

Smyle Urges Water Rights Clarification

BOISE, Feb. 25 (AP) — Federal legislation intended to clarify water rights was described today by Gov. Robert E. Smyle as having "sincere and uniform support in Idaho."

Gov. Smyle told Sen. Frank Church, D-Idaho, chairman of the Senate subcommittee, he would be unable to attend hearings scheduled on the legislation in Washington.

"Nevertheless," Smyle wrote Sen. Church, "I desire to have your committee know, and to say for the record, that the state of Idaho strongly supports this bill and the subcommittee in its effort to prevent diversion of water to other states. Another reaffirmation of Idaho's intense concern."

Nearly two decades have passed since the struggle to secure the water rights of Idaho began, Smyle said. As the West grows and water grows in demand, the state is becoming the enmeshment of this legislation increases.

"Each time the water rights are certain and sure, and when the rights have been secured, federal law will have contrived a sound basis for adjustment of the growing needs of all of the West for water."

Both of Idaho's senators, Democrat Frank Church and Republican Don Ford, are sponsors of the bill.

Smyle repeated earlier statements that he is about ready to announce appointment of a committee to study a plan for state development of water projects.

The governor has indicated for the past several weeks that he would support the committee was imminent.

Bank Holdup Surge Nears '32 Record

WASHINGTON, Feb. 25 (U.S.A.)—A subcommittee noted Monday an alarming surge in bank holdups and robberies in 1945, and charged neither federal agencies nor banks are doing enough to curb these crimes.

The subcommittee, headed by Rep. Dante B. Pascali, D., Fla., urged the federal banking agencies to consider regulations that would require banks to take steps to prevent crimes.

At present, federal agencies recommend security measures to banks but do not require anyone to heed the advice. Pascali unit, the subcommittee on legal and monetary affairs, said that many bank managers ignore the advice because they are convinced that insurance will cover their losses.

In its report, the subcommittee said that 417 banks were held up in 1945, an increase of 27 per cent over 1944. In the first six months of last year, the report continued, bank holdups totaled 201.

The figures show that bank holdups are approaching the record level of 600 set in 1932, but before Congress made it a federal crime to rob a bank.

The subcommittee suggested two reasons why bank holdups are increasing in the late 1940s, and 1940s, now are on the increase.

Banks are opening more branches in the suburbs, which have less police protection and more escape routes.

The subcommittee suggested several security measures needed by banks.

The main recommendation would involve changes in the physical plant of some banks. The subcommittee recommended that all windows, skylights, and doors have steel bars or grating and all tellers be separated from their customers by bulletproof glass. The subcommittee also said banks should have a minimum number of doors and should place tellers' counters well away from the exits.

In addition, the subcommittee recommended alarm systems that make no noise in the bank itself when they are sounded, tear gas activated by either hand or foot controls. Cameras activated to take a movie of the robbery, all money bills with serial numbers recorded—for use by the teller only during a robbery, and signs throughout the bank that warn the would-be robber that all these devices are in use.

The subcommittee, noting the rise in embezzlement, suggested the bank duties be so arranged that no employee handles a single transaction from start to finish.

That the duties of employees be rotated, that officials be required to take vacations during which their books would be audited, and that every bank be required to develop an internal auditing program.

Japanese Ace Nearly Shot Johnson

WASHINGTON, Feb. 25 (AP)—Two aviation writers believe they have identified the Japanese Zero pilot who came close to shooting down the bomber on which President Johnson was a passenger in World War II.

The writers, Martin Caidin and Ed Hymoff, dug into Japanese war records and concluded the pilot could have been none other than Shiro Sakai.

Sakai ended the war with a record of 64 kills. He is the man who shot down Army Capt. Colin Kelly, the nation's first Medal of Honor winner in World War II.

Johnson, then a navy lieutenant and commander had volunteered for active duty and had gone to the Pacific war theater as an observer for President Franklin D. Roosevelt. He was aboard a crippled B-29 when it was jumped by enemy fighters but escaped unharmed.

Utah Police Arrest 4 on Dope Charge

SALT LAKE CITY, Feb. 25 (AP)—Police in Salt Lake City and Phoenix, Ariz., working in tandem, arrested four persons for narcotics violations and confiscated \$57,000 in narcotics police said. The arrests were in a mail-order dope ring.

Salt Lake City police nabbed three persons Monday evening near a downtown Phoenix and took one ounce of uncut heroin worth \$15,000 from a woman suspect. Police said the trio had hypodermic needles and syringes in their possession.

They identified them as Kenneth D. Rosenbaum, 30, Paul Edward Perkins, 33, and Lee R. Roberts, 34, all of Salt Lake City.

Eighty minutes later, Phoenix police arrested a man identified as John Seltzer, 25, in his apartment where police said they found marijuana, heroin, cocaine and various pills.

Marijuana had been mailed from Seltzer to the Salt Lake City trio, police said.

They said Seltzer had been buying narcotics, distributing them and mailing the dope to other cities. Sources of the drugs were not known, Phoenix authorities said. They said they expected more arrests to follow.

Investigation has been in progress for the months, Salt Lake City police said.

Cooper Wins Title, Leaves Liston Alone

MANCHESTER, England, Feb. 25 (AP)—Heavyweight champion, 29-year-old Cooper, who is known as "The British Empire" and European, an heavyweight champion and immediately it is known that he is the son of Sonny Liston, Cassius Clay, perhaps, or even Floyd Patterson, but Liston is not there very much, says Guy Sneyer.

Cooper added the vacant European title to his British crown, outpointing Brian London over 15 rounds Monday night. Cooper jabbed, hooked and cut with his left hand, while London, neither Cooper nor London achieved a knockdown, but both suffered eye injuries. Cooper's manager, Jim Wickes, said: "If Clay wins the fight against Liston then we'll challenge for the title. If Liston wins, then we want no part of him. If we don't fight Clay then we'll maybe fight Patterson in Sweden." Patterson is the former world champion who was twice demolished by Liston.

Inspection Label Put on Asian Visit

WASHINGTON, Feb. 25—American officials insisted today that Defense Secretary Robert McNamara's planned trip to Saigon did not forewarn extension of the Viet Nam war into the communist north.

McNamara is slated to go to the Viet Nam within the next 10 days for a White House official described his mission as one of a series of inspection trips he has been making to get first-hand reports from U.S. officials there of the situation.

Informal sources discounted reports that McNamara's trip to the United States might extend to conflict by such means as possible guerrilla raids into North Viet Nam or an air-raid made to cut Viet Cong supply lines.

Ending the war or stopping the fighting does not appear to be McNamara's goal of state department officials. McNamara's high-level inspection mission to coordinate U.S. policy and operations connected with Viet Nam.

The committee will be composed of the state and defense departments, central intelligence agency (CIA) and U.S. information agency (USIA).

Peyton Place Author Dies At Age of 39

BOSTON, Feb. 25—Oran Maxell, author of "Peyton Place," a popular narrative of life in a small New England town, died at Beth Israel hospital today of a liver ailment. He was 39.

Mrs. Maxell, married three times including twice to the same man, gained overnight fame and fortune with her early novel.

Some said that "Peyton Place" drew upon real-life people in Gilmanston, N. H., where she lived. Mrs. Maxell denied this. Her first husband, George Maxell, lived his job as a school teacher in Gilmanston because of the said of the future over his wife's book. Their marriage ended in divorce.

"Peyton Place," published in 1950, brought Mrs. Maxell wealth as well as two best-selling books. The book sold over 250,000 copies in hard cover form and over a million paperback.

Mrs. Maxell published several other novels since the "Peyton Place" success, including "The White Collar," "Return to Peyton Place" and "No Adam in Eden." The last book, published in October, brought her \$500,000 in screen rights but was a poor seller.

"Peyton Place" was attacked by the critics as "dirty and immoral." Others described it as a moral of small town American life. Mrs. Maxell always defended "Peyton Place" as a work of art and denied that her intent was to shock anyone.
