

## Burley Woman Is Killed When Train Hits Car

HEYBURN, March 4—A Burley woman was killed instantly and her husband and 4-year-old son are in the Cassia Memorial hospital after the car she was driving was struck by a Union Pacific freight train at 8:45 a.m. today on the Alfresco road east of here. Mrs. Dorothy M. Day, 45, 750 Oakley avenue, Burley, was thrown from the 1955 Oldsmobile she was driving. Her husband, Merle Day, 48, and the couple's son, Arrel, 4, also were thrown from the vehicle, which was demolished, officers said. Minidoka county sheriff's officers investigated the collision, assisted by Burley police. The vehicle was thrown clear of the train and landed in the borrow pit. The southbound freight train was going to Burley. Engineer was H. W. Christensen, Rupert.

Both the father and son were undergoing X-ray Wednesday morning to determine the extent of their injuries. They were reported in fair condition.

The body of Mrs. Day was taken to the Walk mortuary, where

## Castro Ready To Supply Base Water

HAVANA, Cuba, March 4 (AP)—Prime Minister Fidel Castro said today he is ready to supply the U. S. naval base at Guantanamo bay with water once again.

"Cuba considers the incident of the water at Guantanamo bay closed and is ready to supply the base with water once again," the prime minister told foreign newsmen at a Moroccan embassy reception.

"It is up to the Americans to use that water or not," he added.

Castro cut off Guantanamo's water supply on Feb. 6 in retaliation for the arrest of 38 Cuban fishermen and the seizure of four trawlers in American waters off Florida.

Twenty-nine of the fishermen were returned to Cuba Feb. 21 with their boats after the four captains paid fines for poaching. Two fishermen chose asylum in the United States. The other seven were freed as juveniles and returned to Havana.

The U. S. government is not expected to take up Castro's offer to turn the base's water back on. It has plans to make the base self-sufficient with the use of desalination plants that are to be built in the next year. The base is being supplied by tankers with water from Florida.

## Police Chief Resigns Job At Rupert

RUPERT, March 4—H. O. Willis, Rupert police chief, submitted his resignation, effective today, at the city council meeting here Tuesday night.

In a statement issued today, Willis declared he had resigned "because it is in the best interest of the city. I feel I cannot effectively operate the department under the new mayor, due to the conflict in policy and personnel," Willis declared.

He joined the Rupert police department in October, 1953, and has served as chief since 1961. He said he has no definite future plans.

The council instructed Mayor Wendell Johnson to appoint an acting police chief after accepting Willis' resignation.

No action was taken and Rupert is without an acting police chief as yet.

## Indiana Man Admits Negro Home Blast

ST. AUGUSTINE, Fla., March 4 (AP)—Investigators said today that a 30-year-old Indiana man had admitted bombing the home of a Jacksonville, Fla., Negro last month.

The Florida sheriff's bureau, which made the announcement, said William Sterling Rosencrans also was being questioned about a bombing in Birmingham, Ala., Sept. 15, 1963, which killed four Negro girls and five bombings that have plagued the strike-bound Florida-East Coast railway this year.

Rosencrans, a wiry, crewcut man, was arrested last night when Duval county authorities found three sticks of dynamite in his automobile. Duval county authorities charged him with illegal possession of dynamite.

WATCHING IN WHITE HOUSE OFFICE Tuesday is President JOHNSON, as Donnie Cooper, one of the Easter Seal twins, drops his crutches to do a headstand for him. Brother Ronnie smiles at the antics. The 6-year-old twins, from Coal Creek, Colo., presented the President with a book of Easter Seals, which he holds, to officially launch the 30th annual fund-raising campaign. Standing with the President are comedian Bob Hope, national chairman of the drive, and J. P. W. Brown, Chattanooga, Tenn., president of the National Society for Crippled Children and Adults. ## Negotiations Over Sugar Contract Stall

Sixty representatives of the Idaho, Utah and Oregon Beet Growers associations failed to agree Tuesday on a contract with the Amalgamated Sugar company. After a series of directors' meetings during the past month and two meetings with company officials, the sessions concluded with no contract agreement in sight for the 1964 season. The Tuesday night session was held in the Rogerson hotel Roundup room. According to Jack D. Claiborn, Kimberly, president of the Idaho Beet Growers Association, the company offered growers a considerably lower price, especially growers in the Nampa-Nyssa area. Growers and processors, however, both agreed that lower sugar content beets are less profitable to process.

The growers did agree to adjust the contracts in the lower sugar content brackets, which would encourage production of a better quality sugar beet. But they could not accept the additional demands of the company for downward adjustments of the scale in the higher price range. Although the price of sugar to the consumer has been higher during the past season, the company demands the growers accept a lesser contract than the one they had been operating under the past several years, the growers contend.

Growers pointed out that processors and growers in other sugar beet areas have agreed on the same contract used in 1963. Claiborn said association representatives returned to their respective areas Tuesday night to consult with their members and determine future action.

The company contends such losses would be compensated by increased payments to growers in the higher sugar content areas.

The growers did agree to adjust the contracts in the lower sugar content brackets, which would encourage production of a better quality sugar beet. But they could not accept the additional demands of the company for downward adjustments of the scale in the higher price range.

## Storms Bring Ice to Gem Highways

By The Associated Press

Storms brought new snow and rain to northern and southeastern Idaho today.

State police reported snow was falling in the Bonners Ferry, Sandpoint, Moscow and Orangeville areas. Chains were required for cars traveling Lookout pass on U. S. highway 10 and use of chains was advised at Lookout pass on U. S. 12.

Rain was falling in the Pocatello area in the southeast and along U. S. highways 91 and 191 south into Utah.

There was broken snow floor in the Graters of the Moon stretch of U. S. 26 and there were slick spots on U. S. 30 at Strevell. U. S. 26 from Swan Valley east and U. S. 191 from Ashton north had broken snow floor. There was snow floor on U. S. 93 at Lost Trail pass and U. S. 91 had icy spots at Montida pass.

State 15 had icy spots in the Cascade-McCall area in southwestern Idaho.

## Quiet Night Is Spent by Greek King

ATHENS, Greece, March 4 (AP)—King Paul of Greece spent a quiet night, the royal palace announced today.

A medical bulletin also said the trouble which the gravely ill monarch developed Tuesday showed signs of improvement.

The king earlier today was reported near death.

## Hoffa Is Found Guilty in Jury Tampering Case

CHATTANOOGA, Tenn., March 4 (UPI)—A federal jury today found Teamsters Union President James R. Hoffa guilty of two counts of jury tampering. Each count carries a maximum penalty of five years in prison. The jury returned its verdict shortly after 2 p.m. (EST) after five hours and 44 minutes of deliberation. The eight-man, four-woman jury specifically found Thomas E. Parks, and Ewing King, both Nashville, guilty as the principals in two of the three jury tampering counts submitted to the jury after 45 days of arguments. Hoffa and Larry Campbell, Detroit, were convicted of aiding and abetting.

## U Thant to Set up Cyprus Peace Force

UNITED NATIONS, N. Y., March 4 (AP)—The U. N. security council voted unanimously today to have Secretary-General U. Thant set up a Cyprus peace force and name a mediator to seek peace in the island republic.

The Soviet Union had announced it would support the plan despite strong reservations on the provisions for the creation and control of the force.

In Athens, 2,000 Greeks burned an effigy of President Johnson in front of the U. S. embassy Tuesday night. Thousands of others poured through the streets shouting denunciations of the United States and Britain for allegedly taking Turkey's side in the dispute. They roared "Bravo Russia," "Johnson-Al Capone" and "Out with the fleet." Units of the U. S. sixth fleet are holding joint exercises with Turkey in the Aegean sea.

On the Greek island of Rhodes, off the Turkish coast, 3,000 high school students stoned the U. S. information agency building, the Turkish consulate and the U. S. coast guard vessel Courier, which serves as a transmitter for the Voice of America. They also overturned a car belonging to the courier at dockside.

## Walker Blasts GOP; Still Won't Serve

State Democratic Party Chairman Lloyd Walker, 311 Eighth avenue north, said Tuesday evening his position regarding Gov. Robert E. Smylie's invitation to serve on the state water study committee is unchanged. Walker commented that the state plan for water is only one of a number of questions which Idaho must consider for its future development and that as party chairman he should not be committed in advance to any single program. In a written news release, Walker said:

"Representative William Landrum, the Republican majority leader to the state house of representatives, and the governor have suggested that I reconsider my refusal to serve on the 30-man water development committee.

"To them I extend my thanks for their kind remarks in suggesting that my training and experience would be helpful to such a group and that it was my civic responsibility to serve. Such statements, though flattering, are just not true.

"My civic responsibility goes well beyond one program which cannot solve the state's problems and has the built-in danger of leading the people of this state into a false sense of security that something is being done that will solve our basic problems.

"The citizens of this state, in the last 25 years, while the rest of the nation has been moving ahead, have acted as if they had been given a huge sleeping pill. See WALKER, Page 2, Col. 4.

## Goldwater Promises U.S. Tax Revision

CONCORD, N.H., March 4 (AP)—Republican Sen. Barry Goldwater said today if he is elected president he will move immediately to rewrite the nation's tax laws.

Even before his inauguration, Goldwater said he would choose a panel of labor, business, academic and legislative leaders "to frame a new tax code for this country with special emphasis being paid to the investment of money."

Goldwater said he would have the panel conduct its study between the election and the inauguration.

At the same time, Goldwater said, he would move to cut federal spending.

"I'm convinced the federal budget can be balanced without hurting any program," he added in a campaign speech.

He is hunting votes in next Tuesday's New Hampshire presidential primary.

## Poverty Program Planned, Cost May Run Higher

WASHINGTON, March 4 (AP)—Although not completely worked out, President Johnson's anti-poverty program apparently will contain three key proposals, informed sources said Tuesday.

The three: federal grants to communities for local action, a corps to train youths, and a program to create employment in depressed areas through low interest loans to industries.

The program may run closer to 900 million dollars than the 500 million dollars envisioned in President Johnson's budget, it is reported.

The program may run closer to 900 million dollars than the 500 million dollars envisioned in President Johnson's budget, it is reported.

## Air Force Tries to Decide Cause of Freak Air Accident

SMYRNA, Tenn., March 4 (AP)—The air force today blamed human error or a structural defect for a freak aviation accident yesterday over the "smoky" mountains.

One airman was killed and another hung perilously from a plane at 19,000 feet when a cargo door of a C-130 transport was blown from the fuselage.

The plane had left Bewart air force base here 45 minutes earlier en route to Myrtle Beach, S.C. It was forced to make an emergency landing at McGhee-Tyson AFB at Knoxville.

An air force spokesman said only two things could have caused the door, rarely used, to be torn from the airplane. "It was either structural defect or human error," he said.

Crew Chief Gene Gallegos, San Luis Cole, and Airman 1/C Gary Back, McLean, Tex., were near

the door when it was blown open. Both were "sucked" out of the plane by the sudden change in pressure.

Back plummeted the 19,000 feet into the mountainous country, Tenn., ski resort area, about 35 miles east of Knoxville. His body had not been found by early today.

Gallegos grabbed a link of chain hooked to the fuselage as the pressure pulled him through the gaping 10-foot wide hole.

"The next thing I knew my feet were hanging out of the plane," the 31-year-old staff sergeant said. "My only concern was not to let loose, and I was hoping the chain wouldn't come loose."

"It took me about two minutes to pull myself completely into the plane. When I got back inside I lay there about five minutes before I could struggle to my feet to the flight deck."

See HOFFA, Page 2, Col. 7

## Smoke Scare

AUSTIN, Tex., March 4 (AP)—State Treasurer Jesse James blames the cigarette smoking scare for a 1.2 million-dollar drop in revenue from the state cigarette tax during February.

"Looks to me like a lot of cigarette smokers are cutting down or quitting," James said Tuesday. "I don't know how else to explain it."

February cigarette tax stamp sales were \$5,651,391, compared to \$6,854,599 in February, 1963, James said. Sales this January were \$7,301,882.

## Government Plans to Buy U.S. Beef

WASHINGTON, March 4 (AP)—Agriculture department officials today said the agency plans to spend about 15 million dollars on the purchase of beef under a program aimed at bolstering cattle prices.

The purchase program was announced late last week by Secretary Orville L. Freeman as some senators pushed for an amendment to the administration's wheat-cotton bill to put tighter restrictions on meat imports.

"At an average price of 40 cents a pound, 15 million dollars would buy about 37.5 million pounds of beef. This quantity would be equivalent to about 15 per cent of weekly production in recent weeks."

Some farm circles speculated that such a purchase operation, spread over several weeks, would have very limited effect on cattle prices.

The beef will be donated to the school lunch program and to needy persons receiving government surplus food.

THIOKOL DENIES RUMORS

BRIGHAM CITY, Utah, March 4 (AP)—Persistent rumors that the Thiokol company would close its plant at Pocatello have been denied. Thiokol Public Relations Officer Ron Swenson branded as simply "not true" reports of the impending closure.

## Sawtooths Bring \$2,000,000 Into Area During Past Year

SALMON, March 4—An estimated 14 million recreation visits were made to the Sawtooth National Forest, and it was estimated that forest recreation attractions added two million dollars to the local economy, according to the forest office's annual progress report.

Forest Supervisor P. Max Rees said 115,000 fishermen and 40,000 hunters visited the Sawtooth forest in 1963. The forest has about 1,500 miles of fishing streams and 7,000 acres of lakes. About 220 individual mountain sheep and 18,110 cattle and 99,280 deer on the forest during the summer months of 1963, it was reported.

Rees said 100 acres of water-

shed lands in unsatisfactory condition were treated to arrest erosion.

Two new campgrounds were constructed in the forest and seven campgrounds were rehabilitated. Rees said also said there were 46 fires, most caused during 1963 that destroyed about 65 acres of forest.

Rees said 43 miles of new roads were constructed and 15 miles of trails were constructed in back country areas.

Rees emphasized that balanced development and use of all resources help to provide a broad base for support of economic stability in the communities surrounding the Sawtooth national forest.

## Orchestra Bus Crash Suit Filed

SAN FRANCISCO, March 4 (AP)—Five members of the Kansas City Philharmonic orchestra and their assistant manager filed suit Tuesday for damages totaling \$550,000 as the aftermath of a rebound bus accident near Dayton, Wash., last Jan. 24.

All six passengers on a chartered bus that skidded off U. S. highway 410 and overturned. They were en route to Boise after a tour of California, Oregon and Washington.

The suit was filed in federal court in San Francisco. The plaintiffs are Billy Sexton, son of Mr. and Mrs. James Sexton, Caldwell, and the younger son of a local route 4. The younger son was a senior at the rural Sunny slope school in Canyon county school district 139.

## Child Killed

MARSHING, March 4 (AP)—An 8-year-old schoolboy was killed today when a car struck him as he dashed across a rural road while waiting for a school bus.

Canyon county sheriff's office identified the victim as Billy Sexton, son of Mr. and Mrs. James Sexton, Caldwell.

The youngster was a senior at the rural Sunny slope school in Canyon county school district 139.

# Power Issue Is Discussed By Grangers

HAZELTON, March 4—Public vs. private power was discussed when Frontier Grange met Monday evening at the Grange hall. The group recently presented a resolution to the state Grange opposing the extension of Bonneville power.

Portions of material received from Sen. Frank Church in support of Bonneville power were read by Henry Steinmetz and discussed by the group. Dale Budd read an article supporting private power.

Boyd Hagen reported insecticides must now be proven not harmful for a three-year testing period before they may be marketed.

Carl Estep reported on the halo blight bean meeting held recently at the Grange hall.

Mrs. William Brown, Jr., reported the finance committee is planning an old-fashioned literary program to be presented at 8 p.m. April 1 at the Grange hall. All Grange members will participate.

Nola Worsham played an accordion solo. Mrs. Melvina Worsham also was a guest of the Grange.

Refreshments were served by Mr. and Mrs. William Brown, Jr.

# Magic Valley Funerals

HANSEN—Funeral services for Dale Leonard Hansen will be held at 2:30 p.m. Thursday at the Reynolds funeral chapel, 1100 N. Main, Twin Falls. Officiating will be by Rev. W. D. Elway. Concluding rites will be held at Sunset Memorial park.

DIETRICH—Funeral services for Harold E. Hollibaugh Dietrich will be held at 2 p.m. Thursday at the Shoshone LDS church, 1100 N. Main, Twin Falls. Officiating will be by Bishop Walter Bowman. Dietrich died at his home in Shoshone.

BUHL—Funeral services for Mrs. Anna Buhl will be held at 8:30 p.m. Wednesday at the Albertson-Dickard funeral chapel, 1100 N. Main, Twin Falls. Officiating will be by Rev. W. D. Elway. Concluding rites will be held at the Buhl cemetery.

TWIN FALLS—Funeral services for Mrs. Grace Lanting will be held at 2 p.m. Thursday in the Reynolds funeral chapel, 1100 N. Main, Twin Falls. Officiating will be by Rev. W. D. Elway. Concluding rites will be held at the Buhl cemetery.

BUHL—Funeral services for Mrs. Sarah Elizabeth Duval Neumeier will be held at 2 p.m. Thursday at the Albertson-Dickard funeral chapel, 1100 N. Main, Twin Falls. Officiating will be by Rev. W. D. Elway. Concluding rites will be held at the Buhl cemetery.

JEROME—Funeral services for Mrs. Estelle L. Jensen will be held at 2 p.m. Thursday at the Reynolds funeral chapel, 1100 N. Main, Twin Falls. Officiating will be by Rev. W. D. Elway. Concluding rites will be held at the Buhl cemetery.

BUHL—Funeral services for Mrs. Sarah Elizabeth Duval Neumeier will be held at 2 p.m. Thursday at the Albertson-Dickard funeral chapel, 1100 N. Main, Twin Falls. Officiating will be by Rev. W. D. Elway. Concluding rites will be held at the Buhl cemetery.

ALBION—Gravestone services for Melvin Reo Adams, Jr., infant son of Mr. and Mrs. Melvin Reo Adams, Albion, will be held at 2 p.m. Thursday at the Elba cemetery by Lewis Outley, high school counselor. Concluding rites will be directed by Payne mortuary.

HAILEY—Funeral services for Thomas J. Mizer will be held at 2 p.m. Friday in the Bird funeral chapel by the Rev. W. D. Elway. Concluding rites will be held at the Hailey cemetery. Friends may call at the chapel Thursday and until 1:30 p.m. Friday.

BURLEY—Funeral services for Mrs. Alice E. Campbell will be held at 2 p.m. Saturday in the Joseph Payne memorial chapel by the Rev. Floyd White. Paul Methodist church. Concluding rites will be held in the Pleasant View cemetery. Friends may call at the Payne mortuary Friday afternoon and evening and Saturday until time of services.

PETROLEUM UNIT MEETS IN T.F.—The Idaho Petroleum Council held its monthly business meeting at a noon luncheon Tuesday in the Reynolds hotel. Twenty-two men from Boise, Pocatello, and Magic Valley, who are engaged in oil industry public relations attended.

Henry Woodall, Twin Falls, was chairman of the meeting, substituting for V. L. Mosen, Boise, state chairman of the Idaho Petroleum Council.

The group offers educational material to schools and service organizations.

St. Benedict's, Jerome—Admitted: Mrs. Gene Schmidt, Mrs. Florence Morris, Mrs. Nina Johnson and Mrs. Thomas Craton, all Jerome. Dismissed: Mrs. Gene Schmidt, Mrs. Florence Morris, Mrs. Nina Johnson and Mrs. Thomas Craton, all Jerome.

St. Benedict's, Jerome—Admitted: Mrs. Gene Schmidt, Mrs. Florence Morris, Mrs. Nina Johnson and Mrs. Thomas Craton, all Jerome. Dismissed: Mrs. Gene Schmidt, Mrs. Florence Morris, Mrs. Nina Johnson and Mrs. Thomas Craton, all Jerome.

# Weather, Temperatures

MAGIC VALLEY—Considerable cloudiness today, tonight and Thursday, with a few showers of rain or snow, mostly tonight and Thursday. Windy, with areas of blowing and drifting snow over Camas prairie and portions of the north side of Magic Valley. Warmer today, cooler Thursday. Highs today 48-50, Thursday 33-42; lows tonight 23-30, except Camas prairie highs today in upper 30s, Thursday in lower 30s; lows tonight 10-15. Outlook: Friday variable cloudiness with chances of occasional light snow or rain. Temperatures at 8 a.m. at 30 at Pocatello, 36 at T. F. weather bureau, 31 at Pocatello, 30 at T. F. entomology laboratory, with 11 per cent humidity, 31 at Rupert, 22 at Fairfield, 34 at Buhl, 34 at Castleford, at 8:00, 43 at T. F. weather bureau with 49 per cent humidity. Barometer: 30.66.

# FIVE-DAY FORECAST

The major upper level low pressure trough position is forecast to be located east of the Rockies in a north-south line from the upper Midwest through the Plains states. This configuration will place the Intermountain region in predominantly northwesterly flow, with some higher pressure areas off the Pacific coast.

Temperatures during the next five days will average from four to eight degrees below normal over agricultural valleys of southern Idaho. Continued mild today and tonight, turning cooler Thursday and Friday, followed by minor warming Saturday and then cooler Sunday makes up the temperature schedule. Maximum temperatures will not show great variation, but minimum temperatures will range from the 0 to teen range on clear nights to the teens and 20s on cloudy nights. Temperature normals through Monday are Gooding 42-55, Twin Falls 32-42 and Burley 42-55.

Precipitation totals will average 1.6 to 2.2 of an inch over southern valleys during the next five days. Precipitation mostly in the form of periods of light snow will occur through the next several days of this five-day period, although some light rain may be mixed with the snow over Magic Valley.

Sunshine again will be reduced by frequent cloud cover, averaging about 35 to 45 per cent of possible over Magic Valley. Winds will average stronger than normal, with considerable blowing and drifting of loose snow during the first half of this five-day period. Soil temperatures at the three- to eight-inch depths will undergo minor change with average readings around 30 to 35 degrees.

# SYNOPSIS AND AGRICULTURAL SUMMARY

The return to northwesterly flow aloft will allow Pacific weather disturbances to travel across southern Idaho at frequent intervals. One such disturbance is now moving onshore along the Washington-British Columbia coast and promises to swing south-east, crossing these agricultural valleys during the next 24 to 30 hours. Warmer air ahead of this system moderated temperatures from the lower Malheur to the upper Snake region. This warming trend will hold true today and tonight before gradual cooling takes place tomorrow and Friday. Even this expected cooling will not cause nighttime temperatures to fall to sub-zero readings.

As the storm system pushes across Idaho, cloudy skies with periods of light snow occasionally mixed with rain can be expected through Thursday. By Friday another ocean-born disturbance will begin influencing the weather with the possibility of a resurgence of light snow again.

Winds will be a factor during the next 36 hours with blowing and drifting of loose snow expected to occur on the north side of the Snake and Camas prairie. Driving conditions will be impaired and visibilities reduced. Drifts of five to six feet have been reported in the Fairfield area due to strong winds that began yesterday afternoon.

# TEMPERATURE AND PRECIPITATION

# Youngsters In Car Thefts Are Released

Three Twin Falls teen-agers who were being held in custody in connection with the theft of several automobiles from the area in the past week have been released to the custody of their parents.

The three youths, all 14 years old, were apprehended by city and state police Saturday night while they were driving a stolen 1956 DeSoto, owned by Richard Summerfield, 2076 Addison avenue east.

Three other teen-agers, all about the same age, also are involved in several of the auto thefts, authorities said, but were not with the other three when apprehended by police officers. Parents of these three boys have been notified of their sons' actions and will appear before juvenile authorities.

All the automobiles stolen had the keys left in the ignition.

which has been administered jointly by the Idaho Power company and the Republican party. We in the Democratic party have been trying to administer sharp kicks to the collective shins of the state's voters, to bring them out of their drug-induced slumbers.

"For my own part as state chairman of the Democratic party, I have tried to administer my share of the kicks and to accept a role that would compromise this would be the failure of my civic responsibility.

"The state's problems can never be solved by timidity. We must have a massive across-the-board attack, calculated to produce more than temporary solutions. To this end, I have listed several suggestions in their order of importance. One consideration must always be kept in mind, and that is the fact that we, like Egypt, are totally dependent on one real source of power for our development—the Snake River. It controls our future. Not one drop of it can be wasted. To this end these suggestions are made:

"1. Complete and unified support for the comprehensive development of the Snake River as outlined by the federal bureau of reclamation. This agency has surveyed this entire watershed and has a plan to develop every drop of water in it and these plans contain multiple purpose projects for irrigation, industry, flood control, recreation, etc. There are some 52 projects outlined for development. They include Burns creek, Garden valley, Guffey, etc. Each development is absolutely essential.

"2. The defeat of Sen. Len B. Jordan. Such a suggestion will undoubtedly bring boots of derision about silly politicians, etc., but such is not the case. The Eastern states, as their urban problems develop, are increasingly reluctant to support Western development as they have in the past. Idaho, with her small population, must have unity. With Senator Dworshak, we always had unity of purpose in water development. In Senator Jordan we have a man who is against the Idaho Power company that he has voted against the Burns Creek dam and destroyed this unity of purpose. He is a luxury we cannot afford.

"3. A comprehensive overhaul of our tax structure to provide an economy that is attractive to industry. This can not be done by the patch and scratch method. And water resources are developed someone will have to use the water.

"4. Introduction of cheap Bonneville power by connections with the Bonneville grid. If Idaho Power refuses to wheel this power in, then lines should be constructed. This cheap power is essential to industry and farming and to provide cheap power for irrigation pumping to take the water from the Snake to the Bruneau desert and other such areas.

"5. Development of state-financed and controlled public power and water systems such as may be recommended by the 30-man study group.

"6. Appointment of a vigorous and determined man to the Idaho public utilities commission who will regulate and not just rubber stamp rate increases. The public and industry have long overlooked the importance of this post.

"7. Determined efforts by our state leaders to lead the state, not just to follow.

"This list is far from complete, but it would be a good start if we could accomplish most of this. It is to this end that I will work and not for just one piecemeal project."

## Pilot Tells Of Landing Without Tail

OSAKA, March 4 (AP) — "The landing was not my best," Charles P. Fisher recalled. "It's unlikely he'll ever need a better one."

The 36-year-old Boeing company test pilot had just brought a new jet airplane — a jet-monster with the thrust of 30 diesel locomotives — safely to the ground, minus most of its five-story-high tail fin.

Fisher tells about it in the current issue of a strategic air command magazine, "Combat Crew," which the defense department released pictures of the damaged plane Monday in Washington.

The landing took place Jan. 10 after Fisher and three other Boeing employees had flown out of Wichita, Kans., in a highly instrumented B-52H eight-engine jet for an eight-hour test. Fisher was in command with Richard V. Curry as pilot, Leo Coera as copilot, and Jim Pittman, navigator. All are from Wichita.

The instruments were to measure stresses and strains, but the object was to take these measurements during a normal flight. The fact that the instruments were in use when the plane was wrecked by turbulence and that the crew survived to tell their stories provided some of the best technical data ever obtained, the air force said.

## Castleford Has Special Program

CASTLEFORD, March 4 — Annual Founders Day program of the Castleford PTA was given by Don Martins, Buhl, who spoke on the "American freedom and heritage," at the PTA meeting Monday. Mrs. Earl Heidel led in opening prayer.

Polly Kennedy, Linda Ripa, and Karen and Sheila Pfeil, of Girl Scout troop 1, led in the presentation of the flag. Junior and cadet Girl Scouts of troop 2 sang several numbers. Barbara Garrison and Jeannie Grimm of the speech class gave readings.

Mrs. Ernest Pinkston, Mrs. Guy Kinyon and Mrs. Jay Welch were appointed on the nominating committee.

Founders Day tea was served by the fourth and fifth grade room mothers assisted by the FHA girls who are working on state degrees. A silver offering was taken for Founders day.

GREETING FORMER IDAHO GOV. Charles Gossett, Nampa, second from left, is Lee Fillmore, Twin Falls, right, ticket co-chairman for the Southern Idaho Livestock Hall of Fame banquet. Gossett was in Twin Falls Tuesday inquiring about the banquet. He plans to attend to hear J. Lewis Powell, Alexandria, Va., featured speaker at the banquet, whom Gossett says is an outstanding speaker. Looking on are L. H. (Spec) Haslam, left, ticket co-chairman, and Noble Scanlan, Boise, second from right, manager of Davis Packing company, who accompanied Gossett to Twin Falls. (Times-News photo)

## Church Lauds Generosity of Gem Program

WASHINGTON, March 4 — Senator Frank Church, D., Idaho, today said Idaho is one of the first states to launch a new program by which local U. S. communities will provide small scale assistance to Latin American villages.

Church referred to the program as "the new grass roots approach to the Alliance for Progress," and inserted in the congressional record newspaper articles describing its operation in Boise.

"These projects are too small to handle within our formal economic program under the alliance," Church said, "but they represent immediate needs of Latin American people in scores of places."

"The project may be a small generator to light a few bulbs for a night literacy class for adults. The generator is given in exchange for self-help measures by the villagers—such as installing a blackboard at the front of the room. The self-help feature is paramount in the program so that a meaningful partnership between the peoples results."

Church said the first project of supplying sewing machines and a typewriter to an orphanage in Ecuador has been undertaken by the Boise Junior Chamber of Commerce. He said the machines would be purchased in Boise and sent to the South American school.

"I want especially to congratulate the Boise Valley Alliance for Progress committee for their leadership in this small projects program, and I hope other Idaho local organizations will decide to participate," Church said.

Church said Idahoans interested in the program might obtain details or suggestions by writing to James Boren, Special Assistant, Alliance for Progress, New State Department building, Washington 25, D. C.

## Plans Eyed by Declo Kiwanians

DECLO, March 4 — Members of the Declo Kiwanis club discussed fund-raising projects and the club's proposed budget for the coming year during their noon meeting Monday.

Gordon Cox, Twin Falls Kiwanis club president, spoke briefly about the activities of the Twin Falls club.

## Fund Boosted

SHOSHONE, March 4 — The PTA-sponsored locker project has been boosted by a \$25 donation from Boy Scout troop 58.

To raise money, the Scouts sell Christmas trees and collect and sell junk.

Victor Bozzuto, PTA president, was presented the funds by Scouts Dennis Peron, Lynn Stimpson, Norman Dille, Layne Hadlock and Victor Bozzuto.

## MAN BURNS TO DEATH

YAKIMA, March 4 (AP) — Ralph Bishop, 66, died Tuesday of burns suffered when his clothing caught fire while he was burning weeds.

## Jaycees at Buhl Seek Candidates

BUHL, March 4 — Buhl Jaycees are seeking candidates for the annual Distinguished Service Awards banquet March 28, when an outstanding junior and senior citizen of the community for the past year will be honored.

All organizations, civic clubs and churches are urged to submit nominations for the award with the deadline set for March 14. Advance ticket sales for the event are presently under way and may be purchased from any Jaycee member.

Robert Fields and Richard Bencken are co-chairmen of arrangements.

## Hall of Fame Speaker Praised

Several Idaho livestock industry men will attend the annual Southern Idaho Livestock Hall of Fame banquet to hear a talk by J. Lewis Powell, Alexandria, Va. The banquet will be held at 7 p.m. March 14 in the Twin Falls national guard armory.

Former Idaho Gov. Charles Gossett, Nampa, and Noble Scanlan, manager of the Davis Packing company, Boise, were in Twin Falls Tuesday inquiring about the banquet. Both said they have heard Powell talk and will hear him speak again at the banquet.

They said they would come to hear him, even if he gave the same speech they heard him give last month in San Francisco at the Western States Meat Packers conference.

Gossett said Powell is such a good speaker that everyone who has heard him will want to hear him again and again.

"They don't come any better," Scanlan said people who have heard him speak "don't forget what he said, they keep remembering."

Five men will be honored at the banquet. They are G. Reed Lewis and Roscoe Wagner, both Twin Falls; Frank L. Coffey, Burley, deceased; Ernest Fields, Gooding; and Robert Blagstock, sr., Filer.

## Valley Riding Club Sets Meet

HAZELTON, March 4 — Valley Riding club will meet at 8 p.m. Monday at the Frontier Grange hall in Hazelton.

New officers will be elected and a film on Phillips quarter-horses will be shown. All members are urged to attend this important annual meeting.

Valley Junior Riding club is sponsoring a dance to be held March 14 at Valley high school with music by Holland (Happy Holly) Hourburg.

They said they would come to hear him, even if he gave the same speech they heard him give last month in San Francisco at the Western States Meat Packers conference.

Gossett said Powell is such a good speaker that everyone who has heard him will want to hear him again and again.

"They don't come any better," Scanlan said people who have heard him speak "don't forget what he said, they keep remembering."

## Rates Hiked

PORTLAND, March 4 (AP) — Auto insurance rates went up 10 Oregon today for new policies. The increases were announced by the National Underwriters Association and the National Bureau of Casualty Underwriters.

The announcement said the new rates represent an increase of eight per cent on damage insurance for the owner's car and 17 per cent for insurance for damage to others.

## NATIONAL WHIRLIGIG

BY ANDREW TULLY

WASHINGTON, March 4—No one is going to argue with that Republican "economy task force" which wants to cut President Johnson's fiscal 1965 budget by \$1 billion (to \$109 billion). But the "economy task force" will not be able to do it. It is not possible.

Rep. Frank T. Bow, R., C., the task force chairman, surprised practically nobody by announcing that spending will be a major campaign issue this year. It always was even when poor, conservative Herbert Hoover was doing everything but taking in boards at the White House.

**ELECTION YEAR PORK**—Bow and others are fond of noting that under GOP pressure, Congress cut \$3 billion dollars from new appropriations in the fiscal 1964 budget. That was, indeed, a solid achievement for the times. But precisely because this is an election year, the economists—who must always include the Democrats' financial flunkies, Harry Wynn of Virginia—will find their task enormously difficult if not impossible.

This is because there are too many members of Congress, both Republican and Democratic, running for reelection. It is not considered good politics for a candidate to be against the spending of federal money in his own district lest the voters feel he is not sufficiently aware of their needs.

**EVERYBODY IN ACT**—Nor is it only the local pork barrel projects that must be protected, for politics sweet-sake. Most congressmen hesitate to take the pruning knife to the 50-billion-plus defense budget because they don't want to be accused of leaving the nation at the mercy of Khrushchev's missiles. In the rural areas, no politician in his right mind would think of cutting agricultural benefits. In urban America, cutting legislation and, usually, money to finance foreign policy, are sacred, for obvious reasons.

Republicans have an arguable point when they claim the fiscal '65 Johnson budget was "contrived out of mathematical malarky." Like many Presidents before him, Johnson has thrown up a facade of economy by charging some spending against the '64 budget, overestimating revenues and understating some expenses. However, the polls show the average citizen approves of Johnson's fiscal policies, which to the attentive politician means that citizen is not exactly on an economy kick.

**NEEDED: A COMMISSION**—The fact is that the problem of government economy cannot be solved in any one year, due to the political exigencies of running the country. The taxpayers' best bet is a long-range program such as the House and Senate for the creation of a Hoover commission to study the federal budget, a continuing review of federal spending policies.

In the past 35 years, there have been only six occasions when the federal budget has shown a surplus. Those 29 years of deficits have increased the national debt from \$16 billion to \$316 billion dollars. Hit-and-run tactics in a campaign year won't remedy this situation. A watchdog committee which daily breathes down the necks of the spenders might.

## Views of Others

**SUCCESS FENALIZED**

Clever people, the Chinese? Not the Communist Chinese, directors of agriculture according to Western analysts of newspaper and radio broadcasts that filter through the bamboo curtain.

After several years of near disaster in food production, attributed to the commune system and the "great leap forward" as well as to drought and floods, the Peking bureaucrats relaxed slightly their tight grip on the peasants. The people who till the good earth were permitted to cultivate small private garden plots, besides working on the collectivized farms, and to sell the produce from these gardens for cash or trade it for commodities. As a result, last year's food supplies in China took a great leap upward.

But now, with starvation stayed off temporarily, the party leaders have started to tighten the screws again on the peasants. A mass "class struggle" to eradicate "capitalist tendencies and feudal influences" has been proclaimed by the Communist press and radio. The more successful free enterprisers among the peasants are being denounced by their less successful fellows as "class struggle" meetings for "spontaneous tendencies toward capitalism." Punishment reportedly includes beatings and deprivation of articles purchased with garden-sale proceeds. The press has suggested, however, that their lives be spared and that they not be imprisoned.

The red masters need good farmers to produce much-needed foodstuffs. Therefore, it would not be good business to kill the better ones. But killing the incentive to coax a good crop from the soil could have equally disastrous results. This has been proved in the Soviet Union and its satellites as well as in China. —The Oregonian.

**PEACE CORPS, IT'S WONDERFUL**

Yankee go home. Peace corps stay.

This, in effect, has been one paradoxical form of tribute to the efforts of young Americans to take time off from affluence and help less fortunate nations. The peace corps is still at work in Panama and Ghana, not to mention the many countries where the United States is free of similar trouble.

So shines a good deed in a naughty world. It is some measure of maturing international relationships that this humanitarian operation kept separate from political strife.

Not that the peace corps is unique, except in its magnitude and its promotion by the full force of government. Quakers have long sent young people to work in areas of need. Britain's voluntary service overseas began before the peace corps to give youth an opportunity to serve mankind in this way.

Now it appears that private groups have been encouraged to see what more they can do. We are thinking of the labor leader in New Jersey who has set up a project called labor's peace corps and development program to work on a "people-to-people basis" in attacking poverty and illiteracy in Latin America.

It all reminds us that on March 1 the peace corps will be three years old. Many happy returns! —Christian Science Monitor.

**CAN THERE BE MORE, AFTER TUT?**

Almost 40 years ago, the final excavation work of the tomb of King Tutankhamen near Luxor, Egypt, was completed. It was a discovery of a treasure of an ancient civilization, a story of discovery. Today, the magnificent furnishings of the golden tomb still astonish visitors to the Egyptian museum in Cairo.

The opening of King Tut's burial place was also the last chapter in a story of human determination and courage. The discovery, most archaeologists believe that all the great discoveries in the Upper Nile region have been made.

There were three said in effect: no more tombs to conquer. One man disagreed. Howard Carter persisted in a belief that a great tomb yet would be found intact. With strong financial backing from Lord Carnarvon of England, he pressed his search for several years.

Discouraged, Carter was about to abandon the search when he discovered Tut's tomb.

The discovery justified Carter's persistence. In the four decades since, there has been no finding of similar importance. But who can know for sure that other Imperial graves of great splendor and extravagance may not still lie beneath the sands of the Nile? —Kansas City Star.

## "It'll Make Red-China Cooperate!"

## POT SHOTS

YOU ARE ICING, MAYBE?

Dear Pot Shots:

Trying to diet, not too successfully. I had dreaded the advent of my birthday, knowing it would bring forth a big, luscious, colorful cake. And sure enough, here came a friend with the most beautifully decorated cake I had seen in ages, with roses, candles—the works!

My willpower weakened and my hostess duties came to the fore. I began to prepare to serve cake and coffee.

But the butcher knife wouldn't penetrate. Embarrassed, I sawed and sawed! As the knife pushed some of the icing away, I could make out words.

It was a box of Ry Krisp covered with icing and decorations! I didn't gain a single ounce over my birthday. But I'd say Mrs. Jay A. Martin, Jerome, is a real true friend.

Not Young N'More  
(Twin Falls)

## PUPS FOR KIDS DEPT.

Seven pups, cross of Samoyed and Labrador, need new homes. Three of them are male and three are female. You can call phone 733-2340, Twin Falls.

## SOFT ANSWER

I guess it's true that a soft answer can "turneth away wrath."

At my favorite beer joint, the other evening, it was quite evident a blowup was in the process of brewing at the bar. One guy kept getting louder and louder and things reached the point where it started to look like someone would be swinging any second.

The guy reached a peak of loudness and in the quiet that followed his particularly provoking remark, the Little Woman with him quietly said, "Shut up."

Two bar stools away, you couldn't hear her. But he did and did!

N.O. Bahle  
(Twin Falls)

## THUNDER

Mr. Pot Shots:

If the Mountain Home air force base people don't know who is causing the big "boom," "boom" heard so frequently of late in Twin Falls, they had better find out.

It may be the ghost of Castro or Khrushchev walking about upstairs.

U. Fly  
(Twin Falls)

## THERE'D BE NO END

Dear Pot Shots:

You have quite a reputation for helping folks give away almost anything they don't want, but have you ever considered helping them swap things?

Swappers are a peculiar breed. They always think they've got the best of someone, regardless of what's involved. If you could get all the swappers in Magic Valley going, you'd see the damndest turnover of junk, er, valuable items anyone ever saw anywhere.

Some of your other readers might be interested in swapping information.

Big Swapper  
(Rupert)

## FAMOUS LAST LINE

What now?  
GENTLEMAN IN THE FOURTH ROW

## World Corners

BY PHIL NEWSOM

Along with its other troubles, it is apparent that the Soviet Union leadership is having increasing difficulty placating a population demanding more and more of the better things in life.

It puts special strain on the government which, since the end of the Stalin era, has sought popular support and produces a series of contradictions hard to explain to a people after more than 45 years of communist promises.

The strain and the contradictions are both physical and ideological.

Nikita Khrushchev's 1957 promises that Soviet production of meat and butter per capita would surpass that of the United States by 1960 long since went by the boards and the consumer price on both commodities went up to cut down demand.

While refraining from a return to the rigid controls of the Stalin era, the government has seen fit to warn Soviet artists to steer in the direction of the West that their works must reflect the ideals of socialism.

In the just-concluded U. S. Soviet cultural agreement, the jazz band visits by U. S. jazz bands.

Spike heels and eye shadow have been okayed for Soviet women but the government newspaper Ivestia warned them against looking to Paris for their styles.

"Let your beauty, your clothes and your manners be worthy of the grandeur of our society," Ivestia exhorted.

Other articles in Soviet newspapers attempt to convince the people that things are better than they think.

A huge chemical industry is to be built to fertilize traditional granaries of Russia. In a most un-Marxistlike manner, unprofitable farm collectives may be broken up and returned to private enterprise. At least one eminent Soviet economist even has suggested that consumer goods be given emphasis over heavy industry. Farmers will get greater rewards.

But for the Soviet consumer, the rewards are still a long way off.

## Poor Man's Plato

By HAL BOYLE

NEW YORK, March 4 (AP)—Curbstone comments of a pavement philosopher looking up the back-ground. I just want to stand up there in that big spotlight and blow my brains out on that trumpet for three hours.

Intermittently, this friend goes back and takes fresh lessons to keep his lip sharp. But over three decades, he's as bad as he ever was.

There is no chance whatsoever he will give a concert in Carnegie hall. If he did, he'd set jazz music back half a century. But he's happy with his dream.

I have another friend whose ambition is to beat a pulp the lieutenant he served under in World War II. A wish common to many ex-military men.

Actually, he'd do no such thing. If he did meet up with his old loopy, they'd be backslapping each other in five minutes and talking about what a great war they had together. Meanwhile, he enjoys his harmless revenge dreams.

I have one of these self-transcending aspirations, too. It's to write the great American novel. Had this goal since I was 12. Started to write it a thousand times. Never got beyond the first paragraph. After the opening sentence, I start daydreaming about how I'll sell 10 million copies, sell it to the movies for five million dollars and—

Why wear your mind out trying to write a book that may turn out to be lousy, when I can just sit there and enjoy spending dream money? So the rest of the page plays blank.

Dreams are best while they remain but hopes.

## TAYLOR'S VIEWS ON WORLD NEWS

By HENRY J. TAYLOR

President Johnson's war against poverty should begin with an immediate attack on our ridiculous import situation. Proper and fast victory for our workers are feasible on this front—and long overdue. The principle of free trade is right. Who could fail to advocate it? But this much I have observed at Geneva and other trade agreement conferences: "Free trade" ends up as a one-way street.

U.S. taxpayers' Marshall plan money footed the bill for many aluminum plants abroad. Now they're dumping their surplus on our eastern seaboard, a tactic these overseas competitors prohibit but which we greet with tut-tut, a wrist slap and mere ivory tower talk.

It takes 10 tons of coal to make one ton of aluminum. Thus the employment loss strikes cruelly in our distressed coal areas of West Virginia, Pennsylvania, Kentucky and 11 other states. In addition, the rush of foreign residual (waste) oil is lethal.

Every time we make a ton of steel we use a ton of coal. If our steel industry had the same import-export balance now as even in the late '50s, steel production would be enjoying its second best year in history. It just depends on who makes it.

Yet our ridiculous steel problem grows apace, its unemployment ramifications spread, and the scrap steel price in Pittsburgh has fallen to a three-year low, evidencing our relatively bad domestic output compared to capacity.

Meanwhile, the trade expansion act calls on U.S. taxpayers to pay for resulting jobless. A full year ago (Jan. 24, 1963) our steel miners began calling for taxpayers' aid due to imports, swamped by the flood of overseas metal.

There were 13½ million cotton spindles in prewar Japan. Three million were left at the end of U.S. taxpayers' money helped reconstruct the spinning mills. Yet, we're still buying cotton here at our government's (taxpayers') low, subsidized price, sell the

bales halfway around the world to low-paid Japanese workers and then dump the surplus in America with hardly more than a "so sorry."

We have likewise become the dumping ground for the world's glass industry, the rubber and lace industry as well along with paint, plywood, lumber, cement and heavy chemicals.

English wheels are offered at \$6 a wheel cheaper than we can provide them to our own railroads. No more rails are made in the United States. No more ironing machines here. Our sewing-machine, flashlight and transistor factories face similar extinction.

One out of every seven Americans is employed in some phase of the automotive industry. The combined car population of only New York, Chicago, Philadelphia, Detroit and Cleveland exceeds Europe's entire Common Market. Some U.S. auto makers are prosperous, yes, but is this industry as a whole really advancing? It is not.

The U.S. made automobile market has been practically static for the past nine years. We hear much of its 1963 "boom." Well, there were 7,111,443 new car registrations as long ago as 1965. Last year's registrations of new cars were 7,120,000. But imports increased from 58,465 to 380,000—boosting the total buying here between these years from 7,169,908 to about 7,500,000. Meanwhile, we must build factories abroad to sell cars over there.

How do European industrialists themselves react to such situations when the shoe is on the other foot? They seem to feel that turnabout is foul play. Listen to Italy's Fiat chief, Vittorio Valletta. He recently complained about increased Common Market auto imports from France: "When you eat at someone else's table you should be very careful to take only your slice of the portion."

America's world's most lush market. The purchasing power of the American people today is greater than that of Europe and Africa combined. Our bargaining position is tremendous. Yet, again and again, we throw it away.

We try to satisfy the national interest of our many nations without firmly considering and protecting our own country.

War against poverty? We will never do with dollars what we do with brains.

## The Doctor Says

By WAYNE G. BRANDSTADT, M.D.

Some men achieve retirement and some have retirement thrust upon them. It is not to be a colossal bore, you had better make some constructive plans well in advance of R-day.

These plans must take into account the three basic problems: living on a somewhat reduced income, maintenance of physical health and mental adjustment.

Your financial problem can be met by early participation in a sound annuity plan and wise investment of your savings. The health problems should be minimal if you have followed the rules of hygiene and if you have periodic health checkups. What then of the mental adjustment?

When it is possible to do so, the best plan is a gradual retirement in which for a few years some gainful part-time employment is pursued. This is a valuable cushion against too great a reduction in income and it has the further advantage of providing more time for the development of your hobbies.

The next best thing is to participate in some worthwhile community activity. Hospitals, churches, charities and political organizations are all greatly in need of volunteer workers. You can get the most out of this type

of work if you show a willingness to serve without undue concern about getting credit or trying to run the show.

Losing yourself in such a service will go far toward removing you from the category of the retired hypochondriac whose life is one long series of vitamin pills, gland injections and diet pills.

Hobbies are helpful, but must always be regarded as the cream in the coffee and not the coffee itself. Many a person who has looked forward to retirement as a respite from a boring job has lived to seek respite from a cherished hobby which has gone stale.

Recent studies have shown that the chances for survival in retired persons are better than for those of the same age who have not retired, but through careful planning the three problems mentioned have been solved.

A survey of retired persons revealed that in 23 per cent the health was worse after retirement, in 37 per cent it was unchanged and in 40 per cent it was improved. Several factors enter into the determination of your health after retirement, but undoubtedly the great deal depends on your attitude.

Most men do not relish being evicted from the jobs at which they have spent their most productive years, but anyone can develop a constructive attitude and find great compensation in a planned retirement. In the last analysis, how you solve this problem depends on you.

## Oswald Jacoby, Bridge

GIVE A LITTLE, GET PLENTY

The student was lazily watching the professor play a little rubber bridge.

He nodded approvingly when the professor opened one no-trump instead of one diamond. The student had learned to open such hands thusly.

The professor ducked the first

singleton king and the professor proceeded to rattle off 11 tricks. But it was a trifle beyond the student's understanding.

He asked, "I know your play worked, but why did you refuse to take that diamond finesse?"

The professor replied, "I refused to take the diamond finesse because I was anxious to win the rubber. I was willing to let East win a diamond trick because I gained the lead he would not be able to hurt me. I still missed three hearts."

"If they divided two-one, I could only lose two more tricks in that suit. If they divided three-zero, the only danger would come if West could get in the lead. I could do nothing if he held the guarded king of diamonds, but I could and did take care of the singleton king."

Q—The bidding has been: West North East South 1♥ 2♠ 3♥ 4♥. What do you do?

A—There's something right in Denmark. Bid three hearts to show your partner that you hold a lot more than he is normally expected.

TODAY'S QUESTION  
West passes. Your partner bids for clubs. East passes. What do you do?

(Answer Next Issue)

# The Lenten Story

by WOOD ISHMAEL

THIS IS MY BODY, THIS IS MY BLOOD.

Matthew's description of the first communion service is terse and unforgettable.

"And as they were eating, Jesus took bread, and blessed it, and broke it and gave it to the disciples, and said, 'Take, eat; this is My body.'"

"And He took the cup, and gave thanks, and gave it to them, saying, 'Drink ye all of it; for this is My blood of the new testament, which is shed for many for the remission of sins.'" (Matthew XXVI:26-28)

## Bible Is Employed as Humanities Text

WASHINGTON, March 4 (AP)—A test on the Bible was sprung on five classes of college-bound 11th and 12th graders in a public school.

Some thought Sodom and Gomorrah were lovers; that the Gospels were written by Matthew, Mark, Luther and John; that Eve was created from an apple; and that the stories by which Jesus taught were called parables.

Eighty to 90 per cent of the students could not complete such familiar quotations as: "Many are called, but few are chosen"; "A soft answer turneth away wrath"; "They shall beat their swords into plowshares"; "Pride goeth before a fall"; and "The love of money is the root of all evil."

All this happened in Newton, Mass., and English teacher Thayer S. Warshaw decided to do something about it. He arranged for two of his classes to study the Bible—not as a religious book, or even as literature, but as a source book for the humanities.

Teaching about the Bible in public school can be a tricky business, particularly since the supreme court decision on school prayer.

But Warshaw, reporting his experience in the February issue of "The English Journal," believes it is essential.

"The Bible is indeed a religious book, but it is also a part of our secular cultural heritage. To keep it out of the public schools because it is controversial and because the public cannot trust the good sense of both the teacher and the pupil to treat it as part of the humanities is a simple

but questionable judgment," Warshaw wrote.

"A knowledge of the Bible is essential to the pupil's understanding of allusions in literature, in music, and in the fine arts, in news media, in entertainment,

and in cultural conversation.

"To study mythology and Shakespeare, and not the Bible? Is it important for him to learn what it means when a man is called an Adonis or a Romeo, yet unimportant for him to be able

to tell a Jonah from a Judas?" Warshaw first convinced his pupils of their need for a study of the Bible.

He assigned the reading of a few short stories, which made no sense to them because they

couldn't understand the Biblical allusions.

He showed them some political cartoons with Biblical references which left them in the dark. The clincher was the quiz on which they fared so poorly.

## Can face creams iron out wrinkles?

by Helen F. Porter

"I had a time for each time I've been asked if face creams really help wrinkles. I'd have said away a pretty penny by now. For if there's one thing I've heard as a beauty consultant it's the troubled questions about wrinkles. It seems that women of all ages are disappointed in the way face creams fail to solve this problem.

Well, from long experience I can tell you that no cream is going to iron out wrinkles. But I can also tell you there is a cream that is just what women have been hoping for. It's light, greasless and polyunsaturated. It smooths-in in seconds and goes right to work on wrinkles... helping to soften the creases, smooth facial lines and stave off the appearance of new wrinkles.

Especially if you give yourself a nightly facial as I do. Just cleanse your face with a warm cloth to open the pores to the full benefit of this polyunsaturated cream. Next, smooth the cream on with your fingertips, circling up and out from your chin around your eyes. Then give special attention to wrinkles. Take a bit of cream,

and use your finger like an iron—gently pressing and releasing. This contraction and relaxation works on the fatty layer below the skin and stimulates circulation.

Later, while you sleep (when skin-cell renewal is at its peak), this new polyunsaturated cream supplies the skin with polyunsaturates. These natural elements are about 50% more abundant in skin that is less than 20 years old than in skin that is over 40. And this cream's unique formula contains 3 different types of polyunsaturates in totally fresh, potent form.

The name of this cream, in case you're wondering, is Polyderm, and it's made by Prince Matchabelli. I wish you'd give it a try, because I'm sure you'll be dedicated to Polyderm once you use it regularly. For if what happened to me happens to you, you'll be taking a second look in the mirror in no time, delighted to see how much softer, smoother and younger-looking your skin is.

If you'd like to see for yourself what Polyderm can do for wrinkles, I suggest you go to the Trolinger Dept. of Trolingers and Magic Valley Drug and ask for a jar. A 4-month supply is \$5. A 2-month supply is \$2.50 plus tax.

## New Beef Quotas Are Sought by Oregon Solon

By The Associated Press

A quota on beef imports will be sought, a bill to be introduced in congress, Rep. Al Ullman, D., Ore., said Tuesday.

Ullman said that importation of beef from New Zealand and Australia had caused a depressed condition for Western livestock producers.

"The requirements for a stable livestock industry in Oregon and throughout the country demand a reasonable limitation on imports," Ullman said.

He added that his proposal will provide for quotas based on the average of imports over the past five years with a growth factor agreeable to the industry. Ullman said his bill incorporated recommendations of the Oregon livestock producers and the National Cattlemen's association.

North-south winners were Mrs. E. H. Atkins and Mrs. A. P. Russell, first; Dr. and Mrs. H. E. Burgess, second; Mrs. S. McCoy and Mrs. J. F. Henry, third; and Mrs. B. R. Tillery and Mrs. L. M. Poulter, fourth.

East-west winners were Mr. and Mrs. R. J. Cook, first; Mrs. Joe Shelby and Mrs. A. J. Lindemer, second; Mrs. S. L. Thorpe and Mrs. C. H. Welteroth, third; and Mrs. Jerre Cover and Mrs. J. C. McMillin, fourth.

## American Girls Hitchhike Across North African Desert

ALGIERS, March 4 (AP)—Five American Peace Corps girls have done what many an Arab or French foreign legionnaire might think twice about: They successfully crossed the Sahara by hitchhiking.

"It was a wonderful trip. We had no difficulty at all," one of the girls reported.

They traveled almost 4,000 miles zig-zagging from Liberia to Algiers, the last 1,000 miles of their African trek taking them north through the desert wastes. The whole trip took seven weeks.

They had to sleep on the open desert. On another occasion they found shelter in a shack left behind by the French army. They hitched Jeeps, passenger trucks, with a military convoy, in sheep trucks, and with an oil tanker truck—two girls in the cab, three hanging out on top.

They left Liberia Jan. 12 and arrived in Algiers last Saturday.

## Riding Club Directors Plan Potluck Dinner

Frontier Riding club directors met Monday night at the home of Michael Stover. The directors began making plans for the potluck membership dinner to be held at 7:30 p.m., March 14 at the Moose hall.

Mrs. Christina Petersen was appointed to present the program for the evening and Mrs. Ron Kassel was appointed committee chairman in charge of food furnished by the club.

It also was decided that the annual Frontier Riding club horse sale will be held May 3 at Frontier field. Al House will be chairman of the sale committee.

## Hearing Asked On Check Count

Lee L. Levie, 54, 798 Locust street, requested a preliminary hearing Monday when he appeared before Twin Falls Police Judge Dale J. Adamson on charges of issuing a check over \$25 without sufficient funds in the bank.

Time and date of the hearing will be set later. Judge Adamson set bond at \$2,000, which Levie did not post. Levie is charged with issuing a \$300 check, drawn on the First Security bank, Salt Lake City, to Shirley and McAdams, Inc., Nov. 3.

Levie is being held in the city jail.

## Bridge Results Reported Here

Twin Falls Duplicate Bridge club had its monthly masterpoint play at 8 p.m. Monday in the American Legion hall with 10% tables participating.

North-south winners were Mrs. E. H. Atkins and Mrs. A. P. Russell, first; Dr. and Mrs. H. E. Burgess, second; Mrs. S. McCoy and Mrs. J. F. Henry, third; and Mrs. B. R. Tillery and Mrs. L. M. Poulter, fourth.

## Raft River Co-Op Hears Speakers

RAFT RIVER, March 4 (AP)—James R. Kelly, special consultant, Washington, D.C., and Gus Norwood, executive secretary of the North West Public Power Association, were guest speakers at the annual meeting of the Raft River Electric cooperative, Saturday.

The meeting in the Raft River high school observed the 25th anniversary of the cooperative.

Wallace Spencer, chair Robinson and Wallace Taylor were elected board members.

Dwayne Ward, board member, announced a new scholarship plan for children of members who wish to go to college. To qualify, a student with a B average or better must write a 300 to 500-word theme in the subject, "What has the Raft River co-op done for my community?"

John A. Pierce, president, reported on the year's accomplishments. Edwin Schlender, manager, reported a new rate reduction, effective March 1. He estimated the change will mean a \$44,000 savings to members.

## Marine Says He Killed 3 Relatives

BOYNTON BEACH, Fla., March 4 (AP)—Police say a 19-year-old Marine admitted the slaying of his father, mother and sister in Decatur, Ill.

Michael Lee Gambrell, object of a nationwide alarm broadcast after the mutilated bodies were discovered Monday, was picked up Monday night as he hitchhiked along U.S. 1 near this south Florida town.

Police Sgt. William R. Hamilton said Gambrell seemed shaken up and volunteered that he had done "a terrible thing."

Hamilton said Gambrell told him he had been absent without official leave from his outfit at San Diego marine corps recruiting depot, San Diego, Calif., since Feb. 22.

Gambrell told police he abandoned the family's 1959 automobile at Port Pierce, Fla., and started south along U.S. 1.

At Decatur, Police Chief James May said murder warrants were issued for Gambrell after the bodies of Everett Gambrell, 40; his wife, Ellen, 46; and their daughter, Anna Belle, 13, were found.

May said Gambrell was in the Decatur area Thursday afternoon. The slaying was believed to have occurred Friday. The Gambrells had one other child, an 8-year-old boy who is in a state school for the mentally retarded.

In Decatur, a neighbor of Mrs. Gambrell said Michael was angry because his parents refused to help him get out of the marine corps.

## Two Cited After Rupert Mishaps

RUPERT, March 4—Two men were cited by Minidoka county sheriff's office after two separate accidents over the week-end.

William J. Hirsch, 29, Heyburn, was cited for failure to stop at a stop sign Sunday afternoon after the 1951 Chevrolet he was driving collided with a 1959 Chevrolet driven by John M. Brumbach, 19, also Heyburn, at the intersection of S and 16th streets in Heyburn.

Darrel M. Neibaur was cited for driving on a restricted driver's license after the 1953 Buick he was driving sideswiped a 1959 Ford truck owned by the J. R. Simpson company and driven by Melvin W. Brady, 23, Heyburn, Friday evening five miles north of Paul.

Sheriff's officers said Neibaur hit a rough area in the road which had been plowed but was still rough and icy. Slight damage was reported to all four vehicles involved in the two mishaps.

GRASSMAN MEET SET  
BOISE, March 4 (AP)—The Idaho Grassman of the Year committee will meet Friday in Boise to plan the 1964 contest. Assistant Chairman Hugh Hough announced today.

## News Around Idaho

LEWISTON, March 4 (AP)—Will T. Hull, Caldwell, and Jeanne Weston, Blackfoot, were named first place winners Tuesday in the annual Youth Leadership contest, sponsored by the Idaho Elk lodge. Donald Baldwin, Lewiston, chairman of the state contest, said the two first place winners each will receive \$165 and will take part in a national contest. Second place winners were Rogers J. Roth, Silvertown, and Joe J. Ross, Coeur d'Alene; third place, Jerry R. Byers and Delores Dalrymple, both Meridian; runners-up, Jerry J. Jolley, Hagerman, and Paul Oelwein, Pocatello.

OROFINO, March 4 (AP)—A 29-year-old Orofino man was killed instantly Tuesday when he was crushed under the rear wheel of a gravel truck in the yard of the state forestry office near here. State police said, however, that the death did not occur on a public roadway so will not count as a highway fatality. Sheriff William J. Philpot said Steve Corbin was helping to gravel the yard when he apparently lost his footing and fell under the rear wheels of the truck.

BOISE, March 4 (AP)—Boise attorney Carl Burke today assumed duties as coordinator for President Lyndon B. Johnson's Idaho election campaign. Appointment of Burke was announced Tuesday by the Democratic national committee following his return from Washington where he attended a series of briefings at the White House and at national headquarters. Coordinators will include that if the directions on the product labels are read and followed there is no danger, but sprays must not be used indiscriminately.

LEWISTON, March 4 (AP)—They ran out of jurors at the Donald R. Deese first degree murder trial here Tuesday. District Judge John Cramer recessed the court until Thursday to permit additional prospective jurors to be summoned. The 21-year-old Deese is accused in the fatal stabbing of his 17-year-old wife, Loreta, here last September. Fifty prospective jurors had been called and 11 seated, at least temporarily, when Judge Cramer recessed the proceeding to bring in a new supply of veniremen. The 11 prospective jurors seated were subject to peremptory challenges by both the defense and state.

BOISE, March 4 (AP)—The Idaho Horse Racing committee says it hopes to have ready for distribution this week a draft of proposed regulations for governing pari-mutuel horse racing in Idaho. Arthur Oppenheimer, Jr., chairman, said the regulations were approved by the attorney general's office Tuesday. He said the committee was told the regulations appear to fit within the framework of the pari-mutuel law. Oppenheimer said copies of the regulations will be distributed to the state's county fair boards, chambers of commerce and all other interested parties. A meeting to discuss the regulations has been tentatively set for March 14 in the senate caucus room at the statehouse in Boise, he said. Oppenheimer said earlier that he believes a few small race meets will be held this year if the regulations are accepted by the fair boards.

## U.S. Has About Given up on Trying to Analyze de Gaulle

WASHINGTON, March 4 (AP)—U.S. officials have about given up trying to analyze the motives of French President Charles de Gaulle and resigned themselves to a long period of strain and increasing tension in relations between Washington and Paris.

The latest French maneuver in demanding Red Chinese admission to the U.N. World Health organization is but one of a series which has already created a bad split in the North Atlantic Treaty organization and which may be followed by other moves as yet unforeseen here.

The Washington policy for dealing with this situation seems to be essentially a policy of containment aimed at trying to prevent the split in the alliance from becoming worse.

It is also aimed at trying to limit the impact of de Gaulle's diplomacy insofar as it may affect the policies and attitudes of other countries in issues like the recognition of the communist regime in China.

After news was received at the White House and state department Tuesday that France was supporting a Red Chinese seat in the World Health organization, the state department declared that the U.S. delegation had "actively and successfully" opposed the challenge of the Republic of China's (Nationalist China's) credentials.

It added: "We will continue to do this in every U.N. body."

The acceptance of the French challenge on this issue, which points toward a fight in the U.N. general assembly over Red China next fall, was unqualified.

It is understood that the state department is planning to send a delegation to the U.N. assembly in New York next fall.

SING IN BOISE  
KING HILL, March 4—The Gem States trio, composed of James Kling, George Allen and George Greenstreet, sang Saturday at a banquet at the Columbia club, Boise, sponsored by the Reorganized LDS church. Wives of members accompanied the trio to Boise.

## Rocky, Goldwater Train Fire on President

WASHINGTON, March 4 (AP)—Gov. Nelson A. Rockefeller and Sen. Barry Goldwater today concentrated their fire on the Johnson administration "as they stumped for votes in next Tuesday's New Hampshire primary."

Rockefeller, hammering hard on economic issues, returned to the Granite state to open his final drive after accusing the administration of "vacillating and contradictory" foreign policy in a statement issued in Washington Tuesday.

Goldwater swept into the third day of his windup drive with a pledge to end what he called "wrecking and dealing" government in Washington.

While Rockefeller and Goldwater battled it out in New Hampshire, Republicans in Louisiana made political history by polling nearly 40 per cent of the votes in Tuesday's election for governor.

Democrat John J. McKeithen was elected, but Republican Charles H. Lyons, Jr., polled 200,000 more votes than the GOP received in the state's last gubernatorial election in 1950.

As he opened a drive that will last until voting starts in New Hampshire Tuesday, Rockefeller said the Johnson administration did not believe in the free enterprise system.

He issued a statement at Concord in which he said New Hampshire would need 50,000 jobs over the next five years and the nation 30 million. They can only be provided, he said, by an administration that would "encourage the growth of free enterprise."

Goldwater, speaking to about 400 in Nashua Tuesday night, said he was seeking the nomination because he sees no other candidate who will champion "a rebirth of principle, individual worth and dignity" as opposed to what he said is threatened governmental control of the American way of life.

Former Vice President Richard M. Nixon called for a selective embargo against Cuba by denying it a market in the United States. He told a luncheon of the New York Building Congress Tuesday that an oil blockade might "possibly be the next step" but added he did not feel this was necessary now.

In California, State Atty. Gen. Stanley Mosk was expected to announce that he would not run for the U. S. senate. Gov. Edmund G. Brown had urged Mosk to keep out of the race.

State Controller Alan Cranston, backed by Brown and the powerful California Democratic council, is running against sitting Sen. Clair Engle, a Democrat who underwent brain surgery last summer.

## Agent Talks About Sprays To Grangers

HAGERMAN, March 4—Ed Koester, Gooding county agent, talked on the dangers of spray on crops and livestock at the Grange meeting Monday night. Koester cautioned Grangers that if the directions on the product labels are read and followed there is no danger, but sprays must not be used indiscriminately.

Koester announced women in the community will meet at the Gooding Grange hall at 9:30 a.m. Thursday to hear information on gardening, flower raising and evergreen trees.

Refreshments were served by Mr. and Mrs. William McCarter and Mr. and Mrs. Arden Lauritzen.

The next meeting will be held March 18, with a potluck supper honoring members having birthday anniversaries the past three months.

Honored guests will be Mr. and Mrs. Fred Leach, Mr. and Mrs. Percy Pollard, Mr. and Mrs. William McCarter, Mr. and Mrs. James Bohn, Mr. and Mrs. Harvey Shirk and Mr. and Mrs. Roy Brackett.

## Film Slated

EDEN-HAZELTON, March 4—A film, "One Great Hour of Sharing," will be presented at the Eden and Hazelton United Presbyterian churches Sunday during the regular church school hour.

The film will be shown at 10 a.m. at Eden and at 10:45 at Hazelton. A special offering will be received in each church during the worship services for this annual fund drive to help the needy of the world.

on economic issues, returned to the Granite state to open his final drive after accusing the administration of "vacillating and contradictory" foreign policy in a statement issued in Washington Tuesday.

Goldwater swept into the third day of his windup drive with a pledge to end what he called "wrecking and dealing" government in Washington.

While Rockefeller and Goldwater battled it out in New Hampshire, Republicans in Louisiana made political history by polling nearly 40 per cent of the votes in Tuesday's election for governor.

Democrat John J. McKeithen was elected, but Republican Charles H. Lyons, Jr., polled 200,000 more votes than the GOP received in the state's last gubernatorial election in 1950.

As he opened a drive that will last until voting starts in New Hampshire Tuesday, Rockefeller said the Johnson administration did not believe in the free enterprise system.

He issued a statement at Concord in which he said New Hampshire would need 50,000 jobs over the next five years and the nation 30 million. They can only be provided, he said, by an administration that would "encourage the growth of free enterprise."

Goldwater, speaking to about 400 in Nashua Tuesday night, said he was seeking the nomination because he sees no other candidate who will champion "a rebirth of principle, individual worth and dignity" as opposed to what he said is threatened governmental control of the American way of life.

Former Vice President Richard M. Nixon called for a selective embargo against Cuba by denying it a market in the United States. He told a luncheon of the New York Building Congress Tuesday that an oil blockade might "possibly be the next step" but added he did not feel this was necessary now.

In California, State Atty. Gen. Stanley Mosk was expected to announce that he would not run for the U. S. senate. Gov. Edmund G. Brown had urged Mosk to keep out of the race.

State Controller Alan Cranston, backed by Brown and the powerful California Democratic council, is running against sitting Sen. Clair Engle, a Democrat who underwent brain surgery last summer.

## Agent Talks About Sprays To Grangers

HAGERMAN, March 4—Ed Koester, Gooding county agent, talked on the dangers of spray on crops and livestock at the Grange meeting Monday night. Koester cautioned Grangers that if the directions on the product labels are read and followed there is no danger, but sprays must not be used indiscriminately.

Koester announced women in the community will meet at the Gooding Grange hall at 9:30 a.m. Thursday to hear information on gardening, flower raising and evergreen trees.

Refreshments were served by Mr. and Mrs. William McCarter and Mr. and Mrs. Arden Lauritzen.

## Ray Gun Is Delivered to U. S. Army

BOSTON, March 4 (AP)—A light-weight laser rifle, which shoots a destructive ray instead of bullets, has been developed by Masco, Inc., and turned over to the army. It was announced Tuesday.

The weapon, lighter than the M-16 and powered by a battery pack of batteries weighing less than 25 pounds, has been delivered to the army.

Another use, according to Masco officials, could be to ignite explosive fuses or set fires. The weapon can fire at least one burst of light every 10 seconds and has a lifetime capability of 10,000 pulses or flashes.

## Reactor Test Planned at Idaho Station

IDAHO FALLS, March 4 (AP)—The atomic energy commission will push two nuclear reactors toward destruction this month during safety tests at the national reactor testing station.

One of the reactors is designed for use in space and the other for land.

The AEC said the tests will involve the deliberate pushing of the reactors beyond their normal operating ranges to provide vital safety information on the behavior of reactors under abnormal conditions. Both tests could result in destruction of the reactors.

The test of the space reactor was scheduled for Thursday and the land reactor two weeks later.

## Ohio Attempt To Attract Coast Industry

LOS ANGELES, March 4 (AP)—Eighteen Ohio businessmen and politicians Tuesday were visiting numerous southern California industries in a program to attract additional firms to Ohio.

Lt. Gov. John W. Brown, who heads the delegation, said the group would visit 125 to 200 industries in California this week. The tour which started here Monday and will wind up in San Francisco Friday is the fifth such journey made by the group.

## Kevin Willden Is Derby Champ

SPRINGDALE, March 4—Kevin Willden was grand champion and Michael Garnett won first in construction at the Pinewood derby held by Springdale Cub Scout pack 21 in the LDS church Saturday night.

Willden won the competition in den two to compete against Brent Bowcut, den one, and Kelly Williams, den three. Boyd Parish, Cubmaster, was chairman of the event.

Den two conducted the flag ceremony, den one was in charge of singing and prayers were offered by Bishop Noel Bowcut and Dean Manning.

Mr. and Mrs. Wayne May, Burley, assisted in the Pinewood derby. Mrs. Laird Burgess made the anniversary cake, in observance of the 54th anniversary of Scouting.

MEAT IMPORTS will be the topic of discussion at a joint meeting of Magic Valley organizations interested in this issue at 8 p.m. Monday in the Rogerson hotel Roundup room. Looking over meat import law are George Juker, left, Buhl, National Farmers organization second congressional district president, and George Hansen, Wendell, Idaho Cattle Feeders association president. (Times-News photo)

## Meeting Scheduled Here to Discuss Meat Import Issue

Plans for a joint meeting of Magic Valley organizations interested in the meat imports issue were announced Wednesday by Joseph Hansen, Wendell, and George Juker, Buhl.

Hansen, representing the second congressional district of the National Farmers organization, said the meeting will be held at 8 p.m. Monday in the Roundup room of the Rogerson hotel.

Members of the Cattle Feeders, the NFO and other livestock producer groups—doctors, this meeting at a gathering Monday night in the Depot grill Caboose room where an open discussion was held on the meat import problem.

## Johnson's 'Palsy-Walsy' Talks Scored

WASHINGTON, March 4 (AP)—The White House is not talking about its telephone bill.

Sen. Barry Goldwater, Arizona, campaigning for the Republican presidential nomination in New Hampshire, said President Johnson claims to have cut the executive mansion's light bill \$12,000 but does not mention a \$100,000 telephone bill. Goldwater said Johnson ran up the bill trying to be palsy-walsy with businessmen from coast to coast.

Asked about it Tuesday, press secretary Pierre Salinger asked "How are you going to segregate the President's phone bill from the White House phone?"

"How are you going to segregate the President's light bill from the White House light bill?" the newsmen asked in turn.

"We've never discussed the light and phone bills in the past and we are not going to now," declared Salinger.

## Last Rites Held For Mrs. Rogers

Buhl, March 4—Funeral services for Mrs. Rhobe May Warren Rogers were conducted at 3 p. m. Tuesday at the Buhl First Christian church by the Rev. Delmar M. Talley, pastor.

Duet selections were sung by Mr. and Mrs. Emory Woodruff accompanied by Mrs. Blanche Smith, organist. Shelley Howard and Jesse Gorman served as ushers.

Funeral services were held at the Buhl city cemetery.

Concluding rites were held in the Buhl city cemetery.

## Shoppers Are Urged to Watch Scales

BOISE, March 4 (AP)—Idahoans are urged to watch the scales while their purchases are being weighed to assure they receive full value for their shopping dollar.

The suggestion was made by Stanley I. Trenhaile, state commissioner of agriculture, who noted that National Weights and Measures week is now in progress.

"The honest merchant," said Trenhaile, "will welcome your observation of his accurate weight. As for the other fellow, you can bet that he is not going to cheat when the buyer is watching the scale."

"Our purpose in recognizing this 165-year-old event," said Trenhaile, "is to acquaint Idaho citizens with the function of the Idaho bureau of weights and measures and to provide shopping suggestions in order to receive full value for the shopping dollar."

## Colorado Plans Special Session To Reapportion

DENVER, March 4 (AP)—Gov. John Love is calling the Colorado legislature into special session sometime in April to reapportion the state's four congressional districts.

Love disclosed this Monday night at the end of a 55-day regular session during which a three-cent state tax was levied on cigarettes.

Some deductions were removed from the state income tax to provide 5 million dollars in new revenue.

## Ward Honors R. J. Andersen

VIEW, March 3—Rodney J. Andersen, son of Mr. and Mrs. Andersen, was honored at a farewell testimonial at the View LDS ward Sunday prior to his departure on a two-year mission to the North Central states.

His headquarters will be in Minneapolis, Minn. Bishop Milton G. Payne conducted the service and speakers were Raymond Searle, Golden Woods, President Wade Baker, the missionary and his parents.

Sally Mortenson and Sharon Hansen sang, accompanied by Vickie Olenlager. Music was directed by Mrs. William J. Kunzler and Mrs. Ned Bowen. Prayers were offered by Eldon Payne and William Kunzler.

Elder Andersen also received the Duty to God Scout award with Bishop Payne making the presentation.

## No Hurry

BOISE, March 4 (AP)—Gov. Robert E. Smylie has indicated he is in no hurry to name a successor to the late Idaho Public Utilities Commissioner Frank E. Mock, Caldwell.

Smylie told reporters yesterday the appointment still is under consideration. However, he indicated he was giving serious consideration to nominations made by the Democratic state central committee.

## New Jet Was One of Best Kept Secrets

WASHINGTON, March 4 (AP)—Development of the A-11, the new 2,000-mile-an-hour jet plane, was so secret that only a few members of congress knew about it. This indicates the plane was developed with central intelligence agency funds rather than the defense department's. While a number of congressional committees are privy to the Pentagon's activities, only a few senators and representatives are on the committee overseeing the CIA.

It means that the house, in recent debate on defense spending, did not have full information at hand when it overruled Secretary of Defense Robert S. McNamara and approved an extra 40 million dollars for research on an improved manned-interceptor plane.

Existence of the plane was announced by President Johnson at his news conference Saturday. He said the planes, which can operate at higher than 70,000 feet, were being tested "to determine their capabilities as long-range interceptors."

Johnson noted that several key congress members had been informed about the plane's development.

One member of the house, who knew about the A-11 for many months, described its development as the best kept American secret since development of the atomic bomb in World War II.

In the house armed services committee, for example, only a few members are believed to have known about the plane's secret development.

An informed source said that these few were informed because they have a special assignment that allows them to receive such information.

**QUARTERS READIED**  
BOISE, March 4 (AP)—Quarters in the new 13-story Bank of Idaho building now are being prepared for occupancy by state agencies, Gov. Robert E. Smylie said Monday.

## Bliss Pack Has Yearly Banquet

BLISS, March 4—Cub Scouts of pack 102, Bliss, held a blue and gold banquet Monday evening at the school. The unit is sponsored by the local PTA.

A skit was presented by Mick Matthews, Steven Stroud and Scott Durfee. Cubmaster Jay Durfee spoke on what the blue and gold represent.

Mrs. Fred Henderson baked and decorated a three-tier cake and used the theme colors to carry out the motif.

Arthur Butler was welcomed as a new Cub Scout. Receiving awards from Cubmaster Durfee were Scott Durfee, Rick Pater, Ken Mettley, Mike Matthews, Pat McCammon and Fred Henderson.

Games were played after the banquet. Den mothers are Mrs. John Tschannen and Mrs. Kenneth Jones.

**JOB'S DAUGHTERS** honored queens honored the grand guardian of the state of Idaho at a special meeting held by bethel No. 43 at the Masonic temple. Shown from left are, Julie Anderson, honored queen of bethel No. 19; Dorelyn Jensen, honored queen of bethel No. 41; Mrs. Olga N. Lish, grand guar-

## Job's Daughters Grand Guardian Is Honored

Bethel No. 43, International Order of Job's Daughters, honored Mrs. Olga N. Lish, Rupert, grand guardian, at a banquet at the Masonic temple. After the dinner, prepared and served by Magic chapter No. 82, Order of Eastern Star, a business meeting was held.

Theme of the dinner was "Higher Ideals." Tables were decorated in pink and orchid. Small white Bibbles were given as favors. Two large angels reaching for stars decorated the wall behind the head table.

The program consisted of Jamie Slaughter giving a humorous reading, Karen McKinney presented a piano solo and the "Four Sharps," Ronald Wilson, Dennis Dossert, Arthur Vandenberg and Richard Knutson, sang several numbers.

Dorelyn Jensen, honored queen, conducted the meeting and introduced Sandi Pippitt, queen of bethel No. 56, Julie Anderson, queen of bethel No. 19, and Carol Berg, bethel No. 43, past honored queen. Mrs. Lish and associate grand guardian David J. Ferdinand were introduced and escorted to the east. Princess Patricia Shelton, Rupert, bethel No. 39, was introduced.

Guardians and associate guardians present included Mrs. Helen Dentle Eslinger, Patricia Morton, Teresa Lynn Fox, Sharon Irwin and Nancy Straughn. Rosie Sinclair, assisted by Loralee Mullins, Janet Russell, Chris Wall and Kay Wall, presented an addenda and gift to Mrs. Lish from the bethel. Linda Haskins and Linda Groves

paid tribute by singing her song, "Climb Every Mountain."

Miss Haskins gave the librarian's report, "Do it now." Jobie of the meeting was Kay Wall. Jane Martin was the "birthday girl."

A brunch honoring the grand guardians' visit was held by the guardian council of bethel No. 43, at the home of Mrs. Robert Olin, Kimberly. Mrs. James Sinclair assisted Mrs. Olin.

School of instruction was given by the grand guardian at the temple for all members of the bethel preceding the banquet.

**Mrs. Bodmer Is Club President**

**GOODING, March 4**—Mrs. B. A. Bodmer was elected president of the Gooding Dance club at the regular dance held at the War Memorial hall. Mrs. Lauren Shaver was elected secretary.

The hall was decorated in a Valentine motif and members danced to the music of Arlon Bastian and his orchestra. This will be the last dance of the current season.

Mr. and Mrs. Fred Hendrickson and Dr. and Mrs. B. A. Bodmer were co-chairmen of the event. Assisting were Mr. and Mrs. Eugene Kelly, Mr. and Mrs. William Mink, Mr. and Mrs. Donald Smith, Mr. and Mrs. Claude Tuttle, Mr. and Mrs. James Morris, Mr. and Mrs. John Varin, Mr. and Mrs. Carl Woolley, Mr. and Mrs. Ralph Faulkner, Mr. and Mrs. Elmer Meyer and Mr. and Mrs. Gordon Elinger.

**Malta DUR Meet**

**MALTA, March 4**—Members of the Daughters of Utah Pioneers met at the home of Mrs. Garrett Hutchison.

Invocation was given by Mrs. Alice Neddo.

The lesson, "A century of living," was given by Mrs. Shirley Barlow, who also read the history of Thomas Rawlins Smith and his wife, Emma Bambrage O'Bray Smith, which was written by their daughter, Mrs. Bert Hutchison.

The next meeting will be held at the home of Mrs. E. S. Miller.

dian of the state of Idaho, and Sandi Pippitt, honored queen of bethel No. 43. Mrs. Lish is making her official visits to the various bethels in southern Idaho. She was honored at bethel No. 19 Feb. 10 and will make her official visit to bethel No. 49 March 23. (Times-News photo)

## Social Events

## Eastern Star, Masonic Night Set in Hailey

**HAILEY, March 4**—Hailey Job's Daughters bethel will hold an Eastern Star and Masonic night March 12.

Honored queen Norma Broyles announced her committee workers will be Shirley Adams, Gai Ramsey, herself and a musical selection from Fairfield for the program; Jeanne Savelberg, chairman, and Mary O'Donnell, Leslie Cline, Barbara Ellinger and Patti Kay Nielsen, refreshments.

She named Kitty Shaw, Fairfield, as member of the Sunshine committee.

## Senior Ladies Aid Convenes

**GOODING, March 4**—Members of the Senior Ladies Aid of the Christian church heard an article on Martha Washington at their regular meeting held at the home of Mrs. Donald Gairden. Mrs. Eva Mae Moore presented the program and Mrs. George Eubanks gave the devotional service.

Mrs. Floy Scovel conducted the business meeting and also read a poem, "There Is a Storm."

The next meeting will be March 11 at the home of Mrs. Dean Perkins. Mrs. Cecil Dummitt is co-hostess.

## Group Convenes

**SHOSHONE, March 4**—Divine law and church government were studied by members of the LDS Relief society at their afternoon meeting.

Mrs. J. O. Simpson, instructor, stated a clarification of the working relationship of priesthood quorums to the operation of church government.

berly, have returned from Quincy, Wash., where they attended the wedding of their niece, Marilyn Black, daughter of Mr. and Mrs. Murphy Black, Quincy.

## Premier Show Of Fashions Held in Hailey

**HAILEY, March 4**—A premier showing of fashions created by students in the third year home economics class of Hailey high school was held in the Relief society room of the LDS church.

Preceding the style show, a buffet lunch, prepared by the girls, was served.

Each girl modeled the dress and coat she had made.

Sue Pickins, Ketchum, a junior, modeled a brown wool coat with a beige dress and accessories. Miss Pickins placed first in the "Make it with wool" contest her first year in home economics and last year, won a home economics scholarship.

Dawn O'Ra'e Ivie, Bellevue, a senior, modeled a toast brown wool cashmere blend coat and wool flannel basic sheath. Miss Ivie was voted the outstanding home economics student in the school in her sophomore year.

Margaret Conley, Ketchum, a senior, who was voted this year's homemaker of the year, modeled a light blue looped mohair coat and semi-tailored white shift and accessories.

Sonja Sturman, Hailey, a senior, received her first home economics training in the Gooding high school. She modeled a silver gray brushed wool coat and a black sheath and accessories.

Deanne Zerler, Hailey, a junior, who received training in the Mountain Home high school last year, modeled a black velvet evening coat and gold brocade dress.

Leslie Cline, Hailey, a junior, was last year's outstanding home economics student. She modeled a white metallic brocade evening coat with green's dollar and full back and a blue velvet evening dress.

Cherry Povey, Hailey, a junior, modeled an olive green orlon blend double-knit three-piece suit with pillbox hat and black accessories.

Patti Broadie, Pocatello, won a home economics scholarship last year. She modeled a black cashmere coat with multi-fleck, and a peacock blue orlon tailored dress.

Linda Terra, Ketchum, a freshman, received her training in Hawaii and California. She modeled a gold two-piece sports dress and a green three-quarter length suede coat.

Shirley Adams, Hailey, a senior, modeled a leopard skin coat with raglan sleeves and four tailored pockets. Her dress was red velvet with a bell skirt.

Mrs. Jay Fowles, home economics instructor, was narrator. She said materials for the girls' outfits cost \$15 to \$30 and if purchased in a store would cost in the neighborhood of \$100 or more, and would not have the tailored finishes.

This is the first time in the history of the Hailey school that a third year home economics class has been taught.

The group will again model their creations at the annual school style show in the spring.

**HOME ECONOMICS** instructor, Mrs. Jay Fowles, Hailey, right, was honored at a premier showing of fashions at the Relief society room of the LDS church. These fashions were designed and made by members of the Hailey high school third year home economics class. Leslie Cline is shown presenting Mrs. Fowles a corsage.

## Club Valentine Exchange Held

**DECLO, March 4**—Declo Domestic Duchess members met for their regular meeting and a Valentine exchange among secret pals at the home of Mrs. Nalon Taylor, Declo. Mrs. Wayne Lewis, Jr., was co-hostess.

The lesson, "Different cuts and servings of meat," was given by Mrs. Taylor and Mrs. Lewis. Several demonstrations on ways to cook economy cuts of meat were also given.

Mrs. Glenn Weeks, president, gave a report on the parliamentary procedure meeting she and Mrs. Gary Crystal attended during the week as representatives of the club.

The club will meet March 12 at the home of Mrs. Richard Moncur, Declo, for a lesson on foreign cookery. German recipes will be featured. Mrs. Pat Novosel is co-hostess.

## Potluck Supper Held by Group

**HAGERMAN, March 4**—Members of the Golden Age club held a potluck supper at the Legion hall.

Films were shown of Idaho mountain scenery by S. Z. Thayer.

Mrs. V. W. Carson and Julia Wright were in charge of the games. The next meeting will be held Monday. Mrs. Harry LeMoine, sr., is in charge of the program.

## Magic Valley Favorites

AVILLA LEWIS  
Hayburn

### PRUNE PUDDING

- 1 cup, cooked prunes, seeded and chopped
- 1 cup sugar
- 1 cup chopped nuts
- 1 cup milk or prune water
- 1 teaspoon vanilla
- 1 tablespoon butter, melted
- 3 crackers, rolled fine, or
- 1 cup dried bread crumbs
- 1 teaspoon baking powder

Salt to taste.

Mix all the ingredients together. Pour into a buttered baking dish. Place the baking dish in a pan of hot water. Bake in a moderate oven, 350 degrees, for 20 minutes or until mixture is firm. Serve hot or cold, plain or with whipped cream.

(The Times-News will pay \$5 each week for the best recipe submitted for Magic Valley Favorites. If you have a favorite recipe, just mail it to the Recipe Department, Women's Page.

editor. The recipe becomes the property of the Times-News and cannot be returned.

# Grand Guardian Makes Official Visit to Bethel

WENDELL, March 4 — Mrs. Lish, grand guardian of Idaho grand council of 2000 Daughters, was honored by the Bethel No. 12 for her official visit.

Mrs. Lish and David Ferdinand, Nampa, associate grand guardian, were introduced. All guests were introduced. Special guests, Cynthia Brown, daughter of Mr. and Mrs. Roger Brown, and Cynthia Merger, daughter of Mr. and Mrs. Gene Cluck, were initiated and welcomed as members of the Bethel.

Mrs. Lish was honored with her special song, "Climb Every Mountain," sung by Lynda Fagg, accompanied by Mrs. Faeth Eaton.

Personal gifts were presented to Mrs. Lish and Ferdinand. Mrs. Parr and Susan Cooper made the presentations.

Money to be used for the Shriner's hospital for crippled children, the grand guardian's project of Ambrose.

The grand guardian delivered her message and the associate grand guardian explained the work of the Shriner's children's hospital.

Refreshments were served by the committee and their mothers.

The grand guardian was honored at a luncheon given by the guardian and associate guardian council at the home of Mrs. Earl Nielson. A salad bar was featured.

The grand guardian conducted a school of instruction at the Bethel rooms for the Bethel members.

The banquet was served by a committee from the Eastern Star chapter under the direction of Mrs. P. D. Marlow, Mrs. Fred Miller and Mrs. A. A. Sung.

Tables were decorated with arrangements of flowers and apples. Mrs. Sandi Gates was chairman for the decorations.

Joan Malis, honored queen, as mistress of ceremonies. She introduced the honored guests and presented corsages to Mrs. Lish and Mrs. Earl Nielson and boutonnières to Ferdinand and Harry Frith.

## Joint Kitchen Carnival Held

ELBA, March 4 — Young people from the Almo and Elba MIA Laurels, Mia Malt and Explore classes with their leaders held a combined kitchen carnival at the Elba LDS recreation hall.

Youths from Almo were accompanied by Ivan Darrington, Mr. and Mrs. David Severe and Mr. Clark Ward.

Youths from Elba were under the direction of Mr. and Mrs. Orvil Sears, Mrs. Malbourn Barker, Mrs. O'Dell Hutchison and Mrs. Rex Beecher.

A pancake supper was the highlight of the evening activities. Mrs. Sears led the group in a variety of games.

Prayers were given by Lyla Durfee and Ray Barker.

## BRIDGE CLUB MEETS

HAILEY, March 4 — Mrs. Pete Brown was hostess for members of her bridge club. Piques were won by Mrs. Clara Kimball, Mrs. Clarence Allred, Mrs. Jack Peries and Mrs. Hunter Nelson.

A 2CL AND MRS. PRESLEY R. SHELTON (Album photo)

## Miss Holmquist, Shelton Recite Nuptial Vows

Karl Holmquist, daughter of Mr. and Mrs. Harold Holmquist, Twin Falls, and alumnus 2CL Presley (Daisy) R. Shelton, son of Mrs. Earl Weeks, Kimberly, and Presley U. Shelton, Ogden, were united in marriage Feb. 7 at the First Christian church, Kimberly.

The Rev. Martin Torrence performed the double ring ceremony before an altar banked with pink and white roses and flanked by candelabra and green tapers.

The bride gazed in marriage by her father. Wore an ivory satin-brocade gown made by the bride's mother. The floor-length gown was designed with a scalloped neckline, fitted bodice and Lilly point sleeves. Her veil of bridal illusion was held by a tiara of pearls and tiny pearl flowers.

She wore a white gold cross with a diamond inset, a gift from the bridegroom. She carried a bouquet of white roses centered with a green and white orchid.

Mrs. Roger Murray, sister of the bride, was matron of honor. She wore a kelly green satin-brocade empire sheath dress. She carried a cascade bouquet of green and white carnations.

Lola Weeks, sister of the bridegroom, was bridesmaid. She was dressed identical to that of the matron of honor. The attendants' dresses were made by the bride and the bride's mother and were gifts from the bride.

Ralph Pyke, Twin Falls, was best man. Roger Weeks, brother of the bridegroom, was groomsmen. Dennis Holmquist, brother of the bride, and Roger Murray, Twin Falls, were ushers and candlelighters. Mrs. Blake Froehlich, Kimberly, was organist.

The bride's mother chose a beige sheath dress with red accessories accented with a corsage of red carnations. The bridegroom's mother wore a deep green suit with black accessories and a pink carnation corsage.

Special guests were Mr. and Mrs. A. F. Holmquist, Wendell, and Mrs. Jenny Doughty, Twin Falls, grandparents of the bride, and Mr. and Mrs. Lewis Presnell and Mr. and Mrs. Ed McCarty, both Kimberly, grandparents and great-grandparents of the bridegroom.

The Rev. Mr. Torrence sang, accompanied by Mrs. Froehlich. A reception was held after the ceremony. The bride's table was decorated in kelly green and white and centered with a five-tiered wedding cake, made by Ralph Pyke, Twin Falls. The cake was decorated with white and green roses accented with silver beads and topped with a miniature bride and bridegroom. The wedding cake was flanked by heart-shaped cakes decorated with white beads and silver beads.

Mrs. William Murray, Twin Falls, served coffee. Cake was served by Mrs. Donald Holmquist, Hansen, aunt of the bride, and Mrs. Joyce Dickard, Kimberly, aunt of the bridegroom. Mrs. Dorothy Presnell, Kimberly, aunt of the bridegroom, served punch.

Linda Clark was in charge of the guest book. Beverly Murray, friend of the bride, was in charge of the gift book. Gift carriers were Diana Murray, Doug Weeks, David Weeks, Joe Weeks, Larry Weeks and Rodney Weeks, brothers of the bridegroom. Beverly Murray and Diana Murray displayed gifts.

For traveling the new Mrs. Shelton changed to a kelly green satin brocade sheath dress accented with white accessories and a white and green carnation corsage.

The bride is a senior at Twin Falls high school and is employed at the Arctic circle. The bridegroom is a 1963 graduate of Kimberly high school and is serving in the air force stationed in Panama City, Panama.

## Area WSCS Has General Meet

WENDELL, March 4 — Mrs. Faeth Eaton and Mrs. Beatie Benson were hostesses for the general meeting of the Woman's Society of Christian Service.

"Methodism" was the theme of the afternoon program presented by Mrs. Henry J. Barton. Mrs. Eaton gave the devotional service.

The March program will be "The cross and the resurrection."

"If you plant it— or feed it . . ."

GLOBE SEED WILL HAVE IT

## Frank Bauman Is Speaker for Breakfast Club

BURLEY, March 4 — Frank Bauman was guest speaker at the Burley Credit Women's breakfast at Nelson's cafe.

"Credit for small businesses," was discussed by Bauman. He said, "Applying for credit, for large amounts or small, should be handled in the same manner. A business must know the producing cash capital in order to know if a contract or an open account should be used," stated Bauman.

New members welcomed include Donna Mecham, Paul and Mrs. Max Hogg and Mrs. J. H. Peterson, both Burley.

Mrs. Ivan L. Elison and Mrs. Derald Mabey gave a report on the mental health meeting they attended.

Fines for arriving late and not wearing the membership pin were collected by Barbara Stiens, treasurer.

## Anniversary Observed by Rebekah Lodge

HAILEY, March 4 — Members of Deborah Rebekah lodge observed the birthday anniversary of the founder of Rebekah lodge, Thomas Wildey, at their regular meeting held at the IOOF hall.

Mrs. Louise Bowlden read an article on his life.

Plans were made to entertain Pauline Howerton, Payette, president of the Rebekah assembly, when she makes her official visit Monday.

A potluck dinner will be held and Mrs. Hazel Barber, noble grand, appointed Mrs. Ivan Nilsson, Mrs. Alta Savaria and Mrs. Robert Miller for the table decorations committee, and Mrs. Bowlden and herself, program.

Mrs. Lechlitter is chairman of the service committee and will choose her co-workers, Mrs. R. E. Buttram, Mrs. W. V. McAttee and Mrs. I. E. Tate will head the potluck dinner committee. Mrs. James Hurst and Mrs. Earl Grace will be in charge of introductions.

Two letters from members were read. One was from Mrs. Clyde Wilson, Los Angeles, and one from Mrs. Theodore Heckert, who is vacationing in Arizona.

## Program Given

SHOSHONE, March 4 — A program on Washington and Lincoln was given at the Magic Grange Home Economics club. The meeting was held at the home of Mrs. George Horn.

Mrs. Horn substituted as program chairman as Mrs. Paul Bancroft was unable to attend due to road conditions.

Plans were made during the business meeting for a fund-raising project, a baked food sale, near Memorial day.

Mrs. Vivian Jackson will be hostess for the next meeting.

## Hailey LDS MIA Party Reported

HAILEY, March 4 — A Valentine party for all age groups was given by members of the Hailey ward LDS MIA in the cultural hall of the church.

Group dancing was under the direction of Mrs. Vernie Byington, activity counselor.

The refreshment table was centered with a Valentine tree of silvered sagebrush and red hearts. Two Valentine cakes were decorated by Mrs. Willis McKecher.

## Miss Ogata Is FHA President

JEROME, March 4 — Marjorie Ogata was installed president of the Jerome chapter, Future Homemakers of America, for the second semester at a candlelight ceremony held at the school.

Other officers installed include Linda Bentzinger, vice president; Beth Butters, secretary; Carol Darling, treasurer; Cheryl Sheppard, program chairman; Echo Shawmaker, historian; Cindy Malone, public relations chairman; Noel Dixon, chaplain; Sherry Renn, parliamentarian; Sherry Bailey, assistant degree chairwoman; Rita Riddle, chairman of recreation, and Nan Peterson, refreshment chairman.

Following the installation, members and their advisers held a Valentine party.

Mrs. Henderson, Twin Falls county probation officer, spoke on honesty, courage, dating and going steady.

## Social Science Lesson Given

RICHFIELD, March 4 — General discussion was held following the LDS Relief society social science lesson on divine law and church government. Mrs. Clifford Dayley presented the lesson.

Mrs. Olive Cappe, unit president, announced March 17 will be the birthday anniversary celebration of the Relief society. A dinner and program are planned for members and their husbands.

# Conferees to Parley Again On Power Bill

WASHINGTON, March 4 (AP)—The Senate today took the floor for a new conference on the stalled Pacific Northwest power preference bill regarded as the key to a proposed interstate compact with California.

The Senate took the action at the request of Sen. Henry M. Jackson, D., Wash., chairman of the Senate Interior committee.

The same five Senate conferees who engaged in three fruitless conference sessions last year were named again to a conference committee, with Jackson as chairman.

Jackson told newsmen he hoped a new conference might produce an agreement.

The conference committee was deadlocked over an amendment by Rep. Jack Westland, R., Wash., requiring congressional authorization for federal construction of any power transmission line from the Pacific Northwest.

The Senate knocked the amendment out of the bill, but House conferees remained adamant over keeping it in. The bill would define the Bonneville Power administration marketing area and give the region's power consumers first call on federally produced power.

# Volcano Fury Seems to Be Subsiding

TEMUCO, Chile, March 4 (AP)—Volcanic activity in southern Chile seemed to be calming down today, and some of the 30,000 people routed by its eruptions were returning home.

For the villagers of Conaripe, hardest hit by Villarica's fury, there were only mud-covered ruins of what had been a scenic spot in this Andean resort area.

On Conaripe's population of 138, police said three persons were dead and 22 missing after volcanic eruptions Monday sent an avalanche of mud and rock down the 9,325-foot mountain, burying the town.

The unofficial toll for the ravaged area—60 miles around the peak—was 22 killed and 35 missing. A spokesman at rescue headquarters set up in Temuco, 60 miles northwest of the volcano, said the number may rise as reports come in.

Villarica began spewing flame, smoke and lava early Monday. The eruptions kept up most of Tuesday but by night the bursts of flame spouting from the crater were less frequent and less intense.

Heavy rains whipped the mountain valley for the sixth day. Rescue teams made their way along washed-out roads to try to deliver food and supplies to remote villages in the stricken region 500 miles south of Santiago. Much of the area was reported flooded.

The first relief squad to reach Conaripe reported that most of its residents reached safe ground minutes before the avalanche came crashing down Villarica's southern slopes.

Villarica's eruptions triggered avalanches elsewhere in a 60-mile radius, but there were no reports of serious damage to other villages. It was the worst eruption of Villarica since 1948 when some 200 people were killed.

Villarica is in a volcanic area of the Andes where earthquakes killed hundreds in 1960.

# Accused Spitter Faces Trial In Dallas Court

DALLAS, Tex., March 4 (AP)—A 22-year-old Irving resident, accused of spitting upon United Nations Ambassador Adlai Stevenson last October, must appear in court Thursday.

The trial of Robert Edward Hatfield is scheduled in county criminal court of appeals.

The aggravated assault complaint charges Hatfield with spitting and striking at L. R. Lawson, Dallas police officer who arrested Hatfield after he allegedly spit upon Stevenson.

# Donation Made By Domesticettes

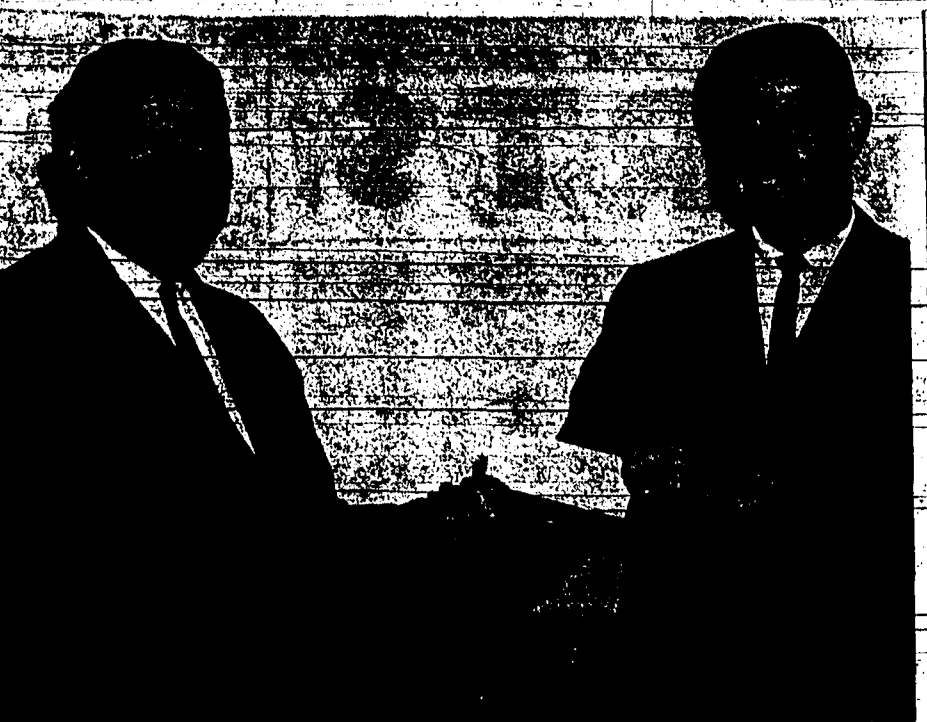

The Domesticettes donated \$50 to the Easter Seal center Monday, Mrs. J. E. Standley, president, and Mrs. Gary Cress, secretary and treasurer, said the donation was to help with redecoration of the center.

Mrs. Ben Jewell purchased curtains for the center Monday, but the curtains can't be put up until the painting is finished. Volunteers who would like to help with the painting are needed, she said.

## Kennedy Still Contender For High Post

WASHINGTON, March 4 (AP)—Atty. Gen. Robert F. Kennedy is "staying loose" in the face of persistent reports that he is a leading contender for the Democratic vice presidential nomination.

He has not taken himself out of the picture.

But he solemnly, and to all comers, refused to indulge in speculation about any possibility President Johnson will ask him to join him on the ticket.

He is seemingly unconcerned or amused by speculative pieces in the press that he not only would accept the nomination but is actively seeking it by his increasing public appearances.

"If I stayed away from the public they'd say I was sulking in my office," he told a reporter.

"I'm not going to say anything to answer these stories. I just haven't made up my mind about the future and there's no reason why I should be pushed into making it up."

## Idaho Week

BOISE, March 4 (AP)—Idaho marked the 101st anniversary of its creation of a territory today with the beginning of Idaho week proclaimed by Gov. Robert E. Smylie.

The law establishing the Idaho territory was signed by President Abraham Lincoln on March 4, 1863.

Idaho marked the centennial anniversary of the signing a year ago and Smylie said the observance was so successful that he thought it would be wise to observe the period March 4-11 as Idaho week this year.

# New School Leader Eyes Utah Problem

SALT LAKE CITY, Feb. 4 (AP)—The president-elect of the University of Utah says one of the most important problems his new job will present is that of the rising tide of students seeking a university education.

Dr. James C. Fletcher said Tuesday it is uncertain at present whether raising admission requirements or building more university facilities is the way to solve the problem.

Fletcher, 44, now a California aerospace company executive, takes over his new duties July 1 as successor to Dr. A. Ray Olpin.

He suggested a series of junior colleges in the state might in part relieve the student problem. He noted California has used this expedient along with establishing a system of state colleges for those unable to meet university entrance requirements.

Whatever the solution to more student enrollments, Fletcher admitted his new job will be "quite a challenge." He said one reason he took it is that his wife, a native of Brigham City, wanted to live in Salt Lake City.

Fletcher was in Utah to confer with the university's board of regents.

# Income Tax Cut Will Show Soon

BOISE, March 4 (Special)—Calvin E. Wright, Boise, internal revenue service director, announced Monday all salaries and wages paid on or after March 5 should reflect the reduced income tax withholding rates.

He said new deduction schedules have been mailed to all employers and extra copies are available at the internal revenue offices.

# Arabs Near Accord at Yemen Talks

CAIRO, March 4 (AP)—The United Arab Republic and Saudi Arabia moved Tuesday toward settlement of their dispute over the Red sea country of Yemen.

The two countries, which have supported the rival sides in the Yemeni revolution since 1962, called in a joint communique for "the independence of Yemen and the freedom of the Yemeni people."

The announcement was issued simultaneously in Riyadh and Cairo, the capital cities, following three days of talks in Riyadh.

Since the overthrow of the Yemeni monarchy in 1962, the UAR supported the Republican revolutionaries, Saudi Arabia backed Royalist attempts to win back the country.

The communique said the UAR and Saudi Arabia agreed on immediate resumption of diplomatic relations, which were returned at the outbreak of the Yemeni revolution.

The Riyadh talks were the outgrowth of the January Arab summit meeting and the mediation of Algeria and Iraq.

# Man Confesses Killing Idaho Cattle Heiress

PORTLAND, March 4 (AP)—Robert Joseph Evans surprised his defense attorneys and the court Tuesday by changing his plea and admitting in court that he was guilty of the strangulation slaying of an Idaho cattle heiress.

Evans, 27, a native of Honolulu, had been charged with first degree murder in the death of Mrs. Irene E. Vavis, 41, on Aug. 6. Her partially clad body was found in the bathtub of her hotel room with a stocking knotted around her neck.

Evans had entered pleas of innocent and innocent because of insanity.

When he admitted his guilt, Circuit Judge Herbert M. Schwab dismissed the jury. Judge Schwab will hear the rest of the evidence and will decide the degree of homicide—first, second or manslaughter—and the punishment.

**RIFLE ENGINEER NAMED**  
SALT LAKE CITY, March 4 (AP)—Regional Bureau of Reclamation director F. M. Clinton announced the appointment today of Frank D. Carlson as construction engineer for the \$6 million dollar sill project near Rifle, Colo.

# YOUR BIRTHDAY and HOROSCOPE

WEDNESDAY, March 4—Born today, you are basically an idealist who expects the best out of life. Fond of art, music and literature, you may also have been gifted with considerable talent along one of these lines. If not, you will always take pleasure in helping—if only by appreciation—those who have been so gifted. You would make an excellent teacher by virtue of your intelligence and understanding, but most important because of your interest in the individual as such.

An excellent judge of character, you can usually tell at once what sort of person you are dealing with. On the other hand, you are extremely careful always to be fair, and you do not depend even on your own "snap" judgments, but are willing to wait and see. This, in fact, is one of your most valuable assets; waiting for change, you will be one of the first to see and take advantage of it when it happens.

You women born today are somewhat inclined to be melancholy—if things don't always go your way; you men, however, are quite the opposite, ready and eager to try again should failure occur before success. In either case, marriage to someone temperamentally and culturally sympathetic can bring much true happiness.

Among those who were born on this date are: Channing Pollock, playwright; Knute Rockne, Notre Dame football coach.

**Men Taken to Face Charges**  
RUPERT, March 4—Two men were returned to Salmon Monday to face first degree burglary charges after being apprehended in Rupert Sunday.

City Patrolman Westley Woodard and State Patrolman Roy Thomas apprehended Doyle Groesbeck, 23, Burley, and Dean Swainston, 24, Salmon, after Patrolman Woodard recognized the men.

They face charges of burglarizing a grocery store in Salmon where 20 cartons of cigarettes, assorted candy and numerous personal items were taken.

Officers here said 10 cartons of cigarettes were found wrapped in a blanket between the radiator and grill of the men's car. A new shotgun also was found in the car.

Charles Goren, noted authority on bridge.

To find what is in store for you tomorrow, select your birthday and read the corresponding paragraph. Let your birthday star be your daily guide.

Thursday, March 5  
PISCES (Feb. 20-March 20)—If invention is part of your nature, this should be a most successful day for you. All technical work favored.

ARIES (March 21-April 20)—Be willing to take a risk with that new idea of yours. This may well be the day you cash in on your originality.

TAURUS (April 21-May 20)—Progressive action on progressive ideas should add up to one giant step forward for the Taurus with success on his mind.

GEMINI (May 21-June 21)—New ideas should replace outworn old ones; if planning reforms in home or office, now is the time to get the ball rolling.

CANCER (June 22-July 23)—Don't allow pleasure to interfere with advancing operations on the job. You could take a step backward if you're not careful.

LEO (July 24-Aug. 23)—Employ a combination of intuition and reason in making business decisions today. A day for Leo to enjoy the fruits of good judgment.

VIRGO (Aug. 23-Sept. 23)—If your affairs seem too complicated, take a breather. You've motivated to lose if you take the time to get your mind in all.

LIBRA (Sept. 23-Oct. 23)—If planning a move, or a shift in employment, think over carefully the consequences to your ultimate goals. You could be wrong.

SCORPIO (Oct. 23-Nov. 23)—If the testing of your talents means that you need to show results rather than promise, make it a good show today!

SAGITTARIUS (Nov. 23-Dec. 22)—Make your response sympathetic one where domestic issues are involved. This is no time for demanding your own way.

CAPRICORN (Dec. 23-Jan. 20)—This can be a day of opportunity for Capricorn. Act quickly, but not without due consideration of possible consequences.

AQUARIUS (Jan. 21-Feb. 19)—An excellent day for all your personal interests. Take advantage of a chance to increase your income.

# Magic Valley Tourneys Head Into Final Three Days of Cage Action

Burley and Minico collide at Rupert and the championship semi-finals are on tap at Hagerman and Shoshone Thursday night as all of Magic Valley's basketball tournaments head into their final three days of action. The Burley-Minico game, which will have a preliminary at 6:30 p.m., will decide which team will advance to the finals against Twin Falls Friday for the A-1 championship. At Hagerman,

## L.A. Gardener Tops ABC's Events List

OAKLAND, Calif., March 4 (AP)—Bob Nakagiri, a Los Angeles gardener, piled up a nine-game total of 1,862 Tuesday and took the lead in regular all-events at the American Bowling Congress tournament.

Nakagiri, 37, bowled a 630 series in the team event Monday night, and returned Tuesday to shoot 628 in doubles and 608 in singles.

Ben Skinner, San Bernardino, Calif., who had led all events since he totaled 1,851 Sunday, slipped to second.

Nakagiri, making his ABC debut, has bowled for 12 years. Although he stands only 5-2 and weighs 123, Nakagiri averages more than 100 in two leagues.

Harry Oshiro and Ken Taniguchi, Los Angeles, were responsible for the only other significant score, 1,233 two-man total, which took sixth place in regular doubles. Oshiro paced the pair with 618.

## Peletta Is Named Coach Of The Year

SAN FRANCISCO, March 4 (AP)—Pete Peletta, University of San Francisco, a Northern California basketball coach of the year as his club holds its second straight West Coast Athletic conference title.

In accepting the honor, Peletta said, "If there was a problem, it was to start the right members of an extremely talented squad and keep the other boys happy."

USF center Ollie Johnson was voted the outstanding player in the area by the Northern California Basketball Writers and Sportscasters association which also named Peletta the outstanding mentor.

The Dons lost three games on a road trip and then one to the University of California at Santa Barbara before embarking on a 16-game winning streak.

"We've matured since December," said Peletta whose club now goes into the NCAA regional tournament at Corvallis. "I'd say that sophomores Joe Ellis and Brian Mueller have helped tremendously."

## Baltimore Takes 4-3 Hockey Win

BALTIMORE, March 4 (AP)—Defenseman Larry Cahan's goal with only one and one-half minutes remaining in overtime gave the Baltimore Clippers a 4-3 American Hockey league victory over the Springfield Indians Tuesday night.

Cahan fired the 25-foot blazer after taking a pass from behind the crease from Dave Creighton. Springfield took the lead, with a minute gone in the first period on John Rodger's goal.

Baltimore tied the score early in the second period on Mel Pearson's goal and took a 2-1 lead on George Kopik's tally.

Springfield's leading scorer, Jim Anderson, evened the count just before the period ended.

Mike Labadie gave the Indians a brief lead in the third period before Clipper newcomer Dick Melsner hit a 15-foot score shot to send it into overtime.

## Brown Makes Pro Baseball Decision

POMPAÑO BEACH, Fla., March 4 (AP)—Tommy Brown, torn between another trial with the Washington Senators and a football offer from the Green Bay Packers, decided Tuesday to stick with baseball.

The former University of Maryland two-sport star notified Senators manager George Selkirk that he will be in uniform Wednesday when the remainder of the Washington squad is scheduled to report.

His decision leaves pitcher Ron Kline as Washington's only unsigned player.

Brown was a spring training sensation with the Senators last year after being signed off the Maryland campus. He broke into the opening day line-up before a sellout crowd.

Although Twin Falls is favored to win, the Bruins are concerned over a possible 6-foot-5-inch Paul Stover incurred in the Burley game. Also senior guard Steve Humphreys has missed school this week because of illness.

Glenns Ferry places its "Cinderella" hopes on the line against Kimberly in the A-3 tournament at Shoshone Thursday. The Pilots knocked off Wendell and Valley last week-end to provide the most spice of the tournament season.

Kimberly holds a pair of season victories over the Pilots but so did Wendell.

Camas County was the team to beat before the A-4 tournament began and the Muthers still appear to be. They hold two victories over Hagerman, one easy and one difficult, but can not afford to be complacent against the Pirates.

## Back Injury Hospitalizes Sox Player

SARASOTA, Fla., March 4 (AP)—Third baseman Pete Ward, who led the Chicago White Sox in almost all offensive categories last season, was sent to a hospital Tuesday after suffering a back injury.

Ward said he felt pain in the small of his back while fielding a grounder during infield practice. He described the injury as similar to the one which sidelined him during the final two weeks of last season.

Dr. Anthony Guzauskas, team physician, had Ward taken to Memorial hospital for X-rays and observation. The doctor indicated that Ward may have to be placed in traction.

Ward was second choice behind teammate Gary Peters, a pitcher, for the American league's 1963 Rookie of the Year honors. He batted .295, hit 22 homers and drove in 84 runs.

## Celtics Drop 76ers 108-94

SYRACUSE, March 4 (AP)—The Boston Celtics led throughout and scored a 108-94 victory over the Philadelphia 76ers in a National Basketball association game at War Memorial auditorium Tuesday night.

Although the Celtics were in front all the way a 76er spurt cut the margin to two points, 78-76, after three periods. Then Heinsohn and Jones paced a 7-0 Boston spurt in the first four minutes of the final period to put the Celtics out of reach.

Bill Russell grabbed 35 rebounds as Boston controlled the boards at both ends of the court.

## Brown Makes Pro Baseball Decision

POMPAÑO BEACH, Fla., March 4 (AP)—Tommy Brown, torn between another trial with the Washington Senators and a football offer from the Green Bay Packers, decided Tuesday to stick with baseball.

The former University of Maryland two-sport star notified Senators manager George Selkirk that he will be in uniform Wednesday when the remainder of the Washington squad is scheduled to report.

His decision leaves pitcher Ron Kline as Washington's only unsigned player.

Brown was a spring training sensation with the Senators last year after being signed off the Maryland campus. He broke into the opening day line-up before a sellout crowd.

Although Twin Falls is favored to win, the Bruins are concerned over a possible 6-foot-5-inch Paul Stover incurred in the Burley game. Also senior guard Steve Humphreys has missed school this week because of illness.

Glenns Ferry places its "Cinderella" hopes on the line against Kimberly in the A-3 tournament at Shoshone Thursday. The Pilots knocked off Wendell and Valley last week-end to provide the most spice of the tournament season.

Kimberly holds a pair of season victories over the Pilots but so did Wendell.

Camas County was the team to beat before the A-4 tournament began and the Muthers still appear to be. They hold two victories over Hagerman, one easy and one difficult, but can not afford to be complacent against the Pirates.

## Housing for Twins Team Integrated

ORLANDO, Fla., March 4 (AP)—The Minnesota Twins, pressured by civil rights groups to end segregated housing of players, moved their baseball training camp headquarters Tuesday to an integrated motel.

The move was reported in a brief statement telephoned by club press agents to St. Paul, Minnesota news media, quoting the club president, Calvin Griffith.

Effective Wednesday, the spring training headquarters of the Minnesota Twins will be the Downtowner Motel in Orlando, Fla.

White players had stayed at the Cherry Plaza Hotel and Negro players at the Sadler Motel.

Negro groups in Minneapolis-St. Paul complained this winter that the Twins were the only major league club to permit segregated housing in spring training.

Members of the Congress of Racial Equality had threatened to picket the Twins home opener.

A club spokesman said all members of the team, except those staying in apartments with their wives, will be housed at the Downtowner.

**GIFT**  
VAL D'ISERE, France, March 4 (AP)—The ski resort village of Val d'Isere has given 4.9 acres of land at the foot of a ski lift to Christine and Marielle Goltzschel, double medal winners at the Innsbruck Olympics.

## If He Wins, Peralta Wants Crack at Clay

BUENOS AIRES, March 4 (AP)—Argentina's Gregorio Peralta said Tuesday that if he dethrones light-heavyweight champion Willie Pastrano on April 10 he will seek a crack at heavyweight king Cassius Clay.

Peralta, winner of 27 straight, meets Pastrano at New Orleans. "Before Clay won the heavyweight title last week there was talk about him fighting Pastrano," said Alfredo Prozio, the Argentine's manager. "But now Gregorio has to win the light heavyweight title first before we can talk about Clay. That's what we aim to do."

Peralta said "I would like that very much."

The handsome 28-year-old Argentine heavyweight champion has been working out daily. He plans to leave for New York this week-end and then head for New Orleans on March 20.

## Injured Hurlers Seek Comeback

MIAMI, Fla., March 4 (AP)—Twenty-game winner Steve Barber and former 18-game winner Chuck Estrada, seeking a comeback after elbow surgery last fall, created contrasting stir of excitement in the Baltimore Orioles' spring training camp Tuesday.

The 25-year-old Barber pulled up lame during an infield drill and was treated for what trainer Eddie Weidner described as a mild strain of the hamstring muscle of the left leg. The injury was not believed serious.

Estrada, after hurling 10 minutes of batting practice, said "my arm felt better today than at any time during the early stages of spring training since 1961."

## Killebrew Says Knee Feels Fine

ORLANDO, Fla., March 4 (AP)—Sluggish Harmon Killebrew tested his knee with some running and a few swings in the batting cage Tuesday and assured Minnesota Twins officials it feels fine.

Killebrew, the major league's home-run leader last year, underwent surgery during the winter for some cartilage repair. He appeared trim and showed no sign of a limp in his workout under a hot sun.

Killebrew led a flock of infielders and outfielders joining the pitchers and catchers for the start of full-scale workouts Wednesday.

Twin pitchers reported some minor aches and pains after a three-hour workout in the best weather the club has encountered since drills began.

## Liston Will Have Confab With IRS

CHESTER, Pa., March 4 (AP)—Sonny Liston, dethroned heavyweight champion, didn't come here Tuesday for a planned conference with associates but he expects to be in Washington Wednesday to confer with the Internal Revenue Service.

Also scheduled to be in Washington are Bob Nilon, executive vice president of Inter-Continental Promotions, Inc., which Liston heads; Jack Nilon, brother of Bob and Liston's adviser, and Garland D. Cherry, Liston's attorney.

They hope to talk the IRS into releasing at least a part of Liston's purse from the Feb. 25 fight in which he lost his title to Cassius Clay.

"I expect the government to release part of the money because I'm sure the Internal Revenue Service does not believe that Liston or any of the others concerned are out to beat the government out of taxes," Cherry said.

After leaving Washington, Liston is scheduled to visit Jefferson hospital in Philadelphia where his injured left shoulder will be examined by Dr. Anthony Depalma, an orthopedic surgeon.

# Northern Dancer Is First in Flamingo

MIAMI, Fla., March 4 (AP)—Northern Dancer came home two lengths in front in the \$138,200 Flamingo stakes Tuesday, with Mr. Brick second and Quadrangle third in the first major test for derby-age colts in the East. Journalist finished fourth and second-choice Roman Brother came home in a dead heat for fifth place with Dandy K. in the field of 11.

## SC Won't Let Davidson Play in NIT

Northern Dancer, bred and owned by E. P. Taylor's Windfields farm, Toronto, Canada, ran the one and one-eighth miles in 1:47 4/5, only four-fifths of a second off the Flamingo and track record set by Bold Ruler in 1957.

Mr. Brick, owned by Robert Stungis, Malverne, Ark., was first out of the gate and Jockey Walter Blum kept him in front until Northern Dancer turned on the steam at the top of the home stretch.

Northern Dancer won driving but to many it seemed that he was not hard pressed.

Jockey Willie Shoemaker, who flew from California for the riding assignment, kept Northern Dancer in perfect position while saving ground behind Mr. Brick. As they came into the home stretch, Northern Dancer took the lead and was a length in front with about a sixteenth of a mile to go.

Mr. Brick, running the distance only for a second time, never gave up, but Northern Dancer appeared to be a little too much for him. Mr. Brick finished eight lengths ahead of Quadrangle, owned by Paul Mellon's Rokeby stable, Pittsburgh.

Northern Dancer, trained by Haplo-Luro, who also conditioned Victoria Park and Decidedly in recent years, thus made 11 victories in 11 starts and has never been out of the money.

The bay son of Nearctic out of Natalma by Native Dancer won a six-furlong allowance race and a seven-furlong exhibition earlier this season. He had made nine starts last year. His last was in the Rembrandt, which he won at Aqueduct. Previously he had won three stakes in Canada.

# Former Arizona Coach Questioned By NCAA Official

TEMPE, Ariz., March 4 (AP)—A former Arizona State university coach said Tuesday that he has been questioned by a National Collegiate Athletic Association official in connection with the school's athletic policies. The NCAA is now investigating A-State for alleged

## Robinson Is On Top of WAC Scoring

DENVER, March 4 (AP)—Although he still is in the Western Athletic conference basketball scoring chase, Flynn Robinson, Wyoming, could feel a hot breath on his neck this week.

The battle for the scoring title, like that for the league championship, seems destined to go right to the final game Saturday night.

Robinson has averaged 24.6 points per game with 197 in 8 contests by Joe Caldwell, Arizona State, who has posted 206 in 9 games.

John Fairchild, Brigham Young, with two conference games left, is third with a 22.1 point average. Art Becker, Arizona State, is next at 19.7 and Albert Johnson, Arizona, is fifth with 17.6.

Robinson has a psychological advantage over Caldwell in that he will close out his season after the Sun Devil shooter plays his final conference game Wednesday night against Arizona.

## Dukes Trounce St. Francis

ALTOONA, Pa., March 4 (AP)—Duquesne's two "Willies"—Somerset and Ross—led a second half drive Tuesday night as the NIT-bound Dukes trounced St. Francis 98-77 in basketball.

Somerset scored 17 of his 32 points in the first half and was the main reason Duquesne had a 37-33 lead at the intermission.

In the second half he got help from Ross, who netted 18 of his 22 points in the period. It was the Dukes' final regular season game.

High scratch team series, Ten Pins 1,116.

Bowler of the week, Bonnie Alvey, also picked 6-7 split and got her Gutter Guard shield.

An aspiring pro-only has to apply to his regional PGA group and then to PGA national head-

## Griffin Says PGA Should Crack Down on Pro Qualifications

NEW ORLEANS, March 4 (AP)—The Professional Golfers association needs to tighten up the qualifications for youngsters who want to join the rich tour, says one of the organization's officials. Donald (Doc) Griffin, PGA field secretary, contends that the "glitter of fairway gold" has attracted too many players who don't have much of a chance on making the grade in pro competition.

Griffin, in an interview Tuesday following the close of the Greater New Orleans Open, said an examination of a player's amateur record "usually tells what he'll do as a pro on the tour."

Starting his third year as the PGA's press representative on the tour, Griffin said that "invariably in nine out of ten cases, the great pros of today—as well as the newcomers showing strong potential—have had outstanding records in national and regional amateur competition."

He points out that Arnold Palmer, the game's all-time leading money winner, was a U.S. amateur champ before turning pro.

So was Jack Nicklaus, the husky blond youngster who has become the chief contender to king Arnold's throne.

On the other hand, Griffin continued, "the kids who earn approved tournament player status with only a limited amateur record, just don't seem to make it in the big time."

"Too many times, a youngster shoots a 65 on his home course, wins a local tourney or two and then somebody is impressed enough by his ability to put up \$10,000 or more to send him on the tour."

It's easy—"Maybe too easy," says Griffin—to get an Approved Tournament Player designation.

An aspiring pro-only has to apply to his regional PGA group and then to PGA national head-

About the only requirements are sufficient financial backing and playing ability.

Griffin suggested that the PGA should take a longer look at a player's ability before letting him join the circuit.

But he readily admits that many of the tour regulars, as well as some PGA officials, won't agree with him.

"They feel we should give anybody who might have the slightest chance an opportunity. Then if they don't make it, we take away their ATP cards."

That's the way the PGA operates now. If a player can't make a go of it after a year on the tour, the PGA cancels his approved player status.

The only other way he can get on the tour is to become a class A member, which takes more than five years' apprenticeship in a club job.

**Short Rejects Colavito Offer**

SARASOTA, Fla., March 4 (AP)—Chicago White Sox general manager Ed Short said Tuesday that he had rejected a proposed trade offer for Rocky Colavito of the Kansas City Athletics.

Short said that Pat Friday, the A's general manager, had offered Colavito in exchange for outfielders Dave Nicholson and Jim Landis.

## 1964 All-America College Basketball Team Named by AP

NEW YORK, March 4 (AP)—Gary Bradds of Ohio State; Cotton Nash, Kentucky; Walt Hazzard, UCLA; Bill Bradley, Princeton, and Dave Stallworth, Wichita, were named today as the 1964 All-America college basketball team by The Associated Press. Despite an abundance of good players that made picking difficult in this Olympic year, these five from the Big Ten, Southeastern conference, Big Six, Ivy

## Foul Weather Makes Giants Drill Indoors

CASA GRANDE, Ariz., March 4 (AP)—Rain and chill weather forced the San Francisco Giants indoors Tuesday and will keep the squad at Casa Grande the rest of this week.

Originally, the National league team was to move from their minor league training site into nearby Phoenix on Wednesday and begin workouts in the new Phoenix Municipal Stadium.

Groundskeeper Marty Schwab, who keeps San Francisco's "rain-dielick" Park in shape, recommended the team remain at Casa Grande because top soil in the new Phoenix park was too wet from the recent rains to permit its use before the week-end.

Sunday the stadium, near Papago Park, will be opened and dedicated when the Giants play the Cleveland Indians in a Cactus league game.

Manager Alvin Dark called off outside drills Tuesday and scheduled a skull session instead.

Following rains last night, players could look out and see snow on nearby hills. The grounds were slippery but it was felt that one of the five injuries at Casa Grande could be put into playing shape for Wednesday.

## Aces Come From Behind to Win

QUEBEC, March 4 (AP)—Wayne Hicks scored two goals and assisted on another as the Quebec Aces came from behind to whip the Cleveland Barons in an American Hockey league game Tuesday night.

Cleveland led early in the first period when Cecil Hoekstra beat Gump Worsley at the 4:55 mark. Hicks got that one back at 10:09 and then added another at 16:31.

The Barons' Ray Kinasewich tied it in the second period before Bill Dineen converted a Hicks pass for the winner.

Worsley made 33 saves, six less than Cleveland's Les Binkley kicked away.

On the basis of five points for a first-team vote and two points for a second-team vote, Bradds collected a total of 1,199 points. He was named on the first team by 215 voters. Nash was runner-up with 207 firsts and 1,160 total points. Then came Hazzard with 195 firsts and 1,087. All are seniors.

Bradley and Stallworth, both juniors, polled 783 and 785, respectively, and each got 133 firsts.

Jeff Mullins, Duke, Cazzie Russell, Michigan, Fred Hetzel, Davidson, Mel Counts, Oregon State, and Ron Bonham, Cincinnati, were named as the second team.

Howard Komives, Bowling Green, Paul Silas, Creighton, Bill Buntin, Michigan, Barry Kramer, NYU, and Jim Barnes, Texas Western, formed the third team.

Bonham and Kramer made the 1963 All-American as juniors, along with Bradds, but failed to repeat. The Ohio State star similarly got off to a poor season, but went on a scoring spurge that put him back in the running and also sparked the Buckeyes into contention for the Big Ten crown.

Nash, after an off-season as a junior, reverted to the fine form he showed as a sophomore and led Kentucky to the Southeastern Conference title. Hazzard's speed and floor generalship helped put unbeaten UCLA at the top of The Associated Press rankings as well as the Big Six conference.

Bradley shattered virtually all of the Ivy League scoring rec-

## Young Scientists Question Value of U.S. Moon Program

WASHINGTON, March 4 (UPI)—Two of the nation's most promising young scientists of the future are not impressed with the official haste to land an American on the moon by 1970.

They are Robert P. Sproull, Alexandria, Va., and Robert E. Bowen, Fairfield, Calif., both 16 and top winners of the 1964 Westinghouse science talent search.

The youths agreed today that the Apollo moon project can offer a gold mine of scientific information about space and the planets. But both cautioned against spending extra billions simply to make sure that the American flag is planted first on the moon.

"The space program should not go unquestioned," said Bowen, a student at Fairfield's Armijo joint union high school who won a second-place, \$8,000 Westinghouse scholarship for his work in mathematics.

"Getting to the moon will be a great scientific achievement," he

said, "but the program should be constantly reexamined to make sure we are not spending too much money on one thing at the expense of atomic physics, biology, mathematics, medicine and other research."

"Anything you put into the Apollo program to speed it up is lost," said Sproull, winner of the \$7,500 first-prize scholarship for his study of the structure of crystals.

"The scientific importance will be great," he said, "but the immediacy of it is strictly propaganda."

## Film Shown to Castleford Club

CASTLEFORD, March 4 (UPI)—Travis (Bud) Bodrege, Buhi, and representatives of the American Oil company, Salt Lake City, presented the program at the Castleford Men's club meeting Monday at the Gun club.

## Death Tools

SALT LAKE CITY, March 4 (UPI)—Stolen tools that could have meant death to unsuspecting burglars have been recovered—apparently unused—by Salt Lake City police.

The tools were coated with copper cyanide that can cause death when it enters the bloodstream through a cut or abrasion.

They were taken during a burglary at an Electroplating company Feb. 18. Police recovered the tools and other loot hidden beneath the floor on Tuesday in a local residence.

They said complaints against two suspects in the burglary may be issued soon.

A film was shown on Avadex, a wild oat killer, and slides on alfalfa weevil. Demonstrations on oils and fuels was given by the company representatives.

James Wheeler reported interested persons should sign to have their field-measured if they desire support from the ASC. The father-son night will be observed March 18.

# McNamara to Leave on Another Asian Trip

WASHINGTON, March 4 (UPI)—Secretary of Defense Robert S. McNamara will take off for South Vietnam Thursday night, cool to proposals to carry the war against communist North Vietnam.

Anything but a "soft liner," McNamara is understood to feel the South Vietnamese forces will win or lose the fight by the way they go about eliminating the

communist insurgents inside their own country.

The defense chief is said to believe the Vietnamese lack the capability to carry on a full-

## Four Teen-Agers Found Dead in Stalled Auto

SHELTON, Wash., March 4 (UPI)—Two teen-age couples who failed to return from a ride Sunday were found dead in their stalled car on a snow-clogged logging road, the sheriff's office said Tuesday.

They were Harold S. Prather, 18, his brother, James, 19, Rita Heiser, 17, and Evelyn L. Goldsby, 17, all Olympia.

Deputy Sheriff Robert Hanley said the four got off on a logging road about 12 miles north of here during their ride and apparently became stuck in the snow.

"They evidently stayed in the car until they were asphyxiated," Hanley said.

scale campaign in South Vietnam and at the same time strike into the north.

McNamara reportedly is against sending Americans on any such operations into North Vietnam.

It is his position, both in public and private, that the U.S. military men—15,500 of them now—are in South Vietnam as trainers, and advisers, and that the fighting must be done by the Vietnamese.

## Driver Cited After Accident

Thelma K. Hill, 18, Hansen, was cited by Twin Falls city police for following too closely after a three-car accident at 10:15 p.m. Saturday in the 300 block of Second avenue south.

Miss Hill was cited after her 1960 Ford hit the rear of a 1964 Studebaker driven by Steve Whitehead, 18, 368 Borah avenue. The Whitehead vehicle was pushed into the rear of a 1959 Plymouth driven by Grant Hendrix, 21, 426 Fourth street east.

McNamara recognizes that guerrilla operations or air strikes into red territory might slow supplies and reinforcements to communist elements inside South Vietnam.

But he contends this will not solve the basic problem that has plagued the U.S.-supported effort since it began on a big scale more than two years ago.

"That problem: how to win the backing of the people in the countryside for the government in Saigon."

Evidence reaching the Pentagon since the most recent coup a little over a month ago has not been conclusive, in the view of top officials, as to whether the Vietnamese people have rallied to Maj. Gen. Nguyen Khanh, the new premier, any more than they stood behind the two governments before Khanh.

One thing Khanh is doing, pleasing U.S. authorities—he is meeting the people's campaign.

One of McNamara's chief aims in his fourth trip halfway around the world is to find what can be done to get the war back on the track again—to get the military of government and command working after the disruption of the second coup in three months.

It appears unlikely that U.S. policy will take any spectacular new turn as a result of McNamara's visit. It is considered highly improbable that any U.S. combat troops will be sent to South Vietnam.

**ALLSTATE Passenger Tire Guarantee**

**ALL FAILURES TREAD LIFE GUARANTEE**

Every ALLSTATE tire is guaranteed against all failures from road hazards or defects for the life of the original tread. If tire fails, we will, at our option, replace it without cost; or, in exchange for the tire, we will replace it with a new tire of equal or better quality (charge will be a pro-rata share of exchange price).

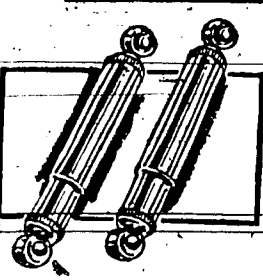

**TREAD WEAR GUARANTEE**

We guarantee tread life for the number of months designated. If tread wears out within this period, return it in exchange, we will replace it charging the current exchange price less a set dollar allowance. (Exchange price is based on retail price plus Federal Excise Tax less trade-in at time of return (no trade-in deduction on snow tires).)
