News Around Idaho

BLACKFOOT, Aug. 27 (UP)—Tommy Chandler, 13-year-old son of Mr. and Mrs. Leonard Chandler, Pingree, was fatally wounded Monday when a 22 caliber rifle he was carrying accidentally discharged sending a bullet into his head. Sheriff Arch Ness said the boy had apparently tripped and tried to use the butt of the gun to break his fall causing it to discharge.

LEWISTON, Aug. 27 (UP)—A statement by the president of Potlatch Forest, Inc., that a recent 30 1/2 cent an hour wage setting for the mill continues to be the highest in the Lewiston area has been challenged by two woodworker union officials. Milo R. Harfield, president of the Lewiston Woodworkers Local, said Monday that the statement was "in fact" but that the union will continue to fight for a wage increase in the business community. PFT President Benton E. Caswell told a group of north and central Idaho business and professional people that the increase is one of the factors which may lead to replacing PFT's Lewiston mill with several smaller ones.

FORT HALL, Aug. 27 (UP)—A blaze which has burned more than 800 acres of 12 miles west of here on the Fort Hall Indian reservation was brought under control early Tuesday morning. Fifty additional members of the Sno-Ban firefighting unit and more bureau or land management personnel moved in late Monday afternoon when the blaze spread out of control for the second time that day. The fire started Sunday.

IDAHO FALLS, Aug. 27 (UP)—Firemen Tuesday were still trying to quell a blaze—operation expected to take several days—which destroyed \$20,000 worth of hay here Monday night. The fire broke out early Monday night at the Livestock Auction market on the northern outskirts of the city. It leveled 1,000 tons of hay in the form of three 25-foot high haystacks, burned up an automobile and damaged several empty corrals. No one was hurt.

POCATELLO, Aug. 27 (UP)—The Pocatello school district says it has received the 100th teacher resignation of the year, making the turnover rate 24 per cent, the highest in the history of the district. The Pocatello schools employed 412 teachers last year but only 312 had indicated that they will return for the fall semester. Superintendent John J. Hurrell says that 100 resignations have been found for most of the teachers who resigned.

BOISE, Aug. 27 (UP)—A total of 185 new disease cases for the week ending Aug. 24 have been reported to the preventive medicine division of the state health department by doctors from throughout Idaho. This brings the total number of cases reported for the period a year ago.

CABAGUE, Aug. 27 (UP)—Authorities here said Monday that they are continuing an investigation into the fatal shooting of a 30-year-old man reported Monday in central Idaho. Sheriff Merton Logue said four men, picked up earlier for questioning, have been released and that no charges have been filed. Attachments of the sheriff's report to the state police are being prepared for the area for further investigation but it was later learned that the position of the trip until Tuesday, fatally wounded in the shooting. The man, identified as a resident of central Idaho, was shot in McCall. The shooting took place Saturday near Clark's cabin in a primitive area 60 miles east of McCall. Logue said that the man, who was shot, was reported to be in addition to an argument over a mining claim. He said it might have been self-defense.

AMERICAN FALLS, Aug. 27 (UP)—A car-motorbike accident in downtown American Falls Monday night has claimed the life of Gordon Voller, about 17, American Falls. Another youth, Mike Campbell, was also injured. The accident was reported in addition to a local hospital. Police said the two were riding a motorbike which collided with a car. The strain broke Idaho's traffic fatality toll for the year to 152, compared with 169 on the same date a year ago.

YOUR BIRTHDAY and HOROSCOPE

by **STELLA**

TUESDAY, Aug. 27—Born today, you are one of those industrious people who, given a task to do, will plough through it with all energy and dispatch. Because you are able to accomplish more in less time, you are a favorite of your superiors. At times, however, you must guard against gradually falling into the trap of waiting until the last minute to begin a job. If you do this, you could transform a wonderful day into a dull and ordinary one—or lose more than you gain.

Gifted with a highly critical, analytical nature, you are able to direct it outward—toward others. This is fine, as long as you remain logical and completely correct; the danger, however, is that in ferreting out the errors of others you will overlook your own. In yourself or in your own work. Through such activity may make you an efficient "boss," but also make you a subject for ridicule.

As a sensitive, original, imaginative, you should make sure that the things you do should be well-managed. These qualities, otherwise, your chief talents will be lost and, with that, your main chance for happiness. You were not born to be a "struggle" you could easily fall into a drudge's ways, however.

Among those born on this date are: Erndon Johnson, vice president; C. B. Forester, English author; Theodore Dreiser, American novelist.

To find what is in store for you tomorrow, select your birthday and read the corresponding paragraph. Let your birthday star be your daily guide.

Wednesday, Aug. 28

VIRGO (Aug. 24-Sept. 23)—A "social" day, and one that could culminate in romance. Pleasure entertainment should provide the means to that end.

LEO (Sept. 24-Oct. 23)—Sidetrack impending difficulties through the application of your organizational and executive talents.

LIBRA (Oct. 24-Nov. 22)—A day filled with pleasant variations. Avoid making vital decisions; keep to familiar routines.

SAGITTARIUS (Nov. 23-Dec. 22)—If members of the fair sex manage to hold their temper, all should "do well" today.

Chamber at Burley Names Fair Group

BURLEY, Aug. 27—Chamber of Commerce members voted to appoint a committee to work on the Casita county fair board at their noon luncheon Monday at the National hotel.

A round-table discussion on ways to improve the Casita county fair was led by Bill Beck, president of the fair board. Other fair board members present were Ted Kealey, vice president; Joe Carlson, Abraham and Don Owen, secretary-manager; Orrin Beecher, county commissioner, also was a guest.

Commercial exhibits are going to businesses out of town and should stay in Casita county, it was noted. Clifford Mullikin stated, "Our commercial buildings are old and need a good cleaning up. Even the present cooling system in the commercial building is inadequate," he added.

"We don't want any blank spaces in any of the buildings at the fair," stated Bill Beck.

"It's your fair, tell us what you would like and want, and we as fair board members will do our best to carry out your wishes," said Ted Kealey.

Series of closing for half a day and closing businesses just-off the parents were discussed. Monthly board meeting will be held at 7 a.m. Wednesday at Nelson's cafe. All chamber members are invited to attend the breakfast, it was stressed.

Mrs. Fred Anderson, secretary, announced there will be no chamber meeting, next week on Labor day.

Non-Reds Boost Trade With Cuba

WASHINGTON, Aug. 27 (AP)—Ten of 26 non-communist countries increased their trade with Cuba last year despite a U.S. campaign to isolate the Castro regime.

Japan led the way, supplanting the United States as the largest non-communist trader with Cuba.

Japanese trade increased from \$44 million dollars in 1961 to 464 million dollars last year. Others showing an increase were Morocco, the United Arab Republic, Tunisia, Greece, Sweden, Finland, Norway, Uruguay and Brazil.

seeking new gas reserves for your future comfort

These geologists at left, examining terrain near Shiprock in northern New Mexico, are part of a team of modern explorers searching for new gas reserves. They travel by jeep, helicopter and afoot in this continuing program to seek out new supplies for your future comfort. Natural gas, formed millions of years ago, is a resource which will serve the West far into the future. Each year new reserves are found, keeping well ahead of the growing demand for America's most modern fuel. Heating, cooking, water heating—and scores of payroll-building commercial and industrial uses—are among the benefits brought to the West today by natural gas. If you're now enjoying the benefits of natural gas it's partly because of the team of highly trained people who bring it to you. If you're not a user of natural gas, it's easy to become one.*

Alaska Road Puts Cameras on Casualty List

By **LOWELL DICK**
(Times-News Managing Editor)
BUENOS AIRES, British Columbia, Aug. 19—Sometime Wednesday will pass, perhaps, zero and the beginning of the Alaskan highway on our way home. But what will have something like 1,600 miles to go.

There were some other photographs that should have been interesting, but the Times-News cameras save up the shot today. All the lightning, lightning, lightning and bouncing over 6,000 miles must have been too much for us, we know it. We ever got a single picture previously.

So the Times-News cameras carried our personal movie cameras on the casualty list. Some three days ago, the movie cameras were malfunctioning and we don't know how long it went on before being noticed. Maybe we have no movies either.

Two of the planned photo-today would have shown the outline of the Alaska highway and still one of its prime purposes. It started as a military highway back during World War II, being constructed in something like eight months.

At intervals along the route are the abandoned, crumbling remains of the camps and service buildings used during the war. The construction period, it's hard to believe buildings could deteriorate so in 20 years.

The other photo would have shown one of the "defense" areas found frantically along the route. Principally, they're microwave relay towers and landing fields. Originally for defense purposes and that still remains one of the big reasons today. The portion lying in Canada is maintained by the civilians working under direction of Canadian army.

Another planned photo would have shown a vehicle approaching in a huge cloud of dust. More than anything else, dust is the trademark of the Alaska highway. No one is immune to it. Only the few travelers staying at motels every night have a chance to remove the daily coat of dust.

Everyone else lives with the dust, wearing it like a medal. Former servicemen who learned how to bathe with a helmet of water have a chance to get rid of the daily coating of dust, providing they care to expose various parts of their anatomy to a shower of mosquitoes and can find a little privacy for a short time.

Around a place like this, there's also the "no-see-ums," a

small biting gnat that doesn't live up to its name. They not only can be seen, but they can be felt.

Steve, who galloped a mile down the road earlier in the day, donned his rain gear and "showered" in a heavy rainstorm this evening, topping it off with a short dunking in the lake, which (like all the other streams and lakes) is too cold for swimming.

A few of the less hardy stop at the occasional places advertising everyone-for-it-each-her. The rest take advantage of campgrounds and trailer parks at Whitehorse and picked blueberries from bushes, some of which were no more than two inches high.

Last night we had a meal off the land. During a "lunch" stop in the heart of the Yukon, we landed enough, graying for a meal. In the Dawson area we picked blueberries from bushes, some of which were no more than two inches high.

other overcast, threatening weather.

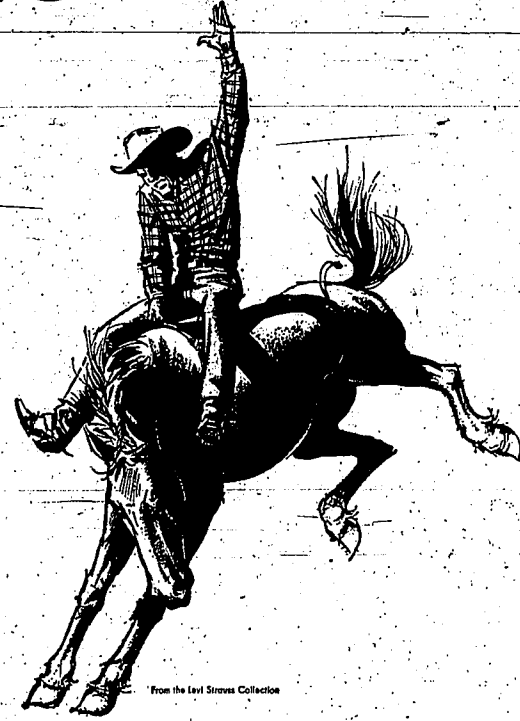

In more than 6,000 miles of driving we saw our first accident today. One of the big trailers that haul gasoline to stations scattered along the route apparently stalled going up a grade. It slipped back down the grade and the back wheels swerved into the borrow pit and the side of the hill. The tanker didn't overturn. If it had, the price of gas probably would have shot up a few cents a gallon.

BAREBACK BRONC RIDING, one of the most rugged events in Rodeo, is also one of the newest. A no-competitive exhibition "filler" until about 15 years ago, this event today may bring a championship rider over \$16,000 a year—but he earns it the hard way. The rider is separated from his horse only by his Levi's and a heavy, leather-rigged cinch with a one-hand grip. Scoring starts for bronc and cowboy the instant the horse's front feet touch the ground outside the chute. After the first jump is completed, the contestant may spur to increase his score throughout the long, 8-second ride.

Conference For College Youths Set

Two Episcopal college chaplains will lead a conference for high school seniors and students entering colleges and universities at the Church of the Ascension Thursday and Friday.

The Rev. Dean Holt, chaplain at Washington State college, and the Rev. W. Lee Davis, chaplain at the University of Idaho, will address a dinner meeting in the Bishop Rhea auditorium at 8 p.m. Thursday. Members of the Association guild will be hostesses for the dinner.

The Twin Falls conference is part of a tour by Chaplains Holt and Davis which will include almost 30 such conferences throughout the state of Idaho throughout the state of Idaho between Aug. 23 and Sept. 15.

Purpose of the tour is to interpret the work of the Episcopal church on college campuses and to establish personal relationship with the students prior to starting college.

Accompanying the two chaplains is Ben Goddard, a student from the University of Idaho, who will present the student's view of life at a university. Goddard is president of one of the fraternity chapters at Idaho, and is active as a political leader on the same sources as his past—raw campus.

"Cleanliness is the word for electric heat"

—Mrs. Leon Burgen, Sunset Road, Pocatello

"WE HAVE found our electric heat to be most satisfactory, especially its convenience and cleanliness. Although most of our rooms are finished in soft colors, they have not lost their fresh appearance after three and a half years. Cleanliness is the word for electric heat."

Electric heat is clean, quiet and automatic. Get details from your local electric heating contractor or at your Idaho Power Company office.

Golden Wedding Anniversary Is Celebrated

BUHL, Aug. 27—Mr. and Mrs. Melvin Ewell celebrated their 50th wedding anniversary with an open house reception at the home of their son and daughter-in-law, Mr. and Mrs. Blaine Ewell, Buhl.

For the event, Mrs. Ewell selected a blue and gold floral print dress with black accessories accented with a corsage of tall-taper roses adorned with blue and gold lace ribbons. The reception table, covered with an ecru lace tablecloth over gold satin, featured a decorated wedding cake. It was decorated in a blue and gold color scheme, highlighted with blue lattice hearts centered with white rosebuds and gold leaves, miniature blue and gold wedding bells and fleur-de-lis, topped with an array of tiles, blue and gold, blue and gold, gold wedding bands, and golden numerals "50." Sprays of ivy and blue and gold gilded flowers encircled the base of the cake.

Triple candleholders holding blue and gold spiral tapers flanked the cake.

Mrs. Charles Carte, a sister-in-law, and Mrs. Kenneth Ewell, Kent, Wash., a daughter-in-law, cut and served the wedding cake. Mrs. Eric Farmer, Twin Falls, presided at the banquet. Mr. and Mrs. Vernon Rodig, Buhl, poured coffee. Both are the couple's granddaughters.

Mrs. Blaine Ewell was reception hostess, assisted by Joan Arford in the kitchen. Assisting with serving were Kenneth Ewell, the couple's son, and granddaughters, Cathy Ewell and Jim Ewell, and great-grandchildren, Kim Rodig and Pamela Rodig.

Mrs. Ewell played background music and attended the gift table. Patty Ewell, Kent, registered guests. Both are granddaughters of the couple.

The couple was married Aug. 14, 1915, in Eagle City, Okla., at the home of the bride's parents, Mr. and Mrs. J. L. Carter. They farmed in Oklahoma until 1921 when they moved to the Buhl area and farmed until 1930. That year they moved into Buhl where they now reside, 349 Robertson street. Ewell is still an active carpenter and does watch and clock repairing.

The Ewells have two sons, Kenneth Ewell, Kent, and Blaine Ewell, Buhl, seven grandchildren and four great-grandchildren. All were present for the occasion.

Out-of-town guests attended from Boise, Filer and Twin Falls.

Food for Americans

By GAYNOR MADDOX

By GAYNOR MADDOX "My husband is a backpacker in our local hotel. He never drinks. But he sure does eat when he comes home and sometimes he asks me to try out new dishes. This ham recipe is his idea and the bitters in it are the kind some of his customers like in their drinks," writes Mrs. R., a part-time worker in the school cafeteria.

BAKED HAM SLICE WITH TOMATOES
(6 servings)
1-2 thick slices smoked ham (about 7 lbs.)
1 cup canned tomatoes
1 teaspoon sugar
1/2 teaspoon pepper
1/2 teaspoon aromatic bitters

Cookout Held

SHOSHONE, Aug. 27—Members of the Shoshone-District MIA Married's class held a cookout at the Mary L. Gooding park. Members from District were in charge of arrangements. Jerry Dick, president, conducted the festivities.

Dick announced that a meeting will be held Sept. 12 at the home of Mr. and Mrs. Ben Coons. A social is set Sept. 28 at the Shoshone church recreation hall.

COWBOYS SET LAST HOME SERIES TONIGHT

Club Needs Only 6,000 to Break 1961 Attendance

The Magic Valley Cowboys need only 6,000 more ticks of the turnstile to break their attendance record of 61,405, set in 1961. Accordingly, in the seven home games left to play, beginning Tuesday, the Cowboys have scheduled a variety of promotions to whip up the fans' interest. Saturday is Safety Night, for which fans can buy two tickets for the price of one at all delivery stores in the area. The four-game series with Boise will reach a double-header climax Sunday and Monday, the last two games of the annual Sunday afternoon play appreciation night, in which some \$750 worth of prizes will be given away starting at 7:30 p.m. Among the prizes will be three bicycles, a four-speed portable stereo record player, a Philco deep freezer, and a host of Philco caps and autographed baseballs. For the Labor Day night, the manager says he has tentatively lined the game as "adult day," meaning, he says, that it will be a kid game and can therefore get in for the price of a kid's ticket.

Pearson Is Threat for Batting Title

NEW YORK, Aug. 27 (AP)—And a little man should lead them. This may be the case as far as mister 5 foot, 5 1/2 inch Albie Pearson of the Los Angeles Angels is concerned.

A week ago Pearson trailed Boston's Carl Yastrzemski, the American league batting champion, by .012 points. Monday, the Angels' outfielder was in third place 10 points behind Yastrzemski, and second to the catcher, Hank Aaron, who was on a 4-for-25 showing. The National league batting race also tightened considerably as Dick Groat slumped and Tommy Davis surged. Groat, the St. Louis shortstop, collected only three hits in 39 attempts last week and dropped 15 points. Davis raked up to a double at 4-for-5 for the lead by climbing five points on an eight-for-25 showing. The Dodgers' outfielder is the leading hit hitter.

Roberto Clemente of Pittsburgh tumbled one place to third. He lost four points to 22 with six hits in 24 times at bat. Vada Pinson of Cincinnati advanced one notch to fourth at 21 while Milwaukee's Hank Aaron moved up one place to fifth at 21. Senor circuit in runs patted in with 100 while San Francisco's Willie Mays was the top man in homers with 34.

Dick Stuart, Boston's slugging first baseman, slammed two home runs and drove in runs to maintain the American league lead in these departments. He has 13 homers and 23 RBIs.

Braves Take 11-7 Victory From Colts

HOUSTON, Aug. 27 (AP)—Home runs by Ed Mathews, Don Dilgard and Hank Aaron powered the Atlanta Braves to an 11-7 victory over Houston Monday night.

Despite the three-home run barrage, it was a sacrifice fly by Gene Oliver in the sixth inning that snapped a 4-4 tie and sent the Braves ahead to stay. Oliver drove in Frank Bolling, who led off the inning with a single and moved third on walks to Aaron and Mathews.

Area Women To Compete In Boise Meet

Five Magic Valley women will participate in the women's professional golf tournament in Boise this week-end.

Competing throughout the tournament will be Mrs. Marion Undheim, Twin Falls, four-time Magic Valley champion; Lorna Nore, of the municipal women's association's top golfers, and Mrs. Bert Barlow, reigning golf queen of Blue Lake Country club and former state amateur finalist.

Anita Gray, Sun Valley and Mrs. Jerry Gasser, Twin Falls will participate in the Friday pro-am division of the event.

Most of the nation's best known golfing women will participate in the special three-day tournament at Hillcrest Country club. The event also is part of the centennial observance.

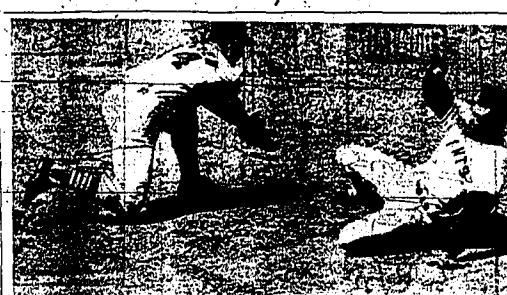

Coaches See End Of Three Teams

NEW YORK, Aug. 27 (AP)—Coaches Hugh Devore of Notre Dame and Ben Schwartzwalder of Syracuse agreed Monday on one thing—college football's College Football Hall of Fame is a thing of the past.

"According to the current rules you have got to go with the best two-way teams possible," said Devore.

"Definitely you won't see three teams out there. The Chinese

Pilots Will Build Around 12 Veterans

GLENN'S FERRY, Aug. 27—Glenns Ferry will have a veteran for almost every position but after that the call goes out to untried reserves as coach Bob Belliston and his Pilots work toward their 1963 opener on Sept. 2 at Mountain Home. Once again Glenns Ferry can fill

afford injuries. With some fair size, coach Belliston is hoping to improve on last year's 2-7 record. However, the opener with Mountain Home will be a tough game to bring the rookies under fire.

Coach Belliston also sees help in three juniors, all inexperienced. These are Larry Smith, a 150-pound guard; Larry Rose, 170-pound tackle; and David Wilcox, 165-pound center. Terry Thomas, the guard position, boasts Frank Hampton, 170-pound junior with two monograms, and 170-pound senior Ernie Posture.

At tackle are Terry Sims, 6-foot-2-inch, 165-pound junior, and Bob Gonzalez who is only a sophomore, checking in at 5 feet 7 inches and 155 pounds. Rounding out the veteran line last is center Bill Firebaugh, a 150-pound junior.

The backfield boasts a pair of fairly swift halfbacks, Leo McGhee, 6-foot, 2-inch, 187-pound junior, and Jim Schwager, 155-pounder, give the Pilots good options at quarterback and fullback. Quarterback Donald Helwich is a veteran fullback. The quarterback returns to Ernie Johnson, 6-foot,

"I don't remember the name—but the boy is certainly familiar!"

Wonder Drug Might Have Bad Effects

AMHERST, Mass., Aug. 27 (UPI)—Prolonged and copious use of some antibiotics—wonder drugs—present an overlooked hazard of growth retardation in humans, a biologist said today.

"This possibility is suggested by new evidence of growth-inhibiting powers of at least some antibiotics in plants—and previous evidence of the same thing in animals—said Dr. Edward C. Pollock of San Fernando Valley State College, Northridge, Calif. He told about it in a report prepared for the annual convention of the American Institute of Biological Sciences, meeting at the University of Massachusetts. This strange faculty, might have some advantageous use in controlling the growth of certain plants, said Dr. Pollock. But any defect of the antibiotics inhibiting growth of children and adolescents is something to be avoided.

"Since it is now clear," he said in his report, "that some antibiotics are capable of retarding growth in both animals and plants, it appears that further examination of their effects on all living organisms, particularly man, is required."

He told a reporter such investigations should try to determine whether any antibiotics, including penicillin and streptomycin, have such a growth-retarding effect when "used in great abundance over long periods of time."
