TEN CENTS

## Bureau Studies Tentative Burns Creek Dam Plan

By The Associated Press  
Federal reclamation bureau studies are under way on a revised Burns creek project in eastern Idaho, along somewhat similar lines to one suggested by Sen. Len Jordan, R., Ida. But Norman H. Moore, Boise, assistant regional director for the bureau, said that the tentative plan under study calls for construction of a large storage dam at the Burns creek site with a smaller regulating structure downstream. Those two dams would be operated in conjunction with the existing Pallsades dam.

Jordan, in a letter to U.S. Reclamation Commissioner Floyd E. Smith, suggested a three-dam complex, however, between the Burns and Pallsades dams. Jordan said power generation at the second storage dam would be only incidental to its primary purpose of storage for irrigation and flood control. He did not say, however, how much power he expected the project to generate.

The Burns Creek project as submitted to congress called for generating capacity of 90,000 kilowatts. Opposition to it is strong. P 2, Col 4

### Excellent

Excellent skiing conditions are reported for Magic Valley fans over the Easter weekend. Soldier mountain ski area will remain open every Sunday during April. There are 51 inches on top, with skiing good to excellent on the upper trails and good on the lower slopes. The area will be open on Sunday only, after this weekend.

Sun Valley also reports excellent conditions, with 63 inches on top of Bald mountain, 46 at Roundhouse, 33 on Dollar and 29 on the valley floor. The resort will be open through April 4.

Pomerelle area near Albion was closed Friday because a storm plucked the road Thursday, but owners said lifts will operate Saturday through Monday. Drivers are advised to use chains.

Magic mountain has 10 inches of new powder snow, Claude Jones, operator, reports. He said skiing is excellent and lifts will operate Saturday through Monday.

## Koreans Push Through Barricades

SEOUL, Korea, March 27 (UPI)—Five hundred high school students stormed through barbed wire barricades today and marched on the presidential palace in the fourth day of demonstrations against South Korea's diplomatic talks with Japan.

Club-wielding police forced the youths, including about 100 girls, to retreat before they reached the palace itself. Some of the students tossed rocks as they backed off and a few were jostled by police. A Korean newsman was hit by a police club, but no serious injuries were reported.

About 5,000 students staged other protests in the capital and an estimated 30,000 youths demonstrated in 12 other South Korean cities.

Prime Minister Choi Doo Sun told the South Korean national assembly today that the government has no intentions of discontinuing negotiations to resume normal relations with Japan, despite the student protests.

## Salinger's Name to Be Put on Ballot

SAN FRANCISCO, March 27 (UPI)—Pierre Salinger's name was ordered placed on the California ballot today for the June Democratic primary for U. S. senator.

The state supreme court ordered Salinger's papers and filing fees re-transmitted to Secretary of State Frank Jordan and declared.

"The secretary of state is hereby directed to place petitioner's name on the certified list of candidates who are eligible to be voted for at the direct primary election to be held on June 2, 1964."

"This order is final forthwith." Earlier, Salinger's attorneys had contended a state regulation that had been cited in an attempt to bar him from the primary race was unconstitutional.

Salinger resigned last week as White House press secretary.

## Police Nab Pair, Then Find Crime

Twin Falls police got the car before the horse Friday, but it was all to their advantage. First they caught the suspects, then they discovered a burglary had been committed.

Two Wendell men, John E. Jordan and James B. Glandon, 24, were picked up here at 6:10 a.m. today by city police who noticed several bottles of liquor and a car in their vehicle.

The officers first thought the night had some connection with the burglary of the state store in Buhl Thursday night.

The Glandons would not let the search the vehicle without a warrant, the chief said. Also obtained the warrant and found about \$200 worth of liquor in the vehicle.

After questioning the men, Twin Falls police called Wendell Jordan and learned that the car was taken from the Silver Lake area early Friday morning.

The two men were taken to Buhl county jail and were to be arraigned before Gooding county Probate Judge James P. Sisset sometime Friday.

## Troops Fly U.N. Flags in Cyprus

NICOSSIA, Cyprus, March 27 (UPI)—British and Canadian troops in blue berets and the U. N. flag rose over their camps today, marking the birth of the United Nations force in Cyprus.

Indian Lieut. Gen. Prem Singh took command at dawn and assumed responsibility on behalf of the United Nations for the Greek and Turkish Cypriotes from killing each other.

To begin his task, Kyani has 200 British and 1,000 Canadian troops. About half the British troops will be withdrawn as Irish and Swedish soldiers join the U. N. force shortly.

An advance party of Swedish and Irish troops is due tonight.

Giant, former commander of the U. N. emergency force in the Middle East, told the Canadian Thursday.

"Our one and simple aim is to do everything possible to assist them, the Cypriotes, in preventing a recurrence of hostilities and ensuring that they resolve their problems under peaceful conditions. We must be absolutely impartial in whatever we do."

Gen. R. M. P. Carver, British commander on Cyprus, said he had a blue U. N. beret become Gyan's second in command.

There has not been any great demand for silver dollars.

Increase in demand for silver dollars.

Cactus Pete's and the Horse Show club, both Jackpot, Nev., reported they have not noticed any decline in silver dollars.

Albertson's Food Center reported more people have been asking for silver dollars than paper money in change, but Okay's Food center reports there has been no effect yet.

Donald Botcher, 323 Martin street, owner of The Hobby Shop, said Friday there have been more collectors in his shop wanting silver dollars than usual. He said the number of collectors has doubled since the treasury halted sale of silver dollars.

CONTINENTAL TRAILWAYS BUS crashed with a Colorado highway department dump truck Thursday night on a busy highway just west of Denver. Only seven of the 40 persons aboard the loaded bus escaped injury. The driver, Earl Chamberlain, 52, Denver; one passenger, Pamela Joe Grant, 4, Louisville, Ky., and the truck driver, were killed. (AP wirephoto)

## Area Woman Is 100 Years Old Today

A century of life was behind Mrs. Emma Beam, Kimberly, as she celebrated her 100th birthday anniversary Friday at the home of her son, Irl Beam, 439 Fourth street north, Twin Falls.

A birthday party was planned for her and her close friends by her son.

Mrs. Beam was born March 27, 1864, at Pine Hill, Pa. She later moved to Davenport, Neb., where she was married to Good Beam, who died in 1935. Mrs. Beam came with her family to the Twin Falls area from Davenport in 1915 and has lived here since.

Her family now consists of one daughter, Mrs. R. S. Miller, Redding, Calif.; two sons, Harry Beam and Irl Beam, both Twin Falls; three grandchildren and 12 great-grandchildren.

## Fighting Breaks Out In Ethiopia

ADDIS ABABA, Ethiopia, March 27 (UPI)—Heavy fighting between Ethiopian and Somali forces broke out again early today, the defense ministry announced.

It said Somalis, supported by tanks and heavy artillery, had been repulsed at Eneghu, although fighting still was going on.

Somali sources in Mogadishu said yesterday Ethiopian troops attacked the town of Dabagorale and the village of Durukst and Ethiopian planes had bombed Eneghu and another village.

Today's communique from the Ethiopian defense ministry said eight Ethiopians and 26 Somalis were killed in yesterday's action at Dabagorale. It said one Somali tank was destroyed and one captured.

The new flareups came while Somali and Ethiopian representatives were negotiating a settlement of the border dispute between the two countries at Khartoum, Sudan.

## Olson Due To Make Plea

George Olson, 40, Twin Falls, was scheduled to appear at 2 p. m. Friday before Eleventh district Judge Theron Ward to enter a plea on a charge of first degree murder.

Olson, who is charged with the Aug. 27 shooting of Keith Gates at the home of Mrs. Anna Lou McKinnon, 509 Lynwood boulevard, was bound over to district court by Twin Falls Police Judge Dale J. Adamson Jan. 29.

Olson has been held in county jail without bond since Aug. 27. The date for his trial has not been set.

CANCER MONTH  
WASHINGTON, March 27 (UPI)—President Johnson proclaimed the month of April as cancer control month and called for renewed efforts to cut the toll of the disease.

## In Doghouse

CALDWELL, March 27 (UPI)—Two young boys wound up Thursday where they said they spent the night—in the doghouse.

Doug Edwards, 7, and Arlie M. Moore, 12, were reported missing shortly before midnight Wednesday. They had failed to return home after school.

They turned up several hours later walking along a residential street. Police said the boys told them they had just wandered around town, and had slept Wednesday night in a doghouse.

## Nehru Pleads For End to Bloody Riots

NEW DELHI, India, March 27 (UPI)—His voice heavy with emotion, Prime Minister Nehru appealed to the people he has led for 17 years to halt bloody religious rioting sweeping India.

The 74-year-old prime minister, weakened by a stroke and obviously heartbroken by the strife tearing at his country, said in a nationwide radio broadcast that religious fighting "is fatal for all of us."

He made a special appeal to Christian Adivasi tribesmen, a bow and arrow culture people in eastern India whose entry into the rioting in the past 24 hours helped push the death toll to near 300.

Nehru also announced that President Mohammed Ayub Khan, Moslem leader of neighboring Pakistan, has agreed to an Indian proposal for a meeting of home ministers from both countries to discuss joint action to halt Hindu-Moslem fighting.

Hindus, the vast majority of India's 482 million people, started fighting with Moslems in Calcutta on the east coast March 16 and the bloodshed quickly spread.

Advais, many of whom are Christians, joined the Hindu-Moslem fighting when they heard tales of anti-Christian atrocities allegedly committed by Moslems in nearby East Pakistan.

Advais poured down from the hills, in groups reported to be as large as 1,000, burned two villages in their search for Moslems, and announced the torch would be put to two more.

Smith, who heads the law-science institute at the University of Texas, said "some great specialists" had offered to treat Ruby's despondency.

## Three Killed, 33 Hurt in Denver Crash

DENVER, March 27 (UPI)—A Continental Trailways bus smashed into the side of a highway department dump truck today, a busy transcontinental highway from a side road Thursday night.

The drivers of both vehicles and a girl riding in the front seat of the bus were killed. Thirty-three persons were injured, none of them seriously.

The victims were Earl Chamberlain, 52, the bus driver; Carl Lewis Hicken, 32, the truck driver, and Pamela Jo Grant, 4, Louisville, Ky.

The truck pulled onto the highway at an intersection in Jefferson county, in the southwestern suburbs of Denver, police said.

"I don't think he was 10 feet from us when he pulled out," a passenger, Ray T. Russell, 73, Toledo, O., said.

Russell said the bus driver "didn't have a chance in the world to stop."

The bus, bound from San Francisco to New York City, was going only 30 or 35 miles an hour, the passenger said.

## Psychiatrist Is Sought For Ruby

DALLAS, March 27 (UPI)—Jack Ruby's new lawyer, Dr. Hubert Winston Smith, said he would look around today for a top psychiatrist to treat Ruby for death-camp gloom.

In Austin, the University of Texas prepared to look into the propriety of doctor-lawyer-professor Smith's involvement in the case.

Smith, a scholarly authority on medicine and the law, heads the defense team trying to save Ruby from the electric chair for the killing of Lee Harvey Oswald two days after he was charged with assassinating President Kennedy.

A member of Ruby's family visited the former striptease club operator in his cell yesterday and reported, "Jack was very depressed."

Smith, who heads the law-science institute at the University of Texas, said "some great specialists" had offered to treat Ruby's despondency.

Smith, who heads the law-science institute at the University of Texas, said "some great specialists" had offered to treat Ruby's despondency.

## Russians Free Two U.S. Airmen In East Germany

HELMSTEDT, Germany, March 27 (AP)—The Russians today freed two U. S. airmen whose jet reconnaissance plane was shot down by a Soviet fighter over East Germany March 10. Both appeared to be in good health. Communist East Germany asserted they were "expelled" after the United States gave assurances that strict orders had been issued to prevent a recurrence of air violations. An announcement repeated a Soviet charge the plane was spying, a charge denied by Washington.

## Release Smooths U.S.-Red Relations

MOSCOW, March 27 (UPI)—The Soviet Union, in announcing the release of the AB-66 officers, claimed for the first time today that authorities had photographic evidence on which to try the captured RB-66 fliers as spies. Nevertheless, an official statement said, Capt. David Holland and Melvin Kessler were being set free because of U. S. "regrets" and assurances that there will be no more incidents such as that of March 10 when the fliers' RB-66 overflew East German territory and was shot down.

The fliers' release—despite renewed charges that they were aerial spies—was interpreted in diplomatic circles here as a clear sign that Premier Nikita S. Khrushchev did not want to allow the incident to cause a serious rift in U. S. - Soviet relations.

In their handling of the AB-66 every indication of trying not to "rock the boat" in the face of a general air of détente between Moscow and Washington.

The statement charged that the RB-66 "carried equipment for aerial photography and special equipment for military reconnaissance by radiotechnical means."

There was no violence. American and British officials stood nearby watching.

The students demonstrated in front of the Cambodian ministry of information. Police and troops were posted around the building to prevent trouble.

The students said they were honoring 18 men, women and children who died March 19 when South Vietnamese planes and armored vehicles attacked the village of Chantrea near the Cambodian-Vietnamese border.

U. S. military advisers were present during the raid but did no shooting.

## U.S. Tanker Is Pulled to Port by Tugs

NORFOLK, Va., March 27 (UPI)—Two tugs plodded toward port today with the stern half of the explosion-split tanker San Jacinto and her captain and 34 crewmen who stuck with the "mass of twisted steel."

Capt. Harold J. Ties, Elmira, N. Y., and his men were reported dry, comfortable and in good spirits aboard the hulk. The tugs were making about five knots in the rolling seas and were expected to reach here about noon (EST) Saturday.

The 544-foot tanker, en route from Portland, Me., to Houston, was blown apart early yesterday morning by an explosion about 10 miles off the Virginia capes.

Chief Steward Martin Dotilla, one of two men who left the San Jacinto in a lifeboat to take the ship's papers to safety, apparently died of a heart attack, after being picked up by a nearby merchant vessel.

Another tug put a line aboard the unmanned bow section and also was heading to port.

The skipper of a ship that was five or six miles away when the San Jacinto was struck by the blast said he heard the explosion and felt pressure waves.

Capt. Klaus Guenther, 40, Hamburg, Germany, skipper of the Mobil Pegasus, said at PAULSBORO, N. J., today, he was in his cabin and "my third mate reported that he heard a ringing in his ears."

Rockefeller made the announcement at a news conference he called within 15 minutes after the Republican-dominated legislature adjourned its 1964 session at 1:20 a.m. EST today.

The governor made this statement: "The 187th legislature has adjourned without taking effective reform action on the state liquor laws and I am calling a special session April 15 to act on this subject."

He declined to further discuss his stinging political setback with newsmen.

## Students Demonstrate In Cambodia

PHNOM PENH, Cambodia, March 27 (UPI)—About 300 college students demonstrated against the United States today as a memorial to the Cambodians killed in a U. S.-aided South Vietnamese raid on a border village.

There was no violence. American and British officials stood nearby watching.

The students demonstrated in front of the Cambodian ministry of information. Police and troops were posted around the building to prevent trouble.

The students said they were honoring 18 men, women and children who died March 19 when South Vietnamese planes and armored vehicles attacked the village of Chantrea near the Cambodian-Vietnamese border.

U. S. military advisers were present during the raid but did no shooting.

## Worst Defeat Is Taken by Rockefeller

ALBANY, N.Y., March 27 (UPI)—Gov. Nelson A. Rockefeller took the worst defeat of his political career last night when the New York legislature turned down liquor law reforms on which he had staked his prestige. The governor announced early today he would call a special session to deal with liquor laws in mid-April.

Rockefeller made the announcement at a news conference he called within 15 minutes after the Republican-dominated legislature adjourned its 1964 session at 1:20 a.m. EST today.

The governor made this statement: "The 187th legislature has adjourned without taking effective reform action on the state liquor laws and I am calling a special session April 15 to act on this subject."

He declined to further discuss his stinging political setback with newsmen.

## Ships Race For Burning Freighter

NEW YORK, March 27 (UPI)—A coast guard cutter and a tanker raced today to the aid of a 7,442-ton freighter whose cargo of highly flammable slush wax was afire southwest of Bermuda.

Skipper John Hultman reported at noon EST that he was preparing to flood the freighter Mormacpine's No. 4 hold as suggested by officials of the vessel's owners, the Moore McCormack Line, in New York. The 47 men aboard had attempted to smother the fire with steam without success.

The message from the freighter said the fire was spreading forward in the vessel some six hours after it was discovered.

In Johnson City, Tex., President Johnson expressed gratification that the fliers were released and "that this matter has been sensibly settled."

Kessler's mother, Mrs. Abraham Kessler, exclaimed in Philadelphia that she was "very, very happy" he was released by East Germany today on the eve of Passover.

"We're happy and relieved that the affair is wound up and that David is safe," Ambrose Holland, sr., father of the other flier, said in Holland, Minn.

The official East German news agency ADN asserted the RB66 carried "an apparatus for taking pictures from the air and a special apparatus for conducting military investigations with radio-technical means."

Therefore, the agency said, it is clear that the plane was on a spy flight.

The U. S. air force has said all along its air control officers were trying to make contact with the plane until it was shot down and has indicated East German jamming stations may have knocked out its radio.

The message from the freighter said the fire was spreading forward in the vessel some six hours after it was discovered.

## Rupert Plans Special Rites For Easter

RUPERT, March 27—Most local churches in the area have scheduled special services as part of the Easter observance.

Two youth groups have scheduled sunrise services and four other churches will hold special Easter morning breakfasts.

C. Paul Moore, pastor of the First Christian church, announced sunrise services will begin at 6 a.m. at the church, sponsored by the youth of the church. They also will present an Easter play.

A sunrise breakfast will follow the services at 7 a.m. Primary children will provide special Easter music for the regular Sunday school at 9:45 a.m.

Special service will be held in the morning at 10:55 and again at 8 p.m., when the story of the Jewish Passover will be enacted. A special communion service will follow.

Three services will be held Sunday morning at the First Methodist church, according to Rev. Raymond A. Thompson. All three services will include music by the choir and a solo by Claud Bowman.

Methodist youths will hold sunrise services in the sanctuary at 6 a.m., followed by breakfast.

The Rev. E. C. Davis of the Church of the Nazarene reported a special arrangement will be presented by the choir at the 11 a.m. service Sunday. A film entitled "The Miracle of Love" will be presented at 7:45 p.m.

Trinity Lutheran church will hold two services Easter Sunday, at 8:30 and 11 a.m. The choir will present a cantata at the early service.

The Rev. George Goddard will present the Easter message to the Norland Baptist church at 9:45 a.m. and to the Rupert Baptist church at 11 a.m. Special music is planned for both services.

Easter vigil services begin at 11 p.m. on Holy Saturday, with the church at midnight at the St. Nicholas Catholic church. Mass will be held at 9 and 11 a.m. Sunday, according to the Rev. Malachy McNeill.

Trinity Memorial Episcopal church will have Holy communion at 9 a.m. Sunday, according to Rev. George H. Quarterman.

Regular Easter service will be held at the Pentecostal church under the direction of William J. Kraemer. An Easter youths' breakfast will be sponsored by the church at 8 a.m. Sunday.

Regular Easter services will be held at all LDS wards in the area.

APOSTLES QUARTET from Nampa will be at the Church of the Nazarene in Buhl Saturday evening and at the Kimberly Church of the Nazarene at 7:30 p.m. Sunday. They are a newly organized quartet and will sing a wide variety of songs.

## Wendell American Legion Post Plans Open House

WENDELL, March 27—The public is invited to an open house and public dance at 9 a. m. April 4 at the newly remodeled and redecorated American Legion hall on South Idaho street.

The extensive remodeling and redecoration project began several months ago and was completed in time for the Legion anniversary party.

Contract for the interior project was let to Mink and Morgan, Wendell contractors, with a great deal of volunteer labor by the Legionnaires of the Wendell post.

A 3,000-pound laminated beam, seven and one-half inches by 28 inches and 42 feet long, was installed for support and the 14-foot ceiling was lowered to 10 feet. Acoustical tile was installed and the north and south walls were covered with birch paneling. The east and west walls were lined with sheet rock and decorated with a dark beige.

A storage room 10 by 16 feet was built in the southwest corner of the main room and an eight-inch platform, complete with hand railing, was constructed in the northeast corner for a small stage.

Point for the main room was donated by the Bestway Builders and paint for the kitchen, hall and two restrooms was furnished by Wendell Grange supply. Forty chairs were purchased and were installed along the north and south walls.

Music for the dance will be furnished by Holland (Happy) Holly Houtburg and his Double H Buckaroos.

The dance committee, Robert Burks, George Benson and Edward Novacek, announce tickets will be available from any Legionnaire and at the door April 4.

## Name Asked For Rupert July 4 Event

RUPERT, March 27—Annual contest to select a theme for Rupert's July 4 parade got under way this week, with a \$25 prize for the area resident who comes up with the winning entry.

Fred Fricke, parade chairman, announced entries are being accepted for the contest. He urged residents from throughout the area to participate this year. He said the parade already promises to be one of the best in history.

Fricke explained that the theme must be four words or less and must depict any commercial, industrial, fraternal or church activity of Minidoka county. He said the theme also must be one that can be adapted to float trimming.

Entries should be in by April 4, and in case of identical entries the one having the earliest postmark will be used and judged as the winner.

Fricke said a special effort is being made this year to increase the number of bands participating in the parade.

He reports that school not being in session at the time of the parade hampers the band entries, but said a program is presently under consideration for increasing band participation.

## College to Give Play at Rupert

RUPERT, March 27—Members of the drama department at Buhl college will present a program at 8 p. m. Saturday in the Minico high school auditorium.

The Aequia LDS ward is sponsoring the event and all proceeds will go to the building fund. The group will present "Charley's Aunt," with the entire production handled by the college students from Rexburg.

Jane Smith, a 1962 Minico graduate, will take part in the presentation.

**"The Apostles Quartet"**  
OF NAMPA, IDAHO  
**Will be at the BUHL Church of The Nazarene**  
Saturday—March 28th at 7:45 p.m.  
And at the Sunday Morning Worship Services at 10:30 a.m.

11:30 a.m. Morning worship  
6 p.m. Training  
The guest speaker for the month of April will be the Rev. Dr. H. F. F. F. There will be no evening service on April 1.

## Burley Will Hold Policemen's Ball

BURLEY, March 27—The 11th annual policemen's ball will be held Saturday at the Burley Elks lodge, announces Floyd Stewart, president of the Burley police benevolent association.

This year, for the first time, a "teen-age" policemen's ball will be held from 8 p.m. to midnight Saturday in the Burley high school gymnasium. There is no admission charge for the teen-age dance, which will have a live teen-age dance band providing music.

Music for the adult dance at the Elks lodge will be furnished by the Swing Kings, Ogden, Utah.

Proceeds of the annual dance this year will go toward purchase of a complete emergency rescue unit.

## Budget Approved At Glens Ferry

GLENS FERRY, March 27—The Glens Ferry city council passed the city budget of \$76,324 for 1964 after a public hearing. There were no protests.

The current budget is 10 mills higher than in 1963. The 10 mills will be placed in a separate fund to retire a \$25,000 indebtedness incurred for the replacement and improvement of city water lines last year.

## Demos to Meet

RUPERT, March 27—An open meeting will be held at 8 p. m. Tuesday in the courtroom in Rupert for all interested Democrats in the county, according to Mrs. Phillip Bare, chairman of the county Democratic committee.

Mrs. Bare stresses that county candidates, both for legislative and county offices, must be filed this year by the first week in May. This leaves only a little over a month's time to prepare. She said all interested Democrats in the county are invited.

## Basque Unit Will Perform In Ketchum

KETCHUM, March 27—The Oikana Basque dancers of Boise will hold their first performance after returning from the New York World's fair at Ketchum June 27. It was decided at the regular meeting of the Ketchum-Sun Valley Chamber of Commerce Wednesday noon at the Wooden Spur.

They will be the principal attraction at the anti-Basque festival.

President Eugene Miller appointed Mrs. Grace Munster, chamber secretary, and W. G. Pyrah, manager, to attend the North Side Communities meetings. R. G. Price and John Davies were named as alternates.

The annual Easter Egg hunt was postponed until April 11 and will be called the spring egg hunt.

New brochures were discussed. In the absence of the committee members serving on this project no action was taken.

Members voted to purchase an insurance policy which will cover all chamber sponsored events.

Mrs. Munster reported the chamber now has 55 paid members and associates.

## Pew Switch

JAMESTOWN, N. D., (AP)—Student pranksters switched into the chapel at Jamestown college one night and reversed every one of the heavy oak pews. College officials, wise to the ways of their charges, didn't even blink the next day.

They held church services from the rear of the chapel.

## Jaycees Elect New Officers At Rupert

RUPERT, March 27—Larry Haskin was elected president of the Rupert Jaycees during elections held Tuesday night at the Hirling cafe.

Haskin, who was named the junior distinguished service award winner earlier this year, succeeds Richard Parmeter as club president.

Other officers are Charles Park, first vice president; Nile Maricle, second vice president; Dave Van Houten, secretary; and John Dawson, treasurer.

Dennis Stevenson was elected a director and Parmeter will serve as state director for the next year.

The officers will be installed April 4 at the annual banquet. Stevenson is chairman for the event.

Bicycle club activities were discussed. Richard Fuller and Melvin Bohme are new chairmen for the youth group.

## Sugar Beet Allotments Are Granted

SALT LAKE CITY, March 27—Utah-Idaho Sugar company was informed today the U. S. department of agriculture had granted an allotment of 8,140 acres in the national sugar beet acreage reserve to support expansion of the U and I factory at Idaho Falls.

President Douglas W. Love of the sugar firm expressed pleasure that the allotment had been granted to growers of Eastern Idaho. He noted that the acreage reserve was set up by congress in 1962 to allow new growers to raise beets.

Love announced last fall the Idaho Falls factory would be expanded 33 per cent at a cost of about 2.4 million dollars. The expansion now is under way and is to be completed by September of this year.

To support the expansion U and I, which contracted for about 38,000 acres of sugar beets in Eastern Idaho during 1963, will contract for about 50,000 acres this season.

## Successful

JEROME, March 27—Gordon Hoffield, president of the Jefferson PTA, today announced that the carnival sponsored by the PTA recently was successful.

Hoffield said gross receipts were \$547, and there was a net of approximately \$400. He thanked all those who assisted and contributed to the carnival.

## Budget Approved At Glens Ferry

GLENS FERRY, March 27—The Glens Ferry city council passed the city budget of \$76,324 for 1964 after a public hearing. There were no protests.

The current budget is 10 mills higher than in 1963. The 10 mills will be placed in a separate fund to retire a \$25,000 indebtedness incurred for the replacement and improvement of city water lines last year.

## Oppose Spending

The sentiments of taxpayers are quite clear in various elections around Idaho. More frequently than not, taxpayers oppose spending when they are given a voice in the matter. There may be other factors, but opposition to increased spending—and increased taxes—seems to be the principal reason for defeating proposed tax increases. The only times voters get a chance to express themselves on taxes are the school district levies and an occasional bond election.

Idaho voters are being stingy in approving any levy increase. Particularly tough sledding has been encountered by school districts for proposals to increase the mill levy beyond the 30-mill level. Latest in a string of defeats was that of a proposed six-mill boost at Caldwell. District voters beat the proposal by 337 to 297. The Caldwell result points up once again the formidable odds stacked against such proposals by Idaho law. A two-thirds majority is needed and many of these voters—including Caldwell—have failed to achieve even a bare majority.

Another feature of such elections was demonstrated at Caldwell when the turnout was declared "light" by Supt. Earl Williams. As other districts have discovered, it takes a tremendous effort to interest school patrons in levy elections. The normal pattern finds a large percentage of the opposition voting "yes" while those who would vote "yes" are complacent. Districts that manage to find means to arouse the apathetic voter may gain approval for added funds. It's a tough battle, with two "yes" voters needed to offset every natural "no" voter.

When an issue falls, the reaction is likely to follow the line stated at Caldwell. School board Chairman James Nafziger said, "I think it is quite evident that the people in the district aren't interested in spending any more for education at this time. It will be necessary to make cuts in certain areas. What those areas will be won't be determined until the board has a chance to reevaluate the budget figures."

Then the board and school administration sets about dropping a teacher here or there, making students walk a little farther instead of riding buses and similar small economies. Some day an Idaho school board is going to find enough gumption to take action drastic enough to focus all public attention squarely on the matter of school finances.

Let a school board eliminate all extracurricular activities—all sports, band, chorus, counseling and so on—and then see what is said by taxpayers and school patrons. Perhaps it's time to determine how far the taxpayer wants to cut back instead of merely catering to the "no" vote that has been controlling school district finances.

Certainly nothing is being decided by the current practice of instituting little economies and picking up added funds through such expedients as raising student fees all along the line.

## SILLY SEASON

Judging from the run on banks for silver dollars, and more recently, the new Kennedy half dollar, the silly season must be upon the nation. It's understandable that coin collectors might scramble for the chance to pick up a rare or semi-rare coin for their collections. But those long lines of persons waiting at U.S. treasury windows in Washington, D.C., aren't all coin collectors by any means.

It's true that a silver dollar is something of a rarity east of such states as Wyoming and Colorado. Yet that's not particular reason to scramble to buy them. The ordinary silver dollar wouldn't increase in value more than a few pennies at most even if all of them were taken out of circulation tomorrow. It would take many years for them to command any substantial sum as a collector's item, if they ever did.

Even more ridiculous was the scramble to purchase those new Kennedy half dollars on the first day of issue. It's not as though the supply will be limited. Some 26 million of them have been minted already and another 65 million will be minted this year. Furthermore, the Kennedy half dollar will be minted for another 25 years or longer under terms of a law enacted Dec. 20 by congress.

One explanation for the big scramble to get silver dollars and the new half dollar is that Americans are known far and wide for their fond regard for souvenirs. Also, the rush for the Kennedy half dollar could be an illustration of public regard for the late president.

These souvenirs are likely to remain in that status only so long as the owner has some other coins jingling in his pocket.

## NATIONAL WHIRLIGIG

WASHINGTON, March 27.—"He must have the right to be ungraciously wrong," declared the University of Illinois, and they are words that should be graven on the minds of all men who stand up for freedom.  
The university, through its board of trustees, was speaking of Prof. Revilo P. Oliver, a John Birchite with a nasty pen who wrote last month that Americans would cherish John F. Kennedy's memory "with distaste." From some dark cavern of his mind, Oliver had suggested that Kennedy may have been assassinated because he had ceased to be useful to the communist conspiracy.

**ONLY A REPRIMAND**—Oliver was reprimanded by Illinois' President David D. Henry for his unreasoned and vitriolic attack on the murdered president. But Henry agreed with the university trustees that the attack was no cause for action against the classic professor.  
This is, if you will, another bright milestone in man's battle for freedom. It is argued by some that a man with such distasteful views does not deserve consideration by his peers, but they are wrong. Oliver and his kind, on both the left and the right, are just the ones who most need the protection of the constitution and the American tradition of freedom of thought and speech.

**EASY TO FIRE HIM**—It would have been easier and far more popular for the university to sack Professor Oliver for thus defaming a president's memory. But like so many popular actions taken in the name of order and propriety, it would not have been right. Oliver himself may not be worth bothering with, but his freedom of thought and speech are as precious to all Americans as that of Billy Graham or President Johnson.

Oliver's charges that John Kennedy was involved in a communist conspiracy could not be more wrong. But had he been fired for them, that action would have infringed the right of other Americans to disagree with him. Today it might be satisfying to punish a Revilo-Oliver for his views, but there would come a tomorrow when no man could safely say what he thought lest the Oliver precedent be invoked against him.

**MENTAL PUNISHMENT**—At any rate, Oliver did not get off scot-free as was suggested by the trustee who cast the lone dissenting vote against the board's decision to take no action. The trustee, Irving Dillard, an editorial writer and columnist for Chicago's American, complained that the university did not assert with sufficient force that a scholar should "back up his conclusions with weighed and tested facts."

Dillard is right, of course. And Oliver must live with the knowledge that he is a suspect in that community of which he is a member. That knowledge may cause him no sleepless nights, but it will bring a loneliness of spirit which is intolerable to the authentic scholar. Meanwhile, he can take what comfort he can from those shining and yet plying words, "He must have the right to be ungraciously wrong."

## Views of Others

**COMFORT FOR CRITICS**  
As the senate investigation of Robert C. Baker went into its final days, Mr. Baker as usual named a delegate to the South Carolina Democratic convention. Meanwhile the Republican minority on the senate rules committee tried to extend the hearings to seek answers to questions left dangling. The Republican senators, of course, are not unaware of the possible political advantage in keeping alive an embarrassing situation for the administration. It is a situation that the President has pointedly left up to the senate.

Yet it is not just politics to represent a wide public feeling that the investigation has been inconclusive. The suspicious raised about senatorial behavior, as well as Mr. Baker's, are not diminished by the appearance of a less than forthright confrontation of the suspicions by the senate itself. This is one way to comfort the cynics about "politicians."

Why was Walter Jenkins, White House aide, not questioned after his affidavit conflicted with the testimony of a central witness? Why, after all the talk about alleged "party girls," were the facts not pursued, as Sen. Carl Curtis suggested? These are but two of the questions leaving the public as well as the Republicans unsatisfied. Assuming the investigation is not continued or reopened, the "Bobby Baker case" will remain a synonym for doubt.—Christian Science Monitor.

**DISTINGUISHED CAREER ENDS**  
One of the most distinguished careers in the history of Idaho is coming to a close with an announcement this week by Federal Judge Chase A. Clark that he is retiring.

A public servant of long standing, he has served in the Idaho house of representatives, the Idaho senate, as mayor of Idaho Falls, as governor of Idaho and, for the past 21 years, as U.S. district judge. It is a record that speaks eloquently in praise of the man who made it.

Judge Clark has served in the finest tradition of American law, tempering justice with an understanding and a feeling for his fellow human beings. It would be easy in 21 years of the same faces and cases. It has been perhaps Judge Clark's strongest point that his court was concerned with individuals, not routine. One of the great strengths is the flexibility of our system of law. That system has not been wasted on Judge Clark. The Journal also wishes success to Judge Clark's successor, Orofino attorney Ray McNichols, who will come to the bench highly recommended by his past service to the law, but we venture he would be the first to admit that he has large shoes to fill.—Idaho State Journal.

**PAPER PYRAMIDS**  
A commendation it certainly deserves has been won by the interstate commerce commission. It comes from Montana's Rep. Arnold Olson, chairman of the house civil service subcommittee on census and statistics, which is trying to find ways to cut down the volume of government paperwork.

Though Mr. Olson says that a multiplication of paperwork in many federal agencies is encouraging empire-building and over-staffing, he has nothing but praise for the ICC. This agency, he says, last year eliminated a half-million reports from the total regulated carriers are required to make.

This is indeed good to know. It might be a little more instructive, however, to know also how many reports were not eliminated—and were allowed to multiply endlessly. Or how come paperwork is permitted, by otherwise reasonable people, to pile up to a point at which a reduction of 500,000 reports is hailed as a victory for efficiency.—Wall Street Journal.

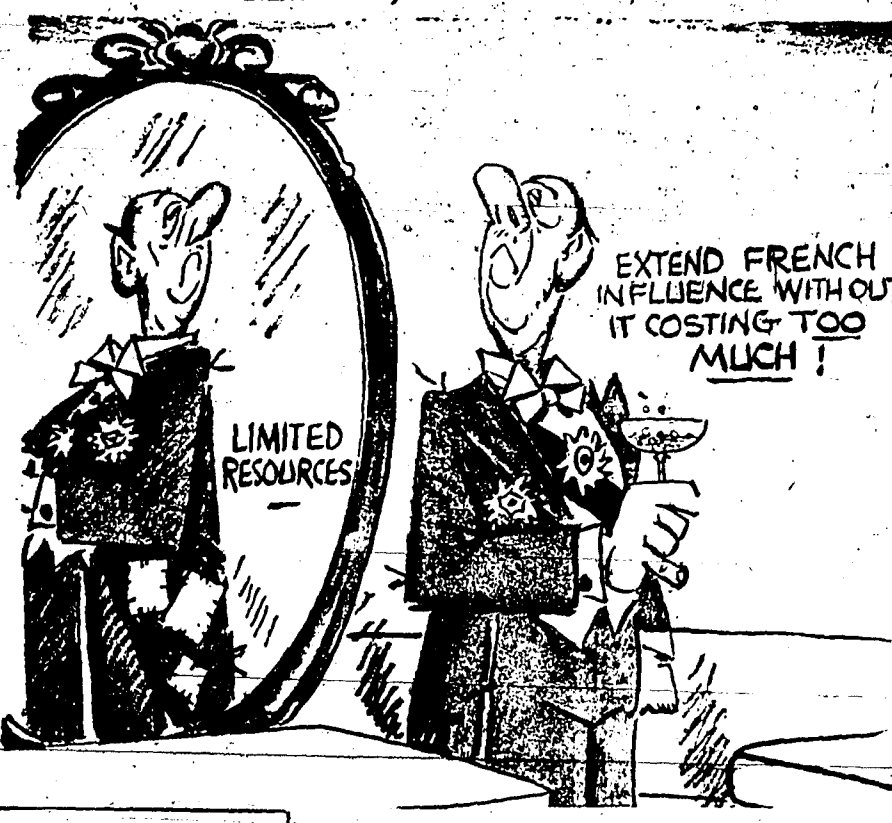

**JUMPING OFF PLACE**  
How high is up? Specifically, just where does space end and space begin?  
The question is more than academic. It's something the world eventually will have to agree upon if there is to be any sort of international law governing space.

A New York law firm, seeking an interpretation on the point for the International Astronautical Federation and the International Institute of Space Law, sought the opinion of an air force scientist.

His answer was that the line of demarcation should be no lower than 100 kilometers (approximately 62 miles).

Others may dispute the figure, but it's a start.—Williston, N. D., Herald.

## Mirror, Mirror

## Washington News

By LYLE C. WILSON

(United Press International)

The "Treatment" is the description given by President Johnson's friends and foes to the political therapy by which Johnson persuades reluctant citizens to vote for or against his administration's projects.

"The Treatment" varies from the gentle on the gentle to the harsh on the harsh.

Laying on of hands to muscular arm twisting calculated to wrest that member from its socket.

The gentle laying on of hands includes such as a white House lunch or a birthday telephone call.

Lunch at the White House may be accompanied by a dip in the presidential pool. If no birthday or other festive offers, the treatment may be via telephone call expressing the President's flat-

tering desire for advice, help and counsel.

The arm twisting is reserved mostly for members of congress whose votes are required. There is, in fact, not much difference between Johnson's bare knuckle handling of a recalcitrant congressman and the bully boy methods which were employed by the late President John F. Kennedy.

For the non-member of congress the Johnson treatment is likely to be all sweetness and light; no arm twisting whatever or, at least, none that the patient immediately can detect. This is that the politically-minded in Washington are chuckling over the reported effect of the Johnson treatment on Joseph L. Rauh, Jr., the Washington D.C. spokesman for ADA.

ADA is a conservative, anti-civil rights, gas-and-oil senator. He has supported all of the major anti-labor legislation enacted during the past two decades and bragged about it.

At last February, last year, Rauh said: "Vice President Lyndon Johnson has demonstrated once again that his loyalty is to the southern racists."

Whether Rauh has forgiven LBJ and has persuaded ADA to go likewise perhaps remains to be proven, but it is a fact that ADA's anti-Johnson barrage has been silenced. It is a fact, also, that many persons were astonished by Johnson's vigorous endorsement of civil rights and his demand for house action. That could be the secret of Rauh's conversion. But still warranted is a chuckle on the chance that ad-pro Rauh may have been snared by the Texas Treatment.

## TAYLOR'S VIEWS ON WORLD NEWS

By HENRY J. TAYLOR

This writer's prediction that Richard M. Nixon will be the Republican presidential nominee may be wrong. But not because Mr. Nixon lost last time. Inter-

estingly enough, that won't hurt him. San Francisco delegates to the 1960 election years breed political broomsticks as unsubstantial as a leaky bean bag. This so-called liability is merely another popular mis-

conception regarding delegate behavior. As Al Smith used to say: "Let's look at the record."

Gov. Thomas E. Dewey entered the 1940 convention in Philadelphia with 360 votes. (Taft had 189, Wilkie 105). By the third ballot Dewey retained 315 but Taft had 212. The Dewey-Taft deadlock made Wilkie's nomination possible. But being a loser that year failed to affect Dewey's nomination in 1944, or later.

Dewey lost to President Roosevelt in 1944. His defeat didn't hurt him with the delegates. Looking back, the delegates felt "nobody could have beat Roosevelt."

Dewey was renominated by acclamation in Chicago in 1948. Now we would run against President Truman.

Everybody and his brother (except President Truman and his daughter) thought Dewey would win. By September the betting odds were 10-to-1 in his favor. Actually, Dewey ran as strong against Roosevelt as against Truman, polling approximately the same vote in 1944 as in 1948.

(Roosevelt defeated Dewey by only 1.4 million more than Truman won.) But in 1948, about 49 per cent of the eligible voters of the nation stayed home. Mr. Truman won the presidency by the choice of less than one out of four of those people eligible to vote. Three out of four either did not register, stayed home or voted for Mr. Dewey.

And can political history entirely forget William Jennings Bryan? Although defeated in all elections, he remained the recognized leader of the Democratic party for the next 30 years, nominated for the presidency three times and always polling almost exactly the same vote (6.4 million).

Were there any validity whatever in the bromide about Nixon at all.

Nixon lost the White House to Senator Kennedy by less than one-tenth of one per cent of the popular vote—fewer than the ballots cast in only Hartford, Conn., and far less than margins for Mr. Kennedy in Cook County (Chicago) alone. He will insist that Nixon did lose the election, and a lot of delegates at San Francisco feel that way, too.

This fact is stated to demonstrate the difference between Nixon's position (including gubernatorial defeat) and Senator position (Stevenson's renomination—his previous nomination resulting in a defeat and he himself a colossal loss).

The last time out, Nixon was not nominated for other reasons. Not on the record—realities of political performance—the widely marked "tag" won't hurt Nixon at all.

Nixon lost the White House to Senator Kennedy by less than one-tenth of one per cent of the popular vote—fewer than the ballots cast in only Hartford, Conn., and far less than margins for Mr. Kennedy in Cook County (Chicago) alone. He will insist that Nixon did lose the election, and a lot of delegates at San Francisco feel that way, too.

This fact is stated to demonstrate the difference between Nixon's position (including gubernatorial defeat) and Senator position (Stevenson's renomination—his previous nomination resulting in a defeat and he himself a colossal loss).

## The Doctor Says

By Wayne G. Brandstadt, M.D.

Q—What causes erysipelas?

A—Erysipelas is an acute skin infection due to the streptococcus, the same germ that causes scarlet fever and rheumatic fever. The symptoms usually have a fever, headache and malaise. The involved skin is dark red, swollen and sore.

The disease is in no way related to any form of cancer. The antibiotics, especially penicillin, should cure the disease promptly. In order to prevent a recurrence it is necessary to take the drugs prescribed for two weeks.

Many victims are so pleased by their recovery within a few days after starting treatment that they neglect to take their medicine for the full period designated. Repeated attacks are not unusual because there are so many types of streptococci that it is virtually impossible to develop any immunity to all of them.

Q—What causes cataracts?

A—Most cataracts are due to a degenerative process that comes with advancing age. It is, however, present at birth due to a faulty development of the lens, but this is not common cause. The disease is associated with diabetes and with occupations that require a person to great heat or light. Aspiration has been known for many years but not for cataracts.

Q—I have been taking butal daily for three months. Is there any harm in continuing to take it?

A—Desbutal is a combination of a tranquilizer and a barbiturate. It is obtainable only by prescription. It is the "advantage" of prolonged action so that it is necessary to take only one dosage daily. Barbiturates are habit-forming. Neither barbiturates nor tranquilizers should be taken in prolonged periods.

Q—I am a housewife, and in the last year, after having been thin, I have come a compulsive eater. I'm rapidly losing my shape. What should I do?

A—An increase in appetite coming on after 40 may be due to diabetes, or to emotional causes. It is important to consult the doctor. The men who claim it becomes a mountain of food. Could it be that you're more food than you need because it is there?

Q—What causes cataracts?

## Minidoka County Plans Listed

RUPERT, March 27—Minidoka county commissioners reported on activities of the past year and plans for 1964 at the Rupert Chamber of Commerce luncheon meeting Thursday at Hirsing's cafe.

Burt Van Every, chairman, reported the recent hiring of a veterans' service officer on a part-time basis. He also praised the work of the county probation officer, Kenneth Barclay. Van Every said the work load for the probation office has reached as high as 70 juveniles a month.

The commissioner explained the board has been investigating possibilities of either remodeling the courthouse building or building a new one. Additional office space as well as cabinet storage and fire proof storage is needed, he said.

Three additional office facilities were made from the jail area, which was moved out of the courthouse last fall, Van Every explained. However, four offices are outside the courthouse at the present time.

Van Every reported an engineer brought in last summer to inspect the courthouse felt the building was sound and complete remodeling could be attempted. This would include lowering the ceilings, putting in new floors, windows, door casing and a general face lifting.

Commissioners are thinking in terms of a long range program, possibly up to 10 years, out the project.

Van Every also discussed the possibility of receiving federal aid on the courthouse remodeling through the local civil defense organization.

The official said the board may decide to ask for a mill levy at the general election this fall and determine the thoughts of voters.

Commissioner Alex Roemer explained what has been done on the local zoning problem. He explained the board had appointed a committee to investigate the plans of a city which has a zoning ordinance. The committee includes Dean Judd, George McDonald, Henry Schodde, Richard Westendorf, Leonard Trumbull and Joe Shelton.

Commissioners also appointed a planning committee to map the county into districts. They include Wayne Hollenbeck, Art Grove, Virgil Mattsen, Eldon Stephenson and Mrs. Paul Court-right.

Also on the planning committee are Henry Schodde, Pete Wakewood, Ron Wheeler, Roy Hunsinger and George Hedlund.

Garth Eames, county commissioner, expressed the need for mental health facilities in the area. He explained one out of 10 persons in the United States has some emotional or mental problem and even though much progress has been made in the field, much negative thinking exists concerning mental health.

"Hear But Don't Understand?"

## Can NERVE DEAFNESS BE HELPED? NEW FREE BOOKLET!

New FREE BOOKLET tells THE TRUTH ABOUT "NERVE DEAFNESS", the most common but misunderstood type of hearing impairment. Called "THE FACTS ABOUT NERVE DEAFNESS" this frank, plain-language booklet reveals exactly what Nerve Deafness is, describes its causes and symptoms; tells why you can sometimes HEAR but not UNDERSTAND words. Dispels common fallacies about Nerve Deafness and answers important questions: Can surgery help? What about hearing aids? What do doctors say? What help should you seek?

If you are among the millions of people who have difficulty hearing due to the common but little understood problem of Nerve Deafness, send for your FREE COPY of this informative booklet TODAY! There is no obligation. Write

## State Grange Lecturer Gives Report

GOODING, March 27 — Mrs. Ira Kistler, state Grange lecturer, reported at the Gooding county Pomona Grange meeting held at the Gooding Grange hall.

Mrs. Kistler told of some of the information meetings which the state Grange officers have been holding. The past week's meetings were held at Lewiston, Grangeville, Oreana, St. Maries and Moscow.

Mr. and Mrs. Kistler made the trip with the state Grange Master Emil Jerome and Mrs. Jerome. They also went to Grandview, Wash., to visit Mr. and Mrs. Lyle Strandberg and visit an apple packing plant managed by Strandberg.

Kistler reported on the plant and gave information on handling and grading apples.

Mrs. Ray Ruby reported that the Home Demonstration council will have an installation tea for officers at the Grange hall in May.

Howard Niccum spoke on the

benefits of ladybugs in keeping down aphids and urged farmers not to burn their ditchbanks too early in the spring, to avoid destroying the ladybugs.

Letters were received from Sen. Frank Church and Sen. Len Jordan in reply to letters from the Pomona Grange urging their help in prohibiting too large quotas of meat being shipped into the United States. Discussion was held concerning the meat situation and the wheat referendum measure.

Phares Schiffer of the county agent's advisory council spoke on bean blight. He pointed out there were 400 acres in Idaho with bean blight last year. He urged all growers to make every

effort to keep fields clean, since beans will be certified for seed from a field where this infestation is found.

Ed Koester, Gooding county agent, talked on contract beans and the type of wheat that might be advisable for planting in Gooding county.

Mrs. Ruby was in charge of the program. Participating were James Trueman, Wendell, Mrs. Marcia Bright, Denise Bright, both Wendell, and Mrs. Verle Johnston, Gooding. Mrs. Ruby closed the program by reading "How to Plant a Garden."

The next meeting will be at Orchard Valley on April 27. Mr. and Mrs. Chester Ewing served refreshments.

## Ranch to Hold Sunrise Service

WENDELL, March 27—Easter sunrise services will be held at the Sand Springs ranch. The annual event will be joint services of the Presbyterian youth and the Wendell-Hagerman Methodist youth.

Members of the Wendell church youth will gather at the Methodist church at 5:15 a. m. and transportation will leave the church at 5:30 a. m. The group will meet the Hagerman youths at the West Point store. After the early services the youths will return to the Methodist church for breakfast.

## Two Appointed

IDAHO STATE UNIVERSITY, Pocatello, March 27—Two students from Magic Valley have been appointed chairmen of two student body committees of the Idaho State University Associated students.

They are Salley Lee, Jerome, junior in elementary education, appointed to the scholarship committee, and Floyd Daniel, Rubi, junior in accounting, appointed to head the Miss ISU committee.

Times-News

COMMERCIAL DEPT.

## Easter Egg Hunt Slated For Wendell

WENDELL, March 27 (AP)—Annual Easter egg hunt for children up to 10 years of age will be held at the Wendell athletic field, the high school grounds and the city park at 1 p.m. Saturday. The event is sponsored by the Wendell Chamber of Commerce.

Bill Bunn, chairman, announces that children up to 4 years of age are to assemble at the football field for their hunt; 5 through 7-year-olds will meet at the high school grounds and all children from 8 through 10 are to meet at the city park across from the high school grounds. At the sound of the siren from the sheriff's car at 1 p.m., the hunt will be under way.

More than 90 dozen eggs will be hidden in the three areas. The eggs have been colored by the high school home economics class. Several dozen eggs will contain names of Wendell merchants who will offer prizes to the holders of those eggs.

The chamber invites all children in the area to participate. Parents are urged to accompany the children and to assist in any way except in the gathering of the eggs.

## Convicts May Be Freed by Court Ruling

NEW YORK, March 27 (AP)—Thousands of convicts who were not advised of their rights to legal counsel before their trials may be freed as a result of a decision yesterday by the U. S. court of appeals.

The appellate court applied unlimited retroactivity to a U. S. supreme court decision last year which nullified convictions of persons unaware of their rights to representation by a lawyer.

The decision is expected to result in similar court findings throughout the country and conceivably could result in thousands of prisoners gaining their freedom.

The case on which the court of appeals ruled involved four men sentenced in New York to long terms as second offenders. They contended such sentencing was unlawful because they were not told of their right to counsel at their first trials in other states.

In a 3-2 decision, the appellate court ruled the men were entitled to a hearing to prove their first convictions were illegal. If they do, they must be resentenced as first offenders, possibly to terms no longer than the time they have already served.

The decision also will be applicable to first offenders convicted or pleading guilty without benefit of counsel and the court indicated it may result in the release of thousands of convicts who no longer can be retried with counsel because witnesses and evidence may not be available.

The opinion, written by Judge Irving R. Kaufman, held that under the supreme court ruling counsel must be afforded not only at the time of trial but at sentencing as well.

In the light of this precedent we feel constrained that state convictions, when founded on a plea of guilty by a defendant unaware of his right to counsel, cannot stand," the opinion said.

## Rites Honor Jesse Hymas

BURLEY, March 27—Funeral services for Jesse Pratt Hymas were held Wednesday in the Burley LDS stake tabernacle by President Oscar Robertson.

Prayer at the McCulloch funeral home was given by Larry Bills. Accompanist was Agnes Young. Invocation was given by Charles Taylor and the eulogy was given by President Robertson. Reed Jensen, Don Handy, LaMar Olson and Gladys Wilcox sang as a quartet.

Wilford Hymas sang solo and Reed Jensen and Loretta Jensen sang a duet. Speakers were Everardo Hernandez, President Rodney Hansen, Domingo Torres and President Isaac Lee. Benediction was given by Wilford Hymas.

Honorary pallbearers were Irvin Burdick, Leonard Larson, Frank Kaggie and Ellis Jensen. Active pallbearers were Veri Summers, Harlow Cheney, Otis Orton, Mike Badger, Victor Hill, Calvin Helmer, Bob Whiting and Marion Warner.

Flowers were arranged by Ethel Orton, LaRue Cheney, Daris Whiting, Grace Hill, Alene Summers, Nyla Warner, Ruth Helmer, Tru Lou and Ida Nelson. Edith Dille, Maureen Thaxton, Edith Handy, Thelma Christensen and Forrest McCordell.

Final rites were held in the Pleasant View cemetery. Dedication prayer was given by Sylvan Morley.

## News Around Idaho

MOSCOW, March 27 (AP)—An Idaho Falls woman, Mrs. Virginia Russell, has received an award as the first 4-H club leader in Idaho to serve 25 years. Mrs. Russell, who now leads the Outdoor 4-H club, will receive a Ruby award, according to Dan Warren, state club leader for the University of Idaho extension service. He said diamond pins for 25 years service will go to Mrs. Charles Young, Boise, and Mrs. Erick Larson, Weippe.

BOISE, March 27 (AP)—Gov. Robert E. Smylie has proclaimed April as "teaching-career month in Idaho." He urged citizens and organizations to work for "a climate that will prompt larger numbers of qualified and dedicated teachers to continue teaching in Idaho."

BOISE, March 27 (AP)—A Boise city councilman said yesterday the Idaho capital city is expected to have a population of about 120,000 by 1985. H. Ford Koch told the Boise Rotary club that planning is necessary to meet problems that will come with growth. Koch said the visual impact of each new major street, building or bridge should be considered.

BOISE, March 27 (AP)—U. S. District Judge Chase A. Clark yesterday sentenced Edgar Eugene Brown, Reno, to two years in federal prison on a charge of interstate transportation of a stolen car. The sentence included a provision that Brown will be eligible for parole whenever the parole board decides. He was charged with driving a stolen car from Reno to Nampa last August.

BOISE, March 27 (AP)—Gov. Robert E. Smylie left Boise yesterday with his family for an Easter week-end at their cabin at Norwood, near Cascade. Smylie said they will attend services in McCall on Sunday. Son, Steve and Bill, also plan to ski over the week-end.

BOISE, March 27 (AP)—The federal government won a default judgment in U. S. district court yesterday against a Moscow man. Gary K. Smith was directed to pay \$40,571 the government claimed was given him as overpayment of military pay.

POCATELLO, March 27 (AP)—Reed Benson and John H. Rousselot, leaders in the John Birch society, will appear at meetings here in the next week. Benson will speak at 8 p.m. Saturday in the Pocatello high school auditorium. Rousselot will discuss civil rights Wednesday before the Pocatello Lions club. Benson is Utah-Idaho coordinator for the Birch society, and Rousselot, former California congressman, is western district governor for the society.

IDAHO FALLS, March 27 (AP)—Several hundred workers traveling to the national reactor site as far back as four years ago are going to have some extra money. Under a recent ruling of the Internal Revenue Service, employees at the site can deduct the cost of travel to and from the site from their income tax. Lynn Sanders, internal revenue agent at the Idaho Falls office, said the employees can deduct their transportation cost from their gross income in arriving at an adjusted gross income on their federal income tax returns. The deduction is retroactive for all open years under the statute of limitations, which means it's good for 1960 through 1964. Sanders said the NRTS employees can file claims covering the past four years if submitted to the IRS prior to April 15.

POCATELLO, March 27 (AP)—A jury of nine men and three women deliberated two and a half hours yesterday before returning a verdict that two Californians were guilty of violating the federal white slave traffic act. The jury, U. S. District Judge Fred H. Jones presiding, found guilty Charles George Smith, 40, and Doris Jean Taylor Smith, 35, next Wednesday. The couple was accused of transporting Patricia Prince, 21, from Long Beach, Calif., to Idaho Falls on Dec. 23 for purposes of prostitution. Mrs. Prince was chief witness for the government in its prosecution of the case.

## Passover to Start Today For Jews

By United Press International  
For 12 million Jews throughout the world, tonight is "the night that differs from all others."

Sundown marks the beginning of Passover, the religious festival that commemorates the mighty acts of God by which the children of Israel were delivered from bondage in Egypt some 3,200 years ago.

The Passover season is celebrated for eight days by orthodox and conservative Jews, and for seven days by reform Jews. Its highlight is the seder, a family worship service built around a ritual meal in which every detail is prescribed by ancient tradition.

Although the seder may be conducted at a synagogue, the usual setting is in the home. The mother spreads the seder table with her finest linens and best silver. At sundown, she lights candles on the table, and all members of the family gather around. The father opens the service with a blessing:

"Praised art thou, O Lord our God, ruler of the universe, who hast chosen us from all people and singled us out from among men . . . for thy service."

The climax of the service comes when the youngest child faces the head of the family and asks:

"Why is tonight different from all other nights?"

The father replies by telling the story of the exodus as it is recorded in the Bible. In his own words, he makes the point that the annual celebration of the Passover is a continual reminder to the Jewish people of the covenant which was sealed when they were led forth from bondage. "You shall be my people . . . and I shall be your God."

## Mistake

TOPEKA, Kans., March 27 (AP)—Topeka police have something more than a run-of-the-mill robbery on their hands today.

Somebody stole \$200 from a cash box in a desk at police headquarters. Police Chief Hummer said the theft occurred following an "honest mistake." Somebody forgot to lock the drawer.

## Program on Easter Given To Kiwanians

The Rev. Earl W. Riddle, First Methodist church, presented a program on Easter to the members and guests of the Kiwanis club Thursday in the American Legion hall.

The Rev. Mr. Riddle explained the meaning of Maundy Thursday and its significance in the Easter story. He related several modern day incidents noting how one person has helped another in the spirit of Easter.

Jane Langley, daughter of Mr. and Mrs. William Langley, was selected by the Key club for Cowboy baseball team captain and she will be sponsored by the Kiwanis club.

Visiting Kiwanians attending the meeting were Larry Christiansen and Richard Conner, secretary of Twin Falls YMCA, was a guest. Key club members attending were Steve Beer and Robert Seavey. Jack Lavin, superintendent of Sawtooth national forest, was added as a new member.

## EDITOR NAMED

IDAHO STATE UNIVERSITY, Pocatello, March 27—Larry E. Jones, Boise, heads the new slate of editors for the Bengal, student newspaper at Idaho State University. Jones will replace Wayne King, Paul, who was editor of the newspaper last year.

The salutatorian, Miss Malcomson, is the daughter of Mr. and Mrs. Fred Malcomson, Hill City. She has a grade point average of 3.57.

## Sugar Firm Announces Dividends

SALT LAKE CITY, March 27 (AP)—A regular semi-annual dividend of 25 cents a share and a special dividend of five cents a share were declared today by the board of directors of Utah-Idaho Sugar company.

The regular dividend maintained an annual rate of 50 cents a share established when the directors declared a semi-annual dividend of 25 cents a share on Sept. 11, 1963. The sugar company has maintained an annual dividend rate of 40 cents a share on common stock since 1959. The last special dividend was paid in 1963.

T. W. Cockayne, vice president, secretary and treasurer of U and I, said both the regular and special dividend will be payable April 30 to stockholders of record at the close of business April 1.

Utah-Idaho has outstanding 2,371,283 shares of common stock. The firm markets sugar in 24 midwestern and western states. U and I factories are located at Moses Lake and Toppish in Washington, Idaho Falls, West Jordan and Garland in Utah, and Belle Fourche, S. D.

## Richfield Reports On Civil Defense Class Session

RICHFIELD, March 27—The invisible enemy and biological and chemical warfare will make up the civil defense instruction class Tuesday. The fourth lesson in the series, this session will continue study of the effects of harmful radiation by considering the extent of fallout, climatic factors and nearness of danger zones.

Sixty persons registered at the class this week, with Carl Kinney, Shoshone, as instructor at the Richfield high school. A film, "All About Fallout," was shown. Gary Hubsmith and Lyle Piper were Lions club refreshment hosts.

Richfield Lions met in a short session during intermission with Peter Schmidt, president, naming Albert Pelley and Carl Paulson to the nominating committee.

The club also voted to sponsor a delegate to Boy's State this year and co-sponsor the Farm Institute with the Richfield Grange.

Hubsmith and Pelley are Lions representatives for the institute planned for early April.

## Duplicate Bridge Winners Listed

Magic Valley Duplicate Bridge club met Wednesday at Burgess hall with seven tables in play. Winners were Mrs. Lester Saunders and Mrs. Harold Grant, first; Mrs. G. W. Tilley and Mrs. W. J. King, second; Mrs. H. M. Proctor and Mrs. J. C. McMillin, third; Mrs. R. S. Toftemire and Mrs. J. H. Seavers, fourth, and Mrs. L. R. Hill and Mrs. M. G. Bloom, fifth.

## Signup for Class Urged at Hailey

HAILEY, March 27—Ray Jefferson, Ketchikan, head of the civil defense program for Blaine county, expressed disappointment Wednesday because only four persons showed up Tuesday evening at the meeting held in Hailey to sign up for civil defense schooling.

The course will be taught by Don Williams, principal of the Hailey grade school, if enough persons sign up for it between now and next Tuesday, Mrs. Jefferson said.

One hundred persons in the Carey valley have completed the course and 40 more are now taking it, he concluded.

## Services Set At Nazarene Church Here

The Rev. and Mrs. Fred Bertollet, Reading, Pa., will begin special services 7:30 p.m. Thursday at the First Church of the Nazarene. The services are nationally known evangelists and musicians in the Church of the Nazarene, whose international headquarters is in Kansas City, Mo.

They have become known as the "Musical Bertollets" because of their ability to play instruments and sing. The Rev. Mr. Bertollet plays the trumpet and Mrs. Bertollet plays the organ, piano and accordion, and joins her husband in vocal duets.

He was graduated from Albright college, Reading, and Allentown Bible seminary, Allentown, Pa. Mrs. Bertollet attended Eastern Nazarene college, Wollaston, Mass., and has a great deal of experience as radio and church organist.

Everyone is invited to attend, said the Rev. Robert O. Jackson, pastor of the First Church of the Nazarene.

## Filer Girls To Sell Lilies

FILER, March 27—Easter lilies will be sold by members of the Order of the Rainbow for Girls Saturday, states Mrs. Dale Williams, local chairman. Proceeds of the sale will be used to help pay for the new Easter Seal center in Twin Falls.

The new center on Laurel drive will be open soon and Mrs. Merle Stoddard-Pierce, therapist, stated it will feature a soundproof room, play therapy and cerebral palsy patient facilities.

The building and property for the center was purchased and donated by the Twin Falls Rotary club.

Mrs. Williams noted that the sale of lilies for this project is a nationwide event, but this will be the second year that the Filer Rainbow Girls have participated.

## Mrs. Kennedy to Spend Easter in Vermont Skiing

STOWE, Vt., March 27 (AP)—Mrs. John F. Kennedy and her two children today planned a long Easter week-end of skiing and relaxation at this popular winter resort.

Mrs. Kennedy, Caroline, 6, and John, Jr., 3, drove here last night from Burlington after flying from Washington in the family plane "Caroline." They had not been expected until today.

The late President's two brothers, Attorney General Robert F. Kennedy and Sen. Edward M. Kennedy, D., Mass., and their families were expected to arrive today.

## BPA Opposed by Buhl Chamber

BUHL, March 27—The Buhl Chamber of Commerce adopted a resolution opposing Bonneville power in southern Idaho during the regular noon luncheon meeting Monday at the R and R cafe.

The resolution will be sent to Idaho senators and representatives.

Robert Kottvay, membership and finance committee chairman, reported the 1964 membership campaign is three-fourths completed, with \$3,750 in dues collected to date. The deadline for the drive is April 1.

## Troop Holds Honor Court At Gooding

GOODING, March 27—Boy Scout troop 33, sponsored by the Lions club, held a court of honor Wednesday evening at the elementary school auditorium.

Presentation of colors and flag salute were by the Pelletier patrol. Tom Rice was master of ceremonies and the welcome was given by Valdo Gray, committee man. Gray also introduced members of the court.

William Peterson presented second class awards to Michael Brown, John Chuch, Bruce Glauner, Ashley James and Kenneth Strickland.

Elmer Meyer presented life awards to Vance Brown, John Grive, Tom Rice and Michael Smith.

Goss E. Gordon, Scoutmaster of Edson, showed colored films of the 1963 White Water trip down the middle fork of the Salmon river. Ten members of troop 33 made the trip.

A parents' meeting was held and the summer camping program was discussed. The adult leader for the first and second year campers at Camp Bradley will be Peterson, for the Main-Shu trail, Frank Stone, and for the Jamboree troop, Locke.

## Hungry Dog

MINNEAPOLIS, March 27 (AP)—Pay the traffic ticket? He couldn't, said the defendant, because the dog ate it.

"He ate my slippers, pajamas, everything," moaned Thomas A. Emery in court. Judge James D. Rogers expressed interest in the canine diet but fined Emery \$10.

## Stomach Cancer Killed King Paul

ATHENS, March 27 (AP)—King Paul of Greece died of cancer of the stomach, it was disclosed today by a government medical report issued in Athens.

A post-mortem report issued after the king's death March 6 had said the cause of death was uremia, or urinary blockage, a complication which followed an emergency operation King Paul underwent on Feb. 21.

## Glenns Ferry School Board Slates Meets

GLENN'S FERRY, March 27—The Glenns Ferry school board has announced four open bond issues for construction of a new school at Glenns Ferry. The election will be held April 7.

The meetings will be at the Hammett school Monday, Glenns Ferry high school Tuesday, King Hill school Thursday, and the Indian Cove church Friday.

The board met Monday evening with businessmen and representatives of several of the area organizations to discuss the bond issue. Passage of the bond election will enable the district to build a 16-room elementary school and a combined 12-room high school, along with an elementary library, high school library, kitchen and cafeteria combined, music room, industrial art shop and an adequate gymnasium.

Clinton Bugg, school superintendent, said the assessed valuation in the district is \$8,176,191. Glenns Ferry does not have any bonded indebtedness at present. However the district is paying for classes to be held in church buildings which are very inadequate, Bugg added.

Officials stated that 72 per cent of the construction would be financed by utilities in the district and the new building will enable the district considerable savings on transportation and other duplications.

No site has been purchased for the new building as yet, but the construction will be at Glenns Ferry.

Absentee ballots may be obtained from Mrs. Thayne Montague, clerk of the school board.

## Rights Bill Is Discussed By Masons

WENDELL, March 27—The civil rights bill now pending in the senate was discussed at the meeting of Wendell lodge No. 54, A.F. and A.M., Wednesday at the Masonic temple.

Howard Todd and Roger Brown gave a resume of the bill and led the discussion.

A report of the district six meeting, held at Gooding was given by Harry Pith. There were six representatives from the Wendell lodge at the district meeting. More than 80 Masons attended. The meet was conducted by Blythe Clemens, Gooding, district deputy grand master.

Robert Caldwell, Rupert, manager of Bestway Building Center, spoke briefly of lodges in Windermere and Boulder, Colo., where he visited for several years before he returned to Idaho.

Donald Young, past district deputy grand master, who lives in Phoenix, Ariz., for the winter and spends the summer at Yellowstone park, spoke concerning motels, camps and transportation available at the park.

Hosts for the evening were Ray Turner, Denison Adams, Thomas Frith and Walter Kelley.

## Report Given On Breweries At Shoshone

SHOSHONE, March 27—A report on the brewery industry was given to members of the Rotary club at their Wednesday noon meeting by Ralph Ermattinger, Boise, a representative of the U. S. Brewers association, Inc.

The speaker outlined the history of the brewery business the past 100 years, showing production and expenses. One hundred years ago there was a production of 2 million barrels, the first year of business, while in 1963 the production was 93 million barrels.

Federal excise tax on the 1963 figure was one billion dollars with the Idaho tax in excess of one million dollars. This is the oldest incorporated trade association in the country, he said.

Other visitors Wednesday were Don Sims, Gooding; Charles Glasby, Twin Falls, and Lawrence Heagle, Halley. Glen Burton, a guest of Vernon Exner, represented Caxton Printers.

Robert Hall and James Hadcock were guests from Shoshone high school.

The convention, to be held in Twin Falls during April, was announced. Francis Bergin was program chairman.

## Bays Named as Instructor in Home Gun Safety

Lieut. M. J. Bays, Jr., 482 Taylor street, has been appointed home firearms safety instructor, a new course designed to help reduce shooting accidents in the home, announced the National Rifle association.

The NRA course promotes safety among those who normally do not use firearms for recreation, but have them in their home. It emphasizes the recognition of unsafe practices and conditions and points out how to correct them.

Lieutenant Bays, who is in charge of Idaho state police district four, was awarded an NRA instructor's certificate following successful completion of a written examination and now is qualified to conduct the course locally.

\$40 DONATED

HOLLISTER, March 27—Hollister school children donated \$40.50 to the new Seal center building. They earned the money by holding a candy, cookie and cake sale.

THREE REPUBLICAN congressmen will speak at a dinner meeting in the Ponderosa Inn, Burley, at 7 p.m. Monday, reports Dean Van Engelen, chairman of arrangements. The group is one of seven panels of GOP congressmen formed into "Paul Rere" teams with the aim of highlighting domestic and foreign issues in the forthcoming campaign. Panelists are, from left, Donald Short, North Dakota; William H. Harrison, Wyoming, and William T. Cahill, New Jersey.

## Grange Meets In Residence, Hall Damaged

HOLLISTER, March 27—Because of vandalism to the Hollister Grange hall, the group met Wednesday night at the new home of Mr. and Mrs. Dave Chadwick.

Cost of damage to the dishes, lights, mirrors, picture and juke box at the Grange hall was estimated at \$400.

The group voted to let the hall be used for Red Cross first aid classes, with each person taking the training charged 50 cents to help pay for lights and heat.

It was decided to rent the hall to the LDS church while they are constructing a new building.

Mrs. Heber Loughmiller thanked persons who helped with the bloodmobile and furnished cookies. She also reported the purchase of a 33-cup percolator for the hall.

The annual party for graduating seniors from the area and sixth graders from Hollister will be held April 22.

The Knull Grange has been invited to bring the program to Hollister on April 8. Each family is to bring a pie. Ice cream and drinks will be furnished. Mr. and Mrs. Glenn Nelson and Mr. and Mrs. Dave Chadwick will serve.

Committees for the party on April 22 are Mrs. Nelson, corsages; Mrs. Lyle Schnitker and Mrs. C. M. Lanting, invitations, and Mrs. Loughmiller, program.

SHIP SAILS

MOSCOW, March 27 (AP)—The 4,000-ton Soviet fishing research ship Akademik Berg has sailed for the Bering sea to determine if fishing at depths of 3,200 to 3,840 feet is feasible.

## Heyburn Man is Cited in Crash

RUPERT, March 27—William A. Biers, 46, Heyburn, was cited for drunk driving and driving with an expired driver's license after his vehicle went out of control and crashed through road construction signs, at 10:50 p.m. Tuesday at Heyburn.

Sheriff's officers reported the 1947 Dodge Biers was driving on the Heyburn-Burley bridge crashed through the construction barricade at the end of the road. The car then traveled 100 feet farther and hit a fence and concrete pipes.

Officers reported damages to the vehicle amounted to about \$100 with the barricade and fence also damaged.

## Jury Fails to Find Verdict Second Time

Trial of Curtis J. Smith, 280 Pierce street, in police court on a charge of drunk driving resulted in a "hung jury" Wednesday afternoon, for the second time.

Judge Dale Adamson said the case would be continued until a decision had been made. He noted that City Attorney William Langley was to talk over the case with the arresting officer, State Patrolman Larry Plott.

Plott arrested Smith in the 1000 block of Blue Lakes boulevard on Jan. 7.

Smith is represented by Milo Pope, Kramer and Walker law firm. Pope noted that he would file a motion sometime Thursday to dismiss the case.

First trial for Smith was held Feb. 5, also resulting in a "hung jury." Smith is free on \$250 bond.

## Preaching Mission Due For Church

FILER, March 27—Annual preaching mission of the Filer Methodist church will begin Tuesday and continue through April 3, announced the Rev. Allen R. Reesor, pastor.

Services will be held at 7:30 p.m. daily and the public is invited to attend, he added.

The Rev. Darrel E. Berg, pastor of the Trinity Methodist church, Lincoln, Neb., will be guest speaker for the services. The Rev. Mr. Berg is well-known as a conference preacher.

Special music will be under the direction of the Rev. Fred F. Hays of the Wilshire Boulevard Methodist church, Los Angeles, Calif. He will be accompanied at the organ and piano by his wife.

A coffee and fellowship hour will be held after each service. There will be supervised nursery for young children.

## Paul Man Cited After Accident

RUPERT, March 27—Warren Neibaur, Paul, was cited for failure to yield the right of way after a two-vehicle accident at 8:30 p.m. Wednesday on highway 25 in Paul.

Fred C. Randolph, 16, Rupert, was driving a 1963 Chevrolet which collided with the 1963 International pickup truck driven by Neibaur, as he pulled onto the highway from a church parking area.

Minidoka county sheriff's officers investigating the accident reported slight damage to both vehicles.

## Minister Keeps Mouth Shut

LOUISVILLE (AP)—Unaware of his identity, two golfers invited the Rev. Lawrence Carter to join them in a threesome.

The cleric slashed his first drive far off the side of the fairway. Without a word, he started off to find the errant ball.

A moment passed and one of the golfers inquired: "Hey, Minister, you're not a minister, are you?"

"Why do you ask?" countered Carter. "I don't have on the garb of a clergyman."

"I know," replied the questioner, but if you weren't a preacher, you'd have said a lot more about that shot."

## Druggist Can't Fill Order on Prescription

LOUISVILLE (AP)—Warren Smith left the doctor's office without looking at the prescription he'd been given.

An hour later he handed the prescription to pharmacist J. D. Koontz who glanced at the paper and smiled.

The prescription recommended that Smith "Take one trip to Florida. Vacation at leisure."

Smith carried out his doctor's orders the next day.

## Helps You Overcome FALSE TEETH Looseness and Worry

No longer be annoyed or feel ill-at-ease because of loose, wobbly false teeth. FASTEETH, an improved alkaline (non-acid) powder, sprinkled on your plates holds them firmer so they feel more comfortable. Avoid embarrassment caused by loose plates. Get FASTEETH at any drug counter.

## Wendell Post Is Honored By Auxiliary

WENDELL, March 27—Members of the Wendell American Legion post No. 41 were honored by the Legion auxiliary at a potluck dinner Wednesday in the Legion hall, in honor of the 45th anniversary of the Legion.

A cake, baked and decorated by Mrs. Gerald Bailey, was topped with the Legion emblem. The cake was presented to Clyde Peterson, commander, by Mrs.

Joe Sprenger, president of the auxiliary. Mrs. J. A. Smith, Mrs. Norman Miranda and Mrs. Grant Zollinger were in charge of the decorations.

Petersen, master of ceremonies, introduced Chet Floyd, fourth district commander, and Mrs. Floyd, Gooding; Mrs. Sprenger, auxiliary; Mrs. Hilma Snodgrass, treasurer; and Charles Freeman, Legion adjutant.

Mrs. Fern Harris played several piano selections. Commander Floyd spoke on Legion membership and said the state roundup is scheduled for this week. He announced the semi-annual fourth district convention will be held in Fairfield April 11.

Friday, March 27, 1964

Twin Falls Times-News

## Lutheran PTA Officers Named

Lawrence Mahler has been elected president of the Memorial Lutheran school PTA for the 1964-65 school term.

Other officers elected are George Paxton, vice president; Mrs. Tom Moore, secretary; and Mrs. Bobby K. Bopp, treasurer.

Glenn Thacker, George Paxton and Ralph Hann have been appointed to a committee to get a new record player for the school.

## Blood Quota Is Missed At Ketchum

KETCHUM, March 27—Seventy-six pints of blood were donated at the Red Cross blood drawing held Tuesday at the Holiday Inn in Sun Valley. Mrs. Barney Bell, blood drawing chair, reported Wednesday.

Although this was short of the 100 pint quota for the drawing, it was the best showing made the past two years, Mrs. Bell said.

Howard Allred, Hailey, received his two-gallon pin and Mrs. David Myers, Ketchum, and Mrs. Willard Baker, Hailey, received their gallon pins.

Twenty-six pints were given as a memorial to the late Gail Whitney Stuhler.

## Kiwanians at Filer Guests Of Sheepmen

FILER, March 27—Filer Kiwanians were guests at the annual sheepmen's banquet Tuesday evening in the Methodist church, with John Miracle, Buhl sheepman, serving as toastmaster.

Paul Brown gave the welcome address with the response by Robert Moldenhauer, club president. Leonard Winkle was general chairman.

Special guests included Mel Clear, secretary of the Idaho Wool Growers association; Wade Wells, University of Idaho extension service; Kiwanis Lieut. Gov. Robert Blalock, Jr.; Gene Schiffer, Ogden stockyards; Ronald Boyd, USDA, market reporter; Don Bowman, Swift and company; William H. Block, Producers association; Nephil Elmore, Union Pacific agent; and Curtis Eaton, Idaho Cattlemen's association.

Enos Pickett, Oakley, showed slides and told of a recent trip he made to South America under the auspices of the Western Livestock Journal.

Assisting Winkle in charge of arrangements were Tom Parks, Roscoe Beatty, Robert Blalock, Ray Lincoln, Arch Colner, Ralph Lierman and Paul Brown.

John Mohr and John Mackay donated lamb for the banquet.

## Ex-Resident Is Honored At Shoshone

SHOSHONE, March 27—Memorial services for Robert W. Ferebauer, former resident, were held at 2 p.m. Wednesday at Christ church Episcopal, by the Rev. Dale Vandegriff, Caldwell.

Shoshone Memorial lodge held a memorial service.

Mr. Ferebauer, 51, was killed in a one-car accident last Saturday when the car in which he was a passenger rolled over one mile east of Stanwood, 50 miles north of Seattle, Wash. The two other men in the car were treated at hospital and released. Mr. Ferebauer was taken to the Skagit Valley hospital where he reportedly died at 2 a.m. Sunday.

The three men had been climbing on Camano island on Puget Sound.

Mr. and Mrs. Ferebauer moved from Shoshone in 1960 after he had spent 16 years as manager of the Big Wood Canal company here. They lived in Caldwell where he was manager of the Black Canyon irrigation district until Feb. 17, 1963, when he took a job as assistant engineer in soils with the department of highways in Washington state.

Mr. Ferebauer had sold their home in Caldwell and was planning to move to Seattle this week.

The couple was married Dec. 16, 1960, at Carson City, Nev. She is the former Elizabeth Coffin, Shoshone. He was born March 24, 1913, at Soda Springs, attended George Washington university, Washington, D. C., and was graduated from the University of Idaho with a degree in civil engineering in 1939.

Surviving, besides his widow, are his step-father and mother, Dr. and Mrs. J. I. Oulick, Idaho Falls, and a brother, John Ferebauer, Idaho Falls.

Mr. Ferebauer was past patron of Lincoln chapter, Order of Eastern Star, past worshipful master of Shoshone Masonic lodge, and at Caldwell was a member of the Royal Arch Masonic lodge.

## Jerome Easter Hunt Is for Tots

JEROME, March 27—The Easter egg hunt will be for preschool children only this year, according to Chamber of Commerce officials. School are children are invited to attend a free movie at 2 p.m. at the Varsity theater. After the movie, sacks of candy will be distributed.

The Easter egg hunt will begin at 2:30 p.m. in the North park. The hunt is sponsored by the Chamber of Commerce. Members have purchased 10,000 candy eggs to give away. The Girl Scouts are assisting with the assembling of the treats.

## Dividend

NEW YORK, March 27 (AP)—Union Pacific railroad directors declared a 45-cent-a-share quarterly dividend and announced an intention of buying a total of \$200 million on the common stock in seven equal installments.

Under the new policy, year-end dividends would be eliminated. The payment approved by the board was made July 1 to holders of record May 28.

# The Lenten Story

BY WOODIE ISHMAEL

THE MIRACLE OF THE FISHES

Jesus appeared to His disciples a third time after His resurrection. It was while they were fishing on the Sea of Tiberias. Peter, James, John, Thomas and three other disciples had been out all night and caught nothing. As they approached the shore, they saw a man standing there.

"Young men, have you any fish?" He asked them.

When they said no, He directed them to "Cast the net to the right of the boat and you will find them."

They did as He said and caught so many fish that they were unable to pull in the net.

"It is the Lord," said John to Peter. Immediately the leader of the Apostles hitched up his cloak, dove into the water and swam to shore. The others followed in the boat, dragging the net full of fishes.

## Reason Given For Marks on Half Dollars

WASHINGTON, March 27 (AP)—Those curious little marks on the new John F. Kennedy half-dollar are the initials of the two men who designed the coin.

United Press International undertook to discover the meaning of the marks after reports circulated in the capital about the 50-cent piece, including one rumor that there was a communist hammer-and-sickle engraved on the face of the coin.

A likeness of the late President's profile in bas-relief appears on the front of the coin. On the back of the profile appears the initials of Gilroy Roberts, chief engraver of the U. S. mint. Treasury officials said Roberts had carved his initials in such a way that the "G" opens to the left and the "R" to the right. Apparently it was this that provoked comment.

On the back of the coin, just beneath the right leg of the eagle of the presidential seal, appears the initials "FG," for engraver Frank Gasparro. His initials are in standard "Roman" capitals and easily decipherable.

## Filer Baptists Slate Services

FILER, March 27—The First Baptist church will present special Easter services Sunday, announced the Rev. Frank Schweissing, pastor. The 11 a.m. morning worship service will feature an Easter message by the pastor and special music by the church and junior choirs.

An Easter cantata, "Hallelujah What a Savior," will be presented at 8 p.m. at the church under the direction of Mrs. Alex Melton.

The public is invited to both services, states the Rev. Mr. Schweissing.

## Talk Given

MILNER, March 27—Mary Brune gave a talk on Future Homemaking of America at a meeting of the Milnerettes 4-H club Tuesday evening at the home of their leader, Mrs. Edwin Brune.

Mrs. Brune distributed cookbooks on making bread and rolls to the third year baking students. Janet Panther served refreshments and Mrs. Brune was in charge of the entertainment.

## Young Driver

VENLO, Holland, March 27 (AP)—A traffic cop in this southern Dutch town blinked his eyes when he saw a little girl driving a car through the heart of town.

The policeman followed the automobile to a kindergarten where it came to a halt and the little girl got out. The girl told him she was only 6 but her 21-year-old male companion allowed her to drive.

The man, a waiter, told the court he "just couldn't refuse" and insisted there was no danger because he said his car had two brake pedals. He received a ticket and a stiff reprimand from the policeman.

## Officers for Speaker Club Are Installed

BURLEY, March 27—New 1964 officers for the Burley Toastmasters club were installed Monday evening by Les Morgan at the dinner meeting of the club at Nelson's cafe.

They are Allen Ashton, president; Ted Kelsey, administrative vice president; James Hansen, educational vice president; Dr. H. A. Donaldson, secretary; Paul Reed, treasurer; and Dale Brooks, sergeant-at-arms.

Invocation was given by Jack Holland. Table topics chairman Dale Brooks used the theme, "What do you consider desirable in the local newspaper?" Red pencil was awarded to Larry Giles.

Toastmaster of the evening was James Annett. Speakers were Pat O'Brien, Martin Anderson, James Martin, who received the blue pencil, and Walter Tollerston. Entertainers were Gary Post, Dr. H. A. Donaldson, Paul Reed and Jack Holland. Chief evaluator was Kenneth Hansen. Larry Giles was grammarian.

Guests were Roy Hathaway, James Gurnike, Jerry Larson and Glen Logan.

## AIRMAN REASSIGNED

FILER, March 27—Airman Stanley K. Mal, son of Mr. and Mrs. Victor E. Mal, route 2, Filer, is being reassigned to Lowry air force base, Colo., for technical training as an air force special weapons technician.

## Rupert Clubs Donate for Special Class

RUPERT, March 27—The Minidoka county exceptional class program has received donations from two local women's organizations which will make possible the formation of a third class for next year.

Doyle Lowder, assistant superintendent, explained that with the assistance of the two donations, school officials hope to be able to set up a third class in the local system next fall.

At present there are two classes taking care of approximately 25 students, but an additional class is needed. There is a class at the Pershing school and also at the Lincoln school.

The Soroptimist club donated \$200 for class facilities and the Rupert Woman's club presented a scholarship grant. The Soroptimist donation will be used to purchase equipment for use in the third exceptional class.

The Soroptimist club disbanded last fall and members voted to donate the funds in their club treasury to the exceptional class program.

Lowder stressed that the Woman's club scholarship will help in training teachers to handle the classes and the \$200 will be used for expenses for summer school training for one of the local teachers in the exceptional class program.

## Purchased

HAGERMAN, March 27—Burden's lodge, on the Snake river, east of the Gridley bridge and across from the Thousand Springs, has been purchased by Paul Alexander, Florida, and is in the process of being cleaned for operation.

The restaurant is operating.

## College Girls Participate in Unusual Project

By GAY PAULEY  
TWIN FALLS, March 27 (TNS)—A group of 100 girls from one college are participating in an unusual "get-to-know-you" project abroad.

They're there now—in 10 universities in France, Spain, West Germany, Denmark, Switzerland, Italy—and will remain until the end of the winter term in late March.

Their participation brings to the college the number of girls who have participated in the overseas study program. All are from Lake Erie College, Painesville, O., a women's school with an enrollment of 1,000.

I talked with the college president, Dr. Paul Weaver, and to some of the students before they left for Europe and a first-aid kit was given to them.

Dr. Weaver, his wife, and College Dean Barbara Griffin were to accompany the 100, all juniors, as far as Paris. Then the girls will return to the college.

We won't even know what they'll be living with until we get to our destination," said Miriam Moller, 20, a pretty blonde.

Miss Moller, who's from Kings Mountain, N. C., is an English major at Erie and was headed for enrollment at the University of Copenhagen to study history and the arts and to work as a girl doing on some special project to help acquaint her with the cultures of the country visited.

Miss Moller's "term paper" assignment: the folk high schools in Denmark.

Dr. Weaver, president of Lake Erie for the last 12 years, initiated the mass class study plan in 1953 when the faculty reshaped the school's curriculum to "educate American women to fit the needs in which we live."

We looked ahead to the time the girls will be using their education, Weaver said, "and realized it was no longer going to be a useful, but a nervous world."

The east-west split isn't going away. The jet age—and on the super-sonic age—is shrinking the world's dimensions.

International interests are interdependent. All these increase the importance of human relations.

In starting the study program, we approached it from a standpoint of the students trying to reform others (to say it) but to get to know the peoples as human beings.

Learned dropped the word "foreign" from the language that is in our catalogue. We now refer to a second language.

Every girl at Lake Erie is required to study a second language.

The president mentioned one trustee, a businessman who had made his first trip abroad at 44, who was so impressed with the student project that one year he financed the trip for one third of the class.

The girls go with a minimum of the usual college trappings—each is limited to two suitcases.

"No Bermuda shorts," said Christina Benton, 20, a blonde-eyed brunette, Lexington, Mass., who is enrolled at the University of Pisa, Italy. "European students don't wear them, and most of us are taking just a few skirts and sweaters. We know the European women don't have the wardrobes of the Americans."

They know, the girls said, because from the time they read they say they have regular meetings with the girls who studied abroad last year.

"The seniors tell us they come back less self-centered than they were before," said Miss Cooper. "They say it makes a tremendous change in your outlook. All of them keep up correspondence with the families with whom they stayed."

WARNING CAMPERS against littering forests or letting campfires get out of control was basis for a two-scene skit given by the O-W-ta-cin junior high school Camp Fire Girls in observance of Camp Fire Girls birthday anniversary week, during a tea sponsored by the group for its leaders. Pictured, from left, are Anita Johnson, daughter of Mr. and Mrs. Orval Johnson, 284 Madison street; Carol Turner, daughter of Mr. and Mrs. Archie

Turner, 1979 Eldridge avenue; Vicki Bowman, daughter of Mr. and Mrs. Dale Bowman, 127 Van Buren street; and Deana Roberts, daughter of Mr. and Mrs. Thomas Roberts, 683 Washington street north. Miss Turner portrayed a forest ranger in the skit. This group is sponsored by the Triple Link club. Susan Billington was mistress of ceremonies for the special observance. (Times-News photo)

## Magic Valley Favorites

MRS. MILTON HANSON

1043 South Adell, Filer

**Pink Beauty Salad**  
2 cups raw cranberries, ground.  
Measure before grinding.  
3 cups tiny marshmallows  
1 cup sugar  
2 cups diced unpured tart apples

**1/2 cup broken walnuts**  
1/2 teaspoon salt  
1 cup heavy cream, whipped.  
1 small can seedless grapes.  
Combine cranberries, marshmallows and sugar. Cover and chill overnight.

Add apples, grapes, walnuts and salt. Fold in whipped cream, chill. (Now that frozen cranberries are available, this is a year around salad.)

(The Times-News will pay \$5 each week for the best recipe submitted for April 12.)

**Gold and Green**  
HAILEY, March 27—The Blaine LDS stake and Hailey wards Gold and Green ball was held in the cultural hall of the Hailey church. Members of the Twin Falls stake, who attended the Tri-State conference held at Sun Valley, were present.

Theme of the floor show presented by the Carey ward was "Pettie Waltz." Participants include Connie Busch, Phyllis Hunt, Cheryl Farnworth, Diane Sweet, Gloria Green, Linda Simpson, Rebecca Day and Mary Lee Burton. Mrs. Boyd Stocking was director.

Theme of the Hailey ward LDS dance was "Gad About." Mrs. Vernie Byington was director. Participants were Gary Byington and Darryl Byington, Hal Bingham, Merle Croft, Billy Lynn Knorpp, Jeanne Savelberg, Karen Sims, Linda Sims, Joyce Bingham and Karma Jeppesen.

Refreshments were served by Mrs. Jack Allred, Mrs. Hunter Nelson, Mrs. V. K. Jeppesen and Mrs. Billy Knorpp. Mrs. Harold Buhler sold tickets.

Mrs. Byington, stake activity counselor, gave the welcome. Opening and closing prayers were given by Morrell Bingham and Maurice Elsworth.

Mr. and Mrs. Carl Faulk assisted members of the MIA in decorations.

Music was furnished by the Carl Black orchestra, Oakley.

**Squilla Club Reports Given**  
Squilla club met at the home of Mrs. Eldred Taylor. Mrs. Fred Nelson presided at the business meeting. Reports were given on the husbands night dinner and the annual club dance.

Two new members, Mrs. Carroll Utley and Mrs. Marvin Taylor, were accepted. Program prizes went to Mrs. Robert Leitch, Mrs. Utley, Mrs. Wesley Beeson, Mrs. Marvin Taylor, Mrs. Lewis Roy and Mrs. Elgin Wilson.

The next meeting will be held at the home of Mrs. Wilson.

## Bethel No. 19 Reports Meet

Job's Daughters Bethel No. 19 met in regular session. Julie Anderson, honored queen, presided. Sharron Garmann, junior past honored queen, Bethel No. 19, was escorted to the east for introduction.

Plans were made for a cooked food sale to be held from 9:30 a.m. to 5:30 p.m. Saturday at J. C. Penney foyer and in the Bud's Duds store, Lynwood. The group discussed the annual Mother-Daughter breakfast and go-to-church Sunday scheduled for April 12.

Jeanne Dossett was birthday anniversary girl. Refreshments were served.

## Club Members List Donations

FAIRFIELD, March 27—Cashas club members voted to send \$25 to the Idaho Youth ranch at their regular meeting held in the grade school annex. They also voted to send a donation to the Easter Seal camp, Couer d'Alene, and to purchase a case of canned fruit for the Boise Children's home.

Games were played with Mrs. Herbert Gormley and Mrs. Lavona Johnson as prize winners. Tables were decorated with fancy Easter eggs and spring flowers that were especially shipped from Salem, Ore., for the occasion. Hostesses were Mrs. Charles Olson, Mrs. Harlan Olson, Mrs. Axel Olson, Mrs. Harland Wilson, Mrs. Carroll Dammien and Mrs. Clyde Cox.

The next meeting will feature a cooked food exchange and nomination of officers.

**Students Host Spring Dance**  
HAILEY, March 27—Members of the seventh-grade entertainment eighth grade students and Bellevue junior high school students at a spring dance at the high school gymnasium.

Theme of the dance was "I want to hold your hand." The floor show was presented by the "Folk Singers" of Hailey high school.

Lawrence Barber, president of the seventh grade, was general chairman.

Patricia Anderson was chairman of the record committee. Christine Uhrig, theme: Dana Rayburn, entertainment, and Steven Lawley, posters.

Refreshments were served by Mrs. Broda Rayburn, Mrs. Donald Ramsey and Mrs. Leonard Knight, seventh-grade room mothers.

**USE TIMES-NEWS WANT ADS FOR FAST SELLING RESULTS**

## Art Program Given at Area Civic Club Meet.

SHOSHONE, March 27—A program on fine arts was presented at the Civic club meeting held at the Memorial hall. Mrs. J. Howard Manning was program chairman. Examples of various types of art, paintings, music and poetry were shown.

Mrs. Robert Gaskill, local art instructor, spoke on types of art, showing the portrait, abstract, realistic, world of make-believe and non-objective.

A review was given of the book, "Naked Came I," by Harold Wilson.

To illustrate the musical part of the program, the junior high school girls sang. Dan Pague played two piano solos and a violin duet was played by Lowell Pearson and Katie Hansen. Mrs. Charles Hansen was accompanist.

Mrs. Arthur Gerly reported on the club's art and poetry contest conducted in the school. She said winners in both the poetry and art contests have been mailed to the district contest. Some of the entries were displayed.

Mrs. Alex Anichussegul gave the secretary's report and Mrs. Fred Olson, treasurer, gave a report.

A letter was read from Mrs. Dale Kinnaman, education chairman for the American Cancer society in Lincoln county, stating film and literature for programs are available. Mrs. Charles Glasby, Twin Falls, sent information regarding National Library week, April 12 through 18. Named to the nominating committee are Mrs. Marvin Pearson, Mrs. R. G. Neher and Mrs. Manning.

Named for the May luncheon committee are Mrs. Charles Hansen, Mrs. Neher and Mrs. Gerly.

The district convention is set for April 10 at Kimberly. Dues paying delegates are eligible to attend from Shoshone, along with other interested members. Registration will be from 8:30 to 9:30 a.m.

Guests introduced included Mrs. Eleanor Kelley, Mrs. Harrell Thorne and Mrs. Gaskill. Hostesses were Mrs. Leon Pague, Mrs. Paul Jacobson, Mrs. William Kerner and Mrs. Howard E. Adkins.

A program on citizenship will be presented at the April 17 meeting. Mrs. Eddie Tanaka is chairman.

**New Members Are Accepted**  
Primrose Rebekah lodge met at the Odd Fellows hall. New members accepted by cards are Mrs. Elsie Ashcroft and Mrs. Pay Black.

The quarterly birthday anniversary party was held. Thirteen members were honored and given a small birthday cake.

The program featured a St. Patrick's day fun night. Mrs. Lawrence Rudolph was program chairman. Bertha Van Buren was a game prize winner.

Mrs. Lucille Parker was soloist, accompanied by Mrs. Carl Ridgeway.

Refreshments were served by Mrs. Sarah Dameron, assisted by the committee.

**Husbands Feted At Club Parley**  
FILER, March 27—Husbands of Delta Han members were honored at a potluck dinner in the dining room of the IOOF hall. Mrs. A. C. Leeper and Mrs. Milton Ballard were in charge of arrangements.

High score prizes at cards were awarded to Mrs. Martin Knip and George Ehrhardt, with Mrs. Leona Griffith and Ben Glassinger receiving low. Robert Mudd received the traveling prize.

Mrs. Clem Bohanan will host the April 3 meeting of the club.

**KING COAL WARBERG'S 733-7371 for Quality**

SUSAN LUKE  
... is queen of the Magic Valley Hairdressers, unit No. 4, and will participate in the state contest April 4, 5 and 6 in Lewiston. Miss Luke's hair was styled by Sharon Moseley. Both girls are employed at Esther's Beauty salon. (Times-News photo)

## Magic Chapter Honors Star Point Martha

Star Point Martha was honored by Magic chapter No. 82, Order of Eastern Star, at a meeting held in the Masonic temple, with Mrs. Gordon Tobin, worthy matron, presiding.

Tobin, worthy patron, reviewed the story of Martha, from the booklet "Let There Be Light." The starlets, Mrs. Russell Larson, Mrs. Glen McCoy and Marguerite Conant, formed a triangle during the ceremony.

The present and past Marthas honored were Mrs. Oleo Short-house, Mrs. Robert Watson, Mrs. C. R. Fox, Mrs. Lloyd Mason, Bass Brown, Mrs. James Page and Mrs. K. B. Birrell.

The meeting was opened with the Bible ceremony, with the starlets and the men's choir participating.

The flag was escorted east by Carl Knobel, marshal, and James Page, flag bearer.

An addenda honoring the new members was given. Tobin read a poem written by Mrs. Graham entitled, "Volition." Those honored include Lawrence Harper, Mrs. Donald Brown, Mrs. Janice Miller, Mrs. Neal R. Nyblad, Mrs. Dennis Tate and Alton Young.

Mrs. James Catterson and Mrs. William Grange sang a duet. A token was presented to each honoree.

The dining room was decorated with St. Patrick's day and Easter decorations. Refreshments were served by the committee, Mrs. Robert Felton, Mr. and Mrs. Milton Ballard, Mrs. Marian Langdon and Mr. and Mrs. Fred Wenzelried.

Officers will be elected April 6.

**SKATING PARTY HELD**  
HANSEN, March 27—The MYF group of the Community Methodist church and guests held a roller skating party in Twin Falls. The group was accompanied by Mr. and Mrs. Robert Pettygrove and Dean Moore, directors.

**Program Given By Junior Music Club**  
The program for the March meeting of the Junior Music club at Memorial Lutheran school was presented by members who participated the previous week in the Magic Valley Lutheran talent festival.

Piano solos included "Space-mates," played by Martha Heidemann; Beethoven's "Minuet in G," by Linda Rutherford; "Sleeping Beauty Waltz," by Shauna Losser, and "Firefly Waltz," by Annette Winterholter. David Thiem played "America, the Beautiful" as a cornet solo. A vocal duet, "I Gave My Love a Cherry," was sung by Judy Emerson and Janelle Thiem. "Michael" was sung by David Thiem, Barney Glavin and Randy Chaplin. "Ball Hall," a vocal solo, was sung by Annette Winterholter.

Mrs. C. G. Decker was accompanist for the vocal numbers.

Recitations include "I Will Sing the Wondrous Story," by Alice Mohlenbrink; "On Easter Morning," by Mary Harris; "Here All We See," by Debbie Ray; "Moms and Dads," by Kathy Slivers; "S.O.S.," by Carol Mohlenbrink; "The House with No body in It," by Debby Chaplin; Comic monologues—Hello, I'm a Comedian, by Randy Chaplin; "Johnny's History Lesson," by Linda Rutherford; "In Flanders Fields," by Janelle Thiem; "Old-time in the Family," by Shauna Losser; "The Secret," by Tamara Fischer; "Song of the Lazy Farmer," by Sandra Slivers, and "How the Turkey Got its Drumstick," by Debbie Rutherford and Rhonda Barth.

Preceding the program, a business meeting was conducted by Annette Winterholter, president.

**Brownie Troop Is Organized**  
CASTLEFORD, March 27—A new troop of Brownie Scouts was organized at the Grange hall. New leaders are Sandra Allred, Juanita Brokhar, Janelle Burkhardt, Maureen Guerry, Mavis Peterson, Elizabeth Reinhold and Patty Quigley.

Mrs. Leon Burkhardt will be the leader, assisted by Mrs. Ted Quigley.

The Brownies will meet at 3:30 p.m. April 3 at the old gymnasium with Girl Scout Troop 1, led by Mrs. Willis Owen and Mrs. Earl Heidel.

## Program Given By Junior Music Club

The program for the March meeting of the Junior Music club at Memorial Lutheran school was presented by members who participated the previous week in the Magic Valley Lutheran talent festival.

Piano solos included "Space-mates," played by Martha Heidemann; Beethoven's "Minuet in G," by Linda Rutherford; "Sleeping Beauty Waltz," by Shauna Losser, and "Firefly Waltz," by Annette Winterholter. David Thiem played "America, the Beautiful" as a cornet solo. A vocal duet, "I Gave My Love a Cherry," was sung by Judy Emerson and Janelle Thiem. "Michael" was sung by David Thiem, Barney Glavin and Randy Chaplin. "Ball Hall," a vocal solo, was sung by Annette Winterholter.

Mrs. C. G. Decker was accompanist for the vocal numbers.

Recitations include "I Will Sing the Wondrous Story," by Alice Mohlenbrink; "On Easter Morning," by Mary Harris; "Here All We See," by Debbie Ray; "Moms and Dads," by Kathy Slivers; "S.O.S.," by Carol Mohlenbrink; "The House with No body in It," by Debby Chaplin; Comic monologues—Hello, I'm a Comedian, by Randy Chaplin; "Johnny's History Lesson," by Linda Rutherford; "In Flanders Fields," by Janelle Thiem; "Old-time in the Family," by Shauna Losser; "The Secret," by Tamara Fischer; "Song of the Lazy Farmer," by Sandra Slivers, and "How the Turkey Got its Drumstick," by Debbie Rutherford and Rhonda Barth.

Preceding the program, a business meeting was conducted by Annette Winterholter, president.

**Brownie Troop Is Organized**  
CASTLEFORD, March 27—A new troop of Brownie Scouts was organized at the Grange hall. New leaders are Sandra Allred, Juanita Brokhar, Janelle Burkhardt, Maureen Guerry, Mavis Peterson, Elizabeth Reinhold and Patty Quigley.

Mrs. Leon Burkhardt will be the leader, assisted by Mrs. Ted Quigley.

The Brownies will meet at 3:30 p.m. April 3 at the old gymnasium with Girl Scout Troop 1, led by Mrs. Willis Owen and Mrs. Earl Heidel.

**Lesson Given For Filer Unit**  
FILER, March 27—Mrs. Loren Farmer and Mrs. Thomas Lund presented a lesson on fashions and fabrics to Syringa Home improvement club members at the home of Mrs. Paul Hash. They modeled a number of spring fashions.

Four club members, Mrs. Alfred Theener, Mrs. Loren Drake, Mrs. Edward Sharp and Mrs. Lucas announced they have entered essays in the Home Demonstration contest now underway. Results of the contest will be announced at the Thursday home demonstration council meeting in Twin Falls.

## Great Cancer Smoke Scare Wearing Off

United Press International  
Jittery cigarette smokers may be puffing pipes in public and chewing more gum lately, but the great cancer scare appears to be wearing off.  
Cigarette sales, which dropped

as much as 30 per cent after the surgeon general's committee drew a link between cigarettes and cancer last Jan. 11, are starting to come back.  
United Press International checked state tax officials and major tobacco wholesalers and retailers throughout the nation to determine what happened to cigarettes in the two and a half months since the government report threw a scare into the country's smokers.  
Sales are still down in many areas. But authoritative sources in at least 12 states reported that cigarettes were starting to come back in March.

## Small Girl Can Cry, but She Doesn't Know How to Smile

FORT WORTH, March 27 (UPI)—Doris Jean Bowman, 4, cries sometimes, but people who know her say she never smiles.  
She has experienced very little that would make her happy in her short four years.  
Domestic Court Judge Eve Barnes summed up Doris' life when she said, "This child has been neglected since the minute she was born."  
Doris has no one left. "Mommy's in jail . . . Daddy is in jail

and Paula's gone to heaven and she ain't never comin' back."  
Paula, Doris' sister, died of shock when she was held under scalding water several weeks ago.  
Her mother, Mrs. Doris Jean Bowman, and Mrs. Bowman's boyfriend, Clifford D. Carroll, were charged with murder and are in the Tarrant county jail.  
The jailer had to put them in isolated cells because other prisoners threatened their lives.  
Two lawyers appointed to de-

fend Carroll on the murder charge asked Criminal Dist. Judge J. E. Winters to be excused from the case because of its nature.  
But Doris, whose real father

## Sparrow Talks

ROCHESTER, Minn., March 27 (UPI)—Five men were charged with robbery yesterday — all because Sparrow sang.  
Police said Gerald Sparrow confessed his part in two armed holdups and implicated the others.

is in jail in California, doesn't understand about the complicated legal process.  
She needs dental work on her long-neglected front teeth and she needs vitamins to spur the growth of her undernourished body.  
She, too, was mistreated by her mother. Her hands were tied behind her and she was plunged into cold water.  
Doris lives in a foster home now and her possessions are few. She gratefully thanked the social worker who retrieved her torn and dog-eared little book "The Runaway Pancake" this week.  
The social worker read the story to the child and her eyes

brightened. She almost smiled. Then the social worker gave

her a poppet. Again she almost smiled. Almost . . . but not quite.

# N.Y. Outlines Plan to Develop New Challenger

NEW YORK, March 27 (AP)—The New York athletic commission announced plans Thursday for a four-man elimination tournament to pick an opponent for heavyweight champion Cassius Clay, but without the No. 1 contender, Doug Jones of New York.

## Sports

FROM ALL ANGLES

By LARRY HOVEY

Twin Falls high school athletic director Paul Ostry has filled up the basketball and football schedules for next year and each carries a couple of surprise names.

In football the Bruins will travel to place Vegas, a place in which Twin Falls was roughly handled a few years ago. In basketball, due to the drop out of Idaho Falls from the Southern Idaho conference, Ostry has picked up home games with Preston and Meridian. These are brand new names as far as can be recalled.

"Preston has everybody back from this year and they knocked off Jerome in the A-2 state tournament," Ostry reminds. "The Meridian game just kinda happened. They had to come to us one night and we had an open date the next. They'll stay over and play us."

The schedule which will give the Bruins 12 at home next winter will be only temporary. The new Boise high school, Capitol, will join the SIC in time for the 1965-66 season.

This one comes a little late.

Although Twin Falls was out-hustled on the floor in the final of the state A-1 basketball tournament, classie Steve Beer showed afterward he could handle the English language as well as a Spaulding basketball.

Beer's short talk after accepting the runner-up trophy at the BJG gymnasium was better than anything we've heard.

How about the home court advantage in basketball?

Times-News statistics show the immediate past season came closest to filling the "no advantage" bill. Of the 314 games in which Magic Valley teams participated, the home club won 59.7 per cent of the time. This is the first time its been under 60 per cent. The high was in 1957-58 when the home team won 65 per cent of all games.

The difference, coaches tell us, is the steady increase of new gymnasiums. Architecturally, most of the new ones are quite comparable and therefore more "familiar" to visiting clubs.

Another step in that direction expedited next year when Murtaugh stepped out of its ambush and plays on its new floor. But just between us, anytime a game figures to be close, the best bet will always be on the home team.

Speaking of the new Murtaugh gymnasium, coach DeVon Anderson credits this year's basketball club with a large part in getting the bond passed.

Although the Red Devils were second in state, coach Anderson states "I don't think winning was the big thing, although that always helps. We've had teams over here that won before. But those kids kinda developed the attitude they were too good for the old gym maybe some of the people around. This year's bunch was as humble and everyday as you could want and I think that made a good impression on the voters."

And such credit rather outlines that second-place trophy, from this angle.

## NNC Sweeps Twin Bill From ISU

NAMPA, March 27 (AP)—Northwest Nazarene college trimmed Idaho State university 1-0 and 2-2 Thursday in a baseball doubleheader that opened the season for both teams.

Terry Kendall struck out 11 while limiting Idaho State to three hits in the first game, all by infielder Lee Land.

Gary Matlock, who had three hits and scored five runs, rapped a homerun for Northwest Nazarene in the sixth inning and Glenn Hancock banged a double and single.

Gary Kollman and Rich Haddad led the Nampans in the second game with three hits each. Pitcher Ed Ellison struck out five and stopped Idaho State with five hits.

Kollman had four hits, four runs and four runs batted in in the two games. John Miller had a double for ISU in the second game.

Idaho State ... 000 000 0-0 3 3  
NNC ... 002 131 x-7 9 1  
Leland, Pederson (4), Estes (6) and Kumarski; Kendall and Coulter. Homerun—NNC, Matlock.

Idaho State ... 100 001 0-2 5 5  
NNC ... 202 006 x-0 9 2  
Kimura, Williams (6) and Green; Ellison and Van Ardel.

WINS PACE  
ARCADIA, Calif., March 27 (AP)—Queen's Mohican did the honors in 1:59 4/5 Thursday in winning the 25,000 Santa Anita Pace at Santa Anita park.

NEW YORK, March 27 (AP)—The World Boxing association and No. 2 by Ring Magazine, refused to go along with the deal. "I already have earned the right to fight Clay," Jones said. "I have fought my way to the top. I don't see any reason for entering this thing."

The commission, in what it calls a move to stimulate boxing interest, announced the blueprint for an elimination tournament involving former champion Floyd Patterson, Eddie Machen, Cleveland Williams and Ernie Terrell.

All agreed to take part. Two others, Zora Volney and Harold Johnson, sought to get in but were rejected.

Gen. Melvin Krulwich, chairman of the commission, said that he had been in touch with Bill Faversham, Clay's manager, and had received assurance that both Faversham and the champion were in favor of the tournament.

"We could not exact the promise that Clay would meet the winner," Krulwich said. "There are other considerations. However, we hope to have a heavy-weight fight in September as a result of these eliminations."

Harry Markson, director of boxing at Madison Square Garden, said he "already made an offer to both Patterson and Williams for a fight in the Garden in June."

"We would like to match Machen and Terrell, earlier than that if possible, with the winner meeting the Patterson-Williams winner for the right to fight Clay."

Jones, Williams and Terrell were present at the commission offices. Machen was represented by Walter Minskoff, Patterson by Dan Florio and Volney by Bill Swift.

## Hurler Could Throw for 15 Days in Row

CLEARWATER, Fla., March 27 (AP)—Jack Baldschun, the Philadelphia Phillies' ever-ready relief man, thinks he could pitch every day for at least 15 days if he got a chance.

"I really don't know how many days in a row I could pitch," said the 27-year-old right-hander. "I always wanted to find out. When I pitched eight straight days in 1961, I was stronger in the eighth game than in the first. Maybe I could work 20 straight. It all depends on how many pitches you would have to throw. I'm sure I could handle 15 in a row."

Baldschun credits isometric exercises with strengthening his right arm and shoulder. He works out with trainer Joe Lisclio before each game.

Baldschun was only one short of the record in 1961 when he pitched in eight straight games. A complete game by Curtis Short cost him the record and a \$2,500 television appearance.

"Chris hadn't completed a game in 10 or 11 starts," Baldschun recalled. He wobbled a few times and I'd get up and start throwing. But he went all the way and won. I had been promised a television shot on 'Riffman'."

"I got the record so I kid Chris and tell him his complete game cost me \$2,500."

"Robin Roberts put the idea in my head to throw a little every day," he said. "During the season I throw three straight days and then usually lay off the fourth."

The natural question for a man who pitched 197 games and never started in, would he like to start?

"Only if it means more money," said Baldschun. "I like relief work. I am satisfied to stay on relief as long as it doesn't cost me money."

## Injured Knee Is Big Worry To Mantle

ST. PETERSBURG, Fla., March 27 (AP)—Mickey Mantle is worried about his left knee that was operated on during the winter.

The New York Yankees slugger, who played in only 40 per cent of the team's games last season, sat out the exhibition game with the New York Mets Thursday at his own request.

Manager Yogi Berra had scheduled him to be in line-up. "I was running real good when I came down here," Mantle said, "but I haven't been running good the last couple of days. It hurts right here."

The spot Mantle pointed to is where cartilage was removed in the off-season.

The 32-year-old center fielder explained that a ball hit by Norm Siebern struck him in the first exhibition game.

"The darned thing hit right near the operation and now it's hurting," he said. "Doc says it's just a bone bruise. I hope that's all of it."

## Canadiens Blank Leafs In Playoff

MONTREAL, March 27 (AP)—The Montreal Canadiens beat the Toronto Maple Leafs 2-0 Thursday night in a roughhouse game of their National Hockey league semifinal Stanley cup playoffs. A record 16 penalties were handed out in the first period.

Goals by Bernie (Boom-Boom) Geoffrion at 6:53 of the first period and by Ralph Backstrom at 9:32 of the second period backed up Charlie Hodge's brilliant goaltending as the Canadiens took a 1-0 lead in the best-of-7 series. The second game is scheduled here Saturday night.

It was the fifth time Hodge has blanked the Leafs. He did it four times during the regular season.

The 16 penalties referee Frank Udvari handed out in the first period set a Stanley cup record for most penalties by two teams in one period. The previous record was 16 set April 1, 1951 at Boston between the Bruins and Toronto and equaled March 25, 1962 at Detroit by the Red Wings and Toronto.

Montreal's first goal came on a neat passing play. Jean-Guy Talbot, at the point, rifled a pass to Claude Provost at the left of Toronto's goalie, Johnny Bower. Bower went down expecting a shot from Provost. Instead Provost passed to Geoffrion at the other corner who lit the red light.

Backstrom's goal came when he shot the puck past Bower during a scramble in front of the Toronto net. Provost and Dave Balon got assists.

Even the scrubs they use as substitutes when a player can't practice are top players from Kentucky's 1964 team.

The East squad includes All-American Cotton Nash of Kentucky and Bill Bradley of Princeton and the West is likely to start All-American Dave Stallworth of Wichita.

The entire second team, All-American squad is listed on the roster: Jeff Mullins of Duke, Cazzie Russell of Michigan, Fred Hetzel of Davidson, Mel Counts of Oregon State and Ron Bonham of Cincinnati.

Howard Komives of Bowling Green, Barry Kramer of New York university and Jim Barnes of Texas Western represent the third team All-American.

With this array of talent—and more—coaches Stale Gill of Oregon State and Jack Gardner of Utah are having troubles trying to pick starting teams.

Gill is likely to start Stallworth, Joe Caldwell of Arizona State, Willie Murrell of Kansas State, Bernie Lenox of Texas A and M and either Counts or Barnes at center for the West.

Gardner probably will start Mullins, Bradley, John Thompson of Providence, Wally Jones of Villanova and either Komives or Kramer.

The West has been made a slight favorite for the nationally televised game on the strength of its height advantage. Only three of its 10 men are less than 6-feet, 6-inches while only two East players are over 6-feet, 5-inches.

Reynolds said it's true he has identified in the story, told him: "Stengel has been approached not once but several times during the past year by a ranking Angel official. He has been offered the presidency of the club."

Hunter wrote: "Casey, according to the source, has been receptive because it not only would keep him in baseball but also at home, where he has expanding banking interests in the Glendale area."

"The story would seem to indicate that Reynolds ... will devote more time to interests other than baseball."

"The injection of Stengel into the Angel front office, the Herald-Examiner was told, would be a move to offset partially the impact the Dodgers have made on the Los Angeles baseball market."

Reynolds said it's true he has identified in the story, told him: "Stengel has been approached not once but several times during the past year by a ranking Angel official. He has been offered the presidency of the club."

### Angels Deny Casey Will Leave Mets to Join Front Office

LOS ANGELES, March 27 (AP)—The Herald-Examiner said Thursday it has been told by "a first-hand source" that Manager Casey Stengel of the New York Mets will take a position in the front office of the Los Angeles Angels next season. Herald-Examiner baseball writer Bob Hunter, in a story from Sarasota, Fla., also said Angel General Manager Fred Haney has notified club president Bob Reynolds

### All-Star Game Is Loaded With Talent

LEXINGTON, Ky., March 27 (AP)—The little boys who always hang around basketball arenas looking for autographs are becoming nervous wrecks at the University of Kentucky.

There's just too much talent for any one program. Eleven of the 15 players named to the Associated Press' first three All-American teams are on hand for Saturday's East-West all-star game.

And on the sidelines during the practice sessions are some of the best coaches in the business.

Even the scrubs they use as substitutes when a player can't practice are top players from Kentucky's 1964 team.

The East squad includes All-American Cotton Nash of Kentucky and Bill Bradley of Princeton and the West is likely to start All-American Dave Stallworth of Wichita.

### College Stars Open Olympic Exhibitions

CINCINNATI, March 27 (AP)—All America Cotton Nash of Kentucky and Ron Bonham of Cincinnati led the White to an 86-85 victory over the Blue Thursday night in an exhibition basketball game involving players picked to try out for the U. S. Olympic team.

The score changed hands 18 times and was tied seven times in the last half.

Nash hit a long jump shot with 21 seconds left and put the Whites in front 84-83, and with 13 seconds remaining he grabbed an important rebound on a missed shot by Ray Carey of Missouri, playing for the Blues.

Bonham scored six of the Whites' last 12 points and ended up with a total of 18. Bonham also sparked a drive that gave the Whites their biggest lead, by six points, in the second half.

The Blues led most of the first half on the shooting of Willie Murrell of Kansas State, who made 27 points to take game scoring honors. Steve Thomas of Xavier of Ohio scored 19 points for the Blues, and Joe Caldwell of Arizona State made 14 for the White team.

The game was a preliminary for the Olympic tryouts. The Whites were coached by Jack Gardner of Utah, and the Blues by Alvin Julian of Dartmouth.

been "very busy in a number of our company activities, but I am not stepping down from this position in baseball."

# Records Fall in Opening Day of Swimming Meet

NEW HAVEN, Conn., March 27 (AP)—America's leading college swimmers shattered an American and four NCAA records Thursday night in Yale university's pool. Existing marks were smashed in all four races for an exciting start of the three-day NCAA swimming and diving championships.

Southern California's 400-yard medley relay team of Bob Bennett, Bill Craig, Jim McGrath and Roy Saari posted a 3:30.9 for an NCAA record, and Bennett lowered the American 100-yard backstroke mark with a 53.2 leadoff leg in the same event.

It was a case of the Trojans improving on their qualifying record of 3:34.5 earlier in the day. Bennett swam the opening leg in the relay and was thus eligible for a record he bettered. The listed mark is 53.3 by Charley Blittick in the 26-yard pool last year.

In a major surprise, Yale captain Mike Austin upset teammate Steve Clark in the 50-yard freestyle sprint. Clark had led the qualifiers several hours earlier in NCAA record time of 20.9 seconds and was the solid favorite.

Both were timed in 0:21 in their battle for the crown, but the judges saw the 20-year-old Austin from Rochester, N. Y., the victor by a shade.

The race for team honors went just about as expected with Indiana in front with 33 points, and Southern California, the defending champs, and Yale tied at 28 each. Michigan trailed with 12.

The other NCAA record wrecker was two Southern California sophomores, Roy Saari in the 500-yard freestyle, and Dick McGeagh in the 400-yard individual medley. Saari won in 4:45.8, improving on the old standard of 4:50.7 by John Konrads, the Australian Olympian.

McGeagh, the national 100-meter backstroke champion, was caught in 4:16.4 as he dethroned Yale's Ed Townsend who won last year in the former NCAA record time of 4:23.5.

Rick Gilbert of Indiana surprised nobody by easily winning the one-meter low board dive. He is also a clinch to win the three-meter event Saturday.

McGeagh, the national 100-meter backstroke champion, was caught in 4:16.4 as he dethroned Yale's Ed Townsend who won last year in the former NCAA record time of 4:23.5.

## Chicago Belts Wings 4-1 to Open Playoff

CHICAGO, March 27 (AP)—Third period goals by defenseman Pierre Plante and right wing Murray Balfour gave the Chicago Black Hawks a 4-1 victory over Detroit Thursday night in the opener of their best-of-seven Stanley cup semifinal hockey series.

Plante slammed in a 20-footer at 6:42 and less than two minutes later Balfour, making his first appearance in more than two months, took a perfect pass from Red Hay and flipped the puck past goalie Terry Sawchuk.

The second game of the series also will be played in Chicago where Detroit failed to win all year, before moving to Detroit where the Hawks didn't win all season.

It was a tough loss for the fired-up Red Wings who played tremendous hockey for two periods before falling apart before the determined Hawks.

Chicago put the issue beyond doubt at 16:23 of the final period when Stan Mikita scored. Balfour sat in the penalty box.

Plante, the all-star defenseman, snapped the tie with his goal while referee Art Skov had his arm up, signaling a penalty on Detroit defenseman Bill Gadsby. At 8:27, Balfour, sidelined by a groin injury during the second half of the season, scored his first goal.

Detroit broke in front at 12:16 of the first period when Andre Pronovost backhanded a goal past goalie Glenn Hall. From then on Hall was invulnerable and finished the game with 34 saves to 25 for Sawchuk.

Detroit broke in front at 12:16 of the first period when Andre Pronovost backhanded a goal past goalie Glenn Hall. From then on Hall was invulnerable and finished the game with 34 saves to 25 for Sawchuk.

# YOUR BIRTHDAY and HOROSCOPE

**FRIDAY, March 27—Born to** day, you are an intensely to waste your time on what you consider petty details. But you men and women take long-term planning and you never work better than when you have underlings to whom they may be worked out so that they can turn over your ideas to a practical level into profitable projects. You have a special talent for handling people and your jovial, magnetic personality makes it easy for you to persuade others to get things done.

That success should be yours is obvious. But there is a difference between "should be" and "will be" and it is the manner in which you manage your own talents that will decide the latter. Don't become so carried away with being the idea man that you eventually find yourself hiding away in an ivory tower. Keep your finger on the pulse of what's going on outside your own immediate circle of interest.

You are fond of all the good things of life. The arts, sports, business, science. You have a special talent for handling people and your jovial, magnetic personality makes it easy for you to persuade others to get things done.

Among those born on this date are: William H. Allen, educator; Conrad Barnaby, American novelist; Louis XVII of France, Perle Grofe, composer. To find what is in store for you tomorrow, select your birthday paragraph. Let your birthday star be your daily guide.

**Saturday, March 28**  
**ARIES (March 21 - April 20)**—If your job depends in any way on your public image, today would be an excellent day for improving same.

**Taurus (April 21 - May 21)**—Domestic affairs are foremost in importance today. Don't neglect entertainment possibilities for the whole family.

**GEMINI (May 22 - June 21)**—If you're seeking romance, this is the Saturday that can bring you what you want. Choose companions wisely, however.

**CANCER (June 22 - July 23)**—A day in which your qualifications for handling present duties may be under consideration. Make yourself look good.

**LEO (July 24 - Aug. 23)**—Let this be a restful day. Don't allow moods to interfere with your best interests. Cooperate in all family plans.

**VIRGO (Aug. 24 - Sept. 23)**—If you are able to combine home and public interests, fine. If not, stick to the home front for best results.

**LIBRA (Sept. 24 - Oct. 23)**—Daytime hours are best for Libra now. Evening may bring problems. Prepare to meet them with calm and patience.

**SCORPIO (Oct. 24 - Nov. 20)**—Combine business and personal interests. The best advantage of all family members. Make an effort to please.

**SAGITTARIUS (Nov. 21 - Dec. 21)**—This will be a very busy Saturday for the Sagittarius who has in mind the advancement of another's business interests.

**CAPRICORN (Dec. 22 - Jan. 20)**—Make all plans for the coming week before evening today. To delay in this matter may mean a very poor week ahead!

**AQUARIUS (Jan. 21 - Feb. 19)**—Your interests are divided between home and outside activities. You might be wise to give up the latter.

**PISCES (Feb. 20 - March 20)**—If possible, arrange for a weekend in the country with your family. You can provide happiness and pleasure for them all.

**SATURDAY, March 28—Born today**, you are a student of life. People, their activities and motivations, their needs and desires—these interest you to the point of continual study. Because of this interest, you may well enter the field of psychology, sociology, or personal guidance.

You are kindly and understanding of those who work with you and you know how to lead others and how to manage even large groups of people. No matter how large the group, however, it is the individual who remains most important to you, and this is the key to your great popularity. For you make people feel like themselves, special and apart from others, rather than like anonymous faceless digits in the midst of a multi-number.

What may surprise many about you is your interest in the occult. The mysterious intrigues you approach with course you always approach mystery from a scientific viewpoint. Emotions you save for your own home. It is there that you are most affectionate, loyal, and vitally interested in the welfare of your own.

Among those born on this date are: Maxim Gorki, famed Russian author; Virginia Woolf, noted English author; Dick Bogarde, English actor.

To find what is in store for you tomorrow, select your birthday paragraph.

**LEGAL ADVERTISEMENTS**  
NOTICE TO BIDDERS  
The State Purchasing Agent will receive sealed bids at his office, Room 214, State House, Boise, Idaho, until 10 A.M. April 1, 1964, for DAIRY PRODUCTS, TUBERCULOSIS HOSPITAL at COODING, IDAHO. All bids will be publicly opened and sealed before the State Purchasing Agent's office.

The State reserves the right to reject any or all bids.

**STATE PURCHASING AGENT**  
Boise, March 27, 28, 29, 1964.

and read the corresponding paragraph. Let your birthday star be your daily guide.

**Sunday, March 29**  
**ARIES (March 21-April 20)**—A real house and home day. Your Sunday devotions should give you spiritual inspiration for the week to come.

**TAURUS (April 21-May 21)**—A day in which to consider your future from the standpoint of achieving a way of life, rather than merely earning more money.

**GEMINI (May 22-June 21)**—It is important that you rest and store up energy for the days to come. Much to be demanded from the Gemini seeking success.

**CANCER (June 22-July 23)**—Attend public gatherings if you would gauge the tenor of response to matters of recent interest to you.

**LEO (July 24-Aug. 23)**—Avoid allowing your heart to rule your head completely today. You could easily commit yourself to more than you should.

**VIRGO (Aug. 24-Sept. 23)**—A favorable day for your usual Sunday program with emphasis on the spiritual side. Make plans for future family fun.

**LIBRA (Sept. 24-Oct. 23)**—Avoid long periods of introspection today. Your mood may be such as to lead to deep depression if you do.

**SCORPIO (Oct. 24-Nov. 22)**—Plan to spend time in the company of close friends and associates. You may come up with valuable business hints.

**SAGITTARIUS (Nov. 23-Dec. 21)**—Make it a Sunday at home. Recent over-activity may point to a day of rest today. Let your physical condition be your guide.

**CAPRICORN (Dec. 22-Jan. 20)**—A Sunday for taking stock of your assets, but not those of a material nature. Look to your own character for the key to success.

**AQUARIUS (Jan. 21-Feb. 19)**—Get outdoors if possible. Communion with nature is first restful, then enervating. Take advantage of the opportunity.

**PISCES (Feb. 20-March 20)**—Follow your usual Sunday program, but make exceptions if necessary for visiting friends and relatives.

**Fairfield Plans Sunrise Service**  
FAIRFIELD, March 27—The young people of the community church will hold a sunrise service and breakfast beginning at 6 p.m. Easter at the home of Mr. and Mrs. Lono Baldwin, east of Fairfield.

A Sunday school will be held at 9:45 a.m. The church choir will sing at the morning worship service beginning at 11 a.m. The Rev. W. James Post will speak on "Because He Lives." He will speak on "Jacob" in a series on the great men of the Bible at the 8 p.m. service.

A special Easter mass will be celebrated at noon by the Rev. William Ordway at the Catholic church.

The LDS will hold regular Sunday school followed at 11:30 a.m. by the sacrament service conducted by Bishop Edward L. Packham.

**Lost and Found**

# Along Fences and Canals

Paul Cobb, retired navy man, has bought the 15 acre south-  
west of Magness, formerly owned by Ted Baughman. Cobb's  
last tour of duty was at Whidbey Island naval air station, Seattle.

Mr. and Mrs. Abner Owens and their three children will leave  
for Showlow, Ariz. The Owens have managed the Mau-  
rice ranch in the Silver Creek area the past two years.  
Cobb, who formerly worked at the Triumph mine, will take  
over the management of the ranch April 1.

Mr. and Mrs. George Clark, who have done custom and trucking  
work in Buhl, moved this week to Declo, where Clark is as-  
sociated with the Weaver produce company.

The Grant Flavels have purchased the W. E. Flavel ranch at  
the west village limits of Richfield. It is known as the Kodaik  
ranch. The family is living at one of the F. L. Manwill tenant  
houses until a house is moved to their new ranch.

Mr. and Mrs. Roy DeForrest, Bruneau, have moved to the T. J.  
Smith ranch, four miles northwest of King Hill on King Hill creek.

Mr. and Mrs. Loren Robinson and family, Richfield, has moved  
into the rental home of Mr. and Mrs. Robert Graham, southwest  
of King Hill, where Robinson will be employed at the ranch for  
the summer.

Orin Cappe bagged a big coyote at his ranch west of Richfield  
this week. Richfield school children have seen many coyotes this  
year while riding the buses in that area.

Mr. and Mrs. David Chadwick have moved into their new seven-  
bedroom, split level, brick veneer home, six miles west of Hollister.

Farmers on the Salmon tract were called out in the middle of  
the night last week to help patrol the canal system for weed jams  
caused by the heavy runoff at Rogerson during the day. Some of  
the canals had as much water in them as they carry during the  
peak of the irrigating season.

Although spring officially has arrived, farmers in the Almo  
vicinity are unable to do any farm work because of the unusually  
cold weather. With low temperatures at night and cold, windy days,  
the ground remains frozen.

For the past two weeks Glen Briggs has been trucking baled hay  
from his ranch south of Almo to the Buckhorn ranch near Oakley.

## Lamb Records Necessary to Collect Federal Payments

Lamb producers especially were  
reminded today of the impor-  
tance of keeping complete records  
to support their applications for  
payments under the national wool  
program. The same caution, of  
course, applies to wool growers.

Carl Boyd, chairman, Twin

Falls county agricultural sta-  
bilization and conservation com-  
mittee, emphasized that a lamb  
producer will be eligible to re-  
ceive a payment on resale of the  
lambos still unshorn or on the  
sale of wool removed from such  
lambos if his program application  
either shows the number of head  
and liveweight of unshorn lambs  
purchased or contains a state-  
ment that he purchased "none."

A complete report on purchas-  
es of unshorn lambs is neces-  
sary, the chairman said regard-  
less of whether the lambs were  
bought for replacement or for  
subsequent sale, and regardless of  
whether or not the seller was  
furnished with a sales document  
enabling him to apply for pay-  
ment on the sale of the un-  
shorn lambs. Likewise, the shorn  
wool application calls for fig-  
ures on the number and liveweight  
of the lambs purchased  
even if any of the lambs are  
later sheared instead of being  
sold as unshorn lambs.

Boyd explained that the lamb  
payments are made under the  
wool program to encourage the  
normal marketing of lambs with  
the wool on and to prevent un-  
usual shearing of lambs.

The payments are determined  
on the basis of the shorn wool  
incentive payment, the average  
weight of wool per hundred  
pounds of lamb, and the value of  
lamb wool in relation to shorn  
wool.

Lamb payments are made only  
on lambs which a producer has  
owned for 30 days or more, and  
the amount of payment is based  
on weight gain of the lambs  
during the seller's ownership.

A complete report on the num-  
ber and liveweight of any un-  
shorn lambs purchased is need-  
ed, therefore, in order to de-  
termine the necessary deduc-  
tions from producers' payments  
equal to the amount of payment  
due the prior owner on the live-  
weight of unshorn lambs sold.

# Farm AND Ranch

Magic Valley's Week-End Farm Paper

SECTION

March 27-28, 1964 Twin Falls Times-News 19

TWIN FALLS CATTLEMEN'S association officers were re-elected by unanimous vote of the membership. From left are Don Ramseyer, Filer, president; Tom Callen, Rogerson, vice president, and C. W. Dalgh, Twin Falls, secretary. The association held its annual meeting at the city hall. (Times-News photo)

## T. F. Delegates Attend FFA Meet

Sixteen members of the Twin  
Falls Future Farmers of Amer-  
ica chapter departed Wednesday  
to attend state FFA convention  
being held in Idaho Falls. The  
convention ends Saturday, re-  
ports John Lawrence, vocational  
agriculture instructor.

Attending are Gary Askew,  
Tom Griffith, Grant Smith, Carl  
Kleinkopf, John Sommer, Wil-  
liam Groves, James Sommer,  
Mike Quesnell, Gerald Carney,  
Rodney Davis, Lyle Fuller, Jim  
Griffith, Terry Sullivan, Duane  
Marshall, Donald Yragui and  
Pat Craig.

Craig, Yragui, Marshall and  
Tom Griffith are serving as dele-  
gates. The balance of the dele-  
gation is seeking state founda-  
tion awards or competing in  
state contests.

HOPS TOTAL GIVEN  
BOISE, March 27 — Brewers,  
dealers and growers in the Uni-  
ted States held 38,250,000 pounds  
of hops on March 1, 1964, ac-  
cording to the crop reporting  
board. This is two per cent above  
the March 1, 1963, holdings, but  
three per cent below March 1,  
1962.

## Mansfield Amendment Is Supported by Cattlemen

Members of the Twin Falls  
Cattlemen's association went on  
record favoring the "Mansfield"  
amendment at the close of their  
annual meeting held at the Twin  
Falls city hall.

Don Ramseyer was re-elected  
to serve as association president.  
Other officers elected are R. H.  
Callen, director; Tom Callen,  
vice-president; Gerald Turner,  
director, and Ed Llerman, di-  
rector.

C. W. Dalgh again will serve as  
association secretary.

In order to attract new mem-  
bers, the association voted to  
change the by-laws and make  
the dues a flat \$5 per member,  
rather than the old assessment,  
which was based on herd total.

The association also voted to  
support the five cent beef pro-  
motion tax.

A delegate will be named to  
meet with the county fair board  
to discuss the improvement of  
sale facilities at the Filer fair-  
grounds. Members pointed out  
that sales at the fairgrounds are  
becoming quite well-known in  
the Intermountain area and,  
while many improvements have  
been made, other improvements  
would aid those promoting sales.

Curtis Eaton and Robert Hend-  
eride, Boise, state association  
secretary, discussed the beef  
import situation and Twin Falls  
county agent Don Youts showed  
a slide on meat consumption  
and population trends furnish-  
ed by the University of Idaho.

Members were reminded that  
brands must be renewed every  
five years and this is the renewal  
year.

There are some 24,000 regis-  
tered cattle brands in Idaho.

## Failure to Increase Beet Sugar Quota Would Result in Drastic Crop Loss

By O. A. (Gus) KELKER  
Times-News Farm Editor

Planting of sugar beets this  
year will be some 100,000 acres  
more than in 1963, but if no  
increase in quota is permitted the  
1965 crop will be curtailed.

This was the warning spoken  
Friday by Jack D. Claiborn,  
Kimberly, president of the Idaho  
Beet Growers association and a  
member of the legislative com-  
mittee of the national associa-  
tion.

He had just returned from  
Washington, D.C., where he had  
met with other segments of the  
industry in an endeavor to line  
up support which would ulti-  
mately result in a quota in-  
crease.

Normal increased consumption,  
because of population growth,  
amounts to an estimated 180,000  
tons a year. Of this amount,  
sugar beets gain some 75,000  
tons and 65,000 tons go to ex-  
pansion in new producing states.  
As a result, under the quota,  
the gain in the local area is  
slight.

The present production, being  
some 400,000 tons in excess of  
quota (for beet sugar), came as  
a result of a directive by the  
department of agriculture that  
there be no sugarbeet acreage  
restriction (a proportionate  
share) on the 1964 crop.

Early in 1963, when the critical  
foreign sugar supply situation  
became alarming, the executive  
branch of government turned to  
the domestic beet sugar industry  
as the quickest dependable source  
of greater production in the pe-  
riod ahead, and the "no acreage  
restriction" on planting was  
made.

"The industry responded with  
immediate and substantial in-  
creases far above existing quota  
levels," Claiborn said.

"This permitted increase was  
a 'stop-gap' situation and un-  
less quotas are raised a drastic  
cut in acreage and production  
will result.

"Unless the basic sugar beet

quota is increased, established  
sugarbeet growers will be faced  
with a 40 per cent cut in acre-  
age," Claiborn declared. "More-  
over, authorization of additional  
new beet sugar factories would  
be out of the question. It would  
be grossly unfair thus to penal-  
ize present growers who have  
contributed so importantly to the  
national sugar supply, and to  
prohibit sugar beet production  
in new areas where the crop is  
so urgently needed."

Consumers benefit materially  
from the beet sugar industry's  
response to the congressional in-  
tent and executive requests, the

## Farm Imports For Japan Face Battle

WASHINGTON, March 27 — Fate of continued U.S. farm imports into Japan rests on the success of competing countries in their stepped-up promotions in that country, plus results of current proposals before the Japanese legislature.

Stiffening competition for the 1.5 billion dollar agricultural market has five other nations bidding for the trade. Australia has increased its budget about 40 per cent more than in 1963 to promote its dairy and livestock products, wheat, processed foods and wine in Japan.

New Zealand, which continues to emphasize dairy, meat and livestock, recently played host to representatives of Japan's dairy industry to show improved methods of using imported milk products in the manufacture of various dairy items.

The Netherlands, Canada and Denmark also are pushing for greater shares of Japan's dairy import demand.

As for chickens, after butting their heads against hiked European common market walls, more U.S. birds flapped their way to Japan. More than seven million pounds of American poultry moved into that country in 1963, compared to only 626,000 pounds the year before.

But a proposal pending before the Japanese diet would construct another chicken tariff wall, effective about April 1, instigated by Jap poultry producers.

INSPECTING construction site of the new Idaho Alfalfa Products plant is Beryl Lemmon, general manager. The new plant is being erected north of the Amalgamated Sugar company factory. The plant will be fully operational sometime this summer depending on weather. Volco Builders is constructing the main building with the alfalfa company doing the work on the balance of the plant. (Times-News photo)

## Congressional Storm Is Brewed by Solons Representing Cattle Country

WASHINGTON, March 27 (AP) — A continuing cow-country and congressional storm over low cattle prices and big beef imports has mushroomed into a major political and economic headache for the Johnson administration.

Senate and House members from cattle-raising and fattening areas are echoing the protests of producers who put much of the blame for low prices on a rapid boom in imports. The congressmen are demanding legislation to cut imports of beef and other meats 50 per cent or more below the record 1963 levels.

But administration officials oppose such action, fearing it might hamper U. S. efforts to pry open overseas markets for grains and other American export crops in areas including the European common market.

U. S. government officials contend that imports were responsible for about 15 per cent of last year's cattle price break, with most of the collapse due to bigger domestic production.

They are trying to put the congressional and grass-roots fires out with remedies milder than those advocated by cattlemen, despite the obvious political risks involved in an election year.

The first formal administration step, following a series of meetings last year with cattle producer spokesmen, was negotiation which produced voluntary import-limitation agreements between the United States and Australia, New Zealand, and Ireland. Talks with Mexican officials about a similar deal also were reported under way.

Last month, with protests from cattlemen still mounting, agriculture secretary Orville L. Freeman announced a second step—a government beef purchase program—in an apparent effort to cool congressional sentiment for stiffer import quotas.

But Freeman's actions and arguments have not convinced groups like the American National Cattlemen's association, which said the administration's voluntary agreements "only temporarily and slightly slowed the rising tide of imports of beef, veal and mutton while leaving lamb shipments unrestricted."

Spurred by such criticism and warnings that many cattlemen might be forced out of business, senate leaders who helped keep a meat quota amendment off the cotton-wheat bill arranged for senate finance committee hearings on separate meat import legislation.

Most prominent among the bills before the committee was one by Senate Majority Leader

Mike Mansfield, D. Mont. This would cover beef, veal, mutton, and lamb, and would cut imports back this year to the 1959-63 average instead of the 1962-63 level used in the administration agreements with Australia, New Zealand and Ireland.

"With every other major nation granting protection to its domestic producers, fair play demands that we do no less for our stockmen," says Sen. Gordon

Steeper cuts are proposed in amendments supported by Sen. Robert F. Kennedy, D. N.Y., and some other cattle state lawmakers. The finance committee, however, is expected to approve some version of the Mansfield proposal. Prospects for senate passage are rated good.

The outlook in the house is less certain. Chairman Wilbur D. Mills, D. Ark., said recently that he had no plans yet for scheduling hearings on meat quota by his house ways and means committee.

Both supporters and critics of new legislation agree that there has been an import boom. Imports of beef and veal (not counting live animals) jumped from 618 million pounds in 1957 to nearly 1.3 billion pounds in 1963. Imports dropped in 1960 but then bounced back to nearly 1.7 billion pounds last year.

But there is sharp disagreement on how far the import cut-back should go, on whether unilateral U. S. action would upset other trade prospects, and on how much help stockmen would get from a deeper import cut.

"Time is of the essence," says Sen. Jack Miller, R. Ia. "Stockmen have already lost hundreds of millions of dollars."

USE OFFSETS RISE  
WASHINGTON, March 27 (AP) — Department economists said the use of hired farm labor decreased enough in 1963 to offset higher wage rates. Total farm wage bill appears to be stabilizing at around three billion dollars a year.

Supplies of frozen poultry on March 1 were 319 million pounds, 10 per cent more than a year earlier, and 12 per cent above average. Stocks of turkey were 139 million pounds.

Cold storage holdings of butter were 183 million pounds, 41 per cent under a year earlier but 80 per cent above average. Cheese holdings were 255 million pounds.

## Idaho Price Index Is Unchanged

BOISE, March 27 — The Feb. 18, 1964, index of prices received by Idaho farmers was 240 per cent of the 1910-14 average, according to the crop reporting service.

This was the same as the Jan. 15, 1964, index, but was five per cent, or 13 points, below the February index of a year ago.

An increase from last month in the All Crops index was offset by a decline in the livestock and livestock products index.

The All Crops index at 214 per cent was one point above the Jan. 15, 1964, index, but 18 points below the level of February, 1963.

Compared with a month earlier, higher average prices were received for alfalfa hay, potatoes and alfalfa seed.

Partially offsetting were lower average prices for red clover seed and dry beans. Average prices received for all other crops in the index were unchanged from a month earlier.

The Livestock and Livestock Products index for Feb. 15, 1964, was two points below the index for a month earlier and seven points below the index computed for Feb. 15, 1963.

Compared to a month earlier, higher average prices for lambs were more than offset by lower prices for cattle, hogs, chickens and butterfat. Wool and eggs remained unchanged.

The broiler-feed price ratio at 1 for Feb. 15, 1964, is the same as a month earlier but less favorable to the producer than the 3.5 computed for Feb. 15, 1963. The egg-feed ratio at 10.3 is down slightly from the 10.4 computed for Jan. 15, 1964, but above the 9.9 of Feb. 15, 1963.

## Work on New Alfalfa Plant Continues Despite Weather

Despite cold and wet weather, work is progressing well at the site of Idaho Alfalfa Products new processing mill. The mill, when completed, will manufacture alfalfa pellets and other alfalfa products.

The site is located north of the Amalgamated Sugar company plant, east of Twin Falls, on a 10-acre site.

Present plans call for the construction of two buildings and three storage tanks plus the dryers, said R. Beryl Lemmon, general manager.

The plant is designed to expand readily in that other dryers and storage tanks can be added without interrupting ordinary plant work. Crews from Idaho Power company and Intermountain-Gas company were busy this week installing utility service to the new plant.

The new plant involves a \$235,000 investment and should be operational sometime this spring, depending on weather.

Lemmon said he expects the plant to be fully operational before the summer season sets in. However, cold weather has delayed the ordering of some of the machinery, which is now starting to arrive.

Prime building contractor is Volco Builders supply, with Idaho Alfalfa Products handling the sub-contracting.

Present plans call for a work force of an estimated 17-18 persons, with possibilities of 25 being employed if the plant reaches full capacity.

## Idaho Envoy To Council Is Announced

IDAHO FALLS, March 27 — Mrs. R. L. Henderson, chairman of the committee on family life for the national extension home maker's council, will represent the council at the national conference on homemaker services at Washington, D.C., April 29 to May 1.

The assignment was announced today by Mrs. Dorothy

Stephens, assistant state demonstration leader in University of Idaho extension to the Idaho Home Demonstration Council.

Mrs. Henderson is a home demonstration council member and is now on the national board. The Washington program is a conference of about 100 persons focusing attention on two objectives: The development of homemaker services, increasing awareness of available and providing a national forum for discussion of matters of professional interest.

## Team and Sled Are Common Sight on Richfield Farms

**RICHFIELD, March 27** — The sled and team used by two Richfield men has become a common sight this winter as they travel over hay or go to feed stock on their horses in the village. The men are Carl Robinson and Bruce Sorensen.

They have used the sled-runners hay rack and team over two and one-half months this year. Both hauled hay, in their separate operations, several miles each day. Robinson also uses the sled for feeding-range stock of heavy Wilcox, a Boise resident and Richfield ranch owner.

The men now are using a team of colts they have broken for work after driving a team owned by Eugene Faddis most of the winter. They worked one of the sleds with one of Faddis' horses during the breaking process.

One of Richfield's old timers, Robert Speedy, is too smart to be caught without a team. He has had one ever since he started farming here in 1911. He thinks it's easier to use a team.

He calls to his team and they move or stop while he throws off the feed. A tractor doesn't work by talking to it, says Speedy. He also has plenty of range land where they spend the rest of the year while his sheep are on pasture. Speedy's sled is one purchased from Glen Caldwell, who retired from ranching after 25 years at Richfield and moved to his Shoshone residence.

Orin Cappe, Richfield road commissioner and chairman of the board, is proud of his saddle horses, which double as work team when he needs them. They are quarter horses. Heber Kelly, a north Richfield farmer, also is using his quarter horse saddle stock for a team in this emergency.

Mr. and Mrs. Del Haslem, far northwest ranchers, broke two bronco, young colts, for a team this winter. Another of their colts teams was loaned to the Morgan brothers, recent newcomers to

## University Has 500 Tree Orders

**UNIVERSITY OF IDAHO, Moscow, March 27** — Nearly half a million trees will be distributed in Idaho this spring by the forest nursery on the University of Idaho campus. About 500 orders of 463,000 seedlings of 21 species were received by the March 10 deadline. Vernon Bursillon, extension forester, reports.

Evergreens were a sell-out, he said. There are more requests for evergreens than for deciduous trees. That's an about-face from the situation 15 years ago. It used to be, Bursillon added, that deciduous species accounted for about 70 per cent of the total.

The little trees are made available for windbreaks, wildlife habitat, erosion control, and Christmas tree plantations. They will be delivered to county agents on the basis of prior requests by individuals. The first shipment will go to western Idaho late in March. Others will be delivered in April and May.

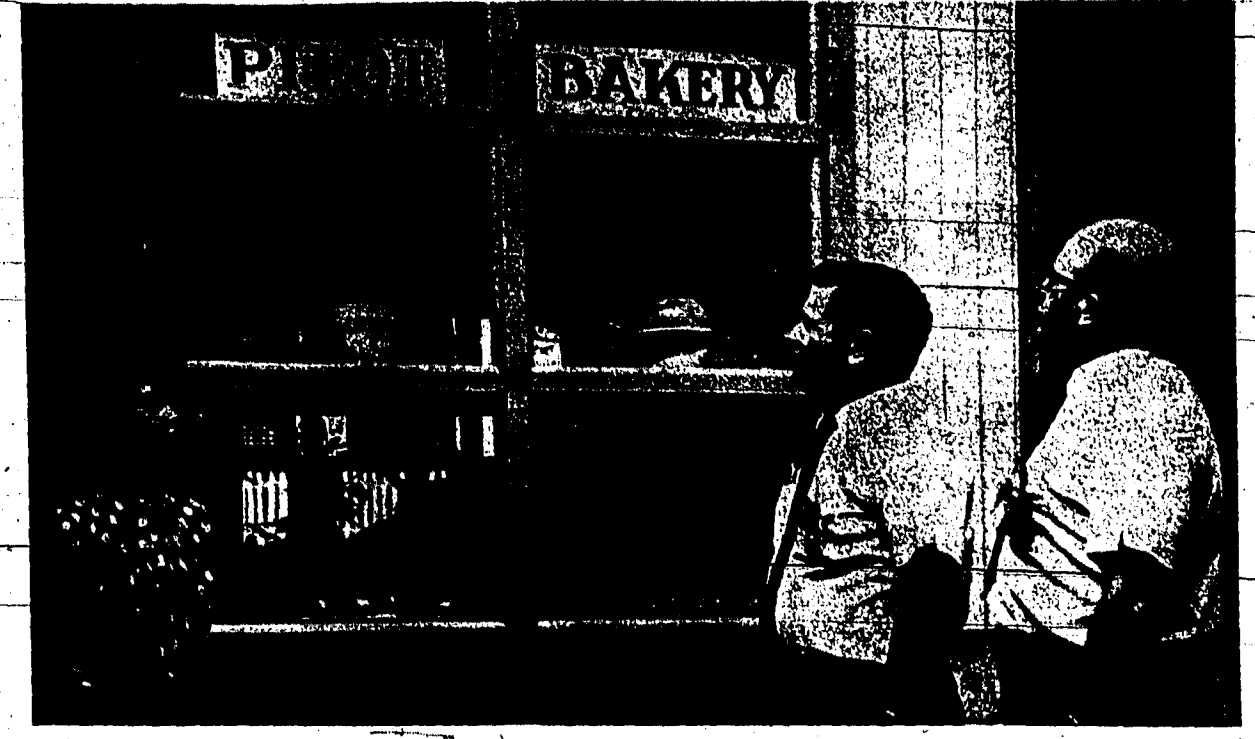

horse and both had been used to pack animals by Barney on hunting trips.

Wendell Johnson said he and his father, Dick Johnson, and brother, Frank Johnson, prefer raising their own horses, as do many other cattlemen on the Richfield tract. Using only saddle horses for the past 10 years has put many farmers in the position of not having work horses available.

Many horses are too old to stand the hard pulling winter. Johnson says he hasn't seen any wide track sled runners used by the late W. J. Tapper, early settler in Richfield and former state senator. Tapper would put two teams of horses on the heavy sleds and manage that way in the muddy seasons, too.

Many Richfield people remember the horse-drawn school buses used in the early days of Richfield, especially during the bad winters. Last such buses were run for about a month in northwest Richfield 11 years ago. All have since disappeared and the old bus barn torn down at the school house years ago.

Some of Richfield saddle horses not used as work horses yet include two ridden by Becky and Blaine Sorensen while they deliver papers, and the Carl Robinson children who pull sleds with their riding horses.

**IDAHO WHEAT COMMISSION Administrator Harold West, right, inspects a plot bakery for promotion of U.S. wheat in the Philippines. The project is one of many conducted by Western**

**Wheat associates to promote consumption of U.S. wheat in the Far East. With West is Gene Vickers, Western Wheat associates representative, Manila.**

## Idaho Wheat Administrator Views Far East Situation

**BOISE, March 27** — Wheat of the United States is helping to feed thousands of refugees from communist China who have fled to Hong Kong, reports Idaho wheat commission administrator Harold West.

West, in the midst of an inspection tour of wheat market promotion activities in the Far East as a representative of Idaho wheat growers interests, said U.S. wheat used in noodles and bulgur was helping to feed about half of the Hong Kong population of six million.

"At this moment," West said, "this is a relief program through CARE, Church World Service, Catholic Relief services and other

such agencies, but wheat and agricultural representatives from the United States are optimistic about the Hong Kong cash becoming a substantial market."

West described visits with officials of the various relief agencies, including the Rt. Rev. John Romaniello, director, Catholic Relief services in Hong Kong. Monsignor Romaniello, West said, is credited with the idea for using surplus U.S. wheat flour, which the refugees did not know how to cook in the manufacture of noodles, a nutritious and easy food with which they were familiar.

Monsignor Romaniello started his first noodle-making plant in 1957, West said, and now has several noodle-making machines in the area. His program is feeding in excess of 12,000 needy daily. His noodle sacks are marked "Donated by the People of the United States."

Children's Meals, Inc., prepares 11,000 meals to be served as school lunches each day, West said. This program uses a combination of rice and bulgur, the wheat portion supplied by CARE. Other agencies West visited which use wheat products to feed the starving of Hong Kong were the Lutheran World service and the Christian Children's Fund, Inc.

Before returning to the United States, West is scheduled to visit cities in India and Pakistan where he will view more results of wheat promotion in what are now relief areas using surplus U.S. grain through Food for Peace.

## Many Groups Use Private Idaho Land

BOISE, March 27—A survey shows 188 urban or rural-urban organizations with memberships totaling 227,465 are leasing or otherwise using 24,754 acres of privately owned rural land in Idaho for outdoor recreation, said Lee T. Morgan, state conservationist, U.S. soil conservation service here.

Groups using land under lease or permit arrangements include sportsmen, youth and church groups, employe associations, skiing, swimming, hiking and other recreational groups and private and fraternal clubs.

More than 2,370 land owners or operators are involved, 286 of whom are receiving income from recreational use of their land, Morgan said.

SCS and Idaho's 54 soil conservation districts took part in a recent national survey of recreational use of private land, Morgan said. The survey showed more than 51,500 organized groups with 8.9 million members lease or have permits to use 39 million acres of privately owned land for outdoor recreation, according to an announcement by Secretary of Agriculture Orville L. Freeman.

Better than 27,000 of upwards of 47,000 land owners and operators receive some kind of income or other return, Freeman said.

In 60 of the instances of recreation use in Idaho, Morgan said, some degree of assistance was provided by technicians of the SCS in soil and water conservation developments on the land itself.

The secretary of agriculture said the survey shows that "use of private lands for outdoor recreation developments to solve some of the growing needs of our society is a step in the right direction."

## Fed Cattle Are Strong at T.F. Market

Fed cattle sold strong to 25 cents higher during the Twin Falls Livestock Commission company sale Wednesday. Cows were slow to 50 cents lower. Holstein steers were steady with medium weight and heavy feeders active to 25 cents higher. Due to large shipments of calves from California and Oregon, local calves were lower.

Fed steers, Franklin Sharp, \$11.70, 1,157 pounds, and \$11.10, 1,288 pounds; Eugene Lay, \$10.50, 1,130, 918 pounds, and Paul Moseley and son, Jerome, \$10.70, 1,056 pounds.

Feeder steers, George Arkosh, Gooding, \$12.40, 540 pounds, and \$11.30, 776 pounds; Ralph Baughman, Buhl, \$12.20, 561 pounds, and Leo Nancolas, Jerome, \$10.10, 685 pounds.

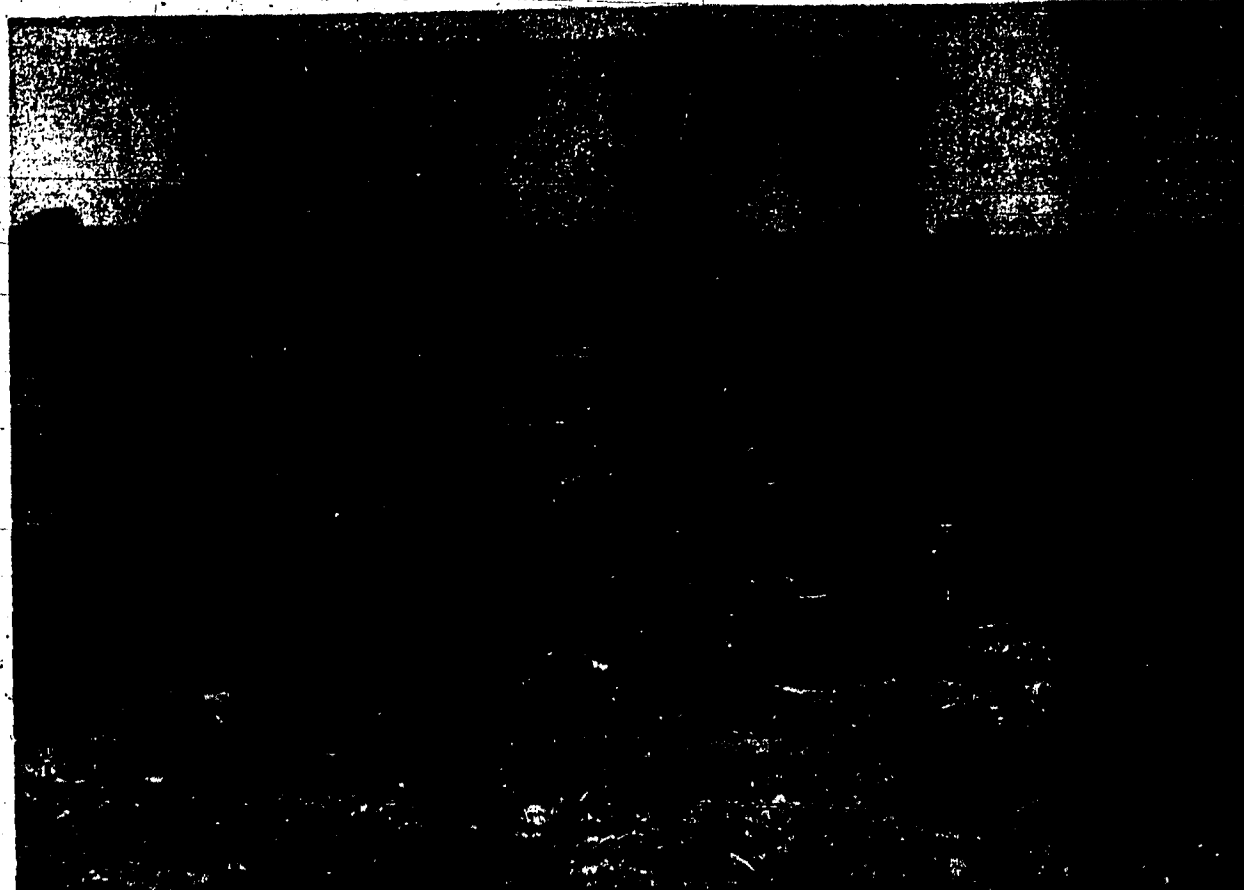

Steer calves, George Queanell, Kimberly, \$27.50, 303 pounds, and \$27.25, 361 pounds; Rose D. Allen, Twin Falls, \$27, 395 pounds, and \$26.50, 440 pounds, and Frank Clark, Castleford, \$24.80, 354 pounds.

Heifer calves, George Queanell, \$24.10, 306 pounds; Frank Clark, \$23.20, 353 pounds, and \$22.40, 419 pounds; George Arkosh, \$22.80, 381 pounds, and Glenn Nelson, \$22.75, 306 pounds.

Good to high choice steers, 19.50-22.20; commercial to low good, 18.50-19.50; utility cows, 12.50-15.00; fed Holstein steers, 15.00-18.00.

Good to choice heifers, 19.00-21.00; commercial to low good heifers, 16.50-18.00; utility heifers, 13.50-15.00; commercial cows, 13.50-15.25; utility cows, 12.00-13.50; canners and cutters, 8.00-11.00; commercial bulls, 16.00-19.25; utility bulls, 15.00-15.50; light bulls, 12.00-15.00.

Heavy feeder steers, 18.50-20.50; light feeder steers, 20.00-22.50; common quality steers, 15.00-17.00; Holstein steers, 14.50-18.00; poorer grade steers, 11.00-13.00; heavy feeder heifers, 17.00-18.50; light feeder heifers, 15.50-18.00; common heifers, 12.00-14.00; steer calves, 24.00-28.00; common quality steer calves, 20.00-22.00; heifer calves, 22.00-26.00; vealers, 22.00-27.00; and feeder cows, 10.00-13.00.

about this time of year. Harris, Twin Falls county Farm Bureau president, is typical of many Magic Valley farmers and ranchers who are waiting for the weather to break. (Times-News photo)

## Drastic Loss Foreseen in Sugar Quota

Continued from Page 19

Both the volume and price of beet sugar helped keep U.S. prices of imported raw sugar lower than many other countries had to pay for the same sugar. By saving millions of dollars for U.S. consumers in 1963, the beet sugar industry was continuing its tradition of serving consumers. Beet sugar never sells for more than cane sugar and usually sells for less.

A bill to increase the amount of domestic beet sugar and mainland cane sugar which may be marketed during 1964, 1965 and 1966 was introduced in the Senate Thursday. Rep. Ralph Hardestad and Rep. Compton White, both Idaho, introduced a companion measure in the House.

"Reception seems favorable by senators and congressmen from beet growing states, but there still is strong opposition," Claiborn warned.

One portion of the bill just introduced states that "the increases in quotas herein authorized shall be deducted from the quantity of sugar which may be authorized for purchase and importation from foreign countries."

Claiborn points out that a world surplus of sugar no longer exists. World reserve stocks of sugar, large in mid-1962, are now almost non-existent. Even if talked-of increases in foreign production eventually are realized, it will take time and a vastly improved investment climate.

"A 40 per cent cut in acreage would be disastrous for beet sugar growers," the organization head concluded.

## Cold Weather Is Delaying Start of Farming in Area

That old nemesis weather is back this spring plaguing Magic Valley farmers and ranchers. A year ago rain and cold kept many farmers and ranchers out of the fields. As a result, it was one of the "weediest" years on record.

This spring, cold, wet ground is again keeping many farmers out of the fields. Usually by this time of year the fields are active with farmers plowing, spreading manure and harrowing seedbed. Occasionally a farmer can be seen plowing or spreading commercial fertilizer, but for the most part the fields are quiet.

There may not be enough hours in the day for the farmer to get his ground ready for planting unless the cold snaps. Farmers who fall-plowed are in the best shape at present.

Should the cold snap end, it would take almost 10 days of drying winds to permit the farmer to enter the field. Ten days from now would put the farmer well into April, which normally is planting time for area farmers.

Oddities with the weather sometimes force the farmer to make changes in his program for the year. All of the best estimates the agriculture department can make could be tossed into a cooked hat by the weather.

According to Charles Harris, president, Twin Falls County Farm Bureau, the farmer has enough problems. For example, the farmer plots out his program and sometimes this leads to splitting fields to comply with certain programs. Along comes Mother Nature and decides what

## Reseal Program Is Announced

WASHINGTON, March 27 (AP)

The department of agriculture has announced a reseal program under which farmers can continue price support loans on five farm-stored grains after loan maturity dates in 1964, and earn storage payments.

The department said farmers in many areas will be able to reseal 1963-crop wheat (except durum), corn, barley, oats, and grain sorghum currently under farm-stored loans. In addition, loans on 1960-crop wheat and corn, 1961-crop wheat, corn, and grain sorghum, and 1962-crop barley, wheat, corn, oats, and grain sorghum now under resale may be extended for another year.

Increased acreage in many crops might result simply because the weather wouldn't permit the planting of the desired crop.

## Diazinon controls potato wireworms—without residue problems

Now there's a soil insecticide that not only ends wireworm damage but eliminates worries about safety and residues at the same time...Diazinon.

Proved control

Just recently accepted for wireworm control by the Pesticide Regulations Division of the U.S. Dept. of Agriculture, Diazinon provides outstanding protection against this destructive soil insect. Extensive field tests have proved it. Diazinon stops the wireworm attack...both to seed pieces and to the developing tubers.

No residue problems  
In addition to effective control, Diazinon eliminates the problem of residues. Applied before or at planting time, there will be no Diazinon residues in your crop at harvest.

Safe to use

Diazinon is safe to handle and apply. Tests in U.S. Public Health Service laboratories prove it. They show that Diazinon is safer than most of the soil insecticides potato growers have used in the past...far safer than other organophosphate insecticides recom-

mended for potato wireworm control.

Easy to work with

Diazinon is available in a number of formulations—wetttable powder, emulsifiable concentrate and granular. This means it will work in all standard equipment and fit any program you decide on. You can broadcast Diazinon either as granular or as a spray, or apply it in combination with fertilizer prior to planting. Or you can put it on as a band application as you plant.

Plan on Diazinon for effective wireworm control this season and you'll solve the residue problems at the same time. Ask your supplier for details.

Geigy Agricultural Chemicals, Division of Geigy Chemical Corporation, Saw Mill River Road, Ardsley, N.Y.

## Paul Dairy Farm Rates in Butterfat Production

RUPERT, March 27—Hillcrest Dairy farm, Paul, received top honors in butterfat production in the Minnesota unit three Dairy Herd Improvement association, during February, according to S. T. Crandall, unit supervisor.

The Hillcrest herd of 118 Holsteins topped the herd competition with averages of 1,076 pounds of milk and 44 pounds of butterfat—per cow and also claimed the top three individual producers for the month.

Hillcrest's No. 89 was high in the unit with 109 pounds of butterfat from 2,020 pounds of milk at a 5.4 test, while two other cows in the herd were second and third with 90 and 88 pounds of butterfat respectively.

According to Crandall, a total of 645 cows from the 18 herds in the unit produced 882,129 pounds of milk and 22,101 pounds of butterfat for averages of 916 pounds of milk and 35 pounds of butterfat per cow. A total of 136 cows produced at least 40 pounds of butterfat during the month.

Highest cows in the association other than No. 89 owned by Hillcrest Dairy farm included No. 131, also owned by Hillcrest, producing 90 pounds of milk at a 5.2 test; No. 21 owned by Hillcrest, produced 88 pounds of milk at a 5.4 test; Hester, owned by Lester E. Roy, produced 82 pounds of butterfat from 1,740 pounds of milk at a 4.7 test.

Other high cows were Holly, owned by Lester E. Roy, producing 80 pounds of butterfat from 1,770 pounds of milk at a 4.5 test; No. 181, owned by John Thain, produced 79 pounds of butterfat from 2,330 pounds of milk at a 3.4 test; Roale, owned by Jack Hillerbrand, produced 78 pounds of butterfat from 2,130 pounds of milk at a 3.7 test.

Tune, owned by Jack Hillerbrand, produced 78 pounds of butterfat from 2,380 pounds of milk at a 3.3 test; H-10, owned by John Thain, produced 77 pounds of milk at a 3.4 test, and No. 7838, owned by William Tanner, produced 75 pounds of butterfat from 2,070 pounds of milk at a 3.8 test. All high cows were Holsteins.

Highest herd averages other than the 118 cow herd owned by Hillcrest were the 25 Holstein cows owned by Jack Hillerbrand producing an average of 43 pounds of butterfat from an average of 1,163 pounds of milk.

42 Holstein cows owned by Leo Dudley produced an average of 39 pounds of butterfat from 933 pounds of milk, average; 23 Holstein cows owned by Ralph Jorgensen produced an average of 37 pounds of butterfat from 1,055 pounds of milk and the 23 Holstein cows of Lester E. Roy produced an average of 37 pounds of butterfat from an average of 945 pounds of milk.

YIELD IS BETTER

FARGO, N. D., March 27—In addition to better quality and yield, fertilized grasses usually start growing five to 10 days ahead of unfertilized grass, reports the North Dakota State university college of agriculture.

## Increase Is Coming in Vegetables

WASHINGTON, March 27 (UP)—The crop reporting board said the crop of vegetables is expected to increase production of 22 kinds and types this year.

Prospective production of seed peas is down 55 per cent, all sweet and non-sweet, down 21 per cent and seed down one per cent. The total of all other kinds and types is up one per cent more than a year ago.

The board said a total of 118,000 acres would be harvested this year. This includes 52,800 acres of smooth and wrinkled peas, 10,000 acres of beans, 7,000 acres of corn and 27,617 acres of all other kinds and types of vegetables.

This compares with a year's total of 135,687 acres. The board said decreases in production of 30 per cent or more in last year were indicated for lima beans, Chinese cabbage, chlorey, open pollinated kohlrabi, smooth peas, shelled peas, pumpkin, winter squash and rutabaga.

Other reductions of 10 to 20 per cent included dwarf wax beans, non-sweet corn, sweet corn, cucumber, leaf lettuce, muskmelon, radish, parsnip and radish.

Increases were expected for onion, beet, Swiss chard, onion, parley, cabbage, eggplant, leaf lettuce, pepper, salady, turnip, pole beans, eggplant, cauliflower, leek and heading lettuce seed.

## Promotion Aids Soybean Sales

WASHINGTON, March 27 (UP)—The foreign agricultural service credits the American Soybean Association with an important role in the record-breaking export of U. S. soybeans to Japan in 1963.

The 144 million dollars soybean exports had the highest value of U. S. commodity sold to Japan last year. Soybean exports totaled 13 million metric tons, up from 12 million in 1962.

AS said that the American Soybean Association cooperated with 14 Japanese industry and government groups to carry out a wide range of promotion activities in behalf of soybeans.

## USDA Eyes Tourist Dollar as Means Of Boosting Farm Income With Plan

WASHINGTON, March 27 (UP)—The tourist dollar is a much sought after coin. The effort to attract the dollar from the tourist is a continuing one. The goal is to get the buck never stops.

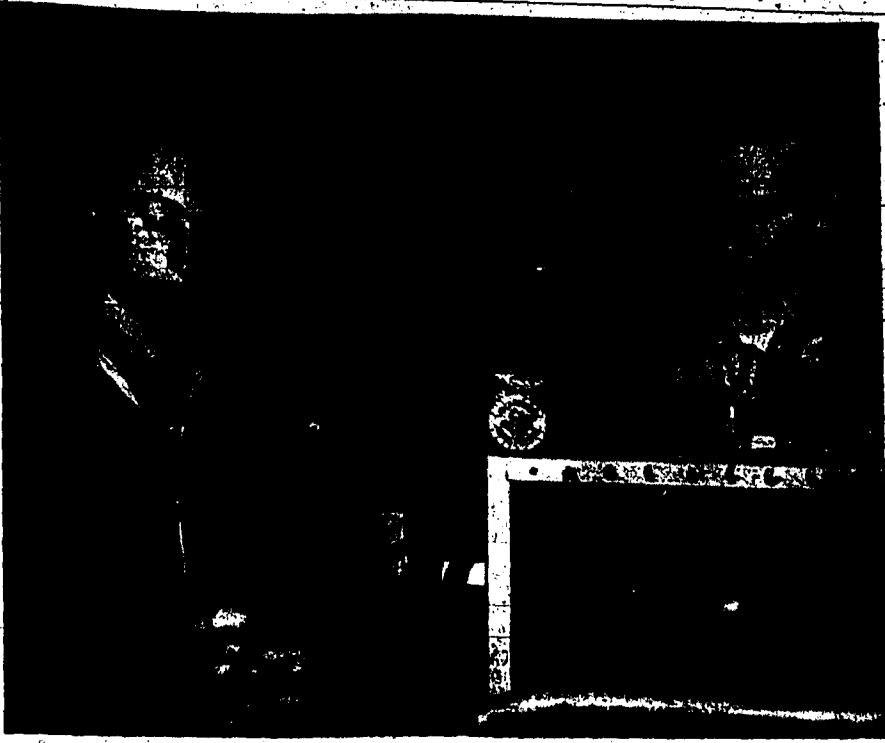

It is only the intensity of the effort that varies, usually seasonally. The agriculture department has used the concept of the tourist dollar as a means of increasing farm income and attracting what the administration calls "pockets of poverty."

The department is attempting to show farm families how to make money by providing vacation facilities for their urban neighbors—at a price, of course—of the same time-wasting skilled rural hosts to city vacationers of certain pitfalls. Money-making enterprises, that is.

A recent economic research service study showed that many farmers simply were not prepared for the kinds of problems they met in the recreation business. ERG said most of the operators seriously underestimated the amount of work involved.

"The farm vacation business, however, shows so much potential that enterprises in the cities are interested. For example, there is an outfit in New York called Farm Vacations and Holidays, Inc. It provides a free brochure containing "Questions and Answers on Farm Vacations." For a price, it provides a current farm vacation guide built around the new farm crop called "guesting."

The department's advice to would-be operators of a farm vacation business includes these questions: Are you near enough to prospective guests? Can you

FARM MECHANICS CONTEST winners examine cutting torch. Valley high school won the North Magle Valley district contest, which was held at Hagerman. Team members are, from left, Roger Johnson, Gary Hall and Don Fife. (Times-News photo)

## Production Of Wood Is Slumping

WASHINGTON, March 27 (UP)—Production of wood in this country declined in 1963 for the third consecutive year despite government efforts to encourage a greater output through an incentive payment program.

Last year's production shrank and pulled wool was reported by the agriculture department to be down 287 million pounds, or 10 per cent from 1962. Peak production in recent years was 290 million pounds in 1960.

Production of pulled wool—that taken from hides of slaughter animals—totaled 28.8 million pounds, also down four per cent from 1962.

Unstable prices of lambs and sheep for slaughter have been an important factor in the decline in wool production. The department estimated the producer value of last year's crop of shorn wool at 115 million dollars, down 3.5 million dollars from 1962.

## Valley FFA Farm Mechanics Team Wins District Event

HAGERMAN, March 27 (UP)—A three-man team from Valley high school won the North Magle Valley Future Farmers of America district farm mechanics contest held here.

Valley edged second place Jerome high school. Jerome led in most of the judging categories, but fell down in one event, which permitted a well-balanced Valley team to walk off with the honor.

The contest is broken down into several categories, including tool identification, welding, tool sharpening and rafter cutting. Some 90 tools were displayed and contestants were required to properly list the correct name of each tool. For example, there were two kinds of claw hammers, files, sockets, valve pullers and the final phase was the accurate reading of a micrometer.

In the welding section of the contest a participant is required to weld a piece of steel vertically to another piece of steel. Several welding positions are required to undertake this task.

Tool sharpening consisted of sharpening a chisel on a grinder.

One of the requirements was it must be hollow ground. Soldering of two wires made up still another section of the contest.

The final phase was rafter cutting. Working marks on the lumber must be left on the boards for the judges' inspection. Host school Hagerman finished third in the contest.

## Wind Damage Reported by Soil Service

WASHINGTON, March 27 (UP)—The soil conservation service estimates land damaged by wind erosion in 192 counties in the Great Plains states from Nov. 1 to March 1 totaled 2,097,437 acres.

This is 1,177,729 acres more than the 819,708 acres reported damaged in 197 counties in the same general area a year ago. The service said land damaged this season includes 1,897,932 acres of cropland, 190,300 acres of rangeland, and 49,025 acres of other land. The Northern Plains reported 365,267 acres damaged and the Southern Plains 1,732,170 acres. Colorado reported the greatest acreage damaged—1,259,000 acres.

AVERAGE IS 52 POUNDS WASHINGTON, March 27 (UP)—Americans consumed an average of 52 pounds of milk in ice cream and other frozen dairy products in 1963, the U. S. department of agriculture reports.

## Livestock Farmer's Cash Receipts For 1963 Fail to Match 1962 Level

WASHINGTON, March 27 (UP)—Cash receipts by farmers for livestock in 1963 were about a half-billion dollars below 1962, according to the agriculture department's review of the farm income situation.

The department said lower prices to farmers for cattle and calves, and hogs led to the 500 million dollar decrease in cash receipts for meat animals, despite an increased volume of marketings. Meat animals make up about three-fifths of cash receipts from farm marketings of livestock and livestock products.

Cash receipts for all farm marketings in 1963 totaled a whopping 36.2 billion dollars. This was about 325 million dollars, or one per cent, more than in 1962.

## Knoll Grange Has Guests At Meeting

Twenty-eight members of Fairview Grange were guests at the Knoll Grange meeting Tuesday evening. The Fairview Grange presented the program.

"The Easter Parade" and "When It's Springtime in the Rockies" were sung by a mixed double quartet. The latest in designs in gowns and hats were shown in an Easter fashion show and parade by 10 men.

A pantomime to a recording of the Beatles was presented by four women known as the "Termites." Mrs. Frieda Richmond, lecturer, prepared the program and Mrs. Harvey Sharp reminded the members of the annual membership meeting of the Twin Falls Canning Kitchen April 2.

Mrs. Bryan Platt announced that spring cleanup day for the Knoll Grange hall will be April 4 and asked for volunteers. The program was concluded by the double quartet, which sang an Easter hymn.

Pie was served by the home economics committee. The next meeting will be held at 8 p.m. April 14.

An increase volume of marketings more than offset a slight drop in farm prices. Receipts from livestock and livestock products dropped about two per cent in 1963 to an estimated \$19,842,000,000. Receipts from crop marketings were record high in 1963 at \$16,706,000,000, up five per cent from 1962.

The department said cash receipts from farm marketings last year were above a year earlier in south central, south Atlantic, and Western regions of the country and little changed in the north Atlantic and east north central regions.

Cash receipts were lower in the west north central region. The increase from a year earlier was largest in the south central states because of substantial gains in Louisiana, Mississippi, Arkansas and Alabama. The decline in the west north central region was attributed largely to lower receipts in Kansas, South Dakota, Nebraska, Iowa and North Dakota.

Ranked on the basis of total

## Consumption Of U. S. Beef Is Estimated

WASHINGTON, March 27 (UP)—Agriculture department economists have estimated that by 1968 each American will be eating 106 pounds of beef and veal. "During 1963," the department said, "we ate 100 pounds. To make room for more beef we probably will eat less pork."

The economists suggested chicken and turkey should be on the menu often in 1968. Use per person has been projected to 40 pounds compared with the 38 pounds consumed per person last year. The projectionists estimated fewer eggs will be consumed per capita in 1968 than in 1963.

Smaller quantities of dairy products probably will be used per person in 1968, the economists said. This decline applies particularly to butter.

## Idaho Wool Production Decreases

BOISE, March 27.—The 1963 shorn wool production in Idaho is estimated at 9,587,000 pounds, according to the crop reporting service.

A crop this size is two per cent below the 1962 crop of 10,069,000 pounds and six per cent below the 1957-61 average of 10,471,200 pounds.

The average price received for shorn wool during the April, 1963, through December, 1963, period was 50 cents, compared to 49 cents during the 1962 marketing season, April, 1962, through March, 1963.

The value of the 1963 clip is placed at \$4,944,000, compared to \$4,934,000 for the 1962 crop and the 1957-61 average of \$4,551,000.

The average fleece weight in 1963 is estimated at 10.2 pounds—the same as for 1962 and compares with the five-year average of 10.1 pounds.

The number of sheep shorn in 1963 is estimated at 970,000 head, compared to 984,000 head in 1962 and the five-year average of 1,037,200 head.

Production of shorn and pulled wool in the United States in 1963 amounted to 367 million pounds, grease basis. This is four per cent below the 1962 production of 379 million pounds.

Shorn wool production in 1963 totaled 238 million pounds, a four per cent decline from the 1962 production of 249 million pounds. Shorn wool production in 1963 is equivalent to 107 million pounds, clean basis, compared with 112 million pounds in 1962.

Pulled wool production in 1963, at 28.5 million pounds, was four per cent below the 1962 production of 29.9 million pounds. Production of pulled wool in 1963 was equivalent to 21.6 million pounds, clean basis. The 1962 production on a clean basis was 22.4 million pounds. Commercial slaughter of sheep and lambs during the year was six per cent below 1962 slaughter.

The average weight of wool pulled per skin was 3.32 pounds, compared with 3.3 pounds in 1962.

Sheep and lambs in 1963 totaled 27.9 million head, a six per cent decrease from the 29.5 million head shorn in 1962. The 1963 fleece weight at 8.55 pounds compared with 8.44 pounds in 1962.

The average price received by growers for shorn wool from April, 1963, through December, 1963, was 48.4 cents per pound. In 1962 the average price per pound of wool produced was 47.7 cents.

Total value of shorn wool produced in 1963 was 115 million dollars, a decrease of three per cent from the 1962 value of 119 million dollars.

**65 PER CENT USED**  
WASHINGTON, March 27 (AP)—Total consumption, or disappearance, of the 1963 fall crop potatoes from time to harvest to March 1 was 128 million hundredweight, or 65 per cent of production, according to the crop reporting board.

CLEAN DINNER PLATE might be used to describe a livestock feeding area on a farm between Gooding and Wendell. Farmers in the area who feed livestock from a hay wagon or sled often clean off a piece of pasture so that animals won't have to flounder in heavy snow while trying to eat. The result is less feed wasted and more feed consumed, and the animals can gain more because energy isn't spent floundering through the snow at mealtime. (Times-News photo)

## Medicine from Plants Is Researched at Utah School

LOGAN, March 27.—Scientific ways of seeking medicine in plants are being used by graduate students in the department of chemistry at Utah State university.

Dr. Frank R. Stermitz explains the work of obtaining alkaloids and medicines that can give people relief from pain. His article is in the new Utah Farm and home science, published by the Utah State university agricultural experiment station.

One method the students are using consists of choosing plants which are botanically closely related to those known to contain useful alkaloids. They are seeking drugs in varieties of poppies related to the one which contains morphine and several other pain-killing drugs. One is a red flowering poppy that can be seen growing profusely west of Logan.

Another is a white poppy with prickly leaves. It is found in some of the more arid regions of the state or along excavated road banks.

The studies also deal with plants which are known to be poisonous. Dr. Stermitz says that often the difference between a useful medicine and a poisonous substance depends upon the amount of material taken. Also a chemist can often modify the poison chemically and transform it into a useful drug.

The USU studies include several poisonous plants found on Utah ranges. For example, white loco weed which causes large livestock losses to ranchers in the Intermountain West has been found to contain three alkaloids.

In their basic studies, researchers also are trying to determine what types of reactions the plant uses to make the alkaloids in the first place. This is investigated by using radio-active tracer compounds which can be followed as they are converted in the plant into alkaloids.

Dr. Stermitz emphasizes that many people can now have hope of relief from pain because of certain medicines which have been obtained from plants. These are medicines such as morphine, each compound is a separate alkaloid, quinine, and vincaine—garden variety plant.

## ACTION GRASS TETANY

CATTLE AND SHEEP MEN'S most feared problem in the Spring while grazing on CRESTED WHEAT and other fast growing GRASS FIELDS . . .

Now available—Our NEW IMPROVED H170 FORMULA for Aid in the Control of GRASS TETANY DISEASE.

For best results feed H170 Formula for 30 to 60 days before stock are to graze on CRESTED WHEAT FIELDS and continue feeding H170 FORMULA on the CRESTED WHEAT FIELDS from 30 to 60 days during the Stress Period when the GRASS TETANY is most prevalent.

"I'll never go back to concrete after using USS Irrigation Headgates."

LES THOMPSON, MALTA, IDAHO

Last year Les Thompson installed 25 USS Irrigation Headgates on his 4,000 acres of beets, potatoes, and hay. "My USS Irrigation Headgates saved me installation time," says Les, "as well as reducing actual irrigation labor. USS Headgates are simple to operate, and they work perfectly. I'm convinced they're the best kind of permanent structures. They're easy to move or redesign, too."

The USS Irrigation Headgate is a pre-engineered unit built from three standard galvanized steel panels that

can be combined with a chute and gate to form a single or multiple channeling of almost any size or shape. Because the panels are standard and interchangeable, you can easily modify structures, or remodel them and move them to a new location. All components are made of long-lasting, heavy-gauge galvanized steel.

Installation is easy. You don't have to measure and cut lumber, build forms, mix concrete, or wait for curing. With USS Irrigation Headgates, just select the size, bolt the panels together, install the unit, backfill—and turn loose the water. Ask your local dealer about USS Irrigation Headgates. USS is a trademark.

## 48 Cows in Gooding Area Make Record

GOODING, March 27—During February, 48 cows in the Gooding, Lincoln, Jerome Dairy Herd Improvement association unit one produced 60 or more pounds of butterfat, according to Sam R. Gardner, official tester for the unit.

The top cows included Holly, grade Holstein owned by Kurt Westendorf, Gooding, 102.2 pounds of butterfat and 3,330 pounds of milk; Janet, grade Holstein owned by Emmett Lambeth, Gooding, 97.3 and 1,070; Dottie, grade Holstein owned by Emmett Lambeth, Gooding, 92.4 and 2,200.

No. 12, grade Holstein owned by Bob Tupper, Hagerman, 89.8 and 2,340; Dot, grade Holstein owned by C. F. Lehman, Wendell, 85.0 and 1,700; Twinkel, grade Holstein owned by Emmett Lambeth, Gooding, 79.9 and 2,220; No. 18, grade Holstein owned by Wilford Tupper, Shoshone, 79.6 and 1,530; Belle, grade Holstein owned by R. W. King and son, Wendell, 79.4 and 2,090.

No. 10, grade Holstein owned by Bob Tupper, Hagerman, 79.2 and 2,030; No. 89, grade Holstein owned by Bob Tupper, Hagerman, 77.6 and 2,350; Lou, grade Holstein owned by Wood brothers, Bliss, 76.3 and 1,680; No. 3, grade Holstein owned by Bob Tupper, Hagerman, 75.8 and 2,520; Millie, grade Holstein owned by Emmett Lambeth, Gooding, 73.7 and 1,940.

Ruby, grade Holstein owned by Kurt Westendorf, Gooding, 72.5 and 1,960; No. 50, grade Guernsey owned by Kirk Hays and son, Wendell, 71.9 and 1,410; Bess, grade Holstein owned by Glen and Larry Bright, Wendell, 71.4 and 1,700; Bessie, grade Holstein owned by Wood brothers, Bliss, 71.3 and 1,550; Karen, grade Holstein owned by Wood brothers, Bliss, 71.1 and 2,090.

June, grade Jersey owned by Frank Jones, King Hill, 69.7 and 1,940; Sadie, grade Holstein owned by C. F. Lehman, Wendell, 68.8 and 1,600; Karen, grade Holstein owned by C. F. Lehman, Wendell, 68.4 and 1,520; Mable, grade Guernsey owned by Kirk Hays and son, Wendell, 68.3 and 1,220.

No. 76, grade Holstein owned by V. F. McHan, Wendell, 67.2 and 1,640; No. 13, grade Holstein owned by Harvey Wood, Gooding, 66.5 and 1,480; Lea, grade Holstein owned by Gordon Adams, Hagerman, 65.5 and 1,770; No. 9, grade Holstein owned by Johnson Farms, Richfield, 65.2 and 1,450; No. 77, grade Holstein owned by Johnson Farms, Richfield, 65.0 and 1,970; Star, grade Holstein owned by Emmett Lambeth, Gooding, 65.0 and 1,710.

No. 55, grade Holstein owned by V. F. McHan, Wendell, 64.0 and 1,600; No. 25, grade Holstein owned by Bob Tupper, Hagerman, 63.7 and 1,980; Marge, grade Holstein owned by Kurt Westendorf, Gooding, 63.7 and 1,960; Vicki, grade Holstein owned by Wood brothers, Bliss, 62.8 and 1,970; Gerie, grade Holstein owned by R. W. King and son, Wendell, 62.4 and 1,510.

No. 83, grade Holstein owned by Wilford Tupper, Shoshone, 62.4 and 1,510; No. 47, grade Holstein owned by Johnson Farms, Richfield, 62.9 and 1,850; Baby, grade Guernsey, owned by Kirk Hays and son, Wendell, 62.4 and 1,200.

No. 20, grade Holstein owned by Johnson Farms, Richfield, 62.3 and 1,730; Dottie, registered Holstein owned by Clarence Wells, Gooding, 62.0 and 1,770; No. 36, grade Holstein owned by Bob Tupper, Hagerman, 62.0 and 1,770; Mable, grade Holstein owned by C. F. Lehman, Wendell, 61.1 and 1,490.

Joan, grade Holstein owned by Little Valley Holstein, Brunson, 60.7 and 1,540; Marge, grade Holstein owned by R. W. King and son, Wendell, 60.7 and 1,640; Beauty, grade Holstein owned by C. F. Lehman, Wendell, 60.6 and 1,730; No. 3, grade Holstein owned by Johnson Farms, Richfield, 60.5 and 1,680.

No. 21, grade Holstein owned by Johnson Farms, Richfield, 60.5 and 1,890; Quincy, grade Holstein owned by Ed Gunning, Wendell, 60.4 and 1,120; No. 14, grade Holstein owned by Harvey Wood, Gooding, 60.1 and 1,430.

## Annual Water Forecast Meeting Set

HOLLISTER, March 27—"From all indications it appears we will offer Salmon and Roseworth tract farmers a better picture than we did a year ago," said John Pastoor, representing the water forecast committee, Twin Falls soil conservation district.

The annual water forecast meeting is scheduled for 7:30 p.m. Tuesday at the Grange hall here. Pastoor noted that a year ago the outlook was "pretty dismal," and this was just a few days before the crop-saving rains came. He said storms are hampering the work of the snow surveyors.

Morian Nelson, state snow surveyor, soil conservation service, will interpret the snow measurements for interested farmers and ranchers.

Others scheduled to appear on the program include Lawrence Sill, who will report on the progress of the reconstruction of the Cedar Mesa Reservoir and Canal company pipeline. Members of the water forecast committee, besides Pastoor, are Ellis Fuller and Truman Clark.

Pastoor noted that the spring runoff, if and when spring comes, certainly will have a large bearing on the amount of water that will be available for Salmon tract farmers.

Pastoor noted that a year ago the slopes above Roseworth dam were almost bare and this year the snow pack is near, or above, normal.

## Milk Production In Idaho Drops

BOISE, March 27—Total milk production for Idaho during 1963 was estimated at 1,605 million pounds, according to the crop reporting service. This was down one per cent from the previous year and was off three per cent from the record high output of 1,656 million pounds in 1961.

An increase in the 1963 milk production per cow rate was more than offset by a decline in milk cow numbers. Production per cow averaged 3,300 pounds in 1963—a new record for Idaho. Milk cows on farms showed a decrease of 5,000 head from 1962 to 1963.

Gooding, 60.4 and 1,340; No. 11, grade Holstein owned by Harvey Wood, Gooding, 60.1 and 1,430.

## Available

Although the deadline for ordering trees from the University of Idaho forest nursery has passed, there still are some broadleaf trees available on a first come, first served basis, announces Donald Youtz, Twin Falls county agent.

Included on the still available list are Russian olive, black locust, Siberian pea, golden willow and hybrid poplar. All evergreen species are gone.

Orders and information can be obtained from the county agent.

## Deadline Set on Wool Pool Bids

SHOSHONE, March 27—The Lincoln County Marketing association will accept bids on the 1964 wool pool of approximately 6,000 fleeces up to 8 p.m. April 2. At that time bids will be opened at a meeting to be held at the courthouse in Shoshone.

Bids may be submitted to the office of J. Howard Manning, county extension service agent, at the courthouse, or they may be handed to directors just prior to the meeting.

The association reserves the right to reject any or all of the bids.

Marvin Anderson, Loren Honstead and John Hamby, Anderson also was the individual high point scorer in the contest. Twin Falls placed second. (Times-News photo)

## Kimberly FFA Scores Win In Dairy Products Contest

KIMBERLY, March 27—Host team Kimberly high school with a 28.5 point effort from Marvin Anderson won the South Magic Valley district Future Farmers of America dairy products contest held here.

Anderson was joined by John Hamby and Loren Honstead each with a 35 point effort to rack up 98.5 points to knock off Twin Falls high school who placed second with 122 points. Lowest possible point total determines the dairy production contest winners. Thus the individual high is the competitor who scores the lowest.

Second high individual went to Grant Smith, Twin Falls, who scored, 33.5 while Buhl high school won third place and also had the third high individual, Steve Lammers with 35.5 points.

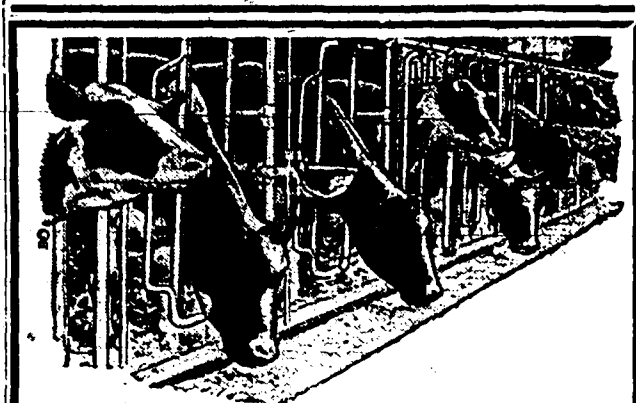

Muriel and Castleford high schools also competed in the contest. A contest oddity resulted when the individual winners also indicated the team standings.

Nile Casten and Frank Eastman, both representing Ida Gem Dairyman, Inc., served as judges for the contest.

According to Kimberly high school vocational agriculture instructor Norman Keeler the next district FFA contest will be the

## 1964 Crop Production Could Equal Record and Be Grown on Less Acres

WASHINGTON, March 27, (AP)—Crops in 1964 will be grown on about 316 million acres, and conceivably could equal or exceed the record production of 1963.

The agriculture department estimates the prospective planted acreage for the 1964 crop would be one million acres below the 206 million planted acres of 1963. The 1964 acreage would be the largest since 1960, but the fourth smallest since the department began keeping acreage records.

On past performance, given a good growing season and a normal increase in yields, the total crop production for 1964 should edge past the pending completion of the sign-up period for participation in the feed grain program for corn, sorghum, grain, and barley.

The prospective acreage could shrink further if Congress approves cotton and wheat program effective for the 1964 growing season. The pending cotton-wheat legislation could have a significant influence on the acreage finally devoted to these two commodities as well as others.

The department estimated total crop acreage as a projection from a detailed report on farmers' planting intentions for 17 major crops. Farmers' plans as of March 1 indicated the 17 crops would be planted on 281 million acres, the same as last year, but two per cent more than in 1962.

The department said the acreage expected to be utilized for feed grains this year probably will be three per cent less than last year. The acreage expected to be used for food grains probably will be three per cent more. A sharp increase in soybean acreage—built up a four-per-cent overall increase in oilseed acreage.

Of the spring planted crops, soybeans showed the biggest change from last year with a whopping increase of 23 million acres. The prospective soybean acreage of about 32 million acres would be the highest of record, eight per cent above 1963, and 23 per cent above average. The department estimated this huge acreage would produce, under normal conditions, a record 756 million bushels. Production last year was 701 million bushels.

Corn, the key livestock feed, is expected now to be planted on about 69 million acres, down two per cent from 1963 and seven per cent below the 1958-62 average. The prospective acreage could produce about 4,655,000,000 bush-

els. This would be one per cent below last year's 4,661,000,000 bushels.

Prospective cotton acreage, excluding effects of possible legislation, was estimated at 14.8 million acres, about the same as last year but four per cent below average. The department made no estimate of possible cotton production. It is forbidden by law to do so until the August crop report.

The department predicted a sharp increase in sugar beet acreage and minor increases in plantings of dry beans, dry peas, rice, and hay. Oats and barley joined corn in showing decreased acreages from 1963. The department also predicted decreases for sorghums, flaxseed, potatoes, tobacco, sweet potatoes, and peanuts.

Total 1964 feed grain acreage—for corn, oats, barley, and sorghums—was estimated at 127 million acres, down three per cent from 1963. Prospective corn acreage was down almost a-half million acres each in Iowa and Nebraska.

The department estimated farmers would plant 11.7 million acres to spring wheat this year, six per cent above 1963. If this acreage prevails, production

*Why Fertilize Early?*

Pasture and row crops require adequate nitrogen at the start of the season for strong early growth and development. It is during this period when extensive feeder roots and top growth are developed. Whenever possible, apply the full nitrogen treatment early in the growing season.

BROADCAST AND PLOW DOWN YOUR fertilizer whenever possible. Many researchers report that plowing fertilizer down for potatoes, beets, corn and other row crops is an excellent method of application.

**PLOW-DOWN OF FERTILIZER** brings fertilizer and crop residues in to close contact and facilitates more rapid breakdown of carbonaceous material. It is during this period when the new crop. Extra bushels or tons at harvest time is the pay off.

**PLOWING PLACES FERTILIZER** both deep and shallow — shallow enough to be available to new seedlings in early season and deep enough to be in moisture and available to deeper roots during the hot summer growing season.

**EARLY FERTILIZATION** gets the job done ahead of planting and assures maximum efficiency from fertilizer.

**HARVEST MORE DOLLARS!** Use enough fertilizer! Farmers who don't use enough fertilizer get lower yields and lower profits.

**FERTILIZE EARLY** and use USS Nitrogen Fertilizer for results that count at the bank.

## Fertilize EARLY For Profits

The farmer who fertilizes early in the season not only gets a vital job completed before the rush but he also gets maximum benefits from his fertilizer. Many county agents, researchers and sugar company fieldmen stress the importance of early application.  
Don't delay, order today. And for pre-plant fertilization, insist on USS Nitrogen Fertilizer, made by United States Steel. Available in bag, bulk or tank, USS Nitrogen Fertilizers are top-quality, profit-producing fertilizers. Know enough to use enough—and make sure you get USS Nitrogen Fertilizers.

**USS Nitrogen Fertilizers**
