WASHINGTON, May 20 (UPI)—The state department said Tuesday it has discovered a network of more than 40 microphones buried deep in the walls of the U.S. embassy in Moscow.

HIDDEN MICROPHONES were discovered in the walls of the American embassy in Moscow when U. S. security men tore into walls of the building. A small tube shown here extends to near the edge of this hole in the wall.

The state department said Tuesday it has discovered a network of more than 40 microphones buried deep in the walls of the U.S. embassy in Moscow.

U.S. officials said the listening devices were presumably installed in the embassy walls when the Russians renovated it for American occupancy in 1952.

All the construction work was done by Russians and U.S. officials were not permitted to inspect the building until they took occupancy.

Grant Okayed For Ketchum Sewage Plant

WASHINGTON, May 20 (Special)—Sen. Frank Church and Rep. Ralph Harbridge reported Tuesday the department of health, education and welfare has approved a grant of \$55,000 toward Ketchum sewage plant in Ketchum, including intercepter sewer line and secondary sewage treatment plant.

Ketchum Mayor Kenneth W. Hickey, when told of the grant Tuesday evening, said planning and engineering on the project began about five years ago and that estimated cost of the entire project will be about \$230,000.

A bond issue has not yet been held on the project because, Hickey said, it has not been determined how much the village should raise. A meeting is scheduled next month between the fiscal agent, Salt Lake City, and Hickey from Boise.

Hickey said construction on the project could not be started this summer. The sewage lines will connect homes in Ketchum with the existing plant in the Hill section in the "Trail Creek" area and Sun Valley.

Yank Killed, One Injured By Viet Cong

SATON, South Viet Nam, May 20 (AP)—An American was killed and another wounded by Communist guerrillas Tuesday while on a patrol against Viet Cong guerrillas.

A U.S. military spokesman said a soldier was killed in the attack and his commanding officer was wounded. He said the machinegun fire came from the Communist ambush in the rolling hills about six miles northwest of Saton.

The names of the Americans were withheld. The casualties raised American losses in South Viet Nam to 22 dead, 100 wounded and 100 missing since Jan. 1, 1964, when the United States stopped aid for the government's fight against the Viet Cong.

Treasury Men Grab Arms Cache

CLINTON, Ill., May 20 (AP)—U.S. treasury agents have seized a cache of machine guns, flame throwers, mortars and explosives and arrested a one-time Illinois leader of the "Minute Men," a nationwide anti-communist group.

The agents, who posed for weeks as middlemen for an unnamed foreign weapons buyer, said they paid \$17,000 to Richard Lauchlin, 34, for the arms in an abandoned barn.

NATIONAL WHIRLIGIG

By ANDREW TULLY
WASHINGTON, May 20 — In the Bobby Baker case, the United States senate has exercised a strategy that has let the people find out what has been going on.

The defeat of a resolution to censure Baker and her relations with this useful financial wizard was the act of men with uneasy consciences. All the votes to reject the resolution were cast by Democrats, majority or minority, but they do not necessarily indicate Republican purity. GOP senators could afford to support it, knowing it didn't have a chance.

SLOW BURN — Baker worked for the senate for eight years as a secretary of its appropriations committee. She built a two-million dollar financial empire on a salary of \$10,600 a year. Possibly he managed this without the influential helping hand of his boss, but if he did it was the coincidence of the century. Honest politicians prefer to let their secretaries do the dirty work, and Baker does a "slow burn" which means she doesn't let the heat build up.

WITNESSES "TRIED" — Senator Case, who needs a witness, an investigator should investigate. Baker's investigation should investigate Baker. It is a good idea that each senator reveal his business and financial dealings with Baker and any offers made by Baker to provide campaign contributions or committee plans in return for votes. In this he has set the voter.

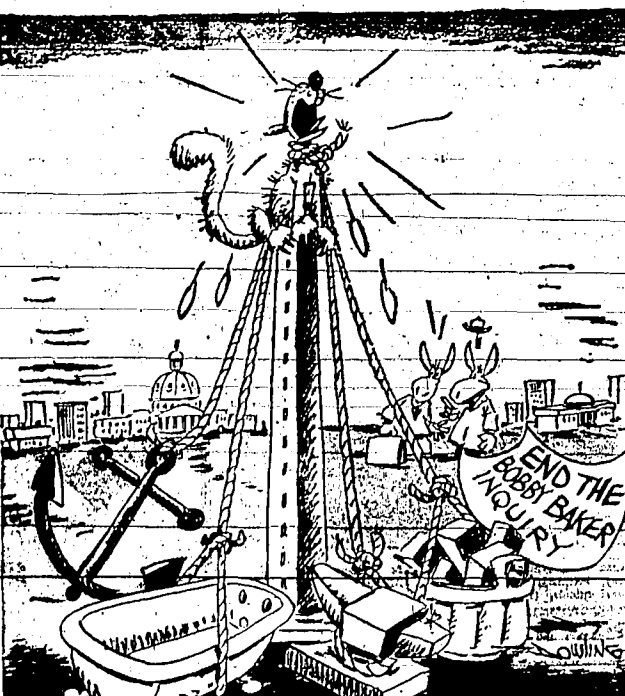

THE PRESIDENT'S TRIUMPH — President Johnson has won a personal triumph in his removal of the speaker of the House. In Washington as the major achievement of his five months as President is simple justice. He acted boldly, firmly, and what is perhaps most admirable of all, with irrepressible hopefulness. He acted with a sense of responsibility and bringing about the beginning of eventual settlement, the country owes him this.

LOGICAL ANSWER — A few months ago, the U. S. surgeon general declared that smoking was a menace to health. Although similar announcements had come from other sources down through the years, the surgeon general's statement came at the end of an official investigation of the effects of smoking.

ASYLUM TO HOSPITAL — State Hospital South at Blackfoot has been licensed by the state board of health, the largest licensed hospital in Idaho with 487 beds. Now Dr. Terrell O. Curver, state health administrator, hopes State Hospital North at Orofino can be licensed by July, 1966.

IF IS USUALLY THIS — In the wester of counter statements over the IPAs controversial contract with the Monsanto Chemical company at Pocatello, an old saying is pertinent: "Government paternalism results in government favoritism."

WASHINGTON, May 20 — With the picture around with the United States in Red China's place — and it isn't hard to understand why Secretary of Defense Robert McNamara's remarks turned out to be a gloomy forecast.

REPUBLICAN LEADERSHIP
The Republican leadership has made a mistake in the past. They have not understood the problem as it is to be solved. The Vietnamese war was just a fight in and for the United States. It should be a fight for all Asia, one which may continue for years or a generation.

ALL IN CUTTING
The trick of cutting asparagus to insure new growth is to cut the stalk off below the ground. Pass this along. It might avert a revolution.

'Cleopatra' Still Works to Pay Debts

NEW YORK, May 20 (AP) — Twentieth Century Fox Film Corporation announced Tuesday that the half year mark in paying off its \$4 million-dollar cost 11 months after its premiere.

Seymour Fox, executive vice president, told the annual stockholders meeting in town-hall that the picture's box office receipts have made it necessary to borrow \$1,142,000 for the film, about 43 per cent of the film's cost.

The film has grossed \$35,164,400 to date, he said, and he estimated that the "enormous accomplishment" would be reached by the end of the year.

He predicted that the picture will gross \$5 million dollars for the year ending in 1966 with a total net profit of \$1 million dollars for the company, which was nearly bankrupt two years ago.

Mr. Fox refused, on advice of attorneys, to answer stockholders' questions about the Elizabeth Taylor's share of the profits.

The film company is suing her and her husband, Richard Burton, for \$5 million, charging they had widely publicized romance increased production costs and reduced the film's public potential.

Corporation President Daryl F. Zanuck limited to long dividend payments of a cash dividend to a corporate board meeting. He reported a profit of \$1 million for 1963 compared to a loss of \$9 million in 1962.

Directors of the corporation declared a 15 cent per share quarterly dividend and a semi-annual dividend of two per cent stock dividend, payable June 30 to stockholders of record June 5.

Salvation Army Week Is Proclaimed in Twin Falls

In recognition of the Salvation Army's outstanding service to the community, the city commission proclaimed this week as Salvation Army week in Twin Falls.

Egon Kroll, chairman of the city commission, has proclaimed this week as Salvation Army week in Twin Falls.

Kroll cited the diversity of the community services which the Salvation Army so faithfully provides.

"The proclamation of a special week to pay our respects to this fine organization should remind us of how generously the Salvation Army extends its helping hand to all our citizens through its prompt, on-the-scene aid to disaster victims, its unquestioned aid to the destitute and its sympathetic counsel to all in need," said Kroll.

During this week everyone is invited to visit the Salvation Army center and learn more about how the group serves the community, Capt. Bliz said.

Magic Valley Guardsmen to Attend Summer Camp May 30

About 1,600 Magic Valley national guardsmen will attend the annual field training camp May 30-June 13 at Gowen field, Idaho, reports Col. Edward G. Elliott, Burley, regimental commander of the 118th armored cavalry, Idaho army national guard.

The first few days of the 15-day training period, Colonel Elliott states, will be spent getting ready for field firing exercises by tanks, howitzers and armored personnel carriers, and in tactical training tests of squads and sections.

During the first week a special recruit training program will be conducted for more than 200 new enlistees. They will receive basic training in several subjects including military courtesy and customs, drills and ceremonies, maintenance, supply economy and cost consciousness, field sanitation and personal hygiene. Individual protective measures against chemical, biological and radiation attack, nuclear warfare indoctrination and individual weapons training with the M1 rifle and carbine.

On June 7 the regiment will move to the desert south of Gowen field for a four-day-and-night maneuver. During this period night firing and training exercises, "pitcon" and "battery tactical exercises will be conducted.

These tests are designed to determine the professional quality of the individual, team, section and the overall proficiency of the platoon and battery based on standards established by the army field forces at Ft. Monroev, Va.

Upon completion of the second week of training, all units will return to Gowen field June 12 for a regimental review, when awards and trophies will be presented by Colonel Elliott. Trophies include the armor leadership award, Har-

ris trophy, McDonald trophy, drill team competition, physical fitness competition and softball trophy competition.

On June 13, the last day of the camp, all units will return to their home station.

Colonel Elliott asks for cooperation and understanding by motorists on the highways May 30 and June 13 when about 375 army national guard vehicles will be traveling to Gowen field and returning to home stations.

17 School Districts Okay Mill Levies

BOISE, May 20 (AP)—The Idaho Education Association reports that real property owners in 17 of the state's local school districts have approved increased mill levies to ease financial problems faced by the public schools.

In a report issued Monday, the IEA said trustees in 27 districts have asked for local tax levies beyond the old 80 mill limit since last July 27. In five districts, the requests were approved after more than one try.

The added levies were authorized under a law passed by the 1962 legislature. It was designed to provide another revenue source for schools who found their share of the 46 million dollar state appropriation too small.

To protect real property taxpayers, only they can vote and

two-thirds must approve. The added levies are effective for one year only.

The IEA has called for a change in the law to permit approval by a majority vote. At the same time, it maintains that the state should increase its share of school support.

D. F. Engalking, state superintendent of public instruction, said he believes the state must seek another source of improved school financing with tax revision. He said reduction in a majority requirement might be an easier way, but would be unfair to property taxpayers.

Votes have been under 50 per cent in only four districts: Nampa, Buhl, in two tries, Marsing and Vallivue. Marsing got 66 per cent on another try. None

have ranged as high as 91 per cent at Payette and Dayton.

The added levies have ranged from three mills at Wallace, Meridian and Whitpain, to 15 at Caldwell. Requests for eight or more usually failed.

Marsing won approval of an eight mill levy in 1963, but has failed three times to pass another one this year.

Some education leaders considered the ratio of success in obtaining additional levies an indication that Idahoans are willing to support better financing of their schools at the state level.

But some observers argue that if the local districts will pick up the tab, why should the state do more?

Wayne York of the IEA said in a few districts the levy didn't mean added taxes. The schools simply reduced taxes for school bonds or plant facilities and increased the share going to maintenance and operation.

Districts that have passed levies include Wallace, Kellogg, Moscow, Westside of Dayton, Ordino, Polk, Meridian, Whitepine, Rockland, Payette, NGU, Snake River and Kanopus and

East Bonneville. They have failed in Jerome, Marsing, Vallivue, Hange and Pocatello, Idaho Falls, Blackfoot, Minidoka county.

It May Be Year Before U. S., Russ Try Manned Space Shot

FLORENCE, Italy, May 20 (AP)—It may be a year before either the United States or the Soviet Union undertake major manned space ventures.

Both countries must solve crucial problems before they can try space experiments more spectacular than the manned orbital flights of 1968.

During the annual meeting of the International Committee on Space Research — COSPAR — which closed today, United States and Soviet scientists said manned space flights had raised the question of whether a man could tolerate more than five days in space with present equipment.

The scientists said astronauts were showing such after-effects of space flights as low blood pressure. Delegates from both countries indicated the five-day flights by Soviet astronauts last year were about the longest that could be safely attempted now.

Prof. Anstoll Blagonravov, chief Soviet delegate, said it might be a year before his country is ready to try a major new venture.

The United States reported it planned to start flights by two-man Gemini ships by the end of 1964 or early in 1965. Privately, American scientists said the first Gemini ship probably would not be launched for a year.

The Soviet Union and the United States plan to continue sending satellites and rockets aloft.

Italy and France also have important space plans. The Italians hope to launch their first satellite, using a floating launching platform off Kenya and an American rocket. France is preparing to orbit a 100 per cent French rocket.

Other space experiments being planned:

- By the end of 1964, a Mars probe by a U.S. Mariner rocket that will fly past the planet and transmit television pictures back to Earth.
- By 1970, U.S. and Soviet attempts to put artificial satellites in orbit around Mars.

Vehicle Safety Check Planned

BURLEY, May 20—A vehicle safety-check program will be conducted from noon until 5 p.m. Saturday on North Overland avenue, near the Paul-Burley bridge, sponsored by the Burley Exchange club.

The theme for the vehicle check is "Join the club of safe-check your car—check your driving—check accidents."

A proclamation declaring vehicle safety-check week was signed by Mayor Mack Crouch.

The free safety-check will include all lights on vehicle, brakes, windows, mirrors and seat belts properly installed and in correct working order.

A sticker will be placed on the windshield following the safety-check.

Working with the Exchange club members will be city police, county sheriff officers and the Idaho state police.

Water Club Sets Cruise June 7

SHAGERMAN, May 20—A cruise is planned by the Thousand Springs Water Sports club for June 7. Members will meet at the Circle Bar cafe, Blis, at 7 a.m. Boats will put in the river at Brunau and cruise to Blizke dam.

Plans were reported on the building of the club house, between Blizars and the Sportman lodge at a meeting Sunday at Bud and Mark's marina. The ground has been broken, and members will start work this week on a log structure and dock.

Discussion was held on plans and judges for the sanctioned water ski tournament, to be held July 25 and 26.

New Formula Richfield Boron:
ideal for high performance engines...
adds power boost to any engine!

Here's a new motor fuel providing the power to make every car the performer it was built to be. In an unprecedented two-year search, Richfield scientists conducted more than 1800 tests of 36 different gasoline blends. The final achievement: a New Formula Richfield Boron designed to match today's high performance demands in traffic, freeway and highway driving.

- 1 Quicker response to full throttle: Safe, sure power to move out and pass in traffic situations.
- 2 Greater power at higher speeds: Maximum performance for highway driving.
- 3 Smoother knock-free power at all speeds: Assured by the atomic element Boron, used exclusively by Richfield in the West.
- 4 Clean-carburetor performance: Proven in actual driving by thousands of Richfield Boron motorists over the past three years throughout the West.

Why don't you try a tankful of this New Formula Richfield Boron today? Why not enjoy—perhaps for the first time—the sensation of releasing all the power your car was designed to deliver!

Minidoka Sets Levy Vote Friday

RUPERT, May 20—A second tax levy increase election for the maintenance and operation of Minidoka county schools is scheduled for Friday, according to school officials.

Real property owners in the county rejected a proposed six mill levy April 21. After the school budget hearing at Minidoka high school May 11, school trustees felt another interest was shown to call for another election.

Camden Meyer, county superintendent, explains that both will be open from noon to 5 p.m. and high class instructor.

Featured speaker was the Rev. Warren McConnell, pastor of the First Methodist church. He based his talk on three words, trust—faith—in yourself, and honesty—with God.

Douglas Noh gave the invocation. Craig Storti served as master of ceremonies and Allen Dowd group singing. Shari Robinson, moderator of the junior high UPW, presented the Rev. Dale Olson, pastor and adviser of the group, with a gift.

The Rev. Mr. Olson spoke briefly and commended "The Diah" in his work as adviser to the senior high youth group. He also announced new counselors will be needed for both the junior and senior high youth group next year. Steve Blackford gave the benediction.

noted that two new polling places have been added and one site change also made.

The D. L. Webb residence at 1300 West and 330 South in Tesoro county and the First Baptist church at Norland have been added to the polling place list.

Meyer stated the additions were made to provide easier access to the polls for people in the outlying areas.

The one change in polling places included the move from Washington school to the Per-

shing school. Both Washington and Lincoln school, which are across the street from each other, were used in the earlier election.

Other polling places in the county will include Lincoln, Acquila, Paul and Haysburn schools. Meyer explained that as in the past election only real property owners in the district will be able to vote.

The election will be for exactly the same six-mill levy and will require a two-thirds vote for passage. The actual increase will be only four mills as the school trustees voted a two-mill cut in the bond redemption levy at their April meeting.

Meyer stressed that the levy will be for one year only.

Wallace Believes His Votes Show Race Trend Reversed

BALTIMORE, Md., May 20 (AP)—The limp campaign was turning "blow" in Wallace's favor, the coffee was sold in the stained cup, the last echo of election had died in a hoarse whisper of fatigue, and George C. Wallace's 10-week campaign in the North was, at last, finished.

No one, Wallace included, could know precisely what it meant or where it would all lead.

His own estimation was that the vote he got in Wisconsin, Indiana and Maryland demonstrated a reversal of white sympathy in the North for the Negro civil rights movement.

"I have shown," he said late Tuesday night after all the votes were counted and he was reflecting on the race in his strangely quiet motel room, "that sectionalism is not a factor in opposition to the trend of trying to solve everything by federal force."

"It is now evident that a new trend has been established, and it transcends sectional lines."

"This Maryland vote," he said, "should let them know in all parties that they can't get rid of us by calling us bad names. They called me a bigot, a liar, a racist, an agitator, a trespasser. They pictured my supporters with Klux hoods. They called in 10 senators to beat us down, and yet," he said with an air of triumph, "a majority of the white people in Maryland gave me their support. The sixties. That's far more than I ever expected."

The Alabama governor won about 43 per cent of the vote in the Maryland Democratic presidential primary against Sen. Daniel B. Brewster, favorite-son stand-in for President Johnson. The state's Negro population is 17 per cent.

For one brief moment shortly after the polls closed Wallace smiled an actual victory.

The first return showed him leading Brewster—157 to 135 in one district, 104 to 60 in another, then some totals: Wallace 28,000 to 22,000 with 11 per cent of the vote in; Wallace 30,000 to 21,000 with 11 per cent counted; The victory inspired levity

lasted about 30 minutes. Then it ended, almost abruptly, when an announcement came that with 41 per cent of the vote counted Brewster had pulled ahead.

Wallace was plainly disappointed, even though moments before the polls closed he had continued once again, with paper and pencil, how it would be impossible for him to get a majority.

Mrs. Wallace, who accompanied her husband on his campaign swing through Maryland, sat quietly, looking fresh in a white dress with red and blue accents and an orchid corsage on her left shoulder. Later, when the last meeting with cheering supporters was over, she seemed genuinely relieved.

"I'll be glad to get back to Alabama and see the children," she said. "I can't remember the last time I was away for so long."

As for her husband, at this moment fatigued to the point of exhaustion, he clearly longed for more battles to join. But he refused to say what form they might take.

One guess was that he will concentrate on expanding his unpledged elector movement, overwhelmingly successful in Alabama, to other Southern states.

Latins Watch Moves to Aid U. S. Cowmen

WASHINGTON, May 20 — Diplomats from beef producing nations of Latin America are riding close herd on the Johnson administration's efforts to help the domestic cattle industry.

The Latin American chief concern is protection of their traditional beef export markets in Western Europe.

After United States cattle producers began clamoring for the government to do something about depressed cattle prices, President Johnson began casting watchful glances at Western European markets where the demand for beef has been steadily increasing.

An expert investigation team Johnson sent to Europe reported last week that prospects were good there for the sale of surplus U.S. beef. That report will be placed before a national advisory committee on cattle, to develop recommendations for handling the domestic cattle problem.

United States government sources and even some Latin American diplomats report that the demand for beef in Europe is growing so fast the European markets must find new sources of supply.

But whether they can boost their exports or not, the Latin American nations do not want to lose any part of their current contracts in the Western European market.

Last year, the Latin American bloc exported 626 million pounds of beef to Europe. Argentina claimed 88 per cent of the million pounds, and Brazil shipped 16 million pounds.

Thus, when Johnson's beef export investigation team returned from Western Europe, the Latin American diplomatic corps was anxious to know its findings. The report did little to ease their concern. But they did learn that rumors the United States planned to subsidize beef exports to Europe apparently were untrue.

"If the United States wants to enter the western European market on a competitive basis, without subsidies, then I suppose it is a good thing," said Hector Taw-

AKA, economic counselor of the Argentine embassy.

"But it certainly would be a different story if the United States plans to subsidize beef exports," he added.

The rumors of possible subsidies which would throw U.S. beef into European markets at much lower prices than other exporters could afford, spread quickly. Last week, Senator Luis Batlle Berres warned the parliament of Uruguay that the United States might be planning a beef export subsidy.

Beef exports of one Latin American nation, Mexico, already have been affected by United States efforts to help its own cattle market. The United States and Mexico signed an agreement last week whereby Mexico would reduce its beef exports to the U.S. by nine per cent this year.

No Contest Offered in Buhl Election

BUHL, May 20 — There will be no contest in the Buhl school trustee election slated for Monday when one trustee will be elected for a four-year term in some five.

John Miracle is running unopposed for the post. William Atkiss, incumbent, is not seeking reelection.

Polls will be open from 3 p.m. to 8 p.m. Monday in the high school building. Any person voting in this election must be a qualified elector of the school district and resident of trustee zone five.

In addition a school elector must be a parent or guardian of a child or children under the age of 21 years residing in the district, or be a taxpayer on real or personal property situated in the zone or spouse of such a taxpayer. Absentee ballots are now available at the office of the superintendent.

U.S. Debt Hike Is Expected to Hit 320 Billion

WASHINGTON, May 20 (AP)—Informed sources say the treasury is expected to ask congress to raise the national debt ceiling to \$20 billion dollars or more for the fiscal year that starts July 1.

The present temporary debt limit is \$15 billion but this is scheduled to stop automatically to \$9 billion on June 30.

Unless congress acts, the limit will revert the next day to the permanent ceiling of \$25 billion. The national debt now is \$300.2 billion.

56 Seniors Graduated at Hailey

HAILEY, May 20 — Commencement exercises were held for 56 graduates of the Hailey high school Monday evening in the auditorium, with members of the class presenting the program.

"Four cornerstones of life" was the theme. Jeanne (Janice) Merrill delivered her address as valedictorian of the "Cornerstone of education." Shirley Adams spoke on "Home as the first cornerstone," and Nancy Ridgway spoke on "Religion as the third cornerstone."

Co-salutatorians, Sonja Stertman and Belle Jo Sweeney used as the theme for their presentation "I Believe" with Miss Stertman speaking and Miss Sweeney singing the title song.

Miss Sweeney gave the address of welcome after the invocation which was given by Billy Lynn Knorrp.

The senior quartet, composed of Horstie Deckard, Patrick Ducey, James Geisy and Mark Purdy, sang.

"America" was given as a choral reading by Nicki Werry, Janet Dowdy, Miss Ridgway, Geleise, Margaret Brown, Marjorie Werry, Rodalia Peck, Cecilia Taylor, Ruth Johnston, Gary Woody, Judy Lee, Mary Jo Wurst, Margaret Conley, Johanna Kohler, Ducey, Dennis Miller and Jerry McWilliams.

Catherine Pife played a piano solo and accompanied musical numbers. Under the direction of Mrs. Albert Pife, the high school chorus sang three numbers.

Jean Young gave the benediction. Principal Don Williams presented the seniors and William B. Mallory, school board member, presented diplomas.

Mrs. C. E. Arndt played the processional and recessional.

The Radfan hills, prompting British speculation that they may be discussing peace overtures to the government of the Federation of South Arabia.

The British army went into action against the rebels three weeks ago to secure the desert road linking Aden with Dhala to the north.

In addition to those named, graduates of the Hailey high school were: Donald Board, Norma Broyles, Alice Marie Dixon, Michael Ellway, Phillip Ellway, Lawrence Glenn, Kerry Lorena Goodman, Michael Grace, Julianne Hall, Alfred Joseph Harris, James Haddock, Richard Feldmann, Dawn O'Raie Ivis, Larry Hawkes, Don McCoy.

Alvis McWilliams, Warren Mahoney, Michael Mallory, Warren Nicholson, Don Patterson, Jr., Thomas Peck, Rodette Peck, Sam Pothier, Terry Poynt, Jennie Smith, Dick Stettin, Sam Vitale, Debra Weir, Kenneth Wright and Mike Zerk.

The baccalaureate address was given by the Rev. Eric Weisbauer, pastor of the Hailey community church Sunday in the school and benediction were given by Fred Parker, bishop of the Hailey ward LDS church.

Musical numbers were by the Hailey high school chorus under the direction of Mrs. Albert Pife.

Underwriters To Open Meet In Sun Valley

SUN VALLEY, May 20—The 25th annual Idaho State Association of Life Underwriters, Inc. convention and sales congress will be held here from Thursday through Saturday and their about 300 members and their wives are expected to attend. The speakers will be Hal Nutt, chief director of the Life Insurance Marketing Institute, Purdue University; Milton F. Weber, president of the national Equitable Life Assurance Society; Lewis C. Yount, Seattle, a trustee of the national association of life underwriters; and Bill Rankin, district agent for the Northwestern Mutual Life Insurance Company, Caldwell. Mr. Smith, president-elect of the Southern Idaho Underwriters reports that the convention will appear twice before the legislature, during the sales congress on Saturday and at the final luncheon Saturday noon. He also will address the CIO luncheon Friday noon. Mr. Smith said Weber will speak at the Friday night banquet and at the "Wheehorse" breakfast Saturday morning. Yount will be the National Association of Life Underwriters' representative at the management training conference and will speak on the sales congress Saturday morning, Smith reported. Rankin also will speak at the sales congress Saturday morning. Smith said that the convention will be held at the lobby of the Sun Valley lodge. The first general convention session will start at 1:30 p.m. Friday in the Sun Valley opera house. A special convention breakfast will be held at 7 a.m. Saturday in the lodge dining room. The wholehouse breakfast will be for all underwriters and their wives. Also Saturday morning a sales congress will be held. The convention will end with a luncheon at noon Saturday.

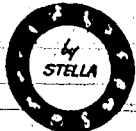

Zinc Sold

WASHINGTON, May 20 (AP)—Sen. Frank Church, D., Idaho, reports that electrolytic zinc alloy produced at Bunking have been furnished to a firm in South Korea in a \$3880 transaction financed by U. S. foreign aid. He said the order received under a contract with a New York exporter was financed under the commodity import phase of the U. S. development program in Korea.

Castleford Girl Cautles Honors

CATTLEFORD, May 20—Cheryl Becker, daughter of Mr. and Mrs. V. J. Becker, Castleford, collected four honors in one week at Seattle Pacific college, Seattle, Wash., where she is a sophomore. She was named treasurer of the Associated Women Students, elected to the junior division of the Alpha Kappa Alpha and selected for Palomares, scholastic and service honorary. In addition she received a \$225 scholarship from the college for attainment of a 3.88 grade average.

YOUR BIRTHDAY and HOROSCOPE

WEDNESDAY, MAY 20—Born today, you are somewhat inclined to be of such a settled mind that new ideas are difficult for you to accept. On the other hand, you have an extremely logical, rational mind. Where it would be against reason to hold back the progress brought about by the new, you are a "big" enough person to persuade even your own set not to give way, to do an about-face, and to pitch in on the side of growth and the future.

You are of normal emotions, both in quantity and quality, but you are not one to listen to your emotions in times of crisis or decision. Trusting your mind in understanding far more than your heart's, you approach all problems rationally, sometimes even coldly. Only take care that where such problems involve other people, you do not alienate yourself from them by the dispassionate nature of your aid.

It would be easy for you to mis on many of the joys of life, simply because you do not take enough time out to seek them out and to participate in them. This is especially true of marriage. Do not become too "busy" to seek a mate, for though you may not feel denied while you are young, as you age you will regret your action.

Among those born on this date are: John Stuart Mill, English writer, philosopher, economist; Honore de Balzac, French novelist; George Gobel, comedian.

To find what is in store for you tomorrow, select your birthday and read the corresponding paragraph. Let your birthday star be your daily guide.

Thursday, May 21

TAURUS (April 21-May 21) — Channel your efforts into those

phases of your professional life about which you are certain. Don't experiment.

GEMINI (May 22-June 21) — Add your own personal touches to "on-the-job" projects if you would lift results from good to excellent.

CANCER (June 22-July 22) — This day is made for completion of basic plans. Take care not to spoil it by adding frills.

LEO (July 23-Aug. 22) — Let bygones be bygones in family affairs. You understand your own motives well enough; carry that understanding to others.

VIRGO (Aug. 23-Sept. 22) — Attention to personal response can give a pattern to a day which otherwise appears to wander aimlessly.

LIBRA (Sept. 23-Oct. 22) — Approach others with an eye to gaining mutual satisfaction. Self-centeredness means disappointment.

SCORPIO (Oct. 23-Nov. 22) — Apologies offered now are sure to be accepted. But keep the other fellow's pride in mind.

ARBITRARY (Nov. 23-Dec. 22) — An agile mind can translate business promises into business facts.

CAPRICORN (Dec. 23-Jan. 20) — Avoid distractions which could cause you to lose the benefits of a job well done. Slipshod work is bound to be noticed!

AQUARIUS (Jan. 21-Feb. 19) — You may be in for a surprise. The gain you looked for may not come, but neither will the loss.

PISCES (Feb. 20-March 20) — A good day to further domestic pursuits. Make family projects pay off in a big way!

ARIES (March 21-April 20) — A day offering favorable indications to business and financial affairs. Fair skies are above.

Safety Check Set Saturday At Gooding

GOODING, May 20—A vehicle safety check will be held Saturday noon to 4 p.m. in front of the Gooding high school, co-sponsored by the Gooding Jayces and Police Chief Chet Floyd's Junior police.

The project is part of a nationwide program to provide, at no charge, an opportunity for motorists to have their vehicles inspected, according to James Lockett, chairman.

He said volunteer mechanics from several "local garages" will assist in checking brakes, head and taillights, exhaust system, windshield and wipers, steering and batteries. No citations will be given.

Mayor Lee Rice has proclaimed Saturday as "Vehicle Safety Check day," and Gov. Robert E. Smylie has proclaimed May and June as "Vehicle Safety Check months." He urged all Idahoans to join the "circle of safety."

Vehicles with all items in safe condition will receive a 1964 safety-check windshield sticker.

X15 Test

EDWARDS AFB, Calif., May 20 (AP)—The X15 completed its 107th test Tuesday, hitting 3,477 miles an hour in a flight so calm the control center asked pilot Capt. Joe Engle, "How's everything going?"

The national space agency said Engle was dropped from the wing of the mother ship over Delamar Lake, Nev. The powerful rocket engine lurched the "black" research craft to an altitude of 100,000 feet (38 miles).

Engle glided back to this desert test base less than 10 minutes later. The flight served as an altitude buildup for Engle and also permitted him to conduct optical degradation studies.

Examination for Federal Jobs Set

The U.S. civil service commission has announced a new examination for cartographer for filling positions paying from \$4,600 to \$11,725 a year.

The majority of the positions to be filled are in the army map service, coast and geodetic survey, naval oceanographic office, naval reconnaissance and technical support center, geological survey, bureau of land management, U.S. forest service and other federal agencies in the Washington, D.C. metropolitan area.

Announcements and appropriate application forms may be obtained from Area A—Stratton, examiner-in-charge of the board of U.S. civil service examiners in Twin Falls or from the U.S. civil service commission, Washington, D.C.

Lucille Huston Feted by Buhl Lodge Members

BUHL, May 20—Special hon- ors were given to Lucille Huston, Buhl school teacher, who is retiring after serving 40 years in the teaching profession, fol- lowing the regular meeting of the Buhl Rebekah Lodge #1, The IOOF hall.

Mrs. Van Houten read an original poem, "This Is Her Life"; Mrs. Maurice Cunningham, read an original tribute arranged with each letter of the alphabet, and Mrs. William Chambers read a poem composed by Mrs. Lawrence Hill, who was one of Miss Huston's first pupils. Mrs. Fewel Chisham was soloist, accom- panied by Mrs. Ada Huston.

The program included several selections by the high school instrumental and vocal group, "The Checkmates," and vocal selections by Elaine Johnson, accompanied by John Ar- ford.

Mrs. Adolph Macheck, on be- half of the lodge, presented a custom-made cup-and-saucer bearing the Rebekah emblem.

Those attending wore Centennial dress-and-hat decorations, were carried out in the same theme. An imitation horse was used to depict the Rebekah horse she rode to the first school she taught in Melon valley.

During the regular business meeting, it was reported the lodge will serve the Buhl high school "Y" club and Pep club awards banquet.

Mrs. L. L. Mason, noble grand, appointed Mrs. Ward Moffatt kitchen chairman for the ban- quet, with Mrs. Leland Hudson and Mrs. Paul Kennedy, co- chairwomen in charge of the dining hall.

A proclamation was read from Sovereign Grand Master Everett Murphy stating the month of April was set as special month for the lodges in the state of Alaska and asked that all lodges send a donation to assist with the rebuilding program. The Buhl lodge voted to contrib- ute to the fund.

In the birthday an- niversary march and presented the roshah favors from the noble grand were Mrs. A. O. Blawel and Mrs. Victor Crisman.

Refreshments served from a chuckwagon table dec- orated with a large copper kettle over an artificial log-campfire. Individual tables featured red and white checked table- cloths centered with miniature school states. Mrs. Harvey Dolkaupt was refreshment chair- man.

Program Given At Presbyterian Women's Meet

Mrs. A. R. Robinson presented the program for the United Pres- byterian Women's association at a meeting held in the Friends- lope of the church.

She gave a description of Egypt and its people. Mrs. Robinson was in Egypt for several months while her husband was supervising the U.S. agricultural school. She showed pictures of the life of this area. Mrs. Rob- inson was introduced by Mrs. Robert Vernon.

Mrs. Fred Moore gave the prayer. Mrs. L. Gillispie read a paper prepared by Mrs. Frank Brown for the devotional ser- vice.

Mrs. Moore reported on the synodical meeting held in Bur- ley. The featured speaker was Mrs. Muriel Blanford, a mis- sionary from Thailand. Alice McGilly was in charge of the pro- gram for the afternoon, stressing the topic of the day through a playlet.

Mrs. P. H. Wilson, secretary of national missions, gave an ac- count of the articles sent to the Navaho boys, Kayenta, Ariz., and stated that the project has been completed.

The synod school will be held June 4 and 5 at the Twin Falls Presbyterian church. Early reg- istration is advised.

The next meeting will be a pot- luck luncheon at 1 p. m. June 11 in the dining room of the church.

Tea was served by members of circle No. 7, with Mrs. Euge- ne Stacey and Mrs. T. Gray presiding.

Pierce singing several folk songs. Elaine Johnson was soloist. Jan Rowen was the accompanist for all the musical numbers.

Assisting the hostesses were Mrs. Raymond Lincoln, Mrs. Ed Bon- noit, Mrs. E. W. McRoberts, Mrs. James Blanford and Mrs. C. J. Kelly, all Twin Falls.

Area OES Has Initial Meet For Officers

WEDNESDAY, May 20—The initial meeting for the newly installed officers of Star of the West chapter No. 35, Order of Eastern Star, was held, with Mrs. A. F. Young and Sam Burdum, worthy matron and worthy patron presiding.

Following the initiation of two candidates, Mrs. Henry J. Barton, past grand matron, installed Mrs. Denton Adams, matron; Mrs. Dale Depew, treasurer; and Mrs. Burdell Henshaw, secretary. Mrs. Barton was assisted by Mrs. T. H. Boyd, grand marshal, and Mrs. Fern Harris, grand organist.

Mrs. Earl Nielson, chairman of the auditing committee, gave the committee report. It was announced that the elect lady session of the Idaho grand chapter will convene June 7 through 11 at Idaho Falls with headquarters at the Hotel Roger.

An invitation was received from Buhl chapter No. 38, for friendship night, June 4. Mrs. Phillip Hired will be hostess for the Past Matrons club at 8 p.m. Monday.

A Mother's day program was presented. Flowers from the worthy matron were presented to all present. Mrs. Young read a poem, "Tribute to Mother," and Mrs. Orville Henry sang two Mother's day songs, accompanied by Mrs. Barton.

A memorial service was held for deceased members. The altar was draped in memory of Mrs. Fabel, Wallace, past grand matron, and the charter was draped in memory of Mrs. Mabelle Hill, Pocentello, and Mrs. Nellie Rumbach.

Mrs. Grace Urban gave the report of the sick and visiting committee. Mrs. G. O. Weinberg was appointed chairman for the June 19th retreat committee. She will

notify her committee. Standing committees were appointed by the worthy matron. They are Mrs. Young, Mrs. Paul Marlow and Mrs. Adams, education; Mrs. Albert Lancaster, Mrs. Besse Benson and Sam Burdum, examining; Mrs. Edna Maltz, Mrs. James Dunn and Mrs. Dallas Burch, welcoming; Mrs. Ruth Wahler, historian; Mrs. Dunn, Mrs. Burch and Mrs. John Wert, ways and means; Mrs. Nielson, Mrs. Bruce Glendon and Mrs. C. E. Spawyer, youth; and Mrs. Maltz, Mrs. Dunn and Mrs. Burch, inventory.

Refreshments were served by Mrs. Dunn, Mrs. Marlow, Mrs. Adams and Mrs. Maltz. Thirty-day anniversaries of members were observed. They include Mrs. Maltz, Mrs. Lancaster, Mrs. W. S. Ensko and Mrs. A. F. Brown.

Annual Style Show Presented In Hagerman

HAGERMAN, May 20—High school home economics girls modeled garments made during the year at their annual style show held in Prince Memorial gymnasium. The theme was "A garden of fashion" and the models entered through an archway and modeled before a rainbow flanked by buckets of spring flowers. Cheryl Tate played background music.

Sherril Behrens gave the welcome and Laura Lemmon and Ann Penfold narrated the style show. Mrs. Leon Grive is home economics teacher.

Following the style show, the annual Girls club Mother-Daughter banquet was served in the home economics rooms. The theme was "Queen for a day."

Karen Kentzler, Girls club president, gave the welcome. Each daughter presented her mother a corsage and Mrs. Henry Cherry, club adviser, and Mrs. Grive, P.E.A. adviser, also received corsages.

The invocation was given by Twilla Johnson.

The tables were covered with white cloths and hilt cups were made in the form of crowns. The centerpiece of the head table was a bouquet of red and white carnations.

Home economics students prepared the dinner and the junior high girls served, under the direction of Mrs. Jack Martin, Mrs. George Butler, Mrs. Evered Jensen and Mrs. Wesley Whorton.

Thirty-three pep club members received their club pins, earned on points for activities during the year.

Karol LeMoine played a piano solo. Mrs. Cherry introduced the seven girls of the month. Slices of Hagerman valley were shown, with Karen Kentzler as narrator.

Caroline to Enter Church Girls School

WASHINGTON, May 20 (AP)—Caroline Kennedy will enter Stone Ridge, a private Catholic girls' school in Bethesda, Md., this fall—just as her father hoped she would.

Mrs. John F. Kennedy's press secretary, Pamela Turnure, said that 6-year-old Caroline would attend the second grade at Stone Ridge, known as the Country Day School of the Sacred Heart, when the next semester begins in mid-September.

Mrs. Kennedy also plans to organize another "little play group" for John, Jr., who will be nearly 4 years old next September. The teacher for John, Jr., and the playmates will be Alice Ormiz of Providence, R.I., who has taught the White House kindergarten and first grade for the past two years. The play group is expected to meet at various homes.

Caroline's famous White House school, which has held its classes at the British embassy since last January, will disband around June 3. Mrs. Turnure said the exact date of the disbanding would be marked in some way.

Mother Moton, head mistress at Stone Ridge, said that the late president had discussed with Mrs. Kennedy the possibility of Caroline entering the Catholic school.

"His family has a tradition of going to Sacred Heart," Mother Moton explained.

Mrs. Rose Kennedy, the late president's mother, his sisters and his sisters-in-law all attended Sacred Heart college at Manhattanville, N.Y.

Caroline already has several relatives at Stone Ridge. Her first cousin, Maria Shriver, and Kathleen and Courtney Kennedy, daughters of Atty. Gen. Robert F. Kennedy, attend the school, although they are in higher grades.

President's Wage Hike Idea Rejected

WASHINGTON, May 20 (AP)—The AFL-CIO executive council yesterday rejected President Johnson's request that pay increases be tied to national gains in productivity.

The council said wage restraints without similar curbs on prices and profits are "obviously neither workable nor equitable."

George Meany, AFL-CIO president, told lawmakers he recognized that both employers and unions have a responsibility to keep negotiated settlements "within reason."

Meany said, however, the government has no right to take action to limit wage increases except in national emergencies. Johnson's council of economic advisers recently reaffirmed its wage-price guidelines which call, in general, for average pay increases within the national gain in productivity, or about 3.2 per cent a year.

The guidelines also call for price reductions in industries where productivity is higher than the national average and profits are greater than normal.

The AFL-CIO statements declared that the American economy was too diverse to have a single, national wage formula.

Wage levels should be decided by employers and unions in free bargaining, it said.

"Neither wage nor price restraints are tolerable in a free society except in the gravest national emergency and then only when coupled with stringent restraints upon excess profits," the labor leaders said.

They said limitation was not a threat today despite some "cries of alarm."

70-Mile-per-Hour Highways To Become Effective Soon

The state highway board has authorized posting of 70-mile-per-hour speed limits on eight sections of two-lane highways in Idaho, two of them in Magic Valley.

The 70-mile-an-hour speed limit will go into effect on U.S. 93 from Rogerson to the Nevada line, and U.S. 92 from seven miles north of Blaine to the junction with state 88 in a couple of weeks, or as soon as the department of highways can post new speed limit signs, the district highway office in Blaine reported Wednesday.

Marvin Lutzpeltz, highway department traffic engineer, said the board studies by his division indicated such speeds are safe on the specified sections.

Strike Still Under Way At Anaconda

BUTTE, May 20 (AP)—A three-hour meeting yesterday between the Anaconda company and officials of local 6002 of the United Steelworkers of America failed to bring about any progress in halting a wildcat strike by union members which began Monday.

Meeting with the two opposing parties was Federal Mediator Carl Clavadelacher, former Billings mayor.

The dispute causing the strike has been reported to be one of a jurisdictional nature.

The meeting yesterday was called at 3 p.m. and another was scheduled later today.

Clavadelacher said, "The meeting was exploratory in nature. I now have an insight into the problems confronting both parties."

He would not indicate as to whether or not progress toward settlement had been made.

The strike, which affected primarily the company's huge new copper concentrator at Butte, forced postponement of the dedication of the concentrator.

Why Should Your Paycheck Be Less?

Idaho last year had the dubious honor of being the only Columbia Basin state where per capita income went down! At the same time, your Idaho Power Company light bill went up!

Expanding free enterprise business in Oregon and Washington, helped by low-cost power, raised per capita income in those states. The private power companies which work with Bonneville Power Administration prospered too—without boosting their rates!

Southern Idaho is part of the Columbia River Basin. Idaho water produces much of the low-cost power which has brought economic development and more wealth to our neighboring states. Idaho, too, should have BPA power to expand her free enterprise economy, provide more jobs and help YOUR state's per capita paycheck go up!

Stagecoach Delayed by Pranksters

LUSD, Wyo., May 20 (AP)—Six South Dakotans, two days behind schedule in riding a stagecoach from Denver to Deadwood, headed down at the old Hat Creek station late Tuesday, uncertain whether their delay was part of a Wyoming joke.

The South Dakotans had been scheduled to be at Mule Creek, S.D., on Tuesday, 30-odd miles north of Hat Creek, but as a result of the \$10,000 in silver they have aboard the stage, did not arrive.

Their problems began when they deposited the silver in the National Bank of Commerce. The bank issued one of the "blank" checks to the stagecoach crew, but the crew, who were from the Dakotas, went to the bank and refused to turn the money over until the deposit slip was produced.

"We kind of took a liking to those boys," one Lusk resident said, "and decided to keep them with us a while longer."

The stage crew was given a big sendoff at a Lusk Chamber of Commerce luncheon Tuesday.

To confuse them further, the historic Hat Creek stage station was not located on Hat Creek, it was on Sage Creek.

History says the station got its name from an error made by a second lieutenant. The young lieutenant was sent out to the Wyoming territory to establish the Hat Creek and named it after the stage crew and named it Hat Creek.

NEW YORK, May 18 (AP)—While reports on the economy in May show the April advance is being held back by a slow start in the new week before the start of the summer slowdown, the business cycle and more about political activity.

The up and down movement in the first half of 1964 is a reflection of the news that the economy is recovering with advances in particular industrial areas in even more glowing production.

Steel production continues to expand its own industry expansion. Output that helped pull up the all-inclusive industrial production index to a new high, the steel mills are pouring out tonnage at the highest rate since last June.

The current outlook is that the month's total production will be about last May's 11.5 million tons. Bill, orders for June are coming in better than expected early to end the first half of 1964 with total output well ahead of its New Year's predictions.

Auto makers are pushing production. And new car buyers are buying sales high. Detroit, too, is planning for a summer slowdown as it changes over for new models, a more extensive revision this year than last. And it is looking for labor contract bargaining.

Railers in general report sales holding high. Some chains are marked advances in recent weeks, even if overall retail figures haven't jumped as quickly as some advocates of the federal

income tax cut had predicted. It totals shows the public still in a buying and borrowing mood. And the stepped-up clearing of old debts is considered putting more families in position to start buying soon in greater volume.

The commerce department has just revised downward its earlier estimate of the gross national product in the first three months of the year. But the optimists even here can point to the causes of the revision as having good points.

The reason for the revision, the department says, is that business inventories didn't climb as fast as first thought, and government spending did not reach the pace earlier indicated. But keeping stocks trim quiet fears of excesses leading to a slump. And government spending is expected to climb later.

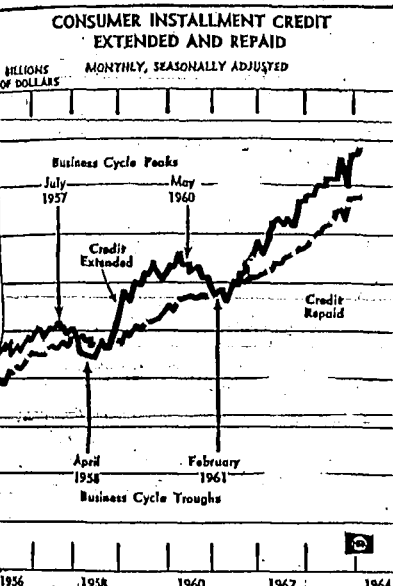

Private Business Paperwork for Government Cost

WASHINGTON, May 20 (AP)—Unnecessary reports to the government can cost a small businessman \$3,000 to \$5,000 a year, a spokesman told a house subcommittee on government activities today.

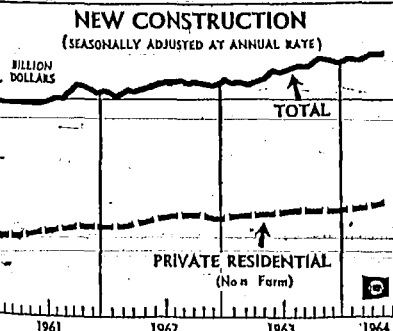

George J. Burger, vice president of the National Federation of Independent Business, set this price in testimony prepared for the subcommittee's hearings on reduction of paperwork.

AMENDMENT EYED
WASHINGTON, May 20 (AP)—A constitutional amendment that would prevent anyone over 70 from running for congress is being proposed by a 67-year-old foe of the seniority system, Rep. Everett G. Burkhalter, D., Calif.

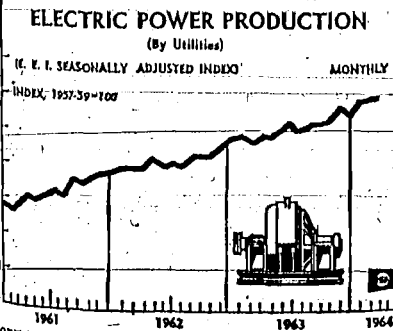

Charting Our Progress

EXTENDED CREDIT—The American economy continues to expand without downturn. Consumer installment credit rose \$713 million in February this year. Not only did the credit rate rise, but also the new credit extensions amounting to \$5,421,000,000 in the same month. This rise mirrors gains in credit sales on "time purchases," such as homes and autos. Single-payment loans, or noninstallment credit such as charge accounts, rose \$146 million.

STILL BUILDING—For the first part of 1964, the amount of new construction in the United States is basically on the upgrade. This applies on private residential, as well as the industrial, commercial, farm and public fronts.

MORE POWER—Aside from a slow start at the beginning of 1964, utilities are providing a steadily increasing amount of electric power to the consumer. This continues the trend over the past years.

WATANI DANCERS PERFORM in the modernistic glass and concrete setting of the state department court in Washington Tuesday. King Nwambata IV of Burundi, center, brought the colorful troupe to provide entertainment for Secretary of State

Dean Rusk, left, and Undersecretary of State George W. Ball, right. The king arrived in the capital Monday for a two-day official visit. The dancers are an attraction at the New York World's Fair. (AP wirephoto)

'Spit' Trial Set

DALLAS, May 20 (AP)—A film was shown in evidence Tuesday at the trial of a man accused of spitting on him.

enson after a Dallas speech on the United Nations last Oct. 24 was shown in evidence Tuesday at the trial of a man accused of spitting on him.

Patrolman L. R. Larsen, 28, identified the defendant, Robert Edward Hatfield, 22, as the man who spat at him and Stevenson. Hatfield's trial on

charges of aggravated assault on the attack on Larsen may go to a jury later today.

Principals To Be Fired For Walkout

GRANITE PARK, Utah, May 20 (AP)—The board of Utah's largest school district has initiated proceedings to dismiss two school principals for their actions in the two-day school walkout.

Dr. Joy O. Britton, a member of the Granite Park school board, said Moroni L. Jensen, principal at Cyprus high school, "disregarded legally constituted authority and planted seeds of anarchy in the minds of students."

Britton said "Bernard Cummings, principal of South Koonia elementary school, refused to go to school both days of the walkout and charged him with insubordination and dereliction of duty."

Both officials are scheduled to appear on Tuesday at a hearing to show why they should not be relieved.

Britton disclosed the charges in a statement yesterday in Salt Lake City, following a meeting of the board.

11 Area Class B Schools to Run In State Finals

Individual honors appear about the best Magic Valley class B schools can hope for Saturday in the state track and field championships in Boise. Only Hailey, with two and three events, and Shoshone, with two events, will be represented. None will have the depth or strength to win the championship, but each of the local talent appears good enough to win some reported trophies.

Mistake

The Times-News sports department came across an apparent error in our Tuesday night when might place two of Idaho's best shotputters in the state track and field meet in Boise Saturday.

Under the five-year average qualifying times, the previous record mark for the event was 55 feet, 7 inches. Based on an old newspaper file, the Times-News discovered it should be exactly a foot less.

Clarification from the state Intercollegiate Athletic Association is expected Wednesday. If the error is correct, Dennis Smith, Jerome, at 55 feet, 6 1/2 inches, and Jerry Kincaid, Borah, at 55 feet, 5 1/2 inches, will gain the state finals also.

Mossi Holds Indian Rally For Sox Win

Chicago, May 20 (AP)—Don Mossi snuffed out a Cleveland rally in the eighth inning, preserving the Chicago White Sox' 6-5 victory over the Indians and producing their 11th American league lead.

The White Sox scored what proved to be the decisive run in the eighth inning when Al Wells singled, stole second and eventually scored on a wild pitch by Gary Bell. That gave Chicago a 6-5 lead going into the ninth.

TAKE GAME

SEATTLE, May 20 (AP)—Lonnie Sherick hurled a four-hitter Tuesday as the Washington Huskies edged Oregon 4-3 in a Northern division baseball contest.

Only Valley area relay teams past the third district in the regional. Valley took second in the medley after establishing a new district mark the week before.

Phil Jones Honored by Skiing Group

A Twin Falls skier, Phil Jones, son of Claude F. Jones, owner and operator of the Magic Mountain ski resort, has been selected for national honor by the Professional Ski Instructors of America.

He has been named to a five-man team of ski instructors to serve as the PSA demonstration team for 1955. The team is expected to travel to Zils, Austria, next January to represent the PSA in the International Ski School Congress.

The PSA team of top ski instructors of the nation was selected May 14, 15 and 16 during the PSA convention in Aspen, Colo. Mr. Jones is the only instructor from the Intermountain division, a four-state area, selected to the team. Others are from California, Washington, Vermont and Colorado.

O'Leary Tops Dual-Track Meet

O'Leary junior high school ran away with both seventh and eighth grade championships in a dual track meet Tuesday against Robert Hurst.

The O'Leary eighth grader won 11 feet, 3 inches in the pole vault while the eighth grader, Jack O'Leary, cleared 12 feet, 4 inches in the high jump. Those were the best performances of the day.

YACHT LAUNCHED

STAMPFORD, Conn., May 20 (AP)—The 12-meter yacht American built at a cost of \$25,000 for the sole purpose of winning the America's cup, was launched Tuesday before a crowd of 2,000.

THE TIMES-NEWS SPORTS

Wild Pitches, Errors Give Cubs 7-4 Win

ST. LOUIS, May 20 (AP)—A record-tying three wild pitches in one inning by Ernie Broglio and two errors in the seventh and eighth innings helped the Chicago Cubs to four of their best wins in a 7-4 victory over the Cubs Tuesday night.

The Cubs scored three times in the seventh when Broglio equaled the National League record for wild pitches in one inning. A St. Louis error also aided Chicago in that inning and a second Cardinal miscalc set up another Cub run in the eighth.

Boosters Meet

The Twin Falls Bruin Boosters will conduct their weekly meeting at 7 a.m. Thursday in the Dewart room of the Hoberson coffee shop.

Track coach Jerry Klein-kopf will discuss the Bruins' entries in the state finals this Saturday in Boise.

Single Starts 3-1 Victory For Houston

HOUSTON, May 20 (AP)—All Spangler's two-run single in the fifth inning ended a 25-inning Houston scoring drought and started the Colts on the way to a 3-1 victory over the Pittsburgh Pirates Tuesday night.

Spangler's single scored John Tatum and Eddie Kasko who had singled ahead of him in the fifth. Walt Bond's sixth homer, in the sixth inning, accounted for the final Houston run.

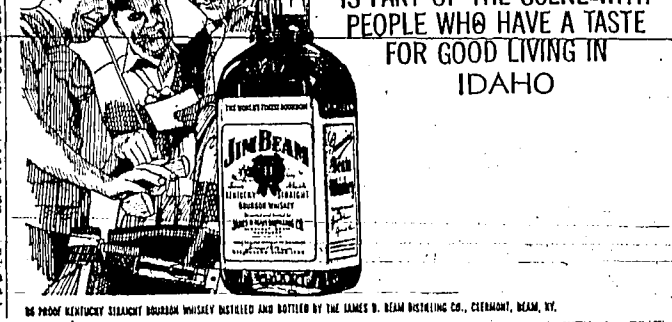

MOVES CLOSER

DUNEDIN, Fla., May 20 (AP)—Arnold Palmer's victory in the Oklahoma City Open moved him within \$2,025.35 of his next record spot at the top of the PGA money-winners list.

Red Sox Rally In Ninth, Nip Angels 4-3

BOSTON, May 20 (AP)—A three-run double by rookie Dalton Jones with two out in the last of the ninth capped a four-run uprising and gave the Boston Red Sox a 4-3 victory over the Los Angeles Angels Tuesday night.

Shutout on three hits through eight innings by Ho Helmsky, the Red Sox struck back in the ninth and scored all their runs after two were out.

Ship Mishap At Sea Is Nightmare

LONG BEACH, Calif., May 20 (AP)—"Oh, God, I love you, honey. I'm glad you're safe."

At this greeting, Randi Schjeldrup fell into the embrace of her Aunt Josephine after the nightmarish burning of a ship at sea, in which one died and nine others are missing.

Mrs. Schjeldrup, 29, her three small children and her husband, Sindre, were among 45 survivors from the Norwegian freighter Sandanger, on which Schjeldrup was chief engineer.

The 45 arrived here Tuesday night aboard their rescue ship, the German freighter Bodensteln.

The Bodensteln raced to aid the stricken Sandanger in the predawn hours Monday, less than an hour after the Sandanger was ripped by an explosion that ignited her cargo of baled cotton and wood pulp. The Bodensteln's crew plucked the survivors from life rafts near the burning ship.

At the rescue ship eased into port, the Sandanger was reported listing and sinking, still

Poor Yanks

LONDON, May 20 (AP)—Quote of the day:

"The Rev. Max Warren, canon of Westminster Abbey and one of England's leading Anglican clergymen, recalled his countrymen for ill-tempered criticisms of Americans, and said:

"It is a very lonely thing to be an American today. They are among the most misunderstood people in the world."

"They are busy learning the hard way that gratitude is not a political virtue."

ablate, 20 miles off the coast of Baja California, Mexico, 450 miles south of Long Beach.

Unknown was the fate of the ship's captain, John Kellner, two stewardesses and six California passengers. The body of one woman passenger, tentatively identified as Judith M. Henry, 37, Alamo, Calif., was pulled from the sea by a Japanese ship, the Boston Maru.

Repeated explosions and intense heat from flames have held up attempts to board the Sandanger to search for the nine missing.

Class Rites Are Reported

OAKLETFORD, May 20—Hac-culatrete for Castleford seniors was held Sunday at the school gymnasium.

Mrs. Maurice Query, Jr., played the processional and recessional. Invocation was given by Lowell Shafer, a piano solo was played by Sharon Schroeder and the Scripture read by Diane Clark.

The Rev. D. J. Kennedy gave the address, challenging the seniors to "Don't be afraid to carry the load, you're built for it." Benediction was by Sandra Scott.

Commencement was held Monday night with the invocation given by James Deatherage. Salutatory speech was by Alma Reeves, and the valedictory speech by Sharon Schroeder.

The sextet sang and Carolyn Haley presented a piano solo. Donald McClain gave the graduation thoughts. Barbara Garrist gave the benediction.

Gary McEwen presented the class and the presentation of diplomas was made by G. D. Clark. The graduation speaker was Louise Eladuck, policy secretary of the department of development and commerce.
