

Racially Disturbed City Quiet

BIRMINGHAM, Ala., May 16 (AP)—The Birmingham police department today received slightly disturbed city after another unprovoked night riot in the city.

Police Chief James Moore said the 40-man force was called out to a riot in the city which was being held on duty by the end of the night. He said the case in past weeks, the Birmingham police department has been the backing of the industrial city's racial unrest has the backing of the Birmingham's most prominent businessmen.

Their names were disclosed Wednesday night and reports of a building boycott of stores by white persons opposing the racial agreement.

Both white and Negro leaders say they will stick to the agreement. They are making efforts to influence the white persons to boycott downtown merchants.

Negroes, who launched a boycott a year ago in their campaign for desegregation, are appearing in greater numbers in the stores, but merchants report that the white boycotters are worried, and some say the city's economic plight, already bad, is becoming more serious.

Commissioner Mayor Arthur Hanes and Police Commissioner Eugene (Bull) Connor have called on white residents to boycott the downtown merchants in retaliation for the desegregation effort.

A spokesman for a citizens committee said release of the names of 71 persons asked to participate in efforts to solve the city's racial problems was designed to avert further violence and to head off a "large scale" white boycott. The spokesman said "only a few" of the 71 did not participate in the committee's efforts. They were not designated.

In Montgomery, Gov. George Wallace, an avid segregationist, accused President Kennedy of sending military troops to Alabama for possible use in Birmingham. The governor said he will file a suit to test the constitutionality of the president's order.

Cooper's Mother Asks Son for Gift

TECUMSEH, Okla., May 16 (UPI)—Today was Mrs. Hattie Cooper's 63rd birthday anniversary, and as a present she could ask nothing more than the safe return of her son from his journey through space. L. Gordon Cooper's near-perfect blastoff and entry into orbit yesterday caused her to exclaim, "I know Gordon is thrilled now." Mrs. Cooper, her mother, Mrs. Orena Herd, 82, the family minister, the Rev. Roma Stewart, and a neighbor, Mrs. Matile Hartson, watched the spectacle on the family television set, along with a handful of newsmen.

"No lift-off ever looked so good," she said a few minutes after her son had become space-bound. "I was so thankful as I watched it."

Mrs. Herd was thankful, too. "I'm giving the good Lord the praise. He's directing this," she said.

Mrs. Cooper planned to while away the time today knitting. She is preparing for the initial which will build up as Cooper's re-entry becomes closer at hand.

As the time neared for blast-off yesterday, the only sound in the room was an occasional quiet sob from the grandmother and the chattering of a parakeet named Chickie. Mrs. Cooper's eyes filled with tears.

Mrs. Cooper said she planned to celebrate her son's birthday today. Watching her son in orbit and praying for a safe return would keep her occupied, she said.

The astronaut's mother enjoyed one good laugh during yesterday's tense moments. A television commentator said the "spectacles of the flight" thus "now entered the butterfly stage."

Cardinal May
Be Freed for
Church Post

BUDAPEST, Hungary, May 16 (AP)—The Vatican, the United States and Hungary's communist government reportedly have reached an agreement that will allow Joseph Cardinal Mindszenty to leave for Rome.

High Vatican sources said they expected the 71-year-old Roman Catholic primate of Hungary in Rome in a few days to assume a high Vatican post.

Freeing of the cardinal would remove one barrier to resumption of normal diplomatic relations between the United States and Hungary and would improve relations between the Vatican and the Hungarian government.

Most of the objections to allowing the cardinal to leave were on details of the agreement, but it is believed to include other concessions to the Vatican.

The Hungarian communist government has been accused of mistreatment of the cardinal, who is believed to be a prisoner of conscience.

Wendell Sets Farm Labor Levy Election

WENDELL, May 16 — The Wendell school trustees met in a special session Monday night at the high school to plan for a levy election to be held May 24. The school board notes the property assessment in the Wendell district has been reduced and as a result the Wendell schools have lost \$8,000. This amount is about equal to the revenue a school equal to the revenue derived from a two-mill levy on the Wendell district assessment. The two-mill levy, last year, was used to assist in the operation of the Wendell schools. At the time the state department was called, the state department had informed the Wendell school district that it would lose \$3,400 — about the equivalent of one mill.

Thus the Wendell trustees felt the need for a five-mill levy for the operation of the schools. This levy was defeated. Since this levy was defeated, the Wendell board has advised that the district will not lose \$3,400, but will gain \$150.

The Wendell trustees have spent many hours studying the financial condition of the district and have found that operation of the present school could be accomplished without additional mills if the following actions were taken, Pegg said.

All athletic teams would have to arrange private transportation to out-of-town games. The high school band would be required to pay band fees in order to obtain any new music, and the band too would have to arrange private transportation to district festivals.

There would be no five-year rotation of textbooks—old texts would have to be reused and new educational materials and fixtures such as maps and science equipment.

There could be no increase in teacher salary schedule which is below all schools in Magic Valley—and will be even lower in the face of increases of \$100-\$400 in the salary schedules of neighboring schools.

Increased fees for community groups using the school buildings would be required. The board feels that these reductions in facilities would be detrimental to the over-all education of our children, Pegg added.

A three-mill levy will allow only a nominal increase in the salary schedule of the district and will require reductions in the maintenance and capital outlay portions of the budget but will enable the school to be operated at least at the same level as it was operated this year.

Before the extra levy is rolling and furniture in the past year, the board feels that the maintenance and capital outlay portions of the budget might be reduced.

This will be open from 1 to 3 p.m. May 24 at the high school. Property owners or parents with children under the age of 21 are eligible to vote at this election.

Mrs. Jacobs Wins Award for Achievements

BY JOY MILLER
NEW YORK, May 16 (AP)—A hundred years ago Sophia Yarnall Jacobs, great-great aunt, was crowned a great-great aunt on occasion of her fight for the rights of women and Negroes.

"She was a great girl," Mrs. Jacobs says of her Indian ancestor, Loretta Mott, "very small, fragile, infinitely determined and afraid of nobody. I'm afraid of almost everybody. It's fantastic what she did. I'm proud of having even a collateral relationship with her."

"She signs, rather wistfully, and adds: 'We're in the same fight today. But I don't believe for a moment I could measure up to her.'"

Fortunately, Mrs. Jacobs' modest views about her own accomplishments are not shared by anybody else.

Just today she's the recipient of the 1963 American Women's Association Award for Lifetime Achievement. Mrs. Jacobs has been given to such women as Amelia Earhart, Margaret Sanger and Ben-Margaret Chase Smith.

"Inspired volunteer leader in movements for human rights and peace," the award calls her. But characteristically, Mrs. Jacobs protests that the award belongs to the entire membership of the National Council of Women of the United States, of which she just happens to be president.

"I got into women's organizations—please, not clubs, organizations—rather protestingly eight or eight years ago," says Mrs. Jacobs. "Protestingly, because I like working with men very much and about all I don't like anything segregated—women, Negroes, political groups. I've always seen an analogy between discriminatory practices—against women."

For many years my interest was in the field of race relations. I naturally moved into the field of women's rights. It occurred to me that perhaps a women's organization had unique functions to perform that couldn't be done by mixed men and women's groups, for example in pressing for women's rights and equal opportunity for women in employment."

Track Rift Erupts in California

LOS ANGELES, May 16 (AP)—The Los Angeles track club announced Wednesday withdrawal of its runner from Friday night's Coliseum relay. Among them are Jim Beatty, who was elected to the mile, and Jim Steele, scheduled to enter the 4,000-meter run.

Coincident with the club's announcement, Beatty told the asking the National AAU to investigate some members of the Southern Pacific District Track and Field committee.

The club's withdrawal also was followed by the announcement of the Los Angeles club's decision that he is recommending suspension of some Los Angeles track athletes and other members. Beatty, president of the AAU, said the club's withdrawal was prompted when we learned that the Coliseum had been withdrawn from us for a June 16 date on which we were holding track events in conjunction with an amateur soccer match.

"This was the last straw in a parade of pressure tactics, accusations, rumors and other developments over the past few weeks," said Beatty. "We received a function for the meet last week from the SPAU and had the Coliseum but Bill Nicholson (Coliseum manager) told me Anderson, our vice president, that we couldn't use the Coliseum."

"I am recommending to the National AAU that an investigation be made of particular members of the SPAU track and field committee because their actions are not in the best interests of the operation and development of amateur sports."

Pappas Tops Senators on Three-Hitter

WASHINGTON, May 16 (AP)—Pappas pitched a three-hitter, striking 10 batters in order at one stretch, as Baltimore whipped Washington 7-1 Wednesday night.

Pappas, who set down 10 straight Senators after Chuck Hillen's first inning single, gave up a single to Jim King in the seventh and lost his shutout bid in the eighth when Ken Reiser hit the first homer of the season.

Jim Gentile, Jackie Brandt and Jerry Adair hit home runs for the Orioles off Tom Cheney, Senators' early-season wonder, who lost his third straight game. Cheney lasted five innings.

Gentile led off the second inning with his seventh homer. Brandt hit his first with one on, and Adair led off the fifth inning with the third of the season.

Washington's only hit came in the eighth when Jim King hit a single to lead off the ninth. Cheney pitched a complete game, allowing only one run, one hit and one error.

Cheney's record improved to 1-1. He pitched for the Senators in 1954, winning 11 games and losing 10. He pitched for the Orioles in 1955, winning 11 games and losing 10.

Stuart Powers Sox To Twin Bill Sweep

BOSTON, May 16 (AP)—Dick Stuart, blasted two homers, one with the bases loaded, and led the Boston Red Sox to a sweep of a two-night doubleheader with the Los Angeles Angels Wednesday 9-3 and 7-6. Stuart, acquired in an off-season trade with Pittsburgh as the Red Sox sought to solve their right-handed power problem, put the first game out of reach with his grand slam drive into the left-field screen in the third inning.

He had a three-run homer in the eighth and scored the winning run when he reached on an error and rode home on Russ Nixon's eighth inning double.

Although Stuart's batting average is about .250, he now has seven homers and is among the league leaders in runs batted in with 24.

His three-run blast in the third inning of the second game gave the Red Sox a 3-3 lead, but the Angels fought back with one in the fifth and tied it with two in the sixth.

In the first game Los Angeles' loser Bo Belnick, 1-0, loaded the bases on a single and two walks in the third and was replaced by Art Fowler. Stuart, the first baseman, fanned twice and struck out once, but he faced, lashed a line drive into the left-field screen for his first home run.

Official Reports Lipscomb Died of Overdose of Dope

BALTIMORE, May 16 (AP)—The medical examiner made it official Wednesday: Eugene (Big Daddy) Lipscomb was killed by an overdose of heroin. Dr. Russell Fisher, Maryland's chief medical examiner, said autopsies tests turned up a trace of heroin under a needle mark on Lipscomb's right arm.

In addition, traces of morphine, a heroin component, were found in the bile and urine, Dr. Fisher said.

The giant defensive tackle for the Pittsburgh Steelers died on the way to Lutheran hospital early last Friday after he was found unconscious in a West Baltimore apartment.

Dr. Fisher said the results of tests on the body died as to the conclusion that death was due to an overdose of heroin, contributed to by non-injecting amount of alcohol in the blood.

A preliminary autopsy, Dr. Fisher said, showed that one needle mark on Lipscomb's arm had been made by an injection three to four hours before death.

Another one could have been made several days or even weeks earlier, he said.

Dr. Fisher said last Friday that he presumed death was caused by heroin, basing his judgment on the needle mark on the Negro athlete's arm and the recovery of a home-made syringe that was found in the apartment.

Lipscomb, 34, had spent Thursday night on the town with a friend, Timothy Black, 25, and two women. Afterward, the four went to Black's apartment for a beer party, the two women leaving sometime after midnight.

Black, who's free on \$10,000 bond pending a hearing Friday on a charge of possession of narcotics equipment, told police Lipscomb had given himself a heroin injection after the two had gone out and bought \$12 worth of the drug. This was after the party ended.

As soon as Lipscomb injected the drug into his arm, Black said, he fell to the floor, drooling at the mouth.

Rep. Charles C. Diggs, Jr., D-Mich., also was there, as was Bud Erickson, assistant general manager of the Detroit Lions. Leslie Erickson, a funeral home employee, estimated 1,000 viewed Lipscomb's body Tuesday in its casket, gray coated lined with white.

Born in Uniontown, Ala., Aug. 9, 1921, and left an orphan at the age of 11, Lipscomb was reared by a Detroit grandfather, Charles Hoskins.

Near Hoskins at the funeral sat Billie Jean Plumer, a Detroit school teacher to whom he was engaged. One of Lipscomb's ex-wives, accompanied by two sons and a daughter, occupied a sideline seat.
