Mrs. Mary Jones, Filer, Will Observe Her Centennial Birthday on Wednesday

FILER, Dec. 2—Mrs. Mary Jones, long-time Idaho pioneer, will observe her centennial birthday anniversary this year. Born Dec. 4, 1863, she will be 100 years old Wednesday. A special open house is being planned in her honor.

Mrs. Jones was born in Zurich, Ontario, Can., the oldest of 10 children of John and Henrietta Kalbfleisch. The family moved to Kansas in 1874 and some years later moved near Portland, Ore.

There she met the man who was to become her husband, and Mary Kalbfleisch and E. W. Jones were married near Oregon City Jan. 5, 1898.

The couple's only child, a daughter, Mildred, was born while they were living in Oregon. In the summer of 1909 the family moved to Idaho, and in 1916 they bought the farmhouse where they lived until earlier this year when Mrs. Jones became ill.

Mr. Jones died in December, 1940, but Mrs. Jones and her daughter remained in the family home until this past summer when Mrs. Jones was taken to a nursing home following her illness, and her daughter went to live with an uncle.

Of the family of 10 children, three are still living. They include Mrs. Jones; her brother, P. J. Kalbfleisch who lives west of Filer and another brother, Dan Kalbfleisch, Harlan, Kans., who will be 99 years old next January.

Mrs. Jones was an honored guest in the Buhl Centennial parade at which time she rode in a dog sled, and again in the Filer parade when she rode in a vehicle directly behind the honor guard.

Her mother has always led an active, happy life, according to her daughter. She loved and appreciated her home and found many things of interest in the world, stated Miss Jones, who said, "I think one reason why my mother has lived to such a long, useful age is because she never gave up when an adversity or misfortune struck."

Mrs. Jones assisted with the household each day until her illness overtook her this summer, and also spent some time working in her flower beds and garden. Her favorite hobby was that of making quilts and the family has no idea how many of these she has made, but know that it adds up to a large number. Many of these were made for the Missionary society of the Nazarene church of which they are mem-

She now is at the Harral nursing home, Buhl, where she is affectionately called, "Little Mary." Weak Sex

KINGSTON, England, Dec. 2 (AP)—Men, take heart! Women are the weaker sex after all.

The old saw about "women's work is never done" had nothing to do with it, the doctors said. In the first place, women bring on most of their fatigue by worrying too much, they said. Secondly, they claimed, sitting at a desk all day is more tiring than scrubbing clothes.

Ecumenical Council Ends '63 Session

VATICAN CITY, Dec. 2 (AP)—The ecumenical council today closed its 1963 work session.

Augustine Cardinal Bea, head of the secretariat for promoting the Christian unity, promised the council fathers that key statements on religious liberty and ecumenism would be presented at the next session, scheduled to begin Sept. 14 and last through Nov. 20, 1964.

A number of council fathers were disappointed that the two subjects had not come up for debate and Bea's speech was an attempt to reassure them that parliamentary maneuvering would not result in their being shelved.

Protestant observers at the council consider the referral of the initial vote on the documents as a "disappointment."

During its two meetings last fall and this year, the council has held 79 working sessions. Council fathers—cardinals, bishops and heads of religious orders from around the world—have heard millions of words of debate in Latin.

So far, only two of the 17 proposed documents have been completed. These two decrees, one dealing with the form of public worship and the other with modern communications media, will be promulgated by Pope Paul VI on Wednesday when he officially brings this council session to an end.

The council also meets tomorrow, but the gathering will be devoted to celebrations marking the 400th anniversary of the closing of the council of Trent and no work will be done.

In today's debate, the gathering heard final remarks on the document dealing with ecumenism.

In today's session the bishops approved the principle that they possess governing authority by divine right, along with the Pope. The principle was presented in a document on the church which was still under discussion as the council ended its work for the year.

The Pope's "Motu Proprio" was expected to extend the bishops' power in practical, non-confrontational spheres of diocesan government.

The announcement that it would be issued was made by Mgr. Pericle Tellet, secretary general of the council.

In a lively debate on Christian unity, conservative leader Ernesto Cardinal Ruffini of Palermo, Sicily, said the separation of Protestants from the Roman Catholic church must not be blamed on Rome but "on certain sons of the church who do not rightly know her doctrine or her laws."

Cardinal Ruffini said that if the Catholic church ever acted badly, even so, "those who sincerely left the church are by means innocent."

Goldwater Camp Says it Isn't Hurt

WASHINGTON, Dec. 2 (AP)—The Goldwater-for-president camp is shrugging off claims that its candidate has been badly hurt by political shifts caused by the death of President Kennedy.

It is preparing to drive ahead even though its candidate, Sen. Barry Goldwater of Arizona, has shied away from any comment of a political nature since President Johnson replaced Kennedy in the White House.

Goldwater backers answer questions as to whether their candidate has been weakened by arguments of their own, such as:

—He still has far more national-convention delegates in sight than any potential rival. —Goldwater has a large corps of dedicated followers ready to ring doorbells and raise money with more zeal than any campaign organizations which might be built for other possible candidates.

—Although Gov. Nelson A. Rockefeller of New York is an announced contender, the opposition to Goldwater still has not agreed on a candidate.

Assuming that Johnson will be the 1964 Democratic nominee, the Goldwater partisans are ready to admit that they are playing in a new ball game but they are not ready to abandon their chosen captain.

—NAZIS PICKET WASHINGTON, Dec. 2 (AP)—Seven members of the American Nazi party picketed the White House for a time yesterday to protest the appointment of Chief Justice Earl Warren as head of the commission to investigate the assassination of President Kennedy.

The Magi, as you know, were wonderfully wise men who, guided by a bright star, brought gifts of gold, frankincense and myrrh to the Manger in Bethlehem.

These were the first Christmas gifts, precious in ever, for surpassed any themselves. The spirit in... human calculation.

One of our best loved Christmas stories is "Gifts of the Magi," called also "The Gift of the Magi." It might never have been written if a New York newspaper editor had not picked up a magazine in a train in November, 1902.

Virginia High Court Says County Can Close Schools to Avoid Integration

RICHMOND, Va., Dec. 2 (AP)—The Virginia supreme court said today Prince Edward county had the right to close its public schools to avoid racial integration.

In a 6-1 decision, the majority said the Virginia constitution gives its localities the option of operating or not operating public schools.

The dissenting judge was Chief Justice John Egleston, who held that the state legislature was obliged to provide public education in the county which abandoned it four years ago.

The final adjudication in the long-fought school case hinged in part on the action of the Virginia high court. The case is already before the U.S. supreme court on its latest trip and Egleston's dissent offered this forecast.

"The refusal of the highest court of this state to recognize here the rights of the citizens of

Prince Edward county guaranteed to them under the constitution of the United States is a clear invitation to the federal courts to step in and enforce such rights.

I am sure that invitation will be promptly accepted. We shall see."

Prince Edward abandoned its public school system in 1959 in the face of court-ordered integration. It took the move by refusing to appropriate local matching school funds.

A private educational foundation immediately organized a school for white pupils. Negroes turned down offers of assistance in opening similar private schools and continued to fight in the courts.

The first break in the education blackout for Negroes came last September when a free privately financed system was set up and is now providing education for the Negroes. The new free schools are being held in former public school buildings.

Richard W. Blake, federation executive secretary, said preliminary sessions began this afternoon. General meetings are Wednesday and Thursday.

Among speakers will be Gov. George D. Clyde, Sen. Wallace F. Bennett, R., Utah, and J. Kenneth Samuels, of the farm cooperative service, U.S. department of agriculture.

Many shavers cost less than a REMINGTON® 25. Then why do more men buy REMINGTON?

Every REMINGTON® shaver has 348 cutting edges. Made of surgical high-carbon steel, they're sharper, longer lasting than stainless steel. Honed on an angle, they slice whiskers off instead of "ploughing" them up.

This is the shaving head. Big—it cuts a big swath. Note the slots. 756 to be exact. Since the whiskers go through the slots to the cutters, the more slots, the faster the shave.

These are REMINGTON Roller Combs. They're right on top of the shaver head. Adjust to every type of skin and beard. They roll skin down, pop whiskers up into the cutters. Cut them off cleanly, comfortably.

More REMINGTON Shavers have been made and sold (over 46,000,000) than any other make. Reason enough to pay a little more? Yes.

Many Still Hate JFK In South

SAN FRANCISCO, Dec. 2 (AP)—Ralph McGill, publisher of the Atlanta (Ga.) Constitution charged Sunday that many southerners still hate the late President Kennedy and predicted that racial violence would continue in some parts of the South.

McGill told a news conference that after Kennedy was assassinated in Dallas, many anonymous telephone calls reviling the dead chief executive were received by southern newspapers.

"Many of them are openly glad of it (the assassination)," the Georgia publisher said.

McGill said that on the night of the President's death, a leader of the Memphis, Tenn. White Citizens council told a Nashville audience that Kennedy had died "tyrant's death." This type of statement, McGill said, demonstrates that racists "are not going to call a moratorium on hate."

He noted that an atmosphere of better understanding has appeared to dominate the American scene generally since Kennedy's death. "I hope it continues," he declared, "but I don't think it will."

"I'm sure," he declared, "that we will see federal troops again in Mississippi—probably by next September. A great many people in Mississippi think the United States government is their enemy. Mississippi frightens all in the South."

Commenting that "in some areas there was open jubilation" at the news of the President's death, McGill said, "I know that the malignancy of hard core racism is not going to abate."

McGill was here to address the Council of Civic Unity tonight.

LDS Church Unveils Cavern To Hold Genealogy Records

SALT LAKE CITY, Dec. 2 (AP)—The LDS church today unveiled a maze of caverns and tunnels, deep beneath a mountain of solid granite, that will serve as an almost impregnable storage vault for millions of church records.

The steel-lined tunnels, reinforced with cement, will be used to guard the church's genealogical files.

Today, church authorities and their wives were conducted through the hundreds of feet of tunnels, located about 20 miles southeast of Salt Lake City.

Tuesday, elvia-loaders will get a look at the granite, steel and cement covered vaults and on Wednesday and Saturday the general public will be allowed to see the inside of the 13 million dollar church project.

The tunnel complex is a mile up the side of a canyon on the north face of a sheer, gray mountain. Approximately 1,000 years ago, great blocks of stone were quarried to build the famous Mormon temple in Salt Lake City.

Six openings were made in the side of the cliff. About 120 feet behind the openings, huge cross tunnels will serve as storage areas. Hundreds of thousands of rolls of microfilm genealogy records will be kept in the tunnels.

The vaults for the records are beneath an estimated 800 feet of solid granite.

Located in Little Cottonwood canyon, the tunnels are painted in pastel colors and equipped with fluorescent lights, heat and sanitation facilities. The project is self-contained with its own water, heating system and ventilation facilities.

The Mormon church teaches that if a Mormon fully obeys the teachings of his faith, he may enter into a marriage covenant that not only lasts until death but continues on "for time and eternity."

The church also teaches that members' ancestors who died be-

Growers Ask Diversion of Spud Sales

AMERICAN FALLS, Dec. 2 (AP)—Faced with a mounting harvest that may increase Idaho's production this year nearly 20 per cent over 1962, directors of the Potato Growing and Marketing association of Idaho want diversion of more tubers to non-food uses.

Executive secretary of the organization, Ray Burge, American Falls, said members want diversion of No. 2 and better potatoes to livestock feed and starch.

A U. S. department of agriculture program provides for payments directly to producers, or to dealers if the grower sells on a field run basis. Prices would be 50 cents per hundredweight until Dec. 31; 40 cents per hundred from Jan. 1 to Feb. 29, and 30 cents thereafter, in addition to amounts the potatoes are sold for.

Burge said the USDA requires that a producers group request the program before it can be activated. The county ASC offices would handle arrangements. A control committee would decide size minimums to be diverted.

At the request of growers in some areas, Burge said the potato growing and marketing association has recommended that each of the seven districts in the association poll growers on proposed legislation. This legislation will be submitted to the Idaho legislature in 1965 to prohibit the use of low-grade potatoes by processors.

This control can only be accomplished by state legislation since the canning and freezing industries are exempt under a national marketing order, Burge said.

He said the expected harvest in Idaho this year will be 52 million hundredweight. That compares with a 43.5 million hundredweight total last year.

The increase makes up much of the bulk of a national increase of 9.5 million hundredweight, Burge said.

He said Idaho growers increasing production despite cutting acreage from 249,000 to 242,000 this year.

Russ Pull Switch, Say Oswald Spied

MOSCOW, Dec. 2 (UPI)—The Soviet Union, which has denied any connection with President Kennedy's accused assassin, Lee Harvey Oswald, hinted yesterday in a newspaper report that Oswald would spend for the United States during his two and one-half years in Russia.

Oswald, who was killed two days after the President's slaying, was reported to have declared himself as a Marxist. Soviet statements have rejected Oswald's claim that the conspiracy was connected in any way with the assassination, which they have blamed on a group of American right-wing extremists.

Pravda, the Soviet communist newspaper, went a step further yesterday and quoted a source that Oswald had identified himself as an American spy.

It said a Ft. Worth stenographer, Elaine Bates, was helping Oswald write an "anti-Soviet" book on his stay here from October 1959 to May, 1962.

"This book, she said, dealt with his sojourn in the Soviet Union," Pravda said. "In it, he sharply criticized the Soviet Union."

Besides the stenographer who Oswald hinted that he had worked as an American secret agent, the Pravda report added.

MAKING THE DECISION on who is to get the No. 1 Twin Falls county license plate are, from left, Scott Williams, 17, 142 Tenth avenue north, and Ted Manker, 18, 543 Fourth avenue north. Both waited at the courthouse since 10:30 a.m. Friday and shortly before the county assessor's doors opened at 8:15 a.m. Monday, they flipped a coin to decide which would get 2T-1 and which would get 2T-2. Manker was the lucky one and Williams ended up with No. 2. Friday and Saturday night they slept in a station wagon and Sunday night they slept in sleeping bags on the Fourth avenue north side of the building. (Times-News photo)

Woman Hit By Pickup, Legs Broken

Mrs. Camilla Haskin, about 72, Charlton, Wash., is listed in fair condition at Magic Valley Memorial hospital with fractured legs she received when a pickup truck struck her about 9:30 a.m. Monday one-half mile east of Twin Falls on U.S. highway 30.

According to the Twin Falls county sheriff's office, Mrs. Haskin started to cross the highway toward a mail box when struck by a 1958 Ford pickup truck driven by Charles Groves, 33, Twin Falls.

Sheriff James H. Benham said Mrs. Haskin had been visiting her brother, R. Agenbrood, Twin Falls. Benham said she had left the Agenbrood house and was going to get the mail when she was hit by the pickup truck.

2 Twin Falls Boys Wait 70 Hours to Get First Plates

After waiting for 70 hours, Ted L. Manker, 18, son of Mr. and Mrs. G. H. (Ted) Manker, 543 Fourth avenue north, Twin Falls, purchased the 2T-1 license plates Monday morning at the Twin Falls county assessor's office.

Scott Williams, 17, son of Mr. and Mrs. Ronald Williams, 142 Tenth avenue north, purchased 2T-2 license plates after waiting along with Manker for 70 hours. The two decided Monday morning who would buy the first set of plates by flipping a coin.

Harry Slater, Filer, who purchased the No. 1 plates the past two years, received 2T-3 license plates this year. James T. Joslin, Filer, purchased 2T-4 plates and Frank McAuley, Twin Falls, bought 2T-5 plates.

By noon Monday 416 license plates had been sold and there were about 100 persons waiting in line.

Cars Damaged Near Jerome On Saturday

JEROME, Dec. 2—Two cars were damaged in two separate accidents at about 4 p.m. Saturday one mile east and three-fourths of a mile south of Jerome on a county road.

The second accident occurred a few minutes after the first one and was near the scene of the first accident.

State Patrolman Frank Mogenssen said a 1960 Ford, driven by Barbara L. Gott, 17, Jerome, had stopped at a stop sign. Miss Gott then drove the Ford in front of a 1958 Oldsmobile driven by Mrs. Leona L. Thomason, 65, Jerome. The Oldsmobile struck the left front fender and door of the Ford. The Oldsmobile was not damaged.

A few minutes later a 1963 Chevrolet driven by Kathy A. Lowe, 14, Jerome, went out of control near the scene of the first accident. He told Mogenssen she saw the police car with the red light on ahead of her so she hit her brakes. She lost control and the car skidded sideways 216 feet before striking a concrete abutment.

The rear end of the Chevrolet was damaged. Miss Lowe was cited for failure to keep her auto under control and Miss Gott was cited for failure to yield the right of way.

Mental Test On Oswald Is Revealed

NEW YORK, Dec. 2 (UPI)—Lee Harvey Oswald, the accused slayer of President Kennedy, was once described in a psychiatric report as "potentially dangerous" with schizophrenic tendencies, it was revealed during the week-end.

Judge Florence H. Keller of family court said Saturday that Oswald had been brought into children's court here when he was 13 and then had undergone psychiatric treatment.

Judge Kelley, who said she had turned over relevant information to the FBI, would not elaborate on the nature of the charges against Oswald.

She said the Oswald family moved to the Bronx in 1952 where the teen-age Oswald attended two junior high schools. It was at one of these schools that Oswald got into difficulties leading to the court case and subsequent psychiatric examination.

The psychiatric report which called Oswald "potentially dangerous" also recommended that the youngster be committed for treatment, but the recommendation was rejected.

Shortly afterward, the Oswald family apparently moved back to Texas.

Kennedy's Parents Fly To Florida

HYANNIS PORT, Mass., Dec. 2 (UPI)—The grieving parents of President Kennedy were to fly today to their winter home in Florida after a sad Thanksgiving day reunion with the mourning Kennedy clan.

Joseph Kennedy, 75-year-old former ambassador and father of the assassinated President, and his wife Rose, 73, were the final members of the family to abandon picturesque Cape Cod. The rest of the clan, including Jacqueline Kennedy and her two children, left yesterday.

When the parents leave for Palm Beach, Fla., the celebrated Kennedy compound will be locked up for the winter. However, it will remain under heavy police guard.

Oswald Family Fund Growing

FORT WORTH, Dec. 2 (UPI)—Funds slowly trickled in today for the family of Lee Harvey Oswald.

Mrs. Shirley Williamson, a Fort Worth housewife, said she had collected \$465 so far for the Texas-born widow and her two children.

Mrs. Williamson said the secret service has picked up \$303 of the total. The agents come by car to Mrs. Williamson's home to pick up the funds.

The Oswald family is being kept in protective custody by the secret service.

Astronaut 'Space Walk' Is Planned

HOUSTON, Tex., Dec. 2 (AP)—Sometime early in 1965 an astronaut probably will step out of an orbiting spacecraft to see if he can walk in space.

That is one of the objectives of Project Gemini, the followup program to one-man Mercury flights.

The manned spacecraft center is evaluating industry proposals for a light weight life support system to protect the astronaut who climb out of the orbiting Gemini capsules.

Nov. 25 was the deadline for industry to submit proposals. Specifications announced Oct. 30 call for high priority development of a life support pack that may be worn on the abdomen or thigh. It must weigh no more than 100 pounds.

It must provide 100 per cent oxygen and include carbon dioxide and thermal controls. It must be capable of maintaining oxygen and pressure at least five minutes in the event of an emergency, such as a space suit leak. This would allow the astronaut to scramble back into the two-man capsule.

Six mission objectives have been announced for the two-man Gemini flights. They are:

1. Provide a logical followup to Project Mercury with a minimum of time and expense.
 2. Subject two men and their supporting equipment to long duration flights—up to two weeks—in space, a definite requirement for trips to the moon or deeper into space.
 3. To effect rendezvous and docking with another orbiting (unmanned) vehicle.
 4. To maneuver the spacecraft in space after docking.
 5. To experiment with men climbing out of the spacecraft for short periods while in orbit.
 6. Perfect methods for returning and landing the spacecraft on a small pre-selected land site, such as a conventional military airport.
- The first manned Gemini flights are scheduled in late 1964. The walking in space experiments have been set tentatively for the second and fourth mission.
- Under present scheduling, this would be about March, 1965.

The awards are being presented by Mrs. Frances Hamblen, scholarship committee chairman. (Times-News photo)

Costly

WASHINGTON, Dec. 2 (AP)—Broadcasting coverage of the assassination and funeral of the late President Kennedy cost the television and radio networks, and the advertising industry, a total of 32 million dollars, an industry publication said today.

The network costs ran at least 28.7 million dollars, according to a survey by broadcasting magazine. Another 3.3 million dollars was accounted for by commissions to advertising agencies and sales representatives for commercials which were suspended over the period.

Sino-Soviet Peace Try Has Failed

LONDON, Dec. 2 (AP)—Sino-Soviet peace soundings were reported today to have "virtually failed," leaving the ideological conflict between Moscow and Peking as sharp as ever.

Qualified communist sources said recent soundings for secret bilateral negotiations between Russia and Red China for a truce in their bitter conflict have in effect collapsed.

Peking was understood to have demanded that Russia make concessions to China's hard line of communism in advance of any such negotiations.

Mrs. Kennedy, Children Return To White House

WASHINGTON, Dec. 2 (AP)—Mrs. Jacqueline Kennedy and her children, Caroline, 8, and John, Jr., 3, have returned to the White House after a Thanksgiving week-end reunion with the Kennedy family at Hyannis Port, Mass.

A crowd of several hundred massed at Hyannis' Barnstable airport to see them off, but only White House staffers, newsmen and photographers were at Ghitt Andrews air force base Sunday night when a two-engine air force plane returned the Kennedys to the capital.

With them were Mrs. Kennedy's sister, Mrs. Lee Radziwill, and a niece, Sydney Lawford, daughter of the late President's sister, Mrs. Peter Lawford.

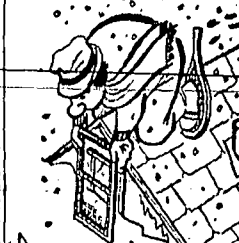

Proposals

WASHINGTON, Dec. 2 (AP)—Congress is considering at least 60 proposals to honor the memory of President Kennedy or to cope with the circumstances of his assassination.

Since the President's death 11 days ago, congressmen have introduced resolutions and bills to name buildings, mint currency and designate a national seashore and a barge canal as Kennedy memorials. Others would increase a chief executive's protection or make it a federal crime to assassinate a president.

Trumpeter Swan Having Birth Boom

WASHINGTON, Dec. 2 (AP)—The trumpeter swan, once thought extinct, is having a population boom, the interior department reported today.

The swan, the largest waterfowl on the North American continent was thought extinct in the late 1920's. Government biologists searching for the rare birds in 1932 were elated to find 57 adults and 12 young birds.

These birds were counted in the Red Rock Lakes-Yellowstone region, which reaches into the states of Montana, Idaho and Wyoming.

This year more than 800 of the trumpeters have been counted in the United States south of Alaska, including a record number of young, which are known as cygnets.

The young exceed 300. By contrast, as recently as 1945 the total count of adults and young was 235.

Trumper Swan Having Birth Boom

WASHINGTON, Dec. 2 (AP)—The trumper swan, once thought extinct, is having a population boom, the interior department reported today.

The swan, the largest waterfowl on the North American continent was thought extinct in the late 1920's. Government biologists searching for the rare birds in 1932 were elated to find 57 adults and 12 young birds.

These birds were counted in the Red Rock Lakes-Yellowstone region, which reaches into the states of Montana, Idaho and Wyoming.

This year more than 800 of the trumpeters have been counted in the United States south of Alaska, including a record number of young, which are known as cygnets.

The young exceed 300. By contrast, as recently as 1945 the total count of adults and young was 235.

YOUR BIRTHDAY and HOROSCOPE

TUESDAY, DEC. 2—Born today, you are by nature an optimist. A joy to have around the home, office, or workshop, no matter how dark things appear, you always manage to look on the bright side and to come up with some constructive suggestion for the lightening of everyone's load—whether that load be real or imagined. In fact, you have a tendency to baby people, to cater to their emotional whims, and, though this trait endears you to others, it could lead to an excess of self-sacrifice.

You have an original turn of mind and find it difficult to adhere closely to any monotonous routine. Even your unusually sunny disposition cannot get you over this hump, and you would be wise therefore to choose some line of work that keeps you involved in ever-new and challenging enterprises.

Although almost every characteristic you possess would lead one to think of you as a romantic at heart, in reality you are anything but. You are loyal and, should you marry, you will be true to your mate, and prove a helpful and trustworthy companion; to demonstrate your love and affection, however, will be something you will have to work hard at to learn.

Among those born on this date are: Joseph Conrad, famed novelist; George B. McClellan, Union general in the Civil War; Gilbert Stuart, portrait painter.

To find what is in store for you tomorrow, select your birthday star and read the corresponding paragraph. Let your birthday star be your daily guide.

SAGITTARIUS (Nov. 23-Dec. 22)—Wisdom plus caution should secure long-sought gains. Know your opposition and avoid the mistake of underrating it.

CAPRICORN (Dec. 22-Jan. 20)—An excellent day if you are in a buying or selling mood. Take care that you estimate losses as well as gains—beforehand!

AQUARIUS (Jan. 21-Feb. 19)—Avoid committing yourself to future activities which run counter to present goals and expectations. Look sharp!

PISCES (Feb. 20-March 20)—Major problems should be non-existent today; you can keep up with minor ones by the exercise of care of thought.

ARIES (March 21-April 20)—Tension could greatly damage personal relationships, both at home and on the job. Keep temper and tongue under control!

TAURUS (April 21-May 21)—Rely on your own rather than another's judgment in the consideration of your immediate future. Take stock of your available assets.

GEMINI (May 22-June 21)—Save your best efforts for home and family. You may have to do a major repair job in the area of hurt feelings; if so, be tactful.

CANCER (June 22-July 23)—Avoid taking the next logical step forward until you have checked and rechecked the success of steps already taken. Slow down.

LEO (July 24-Aug. 23)—All things in moderation today. Impulsive action may well sink it!

VIRGO (Aug. 24-Sept. 23)—Maintain progress through prudence. To move too quickly now could mean you will soon have it all to go over again!

LIBRA (Sept. 24-Oct. 23)—Accept an offer of assistance from one whose concern for your welfare is obvious. Avoid broadcasting the fact, however.

SCORPIO (Oct. 23-Nov. 22)—You might be wise to check the source of recent information—even if it means going considerably out of your way.

Realignment Issues in Top Minor Leagues Pose Problem at Baseball Meet

SAN DIEGO, Calif., Dec. 2 (AP)—A realignment wrangle involving the two top-level triple-A circuits broke out Sunday on the eve of the 62nd annual minor league baseball convention, which opens Monday with a bargain-basement draft by the big leagues. The squabble revolves around the International league's refusal to resume its 10-team set-up as proposed by Commissioner Ford Frick unless the majors continue to underwrite the extra travel costs. Under the new player development plan, adopted last year, the International and Pacific Coast leagues agreed to expand from eight to 10 teams following the foldup of the American association.

Bears Rally to Tie Minnesota at 17-17

CHICAGO, Dec. 2 (AP)—Bill Wade's eight-yard touchdown pass to Joe Marconi after inspired Minnesota fumbled away apparent victory gave the Chicago Bears a 17-17 tie with the Vikings Sunday to keep the Bears the Western division leader in the National Football league. It was the second successive 17-17 deadlock played by the Bears, who last Sunday tied the Pittsburgh Steelers.

The Bears, nearly an upset victim by the substitute quarterbacking of Ron VanderKelen, now hold the division lead.

Wade's pass to Marconi came on a play in which VanderKelen had fumbled the ball to the Vikings.

Vikings		Bears	
First downs	15	15	15
Rushing yards	114	87	
Passing yards	86	154	
Passes	6-11	16-37	
Passes intercepted by	1	1	
Fumbles lost	1	1	
Yards penalized	23	25	

with a 9-1-2 record, one-half game ahead of runner-up Green Bay with a 9-2-1.

VanderKelen entered the game with only two minutes gone when Viking star Fran Tarkenton was injured and directed the Vikings brilliantly, tossing his first NFL touchdown pass to give Minnesota a 17-3 lead in the second quarter.

Tarkenton did not re-enter the game until the Bears tied it at 17-17 midway in the fourth period on the Wade-to-Marconi scoring drive.

The Bears got the big break of the game when Tommy Mason fumbled and Rosy Taylor recovered for the Bears on the Viking 11. Two plays later, Wade found Marconi wide open in the end zone. Rookie Bob Jencks' conversion knotted the score.

The Bears were outbatted most of the way by the team they had beaten 28-7 in Minnesota on Sept. 22. They were held to only 22 yards rushing in the first half and finally got back in the game in the third quarter. Wade capped a 49-yard march with a one-yard touchdown sneak, trimming the Minnesota lead to 17-10.

Tarkenton failed to get the Vikings moving after the Bears tied it at 17-17 and wound up with one completion in four passes for four yards.

Steelers Tie Eagles in Last Minute

PITTSBURGH, Dec. 2 (AP)—A 24-yard goal by Lou Michaels with 40 seconds remaining capped a fourth-quarter Pittsburgh surge and gave the Steelers a 20-20 tie with Philadelphia Sunday in a wild National Football league game.

The tie, the second between the two teams this season and the third for Pittsburgh, kept the Steelers' lead over the Eagles.

Eagles		Steelers	
First downs	8	23	
Rushing yards	114	159	
Passing yards	215	101	
Passes	15-24	13-31	
Passes intercepted by	4	1	
Fumbles lost	1	3	
Yards penalized	115	18	

Steelers in the running for the Eastern division crown. They have won six and lost three.

Michals' field goal came after Ed Brown had passed the Steelers from their own 21 to the Eagles' 16. There the drive stalled.

Brown, who had four passes intercepted during the game, finally found the range in the fourth quarter when he hit on scoring tosses of 57 and eight yards to end Gary Ballman.

The Steelers came close to another touchdown on the final play of the second quarter when Buddy Dial made a fantastic over-the-head catch of a Brown pass and fell out of bounds on the Eagles' two.

However, the clock ran out on the play which covered 55 yards.

Tennessee Fires KNOXVILLE Mentor

KNOXVILLE, Tenn., Dec. 2 (AP)—Jim McDonald was dismissed Sunday as head football coach at the University of Tennessee and at the same time rehired as assistant director of athletics.

Dr. Earl Ramer, chairman of the athletics board, made the announcement at an especially called news conference.

He said the action was taken at a board meeting Saturday night. Ramer said the board would meet Monday morning to discuss prospects for McDonald's successor.

Liberty Bowl Is Moved to Dec. 28

PHILADELPHIA, Dec. 2 (AP)—The executive council of Liberty bowl charities, Inc., announced Sunday that the fifth annual Liberty bowl game has been rescheduled from Dec. 21 to Dec. 28.

The game will be played in Philadelphia stadium and will be nationally televised with a 90-mile radius blocked out.

San Diego Is 27-0 Winner Over Texans

SAN DIEGO, Calif., Dec. 2 (AP)—The San Diego Chargers utilized a stout defense and an improving offense to defeat the Houston Oilers 27-0 in a clash between the American Football league leaders Sunday.

Chargers		Oilers	
First downs	14	21	
Rushing yards	102	212	
Passing yards	243	335	
Passes	13-22	14-31	
Passes intercepted by	4	4	
Fumbles lost	4-40	4-45	
Yards penalized	35	40	

The Chargers intercepted three passes and recovered two fumbles in shutting out Oiler quarterback George Blanda for the first time in 45 games and dealing Houston its first shutout since the league's initial year.

The field goal line-up figured heavily in Charger scoring.

San Diego defensive end Earl Paison blocked a Blanda field goal on the Charger 46, and five plays later fullback Keith Lincoln went 15 yards on a draw play for the game's opening score.

Charger George Blair's first field goal, a 42-yarder, gave the San Diego a 10-0 lead in the second period.

Unitas Leads Colts Past Washington

WASHINGTON, Dec. 2 (AP)—Johnny Unitas, as deceptive as a sideshow magician, passed for three touchdowns Sunday as he led Baltimore to an easy National Football league 36-20 victory over Washington.

Unitas kept the Redskins in an almost constant state of confusion with his play calling. He connected on 24 of 37 passes for 365 yards and ran for key yardage himself on several occasions.

Colts		Redskins	
First downs	24	18	
Rushing yards	125	50	
Passing yards	346	345	
Passes	25	18	
Passes intercepted by	2	1	
Fumbles lost	3-43.7	6-38.3	
Yards penalized	61	44	

The clever quarterback sent the Colts into a 16-7 halftime lead with second quarter touchdown passes of 30 yards to John Mackey and two yards to Ray Berry, and Washington never caught up.

Washington threatened to make a contest of it early in the third quarter, moving 80 yards in four plays to make the score 16-13. Dick James raced around end from three for the score after a 62-yard pass to Don Bosseler put the ball in scoring position.

Jim Martin then kicked a 37-yard field goal to stretch the Colt lead. In all, Martin kicked three field goals, with the other two from nine yards and 41 yards.

Unitas broke the game wide open in the fourth quarter with two quick touchdowns.

Senators to Open Baseball Draft

SAN DIEGO, Calif., Dec. 2 (AP)—The Washington Senators, because of their last place finish in the American league, will have first pick in the player draft which opens the annual minor league baseball meetings Monday.

The Senators will be followed by the New York Mets, the National league cellar club.

Then will come the Los Angeles Angels, Houston, Colts and the rest according to their inverse finish last year. The selection prices range from \$25,000 for veteran minor leaguers to \$8,000 for the first-year men.

"There is another category for a scattered few signed prior to 1962, who come under the old first-year rule and will cost \$12,000."

Cardinals Will Release Sawatski

ST. LOUIS, Dec. 2 (AP)—The St. Louis Cardinals said Sunday baseball catcher Cyril Sawatski, who lives in Little Rock, Ark., has been put on waivers for possible unconditional release.

Sawatski appeared in 50 games during the 1963 season most of the time as a pinch hitter. He batted .238, hit six homers and had 14 runs batted in.

The IL added Little Rock and Indianapolis while the PCL took on Dallas-Fort Worth, Oklahoma City and Denver, dropping Vancouver.

The International league, reluctant to expand, finally acquiesced when the majors agreed to pay \$78,000 to cover the added transportation costs. The majors notified the IL last September the transportation subsidy would not be renewed.

"Unless somebody picks up our extra tab," said Harold Cooper, general manager of the Columbus club and a member of the IL board of directors, "we won't go with 10 clubs again next year."

"Last winter, to solve a difficult problem, we reluctantly took in Little Rock and Indianapolis on a one-year basis."

"We didn't want to go to 10 clubs," Cooper added, "but when they told us it would be good for baseball, we agreed to help them out. But they have made it look as if they helped us out."

At a meeting in New York last month, the IL board of directors voted to return to an eight-team operation in 1964 which would save travel money was forthcoming. Subsequent meetings between IL president Tommy Richardson and Frick failed to budge the majority of the loop's eight old clubs.

"Under an eight-team arrangement, we were a very successful league," said General Manager Don Larrabee of the Syracuse club. "The 10-team set-up hurt us last season. Our clubs are all independently owned, and we just can't sell our fans on a 10-team league unless the majors underwrite the extra costs."

"We told them we would be willing to expand to 12 without asking for extra travel costs," said George Sisler, general manager of the Rochester club. "We couldn't face this transportation problem if we had 12 clubs since we would have two divisions and in that way could cut costs."

Expansion to 12 clubs could be accomplished only by taking two Pacific Coast league clubs, probably Dallas and Oklahoma City. It was improbable since the PCL, which voted to continue with 10 clubs, would not relinquish these two cities. By the same token, there seemed little likelihood that the PCL would agree to go to 12.

Brown Sets Rushing Record as Cleveland Tips St. Louis 24-10

ST. LOUIS, Dec. 2 (AP)—Rejuvenated Frank Ryan and record-breaking Jimmy Brown kept Cleveland in a tie for first place in the Eastern division of the National Football league Sunday as they led the Browns over St. Louis, 24-10. The Browns are now tied for first with the New York Giants, who downed the Dallas Cowboys 34-27. Cleveland, St. Louis and Dallas entered Sunday's games tied for the Eastern lead, each with 8-3 records.

Hagerman Will Host Castleford Tuesday

HAGERMAN, Dec. 2 (AP)—A near full club of eight returning lettermen is offset by a lack of overall height for the Hagerman Pirates and coach Al Glanders as they prepare for their second season in the Northside conference. The Pirates lost only two regulars from last year's starting outfit, John Anderson and Keith Crist, but with them went 437 of Hagerman's 1,055 points.

"The Pirates open the season by hosting the Castleford Wolves Tuesday night."

"Right now we are still a comparatively young club. At the present time I am starting two seniors, one junior and two sophomores," Glanders reports. "However, we hope to improve last year's record of 10-10 and I think we will. We still don't have the 'big' boy we need and this definitely hurts us especially in a tough ball game."

Tallest on the Hagerman roster is 6-foot, 2-inch Dean Jensen, a junior with no experience. Another non-letterman on the club is Jerry Norton, 5 feet, 10 inches.

The Pirates are deepest at the guard position with seniors Scott Boyer, 5 feet, 4 inches, and Dave Thompson, 5 feet, 8 inches, and junior Alan Boyer, 5 feet, 9 inches. Forward veterans are Bill Whorton, a 5-foot, 9-inch senior; Junior Terry White, 5 feet, 10 inches, and sophomore Dave Glander, 5 feet, 11 inches, and Junior Mike Tupper, 5 feet, 9 inches, are the center returnees.

The Hagerman schedule includes Dec. 3, Castleford at Hagerman; Dec. 7, Hagerman at Shoshone; Dec. 13, Hagerman at Wendell; Dec. 14, Hansen at Hagerman; Dec. 20, Hagerman at Hansen; and Dec. 21, Wendell at Hagerman.

Jan. 3, Camas County at Hagerman; Jan. 7, Richfield at Hagerman; Jan. 10, Hagerman at Bliss; Jan. 17, Hagerman at Gooding State; Jan. 24, Dietrich at Hagerman; Jan. 24, Hagerman at Camas County; Jan. 31, Bliss at Hagerman.

Feb. 1, Hagerman at Carey; Feb. 4, Hagerman at Richfield; Feb. 7, Gooding State at Hagerman; Feb. 8, Hagerman at Dietrich; Feb. 14, Shoshone at Hagerman; and Feb. 14, Hagerman at Castleford.

Jets of N. Y. Shut Out Chiefs 17-0

NEW YORK, Dec. 2 (AP)—The New York Jets converted Bill Baird's 60-yard return of a short punt into a field goal to shut out the Chiefs 17-0 Sunday.

field goal attempt and an interception by Dainard Paulson into the game's only touchdowns and went on to defeat the Kansas City Chiefs 17-0 in an American Football league game Sunday.

The Jets, sharp defensively against a Kansas City team unable to unwind its passing attack, behind either veteran Len Dawson or young Eddie Wilson, turned breaks into touchdowns in the second and third periods while handing Kansas City its first shutout in history.

But set up the first touchdown in the second quarter when he grabbed Jack Spilkes' short field goal attempt and raced 60 yards down the sidelines to the Kansas City 33. Six plays later, Dick Wood passed for his 18th touchdown of the season, a 20-yarder to Don Maynard.

In the third quarter, Paulson picked off a Wilson pass at the Kansas City 45 and lateraled to Marshall Starks, who brought it back to the 32. A 16-yard penalty on the play put the ball at the 17. Bill Mathis cranked over from the one for the touchdown.

Giants Tip Dallas As Tittle Snaps TD Pass Record

DALLAS, Dec. 2 (AP)—Y. A. Tittle set a National Football league record for touchdown passes Sunday in lifting the New York Giants to an uphill 34-27 victory over the Dallas Cowboys. New York's triumph kept the Giants in a tie for the NFL's Eastern division lead with the Cleveland Browns, who knocked off the St. Louis Cardinals 24-10 Sunday.

Harried by a terrific pass rush in the first half, when Cornell Green intercepted two of his throws and turned them into touchdowns, Tittle came back to guide the Giants to 20 points in the last half.

His nine-yard shot to Frank Gifford and a 17-yard scoring pass to Earl Edwards capped the drive.

Council of Churches Picks Leader

PHILADELPHIA, Dec. 2 (AP)—Bishop Reuben H. Mueller, Indianapolis, Ind., is slated to become the new president of the National Council of churches, authoritative sources disclosed today.

The Rev. Dr. Mueller, 66, is president bishop of the Evangelical United Brethren church, a Protestant denomination whose 800,000 members are concentrated mainly in Pennsylvania and Mid-Western states.

Informants said leaders of the council's 31 constituent denominations agreed informally on the choice of Bishop Mueller to serve as the chief spokesman and man-out-front for cooperative Protestantism during the next three years.

He will be formally elected Wednesday night at a public session of the national council's triennial general assembly.

Khrushchev Assesses Johnson

WASHINGTON, Dec. 2 (AP)—As rumor has it, Soviet Premier Nikita S. Khrushchev is anxious for an early "get acquainted" meeting with President Johnson, he undoubtedly plans to avoid the errors he made in assessing the late John F. Kennedy after their initial confrontation.

Khrushchev, at Vienna in June 1961, mistook politeness for timidity, good breeding for weakness. He told his aides he could not understand why Kennedy, head of the most powerful nation in the world, rose to his feet when Khrushchev entered the room.

The Soviet leader obviously got the impression the young President could be pushed around. The chilling nature of his demands on Berlin and other issues, and the insulting manner in which he presented them was obscured by American officials for the time. However, the conclusion Khrushchev had drawn soon became evident.

He whipped up the Berlin issue to new crisis proportion and tightened the diplomatic squeeze around the world. But his mis-

reading of Kennedy's character became quickly evident.

The young President took rapid steps to increase U.S. military might in Europe. He made it clear he was ready to fight for Berlin if necessary. And, possibly most important, he let Khrushchev know that the United States, despite any public confusion on the subject, knew that it had vast superiority in nuclear weapons over Russia.

Dr. J. Robert Oppenheimer, the controversial scientist who 10 years ago was declared a security risk by the atomic energy commission, receives the AEC's highest award today from President Johnson.

The chief executive, acting to carry out the intentions of President Kennedy, was scheduled (at 5 p.m. EST) to present the \$50,000 Enrico Fermi award to the 59-year-old nuclear physicist at brief White House ceremonies.

Richfield Ballot Tuesday Lists One Candidate

RICHFIELD, Dec. 2 (AP)—Capps is the only nominee in the highway district election here Tuesday.

Capps, seeking reelection for four years, has served two years as commissioner for the district and acted as president of the board the past six years.

Voting is scheduled at 1000 P.M. in the 1000 P.M. Holdover Richfield road commissioners are C. F. Chaffin and F. M. Crowther. The district secretary is J. M. Brown, assistant road supervisor.
