, but Cathy really couldn't care less.

"Bell Telephone Hour," (Color special, 8 p.m. NBC) - Harry Belafonte and his Belafonte Singers are featured tonight. Besides folk songs, other guests (in order) include: Patricia Williams, Patricia McBride, Edward Villella and Andres Segovia with present operatic arias, guitar music and ballet.

"Alcoa Premier," (9 p.m. ABC) - A Bronx delicatessen owner is continually harassed about his comical brother, currently playing in Las Vegas. When he wins \$1,000, he heads for Vegas to see what his brother really is like.

BEST THURSDAY NIGHT MOVIES

"Bernadine" (Color, 1951) Pat Boone, Terry Moore and Janet Gaynor (8 p.m. Channel 11) - A mythical girl named Bernadine (who lives in a mythical town of Snake Falls, Idaho) causes a lot of trouble for a bunch of high school boys. Entertaining musical-comedy. This was Pat's first movie.

"Sadie McKee," (1934) Joan Crawford, Franchot Tone, Gene Nelson and Edward Arnold (11:05 p.m. Channel 4) - Arnold wins the acting honors in this illogical-but-entertaining story of a woman who risks to wealth through marriage.

## Minuteman Hits Target, Polaris Fails

CAPE CANAVERAL, Fla. April 10.—A Minuteman missile struck a target area 5,000 miles downrange last night, several hours after a Polaris missile failed on its first shipboard launching.

The advanced Polaris appeared to head inland as it blasted out of the tube in the dock of the USS Observation Island and the range safety officer exploded a radio to a grille beam carrier in the weapon.

The surface ship launched the missile about 15 miles off the Florida coast. Flaming fragments of the shattered rocket plummeted harmlessly into the sea.

The intercontinental-range Minuteman shot out of an underground launching pit on Cape Canaveral and propelled its nose cone into the South Atlantic near Ascension Island. The air force announced success of the flight.

## Wheat Plans Outlined at Albion Meet

ALBION, April 11—Glen Jensen, manager of the county AGC office in Burley, explained the 1964 wheat program to members of the Albion Grange and some farmers who are not members before the Grange meeting Tuesday evening in the Grange hall.

As Jensen conducted the meeting, informally, questions were asked and discussed. He also explained the program that would be in effect should the referendum be voted down.

Keth Amundsen, president of the Idaho Wheat Growers association, told of some of the problems encountered from the time the wheat leaves the farm until it reaches the consumer. He said he had learned a great deal since joining the association. He said there is a great deal involved than just taking the wheat to the local elevator.

During the Grange meeting, the major concern was the rules for the Grange sewing society. It was decided to hold a card party Friday with the proceeds to go to the Grange building fund.

Members who attended the Centennial planning meeting in Burley reported on that session. The members wanted to see out information about Albion's colorful past and give it to the chairman. The executive committee was asked to hold a sale of the old fashioned organ. Refreshments were served by Mrs. Margaret Toome and Mrs. Bill Anderson.

## House Votes End to Silver Certificates

WASHINGTON, April 11 (U.S. News)—The House passed legislation today which would remove silver backing from the dollar bill and thereby free 1.3 billion ounces of silver to be made into coins.

The 41 bills now are all silver certificates, backed by gold and legislation passed by a 2-1 majority would change them to reserve notes.

Reserve notes, backed by gold and government obligations, is the form used for all currency above 10 denominations.

The price of silver has zoomed upward in recent years and proponents said the measure was necessary to protect silver from disappearing into speculators' melting pots.

Opponents included some Republicans, who said the legislation is a move that would permit selling 3 billion dollars of the nation's stock to glass over deficit spending, and silver state representatives who complained the measure was being rushed through congress without adequate consideration.

The measure was passed 251-122 and now goes to the senate.

## Forestry Agency Launches Idaho "Big Tree" Contest

The state forestry department is launching a drive and contest to locate Idaho's "big tree" local area.

State Forester Roger L. Gurnsey notes the project will be sponsored by the forestry department and the Idaho State Federation of Women's clubs.

Plans for the contest were announced by Gurnsey during the annual convention of the Idaho State Federation of Garden clubs at Lewiston.

Object of the contest, to last until Dec. 1, will be to locate the biggest tree in each of Idaho's 40 native species.

Announcements of leading entries will be made from time to time. Anyone finding a tree larger than those announced should take a circumference measurement four and one-half feet above the ground and report it to the state forester.

If new champions are indicated, the forestry department will request that the finder verify the species and measurement by a professional forester. Measurement of trees growing on side hills will be made at average ground level.

The biggest trees will be recorded and named after the finder.

Three large trees already have been named. They are the Jordan tree, a large cedar on the north fork of the Clearwater river; the Curtis tree, a large white pine also on the Clearwater's north fork, and the Dean and Ralph tree, a champion alpine fir near Sandpoint.

But there may be larger ones. In case two persons report the same tree, the report with the earliest postmark will be used.

Contest rules provide that all Idaho citizens are eligible, with the exception of professional foresters or employees of any forestry agency and their families. Information on Idaho trees can be found in a booklet, "Native Trees of Idaho," which was published in 1961 by the University of Idaho agricultural extension service.

A limited supply of the booklet is available at state forestry offices and at offices of county agents. Thousands of copies have been sent to schools, interested groups and to persons throughout the state.

Gurnsey notes that searching for "big trees" should be great fun for everyone and especially for youth groups of all kinds.

Other objectives of the contest are to encourage use of the forest areas and to teach identification of native tree species.

Champion trees will be selected in each of Idaho's 41 native species. They are western white pine, ponderosa pine (also known as yellow pine, bull pine and blackjack pine), lodgepole pine, lumber pine, whitebark pine, singleleaf piñon (nut pine and piñon pine), western larch (tamarack), subalpine fir, Douglas fir, Engelmann spruce, blue spruce, grand fir, cottonwood, subalpine fir, Pacific yew, western hemlock, mountain hemlock, western red cedar, common juniper, thick leaved Mountain juniper, peachleaf willow, Pacific willow, paper birch, white birch, dog birch, chinquapin, Sitka alder, red alder, white alder, black cottonwood, lanceleaf cottonwood, quaking aspen, balsam poplar, Rocky Mountain maple, big tooth maple, boxelder, nuttall hickory and mountain mahogany.

Descriptions to identify the species are in the booklet, "Native Trees of Idaho," which was published in 1961 by the University of Idaho agricultural extension service.

## Ike Raps Soft Living Enjoyed By Children

INDIO, Calif., April 11—Former President Dwight D. Eisenhower, recalling the days when he and his children lived in the White House, said today that he and his children "enjoyed soft living."

"Today's leaders and their children live in a much more comfortable and easier life than we did," he said. "I think that's a good thing, but I think it's a pity that they don't know what it's like to live in a hard life."

Speaking at a recent meeting of the Boy Scouts of America, Eisenhower called for a "renewal of leadership" and said the Boy Scouts "are the greatest promise of our time."

## Itch in Lungs Of Smokers Is Explained

LA JOLLA, Calif., April 11 (U.S.)—Smokers with chronic bronchitis often feel they have an "itch" in their lungs, and the only way to scratch it is with another cigarette.

"This 'scratching' isn't the answer and they should stop smoking," a Swedish physician said yesterday in describing a 10-day clinic course designed to help smokers break their habit.

In the last seven years, 6,000 Swedes have attended the clinic, and 88 per cent initially were weaned away from tobacco entirely, said Dr. Borje Eljup of the Karolinska Institute in Stockholm. Additionally, 11 per cent managed to turn to "pleasant smoking" of only a few cigarettes daily, or vastly reduced smoking, he said.

But within a year, 50 per cent were found to be backsliding. So now the treatment includes periodic visits to the clinic to maintain smoke-free living, Dr. Eljup said.

The smoking withdrawal clinics were started to help smokers who develop health symptoms such as chronic cough, heart symptoms, nervousness, mouth and stomach problems, or who are just not feeling well, Dr. Eljup told science writers at an American Cancer society seminar.

The Jaycees are acting as "bandits" to enforce the centennial rules. Brady reported plans are designed to attract the tourists to stop in Jerome.

A letter was read from the Ketchikan Chamber of Commerce inviting the Jerome group to attend their ladies luncheon to be held April 27.

Ralph Peters reported there are three openings in the PTA free discussion group of "Freedom vs. communism." C. E. Harder will be the moderator.

Two or three weeks have been added to former eight-week summer courses at the two schools, he said.

The three-year terms of Mrs. R. G. Neher and Howard J. Hild will expire. Holdover members are Mike Urrutia, Elden Guthrie and R. R. Werry.

Election judges will be Mrs. Wayne Sorensen and Mrs. Frances Burkett. Mrs. Ella Vredenburg will be clerk.

Petitions may be obtained from the clerk at the city hall, and they require not less than five and not more than 10 signatures of voters. The petitions must be given to the clerk six days prior to the election.

There was discussion regarding hiring of new teachers. Contracts are being offered to fill some vacancies this week.

A public hearing was held on the school budget for the coming year. About a dozen patrons of the district attended the hearing. Since there was no opposition, the budget was adopted.

The Shoshone school district's apportionment of state and county funds under the new distribution formula approved by the legislature is \$96,207.22, an increase of \$9,000 over the last apportionment.

The new pay schedule raised salaries of degree teachers by \$225 per year and, non-degree teachers by \$75 per year.

## New Power Lines Slated For Utilities

BYTTE, Mont., April 11 (U.S.)—More than 50 miles of high-capacity power lines will be built by Montana Power and for other utility firms by 1965, the Montana utility announced today.

The project, affecting a wide area of the northwest, will cost an estimated 21 million dollars.

J. E. Corlette, president and general manager of Montana Power, said the program will provide ample capacity for the exchange of large blocks of power to meet growing loads in the region.

Joining Montana Power in the project are Idaho Power, Utah Power and Light, Washington Power and Pacific Power and Light. All are investor-owned utilities.

Main lines to be constructed is 473 miles from Noxon, Mont., to American Falls, Idaho, via Hot Springs and Anaconda, Mont. A 100-mile line will be built from Kemmerer, Wyo., to Treadwell, Idaho. The lines will have a 230,000-volt capacity.

In addition to strengthening interconnections already existing in the five-company region, Corlette said the new lines will bolster existing ties with other areas.

## House Approves Public Works Cash, Adjourns

WASHINGTON, April 11—The house passed up today by a 10-day vacation stop President Kennedy's budget. The budget was passed by a 450 million dollar public works appropriation.

The 228-164 vote Wednesday approving the President's plan for more money to make jobs a hurry probably was Kennedy's biggest congressional triumph of the year.

It could be a shallow one, however, for there were signs that the senate might not go along with the house action.

## Probe of Missing Ship Recalled

**Amendment to Bill Defeated, White Reports**

WASHINGTON, April 11 (AP)—An amendment to the silver purchase act repeal measure, which Rep. Crampton I. White, D., Idaho, said would prevent the issuance of one and two dollar federal reserve notes was defeated by the house of representatives Wednesday.

White said he offered the amendment in an effort to strike from the bill a section which he asserted would provide for the "demonetization of silver, except for subsidiary coinage."

Under the bill, he said, one dollar certificates that are backed wholly by silver dollars and bullion would be replaced by federal reserve notes backed by 25 percent gold bullion and 75 percent in government securities.

**Convenient**

MIAMI, April 11 (AP)—A proposal before a county courts committee would send persons convicted of drunken driving to "night" jail.

Senior Judge—Frederick Brad, his sponsor, said the measure would allow offenders to work during the day, thus reducing the use of public money to support their families.

Under the plan, offenders would serve time also on their days off from work.

# Clay Will Fight Cooper in London Sometime in June

LONDON, April 11 (AP)—Cassius Clay, the self-proclaimed "greatest heavyweight of them all," has been matched to box Henry Cooper, the British and British Empire heavyweight champion, in London in June. Promoter Jack Solomons announced the 10-round Wednesday and said all arrangements had been made to hold the fight indoors at Wembley stadium, Clay, 21, unbeaten in 30 fights after winning the Olympic title, has talked and fought his way into the top ranks of boxing. Both the World Boxing association and the International Boxing Federation have ranked No. 2 challenger, Cooper, 27, a ninth inning loser to edge out the Kansas City Athletics 5-3 Wednesday.

Bill Stacks started for the Yankees and had shut out the A's on three hits before he was forced to leave with an elbow injury with two out in the seventh inning.

Although some of the luster was rubbed off the Lip when he had to rally to gain a narrow, unpopular decision over Doug M. March 13 at Madison Square garden, Clay still is the hottest attraction in boxing.

Cocky Cassius had knocked out 19 opponents in 30 fights, but he had to fight in a "four" in a fight predicted. His record of 19 victories includes 14 knockouts.

Cooper, 28, has a record of 27-1 for 35 fights. He hadn't fought in almost a year when he successfully defended his British and Empire titles by knocking out Dick Richardson of Wales March 28 in London.

Clay was Cooper's fourth straight victory since he was knocked out in the second round by Zora Foley on Dec. 5, 1951. The knockout came in a title fight with then world champion Floyd Patterson.

Last year, in three fights, Cooper knocked out Tony Hughes in five, outpointed Wayne Deth in 10, and stopped Joe Zine in nine.

"This fight will restore boxing in this country," said Solomons. "There will be 200,000 people wanting to hear Clay spout, not to mention fight."

Wembley stadium's indoor arena holds only 110,000 people. "Everything is in the air," said Solomons. "We're discussing a June 18 date for the event but have reached no final decision."

He said Clay will fight friends in Louisiana this week-end and then head for Miami, Fla., where he will begin training Tuesday.

# Orioles Edge Senators on 3-Run Rally

BALTIMORE, April 11 (AP)—Early today's baseball action was a fly in the winning run as the Baltimore Orioles scored all their runs in the ninth inning to defeat the Washington Senators 3-2 Wednesday.

Jackie Brandt opened the lead in the ninth by hitting his first homer of the season off Washington starter Clarence Olsen.

Then he walked. Bro. Robinson on four pitches and Steve Hamilton replaced him on the mound to face Jim Gentile.

Gentile grounded a single to left, just out of the reach of shortstop Ed Brinkman. Then Alvin Dark beat out a bunt, drove the third base line, leading the bases. Boog Powell walked on a pitch to left, tying runs and Washington Manager Mickey Vernon summoned Jim Hantman from the bullpen.

With the second out, Hantman in close, Adair socked the ball deep to center field.

Clayton Kershaw, who had been in the bullpen, was summoned to the mound to face Jim Gentile.

### Killebrew's Homer Paces Twin Victory

ST. LOUIS, MINN.—POLARIS, April 11 (AP)—Homer runs by Harmon Killebrew and George Banks, lifted Minnesota past Cleveland 5-3 Wednesday as the Twins won their second straight game.

## Lunch Hour Reduced For Jerome

Starting April 11—Starting at 11:30 a.m. all Jerome students will have a 30 minute lunch hour. This was discussed at the school board meeting.

It will mean that all of the students will get out approximately 15 minutes earlier at the end of the school day.

The school board also approved a music instructor for 11 months of the year. This would mean that the music department, which has been without a teacher, will be able to continue its activities.

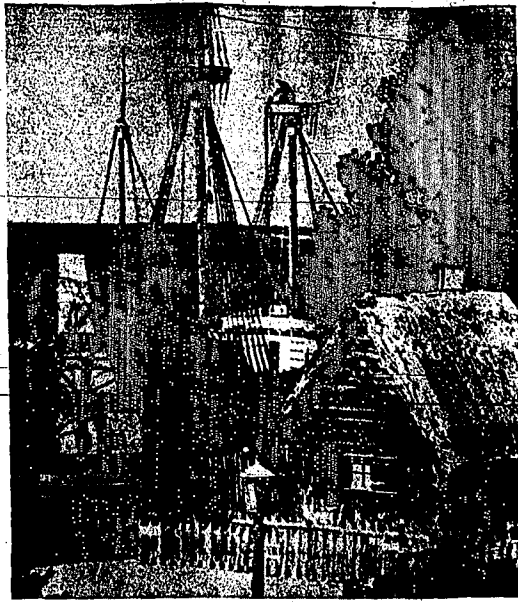

Paul Bovey was given a leave of absence for this week to attend to a group of French students in the French Canadian area. The rest of the time he is absent will correspond to the spring vacation.

The spring vacation will include Thursday, Friday and Saturday.

The civic club of Jerome has agreed to donate \$15 toward the purchase of an overhauled bus. The board approved the plan.

The school board also approved the plan to have a new model bus built by the market with a few more seats. It would cost \$40,000. The board approved the plan.

## Hearing Is Requested in Assault Case

A request for preliminary hearing by Armand M. Condie, 24, Gooding, was pending Thursday in Twin Falls police court. Condie, charged with assault with a deadly weapon, was arrested at 4:25 a.m. Wednesday after turning himself in to local authorities.

He is accused of threatening Mrs. Evelyn L. Kole, 312 Fifth avenue east, Monday night, with a .22-caliber .38-standard pistol, model B.

She said Condie came to her house between 11 and 11:20 p.m. to take her and her three children out for a ride. They got into the car and he drove south on highway 93.

In the car, she related, he said he was taking her to Nevada so she could marry him. She said he could not take her and then, she reported, he reached under the car seat, got the gun and pointed it at her.

She said she persuaded him to let her take the children back to her parents' home and that she would go with him then. She took the youngsters into her parents' home, 320 Fifth avenue east, and then Mrs. Kole ran out the back door and started out on foot for the Twin Falls police station.

She was running across the courthouse lawn when she was found by Jack Stout, 543 Fourth avenue north, who drove her to the station.

Police said it was difficult to obtain a statement from Mrs. Kole because she was hysterical. It was reported Condie went to the home of a friend, who talked him into turning himself in.

They stopped a police car Wednesday morning at the intersection of Kimberly road and Locust street, where police say he admitted threatening Mrs. Kole.

Condie and his friend were in another car when they stopped the patrol car. Condie's car was found later, parked in a potato cellar at the home of Harry Wohlha, Wendell avenue.

## Flea Changed To Guilty on Fight Count

Three Twin Falls men involved in a fight March 1 in downtown Twin Falls, after a Jerome youth was knocked down following a Jerome-Twin Falls basketball game, changed their plea Wednesday from innocent to guilty when they appeared in Twin Falls police court on charges of disturbing the peace by fighting.

Appearing before Judge Dale J. Adamson were W. Allen Boninus, 21, route 1; Steven R. Miller, 21, 143 Sunrise boulevard north; and Lynn Nelson, 20, route 2. Twin Falls, who were fined \$15 and costs each.

The fight incident, in the 200 block of Main avenue east, involved four Twin Falls persons and six Jerome men.

The six Jerome men pleaded guilty March 2 and were fined \$25 and costs by Judge Adamson. It was reported they were attempting to "even the score" for an earlier fight in which Paul Dixon, 16, son of Mr. and Mrs. Forrest Dixon, route 2, Jerome, was knocked to the sidewalk at Twin Falls high school following a basketball game.

Dixon remained in St. Benedict's hospital, Jerome, with a brain concussion for several days before he was released.

Two Twin Falls high school students—Larry Truscott, a senior, and Ike Heidemann, a sophomore—were suspended from school for the remainder of the school year after admitting they were involved in the conflict at the high school which touched off other disturbances.

Nelson, Miller and Boninus appeared in police court with their attorney, Douglas Kramer.
