

Cyprus Group To Meet With United Nations

—Nicosia, Cyprus, Feb. 14 (UPI)—Cyprus President Archbishop Makarios will send a delegation to the United Nations security council "in a few days" following failure of Anglo-American attempts to set up a peace force for this embattled island, high diplomatic sources said today. There were unconfirmed reports at the same time of new fighting in which two were killed. Word that Makarios was appealing to the U. N. directly to push his own plan to win a security-council guarantee of Cypriot territorial integrity came as U. S. Undersecretary of State George Ball left for Ankara, "Ball came here to try to talk Makarios into accepting a NATO or other western peace force to guarantee the truce between the Greek and Turkish Cypriot communities, but Makarios rejected all of Ball's proposals."

REF. DONALD EDWARDS
... will be guest speaker at the Mikloska-Casala Democratic dinner at 7:30 p. m. Saturday at St. Nicholas parish hall in Rupert. He will be introduced by Rep. Ralph Harding, D. Ida.

Demo Solon To Speak at Rupert Meet

A dinner at San Jose, Calif., Congressman Edwards was graduated from Stanford university and served in the U. S. Navy during World War II. He is an FBI agent and during the war served as a naval intelligence officer.

Defector to Talk With Soviet Union

WASHINGTON, Feb. 14 (AP)—The Soviet Union has asked and been granted permission to interview a defector to the Soviet Union. The defector is a Soviet secret official who defected from the Soviet Union and is now in the United States. The Soviet Union is interested in the defector's views on the Soviet Union and its policies.

Bulletin

DALLAS, Feb. 14 (AP)—Rep. J. P. Brown today ordered the defense and prosecution to try to pick a jury in Dallas for the murder trial of Jack Ruby, Dallas police official said today. The trial is set for next week.

Divorces Easy? So Are Marriages in T. F.

By KENNETH AMOS
Southern Idaho, becoming a divorce capital, is not the only place in the state where the divorce rate is high. In fact, the divorce rate is high in all parts of the state. This is due to the fact that the divorce rate is high in all parts of the state. This is due to the fact that the divorce rate is high in all parts of the state.

RECUED GAS TANK WHICH EXPLODED AT 4:30 p. m. Thursday in front of Western Salvage company, critically burning Fred E. Dougherty, 49, Twin Falls, is examined by Twin Falls Policeman Francis Ahern, Dougherty was listed in critical condition at Magic Valley Memorial hospital early Friday morning. (Times-News photo)

Salvage Yard Worker Burned Critically as Gas Tank Explodes

"I am through," roared Fred E. Dougherty, 49, Twin Falls, to a friend who was helping him smother flames on his gas-soaked body Thursday afternoon. Dougherty was listed in very critical condition Friday afternoon in Magic Valley Memorial hospital with third degree burns over 90 per cent of his body. He was burned about 4:30 p. m. Thursday when the gasoline tank exploded on a car frame he was working on. The explosion occurred at the Western Salvage company, 904 Fourth avenue west, where Dougherty is a worker. The explosion was caused by a gas leak from a tank. The explosion was heard by many people in the area. The explosion was a major disaster for the company and the community.

Talk Ends Between U.S. and Britain

WASHINGTON, Feb. 14 (UPI)—The United States and Britain failed during two days of top-level talks here to even their hard differences over trade with Cuba and credits to the Soviet Union. But President Johnson and Prime Minister Alec Douglas-Home were said to have established a warm, personal relationship. A "very high batting average" of agreement over disagreements in the talks was stressed today by Secretary of State Dean Rusk in a brief speech as the prime minister departed for London.

Fighting Continues In Laos

VIENTIANE, Laos, Feb. 14 (AP)—The fighting in Laos, the salvage company owner's son, drove into the wreckage of the truck just in time to hear the explosion. Young Francis was treated and released from the local hospital with burns on his hands from trying to help Dougherty. The explosion was a major disaster for the company and the community.

Accused of Using Chemicals

MOSCOW, Feb. 14 (AP)—The Soviet foreign minister today accused a North Vietnamese charge that the United States was using chemical weapons in the fighting against communist guerrillas. The Soviet minister said that the United States was using chemical weapons in the fighting against communist guerrillas. The Soviet minister said that the United States was using chemical weapons in the fighting against communist guerrillas.

Missile Explodes, Sets Raging Fire At Air Force Base

ROSWELL, N. M., Feb. 14 (UPI)—A fire touched off by the explosion of a giant unarmed Atlas missile burned itself out during the night after raging for hours, through a 12.5 million dollar air force installation designed to shoot a nuclear warhead halfway around the world. All we can do now is wait until "the coals down," said an air force official. He said investigators then would begin probing the cause of the explosion. The official said it may be a day or so before the missile is safe to inspect. A special air force investigative board of six colonels will conduct the inquiry.

49 Area Pilots Get Safety Awards Here

(See picture on page 5)
Safe pilot awards were presented Thursday evening to 49 fliers from the Magic Valley area during the fourth annual Idaho safe pilot program dinner in the Twin Falls American Legion hall. Engraved wall plaques and lapel pins were awarded to Fred M. Frazier, Twin Falls, and Donald L. Webb, both recipients of million-dollar awards for flying over one million air miles without an accident. Other top awards were presented to L. James Koulik and Fred Wanzenried, both Twin Falls, who have flown 23 and 26 years respectively without mishap.

Car Nursed

NEW YORK, Feb. 14 (AP)—A New York motorist who was observed "nursing" his car was fined \$100. When the driver stopped for a red light he started "nursing" his car. The driver was fined \$100 for "nursing" his car. The driver was fined \$100 for "nursing" his car.

Grading Under Way For Angus Bull Sale

FILER, Feb. 14.—Grading of more than 600 bulls commenced today at the all-grades grading for champion or reserve champion bull honors, was under way Friday afternoon at the Twin Falls county fairgrounds. The grading, a preliminary to the Idaho Angus breeders association bull sale Saturday, followed a buffet dinner Thursday night at which Walter H. "Yar" Roundup, Twin Falls, was elected president of the Idaho Angus breeders association.

Jordan Talks At Rupert GOP Banquet

RUPERT, Feb. 14 (AP)—Sen. Len E. Jordan, R. Ida., told a luncheon audience Thursday night that the Johnson administration is promoting a "new deal" in the world. Jordan said that the Johnson administration is promoting a "new deal" in the world. Jordan said that the Johnson administration is promoting a "new deal" in the world.

Drifting on North Side Slows Buses

Rural children in several north side communities were delayed from school early Thursday afternoon because of ground blizzards. The blizzards were caused by a storm system moving through the area. The blizzards were caused by a storm system moving through the area.

Mrs. Ford Leaves Area For Home

**Slick Roads
Are Blamed
For Mishaps**

Slick roads caused two of three plane accidents investigated Thursday by Twin Falls police.

At 8:15 a.m. at Second street and Second avenue east a 1961 Ford coupe driven by Richard C. Geronzi, 119 Main avenue west, crashed into the rear of a 1954 Pontiac driven by Alfonso A. Smith, 119 Main avenue west.

The second accident occurred at 9:30 a.m. at Shoshone street and Fourth avenue west.

At 10:15 a.m. a 1960 Studebaker coupe, driven by Mrs. Mary Murray, 233 Tyler street, crashed into the rear of a 1954 Ford sedan driven by Mrs. Mary Woulter, 233 Tyler street.

The third accident occurred at 11:30 a.m. at Shoshone street and Fourth avenue west.

A 1960 GMC pickup truck, owned by L. W. Smith, 1778 Third avenue east, slid into the rear of a 1954 Plymouth driven by Fred Allen, 146 Jackson street.

Allen was treated for minor injuries but did not require hospitalization.

No citations were issued in any of the accidents.

**Carnival Set
For March 20
At Jerome**

Jerome, Feb. 14.—The annual carnival of the Jefferson PTA will be held March 20. Plans for the carnival were discussed at a meeting held at the school.

President of the PTA, Mrs. Edna F. Smith, and Mrs. Mary Woulter, 233 Tyler street, and Mrs. Sonnichsen, who were presented with past president's pins.

A planning committee was appointed, including Sonnichsen, Woulter, Larson and Jacobson.

Procedure books were displayed for sale at the PTA state convention.

Room count was won by Mrs. Wayne Peterson, lower grades, and Mrs. Hinkle Cox and Mrs. Hinkle Cox for the upper grades.

Mrs. Varda Larsen was appointed as magazine chairman.

Mrs. Bert Wright is the new room mother chairman.

Sup. Earl W. Shafer was a guest speaker.

Refreshments were served by the executive board.

**Party Held by
Burley Rotarians**

Burley, Feb. 14.—About 130 guests attended the Rotary dinner party Tuesday evening at the Pizzeria Inn.

Guests and daughters of the Rotary club members were honored with special entertainment was provided by Keith Robert and Ethel Clark, both Twin Falls, known as the "Jokers."

General arrangements were under the direction of Ray Barstow and Wendell.

The program for the regular business meeting, Tuesday, will be under the direction of James Hays.

Singers Appeal

MANUEL, Feb. 14.—The Municipal Jubilee singers presented a program Wednesday evening in the high school. The group was under the sponsorship of the National Assembly and was presented in the evening to give new people a chance to see them.

SAFE PILOT awards were presented Thursday night in American Legion hall to L. James Koutnik, 1317 Fremont drive, Teller, and Fred Wanzel, route 2, Kimberly, right, by Patricia Worthan, center, Boise, secretary for the state director of aeronautics; Koutnik and Wanzel have flown 22 and 24 years, respectively, without mishaps. (Times-News photo)

**Elks Bridge Unit
Reports Results**

Elks-bridge-and-dinner club met Wednesday night in the Twin Falls Elks lodge with Mr. and Mrs. Russell Miller, Mr. and Mrs. William McEntarney, Charles Casey and Mrs. Nora Casey, as hosts.

Winners for the ladies were Mrs. Herbert Lautenschach, first; Mrs. Ada Davis, third. Men's winners were Charles Casey, first; Charles Keith, second, and Robert H. Kelly, third.

Next meeting of the group will be held Feb. 26 in the Elks hall.

**Sinatra
Testifies in
Court Trial**

LOS ANGELES, Feb. 14.—Frank Sinatra, Jr., testified today that he, once, testified to kill two of his alleged kidnapers because he felt his own life was in danger.

Young Sinatra, in his second day on the witness stand at the trial of three men accused of kidnaping him, made the statement under direct questioning of Government Prosecutor Thomas J. Sheridan.

The 20-year-old singer told a federal court jury that he made the threat on Tuesday, Dec. 10, while he was held in a Cagney Park hideout guarded by the kidnapers whom he has designated only as "No. 2 man" and "No. 3 man."

"I informed them I had no reason to believe I had any security and if I was not released by a certain time I told them I was going to kill both of them and the only way they could stop me was by killing me," Sinatra testified.

Then the witness said the two men, "assured me they were physically larger than I was. He said nothing further came from the exchange of threats but I detected a certain nervousness among the parties."

Yesterday young Sinatra testified he "played it cool" with his kidnapers to save his life after the Dec. 8 kidnaping.

**Founders Day
Is Observed
At Hagerman**

HAGERMAN, Feb. 14.—Founders day for the Hagerman PTA was observed Tuesday evening with the lesson on "Understanding the PTA" given by Mrs. Chet Low.

Her topic was "Why our PTA is a unit of the National Congress of Parents and Teachers' association." Mrs. Robert Tupper is Founders day chairman.

Guests under the direction of their den mother, Mrs. James Dayley, presented the flag. They were Tom Bennett and Bill Doyle.

Jack Martin, eighth grade teacher, explained the new mathematics teaching system.

Mrs. Marion Pugmire reported on PTA membership. Mrs. LeRoy Jolley, president, presented reports to all past presidents in attendance. They were Mrs. Rex McNulty, Mrs. Stanley Penfold, Mrs. Frank Henalee, Mrs. Robert Adair and Mrs. Pugmire.

School trustees held a cake decorating contest with Frank Henalee, Alfred Sandy, Adair, and Supl. George Carmel competing. Carmel's culinary efforts won him the first place prize.

The next meeting will be held at 7:30 p.m. March 10, with the nominating committee to be elected. The science fair at the school is scheduled for the same evening, so the business meeting will adjourn at 8 p.m.

The cakes which were decorated were served by Mrs. Howard Vinegar, Mrs. Hark McIsidine and Mrs. Gene Turner.

**King-Hill-Club
Orders Articles**

KING HILL, Feb. 14.—Members of the Happy Home Makers 4-H club ordered 4-H rings and sweatshirts Tuesday afternoon when they met with their leader, Mrs. Martin Woodward, at the home of Mrs. Addie Smith.

New members are Debbie Allen and Ann Knox.

A tea for mothers was discussed and the date was set for March 14.

**Solon Talks
To Realtors
Over Control**

SHOSHONE, Feb. 14.—The dangers of representation by population and the need toward federal control and precedence over state rule were discussed by Sen. Jack M. Murphy Tuesday night at the North Side Realtors hall at the Boise city center.

Senator Murphy pointed out that the founding fathers of Idaho adopted the same general form of government as that of the U.S. However, with the trend toward representation by population there will be an unfair advantage and the old checks and balance system is threatened, the senator noted.

There was some discussion of the new federal theory under the 14th amendment, and note made the Idaho senate has been recognized with a substantial increase in members of the house of representatives.

"We are faced with the fact that a federal court can take over," Murphy said. Then he concluded "The supreme court should allow the states to act for themselves in realignment and appointments and should allow them to determine their own representation."

When asked about the Snake river problem and the need for a special session of legislature, Murphy reported he will call a session unnecessary and a waste without a real and appropriate purpose for the session.

The second in the series of real estate lessons being held for the Gooding-Shoshone area was announced for Thursday night at Shoshone high school. Gates said there was room for more to take the course and any interested person may do so. Wallace Walker, Boise, is instructor. The course runs 10 weeks, one meeting a week.

Fraser was appointed to represent the board at a president and secretary school in Boise Friday. One more delegate may be selected to attend school.

The national advertising program was explained. Each member of the board will participate through an additional fee this year, providing funds for a national-wide advertising program.

Hagerman will host the next meeting, Harrell Thorne, Shoshone, made arrangements for the meeting this week and introduced the speaker.

Smile

TUNBRIDGE WELLS, England, Feb. 14.—A 30-year-old man John Stevens' cheery smile has brought him \$1,400.

Edith Gray, 90, left that amount to him in her will.

Frequently before she died last October, she told friends she looked forward to Stevens' smile when he delivered the milk each morning.

The bequest was to Mr. Stevens, a milkman.

**Wall Street
Chatter**

NEW YORK, Feb. 14.—The market is rising. The market is falling. Both statements are correct, says Indicator Digest, Inc.

"The Dow-Jones industrial average has made one new high after another—the intra-day high is just below the much-heralded 800 mark. At the same time, more stocks on the big board are in fulsome bearish downgrades than are moving up."

The appearance of great strength in the industrial stock week was due chiefly to the weight of Du Pont. Such strength is highly deceptive and cannot be trusted unless other stocks used in compiling the "Dow-Jones average catch the Du Pont fever."

Standard and Poor's says, "The stock market has continued to maintain a firm undertone although further adjustment may be needed before it is ready to resume its upward trend. Investors should be on the alert for buying opportunities in sound but relatively unexploited issues."

United Business Service says that "after an interval of pause and rest, we believe the market could well extend its gains in coming months, helped by a favorable business picture and added stimulation of a tax cut."

Record**

TWIN FALLS COUNTY

D. L. McDowell, Twin Falls, 57, failure to display 1964 license plates, Carl R. Dahl, 510; Crell L. Galtley, 414 and 415; Harold D. George, 415 and 415; and McDowell, 410 and 415, all Twin Falls, and all overweight loads.

No Pants

NEWPORT, Ky., Feb. 14.—A tuxedo rental firm yesterday attempted to sue the local police, claiming the firm has too much trouble spotting them.

Taken were 12 white formal-coats, 12 gray-morning-coats and 12 midnight blue tuxedo-coats—but no trousers.

**Grange Plans
Auction Sale
At King Hill**

KING HILL, Feb. 14.—A Grange auction sale was planned for March 14 at the King Hill Grange hall when members met Tuesday night.

Frank Jones—who was named chairman of the sale, said proceeds will be used to help pay the new roof on the Grange hall and for charity donations.

Glenn Perry Grange members were accepted into the Grange hall when members met Tuesday night.

Mrs. Frank Jones, lecturer, announced a film will be presented by the Forest service, Mountain Home, at the next meeting, Feb. 25. Members participated in Grange t-shirt work.

Crell and Mrs. Mrs. Addie Smith served refreshments.

**Jerome Class Is
Searching for 7**

JEROME, Feb. 14.—The Jerome high school graduating class of 1964 is looking for seven class members.

They include Gwendolyn Dotz, Donald Swenson, Pat Connell, Lucille Evans, Joe Pella, Eugene Miller and Phyllis Zebdon.

Anyone knowing their whereabouts is asked to contact Mrs. Glen Jackson of Fred Burkhart.

Burkhart has been named president of the committee to plan the class reunion. Mrs. Jackson will act as secretary of the group and Roger Pella, treasurer.

Mr. Pella was selected as publicity chairman and Richard Lowe, chairman of calling.

The class members will meet at 8 p.m. Feb. 26, at Woods cafe. All members in this area are urged to attend this planning session.

Open House Set

GLENN'S FERRY, Feb. 14.—The Glenn Ferry area PTA will meet at the high school gymnasium at 8 p.m. Monday.

Prior to this meeting an open house will be held at the Glenn Ferry grade school, starting at 7 p.m. Mrs. Charles Parry, founders day chairman, reports that all past presidents will be honored. The girls chorus will present two numbers under the direction of Mrs. Lee Nichols.

**Boise Man
Appeals Case
On Magazines**

SHOSHONE, Feb. 14.—Donald O. Roth, a Boise man, was fined \$100 and \$3 court costs Thursday morning by Justice of Peace W. L. Austen Monday through his attorney that he will appeal his case to district court.

The original complaint was signed last June by Chief of Police W. L. Austen. A \$100 bond was posted by Roth for his appearance. Justice Austen said he had no objection to Roth's bond pending the district court hearing.

City attorney Jack M. Murphy called Mrs. Gerald Buller, Clerk of Buller, Mrs. Thomas Connor and Roth as witnesses Thursday morning.

Attorney in the case will arrange date of the district court time for hearing with the district judge.

**Principals in
Filer Area
Are Rehired**

FILER, Feb. 14.—All principals in Filer high school district are rehired by the school trustees at their Tuesday meeting.

Offered new contracts are Arthur Chaburn, principal of Junior-senior high school, Mrs. Lois Park, principal at Victory school, Mrs. Nell Spinks, principal at Central school, and Howard Kimball, principal at Hollister.

The trustees and principals will meet next week to discuss rehiring teachers in the district.

After the meeting, the school trustees will select the school class request for an all-senior graduation on May 13 with a luncheon to be held on May 10.

James Oerke, state patrolman, who inspects all buses operating in the district, presented and signed his inspection sheets covering the past two years. The clerk of the board was instructed to write to the needed contractors the pertinent facts regarding the reports and decisions on them.

Wayne Kious was authorized to purchase a new guard for the school shop. Joe Taylor was hired to do some necessary plumbing in the district. Vincent Hester, maintenance director, was instructed to install wire glass in two windows of the Hollister basement.

Merle Allison gave an estimate of commercial fertilizer need in the district and was authorized to apply the needed fertilizer.

The trustees examined the report from the Northwest Accrediting agency and announced that the Filer district is fully approved by this agency and the state of Idaho.

Announcement was made that any interested groups or individuals who have suggestions to make regarding next year's school calendar, should make their suggestions to any board members before the April meeting.

Resigns

JEROME, Feb. 14.—Capt. Dayel Dean has resigned from the Jerome police force, according to Chief of Police Clarence Vignat. Vignat said the resignation was for personal reasons.

News Around Idaho

BOISE, Feb. 14 (U-P)—Ned Hyndal, St. Anthony, president of the Idaho Farm Bureau federation, says it would be foolish for Idaho growers to endorse potato acreage allotments. "It would be to waste money to build up our market to \$25,000 acres and then cut it down 10 per cent," he said. Hyndal said Idaho instead should promote and try to sell more of its potatoes.

MOSCOW, Feb. 14 (U-P)—A tractor mishap on a farm about 20 miles north of here has taken the life of a Palouse, Wash., man. A half hour after he started his first day on the job, killed in the mishap was Robert Spencer, 21, Latah county officer. The tractor apparently slipped 20 feet down the bank of the Edward Vowles ranch at Princeton yesterday. Spencer was pinned beneath the machine. He apparently drowned in the shallow water. Spencer had started hauling manure from the barn to the river.

BOISE, Feb. 14 (U-P)—S. District Judge Fred M. Taylor has refused to reduce the five-year sentence of Gerald B. Kirby, who contended that he made a mistake in pleading guilty to a car theft charge. Judge Taylor said Kirby had told the court he fully understood his rights before the plea, and had a record of criminal offenses dating back to 1948. Kirby, an inmate at the federal prison at McNeil Island, Wash., had petitioned for an order to withdraw the sentence.

DRINGOS, Feb. 14 (U-P)—Rep. Ralph Dringos, D. Ida., urges Idahoans to vote for the Bill C. 100, which would allow the state to sue for group for what he describes as "insulting charges" against the state. Dringos said the bill would allow the state to sue for the group for what he describes as "insulting charges" against the state. Dringos said the bill would allow the state to sue for the group for what he describes as "insulting charges" against the state.

BOISE, Feb. 14 (U-P)—Gov. Robert E. Smylie has given his personal endorsement to a proposal to send Idaho's celebrated Oinkart dance to the New York World's fair as a representative of Idaho. At the fair, a number of Idahoans will be competing for a prize. The dance would cost an estimated \$12,765, he said. The group would offer \$11,000 of the cost, leaving \$1,765 to be paid by the state. The dance would appear at the fair on June 15, Idaho day.

BLAINE, Feb. 14 (U-P)—Police officer Gerald Brock says he doesn't believe the city has enough money to get him back to work "under the present administration." Brock said he had come to him and asked him to return to work after he and four other officers quit last week. "They stated me if I would come back to work and said they would make me with no loss of pay."

BOISE, Feb. 14 (U-P)—Southwest Idaho cattle feeders and packers are up in arms, complaining that the agriculture department has suddenly tightened beef grading standards in the area. Ben Len B. Jordan, R., Ida., after conferring with them, asked Secretary of Agriculture Orville Freeman to see that standards enforced in Idaho are no different than those anywhere else.

BOISE, Feb. 14 (U-P)—January construction in Idaho was down 37.4 per cent from the same month a year ago, but ahead of last year in two areas of the state. The First Security Bank of Idaho said total construction was \$2,731,623, compared with \$1,903,942 in January a year ago. Northern Idaho was up from \$230,233 to \$449,416 and south central Idaho from \$171,000 to \$247,285. But eastern Idaho was down from \$1,829,429 to \$642,129 and southwest Idaho was down from \$659,820 to \$1,823,429.

CALDWELL, Feb. 14 (U-P)—The president of the American Farm Bureau federation says the farmer must follow the pattern of other parts of the economy and organize—so he can bargain for the prices he wants. Charles E. Shuman said a supply-management approach through commodity marketing associations offers an alternative to government programs, which he said have proved a failure. He said farmers must find another way to boost their income.

POCAHELLO, Feb. 14 (U-P)—The Pocatello Teachers guild is contributing \$100 to help fight a legal battle for reapportionment of the Idaho legislature. The teachers voted to give the money to Blaine Sherman, J. McDevitt, whose suit to force reapportionment legislation was dismissed by a three-judge federal panel last month.

BOISE, Feb. 14 (U-P)—President J. B. Benny said yesterday that the Morrison-Knudsen company, Inc., and subsidiaries have under contract a backlog of work exceeding \$112 million dollars. He said the highest previous backlog was \$112 million dollars in mid-1954.

Paul Legion Gets Picture Of Leader
PAUL, Feb. 14 (U-P)—Otha McGill, commander, displayed the certificate and picture of the national commander received by the American Legion post here for achieving 100 per cent during the recent membership drive. Tuesday evening during their regular meeting.

Youth Returned Home After Fall
PAUL, Feb. 14 (U-P)—James McGill, 16-year-old son of Mr. and Mrs. Otha McGill, Paul, has been released from the St. Alphonsus hospital, Boise, and is recovering at his home. McGill was seriously injured from a fall 10 feet from a school balcony landing on his head on concrete flooring. He received a concussion and skull fracture.

Baby's Rites Held
BURLEY, Feb. 14 (U-P)—Funeral services for Sheila Rae Brown, infant daughter of Mr. and Mrs. Raymond Brown, Burley, were conducted Wednesday in the Pleasant View cemetery with Bishop Counselor Robert Blumson officiating.

Prayer at the Payne mortuary was given by Diane Harrison. Speaker was Robert Blumson. Grave dedication was by Ellis Hooten. Pallbearers were Ray Brown and Bob Monour.

LIVE MUSIC SAT. NIGHT at the Silver Saddle HANSEN

Oil Port Is Planned
PARL, Feb. 14 (U-P)—The French government yesterday announced plans to build a big oil port 30 miles west of Marseille in the Mediterranean. The announcement said the new port was made necessary by the increase in oil tanker traffic in the Mediterranean. New industrial facilities are expected for the area between Marseilles and the port.

Champion
ORZENSBO, N. O. Feb. 14 (U-P)—A teen-aged cadet at Oak Ridge Military Institute today claimed the title of "world's champion peanut butter consumer" after eating seven pounds of the stuff in an hour and 42 minutes.

Scout Leader Training Is Planned
Boy Scout Leaders Archie P. Brown and George E. Haney, Jr., Twin Falls, will lead three advanced training sessions for Cub Scout and Boy Scout leaders at 8 p.m. Saturday at the First Methodist church, Twin Falls, the Rev. Earl Riddle, leadership training chairman of the southside district, announced Friday.

Responsibility on Tax Return Noted
C. H. Edmonson, administrative officer of internal revenue, reminded taxpayers Thursday that they are responsible under law for all entries in their tax returns.

Edmonson emphasized that the return and liability for any underpayment, interest and penalty, the responsibility for filing

POSING FOR THEIR 5-month portraits are the five Fischer quintuplets in their Aberdeen, S. D., home. They were 5 months old Friday. This picture, taken by Dale Vally of the Aberdeen American News, shows the children, left to right, Margaret, Magdalene-James, Catherine and Mary Ann. They were born Sept. 14 to Mr. and Mrs. Andrew Fischer at Aberdeen. (Copyright, 1964, by Curtis Publishing company, (AP wirephoto)

Scout Leader Training Is Planned

Boy Scout Leaders Archie P. Brown and George E. Haney, Jr., Twin Falls, will lead three advanced training sessions for Cub Scout and Boy Scout leaders at 8 p.m. Saturday at the First Methodist church, Twin Falls, the Rev. Earl Riddle, leadership training chairman of the southside district, announced Friday.

The Rev. Mr. Riddle said leaders may start this program even though they have not completed basic training. Maurice Lamont, assistant scout executive of the Snake River area council, will direct the session.

Leaders from Southside, Sunbelt, Northside and Wood River districts are expected to attend. The other two sessions of the series will be held Feb. 22 and 29 at the church.

Farm Bureau Has Reports On Activities

Twin Falls community farm bureau met Tuesday evening at the Twin Falls community farm bureau building.

There was a report on the county board meeting held in January, by Dick Stafford, and report on a picnic supper held Feb. 1, by Mrs. Charles Harris, ladies chairman.

The group decided to buy the books for the book drive for the high school. The group decided to buy the books for the book drive for the high school. The group decided to buy the books for the book drive for the high school.

Frank Wells, program chairman, introduced Jerome Wilson, export broker, who gave a talk on beans being shipped to foreign markets.

Donald Youst, county assessor, talked on what rust and types of wheat suitable to be planted in this area.

Entertainment was by Dr. and Mrs. W. M. Groose. Mrs. Charles Harris was in charge of the refreshments.

Responsibility on Tax Return Noted

C. H. Edmonson, administrative officer of internal revenue, reminded taxpayers Thursday that they are responsible under law for all entries in their tax returns.

The tax-adviser, Edmonson said, can rely only upon the information furnished by the taxpayer. His primary purpose is the transfer of information from the taxpayer to the proper places on the tax form.

Edmonson emphasized that the return and liability for any underpayment, interest and penalty, the responsibility for filing

YOUR BIRTHDAY and HOROSCOPE

FRIDAY, Feb. 14 — Born today have a cheerful, energetic and charming personality. You will be successful in all you do. You will be successful in all you do. You will be successful in all you do.

TAURUS (April 21-May 21) — There is romance in the air for you. You will be successful in all you do. You will be successful in all you do. You will be successful in all you do.

LEO (July 23-Aug. 23) — A day for relaxation. If social contacts or outdoor sports interest you, this is the day for them. But keep participation mild.

LIBRA (Sept. 24-Oct. 23) — Early morning hours should be used to advantage. Avoid allowing this Sunday to pass by with you.

SCORPIO (Oct. 24-Nov. 23) — Your intuitions may give you certain guidance now. Check their wisdom through practical sources, however, before you act.

CAPRICORN (Dec. 23-Jan. 20) — Apply your light touch in all social contacts. Avoid the appearance of trying to "use" either friend or foe.

AQUARIUS (Jan. 21-Feb. 19) — Avoid allowing your emotions to get the best of you in important financial or legal affairs. Keep your head.

PISCES (Feb. 20-March 20) — Pay careful attention to all your affairs, whether personal or professional. Diplomacy pays best dividends today.

ARIES (March 21-April 20) — A day in which you will need to be calm and especially considerate of the feelings of others if you are to get along.

TAURUS (April 21-May 21) — Keep a firm hold on your emotions and act with restraint and wisdom in all matters, whether of great or little importance.

GEMINI (May 22-June 21) — Be sure you are not too easily sidetracked by arguments even if you have to give in on a minor point to give it a trial that you surround yourself with calm.

CANCER (June 22-July 21) — You day for the Cancer who is trying to fight against too many odds at once. Select one outlet for your energies.

LEO (July 23-Aug. 23) — You should be able to combat adverse circumstances by meeting the position on its own ground. Play both ends — carefully!

VIRGO (Aug. 24-Sept. 23) — Not the day to take on new projects. Stick to what you know you can do and be satisfied for the time being.

LIBRA (Sept. 24-Oct. 23) — If you are cautious in all you undertake today, you may dispel the uncertainty that seems to overshadow your efforts.

SCORPIO (Oct. 24-Nov. 23) — Business dealings may cause you considerable concern today. Meet them with your usual efficiency and all should be well.

SAGITTARIUS (Nov. 23-Dec. 22) — Work toward achieving distinction in one thing. You can all afford dividing your efforts by.

CAPRICORN (Dec. 23-Jan. 20) — Think carefully before you act. Chances of error run high but you can minimize them if you heed warning signs.

SATURDAY, Feb. 15 — Born today, you undoubtedly have some outstanding talent that could ensure not only your success but your fame. It is a talent, however, one which may be a long time coming to the surface, and one which, if you do not stand ready to foster and develop, may dissipate altogether.

Parents-of-children — born on this day should pay particular attention to the feelings of their progeny.

You who were born today may be inclined toward self-indulgence, preferring a life of comfort and ease to one of self-exploration. Guard against this. You will have to make sacrifices if you are to make the most of your life. Outstanding success is something you must seek and strive for unrelentingly. If, once you have found your direction.

You who are active, imaginative — mind, but you must make care that you do not become too involved with psychic and occult matters; their appeal to you is emotional rather than scientific, and you would really go overboard, channeling your mental energies down unwarranted brooding or superstitious response. Always remember that ultimately you make your own luck and your own life from the potential you possess.

Admonish those born on this date are Claire Bloom, English actress; Susan B. Anthony, reformer; suffragette; Ethel Root, famous American statesman.

To find what is in store for you tomorrow, select your birth day and read the corresponding paragraph. Let your birthday be your daily guide.

SUNDAY, Feb. 16 — **AQUARIUS (Jan. 21-Feb. 19)** — This should be a day dedicated to spiritual devotion and rest. You will need your energy for the day to come.

PISCES (Feb. 20-March 20) — Your usual Sunday program should bring you unusual satisfaction. The achievement of some spiritual goal brings happiness.

Burley Chamber Hears U. of I. President

BURLEY, Feb. 14 — The chamber during 1962. A memorial to the late I. H. Harris, active chamber leader, was given by A. H. Nelson, Burley attorney.

Dr. Theophilus pointed out that classrooms at the university are now full, housing a problem and teachers are needed.

More than 200 persons attended the event during which E. L. Sheldahl was presented a plaque for his services as president of the chamber during 1962.

of the Year award was presented to R. Kelley by Robert Hill, member of the chamber agricultural committee. Kelley was sponsored by Simplot Soil-buffers of Burley.

Alfred Thaxton, former soloist with the University vocalists, sang two selections, accompanied by Mrs. D. C. Hogan.

Invocation was given by Alvin Putnam, Chamber of Commerce directors and their wives were introduced by Cliff Hild, president.

Special guests were Sen. and Mrs. K. C. Bowler, Mayor and Mrs. Mack Crouch and representatives and their wives from chambers in Twin Falls, Oakley, Rupert, Heyburn and Paul.

Also represented were the Farm Bureau, Grange in the area and the Cassia Beet Growers association.

James Roper, president of the University of Idaho State Alumni association, introduced Dr. Theophilus.

A reception was held preceding the dinner for Dr. Theophilus in the Pro Shop at the Four Seasons Inn.

CLAUDE FORBES, FORMER IDAHO NEWSMAN, DIES

PORTLAND, Feb. 14 — Claude M. Forbes, retired staff member of the Salem Capital Journal, died at a Portland hospital Wednesday. He was 60.

Death was from cancer.

Forbes was a member of the Capital Journal news staff from 1951 to 1962, when he retired.

Forbes had worked as reporter, city editor and managing editor of a number of Idaho and California newspapers. In 1951 he received a national award for coverage of a murder in Blackfoot.

Survivors include the widow, Dorothy; mother, Mrs. C. A. Morris; Boring, and a son, Richard, Payette.

DIETRICH SCHOOL VACATION IS CUT

DIETRICH, Feb. 14 — Because of weather conditions and school having been closed for a few days the past month or two, the Easter vacation for local schools has been cut to just Good Friday before Easter. Originally it was to have been extended to Monday also.

At the school board meeting this week board members decided to offer contracts to Principal F. R. Briggs and Principal Donald Chenoweth and other presently employed teachers. The salary scale was approved accordingly.

The tentative budget for 1964-1965 school year was set and will be advertised, reports James Kearney, chairman.

Along Fences and Canals

Along 200 ewes have lambled from 1,250 ewes on the P. J. Prahm ranch, according to Vernon Ball, son-in-law of the owner, who is operating the operation while the Prahms are away. Ball reports that the peak lambing season is expected to be reached about Feb. 20. So far there seems to be about 100 percent in lamb, but he reports that lambing is just getting started and these are mostly yearlings.

Chas. Peterson, Hansen, who has 150 ewes, reports that most of his ewes have lambled except for a few stragglers. He reports about 100 percent in lamb, and reports very good results this year. The loss of only one lamb, as against several last year.

Below the winter is over Fred Peterson, Richfield, may have a few ewes. Three coyotes make regular forays towards his sheep. When they get too close, he is careful not to hit the coyotes. When asked if he doesn't try to hit them, he said, "No, the coyotes don't bother me, and they have their use."

Approximately 100 feet of ditch was washed out at the upper end of King Hill creek which supplies water for the reservoir at the W. K. Kneer ranch, north of King Hill. The ditch was filled by snow, dirt and rocks by the snow last week-end. An effort was made by the irrigation district to have the ditch cleaned out, but the work which is being done by Clinton Graham, who brought heavy equipment to the site.

A racoon has taken up residence in the farm yard of Fred Schmidt, west of Richfield, on highway 92A. The animal is often seen by both Mr. and Mrs. Schmidt as it feeds on pheasants, one of which appear weak or just sitting in the snow, making easy prey. Schmidt has tried to shoot the racoon, but it hurries to its hole in a straw stack where he can't shoot it. The Schmidt family are up trying to raise chickens years ago as the children attracted the racoons from nearby Little Wood river.

John Hob reports that lambing has started and will be in full swing about Feb. 15. He has some 3,000 ewes. He has built all new sheep pens and lambing sheds on his farm, one mile east, and two and one-half miles north of Castleford.

Mr. Violet Heath has sold her ranch west of King Hill to Mr. and Mrs. George Hendry, Burley, Ok. The ranch is located on the south side of highway 30 and is the former bus station ranch. Mr. and Mrs. Hendry will raise quarter horses.

James and Sandy Sheep company, Hagerman, is about one-third done with the lambing of some 4,000 ewes. The process is slow this year, but steady, sources report.

Frank Henneke of the Salmon Falls Sheep company, Hagerman, reports that half-way through lambing and the lambs are extra big this year, with twins not as prominent as in previous years. The weather is ideal for lambing, as the cold doesn't bother, as long as it is dry.

Robert Adell, Hagerman, is about half-way through calving his 15 head of range cattle. The cold weather is a handicap in this line. He has lost eight calves with pneumonia.

Joe Deeds, Richfield, has about completed refinishing a barn which he took from the Mendocino ranch and has a milking parlor. The building measures 20 by 50 feet, has 12 stalls and a feed room. Deeds has done much of the remodeling himself.

Mr. and Mrs. John Bayle report they are three-fourths done lambing at their ranch on Snake river southwest of King Hill. The report it soon will be time to think about shearing operations which commence in March.

Mr. and Mrs. Wallace Bane have purchased 100 head of Hereford cows from the Big Blimp ranch east of Rupert. When the cows are being trucked to the Bane ranch at Comer, east of Burley, a semi-truck belonging to the J. H. Jones truck line, carrying a load of cows, took the air-brakes while coming off the Bane ranch. The driver, Ted Hatch, drove into the borrow pit, which was filled with snow, in an effort to slow the truck, but it turned over. Hatch was killed before an opening could be made for the cows. The cows were dead and several were badly crippled. Since the accident three more of the cows have been removed from the herd and several more remain in bad condition.

Soybean Exports To Reach Record

WASHINGTON, Feb. 14 (AP)—The foreign agricultural service has estimated U.S. exports of soybeans in the 1962-63 marketing year at 190 million bushels.

Soybean exports in 1962-63 were a record 180.3 million bushels up 21 million bushels from the 169.3 million bushels shipped in 1961-62. Exports in 1960-61 averaged 98 million bushels.

Japan is the largest single destination for U.S. soybean exports. Japan took 37 per cent of the total in 1962-63 compared with 25 per cent in 1961-62.

China took the second largest destination, although a large but undetermined volume was held in storage at the United States.

The U.S. Department of Agriculture is expected to announce a new tariff reduction on imported farm products. It is expected that the tariff will be lowered on soybeans.

Japan will enter in Washington state where the apple industry is experiencing difficulty in marketing its record crop of last fall.

Magic Valley's Week-End Farm Paper

Feb. 14-15, 1964 Twin Falls-Times-News 9

Meet Attendance Indicates Concern Over Bean Crop

Presence of some 700 persons at a special bean production meeting Monday indicated Magic Valley bean producers are concerned with the future of their bean crop and equally concerned with protecting that crop. Originally, the day-long meeting was scheduled for the Rogers hotel, but due to the large crowd the "afternoon" session was moved to the American Legion hall.

The meeting brought farmers, businessmen and specialists together for one main purpose—to discuss "hail blight." At the

Weed Control Is Consuming Farm Energy

WASHINGTON, Feb. 14 (AP)—The Weed Society of America estimates that at least half of the energy used in moving soil on U.S. farms every year is expended solely for control of weeds.

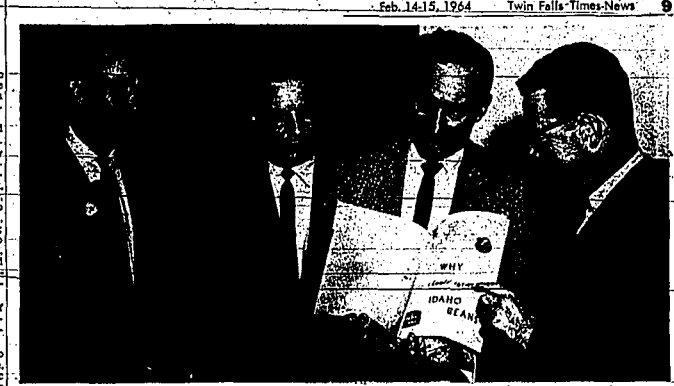

The amount of soil and energy involved is considerable. The society, headed by Dr. Wardlaw, estimates that the earth moved would be equivalent of a ridge of soil 100 feet high and one mile wide. The distance this assumed huge chunk of land would be moved was estimated to be the equivalent of the mileage between New York and a San Francisco.

In preparation for the society's annual meeting at Chicago Feb. 13-15, Shaw worked up a few statistics about weeds. He said: "Weeds are among the greatest contributors of production costs in U.S. agriculture."

Losses caused by weeds, including the cost of control, have been estimated to exceed four million dollars each year. About 140 million acres of row crops receive intensive weed control each year.

More than 25 million acres of drilled crops receive moderate control operations. Weeds also are battled on more than one billion acres of pasture and many acres of non-agricultural lands by private homeowners.

At its meeting, the society will discuss the problems caused by weeds on farms and other crops. Shaw said delegates to the meeting will discuss every phase of the research and education battle against weeds.

PANEL MEMBERS look over program during special bean production meeting held in Twin Falls. From left are Dr. Louis Dean, University of Idaho plant breeder; Stanley Trenhaile, Idaho commissioner of agriculture; Dr. Marshall LeBaron, superintendent, Kimberly branch experiment station, and Bert Barlow, member, Idaho bean commission. Hail blight and other diseases were discussed at the day-long meeting. (Times-News photo)

Healy, federal crop insurance administrator, said insurance is available for farmers to cover hail blight.

For the time being, said Trenhaile, we have to assume all varieties of beans grown in Magic Valley are susceptible to blight. Another item stressed at the meeting was, "Do not grow beans under sprinkler irrigation."

According to Dr. Dean, sprinkler irrigation is similar to rain and the disease spreads rapidly under this system of irrigation.

There is enough disease-free seed in Idaho to satisfy the demand of Magic Valley bean producers, said LeBaron.

For the most part, the producer is going to have to put a little faith in the bean dealer, said Trenhaile.

Dr. Dean noted there isn't too much information on hail blight. There are all kinds of service.

EXAMINING FFA emblem and awards is Lyle Fuller, Twin Falls high school Future Farmer of America chapter reporter. The emblem is representative of FFA ideals. National FFA week starts Feb. 16. (Times-News photo)

Honors Await Top Students In FFA Work

By MIKE QUINNELL
FFA Reporter

Just as it is the desire of every Boy Scout in America to reach the rank of Eagle Scout, members of the Future Farmers of America strive to wear the gold key of the "American Farmer."

This is the highest rank attainable for FFA members and only about one out of a thousand achieve this goal. It is awarded each year at the national FFA convention held each year at Kansas City, Kan.

The first award in the FFA organization is the "Greenhand" award. In order for a student to qualify for the award, he must become active in farming and have some knowledge of parliamentary procedure. This award is a bronze pin.

Chapter farmer degree is awarded to members who have been greenhands and have undertaken other chapter activities, plus enlarging their farming projects. This award is a silver pin.

The state farmer degree is a gold pin and the student must have invested \$500 in farming. In addition, there are certain standards set up by the national organization. Only two per cent of the membership of the state can receive the award.

Once the student has achieved all the awards on the local and state level he is allowed to compete for the American Farmer award.

Appointed

RICHFIELD, Feb. 14—Donald Ward, local representative of the Cache Valley breeding association, announces the appointment of Ward Little, Aberdeen, as new field man for this area. Little and Leon Machen, former field man, Rose, conferred with Ward and toured the Richfield area the past week.

USE TIMES-NEWS WANT ADS FOR FAST SELLING RESULTS

Events Start

Beginning Feb. 16, all Kootenai Valley Future Farmers of America chapters will observe National FFA week. Each chapter is planning special activities.

Twin Falls chapter reporter, Lyle Fuller and Mike Quinell, in order to promote a better understanding of FFA activity, each has authorized a short article on FFA emblems and meanings. The activity at Twin Falls high school is symbolic of all FFA emblems and meanings. The activity at Twin Falls high school is symbolic of all FFA activity, not only in Idaho, but throughout the nation.

Advisory Board Meeting Stated

SHOENSTEIN, Feb. 14—The advisory board for grazing district No. 5 will meet at 8:30 a.m. Feb. 20 and 26 at the court room of the local courthouse.

Dale Kinsman, district manager for the bureau of land management, said there will be a review on permits which will be presented on advisory board recommendations from previous meetings held in January and recommendations will be made on other matters of importance.

FFA Emblem Symbolizes Many Things

By LYLE FULLER
Future Farmer of America

Students stand out in American schools. Their distinctive blue and gold jackets set them apart from the student body much as the letterman's sweater sets apart the athlete.

Each day thousands of people pass students in blue and gold jackets. On the back of the jacket is the hometown and state of the student. Also on the jacket is the FFA emblem. It is a cross-section of an ear of corn.

Why choose an ear of corn for an emblem?

That ear of corn symbolizes that FFA is a native American organization. It exists in every state of the union, just like corn. The eagle wings on the emblem symbolize the national scope of the organization and are borrowed from the national emblem. In the center of the emblem is a plow with an owl perched on the handle, with the rising sun in the background. This symbolizes labor and tillage of the soil. The owl is a symbol of wisdom and the sun indicates the dawning of a new era in farming.

CASE TRACTORS with

Case-o-matic gives you up to
DOUBLE PULL-POWER
WITHOUT SHIFTING...

WATCH THE WORK FLY
when you switch to
TORQUE CONVERTER

If you've never plowed with a Case-o-matic 5-plow 750 or 5-6 plow 850 tractor... now's the time to try it. Head for the heavy going that will test any tractor's pull-power... and plow in *direct drive*. Comes the tough spot — you flip the fingertip-lever to torque converter on-the-go — and Case-o-matic carries you through non-stop. No clutching! No shifting! No stalling!

Unlike mechanical, fixed-ratio torque boosters, field-proved Case-o-matic saves both time and fuel in heavy going by using just enough and no more power than necessary. And it cushions shock loads on engine, clutch and transmission.

There's lots more you'll like about the Case-o-matic 750 or 850. Big-bore, high-torque engines built to tug and last. Fuel economy that makes BOTH tractors U.S. fuel economy champs in their power classes — on all 3 fuels!

...WE'RE READY TO DEMONSTRATE

MESSERSMITH AUCTION SERVICE

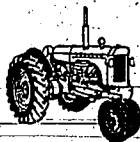

AUCTION

FARM AUCTION

**TUESDAY
February 18**

STARTING TIME: 10:30 A.M. Lunch will be served by the
FREE COFFEE Immanuel Lutheran-LWML-Ladies

Having decided to change occupations, we will sell the following, located 1 mile South, 1 1/4 East of Motor Vu corner or 2 1/2 miles West of Kimberly on Sugar Factory road.

TRACTORS

1959 Case 800 Diesel, Case-o-Matic Tractor, wide front end, live PTO, 3 point hitch, 1400 hrs. Perfect condition
1959 MM-445 Tractor, torque amplifier, live PTO, 3 point hitch, power shift wheels; wheel weights, wide front end, perfect condition
1954 Jubilee Ford Tractor, set to 44", good rubber, just overhauled
1952 MMZ Tractor, 3 point hitch, live oil, good rubber, looks and runs good
1952 Case Tractor, fair rubber; runs good
MMR Tractor, with side mount mower
VAC Case Tractor

TRUCKS and PICKUPS

1959 GMC 2 ton, completely overhauled April '63, 2 speed axle, PTO, good rubber, spare wheel and tire, a really fine unit
1952 GMC 2 ton, 2 speed, engine perfect, good rubber, very good condition
1951 Chev. 2 ton, 1960 engine just overhauled, 3 speed Brownie, good rubber, PTO

1958 Chev. 1/2 ton pickup, engine completely overhauled Jan. '63, new paint, good 700x15 rubber, a fine unit
1950 Studebaker 1/2 ton pickup, runs good
15 ft. Schifferl beer bed, good condition, laminated floor

COMBINES—BALER

1959 John Deere No. 95 12 ft. Self propelled Combine with grain, bean and seed attachments. This machine is in top condition and has been kept under cover when not in use.
Innes Pickup for combine
1960 Freeman Baler, PTO driven, twine tie, hydraulic tension, excellent condition.

COMPLETE CATTLE FEEDING EQUIPMENT

1959 Telford-Wells feeder box, 15 ft. with front feeder spout. Very good condition. Mounted on above 1959 GMC 2 ton truck to be sold separately. Weighs 15 ft. truck manure spreader with entangle sides
John Deere field hay chopper with large Wisconsin engine, works fine for chopping baled hay out of stack
30 ft. hay pile on wheels with Wisconsin engine
27 ft. Mayrath 6 inch Auger
Davis 10 in. x 10 in. grain roller with cross auger, PTO driven
300 bu. Butler upright bulk bin, 22 ft. tall with 5 in. Mayrath unloading auger, like new
18 ft. Mayrath 6 in. Auger with 1 horse power motor
16 ft. Mayrath 4 in. Auger with 1/2 h.p. motor
1000 bu. Steel Grain Bin with steel bottom
Branding iron heater (LP gas), cattle collar, automatic cattle waterer with heater
2 International weed-chopper fences

GROUND WORKING AND PLANTING EQUIPMENT

1962 Case 3 bottom plow with colters, 3 point hitch, hydraulic roll-over, new last spring, only plowed 200 acres
MM 10 ft. Tandem Disc on rubber with hydraulic ram mount
Case 15 ft. renovator bar, 3 point hitch and gauge wheels, 15-1/4 in. spring coil shanks with 12 in. sweeps, to be sold separate
John Deere 6 ft. Kilflor Disc with hydraulic ram mount
Western 10 ft. Land Plane
John Deere 10 ft. Land Plane — Hydraulic controlled
5 shank corrugator on 2 1/4 in. bar with 3 point hitch and gauge wheels
4 bar rear end and bean cultivator with fin and 3 point hitch
4 or 6 row beat and bean cultivator for MM "Z" front and back
Rear 2 inch cultivator bar, with 3 point hitch and gauge wheels
John Deere front and back Potato Cultivator
1960 Case grain drill, 20 holes, seeder attachment, power lift, steel shanks on rubber
Milton 4 row Beet Planter on bar with 3 point hitch and corrugator mounts, equipped for "battered seed, 2 years old
IHC 4 row beat and bean "unit" planter on Dempster bar with 3 point hitch, equipped with gauge wheels and rear bar for disc hillers, 3 years old
John Deere Bean Cutter, rear mount for Ford, with dividers
Charlin Ditcher, 6 ft. double wing
Rotary feed-ditcher, 3 point hitch and PTO drive, good
Rotary main ditch cleaner, 3 point hitch and PTO drive, good
John Deere No. 9, 7-ft. mower with 3 point hitch, equipped with Clasp clipper tip cutter bar
4 row Herbicide Incorporator complete with pump, regulator, gauge and barrels, on 3 point hitch; a fine complete unit
Super Six hydraulic Manure Loader for MMZ tractor
3 sections noble fine tooth harrow on 3 point hitch draw-bar
2 row Disk machine with 3 point hitch
16 ft. 3 section cultipacker, will cover 8 beet rows, alternate side and smooth roller, works good
10 ft. E-Z flow phosphate spreader on rubber
3 section wood harrow with draw bar
Hydraulic harrow carriage with 4 section good harrow
IHC 4 row section steel harrow with draw bar
20 ft. wood drag
70 in. alfalfa crowder on 3 point hitch
Deerborn 2 shank subsoiler, 3 point hitch
Anderson Rotary reel type rock picker, ground driven, hydraulic operated; will dump into truck
Heavy duty 16 ft. dual wheeled tilt bed machinery trailer
2-4 wheeled baled hay wagon

SPRAYING, BURNING and FUEL EQUIPMENT

John Blue high pressure pump with regulator, PTO drive
30 in. high pressure hose and cattle spray gun
LP gas weed burner with hose
2 wheeled trailer to carry LP gas tank for weed burner, wheels set at 44-in.
2-500 gal. overhead fuel tanks with hose, for diesel; complete with special fuel filters
1-300 gal. overhead gas tank complete with hose
Small 2 wheeled trailer
Large cement mixer, heavy duty, PTO drive on rubber
VE 4 Wisconsin motor

SHOP TOOLS

Glen Roberts 225 amp arc welder, Grifflman acetylene welder, with cart and cutting torch, equipped for LP gas, 2 empty wheels, 2 welding tables, parts table, blacksmith's vice, post drill with electric motor, skill saw, welding helmets, welding rod "C" clamps; several long extension cords, valve compressor, piston ring compressor, torque wrench, 1 ton chain hoist, small air compressor, barrel pump; 100 lb. LP gas cylinder and other shop tools.

TRAILER HOMES and ANTIQUE FORD

1955 Commodore trailer house, 38-ft. with bath, steel kitchen, refrigerator, Thermopane glass, oil furnace, gas range, a top unit in every way.
Older 26-ft. trailer house
1925 Model-T Ford, complete with all parts, runs

STRAW

1000 bales straw

MISCELLANEOUS

3 hydraulic 2 way rams with hoses, extra hydraulic couplers; set of snow tires (670x15) on 6 hole wheel for Chev. pickup; set of markers, calf buckets; set of tire chains for 8.25x20 dual wheels; heat hoses for tractors, Bostrom transit level, 3 point draw bars, 6-36x40 light windows; several good used tires, 8", 12" and 16" railroad ties; some lumber, coral poles; lots of good scrap iron, several 50 gal. drums, grease guns, forks, 2 aluminum scoops, log chains, hay ropes; lots of cultivator tools and clamps, 5 slide corrugators; older Maytag washing machine; Norge apartment size refrigerator, lined oak dining table.

SALE MANAGED BY MESSERSMITH AUCTION SERVICE

AUCTIONEER'S NOTE: This equipment is in top shape, ready to go to the field in every respect. Parts invoices will be supplied for all the over haul jobs listed. All of the larger items have been kept under cover when not in use. Come prior to sale — Look this machinery over. A real opportunity to buy some of the best equipment at auction.

New Wheatgrass Variety Is Introduced by University

UNIVERSITY OF IDAHO. Moderate wheats will be available to Idaho seed growers and pasture operators this spring. Developed in South Dakota, it carries a Sioux Indian name, "Och-Wah-hee" which means "big house." This wheatgrass was selected for its high seed production and outstanding forage production from a 1931 introduction from Russia. It has been on test in Idaho since 1939, and has proven superior to other intermediate wheats in both seed and forage production over a wide range of conditions. At Silinkard, University of Idaho agronomist, suggests that trial seedlings in areas of 14 to 25 inches of rainfall be made this spring. "If moisture exceeds 25 inches, well as representatives from Sun Valley, Chamber of Commerce and civic clubs also attended. Warren said persons attending were indicated almost 100 per cent interest in pursuing the possibility of finding an area development project.

Farm Share Of Dollar Decreases

WASHINGTON, Feb. 14 (AP) - The agriculture department said today the farm share of the consumer's food dollar in 1953 was 37 cents, one cent less than in 1952.

This was the smallest annual average farm share since 1934, when it was 34 cents. During 1936-37, the farm share varied from 34 to 40 cents. During several of 1945, the farm share of the retail food dollar averaged only 34 cents. December was one of the 35-cent months.

In a review of the marketing and transportation situation, the department said charges for more than retail prices of beef, lamb, pork, and poultry had increased since 1933 to 1953.

Feb. 14-15, 1964
Twin Falls Times-News 11

MARKETING farm-originated food products. Averaged four per cent higher in 1953 than in 1952. This was calculated from the spread between the retail cost and farm value of the farm food market basket. The rise last year was the biggest since 1938, and was double the average increase that occurred from 1933 to 1953.

Beef, processed sausage products and bread accounted for about three-fourths of the increase in 1953. The department said the charges for marketing many other products, also increased.

Much of the increase in the market basket farm-retail spread last year came in the first quarter when prices farmers received for beef cattle decreased much more than retail prices of beef.

Mastitis Is Explained at Dairy School

OODING, Feb. 14—More than 35 dairymen attended the area dairy school held Tuesday at the Gooding Grange Hall.

George Cleveland, Idaho extension dairyman, explained the Idaho mastitis control program and also pointed out that mastitis is reported to cost dairymen in Washington \$100 per cow.

Cleveland stressed the importance of keeping milking equipment in good working condition and practicing good milking management as the two most important ways of combating this costly disease.

Dr. R. Johnson, University of Idaho dairy scientist, discussed the causes and prevention of breeding failures. Johnson said it cost dairymen \$1 per day for each cow that goes more than 30 days after calving without conceiving.

He also emphasized the importance of selecting breeding stock from families which produce healthy, normal calves regularly and keeping accurate breeding records so that this trouble may be spotted quickly.

Ed Kende, County Extension agent, explained the steps to follow in figuring cost of production. He also explained that in figuring costs, the breakdown of fixed and variable costs could be an important factor in total production costs.

Clayton Davis, field supervisor of the Milk Company, Salt Lake City, stated that dairymen could be proud of their contribution to the growth and development of America. He expressed a belief that the future for dairying is bright.

David cautioned, however, that dairymen will have to pay more attention to producing quality products and yet more effort into advertising their products.

Joe Hall, assistant county agent, discussed the cost of raising dairy replacements. A cow that costs \$100 to raise, according to Mrs. George Ralbach, Mrs. Vella Quigley, Mrs. Maurice Carpio, Mrs. Clyde Haines and Mrs. Chester Swine of the Grange.

Irrigation Toll Set in King Hill

KING HILL, Feb. 14—The King Hill Irrigation board of directors set the toll for the 1964 irrigation season when they held their regular meeting, according to Don Flock, chairman of the board.

Toll was set at \$9.50 per acre for each and every acre receiving benefits from the district, and \$12.00 for each acre of land and \$13.00 for each additional 250,000 ft. of land.

It also was noted if the proposed small projects set loan for improvements to the district is passed at the Feb. 18 election, there will be no interest assessed to city lots for the 1964 irrigation season.

MEETING SET
SACRAMENTO, Feb. 14—Group members can put March on their calendar. That's the annual University of California show where a program of a day will be a program aimed at producing meatier lambs.

"We want to make a little money off a lot of people, not money off just a few"

FOR SALE
To Be Sold at Sealed Bid to Settle Estate

LOT #1 APPROXIMATELY 160 ACRES
135-Cultivated
25-Crosted Wheat
10-A.U.M. Federal grazing Class
#2 private allotment:
370 Shares Salmon River Canal Co.

IMPROVEMENTS
3,300 Ft. pipe line
Cement checks-in ditches
Large cistern
Fenced (15 mile new)
Good house and corral
70 Acres plowed and ready to plant

Lot No. 1 and Lot No. 2 are on well maintained road 1 mile from oil. The road separates the two pieces of property. These two make a beautiful unit together and may be bid together or separately. They have good Eastern slope with a view overlooking a fertile tract. Cement pipe and ditch make these attractive for easy irrigation and water conservation. Uniform rotation leave both lots in a high state of fertility and 1964 crops should be very good.

M. J. Loughmiller, Estate

CONFERRING WITH Idaho Sen. Len B. Jordan, left, in Washington is Ed Moore, Idaho Falls. Potato legislation was discussed by the two men. Moore, representing Idaho Potato Growers, headed a delegation to the capital to spearhead a move to require the marketing of potatoes grown in Idaho.

State Leader to Assist at T. F. 4-H Training Meet

Dan Warren, state 4-H club leader from the University of Idaho, will be the principal speaker during a 4-H club training school, Feb. 17 and 18 at the Filer Grange Hall. It was announced by Olan Genn, Twin Falls county 4-H club agent, that both days at 9:30 a.m. and will end at 3 p.m. Refreshments will be served between 9:30 and 10 a.m. Each person attending is asked to bring a sack lunch both days.

Genn said all people interested in leading or in helping to lead 4-H clubs are urged to attend this training school.

Besides the state 4-H club leader, the county extension personnel will join several experienced 4-H leaders in discussing several subjects important in 4-H club work.

SUGGESTS BAIT
SACRAMENTO, Feb. 14—A University of California farm advisor says stockmen can help solve the problem of defuncted calves by using mangel-worms fortified with salt. W. N. Garrett suggested adding four milligrams of mangel-worms to each one hundred pounds of dry feed for a pregnant cow.

A close look at the record, however, shows we had only one safety project and not a single safety project. Projects in crop is a natural in the county and safety is very important training any time, any place, he said.

The training meeting will be conducted on an informal basis at all times. Mr. Warren will be available throughout the two days for any and all questions the leaders care to ask. Genn said.

Mexico, U. S. to Fight Insects

WASHINGTON, Feb. 14—The agriculture department and the Mexican department of agriculture are engaged in an all-out effort to prevent screwworm flies from infesting areas of the Southwest that have been free of this livestock pest since mid-December.

The Mexican agency is cooperating with the department to extend the eradication campaign against screwworms further into Mexico. This action will provide Mexican ranchers relief from the insects and lessen the threat of reinfestation in the United States. Usually, screwworm flies spread northward from the border with the approach of warm weather.

Before the eradication campaign began, screwworm flies caused an estimated 25 to 100 million dollars' damage each year to Southwest livestock by infesting wounds on animals.

American Farmers Produced Record Crop Valued at All-Time Money High

WASHINGTON, Feb. 14—American farmers produced a record volume of field crops in 1963, valued at an all-time high of \$1,088,616,000, about 1.08 billion dollars more than the value of the 1962 crop.

The field-crop production this year was 7.8 per cent greater than 1962 production—8.7 per cent larger than the previous record output in 1960, and 12 per cent greater than the 1957-58 average.

The agriculture department's year-end report showed that the record crop was planted on 309 million acres, 2.8 percent more than last year's record low of 301 million acres. The harvested acreage for the 1963 crop was 293 million acres, 1.9 per cent more than the record low of 1962.

There were record high yields for corn, cotton, oats, peanuts, rice and wheat. Record yields for barley, wheat, sorghum, soybeans and hay. Many other crops, less important in the nation's total output, likewise reached record or near-record yields.

Favorable growing conditions in most of the North and South Central states helped push production to high levels. Output of feed grains, food grains, oilseeds, cotton, sugar crop, seed corn and fruits and nuts were larger than in 1962. Hay, tobacco and miscellaneous crop production totals were smaller while total vegetable output about equaled last year's.

The composite index covering this season's crop of 28 major crops rose to 116 per cent of the 1957-58 base period. This compares with 112 for 1962 and 108 for 1961.

Corn production reached four billion bushels for the first time, valued by a record yield of 67.8 bushels per acre. The corn output for 1963 was 3.6 billion bushels, the largest since 1942. The output this year was 12 per cent more than that harvested in 1962.

Wheat retained its rank as the number one crop state with a production of 860 million bushels. The Iowa yield was 64.2 bushels per acre. Of the corn belt states, Indiana had the highest corn yield—67 bushels per acre. Illinois was a close second with 66 bushels.

Production of the four feed grains in total valued at 15.9 million tons, nine per cent more than last year's 14.9 million tons.

Food-grain production increased three per cent for 1963, valued production went up five per cent, hay production dropped four per cent, tobacco was two per cent smaller, sugar

beets were up 21 per cent, sugar corn was up 21 per cent, and potato production was up three per cent.

The department estimated the value of the corn crop at \$449,250,000, about 400 million dollars greater than the 1962 output.

Other major crops with a value of one billion dollars or more: cotton lint and cottonseed, 2.87 billion dollars; hay, 2.86 billion dollars; wheat, 2.11 billion dollars; soybeans, 1.84 billion dollars; and tobacco, 1.31 billion dollars.

Other top value crops included: oats, 621 million dollars; sorghum, 589 million dollars; rice, 589 million dollars; and cottonseed, 589 million dollars.

New Well Is Planned in Dietrich Area

REHOSHORE, Feb. 14—A new well will be drilled for the Dietrich cattle grazing unit, members decided at their meeting held Tuesday afternoon at the courthouse here.

Location for the well will be determined by a committee from the unit and representatives from the bureau of land management. Directors were named to serve on the committee.

Glen Nelson, president, conducted the meeting. Assessments for the grazing unit this season will be 10 cents per animal unit a month for the cattlemen's share of the well and 10 cents per animal unit for salt, operations and maintenance.

There will be a bull grading tour held for the unit this spring, and only Hereford bulls will be turned out on the range for the 1964 season.

Some discussion centered around the possibility of building a holding corral and the need for considerable fencing to be done.

Plans are to provide six tons of salt for the season's grazing.

Margarine Reports Gain

WASHINGTON, Feb. 14—The National Association of Margarine Manufacturers reports that margarine sales in 1963 totaled 18 million pounds, a gain of 1.5 million pounds over 1962.

The trade group said that the increase was due to a combination of factors, including a decline in the use of lard and tallow in margarine, and a decline in the use of butter in margarine.

The group also reported that the average price of margarine in 1963 was 16.4 cents per pound, a decline from 16.8 cents in 1962.

The Lenten Story

BY WOODY ISMAIL

THY FAITH HATH MADE THEE WHOLE

On His way out of Jericho en route to the triumphant entry into Jerusalem, Jesus worked one of His last miracles. He cured Bartimaeus, the blind beggar who sat by the roadside and began crying out when he heard Jesus of Nazareth was passing by.

"The crowd tried to hush him, but Jesus called and asked him, 'What wilt thou that I should do unto thee?'"

The blind man said unto Him, "Lord, that I may see."

And Jesus said unto him, "Go thy way, thy faith hath made thee whole."

And immediately he received his sight, and followed Jesus along the road. (Mark XI:46-52)

Scouting Talk Given to C. of C. Meet at Jerome

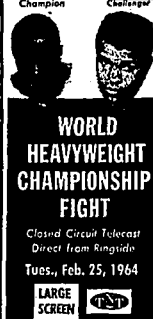

Jerome, Feb. 14—Kenneth Mose, Twin Falls, spoke at the meeting of the Jerome Chamber of Commerce last Wednesday at Woods cafe. Plans for Farmer's night were discussed. It will be held at 8 p.m. Feb. 24 for all farmers, businessmen and their employees. It will be a stage affair, reports Ray Asendrup, general chairman.

Other chairmen include Robert Walton and Larry Fleming, food and preparation; W. B. Chubb, m. a. entertainment; Walter Will, sound; Thomas Prescott, toastmaster; Blake Patterson, advertising; Frank Titus, chairs and arrangement; and Robert Hoffmann and Clayton Toler, refreshments. The hospitality committee will be headed by Asendrup, Jack Russell, and LeRoy Craig. The merchant's committee reported it will sponsor the annual Easter event, including Easter egg hunts in the park. Amateurs Seer Friday Night TV Invasion by Pros

NEW YORK, Feb. 14 (AP)—The American Broadcasting company announced Thursday that it definitely is going ahead with plans to televise Friday night National Football League games despite protests from colleges and high schools. The colleges and high schools insist it is an infringement on their traditional Friday night domain and violates a 1961 federal statute dealing with anti-trust legislation in sports.

The ABC, in confirming an earlier report on the projected five games, said there is no violation because the programming deals are being made with the individual clubs and not with the league itself.

The ABC said Ford Motor company would sponsor the Friday night pro games. The particular games, or clubs involved, were not immediately announced, but one of the teams will be Cleveland.

Pete Rozelle, commissioner of the National Football League, said:

"This is an academic question. The National Football League has not made up its 1964 schedule, and will not do so for six weeks. The league has no contract with the ABC."

"The law of 1962 states that the National Football League cannot make a package deal with a single network to televise games on Friday night, Saturday afternoon or Sunday night."

"Also, there is a specification that no game can be televised within 75 miles of a college game. If the deal is made between ABC and the member clubs individually, the 75-mile rule will be rigidly observed."

"There will be no game within 75 miles of a college contest," Rozelle said.

The ABC said that television agreements with individual clubs always have been valid and added:

"The proposed broadcast would be a great public service, affording opportunity to enjoy professional ball in prime evening time."

The proposed plan drew immediate blast from both colleges and high schools. A. A. Bushnell, commissioner of the Eastern College Athletic conference and director of the college TV program, said he was "disturbed by the report."

"It is a matter for inquiry and investigation; it is a problem for the lawyers," he added.

"The ABC is violating the spirit, if not the wording of the 1961 law."

A similar protest came from the National Federation of State High School Athletic associations, which has a membership of more than 12,000.

Cliff Gagnier, federation executive secretary, said he received a letter of complaint to Rozelle as his group's first step in "protecting the interests" of member schools.

"This telecasting on Friday night will have a more harmful effect on the college game than any other phase of amateur football," Gagnier said.

"In my preparation for the game, we can do, but we will investigate and use what means available to protect and protect the game."

"I feel this is a matter about which the government should be vitally concerned."

The five games in question were held out of the big package deal recently to Columbia Broadcasting system for 14.1 million dollars a year.

Bushnell said that he felt such a move by the pros contravened the spirit if not the wording of the law.

The National Football League could not sell a package called "Friday night or Saturday games."

"This provision was intended to protect the college game, not to protect college and high school football," Bushnell said.

Actively in the line spelling out exemption of sports from same anti-trust legislation, so it would not be considered a "package deal," the pros might argue that the law is not intended to protect a particular arrangement, since the clubs would be making the deal individually and not in conjunction with the league as a whole.

However, the danger to college and high school attendance on those particular nights would appear as great, and the colleges and high schools are ready to fight it to the hilt.

Many colleges, particularly in the South, play games on Friday nights. Also, this is the prime time for the 12,500 high schools belonging to the National Federation of State High School Athletic associations.

"This would hit at the grass roots of all athletics," said one high school coach.

Bushnell said that if he and his college television committee did not get satisfactory explanation from the NFL and ABC, a formal protest will be made.

When Will Jones Become Coach?

NORMAN, Okla., Feb. 14 (AP)—Jones, Oklahoma's first professional football coach and athletic director at the University of Oklahoma. The only question is when?

Confusion over just when Bud Jones' resignation as athletic director at the University of Oklahoma was effective has caused a delay in naming Jones to the dual post.

The athletic committee of the board of regents will have to work out details of the contract with Jones.

The regents met Thursday to debate the problem and it was decided that the best solution was to get together with Wilkinson and Jones and talk it over.

Four Teams Picked for NCAA Play

KANSAS CITY, Feb. 14 (AP)—The first four teams were picked Thursday by the National Collegiate Athletic Association for its 32-team college basketball tournament. Two of the eight regional playoff sites also were announced.

Evansville college with a 17-2 season record, Kentucky Wesleyan 13-2, Youngstown university 10-2 and Kentucky Wesleyan 13-5 were selected for the regional March 5-6.

Evansville, Ind., where the national playoffs will be held March 11-12, was announced as a regional site along with Durham, N. C., and Akron, Ohio.

Evansville will play in the Great Lakes region at the University of Kentucky. Youngstown will play in the mid-south regional, the site not yet chosen.

The other five regional sites are expected to be selected within two weeks and other teams in the tournament will be announced next week.

Giants Plan Starting Line For Rookies

SAN FRANCISCO, Feb. 14 (AP)—The New York Giants plan to start rookies in the starting line-up for the 1964 season.

RECORD-BREAKING MILE RUNNER Tom O'Hara, Chicago Loyola, holds trophy after race to a 3:56.8 record for the indoor mile in the New York A. C. games in Madison Square Garden Thursday. The unorthodox-style runner finished 63 yards ahead of early pace-setter John Cammin of Kansas State. (AP Wirephoto)

Tom O'Hara Shatters Indoor Mile Record by Two Seconds

NEW YORK, Feb. 14 (AP)—Tom O'Hara is a red-haired, freckled little fellow who looks like a boy. He is, however, a world-class runner. He shattered the indoor mile record by two seconds.

O'Hara, a 21-year-old student at Loyola of Chicago, was a 100-meter conservative, even after winning two full seasons at the indoor record in the New York A. C. games in Madison Square Garden Thursday night.

"I believe I can do 3:54," he said today. "The fastest ever in indoors—whipping over the last two laps virtually alone. The crowd howled 'Go, go, go.'"

He ran it in his own, unorthodox way, his arms pumping, his hands waving and his hands plucking at his running pants like a man with broken suspenders.

He hurled just off the shoulder of John Cammin, Empire State, Kan., for eight laps of the 11-lap race, then flashed out in front and finished around the track in 3:56.8, the fastest ever in indoors—whipping over the last two laps virtually alone.

He ran it in his own, unorthodox way, his arms pumping, his hands waving and his hands plucking at his running pants like a man with broken suspenders.

Liston, Clay Swap Insults in Closed Circuit TV Conference

NEW YORK, Feb. 14 (AP)—Cassius Clay and Sonny Liston swapped insults Thursday in an unusual news conference carried by closed circuit television from their Miami Beach training camps to a laboratory on Long Island. Clay boxed fast round, concentrating on moving backward. Liston pummeled the heavy for three minutes. Then they settled back for questions at their separate camps.

For newsmen located some 1,500 miles away. The conference was arranged by Theater New York television, which carried the Feb. 13 heavyweight title fight.

"I'm going to upset the whole world," said Clay who is known as the "Louisville Lip" and with good reason.

"A quick aside he asked, 'Which camera is on?' Clay went into his routine, more expansive than ever.

"After predicting defeat to prove I'm wrong," he rhymed. "If he whumps me, I'm leaving the country. I'm bigger than he is."

Clay, who is about 225 pounds, said he is not going to be a giant, fighting any Floyd Patterson.

"After learning to play piano, he said, 'I'm going to be a pianist.'"

Sonny sat at ringside at the Surferside auditorium with a white ring for his hands and head of sweat standing on his face. His eyes never blinked.

"He'll still be looking on the way down and I'll be the heavyweight champion. 'I want to keep up that one-round record on Long Island. I can. All I have to do is corner him and choke him.'"

"How long is it last? It's just a matter of time. They tell me they used to have round boxing in the old days. I'm going to land in one of those corners."

Clay, who is about 225 pounds, said he is not going to be a giant, fighting any Floyd Patterson.
