## Man Killed; Four Hurt in Train Mishap

LANDOVER, Md., May 21 (UPI)—At least one crewman was killed and four others were injured early today when 17 cars of a Pennsylvania railroad freight train carrying inflammable liquid nitrogen derailed near this Washington suburb and caught fire.

Although a tank car carrying the liquid nitrogen ruptured, a team of 75 to 100 men from 15 fire companies brought the fire under control some two hours after it started.

Traffic on nearby highways, halted at the time the fire broke out, resumed as soon as the danger of the nitrogen catching fire had passed.

A spokesman for the Prince George county police department said no crewman was dead and that four had been injured, but that only one of the injured was hospitalized.

The Pennsylvania railroad's offices in Philadelphia identified the dead man as H. W. Edwards. Cause of the crash, which police said occurred about 3:50 p.m. was not immediately known.

It was not known if the tank car had been activated the liquid nitrogen was combustible only when subjected to extremely heavy pressure.

## Huge Crowds Greet, Laud Gov. Wallace

MONTGOMERY, Ala., May 21 (UPI)—Jaunty Gov. George C. Wallace came home from another presidential primary battle Wednesday and received a warlike welcome.

Huge crowds cheered him when his plane, decked with Confederate flags, landed at the Birmingham and Montgomery airports.

"From the looks of this crowd, I thought I was in Maryland," he said. "I was 4,000 persons here. Earlier, around 3,000 supporters had gathered in Birmingham during a stopover en route from the Maryland presidential primary where he got 42 per cent of the vote."

"We won," he said, adding that his showing emphasized the strong opposition to the civil rights bill.

"I feel the people in Washington—the ones who develop the trends in both parties—will sit up and take notice," he said. "We can't ignore our victory."

"The segregationist governors' heads are showing in the three presidential primaries he has entered. He got 33 per cent of the vote in Wisconsin and 20 per cent in Indiana."

Wallace promised to "continues the fight" in the California primary.

## Scattered Neutralist Troops Fight to Rejoin Their General

VIENTIANE, Laos, May 21 (UPI)—Pockets of neutralist troops were reported still holding out in the hills west of the Plain of Jars today, fighting their way back or infiltrating the communist lines to join neutralist commander Kong Le. A neutralist command communiqué broadcast over Radio Vientiane Wednesday night reported that a neutralist unit from Phou Toneng had broken through the

enemy lines and reached the Ban Nu area, Kong Le's newest command post.

It was believed that those troops were loyal remnants of paratroop installation four which originally held one corner of the plain before the communists launched their all-out offensive.

Elements of this unit allowed the Pathet Lao to infiltrate their positions last Friday night at the beginning of the offensive which swept the neutralists off the plain.

All was calm at Muong Boat, in the west of the plain on strategic route seven.

But some skirmishing was still reported around Muong Kheng.

Despite the actions of the paratroopers, Pathet Lao forces were reported driving Kong Le further into the hills despite his aerial support from rightist forces.

Neutralist officers in Vientiane reported sharp fighting southwest of the strategic Plain of Jars which is held today by the communists except for a small corner where a neutralist armored unit was holding out.

## 35 Hailey Students Are Graduated

**HAILEY.** May 21—Graduation exercises for 35 Hailey eighth graders were held Wednesday evening in the high school auditorium with the program given by members of the class.

The opening and closing prayers were given by Spencer Ellsworth and Susan Ison, citizenship award winners. Michael Nelson spoke and a musical number was given by Susan Grace; Karine Jeppesen, Jeanne Savelberg and Patricia Waller, accompanied by Mrs. O. R. Arnold.

Stanley Johnson, class president, gave the address of congratulations.

Spencer Merrill, junior high school instructor, presented the graduates who received their diplomas from Wilbur Bell, school principal.

After the exercises, graduates, their parents and teachers attended a banquet at the Masonic temple served by Job's Daughters.

Bud Davis, general chairman for the banquet, was master of ceremonies and the welcome was given by Cheryle Threlkell.

Jane McPherson gave the class prophecy.

Vicki Dugger read the will.

Opening and closing prayers were given by Judie Brooks and Mike Peterson. Delmer Nichols, teacher, spoke.

## Parachute

**Continued From Page One**

Commander of the local special forces detachment, who has moved to Montana. Lieutenant Haydon had to locate his equipment in a covered area and found a "jump some."

Several elements were involved in selecting a proper site—indicated elevation, location of obstacles, types of vegetation and direction of the prevailing wind.

A "drop zone" report was submitted to headquarters in Seattle and the site subsequently was approved.

As situations in Southeast Asia and other trouble spots of the world became increasingly more heated, training of reserve forces takes on an important role.

Actual forces units currently are involved in training Vietnamese Guerrillas to infiltrate and combat the communist Viet Cong fighters. The job of special forces groups differs from normal army reserve units and the training of men in the special forces also is different.

While most reserve units, such as company B, 372nd rank master battalion, which meets in Twin Falls and Burley, conduct training on a weekly basis, special forces training usually is held only once each month over two weeks.

The local special forces detachment meets in Burley and generally trains in the south hills.

Besides the monthly week-end training sessions, every three months the Magic Valley unit joins with the Boise, Idaho Falls and Seattle detachments for biannual parachute jumps.

The jumping exercises slated for Sunday morning is only one part of the special forces program designed to keep recruits well educated and ready for possible participation in actual war maneuvers.

The public is invited to drive out to the jump zone northwest of Hollister Sunday and view the parachute exercise.

## Weather, Temperatures

**MAGIC VALLEY.** Fair today. Partly cloudy tonight and Friday. Cooler and locally windy. Highs today 73-75. Friday 68-73; tonight 68-74, except Camas Prairie highs today 64-65. Friday 68-69; lows tonight 58-60 with patches of frost. Outlook for Saturday—continued cool and little change otherwise. Temperatures at 8 a.m.: 61 at Jerome, 57 at T.F. weather bureau with 42 percent humidity; 56 at Rupert, 53 at Fairfield, 52 at Burley, 52 at Wendell, 51 at King Hill; at noon: 65 at T.F. weather bureau with 32 percent humidity. Barometer: 30.15. Soil temperatures at 8 T.F. four-inch 64, eight-inch 62, 10-inch 57, 20-inch 50; three-inch level: At Burley 61, at Castleford 63, at Wendell 63, at King Hill 61.

**SYNOPOSIUM AND AGRICULTURAL SUMMARY.** Cooler air contained in an upper level low pressure trough along the Washington-Oregon coast is beginning to move eastward, lowering temperatures over agricultural valleys of southern Idaho. Daytime temperatures will range from afternoon maximums in the 60s to the 50s through Friday. Nighttime temperatures also will reflect this cooling trend, with minimum readings from around 30 degrees with frost in Camas Prairie to the upper 50s to mid 40s in other agricultural valleys. No frost or freezing temperatures are forecast. Lower valley areas tonight. Moisture associated with this upper level disturbance is quite sparse and will increase only slightly during the next 24 hours, making any showers activity light and widely scattered. Most of the showers will be confined to higher mountain areas tomorrow and tomorrow night. Little, if any, shower activity is expected over lower valley sections during the next two days.

Wind will increase today and tomorrow as this upper level disturbance slowly moves eastward across southern Idaho. Wind speeds up to 15 to 30 miles per hour can be expected during the afternoon. Limited spraying will be possible during early morning hours, but conditions will not be as favorable as they have been during the past few days. Continued high moisture losses due to evaporation will continue high making irrigation water applications necessary to relieve plant moisture stress.

Temperatures will return to near seasonal marks under variable cloudiness during the next two to three days. Rainfall will be on the sparses side. Field work and other outside activities other than spraying operations should experience no weather delays through Saturday.

**SAIGON.** South Viet Nam, May 21 (UPI)—A young terrorist tossed a grenade into a U. S. army truck today. An American soldier escaped the attack but hit and shot the terrorist. The grenade was concealed in a loaf of bread.

**ANAHIM, Calif.** May 21 (UPI)—Except Camas Prairie highs today 64-65, Friday 66-67, Saturday 68-69, Sunday 69-70, temperatures will be 60 percent humidity, 50 T.V. entomology laboratory with 51 percent humidity. Barometer: 30.15. Soil temperatures at 8 T.F. four-inch 64, eight-inch 62, 10-inch 57, 20-inch 50; three-inch level: At Burley 61, at Castleford 63, at Wendell 63, at King Hill 61.

**ANAHIM, Calif.** May 21 (UPI)—Cooler air contained in an upper level low pressure trough along the Washington-Oregon coast is beginning to move eastward, lowering temperatures over agricultural valleys of southern Idaho. Daytime temperatures will range from afternoon maximums in the 60s to the 50s through Friday. Nighttime temperatures also will reflect this cooling trend, with minimum readings from around 30 degrees with frost in Camas Prairie to the upper 50s to mid 40s in other agricultural valleys. No frost or freezing temperatures are forecast. Lower valley areas tonight. Moisture associated with this upper level disturbance is quite sparse and will increase only slightly during the next 24 hours, making any showers activity light and widely scattered. Most of the showers will be confined to higher mountain areas tomorrow and tomorrow night. Little, if any, shower activity is expected over lower valley sections during the next two days.

Wind will increase today and tomorrow as this upper level disturbance slowly moves eastward across southern Idaho. Wind speeds up to 15 to 30 miles per hour can be expected during the afternoon. Limited spraying will be possible during early morning hours, but conditions will not be as favorable as they have been during the past few days. Continued high moisture losses due to evaporation will continue high making irrigation water applications necessary to relieve plant moisture stress.

Temperatures will return to near seasonal marks under variable cloudiness during the next two to three days. Rainfall will be on the sparses side. Field work and other outside activities other than spraying operations should experience no weather delays through Saturday.

## Utah School Crisis Could Start in Fall

Continued from Page One  
Utah's range from \$4,570 to \$10,000 a year. But it is said \$3 million of the \$10 million recommended be appropriated in a "special session" should go for teacher salary increases "on a selective basis."

"The most critical problem in education," the report said, "is the serious shortage of well qualified teachers."

This has been a long-standing problem, the report said, and could be met now because a day could cause serious harm by perpetuating deficiencies which have existed for a long time in spite of commendable efforts made to eliminate them in the past.

The committee said Utah spent proportionately more than the national or Rocky Mountain average on education, although per-pupil expenditures were somewhat less, reflecting the proportionately greater enrollment in the public schools.

A group of educators and parent-teacher associations asked the last legislature to increase school funds—but \$4.5 million a year. Gov. Clyde's bill provided for a \$1 million hike.

The legislature passed a compromise measure with an additional annual increase for the next biennium.

On the day that compromises were worked out, March 16, 1963, the teachers first voted to return to sign their "Tidy" bill the same thing last Tuesday, May 15, 1964.

So Utah's school crisis is about where it was a year ago and a teacher "all-out" is again threatened next fall.

The study committee recommended \$700,000 be appropriated in a special session for development and improvement of libraries, \$3 million for additional teachers, counselors, books and supplies, and \$3 million for teacher salary increases. Current teacher salaries in Utah range from \$4,570 to \$6,710 with an annual increase of \$4,811 to \$7,015 for those with a master's degree.

In Nevada, it's \$4,830 to \$7,097 with a bachelor's degree and \$4,377 to \$7,666 with a master's; in Idaho, \$4,335 to \$5,388 and \$4,711 to \$5,997; Colorado, \$4,581 to \$5,854 and \$4,812 to \$7,140; in Montana, \$4,485 to \$6,333 and \$4,960 to \$7,260; Arizona, \$4,780 to \$5,260 and \$4,142 to \$6,206; New Mexico, \$4,696 to \$6,206 and \$4,922 to \$6,070; and in Wyoming, \$4,770 to \$6,008 with a bachelor's and \$5,083 to \$7,312 with a master's.

No breakdown of proposed salary increases was made in the study committee's report but it said there should be "special emphasis . . . to salary areas where Utah salaries in general are low."

The report said "Utah teacher salaries now approximate both the national and mountain states' average. The average Utah teacher salary for 1963-64 was computed to be \$6,670, which is 9.1 per cent of the average for the seven other mountain states . . . and 98.6 per cent of the U.S. average."

The committee noted that Utah spent 4.90 per cent of total personal income for elementary and secondary education this school year, compared with a national average of 3.82 and a mountain states average of 4.07 per cent.

Yet Utah's per-pupil expenditures were about \$4,000, or 11.2 per cent less than the mountain states average. This reflects the greater than average enrollment.

Utah had the highest pupil-teacher ratio (27.5) among the mountain states this year.

**FIFTH DISTRICT** American Legion Poppy girl for 1964 is Laurene Reed, 8-year-old daughter of Mr. and Mrs. Rex Reed, Plier. Miss Reed will compete for state honors during the state Legion convention June 25-28. She has appeared before various groups to explain the purpose of poppy sales, which will take place Saturday.

## Filer Entry Is Selected as Fifth District Poppy Girl

Laurene Reed, 8-year-old daughter of Mr. and Mrs. Rex Reed, and their family.

Miss Reed is a member of the Junior American Legion auxiliary and her father has been commander of the Plier American Legion post for the past year.

June 26 through 28.

Miss Reed has appeared before various groups in the community to explain the purpose of poppy sales which will take place Saturday. She has spoken to members of the Order of Eastern Star, Rebekah Lodge, Filer Women's club, LDS Relief Society, Kiwanis Club and American Legion.

In her speech she explains that the poppy is the memorial flower of the American war dead and is a tradition which began following World War I. The poppy was chosen because veterans remembered the wild flowers of the battlefield, she notes.

The poppies, sold on Poppy Day, are made by disabled veterans. This gives them an opportunity to help support themselves and their families.

## Jordan Says U.S. Silver Supply Low

WASHINGTON, May 21 (UPI)—Sen. Lee B. Jordan, R.-Ida., said in a Senate speech yesterday that the supply of silver in the U. S. treasury is dwindling and should be replenished.

"Unless the treasury takes appropriate action immediately, the silver will erode with serious consequences," he said.

Jordan said April withdrawals were at a rate of 250 million dollars a year, compared with a withdrawal of 182.5 million last year. He said silver probably will exhaust the treasury's gold and silver reserve of about 500 million ounces "in just one year," he said.

The treasury said it had sufficient silver on hand to meet requirements for 15 years. In March this year, one year later, responsible treasury official reduced this estimate to six years.

"On the basis of April withdrawal figures it is plainly evident that the treasury should maintain its reserve of at least 500 million ounces," he said.

"As the supplier of silver near exhaustion point, industry is steps up its acquisition of silver—just as it did when the supply of non-monetized silver was exhausted a few years ago. At that time stocks fell to an extent that the treasury had no choice except to suspend issue of nonmonetized silver."

Jordan said that action "should have one ceiling on silver and within 180 days the world price come to the U. S. monetary price of \$1.33 per ounce."

This new ceiling will be maintained by the treasury so long as it can be done to anyone now redeeming silver certificates or redeeming silver that had been taken back of such certificates as the April withdrawal figures indicate the period of time that it can do this is limited," Jordan said during World War II use of silver exceeded 1,400 million dollars, the amount held by the treasury at present.

## Many Flights Sent Against Red Guerrillas

WASHINGTON, May 21 (UPI)—Although hampered by the reason, U.S. and South Vietnamese air force planes are flying more than 1,000 missions a week against the communist insurgents, analysis of recent action reports showed today.

There were 1,150 sorties against the Viet Cong last week and just under 1,200 the week before that. It was clear from these reports that the controversial T-28, popular and fighter-bomber, still is the workhorse of the attack load.

Another plane mentioned frequently is the combat summaries is the Sikorsky dive bomber, which by late summer will replace the T-28 and become the standard attack plane in Vietnam.

Walter-Darling Honored at Rites

Twin Falls Buhl Jerome

A YOUNG PUERTO RICAN, Antonio Mendez, 26, right, is shown after he was injured in a truck-bus accident near Murray. Mendez has been in America for about three months and can speak little English. He said "Magic Valley" Memorial Hospital and the Twin Falls Red Cross were a great help during his stay here. Shown with Mendez are Mrs. Frank Hershner, Buhl, left, a licensed practical nurse, and Mrs. E. R. Bacon, executive secretary of the Red Cross office here. (Times photo)

## Puerto Rican Thanks T. F. Red Cross, Hospital for Aid

Mrs. E. R. Bacon, 144 Tenth Avenue east, has received many flowers and letters from Antonio Mendez, Puerto Rican, who has been in the United States for only three months, thanking her for the American Red Cross, and hospital help he received when he was in the hospital here.

Mendez, who is a college graduate from Puerto Rico, was injured in a truck-bus accident near Murray and was in Murray Memorial hospital. He was drafted into the U.S. army about three months ago and may speak little English.

He said, "The American-Red Cross and Magic Valley Memorial hospital have been real nice to me during my stay in the hospital."

It was reported when the hospital found out that there was an enlisted man hurt in the incident they contacted Mrs. Bacon, who is the executive secretary of the Twin Falls Red Cross office here.

She then went to the hospital, determined his name and destination.

She said, "One of the first things I had to do was clean his uniform, as the army base would not think he went AWOL."

She said Mendez was worried about his uniform and the other people who were on the bus. Mrs. Bacon handled him in his form.

Mendez praised the care he received at the hospital and the doctor he had.

He said, "The doctor must be a good man, because he has a nice sense of humor."

It was reported Mendez passed away to your husband."

The letter Mrs. Bacon received from Mendez read:

## 'Geritol' Is Charged With False Claims

WASHINGTON, May 21 (UPI)—A federal trade commission (FTC) examiner ruled Wednesday that the makers of "Geritol," liquid and tablets, have made false claims about the effectiveness of the products.

FTC Examiner Abner E. Lipson said Geritol would benefit only a relatively small minority of Americans who suffer from iron and vitamin deficiencies.

He issued an order to require the manufacturer, J. H. Williams Company, New York, to stop making the alleged false claims. The order also covers Parkside Advertising Agency, Inc., also New York.

Lipson's ruling is subject to appeal to the commission. A spokesman for the company said an appeal would be made.

Lipson represented that the makers of Geritol misrepresented its effectiveness in relieving anemia and tiredness, loss of strength, run-down feeling, nervousness and irritability.

## Wives Plan Reunion With Ex-Prisoners

SAN FRANCISCO, May 21 (UPI)—The wives of two U.S. Army helicopter pilots held prisoners by North Korean communists were to be reunited with their husbands in an army hospital today.

The reunion was to take place at Letterman General Hospital, San Francisco, where the pilots were admitted immediately following their return to the United States yesterday.

Special quarters in the hospital were to be provided for the wives and families of Capt. Ben W. Stultz, J. Florence, Ala., and Capt. Charles W. Volta, 27, Pontiac, Mich.

So far newsmen have been barred from speaking to the two pilots. Army spokesman said they would undergo "extensive interrogation while receiving unspecified medical treatment."

Stultz and Volta were released last Saturday after exactly a year in communist prisons.

Their helicopter was forced down by gun fire while flying a patrol along the western sector of the Korean demilitarized zone on May 11, 1963.

## North's Race Views Said Skin Deep

ATLANTIC CITY, N. J., May 21 (UPI)—The Rev. Howard R. Moody, chairman of the Board to Intercede for the South, told New York City's Greenwich Village he believes racial liberalism in the North is mostly skin-deep.

"I just feel that when the ships are down the Northern white man, even though he professes to be liberal, really doesn't react any different than the Southern white," said Moody in an interview.

Moody, 43, has told delegates to the American northern Baptist convention that when the Negro revolution reached into the big cities of the North last summer it caused "the retreat of the white liberal in the North."

The minister practices the liberalism he preaches. He was arrested last summer for kneeling in front of a cement truck in Brooklyn to protest job discrimination.

"The past twelve months have been revealing," he told a reporter. "We're not saying the North shouldn't care what happens in the South, but integrated schools have been exposed."

When civil rights demands tightened in the North, Moody said, it became evident that "There was no great difference in the white Northerner and the white Southerner."

Northern liberals, he said, always were better prepared for "integration in the South than next door up North."

"The Negro is a little bit fed up with the proclamations of the white liberals."

Moody added the white "backlash" to the Negro's drive in the North had not buck civil rights efforts.

However, Moody, born in Dallas and educated in Texas, California and at Yale—believed the recognition of true feelings is a necessary step toward ultimate solution of racial issues.

## News Around Idaho

BOISE, May 21 (UPI)—A man released from federal prison at McNeil Island, Wash., in February by executive clemency of Lyndon Johnson was arrested Wednesday night on a charge of battery. Fallos said Fred G. Steele, 41, was arrested after grabbing the arm of a young girl in a residential area. Papers on Steele indicated he was released from the penitentiary because he had terminal cancer and wasn't expected to live long. Registration of the car he was driving showed it belonged to Norma F. Burstrom, Seattle. She told officers he had borrowed the car in April.

BLACKFOOT, May 21 (UPI)—Two men charged with robbing a truck and on the highway near Moscow the night of April 24 were arrested yesterday before District Judge Ernest L. Monson. He set no date for sentencing of Tommy Aragland or Leslie Abbott, 21, both Lake City. But he said he would order a psychiatric examination for Tommy, who asked for one. Both were returned to jail at Arco. A driver of a truck owned by the Old Faithful Beverage company, Idaho Falls, was beaten and robbed on a lonely stretch of highway.

BOISE, May 21 (UPI)—State Auditor Joe R. Williams has accused Gov. Robert E. Smylie of attempting to bypass the state land board on transfer of the site for a new health laboratory for political reasons. Williams' comments followed Smylie's order Wednesday for full disclosure of information on the laboratory application to the state's agricultural members of the board. They refused to sign the transfer agreement on grounds that hadn't been given enough information. Smylie said the transfers aren't necessary anyway. The Democrats have said the transfer of the penitentiary land to the health and agriculture departments is illegal without board approval. "Why does he ask us to do it if it isn't necessary?" said Williams. "We feel that this has been an attempt to bypass the state land board simply for political reasons and we do not take kindly to this." He said Democratic members don't object to construction of the laboratory on penitentiary ground at a site.

BOISE, May 21 (UPI)—The Idaho supreme court has ruled that a continuing course of unrelenting domination by the husband is grounds for divorce. It upheld Wednesday a district court decision in favor of a woman, O. V. Vuoch, in a divorce suit against her husband, J. H. Vuoch. They were married in Anchorage, Alaska, in 1948. She testified that her husband didn't consider her opinions in making decisions for the family; she won the divorce on grounds of extreme cruelty. The high court, in its unanimous opinion, said divorce shouldn't be granted for trifling differences, but it said the attitude of the parties was important and quoted Mrs. Vuoch as saying she could not permit the domination to which she was subjected.

BOISE, May 21 (UPI)—The federal government filed suit in U.S. district court Wednesday for \$410 it claims was an overpayment in veterans benefits to a deceased Twin Falls county man. Defendant is Florence See, administrator of the estate of Marion F. See. The government claimed he received payments for which he wasn't entitled because his income was over \$3,000 a year.

BOISE, May 21 (UPI)—Building of driver confidence, rather than an attempt to scare the motorist into safe driving practices, was described Wednesday as the proper approach of a safety campaign. K. E. Miller, manager of the Idaho State Automobile Association, voiced criticism of "safety campaigns that are waged during holiday periods like the approaching Memorial day weekend. The scare technique or negative approach," he said, "is portrayed by dramatizing holiday death statistics, constant drumming out of exaggerated predictions of disaster on the highways as a result of speed, lack of drunk driving, placing great emphasis on the most undesirable attitudes of drivers.... As a result, public opinion and participation in safety campaigns would be achieved if programs were aimed at building driver confidence and achieving if drivers of things they need to know."

BOISE, May 21 (UPI)—The level of Brownlee reservoir on the Snake River has been lowered in compliance with U.S. Army Corps of Engineers flood control measures in the Columbia river basin. But Idaho Power company plans to refill it to maximum capacity by about June 8, when the flood danger on the lower Columbia is expected to be over. The 37-mile lake, behind Brownlee dam, is currently being held 42 feet below normal level. H. R. Moore, vice president for power production, said the dam is being held temporarily inconveniences fishermen and boaters but is required under the company's federal power conservation license. He said the company has to release 800,000 acre feet of the lake's one million active storage space by March 1 and hold the reservoir at that level until the engineers declare the flood danger past.

BOISE, May 21 (UPI)—Services were scheduled at Rexburg today for Ross F. Smith, 62, brother of Sen. Dick Smith. He died of a heart attack. Smith, seeking the Republican nomination for congress in the second district, said his campaign activities were being temporarily curtailed because of the death of his brother. "This is a great shock and a personal loss to me," he said. "But I am still very much a candidate and it does not affect my long-range plans."

BOISE, May 21 (UPI)—Representatives of bureaus of reclamation projects throughout the Pacific Northwest were on hand today for the opening of a two-day regional conference. H. T. Nelson, national director, said the conference was concerned with the bureau's program and activities in the Pacific Northwest. "The conference," he said, "is directed at reviewing and updating policies and new technologies for increased effectiveness and efficiency in program accomplishment." Attending are project superintendents, construction engineers and project planning engineers.

POCATELLO, May 21 (UPI)—City Communication Chairman Earl Pond has complained to the army corps of engineers about a delay in providing plans for the Payette river flood control project. Pond wrote Col. Edward Bedore, district engineer at Walla Walla, Wash., that the city was to have the plans last fall. He said they are needed to permit the city to acquire right of way. Pond said the city "hasn't been told construction would start in 1965. But he said it would take six months to a year to acquire easements after plans are provided. Estimated cost of the project is one million dollars.

BOISE, May 21 (UPI)—Aid to dependent children got the largest share of public assistance payments in Idaho in the first quarter of 1964. Commissioner R. Child reported today. He listed total expenditures at \$1,164,554 in January, \$1,172,285 in February and \$1,197,351 in March. Of the total, \$1,141,061 in January, \$1,123,335 in February and \$1,113,333 in March were spent for aid to dependent children. Expenses for old-age assistance in the three months totalled \$351,661 in January, \$353,899 in February and \$353,078 in March. Medical assistance for the aged cost \$230,928 in January, \$233,578 in February and \$239,028 in March.

MCGALY, May 21 (UPI)—Edmund E. Blumhagen, Caldwell, was installed as grand high priest of the Idaho chapter Royal Arch Masons at the conference of Idaho Masonic York Rite bodies yesterday. He succeeds Arthur M. Roberts, McCall. William C. Jones, Moscow, was installed as grand knight.

BOISE, May 21 (UPI)—Proceeding of potatoes from the 1963 Idaho crop is running well ahead of that a year earlier, the U.S. department of agriculture reported today. The agency said that through March 31 a total of 20,916,000 hundredweight of the 1963 crop has been processed compared with 15,723,000 at the corresponding time a year earlier. Of the 1963 proceeding, 16,210,000 hundredweight went for food products and 4,697,000 for starch, flour and alcohol.

## Judy Garland Hoisted Off By Crowd

MELBOURNE, Australia, May 21 (UPI)—By the time the orchestra played "Over the Rainbow" the audience was hooting and Judy Garland had stalked off stage. The sour notes didn't end with Miss Garland's concert last night. The boxoffice was besieged for refunds—today—and the head of the Musicians' Union said the Australian orchestra that accompanied the singer had never been so humiliated.

Miss Garland herself commented: "I didn't like it, did you?"

The American singer's travails began when she arrived an hour late. Her manager blainted it on a sore throat. "You're late," and "Have another brandy," hecklers shouted.

"Despite some snuffed notes, most of the crowd of 3,000 was with her during the first half of the concert, her only performance in Melbourne. But some didn't appreciate her fidgeting with the microphone cable or her side banter.

"Sing, sing!" and "Get on with it" a few shouted, and soon the auditorium resounded with slow, prodding clapping.

The audience's mood wasn't improved when Miss Garland took a half-hour intermission. She sang three more songs on her return, but the lyrics were fragmented and the customers began drifting to the exits.

Miss Garland finally left without any farewell, letting the orchestra play "Over the Rainbow." Her finale departed amid howls.

Miss Garland's manager, Karl Brent, said the audience should have accepted her apology for being late.

## Civil Rights Lawyer Corps Is Formed

NEW YORK, May 21 (UPI)—A "lawyers corps" has been formed to defend civil rights demonstrators in the South this summer.

Seven major civil rights groups announced Wednesday the formation of the Lawyers' Committee for Civil Defense.

A spokesman said 60 volunteers will travel at least two weeks each to assist in the South this summer.

The lawyers are the Bar-gramophone and the Amherst, each a 165-foot.

The navy said a blinkered that the pair was engaged in hydrographic study. Another pair was trailed last August as it cruised up and down the coast.

## Special Award Slated for Area Syringa Camp

HANSEN, May 21—The Royal Neighbor Hansen Syringa camp will be named "Camp of the Month," according to a letter received from the Supreme camp

headquarters which was read at the regular meeting held at the Woodmen hall.

An article on the group will appear in the July issue of National Royal Neighbor magazine and will be accompanied by a picture of the group. The honors are based on the fraternal activities and contributions made during the past year.

Plans were completed to attend the district convention set for Saturday at Burley. Transportation will be furnished and members are asked to meet at 8:30 a.m. at the home of Mrs. Minnie Bedow, for a special practice meeting which will be held at 8 p.m. Thursday at the hall. This will be dress rehearsal.

Mrs. Glore Weech was hostess.

The next regular meeting will be Tuesday with Mrs. Katherine

Forrestall and Mrs. Grace Rambo as hostesses.

## India Blames Practically Everything on Evil Booze

**NEW DELHI**, India, May 21 (UPI) — Battles between soldiers and bottles have changed history as much as battles between armies.

So says an Indian government commission in a newly released report on the evils of drink. Alcohol, says the commission, has been an important factor in many wars.

The commission blames several major defeats wholly or in part on liquor; Pearl Harbor, the battles of France in both world wars, and Waterloo in 1815.

While acknowledging "there were several causes for Pearl Harbor's debacle," the 548-page report says much of Japan's success "in that first battle of the Pacific war was due to a battle of the bottle that American sailors lost the night before."

A Japanese former officer, Cmdr. Mitau Fuchiwa, is quoted as saying the Imperial Navy thought American sailors had

## Richfield Has No Water After Pipe Is Broken

**RICHFIELD**, May 21 — Richfield village water was shut off about half an hour Tuesday afternoon after a pipe was broken by workmen at the Nelson Milk's creamery.

The shut-off caused much concern in the south part of town where residents were getting ready for the eighth-grade graduation exercises that evening.

Olliford Ward, creamery owner, stated a room is being remodeled at the cheese plant building for a new starter room. Water was being piped to the room through pipes unused for 10 years and this caused the trouble.

Heat for the new boilers will be supplied by propane gas. Ward stated the boilers are being installed by Bradley boilers, Twin Falls, and wiring done by the Wood River Electric, Shoshone.

## BERRY'S WORLD

## Ding-a-Ling Bootlegger Is Nabbed

**WASHINGTON**, May 21 (UPI) — The friendly ice cream man — dubbed by police as the "ding-a-ling bootlegger" — has been arrested for dispensing too much cheer.

Police said the vendor, Andrew W. Townsley, 22, sold not only frozen goodies but also alcohol beverages.

Authorities in nearby District Heights, Md., said they had been hearing about Townsley's dual merchandising role for two weeks.

Townsley was arrested Wednesday and charged with selling alcoholic beverages to a minor and contributing to the delinquency of a minor. He was held in jail in lieu of \$1,000 bond on both charges.

## Register

Persons moving from one voting precinct to another must register in their new precinct to make them eligible to vote, Harold Lancaster, county clerk, said Wednesday.

The county clerk's office has received several telephone calls from persons wishing to know if they have to register in the precinct into which they will move, Lancaster noted.

Persons who did not vote in the last general election must register to vote in the next election, Lancaster stated.

**THICK CLOUDS** of black smoke billow from a fire which destroyed a foodstuffs warehouse in Las Vegas, Nev., Wednesday with damage estimated at 1.5 million dollars. Firemen, who

lacked water to fight the blaze, could do nothing but watch the warehouse burn down. The flames engulfed the warehouse in a matter of minutes. (AP wirephoto)

## Graduation Event Held For Bellevue

**BELLEVUE**, May 21 — Graduation exercises, for 108 eighth graders, were held Wednesday evening in the school gymnasium.

Persons who did not vote in

the last general election must register to vote in the next election, Lancaster stated.

G. E. Smith, principal, was the speaker. Diplomas were presented by John J. McGehee of the county school board. Cecile Queenell, Linda Dickey and Shirley Brownlie sang at a solo. Mary O'Donnell played a piano solo and Christine Berlin gave a short talk. The opening and closing prayers were given by Stephen Knorp and Dale Erdmann.

Members of the class in addition to those on the program are William Arrington, Keith Detmer, Kenneth Drusel, Calvin Esberle, Louis Hurst, Frank Key, Lee Larson, Nedra Montgomery, James Nixon, James Pack, Terry Sherman and Linda Sims.

Gerald Wunderlich is the teacher.

Seventh graders Terry Berlin and Kathleen Patterson were others.

After the exercises a social hour and dancing was held.

## Wood Coins

**MONROE**, Wis., May 21 (UPI) — Don't be afraid to take a wooden nickel in Monroe today. The First National bank has started distributing the slugs as legal tender to meet a critical coin shortage.

The bank promises to redeem the wooden nickels for regular money upon request.

## YOUR BIRTHDAY and HOROSCOPE

THURSDAY, MAY 21 — Born worth waiting for! But avoid legal entanglements that could lead to difficulties.

**4 STELLA**

**VIRGO (Aug. 24-Sept. 23)** — Not the day for cutting loose financially. Avoid future trouble by living no to present indulgences.

**LIBRA (Sept. 24-Oct. 23)** — Think things through to avoid overpaying. You'll have time later for investing at leisure.

**SCORPIO (Oct. 24-Nov. 23)** — Steer clear of definite commitments. Your next goal must be a good one; guard your present advantage.

**SAGITTARIUS (Nov. 22-Dec. 21)** — Your own recollections of past experience will serve you best today. Keep your eyes open.

**CAPRICORN (Dec. 22-Jan. 20)** — Keep a sharp rein on your line of thought now and for the next few days. You could lose much by spreading too thin.

**AQUARIUS (Jan. 21-Feb. 19)** — Personal gains can be yours if you handle yourself well in professional circles. Create a friendly atmosphere.

**PISCES (Feb. 20-March 20)** — Avoid relaxing too completely. You'll need a certain amount of nervous tension going for you.

**ARIES (March 21-April 19)** — Any business dealings requiring the transfer of actual cash should be entered into with care.

**Taurus (April 21-May 21)** — Limit your activities to those things you consider important. This is not the day for entering new phases of life or career.

By the time you reach maturity you will not only be a person of experience and knowledge, you should also have gained the wisdom that goes with understanding and acceptance of all manner of situations and circumstances. Because of this, you will be a most valuable aid to others whose experience is not so great and whose wisdom unequal to yours. As an adviser, you should be outstanding.

Gifted with courage, determination, and great strength of will, you will am many by your tenacity. But many will be tempted to laugh at efforts that seem to them useless or vain. Those last are the ones who will have to sing a different song in the end; for you will, your energy, your courage will prevail, and you will know success finally and lastingly!

Among the best on this date are: Otto H. Mallery Dodge, noted social worker; Alexander Pope, English poet; Elisabeth Fry, famed prison reformer.

To find what is in store for you tomorrow, select your birthday and read the corresponding paragraph. Let your birthday star be your daily guide.

**FRIDAY, May 22** — **GEMINI (May 22-June 21)** — Keep the goal for today clearly in mind. Don't let distracting elements cloud your vision.

**LEO (July 24-Aug. 23)** — A day

## Fred Harder Is Speech Winner

Fred Harder won the blue pencil at the meeting of Twin Falls Toastmaster club No. 149 Tuesday evening at Kay's Supper club.

Toastmaster for the evening was William Evans, table topics master; John Evans and the chief evaluator were William Olahorn. Speakers were Dr. J. Woodson Creed, Roy Siskon, O. J. Smith and Harder.

**Meeting Held by Lutheran Group**

Lutheran Laymen's League Mixed club of Immanuel Lutheran church met Tuesday at Immanuel Lutheran school.

Malvin Smith, president, opened the meeting and talked on "Holes in the budget."

Richard D. Laddendorf read the proposed constitution of the Men's club of the Immanuel Lutheran church and the meeting was closed with the Lord's prayer. Refreshments were served by Mr. and Mrs. Frank Nissom and Mr. and Mrs. Wilbur Ulrich.

**Johnson to Talk To Alma Mater**

JOHNSTON CITY, Tex., May 21 — City school officials said that President Johnson has accepted an invitation to speak to the graduating class of his alma mater, Johnston City high school on the night of May 29. Johnson was one of six students graduating from Johnston city high in 1924.

**POLICE OFFICER HOLDS** an unidentified woman demonstrator in New York's Harlem Wednesday during "mothers' march" on behalf of a traffic light at a school intersection.

Women refused to obey orders to move from intersection at 131st street and Fifth avenue. Meles began as a woman charged police line, designed to force marchers to sidewalk. (AP Wirephoto)

mary won him backing in California from supporters of Ambassador Henry Cabot Lodge, win the California primary it could be a different ball game at the Idaho state assembly.

The Goldwater people expect to have at least 12 of Idaho's 14 votes no matter what happens. There are some among their leaders who question the wisdom of seeking a committed delegation. If Rockefeller wins California's delegation votes,

"We could probably deliver at least 12 votes on the first and maybe the second ballot at the San Francisco convention anyway," one Goldwater leader in Idaho said the other day. "So what's the sense in wrecking the party to get a pledged delegation?"

This same leader, however, frankly said he was uncertain whether his influence would be great enough to hold back some of his followers. They are the ones, he said, who just won't take "no" for an answer.

They are the dedicated, the "die-hard" Goldwater supporters and they are the ones who worry about the long-time party workers in Idaho.

At the recent Young Republican State convention in Coeur d'Alene one of them was asked what would happen if Goldwater didn't win. His answer: "Bloodshed."

Some bruises are showing already.

**Zoo Sale**

**PASCO, Wash., May 21** — Need a buffalo, alligator or jaguar?

Franklin county commissioners have decided to close the Chilwaukee zoo here and sell its more than 60 animals in an auction June 12.

The commissioners said they decided to give up on the zoo after a disagreement with the Chilwaukee Zoological Society, a group of local citizens who wanted the county to expand the zoo.

The commissioners said the county couldn't afford expansion.
